Item 1.01. Entry into a Material Definitive Agreement.

On March 25, 2014, Kennedy-Wilson Holdings, Inc. (the "Company") completed a public offering of \$300.0 million aggregate principal amount of 5.875% Senior Notes due 2024 (the "Notes"). The Notes were issued and sold at a public offering price of 99.068% of their principal amount by Kennedy-Wilson, Inc. (the "Issuer"), a wholly owned subsidiary of the Company. The Notes are the Issuer's unsecured senior obligations and rank equally in right of payment with all of the Issuer's existing and future unsecured and unsubordinated indebtedness and are guaranteed (the "Guarantees") on a senior unsecured basis by the Company and certain of the Company's subsidiaries (collectively, the "Guarantors").

The Notes were issued pursuant to an indenture (the "Base Indenture"), dated as of March 25, 2014, between the Issuer and Wilmington Trust, National Association, as trustee (the "Trustee"), as supplemented by a supplemental indenture (the "Supplemental Indenture", and, together with the Base Indenture, the "Indenture"), dated as of March 25, 2014, among the Issuer, the Guarantors and the Trustee. The Indenture includes customary agreements and covenants by the Company, the Issuer and the Guarantors.

Interest on the Notes accrues at a rate of 5.875% per annum and is payable semi-annually in arrears on April 1 and October 1 or each year, commencing on October 1, 2014. The Notes will mature on April 1, 2024.

At any time prior to April 1, 2017, the Issuer may redeem the Notes, in whole or in part, at a redemption price equal to 100% of their principal amount, plus an applicable "make-whole" premium and accrued and unpaid interest, if any, to the redemption date. At any time and from time to time on or after April 1, 2017, the Issuer may redeem the Notes, in whole or in part, at redemption prices specified in the Indenture, plus accrued and unpaid interest, if any, to the redemption date. Prior to April 1, 2017, the Issuer may redeem up to 35% of the Notes from the proceeds of certain equity offerings. There is no sinking fund for the Notes.

Upon the occurrence of a change of control or delisting event, the Issuer will be required to make an offer to purchase all of the outstanding Notes. The purchase price will be 101% of the principal amount of the notes to be repurchased, plus accrued and unpaid interest, if any, to the repurchase date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date). In addition, in certain circumstances in connection with asset dispositions where the proceeds thereof are not applied in the manner set forth in the Indenture, the Issuer will be required to use any excess proceeds to make an offer to purchase the Notes at a price equal to 100% of their principal amount, plus accrued and unpaid interest.

Certain events are considered events of default under the Indenture and the Notes, which may result in the accelerated maturity of the Notes, including the following events:

a default in the payment of interest on the Notes when due, where such default continues for 30 days;

a default in the payment of principal of any Note when due at its stated maturity, upon redemption, upon required purchase, upon declaration of acceleration or otherwise;

the failure by the Issuer, the Company or any Subsidiary Guarantor to comply with certain covenants relating to mergers, consolidations and asset sales;

the failure by the Issuer, the Company or any Subsidiary Guarantor to comply, for 60 days after receipt of written notice, with certain of their respective agreements contained in the Indenture;

the failure by the Issuer or the Company, as the case may be, to comply, for 180 days after receipt of written notice, with certain obligations to file reports and other required information with the Securities Exchange Commission;

(i) the failure to pay any indebtedness (other than non-resource indebtedness) by the Issuer, any Subsidiary Guarantor or any significant subsidiary, within any applicable grace period after final maturity, or upon such indebtedness being accelerated by the holders thereof because of a default, where the total amount of such unpaid or accelerated indebtedness exceeds \$30 million; or (ii) the occurrence of three or more unrelated instances at any one time where non-recourse indebtedness of the Issuer, any Subsidiary Guarantor or any significant subsidiary is not paid within any applicable grace period after final maturity or

is accelerated by the holders thereof because of a default, where the total amount of such non-recourse indebtedness that remains unpaid or accelerated exceeds the greater of (x) \$200.0 million and (y) 10% of total assets;

certain events of bankruptcy, insolvency or reorganization of the Issuer, any Subsidiary Guarantor or any significant subsidiary;

any final judgment or decree for the payment of money (other than judgments that are covered by enforceable insurance policies issued by solvent carriers) in excess of \$20.0 million is entered against the Issuer, any Subsidiary Guarantor or any significant subsidiary, remains outstanding for a period of 60 consecutive days following such judgment becoming final and is not discharged, waived or stayed within 10 days after notice; and

any Guarantee ceases to be in full force and effect (other than in accordance with the terms of such Guarantee) or the Company or a Subsidiary Guarantor denies or disaffirms its obligations under its Guarantee.
