Earnings before interest, taxes, depreciation and amortization, or EBITDA, is a non-GAAP financial measure used to determine Serena's compliance with certain covenants contained in the Credit Agreement. Adjusted EBITDA represents EBITDA further adjusted to exclude certain defined unusual items and other adjustments permitted in calculating covenant compliance under the Credit Agreement. Serena believes that the presentation of Adjusted EBITDA is appropriate to provide additional information to investors regarding its compliance with the financial covenants under the Credit Agreement.

Edgar Filing: SERENA SOFTWARE INC - Form 8-K

Adjusted EBITDA does not represent net income (loss) or cash flow from operations as those terms are defined by GAAP and does not necessarily indicate whether cash flows will be sufficient to fund cash needs. While Adjusted EBITDA and similar measures are frequently used as measures of operations and the ability to meet debt service requirements, these terms are not necessarily comparable to other similarly titled measures of other companies due to the potential inconsistencies in the method of calculation.

Edgar Filing: SERENA SOFTWARE INC - Form 8-K

Adjusted EBITDA does not reflect the impact of earnings or charges resulting from matters that Serena may consider not to be indicative of its ongoing operations. In particular, the definition of Adjusted EBITDA in the Credit Agreement allows it to add back certain defined non-cash, extraordinary, unusual or non-recurring charges that are deducted in calculating GAAP net income (loss). The Credit Agreement requires that Adjusted EBITDA be calculated for the most recent four fiscal quarters. As a result, Adjusted EBITDA can be disproportionately affected by a particularly strong or weak quarter and may not be comparable to Adjusted EBITDA for any subsequent four-quarter period or any complete fiscal year.

The following is a reconciliation of net (loss) income, a GAAP measure of our operating results, to Adjusted EBITDA as defined in the Credit Agreement.

	Fiscal Quarter Ended January 31,		Fiscal Year Ended January 31,	
	2011	2012	2011	2012
	(Audited)	(Estimated, Unaudited)	(Audited)	(Estimated, Unaudited)

Adjusted EBITDA (1)	\$ 25.1	\$ 23.7 to \$24.1	\$ 86.9	\$ 85.5 to \$85.9

- (1) Net (loss) income for the periods presented includes the deferred maintenance step-down associated with the merger in the first quarter of fiscal year 2007. This unrecognized maintenance revenue is added back in calculating Adjusted EBITDA for purposes of the Credit Agreement.
- (2) Interest income and other includes interest income, the change in the fair value of derivative instruments, amortization and write-off of debt issuance costs, gains and losses on early extinguishment of debt, and amend and extend transaction fees.
- (3) Depreciation and amortization expense includes depreciation of fixed assets, amortization of leasehold improvements, amortization of acquired technologies, amortization and impairment of other intangible assets, and amortization of stock-based compensation.
- (4) Restructuring, acquisition and other charges include employee payroll, severance and other employee related costs associated with transitional activities that are not expected to be part of our ongoing operations, and travel and other direct costs associated with our merger in March 2006.
