GPN Network, Inc. and Subsidiaries Notes to Consolidated Financial Statements

NOTE 1 - BASIS OF PRESENTATION

The financial statements of GPN Network, Inc. ("GPN" or the "Company") for the three and nine months ended September 30, 2002 are unaudited. Certain information and note disclosures normally included in the financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted. These financial statements should be read in conjunction with the audited financial statements and notes thereto included in GPN's Form 10-KSB as of and for the period ended December 31, 2001. In the opinion of management, the financial statements contain all adjustments, consisting of normal recurring adjustments, necessary to present fairly the financial position of GPN for the periods presented. The interim operating results may not be indicative of operating results for the full year or for any other interim periods.

NOTE 2 - THE COMPANY

GPN Network, Inc. is a Delaware corporation and, until July 2001, was engaged in the business, through its subsidiaries, affiliates and strategic alliances, of assisting unaffiliated early-stage development and small to mid-sized emerging growth companies with financial and business development services, including raising capital in private and public offerings. During 2001, due in large part to the decreased availability of investment capital to the Company's target market of Internet related, small growth companies, GPN failed to meet its revenue targets. On July 27, 2001, a majority interest in the Company was acquired by a private investor, and the Company installed new management and adopted a new business plan. The immediate action taken regarding this new business plan was to discontinue the Company's current operations effective July 27, 2001.

The shares of common Stock of the Company are traded on the NASD OTC Bulletin Board under the symbol "GPNN". The Company is headquartered in Los Angeles, California.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and GoBizNow.com, GoNow Securities, Inc., GPN Securities, Inc., and Dermedics, Inc. GoBizNow.com was an operating company, whose merger into the Company was completed as of June 30, 2001. GoBizNow.com was dissolved on June 13, 2002. On March 26, 2002, the Company completed the sale of its inactive subsidiary GoNow Securities, Inc. GPN Securities Inc., and Dermedics, Inc. are inactive. All significant intercompany balances and transactions have been eliminated in consolidation.

Going Concern

Edgar Filing: GPN NETWORK INC - Form 10QSB

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles which contemplate continuation of the Company as a going concern. The Company had an accumulated deficit of \$4,119,532 as of September 30, 2002 and significant net losses and negative cash flows from operations for the twelve months ended December 31, 2001 and nine months ended September 30, 2002. These factors, along with the Company's lack of an operational history, among other matters, raise substantial

6

doubt about its ability to continue as a going concern. The Company currently has no specific operational business plan and accordingly will depend completely on additional funds to finance its short-term operations. The successful outcome of future activities cannot be determined at this time and there are no assurances that if achieved, the Company will have sufficient funds to execute its intended business plan or generate positive operating results.

Lease Liability

At September 30, 2002, the Company was in default of the terms of the lease of its corporate headquarters. The lease term ended March 31, 2002. At September 30, 2002, the remaining amount due under the term of the lease has been accrued under accounts payable and accrued expenses.

Earnings Per Share

The Company calculates earnings per share in accordance with SFAS No. 128, "Earnings Per Share." Basic earnings per share is computed by dividing income available to common shareholders by the weighted-average number of common shares assumed to be outstanding during the period of computation. Diluted earnings per share is computed similar to basic earnings per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive.

The following potential common shares have been excluded from the computation of diluted net loss per share for all periods presented because the effect would have been anti-dilutive:

	For the Three Months Ended September 30		For the Nine Months Ended September 30,	
	2002	2001	2002	2001
	----	----	----	----
Options outstanding under the Company's stock option plans	632,125	672,050	632,125	672,050
Warrants issued in conjunction with the sale of common stock	4,722,244	2,222,244	4,722,244	2,222,244
Warrants issued to consultants for services rendered	20,125	20,125	20,125	20,125

NOTE 4 - CONTINGENCIES

The Company is not in compliance with the terms of its lease for its corporate headquarters in Irvine, California. The Company's management is in discussions with the landlord in an attempt to achieve an agreement by which the Company's obligations under this lease will be removed. Management believes that a

Edgar Filing: GPN NETWORK INC - Form 10QSB

settlement for less than the amount due under the remaining term of the lease is probable, though there can be no assurance that this will be the case. However, the Company has accrued for the entire amount due for the term of the lease. The Company is also in discussions with its trade creditors in order to negotiate payment terms that are more favorable to the Company. The outcome of these actions cannot be determined at this time, therefore the full amounts of these liabilities are included in the accompanying financial statements.

7

On December 4, 2001, a complaint captioned SILVER & DEBOSKEY V. GPN NETWORK, INC. (F/K/A GOPUBLICNOW.COM F/K/A DERMARX, INC. OR DERMARX CORPORATION) was filed in District Court in Denver, Colorado (Case No. 01 CV 6678). The complaint seeks compensation for legal services allegedly rendered to DermaRx in the amount of \$18,693.20, plus post judgment interest. GPN failed to file a responsive pleading to the action. Consequently, on or about February 19, 2002, Silver & Debosky filed with the court a motion for entry of default judgment, requesting an entry of default for the total amount of \$18,693.20, which was denied by the court on March 19, 2002. On March 8, 2002, GPN filed an answer. The outcome of litigation is uncertain and there can be no assurance that GPN will be successful in its defense.

On October 9, 2001, GPN filed a complaint against Bruce A. Berman, Jeffrey M. Diamond and The Summit Real Estate Group, Inc. ("Summit") in Orange County Superior Court (Case No. 01CC12872). The complaint alleges four causes of action: (1) breach of fiduciary duty, (2) rescission, (3) fraud, and (4) civil conspiracy. The complaint requests damages in the amount of not less than \$100,000 and punitive damages. On or about November 20, 2001, Bruce A. Berman filed, concurrently with his answer, a verified cross-complaint against GPN for indemnity, declaratory relief, breach of contract, failure to pay wages, unfair business practices, and breach of implied covenant of good faith and fair dealing. The complaint alleges that GPN failed to pay Mr. Berman accrued wages and other compensation in the amount of \$60,000. On January 23, 2002, GPN filed a first amended complaint, naming an additional defendant, Timothy C. Capps. In July 2002, GPN reached resolution of its disputes with its former officers. In connection with the resolution, GPN received a waiver of all claims, indemnification for claims by a former landlord related to back and future rent for premises occupied by GPN before August 2001, and the return of 525,000 shares of GPN's common stock which were subsequently cancelled. In return, GPN waived all of its claims and paid \$20,000, and the complaint against Summit was subsequently dismissed.

We occasionally become involved in litigation arising from the normal course of business. Other than the foregoing, we believe that any liability with respect to pending legal actions, individually or in the aggregate, will not have a material adverse effect on our business, financial condition and results of operations.

NOTE 5 - STOCKHOLDERS' DEFICIT

Preferred Stock

The Company's certificate of incorporation authorize up to 10,000,000 shares of \$0.001 par value preferred stock. Shares of preferred stock may be issued in one or more classes or series at such time the Board of Directors determine. All shares of any series shall be equal in rank and identical in all respects. As of September 30, 2002, no preferred shares have been designated or issued.

Edgar Filing: GPN NETWORK INC - Form 10QSB

Common Stock

The price per unit was \$0.06. The total amount of the sale was \$138,776, net of offering costs of \$11,224.

On July 30, 2002, the Company filed a registration statement (file no. 333-97363) on Form SB-2 with the Securities and Exchange Commission in order to register for sale 14,700,000 shares of common stock held by the Company's majority shareholder. The Company will receive no proceeds from the sale of these shares.

8

NOTE 6 - RELATED PARTY TRANSACTION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

EXCEPT FOR HISTORICAL INFORMATION CONTAINED HEREIN, THIS FORM 10-QSB CONTAINS FORWARD-LOOKING STATEMENTS WITHIN THE MEANING OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995 THAT ARE SUBJECT TO CERTAIN RISKS AND UNCERTAINTIES THAT COULD CAUSE ACTUAL RESULTS TO DIFFER MATERIALLY FROM THOSE SET FORTH IN SUCH FORWARD LOOKING STATEMENTS. RISKS AND UNCERTAINTIES THAT COULD AFFECT THE COMPANY'S ACTUAL RESULTS AND COULD CAUSE SUCH RESULTS TO DIFFER MATERIALLY FROM THOSE FORWARD-LOOKING STATEMENTS MADE BY OR ON BEHALF OF THE COMPANY ARE SET FORTH IN "RISK FACTORS" AND ELSEWHERE IN THIS REPORT.

9

Overview

During 2001, due in large part to the decreased availability of investment capital to the Company's target market of internet related, small growth companies, the Company failed to meet its revenue targets. On July 27, 2001, a majority interest in the Company was acquired by a private investor, and the Company installed new management and adopted a new business plan. The immediate action taken regarding this new business plan was to discontinue the Company's current operations effective July 27, 2001. As a result, operations of the Company through December 31, 2001 are reported as discontinued operations. The Company is currently engaged in preliminary discussions regarding possible business combinations or asset acquisitions but no definitive arrangements are yet in place and there can be no assurance that any transaction will be consummated.

The financial statements and notes thereto for the three and nine months ended September 30, 2002 and 2001 are presented in accordance with APB Opinion No. 30, "Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual, and Infrequently Occurring Events and Transactions" ("APB No. 30"). Pursuant to APB No. 30, the Consolidated Statements of Operations for the periods ended September 30, 2002 and 2001 reflect the loss from discontinued operations as a single line item. The discussion below is based upon the detail line items of the consolidated statements of operations, and not upon this summary presentation.

10

RESULTS OF OPERATIONS - THREE MONTHS ENDED SEPTEMBER 30, 2002 COMPARED TO THREE

MONTHS ENDED SEPTEMBER 30, 2001

Revenue

Because the Company discontinued its only revenue producing activity during 2001, there is no revenue from continuing operating activities shown on the consolidated statement of operations for the period ending September 30, 2002. During the three months ended September 30, 2001, the Company recognized no revenue.

Employee Compensation

There was no employee compensation from continuing operations during the three months ended September 30, 2002. During the three months ending September 30, 2001, there was \$10,084 of employee compensation which consisted primarily of officer and employee salaries.

Selling, General and Administrative Expenses

Selling, general, and administrative expenses from continuing operations were \$48,913 for the three months ended September 30, 2002, which is a decrease of 82% from selling, general and administrative expenses of \$169,727 for the three months ended September 30, 2001. The primary components of this amount for the three months ended September 30, 2002 were legal and accounting fees. The decrease was caused by decreased depreciation, amortization, rent, advertising, and internet fees due to the Company's discontinuation of its business

Edgar Filing: GPN NETWORK INC - Form 10QSB

activities.

Net Interest Income and (Expense)

Net interest income (expense) for the three months ended September 30, 2002 was (\$1,523). Net interest income (expense) for the three months ended September 30, 2001 was \$46. The net difference of \$1,569 is due to lower cash balances during 2002 and an increase in interest bearing debt.

Net Loss

For the reasons stated above, the Company had a net loss of \$51,013 for the three months ended September 30, 2002 which is an 83% decrease from the net loss of \$294,123 for the three months ended September 30, 2001.

RESULTS OF OPERATIONS - NINE MONTHS ENDED SEPTEMBER 30, 2002 COMPARED TO NINE MONTHS ENDED SEPTEMBER 30, 2001

Revenue

Because the Company discontinued its only revenue producing activity during 2001, there is no revenue from continuing operating activities shown on the consolidated statement of operations for the period ending September 30, 2002. During the nine months ended September 30, 2001, the Company recognized revenue of \$2,587, consisting primarily of listing fees.

Employee Compensation

There was no employee compensation from continuing operations during the nine months ended September 30, 2002. During the nine months ending September 30, 2001, there was \$474,549 of employee compensation which consisted primarily of officer and employee salaries.

11

Selling, General and Administrative Expenses

Selling, general, and administrative expenses from continuing operations were \$48,913 for the nine months ended September 30, 2002, which is a decrease of 79% from selling, general and administrative expenses of \$806,935 for the nine months ended September 30, 2001. The primary components of this amount for the nine months ended September 30, 2002 were legal and accounting fees. The decrease was caused by decreased depreciation, amortization, rent, advertising, and internet fees due to the Company's discontinuation of its business activities.

Net Interest Income and (Expense)

Net interest income (expense) for the nine months ended September 30, 2002 was (\$4,499). Net interest income (expense) for the nine months ended September 30, 2001 was \$4,404. The net difference of \$8,903 is due to lower cash balances during 2002 and an increase in interest bearing debt.

Edgar Filing: GPN NETWORK INC - Form 10QSB

Net Loss

For the reasons stated above, the Company had a net loss of \$176,692 for the nine months ended September 30, 2002 which is a 90% decrease from the net loss of \$1,699,635 for the nine months ended September 30, 2001.

LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2002, the Company had \$1,363 in current assets, all of which was cash. Also at September 30, 2002, current liabilities were \$619,556 resulting in negative working capital of \$618,193. During the nine months ended September 30, 2002, the Company used cash in its discontinued operating activities of \$118,874 and in its continuing operating activities of \$49,314. During the nine months ended September 30, 2002, the Company had net cash provided by financing activities of \$164,276.

The Company is currently inactive. There is no guarantee that the Company will locate or develop a viable business model, and there is no guarantee that the Company will be able to generate sufficient revenue to fund future operations. As a result, the Company expects its operations to continue to use net cash, and the Company may be required to seek additional debt or equity financings during the coming quarters. There can be no assurance that the Company will be able to consummate debt or equity financings in a timely manner on a basis favorable to the Company, or at all. The Company is currently engaged in preliminary discussions regarding possible business combinations or asset acquisitions but no definitive arrangements are yet in place and there can be no assurance that any transaction will be consummated.

RISK FACTORS

In addition to the other information in this Form 10-QSB, the following factors should be considered in evaluating us and our business. Because we are currently inactive and have no business plan, industry specific business risks and uncertainties cannot be ascertained.

RISKS RELATED TO OUR FINANCIAL RESULTS

THE AUDITORS' REPORT CONTAINS A STATEMENT THAT OUR NET LOSS AND NEGATIVE CASH FLOWS RAISE SUBSTANTIAL DOUBT ABOUT OUR ABILITY TO CONTINUE AS A GOING CONCERN.

Our independent certified public accountants have stated in their report dated March 4, 2002, on our consolidated financial statements for the year ended December 31, 2001 that we have incurred significant losses from operations and significant negative cash flows from operations, have an accumulated deficit and a lack of operations history, among other matters, that raise substantial doubt about our ability to continue as a going concern. We hope to continue to fund

12

operations through additional debt and equity financing arrangements which we believe may be insufficient to fund our capital expenditures, working capital, and other cash requirements for the fiscal year ending December 31, 2002. Therefore, we may be required to seek additional funds to finance our long term operations. The successful outcome of future activities cannot be determined at this time and there are no assurances that if achieved, we will have sufficient funds to execute our intended business plan or generate positive operation results.

Edgar Filing: GPN NETWORK INC - Form 10QSB

WE HAVE A LIMITED OPERATING HISTORY, WE CURRENTLY DO NOT HAVE A BUSINESS PLAN AND WE MAY NEVER BE PROFITABLE.

We were incorporated in December 1999 and began generating revenue in the third quarter of 2000. As of July 2001, we discontinued our current operations. We currently do not have a business plan and there is no assurance that we will develop a business plan that will be successful. If we seek to grow our business, then we expect that our operating expenses will increase. As a result, we will need to increase our revenue to become profitable, and if our revenue does not grow as expected, or increases in our expenses appreciably exceed our expectations, we may never achieve profitability or positive cash flow. If we do achieve profitability and/or positive cash flow, there can be no assurance that we will be able to sustain it or improve upon it on a quarterly or annual basis for future periods.

RISKS RELATED TO OUR BUSINESS

WE HAVE NO INCOME-PRODUCING OPERATIONS OR ASSETS, WHICH, AS A RESULT, WILL CAUSE A CONTINUING DEPLETION OF OUR ASSETS.

We presently have no income-producing operations or assets. Unless we develop a business plan that results in income-producing operations or assets, or we enter into a business combination or acquisition of assets resulting in operational income, our assets will continue to be depleted.

THERE IS NO ASSURANCE THAT WE WILL BE ABLE TO ENTER INTO A BUSINESS COMBINATION OR ASSET ACQUISITION.

We are in preliminary negotiations with respect to the acquisition of a record label company. However, no plan of merger or other agreement has been executed, and unless we are able to enter into such an agreement, we will have to acquire additional capital to maintain our operations. Even if we were to enter into such a business combination or asset acquisition, there is no assurance that the transaction will result in successful income-producing operations.

THERE IS NO ASSURANCE THAT WE WILL BE ABLE TO OBTAIN ADDITIONAL FUNDS TO MAINTAIN OUR OPERATIONS.

To date, we have not generated significant revenue and we have limited cash liquidity and capital resources. We do not offer any products or services from which we can derive revenue. We currently do not have a business plan for our operations. Our future capital requirements will depend, in the near-term, completely on obtaining additional debt or equity funding from new or existing investors, which we believe may be insufficient to fund our capital expenditures, working capital and other cash requirements for the fiscal year ending December 31, 2002. Any equity financings would result in dilution to our then-existing stockholders. Furthermore, the possible sale of restricted shares issued and outstanding may, in the future, dilute the percentage of free-trading shares held by a stockholder or subsequent purchaser of our securities in the market, and may have a depressive effect on the price of our securities. Further, such sales, if substantial, might also adversely affect our ability to raise additional equity capital in the future. Sources of debt financing may result in higher interest expense. Any financing, if available, may be on terms unfavorable to us.

In connection with our preliminary negotiations to merge with or acquire a record label company, we are also in discussions to enter into an agreement where we would acquire additional capital needed to continue our existence.

Edgar Filing: GPN NETWORK INC - Form 10QSB

However, no such agreement has been executed, and there is no assurance that these fund raising efforts will be successful and on terms favorable to us. The successful outcome of these preliminary negotiations or any other future activities cannot be determined at this time, and there are no assurances that, if any can be achieved, we will have sufficient funds to execute a business plan or generate positive operating results. If adequate funds are not obtained, we may not be able to continue our operations.

RISKS OF UNKNOWN LIABILITIES AS A RESULT OF REVERSE MERGER

We became a publicly traded company through a reverse merger with an unrelated company, which had prior operations in an unrelated business. There may be potential liabilities incurred by the prior business, which are unknown to us for which we may be held liable. We have no insurance for liabilities incurred as a result of business conducted prior to the reverse merger.

CONTROL BY OFFICER, DIRECTOR, AND MAJORITY STOCKHOLDER

We are controlled by Todd M. Ficeto, who beneficially owns 78.8% of our outstanding common stock. Mr. Ficeto serves as our only officer and sole member of the board of directors. As a result, Mr. Ficeto is able to elect a majority of our board of directors, to dissolve, merge, or sell our assets, and to direct and control our operations, policies, and business decisions.

SALES OF ADDITIONAL COMMON STOCK MAY ADVERSELY AFFECT OUR MARKET PRICE.

The sale or the proposed sale of substantial amounts of our common stock in the public market could materially adversely affect the market price of our common stock or other outstanding securities. As of September 30, 2002, Todd M. Ficeto, our sole officer and director, beneficially owned 12,200,000 shares of common stock and warrants for the purchase of an additional 2,500,000 shares. Of these shares, we have entered into an Investor Rights Agreement with respect to 5,000,000 shares and the shares underlying the warrants. The sale of a large amount of shares by Mr. Ficeto, or the perception that such sales may occur, could adversely affect the market price for our common stock or other outstanding securities.

THE COST OF MAINTAINING THE REGISTRATION OF OUR STOCK UNDER SECTION 12(G) OF THE SECURITIES EXCHANGE ACT OF 1934 WILL CONTINUE TO DEplete OUR OVERHEAD AND ASSETS.

The cost of complying with the reporting requirements created by the registration of our common stock has been fairly substantial and the cost of continuing to file all necessary reports with the Securities and Exchange Commission and obtain the necessary accountings will continue to drain our capital reserves. These costs will continue to materially increase our administrative overhead and accelerate the depletion of our assets.

THE REGISTRATION OF ADDITIONAL SHARES OF COMMON STOCK UNDER THE SECURITIES ACT OF 1933 WILL CAUSE FURTHER LOSSES.

In January 2002, we entered into an Investor Rights Agreement granting Todd M. Ficeto, our sole officer and director, certain registration rights with respect to 5,000,000 shares of common stock and 2,500,000 shares of common stock underlying warrants. We expect that the legal, accounting, and other costs associated with the registration of those shares will be substantial and cause further losses.

RISKS RELATED TO OUR COMMON STOCK

THE MARKET PRICE FOR OUR COMMON STOCK MAY CONTINUE TO BE VOLATILE.

Edgar Filing: GPN NETWORK INC - Form 10QSB

The market price for our common stock reached a high of \$3.50 per share during the first quarter of 2001 and a low of \$0.02 per share during the fourth quarter

14

of 2001. In addition, our common stock has experienced volume fluctuations and periods of infrequent trading. These market fluctuations have adversely affected and may continue to adversely affect the market price of our common stock. If we are unable to develop a business plan, the market price and volume of our common stock may also be materially adversely affected and we may experience difficulty in raising capital.

THERE IS NO ASSURANCE OF AN ESTABLISHED PUBLIC TRADING MARKET.

Although our common stock trades on the NASD OTC Bulletin Board, a regular trading market for the securities may not be sustained in the future. The NASD has enacted recent changes that limit quotations on the OTC Bulletin Board to securities of issuers that are current in their reports filed with the Securities and Exchange Commission. The effect on the OTC Bulletin Board of these rule changes and other proposed changes cannot be determined at this time. The OTC Bulletin Board is an inter-dealer, over-the-counter market that provides significantly less liquidity than the NASD's automated quotation system (the "NASDAQ Stock Market"). Quotes for stocks included on the OTC Bulletin Board are not listed in the financial sections of newspapers as are those for the NASDAQ Stock Market. Therefore, prices for securities traded solely on the OTC Bulletin Board may be difficult to obtain and holders of common stock may be unable to resell their securities at or near their original offering price or at any price.

In the event that our common stock is not included on the OTC Bulletin Board and do not qualify for the NASDAQ Stock Market, quotes for the securities may be included in the "pink sheets" for the over-the-counter market, which provides even less liquidity than the OTC Bulletin Board.

OUR COMMON STOCK IS CONSIDERED A "PENNY STOCK."

Our common stock is considered to be a "penny stock" because it meets one or more of the definitions in Rules 15g-2 through 15g-6 promulgated under Section 15(g) of the Securities Exchange Act of 1934, as amended. These include but are not limited to the following: (i) the stock trades at a price less than five dollars (\$5.00) per share; (ii) it is NOT traded on a "recognized" national exchange; (iii) it is NOT quoted on the NASDAQ Stock Market, or even if so, has a price less than five dollars (5.00) per share; or (iv) is issued by a company with net tangible assets less than \$2,000,000, if in business more than a continuous three years, or with average revenues of less than \$6,000,000 for the past three years. The principal result or effect of being designated a "penny stock" is that securities broker-dealers cannot recommend the stock but must trade in it on an unsolicited basis.

BROKER-DEALER REQUIREMENTS MAY AFFECT TRADING AND LIQUIDITY.

Section 15(g) of the Securities Exchange Act of 1934, as amended, and Rule 15g-2 promulgated thereunder by the SEC require broker-dealers dealing in penny stocks to provide potential investors with a document disclosing the risks of penny stocks and to obtain a manually signed and dated written receipt of the document before effecting any transaction in a penny stock for the investor's account.

Potential investors in our common stock are urged to obtain and read such disclosure carefully before purchasing any shares that are deemed to be "penny stock." Moreover, Rule 15g-9 requires broker-dealers in penny stocks to approve the account of any investor for transactions in such stocks before selling any

Edgar Filing: GPN NETWORK INC - Form 10QSB

penny stock to that investor. This procedure requires the broker-dealer to (i) obtain from the investor information concerning his or her financial situation, investment experience and investment objectives; (ii) reasonably determine, based on that information, that transactions in penny stocks are suitable for the investor and that the investor has sufficient knowledge and experience as to be reasonably capable of evaluating the risks of penny stock transactions; (iii) provide the investor with a written statement setting forth the basis on which the broker-dealer made the determination in (ii) above; and (iv) receive a

15

signed and dated copy of such statement from the investor, confirming that it accurately reflects the investor's financial situation, investment experience and investment objectives. Compliance with these requirements may make it more difficult for investors in our common stock to resell their shares to third parties or to otherwise dispose of them in the market or otherwise.

SPECIAL NOTE ON FORWARD-LOOKING STATEMENTS AND REPORTS PREPARED

This Form 10-QSB contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements with regards to our revenues, earning, spending, margins, cash flow, orders, inventory, products, actions, plans, strategies and objectives. Forward-looking statements include, without limitation, any statement that may predict, forecast, indicate or simply state future results, performance or achievements, and may contain the words "believe," "anticipate," "expect," "estimate," "intend," "plan," "project," "will be," "will continue," "will," "result," "could," "may," "might," or any variations of such words with similar meanings. Any such statements are subject to risks and uncertainties that would cause our actual results to differ materially from those which are management's current expectations or forecasts. Such information is subject to the risk that such expectations or forecasts, or the assumptions underlying such exceptions or forecasts, become inaccurate. In addition, the risks included here are not exhaustive. Other sections of this report may include additional factors that could adversely impact our business and financial performance. Moreover, we operate in a very competitive and rapidly changing environment. New risk factors emerge from time to time and we cannot predict all such risk factors, nor can we assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results. Investors should also be aware that while we do, from time to time, communicate with securities analysts, we do not disclose any material non-public information or other confidential commercial information to them. Accordingly, individuals should not assume that we agree with any statement or report issued by any analyst, regardless of the content of the report. Thus, to the extent that reports issued by securities analysts contain any projections, forecasts or opinions, such reports are not our responsibility.

ITEM 3. CONTROLS AND PROCEDURES.

(a) Evaluation of disclosure controls and procedures

The term "disclosure controls and procedures" refers to the controls and procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized and reported within required time periods. Within 90 days prior to the date of filing of this report (the "Evaluation Date"), we carried out an evaluation under the supervision and with the participation of our Chief Executive Officer

Edgar Filing: GPN NETWORK INC - Form 10QSB

and Chief Financial Officer of the effectiveness of our disclosure controls and procedures. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the Evaluation Date, such controls and procedures were effective in ensuring that required information will be disclosed on a timely basis in our periodic reports filed under the Exchange Act.

(b) Changes in internal controls

There were no significant changes to our internal controls or in other factors that could significantly affect our internal controls subsequent to the Evaluation Date.

PART II - OTHER INFORMATION

GPN NETWORK, INC. AND SUBSIDIARIES

Item 1. Legal Proceedings

The following is an update of the reports (previously included in a Form 8-K dated April 29, 2002 and the Form 10-QSB's dated May 15, 2002 and August 14, 2002) of recent developments in one previously reported legal proceeding that should be read in conjunction with Item 3, Legal Proceedings, in the Company's annual report on Form 10-KSB for the fiscal year ended December 31, 2001.

On October 9, 2001, GPN filed a complaint against Bruce A. Berman, Jeffrey M. Diamond and The Summit Real Estate Group, Inc. ("Summit") in Orange County Superior Court (Case No. 01CC12872). The complaint alleges four causes of action: (1) breach of fiduciary duty, (2) rescission, (3) fraud, and (4) civil conspiracy. The complaint requests damages in the amount of not less than \$100,000 and punitive damages. On or about November 20, 2001, Bruce A. Berman filed, concurrently with his answer, a verified cross-complaint against GPN for indemnity, declaratory relief, breach of contract, failure to pay wages, unfair business practices, and breach of implied covenant of good faith and fair dealing. The complaint alleges that GPN failed to pay Mr. Berman accrued wages and other compensation in the amount of \$60,000. On January 23, 2002, GPN filed a first amended complaint, naming an additional defendant, Timothy C. Capps. In July 2002, GPN reached resolution of its disputes with its former officers. In connection with the resolution, GPN received a waiver of all claims, indemnification for claims by a former landlord related to back and future rent for premises occupied by GPN before August 2001, and the return of 525,000 shares of GPN's common stock which were subsequently cancelled. In return, GPN waived all of its claims and paid \$20,000, and the complaint against Summit was subsequently dismissed.
