TSX: MAI

NEWS RELEASE

NASD-OTCBB: MNEAF

MINERA ANDES SELECTS CHIEF OPERATING OFFICER

SPOKANE, WASHINGTON MARCH 17, 2009 Minera Andes Inc. (TSX: MAI and USOTC: MNEAF) is pleased to announce that James K. Duff has joined Minera Andes as Chief Operating Officer. Mr. Duff has more than 30 years of diverse international mining experience in the U.S., Canada, South America, Australia and New Zealand.

A professional geologist, Mr. Duff most recently served at Coeur d'Alene Mines Corporation for 18 years in successively responsible positions including Vice President of Business Development and most recently President of South American Operations. In the latter position he was responsible for Coeur's underground gold and silver mining operations in Chile and Argentina and the development and start-up of the 5,000 ton per day San Bartolomé silver mine in Bolivia.

Allen V. Ambrose, President and CEO of Minera Andes said "At this time in Minera Andes' development, Jim's mining industry, business management and Latin American experience combine for an excellent fit. Our co-owned San Jose gold/silver mine has just experienced a doubling in its production rate. Our Los Azules copper discovery is also advancing as a business venture as well as a potentially promising copper project. His ongoing daily experience in hardrock mining projects, business expertise and fluency in Spanish will be beneficial as we grow Minera Andes."

Mr. Duff holds a bachelor's degree in geology from the University of Nevada, and a master's degree from the University of Idaho. He has completed graduate studies in international management at the Whitworth University School of Global Commerce and Management in Spokane and the Program for Management Development at the Harvard School of Business. He is a Past President and honorary Life Member of the Northwest Mining Association and a Registered Professional Geologist.

Minera Andes is a gold, silver and copper exploration company working in Argentina. The Corporation holds approximately 304,000 acres of mineral exploration land in Argentina. Minera Andes holds a 49 percent interest in the San Jose Project, an operating gold and silver mine. Minera Andes is also exploring the Los Azules copper project in San Juan province, where an exploration program has defined a resource and a preliminary assessment has been completed. Other exploration properties, primarily silver and gold, are being evaluated in southern Argentina. The corporation presently has 230,518,851 common shares issued and outstanding.

This news release is submitted by Allen V. Ambrose, President and CEO of Minera Andes Inc.
