3. Transact such other business as may properly come before the annual meeting or any adjournments thereof.

The accompanying proxy statement provides detailed information concerning the matters to be acted upon at the annual meeting. We urge you to review this proxy statement and each of the proposals carefully. On March 5, 2010, we posted on our Internet website, <http://www.cfpproxy.com/5439>, a copy of our 2010 proxy statement, proxy card, 2009 Summary Annual Report and our Annual Report on Form 10-K for the year ended December 31, 2009. On that day, institutional shareholders who own our stock directly in their name were mailed a notice containing instructions on how to access those documents and vote online. We also mailed this proxy statement, our proxy card and our 2009 Summary Annual Report and Annual Report on Form 10-K for the year ended December 31, 2009 to our shareholders who are individuals and own our stock directly in their own name.

Any shareholder who received paper copies of this year's proxy statement, proxy card, summary annual report and annual report will continue to receive these materials by mail. The proxy statement contains instructions on how you can (1) receive a paper copy of these materials, if you only received a Notice by mail, or (2) elect to receive these materials over the Internet, if you received them by mail this year.

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON TUESDAY, APRIL 20, 2010

We are furnishing this proxy statement to the shareholders of Renasant Corporation in connection with the solicitation of proxies by its board of directors for use at the Annual Meeting of Shareholders to be held at 1:30 p.m., Central time, on Tuesday, April 20, 2010, at the principal offices of Renasant Bank, 209 Troy Street, Tupelo, Mississippi 38804-4827, as well as in connection with any adjournments or postponements of the meeting. In this proxy statement, Renasant Corporation is referred to as Renasant, we, our, us, or the Company, and Renasant Bank is referred to as the Bank.

As permitted by Securities and Exchange Commission, or SEC, rules, we are making this proxy statement, our proxy card, our 2009 Summary Annual Report and our Annual Report on Form 10-K for the year ended December 31, 2009 available to our shareholders electronically via the Internet. On March 5, 2010, we posted these materials on our Internet website, <http://www.cfpproxy.com/5439>. On the same date, we mailed to our institutional shareholders who own our stock in their name a notice containing instructions on how to access our proxy materials and vote online (referred to as the Notice). We also mailed this proxy statement, our proxy card and our 2009 Summary Annual Report and Annual Report on Form 10-K for the year ended December 31, 2009 to our shareholders who are individuals and own our stock in their own name on the same date.

The Notice contains instructions on how to access and review all of the important information contained in the proxy statement, summary annual report and annual report. The Notice also explains how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions in the Notice for requesting such materials. If you received a paper copy of the proxy card and other proxy materials and would like to receive these materials over the Internet in the future, you should follow the instructions on the proxy card for requesting electronic delivery of our proxy materials.

VOTING YOUR SHARES

Who is soliciting proxies from the shareholders?

Our board of directors is soliciting the enclosed proxy. The proxy provides you with the opportunity to vote on the proposals presented at the annual meeting, whether or not you attend the meeting.

What will be voted on at the annual meeting?

Our shareholders will vote on the following proposals at the annual meeting:

1. The election of six Class 2 directors, who are to serve until the expiration of their respective three-year terms or until their successors are elected and qualified; and

Edgar Filing: RENASANT CORP - Form DEF 14A

2. The ratification of the appointment of HORNE LLP as our independent registered public accountants for 2010. Your proxy will also give the proxy holders discretionary authority to vote the shares represented by the proxy on any matter, other than the above proposals, that is properly presented for action at the annual meeting.

Who bears the cost of proxy solicitation?

We generally bear all costs of soliciting proxies. We have retained and pay a fee to Registrar and Transfer Company to assist in the solicitation of proxies, but we pay no separate compensation solely for the solicitation of proxies. Our directors, officers and employees may solicit proxies by telephone, mail, facsimile, via the Internet or by overnight delivery service. Our directors, officers and employees do not receive separate compensation for these services. We will also, in accordance with the regulations of the SEC, reimburse brokerage firms and other persons representing beneficial owners of our common stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners.

Table of Contents

Who can vote at the annual meeting?

Our board of directors has fixed the close of business on Wednesday, February 24, 2010, as the record date for our annual meeting. Only shareholders of record on that date are entitled to receive notice of and vote at the annual meeting. As of February 24, 2010, our only outstanding class of securities was common stock, \$5.00 par value per share. On that date, we had 75,000,000 shares authorized, of which 21,082,991 shares were outstanding.

You can vote either in person at the annual meeting (if you, rather than your broker, are the record holder of our stock) or by proxy, whether or not you attend the annual meeting. You may vote your shares by proxy via a toll-free telephone number or on the Internet. If you received a paper copy of the proxy card, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding the three methods of voting by proxy are contained on the proxy card, and instructions regarding voting on the Internet are contained on the Notice.

If you would like to attend the annual meeting in person and need directions, please contact our Director of Investor Relations by e-mail to MWaycaster@renasant.com or by phone at (662) 680-1215.

How many votes must be present to hold the annual meeting?

A quorum must be present to hold our annual meeting. A majority of the votes entitled to be cast at the annual meeting constitutes a quorum. Your shares, once represented for any purpose at the annual meeting, are deemed present for purposes of determining a quorum for the remainder of the meeting and for any adjournment, unless a new record date is set for the adjourned meeting. This is true even if you abstain from voting with respect to any matter brought before the annual meeting.

How many votes does a shareholder have per share?

Our shareholders are entitled to one vote for each share held.

What is the required vote on each proposal?

Directors are elected by plurality vote; the candidates in each class up for election who receive the highest number of votes cast, up to the number of directors to be elected in that class, are elected. Shareholders do not have the right to cumulate their votes.

The affirmative vote of a majority of the votes cast at the annual meeting is required for the ratification of the appointment of HORNE LLP as our independent registered public accountants.

How will the proxy be voted, and how are votes counted?

If you vote by proxy (either by properly completing and returning a paper proxy card or voting by telephone or on the Internet), the shares represented by your proxy will be voted at the annual meeting as you instruct, including any adjournments or postponements of the meeting. If you return a signed proxy card but no voting instructions are given, the proxy holders will exercise their discretionary authority to vote the shares represented by the proxy at the annual meeting and any adjournments or postponements as follows:

1. **FOR** the election of nominees John M. Creekmore, Jill V. Deer, Neal A. Holland, Jr., E. Robinson McGraw, Theodore S. Moll and J. Larry Young as Class 2 directors.
2. **FOR** the ratification of the appointment of HORNE LLP as our independent registered public accountants for 2010.

If you hold your shares in a broker's name (sometimes called "street name" or "nominee name"), you must provide voting instructions to your broker. If you do not provide instructions to your broker, your shares will not be voted on any matter on which your broker does not have discretionary authority to vote, which generally includes non-routine matters. A vote that is not cast for this reason is called a "broker non-vote." Broker non-votes will be treated as shares present for the purpose of determining whether a quorum is present at the meeting, but they will not be considered present for purposes of calculating the vote on a particular matter, nor will they be counted as a vote FOR or AGAINST a matter or as an abstention on the matter. The ratification of independent registered public accountants is generally considered a routine matter for broker voting purposes, but the election of directors is no longer considered a routine matter.

Edgar Filing: RENASANT CORP - Form DEF 14A

Under Mississippi law, an abstention by a shareholder who is either present in person at the annual meeting or represented by proxy is not a vote cast and is counted neither for nor against the matter subject to the abstention.

Table of Contents*How are shares in our 401(k) and employee stock ownership plans voted?*

If you are an employee of Renasant or the Bank and participate in our 401(k) plan or our employee stock ownership plan, or our ESOP, you can vote the number of shares of common stock equal to your units in the Renasant stock fund maintained in the 401(k) plan and the number of shares allocated to you under the ESOP, each determined as of the close of business on February 24, 2010. On that date, our 401(k) plan held an aggregate of 581,805 shares, or 2.76%, of our common stock, and our ESOP held an aggregate of 320,348 shares, or 1.52%, of our common stock.

The Bank is the trustee of both plans and acts as the proxy. In that capacity, the Bank votes your shares. If you do not timely furnish voting instructions, the trustee will vote your shares or units in the same proportion as the shares or units for which it receives instructions are voted.

Can a proxy be revoked?

Yes. You can revoke your proxy at any time before it is voted, including a proxy you have granted for shares or units held for your benefit in our 401(k) plan or ESOP. You revoke your proxy (1) by giving written notice to our Secretary before the annual meeting, (2) by granting a subsequent proxy either by telephone or on the Internet or (3) by delivering a signed proxy card dated later than your previous proxy. If you, rather than your broker, are the record holder of our stock, a proxy can also be revoked by appearing in person and voting at the annual meeting. Written notice of the revocation of a proxy should be delivered to the following address: Secretary, Renasant Corporation, 209 Troy Street, Tupelo, Mississippi 38804-4827.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file with the SEC and the NASDAQ Stock Market, LLC (Nasdaq) reports of ownership of our securities and changes in their ownership on Forms 3, 4 and 5. Executive officers, directors and greater than 10% shareholders are required by SEC rules to furnish us with copies of all Section 16(a) reports they file.

Based solely upon a review of the reports on Forms 3, 4 and 5 and amendments thereto furnished to us, or written representations from reporting persons that no Form 5 filing was required, we believe that during 2009 our executive officers, directors and greater than 10% owners timely filed all reports they were required to file under Section 16(a), except that one report covering one transaction for Mr. McNeel was inadvertently filed late.

BOARD OF DIRECTORS

How many directors serve on the board, and who are the current directors?

Effective as of the annual meeting, a total of 17 directors serve on our board. There are three classes of directors. H. Joe Trulove, who is not listed below, serves as a Class 3 director and will retire effective as of our annual meeting because he has reached the mandatory retirement age for directors, which is age 72. Assuming that all of our nominees for director are elected, after the annual meeting there will be a total of 18 directors on our board, with six directors in Class 1, six directors in Class 2 and six directors in Class 3. The current term of office for our Class 1 directors expires at the 2012 annual meeting, while the current term of office for our Class 2 directors expires at the 2010 annual meeting, and the current term of office for our Class 3 directors expires at the 2011 annual meeting. With the exception of Jill V. Deer, all of our directors also presently serve on the board of directors of the Bank.

Table of Contents

The following lists each director currently serving on our board and includes a brief discussion of the experience, qualifications and skills that led us to conclude that such individual should be and remain a member of our board. Also, Jill V. Deer has been nominated for election as a Class 2 director. Information about Ms. Deer is set forth below in the Proposals section under the heading *Proposal No. 1 Election of Six Class 2 Directors*.

We believe that our board of directors consists of a diverse collection of individuals who possess the integrity, education, work ethic and ability to work with others necessary to oversee our business effectively and to represent the interests of all shareholders, including the qualities listed under the question *Who serves on the nominating and governance committee, and what are its responsibilities?* below (except that Mr. McGraw and Mr. Hart are not independent under the Nasdaq Marketplace Rules). We have attempted below to highlight certain notable experience, qualifications and skills for each director, rather than provide an exhaustive catalog of each and every qualification and skill that a director possesses. Along the same lines, that we discuss a particular qualification or skill with respect to one director but not other directors should not be interpreted to mean that the other directors do not possess such qualification or skill to any extent whatsoever.

Are the directors independent?

Our board has determined that each of William M. Beasley, George H. Booth, II, Frank B. Brooks, John M. Creekmore, Albert J. Dale, III, Marshall H. Dickerson, John T. Foy, T. Michael Glenn, Richard L. Heyer, Jr., Neal A. Holland, Jr., Jack C. Johnson, J. Niles McNeel, Theodore S. Moll, Michael D. Shmerling and J. Larry Young is an independent director as defined under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. The board has also determined that Jill V. Deer, a nominee for election as a Class 2 director, will be an independent director under the Nasdaq Marketplace Rules if she is elected to the board. Finally, H. Joe Trulove, who will retire from the board effective as of the 2010 Annual Meeting of Shareholders, is an independent director, and Harold B. Jeffreys, who resigned from the board as of the 2009 annual meeting, was an independent director.

The board considered the relationships between our directors and Renasant or the Bank when determining each director's status as an independent director under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. In addition to the relationships listed below under the questions *Are directors and officers indebted to the Bank?* and *Are there any other related party transactions?* the board considered the following relationships:

We and the Bank employ Phelps Dunbar LLP, a law firm of which William M. Beasley is a partner, to provide advice in various legal areas, including employee benefits and general corporate and securities law.

The Bank employs the Creekmore Law Office, owned by John M. Creekmore, as local counsel for its community bank at Amory, Mississippi.

The Bank employs McNeel and Ballard, a law firm of which J. Niles McNeel is a partner, as local counsel for its community bank at Louisville, Mississippi.

The Bank leased a property in Nashville, Tennessee from a general partnership in which Michael D. Shmerling, is a partner. The lease expired in January, 2009.

Table of Contents

The board determined that none of these relationships affected the status of the relevant director as an independent director. Furthermore, we are not aware of any family relationships between any director, executive officer or person nominated to become a director or executive officer.

What is the board's leadership structure, and why have we selected this structure?

E. Robinson McGraw serves as chairman of the board of the Company and the Bank, while J. Larry Young serves as lead director. The members of the board who meet the definition of independent director under the Nasdaq Marketplace Rules select our lead director, except that no lead director is required to be selected if the chairman of the board qualifies as an independent director. The lead director's responsibilities are explained below.

We have chosen a board leadership structure with Mr. McGraw serving as our chairman because we believe this structure results in a single voice speaking for the Company and presents a unified and clear chain of command. Also, the chairman of the board is expected to manage the board in performing its duties and lead board discussion. As our and the Bank's President and Chief Executive Officer, Mr. McGraw is ideally positioned to provide insight on the current status of our overall operations, our future plans and prospects and the risks that we and the Bank face. Thus, the individual with the most knowledge about us and the Bank and our respective operations is responsible for leading the board's discussions. The board retains the authority to separate the positions of chairman and chief executive officer if it finds that the board's responsibilities can be better fulfilled with a different structure.

We also have a lead director. The lead director serves as an independent counterbalance to the chairman, ensuring that all of our directors' concerns are addressed and otherwise facilitating robust discussions among the entire board (which, as noted above, is comprised almost entirely of independent directors). In terms of board leadership, we view the lead director as essentially a co-equal with the chairman of the board, especially in light of Mr. Young's 28 years of service on the board. Also, at each meeting the lead director calls the board into executive session (that is, a meeting of only those directors who are independent directors under the Nasdaq Marketplace Rules) to discuss matters outside the presence of the chairman and other non-independent directors.

Our Bylaws contain a complete description of the lead director's responsibilities, but, in general, the lead director is responsible for:

- With Mr. McGraw, scheduling and setting the agenda for board meetings;
- Scheduling, setting the agenda for, and chairing all executive sessions of the independent directors of the board;
- Determining the appropriate materials to be sent to directors for all meetings;
- Acting as a liaison between the board and Mr. McGraw and our other executive officers;
- Assisting the compensation committee in evaluating Mr. McGraw's performance;
- Assisting the nominating and governance committee in assessing the board's committee structure and each committee's performance; and
- Overseeing the board's communications with our shareholders.

In addition to these specific duties, we expect the lead director to familiarize himself with the company and the banking industry in general. He also is expected to keep abreast of developments in the principles of good corporate governance. The lead director is also a member of the executive committee of the board.

What is the board's role in risk oversight?

Although the full board of directors is ultimately responsible for the oversight of our risk management processes, the board is assisted in this task by a number of its committees. These committees are primarily responsible for considering and overseeing the risks within their particular area of concern. For example, the audit committee focuses on financial reporting and operational risk. As provided in its charter, the audit committee meets regularly with management, our independent registered public accountants and our internal auditors, to discuss the integrity of our financial reporting processes and internal controls as well as the steps that have been taken to monitor and control risks related to such matters. Our loan committee is primarily responsible for credit and other risks arising in connection with our lending activities. The investment committee monitors our interest rate risk, with the goal of structuring our asset-liability composition to maximize net interest income while minimizing the adverse impact of changes in interest rates on net interest income and capital. Finally, the compensation committee, whose duties are described in more detail below, evaluates the risks that our executive compensation programs may generate.

Table of Contents

Each committee meets regularly with management to ensure that management has properly identified all of the risks within such committee's area of responsibility and is adequately monitoring, and where necessary taking appropriate action to mitigate, the applicable risks. At each board meeting, the committee chairman provides a report to the full board of directors on issues related to its risk oversight duties.

How are directors compensated?

The compensation committee recommends the compensation for our non-employee directors; our board of directors adopts or modifies the recommendation. During 2009 each non-employee director was paid a cash retainer of \$22,500, which was prorated and paid monthly. The lead director was paid an additional \$6,500 in addition to the annual fee. The chairman of the audit committee was paid \$1,000, while the other members of the audit committee were paid \$500, for each audit committee meeting attended in 2009. Except for audit committee meetings, non-employee directors were paid \$350 for each committee meeting attended. We also pay our directors fees for service on our state bank boards. During 2009, each of our non-employee directors who served on one of our state bank boards was paid a cash retainer of \$2,000, which was prorated and paid monthly. Each non-employee director was paid a \$200 fee for attendance at state bank board committee meetings. We expect to pay our non-employee directors similar fees in 2010. Directors who are also our employees receive no additional compensation for their service as directors, but they are reimbursed for any direct expenses incurred to attend our meetings.

During 2009, the Bank maintained two types of deferred compensation plans in which our non-employee directors were eligible to participate. Under one plan, the Deferred Stock Unit Plan (or the DSU Plan), deferred retainer and fees are deemed invested in units representing shares of our common stock and are credited with dividend equivalent units as and when we pay dividends. Under the other plan, the Directors' Deferred Fee Plan (or the Deferred Fee Plan), deferred retainer and fees are notionally invested in accordance with the instructions of each participating director. Investment alternatives offered under the Deferred Fee Plan include, among others, a notional investment based upon the Moody's Average Corporate Bond Rate, or the Moody's Rate, which was a weighted average interest rate of 6.65% in 2009. For deferrals made before 1989, a participating director may also direct the notional investment of such amounts in interest credited at 130% of the Moody's Rate, which was a weighted average interest rate of 8.64% in 2009. For both plans, deferral elections are made annually, before the beginning of each year, and all compensation is available for deferral. Amounts held under either plan are payable when a director ceases to serve as a member of the board or attains a specified age.

Our directors may elect coverage under the Bank's group medical and dental plans for themselves and their eligible dependents. Directors pay for coverage at the premium rates charged, from time to time, to active employees of the Company and the Bank. The Bank also provides term life and accidental death and dismemberment insurance to our directors, each with a face amount equal to \$10,000.

The following table summarizes the compensation paid to our non-employee directors during the 2009 fiscal year:

How many meetings did the board hold during 2009?

Our board held eight meetings during 2009. All directors attended at least 75% of the total number of board meetings and the meetings of the committees on which they served. The Bank's board met eight times during 2009. The members of the board who are independent directors under Nasdaq Rule 5605(a)(2) met in executive session six times during 2009.

We do not have a policy requiring director attendance at our annual meeting. All of our current directors attended the 2009 annual meeting. We expect our entire board to attend this year's annual meeting.

What committees has the board established?

In addition to the loan committee and other committees of the board, the board of directors has established an audit committee, a compensation committee and a nominating and governance committee. The composition and responsibilities of the audit committee and the nominating and governance committee are described below. The composition and responsibilities of the compensation committee are described in the Compensation Discussion and Analysis section below under the question *Who is responsible for determining executive compensation?*

As noted above, Mr. Trulove will retire from the board at the 2010 annual meeting. At that time, he will also retire from the respective committees on which he serves. Upon his resignation at the 2009 annual meeting, Mr. Jeffreys also resigned his service on the audit and compensation committees.

Who serves on the audit committee, and what are its responsibilities?

Frank B. Brooks, Marshall H. Dickerson, John T. Foy, Theodore S. Moll, Michael D. Shmerling, and J. Larry Young are the members of the audit committee. The board has determined that each member of the audit committee is an independent director as defined in Rule 5605(a)(2) of the Nasdaq Marketplace Rules and that each meets the criteria for independence in Rule 10A-3 of the Exchange Act. The board has determined that Theodore S. Moll qualifies as an audit committee financial expert under applicable SEC rules and regulations and satisfies the financial sophistication requirements under Rule 5605(c)(2)(A) of the Nasdaq Marketplace Rules. During 2009, the audit committee held 16 meetings.

The audit committee has adopted a written charter, a copy of which is available at www.renasant.com, by clicking on Corporate Overview, and then Governance Documents, and then Audit Committee Charter. The audit committee reviews our financial reporting process on behalf of the

board of directors. The audit committee's duties and responsibilities include the following:

Appointing, compensating and overseeing our independent registered public accountants;

Table of Contents

Monitoring the integrity of our financial reporting process and system of internal controls;
Monitoring the independence and performance of our independent registered public accountants and internal auditing department;
Pre-approving all auditing and permitted non-audit services provided by our independent registered public accountants;
Providing an avenue of communication among our independent registered public accountants, management, the internal auditing department, and the board of directors; and
Establishing procedures for (1) the receipt, retention and treatment of complaints we receive regarding accounting, internal accounting controls or auditing matters, and (2) the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

Who serves on the nominating and governance committee, and what are its responsibilities?

The nominating and governance committee interviews, evaluates, nominates and recommends individuals for membership on our board of directors and the board's committees. The members of the nominating and governance committee are John M. Creekmore, Marshall H. Dickerson, Neal A. Holland, Jr., Jack C. Johnson, Theodore S. Moll, Michael D. Shmerling and J. Larry Young. Each of the current members of the nominating and governance committee is an independent director as defined under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. During 2009, the nominating and governance committee held four meetings.

The nominating and governance committee has adopted a written charter, a copy of which is available at www.renasant.com, by clicking on [Corporate Overview](#), and then [Governance Documents](#), and then [Nominating and Governance Committee Charter](#).

The nominating and governance committee evaluates potential new directors based upon the needs of the board and the Company. The committee's objective is to craft a board composed of individuals with a broad mix of backgrounds and experiences and possessing, as a whole, all of the skills and expertise necessary to guide a publicly-traded company like us in the prevailing business environment. The committee uses the same criteria to assess all candidates for director, whether proposed by the committee itself, by a shareholder or otherwise. In addition to the eligibility requirements in our Bylaws, the criteria include, without limitation, whether the candidate possesses the following qualifications and qualities:

Independence for purposes of Rule 5605(a)(2) of the Nasdaq Marketplace Rules and SEC rules and regulations;
Experience in banking, or in marketing, finance, legal, accounting or other professional disciplines;
Familiarity with and participation in the local communities in which we do business;
Prominence and reputation in his or her profession;
Record of honest and ethical conduct, personal integrity and independent judgment;
Ability to represent the interests of our shareholders; and
Ability to devote time to the board of directors and to enhance their knowledge of our industry.

Neither the board nor the nominating and governance committee has adopted a formal policy with regard to the consideration of diversity when evaluating candidates for election to the board. However, the nominating and governance committee believes that board membership should reflect diversity in its broadest sense, and so it does consider a candidate's experience, education, geographic location and difference of viewpoint when evaluating his or her qualifications for election to the board. Whenever the nominating and governance committee evaluates a potential candidate, the committee considers that individual in the context of the composition of the board as a whole.

Usually, nominees for election to the board are proposed by members of our existing board. The nominating and governance committee also considers candidates that shareholders and others recommend. In 2009, the nominating and governance committee anticipated the need to replace Mr. Trulove upon his retirement and undertook a search for a replacement. In light of Mr. Jeffreys' retirement at the 2009 annual meeting, the committee decided that the board would benefit from a second individual with knowledge of our Alabama markets, in addition to Mr. Holland. Mr. Holland recommended Ms. Deer for election as a director, and the nominating and governance committee approved this recommendation. Shareholder recommendations should be addressed to: Secretary, Renasant Corporation, 209 Troy Street, Tupelo, Mississippi 38804-4827. Your recommendations must be submitted to us no earlier than December 21, 2010, and no later than January 20, 2011, for consideration as a possible nominee for election to the board at our 2011 annual meeting.

Table of Contents

The specific requirements of our advance notice and eligibility provisions, which apply to shareholder recommendations of candidates for director, are set forth in Article III, Section 9 of our Bylaws, as amended, a copy of which is available upon request. Among other things, however, a shareholders' notice must include the following information as to each nominee:

The reason for making the nomination;

All arrangements or understandings between or among the recommending shareholder(s) and the nominee, as well as any information that would have to be disclosed under Item 404 of Regulation S-K if the recommending shareholder (and any beneficial owner on whose behalf the recommendation has been made) was the registrant;

All information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in a contested election pursuant to Regulation 14A under the Exchange Act; and

The nominee's written consent to being named in the proxy statement and to serve as a director if elected.

The shareholders' notice must also set forth the name and address of the nominating shareholder and information relating to, among other things (1) all direct and indirect ownership interests (including hedges, short positions and derivatives) and economic interest in our stock (such as rights to dividends) and all proxies to vote our stock held by the nominating shareholder, and (2) all other information that the shareholder would be required to disclose under Section 14 of the Exchange Act in connection with the solicitation of proxies by such shareholder. If a shareholder intends to recommend a nominee for election as director, or proposes any other business for consideration at an annual meeting, on behalf of the beneficial owner of the shares that the recommending shareholder is the record owner of, the recommending shareholder must also provide the information described above with respect to the beneficial owner.

How does the board respond to shareholder questions?

The board has not adopted a formal procedure that you must follow to send communications to it, but it does have informal procedures, described below, which it believes adequately facilitate shareholder communications with the board.

Shareholders can send communications to the board by contacting our Director of Investor Relations in one of the following ways:

By writing to Renasant Corporation, 209 Troy Street, Tupelo, Mississippi 38804-4827; Attention: Director of Investor Relations;

By e-mail to MWaycaster@renasant.com; or

By phone at (662) 680-1215.

If you request information or ask questions that can more efficiently be addressed by management, our Director of Investor Relations will respond to your questions instead of the board. The Director of Investor Relations will forward to the audit committee any communication concerning employee fraud or accounting matters and will forward to the full board any communication relating to corporate governance or those requiring action by the board of directors.

Are directors and officers indebted to the Bank?

Certain of our directors and officers, businesses with which they are associated, and members of their immediate families are customers of the Bank and have entered into loan transactions with the Bank. In the opinion of the board of directors, these transactions were made in the ordinary course of the Bank's business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and do not involve more than the normal risk of collectability or present other unfavorable features.

Table of Contents

Are there any other related party transactions?

The Bank employs the son of R. Rick Hart, who is an executive vice president, a member of our board of directors and the president of the Tennessee Division of the Bank, as a vice president. Mr. Hart's son was an employee of Capital prior to the merger and continues to work in the same capacity at our branch located in Nashville, Tennessee. His salary is consistent with the salary paid to similarly-situated employees of the Bank.

What are our policies and procedures for the review, approval and ratification of related party transactions?

We expect our directors, officers and employees to act and make decisions that are in our best interests and encourage them to avoid situations which present a conflict between our interests and their own personal interests. Under our code of ethics, our directors, officers and employees are prohibited from taking any action that may make it difficult for them to perform their duties, responsibilities and services to us in an objective and fair manner. A copy of our Code of Ethics is available at www.renasant.com under Code of Ethics.

The entire board of directors is responsible for reviewing and approving or ratifying all material transactions between us and our subsidiaries with any related party. To identify related party transactions, each year we require our directors and officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their immediate family members have an interest. When the board reviews, approves or ratifies related party transactions, the director associated with the matter must abstain from voting and, typically, is not present while discussions and deliberations are held. Related parties include any of our directors or executive officers, and their immediate family members. The types of transactions that must be reviewed and approved include extensions of credit and other business relationships.

We review related party transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with our interests. Our Code of Ethics requires all directors, officers and employees who may have a potential or apparent conflict of interest to immediately notify the chairman of the audit committee. Other than our Code of Ethics, our related party transaction policy is not in writing.

Are there any legal proceedings involving a director and Renasant or the Bank?

We are not aware of any current legal proceedings involving any of our directors and either the Bank or us.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

This Compensation Discussion and Analysis section, or CD&A, describes the Company's compensation program for our named executive officers, or NEOs. Our NEOs for 2009 are Mr. McGraw, Mr. Johnson, Mr. Hart, Mr. Waycaster and Mr. Ross. The total amount of all compensation we paid to our executives during 2009 determines who is treated as a NEO for that year.

As more fully described below, our compensation committee is charged with establishing, reviewing and administering our executive compensation program, including making recommendations to the board about the compensation of our named executive officers. Except as may be limited by applicable law, stock exchange rules and its charter, the compensation committee may delegate its authority to the extent it deems necessary or appropriate. Responsibility for the ministerial or day to day administration of our executive compensation program has been delegated to officers of the Bank.

Who is responsible for determining executive compensation?

The compensation committee recommends to our board the amount and type of compensation for our named executive officers and our directors, but the members of our board who are independent directors, as defined under Rule 5605(a)(2) of the Nasdaq Marketplace Rules, finally determine the amount and type of compensation that is payable to our NEOs. The committee consists of Frank B. Brooks, John M. Creekmore, Albert J. Dale, III, T. Michael Glenn, Neal A. Holland, Jr., J. Larry Young and J. Niles McNeel, who is the chairman. Each member of the compensation committee is an independent director. Each member is also a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act. The compensation committee meets with the frequency necessary to perform its duties and responsibilities. The committee met a total of five times during 2009.

The compensation committee has adopted a written committee charter that details its authority, powers and responsibilities, a copy of which is available at www.renasant.com, by clicking on "Corporate Overview", and then "Governance Documents", and then "Compensation Committee Charter". The committee periodically reviews the charter and makes appropriate revisions.

Table of Contents

The compensation committee usually determines its recommendations for our named executive officers' compensation for the year at its January meeting or in December of the previous year. At this meeting, the committee evaluates the performance of our NEOs during the past year and then determines its recommendations for base salaries and individual grants of stock options and awards of restricted stock for the upcoming year. Recommendations for grants and awards for our 2009 fiscal year were made at the committee's December, 2008 meeting; similar recommendations for our 2010 fiscal year were made at the committee's January, 2010 meeting. In each case, the committee's recommendations were adopted by the independent directors of the board at its December, 2008 and its January, 2010, meeting, respectively. In addition, at this meeting, the committee determines the amount of our NEOs' annual cash bonuses for the year about to conclude and, to the extent any equity compensation for that year was contingent on the attainment of performance goals, determines whether and to what extent the goals have been satisfied.

Role of Our Officers. Our executive officers compile and provide information, make recommendations, and assist in the management and administration of our executive compensation plans. Their responsibilities may include, but are not limited to, the following:

- Recommending pay levels and option grants and restricted stock awards for key executive officers, other than our chief executive officer;
- Recommending changes to ensure that our compensation programs remain competitive and aligned with our objectives; and
- Providing information and data to the committee, including but not limited to (1) information concerning Company and individual performance, (2) information concerning the attainment of our strategic objectives, (3) the common stock ownership of each executive and his option holdings, (4) information about equity compensation plan dilution, (5) quantification of all forms of compensation payable to our executives, and (6) peer group compensation and performance data.

Our executive officers may attend meetings at the request of the committee, except that Mr. McGraw is not present during the deliberations of his compensation. A portion of each of the five meetings held during 2009 was an executive session during which none of our executive officers was present.

Using Compensation Consultants. The compensation committee has the authority to engage compensation consultants to assist it in determining the amount and/or form of executive compensation. The committee did not retain any consultants in 2009.

What are the objectives of our compensation program?

The fundamental purpose of our executive compensation program is to assist us in achieving our financial and operating performance objectives. Specifically, our compensation program has three basic objectives:

- To attract, retain and motivate our executive officers, including the named executive officers;
- To reward executives upon the achievement of measurable corporate, business unit and individual performance goals; and
- To align each executive's interests with the creation of shareholder value.

What are the specific elements of the compensation program, and what are they intended to address and reward?

Our compensation program consists of five elements:

Base salary: This element is intended to directly reflect an executive's job responsibilities and his value to the Company; we also use this element to attract and retain our executives and, to some extent, reward each executive for his individual efforts in furthering our strategic goals.

Annual short-term cash incentives: The annual cash bonus is one of the performance-based elements of our compensation; it is intended to motivate our executives and to provide a current or immediate reward for short-term (annual) measurable performance.

Equity-based incentives: Grants of stock options and awards of restricted stock are the most important methods we use to align the interests of our named executive officers with the interests of our shareholders; they are also another element of performance-based compensation, which rewards measurable performance, both on a long-term basis (stock options) and on a

short-term basis (restricted stock).

Table of Contents

Perquisites, welfare benefits and retirement plans: These benefits and plans are intended to attract and retain qualified executives by ensuring that our compensation program is competitive and provides an adequate opportunity for retirement savings; to a limited degree these programs tend to reward long-term service and loyalty to the Company.

Change in control arrangements: These arrangements provide a form of severance that is payable in connection with a change in control of the Company. They are primarily intended to align the interests of our executives with our shareholders by providing a secure financial transition in the event of termination in connection with or following a change in control.

Do we benchmark total compensation or any element of compensation?

No. We do not believe it is appropriate to determine total compensation, or any element of compensation, based primarily on benchmarking, which is the practice of setting compensation based upon the amount of (or a percentage of) the compensation for similarly-situated executives at other companies similar in size, industry and other characteristics. We do, however, review information about compensation practices at similar companies to ensure that our compensation remains at competitive and responsible levels. In 2009, the peer group we used for these limited purposes included 18 publicly-traded financial institutions located primarily throughout the southeastern United States, which are listed below. The following table provides information about the demographics of this peer group:

<u>Demographic</u>	<u>Range</u>		<u>Median</u>
Total assets	\$2.3 billion	\$7.7 billion	\$2.5 billion
Market value of stock	\$.3 billion	\$1.4 billion	.5 billion
Net income	\$19 million	\$102 million	33 million

Peer group companies: AMCORE Financial, Inc.; BancFirst Corporation (OK); Bank of the Ozarks, Inc.; Capital City Bank Group Inc.; First Bancorp (NC); First Merchants Corp.; Hancock Holding Co.; IberiaBank Corp.; Old Second Bancorp Inc.; Privatebancorp Inc.; Prosperity Bancshares Inc.; Republic Bancorp Inc. (KY); Sandy Spring Bancorp Inc.; SCBT Financial Corp.; Seacoast Banking Corp. of Florida; Simmons First National Corporation; Sterling Bancshares Inc.; Texas Capital BancShares Inc.; and United Bankshares Inc. (WI).

How are the relative amounts of each element of compensation determined?

The compensation committee does not use a specific formula to determine the amount of each element of our compensation program. Instead, the committee evaluates the total compensation proposed to be paid to each executive and makes individual compensation recommendations that provide for significant exposure to equity, an appropriate mix of short-term and long-term rewards and a substantial performance-based component. In determining the form of compensation to be paid, whether equity or cash, the committee considers with respect to each executive (1) amounts accumulated and payable in cash from our retirement plans, (2) amounts to be paid as severance under employment or similar agreements, and (3) current holdings of our common stock. As to the balance between short-term and long-term rewards, the committee does not use a fixed percentage. Instead, the committee evaluates the various short-term and long-term goals that have been set for the Company and the particular executive's ability to impact such goals, within the overall context of the total compensation that the committee believes is appropriate for such executive. The committee has not adopted specific stock ownership or holding guidelines that would affect its recommendations.

For the 2009 fiscal year, an average of 6.11% of our NEO's aggregate total compensation was paid in the form of equity, as stock options. This percentage was smaller than the percentage of equity compensation historically paid because awards of performance-based restricted stock did not vest and were forfeited.

What percentage of our named executive officers' total compensation was subject to the attainment of performance goals?

Cash bonuses and restricted stock awards are subject to performance goals. The following table illustrates the percentages of each NEO's total compensation that was subject to performance based objectives for the 2009 fiscal year and is subject to performance based objectives for the 2010 fiscal year. For both years, the percentages in the table are based on the target level of performance.

Table of Contents

Named <u>Executive Officer</u>	Total Performance Pay as a Percentage of Total Compensation	
	2009 <u>Fiscal Year</u>	2010 <u>Fiscal Year</u>
E. Robinson McGraw	39.78%	38.54%
Stuart R. Johnson	23.45%	22.72%
R. Rick Hart ⁽¹⁾	13.84%	14.86%
C. Mitchell Waycaster	25.95%	24.91%
Michael D. Ross	26.91%	26.64%

⁽¹⁾ Mr. Hart's performance pay as a percentage of his compensation, when determined without regard to his contractual retention payments, is similar to that of our other NEOs.

The committee concluded that these levels of performance based compensation created meaningful incentives to motivate our NEOs to achieve our financial and operating objectives while maintaining a reasonable level of compensation even if the performance goals were not achieved. Reflecting the economic downturn affecting the United States in general and the financial sector in particular, our diluted earnings per share decreased 23.7%, and our net revenue per share decreased 4.5%. As a result, threshold performance goals for our 2009 fiscal year were not attained. Therefore, our NEOs did not receive cash bonuses, and they forfeited their restricted stock awards.

How is base salary determined and adjusted?

Considerations. Unless adjustments are fixed under an employment or similar agreement, the committee reviews and recommends the adjustment of base salary annually. Adjustments are based upon a review of a variety of factors, including the following:

- Individual, Company, Bank and division performance, measured against quantitative and qualitative goals;
- Duties and responsibilities; and
- Compensation paid by our peer group.

2009 Fiscal Year Decisions. The 2009 base salary of our named executive officers is included in the Summary Compensation Table that follows this section. In light of the Company's financial performance in 2008 and reflecting our efforts to control expenses, senior management recommended base salaries not be increased in 2009. The committee accepted management's recommendations; accordingly, base salaries for our NEOs did not increase from 2008 to 2009, and Mr. Hart agreed to waive the 5% increase in his base salary that is otherwise required under the terms of his employment agreement.

2010 Fiscal Year Decisions. Similar to 2009, our NEOs' base salaries were not increased from 2009 to 2010, except as to Mr. Hart, who received the 5% increase in his base salary required under his employment agreement. As a result, the 2010 base salaries for Mr. McGraw, Mr. Johnson, Mr. Waycaster and Mr. Ross, which are set forth below, are the same as the base salaries paid during the Company's 2009 fiscal year, and Mr. Hart's salary represents only a 5% increase from 2009:

Named Executive Officer	2010 Base Salary
E. Robinson McGraw	\$ 410,000
Stuart R. Johnson	250,000
R. Rick Hart	373,747
C. Mitchell Waycaster	258,000
Michael D. Ross	255,000

How is the annual cash bonus determined?

Considerations. Our annual bonus is made through our Performance Based Rewards Plan, or our Bonus Plan, under which annual cash bonuses may be paid to all of our executives. Each year, the annual bonus for our named executive officers is determined using the following process:

Edgar Filing: RENASANT CORP - Form DEF 14A

Before or at the beginning of each fiscal year, the compensation committee (1) determines the performance goals for the year, which may relate to our performance, Bank or division performance, the performance of each executive, or a combination thereof, (2) sets threshold, target and superior levels of performance, and (3) determines bonus amounts, expressed as a percentage of base compensation, payable upon the attainment of each performance level.

Table of Contents

At the end of each fiscal year, the committee determines actual performance and the amount of the bonus payable to each executive. If actual performance falls between performance levels, the committee prorates the amount of the incentive to reflect partial performance. No incentive is paid if threshold levels are not attained. The board of directors reviews and approves (or modifies) the committee's recommendations regarding bonus payments.

After the determination of the bonus amount, the compensation committee may, in its discretion, adjust the amount to ensure that it accurately reflects performance, although it has not yet elected to do so.

2009 Fiscal Year Decisions. The performance goals below were adopted by the committee to reflect performance at threshold, target and superior levels for our 2009 fiscal year, which it believed were measures likely to result in enhanced shareholder value:

Company		Threshold	Target	Superior
Performance Goal	Weight	Performance Level	Performance Level	Performance Level
Growth in diluted earnings per share	60% of incentive	20.24% growth	24.63% growth	29.02% growth
Growth in net revenue per share	40% of incentive	-0.57% growth	0.02% growth	0.60% growth

As a percentage of each executive's base salary, the committee also determined that the amounts below would be paid for performance at the designated threshold, target, and superior levels. The committee believed that these amounts were appropriate in light of the corresponding level of Company growth required to achieve each goal.

Named	Threshold	Target	Superior
Executive Officer	Performance Level	Performance Level	Performance Level
E. Robinson McGraw	32.5% of base salary	65% of base salary	130% of base salary
Each of the other NEOs	15% of base salary	30% of base salary	60% of base salary

For our 2009 fiscal year, the threshold performance levels set by the committee were not met for the reasons explained above. Accordingly, our NEOs did not receive cash bonuses.

2010 Fiscal Year Decisions. For the 2010 fiscal year, performance goals and their respective weights are again based upon growth in diluted earnings per share and growth in net revenue per share, although the growth percentages at the threshold, target and superior levels have been adjusted to reflect our expected 2010 performance. The percentage of each executive's base salary payable in the form of a cash incentive is the same as for the 2009 fiscal year.

How is equity compensation determined and paid?

Considerations. Equity compensation is granted or awarded under our LTIP, our 2001 Long-Term Incentive Plan, in the form of stock options and restricted stock. The committee uses equity compensation to create both short-term and long-term incentives that align the interests of our executives with the interests of our shareholders. The committee uses restricted stock to provide immediate alignment of executive and shareholder interests. We believe this alignment occurs because our executives become shareholders from the date of award and thus immediately benefit from increases in our stock price. The committee uses options to incent longer-term performance because options have value only to the extent our share price increases over time.

Table of Contents

In determining the overall amount of equity compensation, as well as the relative amounts of stock options and restricted stock to be granted and awarded, the committee considers the following criteria as to each named executive officer:

- The position, responsibility and prior performance of each executive;
- The executive's ability to affect corporate performance on a long-term and short-term basis;
- The value of grants or awards in relation to other elements of total compensation; and
- The number of shares of our common stock that he currently owns, whether directly or beneficially.

The committee's practice is to recommend grants or awards for a fiscal year at the end of the immediately preceding fiscal year or in January of such fiscal year, irrespective of whether or not we are in possession of material non-public information at that time. Ordinarily, our board reviews the recommendations and makes the final grants and awards early in the fiscal year. The committee believes that the practice of making grants and awards about the same date each year precludes any inference that we are attempting to manipulate the timing of our stock option grants and restricted stock awards to take advantage of non-public information. We do not backdate options or grant options retroactively.

Options. The exercise price for stock options cannot be less than fair market value, which is defined in our LTIP as the closing sales price of our common stock on the date immediately preceding the grant date. Unless the board otherwise provides, options vest and become exercisable in equal installments over a three-year period, and lapse or expire ten years after the grant date. The vesting of options is accelerated and an executive's options remain exercisable for not less than six months following a change in control of the Company.

Restricted Stock. Unless the board otherwise provides, restricted stock awards to our named executives are subject to a one-year service vesting requirement and the attainment of performance goals during the service period. Shares are awarded in increasing amounts for threshold, target and superior performance, using the same performance goals applicable to our annual cash bonus. Shares in the target amount are issued at the beginning of each fiscal year. The issued shares may not be sold, pledged or otherwise transferred until the end of the fiscal year. The target shares are subject to forfeiture if threshold performance goals or the service condition is not satisfied; the number of target shares may be increased or decreased at the end of the fiscal year for actual performance in relation to the target level. The target shares vest, free of restrictions, in the event of a change in control of the Company. Recipients of restricted stock awards are entitled to dividend and voting rights with respect to the target shares during the service vesting period.

2009 Fiscal Year Decisions. The Summary Compensation Table and the Grants of Plan Based Awards table, which follow this discussion, each provide specific information about the options granted and restricted stock awarded for the 2009 fiscal year and the number of shares of restricted stock issuable in the event of threshold, target or superior performance. With respect to the options granted, the committee concluded that the number and service-based vesting conditions, which were substantially consistent with prior practice, provided an appropriate incentive not directly contingent upon the Company's short-term performance or current market conditions. The 2009 performance criteria applicable to the restricted stock awards were the same as the performance criteria applicable to our annual cash bonuses, which are summarized above. During our 2009 fiscal year, the threshold level of performance was not attained. As a result, our NEOs forfeited the restricted stock awarded to them for our 2009 fiscal year.

2010 Fiscal Year Grants and Awards. On January 20, 2010, the committee recommended and our board granted to our named executive officers an aggregate of 52,500 stock options and awarded to them an aggregate of 15,000 shares of restricted stock at the target level. The 2010 performance criteria applicable to restricted stock awards are the same as the performance criteria applicable to our annual cash bonuses, which are summarized above. The exercise price of the options is the average of the open and close quoted sales prices of our common stock on the date of the grant as quoted on The NASDAQ Global Select Market, which was nominally greater than fair market value as defined in our LTIP.

How are perquisites, welfare and retirement plans integrated into our compensation program?

Perquisites. Perquisites comprise a small part of our total compensation package. The main perquisites we provide are the payment of country club dues and an automobile allowance or use of a company-owned automobile. Although these perquisites involve incidental personal value, we believe both are necessary to advance our business purposes. The compensation committee annually reviews the level of perquisites that our named executive officers receive to ensure that the amount of perquisites remains at a reasonable level.

Table of Contents

Under Mr. Hart's employment agreement, he is entitled to receive retention payments in the aggregate amount of \$759,600. Payments are made in four annual installments, provided Mr. Hart is employed on each payment date. Payment of the retention amount will be accelerated in the event of Mr. Hart's death, disability or involuntary termination of employment without cause or constructive termination. The second installment in the amount of \$194,900 was paid to Mr. Hart on January 9, 2009, and the third installment in the amount of \$184,900 was paid to Mr. Hart on January 8, 2010.

Welfare Benefits. We maintain a number of broad-based benefit plans that are available to all of our employees, including group medical, dental and life insurance plans, some of which are contributory. Our NEOs may participate in these plans.

Retirement Benefits. We offer our eligible employees, including our named executive officers, participation in a tax-qualified defined contribution 401(k) plan, which allows savings for retirement on a tax deferred basis. We provide matching contributions, up to 4% of compensation deferred, and we contribute 5% of each eligible employee's plan compensation and an additional 5% of plan compensation in excess of the Social Security wage base, subject to certain limits imposed under the plan and applicable law. Our contributions are subject to the completion of a six-year incremental vesting period. The plan provides for the distribution of account balances following termination of employment, generally in the form of a single sum. The Summary Compensation Table includes information about our contributions for the 2009 fiscal year.

We also sponsor a noncontributory tax-qualified defined benefit or pension plan. Prospective benefit accruals under the plan ceased as of December 31, 1996. Mr. McGraw, Mr. Johnson and Mr. Waycaster have vested benefits accrued under the plan. Mr. Hart and Mr. Ross are not eligible to and did not participate in the plan. Vested plan benefits are paid monthly at either early or normal retirement. Mr. McGraw and Mr. Johnson have satisfied the age and service conditions for early retirement because they have attained age 55 and are credited with at least 15 years of service. The Pension Benefits table following this section illustrates the value of benefits accrued under the plan.

We maintain an ESOP, under which employer contributions are held and invested in our common stock. This plan was amended in April, 2002, to provide that no additional participants would be added and no further employer contributions would be made. Mr. McGraw, Mr. Johnson and Mr. Waycaster have vested account balances under the ESOP that will be distributed following termination of employment.

We also maintain two voluntary deferred compensation arrangements for our executives, the DSU Plan (in which our directors may also participate) and the Executive Deferred Income Plan (or the Deferred Income Plan). The Nonqualified Deferred Compensation Table that follows this section reflects deferrals under both of these plans made during our 2009 fiscal year. For each plan, deferral elections are made annually, before the beginning of each year.

As described earlier, under the DSU Plan, deferred amounts are invested in units representing shares of our common stock and credited with dividend equivalents as and when dividends are paid on our shares. All cash compensation is eligible for deferral, subject to the reservation of an amount necessary to satisfy applicable withholding obligations, any deferrals under our 401(k) plan and insurance premiums and similar payroll deductions. Account balances are distributed in the form of shares of our common stock following termination of employment.

Under the Deferred Income Plan, each executive annually elects to defer not more than 40% of his base salary. Deferred amounts are credited to a bookkeeping account and notionally invested in accordance with the instructions of each executive from among designated investment alternatives, including an interest rate investment that is credited at 100% of the Moody's Rate, which was a weighted average rate of 6.65% for 2009. The Moody's interest rate investment was the only investment alternative selected by our NEOs for 2009 deferrals. Amounts deferred before 1989 can remain invested in a notional interest rate investment credited at 130% of the Moody's Rate, which was a weighted average interest rate of 8.64% for 2009. Benefits equal to each participant's account balance and are paid upon termination of employment. Distributions are made on the schedule selected by each participant at the time of deferral, but not more than 15 annual installments. Participants in the plan as of December 31, 2006, including Mr. McGraw, Mr. Johnson and Mr. Waycaster, may receive a preretirement death benefit greater than their account balances.

Finally, in connection with our acquisition of Capital, we assumed two arrangements that benefit only Mr. Hart:

Two supplemental executive retirement plans, or SERPs, which provide for the payment of 15 equal annual installments upon his retirement at age 65 or death. Mr. Hart has accrued and is vested in an annual benefit in the amount of \$106,700. The maximum aggregate annual benefit payable from the SERPs is \$155,000, in which Mr. Hart will accrue and be vested upon his death, attainment of age 65 or his involuntary termination of employment without cause, constructive termination or in the event of a change in control.

A death benefit in the amount of \$65,454, which is funded and payable through an endorsement method split dollar life insurance arrangement. In 2009, we paid Mr. Hart \$8,754 to terminate our obligation under this agreement.

Have we entered into employment, severance, change in control or other agreements with our named executive officers?

Yes. We have entered into employment agreements with Mr. McGraw and Mr. Hart. We have entered into change in control agreements with Mr. Johnson, Mr. Waycaster and Mr. Ross. These individuals are our most senior executives and play an integral role in our success. We believe these arrangements operate to create a retention device and to ensure that personal concerns do not impede transactions that may be in the best interests of our shareholders, such as a sale of Renasant to a third party. The material terms of these arrangements are described in the Potential Payments Upon Termination or Change in Control section below.

How do tax, accounting and other statutes or regulations affect the compensation paid to our named executive officers?

Section 162(m). Section 162(m) of the Internal Revenue Code of 1986, as amended or the Code, limits to \$1 million in any tax year the deduction a company may claim for compensation paid to each of its chief executive and four other highest paid officers. For purposes of calculating the \$1 million limit, compensation made subject to certain performance-based conditions is excluded. Our base salary and annual cash bonuses are subject to the Section 162(m) limit. Options granted and restricted stock awarded under our LTIP may be structured as performance-based compensation that is not subject to the limit. Restricted stock awarded to Mr. McGraw, whose award may vest at the target level without regard to the attainment of performance goals if our employment agreement with him expires without renewal, is not intended to be performance based compensation. Because our compensation structure includes a significant amount of performance-based compensation, the committee intends that all amounts paid to our NEOs will be fully deductible, but the committee and the board have reserved the flexibility to award compensation that may exceed the limitation.

Other Statutes, Regulations and Authorities. Section 409A of the Code and the regulations and related guidance govern the taxation of deferred compensation. The rules apply to our deferred compensation plans, the SERPs, and certain payments and benefits under our employment and change in control agreements. We have operated our deferred compensation plans and arrangements in a manner consistent with the provisions of Section 409A, and we have timely amended our affected agreements and plans.

Financial Accounting Standards Board Accounting Standards Codification Topic 718, Stock Compensation (Topic 718), establishes accounting requirements for share-based compensation to employees and carries forward prior guidance on accounting for awards to non-employees. Under Topic 718, we are required to recognize compensation expense for all share-based payments to our employees, including our named executive officers.

Finally, we elected not to participate in the U.S. Treasury Department's Capital Purchase Program, which is part of the federal government's Troubled Asset Relief Program, or TARP. Accordingly, our executives are not subject to the executive compensation limitations imposed under the Capital Purchase Program.

What are the compensation committee's conclusions with respect to the 2009 fiscal year?

The compensation committee has concluded that (1) the compensation paid to our NEOs for our 2009 fiscal year was reasonable and was not excessive and (2) their actual compensation reinforced the primary objectives of our compensation program—assisting the company in achieving its financial and operating performance objectives. These conclusions are based, in substantial part, upon the performance-based aspects of our compensation. A substantial portion of our NEOs' total compensation was subject to the attainment of certain performance goals which the committee believed would enhance long-term shareholder value. Because our results for the 2009 fiscal year did not satisfy even the threshold levels of performance, our NEOs did not receive an annual cash bonus, and they forfeited the performance-based restricted stock awarded to them. And, as the Summary Compensation Table below indicates, the overall compensation paid to each of our NEOs either declined or remained essentially flat in 2009 as compared to 2008. The committee has determined that this outcome indicates that its compensation package appropriately aligns our NEOs' compensation with the overall performance of the Company.

Table of Contents

- (1) Includes amounts deferred under the DSU Plan and the Deferred Income Plan.
- (2) We do not pay discretionary bonuses; annual cash bonuses are awarded under our Bonus Plan and are included in the Non-Equity Incentive Plan Compensation column. The payment to Mr. Hart represents the 2008 and 2009 installments of his contractual retention bonus.
- (3) The dollar amount of restricted stock awards and stock option grants reflects the aggregate fair value determined as of the date of award or grant, in each case calculated in accordance with Topic 718. Restricted stock awards are subject to performance conditions. The amounts listed in the table reflect the probable outcome of the conditions determined as of the date of award; the amount listed is the value of the target award, which is consistent with our estimate of the aggregate compensation cost that would be recognized over the applicable service period, excluding forfeitures, under Topic 718. The award date fair value of restricted stock awards in 2009, assuming the superior performance conditions were satisfied, was \$191,588, \$38,318, \$38,318, \$57,476 and \$63,863 for Mr. McGraw, Mr. Johnson, Mr. Hart, Mr. Waycaster and Mr. Ross, respectively. Since the threshold performance levels were not attained, our NEOs actually forfeited their 2009 restricted stock awards. Please refer to Note L, Employee Benefits and Deferred Compensation, in the Notes to Consolidated Financial Statements in Item 8, Financial Statements and Supplementary Data, of our Annual Report on Form 10-K for the year ended December 31, 2009 for details regarding the assumptions used to derive the fair value of our restricted stock and stock options.
- (4) Reflects annual cash bonuses payable under our Bonus Plan, all or a portion of which may be deferred under our deferred compensation plans. No cash bonuses were paid to our NEOs in 2009.
- (5) The listed amounts reflect above-market earnings on amounts deferred under the Deferred Income Plan. Earnings are considered above market if the interest rate earned on the deferred amounts exceeded 120% of the applicable federal long-term rate with compounding. Above-market earnings in 2009 were \$6,757, \$3,296, \$3,188 and \$704 for Mr. McGraw, Mr. Johnson, Mr. Hart and Mr. Waycaster, respectively. Mr. Ross does not participate in the Deferred Income Plan. For Mr. McGraw, Mr. Johnson and Mr. Waycaster, the amount listed in the table for 2009 also includes the change in the present value of his benefit under our pension plan in 2009, which was \$34,854, \$17,066, and \$11,135, respectively. For Mr. Hart, the amount listed in the table also includes the change in the present value of the accumulated benefit under his SERPs for 2009, which was \$188,938.
- (6) Consists of term life and disability insurance premiums of \$8,525, Company credits to the Deferred Income Plan of \$5,794, dividends on restricted stock of \$5,100, an allowance for the use of an automobile of \$21,684, country club dues of \$7,425, and Company contributions to our 401(k) plan in the amount of \$27,100.
- (7) Consists of term life and disability insurance premiums of \$3,692, dividends on restricted stock of \$1,020, country club dues of \$2,860, and Company contributions to our 401(k) plan in the amount of \$27,100.
- (8) For 2009, the amount consists of term life and disability insurance premiums of \$5,740, an auto allowance of \$1,595, country club dues of \$8,234, dividends on restricted stock of \$1,020, an \$8,754 payment to terminate his endorsement method split dollar agreement, and Company contributions to the 401(k) plan in the amount of \$27,100. For 2007, the amount includes a payment in the amount of \$775,281, which was provided in connection with our acquisition of Capital and Capital Bank.
- (9) Consists of term life and disability insurance premiums of \$2,737, dividends on restricted stock of \$1,530, country club dues of \$5,905, and Company contributions to our 401(k) plan in the amount of \$27,100.
- (10) Consists of term life and disability insurance premiums of \$1,862, dividends on restricted stock of \$1,700, country club dues of \$5,640, an auto allowance of \$8,916 and Company contributions to our 401(k) plan in the amount of \$27,100.

Pension and SERP Benefits. The following table includes information about benefits accrued under the Bank's tax-qualified pension plan and Mr. Hart's SERPs. Benefit accruals under the Bank's tax-qualified pension plan ceased as of December 31, 1996. As described above, Mr. McGraw and Mr. Johnson have satisfied the age and service conditions for early retirement. Mr. Hart and Mr. Ross do not participate in the tax-qualified pension plan. We assumed the SERPs maintained by Capital for the benefit of Mr. Hart in connection with our acquisition of Capital. The CD&A above provides a general description of these plans.

Plan Grants and Awards. The following table includes information about performance levels for annual cash bonuses payable under our Bonus Plan, our non-equity incentive plan, and option grants and restricted stock awards made under our LTIP, our equity incentive plan. In 2009, payouts under our non-equity incentive plan and restricted stock awarded under the LTIP were contingent upon growth in diluted earnings per share and net revenue. For the 2009 fiscal year, our diluted earnings per share decreased 23.7%, and our net revenue per share decreased 4.5%, both of which were less than the threshold performance level. As a result, our NEOs did not vest in any restricted stock, nor were any cash bonuses paid. The CD&A above provides a general description of the material terms of incentives payable under the Bonus Plan and the material terms of stock option grants and restricted stock awards under the LTIP.

- (1) Reflects cash incentive payouts calculated under the Bonus Plan. No cash incentives were actually paid with respect to our 2009 fiscal year, as indicated on the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column.
- (2) The exercise price equaled the closing market price of a share of our common stock on the grant date.
- (3) Restricted stock awards are subject to performance conditions. The amounts listed in the table reflect the probable outcome of the conditions determined as of the date of award; the amount listed is the value of the target award, which is consistent with our estimate of the aggregate compensation cost that would be recognized over the applicable service period, excluding forfeitures, under Topic 718.
- (4) This line item reflects restricted stock awards under our LTIP. In 2009, restricted stock awards were forfeited in their entirety.
- (5) This line item reflects stock option grants under our LTIP. Stock options are not subject to adjustment based upon performance conditions; instead, options vest ratably over a three-year service period.

Unexercised Options. The following table includes information about unexercised options held by our named executive officers at the end of the 2009 fiscal year. These options were granted under our LTIP, except for 39,243 options granted to Mr. Hart which we assumed in connection with our acquisition of Capital. The exercise price below is at least equal to our stock's fair market value. Under our LTIP, fair market value means the closing market price of a share of our common stock as quoted on The NASDAQ Global Select Market on the date immediately preceding the grant date. Options vest ratably over a three-year vesting period; vesting is accelerated in the event of a change in control.

(1) The entire amount listed as each named executive officers' contribution is included in either the Salary or Non-Equity Incentive Plan Compensation column, as applicable, of the Summary Compensation Table.

(2) Amounts in this column include amounts reported as compensation in our Summary Compensation Table for 2007, 2008 and 2009. For Mr. McGraw, the amount includes \$7,800 reported in each of 2007 and 2008, for Mr. Ross, the amount includes \$5,000 reported in 2008.

Potential Payments Upon Termination or Change in Control

We have entered into change in control arrangements with each of our NEOs. The provisions applicable to Mr. McGraw and Mr. Hart are included in their employment agreements; the arrangements for Mr. Johnson, Mr. Waycaster and Mr. Ross are included in individual change in control agreements.

Edgar Filing: RENASANT CORP - Form DEF 14A

The following narrative and table describes the compensation and benefits payable to each of our named executive officers in the event of retirement, disability, death, involuntary and voluntary termination of employment, and change in control. The narrative and table are based upon the terms of our employment agreements with Mr. McGraw and Mr. Hart and our change in control agreements with Mr. Johnson, Mr. Waycaster and Mr. Ross, all as in place as of December 31, 2009.

Table of Contents

We have neither described nor quantified below payments and benefits that are generally available to all employees upon the termination of employment, such as vested benefits payable from our tax-qualified pension and retirement plans, accrued but unpaid compensation and accrued vacation pay, and long-term disability benefits funded through group insurance. Also, amounts that are vested and are or may become payable notwithstanding the circumstances of an executive's termination of employment, such as each executive's balances under our deferred compensation plans and Mr. Hart's accrued and vested benefits under his SERPs, are not described in the narrative or quantified in the table. A description of our deferred compensation plans and the SERPs is included in the CD&A above.

Applicable Covenants. As consideration for the payments described below, Mr. McGraw and Mr. Hart are subject under their employment agreements to certain restrictive covenants limiting their activities after termination, and Mr. Johnson, Mr. Waycaster and Mr. Ross are subject to analogous covenants under their change in control agreements. Generally, each executive may not solicit any of our officers, employees, customers or depositors and may not compete with us, in any capacity, after his termination in any location where we have an office on the date of termination. The length of the non-solicitation and non-competition period is two years for each of Mr. McGraw, Mr. Johnson, Mr. Waycaster and Mr. Ross and one year for Mr. Hart.

Retirement. Generally, an executive retires when he voluntarily terminates his employment between ages 55 and 65. Except as provided below, we do not provide our executives with specific retirement payments or benefits:

Any vested options granted under our LTIP will remain exercisable during the one-year period following an executive's retirement, which is defined in our LTIP as a termination of employment after an executive has attained age 55 and completed ten years of service;

If an executive retires during our fiscal year, a prorated portion of an executive's target restricted stock award will vest upon his retirement if applicable performance goals are attained;

For certain employees employed by the Company as of December 31, 2004, we provide continuation coverage under our group medical plan until age 65, and we pay a portion of the premium; from among our NEOs, only Mr. McGraw and Mr. Johnson are eligible to receive this benefit; and

If an executive retires during our fiscal year, he will receive his annual cash bonus under our Performance Based Rewards Plan, prorated to reflect his period of service during the year in which his retirement occurs.

Only Mr. McGraw and Mr. Johnson have satisfied the Company's retirement conditions. If Mr. McGraw had retired on December 31, 2009, he would have received his annual cash bonus under the Bonus Plan, and his restricted stock awards would have vested, both based upon the Company's actual performance during the 2009 fiscal year. In addition, he would have received retiree medical benefits with an annual value of \$10,048. If Mr. Johnson had retired on December 31, 2009, he would have received his annual cash bonus, and his restricted stock awards would have vested, both based upon the Company's actual performance during the 2009 fiscal year. He would also have received retiree medical benefits with an annual value of \$6,653. As previously described in the CD&A, for 2009, no bonus was paid, and all restricted stock awards were forfeited.

Death and Disability. We provide term life insurance coverage for each of our named executive officers. The amount of this coverage is in excess of the amounts we otherwise provide to our employees.

In the event of death or disability, each executive will vest in a prorated portion of his target restricted stock award if applicable performance goals are attained, and any vested options will remain exercisable during the one-year period following his death or disability. Each executive will also receive his target award under our Bonus Plan, prorated to reflect his actual service during the year in which his death or disability occurs, payable after the end of the Company's fiscal year in which such death or disability occurs.

Under the SERPs we assumed in connection with our Capital acquisition, Mr. Hart vests in his maximum annual benefit upon his death, which is an aggregate of \$155,000 payable annually for a period of 15 years. Under our employment agreement with Mr. Hart, any retention payments remaining to be paid vest and become payable following his death or disability.

Termination for Cause and Voluntary Termination. Under the arrangements we maintain with each of our executive officers, no benefits or payments vest or become payable upon an involuntary termination of employment for cause or voluntary termination, except as provided above in the event of retirement. We will pay or provide any benefits previously accrued and vested under our tax-qualified plans and our deferred compensation plans and any additional benefits required by law to be provided.

Table of Contents

Cause has substantially the same definition in our employment agreements with Mr. McGraw and Mr. Hart and under our individual change in control agreements. Generally, cause includes (1) the executive's commission of willful misconduct materially injurious to us, (2) his indictment for a felony or a crime involving moral turpitude, (3) the willful breach of his applicable agreement that is not cured after notice, and (4) the willful failure to perform the duties of his position with the Company.

Constructive Termination and Involuntary Termination Without Cause. Under our employment agreement with Mr. McGraw, if he is involuntarily terminated without cause or in the event of his constructive termination, he will receive:

His base compensation for the remainder of his employment term, but not less than two times his annualized base compensation;
His target bonus;
Company premium contributions for the period of continuation coverage available to him and his eligible dependents under Section 4980B of the Code, commonly referred to as COBRA; and
Full vesting in the target number of shares of restricted stock awarded for the year of his termination, if any.

Mr. Hart will receive similar benefits under his employment agreement and LTIP grants and awards if he is involuntarily terminated without cause or in the event of his constructive termination:

His base compensation for the remainder of his employment term, but not less than his annualized base compensation;
His target bonus;
COBRA premiums for the continuation coverage period available to him and his eligible dependents;
Any remaining retention payments;
Full vesting in the maximum benefit payable under his SERPs for the year of his termination; and
Prorated vesting in the target number of shares of restricted stock awarded for the year of his termination, subject to the attainment of performance conditions.

Under both Mr. McGraw's and Mr. Hart's employment agreements, the above payments will be made in two equal installments: one-half seven months after termination, and the other half six months thereafter. Their employment agreements also have the same definition of constructive termination, which includes (1) a reduction in the executive's base compensation or his authority, duties or responsibilities, (2) our breach of the employment agreement, (3) an attempt to require the executive to engage in an illegal act (or to illegally fail to act), or (4) the relocation of the executive more than 30 miles from where he currently works.

Change in Control. Upon the occurrence of a change in control, any outstanding options granted under our LTIP vest and are immediately exercisable, and any transfer, vesting or performance requirements imposed upon restricted stock awards are deemed satisfied and lapsed at the superior performance level.

Additional change in control benefits require a double trigger, which refers to both the occurrence of a change in control and a subsequent termination of employment. We believe that these double-triggers help lessen the personal concerns that may arise in the context of a change in control, while preventing our executives from receiving a windfall solely because a change in control has occurred. The term change in control generally refers to: (1) the acquisition by an unrelated person of not less than 50% of our common stock; (2) the sale of all or substantially all of our assets; (3) a merger in which we are not the surviving entity; or (4) a change in a majority of the members of our board of directors that occurs within a specified period. An executive's employment must be involuntarily terminated without cause or on account of good reason (which is defined substantially the same as constructive termination) during the 24-month period following a change in control.

Under the terms of our employment agreements with Mr. McGraw and Mr. Hart, we provide the following payments and benefits:

299% of annualized base compensation and average bonus; and
Company premium contributions for the COBRA continuation period.

Mr. Hart is also entitled to receive any remaining retention payments and full vesting of the maximum benefit payable under his SERPs.

Table of Contents

Mr. McGraw will receive a gross-up payment to compensate for any excess parachute payment excise tax imposed under Section 4999 of the Code on account of his change in control payments and benefits. We will pay to Mr. McGraw the principal amount of the excise tax, increased by the amount of any income or employment taxes due with respect to our excise tax payment. Mr. Hart's employment agreement does not include a gross-up provision. Instead, we will pay all of his change in control amounts and benefits only if their aggregate value, after deduction for all taxes, has a materially greater aggregate value than the aggregate value of the payments and benefits reduced to the extent necessary to avoid the imposition of the excise tax.

Under the terms of our change in control agreements with Mr. Johnson, Mr. Waycaster and Mr. Ross, we provide the following payments and benefits:

200% of annualized base compensation and average bonus for the two years preceding the change; and
Company premium contributions for the COBRA continuation period.

This amount is payable in a lump sum promptly after termination (or six months thereafter if necessary to comply with Code Section 409A and applicable regulations promulgated thereunder). If the value of all benefits and payment due in connection with a change in control are subject to the excise tax on excess parachute payments imposed under Section 4999 of the Code, the benefits and payments will be reduced to the extent necessary to avoid the imposition of the tax.

Termination and Change in Control Payments. The following table quantifies the termination and change in control payments described above. In each circumstance, we have assumed termination on December 31, 2009.

REPORT OF THE AUDIT COMMITTEE

The information provided in this section shall not be deemed to be soliciting material or to be filed with the SEC or subject to its proxy regulations or to the liabilities of Section 18 of the Exchange Act. The information provided in this section shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act.

The audit committee oversees our financial reporting process on behalf of the board of directors. Management has the primary responsibility for the preparation, consistency and fair presentation of the financial statements, the accounting and financial reporting process, the systems of internal control, and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Management is also responsible for its assertion on the design and effectiveness of our internal control over financial reporting. Our independent registered public accountants are responsible for performing an audit in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB, to obtain reasonable assurance that our consolidated financial statements are free from material misstatement and expressing an opinion on the conformity of the financial statements of the Company with U.S. generally accepted accounting principles. The internal auditors are responsible to the audit committee and the board of directors for testing the integrity of the financial accounting and reporting control systems and such other matters as the audit committee and the board of directors determine.

In fulfilling its oversight responsibilities, the committee reviewed and discussed with management the audited financial statements of the Company for the year ended December 31, 2009 and management's assessment of the design and effectiveness of our internal control over financial reporting as of December 31, 2009. The discussion addressed the quality, and not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The committee reviewed and discussed with the independent registered public accountants, who are responsible for expressing an opinion on the conformity of the audited financial statements of the Company with U.S. generally accepted accounting principles, their judgments as to the quality of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards including, without limitation, the matters required to be discussed by Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU §380), as adopted by the PCAOB in Rule 3200T. In addition, the committee has received the written disclosures and the letter from the independent registered public accountants required by applicable requirements of the PCAOB regarding the independent auditor's communications with the audit committee concerning independence, has discussed with the independent registered public accountants, the auditors' independence from management and the Company, and has considered the compatibility of non-audit services with the auditors' independence.

The committee discussed with our internal and independent registered public accountants the overall scope and plans for their respective audits. The committee meets with the internal and independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The committee held 16 meetings during 2009.

In reliance upon the reviews and discussions referred to above, the committee recommended to the board of directors (and the board has approved) that the audited financial statements and the report on management's assessment of internal control over financial reporting be included in our Annual Report on Form 10-K for the year ended December 31, 2009 for filing with the Securities and Exchange Commission.

Who are our independent registered public accountants?

The audit committee has appointed HORNE LLP to serve as our independent registered public accountants for the 2010 fiscal year. A representative of HORNE LLP is expected to attend the annual meeting. If present, the representative will have the opportunity to make a statement and will be available to respond to appropriate questions. HORNE LLP has served as our independent registered public accountants and audited our financial statements since 2005.

What fees were paid to the independent registered public accountants in 2009 and 2008?

Fees related to services performed for us by HORNE LLP in fiscal years 2009 and 2008 are as follows:

	2009	2008
Audit Fees ⁽¹⁾	\$ 521,325	\$ 526,585
Audit-Related Fees ⁽²⁾	4,250	6,750
Tax Fees		
All Other Fees		
Total	\$ 525,575	\$ 537,335

⁽¹⁾ Audit fees included fees and expenses associated with the audit of our annual financial statements, the reviews of the financial statements in our quarterly reports on Form 10-Q, and regulatory and statutory filings.

⁽²⁾ Audit-related fees primarily included regulatory filings and other required procedures.

In accordance with the procedures set forth in its charter, the audit committee pre-approves all auditing services and permitted non-audit services (including the fees and terms of those services) to be performed for us by our independent registered public accountants prior to their engagement with respect to such services, subject to the de minimis exceptions for non-audit services permitted by the Exchange Act, which are approved by the audit committee prior to the completion of the audit. For fiscal years 2009 and 2008, none of the fees listed under Audit-Related Fees were covered by the de minimis exception. The chairman of the audit committee has been delegated the authority by the committee to pre-approve the engagement of the independent registered public accountants when the entire committee is unable to do so. The chairman must report all such pre-approvals to the entire audit committee at the next committee meeting.

PROPOSALS

What are the voting procedures?

Shares represented by your proxy will be voted in accordance with your instructions at the annual meeting. If you return a paper proxy card signed but without any voting instructions, the proxy holders will vote your proxy (1) **FOR** the nominees listed for director below and (2) **FOR** the ratification of HORNE LLP as our independent registered public accountants for 2010. If for any reason one or more of the nominees is not available as a candidate for director, an event that the board of directors does not anticipate, the proxy holders will vote, in their discretion, for another candidate or candidates nominated by the board.

Directors are elected by a plurality vote; the nominees in each class who receive the highest number of votes cast, up to the number of directors to be elected in that class, are elected. The affirmative vote by a majority of the votes cast at the annual meeting is required for the ratification of the appointment of HORNE LLP as our independent registered public accountants.

You are entitled to one vote for each share held.

Proposal No. 1 Election of Six Class 2 Directors

The six Class 2 directors elected at our annual meeting will serve a three-year term, or until the 2013 annual meeting. The board has nominated for election as Class 2 directors:

John M. Creekmore
Jill V. Deer
Neal A. Holland, Jr.
E. Robinson McGraw
Theodore S. Moll
J. Larry Young

Except for Jill V. Deer, each nominee presently serves as a member of our board, and biographical information about them is set forth above in the Board of Directors section under the question *How many directors serve on the board, and who are the current directors?* Ms. Deer's background and qualifications are as follows:

Background: Since 2001, Ms. Deer has served as a principal of Bayer Properties, LLC, a full service real estate company based in Birmingham, Alabama that develops and manages commercial real estate. Ms. Deer joined Bayer Properties in 1999 to serve as executive officer and general counsel of the Company. Prior to that time, she was a partner in a large regional law firm in Birmingham practicing in the area of commercial real estate finance.

Experience/Qualifications/Skills: The Birmingham metropolitan area is the largest metropolitan area in Alabama and one of our key growth markets. Ms. Deer's knowledge and experience in this market will help us develop strategies to further expand our presence in Birmingham. Furthermore, Ms. Deer's professional experience will give the Board an additional resource in understanding the risks and trends associated with the commercial and residential real estate.

Our board of directors unanimously recommends a vote FOR the election of each of the six nominees for Class 2 director to the board of directors.

Proposal No. 2 Ratification of the appointment of HORNE LLP as our independent registered public accountants for 2010.

We are asking our shareholders to ratify the selection of HORNE LLP as our independent registered public accountants for 2010. Although current law, rules and regulations, as well as the charter of the audit committee, require the audit committee to engage, retain, and supervise our independent registered public accountants, we view the selection of the independent registered public accountants as an important matter of shareholder concern and thus are submitting the selection of HORNE LLP for ratification by shareholders as a matter of good corporate practice.

If our shareholders fail to ratify this appointment, the audit committee will reconsider whether to retain HORNE LLP and may retain that firm or another firm without resubmitting the matter to our shareholders. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered public accountant at anytime during the year if it determines that such change would be in our best interests and in the best interests of our shareholders.

Our board of directors unanimously recommends a vote FOR the ratification of HORNE LLP as our independent register public accountants for 2010.
