**Airgas Reports Strong Second Quarter Earnings; Raises Full Year Guidance**

Adjusted diluted EPS\* of \$0.83, which excludes \$0.05 of special items, up 22% over prior year

Same-store sales up 9% over prior year

Adjusted operating margin\* of 12.0%, expansion of 40 basis points over prior year

Year-to-date free cash flow\* of \$179 million; year-to-date adjusted debt\* reduction of \$127 million

Full-year adjusted diluted EPS\* guidance raised to \$3.22 to \$3.32 from \$3.15 to \$3.30, representing a 20% to 24% increase over prior year  
**RADNOR, PA   October 26, 2010** Airgas, Inc. (NYSE: ARG), the largest U.S. distributor of industrial, medical, and specialty gases, and related supplies, today reported net earnings of \$66.6 million, or \$0.78 per diluted share, for its second quarter ended September 30, 2010. Excluding legal and professional fees and other costs of \$0.03 per diluted share\*\* related to an unsolicited takeover attempt, debt extinguishment charges of \$0.01 per diluted share, and multi-employer pension plan withdrawal charges of \$0.01 per diluted share, adjusted earnings per diluted share\* were \$0.83, an increase of 22% from adjusted earnings per diluted share\* of \$0.68 in the prior year. Prior year GAAP earnings per share of \$0.65 included debt extinguishment charges of \$0.02 per diluted share and multi-employer pension plan withdrawal charges of \$0.01 per diluted share.

Second quarter sales were \$1.06 billion, a sequential increase of 1% compared to the first quarter on the same number of selling days. Compared to the prior year, total same-store sales increased 9% in the quarter, with hardgoods up 12% and gas and rent up 7%. Acquisitions contributed 1% sales growth over the prior year.

Our business continued to strengthen in our second quarter, reflecting broad-based improvement in most of our geographies and customer segments, and with the greatest strength in manufacturing, said Airgas Chief Executive Officer Peter McCausland. Hardgoods same-store sales accelerated noticeably this quarter as compared to gas and rent same-store sales, which is a trend consistent with an economic recovery. While revenues have not yet recovered to pre-recession levels, we are experiencing favorable leverage on sales growth and are achieving near record results for earnings and margins.

Adjusted operating margin\* for the quarter improved year-over-year to 12.0% from 11.6%, driven by operating leverage on sales growth and continued cost discipline. Sequentially, adjusted operating margin\* was down slightly from 12.3% in the first quarter, reflecting 30 basis points of incremental impact from the commencement of SAP system conversions in July.

With solid revenue growth and effective cost management, we drove second quarter adjusted EPS that exceeded our guided range, and that matched the second-best earnings quarter in Airgas history, McCausland added. Our SAP implementation is proceeding as planned, and our robust business momentum positions us to continue delivering earnings growth and strong cash flow.

Year-to-date free cash flow\* was \$179 million at the end of the second fiscal quarter, driven by adjusted cash from operations\* of \$290 million and a 120 basis point year-over-year reduction in capital expenditures as a percent of sales, to 5.5%. Adjusted debt\* at the end of the quarter was \$1.7 billion, reflecting a reduction of more than \$127 million year-to-date.

#### **Guidance Update**

The Company expects adjusted earnings per diluted share\* for the third quarter to increase 17% to 23% from \$0.65 in the prior year to \$0.76 to \$0.80, which includes \$0.01 per diluted share of incremental expense associated with its SAP implementation. The sequential decline from the second quarter in adjusted earnings per diluted share reflects normal seasonal declines in the All Other Operations business segment as well as the impact of holidays and two fewer selling days in the third quarter, partially offset by continued business growth in the Distribution business segment.

For the full fiscal year 2011, the Company expects adjusted earnings per diluted share\* to increase 20% to 24% from \$2.68 in the prior year to \$3.22 to \$3.32, which includes \$0.11 per diluted share of incremental expense associated with SAP implementation. The third quarter and fiscal 2011 guidance excludes debt extinguishment charges, multi-employer pension plan withdrawal charges, and costs and charges related to the unsolicited takeover attempt.

Given our strong performance and expectations for steady growth, we raised our fiscal 2011 guidance, which now represents a year-over-year increase of 24% to 28% in underlying earnings before SAP costs, added McCausland. We remain on track to beat our calendar 2012 earnings goal of at least \$4.20 per share, and we strongly believe that there is tremendous value to be realized for our stockholders through the continued execution of our business strategies.

The Company will conduct an earnings teleconference at 11:00 a.m. Eastern Time on Tuesday, October 26. The teleconference will be available by calling (888) 359-3613. #### **Forward-Looking Statements**

This press release may contain statements that are forward looking, as that term is defined by the Private Securities Litigation Reform Act of 1995 or by the Securities and Exchange Commission (SEC) in its rules, regulations and releases. These statements include, but are not limited to: expectations for third quarter adjusted earnings per diluted share to be in the range of \$0.76 to \$0.80, which includes \$0.01 per diluted share of incremental expense associated with the SAP implementation; expectations for adjusted earnings per diluted share for fiscal 2011 to be in the range of \$3.22 to \$3.32, which includes \$0.11 per diluted share of incremental expense associated with the SAP implementation; third quarter and fiscal 2011 guidance excluding the impact of debt extinguishment charges, multi-employer pension plan withdrawal charges, and costs and charges related to the unsolicited takeover attempt; our robust business momentum positioning us well for continued earnings growth and strong cash flow; our expectations for steady growth;

the value to be realized for our stockholders through the continued execution of our business strategies; and our ability to beat our calendar 2012 earnings goal of at least \$4.20 per share. Forward-looking statements also include any statement that is not based on historical fact, including statements containing the words believes, may, plans, will, could, should, estimates, continues, anticipates, intends, expects, expressions. We intend that such forward-looking statements be subject to the safe harbors created thereby. The Company notes that forward-looking statements made in connection with a tender offer are not subject to the safe harbors created by the Private Securities Litigation Reform Act of 1995. The Company is not waiving any other defenses that may be available under applicable law. All forward-looking statements are based on current expectations regarding important risk factors and should not be regarded as a representation by us or any other person that the results expressed therein will be achieved. We assume no obligation to revise or update any forward-looking statements for any reason, except as required by law. Important factors that could cause actual results to differ materially from those contained in any forward-looking statement include: adverse changes in customer buying patterns resulting from deterioration in current economic conditions; weakening in the operating and financial performance of our customers, which can negatively impact our sales and our ability to collect our accounts receivable; postponement of projects due to economic developments; customer acceptance of price increases; the success of implementing and continuing our cost reduction programs; our ability to achieve anticipated acquisition synergies; supply cost pressures; increased industry competition; our ability to successfully identify, consummate, and integrate acquisitions; our continued ability to access credit markets on satisfactory terms; significant fluctuations in interest rates; increases in energy costs and other operating expenses eroding planned cost savings; higher than expected implementation costs of the SAP system; conversion problems related to the SAP system that disrupt our business and negatively impact customer relationships; the impact of tightened credit markets on our customers; the impact of changes in tax and fiscal policies and laws; the potential for increased expenditures relating to compliance with environmental regulatory initiatives; the impact of new environmental, healthcare, tax, accounting, and other regulation; continued potential liability under the Multiemployer Pension Plan Amendments Act of 1980 with respect to our participation in or withdrawal from multi-employer pension plans for our union employees; the timing of economic recovery in the U.S. economy; the effect of catastrophic events; political and economic uncertainties associated with current world events; business disruptions associated with Air Products' unsolicited takeover attempt; and other factors described in the Company's reports, including its March 31, 2010 Form 10-K, subsequent Form 10-Q, and other forms filed by the Company with the SEC.

Consolidated statements of earnings, condensed consolidated balance sheets, consolidated statements of cash flows, and reconciliations of non-GAAP financial measures follow below.

#### Additional Information

This press release does not constitute an offer to buy or solicitation of an offer to sell any securities. In response to the tender offer commenced by Air Products Distribution, Inc., a wholly owned subsidiary of Air Products and Chemicals, Inc., Airgas has filed a solicitation/recommendation statement on Schedule 14D-9 with the U.S. Securities and Exchange Commission (SEC). **INVESTORS AND SECURITY HOLDERS OF AIRGAS ARE URGED TO READ THESE AND OTHER DOCUMENTS FILED WITH THE SEC CAREFULLY IN THEIR ENTIRETY BECAUSE THEY CONTAIN IMPORTANT INFORMATION.** Investors and security holders may obtain free copies of these documents and other documents filed with the SEC by Airgas through the web site maintained by the SEC at <http://www.sec.gov>. ## Notes:

- a) On April 1, 2010, the Company adopted new accounting guidance which affected the presentation of its trade receivables securitization program. Under the new guidance, proceeds received under the securitization are treated as secured borrowings. Previously, they were treated as proceeds from the sale of trade receivables. The Company participates in a trade receivables securitization agreement with three commercial banks. Funding under the agreement was \$295 million at both September 30, 2010 and March 31, 2010. Beginning on April 1, 2010, the Company recognized the trade receivables and the borrowings they collateralize on its balance sheet. Additionally, new borrowings under the trade receivables securitization agreement are classified as financing activities on the Company's statement of cash flows. Prior to April 1, 2010, they were treated as proceeds from the sale of trade receivables and reflected net of collections on the statement of cash flows as operating activities. With respect to the Company's statement of earnings, the amounts previously recorded within the line item Discount on securitization of trade receivables, which represented the difference between the proceeds from the sale and the carrying value of the receivables under the securitization agreement, are now reflected within Interest expense, net consistent with the new accounting treatment.
- b) On September 13, 2010, the Company entered into a new four-year \$750 million revolving credit facility (the New Credit Facility). The New Credit Facility consists of a \$650 million U.S. dollar revolving credit line and a \$100 million (U.S. dollar equivalent) multi-currency revolving credit line. The maturity date of the New Credit Facility is September 13, 2014. Under circumstances described in the New Credit Facility, the revolving credit line may be increased by an additional \$325 million, provided that the multi-currency revolving credit line may not be increased by more than an additional \$50 million. Approximately \$515 million was available to the Company under the New Credit Facility at September 30, 2010.
- c) In connection with the entry into the New Credit Facility, the Company terminated its \$1.7 billion credit facility (the Prior Credit Facility), which was scheduled to mature on July 25, 2011. All obligations outstanding under the Prior Credit Facility were repaid using proceeds of the New Credit Facility and other funds. In connection with the early termination of the Company's Prior Credit Facility, the Company recognized a loss of \$640 thousand associated with deferred financing costs. Additionally during the current quarter, the Company repurchased \$5 million of its 7.125% senior subordinated notes that mature on October 1, 2018. The repurchase resulted in a loss on the extinguishment of debt of \$581 thousand related to the redemption premium and the write-off of deferred financing costs associated with the issuance of the notes. For the current quarter, the Company recognized a total of \$1.2 million (\$770 thousand after tax) of losses on the extinguishment of debt. Year-to-date, the Company has recognized \$4.2 million (\$2.6 million after tax) of losses on the extinguishment of debt.
- d) As collective bargaining agreements (CBAs) came up for renewal, the Company actively negotiated the withdrawal from multi-employer defined benefit pension plans (MEPP) replacing those retirement plans for CBA employees with defined contribution plans. As part of the withdrawal from a MEPP, the Company is required to fund its portion of the MEPP's unfunded pension obligation. The ultimate amount of the withdrawal liability assessed by the MEPP is impacted by a number of factors, including investment returns, benefits levels, and continued participation by other employers in the MEPP. The computation of the Company's portion of a plan's unfunded obligation may take up to 24 months for the pension plan administrators to prepare. As a result, the Company has recorded estimated liabilities for these withdrawals based on the latest information available to it from the plans. During the current quarter, the Company received revised estimated withdrawal liabilities from two plan administrators which

resulted in additional charges of \$1.4 million (\$870 thousand after tax). The second quarter charges bring the year-to-date costs related to MEPP withdrawals to \$4.6 million (\$2.8 million after tax). These charges were reflected in selling, distribution and administrative expenses. Through fiscal 2012, three remaining CBAs, covering approximately 30 employees who participate in MEPPs, will come up for renewal.

- e) In February 2010, Air Products & Chemicals, Inc. made an unsolicited public proposal to acquire the Company, and subsequently commenced a tender offer. Costs related to the unsolicited takeover attempt represent legal and professional fees and other costs incurred in response to this action.
  
- f) Certain reclassifications were made to the Consolidated Statements of Earnings for the prior period to conform to the current period presentation. These reclassifications resulted in increasing revenue and selling, distribution and administrative expenses and reducing cost of products sold (excluding depreciation). These reclassifications were the result of conforming the Company's accounting policies in conjunction with its SAP implementation and were not material. Consolidated operating income and net earnings for the prior period were not impacted by the reclassifications.
  
- g) Business segment information for the Company's Distribution and All Other Operations business segments is presented below. Corporate operating expenses are generally allocated to each business segment based on sales dollars. However, the legal and professional fees and other costs incurred as a result of Air Products' unsolicited takeover attempt were not allocated to the Company's business segments, and are reflected in the eliminations and other column below:

Guidance for adjusted earnings per diluted share excludes debt extinguishment charges, multi-employer pension plan withdrawal charges, and costs and charges related to the unsolicited takeover attempt. Adjustments to earnings per diluted share guidance for the year ending March 31, 2011, reflect charges and costs recognized through September 30, 2010.

The Company believes that adjusted earnings per diluted share provides investors meaningful insight into the Company's earnings performance without the impact of debt extinguishment charges, multi-employer pension plan withdrawal charges, and costs and charges related to Air Products' unsolicited takeover attempt. Non-GAAP numbers should be read in conjunction with GAAP financial measures, as non-GAAP metrics are merely a supplement to, and not a replacement for, GAAP financial measures. It should be noted as well that our adjusted earnings per diluted share metric may be different from adjusted earnings per diluted share metrics provided by other companies.

Adjusted Operating Margin

Reconciliations and computations of adjusted operating margin:

(Dollars in thousands)	September 30, 2010	Three Months Ended June 30, 2010	September 30, 2009
Net sales	\$ 1,061,663	\$ 1,052,656	\$ 965,091
Operating income	\$ 121,765	\$ 122,751	\$ 109,817
Operating margin	11.5%	11.7%	11.4%
Plus:

<b>Free Cash Flow</b>	<b>\$ 179,214</b>	<b>\$ 223,280</b>

The Company believes that free cash flow and adjusted cash from operations provide investors meaningful insight into the Company's ability to generate cash from operations, which is available for servicing debt obligations and for the execution of its business strategies, including acquisitions, the prepayment of debt, the payment of dividends, or to support other investing and financing activities. Non-GAAP numbers should be read in conjunction with GAAP financial measures, as non-GAAP metrics are merely a supplement to, and not a replacement for, GAAP financial measures. It should be noted as well that our free cash flow and adjusted cash from operations metrics may be different from free cash flow and adjusted cash from operations metrics provided by other companies.

Adjusted Debt

Reconciliations and computations of adjusted debt:

(In thousands)	September 30, 2010	March 31, 2010
Current portion of long-term debt	\$ 10,624	\$ 10,255
Long-term debt, excluding current portion	1,666,918	1,499,384
<b>Total book debt</b>	<b>1,677,542</b>	<b>1,509,639</b>
