PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 3, 2004

This proxy statement contains information about the 2004 Annual Meeting of Stockholders of Pegasystems Inc. The meeting will be held on Thursday, June 3, 2004, beginning at 11:00 a.m., local time, at One Main Street, Cambridge, Massachusetts.

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at the annual meeting and at any adjournment of that meeting. All proxies will be voted in accordance with the instructions they contain. If no instruction is specified on a proxy, it will be voted in favor of Proposals 1, 2, 3 and 4 set forth in the notice of the meeting. A stockholder may revoke any proxy at any time before it is exercised by giving our clerk written notice to that effect.

Our Annual Report to Stockholders for the fiscal year ended December 31, 2003 is being mailed to stockholders with the mailing of these proxy materials on or about May 7, 2004. The Annual Report does not constitute any part of this proxy statement.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the annual meeting?

At the annual meeting, stockholders will consider and vote on the following matters:

1. The re-election of four members to our Board of Directors to hold office for terms of three years.
2. The approval of an amendment to our Restated Articles of Organization to increase the number of authorized shares of common stock from 45,000,000 to 70,000,000.

Edgar Filing: PEGASYSTEMS INC - Form DEF 14A

3. The approval of the Pegasystems Inc. 2004 Long-Term Incentive Plan.
4. The ratification of the selection of Deloitte & Touche LLP as our independent auditors for the year ending December 31, 2004.

The stockholders will also act on any other business that may properly come before the meeting.

Who can vote?

To be able to vote, you must have been a stockholder of record at the close of business on April 14, 2004. This date is the record date for the annual meeting.

Stockholders of record at the close of business on April 14, 2004 are entitled to vote at the annual meeting. The number of outstanding shares of our common stock entitled to vote at the meeting is 35,534,595.

How many votes do I have?

Each share of our common stock that you owned on the record date entitles you to one vote on each matter that is before the stockholders at the annual meeting.

Table of Contents

Is my vote important?

Your vote is important regardless of how many shares you own. Please take the time to vote. Take a moment to read the instructions below.

How can I vote?

You can vote in two ways. You can vote by mail or you can vote in person at the meeting.

You may vote by mail. You may vote by completing and signing the proxy card that accompanies this proxy statement and promptly mailing it in the enclosed postage-prepaid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our Board of Directors. The Board of Directors recommends that you vote FOR Proposals 1, 2, 3 and 4.

You may vote in person. If you attend the meeting, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the meeting.

Can I change my vote after I have mailed my proxy card?

Yes. You can change your vote and revoke your proxy at any time before the polls close at the meeting by doing any one of the following things:

signing another proxy with a later date;

giving our clerk a written notice before or at the meeting that you want to revoke your proxy; or

voting in person at the meeting.

Your attendance at the meeting alone will not revoke your proxy.

Can I vote if my shares are held in street name ?

Edgar Filing: PEGASYSTEMS INC - Form DEF 14A

If the shares you own are held in street name by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your bank or brokerage firm provides you. Many banks and brokerage firms also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your bank or brokerage firm on your vote instruction form.

If your shares are held in street name, you must bring an account statement or letter from your brokerage firm or bank showing that you are the beneficial owner of the shares as of the record date in order to be admitted to the meeting on June 3, 2004. To be able to vote your shares held in street name at the meeting, you will need to obtain a proxy card from the holder of record.

What will happen if I do not give my bank or brokerage firm instructions on how to vote my shares?

If your shares are held in street name, your bank or brokerage firm will be prohibited under applicable regulations from using its discretion to vote your shares on the proposal to approve the amendment of our Restated Articles of Organization or the Pegasystems Inc. 2004 Long-Term Incentive Plan. If your bank or broker instructs us that you have not provided instructions on how to vote on those proposals, your shares will be treated as broker non-votes with respect to those proposals. However, even if you do not give your bank or broker instructions as to how to vote on the other proposals described in this proxy statement, your bank or broker may be entitled to use its discretion in voting your shares in accordance with industry practice.

Table of Contents

What constitutes a quorum?

For business to be conducted at the meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of common stock issued, outstanding and entitled to vote at the meeting, or at least 17,767,298 shares.

Shares of common stock represented in person or by proxy (including broker non-votes and shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for the purpose of determining whether a quorum exists.

What vote is required for each item?

Election of Directors. The four nominees receiving the highest number of votes cast at the meeting will be elected, regardless of whether that number represents a majority of the votes cast.

Amendment of Restated Articles of Organization. The affirmative vote of a majority of the common stock outstanding on the record date is required to approve the amendment to our Restated Articles of Organization.

Other Matters. The affirmative vote of a majority of the total number of votes cast at the meeting is needed to approve other matters to be voted on at the meeting, including the approval of the Pegasystems Inc. 2004 Long-Term Incentive Plan and the ratification of the independent auditors.

Abstentions and broker non-votes will not be counted as votes in favor of a proposal and will also not be counted as votes cast or shares voted on such proposal. Accordingly, abstentions and broker non-votes will have no effect on the outcome of voting with respect to Proposal 1 (election of directors), Proposal 3 (approval of the 2004 Long-Term Incentive Plan) and Proposal 4 (ratification of independent auditors), because each of those proposals requires an affirmative vote of a plurality, in the case of Proposal 1, or a majority, in the case of Proposals 3 and 4, of the shares of common stock present or represented by proxy. Abstentions and broker non-votes, however, will have the effect of negative votes with respect to Proposal 2 (amendment of the charter), because that proposal requires the affirmative vote of the holders of a majority of all outstanding common stock.

How will votes be counted?

Each share of common stock will be counted as one vote according to the instructions contained on a proper proxy card, whether executed by you directly or on a ballot voted in person at the meeting. Shares will not be voted in favor of a matter, and will not be counted as voting on a matter, if they either (1) abstain from voting on a particular matter, or (2) are broker non-votes. Accordingly, abstentions and broker non-votes will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the votes cast or shares voting on a matter.

Who will count the votes?

The votes will be counted, tabulated and certified by our transfer agent and registrar, EquiServe Trust Company, N.A. A representative of EquiServe Trust Company, N.A. will serve as the inspector of elections at the meeting.

How does the Board of Directors recommend that I vote on the proposals?

The Board of Directors recommends that you vote:

FOR the re-election of the four members to our Board of Directors to hold office for terms of three years;

FOR the approval of the amendment to our Restated Articles of Organization;

Table of Contents

FOR approval of the Pegasystems Inc. 2004 Long-Term Incentive Plan; and

FOR the ratification of the selection of Deloitte & Touche LLP as our independent auditors for the year ending December 31, 2004.

Will any other business be conducted at the meeting or will other matters be voted on?

The Board of Directors does not know of any other matters that may come before the meeting. If any matter properly comes before the meeting, the persons named in the proxy card that accompanies this proxy statement will exercise their judgment in deciding how to vote, or otherwise act, at the meeting with respect to that matter or proposal.

Where can I find the voting results?

We will report the voting results in our quarterly report on Form 10-Q for the second quarter of 2004, which we expect to file with the Securities and Exchange Commission, or SEC, on or before August 14, 2004.

How and when may I submit a stockholder proposal for the 2005 annual meeting?

If you are interested in submitting a proposal for inclusion in the proxy statement for the 2005 annual meeting, you need to follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934. To be eligible for inclusion, we must receive your stockholder proposal intended for inclusion in the proxy statement for the 2005 annual meeting of stockholders at our principal corporate offices in Cambridge, Massachusetts as set forth below no later than January 3, 2005.

If a stockholder wishes to present a proposal before the 2005 annual meeting of stockholders, but does not wish to have the proposal considered for inclusion in the proxy statement and proxy card, the stockholder must also give written notice to us at the address noted below. The required notice must be received by us by March 19, 2005. If a stockholder fails to provide timely notice of a proposal to be presented at the 2005 annual meeting of stockholders, the proxies designated by our Board of Directors will have discretionary authority to vote on that proposal.

Any proposals or notices should be sent to:

CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that Pegasystems is managed for the long-term benefit of its stockholders and are committed to having sound corporate governance principles. During the past year, we continued to review our corporate governance policies and practices and to compare them to those suggested by various authorities in corporate governance and the practices of other public companies. We have also continued to review the provisions of the Sarbanes-Oxley Act of 2002, the new and proposed rules of the SEC and the new Nasdaq listing standards.

Based on this review, our Board of Directors formed a Nominating Committee, adopted a charter for our Nominating Committee and our Compensation Committee, and revised the charter for our Audit Committee. You can access our current committee charters and Code of Conduct in the Corporate Governance section of www.pegasystems.com or by writing to:

Determination of Independence

Our Board of Directors has determined that none of Messrs. d Arbeloff, Maybury, Roberts, Keough, Kaplan or Wyman has a material relationship with us (either directly or as a partner, shareholder or officer of an

organization that has a relationship with us) and that each of these directors is independent within the meaning of Nasdaq's director independence standards. In addition, our Board of Directors has determined that each of the members of our Audit Committee, Compensation Committee and Nominating Committee has no material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent within the meaning of Nasdaq's director independence standards.

Director Candidates

Our stockholders may recommend director candidates for inclusion by the Board of Directors in the slate of nominees which the Board recommends to our stockholders for election. The qualifications of recommended candidates will be reviewed by our Nominating Committee. If the Board determines to nominate a stockholder-recommended candidate and recommends his or her election as a director by the stockholders, the name will be included in our proxy card for the stockholders meeting at which his or her election is recommended.

Stockholders may recommend individuals for the Nominating Committee to consider as potential director candidates by submitting their names and background to the Pegasystems Inc. Nominating Committee c/o Pegasystems Inc., 101 Main Street, Cambridge, MA 02142, Attention: Vice President and General Counsel. The Nominating Committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis. The process followed by the Nominating Committee to identify and evaluate candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating Committee and the Board. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders, the Nominating Committee will evaluate those candidates by following substantially the same process, and applying the same criteria, as for candidates submitted by Board members.

In considering whether to recommend any candidate for inclusion in the Board's slate of recommended director nominees, including candidates recommended by stockholders, the Nominating Committee will apply the criteria appended to the Nominating Committee's charter. These criteria include the candidate's integrity, business acumen, experience, commitment, diligence, conflicts of interest and the ability to act in the interest of all stockholders. The Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. We did not pay any third party a fee to assist in evaluating and identifying director nominees in 2003. During 2003, no director candidate was recommended to us by any beneficial owner of more than 5% of our common stock.

Communications from Stockholders and Other Interested Parties with the Board

The Board of Directors will give appropriate attention to written communications on issues that are submitted by stockholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters, the Chairman of the Board of Directors will, with the assistance of our Vice President and General Counsel, (1) be primarily responsible for monitoring communications from stockholders and other interested parties and (2) provide copies or summaries of such communications to the other directors as he considers appropriate.

Communications will be forwarded to all directors if they relate to substantive matters and include suggestions or comments that the Chairman of the Board of Directors considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to personal grievances and matters as to which we

tend to receive repetitive or duplicative communications.

Board of Directors Meetings and Committees

The Board of Directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee the management of the company and, in so doing, serve the best interests of the company and its stockholders. The Board selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. It participates in decisions that have a potential major economic impact on us. Management keeps the directors informed of company activity through regular written reports and presentations at Board and committee meetings.

The Board of Directors met five times in 2003. During 2003, each of our directors, other than Mr. Wyman, attended 75% or more of the total number of meetings of the Board of Directors and the committees of which such director was a member. The Board has standing Audit, Compensation and Nominating Committees. Each committee has a charter that has been approved by the Board. Each committee reviews the appropriateness of its charter and performs a self-evaluation periodically. Messrs. Ancona, Jones and Treffer are the only directors who are also employees of Pegasystems. They do not participate in any portions of meetings at which their compensation is evaluated. All members of all committees are non-employee directors.

Executive sessions of non-management directors will be held at least four times per year, generally in conjunction with regularly scheduled meetings of the full Board. Any non-management director can request that an additional executive session be scheduled.

It is our policy that directors should attend annual meetings of stockholders. All but one of our directors attended the 2003 annual meeting of stockholders.

Audit Committee

The current members of our Audit Committee are Messrs. Kaplan (Chairman), Keough and Wyman. Mr. Keough qualifies as an audit committee financial expert under SEC rules. Each of Messrs. Kaplan, Keough and Wyman is an independent director under the Nasdaq rules governing the qualifications of the members of audit committees. In addition, our Board of Directors has determined that each member of the Audit Committee

Edgar Filing: PEGASYSTEMS INC - Form DEF 14A

is financially literate. None of Messrs. Kaplan, Keough and Wyman serve on the audit committees of more than two other public companies. The Audit Committee met eight times during 2003. The responsibilities of our Audit Committee and its activities during 2003 are described in the Report of the Audit Committee contained below in this proxy statement.

The charter of the Audit Committee is attached to this proxy statement as Appendix A.

Compensation Committee

The current members of the Compensation Committee are Messrs. d Arbeloff, Maybury and Roberts. The Board has determined that each of Messrs. d Arbeloff, Maybury and Roberts is independent as defined under Nasdaq rules. Our Compensation Committee held seven meetings during 2003. The Compensation Committee

Table of Contents

evaluates and sets the compensation of our Chief Executive Officer and approves the salaries and bonuses of our other executive officers. The Compensation Committee also oversees the evaluation of management by the Board of Directors. The Compensation Committee also grants stock options and other stock incentives (within guidelines established by our Board of Directors) to our officers and employees. The responsibilities of our Compensation Committee and its activities during 2003 are described in the Report of the Compensation Committee on Executive Compensation contained below in this proxy statement.

The charter of the Compensation Committee is attached to this proxy statement as [Appendix B](#).

Nominating Committee

The current members of the Nominating Committee are Messrs. d Arbeloff, Kaplan, Keough, Maybury, Roberts and Wyman. The Board has determined that each of Messrs. d Arbeloff, Kaplan, Keough, Maybury, Roberts and Wyman is independent as defined under Nasdaq rules. The purpose of the Nominating Committee is to identify qualified individuals as needed to become Board members and recommend to the Board the persons to be nominated by the Board for election as directors at the annual meeting of stockholders. The Nominating Committee is authorized to retain any such advisers or consultants it deems necessary or appropriate to carry out its responsibilities. For information relating to nominations of directors by our stockholders, see Director Candidates above. Our Nominating Committee was formed in April 2004.

The charter of the Nominating Committee is attached to this proxy statement as [Appendix C](#).

Audit Committee s Pre-approval Policy and Procedures

Our Audit Committee pre-approves all services, including both audit and non-audit services, provided by our independent auditors for the purpose of maintaining the independence of our independent auditors. For audit services, each year the independent auditors provide the Audit Committee with an engagement letter outlining the scope of the audit services proposed to be performed during the year, which must be accepted by the Audit Committee before the audit commences. The independent auditors also submit an audit services fee proposal, which also must be approved by the Audit Committee before the audit commences.

As required, management also submits to the Audit Committee a description of non-audit services that it recommends the independent auditors be engaged to provide and an estimate of the fees to be paid for each. Management and the independent auditors must each confirm to the Audit Committee that the performance of the non-audit services would not compromise the independence of the auditors and would be permissible under all applicable legal requirements. The Audit Committee must approve both the non-audit services and the budget for each such service before commencement of the work. Management and the independent auditors report to the Audit Committee periodically as to the non-audit services actually provided by the independent auditors and the approximate fees incurred by us for those services.

During 2003, no services were provided to us by Deloitte & Touche LLP or any other accounting firm other than in accordance with the pre-approval policies and procedures described above.

DIRECTOR COMPENSATION

We pay each of our non-employee directors an annual retainer of \$20,000. In addition, each of our non-employee directors receives \$1,000 for every Board or committee meeting attended. We also reimburse non-employee directors for expenses incurred in attending Board meetings. Each non-employee director is granted on an annual basis a fully vested option to purchase 15,000 shares of our common stock at a price equal to the fair market value of the common stock on the date of grant. No other compensation is paid to directors for attending Board or committee meetings. Messrs. d Arbeloff, Maybury, Roberts, Kaplan, Keough, O Halloran and Wyman are currently our non-employee directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as described below, during 2003 there were no transactions involving more than \$60,000, nor are any proposed, between us and any executive officer, director, beneficial owner of 5% or more of our common stock or equivalents, or any immediate family member of any of the foregoing, in which any such persons or entities had or will have a direct or indirect material interest.

Joseph Friscia, our Executive Vice President of Applications, resigned in January 2004. Pursuant to an employment agreement we entered into with Mr. Friscia on May 10, 2001, we are required to provide Mr. Friscia with one year of base salary continuation from the date of his termination, one year of continued coverage under our group health insurance plan, and up to \$10,000 of outplacement support services. Under the agreement, Mr. Friscia confirmed his earlier agreement not to compete with our business during the term of his employment and

for eighteen months thereafter and also agreed not to solicit any of our employees for a period of eighteen months after the termination of his employment. At the time of his resignation, Mr. Friscia entered into an agreement with us pursuant to which he agreed to provide sales consulting services to us through March 31, 2004, in exchange for variable compensation capped at \$100,000. The actual amount of Mr. Friscia's compensation under this agreement is based on our revenue in the first quarter of 2004.

On April 26, 2002, we entered into a Consulting Agreement with Lisa Pyle, the wife of executive officer, Michael Pyle, our Senior Vice President of Product Development. Under that agreement, as amended, we paid Ms. Pyle \$82,875 for consulting services rendered to us in 2003.

On July 25, 2002, we entered into an executive employment agreement with Henry Ancona, our president and chief operating officer, setting forth his responsibilities and compensation. The agreement requires us to pay Mr. Ancona an annual base salary of \$325,000, subject to review and change by our Compensation Committee. In addition, pursuant to the agreement, we granted Mr. Ancona a non-qualified option to purchase 500,000 shares of common stock at a per share price of \$7.525, which option vests over four years in equal quarterly installments. Subject to Mr. Ancona's executing a general release of claims against us, if we terminate Mr. Ancona's employment without cause or Mr. Ancona terminates his employment for good reason, the agreement provides that Mr. Ancona will receive a lump sum payment equal to his then current annual salary and the pro rata portion of any bonus he would have earned for the year, the continuation of his benefits for 12 months, and the acceleration of his options if the termination is at least one year after the start of his employment. Under the agreement, Mr. Ancona agreed to certain provisions relating to non-competition and non-solicitation of employees.

We have adopted a policy whereby transactions between us and our officers, directors, principal stockholders and their affiliates must be on terms no less favorable to us than could be obtained from unrelated third parties and must be approved by a majority of the disinterested members of our Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

General

The Compensation Committee of our Board of Directors is composed entirely of directors who are not employees of or consultants to Pegasystems. The Compensation Committee, which during 2003 consisted of Alexander V. d'Arbeloff, Edward A. Maybury and Edward Roberts, is responsible for approving compensation and benefits for our executive officers to the Board of Directors and for administering our stock plans. The Compensation Committee met seven times during 2003. This report is submitted by the Compensation Committee and addresses the compensation policies for 2003 as they affected each of our executive officers.

Compensation Philosophy

The objective of the Compensation Committee is to provide an executive compensation program that aligns executive compensation with the achievement of company goals. The Compensation Committee believes that executive compensation should also reflect internal equity by taking into account the value an individual adds to Pegasystems relative to others within the organization, and that executive compensation should enable us to be externally competitive in attracting and retaining key employees in an increasingly competitive industry environment. While compensation survey data are useful guides for comparative purposes, the Compensation Committee believes that a successful compensation program also requires the application of judgment and subjective determinations of individual performance. To that extent, the Compensation

Edgar Filing: PEGASYSTEMS INC - Form DEF 14A

Committee applies its judgment on reconciling the program's objectives with the realities of retaining valued employees.

In establishing compensation for executive officers in 2003, the Compensation Committee reviewed compensation for executive officers in equivalent positions for a group of comparison companies of similar size.

Table of Contents

In addition, the Compensation Committee sought to increase the bonus portion of total cash compensation in order to tie compensation more closely to performance. To that end, the base salaries of executive officers were the same in 2003 as in 2002 while target bonus levels were increased.

Compensation Components

There are two compensation components for executive officers: cash compensation in the form of salary and bonus, and non-cash compensation in the form of stock options.

Salary. Cash compensation in the form of salary is intended to reflect an executive's knowledge, skills, and level of responsibility as well as the economic and business conditions affecting Pegasystems. In determining the salary (and bonus) of each executive, the Compensation Committee reviews compensation of comparable positions in other software companies contained in published surveys or gleaned from the public disclosure filings of publicly-traded companies.

Bonuses. Annual cash bonuses are intended to reward executives for the achievement of both corporate and, in the case of all executive officers other than the Chief Executive Officer and the President, individual goals. In 2003, corporate goals for purposes of executive bonuses related to annual revenue, bookings and profit goals, with each being equally weighted. Executive target bonuses (i.e., the bonus amount to which each would be entitled if his goals were achieved in full) in 2003 ranged between 33% and 50% of the executive's annual salary, except for the Chief Executive Officer as discussed below.

Stock Options. The Compensation Committee uses stock options as a long-term, non-cash incentive and as a means of aligning the long-term interests of executives and stockholders. Stock options are awarded based upon the market price of our common stock on the date of grant and are linked to future performance of our stock because they do not become valuable to the holder unless the price of our stock increases above the price on the date of grant. The number of stock options granted to an executive as a form of non-cash compensation is determined by taking into consideration factors such as number of stock options previously granted to an executive, the executive's remaining options exercisable and the value of those stock options, as compared to the prior performance of the executive and the anticipated value that an executive will add to Pegasystems in the future. Stock options are not necessarily granted to executives on an annual basis.

Compensation of the Chief Executive Officer in 2003

While the Compensation Committee believes that the Chief Executive Officer continued to perform at a high level in 2003 and that his cash compensation does not adequately reflect his value to Pegasystems, at the Chief Executive's request his annual salary remained at \$200,000 as it has for the past several years. In setting the Chief Executive's bonus in 2003, the Compensation Committee considered the factors described above and ultimately determined that the dollar amount of his bonus should be the same as that of the President given that both were comparably responsible for the attainment of corporate goals in 2003. As has been the Compensation Committee's past practice, no stock options were granted to the Chief Executive Officer because of his already significant holdings of Pegasystems stock.

Compensation Surveys and the Performance Graph

Edgar Filing: PEGASYSTEMS INC - Form DEF 14A

The companies included in the published surveys considered in establishing the cash compensation of the executives differ from the companies included in the Goldman Sachs Technology Software Index, which is included in the Performance Graph following this report, in that the Goldman Sachs Technology Software Index includes only a select number of public companies which sell software, while the surveys include public as well as private companies which sell software and integrated turnkey systems. The Compensation Committee believed that the companies included in such surveys better reflected the range of companies that are likely to compete for the services of our executive officers. The Compensation Committee believes that the Goldman Sachs

Table of Contents

Technology Software Index may be an appropriate basis for comparing stock performance but that such surveys are a more appropriate basis for determining compensation.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1 million paid to its chief executive and its four other most highly compensated executives. Performance-based compensation is excluded from the compensation taken into account for purposes of the limit if certain requirements are met. We currently intend to structure our stock options granted to executives in a manner that complies with the performance-based requirements of the statute. The Committee believes that, given the general range of salaries and bonuses for executive officers, the \$1 million threshold of Section 162(m) will not be reached by any of our executive officers in the foreseeable future. Accordingly, the Compensation Committee has not considered what its policy regarding compensation not qualifying for federal tax deduction might be at such time, if ever, as that threshold is within range of any executive officer.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. The primary duties and responsibilities of the Audit Committee are to: (1) select and approve our independent auditors; (2) serve as an independent and objective party to monitor our financial reporting process and internal control systems; (3) review and appraise the audit efforts of our independent auditors and internal audit functions; (4) review the independent auditors' fees; and (5) provide an open avenue of communication among the independent auditors, financial and senior management and the Board of Directors. The Audit Committee is also responsible for overseeing legal compliance matters, including our Code of Conduct.

The Audit Committee consists of three members, each of whom is independent (as defined by listing standards that govern companies the shares of which are listed on Nasdaq). The Board of Directors has determined that the members of the Audit Committee satisfy the requirements of Nasdaq as to independence, financial literacy and expertise. In addition, the Board of Directors has determined that Mr. Keough is an audit committee financial expert as defined by SEC rules and has the requisite financial sophistication to satisfy the requirements of Nasdaq. The Audit Committee operates under a written charter, approved by the Board of Directors, which was last amended in April 2004. The amended charter is attached to this proxy statement as Appendix A.

In fulfilling its oversight responsibilities regarding the 2003 financial statements, the Audit Committee reviewed with management the audited financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement of Auditing Standards No. 61 *Communication with Audit Committee*, including the process used by management in formulating particularly sensitive accounting estimates and the basis for the conclusions of the independent auditors regarding the reasonableness of those estimates.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America, their judgment as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under auditing standards generally accepted in the United States of America. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and Pegasystems, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 *Independence Discussions with Audit Committees* and received by the Committee.

The Audit Committee discussed with our independent auditors the overall scope and plans for their audits in 2004. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their audits, the understanding of our internal controls, and the overall quality of our financial reporting. The Audit Committee held eight meetings during 2003.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003. The Audit Committee has also selected Deloitte & Touche LLP as our independent auditors for 2004.

APPROVAL OF THE AMENDMENT TO OUR RESTATED

ARTICLES OF ORGANIZATION

(Item 2 of Notice)

On March 10, 2004, our Board of Directors unanimously voted to recommend to the stockholders that our Restated Articles of Organization be amended to increase the number of authorized shares of common stock from 45,000,000 shares to 75,000,000 shares.

Our authorized common stock currently consists of 45,000,000 shares, \$.01 par value per share, of which, as of March 31, 2004, 35,529,295 shares were outstanding and approximately 16,933,669 shares were reserved for issuance pursuant to our stock option and stock purchase plans, including the 7,000,000 shares authorized for issuance under our new 2004 Long-Term Incentive Plan that is being put before the stockholders for their approval at the annual meeting, and upon exercise of outstanding warrants. As a result, we do not have a sufficient number of shares authorized but unissued to permit us to make the maximum number of grants that we could otherwise make pursuant to the 2004 Long-Term Incentive Plan. Our Board of Directors believes that the authorization of additional shares of common stock is desirable to allow us to have a sufficient number of shares authorized to permit us to make grants under our new 2004 Long-Term Incentive Plan, as well as to provide shares for issuance in connection with possible future financings, joint ventures, acquisitions, stock splits, stock dividends or other general corporate purposes. In any such event, the ability of the Board to take appropriate action without delay would be severely hampered unless the number of authorized but unissued shares is adequate to meet our needs. If the amendment is adopted by our stockholders, our Board of Directors will have authority to issue shares of common stock without the necessity of further stockholder action. We have no specific current plans, proposals or arrangements, written or otherwise, to issue any of the additional authorized shares of common stock, although we expect that some of those shares will underlie grants made from time to time under the new 2004 Long-Term Incentive Plan.

The issuance of additional shares of common stock, while providing desired flexibility in connection with possible stock dividends, acquisitions and other corporate purposes, would have the effect of diluting our current stockholders and could have the effect of making it more difficult for a third party to acquire, or discouraging a third party from attempting to acquire, control of Pegasystems. Such additional shares could be issued by the Board in a public or private sale, merger or similar transaction, increasing the number of outstanding shares and thereby diluting the equity interest and voting power of a party attempting to obtain control of Pegasystems, even if such transaction would be favorable to the interests of stockholders. We are not aware of any attempts on the part of a third party to effect a change of control of the company, and the amendment has been proposed for the reasons stated above and not for any possible anti-takeover effects it may have. In addition, the Board does not currently contemplate recommending the adoption of any other amendments to our Restated Articles of Organization or any other provisions or the entering into of any other agreements that could be construed as affecting the ability of third parties to take over or to change control of Pegasystems.

In addition, a number of existing provisions in our Restated Articles of Organization and our restated by-laws could make it more difficult for a third party to acquire, or discourage a third party from attempting to acquire, control of Pegasystems. The Restated Articles and restated by-laws provide that a stockholder seeking to have business conducted at a stockholder meeting must give notice to us not less than 90 days prior to the scheduled meeting. The restated by-laws further provide that a special stockholders meeting may be called by the president or the Board of Directors or upon the request of stockholders holding at least 40% of the voting power of Pegasystems. The Restated Articles and the restated by-laws provide for a classified Board of Directors and for the removal of directors only for cause upon the affirmative vote of the holders of a majority of the shares entitled to vote. Moreover, we are subject to an anti-takeover provision of the Massachusetts General Laws that prohibits, subject to certain exceptions, a holder of 5% or more of the outstanding voting stock of a corporation from engaging in certain transactions with the corporation, including a merger or stock or asset sale. In addition, we have authorized but unissued 1,000,000 shares of preferred stock, which may be issued in the future without stockholder approval and upon such terms and conditions, and having such rights, privileges and preferences, as the Board of Directors may determine.

Table of Contents

In addition, holders of common stock do not have preemptive rights to subscribe to additional securities that we may issue in the future. This means that current stockholders do not have a prior right to purchase any new issue of common stock in order to maintain their proportionate ownership interest.

Our Board of Directors recommends that you vote FOR the adoption of this proposed amendment.

APPROVAL OF THE PEGASYSTEMS INC. 2004 LONG-TERM INCENTIVE PLAN

(Item 3 of Notice)

On March 10, 2004, our Board of Directors adopted, subject to stockholder approval, the Pegasystems Inc. 2004 Long-Term Incentive Plan. The following summary of the Plan does not purport to be complete and is qualified in its entirety by reference to the full text of the Plan, which is attached as [Appendix D](#) to this proxy statement.

Purposes

The purposes of the Plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees, directors and consultants, and to promote the success of our business. Options, stock purchase rights and other stock-based awards may be granted under the Plan.

Administration

The Plan is administered by the Board, which may delegate its powers under the Plan to one or more committees or sub-committees of the Board. Subject to the provisions of the Plan, the administrator of the Plan has authority in its discretion to: (1) determine fair market value of our common stock; (2) select employees, directors and consultants to whom awards may be granted; (3) determine the number of shares covered by awards; (4) approve forms of agreement for use under the Plan; (5) determine the terms and conditions of awards; (6) determine whether and under what circumstances an option may be settled in cash instead of common stock; (7) reduce the exercise price or purchase price of any award to the then fair market value if the fair market value has declined since the date of grant; (8) initiate a program whereby outstanding options are exchanged for options with a lower exercise price; (9) prescribe, amend or rescind rules and regulations relating to the Plan; and (10) construe and interpret the terms of the Plan and awards granted pursuant to the Plan. While we expect that the plan administrator will make awards from time to time under the Plan, it has no current plans, proposals or arrangements to make any specific grants under the Plan.

Shares Subject to the Plan

The stock subject to options and awards under the Plan is authorized but unissued shares of our common stock or shares of treasury common stock. Any shares subject to an option that for any reason expires or is terminated unexercised as to such shares and any restricted stock that is forfeited and repurchased by us at not more than its exercise price as a result of the exercise of a repurchase option may again be the subject of

an option or award under the Plan. The number of shares of common stock that may be issued under the Plan may not exceed 7,000,000 shares, subject to adjustment, as described below. On March 31, 2004, the closing sale price of our common stock was \$8.34 per share.

Section 162(m) Limitations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the chief executive officer or any of the four other most highly compensated officers. Certain performance-based compensation is specifically exempt from the deduction limit if it otherwise meets the requirements of Section 162(m). One of the requirements for equity compensation plans is that there must be a limit to the number of shares granted to any one individual under the plan. Accordingly, the Plan provides that no participant may receive, over the term of the Plan, awards for more than an aggregate of 30% of the total number of shares of common stock with respect to which awards may be granted under the Plan. Stockholder approval of this proposal will constitute stockholder approval of this limitation for Section 162(m) purposes.

Table of Contents

Eligibility

Nonstatutory stock options, or NSO s, stock purchase rights and other stock-based awards (other than incentive stock options) may be granted to employees, directors and consultants. Incentive stock options, ISO s, may be granted only to employees. Each option will be designated in the stock option agreement as either ISO or an NSO. As of March 25, 2004, we estimate that approximately 400 employees, as well as our eight non-employee directors, were eligible to participate in the Plan. As of March 25, 2004, no grants had been made under the Plan.

Notwithstanding the terms of any award under the Plan, in the event of certain misconduct by a participant, all awards to that participant will be terminated and all shares acquired by the participant under the Plan will be subject to repurchase by us at any time within 180 days after we have knowledge of such misconduct.

Terms and Conditions of Options

Exercise Price. The exercise price for shares issued upon exercise of options will be determined by the Plan administrator. The exercise price of ISO s may not be less than 100% of the fair market value on the date the option is granted. The exercise price of ISO s granted to a 10% or greater stockholder may not be less than 110% of the fair market value on the date of grant.

Form of Consideration. The means of payment for shares issued upon exercise of an option will be specified in each option agreement. The Plan permits payment to be made by cash, check, promissory note of the participant, wire transfer, other shares of our common stock (with some restrictions), consideration received by us under a cashless exercise program implemented by us in connection with the Plan, or any combination of the foregoing.

Term of Options. The term of an option may be no more than ten years from the date of grant, except that the term of an option granted to a 10% or greater stockholder may not exceed five years from the date of grant.

Termination of Employment. No option may be exercised more than three months following termination other than by reason of the participant s death, disability or retirement, or such other period as set forth in the option agreement. If, on the date of termination, a participant is not fully vested, the shares covered by the unvested portion will revert to the Plan.

Death or Disability. An option is exercisable for 12 months following death of the participant or 24 months following termination for a disability or such other period as set forth in the option agreement. If, on the date of death or termination, a participant is not fully vested, the shares covered by the unvested portion will revert to the Plan.

Retirement. Upon the retirement at or after the age of 60, an option is exercisable for 24 months following retirement or such other period as set forth in the option agreement. If, on the date of retirement, a participant is not fully vested, the shares covered by the unvested portion will revert to the Plan.

Other Provisions. The stock option agreement for each option grant may contain other terms, provisions and conditions not inconsistent with the Plan, as may be determined by the Plan administrator.

Terms and Conditions of Stock Purchase Rights

Rights to Purchase. Stock purchase rights may be issued either alone, in addition to, or in tandem with, other awards granted under the Plan and/or cash awards made outside of the Plan. The offer to purchase stock under the Plan will be accepted by execution by the participant of a stock purchase agreement.

Right of Repurchase. Unless the Plan administrator determines otherwise, the stock purchase agreement will grant us the right to repurchase the stock sold upon the termination of the participant's service to us or upon the failure to satisfy any performance objectives or other conditions specified in the stock purchase agreement. The

Table of Contents

repurchase price will be the purchase price paid by the participant or, if less, the fair market value of the restricted shares. The repurchase right will lapse upon such conditions or at such rate as the Plan administrator may determine and set forth in the stock purchase agreement.

Other Stock-Based Awards

The Plan administrator will have the right to grant other awards based upon our common stock, having such terms and conditions as the Plan administrator may determine, including the grant of shares based upon certain conditions, the grant of securities convertible into common stock and the grant of stock appreciation rights.

Adjustments

Changes in Capitalization. In the event of a stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of common stock other than a normal cash dividend, (1) the number and class of securities available under the Plan, (2) the per-participant limit, (3) the number and class of securities and exercise price per share subject to each outstanding award, (4) the price per share at which outstanding restricted shares may be repurchased, and (5) the terms of each other outstanding award shall be appropriately adjusted (or substituted awards may be made, if applicable) to the extent that the administrator of the Plan shall determine, in good faith, necessary and appropriate.

Dissolution or Liquidation. The Plan administrator in its discretion may provide for a participant to have the right to exercise his or her award until 15 days prior to any dissolution or liquidation of Pegasystems. To the extent not previously exercised, an award will terminate immediately prior to the consummation of any proposed dissolution or liquidation.

Sale of the Company. Except as otherwise provided in any stock option agreement or stock purchase agreement or other document evidencing such rights, in the event a third party acquires a majority of the voting power of Pegasystems, whether through the sale of substantially all of our assets, the sale of our voting securities or a merger or consolidation, the Plan administrator, in its discretion, may provide for the assumption, substitution or adjustment of each outstanding award, accelerate the vesting of options and terminate any restrictions on stock awards, or cancel awards for a cash payment to the participant.

Limits on Transferability

An ISO granted under the Plan may not be transferred during a participant's lifetime and will not be transferable other than by will or by the laws of descent and distribution following the participant's death. NSOs, stock purchase rights or shares granted under the Plan may be assigned during a participant's lifetime to members of the participant's family or to a trust established for such family members or the participant's former spouse pursuant to the participant's estate plan or pursuant to a domestic relations order.

Amendment and Termination

Our Board may at any time amend, alter, suspend or terminate the Plan. The Board will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with applicable laws. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any participant, unless mutually agreed in writing.

Federal Income Tax Consequences

ISOs A participant who receives an ISO will recognize no taxable income for regular federal income tax purposes upon either the grant or the exercise of such ISO. However, when a participant exercises an ISO, the difference between the fair market value of the shares purchased and the option price of those shares will be includable in determining the participant's alternative minimum taxable income.

Table of Contents

If the shares are retained by the participant for at least one year from the date of exercise and two years from the date of grant of the options, gain will be taxable to the participant upon sale of the shares acquired upon exercise of the ISO, as a long-term capital gain. In general, the adjusted basis for the shares acquired upon exercise will be the option price paid with respect to such exercise. We will not be entitled to a tax deduction arising from the exercise of an ISO if the employee qualifies for such long-term capital gain treatment.

NSOs A participant will not recognize taxable income for federal income tax purposes at the time an NSO is granted. However, the participant will recognize compensation taxable as ordinary income at the time of exercise for all shares that are not subject to a substantial risk of forfeiture. The amount of such compensation will be the difference between the option price and the fair market value of the shares on the date of exercise of the option. We will be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the participant is deemed to have recognized compensation income with respect to shares received upon exercise of the NSO. The participant's basis in the shares will be adjusted by adding the amount so recognized as compensation to the purchase price paid by the participant for the shares.

The participant will recognize gain or loss when he or she disposes of shares obtained upon exercise of an NSO in an amount equal to the difference between the selling price and the participant's tax basis in such shares. Such gain or loss will be treated as long-term or short-term capital gain or loss, depending upon the holding period.

The Board of Directors recommends that you vote FOR the approval of the Pegasystems Inc. 2004 Long-Term Incentive Plan, and proxies solicited by the Board will be voted in favor of the Plan unless a stockholder has indicated otherwise on the proxy.

All decisions by the Board shall be made in the Board's sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

(vi) to determine whether and under what circumstances an Option may be settled in cash under Section 13(f) instead of Common Stock;

(ix) to prescribe, amend and rescind rules and regulations relating to the Plan; and

(x) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan.

6. Eligibility.

(a) Nonstatutory Stock Options, Stock Purchase Rights and other stock-based awards (other than Incentive Stock Options) may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

(b) Each Option shall be designated in the Stock Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Related Companies) exceeds \$100,000, such Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6(b), Incentive Stock Options shall be taken into account in the order in which they were granted. The Fair Market Value of the Shares shall be determined as of the time the Option with respect to such Shares is granted.

7. Term of Option. The term of each Option shall be stated in the Stock Option Agreement; provided, however, that the term shall be no more than ten (10) years from the date of grant thereof. In the case of an Incentive Stock Option granted to a 10% Stockholder, the term of the Option shall be five (5) years from the date of grant or such shorter term as may be provided in the Stock Option Agreement.

8. Option Exercise Price and Consideration.

(a) The Exercise Price for the Shares to be issued upon exercise of an Option shall be such price as is determined by the Administrator; provided, however, that in the case of an Incentive Stock Option granted to a 10% Stockholder, the Exercise Price shall be no less than 110% of the Fair Market Value per Share on the date of grant, and provided further that in the case of an Incentive Stock Option granted to any other Employee, the Exercise Price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(b) The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant and set forth in the Stock Option Agreement). Such consideration may consist of (i) cash or a check payable to the Company, (ii) a promissory note of the Participant, (iii) when

Edgar Filing: PEGASYSTEMS INC - Form DEF 14A

the Common Stock is registered under the Exchange Act other Shares which (x) in the case of Shares acquired upon exercise of an Option, have been owned by the Participant for more than six months on the date of surrender, and (y) have a Fair Market Value on the date of surrender equal to the aggregate Exercise Price of the Shares as to which such Option shall be exercised, (iv) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan, or (v) any combination of the foregoing methods of payment.

9. *Exercise of Option.*

(a) *Procedure for Exercise.* Any Option granted hereunder shall be exercisable according to the terms hereof at such times and under such conditions as determined by the Administrator and set forth in the Stock Option Agreement. Unless the Administrator provides otherwise, vesting of Options granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share.

D-5

Table of Contents

An Option shall be deemed exercised when the Company receives: (i) written notice of exercise (in accordance with the Stock Option Agreement) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Stock Option Agreement and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse.

Exercise of an Option in any manner shall result in a decrease in the number of Shares thereafter available, both for purposes of the Plan and sale under the Option, by the number of Shares as to which the Option is exercised.

(b) *Termination of Service.* If a Participant terminates Service other than by reason of the Participant's death, Disability or Retirement, such Participant may exercise his or her Option within such period of time as is specified in the Stock Option Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of the Option as set forth in the Stock Option Agreement). In the absence of a specified time in the Stock Option Agreement, the Option shall remain exercisable for three months following the Participant's termination of Service. If, on the date of termination, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination of Service, the Participant does not exercise his or her Option within the time specified by the Administrator in the Stock Option Agreement, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(c) *Disability of Participant.* If a Participant terminates Service as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Stock Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Stock Option Agreement). In the absence of a specified time in the Stock Option Agreement, the Option shall remain exercisable for 24 months following the Participant's termination of Service as the result of the Participant's Disability. If, on the date of termination of Service, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination of Service, the Participant does not exercise his or her Option within the time specified in the Stock Option Agreement, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) *Death of Participant.* If a Participant dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Stock Option Agreement to the extent that the Option is vested on the date of death (but in no event later than the expiration of the term of such Option as set forth in the Stock Option Agreement) by the Participant's estate or by a person who acquires the right to exercise the Option by bequest or inheritance. In the absence of a specified time in the Stock Option Agreement, the Option shall remain exercisable for 12 months following the Participant's termination of Service because of death. If, at the time of death, the Participant is not vested as to the entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. If the Option is not so exercised within the time specified in the Stock Option Agreement, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(e) *Retirement of Participant.* If a Participant terminates Service as a result of Retirement, the Participant may exercise his or her Option within such period of time as is specified in the Stock Option Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Stock Option Agreement). In the absence of a specified time in the Stock Option Agreement, the Option shall remain exercisable for 24 months following the Participant's termination of Service as the result of the Participant's Retirement. If, on the date of termination of Service, the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination of Service, the Participant does not exercise his or her Option within the time specified in the

Table of Contents

Stock Option Agreement, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(f) *Unvested Shares.* The Administrator shall have the discretion to grant Options which are exercisable for Restricted Shares. Should the Participant terminate Service or fail to satisfy performance objectives while holding such Restricted Shares, the Company shall have a Right of Repurchase, at the Exercise Price paid per Share or such other price determined by the Administrator and set forth in the Stock Option Agreement, with respect to any or all of those Restricted Shares. The terms upon which such Right of Repurchase shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased Shares) shall be established by the Administrator and set forth in the Stock Option Agreement or other document evidencing such repurchase right.

10. *Stock Purchase Rights.*

(a) *Rights to Purchase.* Stock Purchase Rights may be issued either alone, in addition to, or in tandem with other Awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the Participant in writing of the terms, conditions and restrictions related to the offer, including the number of Shares that such person shall be entitled to purchase, the price to be paid, and the time within which such person must accept such offer. The offer shall be accepted by execution of a Stock Purchase Agreement in the form determined by the Administrator.

(b) *Right of Repurchase.* Unless the Administrator determines otherwise, the Stock Purchase Agreement shall grant the Company a Right of Repurchase exercisable upon the termination of the Purchaser's Service with the Company for any reason (including death or disability) or upon the failure to satisfy any performance objectives or other conditions specified in the Stock Purchase Agreement. Shares issued as Restricted Shares may not be sold, assigned, transferred, pledged or otherwise disposed of, except by will or the laws of descent and distribution, or as otherwise determined by the Administrator in the Stock Purchase Agreement, for such period as the Administrator shall determine. The purchase price for Restricted Shares repurchased pursuant to the Right of Repurchase shall be the purchase price paid by the Purchaser or such other price determined by the Administrator and set forth in the Stock Purchase Agreement, and may be paid by cancellation of any indebtedness of the Purchaser to the Company. The Right of Repurchase shall lapse upon such conditions or at such rate as the Administrator may determine and set forth in the Stock Purchase Agreement.

Each certificate for Restricted Shares shall bear an appropriate legend referring to the Right of Repurchase and other restrictions and shall be deposited by the stockholder with the Company together with a stock power endorsed in blank. Any attempt to dispose of Restricted Shares in contravention of the Right of Repurchase and other restrictions shall be null and void and without effect. If Restricted Shares shall be repurchased by the Company pursuant to the Right of Repurchase, the stockholder shall forthwith deliver to the Company the certificates for the Restricted Shares, accompanied by such instrument of transfer, if any, as may reasonably be required by the Company. If the Company does not exercise its Right of Repurchase, such Right of Repurchase shall terminate and be of no further force and effect.

The Administrator may in its discretion waive the surrender and cancellation of one or more Restricted Shares (or other assets attributable thereto) which would otherwise occur upon the non-completion of the vesting schedule or other conditions applicable to those Restricted Shares. Such waiver shall result in the immediate vesting of the Purchaser's interest in the Restricted Shares as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Purchaser's termination of Service or the attainment or non-attainment of the applicable conditions.

(c) *Other Provisions.* The Stock Purchase Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion.

11. *Other Stock-Based Awards.* The Administrator shall have the right to grant other Awards based upon the Common Stock having such terms and conditions as the Administrator may determine, including the grant of Shares based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights.

12. *Adjustments Upon Changes in Capitalization or Dissolution or Sale of the Company.*

(a) *Changes in Capitalization.* In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a normal cash dividend, (i) the number and class of securities available under the Plan, (ii) the per-Participant limit set forth in Section 4(b), (iii) the number and class of securities and exercise price per share subject to each outstanding Award, (iv) the price per share at which outstanding Restricted Shares may be repurchased pursuant to a Right of Repurchase and (v) the terms of each other outstanding Award shall be appropriately adjusted by the Company (or substituted Awards may be made, if applicable) to the extent the Administrator shall determine, in good faith, that such an adjustment (or substitution) is necessary and appropriate.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Participant as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for a Participant to have the right to exercise his or her Award until 15 days prior to such transaction as to all of the Shares covered thereby, including Shares as to which the Award would not otherwise be exercisable. In addition, the Administrator may provide that any Right of Repurchase applicable to any Restricted Shares purchased upon exercise of an Option or Stock Purchase Right shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed dissolution or liquidation of the Company.

(c) *Sale of the Company.* Except as otherwise provided in any Stock Option Agreement or Stock Purchase Agreement or other document evidencing such rights, in the event of a Sale of the Company when any unexercised Award or any Restricted Shares remains outstanding, the Administrator may in its discretion apply one or more or any combination of the following provisions:

(i) the Administrator may provide that outstanding Awards or Restricted Shares shall be assumed or an equivalent option or right or restricted stock substituted by the successor entity or a Parent or Subsidiary thereof; or

(ii) the Administrator may, subject to the provisions of clauses (iv) and (v) below, after the effective date of the Sale of the Company, permit a holder of an Award immediately prior to such effective date, upon exercise of the Award, to receive in lieu of Shares of Common Stock, shares of stock or other securities or consideration as the holders of Common Stock received pursuant to the terms of the Sale of the Company; or

(iii) the Administrator may waive any discretionary limitations imposed with respect to an Award so that some or all Options or Stock Purchase Rights, from and after a date prior to the effective date of the Sale of the Company as specified by the Administrator, are exercisable in full and any Restricted Shares shall cease to be subject to restrictions in whole or in part; or

(iv) the Administrator may cause any outstanding Awards to be canceled as of the effective date of the Sale of the Company, provided that notice of cancellation is given to each holder of an Award, and each holder of an Award has the right to exercise the Award in full prior to or contemporaneous with the effective date of such Sale of the Company; or

(v) the Administrator may cause any outstanding Awards to be canceled as of the effective date of the Sale of the Company, provided that notice of such cancellation is given to each holder of an Award, and each holder of an Award has the right to exercise the Award, to the extent exercisable in accordance with

any limitations imposed thereon, prior to or contemporaneous with the effective date of such Sale of the Company

13. *General Provisions Applicable to Awards.* Every Award and all Shares issued pursuant to the Plan shall be subject to the following provisions:

(a) *Time of Granting Awards.* The date of grant of an Award shall, for all purposes, be the date on which the Administrator makes the determination granting such Award, or such other date as is determined by the Administrator. The Administrator will give notice of the determination to each Service Provider to whom an Award is so granted within a reasonable time after the date of such grant.

(b) *No Rights to Employment or Other Status.* Neither the Plan nor any Award shall confer upon any Participant any rights with respect to continuing in Service with any Related Company, nor shall the Plan or any Award interfere in any way with the Participant's right or the Related Company's right to terminate the Participant's Service at any time, with or without cause.

(c) *Rights as a Stockholder.* Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Shares, notwithstanding the exercise of an Award. The Company shall issue (or cause to be issued) the Shares promptly after an Award is duly exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 12 hereof.

(d) *Acceleration.* The Administrator may at any time provide that any Awards shall become immediately exercisable in full or in part or that any Restricted Shares shall be free of restrictions or conditions in full or in part or otherwise realizable in full or in part, as the case may be.

(e) *Buyout Provisions.* The Administrator may at any time and from time to time offer to buy out for a payment in cash or Shares any Award previously granted, based on such terms and conditions as the Administrator shall establish and communicate to the holder of such Award at the time such offer is made.

(f) *Conditions on Delivery of Shares.* The Company shall not be obligated to deliver any Shares pursuant to the Plan or to remove any restrictions from Shares previously delivered under the Plan, until (i) all conditions of the Award have been met or removed to the satisfaction of the Administrator, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such Shares have been satisfied in accordance with Applicable Laws; and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of Applicable Laws.

(g) *Amendment of Award.* The Administrator may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefor another Award of the same or different type, changing the expiration date or Exercise Price or Purchase Price or converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Administrator determines that the action would not materially and adversely affect the Participant.

(h) *Withholding Taxes.* Each Participant shall pay to the Company, or make provisions satisfactory to the Administrator for payment of, any taxes required by Applicable Laws to be withheld in connection with any Awards to the Participant no later than the date of the event creating the tax liability. Except as the Administrator may otherwise provide in an Award, when the Common Stock is registered under the Exchange Act, Participants may satisfy such tax obligations in whole or in part by delivery of Shares, including Shares retained from the Award creating the tax obligation, valued at their Fair Market Value. The Company may, to the extent permitted by Applicable Laws, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

(i) *Cancellation and Forfeiture for Misconduct.* Notwithstanding the terms of any Award or other provision of the Plan, in the event of any Misconduct by the Participant or Purchaser (whether before or after the termination of Service), (i) all Awards granted to the Participant shall be terminated and the holder thereof shall have no further rights thereunder and (ii) all Shares then held by the Participant or Purchaser (or any successor) which were acquired by the Participant or Purchaser (or any successor) pursuant to an Award under the Plan shall thereupon be (or revert to being) Restricted Shares and shall be subject to a Right of Repurchase exercisable by the Company at any time within 180 days after the occurrence of such Misconduct or, if later, 180 days after the Company has knowledge of such Misconduct. The purchase price for Shares repurchased by the Company pursuant to the Right of Repurchase pursuant to this Section 13(i) shall be equal to the purchase price originally paid by the Participant or Purchaser for such Shares. The following shall constitute Misconduct by an Participant or Purchaser: (i) the unauthorized use or disclosure of the confidential information or trade secrets of any Related Company which use or disclosure causes material harm to the Related Company; (ii) conviction of a crime involving moral turpitude, deceit, dishonesty or fraud; (iii) gross negligence or willful misconduct of the Participant or Purchaser with respect to any Related Company or (iv) the breach by the Participant or Purchaser of any material term of an agreement with a Related Company including covenants not to compete and provisions relating to confidential information and intellectual property rights.

(j) *Limits on Transferability of Awards.* An Incentive Stock Option shall be exercisable only by the Participant during his or her lifetime and shall not be assignable or transferable other than by will or by the laws of descent and distribution following the Participant's death. A Nonstatutory Stock Option, Stock Purchase Right or Shares may be assigned in whole or in part during the Participant's lifetime to one or more members of the Participant's family or to a trust established exclusively for one or more such family members or to the Participant's former spouse, to the extent such assignment is in connection with the Participant's estate plan or pursuant to a domestic relations order. The assigned portion may only be exercised by the person or persons who acquired a proprietary interest in the Nonstatutory Stock Option, Stock Purchase Right or Shares pursuant to the assignment. The terms applicable to such assigned portion shall be the same as those in effect for the Nonstatutory Stock Option, Stock Purchase Right or Shares immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Administrator may deem appropriate. Notwithstanding the foregoing, the Participant may also designate one or more persons as the beneficiary or beneficiaries of his or her outstanding Awards under the Plan, and those Awards shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Participant's death while holding those Awards. Such beneficiary or beneficiaries shall take the transferred Awards subject to all terms and conditions of the applicable agreement evidencing each such transferred Award, including (without limitation) the limited time period during which Awards may be exercised following the Participant's death.

(k) *Documentation.* Each Award shall be evidenced by a written instrument in such form as the Administrator shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(l) *Administrator Discretion.* Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Administrator need not treat Participants uniformly.

14. *Amendment and Termination of the Plan.*

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend or terminate the Plan.

(b) *Stockholder Approval.* The Board shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

15. *Reservation of Shares.* The Company, during the term of the Plan, shall at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. *Stockholder Approval.* The Plan shall be subject to approval by the stockholders of the Company within 12 months after the date the Plan is adopted. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws.
