AES Announces Secondary Offering of Approximately 60 Million Shares of Common Stock by a Subsidiary of CIC and Concurrent Repurchase of 20 Million Shares of AES Common Stock

ARLINGTON, Va., May 12, 2015 The AES Corporation (NYSE: AES) announced today the launch of a registered secondary public offering of approximately 60 million shares of AES common stock (the Offering), all of which will be offered by Terrific Investment Corporation (the Selling Stockholder), a subsidiary controlled by China Investment Corporation (CIC). AES will not receive any of the proceeds from the Offering.

Morgan Stanley is acting as the underwriter for the offering. As part of the Offering, at the Selling Stockholder's instruction, the underwriter has reserved 20 million shares to be sold to AES at a price per share equal to the price paid by the underwriter to the Selling Stockholder in the Offering. AES will use cash on hand, and may supplement with borrowings under its revolving credit facility, to fund the purchase. AES expects to repay any revolver borrowings upon receipt of dividends from certain of its subsidiaries expected by fiscal year end. The number of shares of common stock available for sale to the general public will be reduced by such reserved shares. AES has \$381 million available for common stock repurchases under the Company's current authorization.

Following completion of the Offering, it is expected that the Selling Stockholder will have fully sold its stake in AES common stock.

This repurchase is in line with our expectation to utilize at least \$300 million of our current repurchase authorization of \$400 million this year, said Andrés Gluski, AES President and Chief Executive Officer. We will continue to invest our strong and growing free cash flow by paying down debt, investing in platform expansion projects and repurchasing shares, to maximize per share risk-adjusted returns for our shareholders.

Before you invest, you should read the prospectus in that registration statement, the prospectus supplement to which the Offering relates and the other documents incorporated by reference therein, which AES has filed with the SEC for more complete information about AES and the Offering.
