CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of our statements contained in this document, including matters discussed under the caption Management s Discussion and Analysis of Financial Condition and Results of Operation are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements relate to future events or our future financial performance and include statements about the competitiveness of the banking industry, potential regulatory obligations, our entrance and expansion into other markets, our other business strategies and other statements that are not historical facts. Forward-looking statements are not guarantees of performance or results. When we use words like may, plan, contemplate, anticipate, intend, project, predict, estimate, could, should, would, and similar expressions, you should consider them as identifying forward-look statements, although we may use other phrasing. These forward-looking statements involve risks and uncertainties and are based on our beliefs and assumptions, and on the information available to us at the time that these disclosures were prepared. These forward-looking statements

results may differ significantly from those we discuss in these forward-looking statements. For other factors, risks and uncertainties that could cause our actual results to differ materially from estimates and projections contained in these forward-looking statements, see the Risk Factors section of our Form 10-K filed with the Securities and Exchange Commission on March 4, 2013.

All written or oral forward-looking statements attributable to us are expressly qualified in their entirety by this Cautionary Note. Our actual

the failure of assumptions underlying the estimates of the fair values for our acquired covered and non-covered assets, FDIC

5

indemnification asset and FDIC claims receivable.

Condensed Notes to Consolidated Financial Statements

(Unaudited)

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Home BancShares, Inc. (the Company or HBI) is a bank holding company headquartered in Conway, Arkansas. The Company is primarily engaged in providing a full range of banking services to individual and corporate customers through its wholly owned community bank subsidiary. Centennial Bank (the Bank). The Bank has locations in Central Arkansas, North Central Arkansas, Southern Arkansas, the Florida Keys, Central Florida, Southwestern Florida, the Florida Panhandle and South Alabama. The Company is subject to competition from other financial institutions. The Company also is subject to the regulation of certain federal and state agencies and undergoes periodic examinations by those regulatory authorities.

A summary of the significant accounting policies of the Company follows:

Operating Segments

Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The Bank is the only significant subsidiary upon which management makes decisions regarding how to allocate resources and assess performance. Each of the branches of the Bank provide a group of similar community banking services, including such products and services as commercial, real estate and consumer loans, time deposits, checking and savings accounts. The individual bank branches have similar operating and economic characteristics. While the chief decision maker monitors the revenue streams of the various products, services and branch locations, operations are managed and financial performance is evaluated on a Company-wide basis. Accordingly, all of the community banking services and branch locations are considered by management to be aggregated into one reportable operating segment, community banking.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Material estimates that are particularly susceptible to significant change relate to the determination of the allowance for loan losses, the valuation of investment securities, the valuation of foreclosed assets, the valuations of assets acquired and liabilities assumed in business combinations, covered loans and the related indemnification asset. In connection with the determination of the allowance for loan losses and the valuation of foreclosed assets, management obtains independent appraisals for significant properties.

Principles of Consolidation

The consolidated financial statements include the accounts of HBI and its subsidiaries. Significant intercompany accounts and transactions have been eliminated in consolidation.

Reclassifications

Various items within the accompanying consolidated financial statements for previous periods have been reclassified to provide more comparative information. These reclassifications had no effect on net earnings or stockholders equity.

Interim financial information

The accompanying unaudited consolidated financial statements as of June 30, 2013 and 2012 have been prepared in condensed format, and therefore do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements.

The information furnished in these interim statements reflects all adjustments, which are, in the opinion of management, necessary for a fair statement of the results for each respective period presented. Such adjustments are of a normal recurring nature. The results of operations in the interim statements are not necessarily indicative of the results that may be expected for any other quarter or for the full year. The interim financial information should be read in conjunction with the consolidated financial statements and notes thereto included in the Company s 2012 Form 10-K, filed with the Securities and Exchange Commission.

Earnings per Share

Basic earnings per common share are computed based on the weighted average number of shares outstanding during each year, which have been restated to reflect the effect of the 2-for-1 stock split during June 2013. Diluted earnings per common share are computed using the weighted average common shares and all potential dilutive common shares outstanding during the period. The following table sets forth the computation of basic and diluted earnings per common share (EPS) for the following periods:

		nths Ended e 30,	Six Mont June	hs Ended e 30,		
	2013	2012 (In tho	2013 usands)	2012		
Net income	\$ 17,659	\$ 15,490	\$ 35,207	\$ 29,988		
Average shares outstanding	56,234	56,190	56,228	56,325		
Effect of common stock options	343	376	327	366		
Diluted shares outstanding	56,577	56,566	56,555	56,691		
Basic earnings per common share	\$ 0.32	\$ 0.28	\$ 0.63	\$ 0.53		
Diluted earnings per common share	\$ 0.31	\$ 0.27	\$ 0.62	\$ 0.53		

2. Business Combinations

Acquisition Vision Bank

On February 16, 2012, Centennial Bank completed the acquisition of operating assets and liabilities of Vision Bank, a Florida state-chartered bank with its principal office located in Panama City, Florida (Vision), pursuant to a Purchase and Assumption Agreement (the Vision Agreement), dated November 16, 2011, between the Company, Centennial, Park National Corporation, parent company of Vision (Park), and Vision. As a result of the acquisition, the Company had an opportunity to increase its deposit base and reduce transaction costs. The Company also reduced costs through economies of scale.

Vision operated 17 banking centers, including eight locations in Baldwin County, Alabama, and nine locations in the Florida Panhandle counties of Bay, Gulf, Okaloosa, Santa Rosa and Walton. Pursuant to the Vision Agreement, Centennial assumed approximately \$522.8 million in customer deposits and acquired approximately \$355.8 million in performing loans from Vision for the purchase price of approximately \$27.9 million. Centennial did not purchase certain Vision performing loans nor any of its non-performing loans or other real estate owned. In addition, pursuant to the Vision Agreement, Park granted Centennial a put option to sell an aggregate of \$7.5 million of the purchased loans back to Park at cost for a period of up to six months after the closing date. During 2012, the Company exercised its option to sell back 45 loans totaling approximately \$7.5 million. On the closing date, Park made a cash payment to Centennial of approximately \$119.5 million.

See Note 2 Business Combinations in the Notes to Consolidated Financial Statements on Form 10-K for the year ended December 31, 2012 for an additional discussion of the acquisition of Vision.

Acquisition Heritage Bank of Florida

On November 2, 2012, Centennial Bank acquired all the deposits and substantially all the assets of Heritage Bank of Florida (Heritage) from the FDIC. This transaction did not include any non-performing loans or other real estate owned of Heritage. In connection with the Heritage acquisition, Centennial Bank opted not to enter into a loss-sharing agreement with the FDIC.

Heritage operated three banking offices located in Tampa, Lutz and Wesley Chapel, Florida. Excluding the effects of the purchase accounting adjustments, Centennial Bank acquired approximately \$184.6 million in assets plus a cash settlement to balance the transaction, approximately \$135.8 million in performing loans excluding loan discounts and approximately \$219.5 million of deposits.

See Note 2 Business Combinations in the Notes to Consolidated Financial Statements on Form 10-K for the year ended December 31, 2012 for an additional discussion of the acquisition of Heritage.

Acquisition Premier Bank

On December 1, 2012, Home BancShares, Inc. completed the acquisition of all of the issued and outstanding shares of common stock of Premier Bank, a Florida state-chartered bank with its principal office located in Tallahassee, Florida (Premier), pursuant to an Asset Purchase Agreement (the Premier Agreement) with Premier Bank Holding Company, a Florida corporation and bank holding company (PBHC), dated August 14, 2012. The Company has merged Premier with and into the Company s wholly-owned subsidiary, Centennial Bank, an Arkansas state-chartered bank.

Premier conducted banking business from six locations in the Florida panhandle cities of Tallahassee (five) and Quincy (one). The Company paid a purchase price to PBHC of \$1,415,000 for the Premier acquisition.

The acquisition was conducted in accordance with the provisions of Section 363 of the United States Bankruptcy Code (the Bankruptcy Code) pursuant to a voluntary petition for relief under Chapter 11 of the Bankruptcy Code filed by PBHC with the United States Bankruptcy Court for the Northern District of Florida (the Bankruptcy Court) on August 14, 2012. The sale of Premier by PBHC was subject to certain bidding procedures approved by the Bankruptcy Court. No qualifying competing bids were received. The Bankruptcy Court entered a final order on November 29, 2012 approving the sale of Premier to the Company pursuant to and in accordance with the Premier Agreement.

See Note 2 Business Combinations in the Notes to Consolidated Financial Statements on Form 10-K for the year ended December 31, 2012 for an additional discussion of the acquisition of Premier.

Acquisition Liberty Bancshares, Inc.

On June 25, 2013, Home BancShares, Inc. announced the signing of a definitive agreement for Liberty Bancshares, Inc. (Liberty), parent company of Liberty Bank of Arkansas, to merge into Home BancShares, Inc. Under the terms of the agreement, shareholders of Liberty will receive \$250 million of HBI stock plus \$30 million in cash.

Upon completion of the transaction, the combined company will have approximately \$7.0 billion in total assets, \$5.6 billion in deposits, \$4.4 billion in net loans, 151 branches, 186 ATMs, and 1,500 employees across Arkansas, Florida and Southern Alabama. The merger will significantly increase the Company s deposit market share in Arkansas making it the 2nd largest bank holding company headquartered in Arkansas.

The acquisition is expected to close late in the third quarter or early in the fourth quarter of 2013 and is subject to Home and Liberty shareholder approval, regulatory approval, and other conditions set forth in the merger agreement. Pursuant to the terms of the merger agreement, Liberty Bank will merge with and into Centennial Bank immediately after the merger of Liberty with and into Home. Subject to the receipt of requisite approvals, Home expects to repurchase all of Liberty s Small Business Lending Fund preferred stock held by the U.S. Treasury shortly after the closing.

3. Investment Securities

The amortized cost and estimated fair value of investment securities were as follows:

		June 30, 2013 Available-for-sale									
	Amortized Cost	Gross Unrealized Gains (In tho	Gross Unrealized (Losses) usands)	Estimated Fair Value							
U.S. government-sponsored enterprises	\$ 196,050	\$ 1,741	\$ (1,520)	\$ 196,271							
Mortgage-backed securities	304,839	3,975	(2,349)	306,465							
State and political subdivisions	194,643	4,211	(2,787)	196,067							
Other securities	37,614	257	(268)	37,603							
Total	\$ 733,146	\$ 10,184	\$ (6,924)	\$ 736,406							

		December 31, 2012 Available-for-sale								
	Amortized Cost	Gross Unrealized Gains (In tho	Gross Unrealized (Losses) usands)	Estimated Fair Value						
U.S. government-sponsored enterprises	\$ 187,811	\$ 3,011	\$ (76)	\$ 190,746						
Mortgage-backed securities	316,770	8,751	(180)	325,341						
State and political subdivisions	182,515	8,219	(96)	190,638						
Other securities	19,379	138	(19)	19,498						
Total	\$ 706,475	\$ 20,119	\$ (371)	\$ 726,223						

Assets, principally investment securities, having a carrying value of approximately \$538.4 million and \$532.8 million at June 30, 2013 and December 31, 2012, respectively, were pledged to secure public deposits and for other purposes required or permitted by law. Also, investment securities pledged as collateral for repurchase agreements totaled approximately \$73.5 million and \$66.3 million at June 30, 2013 and December 31, 2012, respectively.

The amortized cost and estimated fair value of securities at June 30, 2013, by contractual maturity, are shown below. Expected maturities will differ from contractual maturities because issuers may have the right to call or prepay obligations with or without call or prepayment penalties.

	Available	e-for-Sale
	Amortized	Estimated
	Cost	Fair Value
	(In tho	usands)
Due in one year or less	\$ 227,905	\$ 227,939
Due after one year through five years	257,389	258,735
Due after five years through ten years	220,568	221,645
Due after ten years	27,284	28,087
Total	\$ 733,146	\$ 736,406

For purposes of the maturity tables, mortgage-backed securities, which are not due at a single maturity date, have been allocated over maturity groupings based on anticipated maturities. The mortgage-backed securities may mature earlier than their weighted-average contractual maturities

Edgar Filing: HOME BANCSHARES INC - Form 10-Q

because of principal prepayments.

10

During the three-month period ended June 30, 2013, \$167,000 in available-for-sale securities were sold. The gross realized gains on these sales totaled approximately \$111,000. The income tax expense/benefit to net security gains and losses was 39.225% of the gross amounts.

During the three-month and six-month periods ended June 30, 2012, \$192,000 and \$1.2 million, respectively, in available-for-sale securities were sold. The gross realized losses on the sales for the three month period ended June 30, 2012 totaled approximately \$9,000. The gross realized gains and losses on the sales for the six month period ended June 30, 2012 totaled approximately \$21,000 and \$11,000, respectively. The income tax expense/benefit to net security gains and losses was 39.225% of the gross amounts.

The Company evaluates all securities quarterly to determine if any unrealized losses are deemed to be other than temporary. In completing these evaluations the Company follows the requirements of FASB ASC 320, *Investments Debt and Equity Securities*. Certain investment securities are valued less than their historical cost. These declines are primarily the result of the rate for these investments yielding less than current market rates. Based on evaluation of available evidence, management believes the declines in fair value for these securities are temporary. The Company does not intend to sell or believe it will be required to sell these investments before recovery of their amortized cost bases, which may be maturity. Should the impairment of any of these securities become other than temporary, the cost basis of the investment will be reduced and the resulting loss recognized in net income in the period the other-than-temporary impairment is identified.

During the six month period ended June 30, 2013, no securities were deemed to have other-than-temporary impairment besides securities for which impairment was taken in prior periods.

As of June 30, 2013, the Company had approximately \$26,000 in unrealized losses, which have been in continuous loss positions for more than twelve months. Excluding impairment write downs taken in prior periods, the Company s assessments indicated that the cause of the market depreciation was primarily the change in interest rates and not the issuer s financial condition, or downgrades by rating agencies. In addition, approximately 66.1% of the Company s investment portfolio matures in five years or less. As a result, the Company has the ability and intent to hold such securities until maturity.

The following shows gross unrealized losses and estimated fair value of investment securities available-for-sale, aggregated by investment category and length of time that individual investment securities have been in a continuous loss position as of June 30, 2013 and December 31, 2012:

	Less Than	June 30, 2013 Less Than 12 Months 12 Months or More

4. Loans Receivable Not Covered by Loss Share

The various categories of loans not covered by loss share are summarized as follows:

	June 30, 2013 (In the	December 31, 2012 ousands)
Real estate:		
Commercial real estate loans		
Non-farm/non-residential	\$ 1,003,391	\$ 1,019,039
Construction/land development	281,994	254,800
Agricultural	31,119	32,513
Residential real estate loans		
Residential 1-4 family	528,260	549,269
Multifamily residential	120,899	129,742
Total real estate	1,965,663	1,985,363
Consumer	32,671	37,462
Commercial and industrial	287,351	256,908
Agricultural	26,462	19,825
Other	27,095	31,641
Loans receivable not covered by loss share	\$ 2,339,242	\$ 2,331,199

During the three and six-month periods ended June 30, 2013, the Company sold \$536,000 of the guaranteed portion of an SBA loan, which resulted in a gain of approximately \$56,000. During the three and six-month periods ended June 30, 2012, the Company sold \$2.8 million of the guaranteed portions of SBA loans, which resulted in a gain of approximately \$198,000.

Mortgage loans held for sale of approximately \$20.6 million and \$22.0 million at June 30, 2013 and December 31, 2012, respectively, are included in residential 1-4 family loans. Mortgage loans held for sale are carried at the lower of cost or fair value, determined using an aggregate basis. Gains and losses resulting from sales of mortgage loans are recognized when the respective loans are sold to investors. Gains and losses are determined by the difference between the selling price and the carrying amount of the loans sold, net of discounts collected or paid. The Company obtains forward commitments to sell mortgage loans to reduce market risk on mortgage loans in the process of origination and mortgage loans held for sale. The forward commitments acquired by the Company for mortgage loans in process of origination are not mandatory forward commitments. These commitments are structured on a best efforts basis; therefore, the Company is not required to substitute another loan or to buy back the commitment if the original loan does not fund. Typically, the Company delivers the mortgage loans within a few days after the loans are funded. These commitments are derivative instruments and their fair values at June 30, 2013 and December 31, 2012 were not material.

The Company evaluated loans purchased in conjunction with the acquisition of Vision described in Note 2, Business Combinations, in accordance with the provisions of FASB ASC Topic 310-20, *Nonrefundable Fees and Other Costs*. None of the purchased non-covered loans were considered impaired at the date of acquisition. The fair value discount is being accreted into interest income over the weighted average life of the loans using a constant yield method.

The Company evaluated loans purchased in conjunction with the acquisitions of Heritage and Premier described in Note 2, Business Combinations, for impairment in accordance with the provisions of FASB ASC Topic 310-30, *Loans and Debt Securities Acquired with Deteriorated Credit Quality*. These purchased non-covered loans are considered impaired if there is evidence of credit deterioration since origination and if it is probable that not all contractually required payments will be collected.

5. Loans Receivable Covered by FDIC Loss Share

The Company evaluated loans purchased in conjunction with the 2010 acquisitions under purchase and assumption agreements with the FDIC for impairment in accordance with the provisions of FASB ASC Topic 310-30, *Loans and Debt Securities Acquired with Deteriorated Credit Quality*. Purchased covered loans are considered impaired if there is evidence of credit deterioration since origination and if it is probable that not all contractually required payments will be collected.

The following table reflects the carrying value of all purchased FDIC covered impaired loans as of June 30, 2013 and December 31, 2012 for the Company:

	June 30, 2013	Dec	cember 31, 2012
	(In th	ousand	s)
Real estate:			
Commercial real estate loans			
Non-farm/non-residential	\$ 143,922	\$	164,723
Construction/land development	56,447		66,713
Agricultural	1,784		2,282
Residential real estate loans			
Residential 1-4 family	107,612		125,625
Multifamily residential	10,644		9,567
Total real estate	320,409		368,910
Consumer	20		39
Commercial and industrial	8,193		14,668
Other	1,180		1,267
Loans receivable covered by FDIC loss share (1)	\$ 329,802	\$	384,884

(1) These loans were not classified as non-performing assets at June 30, 2013 and December 31, 2012, as the loans are accounted for on a pooled basis and the pools are considered to be performing. Therefore, interest income, through accretion of the difference between the carrying amount of the loans and the expected cash flows, is being recognized on all purchased impaired loans. Additionally, as of June 30, 2013 and December 31, 2012, \$57.8 million and \$70.9 million, respectively, were accruing past due loans 90 days or more.

The acquired loans were grouped into pools based on common risk characteristics and were recorded at their estimated fair values, which incorporated estimated credit losses at the acquisition dates. These loan pools are systematically reviewed by the Company to determine material changes in cash flow estimates from those identified at the time of the acquisition. Techniques used in determining risk of loss are similar to the Centennial Bank non-covered loan portfolio, with most focus being placed on those loan pools which include the larger loan relationships and those loan pools which exhibit higher risk characteristics.

6. Allowance for Loan Losses, Credit Quality and Other

The following table presents a summary of changes in the allowance for loan losses for the non-covered and covered loan portfolios for the six months ended June 30, 2013:

	For Loans Not	For Loans Covered by	
	Covered by Loss Share	FDIC Loss Share (In thousands)	Total
Allowance for loan losses:			
Beginning balance	\$ 45,170	\$ 5,462	\$ 50,632
Loans charged off	(6,679)	(5,027)	(11,706)
Recoveries of loans previously charged off	1,257	17	1,274
Net loans recovered (charged off)	(5,422)	(5,010)	(10,432)
Provision for loan losses for non-covered loans	750		750
Provision for loan losses before benefit attributable to FDIC			
loss share agreements		500	500
Benefit attributable to FDIC loss share agreements		(400)	(400)
Net provision for loan losses		100	100
Increase in FDIC indemnification asset		400	400
Balance, June 30	\$ 40,498	\$ 952	\$ 41,450

14

Allowance for Loan Losses and Credit Quality for Non-Covered Loans

The following tables present the balance in the allowance for loan losses for the non-covered loan portfolio for the three and six-month periods ended June 30, 2013 and the allowance for loan losses and recorded investment in loans not covered by loss share based on portfolio segment by impairment method as of June 30, 2013. Allocation of a portion of the allowance to one type of loans does not preclude its availability to absorb losses in other categories. Additionally, the Company s discount for credit losses on non-covered loans acquired was \$80.3 million and \$81.7 million at June 30, 2013 and December 31, 2012, respectively.

Note: Purchased non-covered loans acquired with deteriorated credit quality are accounted for on a pooled basis under ASC 310-30. All of these pools are currently considered to be performing resulting in none of the purchased non-covered loans acquired with deteriorated credit quality being classified as non-covered impaired loans as of December 31, 2012.

Interest recognized on non-covered impaired loans during the three months ended June 30, 2013 and 2012 was approximately \$1.0 million and \$1.6 million, respectively. Interest recognized on non-covered impaired loans during the six months ended June 30, 2013 and 2012 was approximately \$1.9 million and \$3.4 million, respectively. The amount of interest recognized on non-covered impaired loans on the cash basis is not materially different than the accrual basis.

19

Credit Quality Indicators. As part of the on-going monitoring of the credit quality of the Company s loan portfolio, management tracks certain credit quality indicators including trends related to (i) the risk rating of loans, (ii) the level of classified loans, (iii) net charge-offs, (iv) non-performing loans and (v) the general economic conditions in Florida, Arkansas and Alabama.

The Company utilizes a risk rating matrix to assign a risk rating to each of its loans. Loans are rated on a scale from 1 to 8. Descriptions of the general characteristics of the 8 risk ratings are as follows:

Risk rating 1 Excellent. Loans in this category are to persons or entities of unquestionable financial strength, a highly liquid financial position, with collateral that is liquid and well margined. These borrowers have performed without question on past obligations, and the Bank expects their performance to continue. Internally generated cash flow covers current maturities of long-term debt by a substantial margin. Loans secured by bank certificates of deposit and savings accounts, with appropriate holds placed on the accounts, are to be rated in this category.

Risk rating 2 Good. These are loans to persons or entities with strong financial condition and above-average liquidity that have previously satisfactorily handled their obligations with the Bank. Collateral securing the Bank s debt is margined in accordance with policy guidelines. Internally generated cash flow covers current maturities of long-term debt more than adequately. Unsecured loans to individuals supported by strong financial statements and on which repayment is satisfactory may be included in this classification.

Risk rating 3 Satisfactory. Loans to persons or entities with an average financial condition, adequate collateral margins, adequate cash flow to service long-term debt, and net worth comprised mainly of fixed assets are included in this category. These entities are minimally profitable now, with projections indicating continued profitability into the foreseeable future. Closely held corporations or businesses where a majority of the profits are withdrawn by the owners or paid in dividends are included in this rating category. Overall, these loans are basically sound.

Risk rating 4 Watch. Borrowers who have marginal cash flow, marginal profitability or have experienced an unprofitable year and a declining financial condition characterize these loans. The borrower has in the past satisfactorily handled debts with the Bank, but in recent months has either been late, delinquent in making payments, or made sporadic payments. While the Bank continues to be adequately secured, margins have decreased or are decreasing, despite the borrower's continued satisfactory condition. Other characteristics of borrowers in this class include inadequate credit information, weakness of financial statement and repayment capacity, but with collateral that appears to limit exposure. Included in this category are loans to borrowers in industries that are experiencing elevated risk.

Risk rating 5 Other Loans Especially Mentioned (OLEM). A loan criticized as OLEM has potential weaknesses that deserve management s close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the asset or in the institution s credit position at some future date. OLEM assets are not adversely classified and do not expose the institution to sufficient risk to warrant adverse classification.

Risk rating 6 Substandard. A loan classified as substandard is inadequately protected by the sound worth and paying capacity of the borrower or the collateral pledged. Loss potential, while existing in the aggregate amount of substandard loans, does not have to exist in individual assets.

Risk rating 7 Doubtful. A loan classified as doubtful has all the weaknesses inherent in a loan classified as substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable. These are poor quality loans in which neither the collateral, if any, nor the financial condition of the borrower presently ensure collectability in full in a reasonable period of time; in fact, there is permanent impairment in the collateral securing the loan.

Risk rating 8 Loss. Assets classified as loss are considered uncollectible and of such little value that the continuance as bankable assets is not warranted. This classification does not mean that the asset has absolutely no recovery or salvage value, but rather, it is not practical or desirable to defer writing off this basically worthless asset, even though partial recovery may occur in the future. This classification is based upon current facts, not probabilities. Assets classified as loss should be charged-off in the period in which they became uncollectible.

The Company s classified loans include loans in risk ratings 6, 7 and 8. The following is a presentation of classified non-covered loans (excluding loans accounted for under ASC Topic 310-30) by class as of June 30, 2013 and December 31, 2012:

Loans may be classified, but not considered impaired, due to one of the following reasons: (1) The Company has established minimum dollar amount thresholds for loan impairment testing. All loans over \$1.0 million that are rated 5 8 are individually assessed for impairment on a quarterly basis. Loans rated 5 8 that fall under the threshold amount are not individually tested for impairment and therefore are not included in impaired loans; (2) of the loans that are above the threshold amount and tested for impairment, after testing, some are considered to not be impaired and are not included in impaired loans.

Allowance for Loan Losses and Credit Quality for Covered Loans

During the second quarter of 2013, impairment testing on the estimated cash flows of the covered loans established that one pool evaluated had experienced material projected credit deterioration. As a result, the Company recorded a \$500,000 provision for loan losses to the allowance for loan losses related to the purchased impaired loans during the three month period ended June 30, 2013. Since these loans are covered by loss share with the FDIC, the Company was able to increase its indemnification asset by \$400,000 resulting in a net provision for loan losses of \$100.000.

During the second quarter of 2012, impairment testing on the estimated cash flows of the covered loans established that two pools evaluated had experienced material projected credit deterioration. As a result, the Company recorded a \$6.6 million provision for loan losses to the allowance for loan losses related to the purchased impaired loans during the three month period ended June 30, 2012. Since these loans are covered by loss share with the FDIC, the Company was able to increase its indemnification asset by \$5.3 million resulting in a net provision for loan losses of \$1.3 million.

During the third quarter of 2012, impairment testing on the estimated cash flows of the covered loans established that two pools evaluated had experienced projected credit deterioration. As a result, the Company recorded an \$837,000 provision for loan losses to the allowance for loan losses related to the purchased impaired loans during the three month period ended September 30, 2012. Since these loans are covered by loss share with the FDIC, the Company was able to increase its indemnification asset by \$670,000 resulting in a net provision for loan losses of \$167,000.

The following tables present the balance in the allowance for loan losses for the covered loan portfolio for the three and six-month periods ended June 30, 2013, and the allowance for loan losses and recorded investment in loans covered by FDIC loss share based on portfolio segment by impairment method as of June 30, 2013.

Three Months Ended June 30, 2013
