March 28, 2008

SOLICITATION

The solicitation of the enclosed proxy is made on behalf of the Board of Directors of Murphy Oil Corporation (the Board) for use at the Annual Meeting of Stockholders to be held on May 14, 2008. It is expected that this Proxy Statement and related materials will first be mailed to stockholders on or about March 28, 2008.

The complete mailing address of the Company's principal executive offices is 200 Peach Street, P.O. Box 7000, El Dorado, Arkansas 71731-7000.

References in this Proxy Statement to we, us, our, the Company and Murphy Oil refer to Murphy Oil Corporation and our consolidated subsidiaries.

VOTING PROCEDURES

The affirmative vote of a majority of the shares present in person or represented by proxy at the meeting is required for approval of matters presented at the meeting. Your proxy will be voted at the meeting, unless you (i) revoke it at any time before the vote by filing a revocation with the Secretary of the Company, (ii) duly execute a proxy card bearing a later date, or (iii) appear at the meeting and vote in person. Proxies returned to the Company, votes cast other than in person and written revocations will be disqualified if received after commencement of the meeting. If you elect to vote your proxy by telephone or internet as described in the telephone/internet voting instructions on your proxy card, we will vote your shares as you direct. Your telephone/internet vote authorizes the named proxies to vote your shares in the same manner as if you had marked, signed and returned your proxy card.

Votes cast by proxy or in person at the meeting will be counted by the persons appointed by the Company to act as election inspectors for the meeting. The election inspectors will treat shares represented by proxies that reflect abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum and for purposes of determining the outcome of any other business submitted at the meeting to the stockholders for a vote. Abstentions, however, do not constitute a vote for or against any matter and thus will be disregarded in the calculation of votes cast.

The election inspectors will treat shares referred to as broker non-votes (i.e., shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and that the broker or nominee does not have discretionary power to vote on a particular matter) as shares that are present and entitled to vote for purposes of determining the presence of a quorum. However, for purposes of determining the outcome of any matter as to which the broker has physically indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter (even though those shares are considered entitled to vote for quorum purposes and may be entitled to vote on other matters).

Unless specification to the contrary is made, the shares represented by the enclosed proxy will be voted FOR all the nominees for director, FOR the adoption of the proposed 2008 Stock Plan for Non-Employee Directors, AGAINST the stockholder proposal concerning the Company's non-discrimination in employment policy and FOR approval of the appointment of KPMG LLP as the Company's independent registered public accounting firm.

VOTING SECURITIES

On March 17, 2008, the record date for the meeting, the Company had outstanding 189,761,501 shares of Common Stock, all of one class and each share having one vote in respect of all matters to be voted on at the meeting. This amount does not include 522,600 shares of treasury stock. Information as to Common Stock ownership of certain beneficial owners and management is set forth in the tables on pages 8 and 9 (Security Ownership of Certain Beneficial Owners and Security Ownership of Management).

ELECTION OF DIRECTORS

Proxies cannot be voted for a greater number of persons than the number of nominees named. The by-laws also provide that the directors elected at each Annual Meeting of Stockholders shall serve until their successors are elected and qualified.

To the extent authorized by the proxies, the shares represented by the proxies will be voted in favor of the election as directors of the ten nominees whose names are set forth below. If for any reason any of these nominees is not a candidate when the election occurs, the shares represented by such proxies will be voted for the election of the other nominees named and may be voted for any substituted nominees. However, management of the Company does not expect this to occur. All of management's nominees were elected at the last Annual Meeting of Stockholders.

All directors, other than Mr. Deming, have been deemed independent by the Board based on the categorical standards of independence included in the Company's Corporate Governance Guidelines. As part of its independence recommendation to the Board, the Nominating and Governance Committee considered familial relationships (Mr. Deming, Mr. Murphy, Mr. Nolan and Mrs. Theus are first cousins) and ordinary course of business transactions with Purvin & Gertz (Mr. Hermes), BancorpSouth (Mr. Kelley) and Sempra Energy (Mr. Schmale), each of which were below applicable thresholds. The Committee also considered aviation interchange and related agreements with Murphy Family Management L.L.C. (Mr. Murphy) and Munoco L.C. (Mr. Nolan). Also reviewed was a 2007 transaction in which the Company sold a surplus aviation hangar to Munoco L.C. The sale price of \$68,000 was based on an independent third party appraisal. Mr. Nolan, the Non-Employee Chairman of the Board, serves as presiding director at regularly scheduled (February, August and December) meetings of non-management directors without the Company's management.

Interested parties, as well as stockholders, may send communications to the Board and/or specified individual directors c/o the Secretary, Murphy Oil Corporation, P.O. Box 7000, El Dorado, AR 71731-7000. The Secretary shall promptly relay all such communications to the appropriate director(s). COMMITTEES

The standing committees of the Board are the Executive Committee, the Audit Committee, the Executive Compensation Committee, the Nominating & Governance Committee and the Public Policy & Environmental Committee.

The Executive Committee is empowered to exercise certain functions of the Board when the Board is not in session.

The Audit Committee has the sole authority to appoint or replace the Company's independent auditors who report directly to the Audit Committee. The Audit Committee also assists with the Board's oversight of the integrity of the Company's financial statements, the independent auditors' qualifications and independence, the performance of the Company's internal audit function and independent auditors, the compliance by the Company with legal and regulatory requirements, and the review of programs related to compliance with the Company's Code of Business Conduct and Ethics. The Audit Committee meets with representatives of the independent auditors and with members of the internal Auditing Division for these purposes. All of the members of the Audit Committee are independent under the rules of the New York Stock Exchange, the requirements of the Securities and Exchange Commission and the Company's independence standards. Neal E. Schmale serves as the Audit Committee Financial Expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

The Executive Compensation Committee oversees the compensation of the Company's executives and directors and administers the Company's Annual Incentive Compensation Plan, the Long-Term Incentive Plan and the Stock Plan for Non-Employee Directors. All of the members of the Executive Compensation Committee are independent under the rules of the New York Stock Exchange and the Company's independence standards. The Compensation Discussion and Analysis contains additional information about the Executive Compensation Committee.

The Nominating & Governance Committee identifies and recommends potential Board members, recommends appointments to Board committees, oversees evaluation of the Board's performance and reviews and assesses the Corporate Governance Guidelines of the Company. All of the members of the Nominating & Governance Committee are independent under the rules of the New York Stock Exchange and the Company's independence standards. Information regarding the process for evaluating and selecting potential director candidates, including those recommended by stockholders, is set out in the Company's Corporate Governance Guidelines. Stockholders desiring to recommend candidates for membership on the Board for consideration by the Nominating & Governance Committee should address their recommendations to: Nominating & Governance Committee of the Board of Directors, c/o Secretary, Murphy Oil Corporation, P.O. Box 7000, El Dorado, Arkansas 71731-7000. As a matter of policy, candidates recommended by stockholders are evaluated on the same basis as candidates recommended by the Board members, executive search firms or other sources. The Corporate Governance Guidelines also provide a mechanism by which stockholders may send communications to Board members.

The Public Policy & Environmental Committee assists the Board in monitoring compliance with applicable environmental, health and safety laws and regulations and provides guidance as to public issues affecting the Company.

Charters for the Audit, Executive Compensation, Nominating & Governance and Public Policy & Environmental Committees, along with the Corporate Governance Guidelines and the Code of Ethical Conduct for Executive Management, are available on the Company's website, www.murphyoilcorp.com/about/governance/default.aspx, and free of charge from the Corporate Secretary.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Members of the Executive Compensation Committee in 2007 were David J.H. Smith (Chair), William C. Nolan, Jr., Neal E. Schmale and James V. Kelley. During 2007, none of the members of the Committee (a) was an officer or employee of the Company, (b) was a former officer of the Company or (c) had any relationship requiring disclosure by the Company under any paragraph of Item 404 of Regulation S-K.

MEETINGS AND ATTENDANCE

During 2007, there were six regular meetings and one special meeting of the Board, ten regular meetings and one special meeting of the Executive Committee, ten meetings of the Audit Committee, four meetings of the Executive Compensation Committee, two meetings of the Nominating & Governance Committee, and two meetings of the Public Policy & Environmental Committee. All nominees attended a minimum of 75% of the total number of meetings of the Board and committees on which they served. All Board members attended the 2007 annual meeting. The Corporate Governance Guidelines contain the Company's policy with respect to board member attendance at each annual meeting of stockholders.

COMPENSATION OF DIRECTORS

Since 2003, the Company's standard arrangement for compensation of non-employee directors has included a combination of cash and equity. In 2007, the cash component consisted of an annual retainer of \$50,000 plus \$2,000 for each Board or committee meeting attended. Supplemental retainers were paid to the

Chairman of the Board (\$115,000), the Audit Committee Chairman (\$15,000), the Audit Committee Financial Expert (\$10,000), other members of the Audit Committee (\$7,500), the Executive Compensation Committee Chairman (\$15,000) and the chairs of all other committees (\$10,000). The Company also reimburses directors for travel, lodging and related expenses they incur in attending Board and committee meetings.

The equity component for 2007 was provided by time lapse restricted stock. Each director received 3,275 shares of restricted stock, valued at \$166,861 on February 6, 2007, vesting after three years. During the vesting period the shares carry voting but no dispositive power. Dividends are accumulated over the vesting period. Further information is set forth in the following table.

(2) The Murphy Oil Corporation Retirement Plan for Outside Directors was terminated May 14, 2003. For 2008, the equity component is provided by an award of 2,770 shares of restricted stock valued at \$198,831 on February 5, 2008, vesting after three years. During the vesting period the shares carry voting rights but no dispositive power. Dividends are accumulated over the vesting period. The cash component continues to consist of an annual retainer of \$50,000 plus \$2,000 for each Board or Committee meeting attended and the supplemental retainers discussed above.

PROPOSED 2008 STOCK PLAN FOR NON-EMPLOYEE DIRECTORS

The Company's standard arrangement for the compensation of non-employee directors was revised in 2003 to divide remuneration into cash and equity components. To this end, a stock plan for non-employee directors (the 2003 Plan) was submitted to, and approved by, stockholders at the 2003 annual meeting. The aim of the revision was twofold: (i) to further align the interests of directors and the stockholders they represent and (ii) to bring total director compensation to a level near the 50th percentile of the competitive market (as determined by a major national compensation consulting firm) enhancing the Company's ability to retain and recruit qualified individuals. The Company believes this structure has been successful and, to continue in this vein, stockholders are asked to adopt the 2008 Stock Plan for Non-Employee Directors (the 2008 Plan), which is substantially similar to the 2003 Plan which expires in May, 2008.

Awards under the 2008 Plan may be in the form of restricted stock, restricted stock units, stock options or a combination thereof. Restricted stock and restricted stock units granted under the 2008 Plan have a three

year restriction period. Participants holding shares of restricted stock may exercise full voting rights and are eligible to accrue dividends over the restricted period. Participants shall have no voting rights with respect to shares underlying restricted stock units unless and until such shares are reflected as issued and outstanding shares on the Company's stock ledger. Stock options granted under the 2008 Plan give a director the right to purchase a specified number of shares of the Company's Common Stock at an option price equal to the market price on the date the option was granted. Options vest one-third at the end of one year and one-third at the end of each of the two years subsequent. Options may be exercised over a period of ten years from the date of grant.

The size of the grant each year is based on competitive data provided by a major compensation consulting firm. Grants under the 2003 Plan totaled 54,000 shares (108,000 shares post-split) in 2003; 45,580 shares (91,160 shares post-split) in 2004; 11,475 shares (22,950 shares post-split) in 2005; 20,568 shares in 2006; 32,750 shares in 2007; and 24,930 shares in 2008. The 2008 Plan expires by its terms five years following its approval. Subject to any adjustment as provided in Section XI, an aggregate of 500,000 shares of Common Stock shall be available for issuance of grants under the 2008 Plan. The shares of Common Stock deliverable upon the exercise of stock options or the award of restricted stock or restricted stock units may be made available from authorized but unissued common shares or common shares reacquired by the Company, including common shares purchased in the open market. If any grants under the 2008 Plan shall expire or terminate for any reason without having been exercised in full, the common shares subject to, but not delivered under, such grants may again become available for the grant of other stock options, restricted stock, or restricted stock units under the 2008 Plan. No common shares deliverable to the Company in full or partial payment of the purchase price payable pursuant to Section VI of the 2008 Plan shall become available for the grant of other stock options, restricted stock, or restricted stock units under the 2008 Plan. Only non-employee directors of the Company are eligible to participate in this Plan. If all nominees are elected, the Company will have nine non-employee directors. The text of the 2008 Plan is attached as Exhibit A and incorporated by reference.

The Board of Directors recommends a vote **FOR** this proposal.

NEW PLAN BENEFITS TABLE

The following table sets forth the benefits or amounts projected to be received by or allocated to certain individuals and groups under the proposed 2008 Stock Plan for Non-Employee Directors. These pro forma figures are based on actual 2008 awards from the expiring and substantially similar 2003 Stock Plan for Non-Employee Directors; however, there is no assurance that the value to be realized by the individuals and groups will be at or near the indicated amounts.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors and executive officers and person who beneficially own more than 10% of the Company's Common Stock are required to report their ownership of the Company's Common Stock and any changes in that ownership to the Securities and Exchange Commission and the New York Stock Exchange. Specific due dates for these reports have been established and the Company is required to report in this Proxy Statement any failure to file by these dates. In fiscal year 2007, all our directors and executive officers and persons who beneficially own more than 10% of the Company's Common Stock satisfied their filing requirements on a timely basis.

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

In 2007, the Company did not have any Transactions with Related Persons required to be disclosed under Item 404(a) of Regulation S-K. As noted earlier, the Nominating and Governance Committee reviews annual cumulative ordinary course of business transactions with firms associated with directors and nominees for director. The Company's management also monitors such transactions on an ongoing basis. Executive officers and directors are governed by the Company's Code of Business Conduct and Ethics which provides that waivers may only be granted by the Board and must be promptly disclosed to stockholders. No such waivers were granted nor applied for in 2007. The Company's Corporate Governance Guidelines require that all directors recuse themselves from any discussion or decision affecting their personal, business or professional interests.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The Executive Compensation Committee (the Committee) of the Board oversees the compensation of the Company's Named Executive Officers. The Executive Compensation Committee consists of no fewer than two members, each of whom has been determined by the Board to satisfy the independence requirements of the New York Stock Exchange and the Securities and Exchange Commission and the Company's independence principles and standards. The Nominating & Governance Committee recommends nominees for appointment to the Committee annually and as vacancies or newly created positions occur. Committee members are appointed by the Board and may be removed by the Board at any time. George S. Dembroski chaired the Committee until his retirement from the Board on May 9, 2007, at which time member David J.H. Smith became chairman. Other members include James V. Kelley, William C. Nolan, Jr., and Neal E. Schmale.

The Committee reviews and approves corporate goals and objectives relevant to CEO and other named executive officer compensation. Evaluation of the CEO's performance in light of these objectives is made by the Committee. Any decisions regarding the CEO's compensation are made solely by the Committee. For Named Executive Officers other than the CEO, the Committee considers their performance evaluations made by the CEO and the recommendations of the CEO. The Committee approves any compensation-related decisions affecting the pay of the other Named Executive Officers.

The Committee administers and makes recommendations to the Board with respect to incentive compensation plans and equity-based plans and reviews and approves awards under such plans.

Sole authority to retain and terminate any compensation consultant rests with the Committee, which also has sole authority to approve the consultant's fees and other retention terms. Advice and assistance from internal or external legal, accounting or other advisors is also available to the Committee. The Corporate Secretary serves as Secretary to the Committee.

In 2007, the Committee retained the firm of Towers Perrin to provide advice on executive compensation matters. Towers Perrin provides the Committee with, among other things, an analysis of trends and compensation for general industry, the oil and gas industry and a select group of peer companies within the oil and gas industry. For 2007, the comparator group included Anadarko Petroleum, Apache, Chevron, ConocoPhillips, Devon Energy, EOG Resources, Exxon Mobil, Hess, Newfield Exploration, Noble Energy, Occidental Petroleum, Tesoro and Valero Energy. While structured as an integrated oil company like the major and super-major oil companies, the Company's size is more comparable to that of certain independent exploration and production companies and refining and marketing companies. Various members of the investment community place the Company in each of these groups. The comparator group was developed by Towers Perrin to provide representation from each of (i) integrated oil companies, (ii) independent exploration companies and (iii) refining and marketing companies.

In addition to peer group information, the Committee uses survey information to determine competitive market pay levels for the executives compensation. The surveys used include:

Towers Perrin 2007 General Industry Compensation Data Bank

Towers Perrin 2007 Petroleum Industry Compensation Data Bank

Mercer Human Resource Consulting 2007 Energy 27 Survey

Mercer Human Resource Consulting 2007 Energy Survey

Organization Resources Counselors 2007 Manufacturing and Marketing Survey

The survey data analyzed includes general industry and energy industry (as available) information. Regression analysis is utilized to adjust for differences in company size. Where regression is not possible, data for companies with similar revenue size is analyzed.

The Committee generally takes action on compensation matters at its meeting held in conjunction with the February Board meeting. The Company grants employee stock options at this meeting, which are dated as of the date of this meeting and priced based on the average of the high and the low market price for our shares on the date of this meeting. The Committee also considers at this time adjustments to named executives compensation and grants of restricted stock or restricted stock unit awards. The Committee meets at other times during the year as necessary and, in 2007, met four times.

Objectives

The Company bases its executive compensation policies on principles designed to align the interests of executives with those of stockholders. The Committee intends compensation to provide a direct link with the Company's values, objectives, business strategies and financial results. In order to attract and retain key executives who are critical to its long-term success, the Company believes that its pay package should be competitive with others in the energy industry. Executives should be rewarded for both the short-term and long-term success of the Company and, conversely, be subject to a degree of downside risk in the event that the Company does not achieve its performance objectives.

To this end, executives have a compensation package which includes a base salary, participation in a cash based annual incentive plan, participation in an equity based long-term incentive plan and certain other compensation, including customary benefits as discussed in section D of Elements of Compensation below, and, in the case of the CEO, limited personal use of Company aircraft. The Company believes that this combination of base salary, short-term incentives, long-term incentives and other employee benefits provides the best balance between the need for the Company to provide executive compensation which is competitive in the marketplace and therefore necessary for recruiting and retention, and the desire to have management's interests, motivations and prosperity aligned with the interests of the Company's stockholders.

In order to promote the long-term as well as short-term interests of the Company and to more closely align the interests of its key employees to those of its stockholders, the Company uses a mix of short-term and long-term incentives. Individuals in a primary position to influence the growth of stockholder wealth have larger portions of their total compensation package delivered in the form of equity based long-term incentives.

The Company does not have employment agreements with its Named Executive Officers.

Elements of Compensation

A. Base Salary

We target the median of competitive market pay levels for the base salary of our Named Executive Officers. It is the Company's compensation philosophy to target base salaries at the 50th percentile (median) of the competitive marketplace. The Company targets the 50th percentile because it believes that it allows the organization to recruit, attract, and retain qualified management talent having the requisite skills and competencies to manage the Company and to deliver additional value for stockholders. In reality, some executives are paid above or below the 50th percentile because of their individual job performance, time in the position, and tenure with the Company. Executives' salaries are ultimately determined based on the market pay levels as well as a combination of experience, duties and responsibilities, individual performance, Company performance, general economic conditions and marketplace compensation trends. The Committee made adjustments to the base salaries of our Named Executive Officers as follows:

Named Executive Officer	2006 Base Salary	2007 Base Salary	Adjustment for 2007	2008 Base Salary	Adjustment for 2008
Claiborne P. Deming	\$ 1,070,000	\$ 1,150,000	7.5%	\$ 1,250,000	8.7%
Kevin G. Fitzgerald ⁽¹⁾		\$ 425,000		\$ 475,000	11.8%
David M. Wood ⁽²⁾		\$ 625,000		\$ 675,000	8.0%
Harvey Doerr ⁽³⁾		\$ 625,000		\$ 675,000	8.0%
Steven A. Cossé	\$ 500,000	\$ 525,000	5.0%	\$ 575,000	9.5%

- (1) Kevin G. Fitzgerald was promoted to Senior Vice President and Chief Financial Officer of Murphy Oil Corporation on January 1, 2007. He served as Treasurer from July 2001 through December 2006 and was Director of Investor Relations from 1996 through June 2001.
- (2) David M. Wood was promoted to Executive Vice President of Murphy Oil Corporation responsible for worldwide exploration and production operations effective January 1, 2007. Mr. Wood served as President of Murphy Exploration & Production Company-International from March 2003 through December 2006 and was Senior Vice President of Frontier Exploration & Production from April 1999 through February 2003.
- (3) Harvey Doerr was promoted to Executive Vice President of Murphy Oil Corporation responsible for worldwide refining and marketing operations and strategic planning effective January 1, 2007. Mr. Doerr served as President of Murphy Oil Company Ltd. from September 1997 through December 2006. In 2007, the Company completed a strategic reorganization of its management ranks in order to further sustain growth and deliver value to the stockholders. An integral part of this reorganization was the creation of three new position titles in the executive management of the Company. The indicated individuals were promoted to fill these roles with the Company and received substantial changes in the base salary consistent with the previously described compensation philosophy.

B. Annual Incentive Plan

The purposes of the Company's annual incentive plan are:

to provide incentive compensation to those officers, executives, and key employees who contribute significantly to the growth and success of the Company;

to attract and retain individuals of outstanding ability; and

to align the interests of those who hold positions of major responsibility in the Company with the interests of Company's stockholders.

We target the median of competitive market pay levels for annual incentive compensation because we believe it allows us to retain and incent our executives. Executives have the opportunity to be compensated above the median of market pay levels when the Company has above market

performance based on the established performance measure.

The Company's current cash based annual incentive plan, the 2007 Annual Incentive Plan, was approved by stockholders at the 2007 annual meeting. The 2007 annual plan has been designed to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and provides the Company with a list of possible performance criteria that could be used for determination of performance-based awards.

Return on capital employed (ROCE) is used as a primary performance metric for the annual incentive plan because it measures the quality of the Company's earnings by looking at net income earned on the capital employed in the business. The performance targeting the process for the ROCE metric is determined by first evaluating the Company's weighted average cost of capital. The Committee believes that stockholders should receive a return which, at least, meets the cost of capital. In turn, this means that the Company has efficiently used the capital resources invested in the business and has earned a rate of return and level of income which exceeds the implied cost of such capital resources. ROCE is computed as a percentage based on the sum of (i) the Company's annual net income, as adjusted for certain unusual and nonrecurring gains or losses and (ii) the Company's after-tax net interest expense, divided by the sum of (a) the balance of the Company's consolidated stockholders' equity at January 1 of the respective year and (b) the average of the Company's beginning and ending long-term debt during the respective year.

For 2007, the performance criteria included ROCE for 50% of the measurement and operating metrics for the other 50%. Performance metrics for 2007, the targets and ranges of performance required for achievement of a percentage of bonus incentive are shown in the following table:

Metric	Target	Min.	Max.	Actual
ROCE	12.0%	9.6%	16.8%	15.0%
Upstream Operated Production (BOE/day)	40,410	36,369	48,492	44,838
Upstream Non-Operated Production (BOE/day)	57,052	51,346	68,462	56,860
US Retail Fuel Volumes Sold (Gal./mo./site)	299,862	269,876	359,834	294,784
US Retail Non-Fuel Margin (\$/mo./site)	\$11,111	\$10,000	\$13,333	\$12,839
US Refining Mechanical Availability	98.00%	96.50%	99.50%	94.98%
UK Retail Non-Fuel Income (£/yr.)	£61,920	£55,728	£74,304	£54,867

The above metrics were weighted differently for each business unit as shown below:

Corporate	
ROCE	50.0%
Upstream Operating Metrics	25.0%
Downstream operating Metrics	25.0%
Upstream	
ROCE	50.0%
Operated Production	37.5%
Non-Operated Production	12.5%
Downstream Executive	
ROCE	50.0%
Downstream Operating Metrics	50.0%
US Retail	
ROCE	50.0%
US Retail Fuel Volumes Sold	25.0%
US Retail Non-Fuel Margin	25.0%

US Refining	
ROCE	50.0%
Mechanical Availability	50.0%
UK Downstream	
ROCE	50.0%
UK Non-Fuel Income	50.0%

The incentives for Deming, Fitzgerald, and Cossé are weighted under the Corporate scenario, Wood the Upstream scenario, and Doerr the Downstream Executive scenario.

The target ROCE rate was established based on consideration including (i) the rate of return on risk-free investments (Treasury Bills), (ii) a risk premium reflecting the increased return required to invest in equities, (iii) the cost of long-term debt, as measured by the Company's annual interest expense on long-term debt and (iv) general industry conditions. The targets for other operating metrics were established based on our 2007 budget and historical data. Under the terms of the 2007 annual plan, achievement of 100% of the target rate results in the payment of 100% of individual target awards. For participants, achievement of the minimum results in the payment of 50% of individual target awards, and achievement of the maximum results in the payment of 200% of individual target awards. For Named Executive Officers, achievement of the minimum results in the payment of 62.5% of individual target awards and achievement of the maximum results in the payment of 250% of individual target awards. No awards are triggered if performance falls below the minimum. The plan also allows the Committee to modify awards based on individual performance; however, for the Named Executive Officers, upward adjustments are not permitted. For 2007, the Committee did not exercise discretion with respect to awards to Named Executive Officers.

Named Executive Officer	Target Bonus as a	
	Percentage of Base Salary	Amount Awarded
Claiborne P. Deming	125%	\$ 2,286,668
Kevin G. Fitzgerald	65%	\$ 442,000
David M. Wood	75%*	\$ 900,000
Harvey Doerr	75%*	\$ 610,000
Steven A. Cossé	75%*	\$ 627,500

* Increased to 85% for 2008.

C. Long-term Incentive Compensation

Long-term incentive compensation for 2007 included stock options which were issued pursuant to the Company's now replaced 1992 Stock Incentive Plan and awards of restricted stock units under the new 2007 Long-Term Incentive Plan.

This element of the Company's compensation program is designed to align the interests of executives with the performance of the Company over time, as reflected both by absolute increases or decreases in the Company's stock price.

The Company also grants performance-based restricted stock units as part of long-term incentive compensation. The realization of restricted stock units is based upon relative performance among the same thirteen companies used for compensation peer analysis (as described above). Because simple stock price appreciation is not enough to guarantee payment, management is at greater risk of forfeiture. Fixed-price stock options are inherently performance-based, because the exercise or grant price equals the average of the high and the low of the Company's Common Stock on the date of the grant. Option holders realize no economic benefit unless the Company's stock price increases in value subsequent to the grant date. This aligns the optionees' interests with that of stockholders.

On February 6, 2007, the Committee awarded equity compensation with the value divided equally between stock options and performance-based restricted stock units to each of the Named Executive Officers. The Company believes that this equal weighting strikes an appropriate and fair balance between measuring our competitiveness and providing incentives for our executives. We generally target the median of competitive pay levels for the annual value of long-term incentive compensation, however, the 2007 awards exceeded the median based on both individual and Company performance. Total grants in 2007 equaled .64% of the Company's issued and outstanding shares. Grants were as follows:

Named Executive Officer	Number of Stock Options	Number of Shares of Restricted Stock Units
Claiborne P. Deming	175,000	55,000
Kevin G. Fitzgerald	30,000	10,000
David M. Wood	75,000	25,000
Harvey Doerr	75,000	25,000
Steven A. Cossé	50,000	15,000

The Company has not and will not backdate stock options and the option price for all options is equal to the fair market price (average of daily high and low) on the date of the grant.

Beginning with 2006 grants, the stock option award form provides for automatic net settlement in stock, which reduces dilution. Upon exercise, shares having a fair market value equal to the exercise price as well as statutory minimum withholding taxes are withheld by the Company and only net shares are delivered to the holder of the option. The 2007 options, all of which are non-qualified, vest in two years as to half and in three years as to the remaining half. Unless otherwise forfeited, the options expire seven years from the date of the grant.

Performance-based restricted stock units awarded in 2007 will vest in three years based on how the Company's total stockholder return compares to the total stockholder return of an index of thirteen energy companies. The same thirteen companies used for compensation peer analysis (as described above) are used for this purpose. The 2007 restricted stock unit awards contain four equally weighted measurement periods: year 1; year 2; year 3; and years 1-3 combined. Achievement of 50% of the group average is required for the payment of 50% of the target shares awarded, and achievement of 150% of the group average for the payment of 150% of the target shares. Phantom dividends are accumulated during the performance period and pay-out only if the underlying units pay out. Restricted stock units do not have any voting rights.

The long-term incentive plan is structured so as to qualify as performance based under Section 162(m) of the Internal Revenue Code. The stock option and performance-based restricted stock unit grants awarded in 2007 comply with Section 162(m) of the Code.

As noted above, the Company currently uses two forms of long-term incentive compensation: stock options and performance-based restricted stock units. The Company expects to continue to use these same two principal forms of equity-based incentives going forward. However, the 2007 long-term plan has been designed with a 10-year life, and it is possible that the Company may adopt a different long-term incentive compensation strategy in future years if necessary to respond to changes in the competitive marketplace, regulatory actions, and/or changes to business strategy. In order to provide the Company with flexibility going forward, the 2007 long-term plan provides the Company with possible alternative long-term equity incentive vehicles in addition to stock options and restricted stock units, including stock appreciation rights, performance shares, dividend equivalents, and other stock-based incentives. In addition, as noted above, the Company currently uses the criteria of total stockholder return (TSR) compared to the total stockholder return of a designated peer group of companies in order to determine performance-based restricted stock unit grants. The 2007 long-term plan includes a list of possible performance criteria that could be used for determination of performance-based awards. However, at this time, the Company contemplates continuing to use company vs. peer TSR as the performance criteria for the performance-based restricted stock or restricted stock unit

grants, and has included the list of possible performance criteria for purposes of future flexibility in selecting meaningful criteria. The TSR measurement is used for the long-term incentives of the Company because TSR is a reflection of the return to stockholders (i.e., the amount of share price appreciation and dividends earned) and Murphy compares its TSR to that of its peers in the oil and gas industry sector. To the extent that the Company provides a TSR that is competitive with the TSR earned by its competitors, the Company's stockholders are directly rewarded. Therefore, we believe that relative TSR is the most appropriate performance metric for Murphy Oil because it aligns management's interests with those of all stockholders.

D. Other Compensation

The Company's executives are provided usual and customary employee benefits available to all employees (except certain hourly retail employees). These include thrift savings (401(k)), life insurance, accidental death & dismemberment insurance, medical/dental insurance, long-term disability insurance, and a Company sponsored defined benefit pension plan. The named executives are excluded from the Company's employee stock purchase plan because they are eligible for long-term stock incentives and the ESPP was established as a vehicle for employees to acquire stock.

Tax regulations adversely affect certain highly compensated employees by restricting their full participation in qualified defined benefit pension and defined contribution (thrift) plans. In an effort to provide the same level of retirement benefit opportunity for all employees, the Company has a Supplemental Executive Retirement Plan (the SERP). The purpose of the SERP is to restore pension plan and thrift plan benefits which are not payable under such plans because of certain specified benefit and compensation limitations under tax regulations. The benefit to the Company of this arrangement is the retention and long-term service of employees who are otherwise unprotected by employment contracts. Otherwise, the Company does not offer a deferred compensation option to its Named Executive Officers.

An additional element of compensation, applicable only to the CEO, is limited personal use of Company aircraft. Mr. Deming is permitted up to twelve non-business trips per year within the continental United States. For 2007, Mr. Deming took 10 trips with an aggregate incremental cost to the Company of \$79,006.

Executive Compensation Committee Report

The Executive Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis. Based on the review and discussions, the Executive Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Proxy Statement.

Members of the Executive Compensation Committee are David J.H. Smith (Chair), James V. Kelley, William C. Nolan, Jr. and Neal E. Schmale.

- (1) Awards represent SFAS No. 123R expense in 2007 for shares awarded in 2004-2007. Dividends are paid on restricted stock at the same rate paid to all stockholders. Awards are subject to performance based conditions and are forfeited if grantee terminates for any reason other than retirement, death or full disability. The 2007 restricted stock unit awards vest three years from the date of grant and are valued using a Monte Carlo valuation model. There is no assurance that the value realized by the executive will be at or near the value estimated by the Monte Carlo method. The key assumptions for valuation of the stock awarded on February 6, 2007, and approved on May 9, 2007, were as follows:

Fair value per share at grant date	\$ 45.05 to \$48.23
Assumptions	
Expected volatility	27.10%
Risk-free interest rate	4.64%
Stock beta	0.912
Expected life	3.00 years

- (2) Awards represent SFAS No. 123R expense in 2007 for options granted in 2004-2007. Options granted vest 50% at the end of two years and 100% at the end of three years from the date of grant and are exercisable for a period of seven years from the date of grant. Values were based on the Black-Scholes option pricing model adapted for use in valuing stock options. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance that value realized by the executives will be at or near the value estimated by the Black-Scholes model. The key assumptions for valuation of the option awards granted on February 6, 2007, were as follows:

Edgar Filing: MURPHY OIL CORP /DE - Form DEF 14A

Fair value per option grant	\$ 15.02
Assumptions	
Dividend yield	1.20%
Expected volatility	29.00%
Risk-free interest rate	4.70%
Expected life	4.75 years

- (3) Non-Equity Incentives were awarded and paid after the end of the year in which they are reported. Because these payments related to services rendered in the year prior to payment, the Company reported these incentives as a component of compensation expense in the prior year.
- (4) The increase in the present value of the accrued benefit for both the qualified and the excess retirement plans as of 12/31/07 assuming a discount rate at 12/31/07 of 6.50%. The total includes aggregate earnings in the last fiscal year detailed in the nonqualified deferred compensation table.
- (5) The total amounts shown in this column for 2007 consist of the following:

Mr. Deming: \$59,400 Dividends on nonvested restricted stock; \$79,006 Company plane usage; \$1,680 Benefit attributable to Company-provided term life insurance policy; \$57,170 Company contributions to defined contribution plans.

Mr. Fitzgerald: \$6,075 Dividends on nonvested restricted stock; \$1,680 Benefit attributable to Company-provided term life insurance policy; \$21,250 Company contributions to defined contribution plans.

Mr. Wood: \$18,563 Dividends on nonvested restricted stock; \$1,680 Benefit attributable to Company-provided term life insurance policy; \$31,254 Company contributions to defined contribution plans.

Mr. Doerr: \$16,538 Dividends on nonvested restricted stock; \$1,680 Benefit attributable to Company-provided term life insurance policy; \$31,254 Company contributions to defined contribution plans.

Mr. Cossé: \$16,538 Dividends on nonvested restricted stock; \$1,680 Benefit attributable to Company-provided term life insurance policy; \$26,146 Company contributions to defined contribution plans.

- (1) As part of his employment with a subsidiary of the Company and prior to becoming a Named Executive Officer, Mr. Wood received an additional four years of credited service in the Murphy Oil Corporation Supplemental Executive Retirement Plan.

- (2) As part of his employment with a subsidiary of the Company and prior to becoming a Named Executive Officer, Mr. Doerr received an additional four years of credited service in the Murphy Oil Company, Ltd. Supplemental Executive Retirement Plan.

The purpose of the tax-qualified Retirement Plan is to provide retirement and incidental benefits for all employees who complete a period of faithful service. The purpose of the Supplemental Executive Retirement Plan (SERP) is to restore benefits which cannot be paid under the tax-qualified Retirement Plan because of certain specified benefit and compensation limitations under the Internal Revenue Code.

The compensation covered by the Plans is the average cash compensation (salary and bonus) over the highest paid 36-month period during the employee's last ten years of employment. An employee begins participating in the plan after one year of salaried service, with 60 months of vesting service required to receive a benefit. Distribution elections for the qualified plan are made upon retirement. Benefits are computed on a single life annuity basis and are subject to a deduction for social security amounts. The pension benefits shown do not reflect any reductions in retirement benefits that would result from the selection of one of the plan's various available survivorship options nor the actuarial reductions required by the plan for retirement earlier than age 62. For this purpose, Mr. Deming's average compensation was \$2,666,389, Mr. Fitzgerald's \$514,167, Mr. Wood's \$935,167, Mr. Doerr's \$1,060,913, and Mr. Cossé's \$1,017,639.

The estimated credited years of service used are as indicated in the table.

APPROVAL OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board desires that the stockholders indicate their approval or disapproval of the Audit Committee's action in appointing KPMG LLP the Company's independent registered public accounting firm for the fiscal year 2008. KPMG LLP has been serving the Company and its subsidiaries in this role for many fiscal years. KPMG LLP has advised the Company that its members have no direct or indirect financial interest in the Company or any of its subsidiaries. Members of KPMG LLP are expected to be present at the Annual Meeting for the purpose of responding to inquiries by stockholders, and such representatives will have an opportunity to make a statement if they desire to do so.

The Audit Committee pre-approves any engagement of KPMG LLP. In the fiscal year 2007, the percentage of services designated for audit fees, audit-related fees and tax fees that were approved by the Audit Committee were 91%, 3%, and 6%, respectively.

In the event a majority of the stockholders voting should indicate disapproval of the appointment of KPMG LLP, the adverse vote will be considered as a directive to the Audit Committee to select other auditors for the following year. Because of the difficulty and expense of making any substitution of auditors during a year, it is contemplated that the appointment for the fiscal year 2008 will be permitted to stand unless the Audit Committee finds other good reason for making a change.

The Board recommends that stockholders vote **FOR** approval of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year 2008. Proxies solicited on behalf of the Board will be voted FOR this proposal.

AUDIT COMMITTEE REPORT

In connection with the Company's December 31, 2007 consolidated financial statements, the Audit Committee reviewed and discussed the audited financial statements with management and the specific disclosures contained in the Company's Form 10-K, including Management's Discussion and Analysis of Financial Condition and Results of Operations, discussed with KPMG LLP the matters required by Statement on Auditing Standards No. 61 and Independence Standards Board Statement No.1, and considered the compatibility of non-audit services with KPMG LLP's independence. The Committee met ten times in 2007. Fees for services provided by the Company's principal independent registered public accounting firm, KPMG LLP, for the years ended December 31, 2007 and 2006 were as follows:

	2007	2006
Audit fees	\$ 2,910,000	\$ 2,496,713
Audit-related fees ⁽¹⁾	100,763	156,800
Audit and audit-related fees	3,010,763	2,653,513
Tax fees ⁽²⁾	202,655	125,089
All other fees		
Total fees	\$ 3,213,418	\$ 2,778,602

(1) Audit-related fees consisted principally of fees for audits of financial statements of employee benefit plans, review of accounting for proposed transactions, audits of properties acquired or sold in Western Canada, and other reports primarily required by U.S. government agencies.

(2) Tax fees consisted of services for sales and use tax consultation, income tax consultation and tax compliance services.

Based on these reviews and discussions, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2007.

This report is submitted by the members of the Audit Committee: R. Madison Murphy (Chairman), Frank W. Blue, James V. Kelley, Neal E. Schmale and William C. Nolan, Jr.

STATEMENT: By implementing policies prohibiting discrimination based on sexual orientation and gender identity, the Company will ensure a respectful and supportive atmosphere for all employees and enhance its competitive edge by joining the growing ranks of companies guaranteeing equal opportunity for all employees.

STATEMENT IN OPPOSITION

The Board unanimously recommends that you vote **AGAINST** this proposal for the following reasons:

This proposal advocates the implementation of various specific principles in support of prohibiting discrimination based on sexual orientation and gender identity. Our Board certainly recognizes and adheres to the principle that discrimination does not belong in the workplace. Further, our Board is committed to the Company's continued development of a diverse workforce in all of the communities in which our employees live and work. To this end, the Company continually reviews its employment policies to achieve and maintain non-discriminatory practices throughout the employment relationship.

The Company is an equal opportunity employer with a written employment policy that strictly prohibits discrimination on the basis of race, color, religion, sex, age, national origin, disability or any other characteristic protected by applicable law. However, in light of this proposal and to clarify the Company's commitment to non-discrimination, our Board has authorized the inclusion of sexual orientation in the foregoing list of formally protected statuses. By taking this action, our Board believes that it has adequately addressed the issues raised in the proposal, while balancing the needs of the Company in having a manageable employment policy based on fundamental, broad-based principles.

With respect to the narrowly-focused principles espoused in the proposal, the Company's position is that its employment policies and practices already encapsulate these concepts. Indeed, the Company treats each employee or applicant for employment as an individual and all decisions are made solely on the basis of relevant qualifications, experience, and performance capabilities. Our managers and supervisors at all levels are tasked with the responsibility to ensure implementation of these equal employment opportunity principles as they apply to every phase of employment, including, but not limited to, hiring, promotion, training, transfer, and termination.

In addition to the foregoing aspects of employment, the Company also follows a zero tolerance policy against any form of harassment. As stated in the Company's Code of Business Conduct and Ethics, we insist on respecting the rights of others in the workplace. Behaviors that constitute inappropriate or unwelcome personal conduct are unacceptable, as is any harassment on the basis of any legally protected status.

Taken together, the Company's directives with respect to equal employment opportunity and harassment represent a broad policy of non-discrimination that both meets the requirements of federal law and provides an ethical framework for the fair treatment of our employees. As such, the Company will continue to base employment-related decisions on merit, while respecting each individual's right to privacy. We, therefore, reiterate our belief that, with the Company's addition of sexual orientation in the list of protected categories in its written employment policy, the Company's policies and practices strike an appropriate balance between an exhaustive list of all possible areas of non-discrimination and a delineation of the overarching principles of non-discrimination that best serves the interests of our employees as well as future applicants for employment.

Subject to any adjustment as provided in Section XI, an aggregate of 500,000 shares of Common Stock shall be available for issuance of grants under the Plan. The shares of Common Stock deliverable upon the exercise of Stock Options or the award of Restricted Stock or Restricted Stock Units may be made available from authorized but unissued Common Shares or Common Shares reacquired by the Company, including Common Shares purchased in the open market. If any grants under the Plan shall expire or terminate for any reason without having been exercised in full, the Common Shares subject to, but not delivered under, such grants may again become available for the grant of other Stock Options, Restricted Stock, or Restricted Stock Units under the Plan. No Common Shares deliverable to the Company in full or partial payment of the purchase price payable pursuant to Section VI of the Plan shall become available for the grant of other Stock Options, Restricted Stock, or Restricted Stock Units under the Plan.

V. *Eligibility.*

Only Non-employee Directors are eligible to be granted Stock Options, Restricted Stock, or Restricted Stock Units under the Plan.

VI. *Stock Options.*

Each Stock Option granted under this Plan shall be evidenced by a written agreement which shall comply with and be subject to the following terms and conditions.

- (1) *Grant.* Subject to the provisions of the Plan, the Committee shall have sole and complete authority to determine the persons to whom Stock Options may be granted, the number of shares to be covered by each Stock Option, and the conditions and limitations, if any, in addition to those set forth in this Section VI, applicable to such Stock Options. Each such grant shall be confirmed by an agreement executed by the Company and the Participant, which agreement shall contain such provisions as the Committee determines to be necessary or appropriate to carry out the intent of the Plan with respect to such grant. Unless otherwise determined by the Committee, each grant agreement shall provide that the Stock Option is not transferable by the Participant otherwise than by will or by the laws of descent and distribution, and is exercisable, during the Participant's lifetime, only by such Participant.
- (2) *Grant Price.* The Committee shall establish the grant price at the time each Stock Option is granted, which price shall not be less than 100 percent of the Fair Market Value of the Common Stock on the date of grant.
- (3) *Exercisability and Term.* Each Stock Option granted under the Plan will become exercisable and mature in three equal annual installments commencing on the first anniversary of the date of grant and annually thereafter. Each Stock Option granted under the Plan shall expire ten years from the date of grant, except as otherwise set forth in Section VIII of the Plan.
- (4) *Payment Upon Exercise.* Stock Options may be exercised only upon payment to the Company in full of the grant price of the Common Shares to be delivered. Such payment shall be made in cash or in Common Stock, or in a combination of cash and Common Stock, or such other considerations as shall be approved by the Committee. The sum of the cash and the Fair Market Value of such Common Stock or other consideration shall be at least equal to the aggregate grant price of the Common Shares to be delivered.

VII. *Restricted Stock Awards and Restricted Stock Units.*

- (1) *Grant of Awards.* Restricted Stock and Restricted Stock Units may be granted at any time and from time to time prior to the termination of the Plan as determined by the Committee. Restricted Stock

is an award or issuance of shares, the grant, issuance, retention, vesting and/or transferability of which is subject during specified periods of time to such conditions (including continued service and/or performance conditions) and terms as the Committee deems appropriate. Restricted Stock Units are awards denominated in units of Shares under which the issuance of shares is subject to such conditions (including continued service and/or performance conditions) and terms as the Committee deems appropriate. Each grant of Restricted Stock and Restricted Stock Units shall be evidenced by an agreement. Unless determined otherwise by the Committee, each Restricted Stock Unit will be equal to one Common Share and will entitle a Participant to either the issuance of Shares or payment of an amount of cash determined with reference to the value of Common Shares. To the extent determined by the Committee, Restricted Stock and Restricted Stock Units may be satisfied or settled in Shares, cash or a combination thereof. Restricted Stock and Restricted Stock Units granted pursuant to the Plan need not be identical but each grant of Restricted and Restricted Stock Units must contain and be subject to the terms and conditions set forth below.

- (2) *Contents of Agreement.* Each agreement shall contain provisions regarding (a) the number of Common Shares or Restricted Stock Units subject to such award or a formula for determining such number, (b) the purchase price of the Common Shares, if any, and the means of payment, (c) the performance criteria, if any, and level of achievement versus these criteria that shall determine the number of Common Shares or Restricted Stock Units granted, issued, retainable, and/or vested, (d) such terms and conditions on the grant, issuance, vesting, and/or forfeiture of the Common Shares or Restricted Stock Units as may be determined from time to time by the Committee, (e) the term of the Performance Period, if any, during which the performance will be measured for determining the number of such Common Shares or Restricted Stock Units, and (f) restrictions on the transferability of the Common Shares or Restricted Stock Units. Common Shares issued under a Restricted Stock Award may be issued in the name of the Participant and held by the Participant or held by the Company, in each case as the Committee may provide.
- (3) *Vesting and Performance Criteria.* The grant, issuance, retention, vesting, and/or settlement of shares of Restricted Stock and Restricted Stock Units will occur when and in such installments as the Committee determines or under criteria the Committee establishes, which may include performance measures. The grant, issuance, retention vesting and/or settlement of Shares under any such Award that is based on performance measures and level of achievement versus such criteria will be subject to a performance period of not less than six months.
- (4) *Voting Rights.* Unless otherwise determined by the Committee at the time of grant, Participants holding shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those shares during the Restricted Period. Participants shall have no voting rights with respect to Shares underlying Restricted Stock Units unless and until such Shares are reflected as issued and outstanding shares on the Company's stock ledger.
- (5) *Dividends.* Participants in whose name Restricted Stock is granted shall be entitled to receive all dividends and other distributions paid with respect to those shares, unless otherwise determined by the Committee at the time of grant. The Committee will determine whether any such dividends or distributions will be automatically reinvested in additional shares of Restricted Stock and subject to the same restrictions on transferability as the Restricted Stock with respect to which they were distributed or whether such dividends or distributions will be paid in cash. Shares underlying Restricted Stock Units shall be entitled to dividends or dividend equivalents only to the extent provided by the Committee.

VIII. *Change in Control.*

Upon the occurrence of a Change in Control (as defined herein), all outstanding Stock Options, Restricted Stock Awards, and Restricted Stock Unit Awards granted to Participants shall become immediately vested, exercisable and nonforfeitable, and shall remain vested, exercisable and nonforfeitable during their remaining terms.

IX. Stock Options in the Event of Termination.

Unless otherwise determined by the Committee, the following shall apply to Stock Option grants under Section VI of the Plan.

- (1) *Termination of Board Membership Because of Retirement or Disability.* If a Participant's membership on the Board of Directors terminates because of Retirement or Disability, any Stock Option held by the Participant may be exercised, in whole or in part, to the extent not previously exercised, only during the period (i) beginning on the later of (A) one year after the date of grant of such Stock Option or (B) the date of termination of Board membership due to Retirement or Disability; and (ii) ending on and including the earlier of (A) the last day of the original exercise period remaining under the applicable award agreement or (B) the third anniversary of the date of termination of Board membership due to Retirement or Disability.
- (2) *Termination of Board Membership Because of Death.* If a Participant's membership on the Board of Directors terminates because of death, any Stock Option held by the Participant may be exercised, in whole or in part, to the extent not previously exercised, only during the period (i) beginning on the date of death; and (ii) ending on and including the earlier of (A) the last day of the original exercise period remaining under the applicable award agreement or (B) the third anniversary of the date of death.
- (3) *Death After Termination of Board Membership Because of Retirement or Disability.* If a Participant dies after the Participant's membership on the Board of Directors has terminated because of Retirement or Disability, any Stock Option held by the Participant may be exercised, in whole or in part, to the extent not previously exercised, only during the period (i) beginning on the date of death; and (ii) ending on and including the earlier of (A) the last day of the original exercise period remaining under the applicable award agreement or (B) the third anniversary of the date of termination of Board membership due to Retirement or Disability.
- (4) *Termination of Board Membership for Reasons other than Retirement, Disability, Death or a Change in Control.* If a Participant's membership on the Board of Directors terminates for any reason other than Retirement, Disability, Death or a Change in Control, the Stock Options held by such Participant, to the extent not previously vested, shall be forfeited at the time of such termination of Board membership.

X. Restricted Stock and Restricted Stock Units in the Event of Termination.

- (1) *Termination of Board Membership because of Retirement, Disability or Death.* If a Participant's membership on the Board of Directors terminates because of Retirement, Disability or death, the restrictions shall be lifted on all Restricted Stock and Restricted Stock Units held by the Participant.
- (2) *Termination of Board Membership for Reasons other than Retirement, Disability, Death or a Change in Control.* If a Participant's membership on the Board of Directors terminates for any reason other than Retirement, Disability, Death or a Change in Control, the Restricted Stock and Restricted Stock Units held by such Participant, to the extent not previously realized, shall be forfeited at the time of such termination of Board membership.

XI. Adjustments Upon Changes in Common Stock.

If there shall be any change in the Common Stock subject to the Plan or to any Stock Option, Restricted Stock, or Restricted Stock Unit granted thereunder through merger, consolidation, reorganization, recapitalization, stock dividend, stock split, exchange of stock, or other change in the corporate structure, appropriate adjustments shall be made in the aggregate number and kind of shares or other securities or property subject to the Plan, and the number and kind of shares or other securities or property subject to outstanding and to subsequent Stock Option, Restricted Stock, or Restricted Stock Unit grants and in the purchase price of outstanding Stock Options to reflect such changes.

XII. Plan Amendments and Termination.

The Board may amend, alter, or discontinue the Plan at any time, but no amendment, alteration, or discontinuation shall be made which would impair the rights of a Participant under a Stock Option, Restricted Stock, or Restricted Stock Unit theretofore granted, without the Participant's consent, or which would cause the Plan not to continue to comply with Rule 16b-3 under the Exchange Act, or any successor to such Rule. Subject to the above provisions, the Board shall have broad authority to amend the Plan to take into account changes in applicable securities and tax laws and accounting rules, as well as other developments.

XIII. Limitations.

Unless otherwise stated herein, the following limitations shall be applicable to Participants and their rights as stockholders.

- (1) *No Right to Continue as a Director.* Neither the Plan, nor the granting of a Stock Option, Restricted Stock, or Restricted Stock Unit nor any other action taken pursuant to the Plan, shall constitute or be evidence of any agreement or understanding, express or implied, that the Participant has a right to continue as a director for any period of time, or at any particular rate of compensation.
- (2) *No Stockholders' Rights for Stock Options.* A Participant granted a Stock Option hereunder shall have no rights as a stockholder with respect to the Common Shares covered by Stock Options granted hereunder until the date of the issuance of a stock certificate therefor, and no adjustment will be made for dividends or other rights for which the record date is prior to the date such certificate is issued.

XIV. Notice.

Any written notice to the Company required by any of the provisions of this Plan shall be addressed to the Secretary of the Company and shall become effective when it is received.

XV. General Provisions.

The following general provisions are applicable to the Plan.

- (1) The Committee may require each Person purchasing Common Shares pursuant to a Stock Option or realizing Common Stock pursuant to a grant of Restricted Stock or Restricted Stock Unit to represent to and agree with the Company in writing that such Person is acquiring the Common Shares without a view to distribution thereof. The certificates for such Common Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer. All certificates for shares of Common Stock or other securities delivered under the Plan shall be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, the New York Stock Exchange, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate references to such restrictions.
- (2) Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.
- (3) No later than the date as of which an amount first becomes includible in the gross income of the Participant for federal income tax purposes with respect to a Stock Option, Restricted Stock award, or Restricted Stock Unit award under the Plan, the Participant shall pay to the Company, or make arrangements satisfactory to the Company regarding the payment of, any federal, state, local, or

foreign taxes of any kind required by law to be withheld with respect to such amount. Subject to the consent of the Committee and to such limitations as the Committee may impose, withholding obligations may be settled with Common Stock, including Common Stock that is part of the grant that gives rise to the withholding requirement. The obligations of the Company under the Plan shall be conditioned on such payment or arrangements and the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant.

- (4) The Board intends that, except as may be otherwise determined by the Committee, any Awards under the Plan satisfy the requirements of Section 409A of the Code and related regulations and Treasury pronouncements (Section 409A) to avoid the imposition of any taxes, including additional income taxes, thereunder. If the Committee determines that an Award Agreement, payment distribution, deferral election, transaction or any other action or arrangement contemplated by the provisions of the Plan would, if undertaken, cause a Grantee to become subject to Section 409A unless the Committee expressly determines otherwise, such Award, Agreement, payment distribution, deferral election, transaction or other action or arrangement shall not be undertaken and the related provision of the Plan and/or Award Agreement will be deemed modified, or, if necessary, rescinded in order to comply with the requirements of Section 409A which is to be paid out when vested, such payment shall be made as soon as administratively feasible after the Award became vested, but in no event shall such payment be made later than 2 1/2 months after the end of the calendar year in which the Award became vested unless otherwise permitted under the exemption provisions of Section 409A.
- (5) Agreements with respect to awards pursuant to the Plan may contain, in addition to terms and conditions prescribed in the Plan, such other terms and conditions as the Committee may deem appropriate provided such terms and conditions are not inconsistent with the provisions of the Plan.
- (6) It is the Company's intent that the Plan comply in all respects with Rule 16b-3 under the Exchange Act, and any successor rule thereto.
- (7) In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
- (8) The Plan and all awards made and actions taken thereunder shall be governed by the laws of the State of Arkansas, without regard to the conflict of law provisions of any state, and shall be construed accordingly.

XVI. Effective Date and Termination of Plan.

The Plan shall become effective immediately following approval by the stockholders of the Company at the 2008 Annual Meeting of Stockholders. The Plan shall terminate on the fifth anniversary of the date of the Plan's approval by stockholders.
