**ITEM 4.02(a) NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW.**

On July 18, 2005, Kilroy Realty Corporation (the Company) determined that it has not been correctly reflecting the impact of preferred stock dividends in the calculation of income from continuing operations per common share. The calculation error had no impact on income from continuing operations, net income, net income per share, the Company's consolidated balance sheets, consolidated statements of stockholders equity and consolidated statements of cash flows, or the calculation of funds from operations, funds available for distribution or any of the Company's other financial ratios. The only line items to be restated are the per share amounts for income from continuing operations, basic and diluted, included within the consolidated statements of operations. For the past six quarters the Company has been incorrectly calculating the per share results of income from continuing operations by not deducting the impact of dividends paid and accrued to its preferred stockholders. In accordance with Statement of Financial Accounting Standard No. 128, Earnings per Share, the Company should have reduced the amount of income from continuing operations per share by the amount of preferred dividends paid and accrued to its preferred stockholders. Accordingly, the Company will be filing amendments to its Annual Report on Form 10-K for the year ended December 31, 2004 and its Quarterly Reports on Form 10-Q for the quarters ended March 31, 2005, September 30, 2004 and June 30, 2004. As a result of the restatement, the previously issued financial statements and related reports of independent registered public accountants for the corresponding periods should no longer be relied upon. The Audit Committee of the Company's Board of Directors and senior management of the Company have discussed these matters with the Company's independent registered public accountants, Deloitte & Touche LLP.
