Annual Meeting of Stockholders

May 10, 2007

SOLICITATION OF PROXIES

The accompanying white proxy is solicited by the Board of Directors of Morton s Restaurant Group, Inc., a Delaware corporation, also referred to as the Board, for use at the Annual Meeting of Stockholders to be held at the Millennium Broadway Hotel, 145 West 44th Street, New York, NY 10036, at 9:00 a.m., on Thursday, May 10, 2007, or at any adjournment or adjournments thereof. In this proxy statement, unless otherwise expressly stated or the context requires otherwise, we , us , our and the Company refer to Morton s Restaurant Group, Inc.

A proxy that is properly submitted may be properly revoked at any time before it is voted. Proxies may be revoked by (i) delivering to the Secretary of the Company at or before the Annual Meeting a written notice of revocation bearing a later date than the proxy, (ii) duly executing a subsequent proxy relating to the same shares of Common Stock and delivering it to the Secretary of the Company at or before the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy). A white proxy which is properly signed, submitted and not revoked will be voted for the election of Dr. John J. Connolly, Mr. Robert A. Goldschmidt, Mr. Alan A. Teran and Mr. Justin B. Wender, the Board of Directors nominees for director named in Proposal 1, and in favor of Proposal 2, the ratification of the re-appointment of the independent auditors, unless contrary instructions are given, and such proxy may be voted by the persons named in the proxy in their discretion upon such other business as may be properly brought before the meeting.

The cost of this proxy solicitation will be borne by the Company. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies by telephone or otherwise. The Company will reimburse brokers or other persons holding stock in their names or in the names of their nominees for their charges and expenses in forwarding proxies and proxy material to the beneficial owners of such stock. It is anticipated that the mailing of this Proxy Statement will commence on or about March 28, 2007.

VOTING SECURITIES

The Company had outstanding 17,377,641 shares of common stock, par value \$.01 per share (Common Stock), at the close of business on March 16, 2007. Each share of Common Stock is entitled to one vote on each matter as may properly be brought before the meeting. Only stockholders of record at the close of business on March 22, 2007 will be entitled to vote.

VOTING PROCEDURES

The votes of stockholders present in person or represented by proxy at the Annual Meeting will be tabulated by an inspector of elections appointed by the Company. With regard to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. The nominees for directors of the Company who receive the greatest number of votes cast by stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon will be elected directors of the Company.

Table of Contents

Matters other than the election of directors will be approved if they receive the affirmative vote of the holders of a majority of the shares of Common Stock of the Company present, or represented and entitled to vote, at the Annual Meeting. If a stockholder abstains from voting on any of these other matters, his or her shares will be treated as present for purposes of determining the existence of a quorum but will otherwise not affect the voting results. A quorum requires the presence at the Annual Meeting, in person or by proxy, of the holders of shares representing a majority of the outstanding shares entitled to vote.

Under the rules of the New York Stock Exchange (NYSE), brokers who hold shares in street name have the authority to vote on certain routine items even when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote on the non-contested election of directors and ratification of auditors. Under applicable Delaware law, a broker non-vote will be counted as present for purposes of determining the existence of a quorum, but will have no effect on the outcome of the proposals.

Shares of Common Stock held by stockholders who do not return a signed and dated proxy and who do not attend the meeting in person will not be considered present at the Annual Meeting, will not be counted towards a quorum and will not be entitled to vote on any matter.

ELECTION OF DIRECTORS

(Proposal 1)

Information Regarding Board of Directors and Committees

Our certificate of incorporation provides for the classification of the Board of Directors into three classes, each class consisting, as nearly as possible, of the one-third of the total number of directors constituting the entire Board of Directors. The current term of office of the Class II directors will expire at the Annual Meeting; the current term of office of the Class I directors will expire at the 2009 annual meeting; and the current term of office of the Class III directors will expire at the 2008 annual meeting (in each case, when their respective successors are duly elected and qualified). The class of directors to be elected at each annual meeting will be elected for a three-year term and the directors in the other classes will continue in office.

Our certificate of incorporation and by-laws provide that the Board of Directors shall consist of not less than three nor more than thirteen directors. The Board of Directors has currently fixed the number of directors at eleven. The terms of Dr. John J. Connolly, Mr. Robert A. Goldschmidt, Mr. Alan A. Teran and Mr. Justin B. Wender expire at the Annual Meeting. Dr. Connolly, Mr. Goldschmidt, Mr. Teran and Mr. Wender have been re-nominated by the Nominating/Corporate Governance Committee of the Board of Directors for election at the Annual Meeting as Class II directors to serve (subject to the Company's by-laws) until the election and qualification of their successors at the 2010 annual meeting of stockholders. If any such person should be unwilling or unable to serve as a director, the persons named in the white proxy will vote the proxy for substitute nominees selected by them unless the number of directors to be elected has been reduced to the number of nominees willing and able to serve.

Our by-laws provide that nominations for the election of directors may be made by any stockholder in writing, delivered or mailed to the Secretary, at Morton's Restaurant Group, Inc., 325 N. LaSalle Street, Chicago, Illinois 60610, not less than 90 days nor more than 120 days prior to the first anniversary of the date on which we first mail our proxy materials for the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the previous year's annual meeting, such advance notice must be received by the Secretary not more than 120 days and not later than (x) the ninetieth day prior to such annual meeting or (y) the tenth day following the date on which public announcement of the date of such meeting is first made, whichever occurs later. Each notice shall set forth all information regarding each nominee proposed in such notice that would be required to be included in a proxy statement soliciting proxies for the proposed nominee (including such person's written consent to serve as a

Table of Contents

director if so elected) and certain information about the stockholder proposing to nominate that person. If the Chairman of the meeting determines that a nomination was not made in accordance with the nomination procedure, such nomination will be disregarded.

Director Independence

For a director to be considered independent, the director must meet the bright-line independence standards under the listing standards of the NYSE and the Board must affirmatively determine that the director has no material relationship with us, directly, or as a partner, stockholder or officer of an organization that has a relationship with us. The Board determines director independence based on an analysis of the independence requirements in the NYSE listing standards. In addition, the Board will consider all relevant facts and circumstances in making an independence determination. The Board also considers all commercial, industrial, banking, consulting, legal, accounting, charitable, familial or other business relationships any director may have with us. The Board has determined that the following six directors satisfy the independence requirements of the NYSE: Lee M. Cohn, Dr. John J. Connolly, Robert A. Goldschmidt, Dianne H. Russell, Alan A. Teran and Zane Tankel.

Meetings of the Board of Directors and Committees

Our Board of Directors held four meetings during the fiscal year ended December 31, 2006 (fiscal 2006). Each current director attended at least 75% of the aggregate number of all meetings of the Board of Directors and committees of which he or she was a member during such year.

Our Board encourages all directors to attend the annual meeting of stockholders. In addition, a meeting of the Board of Directors is regularly scheduled on the same day as the annual meeting, in the same city, to facilitate directors' attendance.

Table of Contents

Our Board of Directors has the authority to appoint committees to perform certain management and administration functions. Our Board of Directors has created four standing committees: a three-member Audit Committee, a three-member Compensation Committee, a three-member Nominating/Corporate Governance Committee, and a five-member Executive Committee. The composition of our Board committees complies when required, with the applicable rules of the NYSE and the provisions of the Sarbanes-Oxley Act of 2002. In that regard, six of our eleven directors are considered independent in accordance with the general independence standards of the NYSE.

Our Audit Committee met five times in fiscal 2006. Robert A. Goldschmidt is the chairperson of our Audit Committee and the other members of our Audit Committee are Dianne H. Russell and Alan A. Our Board of Directors determined that Mr. Goldschmidt is an audit committee financial expert under the requirements of the SEC and meets similar qualifications under the requirements of the NYSE and that the remaining members of the Audit Committee meet the financial literacy requirements of the NYSE. A copy of our Audit Committee's charter is available on our website at www.mortons.com.

Compensation Committee

Our Compensation Committee is responsible for, among other things, reviewing and either approving on behalf of our Board of Directors or recommending to our Board of Directors for approval (1) the annual salaries and other compensation of our executive officers and (2) equity incentive grants and other equity or equity-based awards. The Compensation Committee will also evaluate the performance of our executive officers in light of organizational goals, provide assistance and recommendations with respect to our compensation policies and practices, and assist with the administration of our compensation plans. Our Nominating/Corporate Governance Committee did not hold any meetings during fiscal 2006. The Nominating/Corporate Governance Committee considers director candidates recommended by stockholders. Our by-laws provide that nominations for the election of directors may be made by any stockholder in writing, delivered or mailed to the Secretary, in accordance with the provisions of our by-laws. See Election of Directors Information Regarding Board of Directors and Committees. Potential candidates, including nominees recommended by stockholders, are evaluated according to certain criteria such as experience in business, government, education or technology;

Compensation Discussion and Analysis

Overview

Our Compensation Committee has responsibility for establishing, monitoring and implementing our compensation program. The Compensation Committee designs its policies to attract, retain and motivate highly qualified executives. We compensate our executive officers named in the Summary Compensation Table (Executives) through a combination of base salary, incentive bonus payments and equity ownership, all designed to be competitive with comparable employers and to align each Executive's compensation with the long-term interests of our stockholders. Base salary and incentive bonus payments are determined and paid annually and are designed to reward current performance. Restricted stock awards are designed to reward longer term performance. The Compensation Committee seeks to motivate Executives through our compensation program to achieve our long-term sustainable growth.

Objectives of Compensation Program

The primary objective of our compensation program is to compensate Executives in a way that reinforces decisions and actions which will drive long-term sustainable growth, which in turn leads to increased stockholder value. To achieve these goals we must attract and retain highly qualified Executives and motivate them to work to their fullest potential.

What Our Compensation Program is Designed to Reward

The Compensation Committee focuses on long-term goals of the business and designs rewards programs that recognize business achievements it believes are likely to promote sustainable growth. The Compensation Committee believes compensation programs should reward Executives who take actions that are best for the long-term performance of the Company while delivering positive annual operating results.

Table of Contents

The Compensation Committee combines this approach with an integrated performance management process that includes strategies, business planning, metrics, management routines, individual performance and rewards in order to closely link rewards to the interests of stockholders. The Compensation Committee does take into consideration external market practices.

Regarding most compensation matters, including executive and director compensation, our management provides recommendations to the Compensation Committee; however, the Compensation Committee does not delegate any of its functions to others in setting compensation. We do not currently engage any consultant related to executive and/or director compensation matters.

Elements of Our Compensation Plan and How It Relates to Our Objectives

Currently the Compensation Committee uses short-term compensation (salary and incentive bonus payment) and long-term compensation (equity incentive plan awards such as restricted stock awards or stock options) to achieve its goal of driving sustainable growth. The Compensation Committee uses its judgment and experience in determining the mix of compensation. The Compensation Committee also informs itself of market practices and uses market data for context and a frame of reference for decision making. Base salary and incentive bonus payments are determined and paid annually and are designed to reward current performance. Equity incentive plan awards such as restricted stock awards are designed to reward longer term performance. The Compensation Committee reviews total short-term and long-term compensation annually. The estimated allocation between base salary and bonus award is approximately 55-70% and 30-45%, respectively. In allocating among these categories, the Compensation Committee believes that the compensation of Executives the level of management having the greatest ability to influence our performance should be performance-based and therefore have more of their compensation allocated to incentive bonus payments while lower levels of management should receive a greater portion of their compensation in base salary.

Short-Term Compensation

Base Salary. This element is important in attracting Executives and provides a secure base of cash compensation. Increases are not preset and take into account the individual's performance, responsibilities of the position, experience and the methods used to achieve results, as well as external market practices.

Salary planning begins with a percentage guideline for increases, based on the rate of increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers, as compiled by the U.S. Bureau of Labor Statistics for the preceding year, which is adjusted up or down for individual performance based on recommendations from our Chief Executive Officer (CEO). The guidelines are set after considering competitive market data, affordability and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Executive's performance in light of individual objectives. Base salary compensates each Executive for the primary responsibilities of his/her position and is set at levels that we believe enable us to attract and retain talent. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance. In fiscal 2006, the base salary increases for the Executives were approximately 4% to 5%, except for Messrs. Baldwin and DiNella, whose base salaries were increased by a higher percentage to reflect their new positions within the Company.

Annual Incentive Bonus Payments. The annual incentive bonus payments are paid in cash. Actual awards are based on financial and individual performance.

Financial Performance Financial performance is determined at the end of the year based on business results versus preset business objectives, annual financial performance goals and our strategic performance initiatives.

Depending on the Executive's responsibilities, performance is set and measured at the corporate level or a combination of corporate or operating level, as appropriate.

Table of Contents

Individual Performance Individual performance is determined based on performance of the individual in light of his or her preset objectives. The Compensation Committee may also take into account additional considerations that it deems fundamental.

Using these guidelines, the Compensation Committee reviewed our fiscal 2006 results and evaluated the performance of each of our Executives. Based on such evaluations, the Compensation Committee determined the annual incentive bonus payment for our CEO and approved the recommendations of our CEO regarding bonus awards for our other Executives, in each case based on individual performance consistent with our general compensation philosophy.

Long-Term Compensation

The long-term incentive compensation that the Compensation Committee generally employs is the granting of restricted stock awards. The purpose of granting such awards is to provide equity compensation that provides value to Executives when value is also created for the stockholders. The long-term incentive compensation is intended to motivate Executives to make stronger business decisions, improve financial performance, focus on both short-term and long-term objectives and encourage behavior that protects and enhances the long-term interests of our stockholders. The restricted stock awards have a time-based vesting schedule with a certain percentage of shares vesting over a period of time established by the Committee. The restricted stock awards are generally granted annually. This is a substantial portion of the total compensation package for Executives and is an important retention tool.

Equity Incentive Plan

Prior to our IPO, we adopted the 2006 Morton's Restaurant Group, Inc. Stock Incentive Plan, which we refer to as the equity incentive plan. The equity incentive plan provides for the grant of stock options and stock appreciation rights and for awards of shares, restricted shares, restricted stock units and other equity-based awards. Any employee, officer, director or consultant of us or any of our affiliates are eligible to participate in the equity incentive plan.

The equity incentive plan is administered by the Compensation Committee. Our Board of Directors also has the authority to take any action delegated to the Compensation Committee under the equity incentive plan as it may deem necessary. Awards may, in the discretion of the Compensation Committee, be made under the equity incentive plan in assumption of, or in substitution for, outstanding awards previously granted by us or our affiliates. The number of shares underlying such substitute awards is counted against the aggregate number of shares available for awards under the equity incentive plan. The Compensation Committee has the authority to (1) select equity incentive plan participants, (2) interpret the equity incentive plan, (3) establish, amend and rescind any rules and regulations relating to the equity incentive plan and to make any other determinations deemed necessary or desirable for the administration of the equity incentive plan, (4) correct any defect or supply any omission or reconcile any inconsistency in the equity incentive plan in the manner and to the extent deemed necessary or desirable and (5) establish the terms and conditions of any award consistent with the provisions of the equity incentive plan and to waive any such terms and conditions at any time (including, without limitation, accelerating or waiving any vesting conditions). Any decision in respect of the interpretation and administration of the equity incentive plan lies within the sole and absolute discretion of the Compensation Committee.

How We Chose Amounts and/or Formulas for Each Element

Base Salary. Salary planning begins with a percentage guideline for increases, which is adjusted up or down for individual performance. The guidelines are set after considering competitive market data, affordability and current salary levels, as appropriate. At the end of the year, the CEO evaluates each Executive's performance in light of individual objectives. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance.

Table of Contents

Annual Incentive Bonus Payments. Generally, the Compensation Committee makes awards within a range for expected performance levels determined by the Compensation Committee at the beginning of the year. The Compensation Committee carefully considers any exceptions. When deciding what measures to use at the start of a plan year and the target level of achievement of those measures, the Compensation Committee carefully considers the state of our business and what measures are most likely, in present circumstances, to lead to sustainable growth.

Long-Term Compensation. The Compensation Committee determines grant levels of restricted stock awards based on individual performance, potential and level of responsibility. It also considers history of past grants, length of time in current position and any change in responsibility. The eventual value received by an Executive depends on our overall performance. An Executive may receive no value if certain performance results are not achieved.

Compensation for the Named Executive Officers

During 2006, our CEO, Thomas J. Baldwin, was party to an employment agreement with us governing the terms of his compensation. Pursuant to the agreement, the Compensation Committee was responsible for establishing profitability targets on which annual incentive bonus payments would be based. Such targets are based on net income, operating income or any other basis the Compensation Committee considered most appropriate.

In early 2006, the Compensation Committee and the Board of Directors reviewed Mr. Baldwin's goals for 2006. In January 2007, the Compensation Committee reviewed Mr. Baldwin's performance against those goals using actual 2006 results and the other criteria listed in his employment agreement including operating income and decided on Mr. Baldwin's incentive bonus payment after considering input by the full Board.

A portion of Mr. Baldwin's incentive bonus payment was determined by our meeting pre-established targets pursuant to his employment agreement.

None of the other Executives have an employment agreement with us. In January 2007, the Compensation Committee reviewed the Executives performance against individual objectives such as business results versus preset business objectives, annual financial performance goals and our strategic performance initiatives. The Compensation Committee relies to a large extent on the CEO's evaluations of each Executive's performance.

Compensation Committee Report

The Compensation Committee has:

- (1) reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management; and
- (2) based on the reviews and discussions referred to in paragraph (1) above, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement relating to the 2007 Annual Meeting of Stockholders.

Employment Agreements; Potential Payments Upon Termination or Change-in-Control

On January 20, 2006, we entered into the third amended and restated employment agreement with Mr. Baldwin, effective as of January 1, 2006, to serve as Chairman of the Board of Directors, Chief Executive Officer and President. The term of the agreement extends until January 1, 2009, provided that the employment term will continue so that on any date the remaining term will be three years unless earlier terminated. Under the agreement, Mr. Baldwin is entitled to receive (1) a base salary of \$350,000, subject to annual increases no less than the rate of increase in the Consumer Price Index or at a faster rate at the discretion of our Board of

Directors, (2) annual bonuses targeted at 65% of base salary, with minimum and maximum bonus amounts established by the Compensation Committee and the actual amount of the bonus determined based on the achievement of profitability targets established annually by the Compensation Committee, and (3) specified benefits, including health and disability insurance and life insurance and a monthly automobile allowance.

Under the agreement, if Mr. Baldwin's employment is terminated by us without cause or by Mr. Baldwin with good reason, as each is set forth in the agreement, Mr. Baldwin will be paid, subject to the execution of a general release, a lump sum payment six months following his termination equal to the sum of (1) the product of three multiplied by his base salary, (2) a pro rata bonus for the year of termination and (3) reimbursement for the cost and expenses of an automobile. In addition, Mr. Baldwin will be entitled to continued medical and dental benefits for three years following his termination, and monthly reimbursement of costs and expenses of an automobile from the six-month anniversary of termination until the third anniversary of termination.

If any payments to Mr. Baldwin under the employment agreement or otherwise would subject Mr. Baldwin to an excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, which we refer to as the Internal Revenue Code, and the amount of the payments do not exceed 110% of the greatest amount Mr. Baldwin would receive without the imposition of the excise tax, then Mr. Baldwin's payments will be reduced so that no excise tax is imposed.

In addition, upon the termination of his employment, Mr. Baldwin will have the option of purchasing any life insurance policies that we have on his life for the cash surrender value.

Other than the employment agreement we entered into with Mr. Baldwin, no Executives have an employment agreement with us. There are therefore no other severance agreements or potential payments required upon termination or change-in-control.

The following table describes and quantifies certain compensation that would become payable under our existing employment agreement with Mr. Baldwin if his employment had terminated on December 31, 2006, given his compensation and service levels as of such date and, if applicable, based on our closing stock price on that date:

- (1) Represents the vesting upon the IPO in 2006 of grants of common units of MHLIC pursuant to employee subscription agreements. These MHLIC common units were subject to vesting and, to the extent not already vested, vested prior to the IPO. The MHLIC common units entitled the holder thereof to receive shares of our common stock in a distribution by MHLIC that was effected prior to the IPO. The distribution of shares of our common stock to the holders of the MHLIC common units was made using outstanding shares of our common stock that were owned by MHLIC and therefore did not involve the issuance of new shares of our common stock in our IPO. Fractional shares acquired on vesting have been rounded for purposes of this table.

AUDIT COMMITTEE REPORT

The Audit Committee has adopted a written charter to set forth its responsibilities. A copy of the charter is available on our website at www.mortons.com. As required by the charter, the Audit Committee reviewed the Company's audited financial statements and met with management, as well as with KPMG LLP, the Company's auditors, to discuss the financial statements. Each member of the Audit Committee meets the independence and experience requirements of the New York Stock Exchange.

The Audit Committee received the report of KPMG LLP regarding the results of KPMG LLP's audit. In connection with their review of the financial statements and the auditors' report, the members of the Audit Committee discussed with a representative of KPMG LLP, KPMG LLP's independence, as well as the following:

the auditors' responsibilities in accordance with generally accepted accounting standards;

the initial selection of, and whether there were any changes in, significant accounting policies or their application;

management's judgments and accounting estimates;

whether there were any significant audit adjustments;

whether there were any disagreements with management;

whether there was any consultation with other accountants;

whether there were any major issues discussed with management prior to the auditors' retention;

whether the auditors encountered any difficulties in performing the audit; and

the auditors' judgments about the quality of the Company's accounting principles.

The Committee also received written disclosures from KPMG LLP required by Independence Standards Board Standard No. 1, which requires auditors to communicate to the Audit Committee, in writing, at least annually, all relationships between the auditor and the Company that, in the auditor's professional judgment, may reasonably be thought to affect the auditor's independence. The Committee discussed with KPMG LLP its independence.

Based on its discussions with management and the Company's auditors, the Audit Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit Committee approved the inclusion of the financial statements in the Annual Report on Form 10-K for the period ended December 31, 2006 for filing with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management Agreement

On July 25, 2002, at the closing of our acquisition by Castle Harlan Partners III, L.P., which we refer to as CHP III and certain other investors, MHLLC entered into a management agreement with Castle Harlan, Inc., which we refer to as Castle Harlan, which was amended as of July 7, 2003. Pursuant to the management agreement, Castle Harlan agreed to provide business and organizational strategy, financial and investment management, advisory and merchant and investment banking services to MHLLC and its subsidiaries upon the terms and conditions set forth in the management agreement. As compensation for those services, MHLLC agreed to pay Castle Harlan fees equal to \$2.8 million per year, which fees may be increased pursuant to the terms of the management agreement to an amount not exceeding \$3.5 million in any year, plus out of pocket expenses. These fees and expenses were paid by us to the extent permitted by the indenture. See Management's Discussion and Analysis of Financial Conditions and Results of Operations—Liquidity and Capital Resources in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006. These obligations under the management agreement were subordinated to all our obligations under the indenture and our working capital facility. The agreement was for an initial term expiring December 31, 2007, renewable automatically from year to year thereafter unless one of the parties gave notice of its desire to terminate within 90 days before the expiration of the initial term or any subsequent one-year renewal thereof, except that MHLLC could have terminated only after CHP III and its affiliates ceased to own a specified percentage of MHLLC's common units. MHLLC agreed to indemnify Castle Harlan against losses, claims, damages, liabilities, costs and expenses relating to its performance of its duties under the management agreement, other than such of the foregoing resulting from Castle Harlan's gross negligence or willful misconduct. In October 2002, Castle Harlan, Laurel Crown and MHLLC entered into a letter agreement, pursuant to which Castle Harlan agreed to provide a portion of the annual fee to Laurel Crown in exchange for Laurel Crown's assistance in providing the services to MHLLC under the management agreement. MHLLC agreed to indemnify Laurel Crown against losses, claims, damages, liabilities, costs and expenses relating to its performance of its duties, other than such of the foregoing resulting from Laurel Crown's gross negligence or willful misconduct. In connection with the IPO, MHLLC's management agreement with Castle Harlan and Laurel Crown was terminated.

Stock Purchase of Wilshire Restaurant Group, Inc. (Wilshire)

On January 4, 2006, we purchased from the holders thereof outstanding common stock, warrants to purchase preferred stock and warrants to purchase common stock of Wilshire, an affiliate of Castle Harlan. The aggregate purchase price was approximately \$1.6 million. Prior to the IPO, we dividdened these securities, as well as shares of common stock and preferred stock of Wilshire that we purchased in 1999, to MHLLC. MHLLC then transferred a portion of these securities to Wilshire and a portion to affiliates of Castle Harlan, in each case at the same price as we paid in the January 4, 2006 purchase. The transfer by MHLLC to affiliates of Castle Harlan was in exchange for cancellation of approximately \$1.6 million of return on capital and accreted preferred yield that affiliates of Castle Harlan were entitled to receive with respect to their preferred units of MHLLC. The number of preferred units of MHLLC that were cancelled as a result of the transaction was approximately 1,500. On May 3, 2006, pursuant to a stock purchase agreement, Wilshire became a direct wholly-owned subsidiary of Perkins & Marie Callender's Inc. P&MC's Holding LLC is the indirect parent of Perkins & Marie Callender's, Inc.

Our Merger with Morton's Holding Company, Inc. (MHCI)

On February 14, 2006, MHCI was merged with and into us, and we were the surviving corporation.

Director and Officer Indemnification Agreements

We are party to indemnification agreements with each of our officers and directors that provide, in general, that we will indemnify them to the fullest extent permitted by law in connection with their service to us or on our behalf.
