Item 7. Financial Statements, *Pro Forma* Financial Information and Exhibits.

(c) Exhibits.

- 99.1 Press release dated November 12, 2003, including Condensed Consolidated Statements of Operations for the Three and Nine Months ended September 30, 2003 and 2002 and Condensed Consolidated Balance Sheets as of September 30, 2003 and December 31, 2002.
- 99.2 Condensed Consolidated Statement of Cash Flows for the Nine Months Ended September 30, 2003.
- 99.3 Reconciliations of non-GAAP financial measures presented during analyst meeting to comparable GAAP financial measures.

Item 12. Results of Operations and Financial Condition

On November 12, 2003, InterCept, Inc. issued a press release regarding its earnings for the three and nine months ended September 30, 2003. Included with the release were InterCept's Condensed Consolidated Statements of Operations for the Three and Nine Months ended September 30, 2003 and 2002 and InterCept's Condensed Consolidated Balance Sheets as of September 30, 2003 and December 31, 2002. The full text of the press release is set forth in Exhibit 99.1 hereto. Also on that day, InterCept held a meeting with analysts to discuss operations and earnings. The meeting was webcast.

During the analyst meeting, Scott Meyerhoff, InterCept's Chief Financial Officer, disclosed two non-GAAP financial measures in his discussions with the analysts present at the meeting.

First, Mr. Meyerhoff disclosed that cash flows from operations for the nine months ended September 30, 2003 totaled \$21.7 million, excluding client payouts. Attached as Exhibit 99.2 is InterCept's Condensed Consolidated Statement of Cash Flows for the Nine Months Ended September 30, 2003. Exhibit 99.3 contains a reconciliation of GAAP cash flows from operations to cash flows from operations excluding client payouts. InterCept believes that the non-GAAP financial measure cash flows from operations excluding client payouts is useful to investors because it reflects the cash flows of the business without the client payouts required in the merchant services division and gives investors a sense of the strong performance of InterCept's financial institutions division.

Second, Mr. Meyerhoff disclosed that revenue growth in InterCept's financial institutions division during the quarter ended September 30, 2003 was 7.8%, but that revenue growth, excluding customer reimbursements, was 11.7%. Also included in Exhibit 99.3 is a reconciliation of the financial institutions revenue growth rate to the growth rate excluding customer reimbursements. InterCept believes that the non-GAAP financial measure revenue growth from financial institutions division excluding customer reimbursements is useful to investors because it better reflects the growth of its financial institutions segment, given that the amount of customer reimbursements is a pass-through item related to postage and out of pocket travel paid on behalf of and reimbursed by InterCept's customers.
