On or about April 2, 2014, PartnerRe will send to shareholders as of the Record Date the Notice. All shareholders will have the ability to access the proxy materials via the Internet or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy are detailed in the Notice, together with instructions on how to receive future proxy materials electronically. PartnerRe encourages shareholders to take advantage of the availability of the proxy materials on the Internet to help to reduce the environmental impact of our Annual General Meeting as well as to improve the efficiency of delivery.

WHAT AM I VOTING ON?

You will be asked:

1. To elect four (4) directors to hold office until the 2017 annual general meeting of shareholders or until their respective successors have been duly elected (Proposal 1);

3. To approve the Executive Compensation disclosed pursuant to Item 402 of Regulation S-K (non-binding advisory vote) (Proposal 3).

For more information about these Proposals, see pages 55-58.

WHAT ARE THE BOARD'S VOTING RECOMMENDATIONS?

The Board recommends that you vote **FOR** all the Proposals.

WHO IS ENTITLED TO VOTE?

Edgar Filing: PARTNERRE LTD - Form DEF 14A

You may vote if you held common shares as of the close of business on the Record Date. Each common share held at the Record Date entitles you to one vote on each matter to be voted on. As of the Record Date, PartnerRe had 51,198,194 common shares issued and outstanding, net of treasury shares.

HOW MANY VOTES MUST BE PRESENT OR REPRESENTED BY PROXY TO HOLD THE ANNUAL GENERAL MEETING?

In order for us to transact business at the Annual General Meeting, the holders of not less than 25% of the outstanding common shares as of the Record Date must have voted prior to the meeting or be present, in person or by proxy. This is referred to as a quorum.

Table of Contents

HOW MANY VOTES ARE NEEDED TO APPROVE EACH PROPOSAL?

All matters to be voted on at the Annual General Meeting will be decided by a simple majority of votes cast. If common shares are held by a broker for a shareholder that does not indicate how to vote on a non-routine matter, or if a shareholder abstains from voting on a particular matter, such common shares will not be counted for purposes of determining how many votes are required for approval on that matter. All matters except the ratification of auditors are considered non-routine.

WHAT IS THE DIFFERENCE BETWEEN A SHAREHOLDER OF RECORD AND A BENEFICIAL OWNER OF COMMON SHARES HELD IN STREET NAME?

You are a shareholder of record if your common shares are registered directly in your name with PartnerRe's transfer agent, Computershare Trust Company, N.A. (**Computershare**).

You are a beneficial owner of common shares held in street name if your common shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization.

HOW DO I VOTE IF I AM A SHAREHOLDER OF RECORD?

You can vote in person at the Annual General Meeting, or prior to the Annual General Meeting:

1. over the Internet by following the instructions provided in the Notice;
2. by telephone using the telephone number shown on the proxy card; or
3. by filling out the proxy card and mailing it to the address shown on the proxy card.

HOW DO I VOTE IF I AM A BENEFICIAL OWNER?

You can vote in person at the Annual General Meeting if you have obtained a legal proxy from the organization that holds your common shares. Please follow the instructions that your bank or broker provides.

You can vote prior to the Annual General Meeting by following the instructions provided by your bank or broker.

HOW CAN I ATTEND THE ANNUAL GENERAL MEETING?

The Annual General Meeting is open to all shareholders that hold common shares as of the Record Date.

If you are a shareholder of record, you will have to present valid picture identification.

If you are a beneficial owner, you will need to obtain a legal proxy from your bank or broker. This legal proxy will serve as an admission ticket and authorize you to vote your common shares (or change your vote) at the Annual General Meeting. You will also be required to present valid picture identification.

Shareholders who do not have valid picture identification and a legal proxy (if required) may not be admitted to the Annual General Meeting.

We encourage all shareholders, even those who plan to attend the Annual General Meeting, to vote in advance. If you intend to vote at the Annual General Meeting, you must provide our Secretary oral or written notice either at or prior to the meeting.

WHAT IS A PROXY? HOW DO I APPOINT A PROXY AND INSTRUCT THAT INDIVIDUAL HOW TO VOTE ON MY BEHALF?

Edgar Filing: PARTNERRE LTD - Form DEF 14A

A proxy is your legal designation of another person to vote the common shares you hold on your behalf.

Table of Contents

You can appoint the proxies recommended by the Board (i.e. Jean-Paul L. Montupet and Costas Miranthis; see below *What does solicitation of proxies mean?*) to vote on your behalf, and give those individuals voting instructions by following the directions on the proxy card.

If you are a shareholder of record, you may also appoint another individual to represent you at the Annual General Meeting by notifying Computershare in writing before the Annual General Meeting begins. Your appointed proxy must provide valid picture identification to be admitted to the Annual General Meeting.

If you are a beneficial owner, please contact the bank or broker that holds your common shares if you intend to appoint a proxy that is different from those recommended by the Board.

WHAT DOES SOLICITATION OF PROXIES MEAN?

In a solicitation of proxies, one party (in this case, the Board) encourages shareholders to appoint one or more particular individuals (in this case, Jean-Paul L. Montupet, the Chairman, and Costas Miranthis, the President and Chief Executive Officer) to vote on their behalf (*i.e.*, to vote as their proxy in accordance with their instructions).

Proxies will be solicited initially over the Internet pursuant to the instructions set out in the Notice. As provided in the Notice, you may also request printed materials by mail. Our directors, officers and employees may make further solicitation personally, by telephone or otherwise; these individuals will not be specifically compensated for such activities. Georgeson, Inc., (**Georgeson**) a U.S. and European proxy solicitation firm, has been retained by PartnerRe to assist, if necessary, in the solicitation of proxies, using the means discussed above. In the event that we utilize the services of Georgeson, they will receive a fee for their services and reimbursement for out-of-pocket expenses.

Beneficial owners will be asked to forward the proxy materials to the bank or broker that holds their common shares. That entity will be reimbursed for its reasonable expenses incurred in connection with distributing and collecting proxy materials.

WHO PAYS FOR THE SOLICITATION OF PROXIES?

PartnerRe will bear all of the costs of soliciting proxies for use at the Annual General Meeting. If you vote via the Internet, by mail or by telephone from outside the United States and Canada, you may incur costs associated with their use. These costs are your responsibility.

WILL MY COMMON SHARES BE VOTED IF I DO NOT APPOINT A PROXY?

If you are a shareholder of record and you do not appoint a proxy or vote by telephone or over the Internet, your common shares will not be voted and therefore will have no effect on the voting results unless you personally attend the Annual General Meeting.

If you are a beneficial owner, your brokerage firm has the authority to vote common shares on certain routine matters even if you do not provide instructions. Only the ratification of auditors is considered a routine matter for these purposes. Without your instructions, your common shares will not be voted for any other Proposal at the Annual General Meeting.

CAN I CHANGE MY MIND AFTER I VOTE?

You may change your vote or revoke your proxy at any time before your proxy is voted at the Annual General Meeting by:

1. voting again by telephone or over the Internet prior to 11:59 p.m. Eastern Time on May 12, 2014; or
2. attending and voting at the Annual General Meeting, if you are a shareholder of record (valid picture identification required);
or
3. following the instructions of your bank or broker, if you are a beneficial owner.

Table of Contents

If you intend to change your vote at the Annual General Meeting, you must provide our Secretary oral or written notice either at or prior to the meeting. We will not assume that you wish to change your vote simply because you attend the Annual General Meeting.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE FORM OF PROXY?

Multiple proxies may indicate that your common shares are held in more than one account. We encourage you to register all of your accounts in the same name and address. To minimize costs, if you are a beneficial owner, you should contact the bank or broker and request consolidation.

WHAT IF I SHARE AN ADDRESS WITH ANOTHER SHAREHOLDER, AND WE RECEIVED ONLY ONE PAPER COPY OF THE PROXY MATERIALS? HOW MAY I OBTAIN AN ADDITIONAL COPY OF THE PROXY MATERIALS?

We have adopted a procedure called *householding*. Under this procedure, we deliver a single copy of the Notice and, if applicable, the proxy materials to multiple shareholders who share the same address unless we receive contrary instructions. Shareholders wishing to discontinue or begin *householding*, or any shareholder residing at a *householded* address wanting to request delivery of a copy of the Notice and, if applicable, these proxy materials, may address their request:

- 1) *BY INTERNET*: www.proxyvote.com

- 2) *BY TELEPHONE*: 1-800-579-1639

- 3) *BY E-MAIL*: sendmaterial@proxyvote.com

- 4) *IN WRITING*: Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717, USA.

There is no charge for requesting a copy. If requesting materials by e-mail, please send an e-mail with the 12-Digit Control Number (located on the Notice) in the subject line. Please make the request as instructed above on or before April 29, 2014, to facilitate timely delivery.

Beneficial owners who wish to either discontinue or begin *householding* should contact their bank or broker. This procedure reduces the environmental impact of our Annual General Meeting as well as our postage and printing costs.

HOW DO I MAKE A PROPOSAL FOR INCLUSION IN THE PROXY STATEMENT FOR THE 2015 ANNUAL GENERAL MEETING?

Shareholders may propose any matter for a vote by our shareholders at the 2015 Annual General Meeting by sending their proposal marked for the attention of the Secretary, PartnerRe Ltd., Wellesley House South, 90 Pitts Bay Road, Pembroke HM 08, Bermuda. Any notice given by a shareholder for including a proposal must be received no earlier than December 14, 2014, and no later than January 13, 2015. We may also omit a shareholder's proposal if it does not comply with applicable requirements of the SEC.

CAN I MAKE AN ADDITIONAL PROPOSAL AT THE 2015 ANNUAL GENERAL MEETING?

If a shareholder wishes to introduce a proposal at the 2015 Annual General Meeting other than for inclusion in our Proxy Statement, the proposing shareholder must notify us no earlier than February 12, 2015, and no later than March 14, 2015 of their intent to raise such proposal at the 2015 Annual General Meeting (subject to adjustment if the 2015 Annual General Meeting date is changed, as described in the Bye-Laws). Notice of such proposal is to be sent to the address listed in the response to the question above and must contain sufficient information in respect of the proposal to comply with our Bye-Laws.

Table of Contents**DIRECTOR COMPENSATION**

The directors' compensation guidelines align the interests of directors and shareholders by promoting share ownership while maintaining competitive compensation levels. Compensation for PartnerRe directors reflects both the significant amount of time and the specialized skills required for the directors to fulfill their duties.

The total compensation package for director service consists of cash and restricted share units (**RSUs**). The following table outlines how the directors' compensation was allocated in 2013:

	Director	Committee Chair Fee	Chairman of the Board
	Annual Amount	Annual Amount	Annual Amount
Component	(\$)	(\$)	(\$)
Cash	80,000	15,000	160,000
RSUs	150,000		180,000
Dividend equivalents	Per actual dividend rate		Per actual dividend rate
	declared by the Board		declared by the Board

Equity Components

RSUs are awarded on an annual basis and have a five-year cliff vest with no delivery restrictions. RSUs are granted each year on June 15 or the nearest business day thereafter. All unvested RSUs will be forfeited upon the director's termination of service, except if the termination is due to a change in control of PartnerRe, death, permanent disability, mandatory retirement from the Board, voluntary termination due to the acceptance of a public service position that would either preclude continued Board service or make such continued service impractical or failure to be re-elected by shareholders to the Board (each regarded as a **permissible reason for departure**). In the event of a permissible reason for departure, RSUs will fully vest upon termination. Dividend equivalents relating to RSU awards are paid each year in one lump sum on June 15 or the nearest business day thereafter. Prior to grant, directors can elect to receive the settlement of their RSUs, at the time of vesting, 100% in shares or 60% in shares and 40% in cash.

Prior to 2013, share option awards with a three-year ratable vest were granted to directors. Effective as of the date of last year's Annual General Meeting on May 17, 2013, share options are no longer part of the directors' equity compensation.

Directors' equity awards are granted under the Amended and Restated Non-Employee Directors Share Plan, effective May 16, 2012. Currently, this plan provides for the issuance of up to 1,200,000 PartnerRe common shares, and prescribes a maximum annual limit for awards pursuant to the plan. Any amendment or termination for which shareholder approval is required will not be effective until such approval has been obtained. Unless terminated earlier, the plan will expire on May 16, 2022.

Elective Equity Incentive

To further align director and shareholder interests, the compensation guidelines allow directors to elect each year to defer 50% or 100% of their cash compensation. To encourage increased share ownership, deferred cash compensation is paid out in RSUs with a PartnerRe match of 25% on the value of the deferred cash compensation. The PartnerRe match is in RSU awards, which have the same terms and conditions as the other RSU grants.

Board Ownership Guidelines

Each director is required to own a minimum number of PartnerRe common shares with an aggregate value equal to four times the director's annual cash compensation entitlement (not including committee chair fees). For these purposes, RSUs and shares held outright are included in each director's holdings. Other than Debra Perry and Greg Seow who were appointed in 2013, all of the directors meet the ownership guidelines. Directors who do

Table of Contents

not meet the ownership guidelines are required to receive at least 50% of their cash compensation in the form of RSUs until the ownership guidelines are met. As with the elective equity incentive, mandatory deferrals receive a PartnerRe match of 25%. The PartnerRe match is paid out in RSU awards, which have the same terms and conditions as the other RSU grants.

Executive Director s Fees and Directors Expenses

Effective as of last year s Annual General Meeting, May 17, 2013, fees are also paid to directors who serve as a chairman of a committee. Mr. Miranthis is not paid any fees or additional compensation for services as a director or as a member of the Risk & Finance Committee. All directors, including Mr. Miranthis, are reimbursed for travel and other related expenses personally incurred while attending Board or committee meetings. All directors, including Mr. Miranthis, are reimbursed for all expenses related to attending education sessions that will help them fulfill their obligations as directors or committee members. Every other year, the partners/spouses of the directors and executive officers are invited to participate in an optional spousal program at the time of a Board meeting which is paid by PartnerRe. On occasion, other activities are provided for the directors, executive officers and their partners/spouses and the total cost of these benefits in 2013 for all such participants was \$4,953 (see the All Other Compensation table on page 17 for details on the non-executive directors related costs).

CORPORATE GOVERNANCE

Corporate Governance Framework

The Board considers that good corporate governance is critical to achieving business success and aligning the interests of management and shareholders. PartnerRe believes that it has established a comprehensive corporate governance framework, key components of which are set forth in the following documents:

Our Bye-Laws;

Our Corporate Governance Principles and Application Guidelines (which defines how the Board operates and reflects PartnerRe's global business practices);

Our Code of Business Conduct and Ethics;

Our Audit Committee Charter;

Our Compensation & Management Development Committee Charter;

Our Nominating & Governance Committee Charter; and

Our Risk & Finance Committee Charter.

Code of Business Conduct and Ethics

The Board has adopted the Code of Business Conduct and Ethics, which applies to all directors, officers and employees. Any specific waiver of its provisions requires the approval of the Board or a Committee of the Board, and any such waiver must be disclosed to shareholders promptly. We will disclose any such waiver on our website at www.partnerre.com within four business days of such waiver being granted. There were no waivers of the Code of Business Conduct and Ethics in 2013. Any reported violation to the Code of Business Conduct and Ethics will be investigated and may result in disciplinary action, as appropriate.

Directors Independence and Certain Relationships and Related Transactions

Directors Independence Determination

Pursuant to our Corporate Governance Principles and Application Guidelines, a majority of our directors must be independent. The Board, with the recommendation of the Nominating & Governance Committee, has determined that all directors are independent with the exception of Mr. Miranthis who is an executive of PartnerRe. In making its determination, the Board, with the recommendation of the Nominating & Governance Committee, considered the New York Stock Exchange listing standards for independence and reviewed a comprehensive list of board memberships and charitable associations for each director. The Board, with the recommendation of the Nominating & Governance Committee, also considered certain other arrangements described in Note 20 *Agreements with Related Parties* of the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2013, which addresses business relationships with other companies in which a director of PartnerRe is a board member and determined that no director other than Mr. Miranthis, as an executive of PartnerRe, had a direct or indirect material relationship with PartnerRe. In addition, there are no interlocking directorships and none of our independent directors, or any of their immediate family members received any consulting, advisory, legal, or other non-director fees from PartnerRe. If any such relationship were to arise, all relevant material fees would be disclosed and the Board, with the recommendation of the Nominating & Governance Committee, would make a new determination as to independence.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

In the normal course of our operations, PartnerRe may purchase or hold securities of companies for which some of our directors also serve as members of the board or non-executive directors. All transactions entered into as part of the investment portfolio are completed on market terms.

Certain Relationships and Related Transactions

The Board has adopted a written Related Person Transaction Policy to codify the practice of identifying, approving and reporting related-person transactions. The Nominating & Governance Committee is responsible for applying and enforcing this policy. Annually, each of our directors and executive officers completes a

Table of Contents

questionnaire identifying his or her board relationships outside of PartnerRe, the results of which are used to compile a list of parties which is subsequently distributed to all relevant business unit heads and support staff personnel. PartnerRe then identifies and quantifies any transaction that may have been consummated with any party on the list. In addition, the questionnaire solicits information about whether the director or executive officer or any member of his or her immediate family has a direct or indirect material interest in any transaction involving PartnerRe. The Nominating & Governance Committee determines whether the transaction should be ratified, terminated and reported in the proxy statement. Certain types of transactions do not require approval, ratification and disclosure in the proxy statement if they fall within permitted exceptions (such as transactions in the ordinary course of business not exceeding \$120,000, transactions in which the director's or executive officer's or any member of his or her immediate family's interest derives solely from his or her (i) service as a director of or (ii) ownership of less than 10% of the equity interest in another corporation or organization that is a party to the transaction, or a director or executive officer compensation arrangement already approved by the Compensation Committee).

For 2013, the Nominating & Governance Committee determined that there were no transactions involving our directors, executive officers or any of their immediate family members as well as the entities named in the Other Beneficial Owners section in the table on page 26 that needed to be reported in this Proxy Statement.

Board Leadership Structure

Since its inception in 1993 PartnerRe has always separated the role of the Chief Executive Officer from that of the Chairman of the Board. The role of Chairman is filled by an independent, non-executive director and as a result, we have not appointed a lead director. The separation of these two roles is an important component of our corporate governance structure. The Chairman provides leadership to the Board, presides at the Board meetings which are scheduled at least four times a year and calls additional meetings of the directors as he deems appropriate. The Chairman advises the Nominating & Governance Committee on the selection of committee chairmen, leads the performance evaluation of the Chief Executive Officer, advises on and determines, with the input from the Chief Executive Officer and the Board, the agenda for Board meetings. With input from the Chief Executive Officer, the Chairman determines the nature and extent of information that should be provided to the Board in advance of Board meetings, acts as a liaison between shareholders and the Board where appropriate and performs such other functions as the Board may direct. The Chairman also presides at all executive sessions of the Board which are held each time a physical Board meeting occurs.

Meetings and Committees of the Board

The Board held four meetings in 2013. Each director attended at least 75% of the meetings held by the Board and by the committees on which he or she serves. PartnerRe does not have a policy with regard to directors' attendance at annual general meetings of shareholders but directors are encouraged to attend. All of the directors attended the 2013 Annual General Meeting.

Table of Contents

The Board has established four standing committees: the Audit Committee, the Compensation & Management Development Committee (the **Compensation Committee**), the Nominating & Governance Committee and the Risk & Finance Committee. Members of the Audit, Compensation and Nominating & Governance Committees are independent in accordance with the definition of the New York Stock Exchange rules. The committee memberships are as follows:

* Non-Independent Director

Each committee has a charter that, among other things, reflects current best practices in corporate governance. Below is a brief description of the role of each committee:

Audit Committee

Pursuant to its charter, the Audit Committee's primary responsibilities are to assist Board oversight of:

the integrity of PartnerRe's financial statements;

PartnerRe's compliance with legal and regulatory requirements, including the receipt of reports arising in respect of the Code of Business Conduct and Ethics;

the independent auditor's qualifications and independence; and

the performance of PartnerRe's internal audit function and independent auditors.

The Audit Committee regularly meets with management, the Chief Audit Officer and our independent registered public accounting firm to review matters relating to the quality of financial reporting and internal accounting controls, including the nature, extent and results of their audits. In addition, the Audit Committee discusses PartnerRe's policies with respect to risk assessment and risk management processes.

Mr. Zwiener is the Chairman of the Audit Committee and meets the definition of an audit committee financial expert as adopted by the SEC, and he has agreed to be designated as such. The Board has determined that Mr. Zwiener is independent under New York Stock Exchange Rules. Mr. Zwiener also serves as chairman of the ING U.S. audit committee. Further information about Mr. Zwiener can be found on page 11.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

The other members of the Audit Committee meet the financial literacy requirements of the New York Stock Exchange Rules. They each have a broad range of experience in senior executive positions in their respective industries. The Board has determined that each member of the Audit Committee has appropriate accounting and financial management expertise. Further details relating to the experience of the Audit Committee members can be found in their respective biographies on pages 7-13.

Table of Contents

The following report was approved by the Audit Committee on March 21, 2014.

Audit Committee Report

The Audit Committee has discussed with the independent registered public accounting firm, Deloitte & Touche Ltd. (**Deloitte**), the matters required to be discussed by Rules on Auditing Standards No. 16, Communications with Audit Committees and Related and Transitional Amendments to PCAOB Standards.

The Audit Committee and Deloitte have discussed Deloitte's independence and whether Deloitte can provide non-audit related services and maintain independence from management and PartnerRe. The Audit Committee has received from Deloitte the written disclosures and the letter required by PCAOB Rule 3526 (Communication with Audit Committees, Concerning Independence) including written materials addressing Deloitte's internal quality control procedures.

During fiscal year 2013, the Audit Committee had nine meetings, including informational calls, to discuss (among other things) PartnerRe's quarterly results. The meetings were conducted to encourage communication among the members of the Audit Committee, management, the internal auditors and Deloitte. The Audit Committee also discussed with Deloitte the overall scope and plans for Deloitte's audits and the results of such audits. The Audit Committee met with representatives from Deloitte, both with and without management present.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2013 with management and with Deloitte. Based on the above-mentioned reviews and discussions, the Audit Committee has recommended to the Board that the audited financial statements be included in PartnerRe's Annual Report on Form 10-K for the year ended December 31, 2013.

Compensation Committee

Pursuant to its charter, the Compensation Committee has been established mainly to discharge the Board's responsibilities relating to the Company's compensation and benefits policies for its Chief Executive Officer and all other executive officers and to oversee plans for management development and succession.

The Compensation Committee can delegate authority to its chairman or a sub-committee as it deems appropriate or as necessary to carry out responsibilities of the Compensation Committee.

Compensation of Executive Officers and Directors: Roles and Responsibilities

The Compensation Committee is responsible for the review and final approval of the compensation elements for each executive officer including the Chief Executive Officer.

In so reviewing and approving executive officers' compensation, the Compensation Committee:

Edgar Filing: PARTNERRE LTD - Form DEF 14A

in consultation with the Board in executive session, establishes and approves goals and objectives relevant to the compensation of the Chief Executive Officer and evaluates the performance of the Chief Executive Officer in light of such established goals and objectives; and

in consultation with the Chief Executive Officer, establishes and approves goals and objectives relevant to the compensation of all other executive officers and evaluates their performance in light of such established goals and objectives.

For more information on the responsibilities and activities of the Compensation Committee, including the Committee's processes for determining Named Executive Officers' compensation, see our Compensation and Discussion Analysis section on pages 30-42.

Table of Contents

The Compensation Committee is not involved in the consideration and determination of the directors' compensation.

Compensation Committee Consulting Services

The Compensation Committee has the authority to hire, manage and terminate external compensation consulting services.

The Chairman of the Compensation Committee requests information, analysis and proposals from time to time from Frederic W. Cook & Co., Inc. As discussed below, examples of the services provided include reviewing executive retention plans, proposing alternative approaches in the design of long-term incentive plans, suggesting the composition of our competitive peer group and performing competitive pay analyses based on the peer group.

Separate to the consultants used by the Compensation Committee, management obtains consulting services from other compensation consultants on an as-needed basis throughout the year. Fees for these consulting services are set on a project-by-project basis. An annual retainer is not paid to any executive compensation consulting firm.

Compensation Consultant

Frederic W. Cook & Co., Inc., an external consulting firm, provides information and guidance to the Compensation Committee as requested. Each year at the Compensation Committee's November meeting, a report is presented suggesting which companies constitute an appropriate competitive peer group. Further details about the peer group can be found under "Competitive Peer Group and Pay Analysis," on page 41. Based on the approved competitive peer group, the consultant prepares a competitive analysis of total compensation for our executive officers against compensation for comparable executives at each peer group company. This analysis is presented to the Compensation Committee at its November meeting. The Compensation Committee makes a determination with respect to the compensation of the Chief Executive Officer based on peer group analysis. In 2013, Frederic W. Cook & Co., Inc. conducted an analysis of PartnerRe's executive compensation programs and provided advice to the Compensation Committee as needed on items such as ISS corporate governance guidelines. The Compensation Committee has direct access to all external advisors without management involvement.

Frederic W. Cook & Co., Inc. has not provided any services or received any payment from PartnerRe in an amount in excess of \$120,000 during the year ended December 31, 2013 and did not perform consulting work for the management team. The following factors set forth in the SEC rules regarding compensation advisor independence were reviewed in order to determine if any conflict of interest issues were raised by the use of the consulting firm:

Whether the compensation consulting company employing the compensation advisor is providing any other services to PartnerRe.

How much the compensation consulting company who employs the compensation advisor has received in fees from PartnerRe, as a percentage of that person's total revenue.

What policies and procedures have been adopted by the compensation consulting company employing the compensation advisor to prevent conflicts of interest.

Whether the compensation advisor has any business or personal relationship with a member of the compensation committee.

Whether the compensation advisor owns any stock of PartnerRe.

Nominating & Governance Committee

Under the terms of its charter, the Nominating & Governance Committee is responsible for overseeing all aspects of corporate and board governance. The Nominating & Governance Committee identifies individuals qualified to become directors, often with the assistance of a third-party search firm, and recommends appropriate nominees to the Board. In addition, the Nominating & Governance Committee recommends directors for committee membership, prescribes committee structure, evaluates Board and committee performance, oversees and sets director compensation, develops and recommends to the Board the Corporate Governance Principles and Application Guidelines and oversees compliance with such guidelines. The Nominating & Governance Committee Chairman oversees individual assessments of those directors who are standing for re-election.

The Nominating & Governance Committee may, at its discretion, consider director candidates suggested by shareholders. Under our Bye-Laws, the procedure by which shareholders may submit nominations for directors is the same as for other shareholder proposals, as described under [How Do I Make A Proposal for Inclusion in the Proxy Statement for the 2015 Annual General Meeting](#) on page 5.

The Nominating & Governance Committee identifies, reviews, assesses and recommends candidates to fill vacancies on the Board that occur for any reason. The Nominating & Governance Committee does not have a formal diversity policy; however, it has established and rigorously follows criteria when evaluating the candidacy of any individual for membership to the Board and any committee. Members of the Nominating & Governance Committee review prospective candidates' qualifications and geographic location; determine whether prospective candidates are independent and regularly consider whether the composition of the Board and its committees is diverse and appropriate in light of the current business challenges and needs. In particular, the Nominating & Governance Committee considers each director's individual skills, judgment, age, background and experience.

Risk & Finance Committee

Under the terms of its charter, the Risk & Finance Committee oversees PartnerRe's risk management framework policies and practices as well as its capital management policies and processes. The Risk & Finance Committee has oversight responsibility for PartnerRe policies and activities mainly related to:

overall management of PartnerRe's risks pursuant to the business strategy and risk guidelines established by the Board; and

capital management including issuance, retirement and internal capital movements.

The Audit Committee has primary responsibility for risks related to PartnerRe's financial statements, as discussed below.

The Board's Role in Risk Oversight

As a reinsurance company PartnerRe must assume risk in order to achieve its strategic objectives and return targets; however, it is necessary that risk be assumed within an enterprise risk management framework in accordance with an established risk appetite. The Board sets both the risk appetite and return goals by considering the following:

establishment of a minimum capital level expressed as a fixed percentile of a modeled financial loss exceedance curve plus a margin;

setting our risk appetite as a percentage of capital, with loss tolerances for the ten largest risks being set with a specific fixed dollar amount, the ten largest risks that PartnerRe assumes, which are considered to be natural catastrophe risk, casualty reserving risk, equity and equity-like investment risk, longevity risk, pandemic risk, standard fixed income credit risk, trade credit risk, agriculture risk, mortgage insurance risk and duration/interest rate risk for excess fixed income assets; and

Edgar Filing: PARTNERRE LTD - Form DEF 14A

approving key risk management principles and policies utilized by PartnerRe to drive individual decision making throughout the organization.

Table of Contents

In addition the Board also:

allocates responsibilities for risk oversight among the Board and its committees;

facilitates open communication between management and directors about the risks which PartnerRe assumes; and

fosters an appropriate culture of integrity and risk awareness.

While the Board oversees risk management, it is the responsibility of management to manage risk. PartnerRe has robust internal policies and procedures as well as a strong internal control environment to identify and manage risks which ensures communication with the Board and its committees. PartnerRe's enterprise risk management framework includes policies and procedures, an enterprise risk management committee chaired by the Chief Executive Officer, regular internal management disclosure committee meetings, a comprehensive internal and external audit process and the Code of Business Conduct and Ethics. The Board and the Audit Committee monitor the effectiveness of the internal controls and the Board and the Risk & Finance Committee oversee the risk management framework. Management communicates routinely with the Board and its committees on the significant risks identified and how they are being managed and mitigated. Much of the work is delegated to Board committees, which meet regularly and report back to the Board.

For instance:

The Audit Committee oversees and focuses on risks related to PartnerRe's financial statements, the financial reporting process, accounting and legal matters. The Audit Committee oversees the internal audit function and PartnerRe's ethics programs, including the Code of Business Conduct and Ethics. The Audit Committee members meet separately with PartnerRe's Chief Audit Officer and representatives of the independent auditing firm.

The Compensation Committee evaluates the risks and rewards associated with PartnerRe's compensation philosophy and programs. As discussed in more detail in the Compensation Discussion and Analysis section on pages 30-42, the Compensation Committee reviews and approves compensation programs with features that mitigate risk without diminishing the positive incentives of the compensation. Management discusses with the Compensation Committee the procedures that have been put in place to identify and mitigate potential risks in compensation.

The Risk & Finance Committee approves and monitors limits for the key risks listed above. PartnerRe assumes and oversees risks relating to reserving, underwriting limits, investments, currency risk and hedging programs, mergers and acquisitions, and capital projects.

Significant Board Practices

Executive Sessions

Following every physical Board meeting in 2013, the Chief Executive Officer recused himself from the meeting to allow the Board to meet in executive sessions. The independent directors are at liberty to raise whatever issues they wish during these sessions. The Chairman presides over the executive sessions.

Advance Materials

Information and data important to the directors' understanding of the business or matters to be considered at a Board or committee meeting are, to the extent practical, distributed sufficiently in advance of the meeting to allow careful review. The Chairman, in conjunction with the Chief

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Executive Officer, establishes on an annual basis an agenda of topics for consideration and review by the Board during the following year. This annual schedule of topics is then provided to the full Board for review and comment and is adjusted, as appropriate, during the year. In addition, the Chairman and each committee sets a quarterly agenda in advance of all Board and committee meetings.

Access to Management

Directors have full and unrestricted access to management. In addition, key members of management attend Board meetings to present information about the results, plans and operations of the business within their areas of responsibility.

Table of Contents

Access to Outside Advisers

The Board and its committees may retain external counsel or consultants on their own initiative. For example, the Audit Committee has the authority to retain and terminate the independent auditor, the Nominating & Governance Committee may retain search firms to help identify director candidates, and the Compensation Committee may retain and terminate the services of compensation consultants for advice on executive compensation matters.

Mandatory Retirement Age

The current mandatory retirement age for directors, as determined by the Board, is 73. A director must resign from the Company in May of the year that he or she turns 73, unless the Board waives the mandatory retirement age for a specific director in exceptional circumstances. Such waiver is renewed annually and will be disclosed.

Communication with Directors

Any shareholder or other interested party who wishes to communicate with our directors may write to the Board at Wellesley House South, 90 Pitts Bay Road, Pembroke HM 08, Bermuda, marked for the attention of a particular director or the Secretary to the Board. The Secretary's office opens all such correspondence and forwards it to the relevant director, except for items unrelated to the functions of the Board, including business solicitations or advertisements.

Anti-Hedging and Anti-Pledging Policy

Prohibition against hedging or pledging of PartnerRe common shares are embedded within our Trading Policy. This prohibits PartnerRe directors, officers and employees from: (i) entering into hedging or monetization transactions related to PartnerRe common shares, including through the use of financial instruments, such as prepaid forwards, equity swaps, collars and exchange funds; and (ii) holding PartnerRe common shares in a margin account or otherwise pledging PartnerRe common shares as collateral for a loan.

Insurance

The primary underwriter for PartnerRe's director and officer insurance is Hartford Fire Insurance Company. The policy period runs from May 15, 2013 to May 14, 2014. The cost of this coverage for the one-year period ending May 14, 2014, was \$1,609,830.

Table of Contents**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis****Executive Summary**

This Compensation Discussion and Analysis provides an overview of how our NEOs were compensated in 2013, and how their compensation aligns with our established pay-for-performance compensation philosophy. The Compensation Discussion and Analysis describes the compensation of the following NEO s.

Name	Title
Costas Miranthis	President and Chief Executive Officer
William Babcock	Executive Vice President and Chief Financial Officer
Emmanuel Clarke	Chief Executive Officer, PartnerRe Global
Marvin Pestcoe	Chief Executive Officer, Life & Health, Investments Group
Theodore C. Walker	Chief Executive Officer, PartnerRe North America

PartnerRe s Executive Total Compensation Program is based on our compensation philosophy of providing market competitive programs which are designed to attract and retain top talent, align remuneration to value creation, and incent positive behaviors as well as motivating employees and paying for performance, while discouraging excessive risk-taking. To support this philosophy, PartnerRe uses a mix of both short and long-term based compensation elements inclusive of base salary, annual cash incentives, long-term equity awards and benefits. PartnerRe provides clear alignment between financial and non-financial performance to encourage employees to help PartnerRe achieve long-term financial objectives. The Compensation Committee reviews the Executive Total Compensation Program components annually to ensure there is a clear alignment with our pay-for-performance compensation philosophy.

For 2013, the result of the Adjusted Return on Equity (AROE as described under Group Adjusted Return on Equity on page 34), was 15.7% and is PartnerRe s primary financial metric, for the purposes of evaluating at risk compensation. This performance exceeded the Company s target of 8% - 9% in a challenging economic and operating environment. The Company s diversified platform and performance culture allowed the Company to meet these challenges and remain financially strong.

In May 2013, our shareholders voted on executive compensation for the 2012 performance year. In this non-binding advisory say-on-pay vote, shareholders, representing 96.4% of the total shares voted, voted in favor of PartnerRe s compensation philosophy and practices. PartnerRe will continue to focus on the philosophy which guides the compensation decisions that were so strongly supported by our shareholders. If future voting results are unsatisfactory, the Compensation Committee intends to consider those future outcomes in making executive compensation decisions. With this in mind, and the strong link between the 2013 performance and the resulting pay of our NEO s, we recommend that you vote **YES** for Management Proposal 3, say-on-pay.

The Compensation Committee regularly evaluates the alignment of the compensation of our NEO s with Company performance while also giving consideration to total compensation relative to that of peer companies. The Compensation Committee considers a number of factors in their evaluation, including periodic reviews of market data provided by Frederic W. Cook & Co., Inc., the Compensation Committee s independent consultant. In addition, the Compensation Committee considers ways of providing the shareholders with adequate protection following a potential termination of the NEO s by putting in place restrictive covenants (including non-compete clauses) to ensure that NEO s are not able to put the Company at a competitive disadvantage.

Recent Changes in NEO Employment Arrangements

At the February 27, 2014 meeting of the Compensation Committee, a review of the Chief Executive Officer s total compensation was undertaken. Frederic W. Cook & Co., Inc. noted that overall target compensation for Mr. Miranthis had not changed since he became Chief Executive Officer in 2011 and was

Table of Contents

below market median. In their review the Compensation Committee considered, amongst other factors, the Company's performance, the current reinsurance environment, alignment with peer companies' Chief Executive Officer pay packages and maintaining a total compensation package that continues to allow the Chief Executive Officer to focus on increasing shareholder value. Based upon these considerations, and taking into consideration the recommendation from the independent consultant, the Compensation Committee determined that it would be appropriate to increase the Chief Executive Officer's at risk annual incentive target from 125% to 150% of base salary and the annual target equity value from \$3,000,000 to \$4,500,000. Further underscoring the Compensation Committee's commitment to align pay with performance the Chief Executive Officer's salary remained unchanged. Both increases will take effect for the 2014 performance year, and these changes would result in the Chief Executive Officer being near the market median of peer companies.

The Compensation Committee also considered amendments to the NEOs' employment agreements, as well as other compensation policies applicable to the NEOs. As indicated above, the intent was to provide the NEOs with protection in certain termination scenarios while at the same time providing the company and its shareholders protection through restrictive covenants (including non-compete clauses). The Compensation Committee considered a number of factors, including feedback from Frederic W. Cook & Co., Inc., in reviewing the amendments to the employment agreements and applicable policies, including a review of current market data, potential impact to shareholders and independent third party review of contractual terms and conditions. After reviewing and considering the relevant factors, the Compensation Committee approved the following material amendments to the NEOs' employment agreements:

Upon termination of employment due to death, the NEO's spouse (or dependent children if there is no spouse at the time of death) will receive, among other things, (i) 12 months of base salary (an increase from 6 months), (ii) a payment equal to the target annual incentive (an increase of 50%) and, (iii) continued health coverage for 24 months.

Upon NEO termination for good reason or PartnerRe termination without cause, any unvested equity awards held by the NEO at the time of termination will vest on a *pro rata* basis and, if applicable, be paid out.

In the event that the Company elects to terminate the NEO's employment before the end of the required notice period, the NEO will receive a payment that reflects the amount of compensation that would have been earned had the NEO remained an employee through the termination date originally specified in the notice of termination.

The NEOs will generally be subject to covenants not to compete or solicit for a period of 12 months following termination. In the event of an early termination by the Company after the notice of termination is communicated for a termination without cause or for good reason, he will be subject to such covenants from the date of such early termination to the termination date originally specified in the notice of termination and for 12 months thereafter.

In recognition of the seniority of the role, the Compensation Committee determined that it was appropriate to provide the Chief Executive Officer with additional benefits in excess of the foregoing. In addition, upon termination of his employment without cause or for good reason, any unvested equity awards (other than PSUs) held by him at the time of termination will vest in full.

Elements of Total Compensation

The three principal types of compensation paid to the NEOs (each of which is described in more detail below) are:

1. Base Salary
2. Annual Cash Incentive
3. Annual Equity Awards

Edgar Filing: PARTNERRE LTD - Form DEF 14A

When analyzing the mix of compensation to be paid to the NEOs with respect to the performance year and setting amounts for each of these components, the Compensation Committee is guided by the philosophy

Table of Contents

outlined in the Executive Total Compensation Program. To allocate the three principal forms of compensation optimally, the Compensation Committee focuses on:

clearly linking pay to performance;

achieving a balance between fixed compensation (base salary) and at risk compensation (annual cash incentive and equity awards). At risk compensation supports a pay-for-performance approach and links predetermined objectives, including Company performance, with at risk compensation; however, a cap is in place to ensure that NEOs are not inappropriately motivated to maximize their at risk earnings;

ensuring that long-term incentive awards in the form of equity are designed to align the NEOs interests with shareholders interests by emphasizing long-term business performance and overall PartnerRe success;

promoting the retention of NEOs by providing long-term incentives; and

providing flexibility in the form and structure of compensation to meet individual goals and time horizons.

Balance of Fixed and At Risk Compensation

For the 2013 performance year, the total compensation (base salary, annual cash incentive and equity awards) that was at risk for the Chief Executive Officer was 85% (36% comprised of annual cash incentive and 49% comprised of equity awards) and 15% was base salary. For the NEOs (excluding the Chief Executive Officer) compensation that was at risk was 80% (36% comprised of annual cash incentive and 44% comprised of equity awards) with the balance of their total compensation, 20%, being base salary. At risk compensation is considered by the PartnerRe Board to include annual incentive and equity grants. The breakdown of the NEOs individual compensation mix is as follows:

- (1) Base salary at December 31, 2013.
- (2) Actual annual cash incentive award for the 2013 performance year, paid in March 2014.
- (3) Actual annual equity dollar value for the 2013 performance year, granted on February 28, 2014.

Table of Contents**(1) Base Salary**

Base salary is reviewed annually by the Compensation Committee, and is the fixed component of the total compensation package. The level of base salary is intended to reflect the expertise, level of experience and scope of responsibilities of the NEO. Base salary targets the market median based on market competitive data (as noted in Competitive Peer Group and Pay Analysis on page 41) and is the base component of overall compensation. In line with company philosophy and as shown in the graph above, base salary is the smallest component of total compensation for the NEOs. Mr. Miranthis' base salary has not changed since he was appointed to the role of Chief Executive Officer effective January 1, 2011.

The base salary for each NEO is reviewed at the first Compensation Committee meeting of the calendar year and fixed as of April 1 of each year. The base salaries as of April 1, 2013 were as follows:

	Costas	William	Emmanuel	Marvin	Theodore
	Miranthis	Babcock	Clarke	Pestcoe	C. Walker
2013 Base Salary	\$1,000,000	\$584,553	CHF626,156	\$570,502	\$598,972

(2) Annual Cash Incentive

Annual cash incentive is an at risk performance based component of compensation and has been designed to align NEO and shareholder interests through the attainment of predetermined metrics and objectives.

Pursuant to PartnerRe's annual cash incentive program, each employee has a target annual cash incentive that is expressed as a percentage of base salary. The annual cash incentive payout ranges from 0% to 200% of the target, depending upon actual performance compared with predetermined performance metrics.

	Costas	William	Emmanuel	Marvin	Theodore
	Miranthis	Babcock	Clarke	Pestcoe	C. Walker
Target Annual Cash Incentive (% of salary)	125%	100%	100%	100%	100%
Target Annual Cash Incentive (Value)(1)	\$1,250,000	\$584,553	CHF626,156	\$570,502	\$598,972
Actual Annual Cash Incentive(1)	\$2,375,000	\$1,093,114	CHF1,195,958	\$997,009	\$1,026,039

(1) Amounts relate to the 2013 performance year. The actual annual cash incentive was paid in March 2014. The metrics for the following performance measures are predetermined by the Compensation Committee:

- i. Total Group Performance (Group AROE + Group Organizational Objectives)
- ii. Business Unit Financial Performance
- iii. Personal Objectives

The AROE metric is PartnerRe's primary financial metric, for the purposes of evaluating compensation, as it focuses on the value provided to shareholders and is a reliable indicator of Company performance and profitability. The inclusion of qualitative objectives provides the ability to assess performance which may not be quantifiable but impacts the overall performance of the Company.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

The Compensation Committee annually approves the metrics within the Total Group Performance measure and the weighting of each measure for each NEO. Each measure is weighted to reflect the contributions of each NEO toward our strategy, the current business environment, as well as the behaviors which the Compensation Committee wishes to encourage and reward. The Compensation Committee places significant emphasis on quantitative performance measures (i.e., combined Group AROE and Business Unit Financial Performance). The Compensation Committee approved the weight of financial performance in a range of 72.5% - 75% for NEOs in 2013, which remains unchanged from 2012. The qualitative objectives (Group Organizational and Personal

Table of Contents

combined) also remain unchanged within a target weight range of 25% - 27.5%. The following table outlines the 2013 weightings and measures for each NEO:

	Costas	William	Emmanuel	Marvin	Theodore
	Miranthis	Babcock	Clarke	Pestcoe	C. Walker
Group AROE	75%	72.5%	42.5%	42.5%	42.5%
Group Organizational Objectives	25%	7.5%	7.5%	7.5%	7.5%
Total Group Performance	100%	80%	50%	50%	50%
Business Unit Financial Performance			30%	30%	30%
Personal Objectives		20%	20%	20%	20%
Total Financial Performance	75%	72.5%	72.5%	72.5%	72.5%
Total Personal Performance	25%	27.5%	27.5%	27.5%	27.5%

i) Total Group Performance

The Total Group Performance measure applied to all NEOs in 2013 and was the most heavily-weighted measure (100% for Mr. Miranthis, 80% for Mr. Babcock and 50% for Messrs. Clarke, Pestcoe and Walker). The Total Group Performance measure is comprised of Group AROE and Group Organizational Objectives, with Group AROE being the primary metric. Mr. Miranthis' annual cash incentive was paid out at 190% of target, reflective of the Company's strong financial performance in 2013.

The actual 2013 Total Group Performance results and resulting payout for each NEO, based on the weightings shown in the above table, are shown below:

	Performance	Scale Payout	Payout		
			CEO	CFO	Other NEOs*
Group AROE	15.7%	200%	150%	145%	85%
Group Organizational Objectives	160%	160%	40%	12%	12%

Group Adjusted Return on Equity

The Compensation Committee assessed the materiality of all the metrics used in determining our NEOs 2013 performance year annual cash incentives. As the foregoing tables show and as discussed above, Group AROE was the most predominant component used to determine Total Group Performance and consequently the 2013 performance year annual cash incentive payouts.

Return on Equity (**ROE**) is based on operating earnings or losses (see footnote 2 on page 62 in our Annual Report on Form 10-K for the year ended December 31, 2013, for a definition). ROE excludes realized and unrealized gains or losses on the Company's Risk Assets. Group AROE includes the realized and unrealized gains and losses of the Company's Risk Assets. Risk Assets are a portion of the Company's investment portfolio and include equities, asset-backed securities, insurance linked securities and other specific investments.

Group AROE is not a financial measure calculated in accordance with U.S. GAAP. See Appendix II to this Proxy Statement for a reconciliation of this non-GAAP financial measure to the most directly comparable GAAP financial measure.

The Group AROE scale is established annually and approved by the Compensation Committee. The main factors considered in establishing the Group ROE scale were the current reinsurance market outlook and a sustained period of low interest rates.

Table of Contents

The payout scale is as follows and is subject to straight-line interpolation.

Group AROE Performance	Payout of Award as a Percentage of Target Annual Cash Incentive
>14%	200%
\hat{O}	\hat{O}
8-9%	100%
\hat{O}	\hat{O}
<3%	0%

The scale reflects PartnerRe's compensation philosophy in the following respects:

The annual cash incentive target (*i.e.*, payout at 100%) is awarded for a target Group AROE performance, which is established prior to the start of the performance year.

The annual cash incentive payout is capped at 200% because an uncapped payout could encourage risk-taking activities which are not in the best interests of our shareholders.

The scale is designed to ensure that our shareholders receive a minimum return, currently at least 3% Group AROE, before employees receive an allocation toward their annual cash incentive.

The scale is set to create challenging but realistic goals to motivate employees and provide the opportunity to pay for performance. The Group AROE for 2013 was 15.7% and consequently the payout award for this component for the 2013 performance year was 200%.

Group Organizational Objectives

Non-financial objectives are recommended annually by the Chief Executive Officer and approved by both the Compensation Committee and the Board. For 2013, the Group Organizational Objectives were:

Effective delivery of support function reorganization;

Manage new initiatives; and

Develop talent and add new talent/skills as needed.

The Group Organizational Objectives will vary from year to year and the Compensation Committee does not assign specific weighting to any one individual component of the Group Organizational Objectives. No individual Group Organizational Objective was significant enough to make a meaningful impact on the maximum potential annual cash incentive payout for the 2013 performance year. As each qualitative objective was not individually material and was subjective in nature (*i.e.*, not a quantitative measurement), the Compensation Committee reviewed the performance in the aggregate and determined that PartnerRe successfully achieved the Group Organizational Objectives, resulting in a payout of 160% of target.

ii) Business Unit Financial Performance

Mr. Miranthis and Mr. Babcock's annual cash incentive does not include a Business Unit Performance measure. For Mr. Clarke and Mr. Walker, a Business Unit ROE metric accounted for 100% of their Business Unit Performance measure. Mr. Pestcoe's Business Unit Performance measure is made up of four metrics that pertain only to the Investments Group.

Table of Contents

The following table shows the Business Unit ROE metric used for the Business Unit Performance measure:

iii) Personal Objectives

Other than the Chief Executive Officer, each of our NEOs has numerous predetermined qualitative objectives that vary from year to year.

Qualitative objectives are recommended annually by the Chief Executive Officer and approved by the Compensation Committee. The weight on qualitative objectives aligns with the Compensation Committee's goal of a 25% - 27.5% weight on qualitative objectives (Group Organizational and

Table of Contents

Personal Objectives combined), placing greater emphasis on quantitative performance measures. In 2013, the Compensation Committee considered numerous qualitative personal objectives, none of which covered all of our NEOs. For each NEO, the Compensation Committee considered all of the objectives that specifically applied to the NEO and reached a subjective view as to how well the NEO had achieved his personal objectives. Personal objectives cover many areas, including operational efficiency, effective capital management, maintaining good relationships with clients and success of significant projects. The Compensation Committee determined that each NEO successfully achieved their personal objectives for the 2013 performance year, resulting in a payout of between 150% and 170% of target for Personal Objectives metric for each NEO.

(3) Equity Awards

Equity awards provide at risk compensation which has a long-term focus and are subject to both performance and time-based vesting mechanisms. Equity awards are intended to: (i) align the long-term interests of NEOs and shareholders; (ii) reflect long-term performance goals; and (iii) act as a talent retention vehicle.

Form of Equity

The NEOs' blend of equity is 60% performance-based awards (PSUs and SSARs) and 40% time-based awards (RSUs). Prior to the start of the performance year, NEOs can customize their award and convert up to 25% of their PSU and RSU awards into SSARs. The performance-based equity has a greater motivational impact while the time-based equity has a greater retentive impact. The annual equity award distribution for the NEOs is as follows:

Equity Award Level	Annual Equity Target Dollar Value	Actual Grant for 2013 Performance Year(1)	Blend of Equity		
			RSUs(2) (40%)	PSUs(2) (40%)	SSARs(2) (20%)
CEO	\$ 3,000,000	\$ 3,300,000	\$ 1,320,000	\$ 1,320,000	\$ 660,000
CFO(3)	\$ 1,250,000	\$ 1,375,000	\$ 412,500	\$ 550,000	\$ 412,500
Other NEOs	\$ 1,250,000	\$ 1,375,000	\$ 550,000	\$ 550,000	\$ 275,000

(1) Granted on February 28, 2014 at 110% of target dollar value.

Equity Performance Adjustment

The 15.7% Group AROE result for 2013 exceeded the maximum level on the annual incentive scale, resulting in an annual incentive payout of 200% of the scale. The maximum performance therefore results in an adjustment of 110% to the 2014 equity target dollar values.

At grant, the target dollar value of the annual equity award is adjusted (90% - 110%) based on the prior year's Group AROE result of 15.7%:

Results within scale (3 -14%) no adjustment

Results below scale (<3%) 90% of target dollar value

Results above scale (>14%) 110% of target dollar value

Edgar Filing: PARTNERRE LTD - Form DEF 14A

(2) RSUs and PSUs have a three-year cliff vest and the PSUs are subject to a performance measure; SSARs have a three-year ratable vest. For the 2013 performance year grant, upon settlement, PSU awards can be adjusted upward or downward based on the average three-year growth in Tangible Book Value Per Diluted Share (TBVPS) + nonlife reserve discount + life unrecognized value + dividends paid from grant date. This performance metric was selected by the

Table of Contents

Company as the financial metric because it has the highest correlation to shareholder value. The following table shows the payout scale on settlement, based on performance and is subject to straight-line interpolation:

PSU Metric Scale		
Level	(above risk-free return)(1)	PSU Adjustment %
Maximum	>1,200bps	150%

Target	700bps	100%

Minimum	<200bps	50%

(3) Mr. Babcock customized his 2014 grant as follows: 30% RSUs / 40% PSUs / 30% SSARs.

Equity Awards Granted

The following table shows each NEO's equity awards granted on February 28, 2014 for the 2013 performance year:

Name	RSUs(1)	PSUs(1)	SSARs(2)

William Babcock	4,172	5,562	29,202
Emmanuel Clarke	5,562	5,562	19,468
Marvin Pestcoe	5,562	5,562	19,468
Theodore C. Walker	5,562	5,562	19,468

(1) The closing price on February 28, 2014 was \$98.88.

(2) The conversion ratio is one RSU to seven SSARs.

Linking Pay for Performance

The Group AROE scale is established annually and approved by the Compensation Committee. The main factors considered in establishing the Group ROE scale were the current reinsurance market outlook and a sustained period of low interest rates. The Company's financial results for 2013 were above target and this was reflected in the above target payment of the annual cash incentive component of at risk compensation to the NEOs for the 2013 performance year, demonstrating a strong link between pay and performance.

The table below provides a three-year history of the Company performance.

	2011	2012	2013
Group AROE	(11.4%)	15.0%	15.7%
Group AROE Scale Payout	0%	150%	200%
Total Group Performance(1)	44%	150%	190%

Table of Contents

The following graph displays the average compensation (average base salary, annual cash incentive award and equity award) of NEOs for the past three performance years. Together the graph and the above table show the link between company performance and executive compensation at PartnerRe, which is reflected in the high level of support shown by our shareholders when they voted on the 2012 executive compensation in May 2013.

- (1) Base salary at December 31 of each year. The graph uses the following exchange rates for Emmanuel Clarke which were used at the Compensation Committee meeting in which his salary was approved: 2011 and 2012 rate US\$1.00 to CHF1.06; 2013 rate US\$1.00 to CHF1.10.
- (2) Actual annual cash incentive award for the performance year, approved by the Compensation Committee and paid in the following year. The graph uses the following exchange rates for Emmanuel Clarke which were used at the Compensation Committee meeting in which his salary was approved: 2011 and 2012 rate US\$1.00 to CHF1.06; 2013 rate US\$1.00 to CHF1.10.
- (3) Equity awards shown in this graph are based on the performance year with a grant date in the following year. Equity values in the Summary Compensation Table vary based on the calculation described in footnote (2) under the 2013 Summary Compensation Table.

Executive Share Ownership and Retention

To promote the goal of aligning the interests of the NEOs and shareholders, the Executive Total Compensation Program prescribes share ownership guidelines, holding restrictions and incentives to encourage the NEOs to hold a stake in the future value of PartnerRe.

The Executive Total Compensation Program prescribes net share retention guidelines for all equity grants. For this purpose, net shares are the common shares remaining from a transaction (i.e., the exercise of an option or the vesting of restricted shares) after the NEO sells enough common shares to pay the applicable exercise price and any related tax or social security liabilities. The guidelines provide that:

NEOs who have not satisfied the applicable share ownership target must retain 100% of the net shares they acquire until they reach the target.

Table of Contents

If an NEO has met the share ownership target, but the holdings subsequently drop below the target amount for any reason (for example, a new share issuance), the executive will have a one-year grace period to once again meet the target.

The net share retention guidelines do not apply to grants made prior to becoming an NEO.

The ownership target is expressed as a percentage of PartnerRe's fully diluted common shares outstanding (CSO) at the end of each calendar year and includes all common shares and equivalents held by the NEO. The number of fully diluted CSO at December 31, 2013, was 53,596,034. The table below shows the ownership targets, common share ownership, and ownership expressed as a percentage of fully diluted CSO for each NEO as of December 31, 2013. All of the NEOs have reached their share ownership targets.

Name	Ownership Target		
	Common shares/equivalents as a percentage of fully diluted CSO	Common Share Ownership*	Common shares/equivalents as a percentage of fully diluted CSO
Costas Miranthis	0.07%	138,839	0.26%
William Babcock	0.03%	38,029	0.07%
Emmanuel Clarke	0.03%	47,808	0.09%
Marvin Pestcoe	0.03%	51,849	0.10%
Theodore C. Walker	0.03%	58,063	0.11%

* Common Share Ownership includes common shares owned outright, PSUs, RSUs, RSU equivalents of Options, SSARs (conversion ratio for 2013 was one RSU to seven SSARs) and common shares held in qualified plans. This includes vested and unvested awards.

Severance

To assist in recruiting and to ensure that PartnerRe is competitive within the market, the Company provides for severance payments to the NEOs under several different scenarios. The severance triggers, restrictive conditions, and compensation payments are governed by each NEO's individual employment agreement and our Change in Control Policy. For more information, see Potential Payments Upon Termination or Change of Control on pages 48-53.

Benefits & Perquisites Review

To meet market competitive conditions, benefits and perquisites are provided to NEOs. In line with our peers, PartnerRe provides additional perquisites for Bermuda-based executives who have relocated from their home country to the corporate headquarters. Consistent with our pay-for-performance compensation philosophy, executive perquisites are limited to personal use of corporate aircraft (for the Chief Executive Officer only, capped at 30 hours), housing, club membership, car and travel allowances. All other benefits for the executives are awarded to all employees in their location. The Company does not offer tax gross-ups to NEOs.

Governance Features of our Executive Compensation Program

The Compensation Committee is charged with the corporate governance of executive compensation with respect to our NEOs. All members of the Compensation Committee are non-executive directors and are considered independent pursuant to the NYSE Rule 303A.05. The Compensation Committee is authorized to retain independent consultants to give advice on compensation matters. The role of the Compensation Committee and their approval process is described in further detail on pages 21-22.

Independent Consultant

The Compensation Committee utilizes the services of an external compensation consultant. In 2013, the Compensation Committee utilized the services of Frederic W. Cook & Co.

In making decisions on Chief Executive Officer and other executive compensation, the Compensation Committee considered analysis and advice provided by Frederic W. Cook & Co. which was provided without consulting the Chief Executive Officer or management. At the request of the

Compensation Committee

Table of Contents

Chairman, Frederic W. Cook & Co. attended one committee meeting during 2013. Compensation Committee members have direct access to the consultant without management involvement.

During 2013, the services of Frederic W. Cook & Co. were limited to executive compensation matters. The Compensation Committee ascertained that Frederic W. Cook and Co. is an independent consultant to the Company.

Competitive Peer Group and Pay Analysis

The goal of the Compensation Committee is to ensure that the total compensation of our NEOs is competitive with the median of total compensation paid to executives of companies within the competitive peer group of (re)insurance companies which compete with us for executive talent. The Compensation Committee achieves this by conducting a competitive peer group analysis and comparing both the total compensation and each individual element of compensation to the peer group median.

The Compensation Committee considered and approved the composition of the competitive peer group with input from its independent consultant, Frederic W. Cook & Co. The competitive peer group is compiled using the following criteria: size (revenues, assets and market capitalization), corporate strategy, number of employees and business mix. Our 2013 competitive peer group (determined at the end of 2012) is comprised of: ACE Ltd.; Arch Capital Group Ltd.; Axis Capital Holdings Limited; Everest Re Group Ltd.; Munich Re; RenaissanceRe Holdings Ltd; SCOR SA; Validus Holdings; and XL Group plc. Allied World Assurance Company Holdings AG was added to the peer group for 2013 as it has a similar business mix to PartnerRe. Reinsurance Group of America was removed from the peer group for 2013 as its mix of business was not consistent with that of PartnerRe. Swiss Re was added to the peer group for 2014 for Chief Executive Officer comparison as it has a similar business mix as PartnerRe; benchmark data for the other NEOs is not available.

Each year the Compensation Committee reviews an analysis prepared by Frederic W. Cook & Co. comparing compensation within the peer group. The Compensation Committee utilizes this analysis when comparing compensation of the NEOs with that of executives with comparable responsibilities within the peer group.

Risk Management

The purpose of our business is to assume risk. As described above, our compensation programs contain a number of design features that proactively discourage excessive risk-taking. It is the view of the Compensation Committee that PartnerRe's compensation policies and procedures do not create risks that are reasonably likely to have a material adverse effect on PartnerRe. These policies and procedures are reviewed as part of the Company's risk management framework.

Clawback Provisions

NEOs may be required to repay some or all of any cash or equity incentive received from a grant if: (i) PartnerRe is required to restate our financial statements due to material non-compliance with financial reporting requirements; (ii) the restated financial statements would have resulted in a lower incentive award; and (iii) PartnerRe has determined that the material non-compliance causing the restatement was the result of the award recipient's willful misconduct. The requirement to repay applies to any amounts granted, vested, obtained as the result of exercise or otherwise paid out during the 12 months following the date the financial statements subject to the restatement were filed with the SEC. Under the policy, the Board may also cancel the award recipient's unvested equity or other unpaid bonus or incentive compensation and may cancel their vested but unexercised SSARs and options. These clawback features are in addition to the clawback provisions required under the Sarbanes-Oxley Act of 2002, which remain in effect. PartnerRe intends to further adjust our clawback policy in light of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 once the SEC adopts final rules implementing those requirements.

Table of Contents

Equity Practices

Long-term incentives comprise the greatest portion of the NEOs' target compensation, encouraging executives to perform in a manner consistent with long term shareholder value. As described on pages 39-40, the Executive Total Compensation Program prescribes share ownership guidelines, holding restrictions and incentives to encourage the NEOs to hold a stake in the future value of PartnerRe. PartnerRe does not backdate, reprice or grant equity awards retroactively. Repricing of awards would require shareholder approval under our shareholder-approved long-term incentives plan.

Annual Incentive Practices

As described on page 33, the annual cash incentive award is capped at a maximum payout of 200% of target to discourage excessive risk taking. Scales are reviewed and set annually prior to the start of each performance year to create challenging but realistic targets to ensure that risk-taking behaviors are not undertaken to achieve unrealistic goals.

Non-Binding Advisory Vote of Shareholders

In 2011, the Board determined that a non-binding advisory vote of shareholders on NEOs' compensation will be included in the Company's proxy materials every year. We will submit to our shareholders a proposal regarding the frequency of future advisory votes on NEOs' compensation at the Company's 2017 annual general meeting of shareholders.

Impact of Regulatory and Accounting Requirements

The Compensation Committee is mindful of how regulatory requirements, particularly those described below, affect its decisions.

Internal Revenue Code Section 162(m)

Section 162(m) precludes a public company (with certain exceptions) from taking a tax deduction for compensation in excess of \$1 million paid to specified NEOs. The Company believes that the tax deductibility of compensation is an important factor, but should not be the sole factor, in setting executive compensation policy. Accordingly, although the Company generally intends to avoid losing a tax deduction due to Section 162(m), the Company reserves the right, in appropriate circumstances, to pay amounts that are not deductible.

Accounting Standards

The Compensation Committee considers the accounting treatment of compensation elements in determining types and levels of compensation for our NEOs. In determining equity awards in 2013, the Compensation Committee considered the potential dilution impact of the Employee Equity Plan. The Compensation Committee concluded that the associated dilutive impact was appropriate, given the objectives of our Executive Total Compensation Program, competitive compensation practices in the reinsurance industry, our performance, and the value of the awards as tools to motivate and retain employees.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

The Chief Executive Officer is entitled to 30 hours of personal travel on the aircrafts and in 2012 and 2013 Mr. Miranthis did not use the aircrafts for personal use. Personal use of the aircrafts is reviewed annually by the Nominating & Governance Committee.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL****General**

In this section the description of termination provisions and change in control benefits, as well as the numbers in the table, are based on NEO employment agreements and a Change in Control Policy (the **Policy**) in effect as of December 31, 2013. On March 27, 2014 the Company entered into amended Executive Agreements with the NEOs. The changes are described on pages 30-31 but are not included in the severance tables.

Each NEO employment agreement: (i) sets forth termination scenarios for death, disability, retirement, termination by us for or without cause and termination by the NEO with or without good reason (in accordance with Swiss law, Mr. Clarke's employment agreement contemplates immediate termination for valid reason), and details what each NEO would receive upon each termination scenario; (ii) contains confidentiality provisions as well as non-competition and non-solicitation covenants which are in effect during and after employment; and (iii) incorporates our Policy.

Termination Provisions

This section describes for our NEOs the consequences of a termination of employment for retirement, death, disability, NEO voluntary termination without good reason or a termination by PartnerRe for cause, NEO termination for good reason or a Company termination without cause.

Each NEO employment agreement contains a provision for notice periods (which can be immediate) under various termination scenarios, in the event that the Company elects to terminate the NEO's employment before the end of required notice period, the NEO will receive a payment that reflects the amount of compensation he would have earned had he remained an employee through the termination date originally specified in the notice of termination (together, the **Payments in lieu of notice**). The descriptions under *Voluntary Termination by the NEO without good reason or termination for cause by PartnerRe* and *Termination by the NEO for good reason or by PartnerRe without cause* do not include the Payments in lieu of notice.

For the purpose of the severance tables on pages 52-53 the **Average Incentive** is the greater of the target annual cash incentive for the current year or the average of the annual cash incentive received by the NEO for the three fiscal years prior to termination date.

For 2014 per the amendments to the Executive Agreements the **Average Incentive** will be the greater of the target annual cash incentive for the current year or an amount that is equal to the percentage calculated by multiplying the sum of the percentage that is the payout as % of target, as determined by the Compensation Committee, for each of the three fiscal years prior to the fiscal year in which the Notice of Termination occurs, divided by 3 (the **Average Payout Percentage**), and multiplying the Average Payout Percentage by the target Annual Incentive value.

Termination for retirement

Each NEO employment agreement provides that where the NEO's employment terminates as a result of his retirement on or after attaining the retirement age (as defined by the legislation in force in the NEO's country of employment in the year of retirement), that the NEO is entitled to an amount equal to the Average Incentive prorated based on the number of days elapsed in the current fiscal year of the date of termination (the **Pro Rata Average Incentive**). The Board may in its sole discretion approve the granting of any other payments or benefits. Subject to the application of Section 409A of the Internal Revenue Code of 1986, as amended, such payments shall be made in a lump sum within 30 days after the date on which the employment terminates as a result of the retirement.

Pursuant to his employment agreement, if Mr. Walker's employment agreement terminates as a result of his retirement before attaining age 65, but subject to having already attained age 55, Mr. Walker is eligible to receive certain medical and dental coverage paid for by the Company.

Table of Contents

Any vested equity awards (including those that vest post-retirement) will remain exercisable for the remainder of their original term. The continuation of the vesting and exercise periods following retirement is subject to compliance with post retirement covenants (non-competition, non-solicitation of employees, and non-disclosure of confidential information for 36 months after the retirement).

The other NEOs are entitled to:

12 months base salary to be paid in part as a lump sum equal to six months' base salary on the first business day of the seventh month after the date of termination and the remainder in equal installments in accordance with the Company's normal payroll practices, commencing with the first payroll after the sixth month following the date of termination (or for Mr. Clarke, in accordance with normal payroll practices or within such reasonably practical time period);

An amount equal to the target annual cash incentive to be paid in part as a lump sum equal to 6/12ths of such target annual cash incentive on the first business day of the seventh month after the date of termination and the remainder in six monthly installments, commencing after the sixth month following the date of termination (or for Mr. Clarke, in accordance with normal payroll practices or within such reasonably practical time period); and

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Pursuant to PartnerRe Equity Agreements, in effect as of December 31, 2013, all unvested equity awards will be forfeited. Pursuant to the amendments to the Executive Agreements dated March 27, 2014 all unvested equity held by the NEO at the time of termination will vest on a pro rata basis and, if applicable, be paid out. For the Chief Executive Officer, any unvested equity awards (other than PSUs) held by him at the time of termination will vest in full.

Change in Control Policy

The Policy has two objectives: to motivate management to act in the best interests of shareholders and to protect compensation and benefits in order to retain key executives during a change in control transaction.

Certain senior employees, including the NEOs, are eligible for severance in the form of cash compensation and benefits if two events occur:

1. There has been a change in control event, as defined in the Policy, within the previous 12 months; and
2. The employee is terminated by PartnerRe for reasons other than death, disability or for cause, or the employee terminates with good reason, within 12 months of the change in control event.

Table of Contents

Upon the occurrence of a change in control (as defined in the Policy) and a qualifying termination described above, the Chief Executive Officer is entitled to the following payments and benefits, to be paid within a reasonable period as determined by the Board and/or as is administratively practical:

Three times base salary;

A Pro Rata Target Annual Cash Incentive;

An amount equal to three times the Average Incentive;

Housing for up to 18 months;

Health and welfare benefit continuation for three years; and

Immediate vesting of all equity awards.

The other NEOs are entitled to:

Two times base salary; to be paid in part as a lump sum equal to six months' base salary on the first business day of the seventh month after the date of termination and the remainder in equal installments in accordance with the Company's normal payroll practices, commencing with the first payroll after the sixth month following the date of termination (or for Mr. Clarke, in accordance with normal payroll practices or within such reasonably practical time period);

A Pro Rata Target Annual Cash Incentive to be paid on the first business day of the seventh month after the date of termination (or for Mr. Clarke, in accordance with normal payroll practices or within such reasonably practical time period);

An amount equal to two times the Average Incentive to be paid in part as a lump sum equal to 6/12ths of such target annual cash incentive on the first business day of the seventh month after the date of termination and the remainder in six monthly installments, commencing after the sixth month following the date of termination (or for Mr. Clarke, in accordance with normal payroll practices or within such reasonably practical time period);

For Mr. Clarke: housing and school allowance for up to 12 months;

Health and welfare benefit continuation for two years;

If an excise tax is triggered under U.S. Federal tax law, either a reduction of any payments and benefits to the extent required to prevent the excise tax or the payments and benefits as is with no reduction, depending on which result would be better for the NEO; this option could apply to Mr. Babcock, Mr. Pestcoe and Mr. Walker; and

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Immediate vesting of all equity awards.

Upon the occurrence of a change in control (as defined in the equity plan) all outstanding equity awards shall immediately vest.

On March 27, 2014, we amended the definition of "change in control" in the Policy (referred to as "Significant Transaction" in the amended Policy). The new definition provides, among other things, that a "Significant Transaction" would occur when, at any time during a period of 12 consecutive months, 50% or more of the Board members at the beginning of such period cease to be Board members for any reason.

Potential Payments upon Termination or Change in Control

The following table reflects the amount of compensation that would be paid to each of our NEOs in the event such NEO's employment is terminated under various scenarios, including disability, death, for cause or without good reason (without a change in control) and in connection with a change of control. The amounts shown have been calculated as if the NEO's employment had been terminated as of December 31, 2013, and using the closing market price of our common shares on December 31, 2013 (\$105.43). The amounts shown in the tables are only estimates of the amounts that would be paid out to the NEOs upon their termination. The actual amounts to be paid out can only be determined at the time of an NEO's termination.

Table of Contents

The table does not include the following items:

All Accrued Benefits;

The effects of a retirement since none of our NEOs attained retirement age as of December 31, 2013;

Additional payments to the NEOs under PartnerRe's benefit plans (plans providing, among other things, disability insurance, death insurance and medical insurance) which do not discriminate in scope, terms or operation in favor of the NEOs and are generally available to all employees;

The additional coverage in case of long-term disability in favor of Mr. Miranthis since the Company only subscribed to an insurance policy in February 2013;

The effects of a NEO voluntary termination or a termination for cause by PartnerRe since the NEO would only be entitled to Accrued Benefits; and

In connection with the termination by the NEO or the termination by PartnerRe without cause, the Payments in lieu of notice since it is assumed that PartnerRe has not exercised its option to terminate the employment sooner.

The numbers in the table, are based on NEO employment agreements and the Policy in effect as of December 31, 2013, as noted on pages 30-31 the NEOs Executive Agreements were amended on March 27, 2014, these changes are not included in the tables below.

**PROPOSAL 3 TO APPROVE EXECUTIVE COMPENSATION DISCLOSED PURSUANT TO
ITEM 402 OF REGULATION S-K (NON-BINDING ADVISORY VOTE)**

(Item 3 on the Form of Proxy)

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires our shareholders be provided with the opportunity to approve, on a non-binding, advisory basis, the compensation of our Named Executive Officers (**NEOs**) as disclosed in this Proxy Statement pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, in accordance with the compensation disclosure rules of the U.S. Securities and Exchange Commission.

As described in detail under the heading Compensation Discussion and Analysis, we seek to closely align the interests of NEOs with the interests of shareholders. Our compensation programs are designed to reward our NEOs for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

The Executive Summary in the Compensation Discussion and Analysis, which begins on page 30, describes PartnerRe's primary business as assuming risk; we increase shareholder value by ensuring that our executives and employees have the skills to assess, value and manage risk appropriately, consistent with the long-term goals of PartnerRe. Our compensation policies emphasize, and are designed to reward these skills.

The following three principles drive our behavior and form the foundation for our compensation policies:

selling a product of value to selected reinsurance and capital markets clients while maintaining the financial ability to meet our commitments;

delivering an adequate return on shareholders' capital within predetermined risk levels; and

following sound management and governance practices while providing a challenging work environment where employees can develop their careers and earn appropriate rewards for their performance.

PartnerRe's Executive Total Compensation Program (which begins on page 31) guides the compensation for our Chief Executive Officer and all other NEOs. Our compensation program has many features designed to motivate and reward contributions and behaviors that produce optimal financial and non-financial results and ensures PartnerRe's long-term success. These features are designed to ensure that the Executive Total Compensation Program:

clearly links pay to performance;

achieves a balance between fixed compensation (base salary) and at risk compensation (annual cash incentive and equity awards). At risk compensation supports a pay-for-performance approach and links predetermined objectives, including Company performance, with at risk compensation, but is also capped to ensure that NEOs are not inappropriately motivated to maximize their at risk earnings;

ensures that long-term incentive awards in the form of equity are designed to align the NEOs' interests with shareholders' interests by emphasizing long-term business performance and overall PartnerRe success;

promotes retention of NEOs by providing long-term incentives; and

provides flexibility in form and structure of compensation to meet individual goals and time horizons. Our compensation programs are designed to align the interests of management, employees, and shareholders by dissuading excessive risk-taking and ensuring that shareholders and employees share equally in the upside and downside of appropriate risk exposure.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our NEOs, as described in this Proxy Statement in accordance with the compensation disclosure rules of the U.S. Securities and Exchange Commission. The vote is advisory, which

Table of Contents

means that the vote is not binding on PartnerRe, our Board or the Compensation & Management Development Committee of the Board. If there is a significant vote against our NEO compensation as disclosed in this Proxy Statement, the Compensation & Management Development Committee will evaluate whether any actions are necessary to address the concerns of shareholders.

The affirmative vote of a majority of the common shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal 3.

Accordingly, we ask our shareholders to vote annually at the Annual General Meeting on the following resolution:

RESOLVED, that the compensation paid to PartnerRe's NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF THE EXECUTIVE COMPENSATION, AS DISCLOSED IN THIS PROXY STATEMENT.

Table of Contents**APPENDIX II****Reconciliation of Non-GAAP Measures to GAAP Measures**

Group adjusted operating return on beginning diluted book value per common share and common share equivalents outstanding (Group AROE): The Compensation Committee uses annualized Group AROE as it believes this is the best measure of operating performance, as it measures profit achieved relative to the shareholders' investment.

Group AROE adjusts the Company's Operating Return on Equity measure (Operating ROE - see Key Financial Measures in Item 7 of Part II to our Annual Report on Form 10-K for the year ended December 31, 2013) by capturing the realized and unrealized gains or losses of our Risk Assets. Risk Assets are a part of the portion of the Company's investment business and includes Equities, Principal Finance, Insurance Linked Securities, Strategic Investments and other specific investments.

The presentation of Group AROE is a non-GAAP financial measure within the meaning of Regulation G and should be considered in addition to, and not as a substitute for, measures of financial performance prepared in accordance with GAAP (see Comment on Non-GAAP Measures in Item 7 of Part II to our Annual Report on Form 10-K for the year ended December 31, 2013). The table below provides a reconciliation of Group AROE to the most comparable GAAP financial measure for the year ended December 31, 2013:

	2013
Return on beginning diluted book value per common share calculated with net income per share attributable to common shareholders (Return on Equity)(1)	10.5%
Less:	
Net realized and unrealized investment losses, net of tax, on beginning diluted book value per common share	(2.2)
Net foreign exchange gains, net of tax, on beginning diluted book value per common share	
Net interest in earnings of equity investments, net of tax, on beginning diluted book value per common share	0.2
Loss on redemption of preferred shares, on beginning diluted book value per common share	(0.2)
Return on beginning diluted book value per common share calculated with operating earnings per share attributable to common shareholders (Operating ROE)(1)	12.7%
Add:	
Net realized and unrealized investment gains on Risk Assets per common share, net of tax, on beginning diluted book value per common share	3.0
Group adjusted operating return on beginning diluted book value per common share and common share equivalents outstanding (Group AROE)	15.7%

- (1) The Company calculates Return on Equity and Operating ROE using net income per share and operating earnings per share, respectively, for the year, divided by the beginning diluted book value per common share and common share equivalents outstanding.
