Section 4- Matters Related to Accounts and Financial Statements

Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

In connection with the consolidation process associated with the completion of the financial statements for the fiscal year ended February 28, 2005, Q.E.P. Co., Inc. (the Company) discovered that errors in intercompany balances, recorded debt and consolidating adjusting journal entries resulted in errors in the Company's previously issued financial statements for the fiscal years 2004, 2003, 2002 and 2001.

The Company determined, on June 9, 2005, that these errors were most appropriately corrected through restatement of previously issued financial statements for the fiscal years ended February 28 or 29, 2001, 2002, 2003 and 2004. Accordingly, the Company is including restated financial information for the 2001 to 2004 fiscal years in the Company's Form 10-K for the fiscal year ended February 28, 2005 being filed with the Securities and Exchange Commission on June 15, 2005.

As discussed in the Company's Form 10-K for the fiscal year ended February 28, 2005, the Company has restated its financial statements to correct previously reported goodwill, lines of credit, accrued liabilities, retained earnings, accumulated other comprehensive income, and foreign translation currency adjustment. None of the corrections to the Company's previously filed financial statements will affect the Company's previously reported statement of income or earnings per share.

The Company's management and the Company's Audit Committee have discussed these accounting matters with the Company's independent registered public accounting firm who concurred with the Company's conclusion.
