SELLING SECURITYHOLDERS

The information in the prospectus, prospectus supplement no. 1, prospectus supplement no. 2 and prospectus supplement no. 3 in the table under the caption "Selling Securityholders" is amended by:

replacing the information included in the prospectus, prospectus supplement no. 1, prospectus supplement no. 2 and prospectus no. 3 regarding the selling securityholders identified in the "Revised Information Regarding Selling Securityholders" table below with the information set forth in the table.

The information set forth below is based solely on information provided, on or before August 7, 2007, by or on behalf of the selling securityholders with respect to the beneficial ownership, voting and dispositive control of the notes and Class A common stock issuable upon conversion of the notes. Information concerning the selling securityholders may change from time to time. The selling securityholders may offer all, some or none of the notes or Class A common stock into which the notes are convertible under the prospectus (as amended and supplemented hereby). Because the selling securityholders may offer all or some portion of the notes or the Class A common stock, no estimate can be given as to the amount of the notes or the Class A common stock that will be held by the selling securityholders upon termination of any sales. In addition, the selling securityholders identified below may have sold, transferred or otherwise disposed of all or a portion of their notes since the date on which they provided to us the information regarding their notes.

- (2) In addition to shares of Class A common stock issuable upon conversion of the notes as described in footnote (1), also includes shares of Class A common stock identified to us by the selling securityholder as owned by it.
- (3) The number of shares of Class A common stock issuable upon conversion of the notes is calculated assuming the conversion of the full amount of notes held by such holder is at the initial conversion rate of 29.7992 shares per \$1,000 principal amount of notes. This conversion rate is subject to adjustment as described in the prospectus under "Description of Notes - Conversion Rights." As a result, the number of shares of Class A common stock issuable upon conversion of the notes may increase or decrease in the future.
- (4) The selling securityholder is a broker-dealer.
- (5) Lehman Brothers Inc. was a joint book-running manager and an initial purchaser of the notes in the private placement offering. Lehman Brothers and its affiliates have in the past and may in the future provide financial advisory and other services to us and our affiliates.
