Items to be Included in this Report

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On December 10, 2004, Wells Operating Partnership, L.P. ("Wells OP"), a consolidated subsidiary of Wells Real Estate Investment Trust, Inc. (the "Registrant"), entered into a revolving credit facility (the "Credit Facility") in the maximum principal amount of \$85.0 million with SouthTrust Bank, N.A. (the "Lender"). Under the terms of the Credit Facility, Wells OP may borrow an amount (the "Borrowing Base") equal to 75% of the aggregate appraised fair market value of certain lender-approved properties (the "Borrowing Base Properties"). The Credit Facility is secured by mortgages on all Borrowing Base Properties; however, only some of the mortgages are recorded in the property records. In the event Wells OP is in default under the Credit Facility, Lender may elect to record the mortgages and foreclose on the Borrowing Base Properties. As of December 10, 2004, the Borrowing Base Properties included the Frank Russell Building, the 1414 Massachusetts Avenue Building and the EastPoint Buildings. Based on the value of the current Borrowing Base Properties, the Borrowing Base is \$85.0 million. Wells OP has the option to remove properties from the Borrowing Base Properties provided that Wells OP repays the amount of outstanding principal balance in excess of the new Borrowing Base. Wells OP may also add additional Borrowing Base Properties subject to the terms of the Credit Facility.

Borrowings under the Credit Facility bear interest at a variable per annum rate equal to the London Interbank Offered Rate (LIBOR) for a 30-day period plus 150 basis points. Commencing on January 10, 2005, and on the tenth day of each month thereafter until December 10, 2007 (the "Maturity Date"), Wells OP is required to pay all accrued but unpaid interest on the outstanding principal balance. On the Maturity Date, Wells OP is required to repay the entire outstanding principal balance, together with all accrued but unpaid interest. Wells OP may prepay the outstanding principal, or any part thereof, at any time without penalty.

On December 10, 2004, Lender advanced Wells OP approximately \$33.5 million under the Credit Facility to partially fund Wells OP's acquisition of the 3100 Clarendon Building. As of December 15, 2004, the interest rate on the Credit Facility was approximately 3.90% per annum, and the outstanding principal balance on the Credit Facility was \$33.5 million.
