CurrencyShares® Euro Trust

Notes to Financial Statements

(Unaudited)

1. Organization and Description of the Trust

The CurrencyShares® Euro Trust (the Trust) was formed under the laws of the State of New York on December 5, 2005 when Rydex Specialized Products LLC d/b/a Rydex Investments (the Sponsor) deposited 100 euro in the Trust s primary deposit account held by JPMorgan Chase Bank, N.A., London Branch (the Depository). The Sponsor is a Delaware limited liability company whose sole member is Security Investors, LLC (also d/b/a Rydex Investments). The Sponsor is responsible for, among other things, overseeing the performance of The Bank of New York Mellon (the Trustee) and the Trust s principal service providers, including the preparation of financial statements. The Trustee is responsible for the day-to-day administration of the Trust.

The investment objective of the Trust is for the Trust s shares (the Shares) to reflect the price of the euro plus accrued interest less the Trust s expenses and liabilities. The Shares are intended to provide investors with a simple, cost-effective means of gaining investment benefits similar to those of holding euro. The Trust s assets primarily consist of euro on demand deposit in two deposit accounts maintained by the Depository: a primary deposit account which may earn interest and a secondary deposit account which does not earn interest. The secondary deposit account is used to account for any interest that may be received and paid out on creations and redemptions of blocks of 50,000 Shares (Baskets). The secondary account is also used to account for interest earned, if any, on the primary deposit account, pay Trust expenses and distribute any excess interest to holders of Shares (Shareholders) on a monthly basis.

The accompanying unaudited financial statements were prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions for Form 10-Q. In the opinion of management, all material adjustments, consisting only of normal recurring adjustments, considered necessary for a fair statement of the interim period financial statements have been made. Interim period results are not necessarily indicative of results for a full-year period. These financial statements and the notes thereto should be read in conjunction with the Trust s financial statements included in the Form 10-K/A as filed on March 10, 2011.

2. Significant Accounting Policies

A. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the assets, liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period and the evaluation of subsequent events through the issuance date of the financial statements. Actual results could differ from those estimates.

B. Foreign Currency Translation

The Trustee calculates the Trust s net asset value (NAV) each business day, as described in Note 4. Prior to November 13, 2008, euro deposits (cash) were translated for NAV calculation purposes at the Noon Buying Rate, which was the U.S. Dollar (USD)/euro exchange rate as determined and published by the Federal Reserve Bank of New York. As of November 13, 2008, euro deposits (cash) are translated for NAV calculation purposes at the Closing Spot Rate, which is the USD/euro exchange rate as determined by WM Company at 4:00 PM (London time) on each day that NYSE Arca is open for regular trading.

The functional currency of the Trust is the euro in accordance with generally accepted accounting standards. For financial statement reporting purposes, the USD is the reporting currency. As a result, the financial records of the Trust are translated from euro to USD. The Closing Spot Rate on the last day of the period is used for translation in the statements of financial condition. The average Closing Spot Rate for the period is used for translation in the statements of income and comprehensive income and the statements of cash flows. Any currency translation adjustment is included in comprehensive income.

C. Federal Income Taxes

The Trust is treated as a grantor trust for federal income tax purposes and, therefore, no provision for federal income taxes is required. Interest, gains and losses are passed through to the Shareholders.

Shareholders generally will be treated, for U.S. federal income tax purposes, as if they directly owned a pro-rata share of the assets held in the Trust. Shareholders also will be treated as if they directly received their respective pro-rata portion of the Trust s income, if any, and as if they directly incurred their respective pro-rata portion of the Trust s expenses. The acquisition of Shares by a U.S. Shareholder as part of a creation of a Basket will not be a taxable event to the Shareholder.

The Sponsor s fee accrues daily and is payable monthly. For U.S. federal income tax purposes, an accrual-basis U.S. Shareholder generally will be required to take into account as an expense its allocable portion of the USD-equivalent of the amount of the Sponsor s fee that is accrued on each day, with such USD-equivalent being determined by the currency exchange rate that is in effect on the respective day. To the extent that the currency exchange rate on the date of payment of the accrued amount of the Sponsor s fee differs from the currency exchange rate in effect on the day of accrual, the U.S. Shareholder will recognize a currency gain or loss for U.S. federal income tax purposes.

The Trust does not expect to generate taxable income except for interest income (if any) and gain (if any) upon the sale of euro. A non-U.S. Shareholder generally will not be subject to U.S. federal income tax with respect to gain recognized upon the sale or other disposition of Shares, or upon the sale of euro by the Trust, unless: (1) the non-U.S. Shareholder is an individual and is present in the United States for 183 days or more during the taxable year of the sale or other disposition, and the gain is treated as being from United States sources; or (2) the gain is effectively connected with the conduct by the non-U.S. Shareholder of a trade or business in the United States.

A non-U.S. Shareholder s portion of any interest income earned by the Trust generally will not be subject to U.S. federal income tax unless the Shares owned by such non-U.S. Shareholder are effectively connected with the conduct by the non-U.S. Shareholder of a trade or business in the United States.

D. Revenue Recognition

Interest on the primary deposit account, if any, accrues daily as earned and is received on a monthly basis.

E. Dividends

To the extent that the interest earned by the Trust exceeds the sum of the Sponsor s fee for the prior month plus other Trust expenses, if any, the Trust will distribute, as a dividend (herein referred to as dividends or distributions), the excess interest earned in euro effective on the first business day of the subsequent month. The Trustee will direct that the excess euro be converted into USD at a prevailing market rate and the Trustee will distribute the USD as promptly as practicable to Shareholders on a pro rata-basis (in accordance with the number of Shares that they own). An income distribution of $0.04173 per share with an ex-dividend date of August 1, 2011 was paid on August 8, 2011.

3. Euro Deposits

Euro principal deposits are held in a euro-denominated, interest-bearing demand account. For the nine months ended July 31, 2011, there were euro principal deposits of 1,802,924,427, euro principal redemptions of 1,842,755,764 and euro withdrawals (to pay expenses) of 64,021, resulting in an ending euro principal balance of 239,059,006. This equates to 343,529,877 USD. For the year ended October 31, 2010, there were euro principal deposits of 1,874,094,511, euro principal redemptions of 1,983,555,915 and euro withdrawals (to pay expenses) of 1,274,352, resulting in an ending euro principal balance of 278,954,364. This equates to 387,716,634 USD (which includes USD redemptions payable).

Net interest, if any, associated with creation and redemption activity is held in a euro-denominated non-interest-bearing account, and any balance is distributed in full as part of the monthly income distributions, if any.

Table of Contents

4. Redeemable Capital Shares

Shares are classified as redeemable for financial statement purposes, since they are subject to redemption. Shares are issued and redeemed continuously in Baskets in exchange for euro. Individual investors cannot purchase or redeem Shares in direct transactions with the Trust. Only Authorized Participants (as defined below) may place orders to create and redeem Baskets. An Authorized Participant is a Depository Trust Company (DTC) participant that is a registered broker-dealer or other institution eligible to settle securities transactions through the book-entry facilities of DTC and which has entered into a contractual arrangement with the Trust and the Sponsor governing, among other matters, the creation and redemption process. Authorized Participants may redeem their Shares at any time in Baskets.

Due to expected continuing creations and redemptions of Baskets and the three-day period for settlement of each creation or redemption, the Trust reflects Shares created as a receivable. Shares redeemed are reflected as a liability on the trade date. Outstanding Shares are reflected at a redemption value, which is the NAV per Share at the period end date. Adjustments to redeemable capital Shares at redemption value are recorded against retained earnings or, in the absence of retained earnings, by charges against the cumulative translation adjustment.

Activity in redeemable capital Shares is as follows:

	Nine months ended July 31, 2011 (Unaudited)		Year ended October 31, 2010	
	Shares	U.S. Dollar Amount	Shares	U.S. Dollar Amount
Opening balance	2,800,000	$ 387,741,044	3,900,000	$ 574,795,922
Shares issued	18,100,000	2,511,700,133	18,800,000	2,527,532,186
Shares redeemed	(18,500,000)	(2,567,198,931)	(19,900,000)	(2,675,163,019)
Adjustment to period Shares due to currency movement and other		11,387,797		(39,424,045)
Ending balance	2,400,000	$ 343,630,043	2,800,000	$ 387,741,044

The Trustee calculates the Trust s NAV each business day. To calculate the NAV, the Trustee subtracts the Sponsor s accrued fee through the previous day from the euro held by the Trust (including all unpaid interest accrued through the preceding day) and calculates the value of the euro in USD based upon the Closing Spot Rate. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent Closing Spot Rate will be used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for the valuation. If the Trustee and the Sponsor determine that the most recent Closing Spot Rate is not an appropriate basis for valuation of the Trust s euro, they will determine an alternative basis for the valuation. The Trustee also determines the NAV per Share, which equals the NAV of the Trust, divided by the number of outstanding Shares. Shares deliverable under a purchase order are considered outstanding for purposes of determining NAV per Share; Shares deliverable under a redemption order are not considered outstanding for this purpose.

Table of Contents

5. Sponsor s Fee

The Sponsor s fee accrues daily at an annual nominal rate of 0.40% of the euro in the Trust (including all unpaid interest but excluding unpaid fees, each as accrued through the immediately preceding day) and is paid monthly.

The Sponsor assumes and pays the following administrative and marketing expenses incurred by the Trust: the Trustee s monthly fee, NYSE Arca listing fees, SEC registration fees, typical maintenance and transaction fees of the Depository, printing and mailing costs, audit fees and expenses, up to $100,000 per year in legal fees and expenses, and applicable license fees.

In certain exceptional cases the Trust will pay for some expenses in addition to the Sponsor s fee. These exceptions include expenses not assumed by the Sponsor (i.e., expenses other than those identified in the preceding paragraph), taxes and governmental charges, expenses and costs of any extraordinary services performed by the Trustee or the Sponsor on behalf of the Trust or action taken by the Trustee or the Sponsor to protect the Trust or the interests of Shareholders, indemnification of the Sponsor under the Depositary Trust Agreement, and legal expenses in excess of $100,000 per year.

6. Related Parties

The Sponsor is a related party of the Trust. The Sponsor oversees the performance of the Trustee and the Trust s principal service providers, including the preparation of financial statements, but does not exercise day-to-day oversight over the Trustee or the Trust s service providers.

7. Concentration Risk

All of the Trust s assets are euro, which creates a concentration risk associated with fluctuations in the price of euro. Accordingly, a decline in the euro to USD exchange rate will have an adverse effect on the value of the Shares. Factors that may have the effect of causing a decline in the price of euro include national debt levels and trade deficits, domestic and foreign inflation rates, domestic and foreign interest rates, investment and trading activities of institutions and global or regional political, economic or financial events and situations. The price of euro has fluctuated widely over the past several years, and volatility has increased in recent months due, in part, to concern over the national debt levels of certain European Union members and the potential impact of this debt on the value of the euro. Substantial sales of euro by the official sector (central banks, other governmental agencies and related institutions that buy, sell and hold euro as part of their reserve assets) could adversely affect an investment in the Shares. All of the Trust s euro are held by the Depository. Accordingly, a risk associated with the concentration of the Trust s assets in accounts held by a single financial institution exists and increases the potential for loss by the Trust and the Trust s beneficiaries in the event that the Depository becomes insolvent.

8. Commitments and Contingencies

Under the Trust s organizational documents, the Sponsor is indemnified against any liability or expense it incurs without negligence, bad faith or willful misconduct on its part. The Trust s maximum exposure under this arrangement is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

Trust Overview

The CurrencyShares® Euro Trust (the Trust) is a grantor trust that was formed on December 5, 2005. The Shares began trading on the New York Stock Exchange (NYSE) under the ticker symbol FXE on December 12, 2005. The primary listing of the Shares was transferred to NYSE Arca on October 30, 2007. The Trust issues shares (the Shares) in blocks of 50,000 (a Basket) in exchange for deposits of euro and distributes euro in connection with the redemption of Baskets.

The Trust is a passive investment vehicle. The Trust does not have any officers, directors or employees. The investment objective of the Trust is for the Shares to reflect the price of euro plus accrued interest, less the expenses of the Trust s operations. The Trust does not engage in any activities designed to obtain profit from, or ameliorate losses caused by, changes in the price of euro.

Definition of Net Asset Value

The Trustee calculates, and the Sponsor publishes, the Trust s Net Asset Value (NAV) each business day. To calculate the NAV, the Trustee adds to the amount of euro in the Trust at the end of the preceding day accrued but unpaid interest (if any), euro receivable under pending purchase orders and the value of other Trust assets, and subtracts the accrued but unpaid Sponsor s fee, euro payable under pending redemption orders and other Trust expenses and liabilities, if any. Prior to November 13, 2008, the NAV was expressed in U.S. Dollars (USD) based on the Noon Buying Rate, which is the USD/euro exchange rate as determined by the Federal Reserve Bank of New York at 12:00 PM (New York time). As of November 13, 2008, the NAV is expressed in USD based on the USD/euro exchange rate as determined by WM Company at 4:00 PM (London time) (the Closing Spot Rate) on each day that NYSE Arca is open for regular trading. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent Closing Spot Rate is used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for the valuation.

The Trustee also determines the NAV per Share, which equals the NAV of the Trust, divided by the number of outstanding Shares. The NAV of the Trust and NAV per Share are published by the Sponsor on each day that NYSE Arca is open for regular trading and are posted on the Trust s website, www.currencyshares.com.

Movements in the Price of Euro

The investment objective of the Trust is for the Shares to reflect the price of the euro plus accrued interest, less the expenses of the Trust s operations. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding euro. Each outstanding Share represents a proportional interest in the euro held by the Trust. The following chart provides recent trends on the price of euro. The chart illustrates movements in the price of euro in USD and is based on the Noon Buying Rate (prior to November 13, 2008) and the Closing Spot Rate (as of and after November 13, 2008).

Liquidity

The Sponsor is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to the Trust s liquidity needs. The Trust s Depository, JPMorgan Chase, N.A., London Branch, maintains two deposit accounts for the Trust: a primary deposit account which may earn interest and a secondary deposit account that does not earn interest. Interest on the primary deposit account, if any, accrues daily and is paid monthly. The interest rate in effect as of July 31, 2011 was an annual nominal rate of 0.70%. The following chart provides the daily rate paid by the Depository since the Shares began trading:

FXE Daily Rate

In exchange for a fee, the Sponsor bears most of the expense incurred by the Trust. As a result, the only ordinary expense of the Trust during the periods covered by this report was the Sponsor s fee. Each month the Depository deposits into the secondary deposit account accrued but unpaid interest, if any, and the Trustee withdraws euro from the secondary deposit account to pay the accrued Sponsor s fee for the previous month plus other Trust expenses, if any. When the interest deposited, if any, exceeds the sum of the Sponsor s fee for the prior month plus other Trust expenses, if any, the Trustee converts the excess into USD at a prevailing market rate and distributes the USD as promptly as practicable to Shareholders on a pro rata basis (in accordance with the number of Shares that they own). Distributions paid during the current reporting period follow (annualized yield reflects the estimated annual yield an investor would receive if a monthly distribution stayed the same for the entire year going forward, and is calculated by annualizing the monthly distribution and dividing by the Trust NAV for the dates listed below):

FXE Distribution History

Results of Operations

As of October 31, 2010, the number of euro owned by the Trust was 278,954,364, resulting in a redeemable capital Share value of $387,741,044. During the nine months ended July 31, 2011, an additional 18,100,000 Shares were created in exchange for 1,802,924,427 euro and 18,500,000 Shares were redeemed in exchange for 1,842,755,764 euro. In addition, 64,021 euro were withdrawn to pay the portion of sponsor fee that exceeded the interest earned. As of July 31, 2011, the number of euro owned by the Trust was 239,059,006, resulting in a redeemable capital Share value of $343,630,043.

A decrease in the Trust s redeemable capital Share value from $387,741,044 at October 31, 2010 to $343,630,043 at July 31, 2011, was primarily the result of a reduction in the number of Shares outstanding from 2,800,000 at October 31, 2010 to 2,400,000 at July 31, 2011. The decrease in the Trust s redeemable capital Share value was partially offset by an increase in the Closing Spot Rate from 1.3899 at October 31, 2010 to 1.4370 at July 31, 2011.

Interest income increased from $150,146 for the three months ended July 31, 2010 to $815,037 for the three months ended July 31, 2011, and increased from $389,164 for the nine months ended July 31, 2010 to $1,612,684 for the nine months ended July 31, 2011, attributable primarily to an increase in the annual nominal interest rate paid by the Depository, as set forth in the chart above.

The Sponsor s fee accrues daily at an annual nominal rate of 0.40% of the euro in the Trust. Due primarily to a decrease in the weighted-average euro in the Trust, the Sponsor s fee decreased from $528,334 for the three months ended July 31, 2010 to $408,840 for the three months ended July 31, 2011 and decreased from $1,769,604 for the nine months ended July 31, 2010 to $1,192,040 for the nine months ended July 31, 2011. The only expense of the Trust during the three months and nine months ended July 31, 2011 was the Sponsor s fee.

The Trust s net income for the three months ended July 31, 2011 was $406,197, due to interest income of $815,037 exceeding the Sponsor s fee of $408,840. The Trust s net income for the nine months ended July 31, 2011 was $420,644, due to interest income of $1,612,684 exceeding the Sponsor s fee of $1,192,040.

Cash dividends per Share increased from $0.00 for the three months ended July 31, 2010 to $0.14 per Share for the three months ended July 31, 2011, and increased from $0.00 for the nine months ended July 31, 2010 to $0.15 per Share for the nine months ended July 31, 2011. The increase in cash dividends per Share was primarily the result of an increase in the annual nominal interest rate paid by the Depository.
