Dear Stockholder:

You are cordially invited to join us at the 2011 Annual Meeting of Stockholders of The Cooper Companies, Inc., which will be held at 9:00 a.m. (AST) on March 16, 2011 at the Ritz-Carlton Hotel, 6961 Avenue Of The Governors, San Juan, Puerto Rico.

At the meeting, we will ask our stockholders to vote on proposals to elect a Board of Directors, to ratify the Audit Committee's appointment of our independent registered public accounting firm for the current fiscal year, and to approve the amendment and restatement of our Amended and Restated 2007 Long-Term Incentive Plan (the 2007 Long-Term Incentive Plan) and our 2006 Long-Term Incentive Plan for Non-Employee Directors (the 2006 Directors Plan). We will also ask our stockholders to make advisory votes on the compensation of our named executive officers and the frequency with which such a vote will be subject to stockholder vote.

Your vote is important to us and we hope that you will take this opportunity to participate in the affairs of the company. Whether or not you plan to attend the meeting, we urge you to read the accompanying materials regarding matters to be voted on at the Annual Meeting and use the proxy card and instructions to submit your vote by proxy. You may vote using the proxy card by completing, signing and dating it, then returning it by mail. Also, most of our stockholders may now vote their shares by phone or through the internet. If phone or internet voting is available to you, instructions will be included on your proxy card. If you submit a proxy card and then you wish to change your vote or you choose to attend the meeting and wish to vote your shares in person, you may revoke your proxy. Additional information about voting your shares is included in the Proxy Statement.

We look forward to seeing you at the Annual Meeting.

Sincerely,

A. Thomas Bender

Chairman of the Board of Directors

THE COOPER COMPANIES, INC.

6140 Stoneridge Mall Road, Suite 590

Pleasanton, CA 94588

The Cooper Companies, Inc., a Delaware corporation, will hold its Annual Meeting of Stockholders, or the Annual Meeting, on March 16, 2011, at the Ritz-Carlton Hotel, 6961 Avenue Of The Governors, San Juan, Puerto Rico, at 9:00 a.m. (AST).

This Proxy Statement, the accompanying proxy card, and a copy of our 2010 Annual Report on Form 10-K will be mailed to our stockholders on or about February 4, 2011, and are also available in electronic format on our website. These materials are presented on our behalf by order of the Board of Directors, or the Board.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS

FOR THE STOCKHOLDER MEETING TO BE HELD ON MARCH 16, 2011

Our Proxy Statement and Annual Report on Form 10-K are available at

<http://investor.coopercos.com/financials.cfm>

The following proxy materials are available for review at <http://investor.coopercos.com/financials.cfm>:

our 2011 Proxy Statement;

the proxy card;

our Annual Report on Form 10-K for the fiscal year ended October 31, 2010; and

any amendments to the foregoing materials that are required to be furnished to stockholders.

Why am I receiving this Proxy Statement?

You have been sent this Proxy Statement because you were a stockholder, or held Company stock through a broker, bank or other third party, at the close of business on January 28, 2011, the record date for stockholders entitled to vote at the Annual Meeting.

What proposals will be considered at the Annual Meeting?

At the Annual Meeting, stockholders will be asked to consider and act upon the following proposals:

1. The election of A. Thomas Bender, Michael H. Kalkstein, Jody S. Lindell, Donald Press, Steven Rosenberg, Allan E. Rubenstein, M.D., Robert S. Weiss and Stanley Zinberg, M.D. to our Board of Directors;

Edgar Filing: COOPER COMPANIES INC - Form DEF 14A

2. Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending October 31, 2011;
3. Approval of the amendment and restatement of the 2007 Long-Term Incentive Plan to add 1,530,000 shares to the total shares reserved for grant;
4. Approval of the amendment and restatement of the 2006 Directors Plan to add 300,000 shares to the total shares reserved for grant;

Table of Contents

5. An advisory vote on the compensation of our named executive officers as described in this Proxy Statement;
6. An advisory vote on the frequency with which executive compensation will be subject to a stockholder advisory vote; and
7. The transaction of any other business that may properly come before the meeting or any continuations, adjournments or postponements thereof.

We are not aware of any other business to be brought before the meeting. If any additional business is properly brought before the meeting, the designated officers serving as proxies will vote in accordance with their best judgment.

The Board recommends a vote **FOR** each of the nominees for director, **FOR** the ratification of KPMG LLP as our independent registered public accounting firm, **FOR** approval of the compensation of our named executive officers and **FOR** the amendment of each of our Long-Term Incentive Plans. The Board further recommends a vote for **ANNUAL** advisory votes on our executive compensation practices.

Who is entitled to vote at the Annual Meeting?

We have set January 28, 2011 as the Record Date for this year's Annual Meeting. All stockholders who owned our stock at the close of business on the Record Date are entitled to this notice and to vote at the Annual Meeting and any adjournments or postponements thereof.

As of the Record Date, there were 46,448,783 shares of our common stock outstanding and entitled to vote at the Annual Meeting.

How many votes do I have?

Each outstanding share of our common stock is entitled to one vote at the Annual Meeting. You have one vote per share that you owned at the close of business on the Record Date.

How do I vote my shares?

As a stockholder, you can vote your shares in person at the Annual Meeting or vote by proxy. If you wish to vote by proxy, you can complete the attached proxy card and return it by mail in the envelope provided. Alternatively, many of our stockholders now have the option to vote their shares by telephone or via the internet. If phone or internet voting is available to you, instructions for voting by phone or through the internet will be included on your proxy card.

What happens if I vote my shares by proxy?

When you return a completed proxy card, or vote your shares by telephone or internet, you authorize our officers listed on the proxy card to vote your shares on your behalf as you direct.

If you sign and return a proxy card, but do not provide instructions on how to vote your shares, the designated officers will vote on each of the presented proposals on your behalf as follows:

Shares will be voted *FOR* each of the individuals nominated to serve as directors;

Shares will be voted *FOR* ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending October 31, 2011;

Table of Contents

Shares will be voted *FOR* the amendment and restatement of the 2007 Long-Term Incentive Plan;

Shares will be voted *FOR* the amendment and restatement of the 2006 Directors Plan;

Shares will be voted *FOR* the compensation of our named executive officers as described in this Proxy Statement; and

Shares will be voted for *ANNUAL* advisory votes on our executive compensation.

Can I change or revoke my vote after I return my proxy card or voting instructions?

If you choose to vote your shares by proxy, you may revoke or change your proxy instructions at any time prior to the casting of votes at the Annual Meeting by taking any of the following actions:

- 1) Execute and submit a new proxy card;
- 2) Submit new voting instructions through telephonic or internet voting, if available to you;
- 3) Notify Carol R. Kaufman, Secretary of our company, in writing that you wish to revoke your proxy; or
- 4) Attend the Annual Meeting and vote your shares in person.

Attending the Annual Meeting in person will not automatically revoke your proxy.

Who pays for the proxy solicitation and how will the Company solicit votes?

We pay all costs associated with the solicitation of proxies represented by the enclosed proxy card. We will also pay any costs incurred by brokers and other fiduciaries to forward proxy solicitation materials to beneficial owners.

Proxies may be solicited by us on behalf of the Board by mail or in person, by telephone, via facsimile or e-mail. Proxies may be solicited on our behalf by any of our directors, officers or employees. Additionally, we have retained the firm of D.F. King & Co., Inc. to assist with the solicitation of proxies and will pay a fee of \$15,500 for this service, plus reasonable costs and expenses.

How many votes must be present to hold the Annual Meeting?

In order to conduct business and have a valid vote at the Annual Meeting a quorum must be present in person or represented by proxies. A quorum is defined as a majority of the shares outstanding on the Record Date and entitled to vote. In accordance with our Amended and Restated Bylaws, or Bylaws, and Delaware law, broker non-votes and proxies reflecting abstentions will be considered present and entitled to vote for purposes of determining whether a quorum is present.

What are broker non-votes ?

Broker non-votes occur when a broker is not permitted to vote on behalf of shares it holds for a beneficial owner and the beneficial owner does not provide voting instructions. Shares held in a broker's name may be voted by the broker, but only in accordance with the rules of the New York Stock Exchange, or the NYSE. Under those rules, the broker must follow the instructions of the beneficial owner. If instructions are not provided, NYSE rules determine whether the broker may vote the shares based on its own judgment or is required to withhold its vote, and the determination depends on the proposal being voted on.

STOCKHOLDER NOMINATIONS AND PROPOSALS FOR THE 2012 ANNUAL MEETING

Stockholder Proposals for Inclusion in the 2012 Proxy Statement

Stockholders wishing to present proposals for inclusion in our Proxy Statement for the 2012 Annual Meeting under Rule 14a-8 of the Securities Exchange Act of 1934, as amended, or the Exchange Act, must submit their proposals to us no later than October 7, 2011. Proposals should be sent to Carol R. Kaufman, Secretary, The Cooper Companies, Inc., 6140 Stoneridge Mall Road, Suite 590, Pleasanton, CA 94588.

Other Proposals and Stockholder Nominations for Director

Our Bylaws provide that stockholders who wish to nominate a director or propose other business to be brought before the stockholders at the Annual Meeting must notify the Company Secretary in writing no earlier than the close of business on the 120th day prior to the anniversary date of the prior year's annual meeting and no later than the close of business on the 90th day prior to the anniversary date of the prior year's annual meeting.

For the 2012 Annual Meeting, stockholders wishing to present nominations for director or proposals for consideration under these provisions must submit their nominations or proposals not earlier than November 17, 2011 and not later than December 17, 2011 in order to be considered. If, however, the date of the 2012 Annual Meeting is more than 30 days before or more than 70 days after March 16, 2012, stockholders must submit such nominations or proposals not earlier than the close of business on the 120th day prior to the meeting and not later than the close of business on the later of the 90th day prior to the meeting or the 10th day following the date on which public disclosure of the date of the meeting is first made by us. In addition, with respect to nominations for directors, if the number of directors to be elected at the 2012 Annual Meeting is increased and there is no public announcement by us naming all of the nominees for director or specifying the size of the increased Board at least 100 days prior to March 16, 2012, notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which such public announcement is first made by us. Nominations or proposals should be submitted, in writing, to Carol R. Kaufman, Secretary, The Cooper Companies, Inc., 6140 Stoneridge Mall Road, Suite 590, Pleasanton, CA 94588. A stockholder's notice to nominate a director or bring any other business before the 2012 Annual Meeting must set forth certain information specified in our Bylaws.

In addition, the Corporate Governance & Nominating Committee of the Board will consider suggestions from stockholders for potential Board nominees for election as directors to be presented at the 2012 Annual Meeting. The person recommending the nominee must be a stockholder entitled to vote at the 2012 Annual Meeting, and the recommendation must be made pursuant to timely notice. Recommendations must be received between November 17, 2011 and December 17, 2011, and should include: (i) the nominee's written consent to being named in the Proxy Statement as a nominee and to serve as a director if elected, (ii) the name and address of the stockholder submitting the recommendation or beneficial owner on whose behalf the proposed candidate is being suggested for nomination, and (iii) the class and number of our shares owned beneficially and of record by the stockholder or beneficial owner submitting the recommendation. The Corporate Governance & Nominating Committee will consider nominees suggested by stockholders on the same terms as nominees selected by the Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and anyone owning more than ten percent of a registered class of our equity securities to file reports detailing ownership and changes in ownership with the SEC. SEC regulations also require these persons to provide us with a copy of all reports filed.

Based solely on our review of the copies of reports and related amendments we have received, we believe that during and with respect to the 2010 fiscal year, all Section 16(a) filing requirements applicable to our officers, directors and greater-than-ten-percent owners were met.

CORPORATE GOVERNANCE

The Board of Directors

The Board is elected annually and each of our directors stands for election every year. Presently the Board is comprised of eight directors, and all except Messrs. Bender and Weiss have been determined by the Board to be independent. In making this determination, the Board has affirmed that each of the independent directors meets the objective requirements for independence set forth by the NYSE and the SEC and that each has no relationship, direct or indirect, to us other than as a stockholder or through his or her service on the Board. The Board and its active committees conduct regular self-evaluations and review director independence and committee composition to ensure continued compliance with regulations.

Mr. Weiss serves as our Chief Executive Officer and is compensated for his position as an executive. He receives no additional compensation for his service on the Board. Mr. Bender received a stipend for consulting services to the Company in excess of \$120,000 annually within the last three years. We anticipate that Mr. Bender will meet the objective requirements to be considered independent under SEC and NYSE standards as of March 1, 2011, making him an independent director by the time of the Annual Meeting pending an affirmative determination by the Board.

Directors who are not also employees, or Non-Employee Directors, are compensated for their services as described in *Director Compensation* on page 47.

Under our Corporate Governance Principles, directors are not permitted to serve on the boards of more than two other public companies while they serve on our Board.

Any interested party wishing to communicate with the Board, the Non-Employee Directors or a specific Board member, may do so by writing to the Board, the Non-Employee Directors or the particular Board member, and delivering the communication in person or mailing it to: Board of Directors, c/o Carol R. Kaufman, Secretary, The Cooper Companies, Inc., 6140 Stoneridge Mall Road, Suite 590, Pleasanton, CA 94588. Communications will be distributed to specific Board members as directed by the stockholder in the communication. If addressed generally to the Board, communications may be distributed to specific members of the Board as appropriate, depending on the material outlined in the stockholder communication. For example, if a communication relates to accounting, internal accounting controls or auditing matters the communication will be forwarded to the Chairman of the Audit Committee unless otherwise specified. From time to time, the Board may change the process for interested parties to communicate with the Board or its members. Please refer to our website at <http://www.coopercos.com> for any changes in this process.

Board Leadership Structure

At present, the Chair position for the Board of Directors is separate from the Chief Executive Officer position. We elected to separate these positions in 2007 when our Chair, Mr. Bender, retired from his position as CEO. We also maintain an independent Lead Director position, which is currently held by Dr. Allan Rubenstein.

We have maintained separate positions because we feel this division provides a balance between independence of our directors and the experience of our officers. Our current Chair has significant business experience with the Company, but will also meet the objective requirements of independence by our Annual Meeting. We feel that this combination provides strong leadership of the Board, independent of the CEO position's immediate day-to-day involvement with the Company.

Board of Directors Role in Risk Oversight

Our Board of Directors recognizes the importance of appropriate oversight of potential business risks in running a successful operation and meeting its fiduciary obligations to our business and our stockholders. While our senior executives, including the CEO and CFO, have responsibility for the day-to-day assessment and management of business risks, the Board maintains responsibility for creating an appropriate culture of risk management and setting proper tone at the top. In this role, the Board, directly and through its committees, takes an active role in overseeing our aggregate risk potential and in assisting our executives with addressing specific risks, including competitive, legal, regulatory, operational and financial risks.

The Board believes that the current leadership structure facilitates risk oversight by combining experienced leadership with independent direction from the Board and committees, including majority independent Board membership. Both our Chairman and our CEO have unique, in-depth understanding of our business, history and specific challenges we face as a business. Our CEO's experience allows him to promptly identify and raise key business risks to the Board, and our Chairman's history with the Company provides the Board with an independent voice who can also provide insight into management decisions based on our specific business operations and position. The Board believes that the balance between our Chairman, CEO and the independent Committees of the Board enhances our risk oversight process and encourages appropriate, but not excessive, levels of risk within our enterprise.

Board Committees

The Board maintains four standing committees whose functions are described below. All members of the Corporate Governance & Nominating Committee, the Audit Committee and the Organization & Compensation Committee are independent directors. At the Board's discretion, committees other than the Corporate Governance & Nominating Committee, Audit Committee, and Organization & Compensation Committee may include directors who have not been determined to be independent. Currently the Board maintains one such committee, the Science & Technology Committee, which has non-independent membership. Committee membership is determined by the Board.

Each committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed and updated periodically as legislative and regulatory developments and business circumstances warrant. The committee charters are available in their entirety on our website at <http://www.coopercos.com>.

The Audit Committee provides advice with respect to our financial matters and assists the Board in fulfilling its oversight responsibilities regarding: (i) the quality and integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) review of our potential risk factors, (iv) the qualifications, independence and performance of our independent registered public accounting firm, (v) retention and engagement of our independent registered public accounting firm and oversight of their work and (vi) overseeing the performance of our internal audit function and reviewing our internal controls. The Audit Committee advises and makes recommendations to the Board regarding our financial, investment and accounting procedures and practices.

The members of the Audit Committee are Steven Rosenberg (Chair), Michael H. Kalkstein and Jody S. Lindell.

The Organization & Compensation Committee, or the Compensation Committee, reviews and approves all aspects of the compensation paid to our Chief Executive Officer and all executives

identified by the Compensation Committee as officers under Section 16(a) of the Exchange Act. The Compensation Committee also approves all compensation for employees whose annual base salary is \$300,000 or greater, regardless of whether they have been designated as officers under Section 16(a). Members of the Compensation Committee are not eligible to participate in any of our executive compensation programs.

The Compensation Committee approves base salary levels and overall compensation packages for the executive officers. The Compensation Committee also approves all awards under our equity and cash incentive bonus plans and has approval authority for all agreements providing for the payment of benefits following a change in control of the company, severance following a termination of employment or any other special arrangement with the executive officers or employees which would affect their compensation.

The members of the Compensation Committee are Michael H. Kalkstein (Chair), Jody S. Lindell, Donald Press and Allan E. Rubenstein, M.D.

The Corporate Governance & Nominating Committee develops, implements, and maintains the corporate governance standards by which we conduct business, and advises and makes recommendations to the Board concerning our primary governance policies. The Committee meets with the Chief Executive Officer and senior corporate staff as it deems appropriate to fulfill its obligations with regard to our corporate governance standards.

The Committee also identifies and selects qualified candidates for nomination to the Board. The Committee believes that nominees for election to the Board must possess certain minimum qualifications and attributes. To be nominated by the Board, an individual: (i) must meet the objective independence requirements set forth by the SEC and NYSE (other than executive nominees), (ii) must exhibit strong personal integrity, character and ethics and a commitment to ethical business and accounting practices, (iii) must not serve on more than two other public company boards, (iv) must not be involved in on-going litigation with us or be employed by an entity which is engaged in such litigation, and (v) must not be the subject of any on-going criminal investigations, including investigations for fraud or financial misconduct. The Committee does not currently maintain a separate diversity policy. Instead the Committee relies on diversity as one of many factors in the consideration of director nominees who meet these stated criteria. The Committee will consider suggestions from stockholders for Board nominees for election as directors at our Annual Stockholder Meetings on the same terms as nominees selected by the Nominating Committee. Stockholder suggestions must be received on a timely basis and meet the criteria set forth in the information on *Other Proposals and Stockholder Nominations for Director* on page 5. As of the date of this Proxy Statement, no stockholder suggestions for director nominees have been received by the Nominating Committee. Except as set forth above, the Nominating Committee does not currently have a formal process for identifying and evaluating nominees for directors, including nominees recommended by stockholders.

The members of the Corporate Governance & Nominating Committee are Donald Press (Chair), Steven Rosenberg, Allan Rubenstein, M.D. and Stanley Zinberg, M.D.

The Science & Technology Committee evaluates new and existing technologies. The Science & Technology Committee's primary functions are to: (i) discuss technology that falls outside the usual scope of current business, (ii) periodically review our research and development projects and portfolio, (iii) annually review our key technologies and assess the position of these technologies versus third

party products and process, and (iv) provide information and guidance to the Board on matters relating to science and technology. The Science & Technology Committee functions on an ad hoc basis.

The members of the Science & Technology Committee are Stanley Zinberg, M.D. (Chair), Allan E. Rubenstein, M.D., Robert S. Weiss and A. Thomas Bender.

Meetings

The Board and committees met as follows during our fiscal year ended October 31, 2010:

	Number of Meetings
Board of Directors	11
Audit Committee	9
Organization & Compensation Committee	9
Corporate Governance & Nominating Committee	4
Science & Technology Committee	1

The Non-Employee Directors also meet routinely in executive session in connection with regular meetings of the Board and more often as they deem appropriate. Either Mr. Bender, as Chair, or Dr. Rubenstein, as Lead Director, presides over all executive sessions at which either is present.

Currently we do not maintain a formal policy regarding director attendance at the Annual Meeting; however, it is expected that absent compelling circumstances directors will attend. Last year all of the directors attended.

During the 2010 fiscal year, each director attended at least 80% of the aggregate of board meetings and meetings of committees on which the director served.

Corporate Governance Policies

We have an ongoing commitment to good governance and business practices. In furtherance of this commitment, we regularly monitor developments in the area of corporate governance, and review company processes and procedures in light of such developments. We comply with the rules and regulations promulgated by the SEC and the NYSE and implement other corporate governance practices we believe are in the best interest of the company and its stockholders. We believe that the policies currently in place enhance our stockholders' interests.

In keeping with this commitment, we have recently amended our corporate bylaws to adopt a majority voting standard for the election of our directors.

Corporate Governance Principles

The Board has approved a set of Corporate Governance Principles, or the Principles, for the company. The Principles are available in their entirety on our website at <http://www.coopercos.com>. The Principles set out our standards for director qualifications, director responsibilities, Board committees, director access to officers and employees, director compensation, director orientation and continuing education and performance evaluations of the Chief Executive Officer and of the Board and its committees.

Under the Principles, the Non-Employee Directors are required to maintain a minimum level of ownership in our common stock. The Board has adopted ownership requirements for Non-Employee Directors requiring directors to hold Cooper common stock valued at three times their annual stipend

Table of Contents

for service as a director. Shares held must be free of restrictions to meet the requirements. Until the required ownership values are met, the Non-Employee Directors must retain 100% of shares received on vesting of restricted stock and on exercise of stock options. As of the date of this Proxy Statement, all of the Non-Employee Directors hold stock equal to, or in excess of, the minimum level of required ownership.

Ethics and Business Conduct Policy

We have adopted an Ethics and Business Conduct Policy, or Ethics Policy, that is available in its entirety on our website at <http://www.coopercos.com>. All our employees, officers, and directors, including the Chief Executive Officer and Chief Financial Officer, are required to adhere to the Ethics Policy in discharging their work-related responsibilities. Employees are encouraged to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Policy.

Amendments to the Ethics Policy and any waivers from the Ethics Policy granted to directors or executive officers will be made available through our website. As of the date of this Proxy Statement, we have amended the Ethics Policy once since adoption and no waivers have been requested or granted.

Procedures for Handling Accounting Complaints

In keeping with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures for receipt and handling of potential complaints we may receive regarding accounting, internal accounting controls or auditing matters, and to allow for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters. In furtherance of this goal, we have established a confidential hotline managed by an independent third-party vendor through which employees may report concerns about our business practices.

Related Party Transactions

We review all relationships and transactions in which the company and our directors and executive officers or their immediate family members are participants. Our legal staff is primarily responsible for monitoring and obtaining information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether the company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the company or a related person are disclosed in our Proxy Statement.

We have determined that there were no material related party transactions during the 2010 fiscal year.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised of three independent directors – Steven Rosenberg (Chair), Michael H. Kalkstein and Jody S. Lindell. The Board has determined that all members of the Audit Committee are financially literate as required by the NYSE and has also determined that both Mr. Rosenberg and Ms. Lindell meet the qualifications of an audit committee financial expert as defined by the SEC.

The Audit Committee operates under a written charter adopted by the Board in December 2004 and amended in December 2006. The Audit Committee’s charter is available in its entirety on our website at <http://www.coopercos.com>.

The Audit Committee provides advice with respect to our financial matters and assists the Board in fulfilling its oversight responsibilities regarding: (i) the quality and integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) review of our potential risk factors, (iv) the qualifications, independence and performance of KPMG LLP, or KPMG, in their role as our independent registered public accounting firm, (v) retention and engagement of our independent registered public accounting firm and oversight of their work, and (vi) overseeing the performance of our internal audit function and reviewing our internal controls. The Audit Committee’s primary duties and responsibilities relate to:

- a. Management’s maintenance of the reliability and integrity of our accounting policies and financial reporting and financial disclosure practices;
- b. Management’s establishment and maintenance of processes to assure that an adequate system of internal controls is functioning effectively within the company; and
- c. Engagement, retention and termination of our independent registered public accounting firm.

Management is responsible for the Company’s internal controls and the financial reporting process. KPMG, as the Company’s independent registered public accounting firm, is responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee’s responsibility is to monitor and oversee these processes. In this context, the Audit Committee has met and held discussions with management and KPMG regarding the fair and complete presentation of the Company’s results and has engaged Ernst & Young LLP to assist in the assessment of the Company’s internal control over financial reporting.

The Audit Committee held nine meetings during the 2010 fiscal year, including regular meetings in conjunction with the close of each fiscal quarter, during which the Audit Committee reviewed and discussed the Company’s financial statements with management and KPMG. These Audit Committee meetings included, when appropriate, executive sessions with KPMG and Ernst & Young, sessions with senior management and executive sessions without the presence of KPMG, internal audit or senior management.

The Audit Committee reviewed and discussed the audited consolidated financial statements of the Company for the fiscal year ended October 31, 2010 with the Company’s management and KPMG, and management represented to the Audit Committee that the Company’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 114 – The Auditor’s Communication With Those Charged With Governance.

Table of Contents

The Audit Committee also reviewed and discussed with KPMG, management and Ernst & Young the processes and procedures associated with our assessment of internal controls over financial reporting, including management's assessment of such controls.

The Audit Committee maintains policies and procedures for the pre-approval of work performed by KPMG. Under its charter, the Audit Committee must approve all engagements in advance. All engagements with estimated fees above \$150,000 require consideration and approval by the full Audit Committee. The Chair of the Audit Committee has the authority to approve on behalf of the full Audit Committee all engagements with fees estimated to be below \$150,000. Management recommendations are considered in connection with such engagements, but management has no authority to approve engagements.

In the 2010 fiscal year, the Audit Committee received both the written disclosures and the letter from KPMG that are mandated by applicable requirements regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed KPMG's independence from the Company with the lead engagement partner. KPMG provided no non-audit services during the 2010 fiscal year. The Audit Committee or its Chair approved all audit services provided by KPMG for the fiscal year ended October 31, 2010. The total fees paid or payable to KPMG for the last two fiscal years are as follows:

	Fiscal Year Ended October 31, 2010	Fiscal Year Ended October 31, 2009
Audit Fees	\$ 3,747,572	\$ 3,968,117
Audit Related Fees	\$ -0-	\$ -0-
Tax Fees	\$ -0-	\$ -0-
All Other Fees	\$ -0-	\$ -0-

Based on the Audit Committee's discussions with management and KPMG, the Audit Committee's review of the representation of management and the written disclosures and the letter from KPMG to the Audit Committee, the Audit Committee recommended to the Board that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended October 31, 2010 for filing with the SEC.

COMPENSATION DISCUSSION & ANALYSIS

The Organization & Compensation Committee of our Board, or the Compensation Committee, directs our executive compensation program. The Compensation Committee intends to provide compensation packages for our Named Executive Officers that are appropriately competitive within our industry and provide a substantial emphasis on performance and stockholder returns. Compensation packages are designed to have a balanced focus on both short- and long-term goals. Direct compensation consists of a base salary, annual cash incentive bonus and long-term equity incentive awards.

Executive Summary The 2010 Fiscal Year in Review

We had an outstanding 2010 fiscal year, meeting or exceeding all of our financial goals. Highlights of the year include:

Increased market value of 76% during fiscal 2010 as investors recognized and responded to the strength and expected sustainability of our results;

Achievement of budgeted revenue for both business segments and achievement of earnings per share and cash flow at 123% and 223%, respectively, of budgeted targets, showing exceptional growth;

Outstanding product marketing by CooperVision leading to 7% sales growth in the year, exceeding the overall growth of the contact lens market in 2010 as calculated by independent market research;

Both CooperVision and CooperSurgical made strategic acquisitions, including an agreement to acquire assets from Asahi Kasei Aime to give CooperVision control over critical raw materials and intellectual property and to enhance CooperVision's product offerings in the Japanese market; and

Shut-down of CooperVision's manufacturing facilities in Norfolk, Virginia, and successful transition of the Norfolk manufacturing operations to our Puerto Rico and United Kingdoms facilities.

These achievements represent the continuation of a strong growth trend over the past three fiscal years. We have steadily increased our revenues and free cash flow, as well as provided strong stockholder returns through increases in earnings per share.

Table of Contents

As a result of this strong performance in the 2010 fiscal year, the Compensation Committee approved correspondingly higher bonuses for our Named Executive Officers than have been awarded in prior years. This resulted in higher total compensation, in keeping with our philosophy of pay in line with performance. Our bonus awards and further achievements during the fiscal year are discussed in more detail below. The Compensation Committee gives consideration to both our 2010 results and these growth trends in setting compensation targets for our coming fiscal year, including determinations regarding increases to base salary, short-term bonus targets and appropriate equity award levels and performance award targets.

Compensation Objectives and Connection to Performance

The Compensation Committee believes that most of the total compensation for our Named Executive Officers should be performance-based. For the 2010 fiscal year, over 50% of total executive compensation was dependent on performance-based components and 67% of the total compensation paid to our Chief Executive Officer was performance-based.

The Compensation Committee structures executive compensation packages to make compensation dependent on both long-term and short-term company performance and return to stockholders based on the following objectives:

Link compensation to a combination of individual achievement, company performance and stockholder returns;

Encourage achievement of both short-term operational goals and long-term strategic objectives;

Structure executive incentive compensation in a way that provides award opportunities based on ambitious company performance objectives;

Maintain a proper balance between fixed and variable compensation, and long-term and short-term incentives, with the compensation of senior executives more closely tied to company performance and stockholder return to reflect their responsibility for the company's overall performance and market value; and

Provide sufficiently competitive compensation packages to attract and retain high caliber executive management.

Table of Contents

In order to assess whether our compensation packages meet these objectives, the Compensation Committee receives regular updates on our business results from management and reviews our quarterly financial statements and management projections to assess whether executive compensation properly supports our business objectives. The Compensation Committee also regularly reviews information regarding our peer companies, including reported revenues, profit levels, market capitalization and disclosed governance practices, to assess our comparative performance. In addition to using peer group analysis, the Compensation Committee also receives and reviews broader, general industry compensation data.

Based on these reports and assessments, the Compensation Committee evaluates and structures both the short-term and long-term performance compensation for the Named Executive Officers to ensure close alignment with our business objectives and stockholder returns.

Our Incentive Payment Plan, which governs short-term bonuses, is revised on an annual basis to provide objectively determined quantitative awards that reflect our fiscal year goals. The Compensation Committee works closely with both its independent compensation consultant and management to structure our Incentive Payment Plan and to determine appropriate award levels and targets.

The Compensation Committee also works closely with both its independent compensation consultant and management regarding long-term equity incentives. The Compensation Committee regularly reviews the form and amount of equity awards made to our executives, as well as the economic value and cost of equity awards to the Company and their dilutive effect. This review ensures that we maximize retention value for key executives, while emphasizing stockholder returns and our long-term achievement as a company.

Chief Executive Officer Compensation

Robert S. Weiss has served as our Chief Executive Officer since November 2007. The Compensation Committee sets Mr. Weiss' compensation higher than the compensation for the other Named Executive Officers in recognition of his overall responsibility for our performance and the significant role that he plays in our strategic direction, management, leadership and operations. This practice is consistent with our peer group (as described below) and general industry compensation practices as presented in reports from management's compensation consultant and the independent compensation consultant to the Compensation Committee.

In setting Mr. Weiss' compensation levels for 2010, the Compensation Committee reviewed four factors as follows: (i) his successful performance of business objectives that were approved for him for the prior fiscal year, (ii) Mr. Weiss' assessment of his own performance, (iii) the Committee's own assessment of Mr. Weiss' performance which it discussed with the Board and (iv) Mr. Weiss' compensation relative to our designated peer group. In addition, the Compensation Committee reviewed recommendations from its and management's compensation consultants. The Compensation Committee determined that it would be appropriate to increase Mr. Weiss' target compensation for 2010 to bring his total compensation package closer to the median for our peer group. In making this determination, the Compensation Committee noted that Mr. Weiss had met or exceeded the objectives set for him during the prior fiscal year and that his target compensation was set well below median for our peer companies and his base salary had been held at 15% below that of his predecessor.

The Compensation Committee chose to increase Mr. Weiss' base salary by approximately 17% for the 2010 fiscal year, which correspondingly would increase his potential short-term bonus compensation on achievement of our performance goals. This increase brings Mr. Weiss' salary into line with the base salary paid to his predecessor as CEO. Mr. Weiss also received a grant of

Table of Contents

performance-based shares in 2010. In total, 67% of Mr. Weiss' compensation in 2010 was performance-based, which is in keeping with the Compensation Committee's view that the majority portion of executive compensation should be at-risk and dependent on our performance.

Mr. Weiss did not receive grants of stock options or restricted stock units in the 2010 fiscal year due to the Compensation Committee's decision to grant supplemental awards during the 2009 fiscal year to Mr. Weiss and other senior executives. This decision is discussed in more detail below in the discussion of equity awards as a component of executive compensation.

Use of Compensation Consultants, Management Recommendations and Peer Data

The Compensation Committee uses management input, independent consultant advice and peer information as tools to evaluate the connection between executive compensation and performance. This information is reviewed in a subjective manner and there is no implied direct or formulaic linkage between peer information and our compensation decisions.

Independent Compensation Consultant

The Compensation Committee has retained J. Richard & Co., or J. Richard, an independent executive compensation consulting firm, to assist with executive compensation analysis. In this capacity, J. Richard reports only to the Compensation Committee and does no other work for us. The Compensation Committee has sole authority to determine the terms of J. Richard's retention and services and J. Richard's interactions with management are generally limited to information provided to the Compensation Committee.

J. Richard provides the Compensation Committee with comparative peer group data and information regarding key trends and developments in both cash and equity compensation for comparable publicly traded companies. J. Richard also assists in setting equity award levels and other forms of compensation. The current composition of the peer group and the peer selection process are discussed in more detail below.

At the request of the Compensation Committee, J. Richard provides routine compensation advice, and evaluates compensation recommendations from management and management's compensation consultant. J. Richard also provides an annual report reviewing Named Executive Officer compensation and providing comparative information based on the designated peer group. Executive level positions, including the Chief Executive Officer, are compared to similar positions, based on company size and relative authority level, to determine appropriate compensation levels. J. Richard also performs a regression analysis to normalize the information contained in the report, which allows the Compensation Committee to fairly assess the comparability of the compensation utilized by companies of varying sizes within the peer group. The Compensation Committee uses the information presented in this report and advice from J. Richard to evaluate our compensation levels against those in the peer group. In making its compensation decisions, the Compensation Committee also uses

Table of Contents

J. Richard as an aid to evaluate and consider management recommendations, including the recommendations of management's executive compensation consultant.

Management Recommendations

Management has retained Frederic W. Cook & Co, Inc., or Frederic Cook, an executive compensation firm, to serve as management's executive compensation consultant and to assist with management's recommendations for our peer group and executive compensation. Management utilizes Frederic Cook's analyses to develop compensation recommendations for presentation to the Compensation Committee with regard to salary, annual bonus, long-term equity compensation and total compensation of the Named Executive Officers, as well as various other elements of our compensation program, such as contractual arrangements and stock ownership guidelines. Mr. Weiss, as Chief Executive Officer, has final authority for the retention of Frederic Cook.

Mr. Weiss provides recommendations to the Compensation Committee regarding: (i) appropriate peer group companies, (ii) base salary and salary increases for Named Executive Officers, (iii) achievement of targets and awards under our Incentive Payment Plans, (iv) appropriate overall annual equity grant levels and the structure of these grants, and (v) special compensation awards to executives who have shown outstanding achievements during the year or on special projects. Mr. Weiss also makes specific recommendations to the Compensation Committee as to how these grants and awards should be allocated to the Named Executive Officers.

The Compensation Committee gives full consideration to management recommendations and reviews these recommendations with both J. Richard and Frederic Cook at its meetings before making its own decisions on the compensation to be provided to the executives. The Compensation Committee feels these recommendations provide valuable insight in making compensation decisions, but has not delegated its exclusive authority to determine matters of executive compensation and benefits.

Peer Group Selection

The Compensation Committee has authority for selection of an appropriate comparative peer group for compensation assessment. The Compensation Committee selects and regularly reviews the peer group, with input from management, J. Richard and Frederic Cook. Recommendations for the peer group are initially developed by management and Frederic Cook from publicly-traded companies headquartered in the United States based on:

similarity of product lines or industry; and

similarity in company size as measured through annual revenue, market capitalization, operating margins and other financial measures of organizational scope and complexity.

The Compensation Committee set our current peer group designations in July 2009. At that time, Advanced Medical Optics, Inc. and Invitrogen Corp. were removed from the peer group due to acquisitions, and American Medical Systems, Inc., Bruker Corporation, Hologic, Inc. and Waters Corporation were added.

In making recommendations for an appropriate peer group selection, management and Frederic Cook considered companies which: (i) were relative in size based on revenue between \$500 million to \$2 billion, (ii) were within the medical device industry, (iii) had a revenue to asset ratio of between 0.5x to 3.0x and (iv) had a similarity of product lines.

Table of Contents

Base salary, target bonus compensation and equity awards for the 2010 fiscal year were guided, in part, by the peer group. This peer group comprises the following companies:

American Medical Systems, Inc.	Kinetic Concepts, Inc.
Bio-Rad Laboratories, Inc.	Millipore Corporation
Bruker Corporation	PerkinElmer, Inc.
Conmed Corporation	Resmed, Inc.
Dentsply International, Inc.	Sirona Dental Systems, Inc
Edwards Lifesciences Corporation	Steris Corporation
Haemonetics Corporation	Varian, Inc.
Hologic, Inc.	Waters Corporation
Integra Lifesciences Holding Corporation	West Pharmaceutical Services, Inc.

The composition of the peer group is evaluated annually. No changes were made at the review in July 2010, but we anticipate that certain companies will be removed at the next review due to mergers and acquisitions that occurred during the 2010 fiscal year.

Components of Executive Compensation

Base Salary

Annual salaries provide a fixed component to executive compensation and ensure a minimum level of compensation for our executives. Salaries are evaluated annually for appropriateness and generally comprise about one-third of target total compensation for our executives. We think this weighting provides the appropriate balance between fixed and variable compensation, with an emphasis on performance compensation, while maintaining a competitive compensation package that will attract and retain high caliber personnel in accordance with our compensation objectives.

Base salaries for the Named Executive Officers are generally within median levels for the peer group. The Compensation Committee sets base salary levels to remain competitive with the peer group. Increases in annual base salary depend on changes in executive responsibility, overall execution of duties throughout the prior fiscal year and company performance relative to predetermined performance objectives and peer group performance. Competitive market changes and conditions are also taken into account.

In the 2010 fiscal year, base salary constituted approximately 30 to 45% of total compensation for the Named Executive Officers. Salaries for the Named Executive Officers were increased about 2-3% over fiscal 2009, with the exception of Messrs. Weiss and Matz. As discussed above, Mr. Weiss salary was adjusted upward by about 17% to bring his compensation closer to the median for our peer group. Mr. Matz salary was set when he joined the Company in May 2010 and is comparable to the salary paid to his predecessor. Our other executives received salary increases in line with the level of increase granted to our employee base as a whole. These increases reflect market trends and are intended to keep compensation at competitive levels. Over the past five years, aside from increases for promotions, base salaries for the Named Executive Officers have generally not increased by more than 5% per year.

Annual Cash Incentive Bonus

We pay annual cash bonuses to our Named Executive Officers based on the achievement of business goals set for the fiscal year. We consider bonuses tied to annual objectives to provide a useful incentive tool to encourage our executives to meet short-term business objectives, including budgeted targets for revenue, operating income, cash flow and earnings per share. These objectives encourage growth for our Company and returns for our stockholders, and compensation based on these measures encourages our executives to focus on immediate business goals, in addition to long-term strategic objectives.

Table of Contents

The Compensation Committee annually adopts an Incentive Payment Plan, or IPP, to govern these bonuses for the Named Executive Officers and other key executives. Under the IPP, potential annual bonus compensation for the Named Executive Officers is tied to the achievement of business goals derived from our approved fiscal year budget. Management presents a proposed IPP to the Compensation Committee for review, revision and approval at the beginning of each fiscal year.

Participation levels are set by the Compensation Committee and represent a designated percentage of each executive's base salary for the fiscal year. That percentage controls the potential award an executive can achieve under the IPP. The IPP has both quantitative and discretionary components to award calculation, with heavy weighting to the quantitative portion. Awards are based on: (i) achievement of specified objectively determined financial targets and (ii) discretionary evaluation by the Compensation Committee of the executive's performance.

Under the 2010 IPP, 75% of each Named Executive Officer's potential bonus was tied to achievement of measurable budgeted financial targets, referred to as quantitative factors. The remaining 25% of each Named Executive Officer's potential bonus was subject to the discretion of the Compensation Committee. Our IPP has maintained this 75/25 split between quantitative and discretionary achievement for several years. We feel that this division places strong emphasis on the achievement of measurable, quantifiable business gains, while providing the Compensation Committee with adequate latitude to set discretionary awards based on individual executive achievements outside of the quantitative targets. The Committee also has the flexibility to withhold all or a portion of the discretionary element of the bonus if they feel that an executive's individual performance does not warrant a full bonus even if we have performed well as a Company. All of the quantitative factors are capped at 200% of the target.

The 2010 IPP also provides the Compensation Committee with the option to reduce quantitative awards by up to 25%, regardless of whether achievement targets were met. This reduction can be made at the Compensation Committee's discretion if it feels awards based on actual achievement levels are not merited. The Compensation Committee also has the discretion to decrease or cancel award payments in the event that the first two months of fiscal 2011 reflected negative anomalies that were attributable to the 2010 fiscal year.

For the 2010 fiscal year, award factors under the IPP were defined and weighted as follows:

Award Factor	Corporate (Weiss, Midlock, Kaufman & Folden)	CooperVision (Weber & Matz)	CooperSurgical (Auerbach)
<i>Quantitative Factors</i>			
Revenue	10%	20%	20%
Operating income	20%	12.5%	25%
Income excluding Norfolk closure		12.5%	
Earnings per share (EPS)	12.5%	5%	5%
EPS excluding Norfolk closure	12.5%	5%	5%
Cash flow	20%	20%	20%
<i>Discretionary Award</i>	25%	25%	25%
Total Bonus	100%	100%	100%

All of the quantitative factors were tied to the budget approved by the Board at the beginning of the fiscal year, as adjusted by acquisitions and/or divestitures approved by the Board or other items at the discretion of the Compensation Committee. Achievement for executives employed by our subsidiaries was measured against the approved budgets for the appropriate subsidiary. The quantitative factors were selected to address what we considered key objectives for management for the 2010 fiscal year.

Table of Contents

Threshold achievement levels for all factors was set at 85% of budget targets and no award was paid under the 2010 IPP for any factor that did not achieve this threshold. Bonus achievement for each factor could exceed 100% in the event of extraordinary financial performance, but only if the top two quantitative factors both achieved 95% of the budget target. For all participants, the maximum total award payment associated with quantitative criteria was capped at 200% of the target awards.

Under the 2010 IPP, the Named Executive Officers earned the following bonus amounts:

Executive	Achievement under 2010 IPP	Bonus Paid (\$)	Target Award as % of Base Salary	Actual Award as % of Base Salary
Robert S. Weiss	175.5%	\$ 1,228,500	100%	175.5%
Eugene J. Midlock	175.5%	\$ 410,670	60%	105.3%
John A. Weber	151.8%	\$ 336,996	60%	91.1%
Carol R. Kaufman	175.5%	\$ 347,490	55%	96.5%
Rodney E. Folden	175.5%	\$ 174,096	40%	70.2%
Gregory W. Matz	151.8%	\$ 93,926	45%	68.3%
Robert D. Auerbach	173.1%	\$ 166,176	40%	69.2%

These awards were balanced between quantitative and discretionary factors as follows:

Executive	Quantitative Factor Achievement	Discretionary Award	Total 2010 Achievement
Corporate	130.5%	45%	175.5%
CooperVision	106.8%	45%	151.8%
CooperSurgical	129.3%	43.8%	173.1%

A discussion of the determination of these award levels follows below.

Quantitative Awards

Based on our exceptional performance in the 2010 fiscal year, the quantitative portion of awards under the 2010 IPP were generally in excess of target levels. The awards paid to the Named Executive Officers were based on achievement of the quantitative factors against budget targets as set out below. A full discussion of our results can be found in Item 7, *Management's Discussion and Analysis of Financial Condition and Results of Operations* of our Annual Report on Form 10-K.

Discretionary Awards

As discussed above, 25% of each Named Executive Officer's target bonus under the 2010 IPP was subject to the discretion of the Compensation Committee and could be adjusted as deemed appropriate. The 2010 IPP provides the Compensation Committee with flexibility to significantly increase or decrease the discretionary portion of bonus awards for the Named Executive Officers based on individual performance, our overall company performance or other factors the Compensation Committee deems appropriate. This determination is a subjective decision of the Compensation Committee and is not linked by mathematical formula to achievement levels under the 2010 IPP.

For the 2010 fiscal year, the Compensation Committee approved discretionary awards in excess of 25% to the Named Executive Officers, as authorized by the 2010 IPP. In making this determination, the Committee noted that we had quantitative results beyond both the budgeted targets set by management, including substantial accomplishments that will enhance our long-term value (discussed in more detail in the Executive Summary on pg 19). The Committee noted in particular the launch of new products by our vision and surgical businesses, market share gains, geographic expansion, manufacturing realignment, substantial growth in earnings per share and market value, increases in cash flow and improved business efficiencies through the select restructuring of operating management.

The Committee also noted that management achieved a number of objectives that supported our growth in 2010 and which will provide long-term value to the Company, including:

A successful product roll-out for our Biofinity family of products and sales expansion for CooperVision into Eastern Europe;

Established succession planning and leadership development programs for senior management;

Resolved the class action and derivative stockholder litigations that have been ongoing since 2005;

Expanded CooperSurgical's facilities to increase manufacturing capacity for potential new products from acquisitions;

Table of Contents

Launched a global wellness program for employees, encouraging better health and healthy living to improve quality of life and to help reduce the Company's future health care costs;

Recognized as one of the Top Small Places to work in 2010 by the Bay Area News Group, with a ranking of #18 out of 1,200 companies surveyed; and

Recognized as one of the 40 Best Companies for Leadership by the Chally Group Worldwide and Chief Executive Magazine, with Mr. Weiss recognized as one of the top 13 Most Committed CEOs who lead by example.

Based on these factors and the overall results we reported, the Committee recognized that the Company achieved results well beyond expectations. The Committee made their final award determinations based on the overall results of the 2010 fiscal year and noted that the exceptional accomplishments of management in a challenging economy deserve an exemplary award.

Equity Awards

We provide our Named Executive Officers with equity incentive awards as a tool to promote retention and to connect compensation to long-term performance for the Company and stockholder returns. These awards are granted under our 2007 Long-Term Incentive Plan and any stock options are awarded at 100% of fair market value on the date of grant. Awards may vest over time based on continued service and/or based on performance criteria.

Form of Equity Awards

The Compensation Committee has historically granted long-term compensation in the form of equity awards, with a shift over the past three years from grants of only stock options to a mixture of stock options, restricted stock units and performance shares. The mix of award types was adopted to maintain long-term retention values in the face of market volatility, and to better balance long-term executive compensation to have value as a retention tool, in addition to a strong connection to our long-term performance.

The Compensation Committee has also adopted the use of performance shares for awards to the Named Executive Officers, with vesting based on achievement of earnings per share targets over a three year period. The Committee began granting performance shares in February 2009 and plans to continue to grant performance shares to our executives annually, in addition to other equity incentive awards. The Compensation Committee believes that these awards reflect the direct influence that our executives have on our achievement of long-term performance goals, and earnings per share was selected as the target due to the strong link this metric has to stockholder returns.

Grant Process and Timing

The decision of whether to grant equity awards to our employees during a given fiscal year is made by the full Board based on a recommendation from the Compensation Committee. The Compensation Committee's recommendation addresses whether and to what extent equity grants should be made, based on business conditions, an analysis based on the economic value of an estimated total grant amount, accounting costs and stock price volatility. The Compensation Committee considers the total economic and compensation value of potential awards, effectiveness as a retention tool and effect on stockholder dilution in determining the recommended total amount of awards to be made for the fiscal year. The Compensation Committee also considers the economic and

Table of Contents

accounting implications of FASB Accounting Standards Codification Topic 718 (ASC 718), Compensation-Stock Compensation (formerly referred to as Statement of Financial Accounting Standard 123(R)) in its determination of the type of equity and appropriate award levels for grants.

If the Board agrees to grant equity, it does so in the aggregate and the Compensation Committee is charged with determining the specific allocation of awards to the operating units and to individual recipients, including the executive officers. In setting award amounts for the Named Executive Officers, the Compensation Committee considers recommendations from the Chief Executive Officer and from J. Richard, as well as historical grant levels based on the role and position of the executive. Grants are generally made in the first quarter of the fiscal year, after financial results for the prior fiscal year are available.

The Compensation Committee may also make periodic grants to new hires, upon a promotion or in other circumstances, in its discretion. Additional grants also may be made to accomplish specific retention goals. When such grants are approved, the grant date is set as the date that the award is approved by the Compensation Committee, unless the award is approved for a promotion or new hire which will occur in the future. In such case, the grant date will be tied to the date of hire or promotion. Grant dates are never set prior to the date of approval by the Compensation Committee.

2010 Equity Awards

During the 2009 fiscal year, in addition to our annual award grants, the Compensation Committee elected to make an additional grant of stock options to Messrs. Weiss, Midlock and Weber and Ms. Kaufman, referred to as the supplemental grant. The supplemental grant, made in December 2008, was considered to be in lieu of a grant of stock options which normally would be made in December 2009 for the 2010 fiscal year, and the Compensation Committee elected to make the supplemental grant in order to provide awards with meaningful retention value for specific senior executives.

At the time, our stock price was significantly depressed during difficult economic times and prior year option awards had exercise prices well in excess of our trading price. The Compensation Committee felt that there was a need to have grants in place to potentially provide current retention value. See discussion regarding these supplemental grants in our Proxy Statement dated February 5, 2010 for more details. As a result, these executives did not receive separate option or RSU grants during the 2010 fiscal year. Each of these executives did receive a grant of performance share awards under our 2010 Performance Unit Plan, which is outlined below.

Messrs. Folden and Matz, and Dr. Auerbach, however, did not receive these supplemental grants during the prior year. Mr. Folden and Dr. Auerbach received equity grants of both stock options and restricted stock units in 2010 as part of our annual grant process. These awards were made at similar levels to awards in prior years and are designed to vest in equal portions over a four year period. Mr. Matz, who joined us in May 2010, received a grant of stock options upon his hire. Like the grants to other executives, this grant will vest in equal portions over four years. This grant was also made at a higher number of options than his predecessor received in order to induce Mr. Matz to join our executive team, and future grants are expected to be closer to prior award levels for Mr. Matz position.

2010 Performance Unit Plan

All of our Named Executive Officers, with the exception of Mr. Matz, received performance share awards in December 2009 as part of our 2010 Performance Unit Plan. These awards are subject to the terms of our 2007 Long-Term Incentive Plan and have three potential levels of achievement, a

Table of Contents

minimum, target and maximum number of shares payable upon achievement of specified gains in earnings per share over a three year period. If the minimum level of achievement is not met, no shares will be awarded.

The Compensation Committee grants performance share awards to provide additional linkage between executive compensation and achievement of long-term performance goals. The Compensation Committee is closely focused on metrics for executive compensation, both in short-term and long-term award programs, which will result in positive stockholder returns. The Committee believes that performance share awards that vest only upon achievement of specific future earnings per share targets provide a strong long-term incentive for executives to remain with the Company and to deliver the targeted results. The earnings levels set for the target award levels under the 2010 Performance Unit Plan encourage significant, but not unreasonable, gains in our company growth and earnings.

For the 2010 Performance Unit Plan, our Named Executive Officers will be able to earn a percentage of their awards based upon achievement of the indicated vesting criteria over a three year period:

	Performance Level	EPS for Fiscal 2012	Award Achievement
Outstanding (maximum)		>\$3.48	150%
Target		\$ 3.22 to < \$3.48	100%
Minimum		\$ 2.97 to <\$3.22	50%

Stock Ownership Guidelines

The Compensation Committee has implemented guidelines for stock ownership by certain executive officers based on position, including four of the Named Executive Officers. Under these guidelines, Mr. Weiss has a target to hold Cooper common stock valued at three times his annual base salary. Messrs. Midlock and Weber and Ms. Kaufman have targets to hold Cooper common stock valued at twice their annual base salary.

The ownership guidelines provide that subject executives are expected to retain a percentage of shares acquired upon the exercise of stock options or vesting of full-value awards if their ownership is below the established threshold. The executives are not required to purchase stock to meet the targets. As of the end of the 2010 fiscal year, the subject officers were in compliance with the ownership guidelines.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally provides that publicly held companies may not deduct compensation in excess of \$1,000,000 paid in any fiscal year to its chief executive officer and the other three most highly compensated named executive officers employed at the end of the year (other than its chief financial officer). However, pursuant to regulations issued by the U.S. Treasury Department, certain limited exemptions to Section 162(m) apply with respect to qualified performance-based compensation.

In the course of structuring our compensation policies, the Compensation Committee considers ways to maintain the tax deductibility of the compensation for Named Executive Officers. However, the Compensation Committee intends to retain the necessary discretion to compensate executives in a manner in keeping with overall compensation goals and strategies, and may choose to provide compensation which may not be deductible by reason of Section 162(m). Our equity compensation plan is designed to be performance-based so that full value awards such as the performance awards which vest solely based on performance may be performance-based compensation and deductible

Table of Contents

under Section 162(m). Stock options granted at or above market value will also be performance-based compensation and deductible under Section 162(m). However, full value awards which vest based on time will not be qualified as performance-based and may not be deductible. Our Incentive Payment Plan has not been approved by our stockholders, and therefore bonuses payable under such plan do not qualify as performance-based compensation under Section 162(m).

Conclusion

The Compensation Committee believes that each element of compensation and the total compensation provided to each of our Named Executive Officers is reasonable and appropriate. The value of the compensation payable to the Named Executive Officers is significantly tied to our performance and returns to our stockholders. The Compensation Committee believes that our compensation programs provide an appropriate mix of elements that will allow us to continue to attract and retain a top performing management team, without encouraging inappropriate risk-taking by our executives.

Narrative to Summary Compensation Table

Non-equity incentive plan payments for the 2010 fiscal year reflect rebate adjustments taken in the first quarter of 2010. These adjustments reduced the 2010 total quantitative achievement of operating income and revenue for the executives at Corporate and CooperVision. If these rebate adjustments had been taken in 2009 instead of 2010, they would have reduced the 2009 IPP payments and increased the 2010 IPP payments.

Our Named Executive Officers receive limited non-salary based compensation. This additional compensation generally takes the form of automobile allowances and amounts provided in accordance with benefit plans which are also available to most of our employees, such as life insurance and matching contributions to 401(k) retirement accounts. In all cases the Compensation Committee reviews these amounts and takes them into consideration when reviewing overall executive compensation. Approval of perquisites and other non-salary based compensation is limited and in most cases does not exceed \$20,000 annually.

Table of Contents**Grants of Plan-Based Awards**

This table presents information regarding the possible awards payable under our 2010 Incentive Payment Plan and the value of certain equity awards made in the 2010 fiscal year. The 2010 Incentive Payment Plan and calculation of awards are discussed in detail in the *Compensation Discussion & Analysis* on page 19.

- (1) Amounts represent the threshold, target and maximum cash bonus amounts which could have been paid to each Named Executive Officer under our 2010 Incentive Payment Plan. The final award amounts for 2010 were approved on the date indicated in the Grant Date column and the value of the final award amounts are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table on page 32.
- (2) Amounts represent the threshold, target and maximum amounts of shares distributable under performance share awards granted on December 9, 2009 under our 2007 Long-Term Incentive Plan. Awards will vest on the achievement of specified levels of earnings per share in fiscal year 2012 as follows:

Performance Level	Performance Measure	Payout (% of the Target)
Outstanding (Maximum)	>\$3.48	150%
Target	\$3.22 to < \$3.48	100%
Threshold	\$2.97 to < \$3.22	50%
Below Threshold	<\$2.97	0%

- (3) Stock awards listed in this column represent grants of restricted stock units made on December 9, 2009. These grants will vest, and shares will be released, in equal portions on each of January 8, 2011, January 8, 2012, January 8, 2013 and January 8, 2014. We do not currently require our executives to hold these awards for any time period beyond the specified vesting periods.
- (4) Option awards listed in this column were granted on December 9, 2009 and May 1, 2010 at exercise prices of \$36.54 and \$38.89, respectively. The options will vest in equal portions on each of the first through fourth anniversaries of the date of grant. We do not currently require our executives to hold these awards for any time period beyond the specified vesting periods.

- (5) Amounts included in the Grant Date Fair Value of Stock and Option Awards column represent the grant date fair value recognized with respect to the 2010 fiscal year in accordance with ASC 718. For a discussion of valuation assumptions, see Note 10, *Stock Plans*, in our Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended October 31, 2010.
- (6) As discussed in more detail in the Compensation Discussion & Analysis on pg. 19, our senior executives did not receive grants of equity awards other than performance share awards during the 2010 fiscal year due to a supplemental grant made in the 2009 fiscal year. Mr. Folden and Dr. Auerbach did not receive this supplemental grant and therefore received grants at the time of our annual grant to other employees in December 2009.

- (1) Present value is calculated as of the October 31, 2010 measurement date and is based on a 5.50% discount rate and the RP2000 Mortality Tables. Mr. Midlock is over age 65, and therefore the present value of his accumulated benefit reflects his actual annual accrued benefit as of October 31, 2010.

Table of Contents**Narrative to Pension Benefits Table**

Our Retirement Income Plan, or RIP, was adopted in December 1983. The majority of our U.S. employees who work at least 1,000 hours per year are covered by the RIP. For services performed after December 31, 1988, members are entitled to an annual retirement benefit equal to 0.60% of base annual compensation up to \$10,000, and 1.20% of base annual compensation which exceeds \$10,000 but is not in excess of the applicable annual maximum compensation permitted to be taken into account under Internal Revenue Service guidelines for each year of service. For service prior to January 1, 1989, members are entitled to an annual retirement benefit equal to 0.75% of base annual compensation up to the Social Security Wage Base in effect that year and 1.50% of base annual compensation in excess of the Social Security Wage Base for each year of service.

Based on the current accumulated benefits for the Named Executive Officers, the estimated annual benefits payable under the RIP upon retirement at the normal retirement age of 65 are as follows:

Officer	Estimated Annual Benefits Payable (1)
Robert S. Weiss	\$ 62,222
Eugene J. Midlock	\$ 12,986
John A. Weber	\$ 61,706
Carol R. Kaufman	\$ 45,015
Rodney E. Folden	\$ 36,944
Gregory W. Matz	\$ 15,120
Robert D. Auerbach, M.D.	\$ 52,780

(1) Mr. Midlock is over age 65, and therefore the estimated annual benefits payable reflects his annual payable benefit as of October 31, 2010.

Potential Payments Upon Termination or Change in Control

During the 2010 fiscal year, we had agreements in place that govern the terms of post-employment compensation to our Named Executive Officers in the event of a termination of their employment. All except the agreements with Messrs. Weiss and Folden and with Dr. Auerbach are subject to our Change in Control Severance Plan adopted on May 21, 2007. The Change in Control Severance Plan provides severance benefits to certain of our key employees as recommended by management. Agreements under this plan require the approval of the Compensation Committee before they are offered to executives. The Change in Control Severance Plan is designed to be an employee welfare benefit plan, as defined in Section 3(1) of the Employee Retirement Income Security Act of 1974, as amended, or ERISA. At the time of this Proxy Statement, approximately 20 employees have agreements in place under this plan.

The following tables provide estimated amounts payable to each of the Named Executive Officers assuming termination of employment on October 31, 2010. The tables assume that the value at termination of outstanding equity awards is \$49.34, which was the fair market value of our common stock on October 31, 2010. Upon termination of employment, amounts due to the Named Executive Officers, other than Mr. Folden, will be paid in monthly installments. Amounts due to Mr. Folden will be paid in one lump sum within 60 days of his termination.

Robert S. Weiss

Our severance agreement with Mr. Weiss originally took effect on August 21, 1989. Under the agreement, Mr. Weiss would be entitled to a payment of up to 150% of his base salary in the event of

his: (i) termination without cause, (ii) termination within 90 days of a change in control event, (iii) voluntary resignation with good reason or (iv) separation after a request to relocate more than 50 miles from his current workplace. He would also be entitled to a pro rated portion of his bonus under the applicable Incentive Payment Plan, immediate vesting in his outstanding equity awards and his accrued benefits under the Retirement Income Plan, and continued coverage under our benefits program for up to 18 months.

The agreement with Mr. Weiss also provides for certain limited payments in the event that he voluntarily resigns his position without good reason. Mr. Weiss is required to provide us a minimum of 45 days notice of his resignation and can receive a percentage of his current annual base salary equal to the number of days notice provided divided by 360, to a maximum of 25%.

(1) Represents 25% of base salary for the 2010 fiscal year, the maximum amount allowed under the agreement, in the event of a voluntary resignation without good reason with a minimum of 45 days notice. Represents 150% of base salary for the 2010 fiscal year in the event of termination without cause or voluntary resignation with good reason. Represents 100% of base salary for the 2010 fiscal year upon termination within 90 days of a change in control or after a request to relocate.

Mr. Weiss severance agreement provides that if he is entitled to payment for any of the above reasons, his estate will receive the same payments in the event of his death. For purposes of estimating payments on death for the above table, the maximum payout of 150% of base salary has been used on the assumption that severance at this level was triggered immediately prior to his death and his estate is entitled to such payments under the agreement. No severance is automatically paid upon retirement or death under Mr. Weiss agreement or company policy.

(2) Represents the bonus award payable to Mr. Weiss under the 2010 Incentive Payment Plan, which was earned in full as of October 31, 2010. Upon voluntary resignation prior to the date that awards are paid under the 2010 IPP awards would be forfeit.

(3) Upon termination, Mr. Weiss will fully vest in all benefits due under our Retirement Income Plan, or receive substantially equivalent benefits in the event the terms of the Retirement Income Plan prevent immediate vesting. For further information on the Retirement Income Plan see the *Pension Benefits Table* on page 38.

(4) Represents the intrinsic value on sale at a stock price of \$49.34 of the shares underlying equity awards which were outstanding at October 31, 2010. Includes shares which were either vested at October 31st or would be subject to accelerated vesting upon a termination of employment. For purposes of estimating the value of performance shares which have not completed their performance period, it is assumed that target award levels will be achieved and paid accordingly, except in the event of a change in control which may trigger certain provisions to require payout at maximum achievement.

Table of Contents

Upon termination without cause, voluntary resignation with good reason, termination after a change in control or separation after a request to relocate, Mr. Weiss' outstanding equity awards which were not vested will immediately become fully vested and exercisable.

In the event of retirement or death, outstanding equity awards will be treated in accordance with the terms of their associated agreements. Generally, stock options that are unvested at the date of the holder's retirement or death will be forfeit. Vested options will remain outstanding and exercisable for a term of three years from the date of retirement or one year from the date of death. Performance share awards which have not completed their performance period will be entirely forfeit on voluntary resignation. Termination for death or retirement will result in payment of a pro rata portion of the performance shares based on how much of the performance cycle was completed at termination.

- (5) Mr. Weiss and his dependents will be eligible to continue participation in our insurance plans until all severance benefits have been paid. Amounts presented reflect the value of benefits over 12 months in the event of termination within 90 days of a change in control or after a request to relocate and over 18 months in the event of termination without cause or voluntary termination with good reason.

Rodney E. Folden

Our severance agreement with Mr. Folden originally took effect on May 21, 1990. Under the agreement, Mr. Folden would be entitled to a payment of up to 100% of his base salary in the event of his: (i) termination without cause, (ii) termination within 90 days of a change in control event, (iii) voluntary resignation with good reason or (iv) separation after a request to relocate more than 50 miles from his current workplace. He would also be entitled to a pro rated portion of his bonus under the applicable Incentive Payment Plan, his accrued benefits under the Retirement Income Plan and continued coverage under our benefits program for up to 12 months.

The agreement with Mr. Folden also provides for certain limited payments in the event that he voluntarily resigns his position without good reason. If Mr. Folden provides us a minimum of 30 days notice of his resignation, he can receive up to 30 days of his base salary (approximately one month, or 1/12th, of his total annual base salary).

- (1) Represents 1/12th of base salary for the 2010 fiscal year, the maximum amount allowed under the agreement, in the event of a voluntary resignation without good reason with a minimum of 30 days notice. Represents 100% of base salary for the 2010 fiscal year in the event of termination without cause, voluntary resignation with good reason, or termination within 90 days of a change in control or after a request to relocate.

Mr. Folden's severance agreement provides that if he is entitled to payment for any of the above reasons, his estate will receive the same payments in the event of his death. For purposes of estimating payments on death for the above table, the maximum payout of 100% of base salary has been used on the assumption that severance at this level was triggered immediately prior to

- (4) Represents the intrinsic value on sale at a stock price of \$49.34 of the shares underlying equity awards which were outstanding at October 31, 2010. Includes shares which were either vested at October 31st or would be subject to accelerated vesting upon a termination of employment. For purposes of estimating the value of performance shares which have not completed their performance period, it is assumed that target award levels will be achieved and paid accordingly, except in the event of a change in control which may trigger certain provisions to require payout at maximum achievement.

In the event of Mr. Folden's termination without cause, retirement or death, outstanding equity awards will be treated in accordance with the terms of the associated award agreements. Generally, stock options that are unvested at the date of the holder's termination will be forfeit. Vested options will remain outstanding and exercisable for a term of three months from the termination date in the case of a termination without cause, three years from the date of retirement or one year from the date of death. Outstanding RSUs would be immediately forfeited under the terms of the associated award agreement upon any termination of employment. Performance share awards will be entirely forfeit on voluntary resignation or termination without cause. Termination on a change in control will result in immediate payment of performance shares at either target or maximum award levels depending on how much of the performance cycle has been completed. Termination for death, disability or retirement will result in payment of a pro rata portion of the performance shares based on how much of the performance cycle was completed at termination.

- (5) Mr. Folden and his dependents will be eligible to continue participation in our insurance plans until all severance benefits have been paid. Amounts presented reflect the value of benefits over 12 months in the event of termination without cause, voluntary termination with good reason, termination within 90 days of a change in control or after a request to relocate.

Robert D. Auerbach, M.D.

Our employment agreement with Dr. Auerbach originally took effect on May 1, 2005. Under the agreement, Dr. Auerbach's employment may only be terminated for Cause or upon his death, permanent disability, voluntary resignation or provision of twelve (12) months' written notice. Dr. Auerbach would be entitled to payment of his base salary through the date of termination, a pro rated portion of his bonus under the applicable Incentive Payment Plan and his accrued benefits under the Retirement Income Plan. His equity awards would be treated in accordance with the terms of our equity incentive plans.

- (1) Assumes that notice of termination without Cause was provided at October 31, 2009, as required by the Agreement, and employment continued through October 31, 2010. Severance upon termination without Cause reflects six months severance. The severance policy for CooperSurgical is discretionary and severance is determined on a case by case basis. Vice-president and higher level executives have historically received six months severance and we are using this amount to estimate Dr. Auerbach's severance in the event of a termination. His actual severance payment may differ. No severance is payable upon voluntary resignation, disability, retirement or death.
- (2) Represents the bonus award payable to Dr. Auerbach under the 2010 Incentive Payment Plan, which was earned in full as of October 31, 2010.
- (3) Upon termination, Dr. Auerbach will fully vest in all benefits due under our Retirement Income Plan, or receive substantially equivalent benefits in the event the terms of the Retirement Income Plan prevent immediate vesting. and Weber and with Ms. Kaufman took effect on June 8, 2007 and the agreement with Mr. Matz took effect June 1, 2010. These agreements continue in effect until the executive's employment terminates and all severance obligations have been fulfilled. Under the agreements, each of these executives would be entitled to a payment of 200% of their base salary in the event of either termination without cause or voluntary resignation with good reason within one year of a change in control event.

Each executive would also be entitled to a pro rated portion of their bonus under the applicable Incentive Payment Plan, immediate vesting in their outstanding equity awards and their currently accrued benefits under the Retirement Income Plan, continued coverage under our benefits program for up to 24 months and payment of all salary and vacation which was accrued but unpaid at the date of termination.

If employment terminates for these executives other than as provided for in their change in control agreements, the standard Company severance policies for all employees will apply. Table of Contents

(1) Represents the severance due per Company policy for all employees in the event of other termination without cause. Represents 200% of base salary for the 2010 fiscal year in the event of termination without cause or resignation for good reason within one year of a change in control. No severance is due upon retirement or death of the executive.

(2) Represents the bonus award payable under the 2010 Incentive Payment Plan, which was earned in full as of October 31, 2010.

(3) Upon termination without cause, executives who are vested in the Retirement Income Plan will retain accrued benefits. These benefits will be paid upon the executive's application for retirement benefits in accordance with the terms of the Retirement Income Plan. For further information on the Retirement Income Plan see the *Pension Benefits Table* on page 38.

Upon termination without cause or resignation with good reason after a change in control, all benefits due under our Retirement Income Plan will vest in full. If the terms of the Retirement Income Plan prevent immediate vesting the executive will receive substantially equivalent benefits. As of October 31, 2010, Mr. Matz was not vested in the Retirement Income Plan.

In the event of the executive's death, benefits are payable to the estate.

(4) Represents the intrinsic value on sale at a stock price of \$49.34 of the shares underlying equity awards which were outstanding at October 31, 2010. Includes shares which were either vested at October 31st or would be subject to accelerated vesting upon a termination of employment. For purposes of estimating the value of performance shares which have not completed their performance period, it is assumed that target award levels will be achieved and paid accordingly, except in the event of a change in control which may trigger certain provisions to require payout at maximum achievement.

Upon termination after a change in control or resignation with good reason after a change in control, all outstanding equity awards will immediately become fully vested. Amounts provided in this row show the value of the stock awards subject to accelerated vesting at a stock price of \$49.34, which was the closing price of our stock on October 31, 2010. Termination on a change in control will result in immediate payment of performance shares at either target or maximum award levels depending on how much of the performance cycle has been completed.

In the event of the executive's termination without cause, retirement or death, outstanding equity awards will be treated in accordance with the terms of the associated award agreements. Generally, stock options that are unvested at the date of the holder's termination will be forfeit. Vested options will remain outstanding and exercisable for a term of three months from the termination date in the case of a termination without cause, three years from the date of retirement or one year from the date of death. Outstanding RSUs would be immediately forfeited under the terms of the associated award agreement upon any termination of employment. Performance share awards will be entirely forfeit on voluntary resignation or termination without cause. Termination for death, disability or retirement will result in payment of a pro rata portion of the performance shares based on how much of the performance cycle was completed at termination.

(5) Upon termination after a change in control or resignation with good reason after a change in control, the executive and their dependents will be eligible to continue participation in our insurance plans for up to 24 months after the date of termination. Amounts in this row reflect the value of benefits over the severance period or benefits payable under our life insurance policies in the event of the executive's death.

Risk And Executive Compensation

Our Compensation Committee has assessed the possible risk related to our executive compensation and based on this assessment the Compensation Committee has concluded that our compensation programs do not create unreasonable risk or the likelihood of a material adverse impact on the Company. In making this determination, the Compensation Committee considered possible compensation-based risks and means by which potential risks may be mitigated, including through the operation of our internal control structure and the Committee's oversight. The Compensation Committee also considered the structure of our compensation plans, including the use of a balance of short- and long-term compensation, implementation of equity ownership guidelines, capped bonus targets under short-term incentive plans and clawback provisions for short-term bonus awards.

Table of Contents**DIRECTOR COMPENSATION**

The Compensation Committee reviews and recommends compensation of the Non-Employee Directors and the Board approves compensation amounts based on these recommendations. Directors of a publicly traded company have substantial responsibilities and time commitments, and with recent changes in corporate governance standards, highly qualified and experienced directors are in high demand; therefore, we seek to provide suitable economic incentives for our directors and to compensate them appropriately for their continued performance, responsibilities and dedication. The Compensation Committee takes these factors into account in making recommendations to the Board with regard to changes in the Non-Employee Director compensation program.

The Compensation Committee also receives an analysis from their independent consultant, J. Richard, with regard to Non-Employee Director compensation. The Compensation Committee reviews and analyzes the information provided by J. Richard in determining whether to recommend changes to the Board. The Board sets total Non-Employee Director compensation at levels it considers appropriate given the competitive market for qualified directors and the time commitment expected of the Non-Employee Directors. Director compensation is reviewed regularly and modified as the Board considers necessary or appropriate.

Stipends and Committee Chair Compensation

We compensate each Non-Employee Director based on service to us, including attendance at meetings and service on committees of the Board. Annual cash retainers, stipends for service as a committee chair and equity compensation grants are designed to correspond to the relative responsibility of each director and are regularly reviewed to ensure they meet this standard.

Directors who are also our employees receive no additional compensation for their service as directors.

For the 2010 fiscal year, each Non-Employee Director received an annual stipend of \$30,000 for their services. Dr. Rubenstein received an additional stipend of \$10,000 for his service as Lead Director and Mr. Bender received an additional stipend of \$125,000 for his service as Chairman of the Board.

Chair Stipends & Meeting Payments

The Non-Employee Directors who served as Committee Chairs received an additional stipend in recognition of their time devoted to us in this capacity. Stipend amounts are structured to reflect the additional requirements placed on each Committee Chair.

Committee Chair Stipends for 2010:

Audit Committee Chair (Steven Rosenberg)	\$15,000 per year
Organization & Compensation Committee Chair (Michael Kalkstein)	\$12,000 per year
Corporate Governance & Nominating Committee Chair (Donald Press)	\$10,000 per year
