The Plan Administrator

H.B. Fuller Company 401(k) & Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of the H.B. Fuller Company 401(k) & Retirement Plan (the Plan) as of December 31, 2010 and 2009 and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009 and the changes in its net assets available for benefits for the year ended December 31, 2010, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of the year ended December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**H.B. FULLER COMPANY 401(k) & RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

**(1) Description of the Plan**

The following brief description of the H.B. Fuller Company 401(k) & Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, eligibility, and other matters.

**(a) General**

The Plan is a contributory defined contribution plan covering all eligible employees of H.B. Fuller Company (the Employer, Plan Administrator and Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

**(b) Trustee**

Effective October 1, 2010, the trustee for the Plan is J.P. Morgan Chase Bank, N.A. (the Trustee). Prior to October 1, 2010, the Plan trustee was Wells Fargo Minnesota, N.A.

**(c) Eligibility and Contributions**

All regular full-time and part-time employees may begin contributing to the Plan as soon as administratively practicable after their date of hire and will be automatically enrolled unless elected otherwise. All qualified employees are immediately eligible for the Employer matching contribution. To become a participant in the Plan, an employee must agree to make contributions equal to 1 percent of pre-tax or after-tax compensation up to a maximum of 75 percent subject to a statutory maximum of \$16,500 for 2010. Participants who are age 50 or older, or who will become age 50 during the current Plan year, may contribute an additional pre-tax and/or after-tax amount to the Plan. The additional amount you may contribute during 2010 is \$5,500. Participants may also contribute amounts representing rollover distributions from other qualified retirement plans.

The Employer makes contributions to employees' accounts by matching 100 percent of an employee's contributions, up to 4 percent of the employee's eligible compensation to be allocated according to the employee's elections. A participant's contribution and Employer's contribution may be invested in any combination of participant-directed investment funds or H.B. Fuller Company Common Stock. A participant's investment option for past and future contributions can be changed daily. Investment income is allocated to all participants on the basis of their respective account balances at the close of each daily fund valuation.

A participant's voluntary contribution percentage amount can be changed or suspended at anytime. Employer matching contributions to the Plan cease during the suspension period.

All employees hired or rehired after December 31, 2006 who are not eligible to participate in any defined benefit pension plan are eligible to receive non-elective retirement contributions up to 3 percent of the employee's eligible earnings. A participant becomes 100 percent vested in the non-elective retirement contributions after three years of credited service to the Employer, or upon age 65, disability, death or termination of the Plan.

**(d) Participant Accounts**

## Edgar Filing: FULLER H B CO - Form 11-K

Each participant's account is credited with (a) the participant's contribution, (b) the Employer's matching contribution, (c) an allocation of the Plan's investment income, (d) discretionary Employer contributions and (e) rollover contributions. Allocations of the Plan's investment income are based on account balances, as defined in the Plan document.

**H.B. FULLER COMPANY 401(k) & RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

***(e) Payment of Benefits***

On termination of service due to death or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan agreement. If the participant terminates employment at the age of 55 or older, he or she may elect to receive their distribution in installment payments as defined by the Plan agreement. For termination of service due to disability, a participant is eligible for distribution after 12 months of permanent disability. For termination of service due to other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The investment in H.B. Fuller Company Common Stock may be withdrawn in the form of shares of stock at the option of the Plan participant.

***(f) Vesting***

Participants are immediately vested in their contributions, rollover contributions and Employer matching contributions plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of eligible service. A participant is 100 percent vested after three years of credited service to the Employer, or upon age 65, disability, or death.

***(g) Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at rates equal to the prime rate published in Wall Street Journal on the last business day of the month immediately preceding the month in which the loan is issued (3.25 percent at December 31, 2010). This is determined at the time of the loan. The rate will remain fixed over the term of the loan, usually 5-15 years. Participant loans are collateralized by a borrower's vested account balance and are repaid through payroll deductions. Participant loans at December 31, 2010 had interest rates ranging from 3.25 percent to 9.5 percent and mature at various dates through 2025. Principal and interest are repaid ratably through payroll deductions.

***(h) Forfeitures***

Participants who terminate employment with the Employer forfeit the nonvested portion of the Employer's contribution to the participants' accounts. Amounts forfeited are used to reduce future Employer contributions. Unused forfeitures at December 31, 2010 and 2009 were \$17,286 and \$190,276, respectively. Forfeitures of \$211,391 were used to reduce Employer contributions for the year ended December 31, 2010.

***(i) Plan Termination***

Although it has no intention to do so, the Employer may, at any time, by action of its board of directors, terminate the Plan or discontinue contributions. Upon termination or discontinuance of contributions, all Employer contribution amounts in participant accounts will become fully vested.

**(2) Summary of Significant Accounting Policies**

***(a) Basis of Accounting***

## Edgar Filing: FULLER H B CO - Form 11-K

The accompanying financial statements are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

### ***(b) Investment Valuation and Income Recognition***

The fair values of the Plan's investments in H.B. Fuller Company Common Stock are based on published quotations. The fair value of the pooled, common and collective trust funds is based on the fair value of the underlying investments as determined by the issuer of the pooled, common and collective trust funds. The fair values of investments in securities of unaffiliated issuers are based on quoted market prices. Securities transactions are recorded on the trade date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment in the pooled, common and collective trust as well as the adjustment of the investment in the pooled, common and collective trust from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is presented on a contract value basis.

**Table of Contents**

**H.B. FULLER COMPANY 401(k) & RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

***(c) Interest and Dividends***

Interest income is recorded as earned on an accrual basis and dividend income is recorded on the ex-dividend date.

***(d) Net Appreciation in the Fair Value of Investments***

The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

***(e) Contributions***

Participant contributions are recorded in the period the Employer makes the payroll deductions. Employer-matching contributions are recorded based on participant contributions.

***(f) Concentration of Market Risk***

At December 31, 2010 and 2009, approximately 27 percent and 32 percent of the Plan's net assets available for benefits were invested in the common stock of H.B. Fuller Company. The underlying value of the H.B. Fuller Company Common Stock is entirely dependent upon the performance of H.B. Fuller Company and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of H.B. Fuller Company Common Stock in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

***(g) Distributions to Participants***

Distributions to participants are recorded when the distribution is made.

***(h) Notes Receivable from Participants***

Participant loans are reported at current value. Current value is defined by ERISA as the sum of the unpaid principal balance plus accrued but unpaid interest.

***(i) Plan Expenses***

The administrative expenses of the Plan are paid by the Plan participants. Certain asset management and administrative fees of the Plan are charged against the Plan's investment income.

***(j) Use of Estimates***

## Edgar Filing: FULLER H B CO - Form 11-K

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of investment earnings and expenses during the reporting period. Actual results could differ from those estimates.

### *(k) Risks and Uncertainties*

The Plan provides for various investment options in any combination of stocks, bonds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Internal Revenue Service has determined and informed the Employer by a letter dated March 19, 2004 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore no provision for income taxes has been included in the Plan's financial statements.

**(5) Related-party and Party-in-interest Transactions**

Plan investments include H.B. Fuller Company Common Stock which is invested in shares of common stock of the Employer. H.B. Fuller Company is the Plan Sponsor and, therefore, these transactions qualify as party-in-interest. Purchases and sales of H.B. Fuller Company Common Stock for the year ended December 31, 2010 amounted to \$24,052,492 and \$25,771,944, respectively. The fair value of H.B. The Plan invested in various funds managed by Wells Fargo Minnesota, N.A. Wells Fargo Minnesota, N.A. was the Trustee until September 30, 2010 as defined by the Plan and, therefore, the related transactions qualify as party-in-interest. The Trustee was authorized to invest in securities under its management and control on behalf of the Plan. From January 1, 2010 through September 30, 2010, Wells Fargo Minnesota, N.A. made purchases and sales of such securities amounting to \$27,880,592 and \$68,621,027, respectively.

The Plan allows participants to borrow from their fund accounts and, therefore, these transactions qualify as a party-in-interest. Notes receivable from participants were \$2,334,621 and \$2,273,827 at December 31, 2010 and 2009, respectively.
