Dear Fellow Stockholder:

You are cordially invited to attend our 2011 Annual Meeting of Stockholders of Host Hotels & Resorts, Inc., which will be held at 10:00 a.m. on Thursday, May 12, 2011, at The Ritz-Carlton, Tysons Corner in McLean, Virginia. The doors will open at 9:30 a.m. Our directors and management team will be available to answer questions.

The attendance of stockholders at our annual meetings is helpful in maintaining communication and understanding. We hope you will be able to join us. Whether or not you plan to attend, it is important that your shares be represented and voted at the meeting. You can ensure that your shares are represented by voting over the Internet, by telephone or by using a traditional proxy card. Instructions for these convenient ways to vote are set forth on the enclosed proxy card. If you attend the meeting, you may continue to have your shares voted as instructed in the proxy or you may withdraw your proxy at the meeting and vote your shares in person.

We describe in detail the proposals to be introduced at the annual meeting in the attached Notice of 2011 Annual Meeting of Stockholders and Proxy Statement. Our 2010 Annual Report (including our Annual Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2010) is also enclosed. We encourage you to read our Annual Report and hope you will find it interesting and useful. Thank you for your continued interest in Host Hotels & Resorts, and we look forward to seeing you at the meeting.

Sincerely,

Richard E. Marriott
Chairman of the Board

Important Notice Regarding the Availability of Proxy Materials for the Stockholders Meeting to be held on Thursday, May 12, 2011.

The Proxy Statement and Annual Report to Stockholders are available at <http://www.hosthotels.com/investorrelations.asp>

ATTENDANCE AND VOTING MATTERS

We are providing you with this proxy statement in connection with the solicitation of proxies to be used at the 2011 Annual Meeting of Stockholders of Host Hotels & Resorts, Inc. (the Company). The annual meeting will be held at The Ritz-Carlton Hotel, Tysons Corner, 1700 Tysons Boulevard, McLean, Virginia 22102, on Thursday, May 12, 2011, at 10:00 a.m. Below, in question and answer format, is general information on attendance and voting matters.

Q. What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. This proxy is being solicited by the Board of Directors, and we have designated each of Larry K. Harvey and Elizabeth A. Abdoo as proxies for this annual meeting. When you properly sign your proxy card or vote via telephone or the Internet, you are giving the persons named on the card your direction to vote your shares of common stock at the annual meeting as you designate.

Q. What is a proxy statement?

It is a document that summarizes information that we are required to provide you under the rules of the Securities and Exchange Commission, or SEC, when we ask you to vote your shares or designate a proxy. It is designed to assist you in voting.

Q. What does it mean if I get more than one proxy card?

You should vote by completing and signing each proxy card you receive. You will receive separate proxy cards for all of the shares you hold in different ways, such as jointly with another person, or in trust, or in different brokerage accounts.

Q. What items will be voted on at the annual meeting?

The following proposals will be presented for stockholder consideration and voting at the annual meeting:

To elect the eight nominees named to the Board of Directors;

To ratify the selection of KPMG LLP as the independent registered public accounting firm for the Company to serve for 2011;

To consider and vote upon a non-binding advisory resolution regarding the compensation of the Company's named executive officers;

To consider and vote upon a non-binding advisory vote on the frequency at which the Company should include future advisory votes regarding the compensation of the Company's named executive officers in the proxy statement for stockholder consideration; and

To consider and act upon such other business as may properly come before the annual meeting.

Q. What are the Board's voting recommendations?

The Board recommends that you vote your shares:

For each of the nominees to the Board of Directors;

1

For the ratification of KPMG LLP as the Company's auditors for 2011;

For approval of the advisory resolution regarding the compensation of the Company's named executive officers;

In favor of recommending an advisory vote on the Company's compensation of our named executive officers every year.

Q. What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Stockholder of Record. If your shares are registered directly in your name with the Company's transfer agent, Computershare Trust Company, N.A., or Computershare, you are considered the stockholder of record with respect to those shares, and the Notice of Annual Meeting, Proxy Statement and our 2010 Annual Report was sent directly to you by the Company.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name, and the Notice of Annual Meeting, Proxy Statement and our 2010 Annual Report was forwarded to you by that organization. The organization holding your shares is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

Q. Who is entitled to vote?

Anyone who owned common stock of the Company at the close of business on March 16, 2011, the record date, can vote at the annual meeting. We are first sending the Notice of Annual Meeting, Proxy Statement and our 2010 Annual Report on April 8, 2011 to all stockholders entitled to vote at the meeting.

Q. How can I manage the number of Annual Reports I receive?

Our 2010 Annual Report, together with our Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2010, has been mailed to stockholders with this Proxy Statement. If you share an address with any of our other stockholders, your household might receive only one copy of these documents. To request individual copies for each stockholder in your household, please contact our Investor Relations department at 240-744-1000, by e-mail to ir@hosthotels.com, or by mail to Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Suite 1500, Bethesda, MD 20817, Attn: Investor Relations. To ask that only one set of the documents be mailed to your household, please contact your bank, broker or other nominee or, if you are a stockholder of record, please call our transfer agent, Computershare at 866-367-6351 toll-free within the United States and Canada; outside the United States and Canada at 781-575-4320, or by mail at P.O. Box 43078, Providence, Rhode Island 02940.

Q. How do I vote?

Voting in Person at the Meeting. If you are a stockholder of record as of the close of business on March 16, 2011 and attend the annual meeting, you may vote in person at the meeting. If your shares are held by a broker, bank or other

nominee (i.e., in street

name) and you wish to vote in person at the meeting, you will need to obtain a proxy form from the broker, bank or other nominee that holds your shares of record.

Voting by Proxy for Shares Registered Directly in the Name of the Stockholder. If you hold your shares in your own name as a holder of record, you may vote your shares as follows:

Vote by Telephone. You may vote by telephone by calling the toll-free number listed on the accompanying proxy card. Telephone voting is available 24 hours per day until 11:59 p.m., Eastern Time, on Wednesday, May 11, 2011. When you call, have your proxy card in hand and you will receive a series of voice instructions which will allow you to vote your shares of common stock. You will be given the opportunity to confirm that your instructions have been properly recorded. **IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

Vote by Internet. You also have the option to vote via the Internet. The website for Internet voting is printed on your proxy card. Internet voting is available 24 hours per day until 11:59 p.m., Eastern Time, on Wednesday, May 11, 2011. As with telephone voting, you will be given the opportunity to confirm that your instructions have been properly recorded. **IF YOU VOTE VIA THE INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

Vote by Mail. If you would like to vote by mail, mark your proxy card, sign and date it, and return it to Computershare in the postage-paid envelope provided.

Voting by Proxy for Shares Registered in Street Name. If your shares are held in street name, you will receive instructions from your broker, bank or other nominee which you must follow in order to have your shares of common stock voted.

Q. Who is acting as my proxy and how will they vote my shares?

The individuals named on the enclosed proxy card are your proxies. They will vote your shares as you indicate. If you sign and return your proxy card but do not indicate how you wish to vote and you hold your shares in your own name as a holder of record, all of your shares will be voted:

- (1) FOR each of the nominees for director;
- (2) FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for 2011;
- (3) FOR approval of the advisory resolution regarding compensation of the Company's named executive officers;
- (4)

In favor of recommending an advisory vote on the Company's compensation of our named executives every year; and

- (5) In the discretion of your proxies on any other matters that may properly come before the annual meeting or any adjournment or postponement thereof.

However, if you hold your shares in street name, it is critical that you cast your vote in order for your vote to count. In the past, if you held your shares in street name and you did not indicate how you wanted to vote those shares, your bank or broker was allowed to vote those shares on your behalf in the election of directors and other

routine matters as they deemed appropriate. Now, due to recent regulatory changes, your bank or broker no longer is able to vote your shares on a discretionary basis in most matters. If you hold your shares in street name and do not instruct your bank or broker how to vote, then no votes will be cast on your behalf for all matters other than the ratification of the appointment of KPMG LLP as the Company's independent registered public accountants for 2011 (proposal two).

Q. May I revoke my proxy?

You may revoke your proxy at any time before the annual meeting if you:

- (1) File a written notice of revocation dated after the date of your proxy with Computershare; or
- (2) Send Computershare by mail a later-dated proxy for the same shares of common stock; or
- (3) Submit a new vote by telephone or the Internet. The date of your last vote, by either of these methods or by mail, will be the one that is counted; or
- (4) Attend the annual meeting AND vote there in person.

The mailing address for Computershare is P.O. Box 43078, Providence, Rhode Island 02940. The overnight delivery address for Computershare is: 250 Royall Street, Canton, Massachusetts 02021.

Q. How many shares of common stock may vote at the annual meeting?

At the close of business on March 16, 2011, there were 683,960,368 shares of our common stock issued and outstanding. Every stockholder is entitled to one vote for each share of common stock held.

Q. What vote is required to approve each proposal?

In the election of directors, each nominee must receive more For votes than Against votes in order to be elected as a director. The affirmative vote of a majority of votes cast at the meeting is required to ratify the appointment of KPMG LLP as the Company's independent registered public accountants for 2011 and to approve, by non-binding vote, the advisory vote on executive compensation. The frequency of the advisory vote on executive compensation (1, 2, or 3 years) receiving the greatest number of votes will be considered the frequency recommended by stockholders.

Q. What constitutes a quorum ?

A majority of the outstanding shares entitled to vote, present in person or by proxy, constitutes a quorum. We must have a quorum to conduct the annual meeting. If a quorum is not present or if we decide that more time is necessary for the solicitation of proxies, we may adjourn the annual meeting. We may do this with or without a stockholder vote. If there is a stockholder vote to adjourn, the named proxies will vote all shares of common stock for which they have voting authority in favor of the adjournment.

Q. How are abstentions and broker non-votes treated?

Shares of our common stock represented by proxies that are marked abstain, or which constitute broker non-votes, will be counted as present at the meeting for the purpose of

determining a quorum. Broker non-votes occur when a nominee holding shares of our common stock for a beneficial owner returns a properly executed proxy but has not received voting instructions from the beneficial owner and such nominee does not possess or does not choose to exercise discretionary authority with respect to such shares. Abstentions and broker non-votes will have no effect on the results of the vote on the election of directors or the results of proposals 2, 3 and 4.

Q. How can I obtain copies of documents referenced in this proxy statement?

Copies of the Company's Corporate Governance Guidelines, codes of conduct and other documents referenced in this proxy statement can be accessed in the Investor Relations Governance section of the Company's website at <http://www.hosthotels.com>. Copies of these documents are also available in print to stockholders upon request by writing to:

Host Hotels & Resorts, Inc.

6903 Rockledge Drive, Suite 1500

Bethesda, Maryland 20817

Attention: Investor Relations

Q. How will voting on any other business be conducted?

Although we do not know of any other business to be considered at the annual meeting other than the proposals described in this proxy statement, if any other business is properly presented at the annual meeting your signed proxy card gives authority to Larry K. Harvey and Elizabeth A. Abdoo, or either of them, to vote on such matters in their discretion. Unless otherwise required by our Charter or Bylaws or by applicable Maryland law, any other matter properly presented for a vote at the meeting will require the affirmative vote of a majority of the votes cast.

Q. Who will count the votes?

Computershare Trust Company, N.A., our transfer agent, will act as the inspectors of election and will tabulate the votes.

Q. Who pays the cost of this proxy solicitation?

We bear all expenses incurred in connection with the solicitation of proxies. We have hired the firm of MacKenzie Partners, Inc. to assist in the solicitation of proxies for a fee of \$8,500, plus expenses. We will reimburse brokers, fiduciaries and custodians for their reasonable expenses related to forwarding our proxy materials to those beneficial owners.

Q. Is this proxy statement the only way that proxies are being solicited?

No. In addition to mailing these proxy solicitation materials, our officers and employees may solicit proxies by further mailings or personal conversations, or by telephone, facsimile or other electronic means.

Q. How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be disclosed on a Form 8-K filed with the SEC within four business days of the date of the annual meeting, which will be available on the Company's website at <http://www.hosthotels.com>.

CORPORATE GOVERNANCE AND BOARD MATTERS

Corporate Governance

Our Board of Directors oversees the management of the Company and its business for the benefit of our stockholders in order to enhance stockholder value over the long-term. The Board has adopted Corporate Governance Guidelines which are reviewed annually and periodically amended as the Board enhances the Company's corporate governance practices. The Company's Corporate Governance Guidelines, codes of conduct and other documents describing the Company's corporate governance practices can be accessed in the Investor Relations Governance section of the Company's website at <http://www.hosthotels.com>. Copies of these documents are also available in print to stockholders upon request.

In past years, the Board has implemented numerous corporate governance enhancements to further strengthen the Board's capacity to oversee the Company and to serve the long-term interests of all stockholders. These include:

- amending the Company's Bylaws to change the voting standard for the election of directors from a plurality to a majority of all of the votes cast in uncontested elections;

- amending the Company's Charter to declassify the Board so that all directors are elected on an annual basis; and

- allowing for the expiration of the Company's Stockholder Rights Plan in November 2008.

The Company invites stockholders and other interested parties to communicate any concerns they may have about the Company directly and confidentially with any of the full Board of Directors, the presiding director or the non-management directors as a group, by writing to the Board of Directors, the Presiding Director or the Non-Management Directors at Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Bethesda, MD 20817, Attn: Secretary. The Secretary will review and forward all stockholder communications to the intended recipient except those unrelated to the duties and responsibilities of the Board, such as junk mail and mass mailings, resumes and other forms of job inquiries, surveys, new business suggestions, business solicitations or advertisements. In addition, material that is hostile, threatening, illegal or similarly unsuitable or outside the scope of Board matters or duplicative of other communications previously forwarded to the recipient will also be excluded. The Secretary shall retain for three years copies of all stockholder communications that are forwarded.

Code of Business Conduct and Ethics

The Board has also adopted a code of business conduct and ethics that applies to all officers and employees of the Company and a code of business conduct and ethics and conflict of interest policy that applies to the Board. The purpose of these codes of conduct is to promote honest and ethical conduct; to promote full, fair, accurate, timely and understandable disclosure in periodic reports required to be filed by the Company; and to promote compliance with all applicable rules and regulations that apply to the Company and its officers, employees and directors.

Board Leadership Structure

Our governance structure provides the Board with the flexibility to select the appropriate leadership structure for the Company. This will be driven by the needs of the Company as well as the particular makeup of the Board of Directors at any point in time. As a result, no policy exists requiring the combination or separation of leadership roles, and the Company's governing documents do not mandate a particular structure.

Our current leadership structure is comprised of the Chairman of the Board, a separate Chief Executive Officer, an independent director serving as the presiding director of the non-management directors, and strong active independent directors. The CEO is responsible for setting the strategic direction of the Company and for the day to day leadership and management of the Company, while the Chairman of the Board provides guidance to the CEO, directs the agenda for Board meetings and presides over meetings of the full Board of Directors. This structure reflects the continued strong leadership, industry experience and energy brought to the Board by Richard E. Marriott, who has led the Company as Chair since its split with Marriott International in 1993. His over 45 year career at the Company uniquely provides him with a perspective and wealth of knowledge that is invaluable to the Board of Directors.

Another component of our leadership structure is the active role played by our independent directors in overseeing the Company's business, both at the Board and Committee level. Six of eight of our current directors are considered independent within the meaning of the rules of the New York Stock Exchange. Under our Corporate Governance Guidelines, non-management directors meet in executive session without the presence of the CEO, the Chairman of the Board or other executive officers. The purpose of these sessions is to promote open discussions among the independent directors concerning the business and affairs of the Company as well as matters concerning management, without any member of management present.

In accordance with our Corporate Governance Guidelines, the Chair of our Nominating and Corporate Governance Committee, Robert M. Baylis, presides at all executive sessions of non-management directors. Mr. Baylis also serves as the director to whom correspondence may be directed on behalf of the non-management directors as a group, as described above under Corporate Governance. The position and role of the lead independent director is intended to expand lines of communication between the Board and members of management. It is not intended to reduce the free and open access and communications that each independent board member has with other board members and members of management.

At least annually, the Nominating and Corporate Governance Committee discusses the structure and composition of the Board of Directors and reviews the current leadership structure. This is discussed with the full Board as part of the Board's annual evaluation to assess its effectiveness and takes into account our current business plans and long-term strategy as well as the particular makeup of the Board at that time.

Independence of Directors

It is the Board's policy that a majority of the directors of the Company be independent. To be considered independent, a director must not have a material relationship with the Company that could interfere with a director's independent judgment. To be considered independent, directors must also be independent within the meaning of the New York Stock Exchange's requirements. To assist the Board in determining whether a director is independent, the Board has adopted standards for independence set forth in the Company's Corporate Governance Guidelines.

Under these standards, a director is not considered independent if, within the past three years:

the director was employed by the Company (except on an interim basis);

an immediate family member of the director was an executive officer of the Company;

the director or an immediate family member is a partner at the Company's internal or external auditors;

the director or an immediate family member was a partner or employee of the Company's internal or external auditors and worked on the Company's audit;

the director or an immediate family member is employed as an executive officer of another company when a present officer of the Company sat on that company's compensation committee;

the director or an immediate family member received, during any 12-month period, more than \$120,000 in compensation from the Company, other than director or committee fees or deferred compensation (provided such deferred compensation is not contingent in any way on continued service);

the director or an immediate family member is an employee of a company that makes payments to or receives payments from the Company for property or services in excess of the greater of \$1 million or 2% of that company's consolidated gross revenue over one fiscal year; or

the director or an immediate family member is an executive officer, director, or trustee of a tax exempt organization to which the Company makes contributions in an amount that, in any single fiscal year, exceeds the greater of \$1 million or 2% of the tax exempt organization's consolidated gross revenues.

In addition, the Board also considers the following factors, among others, in making its independence determinations:

whether the director, or an organization with which the director is affiliated, has entered into any commercial, consulting, or similar contracts with the Company; and

whether the director receives any compensation or other fees from the Company, other than the fees described under Director Compensation .

Consistent with these considerations, the Nominating and Corporate Governance Committee reviewed directors responses to a questionnaire asking about their relationships

with the Company, as well as those of their immediate family members, and other potential conflicts of interest. The Committee determined that all of the directors other than Mr. Marriott and Mr. Walter are independent and recommended this conclusion to the Board. The Board approved the determination that six of the Company's eight directors are independent. Messrs. Marriott and Walter are not independent because they are Company employees.

PricewaterhouseCoopers (PWC) has served, since 1998, as the Company's internal auditor. Mr. Brittain retired from PWC in 2002, and receives unfunded retirement and other benefits from PWC, a portion of which is variable depending on PWC's financial results. Mr. Brittain has never been involved in any matters concerning the Company. The Board determined that these factors alone would not impede a determination of independence for Mr. Brittain.

The Board's Role in Risk Oversight

Our Board of Directors has overall responsibility for risk oversight with a focus on the most significant risks facing the Company, with reviews of certain areas being conducted by the relevant Committees that report on their deliberations to the Board. Risks are considered in almost all business decisions and as part of the Company's business strategy. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, appropriate risk-taking is essential for the Company to be competitive and to achieve its business objectives.

The chart below summarizes the primary areas of risk oversight for the Board and its Committees.

Board/Committee	Primary Areas of Risk Oversight
Full Board	Strategic, financial and execution risks and exposures associated with the annual business plan and strategic plan; major litigation and regulatory exposures, environmental and other current matters that may present material risk to the Company's operations, plans, prospects or reputation; joint ventures, acquisitions and divestitures; capital markets; and senior management succession planning.
Audit Committee	Discusses guidelines and policies with respect to the Company's risk assessment and risk management processes. Responsible for oversight of risks associated with financial matters, particularly the Company's financial statements, tax, accounting, and disclosure; risks associated with derivatives and hedging strategy; risks associated with the independence, qualifications and performance of the Company's outside auditor and internal auditors; and the Company's compliance with legal and regulatory requirements.
Compensation Policy Committee	Exposures associated with compensation of the Company's officers, stock ownership and incentive-compensation plans, executive retention, succession planning and employment related matters. As discussed in more detail in the Compensation Discussion & Analysis, the Committee reviews and approves compensation programs with features that are designed to mitigate risk without diminishing the incentive nature of compensation.

Board/Committee	Primary Areas of Risk Oversight
Nominating and Corporate Governance Committee	Risks and exposures relating to the identification of qualified candidates to become Board members; continuing oversight of Board composition; review of the structure, membership and charters of the Board committees; review of compensation for independent directors; and oversight of the evaluation of the Board and management.

The Board and its Committees implement their oversight responsibilities through management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include strategic, operating, financial, legal, compliance and reputational risk. Management communicates routinely with the Board, its Committees and individual directors on the significant risks identified through this process and how they are being managed.

Meetings and Committees of the Board

The Board met five times in 2010. Each director attended at least 75% of the meetings of the Board and of the committees on which the director served. The Company expects directors to attend the annual meeting of stockholders. All directors, except Ann Korologos, attended the annual meeting in 2010. Under our Corporate Governance Guidelines, non-management directors meet in executive session without management and did so after each regularly scheduled Board meeting in 2010. Mr. Baylis, the Chair of the Nominating and Corporate Governance Committee, presided over the executive sessions of the non-management directors.

The Board has established three standing committees to assist it in carrying out its responsibilities: the Audit Committee, the Compensation Policy Committee and the Nominating and Corporate Governance Committee. The Board has adopted a written charter for each committee, all of which are available on the Company's website (<http://www.hosthotels.com>). Copies of these charters are also available in print to stockholders upon request. Each committee consists entirely of independent directors in accordance with New York Stock Exchange rules. The Board generally makes committee assignments in May after the annual meeting of stockholders, upon recommendation of the Nominating and Corporate Governance Committee. The Board may from time to time appoint other committees as circumstances warrant. Any new committees will have authority and responsibility as delegated by the Board.

Role of the Compensation Consultant

Pursuant to its charter, the Compensation Policy Committee is authorized to retain and terminate any consultant, as well as approve the consultant's fees, scope of work and other terms of retention. In 2005, the Committee retained compensation consultant Towers Perrin (known as Towers Watson after merging with Watson Wyatt Worldwide effective January 1, 2010). Towers Watson assisted the Committee in the design, structure and implementation of the executive compensation programs for 2006-2008 and 2009-2011. In October 2010, the Committee retained Pay Governance LLC as its advisor. Pay Governance is an independent consulting firm that is comprised of former Towers Watson associates. Pay Governance advises and consults with the Committee on compensation issues, compensation design, and keeps the Committee apprised of regulatory, legislative, and accounting developments and competitive practices related to executive compensation. They do not determine or recommend the exact amount or

form of executive compensation for any executive officers. Pay Governance reports directly to the Committee, and a representative of Pay Governance, when requested, attends meetings of the Committee, is available to participate in executive sessions and communicates directly with the Committee Chair or its members outside of meetings. Pay Governance does no work for the Company.

Although Towers Watson no longer advises the Committee, it continues to do limited work for the Committee in preparing the analyses of the Company's stockholder return measured against the NAREIT Equity Index and an index of lodging companies. The Chair of the Committee, acting on authority delegated by the Committee, approved any other work that Towers Watson did for the Company and its affiliates. In 2010, Towers Watson also performed work for the Company and the Company's European joint venture, in which the Company has a 32% interest and acts as general partner. The work related to assistance with the valuation of pension obligations for financial reporting purposes in Italy, Spain, United Kingdom and Chile. Fees associated with this work were approximately \$63,000 in 2010.

The Compensation Policy Committee may delegate any or all of its responsibilities to a subcommittee, but did not do so in 2010. The Compensation Policy Committee's Report on Executive Compensation appears later in this proxy statement.

Compensation-Related Risks

The Compensation Policy Committee oversees the compensation policies and plans for all employees. Management, at the request of the Committee, has assessed the Company's compensation programs and has concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company. This risk assessment process included a review of all material compensation policies and practices, which were discussed with the Committee. The compensation programs of the Company are all centrally designed and centrally administered. They do not vary by department or business operations. The elements of compensation for senior management and upper middle management are also the same: base salary, annual cash incentive awards and long-term incentives. The performance measures for the incentive awards are (i) Company financial metrics that are based on an annual business plan and budget reviewed and approved by the Board of Directors and (ii) personal performance goals that are derived from the annual business plan and budget and Company strategic plan, which tie to measures of long-term success of the Company. The business plan and budget are reviewed quarterly with the Board and the strategic plan is addressed annually. The personal goals are drafted by each employee annually and approved by each manager so that there is a common purpose and accountability throughout the Company. Total compensation is capped throughout our compensation programs, and the Compensation Policy Committee reviews all senior management compensation and that of any employee earning more than \$500,000 in annual target compensation, which would include salary, bonus and equity awards. Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or excessive risk-taking.

Compensation Policy Committee Interlocks and Insider Participation

None of the members of the Compensation Policy Committee is or has been an officer or employee of the Company or had any relationship that is required to be disclosed as a transaction with a related person.

Identification and Evaluation of Director Candidates

Each year the Nominating and Corporate Governance Committee reviews with the Board of Directors the composition of the Board as a whole and makes a recommendation whether to

renominate directors and whether to consider any new persons to be added to the Board. The Committee considers director candidates suggested by members of the Committee, other directors and management. The Committee will also consider any written suggestions of stockholders for director nominees. The recommendation must include the name and address of the candidate, a brief biographical description and a description of the person's qualifications. Recommendations should be mailed to Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Suite 1500, Bethesda, MD 20817, Attn: Secretary. The Committee will evaluate in the same manner candidates suggested in accordance with this policy and those recommended by other sources. The Committee has full discretion in considering all nominations to the Board. Alternatively, stockholders who would like to nominate a candidate for director (in lieu of making a recommendation to the Nominating and Corporate Governance Committee) must comply with the requirements described in this proxy statement and the Company's Bylaws. See Stockholder Proposals for our Next Annual Meeting.

The evaluation of director candidates involves several steps, not necessarily in any particular order. Preliminary interviews of director candidates may be conducted by the Chair of the Committee or, at his request, any other member of the Committee, the Chairman of the Board, or other directors. Background material pertaining to director candidates is distributed to the members of the Committee for their review. References are checked and analyses are performed to identify potential conflicts of interest and appropriate independence from the Company. Director candidates who the Committee determines merit further consideration are interviewed by the Chair of the Committee and other Committee members, directors and executive officers as determined by the Chair of the Committee. The results of these interviews are considered by the Committee in its deliberations.

There are certain minimum qualifications for Board membership that director candidates should possess, including strong values, high ethical standards, mature and independent judgment, diverse business experience, familiarity with the issues affecting the Company's business, and a commitment to full participation on the Board and its committees. The Committee has adopted guidelines in its charter to be used in evaluating candidates in order to ensure a diverse and highly qualified Board of Directors. In addition to the characteristics mentioned above, the guidelines provide that the Committee may consider the following criteria, including: experience in running a major enterprise, sound business acumen, experience as a board member of another publicly held company, academic expertise in an area of the Company's operations, and a reputation, both personal and professional, consistent with the image and reputation of the Company. In addition, when considering new Board members, the Committee considers whether the candidate would qualify as an independent director under New York Stock Exchange rules and other applicable regulations.

The Board is also committed to a diversified membership, in terms of both the individuals involved and their experience. As stated in the Committee's charter, the Committee may take into account the overall diversity of the Board, including professional background, experience, perspective, age, tenure, gender, and ethnicity. The Board is satisfied that the current nominees reflect an appropriate diversity of gender, race, age, professional background and experience but is committed to continuing to consider diversity issues in evaluating the composition of the Board.

DIRECTOR COMPENSATION

2010 Director Fees

Directors who are employees receive no additional compensation for serving on the Board or its committees. In 2010, we provided the following annual compensation to our independent directors.

Name (1)	Fees Earned or Paid in Cash (2)	Stock Awards (3)	All Other Compensation (4)	Total
Robert M. Baylis	\$ 90,000	\$ 75,000	\$ 43,685	\$ 208,685
Willard W. Brittain.	80,000	75,000	35,439	190,439
Terence C. Golden	66,500	75,000	21,378	162,878
Ann McLaughlin Korologos	84,000	75,000	47,428	206,428
John B. Morse, Jr.	98,000	75,000	49,232	222,232
Gordon H. Smith	83,000	75,000	89,274	247,274

- (1) Mr. Marriott, Chairman of the Board, and Mr. Walter, President and CEO, are not included in this table because they are employees of the Company and thus receive no compensation for services as directors. The compensation received by Mr. Marriott and Mr. Walter as employees is shown in Executive Officer Compensation.
- (2) Amount reflects an annual retainer for Board service, attendance fees at committee meetings and the annual stockholders meeting and retainers for committee chairs, as described below.
- (3) Amount reflects annual stock awards under the Non-Employee Directors' Deferred Stock Compensation Plan in value equal to the annual retainer. The annual stock awards are fully vested upon grant.
- (4) Amount reflects:

Complimentary rooms, food and beverage and other hotel services for directors when they stay at properties owned by us or managed by our major operators as follows: Mr. Baylis, \$25,796; Mr. Brittain, \$19,381; Mr. Golden, \$11,769; Ms. Korologos, \$26,109; Mr. Morse, \$28,456; and Mr. Smith \$49,592.

Reimbursement for taxes associated with the value of the above benefit as follows: Mr. Baylis, \$17,889; Mr. Brittain, \$16,058; Mr. Golden, \$9,609; Ms. Korologos, \$21,319; Mr. Morse, \$20,776; and Mr. Smith \$39,682.

Compensation Philosophy

Directors are compensated in cash and stock to align their interests with those of our stockholders. The components of director compensation are discussed below.

Cash Compensation

The Company provides non-employee directors the following cash compensation in addition to reimbursement of customary and usual travel expenses.

retainer of \$65,000 per year;

\$1,500 for each committee meeting attended;

\$1,500 for attendance at the annual meeting of stockholders;

\$10,000 per year to the committee chair of the Compensation Policy Committee (Ms. Korologos) and the committee chair of the Nominating and Corporate Governance Committee (Mr. Baylis); and

\$15,000 per year to the committee chair of the Audit Committee (Mr. Morse).

There are no fees paid for attendance at regularly scheduled Board meetings, however, non-employee directors would receive \$1,500 for attendance at any special meeting, of which there were none in 2010.

Stock Compensation Annual Stock Award

The Nominating and Corporate Governance Committee reviewed the compensation of the independent directors in 2010. Stockholder approval of the Company's 2009 Comprehensive Stock and Cash Incentive Plan in May 2009 allowed more flexibility structuring directors' compensation because, unlike the former stock plan, it allows directors to receive grants of equity. Effective January 1, 2010, the Committee recommended, and the Board approved, an increase in the annual stock retainer for independent directors from \$65,000 to \$75,000, to be made after the annual meeting of stockholders with the number of shares to be determined based on the fair market value of the Company's stock on that date.

Under the Non-Employee Directors' Deferred Stock Compensation Plan, directors will receive the annual stock award in fully-vested restricted stock, unless a director makes an election prior to the end of the year preceding the award to defer the award into stock units. Directors also elect at that time the date when the stock units would be payable, which is either upon termination of service from the Board in a lump sum or in annual installments up to 10 years, or in a lump sum payable the earlier of (i) termination of service or (ii) 3 or 5 years from the date of grant. All directors elected to defer the 2010 award into stock units. The closing price of our common stock on the annual meeting date of May 6, 2010 was \$15.37, so each director was credited with 4,879 stock units. Directors are also credited with dividend equivalents that are equal in value to the dividends paid on our common stock.

Stock Ownership Policy

Effective January 1, 2010, non-employee directors must own common stock of the Company (which includes stock units held under the Non-Employee Directors' Deferred Compensation Plan) equal in value to five times the annual cash retainer (\$65,000) paid to directors. Compliance with these guidelines will be measured on the first trading day of each calendar year, using the annual cash retainer then in effect and the closing price of our common stock on that day. Any subsequent change in the value of the common stock will not affect the amount of stock that directors are required to hold during that year. In the event that the annual cash retainer increases, a non-employee director will have five years from the time of such increase to acquire any additional shares needed to meet these guidelines. There will be a transition period of five years for non-employee directors to achieve the ownership requirement. Mr. Marriott and Mr. Walter, as employees, are subject to separate stock ownership guidelines applicable to corporate officers. All directors currently meet the stock ownership guidelines, except for Messrs. Smith and Brittain who joined in 2009 and have until 2014 to achieve the guidelines.

Perquisites

To encourage our directors to visit and personally evaluate our properties and the managers of our properties, directors receive complimentary rooms, food and beverage and other hotel services when they stay at properties owned by us or managed by our major operators. In addition, directors are reimbursed for taxes associated with the value of this benefit.

Non-Employee Directors' Deferred Stock Compensation Plan

In addition to the annual stock award, the Non-Employee Directors' Deferred Stock Compensation Plan allows directors to defer receipt of all or part of their annual cash retainer, meeting fees, and committee chair fees until after their service on the Board has ended. Under this plan, the Company has established a stock unit account for each non-employee director and all deferred fees are credited to this account as of the date the fee would have been paid. Deferred fees are converted into stock units based on the fair market value of the Company's common stock on the date the fee otherwise would have been paid. Dividends are reinvested in additional stock units and credited to the account in stock units based on the market price of the stock on the date dividends are paid.

Upon termination of service from the Board, a director's stock unit account is settled by delivering an amount of our shares of common stock equal to the number of stock units, and, with respect to any deferred cash fees, directors had the option to receive such shares as a lump sum or in substantially equal annual installments over a period not to exceed 10 years. With respect to stock awards for 2010 and subsequent years, directors may elect to defer payment of the award as set forth above.

PROPOSAL ONE

ELECTION OF DIRECTORS

Our Board of Directors currently consists of eight members. Each director nominee stands for election every year. Each nominee has consented to serve if elected, but should any director nominee be unavailable to serve (an event which our Board does not now anticipate), the proxies named on your proxy card will vote for a substitute nominee recommended by the Board. Alternatively, should such circumstances arise, the Board, on the recommendation of the Nominating and Corporate Governance Committee, may decide to reduce the size of the Board and the number of nominees.

Except in a contested election, each director will be elected only if he or she receives more votes for than votes against the director nominee. As set forth in the Company's Corporate Governance Guidelines, any director nominee who is not elected by the vote required and who is an incumbent director must immediately tender his or her resignation to the Board for consideration. The Nominating and Corporate Governance Committee will then make a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action is recommended. The Board will act on the tendered resignation within 90 days and will promptly disclose its decision and rationale as to whether to accept the resignation or the reasons for rejecting the resignation. If a director's resignation is accepted by the Board, or if a nominee for director is not elected and is not an incumbent director, the Board may fill the resulting vacancy or decrease the size of the Board.

It is the responsibility of the Nominating and Corporate Governance Committee to identify, evaluate and recommend prospective director candidates for the Board of Directors, in accordance with the policy and procedures described in the Committee's Charter and the Company's Corporate Governance Guidelines. The Committee regularly reviews the composition of the Board in light of the Company's changing requirements and its assessment of the Board's performance. The Committee seeks to include a complementary mix of individuals with diverse backgrounds and skills reflecting the broad set of challenges that the Board confronts. For more information on this process, see Corporate Governance Identification and Evaluation of Director Candidates.

In assessing qualifications for nominees, the Committee expects all candidates to meet the qualifications described in the Committee's Charter and the Company's Corporate Governance Guidelines, including integrity, mature and independent judgment, diverse business experience, familiarity with the issues affecting the Company's business, and the requisite time and ability to attend meetings and fully participate in the activities of the Board. The Committee believes that each of the nominees possesses these key attributes that are important to an effective Board. Each director nominee holds or has held senior executive positions in large organizations or government offices and has experience relevant to the Company's business. Our directors also serve on the boards of other public and private companies and have an understanding of corporate governance practices and trends. The Committee also takes into account diversity considerations in determining the slate of directors and believes that, as a group, the nominees bring a broad range of perspectives to Board deliberations. In addition to the above, the Committee also considered the specific experiences described in the biographical details that follow in determining to nominate the individuals set forth below for the election as directors.

The Board of Directors unanimously recommends that you vote FOR each of the nominees for director.

NOMINEES FOR DIRECTOR

Robert M. Baylis, 72

Director since 1996

Mr. Baylis is the retired Vice Chairman of CS First Boston. Prior to his retirement, he was Chairman and Chief Executive Officer of CS First Boston Pacific, Inc. Mr. Baylis is also a Director of New York Life Insurance Company, and is Chairman of the Board of Gildan Activewear, Inc. He is a Trustee and the Chairman of the Executive Committee of the Rubin Museum of Art in New York City and the Chairman of the Audit Committee of the Woods Hole Oceanographic Institution. He previously served on the boards of Covance, Inc. and PartnerRe Ltd.

Relevant Experience: Mr. Baylis is a chartered financial analyst with extensive investment banking experience through his service at CS First Boston in various senior management positions. Mr. Baylis brings a strong understanding of finance, capital markets and accounting and controls to the Board. His experience as the non-executive chairman of a large public company and service on a variety of public company and non-profit boards makes him highly qualified to provide independent leadership to our Board.

Willard W. Brittain, 63

Director since 2009

Mr. Brittain is the Chairman and Chief Executive Officer of Preod Corporation (Professional Resources on Demand), which he founded in March 2003. Mr. Brittain is a former partner of PricewaterhouseCoopers and its predecessor, Price Waterhouse, where he worked for 28 years prior to his retirement. While at PricewaterhouseCoopers, Mr. Brittain held several senior management positions, including serving as the Chief Operating Officer from July 1995 to September 2000 and as the Chief Operating Officer of PwC Consulting, a spin-off from PricewaterhouseCoopers, from September 2000 until his retirement in October 2002. Mr. Brittain is a member of the board of directors of Tutor Perini Corporation, DaVita Inc. and Convergys Corporation. He previously served on the board of Analyst International.

Relevant Experience: Mr. Brittain brings to the Board a wide range of experience in accounting and controls, financial systems and operations as well as management experience through a 28 year career at PricewaterhouseCoopers and its predecessor, where he held multiple senior management positions. Mr. Brittain also brings experience in the oversight of public companies through his other public company board experience.

Terence C. Golden, 66

Director since 1995

Mr. Golden served as our President and Chief Executive Officer from 1995 until his retirement in May 2000. He is the Chairman of Bailey Capital Corporation. He is a director of Pepco Holdings, Inc. and a member of the Federal City Council. He is a director of KIPP-DC, the District of Columbia Police Foundation, Fight for Children, New Leaders New Schools and The Morris and Gwendolyn Cafritz Foundation. He is also a trustee of the Washington Real Estate Investment Trust. In past years, Mr. Golden served as Chief Financial Officer of The Oliver Carr Company, a director of Cousins Properties, Inc., as a member of the G2 Satellite Solutions Advisory Committee and was also co-founder and national managing partner of Trammell Crow Residential Companies. He served as Administrator of the General Services Administration from 1985 to 1988 and was Assistant Secretary of the Treasury from 1984 to 1985.

Relevant Experience: Mr. Golden has extensive experience in real estate, hospitality and construction through service in senior management positions at The Oliver Carr Company and Trammell Crow Residential Companies, as well as his service as our Chief Executive Officer for five years. Mr. Golden is an experienced business leader and brings knowledge and experience of operations, finance, and other aspects of our industry and business to the Board.

Ann McLaughlin Korologos, 69

Director since 1993

Ms. Korologos is the former Chair of the RAND Corporation Board of Trustees, an international public policy research organization. From October 1996 to December 2005 she served as Senior Advisor to Benedetto, Gartland & Company, Inc., a private investment banking firm in New York. She formerly served as President of the Federal City Council from 1990 until 1995 and as Chairman of the Aspen Institute from 1996 until August 2000. Ms. Korologos has served in several United States Administrations in such positions as Secretary of Labor and Under Secretary of the Department of the Interior. She also serves as a Director of AMR Corporation (and its subsidiary, American Airlines), Kellogg Company, Harman International Industries, Inc., and Vulcan Materials Company. She previously served on the boards of Microsoft Corporation and Fannie Mae.

Relevant Experience: Ms. Korologos has extensive experience with the Company, serving as a director since 1993. She also has significant experience as a director of large, diversified, global public companies and brings recognized expertise and leadership in the oversight of public companies and corporate governance to the Board. Through her high level U.S. Government experience, she also provides knowledge of labor issues, international affairs and brings to the Board knowledge of providing leadership to complex business organizations.

Richard E. Marriott, 72

Director since 1979

Chairman of the Board

Mr. Marriott is our Chairman of the Board. He is Chairman of the Board of First Media Corporation and the Polynesian Cultural Center. He is the Chairman and a director of the J. Willard Marriott and Alice S. Marriott Foundation and a director of the Richard E. and Nancy P. Marriott Foundation. Mr. Marriott also serves on the Federal City Council and the National Advisory Council of Brigham Young University. He is a past President of the National Restaurant Association. In addition, Mr. Marriott is the President and a Trustee of the Marriott Foundation for People with Disabilities and a Trustee of the Boys & Girls Clubs of America.

Relevant Experience: Mr. Marriott has comprehensive knowledge of the Company and provides unique perspective and insight into the hospitality industry based on a 45 year history with the Company and Marriott International. During his tenure, Mr. Marriott has served in various executive capacities, was elected to the Board of Directors in 1979, and has served as our Chairman since 1993. Mr. Marriott has a long history of successful management of the Company.

John B. Morse, Jr., 64

Director since 2003

Mr. Morse served as Vice President, Finance and Chief Financial Officer of The Washington Post Company from November 1989 until his retirement in December 2008. He also served as President of Washington Post Telecommunications, Inc. and Washington Post Productions Inc., both subsidiaries of The Washington Post Company. Prior to joining The Washington Post Company, Mr. Morse was a partner at PricewaterhouseCoopers. Mr. Morse is a Director of AES Corporation and HSN, Inc. He is also a trustee of the College Foundation of the University of Virginia.

Relevant Experience: Mr. Morse brings to the Board substantial financial expertise that includes extensive knowledge of the complex financial and operational issues facing large companies, and a deep understanding of accounting principles and financial reporting rules and regulations. He acquired this knowledge in the course of serving as the CFO of The Washington Post Company, his years as a partner at PricewaterhouseCoopers and his service as a member of the audit committees of other public company boards.

Gordon H. Smith, 58

Director since 2009

Mr. Smith is President and CEO of the National Association of Broadcasters. From March to October 2009 he was a senior advisor and resident at the Washington, D.C. office of Covington & Burling LLP as a member of the Government Affairs and International Trade practice groups. In 2008, Mr. Smith completed his second term as a United States Senator from the State of Oregon, where he served on the Commerce, Science and Transportation Committee; the Energy and Natural Resources Committee; the Finance Committee; and the Indian Affairs Committee. In addition, he was a ranking member of the Senate Finance Subcommittee on International Trade and Global Competitiveness and for six years chaired the Senate Foreign Relations Subcommittee on European Affairs. Prior to his election to the United States Senate, Mr. Smith directed the operations of Smith Frozen Foods, his family's frozen food processing business and is currently Chairman of the Board of Smith Frozen Foods, which is privately held. In 1992, he was elected to the Oregon State Senate, of which he became president in 1995. He also previously practiced law in New Mexico and Arizona.

Relevant Experience: Mr. Smith contributes to the mix of experience and qualifications the Board seeks to maintain through his high-level U.S. government experience and leadership as a United States Senator, and through his knowledge of public policy, international affairs and trade and law. In addition, Mr. Smith also brings to the Board significant business experience and knowledge of finance and accounting obtained through his management of Smith Frozen Foods, a leading producer of frozen foods.

W. Edward Walter, 55

Director since 2007

President and Chief Executive Officer

Mr. Walter is our President and Chief Executive Officer. He joined our Company in 1996 as Senior Vice President for Acquisitions, and was elected Treasurer in 1998, Executive Vice President in 2000, Chief Operating Officer in 2001 and Chief Financial Officer in 2003. He became our President and Chief Executive Officer in October 2007. Prior to joining our Company, Mr. Walter was a partner with Trammell Crow Residential Company and the President of Bailey Capital Corporation. He serves on the Board of Directors of AvalonBay Communities, Inc. He is also on the board of the Friendship Public Charter School, the largest charter school system in the District of Columbia, the National Kidney Foundation, and is a member of the Executive Board and serves as Second Vice Chair of the National Association of Real Estate Investment Trusts.

Relevant Experience: Mr. Walter has significant experience in finance, capital markets, real estate and the hospitality industry. He has extensive knowledge of the Company as a member of senior management for over 14 years, serving in various roles within the Company, including acquisitions, finance, and culminating in his current service as Chief Executive Officer. Mr. Walter also brings an understanding of construction, law and financial reporting and compliance aspects of our industry and business.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee has unanimously approved and voted to recommend that the stockholders ratify the appointment of KPMG LLP as independent registered public accountants of the Company for 2011. Representatives of KPMG LLP will be at the annual meeting and will be given the opportunity to make a statement, if they desire to do so, and to respond to questions.

The Board of Directors is asking stockholders to ratify the selection of KPMG LLP as our independent registered public accountants for 2011. Although ratification is not required by our Bylaws, the Board is submitting the selection of KPMG LLP to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of KPMG LLP as independent registered public accountants of the Company for 2011.

REPORT OF THE AUDIT COMMITTEE

To Our Stockholders:

The Audit Committee serves as the representative of the Board of Directors of Host Hotels & Resorts, Inc. (the Company) for general oversight of the Company s financial accounting and reporting, systems of internal control and audit processes. Management of the Company has responsibility for preparing the Company s financial statements, as well as for the Company s financial reporting process and internal controls. KPMG LLP, acting as independent registered public accountants, is responsible for performing an independent audit of the Company s financial statements and internal control over financial reporting and for expressing an opinion on the conformity of the Company s financial statements with U.S. generally accepted accounting principles and the effectiveness of the Company s internal control over financial reporting. The Audit Committee is responsible for monitoring and overseeing these processes. The Audit Committee members are not professional accountants or auditors, and the Audit Committee s functions are not intended to duplicate or certify the activities of management and the independent registered public accountants. In this context, the Audit Committee has:

reviewed and discussed with management the audited financial statements for the year ended December 31, 2010, including discussions of the quality, not merely the acceptability, of the Company s accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in the Company s financial statements;

discussed with the Company s internal and independent registered public accountants the overall scope for their respective audits and the results of their examinations, the evaluations of the Company s internal controls and financial reporting, and the overall quality of the Company s financial reporting;

discussed with the independent registered public accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees;

received the written disclosures and the letter from the independent registered public accountants required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant s communications with the Audit Committee concerning independence; and

discussed with KPMG LLP their independence from the Company and its management.

In reliance on the reviews, reports and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in the Company s Annual Report on Form 10-K for the year ended December 31, 2010. The Annual Report on Form 10-K was filed with the Securities and Exchange Commission on February 24, 2011.

AUDITOR FEES

Principal Accountant Fees and Services

The Company was billed the following amounts for professional services by KPMG LLP, its independent registered public accountants, for 2010 and 2009:

	2010	2009
Audit fees (annual financial statements, review of quarterly financial statements and audit of internal controls over financial reporting)	\$ 3,483,000	\$ 3,333,000
Audit-related fees (1)	19,000	35,000
Tax fees		
All other fees		
Total Fees	\$ 3,502,000	\$ 3,368,000

(1) Audit-related fees consisted of fees for the audits of financial statements of our employee benefit plan.

The Audit Committee concluded that the provision of these audit-related services is compatible with maintaining the independence of KPMG LLP. The Company does not engage KPMG LLP for any tax services unrelated to audit services.

Pre-Approval Policy for Services of Independent Registered Public Accountants

All services performed by KPMG LLP were pre-approved by the Audit Committee in accordance with its 2010 pre-approval policy. The policy describes the audit, audit-related, tax and other services permitted to be performed by the independent registered public accountants, subject to the Audit Committee's prior approval of the services and fees. On an annual basis, the Audit Committee will review and provide pre-approval for certain types of services that may be provided by the independent registered public accountants without obtaining specific pre-approval from the Audit Committee. The Audit Committee has pre-approved certain services (and corresponding cost levels) in conjunction with Committee meetings, typically conducted in February of each year. If a type of service to be provided has not received pre-approval during this annual process, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels or budgeted amounts will also require separate pre-approval by the Committee.

The Audit Committee has designated the Senior Vice President, Corporate Controller to monitor the performance of all services provided by the independent registered public accountants and to determine whether such services are in compliance with the pre-approval policy.

Policy for Hiring Members of the Audit Engagement Team

The Audit Committee adopted a policy regarding the hiring of audit engagement team members to address the potential for impairment of auditor independence when partners and other members of the audit engagement team accept employment with the Company. Under the policy, the Company may not hire into a financial oversight role any individuals who were

members of the Company's audit engagement team for the prior year. Individuals not subject to the one-year cooling off period include, among others, persons who provided less than 10 hours of audit services and individuals whose employment resulted from an emergency or other unusual situation. In all such cases, the Audit Committee must determine that the relationship is in the best interests of the Company. In addition, the Company may not appoint a director who is affiliated with or employed by a present or former auditor of the Company until three years after the affiliation or auditing relationship has ended.

Other Company Accountants and Auditors

The Company has engaged Ernst & Young LLP for tax consultation and tax compliance services and PricewaterhouseCoopers LLP as its internal auditors. The purpose of the internal audit program is to provide the Audit Committee and Company management with ongoing assessments of the Company's risk management processes and to review the effectiveness and design of internal controls at our properties and the Company's corporate office.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) provides information regarding the Company's compensation programs and practices, focusing on our named executive officers. In 2010, these officers were:

W. Edward Walter	President and Chief Executive Officer
James F. Risoleo	Executive Vice President, Chief Investment Officer
Minaz B. Abji	Executive Vice President, Asset Management
Larry K. Harvey	Executive Vice President, Chief Financial Officer
Gregory J. Larson	Executive Vice President, Corporate Strategy & Fund Management

The Compensation Policy Committee of the Board of Directors (the Committee) directs our executive compensation program. The structure and design of the executive compensation program was adopted in 2009, effective for the three years 2009 through 2011. As with the Company's prior three-year programs, there are three key elements: base salary, annual cash incentives and long-term incentive awards. The Committee determined the total target level of compensation for the named executive officers in 2009 and awarded the long-term incentives for the three-year period with an upfront award of restricted shares and options, each eligible to vest one-third each year. See 2009-2011 Program Design and Structure . There were no changes in any elements of the program for 2010, so we begin with a review of 2010, followed by a discussion of the compensation decisions for our named executives officers. The final section provides detail on the design and structure of the 2009-2011 program.

2010 Business and Compensation Review

Our executive compensation program and benefit plans are designed to attract, motivate and retain a talented management team and to appropriately reward individual contributions to our business plan and long-term strategic objectives. We believe that this fosters a strong alignment between stockholder and executive interests, which has been borne out by the challenging economic conditions experienced in the recession. As 2010 began, we faced significant uncertainty regarding whether, when and to what extent the economic conditions that affected our 2008 and 2009 results would improve. Our focus in those two prior years was to improve our balance sheet, increase our liquidity, reduce property-level costs to enhance profitability and develop a diversified global platform in order to enhance our ability to navigate economic challenges and position the Company to take advantage of opportunities as the economy and lodging sector recovered. While the economy presented challenges in 2010, especially in the first half of the year, we believe that it was a year of progress and accomplishments for the Company:

Revenue increased 7.1% to over \$4.4 billion for 2010 driven by comparable hotel RevPAR growth of 5.8% that significantly exceeded our expectations and industry-wide performance of 5.5% growth.

We closed approximately \$500 million in acquisitions on three continents, purchasing the 270-room W New York, Union Square, the 424-room Westin Chicago River North,

the 266-room Le Meridien Piccadilly in London and the 254-room JW Marriott Hotel, Rio de Janeiro.

We announced an acquisition of seven hotels in New Zealand and made substantial progress negotiating acquisitions in New York and San Diego. These totalled more than \$1 billion and all closed subsequent to 2010 year-end. In addition, we also reached an agreement to develop seven hotels in three major cities in India through our Asia joint venture.

We invested a total of \$114 million in return-on-investment capital projects, including the development of a new ballroom at the Westin Kierland Resort & Spa, meeting space additions and new restaurants at our hotels.

We continued to strengthen our balance sheet and improve our overall leverage ratios through the issuance of approximately \$400 million of equity to fund our capital projects and acquisitions, and we reduced our total debt and preferred stock outstanding by over \$460 million.

The market price of our common stock rose to \$17.87 per share as of December 31, 2010, a 53% increase over the past year, and we outperformed the indices against which we measure our total stockholder return. For more complete information about our 2010 performance, please review the Company's Annual Report on Form 10-K included in our mailing to stockholders.

As discussed below under "2010 Compensation Actions", executives earned compensation above targeted levels in 2010, reflecting our strong performance and financial results, and the linkage between Company performance and pay. In addition, the 2009-2011 program continues practices that have been part of the compensation philosophy of the Company for nearly a decade. These include:

No employment agreements with executive officers or any U.S. based employees.

Stock ownership requirements for all members of senior management with a prohibition on selling shares (except to meet tax withholding obligations) if doing so would cause them to fall below the required guidelines.

An Insider Trading Policy Statement, in effect since 2002, that prohibits all employees, officers and directors from engaging with respect to our securities in short sales, in and out trading, the buying or selling of puts or calls (options) on our stock or other securities, purchasing Company securities on margin or holding Company securities in a margin account or otherwise pledging Company securities.

No pension plans and no supplemental executive retirement plans. A single executive deferred compensation plan with no guaranteed returns and no above market rates.

A Severance Plan, adopted in 2003, that provides benefits on a consistent basis with a "double trigger" for any payment in the context of a change in control and no provision for "gross-ups" or the payment of any excise tax

on behalf of an executive. An executive terminated for cause or who voluntarily leaves without good reason is not entitled to any benefits.

Modest and minimum perquisites, limited to items that serve a business purpose.

In addition, the Committee has implemented an annual review and assessment of the potential risks arising from the Company's compensation programs (including the executive compensation program) and policies, and retained in 2011 Pay Governance LLC as its consultant, a firm with no relationships or business with the Company (See Corporate Governance and Board Matters - Role of the Compensation Consultant).

The chart below summarizes the 2009-2011 program and provides a framework for the discussion of compensation actions in 2010 that follows.

<i>Element</i>	<i>Current</i>	<i>Rationale</i>
Target Pay Mix	No specific formula in determining the mix of compensation. For the named executive officers, at least 60% of the total target compensation is in the form of equity awards	Emphasize performance and align management and stockholder interest
Base Salary	Set at an annual rate, based on the level of the position within the Company, experience, scope of responsibility, and the individual's performance	The only fixed component to the program. Ensures a minimum level of compensation for executives
Annual Cash Incentive	Available to all employees. Two corporate performance goals used, which represent 80% of the award opportunity for the named executive officers	Funds from operations (FFO) per diluted share is the predominant measure of operating performance used by REITs
	Adjusted FFO =70% of the corporate measurement	
	Return on Invested Capital (ROIC) =30% of the corporate measurement	ROIC provides an emphasis on investing capital effectively. In the cyclical real estate/hospitality market, this focus on using capital effectively enhances the opportunity for longer term stability and growth
	Individual performance goals comprise 20% of the total annual incentive opportunity for the named executive officers	Formal, objective performance goals create line of sight and motivate behaviors that support the Company's performance

<i>Element</i>	<i>Current</i>	<i>Rationale</i>
Long-term Incentive Program	90% of the target award opportunity is granted in the form of performance-vested restricted shares	All the long-term incentive is performance based
	50% of the target award opportunity uses individual performance goals, with vesting from 0% to 150% of target, depending on performance	Restricted shares tied to individual performance encourage executives to meet short-term/immediate business objectives which tie to long-term strategic growth for the Company and allow for line of sight with controllable results
	40% of the target opportunity uses relative total stockholder return (TSR), which is equally weighted between companies comprising the NAREIT Equity Index and companies in the hospitality industry. Vesting is from 0% to 200% of target, depending on performance. No dividends, except on shares that vest and are released	Restricted shares tied to the relative TSR measure provide a link to stockholder value, with recognition of the other companies that Host may be competing against for capital
	10% of the target award opportunity is through stock options that vest ratably over three years beginning on the first anniversary of the date of grant	Stock options provide a link to absolute stockholder value creation through stock price appreciation. Options vest based on continued service and, therefore, serve as a retention mechanism
Perquisites	Dining, complimentary rooms and other hotel services when on personal travel at hotels that we own or that are managed by our major operators,	Encourages executives to enhance their understanding of properties, operations of key managers at properties and other hotels in the same class to assist in portfolio development and improvements
	Financial planning and tax services,	Financial planning and tax services represent a minimal cost while ensuring that executives are in compliance with regulatory requirements
	Reimbursement for taxes associated with these benefits	
Benefits	Same as those provided to all employees	Executives should not receive preferential health and welfare benefits

<i>Element</i>	<i>Current</i>	<i>Rationale</i>
Other Design Features	Executive Deferred Compensation Plan	Provides executives with the opportunity to defer compensation. No guaranteed returns and no above-market interest rates. No pension plans or SERP
	Executive Severance Plan	
	Stock Ownership Guidelines	There are no employment agreements with executives. Severance Plan allows benefits to be provided on a consistent basis, which promotes stability and continuity of senior management
	Prohibition on Hedging and Short Sales	Ensures that management has a meaningful ownership stake
		Company's Insider Trading Policy Statement has a longstanding prohibition on employees engaging in short sales or hedging of Company securities

2010 Compensation Actions

Earned compensation increased from 2009 to 2010 for the named executive officers primarily because of an increase in the number of shares vesting based on the performance metrics established under the program, including above target performance on total stockholder return measures, and an increase in annual cash incentives as a result of the Company exceeding the financial metrics established for 2010.

Base Salary. At its meeting in February 2010, the Committee reviewed the base salaries of executives, which were set in 2008. Given the uncertainty in the economy, there were no increases. At its July 2010 meeting, the Committee agreed with management's recommendation to lift the salary freeze only with respect to employees below the level of senior management. The Committee also reinstated the 2008 salary of Mr. Walter, which at his request, had been reduced in May 2009 from \$750,000 to \$675,000 as part of the Company's cost cutting measures.

Annual Cash Incentive. The Committee approved the financial metrics for the 2010 annual cash incentive award at its February 2010 meeting. For the named executive officers, this cash incentive is based 80% on the financial performance of the Company, which is measured by Adjusted FFO (defined below) and ROIC (defined below), and 20% on personal performance goals approved by the Committee.

The Company uses funds from operations per diluted share in accordance with National Association of Real Estate Investment Trusts (NAREIT) guidelines as a supplemental measure of operating performance in its earnings releases and financial presentations. The

Committee considers adjustments that reflect (i) items that are unusual in nature (for example, the income from a large settlement and significant acquisition costs) and (ii) items that are in the long-term interest of the Company but would reduce funds from operations per diluted share in the performance period (such as costs associated with senior notes redemptions, debt prepayments, and preferred stock redemptions) which, if included, would not reflect the recurring funds from operations of the Company. The adjustments are reviewed by the Audit Committee and are explained in the Company's earnings releases and 2010 Annual Report on Form 10-K in the Management's Discussion and Analysis of Financial Condition and Results of Operations Reconciliation of Net Income Available to Common Stockholders to Funds from Operations per Diluted Share. Adjusted FFO represents 70% of the total target financial performance award.

ROIC, or return on invested capital, represents the remaining 30% of the total target financial performance award. It is calculated as property-level EBITDA divided by the invested capital for all comparable consolidated properties. Property-level EBITDA is defined as the earnings before interest, taxes, depreciation and amortization of our comparable, owned hotels after eliminating corporate-level costs and expenses related to our capital structure. Invested capital is defined as the purchase price of a property plus all capital expenditures, excluding the furniture, fixture and equipment reserve contributions, which are typically 5% of gross revenues.

The financial metrics are based on the Company's business plan and budget, which are reviewed, discussed, approved by the Committee and approved by the Board of Directors at its February meeting. The Committee received regular updates from management on the Company's business results against these objectives, and reviewed the preliminary year-end results on February 3, 2011. The Committee took into account as adjustments to FFO costs incurred in connection with the repayment of debt and preferred stock. These adjustments are disclosed in the Company's 2010 Annual Report on Form 10-K. The Committee approved the results, subject to approval of the Company's financial results for year-end 2010. The Audit Committee reviewed and approved the year-end financial results at its February 14, 2011 meeting, which were also approved by the Board of Directors at that time. The financial performance measures were finalized on February 14, 2011.

The chart below shows the Adjusted FFO and ROIC measures established in February 2010 and the Company's actual results for 2010.

	Threshold	Target	High	2010 Actual Results
Adjusted FFO per share	\$ 0.38	\$ 0.45	\$ 0.52	\$0.72 (Above High)
ROIC	4.70%	5.60%	6.40%	7.20% (Above High)

Personal Performance Goals. The performance goals for each named executive officer were also reviewed and approved by the Committee at its February 2010 meeting. These goals account for 20% of the annual incentive award at the target level and vesting of 56% of the targeted restricted stock award for performance year 2010. Mr. Walter drafted the performance goals in discussion with, and for, the other executive officers. These performance goals, which are tied to the Company's business plan and budget as approved by the Board of Directors, include a broad spectrum of metrics, such as financial and operational results, strategy, and growth as well as leadership goals for the departments each executive leads. Mr. Walter also drafted his own performance goals in consultation with the Committee. The goals are designed to be attainable at a target level. In 2010, each executive and member of senior management shared one objective, which was to identify and develop key employees and enhance and implement succession planning. The remaining objectives for 2010 varied, combining short-term metrics and long-term strategic goals.

The Committee conducted a mid-year review of the personal goals at its July meeting to ensure that they were still appropriate. The Company had revised its forecast as the recovery in the lodging sector had exceeded the Company's initial expectations and that of the lodging industry as a whole. As a result, Mr. Abji's objective on RevPAR growth and margin decline were adjusted to meet the higher forecasted expectations for the second half of 2010. No other adjustments to individual goals were made.

At its meetings in February 2011, the Committee discussed each executive's performance. The Committee's assessments of the named executive officers, other than Mr. Walter, are based in part on Mr. Walter's judgment and recommendations and on each executive's written assessment of his or her performance. Mr. Walter also writes an assessment of his own performance for the Committee's consideration, and the Committee discusses his performance and its recommendations with the independent directors in an executive session. The chart below summarizes the 2010 personal performance goals and results for the named executive officers.

	Goals	Achievements
Mr. Walter	Implement 2010 Business Plan	Maximized operational performance as the Company exceeded revised budget RevPAR and margin targets, implemented capital investment program at properties and acquisitions globally
	Direct investigation of strategic initiatives	Implemented Asia and EU business plans. Initiated expansion into Latin America
	Promote the Company in the investor community	Communicated clearly with market, expanded stockholder outreach with European and Canadian investors

	Goals	Achievements
Mr. Risoleo	Implement US acquisition plan	Completed three US acquisitions, reviewed and evaluated numerous single asset, portfolio and debt transactions
	Oversee European JV business plan	Completed acquisition in London, and debt acquisition on portfolio of hotels, extended commitment period on the European joint venture, and conducted in-depth analysis of domestic and international markets for strategic planning sessions
	Oversee Asia JV business plan	Established joint venture in India and reached agreement to develop seven hotels in three major cities in India. Signed agreement to purchase seven hotels in New Zealand. Completed staffing of Singapore office
Mr. Abji	Achieve US RevPAR growth consistent with budget; mitigate margin decline	Results for 2010 exceeded the adjusted forecasts
	Achieve European JV RevPAR growth consistent with budget; mitigate margin decline	Results for 2010 exceeded the adjusted forecasts
	Develop strategy on restaurant profitability	Worked with the major operators to track and enhance analysis of individual outlet profit and loss. Changed operating model at two hotels
	Review hotel positioning in markets	Positioning reviews completed for all North America hotels
Mr. Harvey	Implement finance plan	Oversaw the issuance of approximately \$400 million of equity, the repayment of approximately \$1.1 billion of senior notes and mortgage debt and the placement of \$500 million in senior notes. Reduced debt and preferred stock balance by over \$460 million from December 31, 2009
	Address mortgage and debt in US and Europe	Successfully guided through European debt issues without significant restructuring. Opportunistically repaid mortgage debt so that by year-end 102 of 113 properties were unencumbered by mortgage debt
	Enhance forecasting models reporting	Utilized strategic planning data to refine forecasting

	Goals	Achievements
Mr. Larson	Implement 2010 Investor Relations plan	Led communications efforts, met individually with key institutional investors, attended conferences
	Direct process on strategic asset sales plan	Completed model on dispositions and portfolio allocation for domestic markets
	Complete strategic plan follow up	Finalized strategic plan with Board of Directors

The chart below shows the annual incentive cash award for 2010 under each performance metric. The total cash award exceeded target primarily due to the above high levels of Company performance on the Adjusted FFO and ROIC measures:

Name	Target as % of Salary	Target	ROIC Award	2010 Annual Incentive Results			Total Payout
				FFO Award	Performance Goals		
Mr. Walter	100%	\$ 712,808	\$ 342,148	\$ 798,345	\$ 178,202	\$ 1,318,695	
Mr. Risoleo	75	375,000	180,000	420,000	93,750	693,750	
Mr. Abji	75	322,500	154,800	361,200	83,850	599,850	
Mr. Harvey	75	262,500	126,000	294,000	62,335	482,335	
Mr. Larson	75	262,500	126,000	294,000	66,955	486,955	

Long-Term Incentives. Restricted stock was granted as an upfront award in 2009 for the three-year performance period, with one-third eligible to vest in each of the performance years ended 2009, 2010 and 2011. The upfront grant represented the maximum number of shares that may be earned over the three-year period, that is, performance at the high level for each of the three years. As noted above, vesting is subject to the satisfaction of personal performance goals, which represent 56% of the target stock award. The remaining 44% vests based on the Company's TSR compared to two indices, weighted equally, the NAREIT Equity Index and an index of lodging REITs and hotel management companies (the Lodging Index). Dividends accrue on unvested shares but are paid only, when, and if, restrictions on the awards lapse, that is, the shares vest and are released.

Based on the Committee's review and determination of each named executive officer's personal performance as described above under Annual Cash Incentive, the following shares vested:

Name	2010 Personal Performance		
	Target Shares	Shares Actual % of Target	Actual Shares
Mr. Walter	205,926	112.5%	231,689
Mr. Risoleo	145,865	112.5%	164,113
Mr. Abji	78,767	115.0%	90,590
Mr. Harvey	67,784	107.5%	72,874
Mr. Larson	60,920	112.5%	68,542

Shares that were not earned under the personal performance measure were forfeited, and the chart below shows the shares forfeited for 2010:

	2010 Personal Performance- Awards Shares Forfeited
W. Edward Walter	77,230
James F. Risoleo	54,704
Minaz B. Abji	27,571
Larry K. Harvey	28,811
Gregory J. Larson	22,847

Total Stockholder Return. The Committee reviewed the Company's results on the TSR measures also at its meetings in February 2011. The results were calculated, at the request of the Committee, by Towers Watson. TSR represents a cumulative return for one year (from year-end 2009 to year-end 2010) reflecting price appreciation and dividend payments and is measured against two indices, the NAREIT Equity Index, and the Lodging Index. These indices represent companies against which the Company competes for capital. The companies in the latter index reflect a narrower group of companies focused on lodging and allows for better recognition of asset strategy. The Lodging Index companies were recommended in 2009 by Towers Watson, the Committee's independent consultant at the time, after discussion with management, and were approved by the Committee. The companies in the Lodging Index are:

Starwood Hotels & Resorts Worldwide, Inc.
DiamondRock Hospitality Co.
Gaylord Entertainment Co.
Strategic Hotels & Resorts, Inc.

LaSalle Hotel Properties
Sunstone Hotel Investors, Inc.
Marriott International, Inc.

The chart below shows the Company's 2010 results on the TSR measures:

	Threshold	Target	High	2010 Actual Results
NAREIT TSR	30 th percentile	50 th percentile	75 th percentile	86 th percentile (above High)
Lodging Index TSR	30 th percentile	50 th percentile	75 th percentile	54 th percentile (between Target and High)

The Company ranked 17th out of 115 companies in the NAREIT Equity Index for a percentile rank of 86%. Against the Lodging Index, the Company ranked 4th out of 8 companies for a percentile rank of 54%. The chart below shows the shares eligible for release in 2010 and the actual shares released on each of the TSR measures.

Name	2010 NAREIT TSR			2010 Lodging Index			Total Shares
	Target Shares	% of Actual Target	Actual Shares	Target Shares	% of Actual Target	Actual Shares	
Mr. Walter	82,379	200.0%	164,757	82,379	116.1%	95,625	260,382
Mr. Risoleo	58,352	200.0%	116,703	58,352	116.1%	67,733	184,436
Mr. Abji	31,510	200.0%	63,019	31,510	116.1%	36,577	99,596
Mr. Harvey	27,116	200.0%	54,232	27,116	116.1%	31,476	85,708
Mr. Larson	24,371	200.0%	48,741	24,370	116.1%	28,288	77,029

Summary. The Committee established total target compensation for executives at the inception of the program in 2009 with the potential for executives to earn higher amounts based on better performance. The results for 2010 indicate that the program functioned as designed as compensation increased commensurate with improved Company performance.

The chart below shows the total annual cash incentive awarded in 2010 to each named executive officer as compared to his target amount. Increases were primarily due to the Company's outperformance on its financial measures.

2010 Total Cash Compensation Compared to Target

	Mr. Walter	Mr. Risoleo	Mr. Abji	Mr. Harvey	Mr. Larson
Base Salary	\$ 750,000	\$ 500,000	\$ 430,000	\$ 350,000	\$ 350,000
2010 Actual	\$ 712,808	\$ 500,000	\$ 430,000	\$ 350,000	\$ 350,000
Annual Cash Incentive	\$ 750,000	\$ 375,000	\$ 322,500	\$ 262,500	\$ 262,500

The following chart shows the number of shares released based on 2010 performance compared to target.

2010 Total Number of Shares Released Compared to Target

	Mr. Walter	Mr. Risoleo	Mr. Abji	Mr. Harvey	Mr. Larson
Target Shares on all performance measures	370,684	262,569	141,787	122,016	109,661
2010 Actual Shares Released on all performance measures	492,071	348,549	190,186	158,582	145,571

Risk Considerations. Prior to its adoption, the Committee considered whether the design and structure of the 2009-2011 plan created incentives for senior management to engage in unnecessary or excessive risk taking. The Committee conducts this review annually, prior to making its determination on the year-end compensation for senior management. The executive compensation program is designed to reward the named executive officers and other members of senior management for reaching or exceeding financial and personal goals approved by the Committee. The Committee considered the following factors: the pay mix is weighted toward long-term incentives which align senior management interests with stockholders; total pay is capped including annual cash incentives and long term incentives, which are granted at a high level of performance; tally sheets, prepared by Pay Governance, are reviewed and consider all elements of compensation for the named executive officers and potential outcomes under a range of scenarios from low to high performance; stock ownership guidelines ensure that senior management will retain an ownership stake; internal policies prohibit use of margin accounts or pledges of stock; performance metrics are tied to key measures of short-term (such as Adjusted FFO and ROIC) and long-term success (such as development of strategic plans, succession planning); personal performance is emphasized, allowing line-of-site with controllable results; financial performance is reviewed with the Audit Committee; and financial measures are tied to the annual budget and business plan which the Board reviews, discusses and approves. Based on these factors, the Company believes that the program appropriately focuses on executive performance and does not create an incentive for management to engage in unnecessary and excessive risk taking.

Other Benefits and Policies. While the key elements of the executive compensation program and compensation actions are described above, the named executive officers are also eligible to participate in the Company's health and welfare programs, our tax-qualified Retirement and Savings Plan (401(k)), and other programs on the same basis as all other employees. There are also additional benefits and policies that apply only to the named executive officers and other senior executives, which are perquisites and other personal benefits, the executive deferred compensation plan, the severance plan, which addresses change in control, and the stock ownership policy.

Perquisites and Other Personal Benefits. Perquisites are limited and primarily based on our business. They consist of (1) dining, complimentary rooms and other hotel services when on personal travel at hotels that we own or that are managed by our major operators, (2) financial planning and tax services, and (3) reimbursement for taxes associated with these benefits. We are in the lodging industry and we believe that it is appropriate to encourage our executives to continually enhance their understanding of our properties and the operations of our key managers at our properties and other hotels in the same class as our portfolio. This assists in portfolio development and improvements. In addition, we believe that offering financial planning and tax services represents a minimal cost while ensuring that executives are in compliance with tax requirements. Since we encourage our executives to use these perquisites, we feel that it is appropriate to reimburse them for the taxes incurred upon such benefits.

In connection with the restricted stock awards, Messrs. Walter and Risoleo each agreed at the Company's request to purchase life insurance policies and to accept the proceeds under these policies to offset some or all of the stock compensation that would vest and be payable

in the event of the executive's death. The proceeds from the life insurance policies would mitigate the effect on the Company's financial statements of the accelerated vesting of large restricted stock awards, which would occur upon an executive's death. The Company reimburses each of the executives for the cost of each policy and the taxes payable as a result of the reimbursement.

Stock Ownership Guidelines. The guidelines ensure that senior executives have a meaningful economic stake in the Company, while allowing for appropriate portfolio diversification. The guidelines provide that, within five years of joining the Company or being promoted to a position in senior management, members of senior management should own and retain stock equal to the following respective multiple of their annual salary rate:

CEO five times annual salary rate;

Executive Chair five times annual salary rate;

Executive Vice Presidents three times annual salary rate; and

Senior Vice Presidents two times annual salary rate.

Senior management is prohibited from selling any shares (other than shares to satisfy tax obligations) if the sale would result in holdings below the guidelines. Only certain types of equity are used in determining whether the guidelines are met, including stock owned directly by an employee or as a result of vesting in restricted stock. None of senior management has a plan in place by which they sell Company stock on a periodic basis (referred to as a 10b5-1 plan). The Committee reviews stock ownership levels at each of its meetings and, all executives were in compliance with the guidelines at the end of 2010.

Executive Deferred Compensation Plan. This plan allows participants to save for retirement in excess of the limits applicable under our Retirement and Savings Plan. It is not a tax qualified plan. Eligible employees, including the named executive officers, may defer up to 100% of their cash compensation (that is, salary and bonus) in excess of the amounts first deferred into the Retirement and Savings Plan. We provide a match of \$.50 for each \$1.00 deferred under the plan, up to a maximum of 6% of the participant's compensation less the amount credited to the Retirement and Savings Plan. In addition, we may make a discretionary matching contribution of up to \$.50 on each \$1.00 up to 6% of the participant's compensation. In July 2010, the Company reinstated its matching contribution, which had been suspended since May 2009. The Company did not make a discretionary match in 2010. This is the only non-qualified retirement plan offered to senior executives. The Company does not have a pension plan and does not have a supplemental executive retirement program.

Severance Plan. The Company has a severance plan that has been in effect since 2003 and applies to employees at the level of senior vice president and above. There are no employment agreements with any U.S. based employees. The Committee believes that a severance plan allows the Company to provide properly designed severance benefits on a consistent basis, which promotes stability and continuity of senior management. The provision of severance upon a change in control aligns the Company's interests with its stockholders by eliminating distractions that arise with the uncertainty of these transactions and avoiding the loss of key members of management during a critical period. The severance plan requires a double trigger for payment in the context of a change in control, that is, there must be both a change in control and a termination by the Company without cause or by the executive for

good reason in the one year period following a change in control. Significantly, the severance plan does not provide for tax gross-ups on any payments made in connection with a termination or a change in control. The cost of any excise tax that a member of senior management might incur related to a payment under the plan would be borne by the individual.

Prior to its annual compensation determinations, the Committee reviews the level of severance pay and benefits that the named executive officers would receive. Under the restricted stock agreements and stock option agreements, a change in control coupled with a triggering event results in the acceleration and vesting of all long-term incentive awards. Because equity awards are made upfront, amounts an executive would receive are highest in the first year of the plan and decrease each year of the plan as options vest and performance shares vest or are forfeited.

For additional information regarding the severance plan, including an estimate of payments the named executive officers would have been entitled to receive on December 31, 2010 upon various termination events, see Executive Officer Compensation Potential Severance, Change in Control Payments.

2009-2011 Program Design and Structure

The 2009-2011 program was adopted by the Committee in January 2009 and follows a philosophy that has been in place over the last decade:

to foster a strong relationship between stockholder interests and executive compensation;

to provide annual and long-term incentives that emphasize performance-based compensation; and

to provide overall levels of compensation that attract and retain talented executives.

There are three key elements to the compensation program: base salary, annual cash incentives and equity awards. Although the Committee did not follow a specific formula in determining the mix of compensation, at the executive level, 55-60% or more of the total target compensation is generally in the form of equity awards to emphasize performance and align management and stockholder interests.

Base Salary. Base salary is set at an annual rate, based on the level of the position within the Company, experience, scope of responsibility, and the individual's performance. This is the only fixed component of the compensation program. The Committee generally reviews salary at the beginning of each year. Adjustments, if any, take into account an individual's performance, responsibilities, experience, internal equity and external market data. Base salary represents between 16%-23% of the named executive officers' total targeted compensation under the 2009-2011 program.

Annual Cash Incentives. The annual cash incentives reward the achievement of individual performance and Company goals. Bonuses are calculated as a percentage of an individual's salary and weighted depending on the level of responsibility in the Company. For the named executive officers and all employees at the executive vice president level, 80% of the eligible cash bonus is based on the satisfaction of Company financial goals and 20% on satisfaction of personal performance goals. The weighting reflects the Committee's continued belief that the incentive emphasis for senior executives should be on Company performance. The annual cash amount that may be earned is further refined based on the level of performance on each goal, which is measured at threshold, target and high. As a result, the total amount that any individual may earn annually depends on: (1) salary, because the award is calculated and paid as a percentage of annual salary, (2) the relative weighting between financial and personal goals, (3) the level of performance achieved on each of two Company financial goals, and (4) the level of performance achieved on personal goals. There is no bonus if performance is below threshold, and results are interpolated between the levels of threshold, target and high.

Financial Measures for the Annual Cash Incentive. The two financial measures of performance are Adjusted FFO and ROIC. The threshold, target and high goals are established at the beginning of the year based on, and subject to review and approval of, the Company's business plan and budget by the Board of Directors. Adjusted FFO represents 70% of the total target financial performance and ROIC represents the remaining 30%.

The chart below shows the performance and payout levels on each of Adjusted FFO and ROIC.

	Threshold	Target	High
Performance			
(as a % of Budgeted Goals)	85	100	115
Payout Level			
(as a % of Target)	50	100	200

Personal Performance Goals. Personal performance goals are a small component of the annual cash incentive for executives, representing only 20% of the total target amount. However, the overall compensation program for 2009-2011 puts a greater emphasis on personal performance, and, as discussed below, it is a performance measure for the restricted stock awards.

Determining the Annual Incentive Award. The target annual cash incentive represents 13%-17% of the named executive officers' total target compensation under the 2009-2011 program. The table below shows the total annual cash incentive that may be earned by the CEO and executive vice presidents as a percentage of their annual base salaries.

Performance Level	Total Eligible Award as a % of Salary	
	Chief Executive Officer	Executive Vice Presidents
Below Threshold	0%	0%
Threshold	50	37.5
Target	100	75
High	200	150

The total amount that may be earned annually by the named executive officers and all employees at the executive vice president level as an annual incentive cash award would be determined as follows:

Measures	Named Executive Officers
Financial Measures	a = salary x weighting (80%) x performance level achieved (70% adjusted FFO, 30% ROIC)
Personal Performance Goals	b = salary x weighting (20%) x performance level achieved
Total Potential	
Annual Cash Incentive	Sum of a + b

Long-Term Incentives. The long-term incentives are equity-based awards under the 2009-2011 program, which have 90% of the target value in the form of restricted stock and the remaining 10% in the form of stock options. This is the largest component of the named executive officers' total target compensation, representing between 60% -71%.

Restricted Stock. Restricted stock is an upfront award for the three-year performance period, with one-third eligible to vest in each of the performance years ended 2009, 2010 and 2011. The upfront grant represents the maximum number of shares that may be earned over the three-year period, that is, performance at the high level for each of the three years. The compensation program is based, however, on senior management vesting in shares at the target level. The award is entirely performance-based and vesting is subject to the satisfaction of personal performance goals and the Company's total stockholder return compared to two indices, weighted equally, the NAREIT Equity Index and the Lodging Index. Personal goals represent 56% of the target stock award each year and the total stockholder return measures represent the remaining 44%. All measures are set at three separate levels: threshold, target and high. Dividends accrue on unvested shares, but are paid only when, and if, the restrictions on the awards lapse, that is, the shares vest and are released. The Committee has the discretion to modify awards to reflect additional responsibilities, promotions or superior performance.

Personal Performance Goals. The chart below shows the shares that may vest annually based on the level of achievement on personal performance goals. No shares are earned if performance is below threshold, and results will be interpolated between the levels of threshold, target and high.

*Percentage Shares Vesting Based on Satisfaction of Personal Goals**(as a % of the annual Target amount)*

< Threshold	Threshold	Target	High
0	50	100	150

Relative Total Stockholder Return Measures. Total stockholder return is the increase in the year-end price of the Company's common stock over the prior year's end price, plus dividends paid on the Company's common stock during the relevant year. The stock price will be calculated, in each case, as the average of the high and low price of the Company's common stock on the NYSE on the last 60 calendar days of the relevant year. At each of year-end 2009, 2010 and 2011, the Company's TSR will be compared to two indices, weighted equally, the NAREIT Equity Index and the Lodging Index. Shares will vest based on the performance of the Company's TSR (measured as a percentile) compared to each index. No shares are earned if performance is below threshold, and results are interpolated between the levels of threshold, target and high, as follows:

Percentile Achieved	< Threshold	Threshold	Target	High
	Less than 30 th Percentile	30 th Percentile	50 th Percentile	75 th Percentile
Shares Vesting (as a % of the annual Target amount)	0	50	100	200

To the extent shares do not vest in any one year based on either of the relative measures, there will be an opportunity for the unvested shares to vest at the end of 2011 based on a cumulative relative return over the three-year period for each measure. The price to measure the cumulative stockholder return against each index for the three year period 2009-2011 is \$7.44, the average of the high and low price of the Company's common stock on the NYSE for the 60 calendar days prior to December 31, 2008. Shares only vest if the cumulative return is in the 75th percentile or higher measured against the respective index at the end of the three year period.

Shares will also vest in the event of an executive's death or disability or, under certain circumstances, under the Severance Plan. Please see the discussion under **Other Benefits and Policies** Severance Plan. As described under **Other Benefits and Policies** Perquisites and Other Personal Benefits, Messrs. Walter and Risoleo agreed to accept proceeds under life insurance policies to offset long-term incentive compensation that would vest in the event of such executive's death.

Stock Options. Stock options represent 10% of the total target equity value. Grants were made upfront for the three-year period with one third eligible to vest based on continued service with the Company each year end December 31, 2009, 2010, 2011. Because the Company had insufficient shares remaining in its stock plan for a three-year award, options were awarded on February 4, 2009 for one year of the program, and on May 14, 2009, when the new stock plan was approved, for the remaining two years of the program. Stock options are valued using the binomial options pricing model. The exercise price of the options is the

fair market value of the Company's stock on the date of grant. The Committee has the discretion to grant additional options to reflect new responsibilities, promotions or superior performance. Any additional grants would generally be made at the Committee's February meeting, the date of which is determined generally a year in advance, or, in the case of any new hire, on the date of commencement of employment or the date of Committee approval, whichever is later. Options have a 10-year life. No cash dividends accrue or are paid on options.

Compensation of Named Executive Officers. In 2008 the Committee requested Towers Watson, the Committee's independent consultant at the time, to update its prior work on compensation, review the results of the prior program and assist the Committee in the design of a new program for 2009-2011. Towers Watson again aggregated compensation data from two groups that the Committee has previously used for reference. These were (1) 18 size-based real estate companies with a median total capitalization of \$18 billion, and (2) Towers Watson's general industry database of companies regressed to \$5.5 billion of revenues (in excess of 800 companies). The size-based real estate group was chosen because it reflected current proxy data from the real estate industry, companies of comparable size and, in many instances, with a global portfolio. It also reflected executive compensation practices against which the Company competes directly for talent and investment capital. The general industry database was chosen because it presented information from a broader market than the real estate industry and was consistent with the Company's inclusion in the S&P 500 index in 2007. While the Committee reviewed compensation information derived from the general industry group, the Committee did not see the identity of any of the surveyed companies. The size-based real estate group from which the data was aggregated included:

Simon Property Group, Inc.	Starwood Hotels & Resorts Worldwide, Inc.
General Growth Properties, Inc.	Kimco Realty Corporation
Vornado Realty Trust	HCP Inc.
Equity Residential	Apartment Investment and Management Company
ProLogis	Macerich Company
Brookfield Properties Corporation	AvalonBay Communities
Public Storage	Forest City Enterprise Inc.
Marriott International, Inc.	Developers Diversified Realty Corporation
Boston Properties, Inc.	
Duke Realty Corporation	

The Committee reviewed aggregated compensation data in the 25th, 50th, and 75th percentiles for the total data. The Committee did not adhere to targeting overall compensation to a certain percentile, or a range of percentiles, in each peer group. This was because each peer group presented key differences from the Company and had certain limitations. The size-based real estate group did not reflect factors specific to the hospitality sector, and had data only on proxy-named positions. The general industry group did not provide direct comparables for most positions in REITs. Data from both groups did not reflect the experience of a person in a particular position. The Committee, instead, used the collective data, in consultation with Towers Watson, to inform itself of the current levels of compensation in the market, and considered other factors, such as the credentials, length of service, experience and

prior performance of each individual as well as internal equity considerations among the senior management team. The Committee also consulted Mr. Walter and discussed its recommendations for senior management with him. The Committee reviewed its determinations for all executives and Mr. Walter with the independent directors of the Board in executive session.

Based on the foregoing, the Committee established the total target compensation for 2009-2011 for each of the named executive officers as shown in the chart below.

2009-2011 Total Target Compensation

	Mr. Walter	Mr. Risoleo	Mr. Abji	Mr. Harvey	Mr. Larson
Base Salary	\$ 750,000	\$ 500,000	\$ 430,000	\$ 350,000	\$ 350,000
Annual Cash Incentive	750,000	375,000	322,500	262,500	262,500
Equity:

Restricted Stock Personal Goals	1,500,000	1,062,500	573,750	493,750	443,750
Restricted Stock TSR measures	1,200,000	850,000	459,000	395,000	355,000
Total 2009-2011 annual target compensation	\$ 4,500,000	\$ 3,000,000	\$ 1,900,000	\$ 1,600,000	\$ 1,500,000

The 2009-2011 program contemplated one upfront equity award, however, the Company had insufficient shares available in its stock plan. As a result, only performance shares and options for 2009 were awarded in February of 2009. Upon approval of a new stock plan at the 2009 Annual Meeting, the Committee awarded the remaining options for 2010 and 2011 on May 19, 2009, at an exercise price equal to the closing price of the Company's stock on that date. In August 2009, the Committee awarded the remaining performance shares for 2010 and 2011. Pursuant to anti-dilution provisions in the stock plan and award agreements, awards for 2010 and 2011 were adjusted because of a stock dividend paid by the Company in December 2009. The Committee determined the number of shares for the restricted stock awards by dividing the value at the high level of performance by the average of the high and low price of the Company's common stock for the 60 calendar days prior to December 31, 2008. The Committee used the 60-day average to calculate the stock price because the longer period mitigates market fluctuations and represents a better indicator of value, particularly for an upfront three-year grant. In addition, with the economic downturn, valuations of companies were at depressed levels in early 2009. The 60 day average price for the Company's stock was \$7.44. The Committee also reviewed the Company's stock price on the date of grant, February 5, 2009, which was \$5.075. The Committee decided to use the \$7.44 price to determine the number of shares in August as well, although it did assess the price on the date of grant, August 25, 2009, which was \$10.44. The chart below shows all options and restricted stock awarded and the year in which they are eligible to be earned.

Additional Information-Tax and Accounting

Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless such compensation is performance based and certain specific and detailed criteria are satisfied. Our executives, and all other employees, are employed by Host Hotels & Resorts, L.P., the operating partnership through which we conduct all operations, and its subsidiaries, and not directly by the Company. As a result, we believe that none of our employees are subject to the \$1 million compensation deduction limit under Section 162(m).

However, in the event that some portion of employee compensation is subject to Section 162(m) but fails to be deductible, our taxable income would increase to the extent of the disallowed deduction and we could be required to make additional dividend distributions to our stockholders or to pay tax on the undistributed income provided we have distributed at least 90% of our adjusted taxable income. In such event, the Committee may consider the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. However, the deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of, and changes in, applicable tax laws and regulations as well as other factors beyond the Committee's control also may affect deductibility of compensation. Accordingly, the Committee may determine that it is appropriate to structure compensation packages in a manner that may not be deductible under Section 162(m).

All restricted stock awards to senior executives have been classified as liability awards, primarily due to settlement features that allow the recipient to have a percentage of the restricted stock awards withheld to meet tax requirements in excess of the statutory minimum withholding. The Company therefore recognizes compensation expense over the requisite service period based on the fair value of the award at the balance sheet date. The value of all restricted stock awards, less estimated forfeitures, is recognized over the period during which an employee is required to provide service in exchange for the award the requisite service period (usually the vesting period). No compensation cost is recognized for awards for which employees do not render the requisite service. The Committee makes its assessments on the appropriate value of the restricted stock awards for target compensation based on the fair market value of the common stock on the date of grant or a 60 day calendar average of high

and low stock price of the Company's common stock on the New York Stock Exchange and also considers the closing price of the stock on the date of grant. These values would not be reflected in the Company's financial statements because liability awards are re-measured to fair value each reporting period.

Edgar Filing: HOST HOTELS & RESORTS, INC. - Form DEF 14A

- (1) Salary is established at an annual rate, determined on the basis of a 52-week year, and is paid bi-weekly. The amount listed in the salary column includes amounts deferred at the election of the named executive officer under our Executive Deferred Compensation Plan in any such year. There has been no increase in the salary of any named executive officer since 2008. The salary of Mr. Marriott and Mr. Walter varied in 2009 and 2010 because each requested to reduce his salary effective May 25, 2009 as part of the Company's cost reduction efforts due to the recession. Mr. Marriott reduced his salary from \$350,000 to \$250,000, and Mr. Walter reduced his salary from \$750,000 to \$675,000. At its July 2010 meeting, as the economy rebounded, the Compensation Policy Committee reinstated each of Mr. Marriott's and Mr. Walter's salary effective July 1, 2010.

- (2) The amounts in this column reflect the grant date fair value of restricted stock awards calculated in accordance with FASB ASC Topic 718. Under our compensation program, senior management received the entire restricted stock award at the start of the three-year period, 2009-2011, with one-third eligible to vest in each year subject to performance conditions, which are established at the start of each respective single-year performance period. Therefore, the amounts above primarily reflect the grant date fair value of awards that may be earned in 2010, not the actual shares that were released.

As discussed in the Compensation Discussion and Analysis (CD&A), the performance conditions for vesting of restricted stock are the satisfaction of annual personal performance objectives by each executive (Performance-based Awards) and the Company's annual total stockholder return (Market-based Awards) compared against two indices, a NAREIT Equity Index and a lodging index of seven companies (Lodging Index). We refer to these two relative measures as NAREIT TSR and Lodging TSR. Total stockholder return is the increase in the year-end price of the Company's common stock over the prior year's end price plus dividends paid on the common stock during the relevant year.

Each performance measure is set at a threshold, target and high level. The total number of shares that were awarded reflects the maximum that may be earned at the high level of performance on each performance measure over the three-year period. Shares applicable to a performance measure do not vest if performance is below threshold. In addition, shares that do not vest for the applicable year for Performance-based Awards are forfeited. For example, if the Compensation Policy Committee determines that an executive performed at the threshold level on his personal performance goals, then shares tied to that level would vest and the remaining shares that were eligible for vesting if performance were at the high level would be forfeited that year. Shares that do not vest under the Market-based Awards (i.e., NAREIT TSR and Lodging TSR) in any one year may be earned in the final year of the program if the Company's cumulative total stockholder performance as measured at the start of the three-year period equals or exceeds the 75th percentile (which is the high level of performance) of the respective NAREIT TSR or the Lodging TSR at the end of the period (the Cumulative TSR). Dividends accrue on unvested shares, but are paid only if and when the shares vest and are released.

The supplemental chart below shows the restricted stock that is eligible to vest in 2010 as allocated between Performance-based Awards and Market-based Awards, based on the fair value of the awards on the grant date. We have also included the fair value of the awards assuming that the Performance-based Awards had been earned at the high level of performance.

- (a) The grant date fair value of the 2010 Performance-based Awards is based on the stock price on February 4, 2010, the date the Compensation Policy Committee approved the personal performance objectives of executives, which is \$10.69 multiplied by the expected performance level, which we set at target, or 66%. We have also included in the above table the total amount of awards that could be earned assuming the high level of performance for our Performance-based Awards, or 100%, at the stock price on the grant date. No similar disclosure has been made for the Market-based Awards as they have already been calculated as the maximum number of shares issued at the high level of performance multiplied by the grant date fair value. See Note (b).
- (b) We have included in the above calculations the grant date fair value of the Market-based Awards that may be earned in 2010. These awards were granted in 2009, however for those eligible to vest in 2010, the criteria is established based on our stock price at December 31, 2009. Therefore, the grant date fair value is based on the fair value at December 31, 2009. The grant date fair values of the Market-based Awards are calculated using a simulation, or Monte Carlo, method. The chart

below details the inputs used to calculate the grant date fair values of cumulative portion of our Market-based Awards.

	Grant Date Fair Value December 31, 2009
Closing stock price on grant date	\$ 11.67
3 Year Volatility of Host	82%
Risk free interest rate	1.70%
Stock Beta compared to NAREIT Equity Index	1.380
Stock Beta compared to Lodging Index	1.075
Average grant date fair value per share	\$ 8.70

- (c) In addition, the calculation includes incremental value to the portion of the 2009 and 2011 Market-based Awards that relates to the Cumulative TSR. For the incremental portion of the 2009 and 2011 awards, the parameters were based on the initial grant date (on February 5, 2009 and August 25, 2009, respectively); therefore we use the initial grant date fair value in the table. The fair value of Market-based Awards that relate to the portion of the award that would vest in 2011 are not included as the performance requirements of that award will be determined at the beginning of 2011. The grant date fair values of the Market-based Awards are calculated using the Monte Carlo method. The chart below details the inputs used to calculate the grant date fair values of cumulative portion of our Market-based Awards.

	Grant Date Fair Value February 5, 2009	Grant Date Fair Value August 25, 2009
Closing stock price on grant date	\$ 5.09	\$ 10.40
3 Year Volatility of Host	63.8%	80.5%

Stock Beta compared to NAREIT Equity Index	1.322	1.371
Stock Beta compared to Lodging Index	1.045	1.081
Average grant date fair value per share	\$ 0.57	\$ 0.79

The Compensation Policy Committee determined the level of achievement on the Performance-based Awards for each named executive officer and the Company's performance on each of NAREIT TSR and Lodging TSR at meetings on February 3-4, 2011. The following chart shows the shares that were released to the named executive officers based on all 2010 measures and the value of the shares based on the closing price of our stock on December 31, 2010 of \$17.87.

	Annual Performance- based	Annual Market- based; NAREIT TSR	Annual Market- based; Lodging TSR	Total shares released	Market value of released shares at December 31, 2010
W. Edward Walter	231,689	164,757	95,625	492,071	\$ 8,793,309
James F. Risoleo	164,113	116,703	67,733	348,549	6,228,571
Minaz B. Abji	90,590	63,019	36,577	190,186	3,398,624

Gregory J. Larson	68,542	48,741	28,288	145,571	2,601,354

Performance-based Awards that do not vest are forfeited. As explained in the CD&A, Performance-based Awards are granted at a high level, but the measures are designed to be attained by executives at the Target level. Accordingly, it is anticipated that shares will be forfeited annually, and this has occurred in each of 2009 and 2010. The chart below shows the Performance-based Awards that were unearned in 2010 and 2009 and, therefore, forfeited.

	2010 Performance-based Awards forfeited	2009 Performance-based Awards forfeited
W. Edward Walter	77,230	60,483
James F. Risoleo	54,704	49,984
Minaz B. Abji	27,571	26,990
Larry K. Harvey	28,811	23,758
Gregory J. Larson	22,847	20,339

The Company recognizes compensation expense in its financial statements for the restricted stock awards over the requisite period based on the fair value at the balance sheet date, not the grant date. This is because the awards are classified as liability awards, primarily due to settlement features that allow recipients to have a percentage of the earned award withheld to meet tax requirements in excess of the statutory minimum withholding. The supplemental chart below shows the fair value of the restricted stock awards for performance year 2010 at the December 31, 2010 balance sheet date. These amounts correspond to the expense recorded and disclosures in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010. The variance between the expense recorded based on the balance sheet fair value shown below and the market value of the released shares at December 31, 2010 shown above relates to the expense recorded for the Cumulative TSR.

	2010 Shares at Balance sheet fair value
W. Edward Walter	\$ 9,248,872
James F. Risoleo	6,551,259
Minaz B. Abji	3,572,879
Larry K. Harvey	2,983,818
Gregory J Larson	2,736,121

For additional information on the assumptions used by the Company in calculating the fair value of the restricted stock awards as of the balance sheet date, please see Note 8 Employee Stock Plans Senior Executive Restricted Stock in the Notes to Condensed Consolidated Financial Statements in our 2010 Annual Report on Form 10-K.

- (3) The amounts in this column reflect the aggregate grant date fair values of stock options computed in accordance with FASB ASC Topic 718. For information on the assumptions used by the Company in calculating the fair value of the stock options, please see Note 8 Employee Stock Plans Employee Stock Options in the Notes to Condensed Consolidated Financial Statements in our 2010 Annual Report on Form 10-K.

As described in the CD&A, stock options were granted for the three-year period 2009-2011, with one-third eligible to vest each December 31, 2009, 2010, 2011, respectively, based on continued service with the Company. We show in the Summary Compensation Table the entire value of the three-year grant as compensation for 2009, even though only one-third was eligible to vest in 2009, one-third in 2010 and one-third in 2011. As a result, there is no value attributed to 2010 and

2011. We believe it is also useful to understand the fair value of the options by year, based on the grant date fair value which is shown in the supplemental chart below.

Name	Options vesting in 2009	Options vesting in 2010	Options vesting in 2011	Total Fair Value
W. Edward Walter	\$ 212,678	\$ 394,618	\$ 394,621	\$ 1,001,917
James F. Risoleo	150,647	279,520	279,524	709,691
Minaz B. Abji	81,350	150,941	150,944	383,234
Larry K. Harvey	70,006	129,896	129,896	329,798
Gregory J. Larson	62,917	116,741	116,741	296,399

- (4) These amounts reflect the annual cash incentive awards paid to each named executive officer, or deferred under the Executive Deferred Compensation Plan.
- (5) All Other Compensation consists of Company contributions to the Retirement and Savings Plan (401(k) Plan), which is available to all employees, and the Executive Deferred Compensation Plan, perquisites and other personal benefits, and tax reimbursements. Due to the recession, the Company suspended all contributions to the Executive Deferred Compensation Plan, effective May 25, 2009. The Company reinstated matching contributions effective July 19, 2010, but did not make any discretionary contributions for 2010. The amounts are as follows:

Matching contributions of \$7,350 made under the 401(k) Plan to each of Mr. Marriott, Mr. Walter, Mr. Risoleo, Mr. Abji, Mr. Larson and Mr. Harvey.

Discretionary match of \$3,675 made under the 401(k) Plan to each of the named executive officers.

Matching contributions made under the Executive Deferred Compensation Plan beginning July 19, 2010 as follows: Mr. Marriott, \$4,442; Mr. Abji, \$5,458; Mr. Harvey, \$4,442 and Mr. Larson \$4,442.

Premiums associated with life insurance policies for Messrs. Walter and Risoleo. In connection with the long-term stock awards granted under the executive compensation program, Messrs. Walter and Risoleo each agreed to purchase life insurance policies and to accept proceeds under these policies which would offset restricted stock compensation that would vest and would be payable in the event of the executive's death. The policies have been in place since 2003. The Company annually reimburses each executive for the cost of each policy and the taxes payable as a result of this reimbursement, and the costs have remained constant since the policies were purchased. In 2010, the total amounts reimbursed, excluding taxes, were: Mr. Walter, \$12,161; and Mr. Risoleo, \$7,395.

Total cost of perquisites that executive officers are eligible to receive. In 2010, these perquisites consisted of financial planning and tax services, dining, complimentary rooms and other hotel services when on personal travel at hotels owned by us or managed by our major operators. The cost of each of these benefits is as follows:

	Mr. Marriott	Mr. Walter	Mr. Risoleo	Mr. Abji	Mr. Harvey	Mr. Larson
Financial and Tax Planning	\$ 0	\$ 2,000	\$ 2,000	\$ 900	\$ 0	\$ 0
Dining, rooms & hotel services	56,666	23,941	11,722	9,636	4,526	7,637

Tax reimbursements to each of the named executive officers associated with the perquisites, and with respect to Messrs. Walter and Risoleo, tax reimbursements associated with the cost of the life insurance policies: Mr. Marriott, \$45,343; Mr. Walter, \$27,819; Mr. Risoleo \$15,454; Mr. Abji, \$8,612; Mr. Harvey, \$3,304, and Mr. Larson, \$6,111.

- (6) Mr. Marriott is not a named executive officer under the SEC rules, but summary compensation information is provided in the interest of full disclosure.
- (7) Prior year stock compensation has been recalculated to conform to the 2010 presentation of grant date fair value. In 2008 we disclosed the fair value of the restricted stock awards as of the balance sheet date, in conformity with the required GAAP disclosures in our annual report on Forms 10-K for those years. We are now reflecting the amounts as the fair value of the awards as of the grant date.

Grants of Plan-Based Awards in Fiscal Year End 2010

The following table provides information about awards granted to the named executive officers in 2010. The table only shows the possible payments under our annual incentive cash awards. This is because there were no awards of options or restricted stock in 2010. Our three-year program began in 2009, and the named executive officers received the entire restricted stock and options awards at the start of 2009 with one-third eligible to vest in each of 2009, 2010 and 2011 based on satisfaction of criteria determined at the start of each year's performance period.

Gregory J. Larson	4-Feb-10	131,250	262,500	525,000

- (1) As described under "2009-2011 Program Design and Structure - Annual Cash Incentives" in the CD&A, these are amounts that may be earned based on the financial performance of the Company, which is measured by Adjusted FFO and ROIC, and on the personal performance by each executive on objectives approved by the Compensation Policy Committee. Mr. Walter has an incentive target of 100% of base salary earned in the calendar year and executive vice presidents have an incentive target of 75% of base salary earned in the calendar year. The actual amounts earned by the named executive officers in 2010 are reflected in the Summary Compensation Table under the column "Non-Equity Incentive Plan Compensation" and are described in the CD&A under "2010 Compensation Actions - Annual Cash Incentive."
- (2) The grant date shown is the date that the Compensation Policy Committee approved the personal performance objectives of each named executive officer and approved the financial metrics for Company performance, Adjusted FFO and ROIC.

Outstanding Equity Awards at Fiscal Year End 2010

(1) Option awards vest based on continued service with the Company and have a 10-year life from the date of grant. Options granted on February 5, 2009 vested December 31, 2009. Options issued on May 14, 2009 were for the two-year period, 2010-2011, and 50% vested at year-end December 31, 2010 with the remaining 50% vesting at year-end December 31, 2011 based on continued service.

(2) Under our compensation program, senior management received the entire restricted stock award in 2009 at the start of the three-year period, 2009-2011, with one-third eligible to vest in each year subject to performance conditions, which are established at the start of each respective single-year performance period. The award reflected in February 2009 was made under the 1997 Plan for performance year 2009. The award reflected in August 2009 was made under the stockholder-approved 2009 Comprehensive Stock and Cash Incentive Plan for performance years 2010-2011. The three annual performance measures are

achievement of personal performance objectives (Performance-based),

the Company's relative stockholder performance against the NAREIT Equity Index (NAREIT TSR), and

the Company's relative stockholder performance against the Lodging Index (Lodging TSR).

The determination of whether and to what extent those measures are satisfied is made by the Compensation Policy Committee, generally in February of the year following the performance.

The shares that are shown as unearned with a grant date of February 2009 reflect shares that did not vest in 2009 because the Company did not achieve performance at the high level (at which all shares vest) on the comparative stockholder return measure for each of the NAREIT TSR and Lodging TSR in that year. The Company's performance in 2009 on NAREIT TSR was above target and its performance on the Lodging TSR was below threshold (at which no shares vested). These shares may be earned in the final year of the program (2011) if the Company's cumulative total stockholder performance as measured at the start of the three-year period equals or exceeds the 75th percentile (which is the high level of performance) of the respective NAREIT TSR or the Lodging TSR at the end of the period (the Cumulative TSR). The chart below shows the remaining 2009 shares from these two measures that may be earned if the Cumulative TSR is satisfied:

	Cumulative NAREIT TSR Shares	Cumulative- Lodging- TSR Shares	Total Cumulative- TSR Shares
Mr. Walter	15,258	161,291	176,549
Mr. Risoleo	10,807	114,247	125,054
Mr. Abji	5,837	61,694	67,351
Mr. Harvey	5,023	53,091	58,114
Mr. Larson	4,513	47,715	52,228

The award in this column with a grant date of August 2009 reflects shares that may be earned for performance at the high level on all performance measures in each of 2010 and 2011. As a result of a stock dividend paid December 18, 2009, the number of shares were adjusted pursuant to the anti-dilution provisions in the 2009 Comprehensive Stock and Cash Incentive Plan and the award agreement.

- (3) Options were granted at the fair market value on the date of grant, May 14, 2009, which was \$8.19. As a result of the stock dividend paid December 18, 2009, the exercise price of the option and the number of options were adjusted in May 2010 pursuant to the anti-dilution provisions in the 2009 Comprehensive Stock and Cash Incentive Plan and the award agreements. The adjusted exercise price is \$8.018 per share.
- (4) The number of shares shown in this column reflects the total shares eligible to vest in both 2010 and 2011. The charts below show the actual number of shares that each named executive officer was *eligible* to receive in each of 2010 and 2011, the actual number of shares *released* in 2010 (based on the determinations of our Compensation Policy Committee in February 2011) and the number of shares *forfeited* in 2010.

Shares Forfeited in 2010

	2010 Performance-based Awards forfeited
W. Edward Walter	77,230
James F. Risoleo	54,704
Minaz B. Abji	27,571
Larry K. Harvey	28,811
Gregory J. Larson	22,847

- (5) As noted above in footnote (2), these unearned shares from 2009 may be earned at the end of December 2011 if the Company's cumulative TSR over the three-year period 2009-2011 meets or exceeds the 75th percentile for each of the NAREIT Equity Index and the Lodging Index. Based on cumulative performance through December 31, 2010, no shares would vest based on the cumulative Lodging TSR, but shares based on the cumulative NAREIT TSR would meet the 75th percentile. Value is, therefore, calculated by multiplying the remaining NAREIT TSR shares by the price of our stock on December 31, 2010 of \$17.87.
- (6) The value is calculated based on the vesting of shares at the high level of performance multiplied by the closing price of our stock on December 31, 2010 of \$17.87. This is based on our 2010 performance results which were above Target on all three annual performance measures.

Option Exercises and Stock Vested at Fiscal Year End 2010

Edgar Filing: HOST HOTELS & RESORTS, INC. - Form DEF 14A

- (2) The value realized on vesting is determined by multiplying the shares released by \$11.035, the closing price of the Company's common stock on the date of release, which was February 4, 2010.

Nonqualified Deferred Compensation

The Company has an Executive Deferred Compensation Plan in which the named officers participate.

The following table summarizes the named executive officers' compensation under the Executive Deferred Compensation Plan as of December 31, 2010. The aggregate balance shown includes amounts earned prior to 2010 and voluntarily deferred. This is the only non-qualified retirement plan offered to senior executives. The Company does not have a pension plan and does not have a supplemental executive retirement program.

(1) Amounts reflect vested values as of December 31, 2010.

Under the Executive Deferred Compensation Plan, participants may defer any portion of their base salary or any amounts awarded under the annual cash incentive award program. Participants direct their deferrals into investment funds, which are substantially the same funds available for investment under the 401(k) Plan. Participants' accounts may or may not appreciate, and may depreciate, depending on the performance of their investment choices. The Company does not guarantee any returns and none of the investment choices provide interest at above-market rates. The Company matches \$.50 of each \$1.00 deferred, up to a maximum of 6% of the participant's compensation less the amount credited to the 401(k) Plan. The Company may provide an annual discretionary matching contribution of up to \$.50 on each \$1.00 deferred up to 6% of the participant's compensation. The Company suspended its match effective May 25, 2009 and reinstated it effective July 19, 2010. In addition, as in 2008 and 2009, the Company did not make a discretionary matching contribution in 2010.

Participants fully vest in Company contributions after five years of continued employment. The vesting schedule is 25% vesting after two years; 50% vesting after three years; 75% vesting after four years and 100% vesting after five years or more. All named executive officers are fully vested. Company contributions are fully vested (100%) for distributions related to normal retirement, death, disability and change of control.

The Executive Deferred Compensation Plan offers automatic lump sum distributions upon death or disability. The participant may elect to receive lump sum or installment distributions upon separation from service, or with respect to his or her deferrals only (no Company contributions) on such other dates certain that a participant may elect. Such elections are made at the time the participant elects to defer compensation for a year. However, key employee

distributions payable upon separation from service will be delayed for six months. Participants may also elect to receive a lump sum distribution of their account in the event of change in control. Plan assets are held in a rabbi trust.

Potential Severance, Change in Control Payments

Severance

The Company does not have any employment agreements with U.S.-based employees. The Company has a severance plan for senior executives that was adopted in 2003, which provides severance benefits on a consistent basis. This plan provides for benefits in the event of a senior executive's death or disability, or where a senior executive leaves the Company under the following circumstances:

As a result of a termination without cause. Cause is defined broadly to include failure to perform assigned duties in a reasonable manner, or as a result of incompetence or neglect; engaging in any act of dishonesty or bad faith with respect to the Company or its affairs; committing any act that reflects unfavorably on the executive or the Company; or engaging in any other conduct that in the reasonable judgment of the Board justifies termination.

As a result of a voluntary termination by the executive for good reason. Good reason means that there has been a material diminution in such executive's authority, duties or responsibilities; a material diminution in an executive's overall compensation opportunity; or a material change in the geographic location at which an executive is required to perform his or her duties for the Company.

The key benefits are:

Upon death or disability, an executive would receive a prorated annual cash incentive award at the target level through the month of death or disability, and all restricted stock and options would vest. In addition, the executive would be entitled to benefits under our life insurance and disability plans that are applicable to all employees.

In the termination examples, an executive would receive a payment equal to a multiple of the current annual base salary and average cash incentive bonus that was paid over the prior three-years. For example:

Mr. Walter, as president and chief executive officer, would be entitled to receive a payment equal to 2x his current base salary and 2x his average annual cash incentive award over the prior three years.

All other executives would be entitled to receive a payment equal to 1x his or her current base salary and 1x his or her average annual cash incentive award over the prior three years.

We would pay for the continuation of the executive's health and welfare benefits for 18 months or until the executive is re-employed, whichever period is shorter.

In addition, under the restricted stock agreements, one year of the executives' restricted stock award would accelerate and vest at the target level and under the stock option agreement, all options would accelerate and vest.

An executive terminated for cause or who voluntarily leaves without good reason is not entitled to any benefits under the Severance Plan.

The table below quantifies the compensation that would become payable to a senior executive assuming employment ended on December 31, 2010. The compensation and benefits are in addition to benefits available generally to all employees, such as distributions under the Company's Retirement and Savings Plan and accrued vacation pay. All severance is contingent on the execution of a release in favor of the Company and a one year non-compete and non-solicitation agreement.

	Mr. Walter	Mr. Risoleo	Mr. Abji	Mr. Harvey	Mr. Larson
Termination payment (1)	\$ 3,139,649	\$ 931,556	\$ 798,344	\$ 650,234	\$ 652,171

Deferred compensation balance (5)	1,204,703	1,959,082	423,655	316,185	191,421
Total	\$ 12,233,087	\$ 8,486,496	\$ 4,237,244	\$ 3,581,504	\$ 3,187,642

- (1) Amounts reflected are a multiple of base salary and average annual incentive award. Mr. Walter would receive two times his base salary and two times the average of his annual incentive award for 2008-2010. All other executives would receive one times his base salary and one times the average of his annual incentive award for 2008-2010.
- (2) Amounts are based on the closing price of our stock on December 31, 2010 of \$17.87. Under the restricted stock agreements, one year of all performance based awards would vest at the target level.
- (3) Under the stock option agreements, all options would vest in the event of a termination of employment without cause or termination by the executive for good reason. The chart below shows the total number of options that would vest, the value of the options based on the exercise price of \$8.018, the market value of the underlying shares based on the closing price of \$17.87 on December 31, 2010, and the total gain, which is market value less option exercise price.

	Options Awards Subject to Vesting	Option Value- Based on Exercise Price of \$8.018	Market Value of Underling Shares at 12/31/10	Total Gain
Mr. Walter	125,577	\$ 1,006,835	\$ 2,244,061	\$ 1,237,226

Mr. Larson	37,150	297,856	663,871	366,014

- (4) Amounts reflect the costs associated with continuation of coverage for group medical, vision and dental benefits for 18 months based on current COBRA rates.
- (5) The named executive officers are fully vested in their accounts.

Change-In-Control

The severance plan also provides for certain payments in the event that there is both a change in control of the Company *and* the occurrence of any of the following events in the year immediately following the change in control:

A termination of the executive without cause, as previously explained above;

A voluntary termination by the executive for good reason, as previously explained above.

The table below quantifies the compensation that would become payable to a senior executive under these circumstances assuming that the triggering events occurred on December 31, 2010. The compensation and benefits are in addition to benefits available generally to all employees, such as distributions under the Company's 401(k) Plan and accrued vacation pay. The Company does not provide any consideration for excise taxes that the named executive officers might incur as a result of these payments. The cost of any tax would be borne by the executive.

	Mr. Walter	Mr. Risoleo	Mr. Abji	Mr. Harvey	Mr. Larson
Termination payment (1)	\$ 4,709,474	\$ 1,863,113	\$ 1,596,687	\$ 1,300,469	\$ 1,304,342

- (1) The termination payment is a multiple of base salary and average annual cash incentive award. Mr. Walter would receive three times his base salary and three times the average of his annual cash incentive award for the period 2008-2010. All other executives would receive two times his base salary and two times the average of his annual incentive award for 2008-2010.
- (2) Under the restricted stock agreements, all unvested restricted stock would accelerate and vest in the event of a change in control and termination of employment without cause or termination by the executive for good reason. The amounts shown in the table do not reflect shares that have vested and shares that have been forfeited for performance year 2010 because the Compensation Policy Committee made the 2010 decisions on February 5, 2011. The chart below shows the shares that would be accelerated and subject to vesting as of December 31, 2010 and as of February 5, 2011, respectively, which takes into account performance year 2010. The value is determined by multiplying the shares by \$17.87, the closing price of our stock on December 31, 2010.

Securities Authorized for Issuance Under Equity Compensation Plans

The following table summarizes information as of December 31, 2010 relating to equity compensation plans of the Company pursuant to which grants of restricted stock, options, restricted stock units or other rights to acquire shares may be granted from time to time.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the 1st column)
Equity compensation plans approved by stockholders (1)	1,359,005	\$ 7.14	19,234,239
Equity compensation plans not approved by stockholders			
TOTAL	1,359,005	\$ 7.14	19,234,239

- (1) Shares indicated are the aggregate of those issuable under the Company's 1997 and 2009 Comprehensive Stock and Cash Incentive Plans, whereby we may award to officers and key employees: (i) options to purchase our common stock, (ii) deferred shares of our common stock, and (iii) restricted shares of our common stock. No shares remain available for issuance under the Company's 1997 Comprehensive Stock and Cash Incentive Plan.

REPORT OF THE COMPENSATION POLICY COMMITTEE ON EXECUTIVE COMPENSATION

To Our Stockholders:

The Compensation Policy Committee has reviewed and discussed with management the Compensation Discussion and Analysis of Host Hotels & Resorts, Inc. (the Company). Based on its review and discussions, the Committee recommended to the Board of Directors of the Company that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for 2010 and this proxy statement.

The Compensation Policy Committee

Ann McLaughlin Korologos, Chair

Robert M. Baylis

Willard W. Brittain

PROPOSAL THREE

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that the Company seek a non-binding advisory vote from its stockholders to approve compensation to named executive officers. Since the required vote is advisory, the result of the vote is not binding upon the Board.

We urge stockholders to read the Compensation Discussion and Analysis, which describes how our executive compensation policies operate and how they are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative which provide detailed information on the compensation of our named executive officers. Our executive compensation program is designed to provide a competitive level of compensation necessary to attract, motivate and retain talented and experienced executives and to motivate them to achieve short-term and long-term corporate goals that enhance stockholder value. Highlights of the Company's compensation programs include the following:

None of the named executive officers have any employment agreements with the Company;

As an executive officer's responsibility and ability to affect the financial results of the Company increases, the portion of his or her total compensation that is variable and deemed at-risk increases;

The Compensation Policy Committee continually monitors Company performance and adjusts compensation practices accordingly. There have been no increases in salary since 2008 to named executive officers due to the economic downturn;

A substantial portion of the named executive officers' stock compensation is linked to achieving financial performance goals for the Company. Stock compensation is based on a three year program for 2009 through 2011. In 2009, performance goals were not met and a significant portion of the award for that year was not earned;

As discussed in the CD&A, our strong performance in 2010, including the Company's 2010 results on the total stockholder return measures relative to its peers, resulted in higher total compensation in keeping with our philosophy of pay in line with performance; and

The Compensation Policy Committee regularly assesses the Company's individual and total compensation programs against peer companies, the general marketplace and other industry data points and the Compensation Policy Committee utilizes an independent consultant to engage in ongoing independent review of all aspects of our executive compensation programs.

The Compensation Policy Committee and the Board believe that these policies are effective in implementing our compensation philosophy, in achieving our goals, and have been effective at incenting the achievement of the Company's strong financial performance.

For the reasons stated above, the Board of Directors unanimously recommends a vote FOR approval of the following resolution:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the overall compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis and in the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement.

Effect of Proposal

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. The approval or disapproval of this proposal by stockholders will not require the Board or the Compensation Policy Committee to take any action regarding the Company's executive compensation practices. Although non-binding, the Board and the Compensation Policy Committee will carefully review and consider the voting results when evaluating our future executive compensation program.

PROPOSAL FOUR

FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires that at least once every six years the Company submit for stockholder vote a non-binding resolution to determine whether the advisory stockholder vote on executive compensation shall occur every one, two, or three years.

There have been differing views expressed on the optimal frequency and the Board believes there is a reasonable basis for each of the options. The Board considered a three year frequency in light of the fact that our executive compensation program is currently done on a three year basis. However, after careful consideration of the various arguments supporting each frequency level, the Board believes that submitting the advisory vote on executive compensation to stockholders on an annual basis is appropriate for the Company and its stockholders at this time. This provides stockholders the opportunity to promptly provide feedback and quickly react to emerging trends in compensation, and gives the Board and the Compensation Policy Committee the opportunity to evaluate executive compensation decisions each year in light of ongoing feedback from stockholders.

For the reasons stated above, the Board of Directors unanimously recommends a vote for a frequency of 1 year with respect to the following resolution:

RESOLVED, that the stockholders of the Company advise that a non-binding resolution with respect to executive compensation should be presented every one, two or three years as reflected by their votes for each of these alternatives in connection with this resolution.

In voting on this resolution, you should mark your proxy for one, two or three years based on your preference as to the frequency with which an advisory vote on executive compensation should be held. Alternatively, you may abstain from voting.

Effect of Proposal

This advisory resolution, commonly referred to as a say-when-on-pay resolution, is non-binding on the Board of Directors. Stockholder approval of a specific frequency vote will not require the Company to implement an advisory vote on executive compensation every one, two, or three years. The final decision on the frequency of the advisory vote on executive compensation remains with the Board and the Compensation Policy Committee. Although non-binding, the Board and the Compensation Policy Committee will carefully review and consider the outcome of the frequency vote when making future decisions regarding the frequency of say-on-pay votes.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the number of shares of our common stock and of the partnership units of Host Hotels & Resorts, L.P. (our operating partnership) that were beneficially owned as of March 15, 2011 by:

each director and director nominee;

each executive officer named in the Summary Compensation Table;

all of our directors and executive officers as a group; and

beneficial owners of 5% or more of our common stock.

Information about the ownership of operating partnership units is included because the operating partnership units are redeemable by holders for cash or, at our election, for shares of the Company's common stock. As of March 15, 2011 the Company owns approximately 98.4% of the operating partnership units.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Federal securities laws require directors, executive officers, and owners of more than ten percent of our common stock to file reports with the SEC and with the New York Stock Exchange. These reports relate to the number of shares of our common stock that each of those persons beneficially owns, and any changes in their ownership. Based solely upon a review of copies of the forms furnished to the Company, we believe all persons required to file such forms have done so during 2010, except as noted below.

Due to an administrative oversight on the part of the Company, the Company's third quarter 2010 dividend of \$0.01 per share credited on October 15, 2010 as additional stock units on stock deferred by non-employee directors under the Non-Employee Directors Deferred Stock Compensation Plan was not reported in a timely manner. This oversight was corrected by filings on February 14, 2011 for each of Messrs. Baylis, Brittain, Golden, Morse, Smith, and Ms. Korologos.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Policy on Transactions and Arrangements with Related Persons

In 2007 the Nominating and Corporate Governance Committee recommended, and the Board of Directors adopted, a written policy with respect to related person transactions. The policy applies to any transaction, or series of transactions in which the Company, its subsidiaries or affiliates is or will be a participant, the amount involved exceeds \$100,000, and in which any related person has or will have a direct or indirect material interest. A related person for purposes of the policy includes:

any Company officer, senior manager, or director;

an owner of 5% or more of Company stock;

any immediate family member of any person listed above; or

any firm in which any of the foregoing persons is employed or is a principal in which such person has a 5% or greater interest.

Under the policy, the legal department will determine whether a transaction meets the requirements of a related person transaction. If so, the transaction will be reviewed by the Board of Directors, if it is part of a transaction which itself would require Board approval, or in all other circumstances the Audit Committee will review the transaction at its next meeting. In those instances in which the legal department, in consultation with the Chief Executive Officer, determines that it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, then the transaction will be reviewed by the Chair of the Audit Committee. Based on its consideration of all the relevant facts and circumstances, each of the Board, Audit Committee or Chair will decide whether to approve the transaction.

As adopted, the policy has standing pre-approvals for transactions that meet specific criteria or are not considered related person transactions by the SEC. Pre-approved transactions include:

any transaction with another company at which a related person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2% of that company's total annual revenues;

any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a related person's only relationship is as an employee (other than an executive officer) or a director, which has been approved pursuant to the Company's Charitable Contribution Policy if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2% of that charitable organization's total annual receipts;

any transaction involving a related person where the rates or charges involved are determined by competitive bids involving third parties who are not related persons; and

management agreements and franchise agreements entered into with Marriott International, Inc. and certain of its subsidiaries to manage Marriott and Ritz-Carlton hotels owned or leased by the Company or its subsidiaries, including modifications and amendments to existing agreements, if such agreements, amendments or modifications are on terms and conditions substantially consistent with the Company's then current agreements with Marriott International or other major third party operators.

Related Person Transactions

Prior to October 8, 1993, we and Marriott International, Inc. were operated as a single consolidated company. On October 8, 1993, in connection with the issuance of a special dividend, the consolidated company's businesses were split between Host Marriott Corporation (renamed Host Hotels & Resorts, Inc. in 2006) and Marriott International.

Thereafter, we retained the lodging real estate business and the airport/toll road concessions business, while Marriott International took the lodging and service management businesses. On December 29, 1995, we distributed the airport/toll road concessions business to our stockholders.

Our ongoing relationships with Marriott International can be divided into two general categories:

distribution agreement and the related agreements stemming from our separation into two companies; and

lodging management and franchise agreements relating to our properties.

As of January 31, 2011, Richard E. Marriott, the Chairman of our Board, beneficially owned approximately 16.7% of the outstanding shares of common stock of Marriott International. Mr. Marriott's brother, J.W. Marriott, Jr., serves as Chairman of the Board and Chief Executive Officer of Marriott International. By reason of Richard E. Marriott's ownership of such shares, and his brother's position at Marriott International, transactions between Marriott International and our Company are considered related person transactions within the meaning of our policy described above. A summary of our ongoing relationships with Marriott International is provided below.

Distribution Agreement and Related Agreements

In connection with the separation of our business from that of Marriott International, we entered into a distribution agreement with Marriott International that allocated the assumption of liabilities and cross-indemnities so that each company shouldered the financial and legal responsibility for its respective businesses. This distribution agreement has been amended from time to time. We also entered into other agreements with Marriott International in connection with the business separation which govern aspects of our ongoing relationships. These other agreements include:

Tax Sharing Agreement

We entered into a tax sharing agreement with Marriott International that allocates the parties' rights and obligations with respect to: (1) deficiencies and refunds of federal, state and other income or franchise taxes relating to our businesses for tax years prior to the separation; and (2) certain of our tax attributes after the separation. We have agreed to cooperate with each other and to share information in preparing tax returns and in dealing with other tax matters.

Leases

We currently sublease approximately 2,400 square feet of office space from Marriott International. The sublease was provided on market terms and conditions. In 2010, we paid Marriott International approximately \$99,907 in rental fees for this office space. In addition, in 2010 we paid Marriott International \$100,000 in ground rent under a lease in connection with property at the JW Marriott Desert Springs Resort & Spa.

Lodging Management and Franchise Agreements

Marriott International and certain of its subsidiaries have entered into management agreements with us and certain of our subsidiaries to manage Marriott-and Ritz-Carlton-branded full-service hotels owned or leased by us and our subsidiaries. Marriott International has also entered into a franchise agreement with us and certain of our subsidiaries that allow us to use the Marriott brand, associated trademarks, reservation systems and other related items for one Marriott hotel for which we have entered into an operating agreement with a hotel management company other than Marriott International. In 2010, we and our subsidiaries paid \$112 million in the aggregate in management and franchise fees to Marriott International. The initial term of our management agreements with Marriott International is generally 15 to 20 years with one or more renewal terms. Under each management agreement, Marriott International provides comprehensive management services for the hotels. These agreements typically include the terms described below.

Operational Services. Marriott International generally has sole responsibility and exclusive authority for all activities necessary for the day-to-day operation of the hotels, including establishing all room rates, processing reservations, procuring inventories, supplies and services, providing periodic inspection and consultation visits to the hotels by technical and operational experts and promoting and publicizing of the hotels. Marriott International receives compensation in the form of a base management fee which is calculated as a percentage (typically 3%) of annual gross revenues, and an incentive management fee, which is typically calculated as a percentage (generally 20%) of operating profit after we have received a priority return on our investment in the hotel.

Executive Supervision and Management Services. Marriott International provides all managerial and other employees for the hotels, reviews the operation and maintenance of the hotels, prepares reports, budgets and projections, provides other administrative and accounting support services to the hotels, such as planning and policy services, financial planning, divisional financial services, product planning and development, employee staffing and training, corporate executive management, and certain in-house legal services. For the majority of our properties managed by Marriott International, we have approval rights over the budget, capital expenditures and other matters.

Chain Services. Marriott International furnishes chain services on a centralized basis. Such services include: (1) the development and operation of certain computer systems and reservation services; (2) regional management and administrative services, regional marketing and sales services, regional training services, manpower development and relocation of regional personnel; and (3) such additional central or regional services as may from time to time be more efficiently performed on a regional or group basis rather than on an individual hotel basis. Costs and expenses incurred in providing these services are generally allocated among all hotels managed by Marriott International or its affiliates that benefit from these services.

Working Capital and Fixed Asset Supplies. We are required to maintain working capital for each hotel and to fund the cost of certain fixed asset supplies (for example, linen, china, glassware, silver and uniforms). We are also responsible for providing

funds to meet the cash needs for hotel operations if at any time the funds available from hotel operations are insufficient to meet the financial requirements of the hotels.

Furniture, Fixtures and Equipment Replacements. We are required to provide all necessary furniture, fixtures and equipment for the operation of the hotels (including funding any required furniture, fixtures and equipment replacements). On an annual basis, the manager will prepare a list of furniture, fixtures and equipment to be acquired and certain routine repairs and maintenance to be performed in the next year and an estimate of the funds that are necessary, which is subject to our review and approval. For purposes of funding the furniture, fixtures and equipment replacements, a specified percentage (typically 5%) of the gross revenues of the hotel is deposited by the manager into an escrow account in our name, to which the manager has access. However, for 62 of our Marriott hotels, we have entered into an agreement with Marriott International to allow us to fund such expenditures directly as incurred from one account that we control, subject to maintaining a minimum balance of the greater of \$35.8 million or 30% of total annual specified contributions, rather than escrowing funds at accounts at each hotel.

Building Alterations, Improvements and Renewals. Marriott International is required to prepare an annual estimate of the expenditures necessary for major repairs, alterations, improvements, renewals and replacements to the structural, mechanical, electrical, heating, ventilating, air conditioning, plumbing and elevators of each hotel which we review and approve based on their recommendations and our judgment. In addition to the foregoing, the manager may propose such changes, alterations and improvements to the hotel as are required, in the manager's reasonable judgment, to keep the hotel in a competitive, efficient and economical operating condition consistent with Marriott's brand standards. We generally have approval authority over such changes, alterations and improvements.

Service Marks. During the term of the management agreements, the brand name, service mark, symbols and logos used by the manager may be used in the operation of the hotel. Any right to use the brand name, service marks, logos and symbols and related trademarks at a hotel will terminate with respect to that hotel upon termination of the applicable management or franchise agreement.

Sale of the Hotel. Most of our management agreements with Marriott International limit our ability to sell, lease or otherwise transfer the hotels by requiring that the transferee assume the related management agreements and meet other specified conditions, including the condition that the transferee not be a competitor of Marriott International.

Termination on Sale. While most of our management agreements with Marriott International are not terminable prior to their full term, we have negotiated termination rights with respect to 18 specified Marriott-branded hotels in connection with the sale of these hotels subject to certain limitations (including the number of agreements that can be terminated per year, limitations measured by earnings before interest, taxes, depreciation and amortization (EBITDA), and limitations requiring that a significant portion of such hotels maintain the Marriott brand affiliation). The described termination rights may be exercised without payment of a termination fee, except for

one of the specified hotels wherein a termination fee is required if it does not maintain the Marriott brand affiliation.

Performance Termination. The majority of our management agreements with Marriott International provide for termination rights in the case of the manager's prolonged failure to meet certain financial performance criteria, usually a set return on the owner's investment. We have agreed in the past, and may agree in the future, to waive certain of these termination rights in exchange for consideration from the hotel manager, which consideration could take the form of cash compensation or amendments to the management agreement. Similarly, the majority of our management agreements condition the manager's right to renew pre-determined extension terms to the satisfaction of certain financial performance criteria.

STOCKHOLDER PROPOSALS FOR OUR NEXT ANNUAL MEETING

If you wish to submit a proposal to be included in the proxy statement for our 2012 annual meeting, we must receive it no later than December 10, 2011. The proposal must comply with the SEC's proxy rules and should be sent to the attention of the Secretary at Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Suite 1500, Bethesda, MD 20817.

Additionally, the Company's Bylaws include requirements which must be met if a stockholder would like to nominate a candidate for director or bring other business before the stockholders at the 2012 annual meeting, that, in either case, is not intended to be included in the Company's proxy statement. Those requirements include written notice to the Secretary (at the above address), no earlier than November 10, 2011 and no later than December 10, 2011, and which notice must contain all of the information required under our Bylaws, a copy of which is available, at no charge, from the Secretary, and is also available on our website (<http://www.hosthotels.com>).

OTHER MATTERS

Our Board is not aware of any other business that will be presented at the annual meeting. If any other business is properly brought before the annual meeting or any adjournment or postponement thereof, proxies received will be voted in accordance with the recommendation of our Board. Discretionary authority with respect to such other matters is granted by execution of the enclosed proxy.

It is important that the proxies be voted promptly and that your shares are represented. Please submit your proxy via the Internet, by phone or by signing, dating and returning your proxy in the enclosed envelope. A copy of our 2010 Annual Report (including our Annual Report on Form 10-K for the year ended December 31, 2010 filed with the SEC) has been mailed concurrently with this proxy statement to all stockholders entitled to notice of and to vote at the annual meeting. The Annual Report is not incorporated into this proxy statement and is not considered proxy solicitation material.

We have filed an Annual Report on Form 10-K for the year ended December 31, 2010 with the Securities and Exchange Commission. You may obtain, free of charge, a copy of the 2010 Annual Report on Form 10-K (excluding exhibits) by writing to the Secretary, Host Hotels & Resorts, Inc., 6903 Rockledge Drive, Suite 1500, Bethesda, Maryland 20817-1109. We will charge an amount equal to the reproduction cost if the exhibits are requested. Our Annual Report on Form 10-K may also be accessed electronically on our website (<http://www.hosthotels.com>).
