## PROSPECTUS

### CLEAR CHANNEL COMMUNICATIONS, INC.

#### Exchange Offer for

#### \$850,000,000 Senior Notes due 2018

We are offering (the exchange offer) to exchange up to \$850,000,000 aggregate principal amount of our new Senior Notes due 2018 (which we refer to as the exchange notes), which will be registered under the Securities Act of 1933, as amended (the Securities Act), for up to \$850,000,000 aggregate principal amount of our outstanding Senior Notes due 2018, which were issued by CCU Escrow Corporation (the Escrow Issuer) on May 1, 2014 (the outstanding notes). The Escrow Issuer was merged with and into us on June 6, 2014, upon which we assumed all of the obligations of the Escrow Issuer under the outstanding notes (the Assumption). We refer to the exchange notes and the outstanding notes collectively as the notes.

#### Material Terms of the Exchange Offer

The exchange offer will expire at 5:00 p.m., New York City time, on July 15, 2014, unless extended.

We will exchange all outstanding notes that are validly tendered and not withdrawn prior to the expiration or termination of the exchange offer. You may withdraw your tender of outstanding notes at any time before the expiration of the exchange offer.

The terms of the exchange notes to be issued in the exchange offer are substantially identical to the outstanding notes, except that the transfer restrictions and registration rights relating to the outstanding notes will not apply to the exchange notes.

**We are not asking you for a proxy and you are not requested to send us a proxy.**

The exchange of outstanding notes for exchange notes should not be a taxable event for U.S. federal income tax purposes, but you should see the discussion under the caption Certain United States Federal Income Tax Considerations for more information.

We will not receive any proceeds from the exchange offer.

The outstanding notes were issued in transactions not requiring registration under the Securities Act and, as a result, their transfer is restricted. We are making the exchange offer to satisfy your registration rights as a holder of outstanding notes.

**For a discussion of certain factors that you should consider before participating in the exchange offer, see Risk Factors beginning on page 15 of this prospectus.**

**Neither the Securities and Exchange Commission (the SEC ) nor any state securities commission has approved or disapproved of the exchange notes to be distributed in the exchange offer, nor have any of these organizations determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.**

**We have filed a registration statement on Form S-4 to register with the SEC the exchange notes to be issued in the exchange offer. This prospectus is part of that registration statement.**

**Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date (as defined herein) and ending on the close of business 180 days after the expiration date, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See Plan of Distribution.**

**THE DATE OF THIS PROSPECTUS IS JUNE 13, 2014.**

**FORWARD-LOOKING STATEMENTS**

This prospectus contains certain statements that are, or may be deemed to be, forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Actual outcomes and results may differ materially from those expressed in, or implied by, our forward-looking statements. Words such as expects, anticipates, believes, estimates and other similar expressions of future or conditional verbs such as will, should, would and could are intended to identify such forward-looking statements. Readers should not rely solely on the forward-looking statements and should consider all uncertainties and risks throughout this prospectus, including those set forth under Risk Factors. The statements are representative only as of the date they are made, and we undertake no obligation to update any forward-looking statement.

All forward-looking statements, by their nature, are subject to risks and uncertainties. Our actual future results may differ materially from those set forth in our forward-looking statements. We face risks that are inherent in the businesses and the market places in which we operate. While management believes these forward-looking statements are accurate and reasonable, uncertainties, risks and factors, including those described below and under Risk Factors, could cause actual results to differ materially from those reflected in the forward-looking statements.

Factors that may cause the actual outcome and results to differ materially from those expressed in, or implied by, these forward-looking statements include, but are not necessarily limited to:

the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;

our ability to generate sufficient cash from operations or other liquidity-generating transactions and our need to allocate significant amounts of our cash to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;

risks associated with weak or uncertain global economic conditions and their impact on the capital markets;

other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;

industry conditions, including competition;

the level of expenditures on advertising;

legislative or regulatory requirements;

fluctuations in operating costs;

technological changes and innovations;

changes in labor conditions, including on-air talent, program hosts and management;

capital expenditure requirements;

risks of doing business in foreign countries;

fluctuations in exchange rates and currency values;

the outcome of pending and future litigation;

taxes and tax disputes;

changes in interest rates;

shifts in population and other demographics;

access to capital markets and borrowed indebtedness;

our ability to implement our business strategies;

the risk that we may not be able to integrate the operations of acquired businesses successfully;

the risk that our cost savings initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist; and

the other factors described in this prospectus under the heading Risk Factors.

Additional risks and uncertainties not presently known to us or that we currently deem immaterial also may impair our business operations and also could cause actual results to differ materially from those included, contemplated or implied by the forward-looking statements made in this prospectus, and the reader should not consider the above list of factors to be a complete set of all potential risks or uncertainties.

**Overview**

We are a diversified media and entertainment company with leading market positions in each of our operating segments: Media and Entertainment ( CCME ), Americas Outdoor Advertising and International Outdoor Advertising.

**CCME.** Our CCME operations include radio broadcasting, online and mobile services and products, program syndication, entertainment, traffic data distribution and music research services. As of December 31, 2013, we owned 835 domestic radio stations servicing more than 150 U.S. markets, including 45 of the top 50 markets and 85 of the top 100 markets. CCME includes radio stations for which we are the licensee and one station for which we provide programming and sell air time under a local marketing agreement ( LMA ). We are also the beneficiary of Aloha Station Trust, LLC, which owns and operates 19 radio stations which we were required to divest in order to comply with Federal Communications Commission ( FCC ) media ownership rules, and which are being marketed for sale. Our portfolio of stations offers a broad assortment of programming formats, including adult contemporary, country, contemporary hit radio, rock, news/talk, sports, urban, oldies and others. In addition to our local radio programming, we operate Premiere Networks ( Premiere ), a national radio network that produces, distributes or represents approximately 90 syndicated radio programs and networks and serves more than 5,000 radio station affiliates, reaching over 190 million listeners weekly. We also deliver real-time traffic information via navigation systems, radio and television broadcast media and wireless and Internet-based services through our traffic business, Total Traffic & Weather Network. For the year ended December 31, 2013 and the three months ended March 31, 2014, our CCME segment represented approximately 50% of our revenue and 68% and 86%, respectively, of our operating income without the effect of corporate and other reconciling items.

**Americas Outdoor Advertising.** We are the largest outdoor advertising company in North America (based on revenue), which includes the United States and Canada. Approximately 95% of our revenue for the year ended December 31, 2013 in our Americas Outdoor Advertising segment was derived from the United States. As of December 31, 2013, we owned or operated approximately 105,000 display structures in our Americas outdoor segment with operations in 47 of the 50 largest markets in the United States, including all of the 20 largest markets. Our Americas outdoor assets consist of traditional and digital billboards, street furniture and transit displays, airport displays, mall displays, and wallscapes and other spectaculars, which

we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on metropolitan areas with dense populations. For the year ended December 31, 2013 and the three months ended March 31, 2014, our Americas Outdoor Advertising segment represented approximately 21% and 20%, respectively, of our revenue and 23% of our operating income without the effect of corporate and other reconciling items.

***International Outdoor Advertising.*** Our International Outdoor Advertising business segment includes our operations in Asia, Australia, Europe and Latin America, with approximately 33% of our revenue for the year ended December 31, 2013 in this segment derived from France and the United Kingdom. As of December 31, 2013, we owned or operated approximately 570,000 displays across 28 countries. Our International outdoor assets consist of street furniture and transit displays, billboards, mall

displays, Smartbike programs, wallscapes and other spectaculars, which we own or operate under lease agreements. Our International business is focused on metropolitan areas with dense populations. For the year ended December 31, 2013 and the three months ended March 31, 2014, our International Outdoor Advertising segment represented approximately 27% of our revenue and 8% and (9%), respectively, of our operating income without the effect of corporate and other reconciling items.

**Other.** Our other ( Other ) category includes our 100%-owned full-service media representation firm, Katz Media Group, Inc. ( Katz Media ), as well as other general support services and initiatives, which are ancillary to our other businesses. Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of December 31, 2013, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which were owned by us. Katz Media also represents approximately 800 television and digital multicast stations. Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length. For the year ended December 31, 2013 and the three months ended March 31, 2014, our Other category represented approximately 2% and 3%, respectively, of our revenue and 1% and 0%, respectively, of our operating income without the effect of corporate and other reconciling items.

For the year ended December 31, 2013 and the three months ended March 31, 2014, we generated consolidated revenues of \$6,243 million and \$1,343 million, respectively, operating income of \$1,001 million and \$83 million, respectively, and consolidated net loss of \$584 million and \$432 million, respectively.

## **Our Strengths**

**Leading Positions in the U.S. Media and Entertainment and Global Outdoor Market.** We are a leading global media and entertainment company.

We own the number one or number two ranked radio station clusters in eight of the top 10 and in 20 of the top 25 markets in the United States as of December 2013. With a total weekly listening base of almost 139 million individuals based on NielsenAudio figures for the Fall 2013 ratings period, our portfolio of 835 stations generated twice the revenue as our next largest radio broadcasting competitor in 2013.

In the United States outdoor market, we believe we hold the number one market share in eight of the top 10 markets and are either number one or number two in 16 of the top 20 markets. Internationally, we believe we hold one of the leading positions in France, the United Kingdom, Australia, Finland, Ireland, Switzerland, Sweden, Belgium, Italy and Norway. In addition, we hold positions in several countries where we have experienced strong growth, including Latin America, China, Singapore and Turkey.

**Global Scale in Media and Entertainment and Outdoor Advertising.** As of December 31, 2013, we owned 835 domestic radio stations servicing more than 150 U.S. markets, including 45 of the top 50 markets and 85 of the top 100 markets. We also operated more than 675,000 outdoor advertising displays worldwide in metropolitan and densely populated locations, providing advertisers with both a global and a local reach. We believe that our scale provides us with the flexibility and resources to introduce new products and solutions in a cost effective manner.

Our scale has enabled cost-effective investment in new technologies, such as digital billboards and streaming technology, which we believe will continue to support future growth. Digital billboards, for example, enable us to transition from selling space on a display to a single advertiser to selling time on that display to multiple advertisers, creating new revenue opportunities from both new and existing clients.

## Table of Contents

Our large distribution platform in our CCME segment allows us to attract top talent and more effectively utilize programming, sharing the best and most compelling talent and programming across many stations throughout the United States.

We have more than 4,800 sales people in local markets across the globe. Our scale has facilitated cost-effective investment in systems that allow us to maximize yield management and systems that improve the ability of our local salespeople to increase revenue. Additionally, our scale has allowed us to implement initiatives that we believe differentiate us from the rest of the media industry and position us to outperform our competitors across our markets.

***Diversification Across Business Lines, Geographies, Markets and Format.*** Approximately half of our revenue is generated by our CCME segment, with the remaining half generated by our Americas Outdoor Advertising and International Outdoor Advertising segments, as well as other support services and initiatives. We offer advertisers a diverse platform of media assets across geographies, outdoor products and programming formats. Due to our multiple business units, we are not dependent upon any single source of revenue.

***Strong Collection of Unique Assets.*** Through acquisitions and organic growth, we have aggregated a unique portfolio of assets. We believe the combination of our assets cannot be replicated.

Ownership and operation of radio broadcast stations is governed by the FCC's licensing process, which limits the number of radio licenses available in any market. Any party seeking to acquire or transfer radio licenses must go through a detailed review process with the FCC. Over several decades, we have aggregated multiple licenses in local market clusters across the United States. A cluster of multiple radio stations in a market allows us to provide listeners with more diverse programming and advertisers with a more efficient means to reach those listeners. In addition, we are able to increase our efficiency by operating in clusters, which allows us to eliminate duplicative operating expenses and realize economies of scale.

The domestic outdoor industry is regulated by the federal government as well as state and municipal governments. Statutes and regulations govern the construction, repair, maintenance, lighting, height, size, spacing and placement and permitting of outdoor advertising structures. Due to these regulations, it has become increasingly difficult to develop new outdoor advertising locations. Further, for many of our existing billboards, a competitor or landlord could not obtain a permit for replacement under existing laws and regulations due to their non-conforming status.

***Attractive Businesses with High Margins and Low Capital Expenditure Requirements.*** Our global scale has enabled us to make productive and cost effective investments across our portfolio. As a result of our strong margins and low capital expenditure requirements, we have been able to convert a significant portion of our operating income into cash flow that can be utilized for debt service.

We have strong operating margins (defined as operating income divided by revenues), driven by our significant scale and leading market share in both radio broadcasting and outdoor advertising. For the year ended December 31, 2013 and the three months ended March 31, 2014, our consolidated operating margin was 16% and 6%, respectively, with strong operating margins in our CCME segment of 29% and 21%,

respectively, and Americas Outdoor Advertising segment of 24% and 14%, respectively.

In addition, both our media and entertainment and our outdoor businesses are low capital intensity businesses. For the year ended December 31, 2013 and three months ended March 31, 2014, our total capital expenditures were 5% of total revenue.

***Highly Effective Advertising Medium.*** We believe both our media and entertainment and our outdoor advertising businesses offer compelling value propositions to advertisers and valuable access to consumers when they are out of the home and therefore closer to purchase decisions. We also believe both industries are well positioned to benefit from the fragmentation of audiences of other media as they are able to reach mass audiences on a local market basis.

## **Table of Contents**

Radio broadcasting and outdoor media offer compelling value propositions to advertisers by providing cost effective media advertising outlets.

Our media and entertainment and our outdoor businesses reach potential consumers outside of the home, a valuable position as it is closer to the purchase decision. Today, consumers spend a significant portion of their day out-of-home, while out-of-home media (radio and outdoor) currently garner a disproportionately smaller share of media spending than in-home media. We believe this discrepancy represents an opportunity for growth.

Additionally, radio programming reaches 92% of all consumers in the United States in a given week, with the average consumer listening for approximately 14 hours per week. On a weekly basis, this represents approximately 244 million unique listeners.

According to NielsenAudio, consumers in the United States listen to a significant amount of radio per day. In 2013, broadcast radio captured 119 minutes of user consumption per day as compared to the Internet at 143 minutes according to comScore, Inc. and newspapers at 18 minutes according to eMarketerInc.

According to Scarborough, in 2013, 92% of U.S. residents traveled in a car each month, with an average of 174 miles traveled per week. The captive in-car audience is protected from media fragmentation and is subject to increasing out-of-home advertiser exposure as time and distance of commutes increase.

According to a single-source advertising return on investment ( ROI ) study in the radio sector conducted by NielsenAudio and Nielsen Catalina Solutions in 2014, radio delivered a sales lift of more than \$6 per dollar spent on radio, an ROI which Advertising Age reported doubled that of even the best results of recent studies of digital or TV media, with one retail brand recording a sales lift of more than \$23 per dollar invested in radio.

***Significant Operating Leverage with Flexibility to Manage Cost Base As Necessary.*** We benefit from significant operating leverage, which leads to operating margin increases in a growth environment. Conversely, we have demonstrated our flexibility to effectively manage our cost base in a low growth or recessionary environment.

## **Our Strategy**

Our goal is to strengthen our position as a leading global media and entertainment company specializing in radio, digital, out-of-home, mobile and on-demand entertainment and information services for national audiences and local communities and providing premiere opportunities for advertisers. We plan to achieve this objective by capitalizing on our competitive strengths and pursuing the following strategies.

## **CCME**

Our CCME strategy centers on delivering entertaining and informative content across multiple platforms, including broadcast, mobile and digital as well as promotional events. We strive to serve our listeners by providing the content they desire on the platform they prefer, while supporting advertisers, strategic partners, music labels and artists with a diverse platform of creative marketing opportunities designed to effectively reach and engage target audiences. Our

CCME strategy also focuses on continuing to improve the operations of our stations by providing valuable programming and promotions, as well as sharing best practices across our stations in marketing, distribution, sales and cost management.

***Promote Broadcast Radio Media Spending.*** Given the attractive reach and metrics of both the broadcast radio industry in general and CCME in particular, as well as our depth and breadth of relationships with both media agencies and national and local advertisers, we believe we can drive broadcast radio's share of total media spending by using our dedicated national sales team to highlight the value of broadcast radio relative to other media. We have made and continue to make significant investments in research to enable our clients to better understand how our assets can successfully reach their target audiences and promote their advertising campaigns; broadened our national sales teams and initiatives to better develop, create and promote their advertising campaigns; invested in technology

to enhance our platform and capabilities; and continue to seek opportunities to deploy our iHeartRadio digital radio service across both existing and emerging devices and platforms. We are also working closely with advertisers, marketers and agencies to meet their needs through new products, events and services developed through optimization of our current portfolio of assets, as well as to develop tools to determine how effective broadcast radio is in reaching their desired audiences.

***Promote Local and National Advertising.*** We intend to grow our CCME businesses by continuing to develop effective programming, creating new solutions for our advertisers and agencies, fostering key relationships with advertisers and improving our local and national sales team. We intend to leverage our diverse collection of assets, our programming and creative strengths, and our consumer relationships to create special events, such as one-of-a-kind local and national promotions for our listeners, and develop new, innovative technologies and products to promote our advertisers. We seek to maximize revenue by closely managing our advertising opportunities and pricing to compete effectively in local markets. We operate price and yield information systems, which provide detailed inventory information. These systems enable our station managers and sales directors to adjust commercial inventory and pricing based on local market demand, as well as to manage and monitor different commercial durations (60 second, 30 second, 15 second and 5 second) in order to provide more effective advertising for our customers at what we believe are optimal prices given market conditions.

***Continue to Enhance the Listener Experience.*** We intend to continue enhancing the listener experience by offering a wide variety of compelling content and methods of delivery. We will continue to provide the content our listeners desire on their preferred platforms. Our investments have created a collection of leading on-air talent. For example, Premiere offers more than 90 syndicated radio programs and networks and services for more than 5,000 radio station affiliates across the United States, including popular programs such as Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran, Bobby Bones and Delilah. Our distribution capabilities allow us to attract top talent and more effectively utilize programming, sharing our best and most compelling content across many stations.

***Deliver Content via Multiple Distribution Technologies.*** We continue to expand the choices for our listeners. We deliver music, news, talk, sports, traffic and other content using an array of distribution technologies, including broadcast radio and HD radio channels, satellite radio, digitally via iHeartRadio.com and our stations' websites, and through our iHeartRadio mobile application on smart phones and tablets, on gaming consoles, via in-home entertainment, in enhanced automotive platforms, as well as in-vehicle entertainment and navigation systems. Some examples of our recent initiatives are as follows:

***Streaming.*** We provide streaming content via the Internet, mobile and other digital platforms. We rank among the top streaming networks in the U.S. with regards to Average Active Sessions ( AAS ), Session Starts ( SS ) and Average Time Spent Listening ( ATSL ). AAS and SS measure the level of activity while ATSL measures the ability to keep the audience engaged.

***Websites and Mobile Applications.*** We have developed mobile and Internet applications such as the iHeartRadio smart phone application and website. These mobile and Internet applications allow listeners to use their smart phones, tablets or other digital devices to interact directly with stations, find titles/artists, request songs and create custom stations while providing an additional method for advertisers to reach consumers. As of December 31, 2013, our iHeartRadio mobile application has been downloaded more than 300 million times. iHeartRadio provides a unique digital music experience by offering access to more than

1,500 live broadcast and digital-only radio stations, plus user-created custom stations with broad social media integration and our on-demand content from our premium talk partnerships and user generated talk shows. Through our digital platforms, we estimate that we had more than 76 million unique digital visitors for the month of December 2013. In addition, through December 2013, iHeartRadio streamed, on average, 143 million total listening hours monthly via our website and mobile application.

## **Outdoor**

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments, we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

**Table of Contents**

***Promote Overall Outdoor Media Spending.*** Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising's share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 4% of total dollars spent on advertising in the United States in 2012. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which: (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

***Continue to Deploy Digital Displays.*** Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital allow us to penetrate new accounts and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of December 31, 2013, we had deployed more than 1,000 digital billboards in 37 markets in the United States and more than 3,700 digital displays in 14 countries across Europe, Asia and Latin America.

***Capitalize on Product and Geographic Opportunities.*** We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.

**Corporate Structure**

The following chart summarizes our corporate structure and principal indebtedness as of March 31, 2014, after giving effect to the issuance of the outstanding notes and the use of the proceeds of such notes to repurchase all of our outstanding senior notes due 2014 and 2015 and to pay related fees and expenses (the Refinancing Transactions ).

- (1) Clear Channel's senior secured credit facilities and receivables based credit facility are guaranteed on a senior secured basis by Clear Channel Capital and by Clear Channel's material wholly-owned domestic restricted subsidiaries. Clear Channel's foreign subsidiaries and Clear Channel Outdoor Holdings, Inc. ( CCOH ) and its subsidiaries have not guaranteed any of Clear Channel's obligations under the senior secured credit facilities or receivables based credit facility. As of March 31, 2014, Clear Channel's senior secured credit facilities

consisted of a \$1,891.0 million term loan B facility which matures in January 2016, a \$33.0 million term loan C asset sale facility which matures in January 2016, a \$5,000.0 million term loan D facility which matures in January 2019, and a \$1,300.0 million term loan E facility which matures in July 2019. Clear Channel's receivables based credit facility provides for revolving capital commitments of \$535.0 million, subject to a borrowing base. As of March 31, 2014, there were no amounts outstanding under Clear Channel's receivables based credit facility.

- (2) Clear Channel's 9.0% priority guarantee notes due 2021, 9.0% priority guarantee notes due 2019 and 11.25% priority guarantee notes due 2021 (collectively, the priority guarantee notes) are each guaranteed on a senior basis by Clear Channel Capital and by Clear Channel's wholly-owned domestic restricted subsidiaries that guarantee its senior secured credit facilities. Clear Channel's foreign subsidiaries and CCOH and its subsidiaries have not guaranteed any of Clear Channel's obligations under the priority guarantee notes. As of March 31, 2014, Clear Channel had outstanding \$1,712.9 million aggregate principal amount of 9.0% priority guarantee notes due 2021, net of discounts of \$37.1 million, \$1,999.8 million of 9.0% priority guarantee notes due 2019 and \$575.0 million aggregate principal amount of 11.25% priority guarantee notes due 2021.
- (3) Clear Channel's senior notes due 2021 are guaranteed on a senior basis by Clear Channel Capital and by Clear Channel's wholly-owned domestic restricted subsidiaries that guarantee its senior secured credit facilities, except that those guarantees by Clear Channel's subsidiaries are subordinated to each such guarantor's guarantee of the senior credit facilities and the priority guarantee notes. As of March 31, 2014, Clear Channel had outstanding \$1,645.2 million aggregate principal amount of the senior notes due 2021. Amount in chart above does not include \$199.1 million of senior notes due 2021 held by a subsidiary of ours as of March 31, 2014.
- (4) Clear Channel's senior cash pay notes due 2016 (the senior cash pay notes) and senior toggle notes due 2016 (the senior toggle notes) are guaranteed on a senior basis by Clear Channel Capital and by Clear Channel's wholly-owned domestic restricted subsidiaries that guarantee its senior secured credit facilities, except to the extent that those guarantees by Clear Channel's subsidiaries are subordinated to each such guarantor's guarantee of the senior credit facilities and the priority guarantee notes.
- (5) The outstanding notes are not, and the exchange notes will not be, guaranteed by Clear Channel Capital or any of Clear Channel's subsidiaries.
- (6) As of March 31, 2014, Clear Channel had \$514.8 million aggregate principal amount of legacy notes outstanding (the legacy notes), net of discounts of \$210.2 million. Clear Channel's legacy notes bear interest at fixed rates ranging from 5.5% to 7.25%, have maturities through 2027 and contain provisions, including limitations on certain liens and sale and leaseback transactions, customary for investment grade debt securities. The legacy notes are not guaranteed by Clear Channel Capital or any of Clear Channel's subsidiaries. Amount in chart above does not include \$303.1 million of legacy notes held by a subsidiary of Clear Channel as of March 31, 2014 (of which \$14.5 million aggregate principal amount of legacy notes due 2014 were retired on April 9, 2014 and \$130.0 million aggregate principal amount of legacy notes due 2014 were retired by Clear Channel on May 6, 2014). On June 6, 2014, Clear Channel redeemed \$567.1 million aggregate principal amount of its legacy notes due 2014 (including \$158.5 million aggregate principal amount held by a subsidiary of Clear Channel) and \$241.0 million aggregate principal amount of legacy notes due 2015 using net proceeds of the issuance of the outstanding notes.

- (7) As part of the day-to-day cash management services we provide to CCOH, we maintain accounts that represent amounts payable to or due from CCOH, and the net amount is recorded as Due from/to Clear Channel Communications on CCOH's consolidated balance sheet.
- (8) Clear Channel Worldwide Holdings, Inc.'s (CCWH) Series A senior notes due 2022 and Series B senior notes due 2022 are guaranteed by CCOH, Clear Channel Outdoor, Inc. (CCOI) and certain subsidiaries of CCOH. As of March 31, 2014, CCWH had outstanding \$729.1 million aggregate principal amount of Series A senior notes due 2022, net of discounts of \$6.6 million, and \$1,989.3 million of Series B senior notes due 2022.
- (9) CCWH Series A senior subordinated notes due 2020 and Series B senior subordinated notes due 2020 are guaranteed by CCOH, CCOI and certain subsidiaries of CCOH.

**Exchange Offer**

On May 1, 2014, the Escrow Issuer issued \$850,000,000 aggregate principal amount of senior notes due 2018. In connection therewith, we entered into a registration rights agreement with Goldman, Sachs & Co., Citigroup Global Markets Inc., Credit Suisse Securities (USA) LLC, Deutsche Bank Securities Inc., Morgan Stanley & Co. LLC and Wells Fargo Securities, LLC, as initial purchasers (the Initial Purchasers ) and for the benefit of the holders of such notes, in which we agreed, among other things, to file the registration statement of which this prospectus is a part. On June 6, 2014, the Escrow Issuer merged with and into Clear Channel, with Clear Channel being the surviving entity, and we assumed the Escrow Issuer's obligations under the outstanding notes.

The following is a summary of the exchange offer. For more information, please see Exchange Offer.

The Initial Offering of Outstanding Notes	On May 1, 2014, the Escrow Issuer issued \$850,000,000 aggregate principal amount of 10.0% Senior Notes due 2018 in a private offer. The outstanding notes were offered only in reliance on exemptions from registration under the Securities Act.
Registration Rights Agreement	Simultaneously with the issuance of the outstanding notes, we entered into a registration rights agreement with the Initial Purchasers, pursuant to which we have agreed, among other things, to use commercially reasonable efforts to file with the SEC and cause to become effective a registration statement relating to an offer to exchange the outstanding notes for an issue of SEC-registered notes with terms identical to the outstanding notes. The exchange offer for the outstanding notes is intended to satisfy your rights under the registration rights agreement. After the exchange offer for the outstanding notes is completed, you will no longer be entitled to any exchange or registration rights with respect to your outstanding notes.
The Exchange Offer	We are offering to exchange the exchange notes, which have been registered under the Securities Act, for your outstanding notes, which were issued in the private offering. In order to be exchanged, outstanding notes must be properly tendered and accepted. All outstanding notes that are validly tendered and not validly withdrawn will be exchanged. We will issue the exchange notes promptly after the expiration of the exchange offer.
Resales	Based on interpretations by the staff of the SEC set forth in no-action letters issued to unrelated parties, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act provided that:

the exchange notes are being acquired in the ordinary course of your business;

you are not participating, do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the exchange notes issued to you in the exchange offer; and

you are not an affiliate of ours.

**Table of Contents**

If any of these conditions are not satisfied and you transfer any exchange notes issued to you in the exchange offer without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes from these requirements, you may incur liability under the Securities Act. We will not assume, nor will we indemnify you against, any such liability.

Each broker-dealer that is issued exchange notes in the exchange offer for its own account in exchange for outstanding notes that were acquired by that broker-dealer as a result of market-making or other trading activities, must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the exchange notes. A broker-dealer may use this prospectus for an offer to resell, resale or other retransfer of the exchange notes issued to it in the exchange offer.

Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, on July 15, 2014 unless we decide to extend it.
Conditions to the Exchange Offer	The exchange offer is not subject to any condition, other than that the exchange offer does not violate applicable law or any applicable interpretation of the staff of the SEC.
Special Procedures for Beneficial Owners	If you are the beneficial owner of book-entry interests and your name does not appear on a security position listing of DTC as the holder of the book-entry interests or if you are a beneficial owner of outstanding notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender the book-entry interest or outstanding notes in the exchange offer, you should contact the person in whose name your book-entry interests or outstanding notes are registered promptly and instruct that person to tender on your behalf.
Withdrawal Rights	You may withdraw the tender of your outstanding notes from the exchange offer at any time prior to the expiration date.
U.S. Federal Income Tax Consequences	We believe that the exchange of outstanding notes should not be a taxable event for United States federal income tax purposes.
Use of Proceeds; Fees and Expenses	We will not receive any proceeds from the issuance of exchange notes pursuant to the exchange offer. We will pay all of our expenses incident to the exchange offer.
Exchange Agent	U.S. Bank National Association is serving as the exchange agent in connection with the exchange offer.

**Summary of the Terms of the Exchange Notes**

The form and terms of the exchange notes are the same as the form and terms of the outstanding notes, except that the exchange notes will be registered under the Securities Act. As a result, the exchange notes will not bear legends restricting their transfer and will not contain the registration rights and liquidated damage provisions contained in the outstanding notes.

Issuer	Clear Channel Communications, Inc., a Texas corporation.
Notes Offered	\$850,000,000 aggregate principal amount of senior notes due January 15, 2018.
Maturity	January 15, 2018.
Interest	The exchange notes will bear interest at a rate of 10.0% per annum. Interest on the exchange notes will be payable by Clear Channel semi-annually on January 15 and July 15 of each year, beginning on July 15, 2014. See Description of the Exchange Notes General.
Ranking	<p>The notes:</p> <ul style="list-style-type: none"> <li>will be our senior unsecured obligations;</li> <li>will rank equally in right of payment with all of our existing and future unsecured and unguaranteed indebtedness;</li> <li>will rank senior in right of payment to all of our existing and future indebtedness that is by its terms expressly subordinated in right of payment to the notes;</li> <li>will be effectively subordinated in right of payment to all of our existing and future secured indebtedness, including our senior secured credit facilities, our receivables based credit facility and our priority guarantee notes; and</li> <li>will be structurally subordinated in right of payment to all existing and future indebtedness and other liabilities of our subsidiaries, including all of Clear Channel's existing unsecured indebtedness that is guaranteed by such subsidiaries.</li> </ul> <p>As of March 31, 2014, after giving effect to the Refinancing Transactions, we would have had approximately \$20,666.4 million of total indebtedness</p>

outstanding, including \$12,531.5 million of secured indebtedness (net of unamortized purchase adjustments and discounts). As of March 31, 2014, our subsidiaries held approximately 68.2% of our consolidated assets, had \$8.2 billion in outstanding indebtedness and liabilities, excluding intercompany obligations, and guaranteed \$14.4 billion in our outstanding indebtedness, all of which would have been structurally senior to the notes.

Guarantees

None.

**Table of Contents**

Optional Redemption	We may redeem all or a portion of the notes beginning on July 15, 2016, at the redemption prices set forth in this prospectus plus accrued and unpaid interest to, but not including, the date of redemption. We may also redeem any of the notes at any time prior to July 15, 2016, at a price equal to 100% of the aggregate principal amount thereof plus a make-whole premium and accrued and unpaid interest to, but not including, the date of redemption. See Description of the Exchange Notes Optional Redemption.
Mandatory Repurchase Offers	Upon the occurrence of a change of control, we must offer to purchase the notes at 101% of their principal amount thereof, plus accrued and unpaid interest to, but not including, the date of purchase. See Description of the Exchange Notes Repurchase at the Option of Holders Upon a Change of Control.
Certain Covenants	<p>The indenture governing the notes contains covenants that limit, among other things, our ability and the ability of our restricted subsidiaries to:</p> <ul style="list-style-type: none"><li>enter into sale and leaseback transactions; and</li><li>consolidate, merge, sell or otherwise dispose of all or substantially all of our assets.</li></ul> <p>In addition, the indenture governing the notes limits our ability and the ability of our restricted subsidiaries that guarantee indebtedness under certain of our credit facilities to create liens on certain assets to secure debt.</p> <p>The covenants are subject to a number of important limitations and exceptions. See Description of the Exchange Notes.</p>
Risk Factors	In evaluating whether to participate in the exchange offer, you should carefully consider, along with the other information set forth in this prospectus, the specific factors set forth under Risk Factors.

**Table of Contents****Summary Historical Consolidated Financial Data**

The following table sets forth summary historical consolidated financial data as of the dates and for the periods indicated. The summary historical consolidated financial data for the years ended December 31, 2013, 2012 and 2011, and as of December 31, 2013 and 2012, are derived from our audited consolidated financial statements included elsewhere in this prospectus. The summary historical consolidated financial data for the three months ended March 31, 2014 and 2013 and as of March 31, 2014 are derived from our unaudited consolidated financial statements included elsewhere in this prospectus. The summary historical consolidated financial data as of December 31, 2011 are derived from our audited consolidated financial statements and related notes not included herein. The summary historical consolidated financial data as of March 31, 2013 are derived from our unaudited consolidated statements and related notes not included herein. Historical results are not necessarily indicative of the results to be expected for future periods and the interim results are not necessarily indicative of the results that may be expected for the full year.

The summary historical consolidated financial data should be read in conjunction with Risk Factors, Selected Historical Consolidated Financial Data, Management's Discussion and Analysis of Financial Condition and Results of Operations and our consolidated financial statements and the related notes thereto appearing elsewhere in this prospectus. **RISK FACTORS**

You should carefully consider the following risk factors as well as the other information and data included in this prospectus before participating in the exchange offer. Any of the following risks related to our business could materially and adversely affect our business, cash flows, financial condition or results of operations. In such a case, you may lose all or part of your original investment in your notes.

**Risk Factors Related to the Exchange Offer**

***Because there is no public market for the exchange notes, you may not be able to resell your exchange notes***

The exchange notes will be registered under the Securities Act, but will constitute a new issue of securities with no established trading market, and there can be no assurance as to:

the liquidity of any trading market that may develop;

the ability of holders to sell their exchange notes; or

the price at which the holders would be able to sell their exchange notes.

If a trading market were to develop, the exchange notes might trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including prevailing interest rates, the market for similar securities and our financial performance.

***Your outstanding notes will not be accepted for exchange if you fail to follow the exchange offer procedures***

We will not accept your outstanding notes for exchange in the exchange offer if you do not follow the exchange offer procedures. We will issue exchange notes as part of the exchange offer only after a timely receipt of your outstanding notes and all other required documents. Therefore, if you want to tender your outstanding notes, please allow sufficient time to ensure timely delivery. If we do not receive your outstanding notes and other required documents by the expiration date of the exchange offer, we will not accept your outstanding notes for exchange. We are under no duty to give notification of defects or irregularities with respect to the tenders of outstanding notes for exchange. If there are defects or irregularities with respect to your tender of outstanding notes, we may not accept your outstanding notes for exchange. For more information, see Exchange Offer.

In addition, any holder of outstanding notes who tenders in the exchange offer for the purpose of participating in a distribution of the exchange notes may be deemed to have received restricted securities, and if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction. For a description of these requirements, see Exchange Offer.

***If you do not exchange your outstanding notes, your outstanding notes will continue to be subject to the existing transfer restrictions and you may not be able to sell your outstanding notes***

We did not register the outstanding notes, nor do we intend to do so following the exchange offer. Outstanding notes that are not tendered will therefore continue to be subject to the existing transfer restrictions and may be transferred

only in limited circumstances under the securities laws. If you do not exchange your outstanding notes, you will lose your right to have your outstanding notes registered under the federal securities laws. As a result, if you hold outstanding notes after the exchange offer, you may not be able to sell your outstanding notes.

### **Risks Related to Our Business**

*Our results have been in the past, and could be in the future, adversely affected by economic uncertainty or deteriorations in economic conditions*

We derive revenues from the sale of advertising. Expenditures by advertisers tend to be cyclical, reflecting economic conditions and budgeting and buying patterns. Periods of a slowing economy or recession, or periods of economic uncertainty, may be accompanied by a decrease in advertising. For example, the global economic downturn that began in 2008 resulted in a decline in advertising and marketing by our customers, which resulted in a

---

**Table of Contents**

decline in advertising revenues across our businesses. This reduction in advertising revenues had an adverse effect on our revenue, profit margins, cash flow and liquidity. Global economic conditions have been slow to recover and remain uncertain. If economic conditions do not continue to improve, economic uncertainty increases or economic conditions deteriorate again, global economic conditions may once again adversely impact our revenue, profit margins, cash flow and liquidity. Furthermore, because a significant portion of our revenue is derived from local advertisers, our ability to generate revenues in specific markets is directly affected by local and regional conditions, and unfavorable regional economic conditions also may adversely impact our results. In addition, even in the absence of a downturn in general economic conditions, an individual business sector or market may experience a downturn, causing it to reduce its advertising expenditures, which also may adversely impact our results.

We performed impairment tests on our goodwill and other intangible assets during the fourth quarter of 2013, 2012 and 2011 and recorded non-cash impairment charges of \$17 million, \$38 million and \$8 million, respectively. Although we believe we have made reasonable estimates and used appropriate assumptions to calculate the fair value of our licenses, billboard permits and reporting units, it is possible a material change could occur. If actual market conditions and operational performance for the respective reporting units underlying the intangible assets were to deteriorate, or if facts and circumstances change that would more likely than not reduce the estimated fair value of the indefinite-lived assets or goodwill for these reporting units below their adjusted carrying amounts, we may also be required to recognize additional impairment charges in future periods, which could have a material impact on our financial condition and results of operations.

***To service our debt obligations and to fund capital expenditures, we will require a significant amount of cash to meet our needs, which depends on many factors beyond our control***

Our ability to service our debt obligations and to fund capital expenditures will require a significant amount of cash. Our primary source of liquidity is cash on hand, cash flow from operations and borrowing capacity under our receivables based credit facility, subject to certain limitations contained in our material financing agreements. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations, borrowing capacity under our receivables based credit facility and cash flow from other liquidity-generating transactions will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next twelve months. However, our ability to fund our working capital, capital expenditures, debt service and other obligations, and to comply with the financial covenant under our financing agreements, depends on our future operating performance and cash from operations and other liquidity-generating transactions, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. If our future operating performance does not meet our expectation or our plans materially change in an adverse manner or prove to be materially inaccurate, we may need additional financing. In addition, the purchase price of possible acquisitions, capital expenditures for deployment of digital billboards and/or other strategic initiatives could require additional indebtedness or equity financing on our part. Adverse securities and credit market conditions could significantly affect the availability of equity or debt financing. In connection with our financing transactions completed during 2013 and 2014, the average interest rate on our outstanding debt has increased. We anticipate paying cash interest of approximately \$1.6 billion during 2014. Future financing transactions may further increase interest expense, which could in turn reduce our financial flexibility and our ability to fund other activities and make us more vulnerable to changes in operating performance or economic downturns generally. There can be no assurance that additional financing, if permitted under the terms of our financing agreements, will be available on terms acceptable to us or at all. The inability to generate sufficient cash or obtain additional financing could have a material adverse effect on our financial condition and on our ability to meet our obligations or pursue strategic initiatives.

***Our financial performance may be adversely affected by many factors beyond our control***

Certain factors that could adversely affect our financial performance by, among other things, decreasing overall revenues, the numbers of advertising customers, advertising fees or profit margins include:

unfavorable economic conditions, which may cause companies to reduce their expenditures on advertising;

**Table of Contents**

an increased level of competition for advertising dollars, which may lead to lower advertising rates as we attempt to retain customers or which may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match;

unfavorable fluctuations in operating costs, which we may be unwilling or unable to pass through to our customers;

technological changes and innovations that we are unable to successfully adopt or are late in adopting that offer more attractive advertising or listening alternatives than what we offer, which may lead to a loss of advertising customers or to lower advertising rates;

the impact of potential new royalties charged for terrestrial radio broadcasting, which could materially increase our expenses;

other changes in governmental regulations and policies and actions of regulatory bodies, which could increase our taxes or other costs, reduce our outdoor advertising inventory, restrict the advertising media that we employ or restrict some or all of our customers that operate in regulated areas from using certain advertising media or from advertising at all;

unfavorable shifts in population and other demographics, which may cause us to lose advertising customers as people migrate to markets where we have a smaller presence or which may cause advertisers to be willing to pay less in advertising fees if the general population shifts into a less desirable age or geographical demographic from an advertising perspective; and

unfavorable changes in labor conditions, which may impair our ability to operate or require us to spend more to retain and attract key employees.

***We face intense competition in our media and entertainment and our outdoor advertising businesses***

We operate in a highly competitive industry, and we may not be able to maintain or increase our current audience ratings and advertising and sales revenues. Our media and entertainment and our outdoor advertising businesses compete for audiences and advertising revenues with other media and entertainment businesses and outdoor advertising businesses, as well as with other media, such as newspapers, magazines, television, direct mail, portable digital audio players, mobile devices, satellite radio, Internet-based services and live entertainment, within their respective markets. Audience ratings and market shares are subject to change, which could have the effect of reducing our revenues in that market. Our competitors may develop technology, services or advertising media that are equal or superior to those we provide or that achieve greater market acceptance and brand recognition than we achieve. It also is possible that new competitors may emerge and rapidly acquire significant market share in any of our business segments. An increased level of competition for advertising dollars may lead to lower advertising rates as we attempt to retain customers or may cause us to lose customers to our competitors who offer lower rates that we are unable or unwilling to match.

***Alternative media platforms and technologies may continue to increase competition with our broadcasting operations***

Our terrestrial radio broadcasting operations face increasing competition from alternative media platforms and technologies, such as broadband wireless, satellite radio, audio broadcasting by cable television systems and Internet-based audio music services, as well as consumer products, such as portable digital audio players and other mobile devices. These technologies and alternative media platforms, including those used by us, compete with our radio stations for audience share and advertising revenues. We are unable to predict the effect that such technologies and related services and products will have on our broadcasting operations. The capital expenditures necessary to implement these or other technologies could be substantial and we cannot assure you that we will continue to have the resources to acquire new technologies or to introduce new services to compete with other new technologies or services, or that our investments in new technologies or services will provide the desired returns. Other companies employing new technologies or services could more successfully implement such new technologies or services or otherwise increase competition with our businesses.

**Table of Contents**

***Our media and entertainment business is dependent upon the performance of on-air talent and program hosts***

We employ or independently contract with many on-air personalities and hosts of syndicated radio programs with significant loyal audiences in their respective markets. Although we have entered into long-term agreements with some of our key on-air talent and program hosts to protect our interests in those relationships, we can give no assurance that all or any of these persons will remain with us or will retain their audiences. Competition for these individuals is intense and many of these individuals are under no legal obligation to remain with us. Our competitors may choose to extend offers to any of these individuals on terms which we may be unwilling to meet. Furthermore, the popularity and audience loyalty of our key on-air talent and program hosts is highly sensitive to rapidly changing public tastes. A loss of such popularity or audience loyalty is beyond our control and could have a material adverse effect on our ability to attract local and/or national advertisers and on our revenue and/or ratings, and could result in increased expenses.

***Our business is dependent on our management team and other key individuals***

Our business is dependent upon the performance of our management team and other key individuals. A number of key individuals have joined us or assumed increased responsibilities over the past several years, including Robert W. Pittman, who became our Chief Executive Officer on October 2, 2011, C. William Eccleshare, who was promoted to be our Chief Executive Officer Outdoor on January 24, 2012, and Richard J. Bressler, who became our President and Chief Financial Officer on July 29, 2013. Effective January 2014, Mr. Pittman and Mr. Bressler assumed direct management responsibility for our media and entertainment division in addition to their existing roles. Although we have entered into agreements with some members of our management team and certain other key individuals, we can give no assurance that all or any of our management team and other key individuals will remain with us. Competition for these individuals is intense and many of our key employees are at-will employees who are under no legal obligation to remain with us, and may decide to leave for a variety of personal or other reasons beyond our control. If members of our management or key individuals decide to leave us in the future, or if we are not successful in attracting, motivating and retaining other key employees, our business could be adversely affected.

***Extensive current government regulation, and future regulation, may limit our radio broadcasting and other media and entertainment operations or adversely affect our business and financial results***

Congress and several federal agencies, including the FCC, extensively regulate the domestic radio industry. For example, the FCC could impact our profitability by imposing large fines on us if, in response to pending complaints, it finds that we broadcast indecent programming. Additionally, we cannot be sure that the FCC will approve renewal of the licenses we must have in order to operate our stations. Nor can we be assured that our licenses will be renewed without conditions and for a full term. The non-renewal, or conditioned renewal, of a substantial number of our FCC licenses, could have a materially adverse impact on our operations. Furthermore, possible changes in interference protections, spectrum allocations and other technical rules may negatively affect the operation of our stations. For example, in January 2011, a law that eliminates certain minimum distance separation requirements between full-power and low-power FM radio stations was enacted, which could lead to increased interference between our stations and low-power FM stations. In March 2011, the FCC adopted policies which, in certain circumstances, could make it more difficult for radio stations to relocate to increase their population coverage. In addition, Congress, the FCC and other regulatory agencies have considered, and may in the future consider and adopt, new laws, regulations and policies that could, directly or indirectly, have an adverse effect on our business operations and financial performance. In particular, Congress may consider and adopt legislation that would impose an obligation upon all U.S. broadcasters to pay performing artists a royalty for the on-air broadcast of their sound recordings (this would be in addition to payments already made by broadcasters to owners of musical work rights, such as songwriters, composers and publishers). We cannot predict whether this or other legislation affecting our media and entertainment

business will be adopted. Such legislation could have a material impact on our operations and financial results. Finally, various regulatory matters relating to our media and entertainment business are now, or may become, the subject of court litigation, and we cannot predict the outcome of any such litigation or its impact on our business.

### ***Regulations and consumer concerns regarding privacy and data protection, or any failure to comply with these regulations, could hinder our operations***

We collect and utilize demographic and other information, including personally identifiable information, from and about our listeners, consumers, business partners and advertisers as they interact with us. For example: (1) our broadcast radio station websites and our iHeartRadio digital platform collect personal information as users register for our services, fill out their listener profiles, post comments, use our social networking features, participate in polls and contests and sign-up to receive email newsletters; (2) we use tracking technologies, such as cookies, to manage and track our listeners' interactions with us so that we can deliver relevant music content and advertising; and (3) we collect credit card or debit card information from consumers, business partners and advertisers who use our services.

We are subject to numerous federal, state and foreign laws and regulations relating to consumer protection, information security, data protection and privacy, among other things. Many of these laws are still evolving, new laws may be enacted and any of these laws could be amended or interpreted in ways that could harm our business. In addition, changes in consumer expectations and demands regarding privacy and data protection could restrict our ability to collect, use, disclose and derive economic value from demographic and other information related to our listeners, consumers, business partners and advertisers. Such restrictions could limit our ability to provide customized music content to our listeners, interact directly with our listeners and consumers and offer targeted advertising opportunities to our business partners and advertisers. Although we have implemented policies and procedures designed to comply with these laws and regulations, any failure or perceived failure by us to comply with our policies or applicable regulatory requirements related to consumer protection, information security, data protection and privacy could result in a loss of confidence in us, damage to our brands, the loss of listeners, consumers, business partners and advertisers, as well as proceedings against us by governmental authorities or others, which could hinder our operations and adversely affect our business.

### ***If our security measures are breached, we may face liability and public perception of our services could be diminished, which would negatively impact our ability to attract listeners, business partners and advertisers***

Although we have implemented physical and electronic security measures to protect against the loss, misuse and alteration of our websites, digital assets and proprietary business information as well as listener, consumer, business partner and advertiser personally identifiable information, no security measures are perfect and impenetrable and we may be unable to anticipate or prevent unauthorized access. A security breach could occur due to the actions of outside parties, employee error, malfeasance or a combination of these or other actions. If an actual or perceived breach of our security occurs, we could lose competitively sensitive business information or suffer disruptions to our business operations. In addition, the public perception of the effectiveness of our security measures or services could be harmed, we could lose listeners, consumers, business partners and advertisers and we could suffer financial exposure in connection with remediation efforts, investigations and legal proceedings and changes in our security and system protection measures.

### ***Government regulation of outdoor advertising may restrict our outdoor advertising operations***

U.S. federal, state and local regulations have a significant impact on the outdoor advertising industry and our business. One of the seminal laws is the Highway Beautification Act ( HBA ), which regulates outdoor advertising on controlled roads in the United States. The HBA regulates the size and location of billboards, mandates a state compliance program, requires the development of state standards, promotes the expeditious removal of illegal signs and requires just compensation for takings. Construction, repair, maintenance, lighting, upgrading, height, size, spacing, the location and permitting of billboards and the use of new technologies for changing displays, such as digital displays, are regulated by federal, state and local governments. From time to time, states and municipalities have prohibited or

significantly limited the construction of new outdoor advertising structures. Changes in laws and regulations affecting outdoor advertising, or changes in the interpretation of those laws and regulations, at any level of government, including the foreign jurisdictions in which we operate, could have a significant financial impact on us by requiring us to make significant expenditures or otherwise limiting or restricting some of our operations. Due to such regulations, it has become increasingly difficult to develop new outdoor advertising locations.

---

**Table of Contents**

From time to time, certain state and local governments and third parties have attempted to force the removal of our displays under various state and local laws, including zoning ordinances, permit enforcement, condemnation and amortization. Similar risks also arise in certain of our international jurisdictions. Amortization is the attempted forced removal of legal non-conforming billboards (billboards which conformed with applicable laws and regulations when built, but which do not conform to current laws and regulations) or the commercial advertising placed on such billboards after a period of years. Pursuant to this concept, the governmental body asserts that just compensation is earned by continued operation of the billboard over time. Although amortization is prohibited along all controlled roads and generally prohibited along non-controlled roads, amortization has been upheld along non-controlled roads in limited instances where provided by state and local law. Other regulations limit our ability to rebuild, replace, repair, maintain and upgrade non-conforming displays. In addition, from time to time third parties or local governments assert that we own or operate displays that either are not properly permitted or otherwise are not in strict compliance with applicable law. If we are increasingly unable to resolve such allegations or obtain acceptable arrangements in circumstances in which our displays are subject to removal, modification or amortization, or if there occurs an increase in such regulations or their enforcement, our operating results could suffer.

A number of state and local governments have implemented or initiated taxes, fees and registration requirements in an effort to decrease or restrict the number of outdoor signs and/or to raise revenue. From time to time, legislation also has been introduced in international jurisdictions attempting to impose taxes on revenue from outdoor advertising or for the right to use outdoor advertising assets. In addition, a number of jurisdictions have implemented legislation or interpreted existing legislation to restrict or prohibit the installation of digital billboards, and we expect these efforts to continue. The increased imposition of these measures, and our inability to overcome any such measures, could reduce our operating income if those outcomes require removal or restrictions on the use of preexisting displays or limit growth of digital displays. In addition, if we are unable to pass on the cost of these items to our clients, our operating income could be adversely affected.

International regulation of the outdoor advertising industry can vary by municipality, region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations limit the subject matter and language of out-of-home displays. Our failure to comply with these or any future international regulations could have an adverse impact on the effectiveness of our displays or their attractiveness to clients as an advertising medium and may require us to make significant expenditures to ensure compliance. As a result, we may experience a significant impact on our operations, revenue, international client base and overall financial condition.

***Additional restrictions on outdoor advertising of tobacco, alcohol and other products may further restrict the categories of clients that can advertise using our products***

Out-of-court settlements between the major U.S. tobacco companies and all 50 states, the District of Columbia, the Commonwealth of Puerto Rico and other U.S. territories include a ban on the outdoor advertising of tobacco products. Other products and services may be targeted in the U.S. in the future, including alcohol products. Most European Union countries, among other nations, also have banned outdoor advertisements for tobacco products and regulate alcohol advertising. Regulations vary across the countries in which we conduct business. Any significant reduction in alcohol-related advertising or advertising of other products due to content-related restrictions could cause a reduction in our direct revenues from such advertisements and an increase in the available space on the existing inventory of billboards in the outdoor advertising industry.

***Environmental, health, safety and land use laws and regulations may limit or restrict some of our operations***

As the owner or operator of various real properties and facilities, especially in our outdoor advertising operations, we must comply with various foreign, federal, state and local environmental, health, safety and land use laws and

regulations. We and our properties are subject to such laws and regulations relating to the use, storage, disposal, emission and release of hazardous and non-hazardous substances and employee health and safety as well as zoning restrictions. Historically, we have not incurred significant expenditures to comply with these laws. However, additional laws which may be passed in the future, or a finding of a violation of or liability under existing laws, could require us to make significant expenditures and otherwise limit or restrict some of our operations.

*Doing business in foreign countries exposes us to certain risks not found when doing business in the United States*

Doing business in foreign countries carries with it certain risks that are not found when doing business in the United States. These risks could result in losses against which we are not insured. Examples of these risks include:

potential adverse changes in the diplomatic relations of foreign countries with the United States;

hostility from local populations;

the adverse effect of foreign exchange controls;

government policies against businesses owned by foreigners;

investment restrictions or requirements;

expropriations of property without adequate compensation;

the potential instability of foreign governments;

the risk of insurrections;

risks of renegotiation or modification of existing agreements with governmental authorities;

difficulties collecting receivables and otherwise enforcing contracts with governmental agencies and others in some foreign legal systems;

withholding and other taxes on remittances and other payments by subsidiaries;

changes in tax structure and level; and

changes in laws or regulations or the interpretation or application of laws or regulations.

In addition, because we own assets in foreign countries and derive revenues from our International operations, we may incur currency translation losses due to changes in the values of foreign currencies and in the value of the U.S. dollar. We cannot predict the effect of exchange rate fluctuations upon future operating results.

Our International operations involve contracts with, and regulation by, foreign governments. We operate in many parts of the world that experience corruption to some degree. Although we have policies and procedures in place that are designed to promote legal and regulatory compliance (including with respect to the U.S. Foreign Corrupt Practices Act and the United Kingdom Bribery Act), our employees, subcontractors and agents could take actions that violate applicable anticorruption laws or regulations. Violations of these laws, or allegations of such violations, could have a material adverse effect on our business, financial position and results of operations.

***The success of our street furniture and transit products businesses is dependent on our obtaining key municipal concessions, which we may not be able to obtain on favorable terms***

Our street furniture and transit products businesses require us to obtain and renew contracts with municipalities and other governmental entities. Many of these contracts, which require us to participate in competitive bidding processes at each renewal, typically have terms ranging from 3 to 20 years and have revenue share and/or fixed payment components. Our inability to successfully negotiate, renew or complete these contracts due to governmental demands and delay and the highly competitive bidding processes for these contracts could affect our ability to offer these products to our clients, or to offer them to our clients at rates that are competitive to other forms of advertising, without adversely affecting our financial results.

***Future acquisitions and other strategic transactions could pose risks***

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue additional acquisitions and may decide to dispose of certain businesses. These acquisitions or dispositions could be material. Our acquisition strategy involves numerous risks, including:

our acquisitions may prove unprofitable and fail to generate anticipated cash flows;

to successfully manage our large portfolio of media and entertainment, outdoor advertising and other businesses, we may need to:

recruit additional senior management as we cannot be assured that senior management of acquired businesses will continue to work for us and we cannot be certain that our recruiting efforts will succeed, and

expand corporate infrastructure to facilitate the integration of our operations with those of acquired businesses, because failure to do so may cause us to lose the benefits of any expansion that we decide to undertake by leading to disruptions in our ongoing businesses or by distracting our management;

we may enter into markets and geographic areas where we have limited or no experience;

we may encounter difficulties in the integration of operations and systems; and

our management's attention may be diverted from other business concerns.

Additional acquisitions by us of media and entertainment businesses and outdoor advertising businesses may require antitrust review by U.S. federal antitrust agencies and may require review by foreign antitrust agencies under the antitrust laws of foreign jurisdictions. We can give no assurances that the U.S. Department of Justice ( DOJ ), the U.S. Federal Trade Commission ( FTC ) or foreign antitrust agencies will not seek to bar us from acquiring additional media and entertainment businesses or outdoor advertising businesses in any market where we already have a significant position. Further, radio acquisitions by us are subject to FCC approval. Such acquisitions must comply with the Communications Act and FCC regulatory requirements and policies, including with respect to the number of broadcast facilities in which a person or entity may have an ownership or attributable interest in a given local market and the level of interest that may be held by a foreign individual or entity. The FCC's media ownership rules remain subject to ongoing agency and court proceedings. Future changes could restrict our ability to acquire new radio assets or businesses.

***Significant equity investors control us and may have conflicts of interest with us in the future***

Private equity funds sponsored by or co-investors with Bain Capital and THL indirectly own a majority of our outstanding capital stock and will exercise control over matters requiring approval of our shareholder and board of

directors. The directors elected by Bain Capital and THL will have significant authority to make decisions affecting us, including change of control transactions and the incurrence of additional indebtedness.

In addition, affiliates of Bain Capital and THL are lenders under our term loan credit facilities and holders of our 9.0% priority guarantee notes due 2019. It is possible that their interests in some circumstances may conflict with our interests.

Additionally, Bain Capital and THL are in the business of making investments in companies and may acquire and hold interests in businesses that compete directly or indirectly with us. One or more of the entities advised by or affiliated with Bain Capital and/or THL may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us. So long as entities advised by or affiliated with Bain Capital and THL directly or indirectly own a significant amount of the voting power of our outstanding capital stock, even if such amount is less than 50%, Bain Capital and THL will continue to be able to strongly influence or effectively control our decisions.

**Risks Related to the Notes**

*We may not be able to generate sufficient cash to service all of our indebtedness and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful*

We have a substantial amount of indebtedness. As of March 31, 2014, after giving effect to the Refinancing Transactions, we would have had \$20,666.4 million of total indebtedness outstanding, including: (1) \$1,924.0 million aggregate principal amount outstanding under our term loan B and C, which mature at various dates in 2016, \$5,000.0 million aggregate principal amount outstanding under our term loan D, which matures in January 2019, and \$1,300.0 million aggregate principal amount outstanding term loan E, which matures in July 2019; (2) \$1,712.9 million aggregate principal amount outstanding of our 9.0% priority guarantee notes due 2021, net of \$37.1 million of unamortized discounts, which mature in March 2021; (3) \$575.0 million aggregate principal amount of our outstanding 11.25% priority guarantee notes due 2021, which mature in March 2021; (4) \$1,999.8 million aggregate principal amount outstanding of our 9.0% priority guarantee notes due 2019, which mature in December 2019; (5) \$19.8 million aggregate principal amount of other secured debt; (6) \$94.3 million and \$127.9 million outstanding of senior cash pay notes and senior toggle notes, respectively, which mature in August 2016; (7) \$1,645.2 million aggregate principal amount outstanding of senior notes due 2021 (net of \$199.1 million held by a subsidiary of ours as of March 31, 2014), which mature in February 2021; (8) \$850.0 million aggregate principal amount of outstanding notes; (9) \$514.8 million aggregate principal amount outstanding of our legacy notes, net of unamortized purchase accounting discounts of \$210.2 million (excluding \$303.1 million held by a subsidiary of ours, of which \$14.5 million aggregate principal amount of legacy notes due 2014 were retired on April 9, 2014 and \$130.0 million aggregate principal amount of legacy notes due 2014 were retired on May 6, 2014), which mature at various dates from 2016 through 2027; (10) \$2,718.4 million aggregate principal amount outstanding of subsidiary senior notes, net of unamortized discount of \$6.6 million, which mature in November 2022; (11) \$2,200.0 million aggregate principal amount outstanding of subsidiary senior subordinated notes, which mature in March 2020; and (12) other obligations of less than \$1.0 million. This large amount of indebtedness could have negative consequences for us, including, without limitation:

requiring us to dedicate a substantial portion of our cash flow to the payment of principal and interest on indebtedness, thereby reducing cash available for other purposes, including to fund operations and capital expenditures, invest in new technology and pursue other business opportunities;

limiting our liquidity and operational flexibility and limiting our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions and general corporate or other purposes;

limiting our ability to adjust to changing economic, business and competitive conditions;

requiring us to defer planned capital expenditures, reduce discretionary spending, sell assets, restructure existing indebtedness or defer acquisitions or other strategic opportunities;

limiting our ability to refinance any of our indebtedness or increasing the cost of any such financing;

making us more vulnerable to an increase in interest rates, a downturn in our operating performance, a decline in general economic or industry conditions or a disruption in the credit markets; and

making us more susceptible to negative changes in credit ratings, which could impact our ability to obtain financing in the future and increase the cost of such financing.

If compliance with the debt obligations materially hinders our ability to operate our business and adapt to changing industry conditions, we may lose market share, our revenue may decline and our operating results may suffer. The terms of our credit facilities and the other indebtedness allow us, under certain conditions, to incur further indebtedness, including secured indebtedness, which heightens the foregoing risks.

**Table of Contents**

***We and our subsidiaries may not be able to generate sufficient cash to service all of our indebtedness, may not be able to refinance all of our indebtedness before it becomes due and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful***

Our ability and our subsidiaries' ability to make scheduled payments on our respective debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. In addition, because we derive a substantial portion of our operating income from our subsidiaries, our ability to repay our debt depends upon the performance of our subsidiaries, their ability to dividend or distribute funds to us and our receipt of funds under our cash management arrangement with our subsidiary, CCOH.

We and our subsidiaries may not be able to generate cash flows from operations on an amount sufficient to fund our liquidity needs. We anticipate cash interest requirements of approximately \$1.6 billion during 2014. At March 31, 2014, after giving effect to the Refinancing Transactions, we had debt maturities totaling \$20.8 million, \$6.4 million, and \$2.4 billion in 2014, 2015, and 2016, respectively. We are currently exploring, and expect to continue to explore, a variety of transactions to provide us with additional liquidity. We cannot assure you that we will enter into or consummate any such liquidity-generating transactions, or that such transactions will provide sufficient cash to satisfy our liquidity needs, and we cannot currently predict the impact that any such transaction, if consummated, would have on us.

If our and our subsidiaries' cash flows from operations, refinancing sources and other liquidity-generating transactions are insufficient to fund our respective debt service obligations, we may be forced to reduce or delay capital expenditures, sell material assets or operations or seek additional capital. We may not be able to take any of these actions, and these actions may not be successful or permit us to meet the scheduled debt service obligations. Furthermore, these actions may not be permitted under the terms of existing or future debt agreements.

The ability to refinance the debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and increase debt service obligations and may require us and our subsidiaries to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. These alternative measures may not be successful and may not permit us or our subsidiaries to meet scheduled debt service obligations. If we or our subsidiaries cannot make scheduled payments on indebtedness, we or our subsidiaries, as applicable, will be in default under one or more of the debt agreements and, as a result we could be forced into bankruptcy or liquidation.

***Our substantial debt service obligations have increased as a result of our financing transactions and may continue to do so, which could adversely affect our liquidity and prevent us from fulfilling our obligations***

In 2013 and 2014, we substantially increased our debt service obligations. Assuming constant outstanding balances and interest rates, our 2013 financing transactions increased our annual interest expense over a 12-month period by \$267 million. Assuming constant outstanding balances and interest rates, our 2014 financing transactions increased our annual interest expense over a 12-month period by an additional \$47 million. Future financing transactions are likely to further increase our interest expense.

The increase in our debt service obligations could adversely affect our liquidity and could have important consequences, including the following:

it may make it more difficult for us to satisfy our obligations under our indebtedness and our contractual and commercial commitments; and

it may otherwise further limit us in the ways summarized above under The substantial amount of indebtedness of us and our subsidiaries, may adversely affect our cash flows and our ability to operate our business and make us more vulnerable to changes in the economy or our industry, including by reducing our cash available for operations, debt service obligations, future business opportunities, acquisitions and capital expenditures.

## **Table of Contents**

Our ability to make payments with respect to our debt obligations, including under the notes, will depend on our future operating performance and our ability to continue to refinance our indebtedness, which will be affected by prevailing economic and credit market conditions and financial, business and other factors, many of which are beyond our control.

***Because we derive a substantial portion of operating income from our subsidiaries, our ability to repay our debt depends upon the performance of our subsidiaries and their ability to dividend or distribute funds to us***

We derive a substantial portion of operating income from our subsidiaries. As a result, our cash flow and the ability to service our indebtedness depend on the performance of our subsidiaries and the ability of those entities to distribute funds to us. We cannot assure you that our subsidiaries will be able to, or be permitted to, pay to us the amounts necessary to service our debt.

Accordingly, repayment of our indebtedness, including the notes, depends on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. For the year ended December 31, 2013 and the three months ended March 31, 2014, approximately 47% of our consolidated net revenue and 30% and 14%, respectively, of our operating income was generated collectively by our Americas Outdoor Advertising and our International Outdoor Advertising business segments, which are part of CCOH, which is not a guarantor of the notes. CCOH is subject to limitations on its ability to pay dividends or otherwise make distributions to us. Those limitations are set forth in the indenture governing one series of its outstanding senior notes and the indenture governing one series of its outstanding senior subordinated notes, respectively. In addition, the consolidated EBITDA (as defined under the terms of our senior secured credit facilities) of CCOH is included in the calculation of our consolidated EBITDA (as defined under the terms of our senior secured credit facilities) for purposes of calculating our consolidated leverage ratio under the respective notes. The financial performance of CCOH may be taken into account to enable us to incur additional debt, pay dividends or make other restricted payments that we could not otherwise incur, pay or make without such results, even though CCOH's ability to pay us dividends or make distributions to us is subject to limitations. Accordingly, investors should not place undue reliance on our outdoor advertising business as a means for repayment of the notes. Our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries.

In addition, any payment of interest, dividends, distributions, loans or advances by our subsidiaries to us could be subject to restrictions on dividends or repatriation of distributions under applicable local law, monetary transfer restrictions and foreign currency exchange regulations in the jurisdictions in which the subsidiaries operate or under arrangements with local partners.

***If we default on our obligations to pay our other indebtedness, holders of such indebtedness may declare all the funds borrowed thereunder immediately due and payable, which may cause us to be unable to make payments on the notes***

Any default under the agreements governing our indebtedness, including a default under our senior secured credit facilities that is not waived by the required lenders thereunder, and the remedies sought by the holders of such indebtedness, could substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, or interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness (including our senior secured credit facilities), we

could be in default under the terms of the agreements governing such indebtedness. In the event of any such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest. More specifically, the lenders under our receivables based credit facility could elect to terminate their commitments, cease making further loans, require us to cash collateralize amounts outstanding under the existing letter of credit obligations and the lenders under our senior secured credit facilities and receivables based credit facility could institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to seek waivers from the required lenders under our senior secured credit facilities and our receivables based credit facility to avoid being in default. If we breach our covenants under our senior secured credit facilities or our

---

receivables based credit facility and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our senior secured credit facilities or our receivables based credit facility, the lenders could exercise their rights as described above, and we could be forced into bankruptcy or liquidation. See Description of Certain Other Indebtedness and Description of the Exchange Notes.

***The notes will be structurally subordinated to all of the debt and liabilities of our subsidiaries***

The notes are not guaranteed by any of our subsidiaries. As of March 31, 2014, our subsidiaries held approximately 68.2% of our consolidated assets, had \$8.2 billion in outstanding indebtedness and liabilities, excluding intercompany obligations, and guaranteed \$14.4 billion in our outstanding indebtedness, all of which would have been structurally senior to the notes. In addition, as of March 31, 2014, CCOH and its subsidiaries had \$6.7 billion of total assets and \$6.6 billion in total liabilities. Claims of creditors (both secured and unsecured) of our subsidiaries, including trade creditors and claims of preference shareholders (if any) of our subsidiaries (or the equivalent of any of the foregoing under local law), will have priority with respect to the assets and cash flow of our subsidiaries over the claims of creditors of their parent entities. Accordingly, those claims, including those related to the CCWH senior notes (as defined herein) and CCWH senior subordinated notes (as defined herein), will have priority with respect to the assets and cash flow of CCOH and its subsidiaries. As of March 31, 2014, there was \$2.7 billion aggregate principal amount of CCWH senior notes and \$2.2 billion of CCWH senior subordinated notes outstanding. In the event of a bankruptcy, liquidation or reorganization or other bankruptcy or insolvency proceeding of any of our subsidiaries (or the equivalent of any of the foregoing under local law), holders of the notes will participate with all other holders of our indebtedness in the assets remaining and divided or otherwise paid to the issuer after the subsidiaries involved in such proceedings have paid all of their debts and liabilities. In any of these cases, the relevant subsidiaries may not have sufficient funds to make payments to us, and holders of the notes may receive less, ratably, than the holders of debt of such subsidiaries, including CCOH and its subsidiaries.

***The notes are effectively subordinated to our existing and future secured indebtedness to the extent of the value of the collateral securing such indebtedness***

The notes are our general unsecured obligations. As of March 31, 2014, the aggregate amount of our secured indebtedness was \$12,531.5 million (net of unamortized purchase adjustments and discounts). In addition, the terms of our credit facilities and the other indebtedness allow us, under certain conditions, to incur further secured indebtedness. Holders of our secured indebtedness, including our senior secured credit facilities, our receivables based credit facility and our priority guarantee notes, will have claims that are prior to the claims of the holders of the notes to the extent of the value of the collateral securing such other indebtedness. In the event of any distribution or payment of our assets in any foreclosure, liquidation or reorganization or other bankruptcy or insolvency proceeding, holders of secured indebtedness will have a prior claim to those of our assets that constitute their collateral. Holders of the notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of the notes may receive less, ratably, than holders of secured indebtedness.

***The documents governing our indebtedness contain restrictions that limit our flexibility in operating our business***

Although the indenture governing the notes contains only limited restrictive covenants and will not limit our or our subsidiaries' ability to incur additional indebtedness, issue or repurchase securities, pay dividends or engage in transactions with affiliates, our other material financing agreements, including our credit agreements and indentures, contain various covenants restricting, among other things, our ability to:

make acquisitions or investments;

make loans or otherwise extend credit to others;

incur indebtedness or issue shares or guarantees;

create liens;

**Table of Contents**

enter into transactions with affiliates;

sell, lease, transfer or dispose of assets;

merge or consolidate with other companies; and

make a substantial change to the general nature of our business.

In addition, under our senior secured credit facilities, we are required to comply with certain affirmative covenants and certain specified financial covenants and ratios. For instance, our senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of our consolidated secured debt, net of cash and cash equivalents, to our consolidated EBITDA (as defined under the terms of our senior secured credit facilities) for the preceding four quarters. The ratio under this financial covenant for the four quarters ended March 31, 2014 is set at 9.00 to 1 and reduces to 8.75 to 1 for the four quarters ended December 31, 2014.

The restrictions contained in our credit agreements and indentures could affect our ability to operate our business and may limit our ability to react to market conditions or take advantage of potential business opportunities as they arise. For example, such restrictions could adversely affect our ability to finance our operations, make strategic acquisitions, investments or alliances, restructure our organization or finance our capital needs. Additionally, our ability to comply with these covenants and restrictions may be affected by events beyond our control. These include prevailing economic, financial and industry conditions. If we breach any of these covenants or restrictions, we could be in default under the agreements governing our indebtedness, and as a result we would be forced into bankruptcy or liquidation.

***U.S. federal and state fraudulent transfer laws permit a court to void the notes, and, if that occurs, you may not receive any payments on the notes or may be required to return payments made on the notes***

The issuance of the notes may be subject to review under U.S. federal and state fraudulent transfer and conveyance statutes if a bankruptcy, liquidation or reorganization case or a lawsuit, including under circumstances in which bankruptcy is not involved, were commenced at some future date by us or on behalf of our unpaid creditors. While the relevant laws may vary from state to state, under such laws the payment of consideration in certain transactions could be considered a fraudulent conveyance if (1) the consideration was paid with the intent of hindering, delaying or defrauding creditors or (2) we received less than reasonably equivalent value or fair consideration in return for issuing notes and, in the case of (2) only, one of the following is also true:

we were insolvent or rendered insolvent by reason of issuing notes;

payment of the consideration left us with an unreasonably small amount of capital to carry on our business;  
or

we intended to, or believed that we would, incur debts beyond our ability to pay as they mature.

If a court were to find that the issuance of the notes was a fraudulent conveyance, the court could void the payment obligations under the notes, further subordinate the notes to existing and future indebtedness of ours or require the

holders of the notes to repay any amounts received with respect to the notes. In the event of a finding that a fraudulent conveyance occurred, you may not receive any repayment on the notes. Further, the voidance of the notes could result in an event of default with respect to our other debt that could result in acceleration of such debt. The measures of insolvency for purposes of fraudulent conveyance laws vary depending upon the laws of the jurisdiction that is being applied. Generally, an entity would be considered insolvent if, at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts and liabilities, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

**Table of Contents**

We cannot be certain as to the standards a court would use to determine whether or not we were solvent at the relevant time, or regardless of the standard that a court uses, that the issuance of the notes would not be subordinated to our other debt.

***The notes will mature after a substantial portion of our existing indebtedness***

The notes will mature on January 15, 2018. A substantial portion of our existing indebtedness will mature prior to the maturity of the notes. See Description of Certain Other Indebtedness. Therefore, we will be required to repay many of our other creditors, including holders of unsecured and unguaranteed indebtedness, before we are required to repay a portion of the interest due on, and the principal of, the notes. As a result, we may not have sufficient cash to repay all amounts owing on the notes at maturity. There can be no assurance that we will have the ability to borrow or otherwise raise the amounts necessary to repay such amounts.

***We may not be able to repurchase the notes upon a change of control and holders of the notes may not be able to determine when a change of control giving rise to their right to have the notes repurchased has occurred following a sale of substantially all of our assets***

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all notes at 101% of their principal amount plus accrued and unpaid interest. The change of control provisions may not protect you if we undergo a highly leveraged transaction, reorganization, restructuring, acquisition or similar transaction that may adversely affect you unless the transaction is included within the definition of a change of control.

Our senior secured credit facilities and our receivables based credit facility provide that the occurrence of certain events that would constitute a change of control for the purposes of the indenture governing the notes would constitute a default under our senior secured credit facilities and our receivables based credit facility. If an event of default occurs, the lenders under our senior secured credit facilities and our receivables based credit facility will be entitled to take various actions, including the acceleration of all amounts due under our senior secured credit facilities and our receivables based credit facility and all actions permitted to be taken by a secured creditor. Much of our other debt, including our priority guarantee notes, the senior cash pay notes and the senior toggle notes, also requires us to repurchase such debt upon an event that would constitute a change of control for the purposes of the notes. Any of our future debt agreements may contain prohibitions of events that would constitute a change of control or would require such debt to be repurchased upon a change of control. The source of funds for any purchase of the notes will be our available cash or cash generated from our and our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the notes upon a change of control because we may not have sufficient financial resources to purchase all of the notes that are tendered upon a change of control. Further, we are contractually restricted under the terms of our senior secured credit facilities from repurchasing the notes tendered by holders upon a change of control. Accordingly, we may not be able to satisfy our obligations to purchase the notes unless we are able to refinance or obtain waivers under our senior secured credit facilities. Our failure to repurchase the notes upon a change of control would cause a default under the indenture governing the notes. Such a default would, in turn, constitute a default under our senior secured credit facilities.

The definition of change of control in the indenture governing the notes includes a phrase relating to the sale of all or substantially all of our assets. There is no precise established definition of the phrase substantially all under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale of less than all our assets to another person is uncertain.

**Table of Contents**

*Your ability to transfer the notes may be limited by the absence of an active trading market and you may not be able to sell them quickly or at the price you paid*

The exchange notes are a new issues of securities for which there is no established public market. We do not intend to apply for the notes to be listed on any securities exchange or to arrange for their quotation on any automated dealer quotation system. An active market for the exchange notes may not develop or, if developed, it may not continue. Historically, the markets for non-investment grade debt have been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. The market for the notes may experience similar disruptions and any such disruptions may adversely affect the prices at which you may sell your notes. In addition, subsequent to their initial issuances, the notes may trade at discounts, depending upon prevailing interest rates, the market for similar notes, our financial and operating performance and other factors.

**EXCHANGE OFFER**

**Purpose and Effect of the Exchange Offer**

Simultaneously with the issuance of the outstanding notes, we entered into a registration rights agreement with the Initial Purchasers, pursuant to which we have agreed that we will use commercially reasonable efforts to take the following actions, at our expense, for the benefit of the holders of such notes:

no later than 210 days after the closing date of the offering of the outstanding notes, file an exchange offer registration statement with the SEC with respect to a registered offer to exchange the outstanding notes for exchange notes, which will have terms identical in all material respects to the outstanding notes, except that additional interest will not be payable in respect of the exchange notes and the exchange notes will not be entitled to registration rights under the registration rights agreement and will not be subject to the transfer restrictions,

cause the exchange offer registration statement to be declared effective by the SEC no later than 270 days after the closing date of the issuance of the outstanding notes,

commence the exchange offer promptly (but no later than 10 business days) after the registration statement is declared effective, and

keep the exchange offer open for at least 20 business days after the date we mail notice of such exchange offer to such notes.

For each outstanding note surrendered to us pursuant to the exchange offer, the holder of such outstanding note will receive an exchange note having a principal amount at maturity equal to that of the surrendered note.

Under existing SEC interpretations set forth in no-action letters to third parties, the exchange notes will in general be freely transferable after the exchange offer without further registration under the Securities Act; provided that, in the case of broker-dealers, a prospectus meeting the requirements of the Securities Act is delivered as required. We have agreed for a period of 180 days after consummation of the exchange offer to make available a prospectus meeting the requirements of the Securities Act to any broker-dealer for use in connection with any resale of any such exchange notes acquired as described below. A broker-dealer which delivers such a prospectus to purchasers in connection with such resales will be subject to certain of the civil liability provisions under the Securities Act, and will be bound by the provisions of the exchange and registration rights agreement, including certain indemnification rights and obligations.

If you wish to participate in the exchange offer, you will be required to represent to us, among other things, that, at the time of the consummation of the exchange offer:

any exchange notes received by you will be acquired in the ordinary course of business,

you have no arrangement or understanding with any person to participate in the distribution of the exchange notes within the meaning of the Securities Act,

you are not our affiliate, as defined in Rule 405 of the Securities Act,

if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, the distribution of the exchange notes within the meaning of the Securities Act, and

if you are a broker-dealer, you will receive exchange notes in exchange for outstanding notes that were acquired for your own account as a result of market-making activities or other trading activities and that you will be required to acknowledge that you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such exchange notes.

Any holder that is not able to make these representations or certain similar representations will not be entitled to participate in the exchange offer or to exchange their outstanding notes for exchange notes.

## **Table of Contents**

If (i) applicable law or the interpretations of the staff of the SEC do not permit us to effect an exchange offer, (ii) an exchange offer for any other reason is not completed within the time frame described above or (iii) any holder notifies us within 20 business days following the exchange offer that, for certain reasons, it was unable to participate in the exchange offer, we will, no later than 30 days after such event (but in no event earlier than 210 days after the closing date), file a shelf registration statement relating to resales of the applicable outstanding notes and use commercially reasonable efforts to cause it to become effective within 90 days after filing (but in no event earlier than 270 days after the closing date) and keep that shelf registration statement effective until the expiration of two years from the closing date of the issuance of the outstanding notes, or such shorter time period that will terminate when all notes covered by the shelf registration statement have been sold pursuant to the shelf registration statement. We will, in the event of such a shelf registration, provide to each holder of the notes copies of a prospectus, notify each such holder of notes when the shelf registration statement has become effective and take certain other actions to permit resales of the notes. A holder of notes that sells notes under a shelf registration statement generally will be required to be named as a selling securityholder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with those sales and will be bound by the provisions of the exchange and registration rights agreement that are applicable to such a holder (including certain indemnification obligations).

If we fail to comply in a timely fashion with the requirements outlined above regarding the completion of the exchange offer (or, if required, a shelf registration statement), and in certain other limited circumstances, the annual interest rate borne by the relevant notes will be increased by 0.25% per annum and an additional 0.25% per annum every 90 days thereafter, up to a maximum additional cash interest of 0.50% per annum, until the exchange offer is completed, the shelf registration statement is declared effective or, with respect to any particular note, such note ceases to be outstanding or is actually sold by the holder thereof pursuant to Rule 144 under circumstances in which any legend borne by such note relating to restrictions on transferability thereof, under the Securities Act or otherwise, is removed by us or pursuant to the indenture.

## **Terms of the Exchange Offer**

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept any and all outstanding notes validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer. You may tender all or any portion of your outstanding notes; however, exchange notes will only be issued in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The form and terms of the exchange notes are the same as the form and terms of the outstanding notes, except that:

- (1) the exchange notes each bear a different CUSIP Number from the outstanding notes;
- (2) the exchange notes have been registered under the Securities Act and hence will not bear legends restricting the transfer thereof; and
- (3) the holders of the exchange notes will not be entitled to certain rights under the registration rights agreement, including the provisions providing for an increase in the interest rate on the outstanding notes in certain circumstances relating to the timing of the exchange offer, all of which rights will terminate when the exchange offer is terminated.

We will be deemed to have accepted validly tendered outstanding notes when, as and if we have given oral or written notice (if oral, to be promptly confirmed in writing) thereof to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the exchange notes from us.

If any tendered outstanding notes are not accepted for exchange because of an invalid tender, the occurrence of specified other events set forth in this prospectus or otherwise, the certificates for any unaccepted outstanding notes will be returned, without expense, to the tendering holder thereof as promptly as practicable after the expiration date of the exchange offer.

## **Table of Contents**

Holders who tender outstanding notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes pursuant to the exchange offer. We will pay all charges and expenses, other than transfer taxes in certain circumstances, in connection with the exchange offer. See Fees and Expenses.

## **Expiration Date; Extensions; Amendments**

The term expiration date means 5:00 p.m., New York City time, on July 15, 2014, unless we, in our sole discretion, extend the exchange offer, in which case the term expiration date will mean the latest date and time to which the exchange offer is extended.

In order to extend the exchange offer we will promptly make a press release or other public announcement and notify the exchange agent of any extension by oral or written notice (if oral, to be promptly confirmed in writing), prior to 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our sole discretion, (1) to delay accepting any outstanding notes, to extend the exchange offer or to terminate the exchange offer if any of the conditions set forth below under Conditions have not been satisfied, by giving oral or written notice (if oral, to be promptly confirmed in writing) of any delay, extension or termination to the exchange agent or (2) to amend the terms of the exchange offer in any manner. Such decision will also be communicated in a press release or other public announcement prior to 9:00 a.m., New York City time, on the next business day following such decision. Any announcement of delay in acceptance, extension, termination or amendment will be followed promptly by oral or written notice (if oral, to be promptly confirmed in writing) thereof to the registered holders.

## **Interest on the Exchange Notes**

The exchange notes will bear interest from its issuance date. The holders of outstanding notes that are accepted for exchange will receive accrued interest on those outstanding notes through, but not including, the issuance date of the exchange notes. This interest will be paid with the first interest payment on the exchange notes. Interest on the outstanding notes accepted for exchange will cease to accrue upon issuance of the exchange notes.

Interest on the exchange notes is payable semi-annually in arrears on January 15 and July 15 of each year, commencing on July 15, 2014.

## **Procedures for Tendering**

Only a holder of outstanding notes may tender outstanding notes in the exchange offer. To tender in the exchange offer, a holder must complete, sign and date the letter of transmittal, or a facsimile thereof, have the signatures thereon guaranteed if required by the letter of transmittal or transmit an agent's message in connection with a book-entry transfer, and, unless transmitting an agent's message in connection with a book-entry transfer, mail or otherwise deliver the letter of transmittal or the facsimile, together with the outstanding notes and any other required documents, to the exchange agent prior to 5:00 p.m., New York City time, on the expiration date. To be tendered effectively, the outstanding notes, letter of transmittal or an agent's message and other required documents must be completed and received by the exchange agent at the address set forth below under Exchange Agent prior to 5:00 p.m., New York City time, on the expiration date. Delivery of the outstanding notes may be made by book-entry transfer in accordance with the procedures described below. Confirmation of the book-entry transfer must be received by the exchange agent prior to the expiration date.

The term "agent's message" means a message, transmitted by a book-entry transfer facility to, and received by, the exchange agent forming a part of a confirmation of a book-entry, which states that the book-entry transfer facility has received an express acknowledgement from the participant in the book-entry transfer facility tendering the outstanding notes that the participant has received and agrees: (1) to participate in ATOP; (2) to be bound by the terms of the letter of transmittal; and (3) that we may enforce the agreement against the participant.

By executing the letter of transmittal, each holder will make to us the representations set forth above in the fourth paragraph under the heading "Purpose and Effect of the Exchange Offer."

## **Table of Contents**

The tender by a holder and our acceptance thereof will constitute agreement between the holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal or agent's message.

The method of delivery of outstanding notes and the letter of transmittal or agent's message and all other required documents to the exchange agent is at the election and sole risk of the holder. As an alternative to delivery by mail, holders may wish to consider overnight or hand delivery service. In all cases, sufficient time should be allowed to assure delivery to the exchange agent before the expiration date. No letter of transmittal or outstanding notes should be sent to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or nominees to effect the above transactions for them.

Any beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct the registered holder to tender on the beneficial owner's behalf. See Instructions to Letter of Transmittal included with the letter of transmittal.

Signatures on a letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member of the Medallion System unless the outstanding notes tendered pursuant to the letter of transmittal are tendered (1) by a registered holder who has not completed the box entitled Special Issuance Instructions on the letter of transmittal or (2) for the account of a member firm of the Medallion System. In the event that signatures on a letter of transmittal or a notice of withdrawal, as the case may be, are required to be guaranteed, the guarantee must be by a member firm of the Medallion System.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed in this prospectus, the outstanding notes must be endorsed or accompanied by a properly completed bond power, signed by the registered holder as the registered holder's name appears on the outstanding notes with the signature thereon guaranteed by a member firm of the Medallion System.

If the letter of transmittal or any outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, the person signing should so indicate when signing, and evidence satisfactory to us of its authority to so act must be submitted with the letter of transmittal.

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the outstanding notes at DTC for the purpose of facilitating the exchange offer, and subject to the establishment thereof, any financial institution that is a participant in DTC's system may make book-entry delivery of outstanding notes by causing DTC to transfer the outstanding notes into the exchange agent's account with respect to the outstanding notes in accordance with DTC's procedures for the transfer. Although delivery of the outstanding notes may be effected through book-entry transfer into the exchange agent's account at DTC, unless an agent's message is received by the exchange agent in compliance with ATOP, an appropriate letter of transmittal properly completed and duly executed with any required signature guarantee and all other required documents must in each case be transmitted to and received or confirmed by the exchange agent at its address set forth below on or prior to the expiration date. Delivery of documents to DTC does not constitute delivery to the exchange agent.

All questions as to the validity, form and eligibility, including time of receipt, of the acceptance of tendered outstanding notes and the withdrawal of tendered outstanding notes will be determined by us in our sole discretion, which determination will be final and binding on all parties. We reserve the absolute right to reject any and all outstanding notes not properly tendered or any outstanding notes our acceptance of which would, in the opinion of our

counsel, be unlawful. We also reserve the right in our sole discretion to waive any defects, irregularities or conditions of tender as to particular outstanding notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of outstanding notes must be cured within the time we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of outstanding notes, neither we, the exchange agent nor any other person will incur any liability for failure to give the notification. Tenders of outstanding notes will not be deemed to have been made until the defects or irregularities have been cured or waived. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent to the tendering holders, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

## **Table of Contents**

### **No Guaranteed Delivery Procedures**

There are no guaranteed delivery procedures provided by us in connection with the exchange offer. As only registered holders are authorized to tender outstanding notes through DTC, beneficial owners of outstanding notes that are held in the name of a custodial entity must contact such entity sufficiently in advance of the expiration date if they wish to tender outstanding notes and be eligible to receive the exchange notes.

### **Withdrawal of Tenders**

Except as otherwise provided in this prospectus, tenders of outstanding notes may be withdrawn at any time prior to 5:00 p.m., New York City time, on the expiration date.

To withdraw a tender of outstanding notes in the exchange offer, a letter or facsimile transmission notice of withdrawal must be received by the exchange agent at its address set forth in this prospectus prior to 5:00 p.m., New York City time, on the expiration date. Any notice of withdrawal must:

- (1) specify the name of the person having deposited the outstanding notes to be withdrawn;
- (2) identify the outstanding notes to be withdrawn, including the certificate number(s) and principal amount of the outstanding notes, or, in the case of outstanding notes transferred by book-entry transfer, the name and number of the account at DTC to be credited;
- (3) be signed by the holder in the same manner as the original signature on the letter of transmittal by which the outstanding notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee with respect to the outstanding notes register the transfer of the outstanding notes into the name of the person withdrawing the tender; and
- (4) specify the name in which any outstanding notes are to be registered, if different from that of the person depositing the outstanding notes to be withdrawn.

All questions as to the validity, form and eligibility, including time of receipt, of the notices will be determined by us in our sole discretion, which determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer and no exchange notes will be issued with respect thereto unless the outstanding notes so withdrawn are validly retendered. Any outstanding notes which have been tendered but which are not accepted for exchange will be returned to the holder thereof without cost to the holder as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following one of the procedures described above under Procedures for Tendering at any time prior to the expiration date.

### **Conditions**

We intend to conduct the exchange offer in accordance with the applicable requirements of the Exchange Act and the rules and regulations of the SEC thereunder. Notwithstanding any other term of the exchange offer, we will not be required to accept for exchange, or exchange notes for, any outstanding notes, and may, prior to the expiration of the

exchange offer, terminate or amend the exchange offer as provided in this prospectus before the acceptance of the outstanding notes, if:

- (1) any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to the exchange offer which we reasonably believe might materially impair our ability to proceed with the exchange offer or any material adverse development has occurred in any existing action or proceeding with respect to us or any of our subsidiaries; or

## **Table of Contents**

- (2) any law, statute, rule, regulation or interpretation by the staff of the SEC is proposed, adopted or enacted, which we reasonably believe might materially impair our ability to proceed with the exchange offer or materially impair the contemplated benefits of the exchange offer to us; or
- (3) any governmental approval has not been obtained, which approval we reasonably believe to be necessary for the consummation of the exchange offer as contemplated by this prospectus.

If we determine in our sole discretion that any of the conditions are not satisfied, we may (1) refuse to accept any outstanding notes and return all tendered outstanding notes to the tendering holders, (2) extend the exchange offer and retain all outstanding notes tendered prior to the expiration of the exchange offer, subject, however, to the rights of holders to withdraw the outstanding notes (see Withdrawal of Tenders ), or (3) waive the unsatisfied conditions with respect to the exchange offer and accept all properly tendered outstanding notes which have not been withdrawn.

## **Exchange Agent**

U.S. Bank National Association has been appointed as exchange agent for the exchange offer. Requests for additional copies of this prospectus or the letter of transmittal should be directed to the exchange agent addressed as follows:

*Facsimile Transmission:*

(651) 466-7372

*For Information or to Confirm Receipt of*

*Facsimile by Telephone:*

(800) 934-6802

## **Fees and Expenses**

We will bear the expenses of soliciting tenders. The principal solicitation is being made through DTC by U.S. Bank National Association; however, additional solicitation may be made by electronic mail, facsimile, telephone or in person by our and our affiliates' officers and regular employees.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses incurred in connection with these services.

We will pay the cash expenses to be incurred in connection with the exchange offer. Such expenses include fees and expenses of the exchange agent and trustee, accounting and legal fees and printing costs, among others.

## **Accounting Treatment**

The exchange notes will be recorded at the same carrying value as the outstanding notes, which is face value, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes as a result of the exchange offer. The expenses of the exchange offer will be expensed as incurred.

### **Consequences of Failure to Exchange**

The outstanding notes that are not exchanged for exchange notes pursuant to the exchange offer will remain restricted securities. Accordingly, the outstanding notes may be resold only:

- (1) to us upon redemption thereof or otherwise;

**Table of Contents**

- (2) so long as the outstanding notes are eligible for resale pursuant to Rule 144A, to a person inside the United States whom the seller reasonably believes is a qualified institutional buyer within the meaning of Rule 144A under the Securities Act in a transaction meeting the requirements of Rule 144A, in accordance with Rule 144 under the Securities Act, or pursuant to another exemption from the registration requirements of the Securities Act, which other exemption is based upon an opinion of counsel reasonably acceptable to us if we so request;
- (3) outside the United States to a foreign person in a transaction meeting the requirements of Rule 904 under the Securities Act; or
- (4) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any state of the United States.

**Resale of the Exchange Notes**

With respect to resales of exchange notes, based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that a holder or other person who receives exchange notes, whether or not the person is the holder, other than a person that is our affiliate within the meaning of Rule 405 under the Securities Act, in exchange for outstanding notes in the ordinary course of business and who is not participating, does not intend to participate, and has no arrangement or understanding with any person to participate, in the distribution of the exchange notes, will be allowed to resell the exchange notes to the public without further registration under the Securities Act and without delivering to the purchasers of the exchange notes a prospectus that satisfies the requirements of Section 10 of the Securities Act. However, if any holder acquires exchange notes in the exchange offer for the purpose of distributing or participating in a distribution of the exchange notes, the holder cannot rely on the position of the staff of the SEC expressed in the no-action letters or any similar interpretive letters, and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction, unless an exemption from registration is otherwise available. Further, each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the outstanding notes were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. See Plan of Distribution for more information.

**Table of Contents**

**USE OF PROCEEDS**

The exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any cash proceeds from the issuance of any exchange notes. The outstanding notes properly tendered and exchanged for the exchange notes will be retired and cancelled. Accordingly, no additional debt will result from the exchange offer. We have agreed to bear the expenses of the exchange offer.

**Table of Contents****SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA**

The following table sets forth our selected historical consolidated financial data as of and for the years ended December 31, 2013, 2012, 2011, 2010 and 2009 and as of and for the three month periods ended March 31, 2014 and 2013. The selected historical consolidated financial data as of December 31, 2013 and 2012 and for the years ended December 31, 2013, 2012 and 2011 are derived from our audited consolidated financial statements and related notes included elsewhere in this prospectus. The selected historical consolidated financial data as of December 31, 2011 and as of and for the years ended December 31, 2010 and 2009 are derived from our audited consolidated financial statements and related notes not included herein. The selected historical consolidated financial data as of March 31, 2014 and for the three month periods ended March 31, 2014 and 2013 are derived from our unaudited consolidated financial statements and related notes included elsewhere in this prospectus. The selected historical consolidated financial data as of March 31, 2013 are derived from our unaudited consolidated financial statements and related notes not included herein. Historical results are not necessarily indicative of the results to be expected for future periods.

In the opinion of management, the interim financial data reflects all adjustments (consisting only of normal and recurring adjustments) necessary for a fair presentation of the results for the interim periods. Historical results are not necessarily indicative of the results to be expected for future periods and operating results for the three month period ended March 31, 2014 are not necessarily indicative of the results that may be expected for the year ending December 31, 2014.

This information is only a summary and you should read the information presented below in conjunction with our historical consolidated financial statements and related notes included elsewhere in this prospectus, as well as the section entitled Management's Discussion and Analysis of Financial Condition and Results of Operations.

- (1) We recorded non-cash impairment charges of \$17 million during 2013, \$38 million during 2012, \$8 million during 2011 and \$15 million during 2010. We also recorded non-cash impairment charges of \$4.1 billion in 2009 as a result of the global economic downturn which adversely affected advertising revenues across our businesses.
- (2) Ratio of earnings to fixed charges represents the ratio of earnings (defined as pre-tax income (loss) from continuing operations before equity in earnings (loss) of nonconsolidated affiliates) to fixed charges (defined as interest expense plus the interest portion of rental expense). Our earnings, which included impairment charges of \$17 million, \$38 million, \$8 million, \$15 million and \$4.1 billion for the years ended December 31, 2013, 2012, 2011, 2010 and 2009, respectively, were not sufficient to cover our fixed charges by \$607.6 million, \$717.9 million, \$402.4 million, \$617.5 million and \$4,500.8 million, respectively. Our earnings for the three months ended March 31, 2014 and 2013 were not sufficient to cover our fixed charges by \$350.4 million and \$303.5 million, respectively.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

*You should read the following discussion of our results of operations and financial condition together with the information included under "Selected Historical Consolidated Financial Data" and our consolidated financial statements and related notes included elsewhere in this prospectus. This discussion contains forward-looking statements and involves numerous risks and uncertainties, including, but not limited to, those described under "Forward-Looking Statements" and "Risk Factors." Actual results may differ materially from those contained in any forward-looking statements.*

**OVERVIEW**

**Format of Presentation**

Management's discussion and analysis of our financial condition and results of operations ( "Management's Discussion and Analysis" ) should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. Our reportable operating segments are Media and Entertainment ( "CCME" ), Americas outdoor advertising ( "Americas outdoor" or "Americas outdoor advertising" ), and International outdoor advertising ( "International outdoor" or "International outdoor advertising" ). Our CCME segment provides media and entertainment services via broadcast and digital delivery and also includes our national syndication business. Our Americas outdoor and International outdoor segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Included in the "Other" segment are our media representation business, Katz Media Group, as well as other general support services and initiatives, which are ancillary to our other businesses.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Impairment charges, Other operating income (expense), net, Interest expense, Gain (loss) on marketable securities, Equity in earnings (loss) of nonconsolidated affiliates, Loss on extinguishment of debt, Other income (expense) net and Income tax benefit (expense) are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Certain prior period amounts have been reclassified to conform to the 2013 presentation.

During the first quarter of 2012, and in connection with the appointment of the new chief executive officer of our indirect subsidiary, Clear Channel Outdoor Holdings, Inc. ( "CCOH" ), we reevaluated our segment reporting and determined that our Latin American operations were more appropriately aligned within the operations of our International outdoor advertising segment. As a result, the operations of Latin America are no longer reflected within our Americas outdoor advertising segment and are currently included in the results of our International outdoor advertising segment. Accordingly, we have recast the corresponding segment disclosures for prior periods.

**CCME**

Our revenue is derived primarily from selling advertising time, or spots, on our radio stations, with advertising contracts typically less than one year in duration. The programming formats of our radio stations are designed to reach audiences with targeted demographic characteristics that appeal to our advertisers. We also provide streaming content via the Internet, mobile and other digital platforms which reach national, regional and local audiences and derive revenues primarily from selling advertising time with advertising contracts similar to those used by our radio stations.

CCME management monitors average advertising rates, which are principally based on the length of the spot and how many people in a targeted audience listen to our stations, as measured by an independent ratings service. Also, our advertising rates are influenced by the time of day the advertisement airs, with morning and evening drive-time hours typically priced the highest. Management monitors yield per available minute in addition to average rates because yield allows management to track revenue performance across our inventory. Yield is measured by management in a variety of ways, including revenue earned divided by minutes of advertising sold.

## **Table of Contents**

Management monitors macro-level indicators to assess our CCME operations' performance. Due to the geographic diversity and autonomy of our markets, we have a multitude of market-specific advertising rates and audience demographics. Therefore, management reviews average unit rates across each of our stations.

Management looks at our CCME operations' overall revenue as well as the revenue from each type of advertising, including local advertising, which is sold predominately in a station's local market, and national advertising, which is sold across multiple markets. Local advertising is sold by each radio station's sales staff while national advertising is sold by our national sales team and through our national representation firm. Local advertising, which is our largest source of advertising revenue, and national advertising revenues are tracked separately because these revenue streams have different sales forces and respond differently to changes in the economic environment. We periodically review and refine our selling structures in all markets in an effort to maximize the value of our offering to advertisers and, therefore, our revenue.

Management also looks at CCME revenue by market size. Typically, larger markets can reach larger audiences with wider demographics than smaller markets. Additionally, management reviews our share of CCME advertising revenues in markets where such information is available, as well as our share of target demographics listening in an average quarter hour. This metric gauges how well our formats are attracting and retaining listeners.

A portion of our CCME segment's expenses vary in connection with changes in revenue. These variable expenses primarily relate to costs in our sales department, such as commissions, and bad debt. Our programming and general and administrative departments incur most of our fixed costs, such as utilities and office salaries. We incur discretionary costs in our marketing and promotions, which we primarily use in an effort to maintain and/or increase our audience share. Lastly, we have incentive systems in each of our departments which provide for bonus payments based on specific performance metrics, including ratings, sales levels, pricing and overall profitability.

## **Outdoor Advertising**

Our outdoor advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy for our outdoor advertising businesses is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets, both domestically and internationally.

Management typically monitors our outdoor advertising business by reviewing the average rates, average revenue per display, occupancy, and inventory levels of each of our display types by market.

We own the majority of our advertising displays, which typically are located on sites that we either lease or own or for which we have acquired permanent easements. Our advertising contracts with clients typically outline the number of displays reserved, the duration of the advertising campaign and the unit price per display.

The significant expenses associated with our operations include direct production, maintenance and installation expenses as well as site lease expenses for land under our displays, including revenue-sharing or minimum guaranteed amounts payable under our billboard, street furniture and transit display contracts. Our direct production, maintenance and installation expenses include costs for printing, transporting and changing the advertising copy on our displays, the related labor costs, the vinyl and paper costs, electricity costs and the costs for cleaning and maintaining our displays. Vinyl and paper costs vary according to the complexity of the advertising copy and the quantity of displays. Our site lease expenses include lease payments for use of the land under our displays, as well as any revenue-sharing arrangements or minimum guaranteed amounts payable that we may have with the landlords. The terms of our site

leases and revenue-sharing or minimum guaranteed contracts generally range from one to 20 years.

*Americas Outdoor Advertising*

Our advertising rates are based on a number of different factors including location, competition, type and size of display, illumination, market and gross ratings points. Gross ratings points are the total number of impressions delivered by a display or group of displays, expressed as a percentage of a market population. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time. For all of our billboards in the United States, we use independent, third-party auditing companies to verify the number of impressions delivered by a display.

## **Table of Contents**

Client contract terms typically range from four weeks to one year for the majority of our display inventory in the United States. Generally, we own the street furniture structures and are responsible for their construction and maintenance. Contracts for the right to place our street furniture and transit displays and sell advertising space on them are awarded by municipal and transit authorities in competitive bidding processes governed by local law or are negotiated with private transit operators. Generally, these contracts have terms ranging from 10 to 20 years.

### *International Outdoor Advertising*

Similar to our Americas outdoor business, advertising rates generally are based on the gross ratings points of a display or group of displays. The number of impressions delivered by a display, in some countries, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic. In addition, because our International outdoor advertising operations are conducted in foreign markets, including Europe, Asia, Australia and Latin America, management reviews the operating results from our foreign operations on a constant dollar basis. A constant dollar basis allows for comparison of operations independent of foreign exchange movements.

Our International display inventory is typically sold to clients through network packages, with client contract terms typically ranging from one to two weeks with terms of up to one year available as well. Internationally, contracts with municipal and transit authorities for the right to place our street furniture and transit displays typically provide for terms ranging from three to 15 years. The major difference between our International and Americas street furniture businesses is in the nature of the municipal contracts. In our International outdoor business, these contracts typically require us to provide the municipality with a broader range of metropolitan amenities in exchange for which we are authorized to sell advertising space on certain sections of the structures we erect in the public domain. A different regulatory environment for billboards and competitive bidding for street furniture and transit display contracts, which constitute a larger portion of our business internationally, may result in higher site lease costs in our International business. As a result, our margins are typically lower in our International business than in our Americas outdoor business.

### **Macroeconomic Indicators**

Our advertising revenue for all of our segments is highly correlated to changes in gross domestic product ( GDP ) as advertising spending has historically trended in line with GDP, both domestically and internationally. According to the U.S. Department of Commerce, estimated U.S. GDP growth for 2013 was 1.9%. Internationally, our results are impacted by fluctuations in foreign currency exchange rates as well as the economic conditions in the foreign markets in which we have operations.

### **Executive Summary**

The key developments in our business for the three months ended March 31, 2014 are summarized below:

Consolidated revenue was relatively flat including an increase of \$0.5 million from movements in foreign exchange during the three months ended March 31, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, consolidated revenue decreased \$1.0 million over the comparable three-month period in the prior year.

CCME revenue increased \$13.8 million during the three months ended March 31, 2014 compared to the same period of 2013 driven by increased revenues from our traffic and weather business, national revenues and digital revenues.

Americas outdoor revenue decreased \$17.7 million including a decrease of \$0.9 million from movements in foreign exchange during the three months ended March 31, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, revenue decreased \$16.8 million over the comparable three-month period of 2013 primarily driven by lower revenues in our Los Angeles market as a result of the impact of litigation as well as lower airport revenues as a result of the loss of certain national accounts and the nonrenewal of certain airport contracts.

**Table of Contents**

International outdoor revenue increased \$2.7 million including an increase of \$1.4 million from movements in foreign exchange during the three months ended March 31, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, revenue increased \$1.3 million over the comparable three-month period of 2013 primarily driven by growth in emerging markets and certain developed markets, partially offset by declines in other countries.

Revenues in our Other category increased \$2.2 million during the three months ended March 31, 2014 compared to the same period of 2013 primarily due to increased political advertising revenue in our media representation business.

During the first quarter of 2014, we spent \$13.2 million on strategic revenue and cost-saving initiatives to realign and improve our on-going business operations an increase of \$4.4 million compared to the first quarter of 2013.

During the first quarter of 2014, a subsidiary of ours sold its 50% interest in Australian Radio Network ( ARN ), an Australian company that owns and operates radio stations in Australia and New Zealand for proceeds of \$221.0 million.

During the first quarter of 2014, a subsidiary of ours sold \$227.0 million in aggregate principal amount of Senior Notes due 2021 to private purchasers.

During the first quarter of 2014, we repaid the full principal amount outstanding under our receivables based credit facility of \$247.0 million, using cash on hand. This voluntary repayment did not reduce the commitments under this facility and we have the ability to redraw amounts under this facility at any time.

The key developments in our business for the year ended December 31, 2013 are summarized below:

Consolidated revenue for 2013 decreased \$3.8 million including an increase of \$3.5 million from movements in foreign exchange compared to 2012. Excluding foreign exchange impacts and \$20.4 million impact of our divestiture of our international neon business during 2012, consolidated revenue increased \$13.1 million over the prior year.

CCME revenue for 2013 increased \$46.8 million compared to 2012 driven by increased digital and national sales partially offset by lower political revenues. Our iHeartRadio platform continues to drive higher digital revenues with listening hours increasing by 29%.

Americas outdoor revenue for 2013 increased \$11.2 million compared to 2012 primarily due to increases in occupancy, capacity and rates in our traditional and digital product lines.

International outdoor revenue for 2013 decreased \$11.9 million including the impact of favorable foreign exchange movements of \$5.2 million compared to 2012. Excluding foreign exchange impacts and the \$20.4 million impact of our divestiture of our international neon business during 2012, revenue increased \$3.3 million compared to 2012. Continued weakened macro-economic conditions in Europe were partially offset by growth in other markets.

Revenues in our Other category for 2013 declined \$54.0 million primarily due to decreased political advertising through our media representation business.

We spent \$57.9 million on strategic revenue and cost-saving initiatives during 2013 to realign and improve our on-going business operations a decrease of \$18.3 million compared to 2012.

We issued \$575.0 million aggregate principal amount of 11.25% priority guarantee notes due 2021 (the 11.25% Priority Guarantee Notes ). Using the proceeds from the 11.25% Priority Guarantee Notes issuance along with borrowings under our receivables based credit facility of \$269.5 million and cash on hand, we prepaid all \$846.9 million outstanding under our Term Loan A under our senior secured credit facility.

**Table of Contents**

We repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount repaid to a subsidiary of ours with respect to notes repurchased and held by such entity), plus accrued interest, using cash on hand.

We amended our senior secured credit facility by extending \$5.0 billion aggregate principal amount of Term Loan B loans and Term Loan C loans under our senior secured credit facility through the creation of a new Term Loan D due January 30, 2019. We further amended our senior secured credit facility by extending \$1.3 billion aggregate principal amount of Term Loan B loans and Term Loan C loans under our senior secured credit facility through the creation of a new Term Loan E due July 30, 2019.

We completed an exchange offer with certain holders of our 10.75% Senior Cash Pay Notes due 2016 (the Outstanding Cash Pay Notes ) and 11.00%/11.75% Senior Toggle Notes due 2016 (the Outstanding Toggle Notes and collectively with the Outstanding Cash Pay Notes, the Outstanding Notes ) pursuant to which \$348.1 million aggregate principal amount of Outstanding Cash Pay Notes was exchanged for \$348.0 million aggregate principal amount of 14.00% Senior Notes due 2021 (the Senior Notes due 2021 ), and \$917.2 million aggregate principal amount of Outstanding Toggle Notes (including \$452.7 million aggregate principal amount held by a subsidiary of ours) was exchanged for \$853.0 million aggregate principal amount of Senior Notes due 2021 (including \$421.0 million aggregate principal amount issued to the subsidiary of ours) and \$64.2 million of cash (including \$31.7 million of cash paid to the subsidiary of ours), plus, in each case, cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the Outstanding Notes to, but not including, the closing date of the exchange offer.

We completed a supplemental exchange offer with certain holders of our Outstanding Notes pursuant to which \$353.8 million aggregate principal amount of Outstanding Cash Pay Notes was exchanged for \$389.2 million aggregate principal amount of Senior Notes due 2021 and \$14.2 million in cash and \$212.1 million aggregate principal amount of Outstanding Toggle Notes was exchanged for \$233.3 million aggregate principal amount of Senior Notes due 2021 and \$8.5 million of cash, plus, in each case, cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the Outstanding Notes to, but not including, the closing date of the exchange offer less cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the Senior Notes due 2021.

We sold our shares of Sirius XM Radio, Inc. for \$135.5 million, recognizing a gain on the sale of securities of \$130.9 million.

***Consolidated Revenue***

Our consolidated revenue during the first quarter of 2014 was relatively flat including an increase of \$0.5 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements consolidated revenue decreased \$1.0 million. Our CCME revenue increased \$13.8 million, primarily due to increased revenues in our traffic and weather business, increased national revenues and higher digital revenues. Americas outdoor revenue decreased \$17.7 million including negative movements in foreign exchange of \$0.9 million compared to the same period of 2013. Excluding the impact of foreign exchange movements, Americas outdoor revenue decreased \$16.8 million driven primarily by lower revenues in our Los Angeles market as a result of the impact of litigation, as well as the loss of certain national accounts and the nonrenewal of certain airport contracts.

Our International outdoor revenue increased \$2.7 million including positive movements in foreign exchange of \$1.4 million compared to the same period of 2013. Excluding the impact of foreign exchange movements, International outdoor revenue increased \$1.3 million. Revenue growth in street furniture in emerging markets and certain developed markets was partially offset by declines in other countries. Other revenues increased by \$2.2 million primarily as a result of increased political advertising through our media representation business as well as an increase in TV advertisers.

*Consolidated Direct Operating Expenses*

Direct operating expenses increased \$1.7 million including an increase of \$0.5 million from movements in foreign exchange during the first quarter of 2014 compared to the same period of 2013. Excluding the impact of foreign exchange movements, consolidated direct operating expenses increased \$1.2 million. Our CCME direct operating expenses increased \$6.5 million compared to the first quarter of 2013, primarily resulting from increased production costs from events such as the iHeartRadio Country Music Festival and increasing digital streaming expenses resulting from higher listening hours. Direct operating expenses in our Americas outdoor segment decreased \$3.6 million including a decrease of \$0.7 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, direct operating expenses in our

---

**Table of Contents**

Americas outdoor segment decreased \$2.9 million, primarily due to reduced site lease expenses related to our airports business resulting from the nonrenewal of certain airport contracts as well as cost reduction efforts from previous strategic efficiency initiatives. Direct operating expenses in our International outdoor segment decreased \$1.1 million including an increase of \$1.2 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, direct operating expenses in our International outdoor segment decreased \$2.3 million, primarily as a result of previous strategic efficiency initiatives.

*Consolidated Selling, General and Administrative ( SG&A ) Expenses*

SG&A expenses increased \$12.5 million both on a reported basis and excluding offsetting impacts from movements in foreign exchange compared to the same period of 2013. Our CCME SG&A expenses increased \$20.0 million, primarily due to compensation expenses in connection with higher revenues as well as investing in our national and digital sales force. SG&A expenses decreased \$3.3 million in our Americas outdoor segment primarily due to lower commission expense payments in connection with lower revenues. Our International outdoor SG&A expenses decreased \$3.4 million compared to the same period in the prior year, primarily due to benefits resulting from our previous strategic efficiency initiatives.

*Corporate Expenses*

Corporate expenses decreased \$11.1 million during the three months ended March 31, 2014 compared to the same period of 2013, driven by a decrease in stockholder litigation costs and by decreases in compensation expenses, including amounts related to our variable compensation plans, partially offset by severance related to workforce initiatives and other costs incurred in connection with improving our businesses. Included in Corporate expenses for the first quarter of 2014 is an \$8.5 million credit for the realization of an insurance recovery related to litigation filed by stockholders of CCOH. The litigation settled during the fourth quarter of 2013.

*Revenue and Efficiency Initiatives*

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$13.2 million incurred in connection with our strategic revenue and efficiency initiatives during the three months ended March 31, 2014. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses, and other costs incurred in connection with improving our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Also included in corporate expenses for the first quarter of 2014 is \$6.3 million related to the separation of our former Chief Executive Officer of our CCME segment. Of the strategic revenue and efficiency costs of \$13.2 million during the first quarter of 2014, \$1.2 million are reported within direct operating expenses, \$1.8 million are reported within SG&A and \$10.2 million are reported within corporate expense. In the first quarter of 2013, such costs totaled \$2.5 million, \$5.2 million, and \$1.1 million, respectively.

*Depreciation and Amortization*

Depreciation and amortization decreased \$7.3 million during the three months ended March 31, 2014 compared to the same period of 2013. The decrease during the three months ended March 31, 2014 was primarily due to assets becoming fully depreciated since March 2013.

*Other Operating Income, Net*

Other operating income of \$2.4 million for the three months ended March 31, 2013, primarily related to proceeds from the disposal of operating and fixed assets.

*Interest Expense*

Interest expense increased \$45.6 million during the three months ended March 31, 2014 compared to the same period of 2013, primarily due to the weighted average cost of debt increasing as a result of debt refinancings that occurred since March 2013.

**Table of Contents***Equity in Earnings (Loss) of Nonconsolidated Affiliates*

The loss of \$13.3 million during the three months ended March 31, 2014 primarily related to the sale of our 50% interest in ARN, which included a loss on the sale of \$2.4 million and \$11.5 million of foreign exchange losses that were reclassified from accumulated other comprehensive income at the date of the sale.

*Loss on Extinguishment of Debt*

During March 2014, CC Finco LLC ( CC Finco ), an indirect wholly-owned subsidiary of ours, repurchased \$52.9 million aggregate principal amount of our outstanding 5.5% Senior Notes due 2014 and \$9.0 million aggregate principal amount of our outstanding 4.9% Senior Notes due 2015 for a total of \$63.1 million, including accrued interest, through open market purchases. In connection with these transactions, we recognized a loss of \$3.9 million for the three months ended March 31, 2014.

In connection with the prepayment of Term Loan A of our senior secured credit facilities during the three months ended March 31, 2013, we recognized a loss of \$3.9 million due to the write-off of deferred loan costs.

*Income Tax Benefit (Expense)*

The effective tax rate for the three months ended March 31, 2014 was (18.8)%. The 2014 effective tax rate was primarily impacted by the valuation allowance recorded against a portion of our U.S. federal, state and certain foreign jurisdiction net operating losses and other deferred tax assets due to the uncertainty of the ability to utilize those assets in future periods. We recorded a partial valuation allowance against these deferred tax assets as the reversing deferred tax liabilities that can be used as a source of future taxable income to realize the deferred tax assets was exceeded by the additional net operating losses generated in the period ended March 31, 2014.

Our effective tax rate for the three months ended March 31, 2013 was 31.5%. Our effective tax rate was primarily impacted by tax losses in certain foreign jurisdictions for which benefits could not be recorded due to the uncertainty of the ability to utilize those losses in future years.

**CCME Results of Operations**

Our CCME operating results were as follows:

<i>(In thousands)</i>	<b>Three Months Ended March 31,</b>		<b>% Change</b>
	<b>2014</b>	<b>2013</b>	
Revenue	\$ 670,347	\$ 656,566	2%
Direct operating expenses	210,754	204,268	3%
SG&A expenses	259,155	239,142	8%
Depreciation and amortization	62,571	67,832	(8%)
Operating income	\$ 137,867	\$ 145,324	(5%)

CCME revenue increased \$13.8 million during the first quarter of 2014 compared to the same period of 2013. Revenue increased primarily due to higher revenues in our traffic and weather business as a result of new product offerings and the impact of strategic sales initiatives, as well as increased national revenues driven by growth in

telecommunications, healthcare and automotive categories. We continued to experience increases in digital advertising revenue as a result of continued increased listenership on our iHeartRadio platform, with total listening hours increasing 13.1%. Partially offsetting these increases was a decrease in our local and syndication revenues.

Direct operating expenses increased \$6.5 million during the first quarter of 2014, primarily resulting from increased production costs from events such as the iHeartRadio Country Music Festival, as well as increases in digital streaming and performance rights expenses driven by higher digital listening hours and higher total revenues. SG&A expenses increased \$20.0 million during the first quarter of 2014 primarily due to increased compensation expenses including higher commissions in connection with increased revenues and investments in our national and digital sales force, as well as higher spending on strategic revenue and efficiency initiatives.

**Table of Contents****Americas Outdoor Advertising Results of Operations**

Our Americas outdoor advertising operating results were as follows:

<i>(In thousands)</i>	<b>Three Months Ended March 31,</b>		<b>% Change</b>
	<b>2014</b>	<b>2013</b>	
Revenue	\$ 268,756	\$ 286,461	(6%)

Depreciation and amortization	47,599	48,685	(2%)
Operating income	\$ 36,758	\$ 46,513	(21%)

Our Americas outdoor revenue decreased \$17.7 million including negative movements in foreign exchange of \$0.9 million during the first quarter of 2014 compared to the same period of 2013. Excluding the impact of foreign exchange movements, Americas outdoor revenue decreased \$16.8 million driven primarily by lower revenues in our Los Angeles market as a result of the impact of litigation as discussed further in Business Legal Proceedings, as well as the loss of certain national accounts and the nonrenewal of certain airport contracts. Increased capacity and occupancy for our digital displays outside Los Angeles partially offset these declines.

Direct operating expenses decreased \$3.6 million including a decrease of \$0.7 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, direct operating expenses in our Americas outdoor segment decreased \$2.9 million primarily due to reduced site lease expenses related to our airports business resulting from the nonrenewal of certain airport contracts as well as cost reduction efforts from previous strategic efficiency initiatives. SG&A expenses decreased \$3.3 million primarily due to reduced compensation expenses, which were lower in connection with our reduced revenues.

**International Outdoor Advertising Results of Operations**

Our International outdoor advertising operating results were as follows:

<i>(In thousands)</i>	<b>Three Months Ended March 31,</b>		<b>% Change</b>
	<b>2014</b>	<b>2013</b>	
Revenue	\$ 366,495	\$ 363,749	1%

Depreciation and amortization	50,444	50,933	(1%)
Operating loss	\$ (14,012)	\$ (21,733)	(36%)

International outdoor revenue increased \$2.7 million during the first quarter of 2014 compared to the same period of 2013, including an increase of \$1.4 million from movements in foreign exchange. Excluding the impact of foreign

exchange, revenues increased \$1.3 million. The increase was driven by revenue growth in emerging markets, including China, and certain developed markets including the UK and France, primarily in street furniture and digital advertising revenue, partially offset by declines in other countries, including those in Northern and Eastern Europe, primarily due to challenging macroeconomic conditions.

Direct operating expenses decreased \$1.1 million including an increase of \$1.2 million from movements in foreign exchange during the first quarter of 2014. Excluding the impact of movements in foreign exchange, direct operating expenses decreased \$2.3 million, resulting from various decreases across multiple countries as a result of previous strategic efficiency initiatives. The \$3.4 million reduction in SG&A expenses was primarily due to benefits resulting from previous strategic efficiency initiatives.

**Share-Based Compensation Expense**

We do not have any compensation plans under which we grant stock awards to employees. Our employees receive equity awards from CC Media Holdings, Inc. s ( CCMH ) and CCOH s equity incentive plans.

Share-based compensation payments are recorded in corporate expenses and were \$3.0 million and \$5.5 million for the three months ended March 31, 2014 and 2013, respectively.

As of March 31, 2014, there was \$22.1 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. Based on the terms of the award agreements, this cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of March 31, 2014, there was \$20.0 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

*Consolidated Revenue*

Our consolidated revenue decreased \$3.8 million including the increase of \$3.5 million from the impact of movements in foreign exchange compared to 2012. Excluding the impact of foreign exchange movements and \$20.4 million impact of our divestiture of our international neon business during 2012, revenue increased \$13.1 million. CCME revenue increased \$46.8 million, driven by growth from national advertising including telecommunications, retail, and entertainment, and higher advertising revenues from our digital services primarily as a result of increased demand as listening hours have increased. Americas outdoor revenue increased \$11.2 million, driven primarily by bulletin revenue growth as a result of increases in occupancy, capacity and rates in our traditional and digital product lines. International outdoor revenue decreased \$11.9 million including the impact of favorable movements in foreign exchange of \$5.2 million compared to 2012. Excluding the impact of foreign exchange movements and the \$20.4 million impact of our divestiture of our international neon business during 2012, International outdoor revenue increased \$3.3 million. Declines in certain countries as a result of weakened macroeconomic conditions were partially offset by growth in street furniture and billboard revenue in other countries. Revenue in our Other category declined \$54.0 million as a result of decreased political advertising through our media representation business.

*Consolidated Direct Operating Expenses*

Direct operating expenses increased \$49.2 million including an increase of \$3.6 million due to the effects of movements in foreign exchange compared to 2012 and the impact of our divestiture of our international neon business of \$13.0 million during 2012. CCME direct operating expenses increased \$53.4 million, primarily due to higher promotional and sponsorship costs for special events such as the iHeartRadio Music Festival and Jingle Balls and an increase in digital expenses related to our iHeartRadio digital platform including higher digital streaming fees due to increased listening hours, as well as music licensing fees, partially offset by a decline in traffic expenses. Americas outdoor direct operating expenses decreased \$15.7 million, primarily due to decreased site lease expense associated with declining revenues of some of our lower-margin product lines. Direct operating expenses in our International outdoor segment increased \$6.9 million, including a \$4.8 million increase due to the effects of movements in foreign exchange. The increase in expense excluding the impact of movements in foreign exchange and \$13.0 million impact of our divestiture of our international neon business during 2012 was primarily driven by higher site lease and other expenses as a result of increased revenues in certain countries due to revenue growth and new contracts. These increases were partially offset by lower variable costs in other countries where revenues have declined.

*Consolidated Selling, General and Administrative Expenses*

SG&A expenses decreased \$16.6 million including an increase of \$1.7 million due to the effects of movements in foreign exchange compared to 2012. CCME SG&A expenses increased \$27.0 million primarily due to compensation

expenses and amounts related to our variable compensation plans including commissions, which were higher for the 2013 period in connection with increasing national and digital revenues. SG&A expenses in our Americas outdoor segment increased \$9.5 million including a \$7.8 million decrease in expenses related to a favorable court ruling in 2012, with other 2013 increases being driven by higher compensation expenses including commissions and amounts related to our variable compensation plans and legal costs. Our International outdoor SG&A expenses decreased \$40.6 million including a \$1.9 million increase due to the effects of movements in foreign exchange compared to the same period of 2012. Excluding the impact of foreign exchange movements and excluding the \$4.2 million impact of our divestiture of our international neon business during 2012, SG&A expenses decreased \$38.3 million primarily due to certain expenses during the 2012 period related to legal and other costs in Brazil that did not recur during 2013, as well as lower expenses as a result of cost saving initiatives.

## **Table of Contents**

### *Corporate Expenses*

Corporate expenses increased \$26.8 million during 2013 compared to 2012. This increase was primarily driven by increases in compensation expenses including amounts related to our variable compensation plans and strategic initiatives as well as \$7.8 million in executive transition costs and legal costs related to the stockholder litigation discussed further in the Business section of this prospectus.

### *Revenue and Efficiency Initiatives*

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$57.9 million incurred in connection with our strategic revenue and efficiency initiatives. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consulting expenses, consolidation of locations and positions, severance related to workforce initiatives and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs, \$15.1 million are reported within direct operating expenses, \$22.3 million are reported within SG&A and \$20.5 million are reported within corporate expense. In 2012, such costs totaled \$13.8 million, \$47.2 million, and \$15.2 million, respectively.

### *Depreciation and Amortization*

Depreciation and amortization increased \$1.5 million during 2013 compared to 2012, primarily due to fixed asset additions primarily consisting of digital assets and software, which are depreciated over shorter useful lives partially offset by various assets becoming fully depreciated in 2013.

### *Impairment Charges*

We performed our annual impairment tests as of October 1, 2013 and 2012 on our goodwill, FCC licenses, billboard permits, and other intangible assets and recorded impairment charges of \$17.0 million and \$37.7 million, respectively. During 2013, we recognized a \$10.7 million goodwill impairment charge in our International outdoor segment related to a decline in the estimated fair value of one market. Please see Note 2 to the consolidated financial statements included elsewhere in this prospectus for a further description of the impairment charges.

### *Other Operating Income, Net*

Other operating income of \$23.0 million in 2013 primarily related to the gain on the sale of certain outdoor assets in our Americas outdoor segment.

Other operating income of \$48.1 million in 2012 primarily related to the gain on the sale of our international neon business in the third quarter of 2012.

### *Interest Expense*

Interest expense increased \$100.4 million during 2013 compared to 2012 primarily as a result of interest expense associated with the impact of refinancing transactions resulting in higher interest rates. Please refer to Sources of Capital for additional discussion of debt issuances and exchanges. Our weighted average cost of debt during 2013 and 2012 was 7.6% and 6.7%, respectively.

### *Gain (Loss) on Marketable Securities*

The gain on marketable securities of \$130.9 million during 2013 resulted from the sale of the shares we held in Sirius XM Radio, Inc.

The loss on marketable securities of \$4.6 million during 2012 primarily related to the impairment of our investment in Independent News & Media PLC ( INM ) during 2012 and the impairment of a cost-basis investment during 2012. The fair value of INM was below cost for an extended period of time and recovery of the value was not probable. As a result, we considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost, the financial condition and the near-term prospects of the issuer.

## **Table of Contents**

After this assessment, we concluded that the impairment at each date was other than temporary and recorded non-cash impairment charges to our investment in INM, as noted above. We obtained the financial information for our cost-basis investment and noted continued doubt of the investment's ability to continue as a going concern. After evaluating the financial condition of the investment, we concluded that the investment was other than temporarily impaired and recorded a non-cash impairment charge to that investment.

### *Equity in Earnings (Loss) of Nonconsolidated Affiliates*

Equity in loss of nonconsolidated affiliates of \$77.7 million for 2013 primarily included the loss from our investments in ARN. On February 18, 2014, a subsidiary of ours sold its 50% interest in ARN. As of December 31, 2013 the book value of our investment in ARN exceeded the estimated selling price. Accordingly, we recorded an impairment charge of \$95.4 million during the fourth quarter of 2013 to write down the investment to its estimated fair value.

Equity in earnings of nonconsolidated affiliates of \$18.6 million for 2012 primarily included earnings from our investments in ARN.

### *Loss on Extinguishment of Debt*

We recognized a loss of \$84.0 million due to a debt exchange during the fourth quarter of 2013 related to Clear Channel's outstanding notes as discussed elsewhere in this Management's Discussion and Analysis. In addition, we recognized a loss of \$3.9 million due to the write-off of deferred loan costs in connection with the prepayment of Term Loan A of Clear Channel's senior secured credit facilities.

In connection with the refinancing of Clear Channel Worldwide Holdings, Inc. ( CCWH ) Series A Senior Notes and Series B Senior Notes due 2017 with an interest rate of 9.25% (the Existing CCWH Senior Notes ) with the CCWH Series A Senior Notes and Series B Senior Notes due 2022 with a stated interest rate of 6.5% (the CCWH Senior Notes ) during the fourth quarter of 2012, CCWH paid existing note holders a tender premium of 7.4% of face value on the \$1,724.7 million of Existing CCWH Senior Notes that were tendered in the tender offer and a call premium of 6.9% on the \$775.3 million of Existing CCWH Senior Notes that were redeemed following the tender offer. The tender premium of \$128.3 million and the call premium of \$53.8 million are included in the loss on extinguishment of debt. In addition, we recognized a loss of \$39.0 million due to the write-off of deferred loan costs in connection with the call of the Existing CCWH Senior Notes, and recognized losses of \$33.7 million in connection with a prepayment during the first quarter of 2012 and a debt exchange during the fourth quarter of 2012 related to our senior secured credit facilities as discussed elsewhere in this Management's Discussion and Analysis.

### *Other Income (Expense), Net*

In connection with the June 2013 exchange offer of a portion of the outstanding notes for newly-issued Senior Notes due 2021 and in connection with the senior secured credit facility amendments discussed elsewhere in the Management's Discussion and Analysis, all of which were accounted for as modifications of existing debt, we incurred expenses of \$23.6 million partially offset by \$1.8 million in foreign exchange gains on short-term intercompany accounts.

Other income of \$0.3 million for 2012 primarily related to miscellaneous dividend and other income of \$3.2 million offset by \$3.0 million in foreign exchange losses on short-term intercompany accounts.

### *Income Tax Benefit*

The effective tax rate for the year ended December 31, 2013 was 17.3% as compared to 42.8% for the year ended December 31, 2012. The effective tax rate for 2013 was primarily impacted by the \$143.5 million valuation allowance recorded during the period as additional deferred tax expense. The valuation allowance was recorded against a portion of the U.S. Federal and State net operating losses due to the uncertainty of the ability to utilize those losses in future periods. This expense was partially offset by tax benefits recorded during the period due to the settlement of our U.S. Federal and certain State tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$20.2 million to reflect the net tax benefits of the settlements.

**Table of Contents**

The effective tax rate for the year ended December 31, 2012 was 42.8% as compared to 32.0% for the year ended December 31, 2011. The effective tax rate for 2012 was favorably impacted by our settlement of U.S. Federal and foreign tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$60.6 million to reflect the net tax benefits of the settlements. This benefit was partially offset by additional tax recorded during 2012 related to the write-off of deferred tax assets associated with the vesting of certain equity awards.

**CCME Results of Operations**

Our CCME operating results were as follows:

<i>(In thousands)</i>	<b>Years Ended December 31,</b>		<b>% Change</b>
	<b>2013</b>	<b>2012</b>	
Revenue	\$ 3,131,595	\$ 3,084,780	2%
Direct operating expenses	931,976	878,626	6%
SG&A expenses	1,020,097	993,116	3%
Depreciation and amortization	271,126	271,399	(0%)
Operating income	\$ 908,396	\$ 941,639	(4%)

CCME revenue increased \$46.8 million during 2013 compared to 2012, primarily due to an increase in national advertising revenue across various markets and advertising categories, including telecommunications, retail, and entertainment, as well as growth in digital advertising revenue as a result of increased listenership on our iHeartRadio platform, with total listening hours increasing 29%. Promotional and sponsorship revenues were also higher driven by special events, such as the iHeart Radio Music Festival, Jingle Balls, iHeartRadio Ultimate Pool Party, and album release events. These increases were partially offset by lower political revenues compared to 2012, as well as a decline in our traffic business as a result of integration activities and certain contract losses.

Direct operating expenses increased \$53.4 million during 2013 primarily from special events, promotional cost, compensation, and higher streaming and performance royalty expenses during 2013 due to increased listenership on our iHeartRadio platform. In addition, we incurred higher music license fees after receiving a one-time \$20.7 million credit in 2012 from one of our performance rights organizations. These increases were partially offset by lower costs in our traffic business as a result of lower revenues and reduced spending on strategic revenue and cost initiatives. SG&A expenses increased \$27.0 million primarily on our variable compensation plans, including commissions, as a result of an increase in national and digital revenue. In addition, we also incurred higher legal fees and research expenses related to sales and programming activities in 2013.

**Americas Outdoor Advertising Results of Operations**

Our Americas outdoor operating results were as follows:

<i>(In thousands)</i>	<b>Years Ended December 31,</b>		<b>% Change</b>
	<b>2013</b>	<b>2012</b>	
Revenue	\$ 1,290,452	\$ 1,279,257	1%

Direct operating expenses	566,669	582,340	(3%)
SG&A expenses	220,732	211,245	4%
Depreciation and amortization	196,597	192,023	2%
Operating income	\$ 306,454	\$ 293,649	4%

Our Americas outdoor revenue increased \$11.2 million during 2013 compared to 2012, driven primarily by increases in revenues from bulletins and posters. Traditional bulletins and posters had increases in occupancy and rates in connection with new contracts, while the increase for digital displays was driven by higher occupancy and capacity. The increase for digital displays was negatively impacted by lower revenues in our Los Angeles market as a result of the impact of litigation as discussed further in the Business section of this prospectus. Partially

**Table of Contents**

offsetting these increases were declines in specialty business revenues due primarily to a significant contract during 2012 that did not recur during 2013, and declines in our airport business driven primarily by the loss of certain of our U.S. airport contracts and other airport revenue.

Direct operating expenses decreased \$15.7 million, primarily due to the benefits resulting from our previous strategic cost initiatives as well as reduced variable costs associated with site lease expenses due to reduced revenues on lower margin products. SG&A expenses increased \$9.5 million primarily due to the 2012 period being impacted by a favorable court ruling that resulted in a \$7.8 million decrease in expenses, with other 2013 increases being driven by legal costs related to the Los Angeles litigation discussed further in *Business Legal Proceedings*, as well as compensation expenses including commissions and amounts related to our variable compensation plans, which were higher for the 2013 period in connection with increasing our revenues, partially offset by a decrease in costs during 2013 associated with our strategic revenue and cost initiatives compared to 2012.

Depreciation and amortization increased \$4.6 million, primarily due to our continued deployment of digital billboards partially offset by assets becoming fully depreciated during 2013.

**International Outdoor Advertising Results of Operations**

Our International outdoor operating results were as follows:

<i>(In thousands)</i>	<b>Years Ended December 31,</b>		<b>% Change</b>
	<b>2013</b>	<b>2012</b>	
Revenue	\$ 1,655,738	\$ 1,667,687	(1%)
Direct operating expenses	1,028,059	1,021,152	1%
SG&A expenses	322,840	363,417	(11%)
Depreciation and amortization	203,927	205,258	(1%)
Operating income	\$ 100,912	\$ 77,860	30%

International outdoor revenue decreased \$11.9 million during 2013 compared to 2012, including an increase of \$5.2 million from movements in foreign exchange, and the divestiture of our international neon business which had \$20.4 million in revenues during 2012. Excluding the impact of foreign exchange and the divestiture, revenues increased \$3.3 million. Revenue growth in certain markets including China, Latin America, and the UK primarily in street furniture advertising revenue, as well as higher transit advertising sales resulting from new contracts in Norway, was partially offset by lower revenues in other countries in Europe as a result of weakened macroeconomic conditions.

Direct operating expenses increased \$6.9 million including an increase of \$4.8 million from movements in foreign exchange, and the divestiture of our international neon business during 2012 which had \$13.0 million in direct operating expenses during 2012. Excluding the impact of movements in foreign exchange and the divestiture, direct operating expenses increased \$15.1 million driven primarily by increases in variable costs in certain markets such as China, Norway and Latin America resulting from increased revenues partially offset by declines in expenses in response to declining revenues in other countries in Europe. SG&A expenses decreased \$40.6 million including an increase of \$1.9 million from movements in foreign exchange and the divestiture of our international neon business during 2012, which had \$4.2 million in SG&A expenses during 2012. Excluding the impact of movements in foreign exchange and the divestiture, SG&A expenses decreased \$38.3 million primarily due to the absence in 2013 of \$22.7 million in expenses incurred during 2012 in connection with legal and other costs in Brazil as well as decreases in

2013 in strategic revenue and cost initiative expenses.

**Table of Contents****Year Ended December 31, 2012 as Compared to Year Ended December 31, 2011****Consolidated Results of Operations**

The comparison of our historical results of operations for the year ended December 31, 2012 to the year ended December 31, 2011 is as follows:

**Consolidated Revenue**

Our consolidated revenue increased \$85.5 million including the impact of negative movements in foreign exchange of \$79.3 million compared to 2011. Excluding the impact of foreign exchange movements, revenue increased \$164.8 million. CCME revenue increased \$98.0 million, driven by growth from national and local advertising including political, telecommunications and auto, and higher advertising revenues from our digital services primarily as a result of higher listening hours and event sponsorship. Americas outdoor revenue increased \$26.5 million, driven primarily by bulletin revenue growth as a result of our continued deployment of new digital displays during 2012 and 2011 and revenue growth from our airports business. International outdoor revenue decreased \$83.5 million including the impact of negative movements in foreign exchange of \$78.9 million compared to 2011. Excluding the impact of

foreign exchange movements, International outdoor revenue decreased \$4.6 million. Declines in certain countries as a result of weakened macroeconomic conditions and our divestiture of our international neon business during the third quarter of 2012 were partially offset by growth in street furniture and billboard revenue in other countries. Our Other category revenue grew by \$47.3 million as a result of increased political advertising through our media representation business during the election year in the United States.

*Consolidated Direct Operating Expenses*

Direct operating expenses decreased \$10.2 million including a \$49.7 million decline due to the effects of movements in foreign exchange compared to 2011. CCME direct operating expenses increased \$21.0 million, primarily due to an increase in digital expenses related to our iHeartRadio digital platform including higher digital streaming fees due to increased listening hours and rates and personnel costs. In addition, increased expenses related to our traffic acquisition completed in the second quarter of 2011 were partially offset by a decline in music license fees. Americas outdoor direct operating expenses increased \$16.0 million, primarily due to increased site lease expense associated with our continued development of digital displays and growth from our airports business. Direct operating expenses in our International outdoor segment decreased \$43.4 million including a \$49.4 million decline due to the effects of movements in foreign exchange. The increase in expense excluding the impact of movements in foreign exchange was primarily driven by higher site lease and other expenses as a result of new contracts. These increases were partially offset by lower variable costs in countries where revenues have declined and the impact of the divestiture of our international neon business.

---

**Table of Contents***Consolidated SG&A Expenses*

SG&A expenses increased \$61.9 million including a decline of \$21.7 million due to the effects of movements in foreign exchange compared to 2011. CCME SG&A expenses increased \$22.1 million, primarily due to expenses incurred in connection with strategic revenue and cost initiatives. SG&A expenses in our Americas outdoor segment increased \$12.3 million primarily due to increased personnel costs resulting from increased revenue in addition to increases in costs associated with strategic revenue and cost initiatives. International outdoor SG&A expenses increased \$24.4 million including a \$21.6 million decline due to the effects of movements in foreign exchange. The increase was primarily due to \$22.7 million of expense related to the negative impact of litigation in Brazil.

*Corporate Expenses*

Corporate expenses increased \$58.0 million during 2012 compared to 2011. This increase was driven by higher personnel costs resulting from amounts recorded under our variable compensation plans, higher expenses under our benefit plans, and increases in corporate infrastructure. In addition, we incurred \$14.2 million more in corporate strategic revenue and cost initiatives compared to the prior year as well as expenses related to the litigation previously filed by the stockholders of CCOH. Also impacting the increase during 2012 compared to 2011 is the reversal of \$6.6 million of share-based compensation expense included in 2011 related to the cancellation of a portion of an executive's stock options.

*Revenue and Efficiency Initiatives*

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$76.2 million incurred in connection with our strategic revenue and efficiency initiatives. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consulting expenses, consolidation of locations and positions, severance related to workforce initiatives and other costs incurred in connection with streamlining our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized. Of these costs, \$13.8 million are reported within direct operating expenses, \$47.2 million are reported within SG&A and \$15.2 million are reported within corporate expense. In 2011, such costs totaled \$8.8 million, \$26.6 million, and \$1.0 million, respectively.

*Depreciation and Amortization*

Depreciation and amortization decreased \$34.0 million during 2012 compared to 2011, primarily due to various assets becoming fully depreciated in 2011. In addition, movements in foreign exchange contributed a decrease of \$9.3 million during 2012.

*Impairment Charges*

We performed our annual impairment tests as of October 1, 2012 and 2011 on our goodwill, FCC licenses, billboard permits, and other intangible assets and recorded impairment charges of \$37.7 million and \$7.6 million, respectively. During 2012, we recognized a \$35.9 million impairment charge in our Americas outdoor segment related to declines in estimated fair values of certain markets' billboard permits. Please see Note 2 to the consolidated financial statements included elsewhere in this prospectus for a further description of the impairment charges.

*Other Operating Income, Net*

Other operating income of \$48.1 million in 2012 primarily related to the gain on the sale of our international neon business in the third quarter of 2012.

Other operating income of \$12.7 million in 2011 primarily related to a gain on the sale of a tower and proceeds received from condemnations of bulletins.

---

**Table of Contents***Interest Expense*

Interest expense increased \$82.7 million during 2012 compared to 2011 primarily as a result of interest expense associated with CCWH's issuance of \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (collectively, the CCWH Subordinated Notes) during the first quarter of 2012, partially offset by the impact of other refinancing actions and repayments of senior notes. Please refer to Sources of Capital for additional discussion of debt issuances and exchanges. Our weighted average cost of debt during 2012 and 2011 was 6.7% and 6.2%, respectively.

*Loss on Marketable Securities*

The loss on marketable securities of \$4.6 million and \$4.8 million during 2012 and 2011, respectively, primarily related to the impairment of our investment in INM during 2012 and 2011 and the impairment of a cost-basis investment during 2012. The fair value of INM was below cost for an extended period of time. As a result, we considered the guidance in ASC 320-10-S99 and reviewed the length of the time and the extent to which the market value was less than cost, the financial condition and the near-term prospects of the issuer. After this assessment, we concluded that the impairment at each date was other than temporary and recorded non-cash impairment charges to our investment in INM, as noted above. We obtained the financial information for our cost-basis investment and noted continued doubt of the investment's ability to continue as a going concern. After evaluating the financial condition of the investment, we concluded that the investment was other than temporarily impaired and recorded a non-cash impairment charge to that investment.

*Equity in Earnings of Nonconsolidated Affiliates*

Equity in earnings of nonconsolidated affiliates of \$18.6 million for 2012 included earnings from our investments in ARN.

Equity in earnings of nonconsolidated affiliates of \$27.0 million for 2011 included earnings from our investments primarily in ARN.

*Loss on Extinguishment of Debt*

In connection with the refinancing of the Existing CCWH Senior Notes with an interest rate of 9.25% with the CCWH Senior Notes with a stated interest rate of 6.5% during the fourth quarter of 2012, CCWH paid existing note holders a tender premium of 7.4% of face value on the \$1,724.7 million of Existing CCWH Senior Notes that were tendered in the tender offer and a call premium of 6.9% on the \$775.3 million of Existing CCWH Senior Notes that were redeemed following the tender offer. The tender premium of \$128.3 million and the call premium of \$53.8 million are included in the loss on extinguishment of debt. In addition, we recognized a loss of \$39.0 million due to the write-off of deferred loan costs in connection with the call of the Existing CCWH Senior Notes, and recognized losses of \$33.7 million in connection with a prepayment during the first quarter of 2012 and a debt exchange during the fourth quarter of 2012 related to our senior secured credit facilities as discussed elsewhere in this Management's Discussion and Analysis.

Loss on extinguishment of debt of \$1.4 million for 2011 primarily related to the accelerated expensing of \$5.7 million of loan fees upon the prepayment of \$500.0 million of our senior secured credit facilities in connection with our issuance of \$1.0 billion of 9.0% Priority Guarantee Notes due 2021 during February 2011 (the February 2011 Offering), partially offset by an aggregate gain of \$4.3 million on the repurchase of our 5.5% senior notes due 2014.

*Other Income (Expense), Net*

Other income of \$0.3 million for 2012 primarily related to miscellaneous dividend and other income of \$3.2 million offset by \$3.0 million in foreign exchange losses on short-term intercompany accounts.

Other expense of \$3.2 million for 2011 primarily related to miscellaneous bank fees and foreign exchange losses on short-term intercompany accounts.

**Table of Contents***Income Tax Benefit*

The effective tax rate for the year ended December 31, 2012 was 42.8% as compared to 32.0% for the year ended December 31, 2011. The effective tax rate for 2012 was favorably impacted by our settlement of U.S. Federal and foreign tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$60.6 million to reflect the net tax benefits of the settlements. This benefit was partially offset by additional tax recorded during 2012 related to the write-off of deferred tax assets associated with the vesting of certain equity awards.

The effective tax rate for the year ended December 31, 2011 was 32.0% as compared to 25.7% for the year ended December 31, 2010. The effective tax rate for 2011 was favorably impacted by our settlement of U.S. Federal and state tax examinations during the year. Pursuant to the settlements, we recorded a reduction to income tax expense of approximately \$16.3 million to reflect the net tax benefits of the settlements. This benefit was partially offset by additional tax recorded during 2011 related to the write-off of deferred tax assets associated with the vesting of certain equity awards and our inability to benefit from certain tax loss carryforwards in foreign jurisdictions.

**CCME Results of Operations**

Our CCME operating results were as follows:

<i>(In thousands)</i>	<b>Years Ended December 31,</b>		<b>%</b>
	<b>2012</b>	<b>2011</b>	<b>Change</b>
Revenue	\$ 3,084,780	\$ 2,986,828	3%
Direct operating expenses	878,626	857,622	2%
SG&A expenses	993,116	971,066	2%
Depreciation and amortization	271,399	268,245	1%
Operating income	\$ 941,639	\$ 889,895	6%

CCME revenue increased \$98.0 million during 2012 compared to 2011, driven by growth from national and local advertising across political, automotive and telecommunication categories. We continued to experience increases in digital revenue as a result of increased listening hours through our iHeartRadio platform as well as higher event sponsorship revenue. Revenue in our traffic business increased due to our traffic acquisition completed in the second quarter of 2011. This revenue growth was partially offset by declines in syndicated programming sales.

Direct operating expenses increased \$21.0 million during 2012 compared to 2011, primarily due to an increase in digital expenses related to our iHeartRadio digital platform including higher digital streaming fees due to increased listening hours and rates and personnel costs as well as an increase from our traffic acquisition, partially offset by a decline in music license fees resulting from receiving a one-time \$20.7 million credit from one of our performance rights organizations in 2012 and from lower negotiated royalty rates. SG&A expenses increased \$22.1 million, primarily due to higher spending on strategic revenue and cost initiatives.

Depreciation and amortization increased \$3.2 million, primarily due to our traffic acquisition.

**Table of Contents****Americas Outdoor Advertising Results of Operations**

Our Americas outdoor operating results were as follows:

<i>(In thousands)</i>	<b>Years Ended December 31,</b>		<b>%</b>
	<b>2012</b>	<b>2011</b>	<b>Change</b>
Revenue	\$ 1,279,257	\$ 1,252,725	2%
Direct operating expenses	582,340	566,313	3%
SG&A expenses	211,245	198,989	6%
Depreciation and amortization	192,023	211,009	(9%)
<b>Operating income</b>	<b>\$ 293,649</b>	<b>\$ 276,414</b>	<b>6%</b>

Americas outdoor revenue increased \$26.5 million during 2012 compared to 2011, primarily driven by revenue growth from our digital bulletins and from our airports business. We deployed an additional 178 digital bulletins during 2012 bringing our total to more than 1,000 digital bulletins in service. The revenue growth resulting from our increased digital bulletin capacity was partially offset by declines in our traditional bulletin and poster revenues. Our airport revenues grew primarily as a result of higher average rates and increased occupancy by customers of our largest U.S. airports.

Direct operating expenses increased \$16.0 million due to increased site lease expense as a result of our continued deployment of digital displays and growth of our airport revenue. SG&A expenses increased \$12.3 million, primarily as a result of higher personnel costs associated with the increase in revenue generating headcount and commissions and bonuses related to increased revenue, as well as legal and other expenses related to billboard permitting issues. In addition, included in our 2012 SG&A expenses are revenue and cost initiatives. These increases were partially offset by a favorable court ruling resulting in a \$7.8 million decrease in expenses.

Depreciation and amortization decreased \$19.0 million, primarily due to increases in 2011 for accelerated depreciation and amortization related to the removal of various structures, including the removal of traditional billboards in connection with the continued deployment of digital billboards.

**International Outdoor Advertising Results of Operations**

Our International outdoor operating results were as follows:

<i>(In thousands)</i>	<b>Years Ended December 31,</b>		<b>%</b>
	<b>2012</b>	<b>2011</b>	<b>Change</b>
Revenue	\$ 1,667,687	\$ 1,751,149	(5%)
Direct operating expenses	1,021,152	1,064,562	(4%)
SG&A expenses	363,417	339,043	7%
Depreciation and amortization	205,258	219,955	(7%)
<b>Operating income</b>	<b>\$ 77,860</b>	<b>\$ 127,589</b>	<b>(39%)</b>

International outdoor revenue decreased \$83.5 million during 2012 compared to 2011, including \$78.9 million of negative movements in foreign exchange. Excluding the impact of movements in foreign exchange, revenues declined in certain geographies as a result of weakened macroeconomic conditions, particularly in France, southern Europe and the Nordic countries, as well as the impact of \$15.1 million due to the divestiture of our international neon business during the third quarter of 2012. These decreases were partially offset by countries including Australia, China and Mexico where economic conditions were stronger, and in the United Kingdom which benefited from the 2012 Summer Olympics in London. These and other countries experienced increased revenues, primarily related to our shelters, street furniture, equipment sales and billboard businesses. New contracts won during 2011 helped drive revenue growth.

Direct operating expenses decreased \$43.4 million, attributable to a \$49.4 million decrease from movements in foreign exchange. The increase in expenses excluding the impact of foreign exchange was primarily due to higher site lease expense associated with new contracts, partially offset by lower site lease expenses in those markets where revenue declined as a result of weakened macroeconomic conditions. The divestiture of our international neon business resulted in a \$9.0 million decline in direct operating expenses. SG&A expenses increased \$24.4 million including a \$21.6 million decrease from movements in foreign exchange. The increase was primarily due to \$22.7 million of expense related to the negative impact of litigation in Latin America. Also contributing to the increase were revenue and cost initiatives and increased shelter maintenance in Latin America, partially offset by a \$3.2 million impact from the divestiture of our international neon business.

**Table of Contents**

Depreciation and amortization declined \$14.7 million, including \$9.3 million of negative movements in foreign exchange, primarily as a result of assets that became fully depreciated or amortized during 2011.

**Share-Based Compensation Expense**

We do not have any compensation plans under which we grant stock awards to employees. Our employees receive equity awards from the equity incentive plans of our indirect parent, CCMH, and our subsidiary, CCOH.

As of December 31, 2013, there was \$22.9 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on service conditions. This cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of December 31, 2013, there was \$19.6 million of unrecognized compensation cost, net of estimated forfeitures, related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost will be recognized when it becomes probable that the performance condition will be satisfied.

Share-based compensation payments are recorded in corporate expenses and were \$16.7 million, \$28.5 million and \$20.7 million for the years ended December 31, 2013, 2012 and 2011, respectively. Included in share-based compensation for year ended December 31, 2011 is a \$6.6 million reversal of expense related to the cancellation of a portion of an executive's stock options.

On October 22, 2012, CCMH granted 1.8 million restricted shares of its Class A common stock (the Replacement Shares) in exchange for 2.0 million stock options granted under the Clear Channel 2008 Executive Incentive Plan pursuant to an option exchange program (the Program) that expired on November 19, 2012. In addition, on October 22, 2012, CCMH granted 1.5 million fully-vested shares of its Class A common stock (the Additional Shares) pursuant to a tax assistance program offered in connection with the Program. Upon the expiration of the Program on November 19, 2012, CCMH repurchased 0.9 million of the Additional Shares from the employees who elected to

participate in the Program and timely delivered to us a properly completed election form under Internal Revenue Code Section 83(b) to fund tax withholdings in connection with the Program. Employees who ceased to be eligible, declined to participate in the Program or, in the case of the Additional Shares, declined to participate in the tax assistance program, forfeited their Replacement Shares and Additional Shares on November 19, 2012 and retained their stock options with no changes to the terms. We accounted for the exchange program as a modification of the existing awards under ASC 718 and will recognize incremental compensation expense of approximately \$1.7 million over the service period of the new awards. We recognized \$2.6 million of expense related to the Additional Shares granted in connection with the tax assistance program.

**Table of Contents**

CCMH also completed a stock option exchange program on March 21, 2011 and exchanged 2.5 million stock options granted under the Clear Channel 2008 Executive Incentive Plan for 1.3 million replacement stock options with a lower exercise price and different service and performance conditions. We accounted for the exchange program as a modification of the existing awards under ASC 718 and will recognize incremental compensation expense of approximately \$1.0 million over the service period of the new awards.

**LIQUIDITY AND CAPITAL RESOURCES*****Cash Flows*****Three Months Ended March 31, 2014 Compared to Three Months Ended March 31, 2013**

The following discussion highlights cash flow activities during the three months ended March 31, 2014 and 2013, respectively.

<i>(In thousands)</i>	<b>Three Months Ended March 31,</b>	
	<b>2014</b>	<b>2013</b>
Cash provided by (used for):		
Operating activities	\$ (91,648)	\$ (86,591)
Investing activities	152,654	(57,211)
Financing activities	(105,984)	(354,282)
<i>Operating Activities</i>		

Our consolidated net loss, adjusted for \$253.4 million of non-cash items, resulted in negative cash flows of \$179.0 million during the three months ended March 31, 2014. Our consolidated net loss, adjusted for \$121.0 million of non-cash items, resulted in negative cash flows of \$88.2 million during the three months ended March 31, 2013. Cash used for operating activities during the three months ended March 31, 2014 was \$91.6 million compared to \$86.6 million during the three months ended March 31, 2013. Cash paid for interest was \$27.4 million higher in the three months ended March 31, 2014 compared to the same period of the prior year due to an increase in the weighted average cost of debt.

Non-cash items affecting our net loss include depreciation and amortization, deferred taxes, gain on disposal of operating and fixed assets, provision for doubtful accounts, share-based compensation, equity in earnings (loss) of nonconsolidated affiliates, amortization of deferred financing charges and note discounts, net and other reconciling items, net as presented on the face of the consolidated statement of cash flows.

***Investing Activities***

Cash provided by investing activities of \$152.7 million during the three months ended March 31, 2014 primarily reflected proceeds of \$221.0 million from the sale of our 50% interest in ARN, partially offset by capital expenditures of \$67.4 million. We spent \$10.3 million for capital expenditures in our CCME segment primarily related to leasehold improvements and equipment, \$12.2 million in our Americas outdoor segment primarily related to the construction of new advertising structures including digital displays, \$25.1 million in our International outdoor segment primarily related to billboard and street furniture advertising structures, \$1.8 million in our Other category, and \$18.0 million by Corporate primarily related to equipment and software.

Cash used for investing activities during the first three months of 2013 primarily reflected capital expenditures of \$61.6 million. We spent \$14.2 million for capital expenditures in our CCME segment primarily related to leasehold improvements, \$12.9 million in our Americas outdoor segment primarily related to the construction of new advertising structures such as digital displays, \$25.9 million in our International outdoor segment primarily related to new advertising structures such as billboards and street furniture and renewals of existing contracts, and \$2.1 million in our Other category related to our national representation business, and \$6.5 million at Corporate primarily related to equipment and software. Partially offsetting cash used for investing activities were \$7.3 million of proceeds from the sales of other operating and fixed assets.

**Table of Contents***Financing Activities*

Cash used for financing activities of \$106.0 million during the three months ended March 31, 2014 primarily reflected payments on credit facilities, partially offset by proceeds from long-term debt. We repaid the full \$247.0 million principal amount outstanding under our receivables based credit facility, using cash on hand. This was partially offset by cash proceeds from the sale by a subsidiary of ours of 14% Senior Notes due 2021 to private purchasers (\$227.0 million in aggregate principal amount). Other cash used for financing activities included payments by a subsidiary of ours to repurchase \$52.9 million aggregate principal amount of our outstanding 5.5% Senior Notes and \$9.0 million aggregate principal amount of our outstanding 4.9% of Senior Notes for a total of \$63.1 million, including accrued interest.

Cash used for financing activities of \$354.3 million during the three months ended March 31, 2013 primarily reflected payments on long-term debt. We repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount held by and repaid to a subsidiary of ours) using cash on hand and our prepayment of \$846.9 million outstanding under our Term Loan A under our senior secured credit facilities using the proceeds from the issuance of our 11.25% Priority Guarantee Notes, borrowings under our receivables based credit facility, and cash on hand.

**Years Ended December 31, 2013, 2012, and 2011**

The following discussion highlights cash flow activities during the years ended December 31, 2013, 2012 and 2011.

*Operating Activities**2013*

Our consolidated net loss, adjusted for \$782.5 million of non-cash items resulted in positive cash flows of \$199.0 million in 2013. Our consolidated net loss, adjusted for \$873.5 million of non-cash items, provided positive cash flows of \$462.3 million in 2012. Cash provided by operating activities in 2013 was \$212.9 million compared to \$485.1 million in 2012. Cash paid for interest was \$162.0 million higher in 2013 compared to the prior year due to the timing of accrued interest with the issuance of CCWH's Subordinated Notes during the first quarter of 2012 and our 9.0% Priority Guarantee Notes due 2019 during the fourth quarter of 2012.

Non-cash items affecting our net loss include impairment charges, depreciation and amortization, deferred taxes, provision for doubtful accounts, amortization of deferred financing charges and note discounts, net, share-based compensation, gain on disposal of operating and fixed assets, gain on marketable securities, equity in loss of nonconsolidated affiliates, loss on extinguishment of debt, and other reconciling items, net as presented on the face of the consolidated statement of cash flows.

*2012*

The \$110.2 million increase in cash flows from operations to \$485.1 million in 2012 compared to \$374.9 million in 2011 was primarily driven by changes in working capital. Our consolidated net loss, adjusted for \$873.5 million of non-cash items, provided positive cash flows of \$462.3 million in 2012. Cash paid for interest was \$120.6 million higher during 2012 compared to the prior year. Cash provided by operations in 2012 compared to 2011 also reflected lower variable compensation payments in 2012 associated with our employee incentive programs based on 2011 operating performance compared to such payments made in 2011 based on 2010 performance.

## Table of Contents

Non-cash items affecting our net loss include impairment charges, depreciation and amortization, deferred taxes, provision for doubtful accounts, amortization of deferred financing charges and note discounts, net, share-based compensation, gain on disposal of operating and fixed assets, loss on marketable securities, equity in earnings of nonconsolidated affiliates, loss on extinguishment of debt, and other reconciling items, net as presented on the face of the consolidated statement of cash flows.

### *2011*

The decrease in cash flows from operations in 2011 compared to 2010 was primarily driven by changes in working capital partially offset by improved profitability, including a 5% increase in revenue. Our consolidated net loss of \$268.0 million, adjusted for \$833.1 million of non-cash items, provided positive cash flows of \$565.0 million in 2011. Cash generated by higher operating income in 2011 compared to 2010 was offset by the decrease in accrued expenses in 2011 as a result of higher variable compensation payments in 2011 associated with our employee incentive programs based on 2010 operating performance. In addition, in 2010 we received \$132.3 million in U.S. Federal income tax refunds that increased cash flow from operations in 2010.

Non-cash items affecting our net loss include impairment charges, depreciation and amortization, deferred taxes, provision for doubtful accounts, amortization of deferred financing charges and note discounts, net, share-based compensation, gain on disposal of operating and fixed assets, loss on marketable securities, equity in earnings of nonconsolidated affiliates, loss on extinguishment of debt, and other reconciling items, net as presented on the face of the consolidated statement of cash flows.

### *Investing Activities*

#### *2013*

Cash used for investing activities of \$133.4 million during 2013 reflected our capital expenditures of \$324.5 million as well as proceeds from the sale of our shares of Sirius XM Radio, Inc. of \$135.6 million. We spent \$75.7 million for capital expenditures in our CCME segment primarily related to leasehold improvements, \$89.0 million in our Americas outdoor segment primarily related to the construction of new advertising structures such as digital displays, \$108.6 million in our International outdoor segment primarily related to new advertising structures such as billboards and street furniture and renewals of existing contracts, \$9.9 million in our Other category related to our national representation business, and \$41.3 million by Corporate primarily related to equipment and software. Other cash provided by investing activities were \$81.6 million of proceeds from sales of other operating and fixed assets.

#### *2012*

Cash used for investing activities of \$397.0 million during 2012 reflected capital expenditures of \$390.3 million. We spent \$65.8 million for capital expenditures in our CCME segment, \$117.7 million in our Americas outdoor segment primarily related to the installation of new digital displays, \$150.1 million in our International outdoor segment primarily related to new billboard, street furniture and mall contracts and renewals of existing contracts, \$17.4 million in our Other category related to our national representation business, and \$39.3 million by Corporate. Partially offsetting cash used for investing activities were \$59.7 million of proceeds from the divestiture of our international neon business and the sales of other operating assets.

#### *2011*

Cash used for investing activities during 2011 primarily reflected capital expenditures of \$362.3 million. We spent \$50.2 million for capital expenditures in our CCME segment, \$120.8 million in our Americas outdoor segment primarily related to the construction of new digital displays, \$166.0 million in our International outdoor segment primarily related to new billboard and street furniture contracts and renewals of existing contracts, \$5.7 million in our Other category related to our national representation business, and \$19.5 million by Corporate. Cash paid for purchases of businesses primarily related to our traffic acquisition and the cloud-based music technology business we purchased during 2011. In addition, we received proceeds of \$54.3 million primarily related to the sale of radio stations, a tower and other assets in our CCME, Americas outdoor, and International outdoor segments.

**Table of Contents***Financing Activities**2013*

Cash used for financing activities of \$595.9 million in 2013 primarily reflected payments on long-term debt. We repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount held by and repaid to a subsidiary of ours) using cash on hand. We prepaid \$846.9 million outstanding under our Term Loan A under our senior secured credit facilities using the proceeds from the issuance of our 11.25% Priority Guarantee Notes, borrowings under our receivables based credit facility, and cash on hand. Other cash used for financing activities included payments to holders of the outstanding notes in connection with exchange offers in June 2013 of \$32.5 million and in December 2013 of \$22.7 million, payment of an applicable high yield discount obligation to holders of outstanding notes in August 2013 of \$25.3 million, payments to repurchase noncontrolling interests of \$61.1 million and \$91.9 million in payments for dividends and other payments to noncontrolling interests.

*2012*

Cash used for financing activities of \$95.3 million during 2012 primarily reflected (i) the issuance of \$2.2 billion of the CCWH Subordinated Notes by CCWH and the use of proceeds distributed to us in connection with a dividend declared by CCOH during 2012, in addition to cash on hand, to repay \$2.1 billion of indebtedness under our senior secured credit facilities, (ii) the issuance by CCWH of \$2.7 billion aggregate principal amount of the CCWH Senior Notes and the use of the proceeds to fund the tender offer for and redemption of the Existing CCWH Senior Notes, (iii) the repayment of our 5.0% senior notes at maturity for \$249.9 million (net of \$50.1 million principal amount held by and repaid to a subsidiary of ours with respect to notes repurchased and held by such entity), using a portion of the proceeds from our June 2011 issuance of \$750.0 million aggregate principal amount of 9.0% priority guarantee notes due 2021 (the Additional Priority Guarantee Notes due 2021), along with available cash on hand and (iv) the exchange of \$2.0 billion aggregate principal amount of Term Loans under our senior secured credit facilities for \$2.0 billion aggregate principal amount of newly issued 9.0% priority guarantee notes due 2019. Our financing activities also reflect a \$244.7 million reduction in noncontrolling interest as a result of the dividend paid by CCOH in connection with the CCWH Subordinated Notes issuance, which represents the portion paid to parties other than our subsidiaries that own CCOH common stock.

*2011*

Cash used for financing activities during 2011 primarily reflected our issuance in February 2011 of \$1.0 billion aggregate principal amount of 9.0% priority guarantee notes due 2021 (the Initial Priority Guarantee Notes due 2021) and the June 2011 issuance of Additional Priority Guarantee Notes due 2021, and the use of proceeds from the Initial Priority Guarantee Notes due 2021 offering, as well as cash on hand, to prepay \$500.0 million of our senior secured credit facilities and repay at maturity our 6.25% senior notes that matured in 2011 as discussed under Refinancing Transactions. We also repaid all outstanding amounts under its receivables based facility prior to, and in connection with, the Additional Priority Guarantee Notes due 2021 offering. Cash used for financing activities also included the \$95.0 million of pre-existing, intercompany debt owed repaid immediately after the closing of the traffic acquisition. Additionally, we repaid our 4.4% notes at maturity in May 2011 for \$140.2 million, plus accrued interest, with available cash on hand, and repaid \$500.0 million of our revolving credit facility on June 27, 2011. Additionally, CC Finco repurchased \$80.0 million aggregate principal amount of our 5.5% senior notes for \$57.1 million, including accrued interest, as discussed in the Debt Repurchases, Maturities and Other section within this Management's Discussion and Analysis.

**Anticipated Cash Requirements**

Our primary source of liquidity is cash on hand, cash flow from operations and borrowing capacity under our domestic receivables based credit facility, subject to certain limitations contained in our material financing agreements. A significant amount of our cash requirements are for debt service obligations. We anticipate cash interest requirements of approximately \$1.1 billion for the remainder of 2014. At March 31, 2014, we had debt maturities totaling \$429.3 million, \$247.4 million, and \$2.4 billion in 2014, 2015, and 2016, respectively. At March 31, 2014, we had \$660.7 million of cash on our balance sheet including \$216.7 million in consolidated cash balances held outside the U.S. by our subsidiaries, all of which is readily convertible into other foreign currencies

## **Table of Contents**

including the U.S. dollar. It is our policy is to permanently reinvest the earnings of our non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

Our ability to fund our working capital, capital expenditures, debt service and other obligations, and to comply with the financial covenants under our financing agreements, depends on our future operating performance and cash from operations and our ability to generate cash from other liquidity-generating transactions, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. We are currently exploring, and expect to continue to explore, a variety of transactions to provide us with additional liquidity. We cannot assure you that we will enter into or consummate any such liquidity-generating transactions, or that such transactions will provide sufficient cash to satisfy our liquidity needs, and we cannot currently predict the impact that any such transaction, if consummated, would have on us. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may not be able to refinance the debt as currently contemplated. Our ability to refinance the debt will depend on the condition of the capital markets and our financial condition at the time. There can be no assurance that refinancing alternatives will be available on terms acceptable to us or at all. Even if refinancing alternatives are available to us, we may not find them suitable or at comparable interest rates to the indebtedness being refinanced. In addition, the terms of our existing or future debt agreements may restrict us from securing a refinancing on terms that are available to us at that time. If we are unable to obtain sources of refinancing or generate sufficient cash through liquidity-generating transactions, we could face substantial liquidity problems, which could have a material adverse effect on our financial condition and on our ability to meet our obligations.

Our financing transactions during 2013 increased our annual interest expense by \$267 million. Our increased interest payment obligations will reduce our liquidity over time, which could in turn reduce our financial flexibility and make us more vulnerable to changes in operating performance and economic downturns generally, and could negatively affect our ability to obtain additional financing in the future.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue acquisitions or dispositions, which could be material. We and our subsidiaries' significant amount of indebtedness may limit our ability to pursue acquisitions. The terms of our existing or future debt agreements may also restrict our ability to engage in these transactions.

Our currently available sources of cash include cash on hand, cash flow from operations and borrowing capacity under our receivables based credit facility. We are also exploring various liquidity-generating transactions, and expect to continue to do so. Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations, borrowing capacity under our receivables based credit facility and cash from other liquidity-generating transactions will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next 12 months. Significant assumptions underlie this belief, including, among other things, that we will continue to be successful in implementing our business strategy and that there will be no material adverse developments in our business, liquidity or capital requirements, and that we will be able to consummate liquidity-generating transactions in a timely manner and on terms acceptable to us. We cannot assure you that this will be the case. If our future cash flows from operations, financing sources and other liquidity-generating transactions are insufficient to pay our debt obligations as they mature or to fund our liquidity needs, we may be forced to reduce or delay our business activities and capital expenditures, sell material assets, seek

additional capital or refinance our and our subsidiaries' debt. We cannot assure you that we would be able to accomplish any of these alternatives on a timely basis or on satisfactory terms, if at all.

We were in compliance with the covenants contained in our material financing agreements as of March 31, 2014, including the maximum consolidated senior secured net debt to consolidated EBITDA limitation contained in our senior secured credit facilities. We believe our long-term plans, which include promoting spending in our industries and capitalizing on our diverse geographic and product opportunities, including the continued investment in our media and entertainment initiatives and continued deployment of digital displays, will enable us to continue

**Table of Contents**

generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any covenants set forth in our financing agreements would result in a default thereunder. An event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, the lenders under the receivables based facility under our senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. If we are unable to repay our obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. In addition, a default or acceleration under any of our material financing agreements could cause a default under other of our obligations that are subject to cross-default and cross-acceleration provisions. The threshold amount for a cross-default under the senior secured credit facilities is \$100.0 million.

(1) The receivables based credit facility provides for borrowings of up to the lesser of \$535 million (the revolving credit commitment) or the borrowing base amount, as defined under the receivables based facility, subject to certain limitations contained in our material financing agreements.

Our subsidiaries have from time to time repurchased certain of our debt obligations and outstanding equity securities of CCOH and CCMH, and may in the future, as part of various financing and investment strategies, purchase additional outstanding indebtedness of us or our subsidiaries or outstanding equity securities of CCOH or CCMH, in tender offers, open market purchases, privately negotiated transactions or otherwise. We or our subsidiaries may also sell certain assets, securities or properties and use the proceeds to reduce our indebtedness. These purchases or sales, if any, could have a material positive or negative impact on our liquidity available to repay outstanding debt obligations

or on our consolidated results of operations. These transactions could also require or result in amendments to the agreements governing outstanding debt obligations or changes in our leverage or other financial ratios, which could have a material positive or negative impact on our ability to comply with the covenants contained in our debt agreements. These transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

***Senior Secured Credit Facilities***

As of March 31, 2014, we had a total of \$8.2 billion outstanding under our senior secured credit facilities, consisting of:

a \$1.9 billion Term Loan B, which matures on January 29, 2016; and

a \$33.0 million Term Loan C, which matures on January 29, 2016; and

a \$5.0 billion Term Loan D, which matures on January 30, 2019; and

a \$1.3 billion Term Loan E, which matures on July 30, 2019.

We may raise incremental Term Loans of up to (a) \$1.5 billion, plus (b) the excess, if any, of (x) 0.65 times pro forma consolidated EBITDA (as calculated in the manner provided in the senior secured credit facilities documentation), over (y) \$1.5 billion, plus (c) the aggregate amount of certain principal prepayments made in respect of the Term Loans under the senior secured credit facilities. Availability of such incremental Term Loans is subject, among other things, to the absence of any default, pro forma compliance with the financial covenant and the receipt of commitments by existing or additional financial institutions.

We are the primary borrower under the senior secured credit facilities, except that certain of our domestic restricted subsidiaries are co-borrowers under a portion of the Term Loan facilities.

***Interest Rate and Fees***

Borrowings under our senior secured credit facilities bear interest at a rate equal to an applicable margin plus, at our option, either (i) a base rate determined by reference to the higher of (A) the prime lending rate publicly announced by the administrative agent or (B) the Federal funds effective rate from time to time plus 0.50%, or (ii) a Eurocurrency rate determined by reference to the costs of funds for deposits for the interest period relevant to such borrowing adjusted for certain additional costs.

The margin percentages applicable to the Term Loan facilities are the following percentages per annum:

with respect to loans under the Term Loan A, (i) 2.40% in the case of base rate loans and (ii) 3.40% in the case of Eurocurrency rate loans; and

with respect to loans under the Term Loan B and Term Loan C asset sale facility, (i) 2.65%, in the case of base rate loans and (ii) 3.65%, in the case of Eurocurrency rate loans; and

with respect to loans under the Term Loan D, (i) 5.75% in the case of base rate loans and (ii) 6.75% in the case of Eurocurrency rate loans; and

with respect to loans under the Term Loan E, (i) 6.50% in the case of base rate loans and (ii) 7.50% in the case of Eurocurrency rate loans.

The margin percentages are subject to adjustment based upon our leverage ratio.

*Prepayments*

The senior secured credit facilities require us to prepay outstanding Term Loans, subject to certain exceptions, with:

50% (which percentage may be reduced to 25% and to 0% based upon our leverage ratio) of our annual excess cash flow (as calculated in accordance with our senior secured credit facilities), less any voluntary prepayments of Term Loans and subject to customary credits;

100% of the net cash proceeds of sales or other dispositions of specified assets being marketed for sale (including casualty and condemnation events), subject to certain exceptions;

---

**Table of Contents**

100% (which percentage may be reduced to 75% and 50% based upon our leverage ratio) of the net cash proceeds of sales or other dispositions by us or our wholly-owned restricted subsidiaries of assets other than specified assets being marketed for sale, subject to reinvestment rights and certain other exceptions;

100% of the net cash proceeds of (i) any incurrence of certain debt, other than debt permitted under our senior secured credit facilities, (ii) certain securitization financing, (iii) certain issuances of Permitted Additional Notes (as defined in the senior secured credit facilities) and (iv) certain issuances of Permitted Unsecured Notes and Permitted Senior Secured Notes (as defined in the senior secured credit facilities); and

Net cash proceeds received by us as dividends or distributions from indebtedness incurred at CCOH provided that the Consolidated Leverage Ratio of CCOH is no greater than 7.00 to 1.00.

The foregoing prepayments with the net cash proceeds of any incurrence of certain debt, other than debt permitted under our senior secured credit facilities, certain securitization financing, issuances of Permitted Additional Notes and annual excess cash flow will be applied, at our option, to the Term Loans (on a pro rata basis, other than that non-extended classes of Term Loans may be prepaid prior to any corresponding extended class), in each case (i) first to the Term Loans outstanding under Term Loan B and (ii) one of (w) second, to outstanding Term Loan C asset sale facility loans; third, to outstanding Term Loan D; and fourth, to outstanding Term Loan E, or (x) second, to outstanding Term Loan C asset sale facility loans; third, to outstanding Term Loan E; and fourth, to outstanding Term Loan D, or (y) second, to outstanding Term Loan C asset sale facility loans; and third, ratably to outstanding Term Loan D and Term Loan E, or (z) second, ratably to outstanding Term Loan C asset sale facility loans, Term Loan D and Term Loan E. In each case to the remaining installments thereof in direct order of maturity for the Term Loan C asset sale facility loans.

The foregoing prepayments with net cash proceeds of sales or other dispositions by us or our wholly-owned restricted subsidiaries of assets other than specified assets being marketed for sale, subject to reinvestment rights and certain other exceptions, will be applied (i) first to the Term Loan C asset sale facility loans in direct order of maturity, and (ii) one of (w) second, to outstanding Term Loan B; third, to outstanding Term Loan D; and fourth, to outstanding Term Loan E, or (x) second, to outstanding Term Loan B; third, to outstanding Term Loan E; and fourth, to outstanding Term Loan D, or (y) second, to outstanding Term Loan B; and third, ratably to outstanding Term Loan D and Term Loan E, or (z) second, ratably to outstanding Term Loan B, Term Loan D and Term Loan E.

The foregoing prepayments with net cash proceeds of issuances of Permitted Unsecured Notes and Permitted Senior Secured Notes and Net Cash Proceeds received by us as a distribution from indebtedness incurred by CCOH will be applied (i) first, ratably to outstanding Term Loan B and Term Loan C in direct order of maturity, second, to the outstanding Term Loan D and, third, to outstanding Term Loan E, (ii) first, ratably to outstanding Term Loan B and Term Loan C in direct order of maturity, second, to the outstanding Term Loan E and, third, to outstanding Term Loan D, (iii) first, ratably to outstanding Term Loan B and Term Loan C in direct order of maturity and, second, ratably to outstanding Term Loan D and Term Loan E or (iv) ratably to outstanding Term Loan B, Term Loan C, Term Loan D and Term Loan E.

We may voluntarily repay outstanding loans under the senior secured credit facilities at any time without premium or penalty, other than customary breakage costs with respect to Eurocurrency rate loans.

*Amendments*

On October 25, 2012, we amended the terms of our senior secured credit facilities (the Amendments ). The Amendments, among other things: (i) permit exchange offers of Term Loans for new debt securities in an aggregate principal amount of up to \$5.0 billion (including the \$2.0 billion of 9.0% priority guarantee notes due 2019 issued in December 2012 as described under Refinancing Transactions below); (ii) provide us with greater flexibility to prepay tranche A Term Loans; (iii) following the repayment or extension of all tranche A Term Loans, permit below par non-pro rata purchases of Term Loans pursuant to customary Dutch auction procedures whereby all lenders of the class of Term Loans offered to be purchased will be offered an opportunity to participate; (iv) following the repayment or extension of all tranche A Term Loans, permit the repurchase of junior debt maturing before January 2016 with cash on hand in an amount not to exceed \$200.0 million; (v) combine the Term

**Table of Contents**

Loan B, the delayed draw Term Loan 1 and the delayed draw Term Loan 2 under the senior secured credit facilities; (vi) preserve revolving credit facility capacity in the event we repay all amounts outstanding under the revolving credit facility; and (vii) eliminate certain restrictions on the ability of CCOH and its subsidiaries to incur debt. On October 31, 2012, we repaid and permanently cancelled the commitments under our revolving credit facility, which was set to mature July 2014.

On February 28, 2013, we repaid all \$846.9 million of loans outstanding under our Term Loan A facility.

On May 31, 2013, we further amended the terms of our senior secured credit facilities by extending a portion of Term Loan B and Term Loan C loans due 2016 through the creation of a new \$5.0 billion Term Loan D due January 30, 2019. The amendment also permitted us to make applicable high yield discount obligation catch-up payments beginning after May 2018 with respect to the new Term Loan D and in June 2018 with respect to the outstanding notes, which were issued in connection with the exchange of a portion of the Senior Cash Pay Notes and Senior Toggle Notes.

In connection with the December 2013 refinancing discussed later, we further amended the terms of our senior secured credit facilities on December 18, 2013, to extend a portion of the Term Loan B and Term Loan C due 2016 through the creation of a new \$1.3 billion Term Loan E due July 30, 2019.

*Collateral and Guarantees*

The senior secured credit facilities are guaranteed by us and each of our existing and future material wholly-owned domestic restricted subsidiaries, subject to certain exceptions.

All obligations under the senior secured credit facilities, and the guarantees of those obligations, are secured, subject to permitted liens, including prior liens permitted by the indenture governing our senior notes, and other exceptions, by:

a lien on our capital stock;

100% of the capital stock of any future material wholly-owned domestic license subsidiary that is not a Restricted Subsidiary under the indenture governing our senior notes;

certain assets that do not constitute principal property (as defined in the indenture governing our senior notes);

certain specified assets of ours and the guarantors that constitute principal property (as defined in the indenture governing our senior notes) securing obligations under the senior secured credit facilities up to the maximum amount permitted to be secured by such assets without requiring equal and ratable security under the indenture governing our senior notes; and

a lien on the accounts receivable and related assets securing our receivables based credit facility that is junior to the lien securing our obligations under such credit facility.

*Certain Covenants and Events of Default*

The senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by our senior secured credit facilities) for the preceding four quarters. Our secured debt consists of the senior secured credit facilities, the receivables-based credit facility, the priority guarantee notes and certain other secured subsidiary debt. As required by the definition of consolidated EBITDA in our senior secured credit facilities, our consolidated EBITDA for the preceding four quarters of \$1.9 billion is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net plus share-based compensation and is further adjusted for the following items: (i) costs incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses and severance; (iii) non-cash charges; (iv) cash received from nonconsolidated affiliates; and (v) various other items.

**Table of Contents**

The following table reflects a reconciliation of consolidated EBITDA (as defined by our senior secured credit facilities) to operating income and net cash provided by operating activities for the four quarters ended March 31, 2014:

<i>(In Millions)</i>	<b>Four Quarters Ended March 31, 2014</b>
<b>Consolidated EBITDA</b> (as defined by Clear Channel's senior secured credit facilities)	\$ 1,920.8
Less adjustments to consolidated EBITDA (as defined by Clear Channel's senior secured credit facilities):	
Cost incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees, and other permitted activities	(85.3)
Extraordinary, non-recurring or unusual gains or losses or expenses and severance (as referenced in the definition of consolidated EBITDA in Clear Channel's senior secured credit facilities)	(28.7)
Non-cash charges	(37.4)
Cash received from nonconsolidated affiliates	(14.6)
Other items	(18.5)
Less: Depreciation and amortization, Impairment charges, Other operating income (expense), net, and Share-based compensation expense	(734.0)
<b>Operating income</b>	<b>1,002.3</b>
Plus: Depreciation and amortization, Impairment charges, Other operating income (expense), net, and Share-based compensation expense	734.0
Less: Interest expense	(1,695.0)
Less: Current income tax benefit	(68.8)
Plus: Other income (expense), net	(19.4)
Adjustments to reconcile consolidated net loss to net cash provided by operating activities (including Provision for doubtful accounts, Amortization of deferred financing charges and note discounts, net and Other reconciling items, net)	155.1
Change in assets and liabilities, net of assets acquired and liabilities assumed	99.7
Net cash provided by operating activities	\$ 207.9

The maximum ratio under this financial covenant is currently set at 9.00:1 and reduces to 8.75:1 for the four quarters ended December 31, 2014. At March 31, 2014, the ratio was 6.3:1.

In addition, the senior secured credit facilities include negative covenants that, subject to significant exceptions, limit our ability and the ability of our restricted subsidiaries to, among other things:

incur additional indebtedness;

create liens on assets;

engage in mergers, consolidations, liquidations and dissolutions;

sell assets;

pay dividends and distributions or repurchase our capital stock;

make investments, loans, or advances;

prepay certain junior indebtedness;

engage in certain transactions with affiliates;

amend material agreements governing certain junior indebtedness; and

change lines of business.

**Table of Contents**

The senior secured credit facilities include certain customary representations and warranties, affirmative covenants and events of default, including payment defaults, breach of representations and warranties, covenant defaults, cross-defaults to certain indebtedness, certain events of bankruptcy, certain events under ERISA, material judgments, the invalidity of material provisions of the senior secured credit facilities documentation, the failure of collateral under the security documents for the senior secured credit facilities, the failure of the senior secured credit facilities to be senior debt under the subordination provisions of certain of our subordinated debt and a change of control. If an event of default occurs, the lenders under the senior secured credit facilities will be entitled to take various actions, including the acceleration of all amounts due under the senior secured credit facilities and all actions permitted to be taken by a secured creditor.

***Receivables Based Credit Facility***

As of March 31, 2014, there were no borrowings outstanding under our receivables based credit facility.

The receivables based credit facility provides revolving credit commitments of \$535.0 million, subject to a borrowing base. The borrowing base at any time equals 90% of the eligible accounts receivable of ours and certain of our subsidiaries. The receivables based credit facility includes a letter of credit sub-facility and a swingline loan sub-facility.

We and certain subsidiary borrowers are the borrowers under the receivables based credit facility. We have the ability to designate one or more of our restricted subsidiaries as borrowers under the receivables based credit facility. The receivables based credit facility loans and letters of credit are available in a variety of currencies including U.S. dollars, Euros, Pound Sterling, and Canadian dollars.

***Interest Rate and Fees***

Borrowings under the receivables based credit facility bear interest at a rate per annum equal to an applicable margin plus, at our option, either (i) a base rate determined by reference to the highest of (a) the prime rate of Citibank, N.A. and (b) the Federal Funds rate plus 0.50% or (ii) a Eurocurrency rate determined by reference to the rate (adjusted for statutory reserve requirements for Eurocurrency liabilities) for Eurodollar deposits for the interest period relevant to such borrowing. The applicable margin for borrowings under the receivables based credit facility ranges from 1.50% to 2.00% for Eurocurrency borrowings and from 0.50% to 1.00% for base-rate borrowings, depending on average excess availability under the receivables based credit facility during the prior fiscal quarter.

In addition to paying interest on outstanding principal under the receivables based credit facility, we are required to pay a commitment fee to the lenders under the receivables based credit facility in respect of the unutilized commitments thereunder. The commitment fee rate ranges from 0.25% to 0.375% per annum dependent upon average unused commitments during the prior quarter. We must also pay customary letter of credit fees.

***Maturity***

Borrowings under the receivables based credit facility will mature, and lending commitments thereunder will terminate, on the fifth anniversary of the effectiveness of the receivables based credit facility (December 24, 2017), provided that, (a) the maturity date will be October 31, 2015 if on October 30, 2015, greater than \$500.0 million in aggregate principal amount is owing under certain of our Term Loan credit facilities, (b) the maturity date will be May 3, 2016 if on May 2, 2016 greater than \$500.0 million aggregate principal amount of our 10.75% senior cash pay notes due 2016 and 11.00%/11.75% senior toggle notes due 2016 are outstanding and (c) in the case of any debt under clauses (a) and (b) that is amended or refinanced in any manner that extends the maturity date of such debt to a date

that is on or before the date that is five years after the effectiveness of the receivables based credit facility, the maturity date will be one day prior to the maturity date of such debt after giving effect to such amendment or refinancing if greater than \$500,000,000 in aggregate principal amount of such debt is outstanding.

## **Table of Contents**

### *Prepayments*

If at any time the sum of the outstanding amounts under the receivables based credit facility exceeds the lesser of (i) the borrowing base and (ii) the aggregate commitments under the facility, we will be required to repay outstanding loans and cash collateralize letters of credit in an aggregate amount equal to such excess. We may voluntarily repay outstanding loans under the receivables based credit facility at any time without premium or penalty, other than customary breakage costs with respect to Eurocurrency rate loans. Any voluntary prepayments we make will not reduce our commitments under the receivables based credit facility.

### *Guarantees and Security*

The facility is guaranteed by, subject to certain exceptions, the guarantors of our senior secured credit facilities. All obligations under the receivables based credit facility, and the guarantees of those obligations, are secured by a perfected security interest in all of our and all of the guarantors' accounts receivable and related assets and proceeds thereof that is senior to the security interest of our senior secured credit facilities in such accounts receivable and related assets and proceeds thereof, subject to permitted liens, including prior liens permitted by the indenture governing certain of our senior notes (the "legacy notes"), and certain exceptions.

### *Certain Covenants and Events of Default*

If borrowing availability is less than the greater of (a) \$50.0 million and (b) 10% of the aggregate commitments under the receivables based credit facility, in each case, for five consecutive business days (a "Liquidity Event"), we will be required to comply with a minimum fixed charge coverage ratio of at least 1.00 to 1.00 for fiscal quarters ending on or after the occurrence of the Liquidity Event, and will be continued to comply with this minimum fixed charge coverage ratio until borrowing availability exceeds the greater of (x) \$50.0 million and (y) 10% of the aggregate commitments under the receivables based credit facility, in each case, for 30 consecutive calendar days, at which time the Liquidity Event shall no longer be deemed to be occurring. In addition, the receivables based credit facility includes negative covenants that, subject to significant exceptions, limit our ability and the ability of our restricted subsidiaries to, among other things:

incur additional indebtedness;

create liens on assets;

engage in mergers, consolidations, liquidations and dissolutions;

sell assets;

pay dividends and distributions or repurchase capital stock;

make investments, loans, or advances;

prepay certain junior indebtedness;

engage in certain transactions with affiliates;

amend material agreements governing certain junior indebtedness; and

change lines of business.

The receivables based credit facility includes certain customary representations and warranties, affirmative covenants and events of default, including payment defaults, breach of representations and warranties, covenant defaults, cross-defaults to certain indebtedness, certain events of bankruptcy, certain events under ERISA, material judgments and a change of control. If an event of default occurs, the lenders under the receivables based credit facility will be entitled to take various actions, including the acceleration of all amounts due under our receivables based credit facility and all actions permitted to be taken by a secured creditor.

***9% Priority Guarantee Notes Due 2019***

As of March 31, 2014, we had outstanding \$2.0 billion aggregate principal amount of 9.0% priority guarantee notes due 2019 (the Priority Guarantee Notes due 2019 ).

The Priority Guarantee Notes due 2019 mature on December 15, 2019 and bear interest at a rate of 9.0% per annum, payable semi-annually in arrears on June 15 and December 15 of each year, which began on June 15, 2013. The Priority Guarantee Notes due 2019 are our senior obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the guarantors named in the indenture. The Priority Guarantee Notes due 2019 and the guarantors' obligations under the guarantees are secured by (i) a lien on (a) our capital stock and (b) certain property and related assets that do not constitute principal property (as defined in the indenture governing certain legacy notes of ours), in each case equal in priority to the liens securing the obligations under our senior secured credit facilities and our priority guarantee notes due 2021, subject to certain exceptions, and (ii) a lien on the accounts receivable and related assets securing our receivables based credit facility junior in priority to the lien securing our obligations thereunder, subject to certain exceptions. In addition to the collateral granted to secure the Priority Guarantee Notes due 2019, the collateral agent and the trustee for the Priority Guarantee Notes due 2019 entered into an agreement with the administrative agent for the lenders under the senior secured credit facilities to turn over to the trustee under the Priority Guarantee Notes due 2019, for the benefit of the holders of the Priority Guarantee Notes due 2019, a pro rata share of any recovery received on account of the principal properties, subject to certain terms and conditions.

We may redeem the Priority Guarantee Notes due 2019 at our option, in whole or part, at any time prior to July 15, 2015, at a price equal to 100% of the principal amount of the Priority Guarantee Notes due 2019 redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. We may redeem the Priority Guarantee Notes due 2019, in whole or in part, on or after July 15, 2015, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date. Prior to July 15, 2015, we may elect to redeem up to 40% of the aggregate principal amount of the Priority Guarantee Notes due 2019 at a redemption price equal to 109.0% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

The indenture governing the Priority Guarantee Notes due 2019 contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) modify any of our existing senior notes; (iv) transfer or sell assets; (v) engage in certain transactions with affiliates; (vi) create restrictions on dividends or other payments by the restricted subsidiaries; and (vii) merge, consolidate or sell substantially all of our assets. The indenture contains covenants that limit our ability, Clear Channel Capital I, LLC's ability and the ability of our restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with respect to the collateral for the benefit of the notes collateral agent and the holders of the Priority Guarantee Notes due 2019. The indenture also provides for customary events of default.

***9% Priority Guarantee Notes Due 2021***

As of March 31, 2014, we had outstanding \$1.75 billion aggregate principal amount of 9.0% priority guarantee notes due 2021 (the Priority Guarantee Notes due 2021 ).

The Priority Guarantee Notes due 2021 mature on March 1, 2021 and bear interest at a rate of 9.0% per annum, payable semi-annually in arrears on March 1 and September 1 of each year, which began on September 1, 2011. The Priority Guarantee Notes due 2021 are our senior obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the guarantors named in the indenture. The Priority Guarantee

Notes due 2021 and the guarantors' obligations under the guarantees are secured by (i) a lien on (a) our capital stock and (b) certain property and related assets that do not constitute principal property (as defined in the indenture governing certain legacy notes of ours), in each case equal in priority to the liens securing the obligations under our senior secured credit facilities and the Priority Guarantee Notes due 2019, subject to certain exceptions, and (ii) a lien on the accounts receivable and related assets securing our receivables based credit facility junior in priority to the lien securing our obligations thereunder, subject to certain exceptions.

We may redeem the Priority Guarantee Notes due 2021 at our option, in whole or part, at any time prior to March 1, 2016, at a price equal to 100% of the principal amount of the Priority Guarantee Notes due 2021 redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. We may redeem the Priority Guarantee Notes due 2021, in whole or in part, on or after March 1, 2016, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date. At any time on or before March 1, 2014, we could have elected to redeem up to 40% of the aggregate principal amount of the Priority Guarantee Notes due 2021 at a redemption price equal to 109.0% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings.

The indenture governing the Priority Guarantee Notes due 2021 contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) modify any of our existing senior notes; (iv) transfer or sell assets; (v) engage in certain transactions with affiliates; (vi) create restrictions on dividends or other payments by the restricted subsidiaries; and (vii) merge, consolidate or sell substantially all of our assets. The indenture contains covenants that limit our ability, Clear Channel Capital I, LLC's ability and the ability of our restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with respect to the collateral for the benefit of the notes collateral agent and the holders of the Priority Guarantee Notes due 2021. The indenture also provides for customary events of default.

***11.25% Priority Guarantee Notes Due 2021***

As of March 31, 2014, we had outstanding \$575.0 million aggregate principal amount of 11.25% Priority Guarantee Notes due 2021 (the "11.25% Priority Guarantee Notes").

The 11.25% Priority Guarantee Notes mature on March 1, 2021 and bear interest at a rate of 11.25% per annum, payable semi-annually on March 1 and September 1 of each year, which began on September 1, 2013. The 11.25% Priority Guarantee Notes are our senior obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the guarantors named in the indenture governing such notes. The 11.25% Priority Guarantee Notes and the guarantors' obligations under the guarantees are secured by (i) a lien on (a) our capital stock and (b) certain property and related assets that do not constitute principal property (as defined in the indenture governing the legacy notes of ours), in each case equal in priority to the liens securing the obligations under our senior secured credit facilities, our Priority Guarantee Notes due 2021 and our Priority Guarantee Notes due 2019, subject to certain exceptions, and (ii) a lien on the accounts receivable and related assets securing our receivables based credit facility junior in priority to the lien securing our obligations thereunder, subject to certain exceptions.

We may redeem the 11.25% Priority Guarantee Notes at our option, in whole or part, at any time prior to March 1, 2016, at a price equal to 100% of the principal amount of the 11.25% Priority Guarantee Notes redeemed, plus accrued and unpaid interest to the redemption date and plus an applicable premium. In addition, until March 1, 2016, we may elect to redeem up to 40% of the aggregate principal amount of the 11.25% Priority Guarantee Notes at a redemption price equal to 111.25% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings. We may redeem the 11.25% Priority Guarantee Notes, in

whole or in part, on or after March 1, 2016, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date.

The indenture governing the 11.25% Priority Guarantee Notes contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the

restricted subsidiaries; and (vi) merge, consolidate or sell substantially all of our assets. The indenture contains covenants that limit our ability, Clear Channel Capital I, LLC's ability and the ability of our restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with respect to the collateral for the benefit of the notes collateral agent and the holders of the 11.25% Priority Guarantee Notes. The indenture also provides for customary events of default.

***Subsidiary Senior Revolving Credit Facility Due 2018***

During the third quarter of 2013, CCOH entered into a five-year senior secured revolving credit facility with an aggregate principal amount of \$75.0 million. The revolving credit facility may be used for working capital, to issue letters of credit and for other general corporate purposes. At March 31, 2014, there were no amounts outstanding under the revolving credit facility, and \$62.5 million of letters of credit under the revolving credit facility, which reduce availability under the facility.

***Senior Cash Pay Notes and Senior Toggle Notes***

As of March 31, 2014, we had outstanding \$94.3 million aggregate principal amount of 10.75% senior cash pay notes due 2016 and \$127.9 million aggregate principal amount of 11.00%/11.75% senior toggle notes due 2016.

The senior cash pay notes and senior toggle notes are unsecured and are guaranteed by Clear Channel Capital and each of our existing and future material wholly-owned domestic restricted subsidiaries, subject to certain exceptions. The senior cash pay notes and senior toggle notes mature on August 1, 2016 and the senior toggle notes may require a special redemption of up to \$30.0 million on August 1, 2015. We may elect on each interest election date to pay all or 50% of such interest on the senior toggle notes in cash or by increasing the principal amount of the senior toggle notes or by issuing new senior toggle notes (such increase or issuance, PIK Interest). Interest on the senior toggle notes payable in cash will accrue at a rate of 11.00% per annum and PIK Interest will accrue at a rate of 11.75% per annum.

Prior to August 1, 2012, we were able to redeem some or all of the senior cash pay notes and senior toggle notes at a price equal to 100% of the principal amount of such notes plus accrued and unpaid interest thereon to the redemption date and an applicable premium, as described in the indenture governing such notes. Since August 1, 2012, we may redeem some or all of the senior cash pay notes and senior toggle notes at any time at the redemption prices set forth in the indenture governing such notes. If we undergo a change of control, sell certain of our assets, or issue certain debt, we may be required to offer to purchase the senior cash pay notes and senior toggle notes from holders.

The senior cash pay notes and senior toggle notes are senior unsecured debt and rank equal in right of payment with all of our existing and future senior debt. Guarantors of obligations under the senior secured credit facilities, the receivables based credit facility, the Priority Guarantee Notes due 2021, the Priority Guarantee Notes due 2019, and the 11.25% Priority Guarantee Notes guarantee the senior cash pay notes and senior toggle notes with unconditional guarantees that are unsecured and equal in right of payment to all existing and future senior debt of such guarantors, except that the guarantees are subordinated in right of payment only to the guarantees of obligations under the senior secured credit facilities, the receivables based credit facility, the Priority Guarantee Notes due 2021, the Priority Guarantee Notes due 2019, and the 11.25% Priority Guarantee Notes to the extent of the value of the assets securing such indebtedness. In addition, the senior cash pay notes and senior toggle notes and the guarantees are structurally senior to our senior notes and existing and future debt to the extent that such debt is not guaranteed by the guarantors of the senior cash pay notes and senior toggle notes. The senior cash pay notes and senior toggle notes and the guarantees are effectively subordinated to our existing and future secured debt and that of the guarantors to the extent of the value of the assets securing such indebtedness and are structurally subordinated to all obligations of subsidiaries that do not guarantee the senior cash pay notes and senior toggle notes.

On July 16, 2010, we made the election to pay interest on the senior toggle notes entirely in cash, effective for the interest period commencing August 1, 2010, and have continued to pay interest in cash for each subsequent interest period.

As discussed under "Senior Notes due 2021" below, during 2013, we exchanged a portion of the senior cash pay notes and senior toggle notes for Senior Notes due 2021.

---

**Table of Contents*****Senior Notes due 2021***

As of March 31, 2014, we had outstanding approximately \$1.6 billion of aggregate principal amount of Senior Notes due 2021 (net of \$199.1 million principal amount issued to, and held by, CC Finco).

On February 14, 2014, CC Finco, our indirect wholly-owned subsidiary, sold \$227.0 million in aggregate principal amount of Senior Notes due 2021 to private purchasers in a transaction exempt from registration under the Securities Act. The purchasers validly tendered the Senior Notes due 2021 into our previously-announced registered exchange offer for the Senior Notes due 2021, which expired on February 20, 2014. Upon completion of the exchange offer, the purchasers of the Senior Notes due 2021, along with all other holders of the Senior Notes due 2021 who validly tendered such notes into the exchange offer, received Senior Notes due 2021 that were registered under the Securities Act. CC Finco contributed the net proceeds from the sale of the Senior Notes due 2021 to us. We intend to use such proceeds to repay, repurchase or otherwise acquire outstanding indebtedness from time to time and retire that indebtedness as it becomes due or upon its earlier repayment, repurchase or acquisition.

During the second quarter of 2013, we completed an exchange offer with certain holders of our senior cash pay notes and senior toggle notes pursuant to which we issued \$1.2 billion aggregate principal amount (including \$421.0 million principal amount issued to, and held by, a subsidiary of ours) of Senior Notes Due 2021. In the exchange offer, \$348.1 million aggregate principal amount of senior cash pay notes was exchanged for \$348.0 million aggregate principal amount of the Senior Notes due 2021, and \$917.2 million aggregate principal amount of senior toggle notes was exchanged for \$853.0 million aggregate principal amount of Senior Notes due 2021 and \$64.2 million of cash, plus, in each case, cash in an amount equal to accrued and unpaid interest from the last interest payment date applicable on the senior cash pay notes and senior toggle notes to, but not including, the closing date of the exchange offer. The Senior Notes due 2021 mature on February 1, 2021. Interest on the Senior Notes due 2021 is payable semi-annually on February 1 and August 1 of each year, which began on August 1, 2013. Interest on the Senior Notes due 2021 will be paid at the rate of (i) 12.0% per annum in cash and (ii) 2.0% per annum through the issuance of payment-in-kind notes (the PIK Notes ). Any PIK Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All PIK Notes issued will mature on February 1, 2021 and have the same rights and benefits as the Senior Notes due 2021. The Senior Notes due 2021 are fully and unconditionally guaranteed on a senior basis by the guarantors named in the indenture governing such notes. The guarantee is structurally subordinated to all existing and future indebtedness and other liabilities of any subsidiary of the applicable subsidiary guarantor that is not also a guarantor of the Senior Notes due 2021. The guarantees are subordinated to the guarantees of our senior secured credit facility and certain other permitted debt, but rank equal to all other senior indebtedness of the guarantors.

During the fourth quarter of 2013, we completed an additional exchange offer with certain remaining holders of the senior cash pay notes and senior toggle notes pursuant to which we issued \$622.5 million aggregate principal amount of Senior Notes due 2021. In the exchange offer, \$353.8 million aggregate principal amount of senior cash pay notes was exchanged for \$389.2 million aggregate principal amount of Senior Notes due 2021 and \$14.2 million in cash, and \$212.1 million aggregate principal amount of senior toggle notes was exchanged for \$233.3 million aggregate principal amount of Senior Notes due 2021 and \$8.5 million in cash, plus, in each case, cash in an amount equal to accrued and unpaid interest on the senior cash pay notes and senior toggle notes was netted against cash due for accrued interest on the Senior Notes due 2021 since the previous interest payment date.

We may redeem or purchase the Senior Notes due 2021 at our option, in whole or in part, at any time prior to August 1, 2015, at a redemption price equal to 100% of the principal amount of Senior Notes due 2021 redeemed plus an applicable premium. In addition, until August 1, 2015, we may, at our option, on one or more occasions, redeem up to 60% of the then outstanding aggregate principal amount of Senior Notes due 2021 at a redemption price equal to

(x) with respect to the first 30% of the then outstanding aggregate principal amount of the Senior Notes due 2021, 109.0% of the aggregate principal amount thereof and (y) with respect to the next 30% of the then outstanding aggregate principal amount of the Senior Notes due 2021, 112.0% of the aggregate principal amount thereof, in each case plus accrued and unpaid interest thereon to the applicable redemption date. We may redeem the Senior Notes due 2021, in whole or in part, on or after August 1, 2015, at the redemption prices set forth in the indenture plus accrued and unpaid interest to the redemption date.

## **Table of Contents**

The indenture governing the Senior Notes due 2021 contains covenants that limit our ability and the ability of our restricted subsidiaries to, among other things: (i) incur additional indebtedness or issue certain preferred stock; (ii) pay dividends on, or make distributions in respect of, their capital stock or repurchase their capital stock; (iii) make certain investments or other restricted payments; (iv) sell certain assets; (v) create liens or use assets as security in other transactions; (vi) merge, consolidate or transfer or dispose of substantially all of their assets; (vii) engage in transactions with affiliates; and (viii) designate their subsidiaries as unrestricted subsidiaries.

### ***Legacy Notes***

As of March 31, 2014, we had outstanding approximately \$1.4 billion aggregate principal amount of legacy notes outstanding (net of \$303.1 million aggregate principal amount held by a subsidiary of ours), including the 2014 legacy notes and the 2015 legacy notes.

The legacy notes were our obligations prior to the merger by which CCMH acquired us. The legacy notes are senior, unsecured obligations that are effectively subordinated to our secured indebtedness to the extent of the value of our assets securing such indebtedness and are not guaranteed by any of our subsidiaries and, as a result, are structurally subordinated to all indebtedness and other liabilities of our subsidiaries. The legacy notes rank equally in right of payment with all of our existing and future senior indebtedness and senior in right of payment to all existing and future subordinated indebtedness.

### ***CCWH Senior Notes***

As of March 31, 2014, CCWH senior notes represented \$2.7 billion aggregate principal amount of indebtedness outstanding, which consisted of \$735.8 million aggregate principal amount of Series A Senior Notes due 2022 (the Series A CCWH Senior Notes ) and \$1,989.3 million aggregate principal amount of Series B CCWH Senior Notes due 2022 (the Series B CCWH Senior Notes ). The CCWH Senior Notes are guaranteed by CCOH, Clear Channel Outdoor, Inc. ( CCOI ) and certain of CCOH's direct and indirect subsidiaries. The proceeds from the issuance of the CCWH Senior Notes were used to fund the repurchase of the Existing CCWH Senior Notes.

We capitalized \$30.0 million in fees and expenses associated with the CCWH Senior Notes offering and an original issue discount of \$7.4 million. We are amortizing the capitalized fees and discount through interest expense over the life of the CCWH Senior Notes.

The CCWH Senior Notes are senior obligations that rank pari passu in right of payment to all unsubordinated indebtedness of CCWH and the guarantees of the CCWH Senior Notes rank pari passu in right of payment to all unsubordinated indebtedness of the guarantors. Interest on the CCWH Senior Notes is payable to the trustee weekly in arrears and to the noteholders on May 15 and November 15 of each year, which began on May 15, 2013.

At any time prior to November 15, 2017, CCWH may redeem the CCWH Senior Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Senior Notes plus a make-whole premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Senior Notes, in whole or in part, on or after November 15, 2017, at the redemption prices set forth in the applicable indenture governing the CCWH Senior Notes plus accrued and unpaid interest to the redemption date. At any time on or before November 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Senior Notes at a redemption price equal to 106.500% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither CCOH nor any of its subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Senior Notes or Series B CCWH Senior Notes if, after giving effect thereto and,

if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Senior Notes or Series A CCWH Senior Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Senior Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Senior Notes shall be greater than 0.25, subject to certain exceptions.

The indenture governing the Series A CCWH Senior Notes contains covenants that limit CCOH and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt to persons other than us and our subsidiaries (other than CCOH) or issue certain preferred stock;

**Table of Contents**

create liens on its restricted subsidiaries' assets to secure such debt;

create restrictions on the payment of dividends or other amounts to CCOH from its restricted subsidiaries that are not guarantors of the CCWH Senior Notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of its assets; and

sell certain assets, including capital stock of its subsidiaries, to persons other than us and our subsidiaries (other than CCOH).

In addition, the indenture governing the Series A CCWH Senior Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Senior Notes or purchases or makes an offer to purchase the Series B CCWH Senior Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Senior Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Senior Notes, then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Senior Notes.

The indenture governing the Series A CCWH Senior Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Senior Notes contains covenants that limit CCOH and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt or issue certain preferred stock;

redeem, repurchase or retire CCOH's subordinated debt;

make certain investments;

create liens on its or its restricted subsidiaries' assets to secure debt;

create restrictions on the payment of dividends or other amounts to it from its restricted subsidiaries that are not guarantors of the CCWH Senior Notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of its assets;

sell certain assets, including capital stock of its subsidiaries;

designate its subsidiaries as unrestricted subsidiaries; and

pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Senior Notes indenture and Series B CCWH Senior Notes indenture restrict CCOH's ability to incur additional indebtedness but permit CCOH to incur additional indebtedness based on an incurrence test. In order to incur (i) additional indebtedness under this test, CCOH's debt to adjusted EBITDA ratios (as defined by the indentures) must be lower than 7.0:1 and 5.0:1 for total debt and senior debt, respectively, and (ii) additional indebtedness that is subordinated to the CCWH Senior Notes under this test, CCOH's debt to adjusted EBITDA ratios (as defined by the indentures) must not be lower than 7.0:1 for total debt. The indentures contain certain other exceptions that allow CCOH to incur additional indebtedness. The Series B CCWH Senior Notes indenture also permits CCOH to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) are lower than 7.0:1 and 5.0:1 for total debt and senior debt,

respectively. The Series A CCWH Senior Notes indenture does not limit CCOH's ability to pay dividends. The Series B CCWH Senior Notes indenture contains certain exceptions that allow CCOH to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by CCOH of amounts outstanding under the revolving promissory note issued by us to CCOH.

***CCWH Senior Subordinated Notes***

As of March 31, 2014, CCWH Subordinated Notes represented \$2.2 billion of aggregate principal amount of indebtedness outstanding, which consist of \$275.0 million aggregate principal amount of 7.625% Series A Senior Subordinated Notes due 2020 (the Series A CCWH Subordinated Notes) and \$1,925.0 million aggregate principal amount of 7.625% Series B Senior Subordinated Notes due 2020 (the Series B CCWH Subordinated Notes). Interest on the CCWH Subordinated Notes is payable to the trustee weekly in arrears and to the noteholders on March 15 and September 15 of each year, which began on September 15, 2012.

The CCWH Subordinated Notes are CCWH's senior subordinated obligations and are fully and unconditionally guaranteed, jointly and severally, on a senior subordinated basis by CCOH, CCOI and certain of CCOH's other domestic subsidiaries. The CCWH Subordinated Notes are unsecured senior subordinated obligations that rank junior to all of CCWH's existing and future senior debt, including the CCWH Senior Notes, equally with any of CCWH's existing and future senior subordinated debt and ahead of all of CCWH's existing and future debt that expressly provides that it is subordinated to the CCWH Subordinated Notes. The guarantees of the CCWH Subordinated Notes rank junior to each guarantor's existing and future senior debt, including the CCWH Senior Notes, equally with each guarantor's existing and future senior subordinated debt and ahead of each guarantor's existing and future debt that expressly provides that it is subordinated to the guarantees of the CCWH Subordinated Notes.

At any time prior to March 15, 2015, CCWH may redeem the CCWH Subordinated Notes, in whole or in part, at a price equal to 100% of the principal amount of the CCWH Subordinated Notes plus a make-whole premium, together with accrued and unpaid interest, if any, to the redemption date. CCWH may redeem the CCWH Subordinated Notes, in whole or in part, on or after March 15, 2015, at the redemption prices set forth in the applicable indenture governing the CCWH Subordinated Notes plus accrued and unpaid interest to the redemption date. At any time on or before March 15, 2015, CCWH may elect to redeem up to 40% of the then outstanding aggregate principal amount of the CCWH Subordinated Notes at a redemption price equal to 107.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date, with the net proceeds of one or more equity offerings, subject to certain restrictions. Notwithstanding the foregoing, neither CCOH nor any of its subsidiaries is permitted to make any purchase of, or otherwise effectively cancel or retire any Series A CCWH Subordinated Notes or Series B CCWH Subordinated Notes if, after giving effect thereto and, if applicable, any concurrent purchase of or other addition with respect to any Series B CCWH Subordinated Notes or Series A CCWH Subordinated Notes, as applicable, the ratio of (a) the outstanding aggregate principal amount of the Series A CCWH Subordinated Notes to (b) the outstanding aggregate principal amount of the Series B CCWH Subordinated Notes shall be greater than 0.25, subject to certain exceptions.

We capitalized \$40.0 million in fees and expenses associated with the CCWH Subordinated Notes offering and are amortizing them through interest expense over the life of the CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes contains covenants that limit CCOH and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt to persons other than us and our subsidiaries (other than CCOH) or issue certain preferred stock;

create restrictions on the payment of dividends or other amounts to CCOH from its restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

**Table of Contents**

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of CCOH's assets; and

sell certain assets, including capital stock of CCOH's subsidiaries, to persons other than us and our subsidiaries (other than CCOH).

In addition, the indenture governing the Series A CCWH Subordinated Notes provides that if CCWH (i) makes an optional redemption of the Series B CCWH Subordinated Notes or purchases or makes an offer to purchase the Series B CCWH Subordinated Notes at or above 100% of the principal amount thereof, then CCWH shall apply a pro rata amount to make an optional redemption or purchase a pro rata amount of the Series A CCWH Subordinated Notes or (ii) makes an asset sale offer under the indenture governing the Series B CCWH Subordinated Notes, then CCWH shall apply a pro rata amount to make an offer to purchase a pro rata amount of Series A CCWH Subordinated Notes.

The indenture governing the Series A CCWH Subordinated Notes does not include limitations on dividends, distributions, investments or asset sales.

The indenture governing the Series B CCWH Subordinated Notes contains covenants that limit CCOH and its restricted subsidiaries ability to, among other things:

incur or guarantee additional debt or issue certain preferred stock;

make certain investments;

create restrictions on the payment of dividends or other amounts to CCOH from its restricted subsidiaries that are not guarantors of the notes;

enter into certain transactions with affiliates;

merge or consolidate with another person, or sell or otherwise dispose of all or substantially all of CCOH's assets;

sell certain assets, including capital stock of CCOH's subsidiaries;

designate CCOH's subsidiaries as unrestricted subsidiaries; and

pay dividends, redeem or repurchase capital stock or make other restricted payments.

The Series A CCWH Subordinated Notes indenture and Series B CCWH Subordinated Notes indenture restrict CCOH's ability to incur additional indebtedness but permit CCOH to incur additional indebtedness based on an incurrence test. In order to incur additional indebtedness under this test, CCOH's debt to adjusted EBITDA ratios (as

defined by the indentures) must be lower than 7.0:1. The indentures contain certain other exceptions that allow CCOH to incur additional indebtedness. The Series B CCWH Subordinated Notes indenture also permits CCOH to pay dividends from the proceeds of indebtedness or the proceeds from asset sales if its debt to adjusted EBITDA ratios (as defined by the indentures) is lower than 7.0:1. The Series A CCWH Senior Subordinated Notes indenture does not limit CCOH's ability to pay dividends. The Series B CCWH Subordinated Notes indenture contains certain exceptions that allow CCOH to pay dividends, including (i) \$525.0 million of dividends made pursuant to general restricted payment baskets and (ii) dividends made using proceeds received upon a demand by CCOH of amounts outstanding under the revolving promissory note issued by us to CCOH.

With the proceeds of the CCWH Subordinated Notes (net of the initial purchasers' discount of \$33.0 million), CCWH loaned an aggregate amount equal to \$2,167.0 million to CCOI. CCOI paid all other fees and expenses of the offering using cash on hand and, with the proceeds of the loans, made a special cash dividend to CCOH, which in turn made a special cash dividend on March 15, 2012 in an amount equal to \$6.0832 per share to its Class A and Class B stockholders of record at the close of business on March 12, 2012, including Clear Channel Holdings, Inc. (CC Holdings) and CC Finco, both wholly-owned subsidiaries of ours. Of the \$2,170.4 million special cash dividend paid by CCOH, an aggregate of \$1,925.7 million was distributed to CC Holdings and CC Finco, with the remaining \$244.7 million distributed to other stockholders. As a result, we recorded a reduction of \$244.7 million in Noncontrolling interest on the consolidated balance sheet.

### ***Refinancing Transactions***

#### ***2011 Refinancing Transactions***

In February 2011, we amended our senior secured credit facilities and our receivables based facility and issued the Initial Priority Guarantee Notes due 2021. In June 2011, we issued the Additional Priority Guarantee Notes due 2021 at an issue price of 93.845% of the principal amount. The Initial Priority Guarantee Notes due 2021 and the Additional Priority Guarantee Notes due 2021 have identical terms and are treated as a single class.

We capitalized \$39.5 million in fees and expenses associated with the Initial Priority Guarantee Notes due 2021 offering and are amortizing them through interest expense over the life of the Initial Priority Guarantee Notes due 2021. We capitalized an additional \$7.1 million in fees and expenses associated with the offering of the Additional Priority Guarantee Notes due 2021 and are amortizing them through interest expense over the life of the Additional Priority Guarantee Notes due 2021.

We used the proceeds of the Initial Priority Guarantee Notes due 2021 offering to prepay \$500.0 million of the indebtedness outstanding under our senior secured credit facilities. The \$500.0 million prepayment was allocated on a ratable basis between outstanding Term Loans and revolving credit commitments under our revolving credit facility.

We obtained, concurrent with the offering of the Initial Priority Guarantee Notes due 2021, amendments to our credit agreements with respect to our senior secured credit facilities and our receivables based facility (revolving credit commitments under the receivables based facility were reduced from \$783.5 million to \$625.0 million), which were required as a condition to complete the offering. The amendments, among other things, permit us to request future extensions of the maturities of our senior secured credit facilities, provide us with greater flexibility in the use of our accordion capacity, provide us with greater flexibility to incur new debt, provided that the proceeds from such new debt are used to pay down senior secured credit facility indebtedness, and provide greater flexibility for CCOH and its subsidiaries to incur new debt, provided that the net proceeds distributed to us from the issuance of such new debt are used to pay down senior secured credit facility indebtedness.

Of the \$703.8 million of proceeds from the issuance of the Additional Priority Guarantee Notes due 2021 (\$750.0 million aggregate principal amount net of \$46.2 million of discount), we used \$500.0 million for general corporate purposes (to replenish cash on hand that was previously used to pay senior notes at maturity on March 15, 2011 and May 15, 2011) and used the remaining \$203.8 million to repay at maturity a portion of our 5% senior notes that matured in March 2012.

#### ***2012 Refinancing Transactions***

In March 2012, CCWH issued \$275.0 million aggregate principal amount of the Series A CCWH Subordinated Notes and \$1,925.0 million aggregate principal amount of the Series B CCWH Subordinated Notes and in connection therewith, CCOH distributed a dividend of \$6.0832 per share to its stockholders of record. Using the CCOH dividend proceeds distributed to our wholly-owned subsidiaries, together with cash on hand, we repaid \$2,096.2 million of indebtedness under our senior secured credit facilities.

In November 2012, CCWH issued \$735.8 million aggregate principal amount of the Series A CCWH Senior Notes, which were issued at an issue price of 99.0% of par, and \$1,989.3 million aggregate principal amount of the Series B CCWH Senior Notes, which were issued at par. CCWH used the net proceeds from the offering of the CCWH Senior Notes, together with cash on hand, to fund the tender offer for and redemption of the Existing CCWH Senior Notes.

During December 2012, we exchanged \$2.0 billion aggregate principal amount of Term Loans under our senior secured credit facilities for a like principal amount of newly issued Priority Guarantee Notes due 2019. The exchange offer, which was offered to eligible existing lenders under our senior secured credit facilities, was exempt from registration under the Securities Act. We capitalized \$11.9 million in fees and expenses associated with the offering and are amortizing them through interest expense over the life of the notes.

**Table of Contents***2013 Refinancing Transactions*

In February 2013, we issued \$575.0 million aggregate principal amount of the outstanding 11.25% Priority Guarantee Notes and used the net proceeds of such notes, together with the proceeds of borrowings under our receivables based credit facility and cash on hand, to prepay all \$846.9 million of loans outstanding under our Term Loan A and to pay related fees and expenses.

During June 2013, we amended our senior secured credit facility by extending a portion of Term Loan B and Term Loan C loans due 2016 through the creation of a new \$5.0 billion Term Loan D due January 30, 2019. The amendment also permitted us to make applicable high yield discount obligation catch-up payments beginning in May 2018 with respect to the new Term Loan D and any notes issued in connection with our exchange of our outstanding 10.75% senior cash pay notes due 2016 and 11.00%/11.75% senior toggle notes due 2016.

During June 2013, we exchanged \$348.1 million aggregate principal amount of senior cash pay notes for \$348.0 million aggregate principal amount of the Senior Notes due 2021 and \$917.2 million aggregate principal amount of senior toggle notes (including \$452.7 million aggregate principal amount held by a subsidiary of ours) for \$853.0 million aggregate principal amount of Senior Notes due 2021 (including \$421.0 million aggregate principal amount issued to a subsidiary of ours) and \$64.2 million of cash (including \$31.7 million of cash paid to a subsidiary of ours), pursuant to the exchange offer. In connection with the exchange offer and the senior secured credit facility amendment, both of which were accounted for as modifications of existing debt in accordance with ASC 470-50, we incurred expenses of \$17.9 million which are included in Other income (expenses), net .

Further, in December 2013, we exchanged an additional \$353.8 million aggregate principal amount of senior cash pay notes for \$389.2 million aggregate principal amount of the Senior Notes due 2021 and \$14.2 million of cash as well as an additional \$212.1 million aggregate principal amount of senior toggle notes for \$233.3 million aggregate principal amount of Senior Notes due 2021 and \$8.5 million of cash, pursuant to the exchange offer. In connection with the exchange offer, which was accounted for as extinguishment of existing debt in accordance with ASC 470-50, we incurred expenses of \$84.0 million, which are included in Loss on extinguishment of debt .

In addition, during December 2013, we amended our senior secured credit facility by extending a portion of Term Loan B and Term Loan C loans due 2016 through the creation of a new \$1.3 billion Term Loan E due July 30, 2019. In connection with the senior secured credit facility amendment, which was accounted for as modifications of existing debt, we incurred expenses of \$5.5 million which are included in Other income (expenses), net .

**Dispositions and Other***Three Months Ended March 31, 2014*

We owned a 50% interest in ARN. An impairment charge of \$95.4 million was recorded during the fourth quarter of 2013 to write down the investment to its estimated fair value. On February 18, 2014, we sold our 50% interest in ARN recognizing a loss on the sale of \$2.4 million and \$11.5 million of foreign exchange losses that were reclassified from accumulated other comprehensive income at the date of the sale.

*2013*

During 2013, our Americas outdoor segment divested certain outdoor advertising assets in Times Square for approximately \$18.7 million resulting in a gain of \$12.2 million. In addition, our CCME segment exercised a put option that sold five radio stations in the Green Bay market for approximately \$17.6 million and recorded a gain of

\$0.5 million. These net gains are included in Other operating income, net.

We sold our shares of Sirius XM Radio, Inc. for \$135.5 million and recognized a gain on the sale of securities of \$130.9 million. This net gain is included in Gain on sale of marketable securities.

### *2012*

During 2012, our International outdoor segment sold its international neon business and its outdoor advertising business in Romania, resulting in an aggregate gain of \$39.7 million included in Other operating income, net.

### *2011*

During 2011, we divested and exchanged 27 radio stations for approximately \$22.7 million and recorded a loss of \$0.5 million in Other operating income, net.

## **Uses of Capital**

### ***Debt Repurchases, Maturities and Other***

#### *Three Months Ended March 31, 2014*

During February 2014, we repaid all principal amounts outstanding under our receivables based credit facility, using cash on hand. This voluntary repayment did not reduce the commitments under this facility and we have the ability to redraw amounts under this facility at any time.

During March 2014, CC Finco repurchased, through open market purchases, a total of \$61.9 million aggregate principal amount of notes, comprised of \$52.9 million of our outstanding 5.5% Senior Notes due 2014 and \$9.0 million of our outstanding 4.9% Senior Notes due 2015, for a total purchase price of \$63.1 million, including accrued interest. We cancelled these notes subsequent to the purchase.

### *2013*

During August 2013, we made a \$25.3 million scheduled applicable high-yield discount obligation payment to the holders of the senior toggle notes.

During February 2013, using the proceeds from the issuance of the 11.25% Priority Guarantee Notes along with borrowings under the receivables based credit facility of \$269.5 million and cash on hand, we prepaid all \$846.9 million outstanding under our Term Loan A under our senior secured credit facilities. We recorded a loss of \$3.9 million in Loss on extinguishment of debt related to the accelerated expensing of loan fees.

During January 2013, we repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount repaid to a subsidiary of ours with respect to notes repurchased and held by such entity), plus accrued interest, using cash on hand.

### *2012*

During November 2012, CCWH repurchased \$1,724.7 million aggregate principal amount of the Existing CCWH Senior Notes in a tender offer for the Existing CCWH Senior Notes. Simultaneously with the early settlement of the tender offer, CCWH called for redemption all of the remaining \$775.3 million aggregate principal amount of Existing CCWH Senior Notes that were not purchased on the early settlement date of the tender offer. In connection with the redemption, CCWH satisfied and discharged its obligations under the Existing CCWH Senior Notes indentures by depositing with the trustee sufficient funds to pay the redemption price, plus accrued and unpaid interest on the remaining outstanding Existing CCWH Senior Notes to, but not including, the December 19, 2012 redemption date.

During October 2012, we consummated a private exchange offer of \$2.0 billion aggregate principal amount of Term Loans under our senior secured credit facilities for a like principal amount of newly issued Priority Guarantee Notes due 2019. The exchange offer was available only to eligible lenders under the senior secured credit facilities, and the Priority Guarantee Notes due 2019 were offered only in reliance on exemptions from registration under the Securities Act.

**Table of Contents**

In connection with the issuance of the CCWH Subordinated Notes, CCOH paid the \$2,170.4 million CCOH dividend on March 15, 2012 to its Class A and Class B stockholders, consisting of \$1,925.7 million distributed to CC Holdings and CC Finco and \$244.7 million distributed to other stockholders. In connection with the Subordinated Notes issuance and CCOH dividend, we repaid indebtedness under our senior secured credit facilities in an amount equal to the aggregate amount of dividend proceeds distributed to CC Holdings and CC Finco, or \$1,925.7 million. Of this amount, a prepayment of \$1,918.1 million was applied to indebtedness outstanding under our revolving credit facility, thus permanently reducing the revolving credit commitments under our revolving credit facility to \$10.0 million. During the fourth quarter of 2012, the revolving credit facility was permanently paid off and terminated using available cash on hand. The remaining \$7.6 million prepayment was allocated on a pro rata basis to our Term Loan facilities.

In addition, on March 15, 2012, using cash on hand, we made voluntary prepayments under our senior secured credit facilities in an aggregate amount equal to \$170.5 million, as follows: (i) \$16.2 million under our Term Loan A due 2014, (ii) \$129.8 million under our Term Loan B due 2016, (iii) \$10.0 million under our Term Loan C due 2016 and (iv) \$14.5 million under our delayed draw Term Loans due 2016. In connection with the prepayments on our senior secured credit facilities, we recorded a loss of \$15.2 million in Loss on extinguishment of debt related to the accelerated expensing of loan fees.

During March 2012, we repaid our 5.0% senior notes at maturity for \$249.9 million (net of \$50.1 million principal amount repaid to a subsidiary of ours with respect to notes repurchased and held by such entity), plus accrued interest, using a portion of the proceeds from the June 2011 offering of the Additional Notes, along with cash on hand.

*2011*

During 2011, CC Finco repurchased certain of our outstanding senior notes through open market repurchases as shown in the table below. Notes repurchased and held by CC Finco are eliminated in consolidation.

<i>(In thousands)</i>	<b>Year Ended December 31, 2011</b>
<b>CC Finco, LLC</b>	
Principal amount of debt repurchased	\$ 80,000
Purchase accounting adjustments(1)	(20,476)
Gain recorded in Loss on extinguishment of debt (2)	(4,274)
Cash paid for repurchases of long-term debt	\$ 55,250

(1) Represents unamortized fair value purchase accounting discounts recorded as a result of the merger.

(2) CC Finco repurchased certain of our senior notes at a discount, resulting in a gain on the extinguishment of debt.

During 2011, we repaid our 6.25% senior notes at maturity for \$692.7 million (net of \$57.3 million principal amount repaid to a subsidiary of ours with respect to notes repurchased and held by such entity), plus accrued interest, using a portion of the proceeds from the February 2011 offering of the Initial Notes, along with available cash on hand. We also repaid our 4.4% senior notes at maturity for \$140.2 million (net of \$109.8 million principal amount repaid to a subsidiary of ours with respect to notes repurchased and held by such entity), plus accrued interest, with available cash on hand. Prior to, and in connection with the June 2011 offering, we repaid all amounts outstanding under our receivables based credit facility on June 8, 2011, using cash on hand. This voluntary repayment did not reduce the commitments under this facility and we may reborrow amounts under this facility at any time. In addition, on June 27, 2011, we made a voluntary payment of \$500.0 million on our revolving credit facility. Furthermore, CC Finco repurchased \$80.0 million aggregate principal amount of our outstanding 5.5% senior notes due 2014 for \$57.1 million, including accrued interest, through an open market purchase.

**Table of Contents****Capital Expenditures**

Capital expenditures for the three months ended March 31, 2014 and the years ended December 31, 2013, 2012 and 2011 were as follows:

Our capital expenditures are not of significant size individually and primarily relate to the ongoing deployment of digital displays and recurring maintenance in our Americas outdoor segment as well as new billboard and street furniture contracts and renewals of existing contracts in our International outdoor segment, studio and broadcast equipment at CCME and software at Corporate.

**Dividends**

We have not paid cash dividends on our common stock since the merger in 2008 and our ability to pay dividends is subject to restrictions should we seek to do so in the future. Our debt financing arrangements include restrictions on our ability to pay dividends as described in this Management's Discussion and Analysis.

**Acquisitions**

During 2012, we completed the acquisition of WOR-AM in New York City for \$30.0 million and WFNX in Boston for \$14.5 million. These acquisitions resulted in an aggregate increase of \$5.3 million to property plant and equipment, \$15.2 million to intangible assets and \$24.7 million to goodwill, in addition to \$0.7 million of assumed liabilities.

During 2011, we completed our traffic acquisition for \$24.3 million to add a complementary traffic operation to our existing traffic business. Immediately after closing, the acquired subsidiaries repaid pre-existing, intercompany debt owed in the amount of \$95.0 million. During 2011, we also acquired Brouwer & Partners, a street furniture business in Holland, for \$12.5 million.

**Stock Purchases**

On August 9, 2010, we announced that our board of directors approved a stock purchase program under which we or our subsidiaries may purchase up to an aggregate of \$100 million of the Class A common stock of CCMH and/or the Class A common stock of CCOH. The stock purchase program does not have a fixed expiration date and may be

modified, suspended or terminated at any time at our discretion. During 2011, CC Finco purchased 1,553,971 shares of CCOH's Class A common stock through open market purchases for approximately \$16.4 million. During 2012, CC Finco purchased 111,291 shares of CCMH's Class A common stock for \$692,887.

### **Certain Relationships with the Sponsors**

We are party to a management agreement with certain affiliates of the Sponsors and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018. These agreements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. For the three months ended March 31, 2014 and 2013, we recognized management fees and reimbursable expenses of \$4.0 million and \$4.1 million, respectively. For the years ended December 31, 2013, 2012 and 2011, we recognized management fees and reimbursable expenses of \$15.8 million, \$15.9 million and \$15.7 million, respectively.

### **CCOH Dividend**

In connection with the cash management arrangements for CCOH, we maintain an intercompany revolving promissory note payable by us to CCOH (the Note), which consists of the net activities resulting from day-to-day cash management services provided by us to CCOH. As of December 31, 2013, the balance of the Note was \$879.1 million, all of which is payable on demand. The Note is eliminated in consolidation in our consolidated financial statements.

The Note was the subject of derivative litigation filed in the Delaware Court of Chancery by stockholders of CCOH, which was settled on September 9, 2013. On October 19, 2013, in accordance with the terms of the settlement, CCOH's board of directors notified us of its intent to make a demand for repayment of \$200 million outstanding under the Note on November 8, 2013 and declared a dividend of \$200 million, which was conditioned upon us having satisfied such demand. As the indirect parent of CCOH, we received approximately 88% of the proceeds from such dividend through our wholly-owned subsidiaries. The remaining approximately 12% of the proceeds from the dividend, or approximately \$24 million, was paid to the public stockholders of CCOH and is accounted for as a

Dividend and other payments to noncontrolling interests in our consolidated financial statements. We funded the net payment of this \$24 million with cash on hand.

On October 19, 2013, CCOH also established a committee of its board of directors for the specific purpose of monitoring the Note. If notice of a demand for repayment is made pursuant to the terms of the committee charter in the future, CCOH would declare a simultaneous dividend equal to the amount so demanded, and a pro rata portion of that dividend would be paid to the public stockholders of CCOH. Based on our current and anticipated levels of operations and conditions in our markets, we currently expect that we would fund the dividends to be paid to the public stockholders of CCOH if and when demands are made using our existing sources of capital.

### **Commitments, Contingencies and Guarantees**

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Please refer to Legal Proceedings located in the section titled Business located elsewhere in this prospectus.

Certain agreements relating to acquisitions provide for purchase price adjustments and other future contingent payments based on the financial performance of the acquired companies generally over a one to five-year period. The aggregate of these contingent payments, if performance targets are met, would not significantly impact our financial position or results of operations.

In addition to our scheduled maturities on our debt, we have future cash obligations under various types of contracts. We lease office space, certain broadcast facilities, equipment and the majority of the land occupied by our outdoor advertising structures under long-term operating leases. Some of our lease agreements contain renewal options and annual rental escalation clauses (generally tied to the consumer price index), as well as provisions for our payment of utilities and maintenance.

We have minimum franchise payments associated with non-cancelable contracts that enable us to display advertising on such media as buses, trains, bus shelters and terminals. The majority of these contracts contain rent provisions that

are calculated as the greater of a percentage of the relevant advertising revenue or a specified guaranteed minimum annual payment. Also, we have non-cancelable contracts in our radio broadcasting operations related to program rights and music license fees.

In the normal course of business, our broadcasting operations have minimum future payments associated with employee and talent contracts. These contracts typically contain cancellation provisions that allow us to cancel the contract with good cause.

**Table of Contents**

The scheduled maturities of our senior secured credit facilities, receivables based facility, senior cash pay and senior toggle notes, other long-term debt outstanding, and our future minimum rental commitments under non-cancelable lease agreements, minimum payments under other non-cancelable contracts, payments under employment/talent contracts, capital expenditure commitments, priority guarantee notes and other long-term obligations as of December 31, 2013 are as follows:

Interest payments on the senior secured credit facilities assume the obligations are repaid in accordance with the amortization schedule as discussed elsewhere in this Management's Discussion and Analysis and the interest rate is held constant over the remaining term.

- (2) The non-current portion of the unrecognized tax benefits is included in the Thereafter column as we cannot reasonably estimate the timing or amounts of additional cash payments, if any, at this time.
- (3) Other long-term obligations consist of \$59.1 million related to asset retirement obligations recorded pursuant to ASC 410-20, which assumes the underlying assets will be removed at some period over the next 50 years. Also included are \$48.6 million of contract payments in our syndicated radio and media representation businesses and \$214.8 million of various other long-term obligations.

#### **SEASONALITY**

Typically, our CCME, Americas outdoor and International outdoor segments experience their lowest financial performance in the first quarter of the calendar year, with International outdoor historically experiencing a loss from operations in that period. Our International outdoor segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

#### **MARKET RISK**

We are exposed to market risks arising from changes in market rates and prices, including movements in interest rates, foreign currency exchange rates and inflation.

#### **Interest Rate Risk**

A significant amount of our long-term debt bears interest at variable rates. Accordingly, our earnings will be affected by changes in interest rates. At March 31, 2014, approximately 40% of our aggregate principal amount of long-term debt bears interest at floating rates. Assuming the current level of borrowings and assuming a 30% change in LIBOR, it is estimated that our interest expense for the three months ended March 31, 2014 would have changed by \$3.8 million.

## **Table of Contents**

In the event of an adverse change in interest rates, management may take actions to mitigate our exposure. However, due to the uncertainty of the actions that would be taken and their possible effects, the preceding interest rate sensitivity analysis assumes no such actions. Further, the analysis does not consider the effects of the change in the level of overall economic activity that could exist in such an environment.

### **Foreign Currency Exchange Rate Risk**

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net loss of \$27.4 million for the three months ended March 31, 2014. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have decreased our net loss for the three months ended March 31, 2014 by \$2.7 million. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three months ended March 31, 2014 would have increased our net loss by a corresponding amount.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

### **Inflation**

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our broadcasting stations and outdoor display faces in our CCME, Americas outdoor, and International outdoor operations.

### **NEW ACCOUNTING PRONOUNCEMENTS**

In July 2013, the FASB issued Accounting Standards Update ( ASU ) No. 2013-10, Derivatives and Hedging (Topic 815): Inclusion of the Fed Funds Effective Swap Rate (or Overnight Index Swap Rate) as a Benchmark Interest Rate for Hedge Accounting Purposes. Under the revised guidance, entities are permitted to designate the Fed Funds effective Swap Rate, also referred to as the overnight index swap rate, as a benchmark interest rate. In addition, the ASU removes the restriction on using different benchmark interest rates for similar hedges. The amendments became effective for any qualifying new or designated hedging relationships entered into on or after July 17, 2013. We do not expect the provisions of ASU 2013-10 to have a material effect on our financial position or results of operations.

In February 2013, the FASB issued ASU No. 2013-02, *Comprehensive Income (Topic 220): Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*. Under the revised guidance, public and non-public companies are required to present information about reclassification adjustments from accumulated other comprehensive income in their financial statements in a single note or on the face of the financial statements. Public companies are also required to provide this information in their interim statements. The standard is effective prospectively for public entities for fiscal years, and interim periods with those years, beginning after December 15, 2012. The provisions of ASU 2013-02 did not have a material effect on our financial statement disclosures.

In January 2013, the FASB issued ASU No. 2013-01, *Balance Sheet (Topic 210): Clarifying the Scope of Disclosures about Offsetting Assets and Liabilities*. Under the revised guidance, new balance sheet offsetting disclosures are limited to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement, recognized derivative instruments accounted for under ASC 815, repurchase agreements and reverse purchase agreements, and securities borrowing and securities lending transactions. Entities are required to apply the ASU for annual reporting periods beginning on or after January 1, 2013, and interim periods within those annual periods. The provisions of ASU 2013-01 did not have a material effect on our financial statement disclosures.

---

**Table of Contents**

In October 2012, the FASB issued ASU No. 2012-04, *Technical Corrections and Improvements*. Under the revised guidance, changes were made to clarify the FASB Accounting Standards Codification (the Codification), correct unintended application of guidance, or make minor improvements to the Codification that are not expected to have a significant effect on current accounting practice or create a significant administrative cost to most entities. Additionally, the amendments will make the Codification easier to understand and the fair value measurement guidance easier to apply by eliminating inconsistencies and providing needed clarifications. The guidance is effective for annual and interim reporting periods beginning after December 15, 2012. The provisions of ASU 2012-04 did not have a material effect on our financial statement disclosures.

**CRITICAL ACCOUNTING ESTIMATES**

The preparation of our financial statements in conformity with U.S. GAAP requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of expenses during the reporting period. On an ongoing basis, we evaluate our estimates that are based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances. The result of these evaluations forms the basis for making judgments about the carrying values of assets and liabilities and the reported amount of expenses that are not readily apparent from other sources. Because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such difference could be material. Our significant accounting policies are discussed in the notes to our consolidated financial statements included elsewhere in this prospectus. Management believes that the following accounting estimates are the most critical to aid in fully understanding and evaluating our reported financial results, and they require management's most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain. The following narrative describes these critical accounting estimates, the judgments and assumptions and the effect if actual results differ from these assumptions.

**Allowance for Doubtful Accounts**

We evaluate the collectability of our accounts receivable based on a combination of factors. In circumstances where we are aware of a specific customer's inability to meet its financial obligations, we record a specific reserve to reduce the amounts recorded to what we believe will be collected. For all other customers, we recognize reserves for bad debt based on historical experience for each business unit, adjusted for relative improvements or deteriorations in the agings and changes in current economic conditions.

If our agings were to improve or deteriorate resulting in a 10% change in our allowance, we estimated that our bad debt expense for the year ended December 31, 2013 would have changed by approximately \$4.8 million and our net loss for the same period would have changed by approximately \$3.0 million.

**Long-lived Assets**

Long-lived assets, including structures and other property, plant and equipment and definite-lived intangibles, are reported at historical cost less accumulated depreciation. We estimate the useful lives for various types of advertising structures and other long-lived assets based on our historical experience and our plans regarding how we intend to use those assets. Advertising structures have different lives depending on their nature, with large format bulletins generally having longer depreciable lives and posters and other displays having shorter depreciable lives. Street furniture and transit displays are depreciated over their estimated useful lives or appropriate contractual periods, whichever is shorter. Our experience indicates that the estimated useful lives applied to our portfolio of assets have been reasonable, and we do not expect significant changes to the estimated useful lives of our long-lived assets in the

future. When we determine that structures or other long-lived assets will be disposed of prior to the end of their useful lives, we estimate the revised useful lives and depreciate the assets over the revised period. We also review long-lived assets for impairment when events and circumstances indicate that depreciable and amortizable long-lived assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. When specific assets are determined to be unrecoverable, the cost basis of the asset is reduced to reflect the current fair market value.

## **Table of Contents**

We use various assumptions in determining the remaining useful lives of assets to be disposed of prior to the end of their useful lives and in determining the current fair market value of long-lived assets that are determined to be unrecoverable. Estimated useful lives and fair values are sensitive to factors including contractual commitments, regulatory requirements, future expected cash flows, industry growth rates and discount rates, as well as future salvage values. Our impairment loss calculations require management to apply judgment in estimating future cash flows, including forecasting useful lives of the assets and selecting the discount rate that reflects the risk inherent in future cash flows.

If actual results are not consistent with our assumptions and judgments used in estimating future cash flows and asset fair values, we may be exposed to future impairment losses that could be material to our results of operations.

### **Indefinite-lived Intangible Assets**

In connection with the Merger Agreement pursuant to which CCMH acquired us, we allocated the purchase price to all of our assets and liabilities at estimated fair values, including our FCC licenses and our billboard permits. Indefinite-lived intangible assets, such as our FCC licenses and our billboard permits, are reviewed annually for possible impairment using the direct valuation method as prescribed in ASC 805-20-S99. Under the direct valuation method, the estimated fair value of the indefinite-lived intangible assets was calculated at the market level as prescribed by ASC 350-30-35. Under the direct valuation method, it is assumed that rather than acquiring indefinite-lived intangible assets as a part of a going concern business, the buyer hypothetically obtains indefinite-lived intangible assets and builds a new operation with similar attributes from scratch. Thus, the buyer incurs start-up costs during the build-up phase which are normally associated with going concern value. Initial capital costs are deducted from the discounted cash flows model which results in value that is directly attributable to the indefinite-lived intangible assets.

Our key assumptions using the direct valuation method are market revenue growth rates, market share, profit margin, duration and profile of the build-up period, estimated start-up capital costs and losses incurred during the build-up period, the risk-adjusted discount rate and terminal values. This data is populated using industry normalized information representing an average asset within a market.

On October 1, 2013, we performed our annual impairment test in accordance with ASC 350-30-35 and recognized aggregate impairment charges of \$2.5 million related to permits in certain markets in our Americas outdoor business and \$2.0 million related to FCC Licenses in our CCME business.

In determining the fair value of our FCC licenses, the following key assumptions were used:

Revenue growth, forecast and published by BIA Financial Network, Inc. ( BIA ) varying by market, was used for the initial four-year period;

2% revenue growth was assumed beyond the initial four-year period;

Revenue was grown proportionally over a build-up period, reaching market revenue forecast by year 3;

Operating margins of 12.5% in the first year gradually climb to the industry average margin in year 3 of up to 30.8%, depending on market size by year 3; and

Assumed discount rates of 9.5% for the 13 largest markets and 10.0% for all other markets. In determining the fair value of our billboard permits, the following key assumptions were used:

Industry revenue growth forecast at 3.6% was used for the initial four-year period;

3% revenue growth was assumed beyond the initial four-year period;

Revenue was grown over a build-up period, reaching maturity by year 2;

Operating margins gradually climb to the industry average margin of up to 55%, depending on market size, by year 3; and

Assumed discount rate of 9.0%.

**Table of Contents**

While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the fair value of our indefinite-lived intangible assets, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to impairment charges in the future. The following table shows the change in the fair value of our indefinite-lived intangible assets that would result from a 100 basis point decline in our discrete and terminal period revenue growth rate and profit margin assumptions and a 100 basis point increase in our discount rate assumption:

*(In thousands)*

Description	Revenue Growth Rate	Profit Margin	Discount Rates
FCC license	\$ 450,232	\$ 151,554	\$ 475,702
Billboard permits	\$ 720,800	\$ 140,100	\$ 724,900

The estimated fair value of our FCC licenses and billboard permits at October 1, 2013 was \$3.3 billion and \$2.3 billion, respectively, while the carrying value was \$2.4 billion and \$1.1 billion, respectively.

**Goodwill**

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in business combinations. We test goodwill at interim dates if events or changes in circumstances indicate that goodwill might be impaired. The fair value of our reporting units is used to apply value to the net assets of each reporting unit. To the extent that the carrying amount of net assets would exceed the fair value, an impairment charge may be required to be recorded.

The discounted cash flow approach we use for valuing goodwill as part of the two-step impairment testing approach involves estimating future cash flows expected to be generated from the related assets, discounted to their present value using a risk-adjusted discount rate. Terminal values are also estimated and discounted to their present value.

On October 1, 2013, we performed our annual impairment test in accordance with ASC 350-30-35, resulting in an impairment charge of \$10.7 million related to one market in our International outdoor segment. In determining the fair value of our reporting units, we used the following assumptions:

Expected cash flows underlying our business plans for the periods 2013 through 2017. Our cash flow assumptions are based on detailed, multi-year forecasts performed by each of our operating segments, and reflect the advertising outlook across our businesses.

Cash flows beyond 2017 are projected to grow at a perpetual growth rate, which we estimated at 2% for our CCME segment, 3% for our Americas outdoor and International outdoor segments, and approximately 6.6% for our Other segment.

In order to risk adjust the cash flow projections in determining fair value, we utilized a discount rate of approximately 9.0% to 12.0% for each of our reporting units.

Based on our annual assessment using the assumptions described above, a hypothetical 25% reduction in the estimated fair value in each of our reporting units would not result in a material impairment condition.

While we believe we have made reasonable estimates and utilized appropriate assumptions to calculate the estimated fair value of our reporting units, it is possible a material change could occur. If future results are not consistent with our assumptions and estimates, we may be exposed to impairment charges in the future. The following table shows the decline in the fair value of each of our reportable segments that would result from a 100 basis point decline in our discrete and terminal period revenue growth rate and profit margin assumptions and a 100 basis point increase in our discount rate assumption:

*(In millions)*

Description	Revenue Growth Rate	Profit Margin	Discount Rates
CCME	\$ 1,360,000	\$ 320,000	\$ 1,290,000
Americas Outdoor	\$ 610,000	\$ 150,000	\$ 580,000
International Outdoor	\$ 350,000	\$ 200,000	\$ 330,000

## **Table of Contents**

### **Tax Accruals**

Our estimates of income taxes and the significant items giving rise to the deferred tax assets and liabilities are shown in the notes to our consolidated financial statements and reflect our assessment of actual future taxes to be paid on items reflected in the financial statements, giving consideration to both timing and probability of these estimates. Actual income taxes could vary from these estimates due to future changes in income tax law or results from the final review of our tax returns by Federal, state or foreign tax authorities.

We use our judgment to determine whether it is more likely than not that we will sustain positions that we have taken on tax returns and, if so, the amount of benefit to initially recognize within our financial statements. We regularly review our uncertain tax positions and adjust our unrecognized tax benefits (UTBs) in light of changes in facts and circumstances, such as changes in tax law, interactions with taxing authorities and developments in case law. These adjustments to our UTBs may affect our income tax expense. Settlement of uncertain tax positions may require use of our cash.

### **Litigation Accruals**

We are currently involved in certain legal proceedings. Based on current assumptions, we have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. Future results of operations could be materially affected by changes in these assumptions or the effectiveness of our strategies related to these proceedings.

Management's estimates used have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies.

### **Insurance Accruals**

We are currently self-insured beyond certain retention amounts for various insurance coverages, including general liability and property and casualty. Accruals are recorded based on estimates of actual claims filed, historical payouts, existing insurance coverage and projected future development of costs related to existing claims. Our self-insured liabilities contain uncertainties because management must make assumptions and apply judgment to estimate the ultimate cost to settle reported claims and claims incurred but not reported as of December 31, 2013.

If actual results are not consistent with our assumptions and judgments, we may be exposed to gains or losses that could be material. A 10% change in our self-insurance liabilities at December 31, 2013 would have affected our net loss by approximately \$2.2 million for the year ended December 31, 2013.

### **Asset Retirement Obligations**

ASC 410-20 requires us to estimate our obligation upon the termination or nonrenewal of a lease, to dismantle and remove our billboard structures from the leased land and to reclaim the site to its original condition.

Due to the high rate of lease renewals over a long period of time, our calculation assumes all related assets will be removed at some period over the next 50 years. An estimate of third-party cost information is used with respect to the dismantling of the structures and the reclamation of the site. The interest rate used to calculate the present value of such costs over the retirement period is based on an estimated risk-adjusted credit rate for the same period. If our assumption of the risk-adjusted credit rate used to discount current year additions to the asset retirement obligation decreased approximately 1%, our liability as of December 31, 2013 would not be materially impacted. Similarly, if

our assumption of the risk-adjusted credit rate increased approximately 1%, our liability would not be materially impacted.

**Table of Contents**

**Share-Based Compensation**

Under the fair value recognition provisions of ASC 718-10, share-based compensation cost is measured at the grant date based on the fair value of the award. Determining the fair value of share-based awards at the grant date requires assumptions and judgments about expected volatility and forfeiture rates, among other factors. If actual results differ significantly from these estimates, our results of operations could be materially impacted.

**Table of Contents****BUSINESS****Overview**

We are a diversified media and entertainment company with leading market positions in each of our operating segments: CCME, Americas Outdoor Advertising and International Outdoor Advertising.

**CCME.** Our CCME operations include radio broadcasting, online and mobile services and products, program syndication, entertainment, traffic data distribution and music research services. As of December 31, 2013, we owned 835 domestic radio stations servicing more than 150 U.S. markets, including 45 of the top 50 markets and 85 of the top 100 markets. CCME includes radio stations for which we are the licensee and one station for which we provide programming and sell air time under an LMA. We are also the beneficiary of Aloha Station Trust, LLC, which owns and operates 19 radio stations which we were required to divest in order to comply with FCC media ownership rules, and which are being marketed for sale. Our portfolio of stations offers a broad assortment of programming formats, including adult contemporary, country, contemporary hit radio, rock, news/talk, sports, urban, oldies and others. In addition to our local radio programming, we operate Premiere, a national radio network that produces, distributes or represents approximately 90 syndicated radio programs and networks and serves more than 5,000 radio station affiliates, reaching over 190 million listeners weekly. We also deliver real-time traffic information via navigation systems, radio and television broadcast media and wireless and Internet-based services through our traffic business, Total Traffic & Weather Network. For the year ended December 31, 2013 and the three months ended March 31, 2014, our CCME segment represented approximately 50% of our revenue and 68% and 86%, respectively, of our operating income without the effect of corporate and other reconciling items.

**Americas Outdoor Advertising.** We are the largest outdoor advertising company in North America (based on revenue), which includes the United States and Canada. Approximately 95% of our revenue for the year ended December 31, 2013 in our Americas Outdoor Advertising segment was derived from the United States. As of December 31, 2013, we owned or operate approximately 105,000 display structures in our Americas outdoor segment with operations in 47 of the 50 largest markets in the United States, including all of the 20 largest markets. Our Americas outdoor assets consist of traditional and digital billboards, street furniture and transit displays, airport displays, mall displays, and wallsapes and other spectaculars, which we own or operate under lease management agreements. Our Americas outdoor advertising business is focused on metropolitan areas with dense populations. For the year ended December 31, 2013 and the three months ended March 31, 2014, our Americas Outdoor Advertising segment represented approximately 21% and 20%, respectively, of our revenue and 23% of our operating income without the effect of corporate and other reconciling items.

**International Outdoor Advertising.** Our International Outdoor Advertising business segment includes our operations in Asia, Australia, Europe and Latin America, with approximately 33% of our revenue for the year ended December 31, 2013 in this segment derived from France and the United Kingdom. As of December 31, 2013, we owned or operated approximately 570,000 displays across 28 countries. Our International outdoor assets consist of street furniture and transit displays, billboards, mall displays, Smartbike programs, wallsapes and other spectaculars, which we own or operate under lease agreements.

Our International business is focused on metropolitan areas with dense populations. For the year ended December 31, 2013 and the three months ended March 31, 2014, our International Outdoor Advertising segment represented approximately 27%, of our revenue and 8% and (9%), respectively, of our operating income without the effect of corporate and other reconciling items.

**Other.** Our Other category includes our 100%-owned full-service media representation firm, Katz Media, as well as other general support services and initiatives, which are ancillary to our other businesses. Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of December 31, 2013, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which were owned by us. Katz Media also represents approximately 800 television and digital multicast stations. Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is

## **Table of Contents**

commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length. For the year ended December 31, 2013 and the three months ended March 31, 2014, our Other category represented approximately 2% and 3%, respectively, of our revenue and 1% and 0%, respectively, of our operating income without the effect of corporate and other reconciling items.

For the year ended December 31, 2013 and the three months ended March 31, 2014, we generated consolidated revenues of \$6,243 million and \$1,343 million, respectively, operating income of \$1,001 million and \$83 million, respectively, and consolidated net loss of \$584 million and \$432 million, respectively.

## **Our Strengths**

***Leading Positions in the U.S. Media and Entertainment and Global Outdoor Market.*** We are a leading global media and entertainment company.

We own the number one or number two ranked radio station clusters in eight of the top 10 and in 20 of the top 25 markets in the United States as of December 2013. With a total weekly listening base of almost 139 million individuals based on NielsenAudio figures for the Fall 2013 ratings period, our portfolio of 835 stations generated twice the revenue as our next largest radio broadcasting competitor in 2013.

In the United States outdoor market, we believe we hold the number one market share in eight of the top 10 markets and are either number one or number two in 16 of the top 20 markets. Internationally, we believe we hold one of the leading positions in France, the United Kingdom, Australia, Finland, Ireland, Switzerland, Sweden, Belgium, Italy and Norway. In addition, we hold positions in several countries where we have experienced strong growth, including Latin America, China, Singapore and Turkey.

***Global Scale in Media and Entertainment and Outdoor Advertising.*** As of December 31, 2013, we owned 835 domestic radio stations servicing more than 150 U.S. markets, including 45 of the top 50 markets and 85 of the top 100 markets. We also operated more than 675,000 outdoor advertising displays worldwide in metropolitan and densely populated locations, providing advertisers with both a global and a local reach. We believe that our scale provides us with the flexibility and resources to introduce new products and solutions in a cost effective manner.

Our scale has enabled cost-effective investment in new technologies, such as digital billboards and streaming technology, which we believe will continue to support future growth. Digital billboards, for example, enable us to transition from selling space on a display to a single advertiser to selling time on that display to multiple advertisers, creating new revenue opportunities from both new and existing clients.

Our large distribution platform in our CCME segment allows us to attract top talent and more effectively utilize programming, sharing the best and most compelling talent and programming across many stations throughout the United States.

We have more than 4,800 sales people in local markets across the globe. Our scale has facilitated cost-effective investment in systems that allow us to maximize yield management and systems that improve

the ability of our local salespeople to increase revenue. Additionally, our scale has allowed us to implement initiatives that we believe differentiate us from the rest of the media industry and position us to outperform our competitors across our markets.

***Diversification Across Business Lines, Geographies, Markets and Format.*** Approximately half of our revenue is generated by our CCME segment, with the remaining half generated by our Americas Outdoor Advertising and International Outdoor Advertising segments, as well as other support services and initiatives. We offer advertisers a diverse platform of media assets across geographies, outdoor products and programming formats. Due to our multiple business units, we are not dependent upon any single source of revenue.

**Table of Contents**

***Strong Collection of Unique Assets.*** Through acquisitions and organic growth, we have aggregated a unique portfolio of assets. We believe the combination of our assets cannot be replicated.

Ownership and operation of radio broadcast stations is governed by the FCC licensing process, which limits the number of radio licenses available in any market. Any party seeking to acquire or transfer radio licenses must go through a detailed review process with the FCC. Over several decades, we have aggregated multiple licenses in local market clusters across the United States. A cluster of multiple radio stations in a market allows us to provide listeners with more diverse programming and advertisers with a more efficient means to reach those listeners. In addition, we are able to increase our efficiency by operating in clusters, which allows us to eliminate duplicative operating expenses and realize economies of scale.

The domestic outdoor industry is regulated by the federal government as well as state and municipal governments. Statutes and regulations govern the construction, repair, maintenance, lighting, height, size, spacing and placement and permitting of outdoor advertising structures. Due to these regulations, it has become increasingly difficult to develop new outdoor advertising locations. Further, for many of our existing billboards, a competitor or landlord could not obtain a permit for replacement under existing laws and regulations due to their non-conforming status.

***Attractive Businesses with High Margins and Low Capital Expenditure Requirements.*** Our global scale has enabled us to make productive and cost effective investments across our portfolio. As a result of our strong margins and low capital expenditure requirements, we have been able to convert a significant portion of our operating income into cash flow that can be utilized for debt service.

We have strong operating margins (defined as operating income divided by revenues), driven by our significant scale and leading market share in both radio broadcasting and outdoor advertising. For the year ended December 31, 2013 and the three months ended March 31, 2014, our consolidated operating margin was 16% and 6%, respectively, with strong operating margins in our CCME segment of 29% and 21%, respectively, and Americas Outdoor Advertising segment of 24% and 14%, respectively.

In addition, both our media and entertainment and our outdoor businesses are low capital intensity businesses. For the year ended December 31, 2013 and the three months ended March 31, 2014, our total capital expenditures were 5% of total revenue.

***Highly Effective Advertising Medium.*** We believe both our media and entertainment and our outdoor advertising businesses offer compelling value propositions to advertisers and valuable access to consumers when they are out of the home and therefore closer to purchase decisions. We also believe both industries are well positioned to benefit from the fragmentation of audiences of other media as they are able to reach mass audiences on a local market basis.

Radio broadcasting and outdoor media offer compelling value propositions to advertisers by providing cost effective media advertising outlets.

Our media and entertainment and our outdoor businesses reach potential consumers outside of the home, a valuable position as it is closer to the purchase decision. Today, consumers spend a significant portion of their day out-of-home, while out-of-home media (radio and outdoor) currently garner a disproportionately smaller share of media spending than in-home media. We believe this discrepancy represents an opportunity for growth.

Additionally, radio programming reaches 92% of all consumers in the United States in a given week, with the average consumer listening for approximately 14 hours per week. On a weekly basis, this represents approximately 244 million unique listeners.

According to NielsenAudio, consumers in the United States listen to a significant amount of radio per day. In 2013, broadcast radio captured 119 minutes of user consumption per day as compared to the Internet at 143 minutes according to comScore, Inc. and newspapers at 18 minutes according to eMarketer Inc.

## **Table of Contents**

According to Scarborough, in 2013, 92% of U.S. residents traveled in a car each month, with an average of 174 miles traveled per week. The captive in-car audience is protected from media fragmentation and is subject to increasing out-of-home advertiser exposure as time and distance of commutes increase.

According to single-source advertising ROI study in the radio sector conducted by NielsenAudio and Nielsen Catalina Solutions in 2014, radio delivered a sales lift of more than \$6 per dollar spent on radio, an ROI which Advertising Age reported doubled that of even the best results of recent studies of digital or TV media, with one retail brand recording a sales lift of more than \$23 per dollar invested in radio.

***Significant Operating Leverage with Flexibility to Manage Cost Base As Necessary.*** We benefit from significant operating leverage, which leads to operating margin increases in a growth environment. Conversely, we have demonstrated our flexibility to effectively manage our cost base in a low growth or recessionary environment.

## **Our Strategy**

Our goal is to strengthen our position as a leading global media and entertainment company specializing in radio, digital, out-of-home, mobile and on-demand entertainment and information services for national audiences and local communities and providing premiere opportunities for advertisers. We plan to achieve this objective by capitalizing on our competitive strengths and pursuing the following strategies.

### **CCME**

Our CCME strategy centers on delivering entertaining and informative content across multiple platforms, including broadcast, mobile and digital as well as promotional events. We strive to serve our listeners by providing the content they desire on the platform they prefer, while supporting advertisers, strategic partners, music labels and artists with a diverse platform of creative marketing opportunities designed to effectively reach and engage target audiences. Our CCME strategy also focuses on continuing to improve the operations of our stations by providing valuable programming and promotions, as well as sharing best practices across our stations in marketing, distribution, sales and cost management.

***Promote Broadcast Radio Media Spending.*** Given the attractive reach and metrics of both the broadcast radio industry in general and CCME in particular, as well as our depth and breadth of relationships with both media agencies and national and local advertisers, we believe we can drive broadcast radio's share of total media spending by using our dedicated national sales team to highlight the value of broadcast radio relative to other media. We have made and continue to make significant investments in research to enable our clients to better understand how our assets can successfully reach their target audiences and promote their advertising campaigns; broadened our national sales teams and initiatives to better develop, create and promote their advertising campaigns; invested in technology to enhance our platform and capabilities; and continue to seek opportunities to deploy our iHeartRadio digital radio service across both existing and emerging devices and platforms. We are also working closely with advertisers, marketers and agencies to meet their needs through new products, events and services developed through optimization of our current portfolio of assets, as well as to develop tools to determine how effective broadcast radio is in reaching their desired audiences.

***Promote Local and National Advertising.*** We intend to grow our CCME businesses by continuing to develop effective programming, creating new solutions for our advertisers and agencies, fostering key relationships with advertisers and improving our local and national sales team. We intend to leverage our diverse collection of assets, our programming and creative strengths, and our consumer relationships to create special events, such as one-of-a-kind local and national promotions for our listeners, and develop new, innovative technologies and products to promote our

advertisers. We seek to maximize revenue by closely managing our advertising opportunities and pricing to compete effectively in local markets. We operate price and yield information systems, which provide detailed inventory information. These systems enable our station managers and sales directors to adjust commercial inventory and pricing based on local market demand, as well as to manage and monitor different commercial durations (60 second, 30 second, 15 second and five second) in order to provide more effective advertising for our customers at what we believe are optimal prices given market conditions.

## **Table of Contents**

***Continue to Enhance the Listener Experience.*** We intend to continue enhancing the listener experience by offering a wide variety of compelling content and methods of delivery. We will continue to provide the content our listeners desire on their preferred platforms. Our investments have created a collection of leading on-air talent. For example, Premiere offers more than 90 syndicated radio programs and networks and services for more than 5,000 radio station affiliates across the United States, including popular programs such as Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran, Bobby Bones and Delilah. Our distribution capabilities allow us to attract top talent and more effectively utilize programming, sharing our best and most compelling content across many stations.

***Deliver Content via Multiple Distribution Technologies.*** We continue to expand the choices for our listeners. We deliver music, news, talk, sports, traffic and other content using an array of distribution technologies, including broadcast radio and HD radio channels, satellite radio digitally via iHeartRadio.com and our stations' websites, and through our iHeartRadio mobile application on smart phones and tablets, on gaming consoles, via in-home entertainment in enhanced automotive platforms, as well as in-vehicle entertainment and navigation systems. Some examples of our recent initiatives are as follows:

*Streaming.* We provide streaming content via the Internet, mobile and other digital platforms. We rank among the top streaming networks in the U.S. with regards to AAS, SS and ATSL. AAS and SS measure the level of activity while ATSL measures the ability to keep the audience engaged.

*Websites and Mobile Applications.* We have developed mobile and Internet applications such as the iHeartRadio smart phone application and website. These mobile and Internet applications allow listeners to use their smart phones, tablets or other digital devices to interact directly with stations, find titles/artists, request songs and create custom stations while providing an additional method for advertisers to reach consumers. As of December 31, 2013, our iHeartRadio mobile application has been downloaded more than 300 million times. iHeartRadio provides a unique digital music experience by offering access to more than 1,500 live broadcast and digital-only radio stations, plus user-created custom stations with broad social media integration and our on demand content from our premium talk partnerships and user generated talk shows. Through our digital platforms, we estimate that we had more than 76 million unique digital visitors for the month of December 2013. In addition, through December 2013, iHeartRadio streamed, on average, 143 million total listening hours monthly via our website and mobile application.

## **Outdoor**

We seek to capitalize on our Americas outdoor network and diversified product mix to maximize revenue. In addition, by sharing best practices among our business segments, we believe we can quickly and effectively replicate our successes in our other markets. Our outdoor strategy focuses on leveraging our diversified product mix and long-standing presence in many of our existing markets, which provides us with the ability to launch new products and test new initiatives in a reliable and cost-effective manner.

***Promote Overall Outdoor Media Spending.*** Given the attractive industry fundamentals of outdoor media and our depth and breadth of relationships with both local and national advertisers, we believe we can drive outdoor advertising's share of total media spending by using our dedicated national sales team to highlight the value of outdoor advertising relative to other media. Outdoor advertising only represented 4% of total dollars spent on advertising in the United States in 2012. We have made and continue to make significant investments in research tools that enable our clients to better understand how our displays can successfully reach their target audiences and promote their

advertising campaigns. Also, we are working closely with clients, advertising agencies and other diversified media companies to develop more sophisticated systems that will provide improved audience metrics for outdoor advertising. For example, we have implemented the TAB Out of Home Ratings audience measurement system which: (1) separately reports audiences for billboards, posters, junior posters, transit shelters and phone kiosks, (2) reports for geographically sensitive reach and frequency, (3) provides granular detail, reporting individual out of home units in over 200 designated market areas, (4) provides detailed demographic data comparable to other media, and (5) provides true commercial ratings based on people who see the advertising.

***Continue to Deploy Digital Displays.*** Digital outdoor advertising provides significant advantages over traditional outdoor media. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy on a large number of displays, allowing us to sell more advertising opportunities to advertisers. The ability to change copy by time of day and quickly change messaging based on advertisers' needs creates additional flexibility for our customers. Although digital displays require more capital to construct compared to traditional bulletins, the advantages of digital allow us to penetrate new accounts and categories of advertisers, as well as serve a broader set of needs for existing advertisers. Digital displays allow for high-frequency, 24-hour advertising changes in high-traffic locations and allow us to offer our clients optimal flexibility, distribution, circulation and visibility. We expect this trend to continue as we increase our quantity of digital inventory. As of December 31, 2013, we had deployed more than 1,000 digital billboards in 37 markets in the United States and more than 3,700 digital displays in 14 countries across Europe, Asia and Latin America.

***Capitalize on Product and Geographic Opportunities.*** We are also focused on growing our business internationally by working closely with our advertising customers and agencies in meeting their needs, and through new product offerings, optimization of our current display portfolio and selective investments targeting promising growth markets. We have continued to innovate and introduce new products in international markets based on local demands. Our core business is our street furniture business and that is where we plan to focus much of our investment. We plan to continue to evaluate municipal contracts that may come up for bid and will make prudent investments where we believe we can receive attractive returns. We will also continue to invest in markets such as China and Latin America where we believe there is high growth potential.

**CCME*****Sources of Revenue***

Our CCME segment generated 50%, 49%, and 48% of our revenue for the years ended December 31, 2013, 2012 and 2011, respectively, and 50% of our revenue for the three months ended March 31, 2014. The primary source of revenue in our CCME segment is the sale of commercials on our radio stations for local and national advertising. Our iHeartRadio mobile application and website, our station websites and Total Traffic & Weather Network also provide additional means for our advertisers to reach consumers.

Our advertisers cover a wide range of categories, including consumer services, retailers, entertainment, health and beauty products, telecommunications, automotive, media and political. Our contracts with our advertisers generally provide for a term that extends for less than a one-year period. We also generate revenues from network compensation, our online services, our traffic business, special events and other miscellaneous transactions. These other sources of revenue supplement our traditional advertising revenue without increasing on-air-commercial time.

Each radio station's local sales staff solicits advertising directly from local advertisers or indirectly through advertising agencies. Our ability to produce commercials that respond to the specific needs of our advertisers helps to build local direct advertising relationships. To generate national advertising sales, we leverage national sales teams and engage our Katz Media unit, which specializes in soliciting radio advertising sales on a national level for us and other radio and television companies. National sales representatives such as Katz Media obtain advertising principally from advertising agencies located outside the station's market and receive commissions based on advertising sold.

Advertising rates are principally based on the length of the spot and how many people in a targeted audience listen to our stations, as measured by independent ratings services. A station's format can be important in determining the size and characteristics of its listening audience, and advertising rates are influenced by the station's ability to attract and target audiences that advertisers aim to reach. The size of the market influences rates as well, with larger markets

typically receiving higher rates than smaller markets. Rates are generally highest during morning and evening commuting periods.

*Radio Stations*

As of December 31, 2013, we owned 835 radio stations, including 239 AM and 596 FM domestic radio stations, of which 151 stations were in the top 25 markets. Therefore, no one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

**Table of Contents**

Radio broadcasting is subject to the jurisdiction of the FCC under the Communications Act of 1934, as amended (the Communications Act ). As described in Regulation of Our Media and Entertainment Business below, the FCC grants us licenses in order to operate our radio stations. (2) Included in the total are stations that were placed in a trust in order to bring the merger into compliance with the FCC's media ownership rules. We have divested certain of these stations in the past and will continue to divest these stations as required.

*Premiere Networks*

We operate Premiere, a national radio network that produces, distributes or represents more than 90 syndicated radio programs and networks and services for more than 5,000 radio station affiliates reaching over 190 million listeners weekly. Our broad distribution capabilities enable us to attract and retain top programming talent. Some of our more popular syndicated programs include Rush Limbaugh, Sean Hannity, Glenn Beck, Ryan Seacrest, Steve Harvey, Elvis Duran, Bobby Bones and Delilah. We believe recruiting and retaining top talent is an important component of the success of our radio networks.

**Table of Contents***Total Traffic & Weather Network*

Total Traffic & Weather Network delivers real-time local traffic flow and incident information along with weather updates to more than 2,000 radio and approximately 150 television affiliates, as well as through Internet and mobile partnerships reaching nearly 200 million consumers each month. Total Traffic & Weather Network services more than 200 markets in the United States, Canada and Mexico. It operates the largest broadcast traffic navigation network in North America and has expanded its offerings to include news, weather and sports content.

***Competition***

Our broadcast radio stations, as well as our mobile and digital applications and our traffic business, compete for listeners and advertising revenues directly with other radio stations within their respective markets, as well as with other advertising media, including broadcast and cable television, online, print media, outdoor advertising, satellite radio, direct mail and other forms of advertisement. In addition, the radio broadcasting industry is subject to competition from services that use media technologies such as Internet-based media, mobile applications and satellite-based digital radio services. Such services reach national and local audiences with multi-channel, multi-format, digital radio services.

Our broadcast radio stations compete for listeners primarily on the basis of program content that appeals to a particular demographic group. Our targeted listener base of specific demographic groups in each of our markets allows us to attract advertisers seeking to reach those listeners.

**Americas Outdoor Advertising*****Sources of Revenue***

Americas outdoor generated 21%, 20% and 20% of our revenue in 2013, 2012 and 2011, respectively, and 20% of our revenue for the three months ended March 31, 2014. Americas outdoor revenue is derived from the sale of advertising copy placed on our traditional and digital displays. Our display inventory consists primarily of billboards, street furniture displays and transit displays. The margins on our billboard contracts, including those related to digital billboards, tend to be higher than those on contracts for other displays, due to their greater size, impact and location along major roadways that are highly trafficked. Billboards comprise approximately two-thirds of our display revenues. The following table shows the approximate percentage of revenue derived from each category for our Americas outdoor inventory:

	Three Months	Years Ended December 31,		
	Ended March 31,	2013	2012	2011
	2014			
Billboards				
Bulletins	58%	57%	56%	53%
Posters	12%	13%	13%	13%
Street furniture displays	4%	4%	4%	4%
Transit displays	18%	17%	17%	16%

Total	100%	100%	100%	100%

(1) Includes spectaculars, mall displays and wallscapes.

Our Americas outdoor segment generates revenues from local and national sales. Our advertising rates are based on a number of different factors including location, competition, size of display, illumination, market and gross ratings points. Gross ratings points are the total number of impressions delivered, expressed as a percentage of a market population, of a display or group of displays. The number of impressions delivered by a display is measured by the number of people passing the site during a defined period of time. For all of our billboards in the United States, we use independent, third-party auditing companies to verify the number of impressions delivered by a display. Reach is the percent of a target audience exposed to an advertising message at least once during a specified period of time, typically during a period of four weeks. Frequency is the average number of exposures an individual has to an advertising message during a specified period of time. Out-of-home frequency is typically measured over a four-week period.

---

**Table of Contents**

While location, price and availability of displays are important competitive factors, we believe that providing quality customer service and establishing strong client relationships are also critical components of sales. In addition, we have long-standing relationships with a diversified group of advertising brands and agencies that allow us to diversify client accounts and establish continuing revenue streams.

*Billboards*

Our billboard inventory primarily includes bulletins and posters.

*Bulletins.* Bulletins vary in size, with the most common size being 14 feet high by 48 feet wide. Digital bulletins display static messages that resemble standard printed bulletins when viewed, but also allow advertisers to change messages throughout the course of a day, and may display advertisements for multiple customers. Our electronic displays are linked through centralized computer systems to instantaneously and simultaneously change advertising copy as needed. Because of their greater size, impact, high-frequency and 24-hour advertising changes, we typically receive our highest rates for digital bulletins. Almost all of the advertising copy displayed on traditional bulletins is computer printed on vinyl and transported to the bulletin where it is secured to the display surface. Bulletins generally are located along major expressways, primary commuting routes and main intersections that are highly visible and heavily trafficked. Our clients may contract for individual bulletins or a network of bulletins, meaning the clients' advertisements are rotated among bulletins to increase the reach of the campaign. Our client contracts for bulletins, either traditional or digital, generally have terms ranging from four weeks to one year.

*Posters.* Digital posters are available in addition to the traditional 30-sheet or 8-sheet displays. Similar to digital bulletins, digital posters display static messages that resemble standard printed posters when viewed, and are linked through centralized computer systems to instantaneously and simultaneously change messages throughout the course of a day. The traditional 30-sheet posters are approximately 11 feet high by 23 feet wide, and the traditional 8-sheet posters are approximately 5 feet high by 11 feet wide. Advertising copy for traditional 30-sheet posters is digitally printed on a single piece of polyethylene material that is then transported and secured to the poster surfaces. Advertising copy for traditional 8-sheet posters is printed using silk screen, lithographic or digital process to transfer the designs onto paper that is then transported and secured to the poster surfaces. Posters generally are located in commercial areas on primary and secondary routes near point-of-purchase locations, facilitating advertising campaigns with greater demographic targeting than those displayed on bulletins. Our poster rates typically are less than our bulletin rates, and our client contracts for posters generally have terms ranging from four weeks to one year. Premiere displays, which consist of premiere panels and squares, are innovative hybrids between bulletins and posters that we developed to provide our clients with an alternative for their targeted marketing campaigns. The premiere displays use one or more poster panels, but with vinyl advertising stretched over the panels similar to bulletins. Our intent is to combine the creative impact of bulletins with the additional reach and frequency of posters.

*Street Furniture Displays*

Our street furniture displays include advertising surfaces on bus shelters, information kiosks, freestanding units and other public structures, are available in both traditional and digital formats, and are primarily located in major

metropolitan areas and along major commuting routes. Generally, we own the street furniture structures and are responsible for their construction and maintenance. Contracts for the right to place our street furniture displays in the public domain and sell advertising space on them are awarded by municipal and transit authorities in competitive bidding processes governed by local law. Generally, these contracts have terms ranging from 10 to 20 years. As compensation for the right to sell advertising space on our street furniture structures, we pay the municipality or transit authority a fee or revenue share that is either a fixed amount or a percentage of the revenue derived from the street furniture displays. Typically, these revenue sharing arrangements include payments by us of minimum guaranteed amounts. Client contracts for street furniture displays typically have terms ranging from four weeks to one year, and are typically for network packages of multiple street furniture displays.

## **Table of Contents**

### *Transit Displays*

Our transit displays are advertising surfaces on various types of vehicles or within transit systems, including on the interior and exterior sides of buses, trains, trams, and within the common areas of rail stations and airports, and are available in both traditional and digital formats. Similar to street furniture, contracts for the right to place our displays on such vehicles or within such transit systems and to sell advertising space on them generally are awarded by public transit authorities in competitive bidding processes or are negotiated with private transit operators. Generally, these contracts have terms ranging up to nine years. Our client contracts for transit displays generally have terms ranging from four weeks to one year.

### *Other Displays*

The balance of our display inventory consists of spectaculars, wallsapes and mall displays. Spectaculars are customized display structures that often incorporate video, multidimensional lettering and figures, mechanical devices and moving parts and other embellishments to create special effects. The majority of our spectaculars are located in Times Square in New York City, the Gardiner Expressway in Toronto, and the Fashion Show Mall and Miracle Mile Shops in Las Vegas. Client contracts for spectaculars typically have terms of one year or longer. A wallscape is a display that drapes over or is suspended from the sides of buildings or other structures. Generally, wallsapes are located in high-profile areas where other types of outdoor advertising displays are limited or unavailable. Clients typically contract for individual wallsapes for extended terms. We also own displays located within the common areas of malls on which our clients run advertising campaigns for periods ranging from four weeks to one year.

### *Advertising Inventory and Markets*

As of December 31, 2013, we owned or operated approximately 105,000 display structures in our Americas outdoor advertising segment with operations in 47 of the 50 largest markets in the United States, including all of the 20 largest markets. Therefore, no one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

Our displays are located on owned land, leased land or land for which we have acquired permanent easements. The majority of the advertising structures on which our displays are mounted require permits. Permits are granted for the right to operate an advertising structure as long the structure is used in compliance with the laws and regulations of the applicable jurisdiction.

### *Competition*

The outdoor advertising industry in the Americas is fragmented, consisting of several larger companies involved in outdoor advertising, such as CBS and Lamar Advertising Company, as well as numerous smaller and local companies operating a limited number of displays in a single market or a few local markets. We also compete with other advertising media in our respective markets, including broadcast and cable television, radio, print media, direct mail, the Internet and other forms of advertisement. Outdoor advertising companies compete primarily based on ability to reach consumers, which is driven by location of the display.

**Table of Contents****International Outdoor Advertising*****Sources of Revenue***

Our International outdoor segment generated 27%, 27% and 28% of our revenue in 2013, 2012 and 2011, respectively, and 27% of our revenue in the three months ended March 31, 2014. International outdoor advertising revenue is derived from the sale of traditional advertising copy placed on our display inventory and electronic displays which are part of our network of digital displays. Our International outdoor display inventory consists primarily of street furniture displays, billboards, transit displays and other out-of-home advertising displays. The following table shows the approximate percentage of revenue derived from each inventory category of our International outdoor segment:

	<b>Three Months</b>			
	<b>Ended March 31,</b>	<b>Years Ended December 31,</b>		
	<b>2014</b>	<b>2013</b>	<b>2012</b>	<b>2011</b>
Street furniture displays	48%	48%	46%	43%
Billboards <sup>(1)</sup>	23%	23%	26%	28%
Transit displays	10%	9%	8%	9%
Other <sup>(2)</sup>	19%	20%	20%	20%
<b>Total</b>	<b>100%</b>	<b>100%</b>	<b>100%</b>	<b>100%</b>

(1) Includes revenue from posters and neon displays. We sold our neon business during the third quarter of 2012.

(2) Includes advertising revenue from mall displays, other small displays, and non-advertising revenue from sales of street furniture equipment, cleaning and maintenance services, operation of Smartbike programs and production revenue.

Our International outdoor segment generates revenues worldwide from local, regional and national sales. Similar to our Americas outdoor business, advertising rates generally are based on the gross ratings points of a display or group of displays. The number of impressions delivered by a display, in some countries, is weighted to account for such factors as illumination, proximity to other displays and the speed and viewing angle of approaching traffic.

While location, price and availability of displays are important competitive factors, we believe that providing quality customer service and establishing strong client relationships are also critical components of sales. Our entrepreneurial culture allows local management to operate their markets as separate profit centers, encouraging customer cultivation and service.

***Street Furniture Displays***

Our International street furniture displays, available in traditional and digital formats, are substantially similar to their Americas street furniture counterparts, and include bus shelters, freestanding units, various types of kiosks, benches

and other public structures. Internationally, contracts with municipal and transit authorities for the right to place our street furniture in the public domain and sell advertising on such street furniture typically provide for terms ranging from 10 to 15 years. The major difference between our International and Americas street furniture businesses is in the nature of the municipal contracts. In our International outdoor business, these contracts typically require us to provide the municipality with a broader range of metropolitan amenities such as bus shelters with or without advertising panels, information kiosks and public wastebaskets, as well as space for the municipality to display maps or other public information. In exchange for providing such metropolitan amenities and display space, we are authorized to sell advertising space on certain sections of the structures we erect in the public domain. Our International street furniture is typically sold to clients as network packages of multiple street furniture displays, with contract terms ranging from one to two weeks. Client contracts are also available with terms of up to one year.

#### *Billboards*

The sizes of our International billboards are not standardized. The billboards vary in both format and size across our networks, with the majority of our International billboards being similar in size to our posters used in our Americas outdoor business. Our International billboards are sold to clients as network packages with contract terms typically ranging from one to two weeks. Long-term client contracts are also available and typically have terms of up to one year. We lease the majority of our billboard sites from private landowners. Billboards include posters and are available in traditional and digital formats.

#### *Transit Displays*

Our International transit display contracts are substantially similar to their Americas transit display counterparts, and typically require us to make only a minimal initial investment and few ongoing maintenance expenditures. Contracts with public transit authorities or private transit operators typically have terms ranging from three to seven years. Our client contracts for transit displays, either traditional or digital, generally have terms ranging from one week to one year, or longer.

## **Table of Contents**

### *Other International Displays and Services*

The balance of our revenue from our International outdoor segment consists primarily of advertising revenue from mall displays, other small displays and non-advertising revenue from sales of street furniture equipment, cleaning and maintenance services and production revenue. Internationally, our contracts with mall operators generally have terms ranging from five to ten years and client contracts for mall displays generally have terms ranging from one to two weeks, but are available for periods up to six months. Our International inventory includes other small displays that are counted as separate displays since they form a substantial part of our network and International outdoor advertising revenue. We also have a Smartbike bicycle rental program which provides bicycles for rent to the general public in several municipalities. In exchange for providing the bike rental program, we generally derive revenue from advertising rights to the bikes, bike stations, additional street furniture displays, or fees from the local municipalities. In several of our International markets, we sell equipment or provide cleaning and maintenance services as part of a billboard or street furniture contract with a municipality.

### *Advertising Inventory and Markets*

As of December 31, 2013, we owned or operated more than 570,000 displays in our International outdoor segment, with operations across 28 countries. Our International outdoor display count includes display faces, which may include multiple faces on a single structure, as well as small, individual displays. As a result, our International outdoor display count is not comparable to our Americas outdoor display count, which includes only unique displays. No one property is material to our overall operations. We believe that our properties are in good condition and suitable for our operations.

### *Competition*

The international outdoor advertising industry is fragmented, consisting of several larger companies involved in outdoor advertising, such as JCDecaux and ExteriorMedia, as well as numerous smaller and local companies operating a limited number of displays in a single market or a few local markets. We also compete with other advertising media in our respective markets, including broadcast and cable television, radio, print media, direct mail, the Internet and other forms of advertisement. Outdoor companies compete primarily based on ability to reach consumers, which is driven by location of the display.

### **Other**

Our Other category includes our 100%-owned media representation firm, Katz Media, as well as other general support services and initiatives which are ancillary to our other businesses.

Katz Media, a leading media representation firm in the U.S. for radio and television stations, sells national spot advertising time for clients in the radio and television industries throughout the United States. As of December 31, 2013, Katz Media represented more than 4,000 radio stations, approximately one-fifth of which are owned by us. Katz Media also represents approximately 800 television and digital multicast stations.

Katz Media generates revenue primarily through contractual commissions realized from the sale of national spot and online advertising. National spot advertising is commercial airtime sold to advertisers on behalf of radio and television stations. Katz Media represents its media clients pursuant to media representation contracts, which typically have terms of up to ten years in length.

### **Employees**

As of March 31, 2014, we had approximately 15,000 domestic employees and approximately 4,600 international employees, of which approximately 18,100 were in direct operations and 1,500 were in administrative or corporate related activities. Approximately 900 of our employees are subject to collective bargaining agreements in their respective countries. We are a party to numerous collective bargaining agreements, none of which represent a significant number of employees. We believe that our relationship with our employees is good.

### **Regulation of our Media and Entertainment Business**

#### ***General***

The following is a brief summary of certain statutes, regulations, policies and proposals affecting our media and entertainment business. For example, radio broadcasting is subject to the jurisdiction of the FCC under the Communications Act. The Communications Act permits the operation of a radio broadcast station only under a license issued by the FCC upon a finding that grant of the license would serve the public interest, convenience and necessity. Among other things, the Communications Act empowers the FCC to: issue, renew, revoke and modify broadcasting licenses; assign frequency bands for broadcasting; determine stations' frequencies, locations, power and other technical parameters; impose penalties for violation of its regulations, including monetary forfeitures and, in extreme cases, license revocation; impose annual regulatory and application processing fees; and adopt and implement regulations and policies affecting the ownership, program content, employment practices and many other aspects of the operation of broadcast stations.

This summary does not comprehensively cover all current and proposed statutes, regulations and policies affecting our media and entertainment business. Reference should be made to the Communications Act and other relevant statutes, regulations, policies and proceedings for further information concerning the nature and extent of regulation of our media and entertainment business. Finally, several of the following matters are now, or may become, the subject of court litigation, and we cannot predict the outcome of any such litigation or its impact on our media and entertainment business.

#### ***License Assignments***

The Communications Act prohibits the assignment of a license or the transfer of control of an FCC licensee without prior FCC approval. Applications for license assignments or transfers involving a substantial change in ownership are subject to a 30-day period for public comment, during which petitions to deny the application may be filed and considered by the FCC.

#### ***License Renewal***

The FCC grants broadcast licenses for a term of up to eight years. The FCC will renew a license for an additional eight-year term if, after consideration of the renewal application and any objections thereto, it finds that the station has served the public interest, convenience and necessity and that, with respect to the station seeking renewal, there have been no serious violations of either the Communications Act or the FCC's rules and regulations by the licensee and no other such violations which, taken together, constitute a pattern of abuse. The FCC may grant the license renewal application with or without conditions, including renewal for a term less than eight years. The vast majority of radio licenses are renewed by the FCC for the full eight-year term. While we cannot guarantee the grant of any future renewal application, our stations' licenses historically have been renewed for the full eight-year term.

#### ***Ownership Regulation***

FCC rules and policies define the interests of individuals and entities, known as attributable interests, which implicate FCC rules governing ownership of broadcast stations and other specified mass media entities. Under these rules, attributable interests generally include: (1) officers and directors of a licensee or of its direct or indirect parent; (2) general partners; (3) limited partners and limited liability company members, unless properly insulated from management activities; (4) a 5% or more direct or indirect voting stock interest in a corporate licensee or parent, except that, for a narrowly defined class of passive investors, the attribution threshold is a 20% or more voting stock interest; and (5) combined equity and debt interests in excess of 33% of a licensee's total asset value, if the interest holder provides over 15% of the licensee station's total weekly programming, or has an attributable broadcast or newspaper interest in the same market (the EDP Rule). An entity that owns one or more radio stations in a market and programs more than 15% of the broadcast time, or sells more than 15% per week of the advertising time, on a radio station in the same market is generally deemed to have an attributable interest in that station.

## Table of Contents

Debt instruments, non-voting corporate stock, minority voting stock interests in corporations having a single majority stockholder, and properly insulated limited partnership and limited liability company interests generally are not subject to attribution unless such interests implicate the EDP Rule. To the best of our knowledge at present, none of our officers, directors or 5% or greater shareholders holds an interest in another television station, radio station or daily newspaper that is inconsistent with the FCC's ownership rules.

The FCC is required to conduct periodic reviews of its media ownership rules. In 2003, the FCC, among other actions, modified the radio ownership rules and adopted new cross-media ownership limits. The U.S. Court of Appeals for the Third Circuit initially stayed implementation of the new rules. Later, it lifted the stay as to the radio ownership rules, allowing the modified rules to go into effect. It retained the stay on the cross-media ownership limits and remanded them to the FCC for further justification (leaving in effect separate pre-existing FCC rules governing newspaper-broadcast and radio-television cross-ownership). In 2007, the FCC adopted a decision that revised the newspaper-broadcast cross-ownership rule but made no changes to the radio ownership or radio-television cross-ownership rules. In 2011, the U.S. Court of Appeals for the Third Circuit vacated the FCC's revisions to the newspaper-broadcast cross-ownership rule and otherwise upheld the FCC's decision to retain the current radio ownership and radio-television cross-ownership rules. The U.S. Supreme Court denied review of the Third Circuit's decision. The FCC began a periodic review of its media ownership rules in 2010, and has issued a notice of proposed rulemaking, but did not complete the proceeding. The FCC has commenced its 2014 periodic review and has incorporated the record of the 2010 review proceeding with a further notice of proposed rulemaking. We cannot predict the outcome of the FCC's media ownership proceedings or their effects on our business in the future.

Irrespective of the FCC's radio ownership rules, the Antitrust Division of the DOJ and the FTC have the authority to determine that a particular transaction presents antitrust concerns. In particular, where the proposed purchaser already owns one or more radio stations in a particular market and seeks to acquire additional radio stations in that market, the DOJ has, in some cases, obtained consent decrees requiring radio station divestitures.

The current FCC ownership rules relevant to our business are summarized below.

***Local Radio Ownership Rule.*** The maximum allowable number of radio stations that may be commonly owned in a market is based on the size of the market. In markets with 45 or more stations, one entity may have an attributable interest in up to eight stations, of which no more than five are in the same service (AM or FM). In markets with 30-44 stations, one entity may have an attributable interest in up to seven stations, of which no more than four are in the same service. In markets with 15-29 stations, one entity may have an attributable interest in up to six stations, of which no more than four are in the same service. In markets with 14 or fewer stations, one entity may have an attributable interest in up to five stations, of which no more than three are in the same service, so long as the entity does not have an interest in more than 50% of all stations in the market. To apply these ownership tiers, the FCC relies on Arbitron Metro Survey Areas, where they exist, and a signal contour-overlap methodology where they do not exist. An FCC rulemaking is pending to determine how to define radio markets for stations located outside Arbitron Metro Survey Areas.

***Newspaper-Broadcast Cross-Ownership Rule.*** FCC rules generally prohibit an individual or entity from having an attributable interest in either a radio or television station and a daily newspaper located in the same market.

***Radio-Television Cross-Ownership Rule.*** FCC rules permit the common ownership of one television and up to seven same-market radio stations, or up to two television and six same-market radio stations, depending on the number of independent media voices in the market and on whether the television and radio components of the combination comply with the television and radio ownership limits, respectively.

## **Table of Contents**

### ***Alien Ownership Restrictions***

The Communications Act restricts foreign entities or individuals from owning or voting more than 20% of the equity of a broadcast licensee directly and more than 25% indirectly (i.e., through a parent company), unless the FCC has made a finding that greater foreign ownership is in the public interest. Since we serve as a holding company for FCC licensee subsidiaries, we have been effectively restricted from having more than one-fourth of our stock owned or voted directly or indirectly by foreign entities or individuals. In November 2013, the FCC clarified that it would entertain and authorize, on a case-by-case basis and upon sufficient public interest showing, proposals to exceed the 25% foreign ownership limit in broadcasting holding companies.

### ***Indecency Regulation***

Federal law regulates the broadcast of obscene, indecent or profane material. Legislation enacted by Congress provides the FCC with authority to impose fines of up to \$325,000 per utterance with a cap of \$3.0 million for any violation arising from a single act. In June 2012, the U.S. Supreme Court ruled on the appeals of several FCC indecency enforcement actions. While setting aside the particular FCC actions under review on narrow due process grounds, the Supreme Court declined to rule on the constitutionality of the FCC's indecency policies, and the FCC has since solicited public comment on those policies. We have received, and may receive in the future, letters of inquiry and other notifications from the FCC concerning complaints that programming aired on our stations contains indecent or profane language. We cannot predict the outcome of our outstanding letters of inquiry and notifications from the FCC or the nature or extent of future FCC indecency enforcement actions.

### ***Equal Employment Opportunity***

The FCC's rules require broadcasters to engage in broad equal opportunity employment recruitment efforts, retain data concerning such efforts and report much of this data to the FCC and to the public via stations' public files and websites. Broadcasters could be sanctioned for noncompliance.

### ***Technical Rules***

Numerous FCC rules govern the technical operating parameters of radio stations, including permissible operating frequency, power and antenna height and interference protections between stations. Changes to these rules could negatively affect the operation of our stations. For example, in January 2011 a law that eliminates certain minimum distance separation requirements between full-power and low-power FM radio stations was enacted, which could lead to increased interference between our stations and low-power FM stations. In March 2011, the FCC adopted policies which, in certain circumstances, could make it more difficult for radio stations to relocate to increase their population coverage.

### ***Content, Licenses and Royalties***

We must pay royalties to copyright owners of musical compositions (typically, songwriters and publishers) whenever we broadcast or stream musical compositions. Copyright owners of musical compositions most often rely on intermediaries known as performance rights organizations to negotiate so-called "blanket" licenses with copyright users, collect royalties under such licenses and distribute them to copyright owners. We have obtained public performance licenses from, and pay license fees to, the three major performance rights organizations in the United States known as the American Society of Composers, Authors and Publishers, or ASCAP, Broadcast Music, Inc., or BMI, and SESAC, Inc., or SESAC.

To secure the rights to stream music content over the Internet, we also must obtain performance rights licenses and pay performance rights royalties to copyright owners of sound recordings (typically, performing artists and recording companies). Under Federal statutory licenses, we are permitted to stream any lawfully released sound recordings and to make reproductions of these recordings on our computer servers without having to separately negotiate and obtain direct licenses with each individual copyright owner as long as we operate in compliance with the rules of statutory licenses and pay the applicable royalty rates to SoundExchange, the non-profit organization designated by the Copyright Royalty Board to collect and distribute royalties under these statutory licenses.

## **Table of Contents**

The rates at which we pay royalties to copyright owners are privately negotiated or set pursuant to a regulatory process. In addition, we have business arrangements directly with some copyright owners to receive deliveries of and, in some cases, to directly license their sound recordings for use in our Internet operations. There is no guarantee that the licenses and associated royalty rates that currently are available to us will be available to us in the future. Congress is considering legislation which may affect such rates, and additionally it may consider and adopt legislation that requires us to pay royalties to owners of copyrighted sound recordings for the broadcast of music on our radio stations. Increased royalty rates could significantly increase our expenses, which could adversely affect our business.

### ***Privacy and Data Protection***

We collect certain types of information from users of our technology platforms, including without limitation our websites, web pages, interactive features, applications, Twitter and Facebook pages, and mobile application ( Platforms ), in accordance with the privacy policies and terms of use posted on the applicable Platform. We collect personally identifiable information directly from Platform users in several ways, including when a user purchases our products or services, registers to use our services, fills out a listener profile, posts comments, uses our social networking features, participates in polls and contests and signs up to receive email newsletters. We also may obtain information about our listeners from other listeners and third parties. We use the information we collect about and from Platform users for a variety of business purposes.

As a company conducting business on the Internet, we are subject to a number of laws and regulations relating to consumer protection, information security, data protection and privacy, among other things. Many of these laws and regulations are still evolving and could be interpreted in ways that could harm our business. In the area of information security and data protection, the laws in several states require companies to implement specific information security controls to protect certain types of personally identifiable information. Likewise, all but a few states have laws in place requiring companies to notify users if there is a security breach that compromises certain categories of their personally identifiable information. Any failure on our part to comply with these laws may subject us to significant liabilities.

We have implemented commercially reasonable physical and electronic security measures to protect our proprietary business information and to protect against the loss, misuse, and alteration of our listeners' personally identifiable information. However, no security measures are perfect or impenetrable, and we may be unable to anticipate or prevent unauthorized access to such information. Any failure or perceived failure by us to protect our information or information about our listeners or to comply with our policies or applicable regulatory requirements could result in damage to our business and loss of confidence in us, damage to our brands, the loss of listeners, consumers, business partners and advertisers, as well as proceedings against us by governmental authorities or others, which could harm our business.

### ***Other***

Congress, the FCC and other government agencies and regulatory bodies may in the future adopt new laws, regulations and policies that could affect, directly or indirectly, the operation, profitability and ownership of our broadcast stations and Internet-based audio music services. In addition to the regulations and other arrangements noted above, such matters may include, for example: proposals to impose spectrum use or other fees on FCC licensees; changes to the political broadcasting rules, including the adoption of proposals to provide free air time to candidates; restrictions on the advertising of certain products, such as beer and wine; frequency allocation, spectrum reallocations and changes in technical rules; and the adoption of significant new programming and operational requirements designed to increase local community-responsive programming and enhance public interest reporting requirements.

**Regulation of our Americas and International Outdoor Advertising Businesses**

The outdoor advertising industry in the United States is subject to governmental regulation at the federal, state and local levels. These regulations may include, among others, restrictions on the construction, repair, maintenance, lighting, upgrading, height, size, spacing and location and permitting of and, in some instances, content of advertising copy being displayed on outdoor advertising structures. In addition, international regulations have a significant impact on the outdoor advertising industry. International regulation of the outdoor advertising industry can vary by municipality, region and country, but generally limits the size, placement, nature and density of out-of-home displays. Other regulations may limit the subject matter and language of out-of-home displays.

## Table of Contents

From time to time, legislation has been introduced in both the United States and foreign jurisdictions attempting to impose taxes on revenue from outdoor advertising or for the right to use outdoor advertising assets. Several jurisdictions have imposed such taxes as a percentage of our outdoor advertising revenue generated in that jurisdiction. In addition, some jurisdictions have taxed our personal property and leasehold interests in advertising locations using various valuation methodologies. We expect U.S. and foreign jurisdictions to continue to try to impose such taxes as a way of increasing revenue. In recent years, outdoor advertising also has become the subject of targeted taxes and fees. These laws may affect prevailing competitive conditions in our markets in a variety of ways. Such laws may reduce our expansion opportunities or may increase or reduce competitive pressure from other members of the outdoor advertising industry. No assurance can be given that existing or future laws or regulations, and the enforcement thereof, will not materially and adversely affect the outdoor advertising industry. However, we contest laws and regulations that we believe unlawfully restrict our constitutional or other legal rights and may adversely impact the growth of our outdoor advertising business.

In the United States, federal law, principally the HBA, regulates outdoor advertising on Federal-Aid Primary, Interstate and National Highway Systems roads within the United States ( controlled roads ). The HBA regulates the size and placement of billboards, requires the development of state standards, mandates a state s compliance program, promotes the expeditious removal of illegal signs and requires just compensation for takings.

To satisfy the HBA s requirements, all states have passed billboard control statutes and regulations that regulate, among other things, construction, repair, maintenance, lighting, height, size, spacing and the placement and permitting of outdoor advertising structures. We are not aware of any state that has passed control statutes and regulations less restrictive than the prevailing federal requirements on the federal highway system, including the requirement that an owner remove any non-grandfathered, non-compliant signs along the controlled roads, at the owner s expense and without compensation. Local governments generally also include billboard control as part of their zoning laws and building codes regulating those items described above and include similar provisions regarding the removal of non-grandfathered structures that do not comply with certain of the local requirements. Some local governments have initiated code enforcement and permit reviews of billboards within their jurisdiction. In some instances we have had to remove billboards as a result of such reviews.

As part of their billboard control laws, state and local governments regulate the construction of new signs. Some jurisdictions prohibit new construction, some jurisdictions allow new construction only to replace or relocate existing structures and some jurisdictions allow new construction subject to the various restrictions discussed above. In certain jurisdictions, restrictive regulations also limit our ability to relocate, rebuild, repair, maintain, upgrade, modify or replace existing legal non-conforming billboards.

U.S. federal law neither requires nor prohibits the removal of existing lawful billboards, but it does mandate the payment of compensation if a state or political subdivision compels the removal of a lawful billboard along the controlled roads. In the past, state governments have purchased and removed existing lawful billboards for beautification purposes using federal funding for transportation enhancement programs, and these jurisdictions may continue to do so in the future. From time to time, state and local government authorities use the power of eminent domain and amortization to remove billboards. Thus far, we have been able to obtain satisfactory compensation for, or relocation of, our billboards purchased or removed as a result of these types of governmental action, although there is no assurance that this will continue to be the case in the future.

We have introduced and intend to expand the deployment of digital billboards that display static digital advertising copy from various advertisers that change up to several times per minute. We have encountered some existing regulations in the U.S. and across some international jurisdictions that restrict or prohibit these types of digital displays. However, since digital technology for changing static copy has only recently been developed and introduced

into the market on a large scale, and is in the process of being introduced more broadly in our international markets, existing regulations that currently do not apply to digital technology by their terms could be revised to impose greater restrictions. These regulations, or actions by third parties, may impose greater restrictions on digital billboards due to alleged concerns over aesthetics or driver safety.

### **Properties**

#### ***Corporate***

Our corporate headquarters are located in San Antonio, Texas, where we own an approximately 55,000 square foot executive office building and an approximately 123,000 square foot data and administrative service center. In addition, certain of our executive and other operations are located in New York, New York, Phoenix, Arizona and London, England.

#### **CCME**

The types of properties required to support each of our radio stations include offices, studios, transmitter sites and antenna sites. We either own or lease our transmitter and antenna sites. These leases generally have expiration dates that range from five to 15 years. A radio station's studios are generally housed with its offices in downtown or business districts. A radio station's transmitter sites and antenna sites are generally located in a manner that provides maximum market coverage.

#### ***Americas Outdoor and International Outdoor Advertising***

The types of properties required to support each of our outdoor advertising branches include offices, production facilities and structure sites. An outdoor branch and production facility is generally located in an industrial or warehouse district.

With respect to each of the Americas outdoor and International outdoor segments, we primarily lease our outdoor display sites and own or have acquired permanent easements for relatively few parcels of real property that serve as the sites for our outdoor displays. Our leases generally range from month-to-month to year-to-year and can be for terms of 10 years or longer, and many provide for renewal options.

There is no significant concentration of displays under any one lease or subject to negotiation with any one landlord. We believe that an important part of our management activity is to negotiate suitable lease renewals and extensions.

#### ***Consolidated***

The studios and offices of our radio stations and outdoor advertising branches are located in leased or owned facilities. These leases generally have expiration dates that range from one to 40 years. We do not anticipate any difficulties in renewing those leases that expire within the next several years or in leasing other space, if required. We own substantially all of the equipment used in our CCME and outdoor advertising businesses.

### **Legal Proceedings**

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of

operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

**Table of Contents****Los Angeles Litigation**

In 2008, Summit Media, LLC, one of our competitors, sued the City of Los Angeles (the City), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties. Pursuant to the settlement agreement, Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays pursuant to modernization permits issued through an administrative process of the City. The Los Angeles Superior Court ruled in January 2010 that the settlement agreement constituted an ultra vires act of the City and nullified its existence, but did not invalidate the modernization permits issued to Clear Channel Outdoor, Inc. and CBS. All parties appealed the ruling by the Los Angeles Superior Court to the Court of Appeal for the State of California, Second Appellate District, Division 8. On December 10, 2012, the Court of Appeal issued an order upholding the Superior Court's finding that the settlement agreement was ultra vires and remanding the case to the Superior Court for the purpose of invalidating the modernization permits issued to Clear Channel Outdoor, Inc. and CBS for the digital displays that were the subject of the settlement agreement. On January 22, 2013, Clear Channel Outdoor, Inc. filed a petition with the California Supreme Court requesting its review of the matter, and the Supreme Court denied that petition on February 27, 2013. On April 12, 2013, the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling) and 13 issued to CBS and ordered that the companies turn off the electrical power to affected digital displays by the close of business on April 15, 2013. Clear Channel Outdoor, Inc. has complied with the order. On April 16, 2013, the Court conducted further proceedings during which it held that it was not invalidating two additional digital modernization permits that Clear Channel Outdoor, Inc. had secured through a special zoning plan and confirmed that its April 12 order invalidated only digital modernization permits — no other types of permits the companies may have secured for the signs at issue. Summit Media, LLC filed a further motion requesting that the Court order the demolition of the 82 sign structures on which the now-invalidated digital signs operated, as well as the invalidation of several other permits for traditional signs allegedly issued under the settlement agreement. At a hearing held on November 22, 2013, the Court denied Summit Media, LLC's demolition motion by allowing the 82 sign structures and their LED faces to remain intact, thus allowing Clear Channel Outdoor, Inc. to seek permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs. The Court further confirmed the invalidation of all permits issued under the settlement agreement. In anticipation of this order, Clear Channel Outdoor, Inc. had removed six static billboard facings solely permitted under the settlement agreement. At a hearing held on January 21, 2014, the court denied Summit Media, LLC's motion for attorney's fees on the basis that Summit Media, LLC had a substantial financial interest in the outcome of the litigation and, therefore, was not entitled to fees under California's private attorney general statute. On March 12, 2014, Summit Media, LLC filed notices of appeal of the orders denying Summit Media, LLC's fee petition and denying in part Summit Media, LLC's demolition motion.

**Table of Contents****MANAGEMENT**

Clear Channel is a wholly-owned indirect subsidiary of CCMH. The following table sets forth information regarding the directors and executive officers of CCMH and Clear Channel, as of March 31, 2014.

*David C. Abrams* is the managing member of Abrams Capital, a Boston-based investment firm he founded in 1999. Abrams Capital manages approximately \$7 billion in assets across a wide spectrum of investments. Mr. Abrams has been a director of CCMH and Clear Channel since July 30, 2008. Mr. Abrams also serves on the board of managers of Clear Channel Capital I, LLC and the boards of several private companies. Mr. Abrams previously served on the board of directors of Crown Castle International, Inc. Mr. Abrams received a B.A. from the University of Pennsylvania. He serves as a member of The Berklee College of Music Board of Trustees and as an overseer of the College of Arts and Sciences at the University of Pennsylvania. Mr. Abrams was selected to serve as a director because of his experience in acquisitions and financings gained through his work at Abrams Capital and his strategic experience gained through serving on the boards of directors of public and private companies.

*Irving L. Azoff* has been a director of CCMH and Clear Channel since September 27, 2010. Mr. Azoff also serves on the board of managers of Clear Channel Capital I, LLC. Until his retirement on December 31, 2012, Mr. Azoff served as Executive Chairman and a member of the board of directors of Live Nation Entertainment, Inc. ( Live Nation ) since January 2010 and as Chairman of the Board of Live Nation since February 2011. Until his retirement on December 31, 2012, Mr. Azoff also served as Chairman and CEO of Front Line Management Group Inc. since January 2005. Before joining Live Nation in 2010, Mr. Azoff was CEO of Ticketmaster Entertainment, Inc. since October 2008. Mr. Azoff is the chairman and founder of Azoff Music Management and the personal manager of the Eagles, who he has managed since 1974, Christina Aguilera, Van Halen and Steely Dan. Mr. Azoff also is Chairman and CEO of Azoff MSG (Madison Square Garden) Entertainment, LLC. Mr. Azoff was selected to serve as a director because of his extensive experience in the entertainment industry.

*Richard J. Bressler* was appointed as President and Chief Financial Officer of CCMH, Clear Channel and Clear Channel Capital I, LLC and as Chief Financial Officer of CCOH on July 29, 2013. Prior thereto, Mr. Bressler was a

Managing Director at THL. Prior to joining THL, Mr. Bressler was the Senior Executive Vice President and Chief Financial Officer of Viacom, Inc. from 2001 through 2005. He also served as Chairman and Chief Executive Officer of Time Warner Digital Media and, from 1995 to 1999, was Executive Vice President and Chief Financial Officer of Time Warner, Inc. On March 31, 2011, Mr. Walls was appointed to serve in the newly-created Office of the Chief Executive Officer of CCMH, Clear Channel and CCOH, in addition to his existing offices. Mr. Walls served in the Office of the Chief Executive Officer of CCMH and Clear Channel until October 2, 2011, and served in the Office of the Chief Executive Officer of CCOH until January 24, 2012. Mr. Walls was a founding partner of Post Oak Energy Capital, LP and served as Managing Director through December 31, 2009, and as an advisor through December 31, 2013.

**Board of Directors**

Clear Channel Capital and Clear Channel are wholly-owned subsidiaries of CCMH. CCMH's board, which currently consists of 13 members, is responsible for overseeing the direction of CCMH and for establishing broad corporate policies. However, in accordance with corporate legal principles, it is not involved in day-to-day operating details. Members of the board of directors of CCMH are kept informed of CCMH's business through discussions with the Chief Executive Officer, the Chief Financial Officer and other executive officers, by reviewing analyses and reports sent to them, by receiving updates from board committees and by otherwise participating in board and committee meetings.

### ***Composition of the Board of Directors***

Holders of CCMH's Class A common stock, voting as a separate class, are entitled to elect two members of CCMH's board of directors (the "public directors"). For the election of the other members of CCMH's board, the holders of Class A common stock and Class B common stock will vote together as a single class. However, since several entities controlled by the Sponsors hold a majority of the outstanding capital stock and voting power of CCMH, the holders of CCMH's Class A common stock do not have the voting power to elect the remaining members of CCMH's board of directors. Pursuant to an amended and restated voting agreement (the "Voting Agreement") entered into among B Triple Crown Finco, LLC, T Triple Crown Finco, LLC, BT Triple Crown Merger Co., Inc., CCMH, Highfields Capital I LP, Highfields Capital II LP, Highfields Capital III L.P. and Highfields Capital Management LP (collectively, with Highfields Capital I LP, Highfields Capital II LP and Highfields Capital III L.P., "Highfields") on May 13, 2008, of the two members of CCMH's board of directors to be elected by holders of CCMH's Class A common stock, the parties to the Voting Agreement initially agreed that:

one of the directors, who was selected by Highfields Capital Management LP, would be Jonathon S. Jacobson, and Mr. Jacobson was named to the Nominating and Corporate Governance Committee of CCMH's board of directors; and

the other director, who was selected by the Nominating and Corporate Governance Committee after consultation with Highfields Capital Management LP, would be David C. Abrams.

Until the date that Highfields owns less than five percent of the Class A common stock of CCMH, CCMH will nominate two candidates for election by the holders of Class A common stock, of which one candidate (who initially was Mr. Jacobson) will be selected by Highfields Capital Management LP, and one candidate (who initially was Mr. Abrams) will be selected by the Nominating and Corporate Governance Committee after consultation with Highfields Capital Management LP. CCMH also has agreed that until the termination of the Voting Agreement and subject to the fiduciary duties of its board of directors, CCMH will cause at least one of the public directors to be appointed to each of the primary standing committees of the board of directors and, if such public director shall cease to serve as a director of CCMH or otherwise is unable to fulfill his or her duties on any such committee, CCMH shall cause the director to be succeeded by another public director.

### ***Board Committees***

The three primary standing committees of the board of directors of CCMH are the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each committee has a written charter, which guides its operations. The written charters are available on CCMH's Internet website at [www.clearchannel.com](http://www.clearchannel.com).

The board of directors of CCMH also has an Operating Committee, which currently is composed of James C. Carlisle, John P. Connaughton, Blair E. Hendrix and Scott M. Sperling. The purpose of the Operating Committee is to actively engage with management on strategy and execution of corporate and financial plans and goals, as well as such other responsibilities and duties as may be established by the board of directors from time to time.

### ***Independence of Directors***

The board of directors of CCMH has adopted the listing standards of the NASDAQ Stock Market LLC ( NASDAQ ) for determining the independence of its members. To be considered independent under NASDAQ rules, a director may not be employed by CCMH or engage in certain types of business dealings with CCMH. As required, the board of directors of CCMH has made a determination as to each independent director that no relationship exists which, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

**Table of Contents**

The board of directors of CCMH has affirmatively determined that David C. Abrams and Jonathon S. Jacobson are independent directors under the listing standards of NASDAQ. In making these determinations, the board of directors reviewed information provided by the directors and by CCMH with regard to the directors' business and personal activities as they relate to CCMH and its affiliates. In the ordinary course of business during 2013, we entered into various transactions with certain entities affiliated with members of the CCMH board of directors. CCMH's board of directors considered the following transactions and relationships in making their independence determinations with respect to Messrs. Abrams and Jacobson:

Two charities for which Mr. Abrams serves as a trustee or overseer paid us and our affiliates less than \$110,000 in the aggregate during 2013 for radio and outdoor advertising services.

Our affiliates paid an educational institution for which an immediate family member of Mr. Jacobson serves in an advisory capacity less than \$85,000 during 2013 for educational courses for employees. In addition, a charity for which an immediate family member of Mr. Jacobson serves as a director paid us and our affiliates less than \$30,000 during 2013 for radio and outdoor advertising services. Our affiliates also donated to the charity outdoor public service announcements (less than \$60,000 in aggregate value).

Funds affiliated with Mr. Abrams and Mr. Jacobson also own certain of Clear Channel's term loans and other debt securities, as described in *Certain Relationships and Related Party Transactions* *Commercial Transactions*.

The transactions described above are arms-length, ordinary course of business commercial, charitable or financing transactions that occurred during 2013 and we generally expect transactions of a similar nature to occur during 2014. In each case, the CCMH board of directors concluded that the transaction or relationship did not impair the independence of the director.

***Compensation Committee Interlocks and Insider Participation***

There were no interlocks among any of the directors who served as members of our Compensation Committee and any of our executive officers during 2013 and as of the date of this prospectus. During 2013, no member of the Compensation Committee simultaneously served as an executive officer of CCMH. Mr. Bressler ceased being a member of the Compensation Committee when he was appointed as our President and Chief Executive Officer on July 29, 2013. For relationships between members of the Compensation Committee and CCMH requiring disclosure under the SEC's rules governing disclosure of transactions with related persons, see *Certain Relationships and Related Party Transactions*.

**Table of Contents****COMPENSATION DISCUSSION AND ANALYSIS**

The following Compensation Discussion and Analysis contains statements regarding company and individual performance measures and other goals. These goals are disclosed in the limited context of CCMH's executive compensation program and should not be understood to be statements of management's expectations or estimates of results or other guidance. Further, CCMH's performance measures used for purposes of executive compensation, as described more fully below, differ from segment results reported in our financial statements. Segment results are used to measure the overall financial performance of CCMH's segments, while the performance measures used for compensation purposes are used in connection with assessing the performance of executives. CCMH specifically cautions investors not to apply the following discussion to other contexts.

**OVERVIEW AND OBJECTIVES OF CCMH'S COMPENSATION PROGRAM**

CCMH believes that compensation of CCMH's named executive officers should be directly and materially linked to operating performance. The fundamental objective of CCMH's compensation program is to attract, retain and motivate top quality executives through compensation and incentives which are competitive within the various labor markets and industries in which we compete for talent and which align the interests of our executives with the interests of our stockholders.

Overall, CCMH has designed CCMH's compensation program to:

support CCMH's business strategy and business plan by clearly communicating what is expected of executives with respect to goals and results and by rewarding achievement;

recruit, motivate and retain executive talent; and

align executive performance with stockholder interests.

CCMH seeks to achieve these objectives through a variety of compensation elements, as summarized below:

<b>Element</b>		<b>Form</b>	<b>Purpose</b>
Base salary	Cash		Provide a competitive level of base compensation in recognition of responsibilities, value to the company and individual performance
Bonus	Cash		Through annual incentive bonuses, discretionary bonuses and additional bonus opportunities, recognize and provide an incentive for performance that achieves specific corporate and/or individual goals intended to correlate closely with the growth of

Long-Term Incentive Compensation	Generally stock options, restricted stock, restricted stock units or other equity-based compensation	long-term stockholder value Incentivize achievement of long-term goals, enable retention and/or recognize achievements and promotions in each case aligning compensation over a multi-year period directly with the interests of stockholders by creating an equity stake
Other benefits and perquisites	Retirement plans, health and welfare plans and certain perquisites (such as club dues, relocation benefits and payment of legal fees in connection with promotions/new hires, personal use of aircraft, transportation and other services)	Provide tools for employees to pursue financial security through retirement benefits, promote the health and welfare of all employees and provide other specific benefits of value to individual executive officers
Severance	Varies by circumstances of separation	Facilitate an orderly transition in the event of management changes

**Table of Contents**

In May 2011, CCMH held a stockholder advisory vote on the compensation of CCMH's named executive officers. Approximately 91% of the votes cast on the matter approved the compensation of CCMH's named executive officers as disclosed in CCMH's 2011 proxy statement. Accordingly, CCMH made no significant changes to the objectives or structure of CCMH's executive compensation program.

**COMPENSATION PRACTICES**

CCMH's named executive officers for fiscal year 2013 are as follows:

**Robert W. Pittman**, CCMH's Chairman and Chief Executive Officer (Principal Executive Officer);

**Richard J. Bressler**, who became CCMH's President and Chief Financial Officer on July 29, 2013 (Principal Financial Officer);

**Thomas W. Casey**, who served as CCMH's Executive Vice President and Chief Financial Officer until July 29, 2013 (Principal Financial Officer);

**C. William Eccleshare**, CCMH's Chief Executive Officer - Outdoor (overseeing both CCMH's Americas and International outdoor divisions as Chief Executive Officer of CCMH's subsidiary, CCOH);

**John E. Hogan**, who served as CCMH's Chairman and Chief Executive Officer - Clear Channel Media & Entertainment (our Media & Entertainment division) until January 13, 2014; and

**Robert H. Walls, Jr.**, CCMH's Executive Vice President, General Counsel and Secretary.

CCMH's Compensation Committee typically determines total compensation, as well as the individual components of such compensation, of CCMH's named executive officers on an annual basis. However, because Mr. Eccleshare's responsibilities relate to CCMH's Outdoor divisions, CCMH's Compensation Committee only reviews his compensation, with final determination and approval of his compensation made by the Compensation Committee of the board of directors of CCMH's subsidiary, CCOH. For purposes of this Compensation Discussion and Analysis, CCMH sometimes refers to CCMH's Compensation Committee and CCOH's Compensation Committee collectively as the Compensation Committee. All compensation decisions are made within the scope of each named executive officer's employment agreement.

In making decisions with respect to each element of executive compensation, the applicable Compensation Committee considers the total compensation that may be awarded to the executive, including salary, annual incentive bonus and long-term incentive compensation. Multiple factors are considered in determining the amount of total compensation awarded to the named executive officers, including:

the terms of CCMH's named executive officers' employment agreements;

the Chief Executive Officer's recommendations (other than for himself);

the value of previous equity awards;

internal pay equity considerations; and

broad trends in executive compensation generally.

## **Table of Contents**

The goal is to award compensation that is reasonable when all elements of potential compensation are considered.

### **ELEMENTS OF COMPENSATION**

As described above, CCMH believes that a combination of various elements of compensation best serves the interests of CCMH and its stockholders. Having a variety of compensation elements enables CCMH to meet the requirements of the highly competitive environment in which CCMH operates while ensuring that CCMH's named executive officers are compensated in a way that advances the interests of all stockholders. Under this approach, executive compensation generally involves a significant portion of pay that is at risk, namely, the annual incentive bonus. The annual incentive bonus is based entirely on financial performance, individual performance or a combination of both. In conjunction with the annual incentive bonus awards, the applicable Compensation Committee also may provide annual discretionary bonuses or additional bonus opportunities to our named executive officers, which also would be based on financial performance, individual performance or a combination of both. Equity awards constitute a significant portion of long-term remuneration that is tied directly to stock price appreciation, which benefits all stockholders.

CCMH's practices with respect to each of the elements of executive compensation are set forth below, followed by a discussion of the specific factors relevant to the named executive officers.

#### **Base Salary**

Administration. Base salaries for executive officers typically are reviewed on an annual basis and at the time of promotion or other change in responsibilities. In general, any increases in salary will be based on the subjective evaluation of factors such as the level of responsibility, individual performance, level of pay both of the executive in question and other similarly situated executives and competitive pay practices. All decisions regarding increasing or decreasing an executive officer's base salary are made within the scope of the executive's respective employment agreement. In the case of CCMH's named executive officers, each of their employment agreements contains a minimum level of base salary, as described below under Executive Compensation Employment Agreements with the Named Executive Officers.

In reviewing base salaries, the applicable Compensation Committee considers the importance of linking a significant proportion of the named executive officer's compensation to performance in the form of the annual incentive bonus (plus any annual discretionary bonuses or additional bonus opportunities), which is tied to financial performance measures, individual performance, or a combination of both, as well as long-term incentive compensation.

Analysis. CCMH's named executive officers are eligible for annual raises commensurate with Company policy.

Mr. Pittman became CCMH's Chief Executive Officer on October 2, 2011, after serving as our Chairman of Media and Entertainment Platforms pursuant to a consulting agreement since November 15, 2010. Under his October 2, 2011 employment agreement, Mr. Pittman was provided an initial base salary of \$1,000,000. Mr. Pittman's annual base salary remained at that level for 2013. As described under Executive Compensation Employment Agreements with the Named Executive Officers, on January 13, 2014, CCMH and Mr. Pittman amended and restated his employment agreement, extending the initial term of his service until January 13, 2019. In connection with the amended and restated employment agreement, on January 13, 2014, Mr. Pittman's base salary increased to \$1,200,000. CCMH's Compensation Committee felt that this base salary, together with the restricted stock and other benefits and perquisites provided to Mr. Pittman under his amended and restated employment agreement, represented a competitive compensation package for Mr. Pittman.

Mr. Bressler became our President and Chief Financial Officer on July 29, 2013. Under his July 29, 2013 employment agreement, Mr. Bressler was provided with an initial base salary of \$1,200,000. CCMH's Compensation Committee felt that this base salary, together with the restricted stock and other benefits and perquisites provided to Mr. Bressler under his employment agreement, represented a competitive compensation package for Mr. Bressler.

**Table of Contents**

At the beginning of 2010, we hired Messrs. Casey and Walls. Under their employment agreements, Mr. Casey and Mr. Walls were provided initial base salaries of \$750,000 and \$550,000, respectively, consistent with our view of market rates for their positions at the time. In November 2011 the Compensation Committee approved an increase in the annual base salary of Mr. Walls from \$550,000 to \$750,000, effective as of October 1, 2011, and in February 2012 the Compensation Committee approved an increase in the annual base salary of Mr. Casey from \$750,000 to \$800,000, effective March 1, 2012, in recognition of their continued contribution and value to the organization. Their base salaries remained at those levels for 2013. Mr. Casey ceased serving as our Executive Vice President and Chief Financial Officer on July 29, 2013.

Mr. Eccleshare's base salary increased from £486,577 (or \$760,860 using the average exchange rate of £1=\$1.5637 for the year ended December 31, 2013) to \$1,000,000 in connection with his promotion to serve as our Chief Executive Officer Outdoor and Chief Executive Officer of CCMH's subsidiary, CCOH, on January 24, 2012. Mr. Eccleshare's base salary remained at that level for 2013.

In November 2010, we amended and restated the employment agreement of Mr. Hogan. Pursuant to his amended and restated employment agreement, Mr. Hogan received an annual base salary increase in November 2010 from \$800,000 to \$1,000,000 in recognition of his continued contribution and value to the organization, and his annual base salary remained at that level for 2011 and 2012. In connection with Mr. Hogan's relocation from San Antonio to New York City, Mr. Hogan's base salary increased from \$1,000,000 to \$1,125,000 on June 3, 2013. Mr. Hogan retired from his position as Chairman and Chief Executive Officer Clear Channel Media & Entertainment on January 13, 2014.

For a more detailed description of the employment agreements for CCMH's named executive officers, please refer to Executive Compensation Employment Agreements with the Named Executive Officers.

**Annual Incentive Bonus**

Administration. Messrs. Pittman, Bressler, Casey, Hogan and Walls and other key executives of CCMH participate in the CCMH's 2008 Annual Incentive Plan. Mr. Eccleshare and other key executives of CCOH participate in the CCOH Amended and Restated 2006 Annual Incentive Plan.

In July 2008, CCMH's sole stockholder at that time, Clear Channel Capital IV, LLC (CC IV), approved CCMH's 2008 Annual Incentive Plan (the CCMH Annual Incentive Plan). In May 2012, CCOH's stockholders approved the CCOH Amended and Restated 2006 Annual Incentive Plan (which was originally approved by CCOH's stockholders in April 2007) (the CCOH Annual Incentive Plan). The CCMH Annual Incentive Plan is administered by CCMH's Compensation Committee and the CCOH Annual Incentive Plan is administered by CCOH's Compensation Committee (collectively, both plans are referred to in this Compensation Discussion and Analysis as the Annual Incentive Plan). The Annual Incentive Plan is intended to provide an incentive to the named executive officers and other selected key executives to contribute to the growth, profitability and increased stockholder value and to retain such executives. Under the Annual Incentive Plan, participants are eligible for performance-based awards, which represent the conditional right to receive cash or other property based upon the achievement of pre-established performance goals within a specified performance period. No single participant may receive more than \$15,000,000 in awards in any calendar year. The CCOH Annual Incentive Plan is designed to allow awards to qualify for the performance-based compensation exception under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The performance goals for each named executive officer (other than Mr. Eccleshare) are set pursuant to an extensive annual operating plan developed by the Chief Executive Officer of CCMH in consultation with CCMH's Board, the Chief Financial Officer of CCMH and other senior executive officers of CCMH within any parameters specified

within each executive's employment agreement. The Chief Executive Officer of CCMH makes recommendations as to the compensation levels and performance goals of CCMH's named executive officers (other than his own and Mr. Eccleshare's) to CCMH's Compensation Committee for its review, consideration and approval. CCMH's Compensation Committee has complete discretion to accept, reject or modify the recommendations of the Chief Executive Officer of CCMH. CCMH's Compensation Committee determines the compensation levels and performance goals of Mr. Eccleshare, which are reviewed by CCMH's Compensation Committee.

**Table of Contents**

The 2013 annual incentive bonuses were based on the following performance goals (as further described below): (1) the performance goals for Messrs. Pittman and Walls were based on achievement of a targeted OIBDAN level on a Company-wide basis and certain qualitative performance objectives, which were directly relevant to their respective positions and responsibilities; (2) pursuant to his severance agreement and general release, for 2013 Mr. Casey's performance goals were based solely on achievement of a targeted OIBDAN level on a Company-wide basis; (3) Mr. Hogan's performance goals were based upon achievement of a targeted OIBDAN level for our Media & Entertainment division and certain qualitative performance objectives, which contributed to divisional performance, and his annual incentive bonus payment for 2013 was determined as part of his severance and general release; and (4) Mr. Eccleshare's performance goals were based upon achievement of a targeted OIBDAN level for CCOH and certain qualitative performance objectives, which contributed to CCOH's performance. For 2013, Mr. Bressler's employment agreement provided a guaranteed minimum annual incentive bonus and additional bonus opportunity. Messrs. Eccleshare and Hogan also were provided with additional bonus opportunities based on achievement of certain qualitative performance objectives directly relevant to their respective positions and responsibilities.

The annual incentive bonuses for Messrs. Eccleshare and Walls for 2013 and the payments made to Mr. Eccleshare in 2014 under the additional bonus opportunities are reflected in the Non-Equity Incentive Compensation Plan column of the Summary Compensation Table. The annual incentive bonus amounts are determined according to the level of achievement of the objective OIBDAN-based performance goals and the individual qualitative performance goals. No award is earned under the objective performance goal below a minimum threshold of performance (90% of the applicable target OIBDAN for each individual) and a maximum amount is earned under the objective performance goal for performance at or above a maximum level (115% of the applicable target OIBDAN for each individual). The applicable Compensation Committee may, in its discretion, reduce the awards earned pursuant to either the objective or individual qualitative performance goals, as applicable. Mr. Bressler's guaranteed minimum annual bonus and guaranteed additional bonus for 2013 and Mr. Hogan's annual bonus for 2013 pursuant to his severance agreement and general release are disclosed in the Bonus column of the Summary Compensation Table.

The Compensation Committee follows the process set forth below to determine the annual incentive bonuses and the additional bonus opportunities for the named executive officers:

at the outset of the fiscal year:

set performance goals for the year for CCMH, CCOH and the operating divisions;

set individual performance goals for each participant; and

set a target and maximum annual incentive bonus and a maximum additional bonus opportunity for each applicable participant; and

after the end of the fiscal year, determine the earned amounts by measuring actual performance against the predetermined goals of CCMH, CCOH and the operating divisions, as well as any individual performance goals.

For 2013, OIBDAN performance was negatively impacted by the macroeconomic environment. As a result, CCMH, CCOH and the operating divisions did not meet their OIBDAN targets and the annual incentive bonus awards were paid below the target bonus levels. Furthermore, none of the named executive officers received discretionary bonus awards with respect to 2013 performance.

Pursuant to their employment agreements, Messrs. Bressler, Eccleshare and Hogan were awarded additional bonus opportunities with respect to 2013 performance. Mr. Hogan did not earn an additional bonus amount for 2013. Mr. Bressler's additional bonus amount was guaranteed for 2013 pursuant to his employment agreement. To enhance the retention value of additional bonus awards, as described below, a significant portion of the earned additional bonus amount for Mr. Eccleshare with respect to 2013 and the entire amount of any future additional bonus award earned by Mr. Bressler beginning with respect to 2014 will be paid at a later date subject to continued employment.

**Table of Contents**

**Analysis.** In determining whether the 2013 financial performance goals were met, the Compensation Committee considered the financial results of CCMH, CCOH and the operating divisions from January 1, 2013 to December 31, 2013. For 2013, the performance-based goals applicable to the named executive officers are set forth below.

***Robert W. Pittman***

Pursuant to his October 2, 2011 employment agreement, CCMH's Compensation Committee determined that Mr. Pittman was eligible to receive a bonus with respect to 2013. Prior to CCMH's Compensation Committee determining the amount of Mr. Pittman's annual incentive bonus for 2013, Mr. Pittman declined to receive his bonus to make more funds available for bonus payments to other employees. Accordingly, Mr. Pittman received no annual incentive bonus with respect to 2013.

***Richard J. Bressler***

Pursuant to his employment agreement, Mr. Bressler was eligible to receive a target bonus of not less than 150% of his base salary (prorated to \$769,315 for the portion of 2013 during which he served as CCMH's President and Chief Financial Officer). In addition to the annual incentive bonus, Mr. Bressler was eligible for an additional annual bonus opportunity of up to \$500,000. Mr. Bressler's annual incentive bonus and annual bonus opportunity amounts were guaranteed for 2013 pursuant to his employment agreement. Accordingly, for 2013, Mr. Bressler received his guaranteed annual incentive bonus of \$769,315 and his guaranteed additional bonus of \$500,000.

***Thomas W. Casey***

Pursuant to his employment agreement, Mr. Casey's target bonus for 2013 was set at \$1,000,000, with a maximum bonus for 2013 set at \$2,000,000. Mr. Casey's bonus target and maximum were prorated to \$580,822 and \$1,161,644, respectively, for the portion of 2013 during which he served as CCMH's Executive Vice President and Chief Executive Officer. Pursuant to his severance agreement and general release, Mr. Casey's 2013 bonus was calculated based solely on company OIBDAN. The company-wide OIBDAN target for 2013 was \$2.100 billion. For purposes of calculating Mr. Casey's bonus, OIBDAN was calculated as reportable OIBDAN before restructuring charges, which is defined as consolidated net income (loss) adjusted to exclude the following items: non-cash compensation expense; income tax benefit (expense); other income (expense)-net; equity in earnings (loss) of nonconsolidated affiliates; gain (loss) on marketable securities; gain (loss) on extinguishment of debt; interest expense; other operating income (expense)-net; depreciation and amortization; impairment charges; restructuring charges; the impact of foreign currency and other items. Achieved OIBDAN for 2013 was approximately \$1.856 billion, which was below the OIBDAN minimum. Accordingly, Mr. Casey did not receive an annual incentive bonus for 2013. Pursuant to Mr. Casey's severance agreement and general release, his \$198,000 additional bonus opportunity with respect to 2012 performance was paid during 2013 in connection with his July 29, 2013 termination of employment. See Executive Compensation Potential Post-Employment Payments for a description of Mr. Casey's severance agreement and general release.

***C. William Eccleshare***

Pursuant to his employment agreement, Mr. Eccleshare's target bonus for 2013 was set at \$1,000,000, with 70% based on the achievement of OIBDAN at CCOH of \$932.8 million and 30% based on the achievement of the other qualitative performance objectives described below. His maximum bonus for 2013 was set at \$2,000,000. For purposes of calculating Mr. Eccleshare's bonus, OIBDAN was calculated as CCOH's reportable OIBDAN before restructuring charges, which is defined as consolidated net income (loss) adjusted to exclude the following items: non-cash compensation expense; income tax benefit (expense); other income (expense)-net; equity in earnings (loss) of nonconsolidated affiliates; gain (loss) on marketable securities; gain (loss) on extinguishment of debt; interest

expense; other operating income (expense)-net; depreciation and amortization; impairment charges; restructuring charges; the impact of foreign currency and other items. Mr. Eccleshare's individual qualitative performance objectives for 2013 consisted of: (1) reducing expenses in the Outdoor businesses; (2) developing and communicating a strategy, including bringing new advertising revenue to the Outdoor advertising sector; (3) raising

---

**Table of Contents**

the profile of CCOH; and (4) continuing to build leadership capabilities and a collaborative business environment. The 2013 CCOH OIBDAN was approximately \$862.7 million, which was below the OIBDAN target but above the OIBDAN minimum. Based on the achieved OIBDAN level, together with Mr. Eccleshare's level of achievement of his qualitative performance objectives described above, Mr. Eccleshare received an annual incentive bonus of \$679,833.

Pursuant to an additional bonus opportunity approved for Mr. Eccleshare by CCOH's Compensation Committee with respect to 2013 performance, Mr. Eccleshare also earned an additional \$252,000 supplemental bonus based on achieving the following additional performance objectives established by CCOH's Compensation Committee for Mr. Eccleshare with respect to the Outdoor business: (1) sharing best practices across CCOH; (2) developing a collaborative sales approach; (3) developing a plan to bring new advertising revenue to the Americas outdoor division and gaining market share; and (4) integrating the new President for the Americas outdoor division and solidifying the management team. Of the \$252,000 supplemental bonus earned with respect to 2013 performance, \$84,000 was paid at the end of February 2014, and the remaining \$168,000 will be paid in equal installments of \$84,000 each at the same time as the annual incentive bonus payments in 2015 and 2016 if Mr. Eccleshare remains employed on the applicable payment dates. In addition, at the end of February 2014, Mr. Eccleshare was paid the second of three \$99,000 installments earned pursuant to his additional bonus with respect to 2012 performance. The final \$99,000 installment of the 2012 additional bonus will be paid at the same time as the annual incentive bonus payments are paid generally in 2015 if Mr. Eccleshare remains employed on the payment date.

***John E. Hogan***

Pursuant to his employment agreement, Mr. Hogan's target bonus for 2013 was set at \$1,301,644, with 70% based on the achievement of target OIBDAN of \$1.351 billion for the Media & Entertainment division and 30% based on the achievement of the other qualitative performance objectives referenced below. His maximum bonus for 2013 was set at \$2,603,288. For purposes of calculating Mr. Hogan's bonus, OIBDAN was calculated in the manner described above for Mr. Casey, but with respect to the Media & Entertainment division. Mr. Hogan's individual qualitative performance objectives for 2013 consisted of: (1) continuing to build the brand and scope of iHeartRadio and the digital business; (2) achieving audience growth; (3) bringing new advertising revenue to the radio sector; (4) continuing to reduce expenses for the Media & Entertainment division; (5) developing and implementing improvement plans for specific businesses and continuing to develop talent and leadership in the Media & Entertainment division; and (6) continuing to work collaboratively with the Americas outdoor division. The Media & Entertainment division OIBDAN for 2013 was approximately \$1.175 billion, which was below the OIBDAN minimum. In connection with his severance agreement and general release, we and Mr. Hogan agreed that he would receive an annual bonus of \$77,250 for 2013 as part of his severance. In addition, pursuant to his January 13, 2014 severance agreement and general release, Mr. Hogan was paid the \$900,000 that he previously earned with respect to 2012 performance pursuant to the additional bonus opportunity.

Pursuant to his employment agreement, Mr. Hogan also was awarded an additional bonus opportunity of up to \$900,000 with respect to 2013 performance based on the following additional performance objectives established by CCMH's Compensation Committee with respect to the Media & Entertainment division: (1) developing specific initiatives to bring additional advertising revenues to the Media & Entertainment division; (2) continuing to develop new products; (3) supporting and creating value for the Company and its leadership; (4) developing and demonstrating new joint business opportunities with the Americas outdoor division; and (5) continuing to align the portfolio. Mr. Hogan did not earn an additional bonus amount with respect to 2013 performance.

***Robert H. Walls, Jr.***

Pursuant to his employment agreement, Mr. Walls' target bonus for 2013 was set at \$750,000, with 50% based on the achievement of a company-wide OIBDAN target of \$2.100 billion and 50% based on the achievement of the other qualitative performance objectives described below. His maximum bonus was set at \$1,500,000. For purposes of calculating Mr. Walls' bonus, OIBDAN was calculated in the manner described above for Mr. Casey. Mr. Walls' individual qualitative performance objectives for 2013 consisted of: (1) continuing to develop legal strategies to support the Media & Entertainment division; (2) continuing to expand the impact of the government affairs function; (3) resolving certain legal matters relating to CCOH; (4) continuing to implement initiatives in

**Table of Contents**

connection with the compliance and enterprise risk management program; and (5) focusing on the continued development of the legal department. Achieved OIBDAN for 2013 was approximately \$1.856 billion, which was below the OIBDAN minimum. Based on Mr. Walls' level of achievement of his qualitative performance objectives described above, Mr. Walls received an annual incentive bonus of \$318,750.

**Long-Term Incentive Compensation**

**Administration.** CCMH's named executive officers participate in CCMH's 2008 Executive Incentive Plan (the "CCMH Stock Incentive Plan") and/or CCOH's 2012 Stock Incentive Plan or CCOH's previous 2005 Stock Incentive Plan (collectively, the CCOH 2005 Stock Incentive Plan and the CCOH 2012 Stock Incentive Plan are referred to as the "CCOH Stock Incentive Plan"), which allow for the issuance of incentive and non-statutory stock options, restricted stock and other equity awards. The CCMH Stock Incentive Plan is administered by CCMH's Board of Directors. The CCOH Stock Incentive Plan is administered by CCOH's Compensation Committee. See "Executive Compensation - Grants of Plan-Based Awards" for a more detailed description of the CCMH Stock Incentive Plan and the CCOH Stock Incentive Plan. As of December 31, 2013, there were 201 employees holding outstanding stock incentive awards under the CCMH Stock Incentive Plan and 344 employees holding outstanding stock incentive awards under the CCOH Stock Incentive Plan. In general, the level of long-term incentive compensation is determined based on an evaluation of competitive factors in conjunction with total compensation provided to the executive officers and the overall goals of the compensation program described above. Long-term incentive compensation historically has been paid in stock options and/or restricted stock or restricted stock units with time-vesting conditions and/or vesting conditions tied to predetermined performance goals. Equity ownership is important for purposes of executive retention and alignment of interests with stockholders.

**Stock Options, Restricted Stock and Restricted Stock Units.** Long-term incentive compensation may be granted to CCMH's named executive officers in the form of stock options, with exercise prices of not less than fair market value of CCMH or CCOH stock, as applicable, on the date of grant. CCMH typically defines fair market value as the closing price on the date of grant; however, in certain cases, the CCMH Board has determined an alternative fair market value in excess of the closing price of CCMH stock on the date of grant. Long-term incentive compensation also may be granted to CCMH's named executive officers in the form of restricted stock or restricted stock unit awards. Vesting schedules are set by the CCMH Board of Directors or the CCOH Compensation Committee, as applicable, in their discretion and vary on a case by case basis. All vesting is contingent on continued employment, with rare exceptions made by the applicable Board or Compensation Committee. See "Executive Compensation - Potential Post-Employment Payments" for a description of the treatment of the named executive officers equity awards upon termination or change in control. All decisions to award the named executive officers stock options, restricted stock or restricted stock units are in the sole discretion of the CCMH Board of Directors or the CCOH Compensation Committee, as applicable.

**Analysis.** CCMH did not provide stock options to named executive officers during 2013. In connection with his employment agreement, CCMH's Board of Directors granted Mr. Bressler an award of 910,000 shares of restricted stock on July 29, 2013, 250,000 shares of which vest based on time and 660,000 shares of which vest upon satisfaction of performance conditions. Similarly, on July 29, 2013, CCOH's Compensation Committee granted Mr. Bressler an award of 271,739 shares of restricted stock, which vest based on time. See "Executive Compensation - Grants of Plan-Based Awards" below for a description of the vesting of Mr. Bressler's awards.

As mentioned above, CCMH's Board of Directors and CCOH's Compensation Committee typically consider internal pay equity when determining the amount of long-term incentive compensation to grant to CCMH's named executive officers. However, they do so broadly and do not have a specific policy, or seek to follow established guidelines or formulas, to maintain a particular ratio of long-term incentive compensation among the named executive officers or

other executives. For further information about the 2013 long-term incentive awards, please refer to the Grants of Plan-Based Awards and the Employment Agreements with the Named Executive Officers sections appearing later under the Executive Compensation heading in this proxy statement.

### **Equity Award Grant Timing Practices**

Employee New Hires/Promotions Grant Dates. Grants of stock options and other equity awards, if any, to newly-hired or newly promoted employees generally are made at the time of hire or promotion or at the regularly scheduled meeting of the applicable Board of Directors or Compensation Committee immediately following the hire or promotion. However, timing may vary as provided in a particular employee's agreement or to accommodate the Board of Directors or Compensation Committee.

## **Table of Contents**

**Equity Awards for Directors.** Due to the ownership structure of CCMH and the representation on the Board of designees of the Sponsors and two other large stockholders, CCMH historically has not provided compensation, including any equity awards, to any members of the Board for their service as directors.

**Timing of Equity Awards.** CCMH does not have a formal policy on the timing of equity awards in connection with the release of material non-public information to affect the value of compensation. In the event that material non-public information becomes known to the applicable Board or Compensation Committee prior to granting equity awards, the Board or Compensation Committee will take the existence of such information under advisement and make an assessment in its business judgment regarding whether to delay the grant of the equity award in order to avoid any potential impropriety.

## **Executive Benefits and Perquisites**

Each of the named executive officers is entitled to participate in all pension, profit sharing and other retirement plans, and all group health, hospitalization, disability and other insurance and employee welfare benefit plans in which other similarly situated employees may participate. Mr. Eccleshare, who is a citizen of the United Kingdom, also is provided with private medical insurance and we contribute a portion of his salary to a private pension scheme in which he participates in the United Kingdom (or provide the cash benefits to him as salary in lieu of such contribution). We also provide certain other perquisites to the named executive officers.

**Aircraft Benefits.** From time to time, our officers use company aircraft for personal air travel, pursuant to the Aircraft Policy. In addition, during the term of his employment, CCMH agreed to make an aircraft available to Mr. Pittman for his business and personal use (including flights on which Mr. Pittman is not present) and will pay all costs associated with the provision of the aircraft. CCMH currently leases an airplane for Mr. Pittman's use, as described in Certain Relationships and Related Party Transactions.

**Club Dues, Automotive Benefits and Other Services.** CCMH also has agreed to make a car and driver available for Mr. Pittman's business and personal use in and around the New York area as well as anywhere else on CCMH's business. Mr. Eccleshare receives an automobile allowance and a leased car in the United Kingdom and we have agreed to make a car service available for his business use in the United States. In addition, Mr. Eccleshare is reimbursed for the annual dues for memberships in certain clubs and we provide supplemental life insurance benefits to Mr. Eccleshare.

**Relocation, Housing, Tax and Legal Review Benefits.** Since 2009, we have recruited and hired several new executive officers and have promoted and relocated executive officers, as well as other officers and key employees. As part of this process, the CCMH and CCOH Compensation Committees considered the benefits that would be appropriate to provide to facilitate and/or accelerate their relocation to our corporate locations. After experience recruiting and hiring several new executive officers and other key personnel since 2009, in October 2010 the CCMH and CCOH Compensation Committees adopted new company-wide tiered relocation policies reflecting these types of relocation benefits. The new relocation policies apply only in the case of a company-requested relocation and provide different levels of benefits based on the employee's level within the organization. In connection with his promotion to serve as the Chief Executive Officer of CCOH, Mr. Eccleshare relocated from our offices in London to our offices in New York City. Through the negotiation of his employment agreement, CCOH agreed to provide Mr. Eccleshare with certain additional benefits in consideration of his international relocation. Similarly, in connection with Mr. Hogan's relocation from our offices in San Antonio to our offices in New York City and in connection with the negotiation of an amendment to his employment agreement, we agreed to provide Mr. Hogan with certain additional relocation benefits. CCMH also paid Mr. Bressler's and Mr. Pittman's legal fees in connection with the negotiation of their employment agreements in 2013 and 2014, respectively. See Executive Compensation Employment Agreements with

the Named Executive Officers for a description of these additional benefits.

CCMH's Compensation Committee believes that the above benefits provide a more tangible incentive than an equivalent amount of cash compensation. In determining the named executive officers' total compensation, the Compensation Committee will consider these benefits. However, as these benefits and perquisites represent a relatively small portion of the named executive officers' total compensation (or, in the case of benefits such as

## **Table of Contents**

relocation benefits, are not intended to occur frequently for each named executive officer), it is unlikely that they will materially influence the Compensation Committee's decision in setting such named executive officers' total compensation. For further discussion of these benefits and perquisites, including the methodology for computing their costs, please refer to the Summary Compensation Table included in this prospectus, as well as the All Other Compensation table included in footnote (d) to the Summary Compensation Table. For further information about other benefits provided to the named executive officers, please refer to Executive Compensation Employment Agreements with the Named Executive Officers.

## **Severance Arrangements**

Pursuant to their respective employment agreements, each of CCMH's named executive officers is entitled to certain payments and benefits in certain termination situations or upon a change in control. In addition, in connection with Mr. Casey's July 29, 2013 termination of service and Mr. Hogan's January 13, 2014 retirement, we entered into a severance agreement and general release with each of Messrs. Casey and Hogan. CCMH believes that the severance arrangements facilitate an orderly transition in the event of changes in management. For further discussion of severance payments and benefits, see Executive Compensation Potential Post-Employment Payments set forth below in this prospectus.

## **Roles and Responsibilities**

Role of the Compensation Committee. As described above, CCMH's Compensation Committee primarily is responsible for conducting reviews of CCMH's executive compensation policies and strategies, overseeing and evaluating CCMH's overall compensation structure and programs, setting executive compensation and setting performance goals and evaluating the performance of executive officers against those goals, with the full Board approving equity awards. With respect to executive officers who are employed exclusively by our Outdoor divisions, CCMH's Compensation Committee reviews compensation; however, CCOH's Compensation Committee has the responsibility for conducting reviews of CCOH's executive compensation policies and strategies, overseeing and evaluating CCOH's overall compensation structure and programs, setting executive compensation, setting performance goals and evaluating the performance of executive officers against those goals and approving equity awards. The responsibilities of CCMH's Compensation Committee are described above under The Board of Directors' Committees of the Board.

Role of Executive Officers. CCMH's Chief Executive Officer provides reviews and recommendations regarding CCMH's executive compensation programs, policies and governance for CCMH's Compensation Committee's consideration. In the case of CCMH's Outdoor divisions, his recommendations incorporate the recommendations from CCOH's Chief Executive Officer (other than for himself). CCMH's Chief Executive Officer's responsibilities include, but are not limited to:

providing an ongoing review of the effectiveness of the compensation programs, including their level of competitiveness and their alignment with CCMH's objectives;

recommending changes and new programs, if necessary, to ensure achievement of all program objectives; and

recommending pay levels, payout and awards for the named executive officers other than himself.

Use of Compensation Consultants. During 2013, management engaged Mercer (US) Inc. to review and analyze, using its existing sources of data, the compensation program for the independent members of CCOH's board of directors in light of current trends and practices. Mercer (US) Inc. is affiliated with Marsh & McLennan Companies. During 2013, MMC and its affiliated companies (collectively, MMC) were retained by management to provide services unrelated to executive or director compensation, including: consulting services related to divisional sales and market-specific incentive plans for employees who are not executive officers, an equity plan overhang analysis, testing and investment consulting services with respect to defined contribution plans, leasing services, as well as insurance, brokerage, actuarial and employee benefit services. In addition, during 2013, MMC was retained by a special litigation committee of CCOH's board of directors to provide economic analyses in connection with litigation. MMC's fees during 2013 with respect to its review of independent director compensation were \$17,200, and the aggregate fees for the other services provided by MMC during 2013 were approximately \$4.8 million.

## **Table of Contents**

CCMH requested and received responses from MMC addressing its independence, including the following factors: (1) other services provided to CCMH and its subsidiaries by MMC; (2) fees paid by CCMH and its subsidiaries as a percentage of MMC's total revenue; (3) policies or procedures maintained by MMC that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagements and a member of the Compensation Committee; (5) any CCMH or CCOH stock owned by the individual consultants involved in the engagements; and (6) any business or personal relationships between our executive officers and MMC or the individual consultants involved in the engagements. The Compensation Committee discussed these considerations and concluded that MMC's work does not raise any conflict of interest.

## **TAX AND ACCOUNTING TREATMENT**

### **Deductibility of Executive Compensation**

Although Section 162(m) of the Code places a limit of \$1,000,000 on the amount of compensation a publicly held corporation may deduct for Federal income tax purposes in any one year with respect to certain senior executives, in 2013, CCMH was not a publicly held corporation within the meaning of applicable provisions of Section 162(m) of the Code and Treasury regulations. This is because, following the July 2008 merger (the Merger) pursuant to which Clear Channel became an indirect wholly owned subsidiary of CCMH, CCMH was not required to register its Class A common stock and, on December 31, 2013, CCMH would not have been subject to the reporting obligations of Section 12 of the Securities Exchange Act had CCMH not voluntarily registered its Class A common stock by filing a registration statement on Form 8-A on July 30, 2008. In the event that CCMH subsequently becomes a publicly held corporation within the meaning of Section 162(m), CCMH's Compensation Committee will consider the anticipated tax treatment to CCMH and to senior executives covered by these rules of various payments and benefits. In that event, CCMH's Compensation Committee may consider various alternatives to preserving the deductibility of compensation and benefits to the extent reasonably practicable and consistent with its other compensation objectives.

### **Accounting for Stock-Based Compensation**

CCMH accounts for stock-based payments, including awards under the CCMH Incentive Plan and the CCOH Stock Incentive Plan, in accordance with the requirements of ASC 718 (formerly Statement of Financial Accounting Standards No. 123(R)).

## **CORPORATE SERVICES AGREEMENT**

In connection with CCOH's initial public offering, CCOH entered into a corporate services agreement (the Corporate Services Agreement) with Clear Channel Management Services, L.P., now known as Clear Channel Management Services, Inc. (CCMS), an indirect subsidiary of CCMH. Under the terms of the agreement, CCMS provides, among other things, certain executive officer services to CCOH. These executive officer services are allocated to CCOH based on CCOH's OIBDAN as a percentage of Clear Channel's total OIBDAN for the prior year, each as reported in connection with year-end financial results. For purposes of these allocations, OIBDAN is defined as: consolidated net income (loss) adjusted to exclude non-cash compensation expense and the following line items presented in the Statement of Operations: income tax benefit (expense); other income (expense) net; equity in earnings (loss) of nonconsolidated affiliates; gain (loss) on marketable securities; gain (loss) on extinguishment of debt; interest expense; other operating income (expense) net; depreciation & amortization; and impairment charges.

For 2013, CCOH was allocated 36.51% of certain personnel costs for Messrs. Bressler and Casey for the portions of the year during which they respectively served as Chief Financial Officer of CCOH. CCMH and CCOH considered these allocations to be a reflection of the utilization of services provided based on 2012 OIBDAN. Please refer to

footnote (g) to the Summary Compensation Table in this prospectus for the allocations for 2013, 2012 and 2011. For additional information regarding the Corporate Services Agreement, see Certain Relationships and Related Party Transactions Corporate Services Agreement.

(a) The amounts reflect:

For Mr. Pittman, cash payments for 2012 and 2011 as discretionary bonus awards from CCMH;

For Mr. Bressler, who began serving as our President and Chief Financial Officer on July 29, 2013, (1) a guaranteed minimum annual bonus from CCMH equal to 150% of his base salary prorated for the number of days that he worked during 2013, which equaled \$769,315, and (2) a guaranteed additional bonus of \$500,000 from CCMH, as provided in his employment agreement;

For Mr. Casey, (1) cash payments for 2012 and 2011 as discretionary bonus awards from CCMH and (2) for 2011, a \$250,000 bonus that Mr. Casey received from CCMH for his service in the Office of the Chief Executive Officer;

**Table of Contents**

For Mr. Eccleshare, a cash payment for 2012 as a discretionary bonus award from CCOH;

For Mr. Hogan, (1) cash payments for 2012 and 2011 as discretionary bonus awards from CCMH; (2) for 2011, (a) a \$25,000 discretionary bonus payment for 2011 approved by CCMH's Compensation Committee in March 2011 and (b) a \$333,333 payment pursuant to an additional bonus opportunity approved by CCMH's Compensation Committee in November 2011 with respect to 2011 performance; (3) for 2012, the second \$333,333 payment under the 2011 additional bonus opportunity; and (4) for 2013, a bonus award of \$77,250 with respect to 2013 performance pursuant to his severance agreement and general release; and

For Mr. Walls, (1) cash payments for 2012 and 2011 as discretionary bonus awards from CCMH and (2) for 2011, a \$250,000 bonus that Mr. Walls received from CCMH for his service in the Office of the Chief Executive Officer.

- (b) **CCMH Stock Awards**. On July 29, 2013, Mr. Bressler received a restricted stock award with respect to 910,000 shares of CCMH's Class A common stock, 250,000 shares of which contain time-vesting provisions and 660,000 shares of which contain performance-based vesting conditions. The amount shown in the Stock Awards column for Mr. Bressler for 2013 includes \$1,245,000 as the full grant date fair value of the time-vesting portion of his July 29, 2013 restricted stock award based on the closing price of CCMH's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based portion of his July 29, 2013 restricted stock award, the grant date fair value of the performance-based portion of his restricted stock award would have been \$3,286,800. However, on the date of grant, the actual fair market value of the performance-based portion of the restricted stock award was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for the performance-based portion of the restricted stock award in the Stock Awards column.

On October 15, 2012, Messrs. Pittman and Walls received restricted stock awards with respect to 200,000 shares and 60,000 shares of CCMH's Class A common stock, respectively, 50% of which contain performance-based vesting conditions and 50% of which contain time-vesting provisions. The amounts shown in the Stock Awards column for Messrs. Pittman and Walls for 2012 include \$260,000 and \$78,000, respectively, as the full grant date fair value of the time-vesting portion of the October 15, 2012 restricted stock awards based on the closing price of CCMH's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based restricted stock awards that Messrs. Pittman and Walls received on October 15, 2012, the grant date fair value of those performance-based restricted stock awards would have been \$260,000 and \$78,000, respectively. However, on the date of grant, the actual fair market value of those performance-based restricted stock awards was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for those performance-based restricted stock awards in the Stock Awards column.

On October 22, 2012, CCMH commenced an offer to exchange (the 2012 Exchange Program), pursuant to which CCMH offered to exchange certain outstanding options to purchase shares of CCMH's Class A common stock granted under the 2008 Executive Incentive Plan that had a per share exercise price equal to \$10.00 for restricted replacement

shares (the Replacement Shares ) of CCMH's Class A common stock in an amount equal to 90.0% of the number of shares of Class A common stock underlying such person's eligible options. In addition, on October 22, 2012, CCMH granted additional fully-vested stock (the Additional Shares ) pursuant to a tax assistance program offered in connection with the 2012 Exchange Program. The Replacement Shares and Additional Shares were granted on October 22, 2012, the date of the commencement of the offer. If an individual participated in the 2012 Exchange Program, that person was required to tender his or her eligible options prior to November 19, 2012, the expiration date of the offer, in order to retain his or her Replacement Shares. If participants in the 2012 Exchange Program timely delivered a properly completed election form under Code Section 83(b), CCMH repurchased a portion of their Additional Shares with a value sufficient to fund a portion of the tax withholdings in connection with the award of the Replacement Shares, subject to an aggregate maximum amount. Additional Shares that were not repurchased were forfeited at the expiration of the offer on November 19, 2012. If an individual declined to participate in the 2012 Exchange Program, that person's Replacement Shares and Additional Shares were forfeited on November 19, 2012, the date of the expiration of the offer, and that person retained his or her eligible options.

**Table of Contents**

Because the Replacement Shares and the Additional Shares were granted at the commencement of the offer, subject to forfeiture, \$877,723, \$804,602 and \$344,987 included in the Stock Awards column for 2012 for Messrs. Casey, Hogan and Walls, respectively, represents the incremental fair value of their time-vesting Replacement Shares and all of their Additional Shares (including those forfeited as described below) based on the closing price of CCMH's Class A common stock on the date of grant, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based Replacement Shares that Mr. Hogan received on October 22, 2012, the grant date fair value of those performance-based Replacement Shares would have been \$110,016. However, on the date of grant, the actual fair market value of those performance-based Replacement Shares was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for those performance-based Replacement Shares in the Stock Awards column.

Mr. Casey received 225,000 Replacement Shares and 162,500 Additional Shares at the commencement of the offer. Mr. Casey declined to participate in the 2012 Exchange Program and forfeited the 225,000 Replacement Shares and 162,500 Additional Shares on November 19, 2012. He retained his existing options that were eligible for exchange, with no changes to the terms. As a result, the entire \$877,723 grant date fair value in respect of his Replacement Shares and Additional Shares included in the Stock Awards column for 2012 was forfeited.

Mr. Hogan received 226,101 Replacement Shares and 163,295 Additional Shares at the commencement of the offer. Mr. Hogan participated in the 2012 Exchange Program and exchanged his eligible options for the 226,101 Replacement Shares. In addition, 124,187 of Mr. Hogan's Additional Shares were repurchased pursuant to the tax assistance program and the remaining 39,108 of Mr. Hogan's Additional Shares were forfeited. As a result, \$117,715 of the grant date fair value in respect of his Additional Shares included in the Stock Awards column for 2012 was forfeited.

Mr. Walls received 90,000 Replacement Shares and 65,000 Additional Shares at the commencement of the offer. Mr. Walls participated in the 2012 Exchange Program and exchanged his eligible options for the 90,000 Replacement Shares. In addition, 30,994 of Mr. Walls' Additional Shares were repurchased pursuant to the tax assistance program and the remaining 34,006 of Mr. Walls' Additional Shares were forfeited. As a result, \$102,358 of the grant date fair value in respect of his Additional Shares included in the Stock Awards column for 2012 was forfeited.

**CCOH Stock Awards.** The amounts shown in the Stock Awards column for Mr. Bressler for 2013 and for Messrs. Casey and Walls for 2012 include \$1,999,999, \$1,797,464 and \$1,999,996, respectively, as the full grant date fair value of time-vesting restricted stock or restricted stock units awarded to them by CCOH on July 29, 2013, May 10, 2012 and March 26, 2012, respectively, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. For time-vesting restricted stock or restricted stock unit awards, the grant date fair value is based on the closing price of CCOH's Class A common stock on the date of grant.

On July 26, 2012, Mr. Eccleshare was awarded a restricted stock unit award with respect to (1) 126,582 shares of CCOH's Class A common stock that contain performance-based vesting conditions and (2) 379,747 shares of CCOH's Class A common stock that contain time-vesting provisions. The amount shown in the Stock Awards column for Mr. Eccleshare for 2012 includes \$1,860,760 as the full grant date fair value of the time-vesting restricted stock units based on the closing price of CCOH's Class A common stock on the date of grant, as described above. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based restricted stock units that Mr. Eccleshare received, the grant date fair value of those performance-based restricted stock units would have been \$620,252. However, on the date of grant, the actual fair market value of those performance-based

restricted stock units was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for the performance-based restricted stock units in the Stock Awards column.

**Table of Contents**

**CCMH Option Awards.** The amount shown in the Option Awards column for 2011 for Mr. Pittman reflects the full grant date fair value of time-vesting CCMH stock options awarded to him in 2011, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations.

For Mr. Hogan, the amount shown in the Option Awards column for 2011 reflects the incremental fair value of stock option awards to Mr. Hogan on February 17, 2011 in exchange for stock option awards originally granted in 2008 pursuant to an Offer to Exchange that commenced in February 2011 (the 2011 Exchange Program ). For a description of the 2011 Exchange Program, see footnote (l) below. As described above, Mr. Hogan participated in the 2012 Exchange Program and exchanged the stock options reflected in the Option Awards column for 2011 for Replacement Shares included in the 2012 Stock Awards column.

**CCOH Option Awards.** The amounts shown in the Option Awards column for 2012 and 2011 for Mr. Eccleshare reflect the full grant date fair value of time-vesting stock options awarded to Mr. Eccleshare by CCOH in 2012 and 2011, respectively, computed in accordance with the requirements of ASC Topic 718, but excluding any impact of estimated forfeiture rates as required by SEC regulations. For Mr. Eccleshare, the amount shown in the Option Awards column for 2011 also includes the incremental fair value of modifications made on August 11, 2011 to certain of his outstanding stock option awards originally granted on September 10, 2009 and September 10, 2010. For a description of Mr. Eccleshare's award modifications, see footnote (j) below.

For further discussion of the assumptions made in valuation, see also Note 10 Shareholders' Interest beginning on page F-\_\_.

(c) The amounts reflect:

For Messrs. Pittman, Casey, Hogan and Walls, cash payments from CCMH as annual incentive bonus awards for 2013, 2012 and 2011, as applicable, under its 2008 Annual Incentive Plan pursuant to pre-established performance goals; and

For Mr. Eccleshare, (1) cash payments from CCOH as annual incentive bonus awards for 2013, 2012 and 2011 under its Amended and Restated 2006 Annual Incentive Plan pursuant to pre-established performance goals; (2) for 2013, a cash payment in 2014 of (a) the second one-third (\$99,000) of the \$297,000 earned pursuant to an additional bonus opportunity based on pre-established performance goals with respect to 2012 and (b) one-third (\$84,000) of the \$252,000 earned pursuant to an additional bonus opportunity based on pre-established performance goals with respect to 2013; and (3) for 2012, a cash payment in 2013 of one-third (\$99,000) of the \$297,000 earned pursuant to an additional bonus opportunity based on pre-established performance goals with respect to 2012. The remaining \$99,000 of the additional bonus opportunity with respect to 2012 will be paid in 2015 and the remaining \$168,000 of the additional bonus opportunity with respect to 2013 will be paid in equal installments in 2015 and 2016, in each case if Mr. Eccleshare remains employed at the payment dates.

Messrs. Casey and Hogan also earned an additional \$198,000 and \$900,000, respectively, pursuant to additional bonus opportunities based on pre-established performance goals with respect to 2012. These amounts were not reflected in the Non-Equity Incentive Plan Compensation column with respect to 2012 because they were to be paid 36 months after the performance goals were established if they remained employed through the payment date. Pursuant to

Mr. Casey's severance agreement and general release, his \$198,000 additional bonus opportunity was paid during 2013 in connection with his July 29, 2013 termination of employment and is reflected in the All Other Compensation column as described in footnote (d) below. Pursuant to Mr. Hogan's severance agreement and general release, his \$900,000 additional bonus opportunity was paid during 2014 in connection with his January 13, 2014 termination of employment as described in Potential Post-Employment Payments.

**Table of Contents**

(d) As described below, for 2013 the All Other Compensation column reflects:

Except as described below with respect to aircraft usage, the value of all benefits included in the All Other Compensation column is based on CCMH's actual costs.

As a result of CCMH's high public profile and due in part to threats against CCMH, its operations and management, CCMH engaged an outside security consultant to assess security risks to CCMH's physical plant and operations, as well as Mr. Pittman. Based upon the findings and recommendation of this security consultant, CCMH's management and Board of Directors implemented, and CCMH's management and Board intend to continue the implementation of, numerous security measures for CCMH's operations and Mr. Pittman.

Pursuant to his employment agreement, for security purposes and at the direction of the Board of CCMH, during the term of his employment, CCMH agreed to make an aircraft available to Mr. Pittman for his business and personal use (including flights on which Mr. Pittman is not present) and will pay all costs associated with the provision of the aircraft. CCMH currently leases an airplane for Mr. Pittman's use, as described in Certain

**Table of Contents**

Relationships and Related Party Transactions. Pursuant to the security assessment and at the direction of the Board of CCMH, Mr. Pittman's spouse and dependents also travel by private aircraft for all personal and business travel. From time to time, our other officers also use the company aircraft for personal air travel, pursuant to the Aircraft Policy.

The value of personal aircraft usage reported above is based on CCMH's direct variable operating costs. This methodology calculates an average variable cost per hour of flight. CCMH applies the same methodology to aircraft that are covered by contracts with an outside aircraft management company under which CCMH reimburses the aircraft management company for costs that would otherwise be incurred directly by CCMH (including crew salaries, insurance, fuel and hangar rent) and pays them a monthly management fee for the oversight and administrative services that would otherwise have to be provided by CCMH. On certain occasions, an executive's spouse or other family members and guests may accompany the executive on a flight and the additional direct operating cost incurred in such situations is included under the foregoing methodology.

Messrs. Pittman and Eccleshare are reimbursed for car service use for commuting and other personal purposes.

Pursuant to his employment agreement and in connection with his relocation to the United States, Mr. Eccleshare also receives certain housing, tax and other services. Pursuant to his employment agreement and in connection with his relocation to New York City, Mr. Hogan receives certain relocation, housing and tax benefits. For a description of these services and the other items reflected in the table above, see Employment Agreements with the Named Executive Officers below.

Mr. Casey's severance payments reflected in the table above consist of: (1) \$198,000 earned under an additional bonus opportunity with respect to 2012 performance; (2) an equity preservation value payment of \$5,000,000 pursuant to his employment agreement; (3) severance of \$525,000 paid during 2013 pursuant to his employment agreement; and (4) equipment retained by Mr. Casey with a value of \$7,247. See Potential Post-Employment Payments for a summary of Mr. Casey's severance agreement and general release.

- (e) Mr. Pittman became our Chief Executive Officer on October 2, 2011. The summary compensation information presented above for Mr. Pittman reflects his service in that capacity since October 2, 2011. Prior to becoming our Chief Executive Officer and an employee of ours on October 2, 2011, Mr. Pittman served as our Chairman of Media and Entertainment Platforms pursuant to a consulting agreement since November 2010. During 2011, we paid Mr. Pittman \$375,000 for his services under the consulting agreement.
- (f) Mr. Bressler became our President and Chief Financial Officer on July 29, 2013. The summary compensation information presented above for Mr. Bressler reflects his service in that capacity since July 29, 2013.
- (g) As described above under Compensation Discussion and Analysis Corporate Services Agreement, CCMS provides, among other things, certain executive officer services to CCOH. The Salary, Bonus, Non-Equity Incentive Plan Compensation and All Other Compensation columns presented above reflect 100% of the amounts for each of Messrs. Bressler, Casey and Walls. However, pursuant to the Corporate Services Agreement, based on CCOH's OIBDAN as a percentage of Clear Channel's total OIBDAN, CCOH was allocated: (1) 36.51% of certain amounts for Mr. Bressler for 2013; (2) 36.51% of certain amounts for Mr. Casey for 2013, 40.62% for 2012 and 38.95% for 2011; and (3) 38.95% of certain amounts for Mr. Walls for 2011, as described below:

With respect to Mr. Bressler, 36.51% of the amounts reflected in the Salary, Bonus and All Other Compensation columns;

With respect to Mr. Casey: (1) 36.51% of the amount reflected in the Salary column for 2013 and 36.51% of certain of the amounts reflected in the All Other Compensation column for 2013; (2) 40.62% of the amounts reflected in the Salary, Bonus, Non-Equity Incentive Plan Compensation and All Other Compensation columns for 2012; (3) 38.95% of the amounts reflected in the Salary and Non-Equity Incentive Plan Compensation columns and 38.95% of certain of the amounts reflected in the All Other Compensation column for 2011 based on his service as Chief Financial Officer; (4) \$73,764 of the amount reflected in the Bonus column for 2011, reflecting 38.95% of his discretionary bonus provided for his service as Chief Financial Officer during 2011; and (5) \$148,250 of the amount reflected in the Bonus column for 2011, reflecting a pro rata portion of his discretionary bonus provided for his service as a member of the Office of the Chief Executive Officer for CCOH; and

- (h) Mr. Casey served as our Executive Vice President and Chief Financial Officer from January 4, 2010 until July 29, 2013. The summary compensation information presented above for Mr. Casey reflects his service in that capacity for that period of time, as well as his service as a member of the Office of the Chief Executive Officer of CCMH from March 31, 2011 until October 2, 2011 and of CCOH from March 31, 2011 through January 24, 2012.
- (i) On January 24, 2012, Mr. Eccleshare was promoted to Chief Executive Officer of CCOH, overseeing both our Americas and International outdoor divisions. Prior thereto, Mr. Eccleshare served as our Chief Executive Officer Clear Channel Outdoor International. The summary compensation information presented above for Mr. Eccleshare reflects his compensation from CCOH for service in those capacities during the relevant periods of 2013, 2012 and 2011. Mr. Eccleshare is a citizen of the United Kingdom and his compensation from CCOH reported in the Summary Compensation Table that was originally denominated in British pounds has been converted to U.S. dollars using the average exchange rates of £1=\$1.5637, £1=\$1.5848 and £1=\$1.60359 for the years ended December 31, 2013, 2012 and 2011, respectively.

In addition to his compensation paid by CCOH, the amounts in the Salary column for Mr. Eccleshare include \$18,046 paid in each of 2013 and 2012 and \$17,990 paid in 2011 by our majority-owned subsidiary, Clear Media Limited, for his service as a director of Clear Media Limited. Clear Media Limited is listed on the Hong Kong Stock Exchange. The amounts paid by Clear Media Limited have been converted from Hong Kong dollars to U.S. dollars using the average exchange rates of HK\$1=\$0.1289, HK\$1=\$0.1289 and HK\$1=\$0.1285 for the years ended December 31, 2013, 2012 and 2011, respectively.

- (j) The amount in the Option Awards column for Mr. Eccleshare for 2011 reflects the full grant date fair value of time-vesting stock options awarded by CCOH, as described in footnote (b) above.

On August 11, 2011, CCOH's Compensation Committee amended and restated certain of Mr. Eccleshare's outstanding stock options. As part of the amendment and restatement, the performance-based vesting conditions applicable to Mr. Eccleshare's outstanding stock options originally awarded on September 10, 2009 and September 10, 2010 were replaced with time-vesting conditions. Accordingly, as described in footnote (b) above, the amount in the Option Awards column for 2011 also includes the incremental fair value of the August 11, 2011 modifications made to his September 10, 2009 and September 10, 2010 stock option awards.

- (k) Mr. Hogan served as our Chairman and Chief Executive Officer Clear Channel Media & Entertainment from February 16, 2012 until his retirement on January 13, 2014. Prior thereto, he served as President and Chief Executive Officer Clear Channel Media & Entertainment. The summary compensation information presented above for Mr. Hogan reflects his service in those capacities during the periods presented.

**Table of Contents**

- (l) During 2008 Mr. Hogan received stock options to purchase 108,297 shares of CCMH's Class A common stock that contained performance-based vesting conditions and received time-vesting stock options to purchase 54,148 shares of CCMH's Class A common stock. The 108,297 performance-based stock options awarded to Mr. Hogan in 2008 were cancelled on March 21, 2011 in exchange for a grant of 54,149 new performance-based stock options pursuant to the 2011 Exchange Program. Similarly, the 54,148 time-vesting stock options to purchase CCMH Class A common stock awarded to Mr. Hogan in 2008 were cancelled on March 21, 2011 in exchange for a grant of 27,074 new time-vesting stock options pursuant to the 2011 Exchange Program.

The amount in the Option Awards column for Mr. Hogan for 2011 reflects the incremental fair value of the time-vesting stock options awarded to Mr. Hogan by CCMH in the 2011 Exchange Program, as described in footnote (b) above. Assuming that all of the performance-based vesting conditions will be achieved with respect to the performance-based vesting stock options that Mr. Hogan received in the 2011 Exchange Program, the grant date fair value of those performance-based vesting stock options would have been \$184,648. However, on the date of the 2011 Exchange Program, the actual fair value of those options was \$0 based on the determination on the grant date that the achievement of the performance-based vesting conditions was not probable and, accordingly, no amount is reflected for the performance-based options in the Option Awards column.

- (m) Mr. Walls became our Executive Vice President, General Counsel and Secretary on January 1, 2010. The summary compensation information presented above for Mr. Walls reflects his service in that capacity during the periods presented, as well as his service as a member of the Office of the Chief Executive Officer of CCMH from March 31, 2011 until October 2, 2011 and of CCOH from March 31, 2011 through January 24, 2012.

**EMPLOYMENT AGREEMENTS WITH THE NAMED EXECUTIVE OFFICERS**

Certain elements of the compensation of the named executive officers are determined based on their respective employment agreements. The descriptions of the employment agreements set forth below do not purport to be complete and are qualified in their entirety by the employment agreements. For further discussion of the amounts of salary and bonus and other forms of compensation, see "Compensation Discussion and Analysis" above. Each of the employment agreements discussed below provides for severance and change in control payments as more fully described under "Potential Post-Employment Payments" in this prospectus, which descriptions are incorporated herein by reference. Mr. Casey's service with us terminated on July 29, 2013 and Mr. Hogan's service with us terminated on January 13, 2014. For a description of the severance arrangements for Messrs. Casey and Hogan, see "Potential Post-Employment Payments."

**Robert W. Pittman**

On October 2, 2011, CCMH entered into an employment agreement with Robert W. Pittman, pursuant to which he serves as Chief Executive Officer of CCMH and as Executive Chairman of the Board of Directors of CCOH. The October 2, 2011 employment agreement superseded the consulting agreement that Mr. Pittman previously entered into with CCMH and Pilot Group Manager LLC, dated November 15, 2010, and had an initial term ending on December 31, 2016, with automatic 12-month extensions thereafter unless either party provided prior notice electing not to extend the employment agreement. On January 13, 2014, CCMH entered into an amended and restated employment agreement with Mr. Pittman. The amended and restated employment agreement has an initial five-year term ending on January 13, 2019, with automatic 12-month extensions thereafter unless either party gives prior notice electing not to extend the agreement.

Pursuant to his amended and restated employment agreement, Mr. Pittman's minimum base salary increased from \$1,000,000 per year under his previous employment agreement to \$1,200,000 per year. His base salary may be increased at the discretion of CCMH's Board or its compensation committee. Mr. Pittman also has the opportunity to earn an annual performance bonus for the achievement of reasonable performance goals established annually by CCMH's Board or its compensation committee after consultation with Mr. Pittman. Under Mr. Pittman's previous employment agreement, his aggregate target annual bonus that could be earned upon achievement of all of his performance objectives was not less than \$1,650,000. Under the amended and restated employment agreement, beginning in 2014, Mr. Pittman's aggregate target annual performance bonus is 150% of his annual base salary. Pursuant to his October 2, 2011 employment agreement, CCMH's compensation committee determined that Mr. Pittman was eligible to receive a bonus with respect to 2013. Prior to CCMH's compensation

committee determining the amount of Mr. Pittman's annual incentive bonus for 2013, Mr. Pittman declined to receive his bonus to make more funds available for bonus payments to other employees. Accordingly, Mr. Pittman received no annual incentive bonus with respect to 2013. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus.

Mr. Pittman is entitled to participate in all pension, profit sharing and other retirement plans, all incentive compensation plans, all group health, hospitalization and disability or other insurance plans, paid vacation, sick leave and other employee welfare benefit plans in which other similarly situated employees of CCMH may participate. In addition, during the term of his employment, CCMH will make an aircraft (which, to the extent available, will be a Dassault-Breguet Mystere Falcon 900) available to Mr. Pittman for his business and personal use and will pay all costs associated with the provision of the aircraft. CCMH leases this aircraft from a company controlled by Mr. Pittman. See Certain Relationships and Related Party Transactions Commercial Transactions. If a company aircraft is not available due to service or maintenance issues, CCMH will charter a comparable aircraft for Mr. Pittman's business and personal use. CCMH also will make a car and driver available for Mr. Pittman's business and personal use in and around the New York area as well as anywhere else on company business. During 2014, CCMH reimbursed Mr. Pittman for legal fees incurred by Mr. Pittman in connection with the negotiation of the amended and restated employment agreement.

Pursuant to his previous employment agreement, on October 2, 2011, Mr. Pittman was granted a stock option to purchase 830,000 shares of CCMH's Class A common stock. See Outstanding Equity Awards at Fiscal Year-End below. In connection with the amended and restated employment agreement, on January 13, 2014, CCMH and Mr. Pittman amended his stock option to terminate and forfeit 200,000 of the options. The termination and forfeiture applied ratably such that, effective January 13, 2014, 252,000 of the options were vested and 378,000 of the options vest ratably on the third, fourth and fifth anniversary of the October 2, 2011 grant date.

Pursuant to the amended and restated employment agreement, on January 13, 2014, CCMH granted Mr. Pittman 350,000 restricted shares of CCMH's Class A common stock. Mr. Pittman's CCMH restricted stock award is divided into two tranches consisting of: (1) 100,000 shares (the Tranche 1 Shares) and (2) 250,000 shares (the Tranche 2 Shares). The Tranche 1 Shares vest in two equal parts on each of December 31, 2017 and December 31, 2018. The Tranche 2 Shares vest only if the Sponsors receive a 100% return on their investment in CCMH in the form of cash returns. In addition, as provided in the amended and restated employment agreement, on January 13, 2014, CCOH granted Mr. Pittman 271,739 restricted shares of CCOH's Class A common stock. Mr. Pittman's CCOH restricted stock award vests in two equal parts on each of December 31, 2016 and December 31, 2017.

Mr. Pittman's amended and restated employment agreement contains a 280G gross-up provision that applies in certain circumstances in which any payments (the Company Payments) received by Mr. Pittman are deemed to be excess parachute payments subject to excise taxes under Section 4999 of the Code. If, at the time any such excise tax is imposed, the stockholder approval rules of Q&A 6 in the applicable Section 280G regulations (the Cleansing Vote Rules) are applicable and Mr. Pittman declines to submit such excess parachute payments for approval by CCMH's stockholders, CCMH will pay to Mr. Pittman an amount equal to the excise tax imposed by Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are not applicable, Mr. Pittman will be entitled to a gross-up payment equal to (1) the excise tax and (2) any U.S. Federal, state and local income or payroll tax imposed on the gross-up payment (excluding any U.S. Federal, state and local income or payroll taxes otherwise imposed on the Company Payments); provided that if the Company Payments are found to be equal to or less than 110% of the safe harbor amount referenced in the amended and restated employment agreement, the Company Payments will be reduced to equal the safe harbor amount, such that no excise tax will be imposed by Section 4999 of the Code.

Under the employment agreement, Mr. Pittman is required to protect the secrecy of the confidential information of CCMH, CCOH and the subsidiaries of each (the Company Group ). He also is prohibited by the agreement from engaging in certain activities that compete with the Company Group during employment and for 18 months after his employment terminates, and he is prohibited from soliciting employees or customers of the Company Group during employment and for 18 months after termination of employment. CCMH agreed to defend and indemnify Mr. Pittman for acts committed in the course and scope of his employment.

**Table of Contents****Richard J. Bressler**

On July 29, 2013, CCMH entered into an employment agreement with Mr. Bressler. The employment agreement has an initial term ending on December 31, 2018, with automatic 12-month extensions beginning on January 1, 2019 unless either party gives prior notice electing not to extend the employment agreement.

Under the employment agreement, Mr. Bressler receives a base salary at a rate no less than \$1,200,000 per year, subject to increase at the discretion of CCMH's Board or its compensation committee. Mr. Bressler also has the opportunity to earn an annual performance bonus for the achievement of reasonable performance goals established annually by CCMH's Board or its compensation committee after consultation with Mr. Bressler. The annual target performance bonus that may be earned when all of Mr. Bressler's performance objectives are achieved will be not less than 150% of Mr. Bressler's base salary amount; provided, however, that Mr. Bressler's actual bonus for 2013 is no less than the target performance bonus multiplied by the percentage of the 2013 calendar year from July 29, 2013 to December 31, 2013. In addition to the annual bonus, Mr. Bressler is also eligible for an additional annual bonus opportunity of up to \$500,000, based on CCMH's achievement of one or more annual performance goals determined by CCMH's chief executive officer and approved by CCMH's Board or a committee thereof, which amount was guaranteed in full for 2013. For 2013, Mr. Bressler received his guaranteed annual incentive bonus of \$769,315 and his guaranteed additional bonus of \$500,000. Beginning with 2014, any additional bonus amount will be paid during the quarter that follows the third anniversary of the beginning of the applicable performance period and will be contingent in each case upon Mr. Bressler's continued employment through the applicable payment date. Mr. Bressler also is entitled to participate in all pension, profit sharing and other retirement plans, all incentive compensation plans, all group health, hospitalization and disability or other insurance plans, paid vacation, sick leave and other employee welfare benefit plans in which other similarly situated employees of CCMH may participate.

During the term of his employment, CCMH will make a car service available for Mr. Bressler's business use. During 2013, CCMH also reimbursed Mr. Bressler for legal fees incurred by Mr. Bressler in connection with the negotiation of the employment agreement and ancillary documents.

Mr. Bressler's employment agreement contains a 280G gross-up provision that applies in certain circumstances in which any Company Payments received by Mr. Bressler are deemed to be excess parachute payments subject to excise taxes under Section 4999 of the Code. If, at the time any such excise tax is imposed, the Cleansing Vote Rules are applicable and Mr. Bressler declines to submit the excess parachute payments for approval by CCMH's stockholders, CCMH will pay to Mr. Bressler an amount equal to the excise tax imposed by Section 4999 of the Code. If, at the time any excise tax is imposed, the Cleansing Vote Rules are not applicable, Mr. Bressler will be entitled to a gross-up payment equal to (1) the excise tax and (2) any U.S. Federal, state and local income or payroll tax imposed on such gross-up payment (excluding any U.S. Federal, state and local income or payroll taxes otherwise imposed on the Company Payments); provided that if the Company Payments are found to be equal to or less than 110% of the safe harbor amount referenced in Mr. Bressler's employment agreement, the Company Payments will be reduced to equal the safe harbor amount, such that no excise tax will be imposed by Section 4999 of the Code.

Pursuant to Mr. Bressler's employment agreement, on July 29, 2013, CCMH granted Mr. Bressler 910,000 restricted shares of CCMH's Class A common stock. In addition, as provided in the employment agreement, on July 29, 2013, CCOH granted Mr. Bressler 271,739 restricted shares of the Class A common stock of CCOH. See the Grants of Plan-Based Awards During 2013 table and Outstanding Equity Awards at Fiscal Year-End below for a description of the terms of the awards.

Under the employment agreement, Mr. Bressler is required to protect the secrecy of the confidential information of the Company Group. He also is prohibited by the agreement from engaging in certain activities that compete with the

Company Group during employment and for 18 months after his employment terminates, and he is prohibited from soliciting employees or customers of the Company Group during employment and for 18 months after termination of employment. CCMH agreed to defend and indemnify Mr. Bressler for acts committed in the course and scope of his employment.

**Table of Contents****Thomas W. Casey**

On December 15, 2009, Thomas W. Casey entered into an employment agreement with Clear Channel. Mr. Casey ceased serving as our Executive Vice President and Chief Financial Officer on July 29, 2013 and entered into a severance agreement and general release with Clear Channel on September 11, 2013. See [Potential Post-Employment Payments](#) for a description of Mr. Casey's severance arrangements.

Under his employment agreement, Mr. Casey received compensation consisting of a base salary, incentive awards and other benefits and perquisites. Mr. Casey's annual base salary initially was set at \$750,000, with eligibility for additional annual raises commensurate with company policy. Mr. Casey's 2013 annual base salary was \$800,000. Under his employment agreement, Mr. Casey also was eligible to receive a performance bonus no later than March 15 of each calendar year, with a target annual bonus of \$1,000,000. Mr. Casey's bonus was prorated for the portion of 2013 during which he served as our Executive Vice President and Chief Financial Officer and, pursuant to his severance agreement and general release, was based solely on Clear Channel's performance for 2013. Based on Clear Channel's OIBDAN performance, Mr. Casey did not receive an annual bonus for 2013. However, pursuant to his September 11, 2013 severance agreement and general release, during 2013 Mr. Casey was paid the \$198,000 that he previously earned with respect to 2012 performance pursuant to an additional bonus opportunity. See [Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus](#) and [Potential Post-Employment Payments](#) for a description of Mr. Casey's bonus and severance arrangements. Mr. Casey was entitled to participate in all employee welfare benefit plans in which other similarly situated employees were entitled to participate.

Pursuant to the terms of his employment agreement, Mr. Casey also received certain relocation benefits in connection with his relocation to San Antonio during the 24-month period after entering into his employment agreement. During 2011, Mr. Casey completed his relocation and received relocation benefits from Clear Channel of \$37,385 with respect to the transfer tax on the deed to his home, plus \$21,443 to compensate him for the taxes on those relocation benefits.

Additionally, pursuant to his employment agreement, on December 31, 2010, Mr. Casey was granted a stock option to purchase 250,000 shares of CCMH's Class A common stock, which he forfeited in connection with his July 29, 2013 termination.

Mr. Casey's employment agreement imposes certain post-termination obligations on Mr. Casey. He is required to protect the secrecy of Clear Channel's confidential information and to assign certain intellectual property rights to Clear Channel. He also is prohibited by the agreement from engaging in certain activities that compete with Clear Channel for the 18-month period following his employment termination, and he is prohibited from soliciting employees for employment or clients for advertising sales which compete with Clear Channel for the 18-month period following his termination of employment. Clear Channel remains obligated to defend and indemnify Mr. Casey for acts committed in the course and scope of his employment.

**C. William Eccleshare**

August 31, 2009 Contract of Employment. On August 31, 2009, Clear Channel Outdoor Ltd., a subsidiary of CCOH, entered into an employment agreement with C. William Eccleshare, pursuant to which he served as Chief Executive Officer of our International outdoor division. The agreement had no specified term, but generally could be terminated by Clear Channel Outdoor Ltd. without cause upon 12 months prior written notice or by Mr. Eccleshare without cause upon six months prior written notice.

The agreement set Mr. Eccleshare's initial base salary at £402,685 (or \$629,679 using the average exchange rate of £1=\$1.5637 for the year ended December 31, 2013), subject to additional annual raises at the sole discretion of Clear Channel Outdoor Ltd. As described below, in connection with his promotion to Chief Executive Officer of CCOH, Mr. Eccleshare's annual base salary was increased to \$1,000,000. Mr. Eccleshare also received a car allowance, was eligible to receive a performance bonus and was entitled to certain other employee benefits.

In addition, pursuant to his employment agreement, Mr. Eccleshare was entitled to have Clear Channel Outdoor Ltd. contribute a portion of his annual base salary to a personal pension plan (not sponsored by Clear Channel Outdoor Ltd.) registered under Chapter 2, Part 4 of the Finance Act of 2004 in the United Kingdom. Mr. Eccleshare's employment agreement also contained non-compete and non-solicitation provisions, each with a nine-month term, and a confidentiality provision with a perpetual term.

**January 24, 2012 Employment Agreement.** On January 24, 2012, Mr. Eccleshare was promoted to serve as Chief Executive Officer of CCOH, overseeing both our Americas and International outdoor divisions. In connection with his promotion, CCOH and Mr. Eccleshare entered into a new employment agreement. Mr. Eccleshare's employment agreement has an initial term beginning on January 24, 2012 and continuing until December 31, 2014, with automatic 12-month extensions thereafter, beginning on January 1, 2015, unless either CCOH or Mr. Eccleshare gives prior notice electing not to extend the employment agreement. The employment agreement replaces Mr. Eccleshare's Contract of Employment dated August 31, 2009.

As Chief Executive Officer of CCOH, Mr. Eccleshare relocated from CCOH's offices in London to CCOH's offices in New York City in 2012. In his new position, Mr. Eccleshare receives an annual base salary from CCOH of \$1,000,000. His salary will be reviewed at least annually for possible increase by the CCOH Board. During the term of the employment agreement, Mr. Eccleshare is eligible to receive an annual performance bonus from CCOH with a target of not less than \$1,000,000 and the opportunity to earn up to 200% of the target amount based on the achievement of the performance goals specified in his employment agreement for 2012 and the performance goals to be set by CCOH's Compensation Committee for years after 2012. In addition to the annual bonus, Mr. Eccleshare is eligible to receive an additional annual bonus from CCOH of up to \$300,000, based on the achievement of one or more annual performance goals determined by CCOH's Board of Directors or a subcommittee thereof. Any bonus earned under the additional bonus opportunity will be paid by CCOH in equal cash installments on or about the first, second and third anniversary of the beginning of the applicable performance period and will be contingent in each case upon his continued employment through the applicable payment date. For 2013, Mr. Eccleshare received an annual bonus of \$679,833. Mr. Eccleshare also (1) received an additional bonus payment of \$99,000 provided pursuant to his additional bonus opportunity earned with respect to 2012 performance and (2) earned an additional bonus of \$252,000 with respect to his additional bonus opportunity with respect to 2013 performance, \$84,000 of which was paid in February 2014 and \$168,000 of which will be paid in equal installments in 2015 and 2016 when performance bonuses are generally paid if he remains employed on the applicable payment dates. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus.

CCOH continues to contribute to Mr. Eccleshare's personal pension plan registered under Chapter 2, Part 4 of the Finance Act of 2004 in the United Kingdom, as provided in his previous Contract of Employment. CCOH also agreed to reimburse Mr. Eccleshare for the reasonable costs and expenses (not to exceed \$25,000 annually, fully grossed-up for applicable taxes) associated with filing his U.S. and U.K. personal income tax returns, as applicable. If Mr. Eccleshare's actual U.S. and U.K. income tax and Social Security/National Insurance in a given year exceeds the tax obligations that he would have incurred on the same income (excluding all taxable income not paid by CCOH or a subsidiary or affiliate) had he remained subject only to U.K. income tax and National Insurance over the same period, CCOH will reimburse this excess tax on a fully-grossed up basis for applicable taxes. CCOH also agreed to make a car service available for Mr. Eccleshare's business use and paid all fees associated with the immigration applications for Mr. Eccleshare and his spouse. Mr. Eccleshare is eligible to receive health, medical, welfare and life insurance benefits and paid vacation on a basis no less favorable than provided to similarly-situated senior executives of CCOH; provided, however, that his life insurance benefit shall be for an amount equal to four times his annual base salary.

In connection with Mr. Eccleshare's relocation to New York City in 2012, CCOH reimbursed Mr. Eccleshare for all reasonable expenses associated with his relocation to New York City pursuant to CCOH's relocation policy. In addition, CCOH agreed to: (1) pay Mr. Eccleshare an additional \$200,000 (less applicable taxes) for relocation-related expenses not otherwise covered by CCOH's relocation policy; (2) provide a reasonable number of flights during the first 12 months after Mr. Eccleshare's permanent relocation for his family to visit New York City; and (3) reimburse Mr. Eccleshare up to \$20,000 per month, fully grossed-up for applicable taxes, for housing in New York City during any portion of his employment period in which he is based in New York City.

As provided in the employment agreement, Mr. Eccleshare was awarded 506,329 CCOH restricted stock units on July 26, 2012 in connection with his promotion. See Outstanding Equity Awards at Fiscal Year-End below.

---

**Table of Contents**

During Mr. Eccleshare's employment with CCOH and for 18 months thereafter, Mr. Eccleshare is subject to non-competition, non-interference and non-solicitation covenants substantially consistent with other senior executives of CCOH. Mr. Eccleshare also is subject to customary confidentiality, work product and trade secret provisions. During the term of the employment agreement, Mr. Eccleshare may continue to perform non-executive services with Hays plc. Upon his service with Hays plc ceasing, Mr. Eccleshare will be permitted to perform another non-executive role at any time with a business that does not compete with CCOH or its affiliates, subject to CCOH's prior written consent that will not be unreasonably withheld.

**John E. Hogan**

Prior to his retirement, effective June 29, 2008, John E. Hogan entered into an employment agreement with Clear Channel Broadcasting, Inc. (CCB), a wholly owned subsidiary of CCMH, with such employment agreement amending and restating in its entirety his previous employment agreement with CCB. On November 15, 2010, Mr. Hogan entered into a new amended and restated employment agreement, pursuant to which he would have served as President and Chief Executive Officer of our Media & Entertainment division through December 31, 2013, with automatic extensions from year to year thereafter unless either party provided prior notice of non-renewal. Mr. Hogan and CCB further amended his amended and restated employment agreement on February 23, 2012, pursuant to which he would have served as Chairman and Chief Executive Officer of our Media & Entertainment division through December 31, 2015, with automatic extensions from year to year thereafter unless either party provided prior notice of non-renewal. In connection with the 2012 Exchange Program described in footnote (b) to the Summary Compensation Table, the guaranteed value provisions of his February 2012 amendment were amended on November 15, 2012 to reflect the exchange of his stock options for restricted stock in the 2012 Exchange Program so that, as described below, the guaranteed value provisions are offset by the value of the restricted stock received in the 2012 Exchange Program rather than the stock option awards, which no longer exist after the closing of the 2012 Exchange Program. In connection with Mr. Hogan's relocation from the offices in San Antonio to the offices in New York City, Mr. Hogan's employment agreement was amended effective June 3, 2013 to increase Mr. Hogan's compensation and provide for certain relocation benefits, as described below. On January 13, 2014, Mr. Hogan retired and entered into a severance agreement and general release with CCB. See Potential Post-Employment Payments for a description of Mr. Hogan's severance arrangements.

Under Mr. Hogan's employment agreement, he received compensation consisting of a base salary, incentive awards and other benefits and perquisites. Pursuant to his November 2010 amended and restated employment agreement with CCB, Mr. Hogan's annual base salary initially was set at \$1,000,000, with eligibility for additional annual raises commensurate with company policy. In connection with his relocation from San Antonio to New York City, his base salary increased to \$1,125,000 effective June 3, 2013. In connection with his relocation, CCMH also agreed to pay Mr. Hogan a housing allowance of \$25,000 per month (fully grossed-up for certain applicable taxes) for a period of 18 months and \$100,000 for relocation-related expenses. Pursuant to his employment agreement, Mr. Hogan was eligible to receive a performance bonus of not less than 120% of his annual base salary no later than March 15 of each calendar year if all of his performance objectives were achieved for the year. For 2013, the amount of his target performance bonus was increased to \$1,375,000 (with the new target performance bonus amount prorated for the portion of 2013 beginning on June 3, 2013). Pursuant to the February 2012 amendment to his agreement, Mr. Hogan was eligible to earn an additional bonus with a target of \$900,000, based upon criteria approved by the Compensation Committee, in addition to his annual performance bonus. In connection with his January 13, 2014 severance agreement and general release, CCOH and Mr. Hogan agreed that he would receive an annual bonus of \$77,250 for 2013 as part of his severance. In addition, pursuant to his January 13, 2014 severance agreement and general release, Mr. Hogan was paid the \$900,000 that he previously earned with respect to 2012 performance pursuant to the additional bonus opportunity. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus for a description of Mr. Hogan's bonus and Potential Post-Employment Payments for a description of

Mr. Hogan's severance arrangements. During his employment, Mr. Hogan also was entitled to participate in all pension, profit sharing and other retirement plans, all incentive compensation plans, all group health, hospitalization and disability or other insurance plans, paid vacation, sick leave and other employee welfare benefit plans in which other similarly situated employees may participate. He also was reimbursed for his legal expenses in connection with the negotiation of his November 2010 amended and restated employment agreement and the February 2012 amendment thereto.

---

**Table of Contents**

Under the employment agreement, Mr. Hogan remains required to protect the secrecy of CCB's confidential information and to assign certain intellectual property rights to CCB. Under his employment agreement, Mr. Hogan is prohibited from activities that compete with CCB or its affiliates for 12 months after leaving CCB, and he is prohibited from soliciting CCB's employees for employment for 12 months after termination regardless of the reason for termination of employment. The January 13, 2014 severance agreement and general release extended such 12 month periods to 24 months. However, pursuant to the terms of his employment agreement, upon receiving written permission from the Board, Mr. Hogan is permitted to engage in competing activities that would otherwise be prohibited by his employment agreement if such activities are determined in the sole discretion of the Board in good faith to be immaterial to the operations of CCB, or any subsidiary or affiliate thereof, in the location in question. Mr. Hogan also is prohibited from using CCB's confidential information at any time following the termination of his employment in competing, directly or indirectly, with CCB.

Mr. Hogan is entitled to reimbursement of reasonable attorneys' fees and expenses and full indemnification from any losses related to any proceeding to which he may be made a party by reason of his being or having been an officer of CCB or any of its subsidiaries (other than any dispute, claim or controversy arising under or relating to his employment agreement).

**Robert H. Walls, Jr.**

Effective January 1, 2010, Robert H. Walls, Jr. entered into an employment agreement with CCMS. Pursuant to his agreement, Mr. Walls will serve as Executive Vice President, General Counsel and Secretary until his agreement is terminated by either party as permitted in the agreement.

Under his agreement, Mr. Walls receives compensation consisting of a base salary, incentive awards and other benefits and perquisites. Mr. Walls' annual base salary initially was set at \$550,000, with eligibility for additional annual raises commensurate with company policy. Mr. Walls' current annual base salary is \$750,000. During 2010, Mr. Walls received a \$500,000 signing bonus, a prorated portion of which he would have been required to reimburse if he terminated his employment without good reason within the first 12 months of his employment or CCMS terminated his employment for cause during that period. No later than March 15 of each calendar year, Mr. Walls is eligible to receive a performance bonus. For 2010, Mr. Walls' target bonus was \$1,000,000, with the criteria being 50% EBITDA-based and 50% MBO-based. For purposes of his agreement, (1) EBITDA-based means performance criteria selected by the Board with respect to the annual bonus and with target performance determined on the same basis as determined for other similarly situated employees of CCMS and its affiliates and (2) MBO-based means the subjective performance criteria agreed to on an annual basis between the Chief Executive Officer and Mr. Walls at about the same time as established for other similarly situated employees. For 2011, Mr. Walls' target bonus was required to be no less than 100% of his base salary for 2011, with the criteria being 50% EBITDA-based and 50% MBO-based. For 2012 and thereafter, Mr. Walls' target bonus will be no less than his base salary for the year to which the bonus relates and the criteria will be set by management in consultation with Mr. Walls. For 2013, Mr. Walls received an annual bonus of \$318,750. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus. He is entitled to participate in all employee benefit plans and perquisites in which other similarly situated employees may participate.

Mr. Walls also received certain other benefits, including reimbursement of legal expenses in connection with the negotiation of his employment agreement and certain relocation benefits in connection with his relocation to San Antonio, such as reimbursement of living expenses and commuting expenses until September 1, 2010, reimbursement of taxes associated with the relocation benefits as well as other relocation benefits in accordance with company policy.

Additionally, pursuant to his employment agreement, on December 31, 2010, Mr. Walls was granted a stock option to purchase 100,000 shares of CCMH's Class A common stock, which Mr. Walls exchanged for shares of restricted stock in the 2012 Exchange Program described in footnote (b) to the Summary Compensation Table.

Under the employment agreement, Mr. Walls is required to protect the secrecy of confidential information of CCMS and its affiliates and to assign certain intellectual property rights. He also is prohibited by the agreement from engaging in certain activities that compete with CCMS and its affiliates during employment and for 12 months after his employment terminates, and he is prohibited from soliciting employees for employment during employment and for 12 months after termination of employment. CCMS agreed to defend and indemnify Mr. Walls for acts committed in the course and scope of his employment.

**GRANTS OF PLAN-BASED AWARDS**

**Stock Incentive Plans**

**2008 Executive Incentive Plan.** CCMH grants equity incentive awards to named executive officers and other eligible participants under the 2008 Executive Incentive Plan adopted in connection with, and prior to, the consummation of the Merger. The 2008 Executive Incentive Plan is intended to advance the interests of CCMH and its affiliates by providing for the grant of stock-based and other incentive awards to the key employees and directors of, and consultants and advisors to, CCMH or its affiliates who are in a position to make a significant contribution to the success of CCMH and its affiliates.

The 2008 Executive Incentive Plan allows for the issuance of restricted stock, restricted stock units, incentive and non-statutory stock options, cash awards and stock appreciation rights to eligible participants, who include the key employees of CCMH and its subsidiaries in the case of incentive stock options, and the key employees and directors of, and consultants and advisors to, CCMH or any of its affiliates in the case of other awards.

The 2008 Executive Incentive Plan is administered by the Board of CCMH. The Board determines which eligible persons receive an award and the types of awards to be granted as well as the amounts, terms and conditions of each award including, if relevant, the exercise price, the form of payment of the exercise price, the number of shares, cash or other consideration subject to the award and the vesting schedule. These terms and conditions will be set forth in the award agreement furnished to each participant at the time an award is granted to him or her under the 2008 Executive Incentive Plan. The Board also makes other determinations and interpretations necessary to carry out the purposes of the 2008 Executive Incentive Plan. For a description of the treatment of awards upon a participant's termination of employment or change in control, see Potential Post-Employment Payments.

Certain key participants who receive equity awards under the 2008 Executive Incentive Plan are subject to additional restrictions on their ability to transfer the shares they receive pursuant to awards granted under the 2008 Executive Incentive Plan. In addition, all participants in the 2008 Executive Incentive Plan would be required to enter into a lock up or similar agreement with respect to the shares they receive pursuant to awards granted under the 2008 Executive Incentive Plan in connection with a public offering of CCMH's shares on terms and conditions requested by CCMH or its underwriters.

**CCOH Stock Incentive Plans.** CCOH grants equity incentive awards to named executive officers in our outdoor businesses and other eligible participants under the 2012 Stock Incentive Plan and, prior to obtaining stockholder approval of the 2012 Stock Incentive Plan on May 18, 2012, the 2005 Stock Incentive Plan (collectively, the CCOH Stock Incentive Plan). The CCOH Stock Incentive Plan is intended to facilitate the ability of CCOH to attract, motivate and retain employees, directors and other personnel through the use of equity-based and other incentive compensation opportunities.

The CCOH Stock Incentive Plan allows for the issuance of restricted stock, incentive and non-statutory stock options, stock appreciation rights, director shares, deferred stock rights and other types of stock-based and/or performance-based awards to any present or future director, officer, employee, consultant or advisor of or to CCOH or its subsidiaries.

The CCOH Stock Incentive Plan is administered by CCOH's Compensation Committee, except that the entire CCOH Board has sole authority for granting and administering awards to CCOH's non-employee directors. The CCOH Compensation Committee determines which eligible persons receive an award and the types of awards to be granted as well as the amounts, terms and conditions of each award including, if relevant, the exercise price, the form of

payment of the exercise price, the number of shares, cash or other consideration subject to the award and the vesting schedule. These terms and conditions will be set forth in the award agreement furnished to each participant at the time an award is granted to him or her under the CCOH Stock Incentive Plan. The CCOH Compensation Committee also makes other determinations and interpretations necessary to carry out the purposes of the CCOH Stock Incentive Plan. For a description of the treatment of awards upon a participant's termination of employment or change in control, see Potential Post-Employment Payments.

As discussed above, CCMH historically has provided awards to Messrs. Pittman, Bressler, Casey, Hogan and Walls under the CCMH Annual Incentive Plan and CCOH has provided awards to Mr. Eccleshare under the CCOH Annual Incentive Plan. In addition, Messrs. Bressler, Eccleshare and Hogan were eligible to participate in additional bonus opportunities with respect to performance in 2013. See Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus for a more detailed description of the CCMH Annual Incentive Plan, the CCOH Annual Incentive Plan and the grant of awards to the named executive officers thereunder, as well as the additional bonus opportunities available to Messrs. Bressler, Eccleshare and Hogan.

The following table sets forth certain information concerning plan-based awards granted to the named executive officers during the year ended December 31, 2013.

**Table of Contents**

Pursuant to his severance agreement and general release, Mr. Casey's bonus was prorated for the portion of 2013 during which he served as our Executive Vice President and Chief Financial Officer. Mr. Eccleshare was granted a cash incentive award by CCOH under the CCOH Annual Incentive Plan based on the achievement of pre-established performance goals. In addition, each of Messrs. Bressler, Eccleshare and Hogan was eligible to participate in an additional bonus opportunity with respect to CCMH's 2013 performance in the case of Messrs. Bressler and Hogan and CCOH's 2013 performance in the case of Mr. Eccleshare. For 2013 Mr. Bressler was entitled to receive (1) a minimum annual bonus equal to 150% of his base salary prorated for the number of days that he worked during 2013, which equaled \$769,315, and (2) a guaranteed additional bonus of \$500,000, which amounts are reflected in the Bonus column in the Summary Compensation Table for Mr. Bressler for 2013. Mr. Eccleshare had the opportunity to earn up to \$300,000 from CCOH under his additional bonus opportunity and earned \$252,000 based on 2013 performance, of which \$84,000 was paid at the end of February 2014 and is included under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table, and the remaining \$168,000 of which will be paid in equal installments of \$84,000 each at the same time as the annual incentive bonus payments are paid generally in 2015 and 2016 if Mr. Eccleshare remains employed at that time. Mr. Hogan had the opportunity to earn up to \$900,000 from CCMH under his additional bonus opportunity but did not earn an additional bonus amount based on 2013 performance. For further discussion of the 2013 cash incentive awards, see Compensation Discussion and Analysis Elements of Compensation Annual Incentive Bonus.

- (c) On July 29, 2013, Mr. Bressler received a restricted stock award with respect to 910,000 shares of CCMH's Class A common stock under the CCMH Stock Incentive Plan. The restricted stock will vest as follows: (1) 250,000 shares of the award is time-vesting, with 20% vesting on each of the first, second, third, fourth and fifth anniversaries of the grant date; (2) 360,000 shares of the award will vest only if the Sponsors receive a 100% return on their investment in CCMH in the form of cash returns; and (3) 300,000 shares of the award will vest on a pro rata basis (using straight line linear interpolation) only if the Sponsors receive between 200% and 278% return on their investment in CCMH in the form of cash returns.

On July 29, 2013, Mr. Bressler also received a restricted stock award with respect to 271,739 shares of CCOH's Class A common stock under the 2012 Stock Incentive Plan. The restricted stock will vest with respect to 50% of the shares on each of the third and fourth anniversaries of the grant date.

For further discussion of these awards, see Compensation Discussion and Analysis Elements of Compensation Long-Term Incentive Compensation.
