This presentation contains "forward-looking" statements that involve risks, uncertainties and assumptions. If the risks or uncertainties ever materialize or the assumptions prove incorrect, our results may differ materially from those expressed or implied by such forward-looking statements. All statements other than statements of historical fact could be deemed forward-looking, including, but not limited to, any projections of financial information; any statements about historical results that may suggest trends for our business; any statements of the plans, strategies, and objectives of management for future operations; any statements of expectation or belief regarding future events, potential markets or market size, technology developments, or enforceability of our intellectual property rights; and any statements of assumptions underlying any of the items mentioned. These statements are based on estimates and information available to us at the time of this presentation and are not guarantees of future performance. These risks and uncertainties include, but are not limited to, the risk that Transmode shareholders fail to tender more than 90% of Transmode's outstanding shares, that any other closing conditions are not satisfied, and that the transaction may not close; the risk that Transmode's and Infinera's businesses will not be integrated successfully; the risk that synergies will not be realized or realized to the extent anticipated; the risk that the combined company will not realize on its financing or operating strategies; the risk that litigation in respect of either company or the transaction could arise; and the risk that disruption caused by the combined company would make it difficult to maintain certain strategic relationships. These risks and uncertainties also include those risks and uncertainties discussed in the offer document to be filed with the Swedish

Financial Supervisory Authority and in the Registration Statement on Form S-4 to be filed with the SEC, those risks and uncertainties identified under the heading Risk Factors in the Infinera Annual Report on Form 10-K for the year ended December 27, 2014, filed with the SEC, and those risks and uncertainties identified in any subsequent reports filed with the SEC by Infinera. Our SEC filings are available on our website at www.infinera.com and the SEC's website at www.sec.gov. We assume no obligation to, and do not currently intend to, update any such forward-looking statements.
