Our annual general meeting of shareholders

Information concerning solicitation and voting

Place, time and date of meeting. This Proxy Statement is being furnished to the Company's shareholders in connection with the solicitation of proxies on behalf of our Board of Directors for use at the Meeting to be held on Tuesday, April 29, 2014, at 10:30 a.m., Pacific Daylight Time, and at any subsequent adjournment(s) or postponement(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual General Meeting of Shareholders. The Meeting will be held at 800 W. Olympic Blvd., Suite 406, Los Angeles, California, 90015. Our telephone number is (213) 745-0500.

Record date and voting securities. Only shareholders of record at the close of business on February 28, 2014, or the Record Date, or duly authorized proxy holders of such shareholders of record, are entitled to notice of and to vote at the Meeting. The Company has one series of Common Shares outstanding. As of the Record Date 101,320,167 Common Shares were issued and outstanding and held of record by 695 registered holders.

Voting. Each shareholder is entitled to one vote for each Common Share held on the Record Date on all matters submitted for consideration at the Meeting. A quorum, representing the holders of not less than a majority of the issued and outstanding Common Shares entitled to vote at the Meeting, must be present in person or by proxy at the Meeting for the transaction of business. Common Shares that reflect abstentions are treated as Common Shares that are present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the shareholders for a vote. However, abstentions do not constitute a vote for or against any matter and thus will be disregarded in the calculation of a plurality.

Broker non-votes are Common Shares held in street name through a broker or other nominee over which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions. Thus, if you do not give your broker or nominee specific instructions, your Common Shares may not be voted on certain matters. Common Shares that reflect broker non-votes are treated as Common Shares that are present and entitled to vote for the purposes of

establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those Common Shares will be treated as not present and not entitled to vote with respect to that matter, even though those Common Shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

If you are a beneficial shareholder and your broker or nominee holds your Common Shares in its name, the broker or nominee is permitted to vote your Common Shares on matters such as the ratification of the appointment of independent registered public accountants, even if the broker or nominee does not receive voting instructions from you.

Directors are elected by a plurality, and the five nominees who receive the most votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election. In respect of all other proposals, to be approved, any such proposal must receive the affirmative vote of a majority of the Common Shares present or represented by proxy and entitled to vote on such matter. In determining the outcome of such proposals, abstentions have the effect of a negative vote. Broker non-votes will not affect the outcome of any such proposals.

Majority vote policy. Pursuant to our Principles of Corporate Governance, any current member of our Board of Directors that is a nominee in an uncontested election who does not receive a majority of votes cast for his or her election is required to tender his or her resignation promptly following the failure to receive the required vote. The Nominating and Corporate Governance Committee of the Board is then required to make a recommendation to the Board as to whether the Board should accept the resignation, and the Board is required to decide whether to accept the resignation and to disclose its decision-making process.

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

The results of the advisory vote on the Company's executive compensation are not binding on the Board of Directors.

Revocability of proxies. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by either (a) delivering to the Corporate Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, (b) granting a subsequent proxy through the Internet or telephone or (c) if you are a shareholder at the Record Date, by attending the Meeting and voting in person.

Proxy solicitation. Proxies may be solicited by certain of our directors, officers, and regular employees, without additional compensation, in person, by telephone, facsimile, or electronic mail. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of Common Shares.

Meeting attendance. Only shareholders of record as of February 28, 2014, authorized proxy holders of such shareholders, and invited guests of the Board may attend the Meeting.

If you are a shareholder of record, in order to be admitted to the meeting, you will need to produce picture identification (such as a valid driver's license or passport) as well as copy of a form of proxy or voting instruction form or a Notice showing your name and address. If you are an authorized proxy holder of a shareholder of record, in order to attend the meeting, you will need both an admission ticket and picture identification (such as a valid driver's license or passport). To obtain an admission ticket to the Meeting, please send your written request to Assistant Corporate Secretary, Herbalife International of America, Inc., 800 W. Olympic Boulevard, Suite 406, Los Angeles, California 90015. Your request must be received on or before April 17, 2014 and include a copy of a form of proxy or voting instruction form confirming your appointment as a proxy holder. In your request, please include the address where your admission ticket should be mailed, and any special assistance needs. The Board requests that persons attending the Meeting observe a professional business dress code.

Meaning of shareholder of record. You will only be a shareholder of record if your name is recorded on the Company's register of members. If your name is not recorded on the Company's register of members, any shares you hold in the Company will be held beneficially. In this case you may still be entitled to direct the holder of your shares as to who should be appointed as proxy in respect of those shares and/or as to how to vote those shares on your behalf. If your shares are held beneficially and you wish to attend and vote at the meeting in person, you will need to attend as a proxy holder of the shareholder of record.

Shareholders who have purchased their shares on an exchange may hold those shares through a depository, in which case they will be beneficial shareholders and will not be shareholders of record. If you hold your shares in "street name" you will not be a shareholder of record.

If you wish to enquire as to whether or not you are a shareholder of record, please contact our Assistant Corporate Secretary at c/o Herbalife International of America, Inc., 800 W. Olympic Boulevard, Suite 406, Los Angeles, California 90015.

Additional information. This Proxy Statement contains summaries of certain documents, but you are urged to read the documents themselves for the complete information. The summaries are qualified in their entirety by reference to the complete text of the document. In the event that any of the terms, conditions or other provisions of any such document is inconsistent with or contrary to the description or terms in this Proxy Statement, such document will control. Each of these documents, as well as those documents referenced in this Proxy Statement as being available in print upon request, are available upon request to the Company by following the procedures described under Part 7 Annual report, financial and additional information.

Part 2 The board of directors

Director independence

Our Board of Directors has affirmatively determined that each of Messrs. Barnes, Bermingham, Carmona, Christodoro, Cozza, Dunn, Gary, Levitt, Lynn and Nelson and Mmes. Black, Nicholas and Otero is or was independent under section 303A.02 of the New York Stock Exchange, or the NYSE, Listed Company Manual and the Company's Categorical Standards of Independence, which are included as part of our Principles of Corporate Governance that are available on our website at www.herbalife.com by following the links through Investor Relations to Corporate

Governance. The NYSE's independence guidelines and the Company's Categorical Standards include a series of objective tests, such as the person is not an employee of the Company and has not engaged in various types of business dealings involving the Company that would prevent the person from being an independent director. The Board of Directors has affirmatively determined that none of the foregoing directors had any relationship with the Company that would compromise his or her independence.

Board meetings

The Board of Directors met 15 times during 2013. All Board members attended at least 75% of the aggregate number of Board meetings and applicable committee meetings held while such individuals were serving on such committees. Each director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties, including attending meetings of the shareholders of the Company, the Board of Directors and committees of which he or she is a member. All then-current members of the Board attended the 2013 Annual Meeting.

It is the policy of the Board of Directors to hold four regularly scheduled meetings, each of which includes an executive session of non-management directors without the presence of management as well as a session of only the independent directors. Additional meetings of the Board of Directors, executive sessions of non-management directors and sessions of independent directors may be held from time to time as required or determined to be necessary.

Board leadership

Currently Mr. Johnson serves as our Chairman and CEO. The Board has determined that a board leadership structure featuring a single leader as Chairman and CEO combined with a Lead Director best serves the interests of the Company and its shareholders. Combining the roles of Chairman and CEO makes clear that the individual serving in these roles has primary responsibility for managing the Company's business, under

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

the oversight and review of the Board. Under this structure, the Chairman and CEO chairs Board meetings, where the Board discusses strategic and business issues. The Board believes that this approach is appropriate because the CEO is the individual with primary responsibility for implementing the Company's strategy, directing the work of other executive officers and leading implementation of the Company's

strategic plans as approved by the Board. This structure results in a single leader being directly accountable to the Board and, through the Board, to shareholders, and enables the CEO to act as the key link between the Board and other members of management.

In addition, the Board believes this structure is appropriate for the Company as the CEO is the person most knowledgeable about the Company and its business and is therefore the individual best able to provide guidance for productive Board meetings. The unique nature of the Company's direct selling business model requires that the Chairman and CEO forge a close relationship with, and obtain and maintain the trust of, the Company's independent members.

Table of Contents

Because the Board also believes that strong, independent Board leadership is a critical aspect of effective corporate governance, the Board has established the position of Lead Director. The Lead Director is an independent director elected for a two year term by the independent directors. The Lead Director chairs the Board meetings during all executive sessions and when the Chairman and CEO is unable to participate in Board meetings, and is a contact point for major shareholders and third parties who may desire to contact the Board independently of the Chairman and CEO. Mr. Bermingham served as Lead Director during 2012 and until February 24, 2013. Mr. Levitt was elected Lead Director effective February 24, 2013. With Mr. Levitt's Board service coming to an end, the independent directors will elect the next Lead Director prior to the Meeting. The responsibilities of the Lead Director include:

setting the agenda for and leading the regularly-held non-management and independent director sessions, and briefing the Chairman and CEO on any issues arising from those sessions;

coordinating the activities of the independent directors;

presiding at meetings of the Board at which the Chairman and CEO is not present, including executive sessions of the independent directors; acting as the principal liaison to the Chairman and CEO for the views and any concerns and issues of the independent directors;

review development, revisions and implementation of strategic plans and initiatives and facilitating explanation and communication in these areas between the Board and management;

advising on the flow of information sent to the Board, and reviewing the agenda, materials and schedule for Board meetings;

being available for consultation and communication with major shareholders, as appropriate;

maintaining close contact with the chairperson of each standing committee; and

performing other duties that the Board may from time to time delegate to assist the Board in the fulfillment of its responsibilities. The Board periodically reviews the structure of Board and Company leadership as part of the succession planning process.

The board's role in risk oversight

The full Board of Directors has the ultimate responsibility for risk oversight regarding the Company. The Board oversees a Company-wide approach to risk management, designed to enhance shareholder value and to support the achievement of strategic objectives and to improve long-term organizational performance. The first aspect of the Board's approach to risk management is to determine the appropriate level of risk for the Company generally, followed by an assessment of the specific risks the Company faces and the steps management is taking to manage those risks. The full Board's involvement in setting the Company's business strategy facilitates those assessments, culminating in the development of a strategic plan that reflects the Board's and management's consensus as to appropriate levels of risk as to specific aspects of the Company's

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

business and the appropriate measures to manage those risks. Additionally, the full Board of Directors participates in a periodic enterprise risk management assessment during its quarterly meetings. In this process, risk is assessed throughout the business, focusing on risks arising out of various aspects of the Company's strategic plan and its implementation, including financial, legal/compliance, operational/strategic and compensation risks. The Board also assesses its role in

risk oversight throughout our business. In addition to the discussion of risk with the full Board at least once a year, the independent directors discuss risk management during executive sessions without management present with the Lead Director presiding.

While the full Board of Directors has the ultimate oversight responsibility for the risk management process, various Board committees also have responsibility for risk management in certain areas. In particular, the audit committee focuses on financial risk, including internal controls, and assesses the Company's risk profile with the Company's internal auditors. The internal controls risk profile drives the internal audit plan for the coming year. The audit committee also handles violations of the Company's Code of Ethics and related corporate policies. Finally, the compensation committee periodically reviews compensation practices and policies to confirm that they do not encourage excessive risk taking. Management regularly reports on each such risk to the relevant committee or the full Board, as appropriate, and additional review or reporting on enterprise risks is conducted as needed or as requested by the Board or the relevant committee.

(as determined for financial reporting purposes) of \$110,000 (rounded down to the nearest whole unit).

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

In 2013, in recognition of the fact that the amount of time and effort required of our Lead Director had increased significantly, the Board increased the compensation payable to our Lead Director by an additional \$125,000 per year paid in the form of an award of restricted stock units, or RSUs, that vest on continuation of service as Lead Director in ratable amounts over each quarter over the life of the award. Our Lead Director typically serves for a two-year term and the appointment is reconsidered biannually concurrently with our annual general meeting of shareholders. When Mr. Levitt was appointed our Lead Director on February 24, 2013, his award had a grant date fair value of \$270,859, covering his incremental compensation for serving as Lead Director from February 2013 through the Meeting and for the normal two-year term that follows.

The Company has adopted stock ownership guidelines applicable to each non-management director. Specifically, each non-management director is encouraged to hold Common Shares and/or vested equity awards with a value equal to five times such director's annual retainer within two years of such director's appointment or election to the Board of Directors. As of the date of this Proxy Statement, all Board members who have served for two or more years are in compliance with our guidelines.

Shareholder communications with the board of directors

Shareholders and other parties interested in communicating directly with the Board of Directors, non-management directors as a group or individual directors, including Michael Levitt in his capacity as the Lead Director, may do so by writing to Herbalife Ltd., c/o Assistant Corporate Secretary, 800 W. Olympic Blvd, Suite 406, Los Angeles, CA 90015, or by email at corpsec@herbalife.com, indicating to whose attention the communication should be directed. Under a process approved by the Board of Directors for handling communications received by the Company and addressed to non-management directors, the Corporate Secretary of the Company reviews all such correspondence and forwards to members of the audit committee a summary

and/or copies of any such correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board of Directors or committees thereof, or that he otherwise determines requires their attention. Directors may at any time review a log of all communications received by the Company and addressed to members of the Board of Directors and request copies of any such correspondence. Concern relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Company's internal audit department and handled in accordance with procedures established by the audit committee with respect to such matters.

Committees of the board

Our Board of Directors has a standing audit committee, nominating and corporate governance committee, and compensation committee.

Audit committee

During 2013 the audit committee consisted of Messrs. Barnes, Bermingham and Levitt. Each director who served on the audit committee in 2013 is independent as discussed above under Director Independence. As required by Rule 303A.07 of the NYSE Listed Company Manual, the Board of Directors has affirmatively determined that each of Messrs. Barnes, Bermingham and Levitt is financially literate, and that Mr. Bermingham is an audit committee financial expert, as defined in Item 407(d)(5) of Regulation S-K. Mr. Barnes currently serves on the audit committee of four public companies. As required by Rule 303A.07 of the NYSE Listed Company Manual, the Board of Directors has affirmatively determined that Mr. Barnes' simultaneous services on the audit committees of more than three public companies would not impair his ability to effectively serve on the Company's audit committee.

The principal duties of the audit committee are as follows:

to monitor the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and reporting;

to monitor the independence and performance of the Company's independent auditors and internal auditing department; and
to provide an avenue of communication among the independent auditors, management, the internal auditing department and the Board of Directors.

Our Board of Directors has adopted a written charter for the audit committee which is available on the Company's website at www.herbalife.com by following the links through Investor Relations to Corporate Governance, and in print to any shareholder who requests it as set forth under Part 7 Annual report, financial and additional information. In 2013, the audit committee met eleven times.

Nominating and corporate governance committee

During 2013, the nominating and corporate governance committee consisted of Mme. Nicholas and Messrs. Barnes and Dunn. Each director who served on the nominating and corporate governance committee in 2013 is independent as discussed above under Director Independence. The principal duties of the nominating and corporate governance committee are as follows:

to recommend to the Board of Directors proposed nominees for election to the Board of Directors both at annual general meetings and to fill vacancies that occur between annual general meetings; and

to review and make recommendations to the Board of Directors regarding the Company's corporate governance matters and practices.

Table of Contents

In identifying candidates to serve on the Board, the nominating and corporate governance committee first determines the evolving needs of the Board taking into account such factors as it deems appropriate, including, among others, the current composition of the Board of Directors, the range of talents, experiences and skills that would best complement those already represented on the Board of Directors, the balance of management and independent directors and the need for financial or other specialized expertise, as discussed in greater detail below under Part 3

Proposal 1: The Election of Directors Director Qualifications. Applying these criteria, the nominating and corporate governance committee considers candidates for director suggested by its members and other directors, as well as by management and shareholders. The nominating and corporate governance committee also retains a third-party executive search firm on an ad-hoc basis to identify and review candidates upon request of the committee from time to time.

If the nominating and corporate governance committee decides, on the basis of its preliminary review, to proceed with further consideration, the committee members, as well as other directors as appropriate, interview the nominee. After completing this evaluation and interview, the nominating and corporate governance committee makes a recommendation to the full Board of Directors, which makes the final determination whether to nominate the candidate after considering the nominating and corporate governance committee's report.

A shareholder who wishes to recommend a prospective nominee for the Board of Directors pursuant to the provisions of the Amended and Restated Memorandum and Articles of Association, or the Memorandum and Articles of Association, should notify the Corporate Secretary in writing with the appropriate supporting materials, as more fully described under Part 7 Shareholder nominations.

The Board of Directors has adopted a written charter for the nominating and corporate governance committee, which is available on the Company's website at www.herbalife.com by following the links through Investor Relations to Corporate Governance or in print to any shareholder who requests it as set forth under Part 7 Annual report, financial and additional information. In 2013, the nominating and corporate governance committee met six times.

Compensation committee

From January 1, 2013 through July 27, 2013, the compensation committee consisted of Mme. Black and Messrs. Bermingham and Dunn. Since July 27, 2013, the compensation committee has consisted of Mme. Black and Messrs. Bermingham, Christodoro and Dunn. Each director who served on the compensation committee in 2013 is independent as discussed above under Director Independence. The principal duties of the compensation committee are as follows:

to oversee and approve compensation policies and programs;

to review and approve corporate goals and objectives relevant to the compensation of the Company's CEO and other executive officers;

to evaluate the performance of the CEO and recommend the compensation level of the CEO for approval by the independent members of the Board of Directors;

to evaluate the performance of certain executive officers and, considering the CEO's recommendations, set the compensation level for such executive officers;

to administer existing incentive compensation plans and equity-based plans;

to oversee regulatory compliance with respect to executive compensation matters; and

to review the compensation of directors.

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

Among other duties, the compensation committee is responsible for making the initial risk assessment of the Company's compensation programs and determining whether those programs require modification to remain consistent with the Board's determinations as to the levels of risk that are appropriate for the Company. In its assessment, the compensation committee reviewed the Company's compensation structure and noted numerous ways in which risk is potentially mitigated by practices and policies that include: the balanced mix between short- and long-term incentives; the use of multiple performance measures for the CEO's annual incentive awards; strong internal controls; the use of stock ownership guidelines; and the existence of an anti-hedging policy. In light of its analysis, the committee believes that the architecture of the Company's compensation programs provide various safeguards to protect against undue risk-taking.

Part 3 Proposals to be voted on at the meeting

Proposal 1: The election of directors

Generally

Our Memorandum and Articles of Association presently provide for not less than one nor more than fifteen directors. The Board of Directors has, by resolution, presently fixed the number of directors at thirteen. The Memorandum and Articles of Association divide the Board of Directors into three classes, with the terms of office of each class of directors currently ending in different years. Currently the Board consists of four directors in Class I, four in Class II and five in Class III. The current terms of office of Class I directors end at the Meeting. The current terms of office of Class II and Class III directors end at the Company's annual general meetings of shareholders in 2015 and 2016, respectively. The term of office of the Class I directors elected at the Meeting will end at the annual general meeting in 2016. Effective in 2016, and pursuant to an amendment to the Memorandum and Articles of Association approved at the 2013 annual general meeting, all Board members will serve one-year terms and these three classes will be consolidated into a single class.

On March 22, 2014, each of Mr. Levitt and Ms. Black informed the Board that they would decline to stand for re-election at the Meeting and Ms. Nicholas informed the Board that she would resign from her Class II directorship effective as of the Meeting. The Board has nominated each of Michael Johnson, John Tartol, Hunter Gary and Jesse Lynn for election as Class I directors to serve two year terms expiring at the 2016 annual general meeting. In addition, the Board has nominated Mr. James L. Nelson as a Class II director to serve the remainder of the term of the directorship vacated by Ms. Nicholas. The nominations of Messrs. Gary, Lynn and Nelson were made pursuant to that certain Amended and Restated Support Agreement, or the Support Agreement, dated March 23, 2014, by and between the Company and Carl C. Icahn, Icahn Partners Master Fund LP, Icahn Offshore LP, Icahn Partners LP, Icahn Onshore LP, Beckton Corp., Hopper Investments LLC, Barberry Corp., High River Limited Partnership, Icahn Capital LP, IPH GP LLC, Icahn Enterprises Holdings L.P. and Icahn Enterprises G.P. Inc., or collectively, the Icahn Parties. A copy of the Support Agreement was filed by the Company on Form 8-K on March 24, 2014. The Support

Agreement provides that, among other things, the Company will nominate two designees of the Icahn Parties (Messrs. Gary and Lynn) for election to Class I directorships at the Meeting and one designee of the Icahn Parties (Mr. Nelson) to serve the remainder of the term of the Class II directorship being vacated. In consideration of these nominations, the Icahn Parties have agreed to vote their common shares in favor of the Board's nominees for director at the Meeting and thereafter for so long as any Icahn Party designee is a member of the Board. The Icahn Parties beneficially own approximately 16.8% of our common shares. The Support Agreement also includes standstill and voting provisions applicable to the Icahn Parties' ownership of Company common shares. The Company did not receive any shareholder nominations for director.

The persons named as proxies on the accompanying proxy card intend to vote the Common Shares as to which they are granted authority to vote for the election of the nominees listed above. The form of proxy card does not permit shareholders to vote for a greater number of nominees than five. Although the Board of Directors does not know of any reason why any nominee will be unavailable for election, in the event any nominee should be unavailable at the time of the Meeting, the proxies may be voted for a substitute nominee as selected by the Board of Directors.

Director qualifications

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes that there are certain attributes that every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the nominating and corporate governance committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

Table of Contents

The nominating and corporate governance committee is responsible for developing and recommending Board membership criteria to the Board for approval. The criteria, which are set forth in the Company's Principles of Corporate Governance, are available on the Company's website, www.herbalife.com, by following the links through Investor Relations to Corporate Governance, and include business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with the Company's interests. In addition, the nominating and corporate governance committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. The nominating and corporate governance committee seeks a variety of occupational, educational and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the nominating and corporate governance committee does not have a formal policy with respect to diversity, the nominating and corporate governance committee

believes that it is essential that Board members represent diverse viewpoints. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the nominating and corporate governance committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective Board.

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the nominating and corporate governance committee has considered a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board. The process undertaken by the nominating and corporate governance committee in recommending qualified director candidates is described above under Part 2 Committees of the board Nominating and corporate governance committee.

Table of Contents**Proposal 2: Advise as to the Company's executive compensation**

Our executive compensation program is intended to attract, motivate and retain a talented and high-performing executive team to lead the Company's success selling food, dietary supplements and personal care products that are regulated at varying levels in the markets where we operate through a direct selling business channel. The Company's executive compensation program is designed to incent and create long-term growth and enhanced value for shareholders and is simple in design. The vast majority of the compensation of the Company's named executive officers—the officers identified in Part 4—Compensation discussion

and analysis is tied to Company operating and share price performance. Volume Point growth, operating income and earnings per share are used to determine executives' annual incentive compensation. Long term incentives were provided to our named executive officers in 2013 in the form of an annual grant of SARs that are subject to performance and service criteria. These awards directly align the long-term interests of our executives with those of our shareholders.

The Board of Directors believes the compensation program for our named executive officers was instrumental in helping the Company achieve strong financial performance over the past several years. In 2013, the Company posted strong operating results in a challenging economic environment. These included Volume Point growth of 13% and increases in operating income and diluted earnings per share of 11% and 25%, respectively, as reflected below:

	2009	2010	2011	2012	2013	2013 Growth	5-Year average growth
Volume Points (millions)	2,838	3,233	3,922	4,720	5,337	13%	14%
Operating Income (\$, millions)	296.0	387.5	562.3	661.4	735.3	11%	19%
Earnings Per Share (\$) (diluted)	1.60	2.32	3.32	3.94	4.91	25%	25%

In addition, the management team accomplished major strategic objectives in 2013 that provided significant support for the Company's continued growth and success, including:

expanding the global roll-out and member acceptance of daily consumption based sales methods;

regionalizing our sales and Member support activities to help penetrate deeper into existing markets;

launching and executing upon our "build it better" program, resulting in continuous improvement efforts throughout the Company;

increasing the Company's vertical manufacturing capacity and capability for its key products; and

improving the number and effectiveness of our product access points and distribution facilities. Additional information regarding the Company's compensation program applicable to the named executive officers is described in the Part 4 Compensation discussion and analysis and the related tables and

narrative disclosure. For the reasons discussed above, the Board of Directors unanimously recommends that shareholders vote in favor of the following resolution:

Resolved, that the shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K and described in the Compensation Discussion and Analysis, the compensation tables and the accompanying narrative disclosure, in the proxy statement.

While the resolution is non-binding, the Board of Directors values the opinions that shareholders express in their votes and in any additional dialogue. It will consider the outcome of the vote and those opinions when making future compensation decisions. The next shareholder advisory vote on the Company's executive compensation is expected to occur at the 2015 annual general meeting and the Company currently intends to offer shareholders this advisory vote on an annual basis.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ADVISORY RESOLUTION ON THE COMPANY'S EXECUTIVE COMPENSATION.

Proposal 3: Adopt the Herbalife Ltd. 2014 Stock Incentive Plan

On February 13, 2014, the Board of Directors approved and recommended for submission to the shareholders for their adoption the Herbalife Ltd. 2014 Stock Incentive Plan, or the Incentive Plan. The approval by an affirmative vote of a majority of the votes cast on the proposal (either in person or by proxy) is required for adoption.

The Board believes that the adoption of the Incentive Plan is desirable because it will promote and closely align the interests of employees, directors and consultants of the Company and its shareholders by providing the ability for the Company to award stock-based compensation and other performance-based compensation. The Board believes the Incentive Plan promotes the Company's ability to drive performance, which the Board believes enhances long-term shareholder value; increases employee stock ownership; and enables the Company to attract and retain an outstanding employees, directors and consultants.

The Incentive Plan allows for awards that are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code. In general, in order for the Company to be able to deduct compensation in excess of \$1,000,000 paid in any one year to the Company's chief executive officer or any of the Company's three other most highly compensated executive officers (other than the Company's chief financial officer), such compensation must qualify as performance-based. In order for awards under the Incentive Plan to be eligible to qualify as performance-based compensation for purposes of Section 162(m) of the Code, among other things, the material terms of the performance goals under which compensation may be paid must be disclosed to and approved by the Company's shareholders. The material terms include (i) the employees eligible to receive compensation under the Incentive Plan, (ii) a description of the business criteria on which any performance goals are based for awards under the Incentive Plan that are intended to be performance-based compensation under Section 162(m) of the Code, and (iii) the maximum amount of compensation that can be paid to an employee under the Incentive Plan's performance goals. Each of these aspects is discussed below, and approval of the Incentive Plan will constitute approval of the material terms of the performance goals.

A maximum of 5,000,000 Common Shares plus (i) any Common Shares that remained available for issuance under the Company's Prior Plans (as defined below) as of April 29, 2014 and (ii) any Common Shares subject to outstanding awards under any Prior Plans as of April 29, 2014 that after such date cease for any reason to be subject to such awards (other than by reason of exercise or settlement of the awards to the extent they are exercised for or settled in vested and nonforfeitable shares), subject to adjustments as described below, will be

available for grants of awards under the Incentive Plan. As of February 28, 2014, the number of Common Shares that remain available for issuance under the Prior Plans is 1,886,911 and the number of Common Shares subject to outstanding awards is 12,068,274. The Board believes that this number of Common Shares represents a reasonable amount of potential equity dilution in light of the purposes of the Incentive Plan as described above. The 6,886,911 shares available under the Incentive Plan would represent approximately 6.06% of fully diluted Common Shares outstanding as of February 28, 2014. If the Company issues awards in amounts consistent with its three-year average burn rate described below, it is anticipated that the shares available under the Incentive Plan will meet the Company's needs for at least three years. Assuming the Company's shareholders approve the Incentive Plan at the Meeting, the Company will file a Registration Statement on Form S-8 to register the Common Shares available for issuance under the Incentive Plan under the Securities Act of 1933, as amended.

The following summary of the Incentive Plan is qualified in its entirety by reference to the complete text of the Incentive Plan as set forth in Appendix A to this Proxy Statement. You should read the complete text of the Incentive Plan for more details regarding the operation of the Incentive Plan.

Information regarding grants made under prior plans

The Company has historically granted equity awards under various plans, including most recently the Amended and Restated 2005 Stock Incentive Plan and the 2004 Stock Incentive Plans, which we refer to together as the Prior Plans. If the Incentive Plan is approved by the Company's shareholders as proposed, no further awards will be made under the Prior Plans.

Information as of February 28, 2014, regarding overhang from awards outstanding under the Prior Plans is summarized in the following table:

One means of evaluating the long-term dilution from equity compensation plans is to monitor the number of equity awards granted annually, commonly referred to as burn rate. As shown in the following table, the

Company's three-year average annual burn rate calculated using the methodology of ISS has been 1.63%, which is below the ISS burn rate threshold of 2.77% applied to our industry.

Year	SAR Options Granted ⁽¹⁾	Full- Value Shares (RSUs) Granted	Total Granted ⁽¹⁾⁽²⁾	Weighted Average Number of Common Shares Outstanding	Burn Rates ⁽¹⁾
2013	1,175,980	17,026	1,220,247	102,620,000	1.18%
2012	2,109,449	0	2,109,449	112,359,006	1.88%
2011	2,099,845	24,978	2,164,787	117,540,000	1.83%
Three-Year Average					1.63%

(1) Includes SARs classified as performance SARs under ISS methodology. There were 863,557 performance SARs granted in 2011, no performance SARs granted in 2012 and 440,735 performance SARs granted in 2013.

(2) Total Granted calculation is based on the ISS methodology of weighing RSUs more heavily than SARs or stock options, using the 2.6:1 ratio found in our current 2005 Stock Incentive Plan.

Key features of the incentive plan

Limitation on shares requested. The maximum number of Common Shares available for grant under the Incentive Plan is 5,000,000 Common Shares, plus any Common Shares that remain available for issuance as of April 29, 2014 under, or are subject to, outstanding awards under the Prior Plans as of April 29, 2014 that after such date are canceled, expired, forfeited or otherwise not issued under the Prior Plans or settled in cash, in each case adjusted as described in the Incentive Plan.

Limitation on term of stock option grants. The term of each stock option will not exceed ten years.

Fungible share counting formula. Common Shares issued pursuant to stock options and SARs will count against the number of Common Shares available for issuance under the Incentive Plan on a one-for-one basis, whereas each Common Share issued pursuant to all other awards will count against the number of Common Shares available for issuance under the Incentive Plan as 2.13 shares.

Limitation on share recycling. Common Shares surrendered for the payment of the exercise price or withholding taxes under stock options or SARs, Common Shares subject to SARs not issued upon net settlement of such awards, and Common Shares repurchased in the open market with the proceeds of an option exercise, may not again be made available for issuance under the Incentive Plan.

No repricing or grant of discounted stock options. The Incentive Plan prohibits the repricing of options or SARs either by amending an existing award agreement or by substituting cash or a new award at a lower (or no) purchase price. The Incentive Plan prohibits the granting

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

of stock options or SARs with an exercise price less than the fair market value of a Common Share on the date of grant.

No evergreen provision. There is no evergreen feature pursuant to which the Common Shares authorized for issuance under the Incentive Plan can be increased automatically without shareholder approval.

Description of the incentive plan

Eligibility. Our non-employee directors, employees and consultants, and the employees and consultants of our subsidiaries, are eligible to participate in the Incentive Plan. As of February 28, 2014, we had 12 non-employee directors, approximately 7000 employees and several hundred consultants globally that were eligible to participate in the Incentive Plan. As a matter of practice, we limit plan participation among our employees to those that are director-level and above, and dramatically limit the participation of consultants.

Administration. The Incentive Plan will be administered by the compensation committee or such other committee as designated by the Board, or the Committee. The Committee may grant awards to eligible persons and, to the extent permitted by applicable law, may delegate to (i) one or more subcommittees consisting of one or more directors and/or officers of the Company any of the authority of the Committee under the Incentive Plan or (ii) one or more officers, the right to grant awards in accordance with the terms of the Incentive Plan. The Committee may further designate or delegate to one or more additional officers or employees of the Company or any subsidiary, and/or to one or more agents, authority to assist the Committee in any or all aspects of the day-to-day administration of the Incentive Plan and/or of the

Table of Contents

awards granted under the Incentive Plan. The Committee has broad authority, as stated in the Incentive Plan, to interpret and administer the Incentive Plan and related agreements and documents and to take various other actions with respect thereto.

Common shares available under the Incentive Plan

Subject to adjustment as provided for in the Incentive Plan, the number of Common Shares subject to grants under the Incentive Plan will not exceed in the aggregate:

5,000,000 Common Shares,

any Common Shares that remained available for issuance under the Prior Plans as of April 29, 2014, and

any Common Shares that were subject to outstanding awards under the Prior Plans as of April 29, 2014 that are subsequently canceled, expired, forfeited or otherwise not issued under a Prior Plan or are settled in cash (such Common Shares to be added to the number of Common Shares issuable under the Incentive Plan as one Common Share if such Common Shares were subject to stock options or SARs under the Prior Plans and as 2.13 Common Shares if such Common Shares were subject to awards other than options or SARs under the Prior Plans).

These share authorizations are affected by various provisions in the Incentive Plan, as discussed below under **Share counting** and **Other provisions** **Adjustments**. The Common Shares may be authorized and unissued Common Shares or Common Shares that were reacquired by the Company, including Common Shares purchased in the open market, or a combination of the foregoing. After the effective date of the Incentive Plan, no awards may be granted under the Prior Plans, although outstanding awards under the Prior Plans will continue to be administered pursuant to their terms.

Share counting

Under the Incentive Plan, each Common Share that is subject to a stock option or SAR counts against the aggregate Plan limit as one Common Share, and each Common Share that is subject to an award other than a stock option or SAR under the Incentive Plan counts against the aggregate Incentive Plan limit as 2.13 Common Shares. However, for each Common Share subject to an award that is forfeited, expires or is settled for cash (in whole or in part) under the Incentive Plan, one Common Share will be added back to the aggregate Incentive Plan limit for such Common Shares subject to a stock option or SAR, and 2.13 Common Shares will be added back to the aggregate Incentive Plan limit for such Common Shares subject to an award other than a stock option or SAR. The number of Common Shares available

for grant under the Incentive Plan will not be increased by the following:

any Common Shares tendered by a participant or withheld by the Company in full or partial payment of the exercise price of stock options or the full or partial satisfaction of a tax withholding obligation on any stock option or SAR under either the Incentive Plan or the Prior Plans;

any Common Shares subject to a SAR granted under either the Incentive Plan or the Prior Plans that is not issued when the SAR is exercised and settled in Common Shares; and

any shares of the Company's common stock reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of stock options granted either under the Incentive Plan or the Prior Plans.

Common Shares issued as substitution awards (as defined in the Incentive Plan) in connection with any merger with or acquisition of a company will not decrease the number of Common Shares available for grant under the Incentive Plan, but Common Shares subject to substitution awards will not be available for further awards under the Incentive Plan if the substitution awards are forfeited, expire or settled in cash. The Company may use Common Shares under a pre-existing, shareholder-approved plan of a company acquired by the Company for awards under the

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

Incentive Plan, which Common Shares will not decrease the number of Common Shares available for grant under the Incentive Plan, but consistent with NYSE rules such Common Shares may only be used for grants of awards made prior to the expiration of the pre-existing plan and to persons who were not employees or directors of the Company or any subsidiary prior to such acquisition.

Award limitations

Subject to certain adjustments as provided for in the Incentive Plan:

No participant may be granted stock options, restricted stock units, performance shares or other share-based awards for more than 2,000,000 Common Shares during any 12-month period.

The maximum dollar value that may be earned by any participant for any 12-month performance period (as established by the Committee) with respect to performance awards that are denominated in cash and intended to qualify as performance-based compensation under Section 162(m) of the Code is \$15,000,000.

As of February 28, 2014, the closing price of a Common Share was \$66.61.

Section 162(m) of the code

The Incentive Plan is designed to allow the Company to grant awards that satisfy the requirements for the performance-based compensation exclusion from the deduction limitations under Section 162(m) of the Code. The Board and the Committee believe that it is in the Company's interests and the interests of the Company's shareholders to maintain an equity and long-term cash compensation plan under which compensation awards made to the Company's named executive officers (other than the chief financial officer) can qualify for deductibility for federal income tax purposes based on various performance criteria set forth in the Incentive Plan as described below. Accordingly, the Incentive Plan has been structured in a manner such that awards under it can satisfy the requirements for the performance-based compensation exclusion from the deduction limitations under Section 162(m) of the Code. However, the Company cannot guarantee that awards under the Incentive Plan will actually qualify as performance-based compensation under Section 162(m) and the Committee may determine to grant awards that do not qualify as performance-based compensation under Section 162(m).

Repricing prohibited

The Committee may not authorize the amendment of any outstanding stock option or SAR to reduce the exercise or base price, and no outstanding stock option or SAR may be cancelled in exchange for other awards, or cancelled in exchange for stock options or SARs having a lower exercise or base price, or cancelled in exchange for cash, without the approval of the Company's shareholders. However, the foregoing provision does not apply in connection with an adjustment involving a corporate transaction or event as provided in the Incentive Plan.

Types of awards authorized under the incentive plan

Stock options and stock appreciation rights. The Committee may award stock options in the form of nonqualified stock options or incentive stock options, or SARs, each with a maximum term of ten years. The Committee will establish the vesting schedule for stock options and the method of payment for the exercise price, which may include cash, Common Shares, or other awards.

Restricted stock and stock units. The Committee may award restricted stock and restricted stock units and establish the applicable restrictions, including any limitation on voting rights or the receipt of dividends or dividend equivalents. The Committee will establish the manner and timing under which restrictions may lapse; provided, however, in general, if the vesting and/or settlement of any restricted stock or stock unit award is based on performance criteria and level of achievement versus such

criteria, such award will be subject to a performance period of not less than twelve months, and if the vesting and/or settlement of any restricted stock or stock unit award is based solely upon continued employment and/or the passage of time, such award will not vest or be settled in full prior to the twelfth month following its date of grant, other than in the event of the holder's death, disability or attainment of retirement status or in the event of a change of control of the Company. The Committee may also use up to 5% of the aggregate number of Common Shares authorized for issuance under the Incentive Plan to grant restricted stock or stock unit awards that are not subject to the minimum vesting conditions described in the preceding sentence. The Committee may decide to include dividends or dividend equivalents as part of an award of restricted stock or stock units and may accrue dividends or dividend equivalents, as applicable, with or without interest, until the award is paid. However, in no event will dividends or dividend equivalents be paid during the performance period with respect to restricted stock or stock unit awards that are subject to performance-based vesting criteria.

Incentive bonuses. The Committee may establish performance criteria and level of achievement versus these criteria that shall determine the amount payable under an incentive bonus. Payment of the amount due under an incentive bonus may be denominated in cash or shares as determined by the Committee. Performance criteria mean any measures, as determined by the Committee, which may be used to measure the level of performance of the Company or a participant during a performance period.

Qualifying performance criteria

The Committee may specify that an award or a portion of an award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code provided that the performance criteria for an award or portion of an award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more qualifying performance criteria selected by the Committee and specified at the time the award is granted. The performance criteria for any award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code will be any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an

Table of Contents

absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee: (i) cash flow (before or after dividends), (ii) earnings per share (including earnings before interest, taxes, depreciation and amortization), (iii) stock price, (iv) return on equity, (v) total shareholder return, (vi) return on capital (including return on total capital or return on invested capital), (vii) return on assets or net assets, (viii) market capitalization, (ix) economic value added, (x) debt leverage (debt to capital), (xi) revenue (including adjusted revenue, Volume Points, net sales and analogous financial measures), (xii) income or net income, (xiii) operating income, (xiv) operating profit or net operating profit, (xv) operating margin or profit margin, (xvi) return on operating revenue, (xvii) cash from operations, (xviii) operating ratio, (xix) operating revenue or (xx) customer service. To the extent consistent with Section 162(m) of the Code, the Committee may provide, at the time an award is granted or at any time during the first 90 days of the applicable performance period (or prior to the expiration of 25% of the performance period if the performance period is less than one year, or at such later time if permitted pursuant to Section 162(m)), that any evaluation of performance under a qualifying performance criteria shall include or exclude any of the following events that occurs during the applicable performance period: (a) the effects of charges for restructurings, discontinued operations, extraordinary items, (b) items of gain, loss or expense determined to be extraordinary or unusual in nature or related to the disposal of a segment of a business or related to a change in accounting principle, (c) the cumulative effect of accounting change, (d) asset write-downs, (e) litigation, claims, judgments, settlements or loss contingencies, (f) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (g) accruals for reorganization and restructuring programs and (h) accruals of any amounts for payment under the Incentive Plan or any other compensation arrangement maintained by the Company.

Other provisions

Limitations on transfer. Awards are not transferable other than by will or the laws of descent and distribution unless determined otherwise by the Committee. Awards may not be pledged or otherwise encumbered.

Amendments. The Board may alter, amend, suspend or terminate the Incentive Plan from time to time subject to approval by the Company's shareholders if required by applicable law, including the rules and regulations of the NYSE. The Committee may waive conditions or amend the term of awards, or otherwise amend or suspend awards already granted subject to certain conditions.

Adjustments. In the event of certain corporate transaction or events affecting the number or type of outstanding Common Shares, including, for example, a dividend or other distribution (whether in cash or stock), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or issuance of warrants, the Committee will make adjustments as it deems appropriate. These adjustments include changing the number and type of shares to be issued under the Incentive Plan and outstanding awards; changing the per-participant limitations on awards and the grant, purchase or exercise price of outstanding awards; and changing the limitations on the total amount of restricted stock, stock units, performance awards or other stock-based award that may be granted. The Committee may also make adjustments in the terms of awards in connection with certain acquisitions, and make adjustments in performance award criteria or in the terms and conditions of other awards in recognition of unusual or nonrecurring events affecting the Company or its financial statements or of changes in applicable laws, regulations, or accounting principles.

Federal income tax consequences

This general discussion of the U.S. federal income tax consequences of stock options and other awards that may be awarded under the Incentive Plan is intended for the information of shareholders considering how to vote with respect to this proposal and not as tax guidance to participants in the Incentive Plan. Different tax rules may apply to specific participants and transactions under the Incentive Plan, particularly in jurisdictions outside the United States. In addition, this discussion does not address other federal or state tax issues that may be implicated by awards that may be granted under the Incentive Plan.

The grant of an option or SAR will create no U.S. federal income tax consequences for the participant or the Company. A participant will have no taxable income upon exercise of an incentive stock option, except that the alternative minimum tax may apply. Upon exercise of an option other than an incentive stock option, a participant generally must recognize ordinary income equal to the fair market value of the Common Shares acquired minus the exercise price. Upon a disposition of Common Shares acquired by exercise of an incentive stock option before the end of the applicable incentive stock option holding periods, the participant generally must recognize ordinary income equal to the lesser of (i) the fair market value of the Common Shares at the date of exercise minus the exercise price or (ii) the amount realized upon the disposition of the Common Shares minus the exercise price. Otherwise, a participant's disposition of Common Shares acquired upon the exercise of an option (including an incentive stock option for which the incentive stock option holding periods are met) generally will result in only capital gain or loss. Other awards under the Incentive

Table of Contents

Plan, including non-qualified options and SARs, generally will result in ordinary income to the participant at the later of the time of delivery of cash, Common Shares, or other awards, or the time that either the risk of forfeiture or restriction on transferability lapses on previously delivered cash, Common Shares, or other awards. Except as discussed below, the Company generally will be entitled to a tax deduction equal to the amount recognized as ordinary income by the participant in connection with an option, SARs, or other award, but will be entitled to no tax deduction relating to amounts that represent a capital gain to a participant. Thus, the Company will not be entitled to any tax deduction with respect to an incentive stock option if the participant holds the Common Shares for the incentive stock option holding periods.

Section 162(m) of the Code generally allows the Company to obtain tax deductions without limit for performance-based compensation. The Incentive Plan is designed to permit the grant of options and SARs, and certain awards of stock units and contingent long-term performance awards that are intended to qualify as performance-based compensation not subject to Section 162(m)'s \$1.0 million deductibility cap. The rules and regulations promulgated under Section 162(m) of the Code are complicated and subject to change, possibly with retroactive effect. In addition, a number of requirements must be met in order for particular awards to so qualify. As such, there can be no assurance that any compensation awarded or paid under the Incentive Plan will be fully deductible under all circumstances.

Proposal 4: Ratification of the appointment of independent registered public accountants

The audit committee has selected PricewaterhouseCoopers, or PwC, as the Company's independent registered public accountants for the fiscal year ending December 31, 2014. Services provided to the Company and its subsidiaries by PwC in fiscal 2013 and 2012 are described below under "Fees to independent registered public accountants for fiscal 2012 and 2013." The circumstances under which PwC in 2013 was first retained as the Company's independent accountants are described below under "Change in independent accountants." Additional information regarding the audit committee is set forth in the "Audit committee report."

The Memorandum and Articles of Association do not require that our shareholders ratify the selection of PwC as the Company's independent registered public accountants. However, we are requesting ratification because we believe it is a matter of good corporate

practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain PwC, but may, nonetheless, retain PwC as the Company's independent registered public accountants. Even if the selection is ratified, the audit committee in its discretion may change the appointment at any time if it determines that the change would be in the best interests of the Company and its shareholders.

The Company has been advised that representatives of PwC will be present at the Meeting where they will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

In the event shareholders do not ratify the appointment of PwC, the appointment will be reconsidered by the audit committee and the Board of Directors.

Change in independent accountants

As previously disclosed, on April 8, 2013, KPMG notified the Company that KPMG resigned, effective immediately, as the Company's independent registered public accounting firm. KPMG stated it had concluded it was no longer independent because of the then-alleged insider trading in the Company's securities by one of KPMG's former partners who, until April 5, 2013, was the KPMG engagement partner on the Company's audit. KPMG advised the Company it resigned as the Company's independent accountant solely due to the impairment of KPMG's independence resulting from its now former partner's unlawful activities and not for any reason related to the Company's financial statements, its accounting practices, the integrity of the Company's management or for any other reason. As a result of the then-alleged insider trading activity by its now former partner and KPMG's resulting resignation on April 8, 2013, KPMG notified the Company its independence had been impaired and it had no option but to withdraw its audit reports on the Company's financial statements for the fiscal years ended December 31, 2010, 2011 and 2012 and the effectiveness of internal control over financial reporting as of December 31, 2010, 2011 and 2012 and that such reports should no longer be relied upon as a result of KPMG's lack of independence created by the circumstances described above.

On May 21, 2013, after considering a number of firms, the audit committee engaged PwC to serve as the Company's new independent registered public accounting firm to audit the Company's financial statements for its fiscal year ending December 31, 2013 and to re-audit the Company's financial statements for the fiscal years ended December 31, 2010, 2011 and 2012, including the audit of the Company's internal control over financial reporting as

of December 31, 2012 required by Section 404 of the Sarbanes-Oxley Act of 2002.

None of KPMG's audit reports on the Company's financial statements for the fiscal years ended December 31, 2010, 2011 and 2012 or KPMG's audit reports on the effectiveness of internal control over financial reporting as of December 31, 2010, 2011 and 2012 contained an adverse opinion or a disclaimer of opinion, nor was any such report qualified or modified as to uncertainty, audit scope or accounting principles. In addition, at no point during the three fiscal years ended December 31, 2012 and the subsequent interim period through April 8, 2013 were there any (i) disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure or auditing scope or

procedures, which disagreement(s), if not resolved to the satisfaction of KPMG, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its reports, or (ii) reportable events as such term is defined in Item 304(a)(1)(v) of Regulation S-K.

Additionally, during the fiscal years ended December 31, 2011 and 2012, and the subsequent interim period through May 21, 2013, neither the Company, nor anyone on its behalf, consulted PwC regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered with respect to the Company's consolidated financial statements, in connection with which either a written report or oral advice was provided to the Company that PwC concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either

the subject of a disagreement as such term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions or a reportable event as such term is defined in Item 304(a)(1)(v) of Regulation S-K.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF PwC AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR FISCAL 2014.

Audit committee report

The audit committee is responsible for monitoring our financial auditing, accounting and financial reporting processes and our system of internal controls, and selecting the independent registered public accounting firm on behalf of the Board of Directors. Our management has primary responsibility for our internal controls and reporting process. Our independent registered public accounting firm, PwC, is responsible for performing an independent audit of our consolidated financial statements and the effectiveness of our internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing an opinion thereon. In this context, the audit committee met regularly and held discussions with management and PwC. Management represented to the audit committee that the consolidated financial statements for the fiscal year 2013 were prepared in accordance with U.S. generally accepted accounting principles.

The audit committee hereby reports as follows:

The audit committee has reviewed and discussed the audited consolidated financial statements for fiscal year 2013 and accompanying management's discussion and analysis of financial condition and results of operations with our management and PwC. This discussion included PwC's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The audit committee also discussed with PwC the matters required to be discussed by Auditing Standard No. 16, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

PwC also provided to the audit committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the audit committee concerning independence, and the audit committee has discussed with PwC the accounting firm's independence. The audit committee also considered whether non-audit services provided by PwC during the last fiscal year were compatible with maintaining the accounting firm's independence.

Based on the reviews and discussions referred to above, the audit committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013, which have been filed with the SEC. The audit committee also selected PwC to serve as our independent registered public accounting firm for the year ending December 31, 2014.

2013 Performance highlights and peer group performance

Since December 2012, our Company has been the victim of a short attack intended to drive down our share price through negative publicity. Responding to these misleading attacks has required a significant investment of the time and resources of our management team. Additionally, in April 2013 the Company's independent public accountant firm resigned due to insider trading in our securities by a partner in that firm who served as engagement partner on the Company's audit, resulting in that firm's withdrawal of its audit opinions for the Company's 2010, 2011 and 2012 annual financial statements. The effort and resources required to complete the re-audit of those financial statements was extensive. In spite of these unprecedented distractions, in 2013 the Company reported record operating results in a challenging global economic environment. These included Volume Point growth of 13% and increases in operating income and diluted earnings per share of 11% and 25%, respectively, as reflected below.

	2009	2010	2011	2012	2013	2013	5-Year
						Growth	average
							growth
Volume Points (millions)	2,838	3,233	3,922	4,720	5,337	13%	14%
Operating Income (\$, millions)	296.0	387.5	562.3	661.4	735.3	11%	19%
Earnings Per Share (\$) (diluted)	1.60	2.32	3.32	3.94	4.91	25%	25%

At our 2013 annual general meeting, our shareholders expressed strong support for our 2012 executive compensation program, with over 87% of votes cast in favor of the advisory vote proposal. Our 2012 executive compensation program was modeled after our programs in 2011 and in 2010, both of which also received strong support from our shareholders. When designing our 2013 executive compensation program, the compensation committee of the Board of Directors, or the Committee, considered, among other things, our 2010-2012 financial performance and shareholder feedback, and after careful consideration, determined we could make some slight improvements to reflect current business trends in order to improve the design of our executive compensation program for 2013.

We believe that the Company's financial performance is facilitated by the pay for performance design of our compensation program. Our program motivates our executives to deliver financial results, with the appropriate level of risk taking, against three performance metrics in a manner that ultimately results in the realized growth of shareholder equity value. Our executives have the opportunity to earn annual incentive awards provided that the Company achieves aggressive growth targets in Volume Points, operating income and earnings per share, or EPS.

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

Volume Points are point values assigned to each of our products. We assign a Volume Point value to a product when it is first introduced into a market, and that value is unaffected by subsequent exchange rate and price changes. As a result, we believe that Volume Points exhibit

Table of Contents

the most accurate available measure of organic growth or decline in the local demand for our products.

Incenting operating income growth ensures that Volume Point growth is achieved on a cost-effective basis and that cost efficiencies and productivity enhancements are achieved throughout the Company. Incenting EPS growth ensures that the favorable contribution from operating income growth is realized within a tax efficient capital structure. Equity awards that comprise the potential for the most significant income opportunity for our executive officers directly align our executives' interests in creating enhanced shareholder value with those of our shareholders.

Our 2013 executive compensation program incorporates an important performance related enhancement intended to ensure the sustainability of our annual achievements in Volume Point, Operating Income and EPS growth, and we expect to retain this enhancement in 2014. As a company that sells nutrition products through the direct selling channel, the success of our Members engaged in product

resale, or our sales leaders, is critical to the financial success of our company as a whole. The 2013 annual equity awards issued to our NEOs and to all of our Section 16 reporting executives requires that, in order for the awards to vest, the Company must meet the additional performance criteria of achieving sales leader retention levels set by the Committee.

We believe that our 2013 executive compensation program aided in providing the appropriate incentives that led to our shareholder returns in 2013. The Committee reviews the executive compensation program of the Herbalife Peer Group, an industry peer group selected with the aid of the Committee's compensation consultant, when making decisions regarding our executive compensation program. In 2013, these peer companies were within 50% and 200% of our annual revenues, market capitalization, or both. Our industry peer group median revenue of \$5.8 billion and market capitalization of \$9.1 billion were comparable to ours, particularly after considering our revenue and market capitalization growth rates.

Our one-year, three-year and five-year total shareholder returns in and as of 2013 compare favorably to most members of the Herbalife Peer Group, as reflected below:

In addition to financial success, the Company achieved key strategic accomplishments in 2013 that provided significant support for the Company's continued growth and success. These include:

expanding the global roll-out and member acceptance of daily consumption based sales methods;

regionalizing our sales and Member support activities to help penetrate deeper into existing markets;

launching and executing upon our "build it better" program, resulting in continuous improvement efforts throughout the Company;

increasing the Company's vertical manufacturing capacity and capability for our key products; and

improving the number and effectiveness of our product access points and distribution facilities.

Executive summary of our compensation program

Our executive compensation program is designed to attract, motivate and retain a talented and high-performing executive team to lead the Company's global success selling food, dietary supplements and personal care products that are regulated at varying levels in the 91 markets where we operate through a direct selling business channel. The compensation program accomplishes this in a way that incents and creates long-term growth and enhanced value for our shareholders. The Committee has responsibility for establishing, developing and implementing these programs while ensuring an appropriate level of risk tasking.

Program features

The direct compensation of our NEOs in 2013 consisted of base salary, annual cash incentives, and grants of equity in the form of SARs. Due to the proportion of annual cash incentives and SARs, the vast majority of the total compensation of our NEOs is tied to the Company's financial and share price performance. In setting target compensation, the Committee focuses on the total compensation opportunity for the executive. Although there is no targeted mix of compensation elements, the proportion of compensation designed to be delivered in variable pay versus base salary increases with the ability of the executive to influence overall Company financial results. For 2013, as reflected in the Summary Compensation Table, 82% of CEO compensation was provided in the form of annual and long-term incentives that are tied to the Company's top line performance, EPS results and stock price. For the other NEOs as a group, 75.5% of total compensation was similarly comprised of performance-based compensation.

Several key operating performance measures that drive our share value – Volume Point growth, Operating Income and

EPS – are used in the annual incentive plans for our named executive officers. Each of these measures is more fully described in "Annual Incentive Awards – Targets and Award Determination," below. Long-term incentives granted in 2013 in the form of SARs provide a direct alignment to long-term shareholder interests.

Things we do

Our executive compensation program is simple in design, and follows guidelines that have repeatedly proven effective in creating a "pay for performance" culture and has led us to sustained profitable growth. These include:

tying the vast majority of the income opportunity available to our executives to long term growth in shareholder value;

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

beginning in 2013, incorporating performance criteria relative to the vesting of annual equity awards for all Section 16 officers;

making annual incentive awards available only to the extent that key performance targets are met that ensure profitable and efficient business growth;

demanding growth in the relevant annual incentive program metrics relative to the expectations of our investors as well as the prevailing growth rates in the Herbalife Peer Group as a prerequisite to the receipt of any annual incentive award;

imposing caps on awards payable to each named executive officer under our annual incentive plan;

imposing an outside limit on amounts payable to all employees collectively under our annual incentive plan equal to 10% of operating income;

imposing an outside limit on the gross amount of bonus awards above targets of 20% of our operating income above budget;

the Committee retaining and regularly consulting with an independent compensation advisor;

the Committee reviewing current data regarding the Herbalife Peer Group when compensation decisions are made;

the scheduling of our annual equity grant effective dates during open trading window periods after the Company has disclosed all material information to the investing public, typically after the annual shareholder meeting;

prohibiting pledging, hedging and other types of securities transactions intended to lock in gain on share price appreciation;

subjecting our Section 16 officers to compensation clawbacks in the event of a financial misstatement per the Company's clawback policy; and

providing limited perquisites that generally reinforce the Company's strategy and culture of supporting healthy lifestyles.

Things we don't do

The Committee is committed to maintaining and adopting prevailing best practices with regard to executive compensation. As such, we **DO NOT DO** the following:

we do not provide tax gross ups to our NEOs (other than with respect to benefits payable to Mr. Johnson in the event of a change in control, pursuant to provisions that were grandfathered into his current employment agreement);

we do not guarantee our executives any annual incentive award amounts – all annual bonuses require financial performance as established by the Committee;

we do not re-price or back date equity awards;

we do not issue equity awards with below market exercise prices;

we do not spring-load, bullet-dodge or otherwise manipulate the effective date of our annual equity grant program; and

we do not provide supplemental retirement benefits.

Executive compensation program objectives

As a leader in nutritional products sold through a direct selling distribution channel, generating approximately 80% of our net sales outside the United States, we operate in an environment of challenging regulatory, economic and political uncertainty. Our success depends on the leadership of a highly-talented, adaptive and dedicated executive team. Our compensation program for our NEOs provides highly-competitive rewards to executives who contribute to our annual success in achieving superior growth in revenues and profitability, as well as increasing shareholder returns over time.

The Committee believes that shareholder interests are advanced if the Company assembles, motivates and rewards a high-performing management team. To promote this objective, the Committee was guided by the following underlying principles in developing its executive compensation program:

The program should be designed to attract and encourage a long-term commitment from talented executives necessary to lead our global nutrition business and advance shareholders' interests in a manner consistent with our company value of "operating with integrity".

Compensation opportunities should be highly competitive with the pay practices of companies that operate in highly regulated, global markets and require similar executive skills and capabilities.

A meaningful portion of total compensation should be at risk and tied to achievement of annual financial performance goals and improvement in long-term shareholder value.

Incentive compensation should provide superior pay for superior performance that meets or exceeds the expectations of our shareholders.

Incentive compensation should reflect a balanced time horizon between annual and long-term performance in order to promote sustainable growth in the value of the enterprise.

Long-term incentives should be provided in Company equity, where allowed by local law, to encourage executives to plan and act with the perspective of shareholders and the Company's vision, mission and values in mind and to reward them for the successful implementation of our growth strategies.

Compensation advisor

The Committee retained Exequity LLP, or Exequity, through 2013 to assist in evaluating our executive compensation programs and in setting executive officer compensation. Exequity is a nationally recognized compensation consulting firm and provides an additional objective perspective as to the reasonableness of our executive compensation programs and practices and their effectiveness in supporting our business and compensation objectives. During 2013, Exequity regularly participated in Committee meetings and advised the Committee with respect to compensation trends and best practices, plan design, competitive pay levels, CEO long-term performance equity grants, individual pay decisions with respect to our named executive officers and other executive officers, and proxy statement disclosure. While Exequity regularly consults with management in performing work requested by the Committee, Exequity did not perform any separate services for management.

On February 12th, 2014, the Committee considered the following six factors with respect to Exequity: (i) the provision of other services to the Company by Exequity; (ii) the amount of fees received from the Company by Exequity as a percentage of the total revenue of Exequity; (iii) the policies and procedures of Exequity that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Exequity consultant with a member of the Committee; (v) any stock of the Company owned by the Exequity consultant; and (vi) any business or personal relationship of the Exequity consultant or Exequity, as applicable, with any executive officer of the Company. After considering the foregoing factors, the Committee determined that Exequity was independent and that its work with the Committee for fiscal 2013 has not raised any conflict of interest.

Establishing CEO compensation

The Chair of the Committee, with input from the compensation advisor, recommends the CEO's compensation to the Committee in an executive session not attended by the CEO. Once a recommendation has been

Table of Contents

established by the Committee, the CEO’s compensation is reviewed and approved by the independent members of the Board.

Role of executive officers in executive compensation decisions

The CEO reviews compensation data gathered from a group of peer companies approved by the Committee and described below under Peer Group, or the Herbalife Peer Group, and general industry compensation surveys, considers each executive officer’s performance

and makes a recommendation to the Committee on changes to base salary, annual incentive awards and equity awards for each executive officer other than himself. The CEO participates in Committee meetings at the Committee’s request to provide background information regarding the Company’s strategic objectives and to evaluate the performance of and compensation recommendations for the other executive officers. The Committee utilizes the information provided by the CEO along with input from its compensation advisor and the knowledge and experience of its members in making compensation decisions.

Purpose of compensation elements

The compensation and benefits program for our named executive officers consists of and is designed to achieve the following:

Direct pay component	Purpose
Base salary	Provide a competitive foundation for total compensation to each executive in consideration of his job scope, demonstrated sustained performance, capabilities and experience
Annual cash incentives	Reward executives for the achievement of challenging annual financial targets and other operating objectives that should drive growth in shareholder value
Long-term incentives (time and performance-based SARs)	Incentive for executives to make decisions that will enhance shareholder value, rewards executives with participation in the creation of long-term shareholder value and encourages successful executives to remain with the Company
Indirect pay (benefits)	
Executive medical & wellness	Promote a healthy, active lifestyle among our executives through an annual health screening evaluation and an allowance for purchase of physical conditioning equipment, services and related resources
Financial planning	Encourage executives to engage knowledgeable experts to assist with personal financial and tax planning, which we believe facilitates greater focus on their Company duties
Retirement benefits	Encourage executives to build retirement resources by providing a match on deferred compensation in the Company’s 401(k) plan and Senior Executive Deferred Compensation Plan
Insurance benefits (life and disability)	Provide a competitive benefit in the event of death or disability of an executive
Severance benefits	Enable each executive to focus his or her full time and attention on meeting the financial and operating objectives set by the Committee without fear of the financial consequences of an unexpected termination of employment
Change in control benefits	Enable executives to focus on shareholder interests when considering strategic alternatives

Table of Contents**Base salaries**

The Committee reviews base salaries of our NEOs annually. The salaries of all of our NEOs were unchanged for 2013, as compared to 2012.

Executive	2013 Salary
Michael O. Johnson	\$1,236,000
Desmond Walsh	\$656,000
Richard P. Goudis	\$656,000
Brett R. Chapman	\$621,500
John G. DeSimone	\$556,000

Annual incentive awards & long term incentive program**General**

Target annual incentive compensation, and equity grant values, are set as a percentage of each executive's base salary. In setting target annual and long-term incentive compensation levels, the Committee focuses on the total compensation opportunity for each executive. Variations in compensation among our executive officers reflect differences in the scope and complexity of the functions they oversee, the contribution of those functions to our overall performance, their experience and capabilities, and individual performance. Although there is no targeted mix of compensation elements, the proportion of compensation designed to be delivered in variable pay vs. base salary increases with the ability of the executive to influence overall Company results. We also monitor the compensation practices of our peers to obtain a general understanding of competitive compensation practices and target metrics.

Annual incentive awards

Our annual cash incentive plan is designed to motivate and reward the achievement of annual financial targets and key operating goals that should create value for our shareholders. The Committee establishes financial performance targets and goals for our incentive plan each year that are consistent with the Company's 5 year plan and also aligned with public investor expectations and that are competitive with those of the Herbalife Peer Group. The performance measures used for each named executive officer are based on the executive's primary area of focus and the executive's ability to affect the Company's results. The criteria used for 2013 match those used in each of 2009-2012 and consist of targeted EPS which the Committee believes is an important measure of shareholder value creation that aligns the interest of our executives with the expectations of our investors, year-over-year Volume

Point growth, serving as a proxy for sales growth, and targeted Operating Income.

In addition to setting performance targets, the Committee has established two limitations, or guardrails, within the annual incentive plan that can affect the aggregate value of the awards. The first guardrail is the requirement that the aggregate payments made under the annual incentive plan cannot exceed 10% of the Company's Operating Income for the year. The second guardrail is the requirement that, if performance targets are exceeded, the incremental incentive awards payable to the management team as a whole should not exceed 20% of the incremental Operating Income achieved in excess of targeted Operating Income.

Mr. Johnson's target and maximum annual incentive as a percentage of his base salary was negotiated and is set forth in his employment agreement. The minimum target annual incentive as a percentage of base salary for each of Messrs. Goudis and Chapman was negotiated and is set forth in each of their respective employment agreements. Subject to those limits, target incentives for our executives are set by the Committee depending on the employee's position, scope of responsibilities, ability to influence Company results, and competitive pay practices among the Herbalife Peer Group.

Mr. Johnson's employment agreement provides for a base annual incentive award equal to 3/4 of his total annual incentive opportunity payable to the extent the Company achieves EPS targets set by the Committee. Mr. Johnson's employment agreement also provides for a supplemental annual incentive award payable in the event of the achievement of an alternative performance target, or APT, equal to 1/4 of his total annual incentive opportunity. The APT incentive allows the Committee a degree of flexibility in incentivizing and rewarding him for the achievement

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

of key strategic, as well as financial, targets. As in each of 2009-2012, Volume Point growth was used in 2013 to determine Mr. Johnson's APT incentive in order to encourage a keen focus on the top-line growth valued by our investors.

Targets and award determination

Performance targets are aligned to what we believe to be the expectations of our Board and investors at the time of the annual budget review, typically in October of the preceding year of the relevant performance period. Budget figures are built from the bottom up based on input from operating regions regarding trends in their respective markets, including the general economic environment, sale and consumption of our products, sales leader activity and retention, and the degree of risk in achieving forecasted revenue and expense levels. In setting performance targets, the Committee also considers the Company's 5 year plan, Wall Street analysts' financial expectations for the Company, and the performance targets of selected companies within the Herbalife Peer Group.

For purposes of our annual incentive plan, the performance measures are defined as follows:

EPS is the Company's reported fully-diluted earnings per share calculated according to U.S. Generally Accepted Accounting Principles. Volume Points are point values assigned to each of our products for use by the Company to determine a Member's sales achievement level. We assign a Volume Point value to a product when it is first introduced into a market and that value is unaffected by subsequent exchange rate and price changes. The specific number of Volume Points assigned to a product, generally consistent across all markets, is based on a Volume Point to suggested retail price ratio for similar products in the market. Volume Points, which are unaffected by exchange rates or price changes, are used by management as a proxy for sales trends because, in general, an increase in Volume Points in a particular geographic region or country indicates an increase in our local currency net sales, while a decrease in Volume Points in a particular geographic region or country indicates a decrease in our local currency net sales.

Operating Income is the Company's net sales less expenses, including royalty payments, costs of sales and general operating expenses.

The following table shows the performance targets set by the Committee in 2013 and the Company's performance relative to those targets.

Annual incentive awards are payable only if and to the extent EPS, Volume Point growth and/or Operating Income meet and exceed the applicable performance target. Targets are set as part of the annual budget process, and generally require year-over-year growth in line with public investor expectations.

For 2013 Annual Incentive Plan performance purposes, our EPS and Operating Income were calculated consistent with our adjusted EPS presentations and earnings guidance provided to the investment community, specifically excluding (i) the 2013 Venezuelan Bolivar devaluation while adjusting Venezuelan results to the budgeted exchange rate of 10:1 (ii) the costs of re-auditing our 2010-2012 financial statements following KPMG's withdrawal of its audit opinions and (iii) expenses arising from the Company's defense against public attacks on its business model.

With the exception of the CEO's APT bonus opportunity, target-level bonuses are awarded for results between 100% and 102.9% of the applicable target, and bonus awards increase on a prorated basis in steps for results from 103% to 106%. The CEO's APT bonus is awarded for results equal to or in excess of 100% of the applicable Volume Point growth target in ratable increases following 100% of target achievement. This bonus scale is designed to encourage realistic target setting and prudent risk-taking while simultaneously creating a cap on the potential payout in order to avoid excessive incentive awards as compared to performance. For 2013, annual incentive opportunities as a percentage of base salary were established as follows:

Long term incentive awards

The Company's equity grants are intended to align executive officers' interests with the interests of shareholders by incenting our executives to make decisions that will enhance long-term shareholder value while rewarding them with the ability to participate in the share price appreciation they create, thereby enabling us to attract, motivate and retain highly qualified individuals for key leadership positions. The Committee also believes that these long-term incentives foster teamwork among the executives as well as long-term executive decision making that is aligned with the interests of the majority of our shareholders. Each year, the Committee determines the form of equity grant. For 2013, the total grant value was made in the form of SARs. SARs provide an opportunity for executives to earn additional compensation only to the extent our share price increases over the share price on the grant date and are less dilutive to our shareholders than stock options, restricted stock units or other full value awards.

To frame our equity grant decisions, immediately prior to the targeted grant date, the Committee established guideline grant values for the named executive officers in consideration of individual performance, scope of job responsibilities, prior equity grants and competitive practices using published information regarding the Herbalife Peer Group compiled by Exequity. Using these guidelines, our Chairman and CEO proposed to the Committee equity grants for each of the named executive officers other than himself. At the same time, the Committee, separately and without the involvement of the Chairman and CEO, evaluated and proposed equity grants for the Chairman and CEO to the independent members of the Board of Directors for their approval. The number of SARs granted is calculated by dividing the grant value by the option value determined in accordance with financial accounting and disclosure rules under ASC Topic 718 - Share Based Payments - using our closing share price on the date of grant.

Table of Contents

2013 Long term incentive awards annual grant program

Executive	SAR grant value	SARs awarded
Michael O. Johnson	\$5,000,000	151,331
Desmond J. Walsh	\$1,806,000	54,661
Richard P. Goudis	\$1,806,000	54,661
Brett R. Chapman	\$900,000	27,239
John G. DeSimone	\$1,500,000	45,339

In 2013, SARs were granted with an exercise price equal to the closing price of our Common Shares on December 19, the grant date, when the option fair value was \$33.04 and our closing share price was \$79.58. The SARs awarded to our named executive officers in 2013 vest and become exercisable based upon continued Company service over three years at the rate of 20% in June 2014, 20% in June 2015, and 60% in June 2016, provided that, as explained in more detail below, the Company's sales leader retention rate (Members engaged in the Company's business opportunity) equals or exceeds 50%. For the first 20% tranche to vest in June 2014, the Company's sales leader retention rate for fiscal 2013 must equal or exceed 50%, and for the second 20% tranche to vest in June 2015, the Company's sales leader retention rate for fiscal 2014 must equal or exceed 50%. If either or both of the first two tranches do not vest as scheduled (in June 2014 and/or June 2015, respectively), that tranche or those tranches, and the remaining 60% tranche, will vest in June 2016 to the extent the Company's average sales leader retention rate from fiscal 2013 through fiscal 2015 equals or exceeds 42%. Any portion of the award that is unvested as of June 2016 will be forfeited.

The Committee set the 50% sales leader retention performance target as an aspirational performance hurdle in light of the Company's annual sales leader retention rates over fiscal years 2004-2011, during which the Company's median annual sales leader retention rate was approximately 44% and a rate in excess of 45% was achieved only twice.

The following table illustrates the portions of the award that may vest if and to the extent these targeted sales leader retention rates are met.

Target	Mandatory Sales Leader Retention Targets in 2013 NEO SARs	Vesting Amount
FY 13	50% or more	20%
FY 14	50% or more	20%
FY 13-15 (3 yr average)	50% or more	100%*
	45% - 49.99%	75%*
	42% - 44.99%	50%*
	Less than 42%	0%

* Percentages are of the unvested balance of the SAR award as of June 2016.

Vesting the greatest percentage of the award value in the third year of its vesting period further encourages executive retention. Executives may exercise vested SARs at any time while employed at the Company and for 30 days following termination of employment other than for cause, so long as any such exercise is no later than ten years following the date of grant, at which point in time they expire. At exercise, the gains on SARs are settled by issuing Common Shares. We encourage all Section 16

officers to utilize a 10b-5 plan when exercising or selling any Herbalife equity.

Additional details of the 2013 equity awards made to our executives can be found in the tabular disclosure below under 2013 Grants of Plan-Based Awards.

Equity award grant policy

Annual long term incentive grants of SARs were made to our named executive officers on December 19, 2013. It is the Company's policy to make annual grants to our executive officers as of the third business day following our release of quarterly financial results after our annual shareholder meeting. In 2013, we were compelled to defer this grant date following KPMG's withdrawal of its audit opinions with respect to our 2010-2012 annual financial statements as a result of insider trading activity by the engagement partner. The final grant date took place in mid-December, two days after the announcement of the completion of our reaudits by PriceWaterhouseCoopers LLP. We also follow a monthly grant approval process where awards are authorized for newly-hired employees, certain selected retention situations, and to newly promoted executives other than our executive officers. The policy provides that the exercise price of stock options and SARs granted to executive officers and other employees will be established as the closing share price on the grant date. All equity awards made to our named executive officers and other executives are made pursuant to our equity grant policy, which was approved by the Committee.

Hedging

Company policy prohibits executives from entering into hedging transactions with respect to the Company's Common Shares.

Pledging

Company policy prohibits executives from pledging their Common Shares as collateral for a loan or for any other purpose.

Clawback policy

The Committee has adopted a policy that enables the Committee to clawback incentive compensation earned by our NEOs in periods that subsequently undergo a financial restatement.

Stock ownership guidelines

The Committee believes that named executive officers should be shareholders and maintain significant holdings of Common Shares. Because a significant portion of each named executive officer's compensation is paid in the

form of equity-based incentive compensation awards, the Committee believes that the use of ownership guidelines is an appropriate and beneficial approach to providing additional motivation to act in the long-term best interests of shareholders.

Pursuant to our policy, the CEO is encouraged to acquire and hold Common Shares and/or vested equity awards with an aggregate value equal to five times his base salary. The other named executive officers are encouraged to acquire and hold Common Shares and/or vested equity awards with an aggregate value equal to two times their respective base salaries. As of February 28, 2014, all of our NEOs were in compliance with these guidelines. The Committee reviews progress toward these standards annually.

Benefits and perquisites

The Company's U.S.-based employees, including the NEOs, participate in a variety of savings, health and welfare and paid time-off benefits typically provided by competitors for the services of the Company's employees. Health and welfare and paid time-off benefits help ensure that Herbalife has a healthy, productive and focused workforce.

In addition, our named executive officers are eligible to participate in the following executive benefits and perquisites:

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

Executive Health Benefits We value executive health and strive to support a healthy, active lifestyle among our named executive officers by providing the following health-related benefits:

Executive Physical We provide our executives with an annual health screening evaluation. We have arranged services with the Executive Health Department at UCLA, although this program allows executives to use other qualified medical practitioners for the annual health screening. The services are voluntary and confidential. We provide for a reimbursement of up to \$2,040 annually for each executive under this program.

Executive Wellness We provide a \$2,000 annual benefit to executives for the purchase of fitness training equipment, personal training services and other reasonable products or services that support physical conditioning.

Financial Planning We reimburse our named executive officers for financial counseling and tax preparation. Mr. Johnson is eligible for up to \$20,000 in reimbursement, while our remaining named executive officers are eligible for up to \$15,000 in reimbursement. This benefit is intended to encourage executives to engage knowledgeable experts to assist with personal financial and tax planning, which we believe enables executives greater focus on their Company duties.

Table of Contents

Retirement Benefits Our named executive officers participate in our tax-qualified 401(k) Plan and our Senior Executive Deferred Compensation Plan described in more detail under Non-Qualified Deferred Compensation Plans. We maintain these plans for the purposes of providing a competitive benefit, allowing named executive officers an opportunity to defer compensation to encourage our named executive officers to save for retirement. The 401(k) plan provides an employer match on the first 1% of employee deferral at 100%. On the next 5% of employee deferral, the employer match is 50%. The annual maximum employee deferral is \$17,500. Employer matching contributions vest 100% after two years of service.

Employee Stock Purchase Plan Our named executive officers are eligible to participate in our broad-based Employee Stock Purchase Plan, or ESPP. The ESPP generally allows all U.S. based employees and officers to purchase Common Shares through payroll deductions of up to 10% of their annual, eligible compensation up to a maximum of \$25,000 per year. The price of Common Shares purchased under the ESPP is equal to 85% of the fair market value of the Common Shares on the specified purchase date. We maintain the ESPP for the purpose of providing eligible employees of the Company and its subsidiaries with an opportunity to participate in the Company's success by purchasing Common Shares through payroll deductions.

Life Insurance We provide basic life insurance coverage of 200% of base salary up to a maximum of \$1,000,000 to our executives and up to \$600,000 to all other eligible employees. This is a fully insured benefit. Employees are taxed on their imputed income from this benefit on coverage exceeding \$50,000.

Long Term Disability We provide long term disability coverage to all eligible employees in order to provide replacement for lost income due to extended periods of a medical related leave of absence. The benefit after 90 days of disability is 60% of base salary up to a monthly maximum of \$25,000. This is a fully insured benefit plan and is not taxable to the employee.

Company Purchased Event Tickets We maintain season tickets at the Staples Center and at the Stub Hub Center in Southern California. Like our other employees, our named executive officers have the opportunity to use tickets not otherwise allocated for Company business purposes.

Security Due to unfounded and misleading attacks on the Company's business model commencing in 2012, several of our executives have received threats to their and their family's physical well-being and have been the subject of other harassing and threatening conduct. In 2013, the Company provided our NEOs with security systems at their homes in an attempt to protect them and their families from these violent threats.

Employment and severance agreements

In order to attract highly qualified executives capable of leading the Company, we have previously entered into employment agreements with Mr. Johnson, Chairman and Chief Executive Officer, Mr. Goudis, Chief Operating Officer, and Mr. Chapman, Chief Legal Officer and Corporate Secretary. Those agreements establish the terms and conditions for the employment relationship each executive has with the Company and specifies compensation, executive benefits, severance provisions, change in control provisions, preservation of confidential and proprietary information, non-solicitation, non-disparagement, and other conditions. Only Mr. Johnson's agreement provides for an excise tax gross-up in the event of the termination of his employment following a change in control of the Company.

The Company has also previously entered into a severance agreement with each of Messrs. Walsh and DeSimone. These agreements contain severance and change in control provisions similar to those found in the employment agreements of Messrs. Goudis and Chapman,

as detailed below. Neither agreement provides for an excise tax gross-up.

As a result of these agreements, each of the named executive officers is eligible for certain benefits and payments if his employment terminates for various reasons or as a result of a change in control of the Company. The Company has provided these benefits to the named executive officers to allow them to focus on the value of strategic alternatives to shareholders without concern for the impact on their continued employment, as each of their offices is at heightened risk of turnover in the event of a change in control. Separation benefits include cash payments and other benefits in an amount the Company believes is appropriate, taking into account the time it is expected to take a separated executive to find another job. Separation benefits are intended to ease the consequences to the executive of an unexpected termination of

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

employment. The Company requires a general release with non-compete and non-solicitation provisions in connection with the individual separation agreements.

We consider it likely that it will take more time for higher-level employees to find new employment commensurate with their prior experience, and therefore senior management generally are paid severance for a longer period. Additional payments may be approved by the Committee in some circumstances as a result of negotiation with executives, especially where the Company desires particular non-disparagement, cooperation with litigation, non-competition and non-solicitation terms.

The employment agreement for each of Messrs. Johnson, Goudis and Chapman and the severance agreement for

Executive compensation

Table of Contents

each of Messrs. Walsh and Mr. DeSimone specifically details various provisions for benefits and cash payments in the event of a separation. Generally, these agreements provide for certain benefits upon death, disability, resignation by the executive with good reason or termination by the Company without cause. They also provide for the acceleration of unvested equity awards in connection with a change in control.

The employment agreements and equity compensation awards granted to Messrs. Johnson, Goudis and Chapman contain change in control and termination provisions. In general, these arrangements provide for benefits upon a termination of such executive's employment in connection with a change in control. These arrangements are intended to preserve morale and productivity and encourage retention in the face of the disruptive impact of a change in control of the Company. Based on a competitive analysis of the severance and change in control arrangements maintained by the corporations in the Herbalife Peer Group, the Committee believes that these benefits are customary among the Herbalife Peer Group for executives in similar positions as these three executives.

Please refer to the discussion below under Potential Payments Upon Termination or Change in Control for a more detailed discussion of our severance and change in control arrangements.

Tax implications

Section 162(m) of the code

Section 162(m) of the Code, limits deductions for certain executive compensation in excess of \$1,000,000 in any fiscal year. Certain types of compensation are deductible only if performance criteria are specified in detail and payments are contingent on stockholder approval of the compensation arrangement. We attempt to structure our compensation arrangements to achieve deductibility under Section 162(m), unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. Further, the application of Section 162(m) is complex and may change with time (with potentially retroactive effect). The Committee will continue to monitor issues concerning the

deductibility of executive compensation and will take appropriate action if and when it is warranted. Thus, deductibility will not be the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation.

Section 280G of the code

Section 280G of the Code disallows a company's tax deduction for what are defined as excess parachute payments and Section 4999 of the Code imposes a 20% excise tax on any person who receives excess parachute payments in connection with a change in control. Mr. Johnson, as part of his employment agreement entered into in March 2008, would be provided with tax gross-up payments in the event any change in control payments that may be payable under his agreement become subject to this excise tax. The Committee believes that the provision of tax gross-up protection is

appropriate and necessary for his retention. Please refer to the discussion under Potential Payments upon Termination or Change in Control for more detail on the potential gross-up payments and lost tax deductions. The committee will reconsider the appropriateness of the gross-up for Mr. Johnson upon the negotiation of a new employment agreement, if any.

The Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on its review and discussion with management, the Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Mr. Chapman's Aggregate Balance at Last FYE also include the value of 7,840 restricted units with deferred settlement dates valued using the closing price of a Common Share on the NYSE on December 31, 2013 of \$78.70.

Non-qualified deferred compensation plans. We maintain the Senior Executive Plan, which is applicable to eligible employees at the rank of Senior Vice President and higher. The Senior Executive Plan was amended and restated effective January 1, 2001.

The Senior Executive Plan is unfunded and benefits are paid from the Company's general assets, except that the Company has contributed amounts to a rabbi trust whose assets will be used to pay benefits if we remain solvent, but can be reached by our creditors if we become insolvent. The Senior Executive Plan allows eligible employees, who are selected by the administrative committee that manages and administers the plan, or the Deferred Compensation Committee, to elect annually to defer up to 75% of their annual base salary and up to 100% of their annual bonus for each calendar year, or the Annual Deferral Amount. We make matching contributions on behalf of each participant in the Senior Executive Plan, which matching contributions are 100% vested at all times.

Effective January 1, 2002, the Senior Executive Plan was amended to provide that the amount of the matching contributions is to be determined by us in our discretion. Effective January 1, 2010, the matching contribution was set to 3.5% of a participant's annual base salary. Effective January 1, 2013, the matching contribution changed to 3.5% of a participant's annual base salary in excess of \$255,000 and the amount by which deferrals reduce 401(k) eligible pay below the IRS limit.

Each participant in the Senior Executive Plan may determine how his or her Annual Deferral Amount and matching contributions, if any, will be deemed to be invested by choosing among several investment funds or indices designated by the Deferred Compensation Committee. The Senior Executive Plan, however, does not require us to actually acquire or hold any investment fund or other assets to fund the Senior Executive Plan. The entire interest of each participant in the Senior Executive Plan is always fully vested and non-forfeitable.

In connection with a participant's election to defer an Annual Deferral Amount, the participant may also elect to receive a short-term payout, equal to the Annual Deferral Amount and the matching contributions, if any, attributable thereto plus earnings, and shall be payable two or more years from the first day of the year in which the Annual Deferral Amount is actually deferred. As of January 2004, the Senior Executive Plan was amended to allow for deferral of the short-term payout date if the deferral is made within the time period specified therein. Subject to the short-term payout provision and specified

exceptions for unforeseeable financial emergencies, a participant may not withdraw, without incurring a ten percent (10%) withdrawal penalty, all or any portion of his or her account under the Senior Executive Plan prior to the date that such participant either (1) is determined by the Deferred Compensation Committee to have incurred permanent and total disability or (2) dies or otherwise terminates employment.

Potential payments upon termination or change in control

The information below describes certain compensation that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change in control had occurred on December 31, 2013 based upon the closing price of a Common Share on the NYSE on December 31, 2013 of \$78.70, given the named executive officers' compensation and service levels as of such date. In addition to the benefits described below, upon any termination of employment, each of the named executive officers would also be entitled to the amount shown in the column labeled "Aggregate Balance at Last FYE" in the 2013 Non-Qualified Deferred Compensation table.

As of December 31, 2013, the Company had entered into employment agreements with each of Messrs. Johnson, Goudis and Chapman and a severance agreement with each of Messrs. Walsh and DeSimone, each as described in more detail below. In addition to the employment agreements with Messrs. Johnson, Goudis and Chapman, the Company has also entered into award agreements governing the equity-based compensation awards (including stock options, SARs and RSUs) granted to each of Messrs. Johnson, Goudis and Chapman.

Michael O. Johnson

Pursuant to the Johnson Employment Agreement, upon termination of Mr. Johnson's employment by Herbalife America for Cause, or by Mr. Johnson without Good Reason, each as defined below, Mr. Johnson would be entitled to his then current accrued and unpaid base salary through the effective date of termination as well as 100% of any accrued and unpaid bonus for any years preceding the year of termination, but not for the year of termination. Mr. Johnson would also be entitled to any rights that may exist in his favor to payment of any amount under any employee benefit plan or arrangement of Herbalife America, other than those set forth in the Johnson Employment Agreement, in accordance

with the terms and conditions of any such employee benefit plan or arrangement.

For the term of the Johnson Employment Agreement, we provide a ten-year fixed premium term life insurance policy in the amount of \$10 million. Mr. Johnson designates both the owner and beneficiary of this policy. After the expiration of the term, Mr. Johnson may elect to continue coverage under such policy at his own cost.

If Mr. Johnson dies or if his employment is terminated as a result of his Disability, as defined below, in addition to his accrued benefits, he will be entitled to receive a pro rata bonus payment for the year of termination based on the Company's actual results for the entire year. In addition, following a termination of employment by reason of Mr. Johnson's death or Disability, Mr. Johnson and/or his spouse will be eligible to receive retiree medical benefits until the age of 65.

Upon termination of Mr. Johnson's employment by Herbalife America without Cause, or by Mr. Johnson for Good Reason, in addition to the benefits described in the preceding paragraph, Mr. Johnson would also be entitled to an additional amount equal to two times the sum of his then-current salary and bonus level (defined as two times his then-current salary), which in total as of December 31, 2013 was equal to \$7,416,000, payable in a lump sum due within 60 days of termination. If the effective date of such termination without Cause or resignation for Good Reason occurs during a trading blackout or quiet period with respect to the Company's Common Shares or if the Company determines, upon the advice of legal counsel, that Mr. Johnson may not trade in the Company's Common Shares on the effective date of such termination due to his possession of material non-public information, and in each case the restriction or prohibition continues for a period of at least twenty consecutive calendar days, Mr. Johnson will be paid an additional lump sum amount equal to \$250,000. Mr. Johnson will also be eligible to receive outplacement services for up to six months paid for by the Company in an amount not to exceed \$20,000. As a precondition to the Company's obligation to pay the amounts described above, Mr. Johnson must execute a general release of claims. In addition, if Mr. Johnson is terminated for any reason other than for Cause, Mr. Johnson and his spouse will be entitled to continued medical benefits under a Company-provided medical plan until they reach age 65.

Upon the occurrence of a Change of Control, as defined below, 50% of all unvested stock options, SARs and RSUs granted to Mr. Johnson (other than the 2011 SARs) shall immediately vest; however, the compensation committee may, in its sole discretion, accelerate the vesting of additional stock options, SARs and RSUs upon the occurrence of a Change of Control. Should Mr. Johnson's employment be terminated for any reason other than for Cause or resignation without Good Reason within the 90-day period preceding a Change of Control or at any time after a Change of Control, then all of his unvested stock options, SARs and RSUs (other than the 2011 SARs) shall

vest as of the effective date of the termination. If Mr. Johnson's employment is terminated as a result of his death or Disability, all unvested stock options, SARs and RSUs (other than the 2011 SARs) will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs (other than the 2011 SARs) shall be forfeited upon the termination of Mr. Johnson's employment with the Company.

The 2011 SARs are subject to full vesting acceleration upon the occurrence prior to December 31, 2014 of a Change of Control or a termination of Mr. Johnson's employment by the Company without Cause, by Mr. Johnson for Good Reason or as a result of Mr. Johnson's death or Disability, in each case, subject to the achievement by the Company prior to such event (or, with respect to a Change of Control, as a result of such event) of an alternate Volume Point performance target determined by the compensation committee.

The Johnson Employment Agreement includes provisions that were initially negotiated in connection with Mr. Johnson's 2003 employment agreement (superseded by the Johnson Employment Agreement) while the Company was privately held. Accordingly, pursuant to both the Johnson Employment Agreement and that superseded 2003 agreement, in the event that Mr. Johnson becomes entitled to payments and/or benefits under the Johnson Employment Agreement that are subject to excise tax pursuant to Section 4999 of the Code, the Company shall pay Mr. Johnson additional amounts so as to bear the full burden of that excise tax.

Pursuant to our severance agreement with Desmond Walsh, or the Walsh Severance Agreement, if Mr. Walsh is terminated by the Company without Cause or resigns for Good Reason, each as defined below, he is entitled to be paid a lump sum amount equal to two times his then-current annual salary, which lump sum amount as of December 31, 2013 was equal to \$1,312,000, in addition to all other accrued but unpaid entitlements. The Company will also provide Mr. Walsh with outplacement services for up to six months by a provider selected and paid for by the Company in an amount not to exceed \$20,000. In the event that Mr. Walsh is qualified for and elects COBRA coverage under the Company's health plans after a termination without Cause or a resignation for Good Reason, the Company will continue to pay its share of the cost of premiums under such plans until Mr. Walsh is reemployed, or for a period of two years, whichever occurs first. If Mr. Walsh is terminated by the Company without Cause, resigns for Good Reason, or retires, dies, or resigns as a result of a disability, he will be entitled to receive a pro rata bonus payment, at such time bonuses are paid to the Company's other senior executives, based on the number of months worked in the applicable year. As a precondition to the Company's obligation to pay the

amounts described above, Mr. Walsh must execute a general release of claims.

Upon the occurrence of a Change of Control, as defined below, 100% of all unvested stock options, SARs and RSUs granted to Mr. Walsh shall immediately vest. If Mr. Walsh's employment is terminated as a result of his death or disability, all unvested stock options, SARs and RSUs will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs shall be forfeited upon the termination of Mr. Walsh's employment with the Company.

Richard Goudis

Pursuant to the Goudis Employment Agreement, if Mr. Goudis is terminated by the Company without Cause or resigns for Good Reason, each as defined below, he is entitled to be paid a lump sum amount equal to two times his then-current annual salary, which lump sum amount as of December 31, 2013 was equal to \$1,312,000, in addition to all other accrued but unpaid entitlements. The Company will also provide Mr. Goudis with outplacement services for up to six months by a provider selected and paid for by the Company in an amount not to exceed \$20,000. In the event that Mr. Goudis is qualified for and elects COBRA coverage under the Company's health plans after a termination without Cause or a resignation for Good Reason, the Company will continue to pay its share of the cost of premiums under such plans until Mr. Goudis is reemployed, or for a period of two years, whichever occurs first. If Mr. Goudis is terminated by the Company without Cause, resigns for Good Reason, or retires, dies, or resigns as a result of a disability, he will be entitled to receive a pro rata bonus payment, at such time bonuses are paid to the Company's other senior executives, based on the number of months worked in the applicable year. As a precondition to the Company's obligation to pay the amounts described above, Mr. Goudis must execute a general release of claims.

Upon the occurrence of a Change of Control, 100% of all unvested stock options, SARs and RSUs granted to Mr. Goudis shall immediately vest. Should Mr. Goudis's employment be terminated for any reason other than for Cause or resignation without Good Reason and at the time of such termination Mr. Michael O. Johnson is no longer serving as the Company's Chief Executive Officer, then 50% of Mr. Goudis's unvested stock options, SARs and RSUs shall vest immediately prior to such termination. If Mr. Goudis's employment is terminated as a result of his death or disability, all unvested stock options, SARs and RSUs will vest as of the date of such termination. Except as set forth above, all unvested stock options, SARs and RSUs shall be forfeited upon the termination of Mr. Goudis's employment with the Company.

The Company will also provide Mr. Chapman with outplacement services for up to six months by a provider selected and paid for by the Company in an amount not to exceed \$20,000. In the event that Mr. Chapman is qualified for and elects COBRA coverage under the Company's health plans after a termination without Cause or a resignation for Good Reason, the Company will continue to pay its share of the cost of premiums under such plans until Mr. Chapman is reemployed, or for a period of two years, whichever occurs first. If Mr. Chapman is terminated by the Company without Cause, resigns for Good Reason, or retires, dies, or resigns as a result of a disability, he will be entitled to receive a pro rata bonus payment, at such time bonuses are paid to the Company's other senior executives, based on the number of months worked in the applicable year. As a precondition to the Company's obligation to pay the amounts described above, Mr. Chapman must execute a general release of claims.

Upon the occurrence of a Change of Control, as defined below, 100% of all unvested stock options, SARs and RSUs granted to Mr. Chapman shall immediately vest. Should Mr. Chapman's employment be terminated for any reason other than for Cause or resignation without Good Reason and at the time of such termination Mr. Michael O. Johnson is no longer serving as the Company's Chief Executive Officer, then 50% of Mr. Chapman's unvested stock options, SARs and RSUs shall vest immediately prior to such termination. If Mr. Chapman's employment is terminated as a result of his death or disability, all unvested stock options, SARs and RSUs will vest as of the date of such termination. Under the Johnson Employment Agreement, Mr. Johnson will be entitled to reimbursement for any excise taxes imposed as well as a gross-up payment equal to any income, payroll and excise taxes payable by him as a result of the reimbursement for the excise taxes. Part 6 Certain relationships and related transactions

The Company has several written policies applicable to the review and approval of related party transactions. Pursuant to the audit committee charter, any related party transaction in which a director has an interest must be reviewed and approved by the audit committee. The Company's Conflicts of Interest Policy generally prohibits any Company employee from conducting any activity that is or could be construed as a conflict with the Company's interests or as an interference with the employee's duty to serve the Company at all times to the best of his or her ability. Pursuant to that policy, any related party transaction involving employees, including executive officers, must be reviewed and approved by both the Company's legal and internal audit departments.

Registration rights agreement

Michael O. Johnson, our Chairman and Chief Executive Officer, is a party to a registration rights agreement with the Company. If we at any time propose to register any Company securities under the Securities Act of 1933, as amended, or the Securities Act, for sale to the public, in

certain circumstances, Mr. Johnson, may require us to include his shares in the securities to be covered by the registration statement. Such registration rights are subject to customary limitations specified in the agreement.

Indemnification of directors and officers

The Memorandum and Articles of Association provide that, to the fullest extent permitted by the Companies Law (2013 Revision), or the Statute, every director, agent or officer of the Company shall be indemnified out of the assets of the Company against any liability incurred by him as a result of any act or failure to act in carrying out his functions other than such liability (if any) that he may incur by his own willful misconduct. To the fullest extent permitted by the Statute, such director, agent or officer shall not be liable to the Company for any loss or damage in carrying out his functions unless the liability arises through the willful misconduct of such director, agent or officer.

The Company is a Cayman Islands exempted limited liability company. As such, it is governed by the laws of the Cayman Islands with respect to the indemnification provisions. Cayman Islands law does not limit the extent to which a company's articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against civil fraud or the consequences of committing a crime. The Memorandum and Articles of Association provide for indemnification of officers and directors for losses, damages, costs and expenses incurred in their capacities as such, except in the case of (a) any fraud or dishonesty of such director or officer, (b) such director's or officer's conscious,

intentional or willful breach of his obligation to act honestly, lawfully and in good faith with a view to the best interests of the Company or (c) any claims or rights of action to recover any gain, personal profit or other advantage to which the director or officer is not legally entitled.

The Company has entered into an indemnification agreement with each of its directors and certain of its officers to supplement the indemnification protection available under the Memorandum and Articles of Association. These indemnity agreements generally provide that the Company will indemnify the parties thereto to the fullest extent permitted by law.

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

In addition to the indemnification provisions set forth above, the Company maintains insurance policies that indemnify its directors and officers against various liabilities arising under the Securities Act and the Exchange Act that might be incurred by any director or officer in his capacity as such.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to managers, officers or persons controlling us pursuant to the foregoing, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Householding of proxy materials.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for certain proxy materials with respect to two or more shareholders sharing the same address by delivering a single set of these proxy materials addressed to those shareholders. This process, which is commonly referred to as householding, potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and

would prefer to receive a separate set of proxy materials, or if you are receiving multiple copies of the proxy materials and wish to receive only one, please notify your broker if your Common Shares are held in a brokerage account or the Company if you hold Common Shares directly. You can notify the Company by sending a written request to Herbalife Ltd., c/o Herbalife International, Inc., Assistant Corporate Secretary, 800 W. (a) *Aggregate Limits.* The aggregate number of shares of Common Stock issuable under the Plan shall not exceed 5,000,000, plus any shares of Common Stock that remained available for issuance under the Prior Plans as of the Effective Date. Any shares of Common Stock issued under Options or Stock Appreciation Rights shall be counted against the number of shares issuable under the Plan on a one-for-one basis and any shares of Common Stock issued pursuant to Awards other than Options or Stock Appreciation Rights shall be counted against this limit as 2.13 shares of Common Stock for every one (1) share of Common Stock subject to such Award. Shares of Common Stock subject to outstanding awards under the Prior Plan as of the Effective Date (such awards the Prior Plan Awards) that, after the Effective Date, are canceled, expired, forfeited or otherwise not issued under a Prior Plan Award (including as a result of being withheld to pay withholding taxes in connection with any such awards (other than options or stock appreciation rights)) or settled in cash shall be added to the number of shares of Common Stock issuable under the Plan as one (1) share of Common Stock if such shares were subject to options or stock appreciation rights granted under the Prior Plan, and as 2.13 shares of Common Stock if such shares were subject to awards other than options or stock appreciation rights granted under the Prior Plan. The aggregate number of shares of Common Stock available for grant under this Plan and the number of shares of Common Stock subject to Awards outstanding at the time of any event described in Section 15 shall be subject to adjustment as provided in Section 15. The shares of Common Stock issued pursuant to Awards granted under this Plan may be shares that are authorized and unissued or shares that were reacquired by the Company, including shares purchased in the open market.

(b) *Issuance of Shares.* For purposes of Section 5(a), the aggregate number of shares of Common Stock issued under this Plan at any time shall equal only the number of shares of Common Stock actually issued upon exercise or settlement of an Award, and shares of Common Stock subject to Awards that have been canceled, expired, forfeited or otherwise not issued under an Award and shares of Common Stock subject to Awards settled in cash shall not count as shares of Common Stock issued under this Plan. Notwithstanding the foregoing, the following shares of Common Stock will not be added back (or with respect to Prior Plan Awards, will not be added) to the aggregate number of shares of Common Stock available for issuance: (i) shares of Common Stock that were subject to a stock-settled Stock Appreciation Right (or a stock appreciation right granted under a Prior Plan) and were not issued upon the net settlement or net exercise of such Stock Appreciation Right (or stock appreciation right granted under a Prior Plan), (ii) shares of Common Stock delivered to or withheld by the Company to pay the exercise price of an Option (or an option granted under a Prior Plan), (iii) Shares of Common Stock delivered to or withheld by the Company to pay the withholding taxes related an Option or Stock Appreciation Right (or an option or stock appreciation right granted under a Prior Plan), or (iv) Shares of Common Stock repurchased on the open market with cash proceeds from exercise of an Option (or option granted under a Prior Plan). Any shares of Common Stock that again become available for grant pursuant to this Section 5 shall be added back as one (1) share of Common Stock if such shares were subject to Options or Stock Appreciation Rights granted under the Plan or options or stock appreciation rights granted under a Prior Plan, and as 2.13 shares of Common Stock if such shares were subject to Awards other than Options or Stock Appreciation Rights granted under the Plan or subject to awards other than options or stock appreciation rights granted under the Prior Plans. In addition, any shares issued by the Company through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for grants under the Plan.

(c) *Tax Code Limits.* The aggregate number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options granted under this Plan shall not exceed 5,000,000, which number shall be calculated and adjusted pursuant to Section 15 only to the extent that such calculation or adjustment will not affect the status of any option intended to qualify as an Incentive Stock Option under Section 422 of the Code. The aggregate number of shares of Common Stock subject to Awards granted under this Plan during any calendar year to any one Participant shall not exceed 2,000,000 (the *Annual Share Limit*), which number shall be calculated and adjusted pursuant to Section 15 only to the extent that such calculation or adjustment will not affect the status of any Award intended to qualify as *performance-based compensation* under Section 162(m) of the Code but which number shall not count any tandem SARs (as defined in Section 9). The maximum cash amount payable pursuant to that portion of an Incentive Bonus granted in any calendar year to any Participant under this Plan that is intended to satisfy the requirements for *performance-based compensation* under Section 162(m) of the Code shall not exceed \$15,000,000 (the *Annual Cash Limit*).

(d) *Substitute Awards.* Substitute Awards shall not reduce the shares of Common Stock authorized for issuance under the Plan or authorized for grant to a Participant in any calendar year. Additionally, in the event that a company acquired by the Company or any Subsidiary, or with which the Company or any Subsidiary combines, has shares available under a pre-existing plan approved by shareholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination) may be used for Awards under the Plan and shall not reduce the shares of Common Stock authorized for issuance under the Plan; provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were employees of such acquired or combined company before such acquisition or combination.

6. Administration of the Plan

(a) *Administrator of the Plan.* The Plan shall be administered by the Committee. The Board shall fill vacancies on, and from time to time may remove or add members to, the Committee. The Committee shall act pursuant to a majority vote or unanimous written consent. Any power of the Committee may also be exercised by the Board, except to the extent that the grant or exercise of such authority would cause any Award or transaction to become subject to (or lose an exemption under) the short-swing profit recovery provisions of Section 16 of the Securities Exchange Act of 1934 or cause an Award intended to qualify as performance-based compensation under Section 162(m) of the Code not to qualify for such treatment. To the extent that any permitted action taken by the Board conflicts with action taken by the Committee, the Board action shall control. To the maximum extent permissible under applicable law, the Compensation Committee of the Board (or any successor) may by resolution delegate any or all of its authority to one or more subcommittees composed of one or more directors and/or officers, and any such subcommittee shall be treated as the Committee for all purposes under this Plan. Notwithstanding the foregoing, if the Board or the Compensation Committee of the Board (or any

Table of Contents

successor) delegates to a subcommittee comprised of one or more officers of the Company (who are not also directors) the authority to grant Awards, the resolution so authorizing such subcommittee shall specify the total number of shares of Common Stock such subcommittee may award pursuant to such delegated authority, and no such subcommittee shall designate any officer serving thereon or any executive officer of the Company as a recipient of any Awards granted under such delegated authority. The Committee hereby delegates to and designates the senior human resources officer of the Company (or such other officer with similar authority), and to his or her delegates or designees, the authority to assist the Committee in the day-to-day administration of the Plan and of Awards granted under the Plan, including without limitation those powers set forth in Section 6(b)(4) through (9) and to execute agreements evidencing Awards made under this Plan or other documents entered into under this Plan on behalf of the Committee or the Company. The Committee may further designate and delegate to one or more additional officers or employees of the Company or any subsidiary, and/or one or more agents, authority to assist the Committee in any or all aspects of the day-to-day administration of the Plan and/or of Awards granted under the Plan.

(b) *Powers of Committee.* Subject to the express provisions of this Plan, the Committee shall be authorized and empowered to do all things that it determines to be necessary or appropriate in connection with the administration of this Plan, including, without limitation:

- (1) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein;
- (2) to determine which persons are Eligible Persons, to which of such Eligible Persons, if any, Awards shall be granted hereunder and the timing of any such Awards;
- (3) to prescribe and amend the terms of the Award Agreements, to grant Awards and determine the terms and conditions thereof;
- (4) to establish and verify the extent of satisfaction of any performance goals or other conditions applicable to the grant, issuance, retention, vesting, exercisability or settlement of any Award;
- (5) to prescribe and amend the terms of or form of any document or notice required to be delivered to the Company by Participants under this Plan;
- (6) to determine the extent to which adjustments are required pursuant to Section 15;
- (7) to interpret and construe this Plan, any rules and regulations under this Plan and the terms and conditions of any Award granted hereunder, and to make exceptions to any such provisions if the Committee, in good faith, determines that it is appropriate to do so;
- (8) to approve corrections in the documentation or administration of any Award; and
- (9) to make all other determinations deemed necessary or advisable for the administration of this Plan.

Notwithstanding anything in this Plan to the contrary, with respect to any Award that is deferred compensation under Section 409A of the Code, the Committee shall exercise its discretion in a manner that causes such Awards to be compliant with or exempt from the requirements of such Code section. Without limiting the foregoing, unless expressly agreed to in writing by the Participant holding such Award, the Committee shall not take any action with respect to any Award which constitutes (i) a modification of a stock right within the meaning of Treas. Reg. Section 1.409A-1(b)(5)(v)(B) so as to constitute the grant of a new stock right, (ii) an extension of a stock right, including the addition of a feature for the deferral of compensation within the meaning of Treas. Reg. Section 1.409A-1(b)(5)(v)(C), or (iii) an impermissible acceleration of a payment date or a subsequent deferral of a stock right subject to Section 409A of the Code within the meaning of Treas. Reg. Section 1.409A-1(b)(5)(v)(E).

Edgar Filing: HERBALIFE LTD. - Form DEF 14A

The Committee may, in its sole and absolute discretion, without amendment to the Plan but subject to the limitations otherwise set forth in Section 19, waive or amend the operation of Plan provisions respecting exercise after termination of employment or service to the Company or an Affiliate. The Committee or any member thereof may, in its sole and absolute discretion and, except as otherwise provided in Section 19, waive, settle or adjust any of the terms of any Award so as to avoid unanticipated consequences or address unanticipated events (including any temporary closure of an applicable stock exchange, disruption of communications or natural catastrophe).

(c) *Determinations by the Committee.* All decisions, determinations and interpretations by the Committee regarding the Plan, any rules and regulations under the Plan and the terms and conditions of or operation of any Award granted hereunder, shall be final and binding on all Participants, beneficiaries, heirs, assigns or other persons holding or claiming rights under the Plan or any Award. The Committee shall consider such factors as it deems relevant, in its sole and absolute discretion, to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any officer or other employee of the Company and such attorneys, consultants and

accountants as it may select. Members of the Board and members of the Committee acting under the Plan shall be fully protected in relying in good faith upon the advice of counsel and shall incur no liability except for gross negligence or willful misconduct in the performance of their duties.

(d) *Subsidiary Awards.* In the case of a grant of an Award to any Participant employed by a Subsidiary, such grant may, if the Committee so directs, be implemented by the Company issuing any subject shares of Common Stock to the Subsidiary, for such lawful consideration as the Committee may determine, upon the condition or understanding that the Subsidiary will transfer the shares of Common Stock to the Participant in accordance with the terms of the Award specified by the Committee pursuant to the provisions of the Plan. Notwithstanding any other provision hereof, such Award may be issued by and in the name of the Subsidiary and shall be deemed granted on such date as the Committee shall determine.

7. Plan Awards

(a) *Terms Set Forth in Award Agreement.* Awards may be granted at any time and from time to time prior to the termination of the Plan to Eligible Persons as determined by the Committee. The terms and conditions of each Award shall be set forth in an Award Agreement in a form approved by the Committee for such Award, which Award Agreement may contain such terms and conditions as specified from time to time by the Committee, provided such terms and conditions do not conflict with the Plan. The Award Agreement for any Award (other than Restricted Stock awards) shall include the time or times at or within which and the consideration, if any, for which any shares of Common Stock may be acquired from the Company. The terms of Awards may vary among Participants, and the Plan does not impose upon the Committee any requirement to make Awards subject to uniform terms. Accordingly, the terms of individual Award Agreements may vary.

(b) *Separation from Service.* Subject to the express provisions of the Plan, the Committee shall specify before, at, or after the time of grant of an Award the provisions governing the effect(s) upon an Award of a Participant's Separation from Service.

(c) *Rights of a Shareholder.* A Participant shall have no rights as a shareholder with respect to shares of Common Stock covered by an Award (including voting rights) until the date the Participant becomes the holder of record of such shares of Common Stock. No adjustment shall be made for dividends or other rights for which the record date is prior to such date, except as provided in Section 10(b) or Section 15 of this Plan or as otherwise provided by the Committee.

8. Options

(a) *Grant, Term and Price.* The grant, issuance, retention, vesting and/or settlement of any Option shall occur at such time and be subject to such terms and conditions as determined by the Committee or under criteria established by the Committee, which may include conditions based on continued employment, passage of time, attainment of age and/or service requirements, and/or satisfaction of performance conditions in accordance with Section 12 of the Plan. The term of an Option shall in no event be greater than ten years; provided, however, the term of an Option (other than an Incentive Stock Option) shall be automatically extended if, at the time of its scheduled expiration, the Participant holding such Option is prohibited by law or the Company's insider trading policy from exercising the Option, which extension shall expire on the thirtieth (30th) day following the date such prohibition no longer applies. The Committee will establish the price at which Common Stock may be purchased upon exercise of an Option, which, in no event will be less than the Fair Market Value of such shares on the date of grant; provided, however, that the exercise price per share of Common Stock with respect to an Option that is granted as a Substitute Award may be less than the Fair Market Value of the shares of Common Stock on the date such Option is granted if such exercise price is based on a formula set forth in the terms of the options held by such optionees or in the terms of the agreement providing for such merger or other acquisition that satisfies the requirements of (i) Section 409A of the Code, if such options held by such optionees are not intended to qualify as incentive stock options within the meaning of Section 422 of the Code, and (ii) Section 424(a) of the Code, if such options held by such optionees are intended to qualify as incentive stock options within the meaning of Section 422 of the Code. The exercise price of any Option may be paid in cash or such other method as determined by the Committee, including an irrevocable commitment by a broker to pay over such amount from a sale of the Shares issuable under an Option, the delivery of previously owned shares of Common Stock or withholding of shares of Common Stock deliverable upon exercise.

(b) *No Repricing without Shareholder Approval.* Other than in connection with a change in the Company's capitalization (as described in Section 15), the Committee shall not, without shareholder approval, reduce the exercise price of such Option and, at any time when the exercise price of an Option is above the Fair Market Value of a share of Common Stock, shall not exchange such Option for a new Award with a lower (or no) exercise price or for cash.

Table of Contents

(c) *Incentive Stock Options.* Notwithstanding anything to the contrary in this Section 8, in the case of the grant of an Option intending to qualify as an Incentive Stock Option, if the Participant owns stock possessing more than 10 percent of the combined voting power of all classes of stock of the Company (a 10% Shareholder), the exercise price of such Option must be at least 110 percent of the Fair Market Value of the shares of Common Stock on the date of grant and the Option must expire within a period of not more than five (5) years from the date of grant.

Notwithstanding anything in this Section 8 to the contrary, options designated as Incentive Stock Options shall not be eligible for treatment under the Code as Incentive Stock Options (and will be deemed to be Nonqualified Stock Options) to the extent that either (a) the aggregate Fair Market Value of shares of Common Stock (determined as of the time of grant) with respect to which such Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Subsidiary) exceeds \$100,000, taking Options into account in the order in which they were granted, or (b) such Options otherwise remain exercisable but are not exercised within three (3) months (or such other period of time provided in Section 422 of the Code) of separation of service (as determined in accordance with Section 3401(c) of the Code and the regulations promulgated thereunder).

(d) *No Shareholder Rights.* Participants shall have no voting rights and will have no rights to receive dividends or Dividend Equivalents in respect of an Option or any shares of Common Stock subject to an Option until the Participant has become the holder of record of such shares.

9. Stock Appreciation Rights

(a) *General Terms.* The grant, issuance, retention, vesting and/or settlement of any Stock Appreciation Right shall occur at such time and be subject to such terms and conditions as determined by the Committee or under criteria established by the Committee, which may include conditions based on continued employment, passage of time, attainment of age and/or service requirements, and/or satisfaction of performance conditions in accordance with Section 12 of the Plan. Stock Appreciation Rights may be granted to Participants from time to time either in tandem with or as a component of Options granted under the Plan (tandem SARs) or not in conjunction with other Awards (freestanding SARs). Upon exercise of a tandem SAR as to some or all of the shares covered by the grant, the related Option shall be canceled automatically to the extent of the number of shares covered by such exercise. Conversely, if the related Option is exercised as to some or all of the shares covered by the grant, the related tandem SAR, if any, shall be canceled automatically to the extent of the number of shares covered by the Option exercise. Any Stock Appreciation Right granted in tandem with an Option may be granted at the same time such Option is granted or at any time thereafter before exercise or expiration of such Option, provided that the Fair Market Value of Common Stock on the date of the SAR s grant is not greater than the exercise price of the related Option. All freestanding SARs shall be granted subject to the same terms and conditions applicable to Options as set forth in Section 8 and all tandem SARs shall have the same exercise price as the Option to which they relate. Subject to the provisions of Section 8 and the immediately preceding sentence, the Committee may impose such other conditions or restrictions on any Stock Appreciation Right as it shall deem appropriate. Stock Appreciation Rights may be settled in Common Stock, cash, Restricted Stock or a combination thereof, as determined by the Committee and set forth in the applicable Award Agreement.

(b) *No Repricing without Shareholder Approval.* Other than in connection with a change in the Company s capitalization (as described in Section 15), the Committee shall not, without shareholder approval, reduce the exercise price of such Stock Appreciation Right and, at any time when the exercise price of a Stock Appreciation Right is above the Fair Market Value of a share of Common Stock, shall not exchange such Stock Appreciation Right for a new Award with a lower (or no) exercise price or for cash.

(c) *No Shareholder Rights.* Participants shall have no voting rights and will have no rights to receive dividends or Dividend Equivalents in respect of an Award of Stock Appreciation Rights or any shares of Common Stock subject to an Award of Stock Appreciation Rights until the Participant has become the holder of record of such shares.

10. Restricted Stock and Stock Unit Awards

(a) *Vesting and Performance Criteria.* The grant, issuance, retention, vesting and/or settlement of any Restricted Stock or Stock Unit Award shall occur at such time and be subject to such terms and conditions as determined by the Committee or under criteria established by the Committee, which may include conditions based on continued employment, passage of time, attainment of age and/or service requirements, and /or satisfaction of performance conditions in accordance with Section 12 of the Plan. In addition, the Committee shall have the right to grant Restricted Stock or Stock Unit Awards as the form of payment for grants or rights earned or due under other shareholder-approved compensation plans or arrangements of the Company. The grant, issuance, retention, vesting and/or settlement of any Restricted Stock or Stock Unit Award that is based on performance criteria and level of achievement versus such criteria

Table of Contents

will be subject to a performance period of not less than twelve months, and any Restricted Stock or Stock Unit Award the vesting and/or settlement of which is based solely upon continued employment and/or the passage of time may not vest or be settled in full prior to the twelfth month following its date of grant, except that (i) the Committee may provide for the satisfaction and/or lapse of all conditions under any such Award in the event of the Participant's death, disability or attainment of retirement status or to the extent provided in Section 15(c) in connection with a Change in Control, (ii) the Committee may provide that any such restriction or limitation will not apply in the case of a Restricted Stock or Stock Unit Award that is issued in payment or settlement of compensation that has been earned by the Participant. Notwithstanding the foregoing, up to 5% of the aggregate number of shares of Common Stock authorized for issuance under this Plan (as described in Section 5(a)) may be issued pursuant to Restricted Stock or Stock Unit awards subject to any, or no, vesting conditions, as the Committee determines appropriate, without regard to any vesting conditions described in this Section 10(a).

(b) *Dividends and Distributions.* Participants in whose name Restricted Stock is granted shall be entitled to receive all dividends and other distributions paid with respect to those shares of Common Stock, unless determined otherwise by the Committee. The Committee will determine whether any such dividends or distributions will be automatically reinvested in additional Restricted Stock and/or subject to the same restrictions on transferability as the shares of Restricted Stock with respect to which they were distributed or whether such dividends or distributions will be paid in cash. Unless otherwise provided in the Award Agreement, during the period prior to shares being issued in the name of a Participant under any Stock Unit, the Company shall pay or accrue Dividend Equivalents on each date dividends on Common Stock are paid, subject to such conditions as the Committee may deem appropriate. The time and form of any such payment of Dividend Equivalents shall be specified in the Award Agreement. Notwithstanding anything herein to the contrary, in no event will dividends or Dividend Equivalents be paid during the performance period with respect to unearned Awards of Restricted Stock or Stock Units that are subject to performance-based vesting criteria. Dividends or Dividend Equivalents accrued on such shares shall become payable no earlier than the date the performance-based vesting criteria have been achieved and the underlying shares or Stock Units have been earned.

11. Incentive Bonuses

(a) *Performance Criteria.* The Committee shall establish the performance criteria and level of achievement versus these criteria that shall determine the amount payable under an Incentive Bonus, which may include a target, threshold and/or maximum amount payable and any formula for determining such, and which criteria may be based on performance conditions in accordance with Section 12 of the Plan. The Committee may specify the percentage of the target Incentive Bonus that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding anything to the contrary herein, the performance criteria for any portion of an Incentive Bonus that is intended by the Committee to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria (as defined in Section 12(b)) selected by the Committee and specified at the time the Incentive Bonus is granted.

(b) *Timing and Form of Payment.* The Committee shall determine the timing of payment of any Incentive Bonus. Payment of the amount due under an Incentive Bonus may be made in cash or in Common Stock, as determined by the Committee.

(c) *Discretionary Adjustments.* Notwithstanding satisfaction of any performance goals and subject to Section 12(c) of this Plan, the amount paid under an Incentive Bonus on account of either financial performance or personal performance evaluations may be adjusted by the Committee on the basis of such further considerations as the Committee shall determine.

12. Qualifying Performance-Based Compensation

(a) *General.* The Committee may establish performance criteria and level of achievement versus such criteria that shall determine the number of shares of Common Stock to be granted, retained, vested, issued or issuable under or in settlement of or the amount payable pursuant to an Award, which criteria may be based on Qualifying Performance Criteria or other standards of financial performance and/or personal performance evaluations. In addition, the Committee may specify that an Award or a portion of an Award is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code, provided that the performance criteria for such Award or portion of an Award that is intended by the Committee to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure based on one or more Qualifying Performance Criteria selected by the Committee and specified at the time the Award is granted.

Table of Contents

(b) *Qualifying Performance Criteria.* For purposes of this Plan, the term *Qualifying Performance Criteria* shall mean any one or more of the following performance criteria, or derivations of such performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole or to a business unit or Subsidiary, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee: (i) cash flow (before or after dividends), (ii) earnings per share (including earnings before interest, taxes, depreciation and amortization), (iii) stock price, (iv) return on equity, (v) total shareholder return, (vi) return on capital (including return on total capital or return on invested capital), (vii) return on assets or net assets, (viii) market capitalization, (ix) economic value added, (x) debt leverage (debt to capital), (xi) revenue (including adjusted revenue, Volume Points, net sales and analogous financial measures), (xii) income or net income, (xiii) operating income, (xiv) operating profit or net operating profit, (xv) operating margin or profit margin, (xvi) return on operating revenue, (xvii) cash from operations, (xviii) operating ratio, (xix) operating revenue or (xx) customer service. To the extent consistent with Section 162(m) of the Code, the Committee may provide, at the time an Award is granted or at any time during the first 90 days of the applicable performance period (or prior to the expiration of 25% of the performance period if the performance period less than one year, or at such later time if permitted pursuant to Section 162(m)), that any evaluation of performance under a Qualifying Performance Criteria shall include or exclude any of the following events that occurs during the applicable performance period: (A) the effects of charges for restructurings, discontinued operations, extraordinary items, (B) items of gain, loss or expense determined to be extraordinary or unusual in nature or related to the disposal of a segment of a business or related to a change in accounting principle, (C) the cumulative effect of accounting change, (D) asset write-downs, (E) litigation, claims, judgments, settlements or loss contingencies, (F) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (G) accruals for reorganization and restructuring programs and (H) accruals of any amounts for payment under this Plan or any other compensation arrangement maintained by the Company.

(c) *Discretionary Adjustments and Limits.* Subject to the limits imposed under Section 162(m) of the Code for Awards that are intended to qualify as performance-based compensation, notwithstanding the satisfaction of any performance goals, the number of shares of Common Stock granted, issued, retainable and/or vested under or the amount paid under an Award may, to the extent specified in the Award Agreement, be reduced, but not increased, by the Committee on the basis of such further considerations as the Committee in its sole discretion shall determine.

(d) *Certification.* The Committee shall certify the extent to which any Qualifying Performance Criteria has been satisfied, and the amount payable as a result thereof, prior to payment, settlement or vesting of any Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code.

13. Deferral of Payment

The Committee may, in an Award Agreement or otherwise, provide for the deferred delivery of Common Stock or cash upon settlement, vesting or other events with respect to Stock Units, or in payment or satisfaction of an Incentive Bonus. If a Participant has elected to defer payment or settlement of an Award, then the Award will (provided that all vesting and other conditions have been satisfied) be paid in accordance with the Participant's deferral consistent with the terms of the applicable deferred compensation plan maintained by the Company. Notwithstanding anything herein to the contrary, in no event will any election to defer the delivery of Common Stock or any other payment with respect to any Award be allowed if the Committee determines, in its sole discretion, that the deferral would result in the imposition of the additional tax under Section 409A(a)(1)(B) of the Code. No Award shall provide for deferral of compensation that does not comply with Section 409A of the Code. The Company, the Board and the Committee shall have no liability to a Participant, or any other party, if an Award that is intended to be exempt from, or compliant with, Section 409A of the Code is not so exempt or compliant or for any action taken by the Board or the Committee.

14. Conditions and Restrictions Upon Securities Subject to Awards

The Committee may provide that the Common Stock issued upon exercise of an Option or Stock Appreciation Right or otherwise subject to or issued under an Award shall be subject to such further agreements, restrictions, conditions or limitations as the Committee in its discretion may specify prior to the exercise of such Option or Stock Appreciation Right or the grant, vesting or settlement of such Award, including without limitation, conditions on vesting or transferability, forfeiture or repurchase provisions and method of payment for the Common Stock issued upon exercise, vesting or settlement of such Award (including the actual or constructive surrender of Common Stock already owned by the Participant) or payment of taxes arising in connection with an Award. Without limiting the foregoing, such restrictions may address the timing and manner of any resales by the Participant or other subsequent transfers by the Participant of any

Table of Contents

shares of Common Stock issued under an Award, including without limitation (i) restrictions under an insider trading policy or pursuant to applicable law, (ii) restrictions designed to delay and/or coordinate the timing and manner of sales by the Participant and holders of other Company equity compensation arrangements, (iii) restrictions as to the use of a specified brokerage firm for such resales or other transfers and (iv) provisions requiring Common Stock be sold on the open market or to the Company in order to satisfy tax withholding or other obligations.

15. Adjustment of and Changes in the Stock

(a) The number and kind of shares of Common Stock available for issuance under this Plan (including under any Awards then outstanding), and the number and kind of shares of Common Stock subject to the limits set forth in Section 5 of this Plan, shall be equitably adjusted by the Committee to reflect any reorganization, reclassification, combination of shares, stock split, reverse stock split, spin-off, dividend or distribution of securities, property or cash (other than regular, quarterly cash dividends), or any other event or transaction that affects the number or kind of shares of Common Stock outstanding. Such adjustment may be designed to comply with Section 424 of the Code or may be designed to treat the shares of Common Stock available under the Plan and subject to Awards as if they were all outstanding on the record date for such event or transaction or to increase the number of such shares of Common Stock to reflect a deemed reinvestment in shares of Common Stock of the amount distributed to the Company's securityholders. The terms of any outstanding Award shall also be equitably adjusted by the Committee as to price, number or kind of shares of Common Stock subject to such Award, vesting, and other terms to reflect the foregoing events, which adjustments need not be uniform as between different Awards or different types of Awards. No fractional shares of Common Stock shall be issued pursuant to such an adjustment.

(b) In the event there shall be any other change in the number or kind of outstanding shares of Common Stock, or any stock or other securities into which such Common Stock shall have been changed, or for which it shall have been exchanged, by reason of a Change in Control, other merger, consolidation or otherwise, then the Committee shall determine the appropriate and equitable adjustment to be effected, which adjustments need not be uniform between different Awards or different types of Awards. In addition, in the event of such change described in this paragraph, the Committee may accelerate the time or times at which any Award may be exercised, consistent with and as otherwise permitted under Section 409A of the Code, and may provide for cancellation of such accelerated Awards that are not exercised within a time prescribed by the Committee in its sole discretion.

(c) Unless otherwise expressly provided for in the Award Agreement or another contract, including an employment agreement, or under the terms of a transaction constituting a Change in Control, the following shall occur upon a Participant's involuntary termination of employment within twenty-four (24) months following a Change in Control, provided that such termination does not result from the Participant's termination for disability, cause or gross misconduct: (i) in the case of an Option or Stock Appreciation Right, the Participant shall have the ability to exercise such Option or Stock Appreciation Right, including any portion of the Option or Stock Appreciation Right not previously exercisable, and the Option or Stock Appreciation Right shall remain exercisable for a period of three (3) years following such termination, but in no event after the expiration of such Option or Stock Appreciation Right, (ii) in the case of an Award subject to performance conditions in accordance with Section 12 of the Plan, the Participant shall have the right to receive a payment based on performance through a date determined by the Committee prior to the Change in Control (unless such performance cannot be determined, in which case the Participant shall have the right to receive a payment equal to the target amount payable), and (iii) in the case of outstanding Restricted Stock and/or Stock Units, all conditions to the grant, issuance, retention, vesting or transferability of, or any other restrictions applicable to, such Award shall immediately lapse. Notwithstanding anything herein to the contrary, in the event of a Change in Control in which the acquiring or surviving company in the transaction does not assume or continue outstanding Awards upon the Change in Control, immediately prior to the Change in Control, all Awards that are not assumed or continued shall be treated as follows effective immediately prior to the Change in Control: (A) in the case of an Option or Stock Appreciation Right, the Participant shall have the ability to exercise such Option or Stock Appreciation Right, including any portion of the Option or Stock Appreciation Right not previously exercisable (provided, that any Option or Stock Appreciation Right for which the exercise price is less than the consideration per Share payable to shareholders of the Company in such Change in Control may be cancelled upon the consummation of the Change in Control without payment of any additional consideration), (B) in the case of an Award subject to performance conditions in accordance with Section 12 of the Plan, the Participant shall have the right to receive a payment based on performance through a date determined by the Committee prior to the Change in Control (unless such performance cannot be determined, in which case the Participant shall have the right to receive a payment equal to the target amount payable), and (C) in the case of outstanding Restricted Stock and/or Stock Units, all conditions to the grant, issuance, retention, vesting or transferability of, or any other restrictions applicable to, such Award shall immediately lapse. In no event shall any action be taken pursuant to this Section 15(c) that would change

the payment or settlement date of an Award in a manner that would result in the imposition of any additional taxes or penalties pursuant to Section 409A of the Code.

(d) The Company shall notify Participants holding Awards subject to any adjustments pursuant to this Section 15 of such adjustment, but (whether or not notice is given) such adjustment shall be effective and binding for all purposes of the Plan.

(e) Notwithstanding anything in this Section 15 to the contrary, an adjustment to an Option or Stock Appreciation Right under this Section 15 shall be made in a manner that will not result in the grant of a new Option or Stock Appreciation Right under Section 409A of the Code.

16. Transferability

Each Award may not be sold, transferred for value, pledged, assigned, or otherwise alienated or hypothecated by a Participant other than by will or the laws of descent and distribution, and each Option or Stock Appreciation Right shall be exercisable only by the Participant during his or her lifetime. Notwithstanding the foregoing, outstanding Options may be exercised following the Participant's death by the Participant's beneficiaries or as permitted by the Committee.

17. Compliance with Laws and Regulations

This Plan, the grant, issuance, vesting, exercise and settlement of Awards thereunder, and the obligation of the Company to sell, issue or deliver shares of Common Stock under such Awards, shall be subject to all applicable foreign, federal, state and local laws, rules and regulations, stock exchange rules and regulations, and to such approvals by any governmental or regulatory agency as may be required. The Company shall not be required to register in a Participant's name or deliver Common Stock prior to the completion of any registration or qualification of such shares under any foreign, federal, state or local law or any ruling or regulation of any government body which the Committee shall determine to be necessary or advisable. To the extent the Company is unable to or the Committee deems it infeasible to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any shares of Common Stock hereunder, the Company and its Subsidiaries shall be relieved of any liability with respect to the failure to issue or sell such shares of Common Stock as to which such requisite authority shall not have been obtained. No Option shall be exercisable and no Common Stock shall be issued and/or transferable under any other Award unless a registration statement with respect to the Common Stock underlying such Option is effective and current or the Company has determined that such registration is unnecessary.

In the event an Award is granted to or held by a Participant who is employed or providing services outside the United States, the Committee may, in its sole discretion, modify the provisions of the Plan or of such Award as they pertain to such individual to comply with applicable foreign law or to recognize differences in local law, currency or tax policy. The Committee may also impose conditions on the grant, issuance, exercise, vesting, settlement or retention of Awards in order to comply with such foreign law and/or to minimize the Company's obligations with respect to tax equalization for Participants employed outside their home country.

18. Withholding

To the extent required by applicable federal, state, local or foreign law, the Committee may and/or a Participant shall make arrangements satisfactory to the Company for the satisfaction of any minimum statutory withholding tax obligations that arise with respect to any Award, or the issuance or sale of any shares of Common Stock. The Company shall not be required to recognize any Participant rights under an Award, to issue shares of Common Stock or to recognize the disposition of such shares of Common Stock until such obligations are satisfied. To the extent permitted or required by the Committee, these obligations may or shall be satisfied by the Company withholding cash from any compensation otherwise payable to or for the benefit of a Participant, the Company withholding a portion of the shares of Common Stock that otherwise would be issued to a Participant under such Award or any other award held by the Participant or by the Participant tendering to the Company cash or shares of Common Stock.

19. Amendment of the Plan or Awards

The Board may amend, alter or discontinue this Plan and the Committee may amend, or alter any agreement or other document evidencing an Award made under this Plan but, except as provided pursuant to the provisions of Section 15, no such amendment shall, without the approval of the shareholders of the Company:

- (b) reduce the price at which Options may be granted below the price provided for in Section 8(a);
- (c) reprice outstanding Options or SARs as described in 8(b) and 9(b);
- (d) extend the term of this Plan;
- (e) change the class of persons eligible to be Participants;
- (f) increase the individual maximum limits in Section 5(c); or
- (g) otherwise amend the Plan in any manner requiring shareholder approval by law or the rules of any stock exchange or market or quotation system on which the Common Stock is traded, listed or quoted.

No amendment or alteration to the Plan or an Award or Award Agreement shall be made which would impair the rights of the holder of an Award, without such holder's consent, provided that no such consent shall be required if the Committee determines in its sole discretion and prior to the date of any Change in Control that such amendment or alteration either (i) is required or advisable in order for the Company, the Plan or the Award to satisfy any law or regulation or to meet the requirements of or avoid adverse financial accounting consequences under any accounting standard, or (ii) is not reasonably likely to significantly diminish the benefits provided under such Award, or that any such diminishment has been adequately compensated.

20. No Liability of Company

The Company, any Subsidiary or Affiliate which is in existence or hereafter comes into existence, the Board and the Committee shall not be liable to a Participant or any other person as to: (a) the non-issuance or sale of shares of Common Stock as to which the Company has been unable to obtain from any regulatory body having jurisdiction the authority deemed by the Company's counsel to be necessary to the lawful issuance and sale of any shares of Common Stock hereunder; and (b) any tax consequence expected, but not realized, by any Participant or other person due to the receipt, exercise or settlement of any Award granted hereunder.

21. Non-Exclusivity of Plan

Neither the adoption of this Plan by the Board nor the submission of this Plan to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board or the Committee to adopt such other incentive arrangements as either may deem desirable, including without limitation, the granting of restricted stock, stock units, stock appreciation rights or stock options otherwise than under this Plan or an arrangement not intended to qualify under Code Section 162(m), and such arrangements may be either generally applicable or applicable only in specific cases.

22. Governing Law

This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the State of Delaware and applicable federal law. Any reference in this Plan or in the agreement or other document evidencing any Awards to a provision of law or to a rule or regulation shall be deemed to include any successor law, rule or regulation of similar effect or applicability.

23. No Right to Employment, Reelection or Continued Service

Nothing in this Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Subsidiaries and/or its Affiliates to terminate any Participant's employment, service on the Board or service for the Company at any time or for any reason not prohibited by law, nor shall this Plan or an Award itself confer upon any Participant any right to continue his or her employment or service for any specified period of time. Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, any Subsidiary and/or its Affiliates. Subject to Sections 4 and 19, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Board without giving rise to any liability on the part of the Company, its Subsidiaries and/or its

Affiliates.

24. Forfeiture Upon Termination of Employment

Except as otherwise provided by the Committee in the Award Agreement, Awards may be forfeited if the Participant terminates his or her employment with the Company, a Subsidiary or an Affiliate for any reason.

25. Specified Employee Delay

To the extent any payment under this Plan is considered deferred compensation subject to the restrictions contained in Section 409A of the Code, such payment may not be made to a specified employee (as determined in accordance with a uniform policy adopted by the Company with respect to all arrangements subject to Section 409A of the Code) upon Separation from Service before the date that is six months after the specified employee's Separation from Service (or, if earlier, the specified employee's death). Any payment that would otherwise be made during this period of delay shall be accumulated and paid on the sixth month plus one day following the specified employee's Separation from Service (or, if earlier, as soon as administratively practicable after the specified employee's death).

26. No Liability of Committee Members

No member of the Committee shall be personally liable by reason of any contract or other instrument executed by such member or on his behalf in his capacity as a member of the Committee nor for any mistake of judgment made in good faith, and the Company shall indemnify and hold harmless each member of the Committee and each other employee, officer or director of the Company to whom any duty or power relating to the administration or interpretation of the Plan may be allocated or delegated, against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim) arising out of any act or omission to act in connection with the Plan unless arising out of such person's own fraud or willful bad faith; provided, however, that approval of the Board shall be required for the payment of any amount in settlement of a claim against any such person. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or By-laws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

27. Severability

If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to the applicable laws, or if it cannot be construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person or Award and the remainder of the Plan and any such Award shall remain in full force and effect.

28. Unfunded Plan

The Plan is intended to be an unfunded plan. Participants are and shall at all times be general creditors of the Company with respect to their Awards. If the Committee or the Company chooses to set aside funds in a trust or otherwise for the payment of Awards under the Plan, such funds shall at all times be subject to the claims of the creditors of the Company in the event of its bankruptcy or insolvency.

29. Recoupment Policy

Subject to the terms and conditions of the Plan, the Committee may provide that any Participant and/or any Award, including any shares of Common Stock subject to an Award, is subject to any recovery, recoupment, clawback and/or other forfeiture policy maintained by the Company from time to time.
