Pearson plc  
(the "Company")

Notification of Directors' Interests

Long-Term Incentive Plan ("LTIP") - 2011 Release

In 2001, the Company established the Pearson Long Term Incentive Plan (the "LTIP"). Its purpose is to link management's long-term reward with Pearson's financial performance and returns to shareholders. Since 2006, the annual LTIP awards have been based around three performance measures: relative total shareholder return, return on invested capital and earnings per share growth.

Based on performance against the LTIP measures, 97.5% of the restricted share awards granted on 4 March 2008 have vested. Three-quarters of those shares have been released on 5 April 2011 following confirmation of performance with the remaining one-quarter to be released in 2013.

The following table sets out the number of shares released to directors on 5 April 2011 under the 2008 LTIP award. The LTIP rules require that sufficient shares are sold to discharge the PAYE income tax liability and any other statutory withholding liabilities on the shares released. The shares set out in the fourth column below were sold on 5 April 2011 at a price of 1143.33p per share, leaving the after-tax number of shares set out in the final column below.
