\$4,390,000

Fifth Reopening of the

5.35% Senior Medium-Term Notes due August 18, 2010

Pricing Supplement No. 19 (continued)

Series: The Notes are part of a series of debt securities entitled Medium-Term Notes, Series A that we may issue under the Indenture.

This is a reopening of the Notes we initially issued on August 18, 2009. As of September 17, 2009 there was \$23,698,000 in aggregate principal amount of the Notes outstanding, not including the Notes offered by this pricing supplement. All of the Notes offered hereby pursuant to the auction (including amounts issuable under the Buy Today feature and the Institutional Up-Sizing Option) or distributed by the distribution agent under the distribution agreement, are a part of the same series of, and have the same CUSIP as, the Notes that initially settled on August 18, 2009. Upon settlement, the Notes offered by this pricing supplement will be fungible with the \$23,698,000 in aggregate principal amount of the Notes that we have previously issued.

We may re-open this series of Notes, and issue additional Notes of this series under the Indenture in the future.

Interest Accrual: Because these Notes form a part of the same series of Notes that were first issued on August 18, 2009, Investors who purchase these Notes, either through the auction platform or pursuant to the distribution agreement, will be required to pay, in addition to the applicable purchase price of the Notes, an amount equal to the interest that has accrued on the Notes from and including the Interest Accrual Date (August 18, 2009) up to, but not including, the Reopening Settlement Date (expected to be September 22, 2009). The amount of the accrued interest owed will not be applied towards an investor's individual bid limit.

Interest Payment Dates: Interest will be paid semiannually on August 18 and February 18, beginning on February 18, 2010, to holders of record as of the preceding August 4 and February 4, respectively.

Reopening Settlement Date: It is expected that the delivery of the Notes will be made against payment for the Notes on September 22, 2009, which is the third business day after the allocation of the Notes by our auction agent (the settlement cycle being referred to as T+3). You should note that if you purchase the Notes using the Buy Today feature or through the distribution agent, your settlement cycle may be longer than T+3. Trading in the Notes from the date of such purchase until settlement may be affected by this longer settlement cycle.

Day Count: 30/360

Use of Proceeds: The net cash proceeds from the sale will be used for general corporate purposes. Pending such use, we may temporarily invest net proceeds in interest-bearing, investment-grade securities.

Exchange Listing: The Notes will not be listed on any national securities exchange.

Denomination: We will issue the Notes in denominations of \$1,000 and in integral multiples thereof.

Book-Entry System: The Notes will be issued only in fully registered form without interest coupons. Beneficial interests in the Notes will be shown on, and transfers of those beneficial interest can only be made through, records maintained by the Depository Trust Company and its participants.
