On January 2, 2013, DCP Midstream Partners, LP (the Partnership) announced the appointment of Wouter van Kempen, as Chief Executive Officer of DCP Midstream GP, LLC (DCP Midstream GP), the Partnership's general partner, effective January 1, 2013. In addition the Partnership announced the appointment of William S. Waldheim as a member of the board of directors of DCP Midstream GP. Mr. Waldheim currently serves as President of DCP Midstream GP and is not expected to serve on any committees of the board of directors. As previously announced, Mr. Mark A. Borer, Chief Executive Officer of DCP Midstream GP and a member of its board of directors, retired from those positions effective December 31, 2012.

Mr. van Kempen, age 43, was most recently the Chief Operating Officer and President of DCP Midstream, LLC (DCP Midstream), the owner of DCP Midstream GP, and has served in that position since September 2012. Prior to that time, Mr. van Kempen was President, Gathering and Processing of DCP Midstream from January 2012 to August 2012, President, Midcontinent and Permian Business Units and Chief Development Officer from June 2011 to December 2011 and President, Midcontinent and Chief Development Officer from August 2010 to May 2011. Mr. van Kempen joined Duke Energy in 2003 and served in a number of management positions. Prior to Duke Energy, Mr. van Kempen was employed by General Electric Corp. He joined GE Plastics in 1993 in the Netherlands, where he managed European manufacturing productivity programs. After a series of promotions within GE International, GE Lighting and GE Plastics in Belgium, the Netherlands, London, and Pittsfield, Mass., Mr. van Kempen was named GE Plastics audit manager for Europe and Asia in 1996. He then assumed the role of senior analyst for corporate financial planning and analysis at GE's headquarters in Connecticut in 1998. He was named staff executive for corporate mergers and acquisitions in 1999.

Mr. Waldheim, age 56, is the President of DCP Midstream GP and has served in that position since September 1, 2012. Prior to that time, Mr. Waldheim was President, natural gas liquids, gas, and crude oil logistics business unit of DCP Midstream and served in that position since 2011. Prior to that time, Mr. Waldheim was President of DCP Midstream's Northern business unit since 2009 where he was responsible for executive management of commercial and operations of the assets in the Midcontinent, Rocky Mountain, Michigan and Gulf Coast regions as well as the downstream marketing of gas, NGLs and condensate. From 1999 to 2009, Mr. Waldheim served in a variety of commercial and operational executive management positions at DCP Midstream. Prior to joining DCP Midstream, Mr. Waldheim served in a number of executive management positions with Union Pacific Fuels, Inc. Mr. Waldheim has over 30 years of experience in the energy industry and has previously served on the boards of various energy industry groups including the National Propane Gas Association and the Propane Education & Research Council. Mr. Waldheim currently serves on the Board of Directors of the Colorado Oil & Gas Association and the Rocky Mountain Chapter of Junior Achievement. Mr. Waldheim is a suitable member of the board of directors of DCP Midstream GP because he has over three decades of industry experience and extensive knowledge and experience about the assets of the Partnership in his capacity as President of DCP Midstream GP and his prior management experience with DCP Midstream.

There is no agreement between Mr. van Kempen and any other persons pursuant to which he was appointed as Chief Executive Officer of DCP Midstream GP.
