Item 1.01 Entry into a Material Definitive Agreement.

Intermec, Inc. (we, our or the Company) is party to an Amended and Restated Credit Agreement dated as of January 14, 2011 (as amended through the date hereof, the Credit Agreement), with Wells Fargo Bank, National Association (WFB). The Credit Agreement includes covenants requiring that we meet certain minimum financial performance thresholds, including adjusted EBITDA thresholds.

On October 31, 2012, we entered into a Fifth Amendment to Amended and Restated Credit Agreement (the Fifth Amendment) with WFB, amending certain terms and conditions of the Credit Agreement. The Fifth Amendment reduces the minimum adjusted EBITDA allowed for the trailing twelve month period for the fourth fiscal quarter of 2012 from \$45 million to \$40 million. The Fifth Amendment also reduces our borrowing capacity under the secured revolving credit facility from \$150 million to \$100 million, which will reduce the fees we must pay on the unused portion of the revolving credit facility. Other than as contemplated by the Fifth Amendment, all other material terms and conditions of the secured revolving credit facility remain the same.

The foregoing description of the Fifth Amendment does not purport to be complete and is qualified in its entirety by reference to the full text of the Fifth Amendment, which is filed as Exhibit 10.1 to this current report and is incorporated herein by reference. In addition:

a copy of the Credit Agreement is incorporated herein by reference as Exhibit 10.2,

a copy of the First Amendment to Amended and Restated Credit Agreement, dated as of March 3, 2011, by and between Intermec, Inc. and Wells Fargo Bank, National Association is incorporated herein by reference as Exhibit 10.3,

Item 2.02 Results of Operations and Financial Condition.

On November 1, 2012, we issued a Press Release announcing our financial results for the third fiscal quarter ended September 30, 2012. A copy of the press release is furnished as Exhibit 99.1 to this current report and is incorporated herein by reference (the Press Release).

The press release includes the following Non-GAAP financial measures for the three and nine months ended September 30, 2012:

operating income;

net earnings;

earnings per diluted share;

earnings before interest, taxes, depreciation and amortization (EBITDA); and

Edgar Filing: Intermec, Inc. - Form 8-K

gross margins.

In conjunction with its financial analysis and reporting procedures, the Company is evaluating its goodwill and long-lived assets including its intangible assets for impairment for the third quarter of 2012. The final income per share reported for the quarter could be less than the preliminary results reported in this Press Release, or could be a loss per share, if either or both of these items require adjustment as a result of this analysis. Any such adjustments would be non-cash charges and are not expected to result in any change to our Non-GAAP results.

Our Non-GAAP measures should be read in conjunction with the corresponding GAAP measures. The Non-GAAP measures should be considered in addition to, and not as an alternative or substitute for, the measures prepared in accordance with GAAP.

We believe that excluding items such as, but not limited to, allowances for deferred tax assets, goodwill or asset impairment charges, restructuring charges (principally related to severance costs), costs or adjustments related to acquisitions, amortization of intangibles, executive severance and non-cash stock based compensation expenses provides supplemental information useful to investors and management's understanding of Intermec's core operating results, especially when comparing those results on a consistent basis to results for previous periods and anticipated results for future periods.

The foregoing information in this Item 2.02 is furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended.

Item 2.06 Material Impairments.

Impairment of Goodwill

As previously reported, while preparing our financial statements for the quarter ended April 1, 2012, we concluded that we would record a charge of approximately \$14.9 million for impairment of goodwill related to the Supply Chain unit of our Voice Solutions business segment in our results for the quarter ended April 1, 2012. The impairment was based on an analysis of a number of factors after the decline in our financial performance and market capitalization in the first quarter of 2012. The impairment recorded in the first quarter of 2012 was an estimate, based on our completion of step one of the goodwill impairment analysis under GAAP.

In the process of preparing our financial statements for the quarter ended July 1, 2012, we substantially completed the step two of the goodwill impairment analysis triggered by events occurring in the first fiscal quarter and determined that we would record an additional charge of \$25.2 million for the impairment of goodwill related to the Supply Chain unit of our Voice Solutions business segment in our results for the quarter ended July 1, 2012. We also determined that we were required to conduct an additional impairment analysis due to a number of factors occurring in the second fiscal quarter, including changes in senior management and a related review of the outlook for the business in the context of macroeconomic conditions. After completing a step one and preliminary step two impairment analysis, we concluded that we would be required to record an additional charge for impairment of goodwill of \$0.8 million related to the Healthcare unit of our Voice Solutions business segment in our financial statements for the quarter ended July 1, 2012.

In the process of preparing our financial statements for the quarter ended September 30, 2012, we completed step two of the goodwill impairment analysis triggered by events occurring in the first fiscal quarter and determined that we would record an additional charge of \$0.5 million for the impairment of goodwill related to the Supply Chain unit of our Voice Solutions business segment in our results for the quarter ended September 30, 2012. We also finalized the step two goodwill impairment analysis triggered by events occurring in the second fiscal quarter and determined that there should be a reduction of the goodwill impairment charge taken in the second fiscal quarter of \$0.7 million related to the Healthcare unit of our Voice Solutions business segment. Accordingly, we made a final adjustment of the \$0.8 million charge taken in the second fiscal quarter, which resulted in a final impairment charge of \$0.1 million for events occurring in the second fiscal quarter.

Finally, in the process of preparing our financial statements for the quarter ended September 30, 2012, we determined that, pursuant to GAAP, we were required to conduct an additional impairment analysis due to a number of factors occurring in the third fiscal quarter. The Company expects to complete this analysis and, if necessary, record an additional impairment amount when it completes its financial filings for third fiscal quarter of 2012.

The total impairment charge reported in the Press Release for the third fiscal quarter of 2012, is approximately \$41.3 million. This is the combined total of (i) the additional charge related to step two of the analysis triggered by events in the first fiscal quarter of 2012 and (ii) the final adjustment of the charge related to step one and step two of the analysis triggered by events in the second fiscal quarter of 2012.

Accordingly, any additional adjustment to the impairment amount will be recorded at a later time, if necessary.

More information regarding our goodwill impairment, including a description of steps one and two of the analysis, and the approaches taken in the analysis of goodwill, can be found in the Notes to the Condensed Consolidated Financial Statements included in our Form 10-Q filed with respect to the fiscal quarters ended April 1, 2012 and July 1, 2012, in our Form 10-Q to be filed with respect to the fiscal quarter ended September 30, 2012, and in our Form 10-K to be filed with respect to our fiscal year ended December 31, 2012.

General

The non-cash charges for the goodwill impairment are not expected to impact our future cash flow, liquidity, or compliance with our debt covenants with third parties, specifically Wells Fargo Bank, National Association.

The description of the non-cash charges for the goodwill impairment contained in this Item 2.06 does not purport to be complete. It is qualified in its entirety by reference to the full text of our Form 10-Q filed with respect to the fiscal quarter ended April 1, 2012 with respect to the charges recorded for that period, our Form 10-Q filed with respect to the fiscal quarter ended July 1, 2012 with respect to the charges recorded for that period, our Form 10-Q to be filed with respect to the fiscal quarter ended September 30, 2012 with respect to the charges recorded for that period, and our Form 10-K for the fiscal year ended December 31, 2012 with respect to any charges recorded for the fourth quarter of 2012. This reference to the information included in our periodic reports includes information set forth in the notes to the Condensed Consolidated Financial Statements included therein and in the Management's Discussion and Analysis of Financial Condition and Results of Operations sections of each such report, and such text and notes are incorporated herein by reference.
