Form 424B2

June 19, 2015

Table of Contents

Filed Pursuant to Rule 424(b)(2)
File No. 333-188544

Title of Each Class of Securities Offered	Amount to be Registered	Maximum Offering Price Per Security	Maximum Aggregate Offering Price	Amount of Registration Fee⁽³⁾
Floating Rate Notes due 2019	\$562,050,000 ⁽¹⁾	100.000%	\$562,050,000.00 ⁽¹⁾	\$65,310.21
1.750% Notes due 2023	\$674,460,000 ⁽²⁾	99.322%	\$669,887,161.20 ⁽²⁾	\$77,840.89

- (1) 500,000,000 aggregate principal amount of the Floating Rate Notes due 2019 will be issued. The maximum aggregate offering price is based on the noon buying rate in New York City on June 17, 2015 for cable transfers of 1.00=\$1.1241 as announced on the United States Federal Reserve Board for euro.
- (2) 600,000,000 aggregate principal amount of the 1.750% Notes due 2023 will be issued. The maximum aggregate offering price is based on the noon buying rate in New York City on June 17, 2015 for cable transfers of 1.00=\$1.1241 as announced on the United States Federal Reserve Board for euro.
- (3) The total filing fee of \$143,151.10 is calculated in accordance with Rule 457(r) of the Securities Act of 1933 (the Securities Act). Pursuant to Rule 457(p) under the Securities Act, the \$386,400 remaining of the filing fee previously paid with respect to unsold securities registered pursuant to a Registration Statement on Form S-3 (File No. 333-197958) filed by Archer-Daniels-Midland Company on August 8, 2014 is being carried over, of which \$143,151.10 is offset against the registration fee due for this offering and of which \$243,248.90 remains available for future registration fees. No additional registration fee has been paid with respect to this offering.

PROSPECTUS SUPPLEMENT

(To Prospectus dated May 10, 2013)

1,100,000,000

ARCHER-DANIELS-MIDLAND COMPANY

500,000,000 Floating Rate Notes due 2019

600,000,000 1.750% Notes due 2023

We are offering 500,000,000 aggregate principal amount of Floating Rate Notes due 2019 (the Floating Rate Notes) and 600,000,000 aggregate principal amount of 1.750% Notes due 2023 (the Fixed Rate Notes). The Floating Rate Notes and the Fixed Rate Notes are collectively referred to herein as the notes and each, individually, as a series of notes.

The Floating Rate Notes will bear interest at a floating rate equal to the three-month EURIBOR rate plus 0.50% per annum. Interest on the Floating Rate Notes is payable quarterly in arrears on each March 24, June 24, September 24 and December 24, beginning on September 24, 2015. The Floating Rate Notes will mature on June 24, 2019.

The Fixed Rate Notes will bear interest at 1.750% per annum. Interest on the Fixed Rate Notes is payable annually in arrears on each June 23, beginning on June 23, 2016. The Fixed Rate Notes will mature on June 23, 2023.

We may redeem the Fixed Rate Notes, at our option at any time, either in whole or in part, at the redemption prices described under the heading Description of the Notes Optional Redemption. We may also redeem either series of notes, at our option, in whole, but not in part, at a redemption price equal to 100% of the principal amount of such series of notes, together with accrued and unpaid interest on such notes to but excluding the redemption date, in the event of certain developments affecting United States taxation as described under the headings Description of the Notes Payment of Additional Amounts and Tax Redemption. If a change of control triggering event as described under Description of the Notes Change of Control occurs with respect to either series of notes, we will be required to offer to repurchase the notes of such series at the applicable repurchase price described herein unless the notes of such series have been previously redeemed or called for redemption.

The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our other senior unsecured obligations from time to time outstanding. The notes will be issued only in registered form in denominations of 100,000 and integral multiples of 1,000 in excess thereof.

We intend to apply to list the notes on the New York Stock Exchange under the symbols ADM19 and ADM23 . Currently, there is no public market for the notes. The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time.

Investing in the notes involves risks, including those that are described under Risk Factors beginning on page S-5 of this prospectus supplement and the risks discussed elsewhere in this prospectus supplement, the accompanying prospectus and the documents we file with the U.S. Securities and Exchange Commission.

Neither the U.S. Securities and Exchange Commission nor any state securities commission has approved or disapproved of the notes or passed upon the adequacy or accuracy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.

	Price to Public (1)	Underwriting Discount	Proceeds, Before Expenses, to us (1) (2)
Per Floating Rate Note	100.000%	0.300%	99.700%
Total Floating Rate Notes	500,000,000	1,500,000	498,500,000
Per Fixed Rate Note	99.322%	0.400%	98.922%
Total Fixed Rate Notes	595,932,000	2,400,000	593,532,000

(1) Plus accrued interest from June 24, 2015 if the settlement occurs after that date.

(2) The underwriters may reimburse the Company for certain of its expenses in connection with this offering. See Underwriting.

The underwriters expect to deliver the notes to purchasers in book-entry form only through Clearstream Banking, *société anonyme*, and Euroclear Bank S.A./N.V. on or about June 24, 2015 (or such later date as may be agreed by us and the underwriters).

You should rely only on the information contained in or incorporated by reference in this prospectus supplement, the accompanying prospectus or any free writing prospectus we have authorized. We have not, and the underwriters have not, authorized any other person to provide you with different or additional information. If anyone provides you with different or additional information, you should not rely on it. We are not, and the underwriters are not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus supplement, the accompanying prospectus, any such free writing prospectus and the documents incorporated by reference herein is accurate only as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.

Table of Contents

ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first part is this prospectus supplement, which contains the terms of this offering of notes. The second part is the prospectus dated May 10, 2013, which is part of our Registration Statement on Form S-3 (No. 333-188544).

This prospectus supplement may add to, update or change the information in the accompanying prospectus. If information in this prospectus supplement is inconsistent with information in the accompanying prospectus, this prospectus supplement will apply and will supersede that information in the accompanying prospectus.

It is important for you to read and consider all information contained or incorporated by reference in this prospectus supplement, the accompanying prospectus and any free writing prospectus we have authorized in making your investment decision. You should also read and consider the information in the documents to which we have referred you in **Where You Can Find More Information** in the accompanying prospectus.

No person is authorized to give any information or to make any representations other than those contained or incorporated by reference in this prospectus supplement, the accompanying prospectus or any free writing prospectus we have authorized and, if given or made, such information or representations must not be relied upon as having been authorized. This prospectus supplement, the accompanying prospectus and any free writing prospectus we have authorized do not constitute an offer to sell or the solicitation of an offer to buy any securities other than the notes described in this prospectus supplement or an offer to sell or the solicitation of an offer to buy such securities in any circumstances in which such offer or solicitation is unlawful. Neither the delivery of this prospectus supplement, the accompanying prospectus or any such free writing prospectus, nor any sale made hereunder, shall under any circumstances create any implication that there has been no change in our affairs since the date of this prospectus supplement, or that the information contained or incorporated by reference in this prospectus supplement, the accompanying prospectus or any such free writing prospectus is correct as of any time subsequent to the date of such information.

In this prospectus supplement, unless otherwise stated or the context otherwise requires, references to **we**, **us**, **our**, **the Company** and **ADM** refer to Archer-Daniels-Midland Company and its consolidated subsidiaries. If we use a capitalized term in this prospectus supplement and do not define the term in this document, it is defined in the accompanying prospectus.

Application will be made to have the notes listed on the New York Stock Exchange under the symbols **ADM19** and **ADM23**. Currently, there is no public market for the notes. The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time.

Reference in this prospectus supplement to **\$**, **U.S. \$**, **dollars** and **U.S. dollars** are to the currency of the United States of America; and references to **€** and **euro** are to the currency introduced at the third stage of the European economic and monetary union pursuant to the Treaty establishing the European Union as amended from time to time.

The notes are offered globally for sale only in those jurisdictions in the United States, Europe, Asia and elsewhere where it is lawful to make such offers. The distribution of this prospectus supplement, the accompanying prospectus and any free writing prospectus we have authorized and the offering or sale of the notes in some jurisdictions may be restricted by law. Persons outside the United States who receive this prospectus supplement, the accompanying prospectus and any such free writing prospectus should inform themselves about and observe any applicable restrictions. This prospectus supplement, the accompanying prospectus and any such free writing prospectus may not

be used for or in connection with an offer or solicitation by any person in any jurisdiction in which that offer or solicitation is not authorized or to any person to whom it is unlawful to make that offer or solicitation. See Underwriting Selling Restrictions.

Notice to Prospective Investors in the European Economic Area

This prospectus supplement and the accompanying prospectus have been prepared on the basis that any offer of the notes in any Member State of the European Economic Area (the "EEA") that has implemented the Prospectus Directive (each, a "Relevant Member State") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of notes. Accordingly, any person making or intending to make any offer in that Relevant Member State of the notes which are the subject of the offering contemplated by this prospectus supplement and the accompanying prospectus may only do so in circumstances in which no obligation arises for ADM or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither ADM nor the underwriters have authorized, nor do ADM or they authorize, the making of any offer of notes in circumstances in which an obligation arises for ADM or the underwriters to publish or supplement a prospectus for such offer. "Prospectus Directive" means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU, and includes any relevant implementing measure in the Relevant Member State).

Notice to Prospective Investors in the United Kingdom

This prospectus supplement and accompanying prospectus are only being distributed to, and are only directed at, persons in the United Kingdom that are qualified investors within the meaning of Article 2(1)(e) of the Prospectus Directive and that are also (1) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order") or (2) high net worth entities, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order (each such person being referred to as a "Relevant Person"). This prospectus supplement and the accompanying prospectus and their contents are confidential and should not be distributed, published or reproduced (in whole or in part) or disclosed by recipients to any other persons in the United Kingdom. Any person in the United Kingdom that is not a Relevant Person should not act or rely on this prospectus supplement and/or the accompanying prospectus or any of their contents.

This prospectus supplement and accompanying prospectus have not been approved for the purposes of section 21 of the UK Financial Services and Markets Act 2000 ("FSMA") by a person authorized under FSMA. This prospectus supplement and the accompanying prospectus are being distributed and communicated to persons in the United Kingdom only in circumstances in which section 21(1) of FSMA does not apply. The notes are not being offered or sold to any person in the United Kingdom except in circumstances which will not result in the requirement to publish a prospectus in accordance with FSMA.

Stabilization

IN CONNECTION WITH THE ISSUE OF THE NOTES, BARCLAYS BANK PLC (IN THIS CAPACITY, THE "STABILIZING MANAGER") (OR ANY PERSON ACTING ON BEHALF OF THE STABILIZING MANAGER) MAY OVER-ALLOT THE NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, THERE IS NO ASSURANCE THAT THE STABILIZING MANAGER (OR PERSONS ACTING ON BEHALF OF THE STABILIZING MANAGER) WILL UNDERTAKE ANY STABILIZATION ACTION. ANY STABILIZATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE NOTES IS MADE, AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE OF THE NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE NOTES. ANY STABILIZATION ACTION OR

OVER-ALLOTMENT WILL BE CONDUCTED IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

Table of Contents

PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights selected information about us and this offering. It may not contain all of the information that is important to you in deciding whether to purchase notes. We encourage you to read the entire prospectus supplement, the accompanying prospectus and the documents that we have filed with the U.S. Securities and Exchange Commission (the "SEC") that are incorporated by reference prior to deciding whether to purchase notes.

Archer-Daniels-Midland Company

We are one of the world's largest processors of oilseeds, corn, wheat, cocoa, and other agricultural commodities and a leading manufacturer of protein meal, vegetable oil, corn sweeteners, flour, biodiesel, ethanol, and other value-added food and feed ingredients. We also have an extensive global grain elevator and transportation network to procure, store, clean, and transport agricultural commodities, such as oilseeds, corn, wheat, milo, oats, and barley, as well as processed agricultural commodities.

We were incorporated in Delaware in 1923 as the successor to a business formed in 1902. Our executive offices are located at 77 West Wacker Drive, Suite 4600, Chicago, Illinois 60601. Our telephone number is (312) 634-8100. We maintain an Internet website at <http://www.adm.com>. Information contained on our website is not incorporated by reference into this prospectus supplement or the accompanying prospectus, and you should not consider information contained on our website as part of this prospectus supplement or the accompanying prospectus.

Tender Offers

On June 1, 2015, we commenced cash tender offers (the "Tender Offers") for up to a maximum aggregate purchase price of \$1,000,000,000 of our outstanding 6.950% Debentures due 2097, 5.375% Debentures due 2035, 5.765% Debentures due 2041, 5.935% Debentures due 2032, 6.625% Debentures due 2029, 6.750% Debentures due 2027, 7.500% Debentures due 2027, 7.000% Debentures due 2031, 6.450% Debentures due 2038, 8.375% Debentures due 2017 and 4.479% Debentures due 2021 (collectively, the "Tender Offer Notes"), subject to the completion of this offering on terms reasonably satisfactory to us and resulting in the receipt of net proceeds sufficient to fund the maximum aggregate purchase price and other conditions. The consummation of this offering is not contingent upon the successful completion of the Tender Offers. We cannot assure you that the Tender Offers will be completed on the terms described in this prospectus supplement, or at all, nor can we assure you that the Tender Offers will result in any series of the Tender Offer Notes being tendered and accepted for purchase. Nothing in this prospectus supplement shall be construed as an offer to purchase any series of the Tender Offer Notes, as the Tender Offers are being made only to the recipients of, and upon the terms and conditions set forth in, the related offer to purchase and letter of transmittal. We may amend the Tender Offers in any respect in relation to one or more series of Tender Offer Notes, in each case subject to applicable law.

Table of Contents

The Offering

Issuer	Archer-Daniels-Midland Company
Notes Offered	500,000,000 aggregate principal amount of Floating Rate Notes due 2019 600,000,000 aggregate principal amount of Fixed Rate Notes due 2023
Maturity	The Floating Rate Notes will mature on June 24, 2019. The Fixed Rate Notes will mature on June 23, 2023.
Interest and Interest Payment Dates	Interest on the Floating Rate Notes will accrue at a floating rate equal to the three-month EURIBOR rate plus 0.50% per annum from June 24, 2015. Interest on the Floating Rate Notes will be payable quarterly in arrears on each March 24, June 24, September 24 and December 24, beginning on September 24, 2015. Interest on the Floating Rate Notes will not be less than zero. Interest on the Fixed Rate Notes will accrue at 1.750% per annum from June 24, 2015. Interest on the Fixed Rate Notes will be payable annually in arrears on each June 23, beginning on June 23, 2016.
Currency of Payment	All payments of principal of, and premium, if any, and interest on, the notes, and additional amounts, if any, including any payments made upon any applicable redemption of the notes will be made in euro. If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until the euro is again available to us or so used. See Description of the Notes Issuance in Euro.
Additional Amounts	

Subject to certain exceptions and limitations set forth herein, we will pay additional amounts on the notes as is necessary in order that the net payment by us of the principal of, and premium, if any, and interest on, the notes to a holder who is not a United States person, after withholding or deduction for any present or future tax, duty, assessment or governmental charge of whatever nature imposed or levied by the United States or any taxing authority thereof or therein will not be less than the amount provided in the notes to be then due and payable. See Description of the Notes Payment of Additional Amounts.

S-2

Table of Contents

Tax Redemption	We may redeem either series of notes, at our option, in whole, but not in part, in the event of certain developments affecting United States taxation as described under the headings Description of the Notes Payment of Additional Amounts and Tax Redemption.
Optional Redemption	We may redeem the Fixed Rate Notes, at our option, either in whole at any time or in part from time to time, at the redemption prices described under the heading Description of the Notes Optional Redemption.
Repurchase at the Option of Holders Upon a Change of Control Triggering Event	If a change of control triggering event as described under Description of the Notes Change of Control occurs with respect to either series of notes, we will be required to offer to repurchase the notes of such series at the applicable repurchase price described under Description of the Notes Change of Control unless the notes of such series have been previously redeemed or called for redemption.
Denominations	We will issue notes in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof.
Ranking	The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our other senior unsecured obligations from time to time outstanding.
Use of Proceeds	We intend to use the net proceeds from the sale of the notes to pay for the Tender Offer Notes purchased in the Tender Offers and for general corporate purposes. See Use of Proceeds.
Listing	We intend to apply to list the notes on the New York Stock Exchange under the symbols ADM19 and ADM23 . The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time.
Trustee and Securities Registrar	The Bank of New York Mellon
London Paying Agent	The Bank of New York Mellon, London Branch

Calculation Agent

The Bank of New York Mellon, London Branch

Further Issues

We may from time to time, without notice to or the consent of the holders of the notes, create and issue additional debt securities having the same terms (except for the issue date and, in some cases, the public offering price, the initial interest accrual date and the initial interest payment date) and ranking equally and ratably with the Floating Rate Notes

S-3

Table of Contents

or the Fixed Rate Notes, as applicable, offered hereby in all respects, as described under [Description of the Notes](#) [General](#). Any additional debt securities having such similar terms, together with the Floating Rate Notes or the Fixed Rate Notes, as applicable, offered hereby, will constitute a single series of securities under the indenture.

Book-Entry

The notes will be issued in registered book-entry form and will be represented by global notes deposited with, or on behalf of, a common depositary on behalf of Clearstream Banking, *société anonyme* ([Clearstream](#)) and Euroclear Bank S.A./N.V. ([Euroclear](#)) and registered in the name of the common depositary or its nominee. Beneficial interests in any of the notes will be shown on, and transfers will be effected only through, records maintained by Clearstream and Euroclear and their participants, and these beneficial interests may not be exchanged for certificated notes, except in limited circumstances. See [Description of the Notes](#) [Book-Entry Delivery and Settlement](#).

Risk Factors

Investing in the notes involves risks. See [Risk Factors](#) and the other information included in or incorporated by reference into this prospectus supplement for a discussion of factors you should carefully consider before deciding to purchase either series of notes.

Material U.S. Federal Income Tax Considerations

You should consult your tax advisor regarding the tax consequences of acquiring, owning or disposing of the notes. See [Material United States Federal Income Tax Considerations](#).

Marketing and Selling Restrictions

The notes may be offered for sale in those jurisdictions in the United States, Europe, Asia and elsewhere where it is lawful to make such offers. You should carefully read and consider the information set forth in [About this Prospectus Supplement](#) and [Underwriting Selling Restrictions](#) before investing in the notes.

S-4

Table of Contents

RISK FACTORS

You should carefully consider the following risk factors, the risk factors described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2014 as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

The notes are effectively subordinated to the existing and future liabilities of our subsidiaries.

The notes are our senior unsecured obligations and will rank equal in right of payment to our other senior unsecured obligations from time to time outstanding. The notes are not secured by any of our assets. Any future claims of secured lenders with respect to assets securing their loans will be prior to any claim of the holders of the notes with respect to those assets.

Our subsidiaries are separate and distinct legal entities from us. Our subsidiaries have no obligation to pay any amounts due on the notes or to provide us with funds to meet our payment obligations on the notes, whether in the form of dividends, distributions, loans or other payments. In addition, any payment of dividends, loans or advances by our subsidiaries could be subject to statutory or contractual restrictions. Payments to us by our subsidiaries will also be contingent upon the subsidiaries' earnings and business considerations. Our right to receive any assets of any of our subsidiaries upon their bankruptcy, liquidation or reorganization, and therefore the right of the holders of the notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors. In addition, even if we are a creditor of any of our subsidiaries, our right as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any indebtedness of our subsidiaries senior to that held by us.

The indenture does not restrict the amount of additional debt that we may incur.

The notes and indenture under which the notes will be issued do not place any limitation on the amount of debt that may be incurred by us. Our incurrence of additional debt may have important consequences for you as a holder of the notes, including making it more difficult for us to satisfy our obligations with respect to the notes and a loss in the trading value of your notes, if any.

An investment in the notes by a purchaser whose home currency is not euro entails significant risks.

An investment in notes which are denominated and payable in a currency other than the currency of the country in which the purchaser is resident or the currency in which the purchaser primarily conducts its business or activities (in each case, the "home currency") entails significant risks not associated with notes denominated and payable in the home currency. Accordingly, an investment in the notes by a purchaser whose home currency is not euro entails significant risks. These risks include the possibility of significant changes in rates of exchange between the holder's home currency and the euro and the possibility of the imposition or subsequent modification of foreign exchange controls. These risks generally depend on factors over which we have no control, such as economic, financial and political events and the supply of and demand for the relevant currencies. In recent years, rates of exchange between euro and certain currencies have been highly volatile, and each holder should be aware that such volatility may occur in the future. Fluctuations in any particular exchange rate that have occurred in the past, however, are not necessarily indicative of fluctuations in the rate that may occur during the term of the notes. Depreciation of euro against the holder's home currency would result in a decrease in the effective yield of the notes below its coupon rate and, in

certain circumstances, could result in a loss to the holder. An investment in the notes may also have important tax consequences as a result of any foreign currency exchange gains or losses. See Material United States Federal Income Tax Considerations.

S-5

Table of Contents

If, as permitted by the notes, we make payments in U.S. dollars when we are unable to obtain euro, you will be exposed to significant risks if your home currency is not U.S. dollars.

If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted into U.S. dollars on the basis of the then most recently available market exchange rate for euro. See Description of the Notes Issuance in Euro. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default under the indenture governing the notes. If your home currency is not U.S. dollars, any such payment will expose you to the significant risks described above under An investment in the notes by a purchaser whose home currency is not euro entails significant risks.

In a lawsuit for payment on the notes, a holder may bear currency exchange risk.

The notes will be governed by, and construed in accordance with, the laws of the State of New York. Under New York law, a New York state court rendering a judgment on the notes would be required to render the judgment in euro. However, the judgment would be converted into U.S. dollars at the exchange rate prevailing on the date of entry of the judgment. Consequently, in a lawsuit for payment on the notes, investors would bear currency exchange risk until a New York state court judgment is entered, which could be a long time. A Federal court sitting in New York with diversity jurisdiction over a dispute arising in connection with the notes would apply the foregoing New York law.

In courts outside of New York, holders of the notes may not be able to obtain a judgment in a currency other than U.S. dollars. For example, a judgment for money in an action based on the notes in many other U.S. federal or state courts ordinarily would be enforced in the United States only in U.S. dollars. The date used to determine the rate of conversion of euro into U.S. dollars would depend upon various factors, including which court renders the judgment.

Holders of the notes are exposed to the consequences of denomination of a minimum specified denomination plus a higher integral multiple.

The notes will be issued in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof. As is the case with any issue of securities that have a denomination consisting of a minimum specified denomination (a Specified Denomination) plus a higher integral multiple of another smaller amount, it is possible that interests in the notes may be traded in amounts that are not a Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds a principal amount that is less than the Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive note in respect of such holding (should definitive notes be printed) and would need to purchase a principal amount of notes such that its holding amounts to the Specified Denomination.

The trading market for the notes may be limited.

The notes are a new issue of securities for which no established trading market exists. Although we intend to apply to list the notes on the New York Stock Exchange, no assurance can be given that we will be able to list the notes or the notes will remain listed. Even if the notes are listed, no assurance can be given that a trading market for the notes will develop or be maintained and we have no obligation to maintain such listing, and we may delist the notes at any time. If an active trading market does not develop for the notes, holders of the notes may not be able to resell them at all or at prices acceptable to them. Although the underwriters for this offering have advised us that they intend to make a

market in the notes after completion of the offering, they are not obligated to do so and may discontinue market making at any time. The liquidity of any trading market for,

S-6

Table of Contents

and future trading prices of, the notes will depend on many factors, including, among other things, the number of holders of the notes, our operating results, cash flows, financial performance and prospects, prevailing interest rates, changes in our credit rating or outlook, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors. Therefore, no assurance can be given as to the liquidity of any trading market for the notes.

Our credit ratings may not reflect all risks of your investments in the notes.

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the notes. These credit ratings may not reflect the potential impact of risks relating to structure or marketing of the notes. Agency ratings are not a recommendation to buy, sell or hold any security and may be revised or withdrawn at any time by the issuing organization. Each agency's rating should be evaluated independently of any other agency's rating.

We may not be able to repurchase the notes upon a change of control triggering event.

Upon the occurrence of specific kinds of change of control events, unless we have exercised our right to redeem the notes, as applicable, each holder of the notes will have the right to require us to repurchase all or any part of such holder's notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to but excluding the date of repurchase. If we experience a change of control triggering event, there can be no assurance that we would have sufficient financial resources available to satisfy our obligations to repurchase the notes. Our failure to repurchase the notes as required under the indenture governing the notes would result in a default under the notes, which could have material adverse consequences for us and the holders of the notes. See Description of the Notes Change of Control.

A paying agent may be obligated to withhold taxes under the Council Directive 2003/48/EC, and the net amounts received by holders of the notes may be less than they would have been absent that withholding.

Under Council Directive 2003/48/EC on the taxation of savings income (the EU Savings Directive), each member state of the European Union (a Member State) may be required to provide to the tax authorities of another Member State details of certain payments of interest (or similar income) paid or secured by a person established within the jurisdiction of the first Member State to or for the benefit of an individual, or certain limited types of entities established in that other Member State. See Certain European Union Tax Matters for a discussion of the EU Savings Directive.

If a payment were to be made or collected through a Member State that has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment pursuant to the EU Savings Directive (as amended from time to time) or any law implementing or complying with, or introduced in order to conform with, such Directive, neither the Company nor any paying agent nor any other person would be obliged to pay additional amounts with respect to amounts received by holders of the notes as a result of the imposition of such withholding tax.

Table of Contents

USE OF PROCEEDS

We expect the net proceeds to us from the sale of the notes to be approximately 1,089,432,000 (or approximately \$1,224,630,511 using the noon buying rate in New York City on June 17, 2015 for cable transfers of 1.00=\$1.1241 as announced by the United States Federal Reserve Board for euro), after deducting underwriting discounts and commissions and our offering expenses. We intend to use the net proceeds from the sale of the notes to pay for the Tender Offer Notes purchased in the Tender Offers and for general corporate purposes.

S-8

Table of Contents

CURRENCY CONVERSION

Principal, premium, if any, and interest payments in respect of the notes and additional amounts, if any, will be payable in euro. If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted into U.S. dollars on the basis of the most recently available market exchange rate for euro. See Description of the Notes Issuance in Euro. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default under the indenture governing the notes.

Investors will be subject to foreign exchange risks as to payments of principal of, and premium, if any, and interest on, the notes that may have important economic and tax consequences to them. See Risk Factors. You should consult your own financial and legal advisors as to the risks involved in an investment in the notes.

On June 17, 2015, the euro/U.S. \$ rate of exchange was 1.00/U.S. \$1.1241.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

Set forth below is our consolidated ratio of earnings to fixed charges for each of the periods presented.

Fiscal Year Ended June 30,			Six Months Ended December 31,	Year Ended December 31,		Three Months Ended March 31,
2010	2011	2012	2012	2013	2014	2015
4.78x	5.55x	3.79x	4.02x	4.45x	7.90x	7.09x

The ratio of earnings to fixed charges is calculated as follows:

(earnings)
(fixed charges)

For purposes of calculating the ratio, earnings consist of:

pre-tax income from continuing operations before adjustment for non-controlling interests in income from consolidated subsidiaries or income or loss from equity investees;

fixed charges;

amortization of capitalized interest;

distributed income of equity investees; and

our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges;

minus capitalized interest;

minus preference security dividend requirements of consolidated subsidiaries; and

minus the non-controlling interest in pre-tax income of subsidiaries that have not incurred fixed charges.

For purposes of calculating the ratio, fixed charges consist of:

interest expensed and capitalized;

amortized premiums, discounts and capitalized expenses related to indebtedness;

an estimate of the interest portion of rental expense on operating leases; and

preference security dividend requirements of consolidated subsidiaries.

S-10

Table of Contents

DESCRIPTION OF THE NOTES

The following description of the particular terms of the notes supplements the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus, to which reference is made. References to we, us, our the Company and ADM in this section are only to Archer-Daniels-Midland Company and not to its subsidiaries.

The notes will be issued under an indenture (the Indenture) dated as of October 16, 2012, between us and The Bank of New York Mellon, as trustee (the Trustee). We have summarized certain terms and provisions of the Indenture and the notes in this section and in Description of Debt Securities in the accompanying prospectus. We have also filed the Indenture as an exhibit to the registration statement of which the accompanying prospectus forms a part. You should read the indenture for additional information before you purchase the notes.

The following summary of certain provisions of the Indenture and the notes does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the Indenture and the notes, including the definitions therein of certain terms. Whenever particular provisions of or terms defined in the Indenture are referred to, such provisions and defined terms are incorporated by reference as part of the statement made.

General

The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our other senior unsecured obligations from time to time outstanding. The notes will be effectively subordinated to all liabilities of our subsidiaries, including trade payables. Since we conduct many of our operations through our subsidiaries, our right to participate in any distribution of the assets of a subsidiary when it winds up its business is subject to the prior claims of the creditors of the subsidiary. This means that your right as a holder of our notes will also be subject to the prior claims of these creditors if a subsidiary liquidates or reorganizes or otherwise winds up its business. Unless we are considered a creditor of the subsidiary, your claims will be recognized behind these creditors.

The Floating Rate Notes will initially be limited to 500,000,000 aggregate principal amount, and the Fixed Rate Notes will initially be limited to 600,000,000 aggregate principal amount. The Indenture does not limit the amount of notes, debentures or other evidences of indebtedness that we may issue under the Indenture and provides that notes, debentures or other evidences of indebtedness may be issued from time to time in one or more series. See Further Issuances.

The aggregate principal amount of the Floating Rate Notes will mature and become payable, together with accrued and unpaid interest on June 24, 2019 (unless redeemed earlier as described below under Tax Redemption). The aggregate principal amount of the Fixed Rate Notes will mature and become payable, together with accrued and unpaid interest on June 23, 2023 (unless redeemed earlier as described below under Optional Redemption or Tax Redemption). The notes will not be convertible into or exchangeable for any of our equity interests. The notes will be issued only in registered form in denominations of 100,000 and integral multiples of 1,000 in excess thereof.

No service charge will be made for any transfer or exchange of the notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

The notes will be issued in registered book-entry form and will be represented by global notes deposited with, or on behalf of, a common depositary for Clearstream and Euroclear and registered in the name of the common depositary or its nominee. Beneficial interests in any of the notes will be shown on, and transfers will be effected only through, records maintained by Clearstream and Euroclear and their participants, and these beneficial interests may not be

exchanged for certificated notes, except in limited circumstances.

S-11

Table of Contents

The principal of and premium, if any, on each series of notes payable at maturity or earlier redemption will be paid against presentation and surrender at the office or agency maintained for such purpose in London, initially the corporate trust office of The Bank of New York Mellon, London Branch (the **London Paying Agent**), located at One Canada Square, London E14 5AL, in euro. A **business day** is any day, other than a Saturday or Sunday, (i) which is not a day on which banking institutions in the City of New York or London are authorized or required by law or executive order to close and (ii) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system, or the TARGET2 system, or any successor thereto, operates.

Interest on the Floating Rate Notes

The Bank of New York Mellon, London Branch, or such other person appointed by us, will initially act as calculation agent for the Floating Rate Notes (the **Calculation Agent**).

The Floating Rate Notes will bear interest from June 24, 2015 at a floating rate determined in the manner provided below, payable quarterly in arrears on March 24, June 24, September 24 and December 24 of each year and on the maturity date of the Floating Rate Notes (each, a **Floating Rate Notes Interest Payment Date**), beginning on September 24, 2015 to the persons in whose names the Floating Rate Notes are registered at the close of business on the 15th calendar day (whether or not a business day) immediately preceding the related Floating Rate Notes Interest Payment Date or, if the notes are represented by one or more global notes, the close of business on the business day (for this purpose a day on which Clearstream and Euroclear are open for business) immediately preceding the related Floating Rate Notes Interest Payment Date; provided, however, that interest payable on the maturity date or any redemption date shall be payable to the person to whom the principal of such Floating Rate Notes shall be payable.

If any Floating Rate Notes Interest Payment Date (other than the maturity date or any earlier redemption date) falls on a day that is not a business day, the Floating Rate Notes Interest Payment Date will be postponed to the next succeeding business day and interest will accrue to but excluding such Floating Rate Notes Interest Payment Date, except that if such business day falls in the next succeeding calendar month, the applicable Floating Rate Notes Interest Payment Date will be the immediately preceding business day. If the maturity date or any earlier redemption date of the Floating Rate Notes falls on a day that is not a business day, the payment of principal, premium, if any, and interest, if any, otherwise payable on such date will be postponed to the next succeeding business day, and no interest on such payment will accrue on the payment so deferred from and after the maturity date or earlier redemption date, as applicable. The rights of holders of beneficial interests of Floating Rate Notes to receive the payments of interest on such notes are subject to the applicable procedures of Euroclear and Clearstream.

The interest rate will be reset quarterly on March 24, June 24, September 24 and December 24, beginning on September 24, 2015 (each an **Interest Reset Date**). However, if any Interest Reset Date would otherwise be a day that is not a business day, such Interest Reset Date will be the next succeeding day that is a business day, except that if the next succeeding business day falls in the next succeeding calendar month, the applicable Interest Reset Date will be the immediately preceding business day.

The initial interest period will be the period from and including June 24, 2015 to but excluding the first Interest Reset Date. The interest rate in effect during the initial interest period will be determined by the Calculation Agent and will be equal to EURIBOR plus 50 basis points (0.50%), determined two TARGET System Days prior to June 24, 2015. A **TARGET System Day** is any day in which the TARGET2 System, or any successor thereto, is open for business.

After the initial interest period, the interest periods will be the periods from and including an Interest Reset Date to but excluding the immediately succeeding Interest Reset Date, except that the final interest period will be the period from and including the Interest Reset Date immediately preceding the maturity date (or any earlier redemption date) to but

excluding the maturity date (or any earlier redemption date) (each an Interest

S-12

Table of Contents

Period). The interest rate per annum for the Floating Rate Notes in any Interest Period will be equal to EURIBOR plus 50 basis points (0.50%) (the Interest Rate), as determined by the Calculation Agent. The Interest Rate in effect for the 15 calendar days prior to any redemption date earlier than the maturity date will be the Interest Rate in effect on the fifteenth day preceding such earlier redemption date.

The Interest Rate on the Floating Rate Notes will not be less than zero and will be limited to the maximum rate permitted by New York law, as the same may be modified by United States law of general application.

Upon the request of any holder of Floating Rate Notes, the Calculation Agent will provide the Interest Rate then in effect and, if determined, the Interest Rate that will become effective on the next Interest Reset Date.

The Calculation Agent will determine EURIBOR for each Interest Period on the second TARGET System Day prior to the first day of such Interest Period (the Interest Determination Date).

EURIBOR, with respect to any Interest Determination Date, will be the offered rate for deposits of euros having a maturity of three months that appears on Reuters Page EURIBOR 01 at approximately 11:00 a.m., Brussels time, on such Interest Determination Date. If on an Interest Determination Date, such rate does not appear on the Reuters Page EURIBOR 01 as of 11:00 a.m., Brussels time, or if Reuters Page EURIBOR 01 is not available on such date, the Calculation Agent will obtain such rate from Bloomberg L.P.'s page BBAM.

If no offered rate appears on Reuters Page EURIBOR 01 or Bloomberg L.P.'s page BBAM on an Interest Determination Date, EURIBOR will be determined for such Interest Determination Date on the basis of the rates at approximately 11:00 a.m., Brussels time, on such Interest Determination Date at which deposits in euros are offered to prime banks in the euro-zone inter-bank market by the principal euro-zone office of each of four major banks in such market selected and identified by us (the Reference Banks), for a term of three months commencing on the applicable Interest Reset Date and in a principal amount of not less than \$1,000,000 that is representative for a single transaction in euros in such market at such time. We will ensure the Calculation Agent is provided with the complete contact details of the relevant personnel at each of the Reference Banks that they will be required to contact in order to obtain the relevant Interest Rate. The Calculation Agent will request the principal euro-zone office of each of such banks to provide a written quotation of its rate. If at least two such quotations are provided in writing, EURIBOR for such Interest Period will be the arithmetic mean (rounded upwards) of such quotations. If fewer than two such quotations are provided in writing, EURIBOR for such Interest Period will be the arithmetic mean (rounded upwards) of the rates quoted in writing at approximately 11:00 a.m., Brussels time, on such Interest Determination Date by three major banks in the euro-zone, selected and identified by us, for loans in euros to leading European banks, for a term of three months, commencing on the applicable Interest Reset Date and in a principal amount of not less than \$1,000,000 that is representative for a single transaction in such market at such time; provided, however, that if the banks so selected are not quoting as mentioned above, the then-existing EURIBOR rate will remain in effect for such Interest Period, or, if none, the Interest Rate will be the initial interest rate.

All percentages resulting from any calculation of any Interest Rate for the Floating Rate Notes will be rounded, if necessary, to the nearest one hundred thousandth of a percentage point, with five one-millionths of a percentage point rounded upward (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655)), and all euro amounts will be rounded to the nearest cent, with one-half cent being rounded upward. The amount of interest payable in respect of the Floating Rate Notes will be calculated by applying the applicable Interest Rate for such Interest Period to the outstanding principal amount of the Floating Rate Notes, multiplying the product by the actual number of days in such Interest Period and dividing by 360. Each calculation of the Interest Rate on the Floating Rate Notes by the Calculation Agent will (in the absence of manifest error) be final and binding on us, the Trustee and the holders of the Floating Rate Notes.

S-13

Table of Contents

Interest on the Fixed Rate Notes

The Fixed Rate Notes will bear interest from June 24, 2015 at a rate of 1.750% per annum. We will pay interest on the Fixed Rate Notes annually in arrears on June 23 of each year and on the maturity date of the Fixed Rate Notes (each, a Fixed Rate Interest Payment Date), beginning on June 23, 2016, to the persons in whose names the Fixed Rate Notes are registered at the close of business on the 15th calendar day (whether or not a business day) immediately preceding the related Fixed Rate Interest Payment Date or, if the Fixed Rate Notes are represented by one or more global notes, the close of business on the business day (for this purpose a day on which Clearstream and Euroclear are open for business) immediately preceding the Fixed Rate Interest Payment Date; provided, however, that interest payable on the maturity date of the Fixed Rate Notes or any redemption date of the Fixed Rate Notes shall be payable to the person to whom the principal of such notes shall be payable.

Interest on the Fixed Rate Notes will be computed on the basis of (i) the actual number of days in the period for which interest is being calculated and (ii) the actual number of days from and including the last date on which interest was paid on the Fixed Rate Notes (or June 24, 2015 if no interest has been paid on the Fixed Rate Notes), to but excluding the next scheduled Fixed Rate Notes Interest Payment Date, as the case may be. This payment convention is referred to as ACTUAL/ACTUAL (ICMA) as defined in the rulebook of the International Capital Market Association.

Interest payable on the Fixed Rate Notes on any Fixed Rate Interest Payment Date, redemption date or maturity date shall be the amount of interest accrued from, and including, the next preceding Fixed Rate Interest Payment Date in respect of which interest has been paid or duly provided for (or from and including the original issue date of such Fixed Rate Notes, if no interest has been paid or duly provided for) to, but excluding, such Fixed Rate Interest Payment Date, redemption date or maturity date, as the case may be. If any Fixed Rate Interest Payment Date for the Fixed Rate Notes falls on a day that is not a business day, the Fixed Rate Interest Payment Date will be made on the next succeeding day that is a business day, but no additional interest will accrue as a result of the delay in payment. If the maturity date or any redemption date of the Fixed Rate Notes falls on a day that is not a business day, the related payment of principal, premium, if any, and interest will be made on the next succeeding business day as if it were made on the date such payment was due, and no interest will accrue on the amounts so payable for the period from and after such date to the next succeeding business day. The rights of holders of beneficial interests of Fixed Rate Notes to receive the payments of interest on such notes are subject to the applicable procedures of Euroclear and Clearstream.

Issuance in Euro

Initial holders will be required to pay for the notes in euro, and principal, premium, if any, and interest payments in respect of the notes will be payable in euro.

If euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or the euro is no longer used by the member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until euro is again available to us or so used. The amount payable on any date in euro will be converted to U.S. dollars on the basis of the Market Exchange Rate (as defined below) on the second business day before that payment is due, or if such Market Exchange Rate is not then available, on the basis of the most recently available Market Exchange Rate on or before the date that payment is due. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default under the Indenture. None of the Trustee, the London Paying Agent or the Calculation Agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling re-denominations.

Market Exchange Rate means the noon buying rate in the City of New York for cable transfers of euro as certified for customs purposes (or, if not so certified, as otherwise determined) by the Federal Reserve Bank of New York.

S-14

Table of Contents

Further Issuances

We may, from time to time, without the consent of or notice to existing note holders, create and issue further notes having the same terms and conditions as either series of notes in all respects, except for the issue date and, in some cases, the public offering price, the initial interest accrual date and the initial interest payment date. Additional notes issued in this manner will be consolidated with and will form a single series of debt securities with the related previously outstanding notes of the related series; *provided, however*, that the issuance of such additional notes will not be so consolidated for United States federal income tax purposes unless such issuance constitutes a qualified reopening within the meaning of the Internal Revenue Code of 1986, as amended (the Code), and the Treasury regulations promulgated thereunder.

Optional Redemption

We may redeem the Fixed Rate Notes at our option, either in whole at any time or in part from time to time, at a redemption price for the Fixed Rate Notes to be redeemed on any redemption date equal to the greater of the following amounts:

100% of the principal amount of the Fixed Rate Notes being redeemed on the redemption date; or

the sum of the present values of the remaining scheduled payments of principal and interest on the Fixed Rate Notes being redeemed on that redemption date (not including any portion of any payments of interest accrued to but excluding the redemption date) discounted to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate (as defined below), plus 20 basis points;

plus accrued and unpaid interest on the Fixed Rate Notes being redeemed to but excluding the redemption date.

Notwithstanding the foregoing, installments of interest on the Fixed Rate Notes that are due and payable on a Fixed Rate Interest Payment Date falling on or prior to a redemption date will be payable on the Fixed Rate Interest Payment Date to the registered holders as of the close of business on the relevant record date according to the Fixed Rate Notes and the Indenture.

Notice of any redemption will be mailed (or, with respect to Fixed Rate Notes in global form, electronically delivered) at least 30 days but not more than 60 days before the redemption date to each registered holder of the Fixed Rate Notes to be redeemed by us or by the Trustee on our behalf. Once notice of redemption is mailed or electronically delivered, as applicable, the Fixed Rate Notes called for redemption will become due and payable on the redemption date and at the applicable redemption price, plus accrued and unpaid interest to, but excluding, the redemption date.

On and after the redemption date, interest will cease to accrue on the Fixed Rate Notes or any portion of the Fixed Rate Notes called for redemption (unless we default in the payment of the redemption price and accrued interest). Prior to the redemption date, we will deposit with the London Paying Agent or the Trustee money sufficient to pay the redemption price of and accrued interest on the Fixed Rate Notes to be redeemed on that date. If less than all of the Fixed Rate Notes are to be redeemed, the Fixed Rate Notes to be redeemed shall be selected by the Trustee by a method the Trustee deems to be fair and appropriate or in case the Fixed Rate Notes are represented by one or more global notes, beneficial interests therein shall be selected for redemption by Clearstream and Euroclear in accordance with their respective applicable procedures therefor.

Comparable Government Bond means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an Independent Investment Banker, a German government bond whose maturity is closest to the maturity of the Fixed Rate Notes, or if such Independent Investment Banker in its discretion determines that such similar bond is not in issue, such other German government bond as such Independent

S-15

Table of Contents

Investment Banker may, with the advice of the Reference Bond Dealers, determine to be appropriate for determining the Comparable Government Bond Rate.

Comparable Government Bond Rate means the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the Fixed Rate Notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by the Independent Investment Banker.

Independent Investment Banker means one of the Reference Bond Dealers that we appoint as the Independent Investment Banker from time to time.

Reference Bond Dealer means each of Barclay Bank PLC, Citigroup Global Markets Limited, J.P. Morgan Securities plc and Merrill Lynch International, and their respective successors.

The Fixed Rate Notes and the Floating Rate Notes are subject to redemption prior to maturity if certain events occur involving United States taxation. If any of these special tax events do occur, the notes of either series may be redeemed at a redemption price of 100% of their principal amount plus accrued and unpaid interest to but excluding the date fixed for redemption. See Tax Redemption.

Payment of Additional Amounts

All payments in respect of each series of notes will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature, imposed or levied by the United States or any taxing authority thereof or therein, unless such withholding or deduction is required by law. If such withholding or deduction is required by law, we will pay to a holder who is not a United States person (as defined below) such additional amounts on such series of notes as are necessary in order that the net payment of the principal of, and premium, if any, and interest on, such series of notes to such holder, after such withholding or deduction will not be less than the amount provided in such series of notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

(1) to any tax, assessment or other governmental charge that would not have been imposed but for the holder, or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

(a) being or having been engaged in a trade or business in the United States or having or having had a permanent establishment in the United States or having or having had a qualified business unit which has the United States dollar as its functional currency;

(b) having a current or former connection with the United States (other than a connection arising solely as a result of the ownership of such notes, the receipt of any payment or the enforcement of any rights thereunder) or being considered as having such relationship, including being or having been a citizen or resident of the United States;

(c) being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States income tax purposes or a foreign personal holding company that has accumulated earnings to avoid United States federal income tax;

(d) being or having been a 10-percent shareholder of the Company as defined in section 871(h)(3) of the Code and the Treasury regulations thereunder or any successor provision; or

S-16

Table of Contents

(e) being a bank described in section 881(c)(3)(A) of the Code;

(2) to any holder that is not the sole beneficial owner of such notes, or a portion of such notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder or any other person to comply with certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of such notes, if compliance is required by statute, by regulation of the United States or any taxing authority therein or by an applicable income tax treaty to which the United States is a party as a precondition to exemption from such tax, assessment or other governmental charge;

(4) to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or the London Paying Agent (as the case may be) from the payment;

(5) to any tax, assessment or other governmental charge that would not have been imposed but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;

(6) to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;

(7) to any withholding or deduction that is imposed on a payment to an individual and that is required to be made pursuant to any law implementing or complying with, or introduced in order to conform to, any European Council Directive 2003/48/EC on the taxation of savings;

(8) to any tax, assessment or other governmental charge required to be withheld by the London Paying Agent from any payment of principal of, or premium, if any, or interest on such note, if such payment can be made without such withholding by at least one other paying agent;

(9) to any tax, assessment or other governmental charge that would not have been imposed but for the presentation by the holder of such note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;

(10) to any withholding or deduction that is imposed on a payment pursuant to Sections 1471 through 1474 of the Code, the Foreign Account Tax Compliance Act (FATCA), and related Treasury regulations and pronouncements, or any successor provisions and any regulations or official law, agreement or interpretations thereof implementing an intergovernmental approach thereto; or

(11) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8), (9) and (10).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to such notes. Except as specifically provided under this heading Payment of Additional Amounts, we will not be required to make any payment for any tax, duty, assessment or governmental charge of whatever nature

imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

S-17

Table of Contents

As used under this heading **Payment of Additional Amounts** and under the heading **Tax Redemption**, the term **United States** means the United States of America (including the states and the District of Columbia and any political subdivision thereof), and the term **United States person** means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, including an entity treated as a corporation for United States income tax purposes, or any estate or trust the income of which is subject to United States federal income taxation regardless of its source.

Tax Redemption

If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of the United States (or any taxing authority thereof or therein), or any change in, or amendments to, an official position regarding the application or interpretation of such laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the date of this prospectus supplement, we become or, based upon a written opinion of independent counsel selected by us, will become obligated to pay additional amounts as described herein under the heading **Payment of Additional Amounts** with respect to either series of notes, then we may at any time at our option, having given not less than 30 nor more than 60 days prior notice to holders, redeem, in whole, but not in part, such notes at a redemption price equal to 100% of the principal amount of such notes, together with accrued and unpaid interest on such notes to but excluding the date fixed for redemption.

Sinking Fund

The notes will not be entitled to any sinking fund.

Change of Control

If a Change of Control Triggering Event (as defined below) occurs with respect to a series of notes, unless we have exercised our option to redeem the notes as discussed above under **Optional Redemption** or **Tax Redemption**, as applicable, we will be required to make an offer (the **Change of Control Offer**) to each holder of such notes to repurchase all or any part (equal to 100,000 or an integral multiple of 1,000 in excess thereof) of that holder's notes on the terms set forth in such notes. In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of such notes repurchased, plus accrued and unpaid interest, if any, on such notes repurchased to but excluding the date of repurchase (the **Change of Control Payment**). Within 30 days following any Change of Control Triggering Event or, at our option, prior to any Change of Control (as defined below), but after public announcement of the transaction that constitutes or may constitute the Change of Control, a notice will be mailed (or with respect to notes in global form, electronically delivered) to holders of the applicable series of notes describing the transaction that constitutes or may constitute the Change of Control Triggering Event and offering to repurchase such notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed or electronically delivered, as applicable (the **Change of Control Payment Date**). The notice will, if mailed or electronically delivered, as applicable, prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, we will, to the extent lawful:

accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

deposit with the London Paying Agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

S-18

Table of Contents

deliver or cause to be delivered to the Trustee the notes properly accepted together with an officers certificate stating the aggregate principal amount of notes or portions of notes being repurchased and that all conditions precedent provided for in the Indenture to the Change of Control Offer and the repurchase by us of notes pursuant to the Change of Control Offer have been complied with.

We will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and the third party repurchases all notes properly tendered and not withdrawn under its offer. In addition, we will not repurchase any notes if there has occurred and is continuing on the Change of Control Payment Date an event of default under the Indenture, other than a default in the payment of the Change of Control Payment upon a Change of Control Triggering Event.

We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the Exchange Act), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such securities laws or regulations conflict with the Change of Control Offer provisions of the notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the notes by virtue of any such conflict.

For purposes of the Change of Control Offer provisions of the notes, the following terms will be applicable:

Change of Control means the occurrence of any of the following:

the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act) (other than the Company or one of our subsidiaries) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our Voting Stock or other Voting Stock into which our Voting Stock is reclassified, consolidated, exchanged or changed, measured by voting power rather than number of shares; or

the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more series of related transactions, of all or substantially all of our assets and the assets of our subsidiaries, taken as a whole, to one or more persons (as that term is defined in the Indenture) (other than the Company or one of our subsidiaries).

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (1) we become a direct or indirect wholly owned subsidiary of a holding company and (2) either (A) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of our Voting Stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company.

Change of Control Triggering Event means the occurrence of both a Change of Control and a Rating Event.

Fitch means Fitch Ratings.

Investment Grade Rating means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P, and the equivalent investment grade credit rating from any additional rating agency or rating agencies selected by us.

S-19

Table of Contents

Moody's means Moody's Investors Service Inc.

Rating Agencies means (1) each of Fitch, Moody's and S&P; and (2) if any of Fitch, Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization as defined in Section 3(a)(62) of the Exchange Act selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Fitch, Moody's or S&P, or all of them, as the case may be.

Rating Event means with respect to either series of notes, the rating on such notes is lowered by each of the Rating Agencies and such notes are rated below an Investment Grade Rating by each of the Rating Agencies on any day within the 60-day period (which 60-day period will be extended so long as the rating of the notes is under publicly announced consideration for a possible downgrade by any of the rating agencies) after the earlier of (1) the occurrence of a Change of Control and (2) public notice of the occurrence of a Change of Control or our intention to effect a Change of Control; provided, however, that a Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Rating Event for purposes of the definition of Change of Control Triggering Event) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control has occurred at the time of the Rating Event). If any Rating Agency is not providing a rating of the notes on any day during the relevant period for any reason and we have not selected a replacement Rating Agency pursuant to the terms of the notes, the rating of such Rating Agency shall be deemed to be below an Investment Grade Rating on such day and such Rating Agency will be deemed to have lowered its rating of the notes during the relevant period.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

Voting Stock means, with respect to any specified person (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Defeasance

The defeasance provisions of the Indenture apply to the notes.

Information Concerning the Trustee

The Bank of New York Mellon is the Trustee under the Indenture. From time to time, we maintain deposit accounts and conduct other banking transactions with the Trustee in the ordinary course of business.

London Paying Agent and Calculation Agent

The Bank of New York Mellon, London Branch is the paying agent for the notes. The Bank of New York Mellon, London Branch is also the calculation agent for the Floating Rate Notes.

Governing Law

The Indenture is governed by, and construed in accordance with, the laws of the State of New York, and once issued the notes will be as well.

Listing

Application will be made to have the notes listed on the New York Stock Exchange under the symbols ADM19 and ADM23 . Currently, there is no public market for the notes. The listing application will be

S-20

Table of Contents

subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time.

Book-Entry Delivery and Settlement

We have obtained the information in this section concerning Clearstream and Euroclear and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

Global Clearance and Settlement

The notes will be issued in the form of one or more global notes in fully registered form, without coupons, and will be deposited with, or on behalf of, a common depositary for, and in respect of interests held through, Euroclear and Clearstream. Except as described herein, certificates will not be issued in exchange for beneficial interests in the global notes.

Except as set forth below, the global notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees.

Beneficial interests in the global notes will be represented, and transfers of such beneficial interests will be effected, through accounts of financial institutions acting on behalf of beneficial owners as direct or indirect participants in Euroclear or Clearstream. Those beneficial interests will be in denominations of 100,000 and integral multiples of 1,000 in excess thereof. Investors may hold notes directly through Euroclear or Clearstream, if they are participants in such systems, or indirectly through organizations that are participants in such systems.

Owners of beneficial interests in the global notes will not be entitled to have notes registered in their names, and, except as described herein, will not receive or be entitled to receive physical delivery of notes in definitive form. So long as the common depositary for Euroclear and Clearstream is the registered owner of the global notes, the common depositary for all purposes will be considered the sole holder of the notes represented by the global notes under the Indenture and the global notes. Except as provided below, beneficial owners will not be considered the owners or holders of the notes under the Indenture, including for purposes of receiving any reports delivered by us or the Trustee pursuant to the Indenture. Accordingly, each beneficial owner must rely on the procedures of the clearing systems and, if such person is not a participant of the clearing systems, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. Under existing industry practices, if we request any action of holders or a beneficial owner desires to give or take any action which a holder is entitled to give or take under the Indenture, the clearing systems would authorize their participants holding the relevant beneficial interests to give or take action and the participants would authorize beneficial owners owning through the participants to give or take such action or would otherwise act upon the instructions of beneficial owners. Conveyance of notices and other communications by the clearing systems to their participants, by the participants to indirect participants and by the participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. These limits and laws may impair the ability to transfer beneficial interests in global notes.

Clearstream

Clearstream has advised that it is incorporated under the laws of Luxembourg and licensed as a bank and professional depository. Clearstream holds securities for its participating organizations and facilitates the

S-21

Table of Contents

clearance and settlement of securities transactions among its participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to its participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream has established an electronic bridge with the Euroclear Operator (as defined below) to facilitate the settlement of trades between Clearstream and Euroclear. As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream participant, either directly or indirectly.

Distributions with respect to notes held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures.

Euroclear

Euroclear has advised that it was created in 1968 to hold securities for its participants and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A. /N.V. (the Euroclear Operator). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related operating procedures of Euroclear, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no records of or relationship with persons holding through Euroclear participants.

Distributions with respect to the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions.

Euroclear and Clearstream Arrangements

So long as Euroclear or Clearstream or their nominee or their common depositary is the registered holder of the global notes, Euroclear, Clearstream or such nominee, as the case may be, will be considered the sole owner or holder of the notes represented by such global notes for all purposes under the Indenture and the notes. Payments of principal, interest and additional amounts, if any, in respect of the global notes will be made to Euroclear, Clearstream, such nominee or such common depositary, as the case may be, as registered holder thereof. None of us, the Trustee, any underwriter and any affiliate of any of the above or any person by whom any of the above is controlled, as such term

is defined in the Securities Act of 1933, as amended (the Securities Act), will have any responsibility or liability for any records relating to or payments made on account of

S-22

Table of Contents

beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Distributions of principal, premium, if any, and interest with respect to the global notes will be credited in euro to the extent received by Euroclear or Clearstream from the London Paying Agent to the cash accounts of Euroclear or Clearstream customers in accordance with the relevant system's rules and procedures.

Because Euroclear and Clearstream can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in the global notes to pledge such interest to persons or entities which do not participate in the relevant clearing system, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Initial Settlement

We understand that investors that hold their notes through Clearstream or Euroclear accounts will follow the settlement procedures that are applicable to conventional eurobonds in registered form. Subject to applicable procedures of Clearstream and Euroclear, notes will be credited to the securities custody accounts of Clearstream and Euroclear participants on the business day following the settlement date, for value on the settlement date.

Secondary Market Trading

Because the purchaser determines the place of delivery, it is important to establish at the time of trading of any notes where both the purchaser's and seller's accounts are located to ensure that settlement can be made on the desired value date.

We understand that secondary market trading between Clearstream and/or Euroclear participants will occur in the ordinary way following the applicable rules and operating procedures of Clearstream and Euroclear. Secondary market trading will be settled using procedures applicable to conventional eurobonds in registered form.

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the notes through Clearstream and Euroclear on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States. U.S. investors who wish to transfer their interests in the notes, or to make or receive a payment or delivery of the notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether Clearstream or Euroclear is used.

Clearstream or Euroclear will credit payments to the cash accounts of Clearstream customers or Euroclear participants, as applicable, in accordance with the relevant system's rules and procedures, to the extent received by its depository. Clearstream or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the Indenture on behalf of a Clearstream customer or Euroclear participant only in accordance with its relevant rules and procedures.

Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of Clearstream and Euroclear. However, they are under no obligation to perform or continue to perform

those procedures, and they may discontinue those procedures at any time.

S-23

Table of Contents

Exchange of Global Notes for Certificated Notes

Subject to certain conditions, the notes represented by the global notes are exchangeable for certificated notes in definitive form of like tenor in minimum denominations of 100,000 principal amount and multiples of 1,000 in excess thereof if:

- (1) we have been notified that both Clearstream and Euroclear have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available;
- (2) we, at our option, notify the Trustee in writing that we elect to cause the issuance of certificated notes; or
- (3) there has occurred and is continuing an Event of Default with respect to the notes.

In all cases, certificated notes delivered in exchange for any global note or beneficial interest therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of Euroclear or Clearstream (in accordance with their customary procedures).

Payments (including principal, premium and interest) with respect to notes in certificated form may be made at the office or agency maintained for such purpose in London (initially the corporate trust office of the London Paying Agent) or, at our option, by check mailed to the holders thereof at the respective addresses set forth in the register of holders of the notes, provided that all payments (including principal, premium and interest) on notes in certificated form, for which the holders thereof have given wire transfer instructions to the London Paying Agent at least ten business days prior to the applicable payment date, will be required to be made by wire transfer of immediately available funds to the accounts specified by the holders thereof, subject, in each case, to surrender of the notes to the London Paying Agent in the case of payments of principal or premium. No service charge will be made for any registration of transfer, but payment of a sum sufficient to cover any tax or governmental charge payable in connection with that registration may be required.

Table of Contents

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of the material U.S. federal income tax considerations of the acquisition, ownership and disposition of the notes. This discussion is based upon provisions of the Code, applicable U.S. Treasury regulations, administrative rulings and judicial decisions in effect as of the date of this prospectus supplement, any of which may subsequently be changed, possibly retroactively, or interpreted differently by the Internal Revenue Service (the IRS) so as to result in U.S. federal income tax consequences different from those discussed below. This discussion is for general information purposes only, and is not tax advice.

Except where noted, this discussion deals only with a note held as a capital asset by a beneficial owner who purchases such note on original issuance at the first price, which we refer to as the issue price, at which a substantial portion of the notes is sold for cash to persons other than bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers. This discussion does not address all aspects of U.S. federal income taxes and does not deal with all tax consequences that may be relevant to holders in light of their personal circumstances or particular situations, such as:

tax consequences to dealers in securities or currencies, financial institutions, regulated investment companies, real estate investment trusts, tax-exempt entities, insurance companies and traders in securities that elect to use a mark-to-market method of tax accounting for their securities;

tax consequences to persons holding notes as a part of a hedging, integrated, conversion or constructive sale transaction or a straddle;

tax consequences to U.S. holders, as defined below, whose functional currency is not the U.S. dollar;

tax consequences to certain former citizens or residents of the United States;

alternative minimum tax consequences, if any;

any state, local or foreign tax consequences; and

estate or gift taxes.

If an entity that is treated as a partnership for U.S. federal income tax purposes holds notes, the tax treatment of a partner or member generally will depend upon the status of the partner or member and the activities of the entity. If you are a partner or member in such an entity, you should consult your tax advisors.

If you are considering the purchase of either series of notes, you should consult your tax advisors concerning the U.S. federal income tax consequences to you in light of your own specific situation, as well as consequences arising under the U.S. federal estate or gift tax laws or under the laws of any other taxing jurisdiction.

In this discussion, we use the term "U.S. holder" to refer to a beneficial owner of the notes that is:

an individual citizen or resident of the United States, as determined for U.S. federal income tax purposes;

a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

S-25

Table of Contents

a trust, if it (1) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (2) has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

We use the term **Non-U.S. holder** to describe a beneficial owner of the notes that is neither a U.S. holder nor a partnership or other entity that is treated as a partnership for U.S. federal income tax purposes.

YOU SHOULD CONSULT WITH YOUR TAX ADVISOR REGARDING THE U.S. FEDERAL, STATE, LOCAL AND FOREIGN INCOME, FRANCHISE, PERSONAL PROPERTY AND ANY OTHER TAX CONSEQUENCES OF THE ACQUISITION, OWNERSHIP AND DISPOSITION OF THE NOTES IN LIGHT OF YOUR PARTICULAR CIRCUMSTANCES.

Certain Contingent Payments

In certain circumstances, we may choose or be obligated to pay amounts in excess of the stated interest or principal on the notes (see **Description of the Notes** **Change of Control**). The obligation to make such payments may implicate the provisions of Treasury regulations relating to contingent payment debt instruments. Under applicable Treasury regulations, the possibility that such an amount will be paid will not affect the amount, timing or character of income recognized by a holder with respect to the notes if, as of the date the notes were issued, there is only a remote chance that such an amount will be paid, the amount is incidental or certain other exceptions apply. We intend to take the position that the contingencies associated with such payments on the notes should not cause the notes to be subject to the contingent payment debt instrument rules. Our determination is binding on a holder unless such holder discloses its contrary position in the manner required by applicable Treasury regulations. Our determination is not, however, binding on the IRS, and if the IRS were to successfully challenge this determination, you might be required to accrue interest income at a higher rate than the stated interest rate on the notes, and to treat as ordinary income any gain realized on the taxable disposition of a note. The remainder of this discussion assumes that the notes will not be treated as contingent payment debt instruments. You are urged to consult your own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

Taxation of U.S. Holders

Interest Income

It is anticipated that the notes will be issued with no more than a *de minimis* amount (as set forth in the applicable U.S. Treasury regulations) of original issue discount, or **OID**. In such case, interest paid on the notes generally will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or received (in accordance with the U.S. holder's regular method of tax accounting for U.S. federal income tax purposes).

A U.S. holder that uses the cash method of accounting and that receives a payment of interest in euro (including a payment attributable to accrued but unpaid interest upon the sale, exchange, redemption, repurchase or other taxable disposition of a note) will be required to include in income the U.S. dollar value of the euro payment received (determined based on the spot rate on the date the payment is received), regardless of whether the payment is in fact converted to U.S. dollars at that time. A cash basis U.S. holder will not recognize exchange gain or loss on the receipt of interest income, but may recognize exchange gain or loss attributable to the actual disposition of the euro received.

A U.S. holder that uses the accrual method of accounting will accrue interest income in euro and translate that amount into U.S. dollars based on the average spot rate of exchange in effect for the accrual period or, with respect to an accrual period that spans two taxable years, at the average spot rate for the partial period within the applicable taxable year. Alternatively, an accrual method U.S. holder may elect to translate interest

S-26

Table of Contents

income into U.S. dollars at the spot rate on the last day of the accrual period (or the last day of the taxable year in the case of an accrual period that spans two taxable years) or, if the date of receipt is within five business days of the last day of the interest accrual period, the spot rate on the date of receipt. A U.S. holder that makes this election must apply it consistently to all debt instruments held by the U.S. holder at the beginning of the first taxable year to which the election applies, and to any debt instruments thereafter acquired, and cannot change the election without the consent of the IRS. A U.S. holder that uses the accrual method will recognize exchange gain or loss with respect to accrued interest income on the date the interest payment (or proceeds from a sale, exchange, redemption, repurchase or other taxable disposition attributable to accrued interest) is actually received. The amount of exchange gain or loss recognized will equal the difference, if any, between the U.S. dollar value of the euro payment received (determined based on the spot rate on the date the payment is received) in respect of the accrual period and the U.S. dollar value of interest income that has accrued during the accrual period (as determined above), regardless of whether the payment is in fact converted to U.S. dollars. This exchange gain or loss generally will be treated as ordinary income or loss.

Sale, Exchange, Redemption, Repurchase or other Taxable Disposition of the Notes

A U.S. holder will generally recognize gain or loss equal to the difference between the amount realized on the sale, exchange, redemption, repurchase by us or other taxable disposition of a note (except to the extent the amount realized is attributable to accrued interest not previously included in income, which will be taxable as ordinary interest income) and the U.S. holder's adjusted tax basis in such note. A U.S. holder's adjusted tax basis in the note generally will be the U.S. dollar value of the euro used to purchase the note at the spot exchange rate on the purchase date. If the note is traded on an established securities market, as the notes are expected to be, a cash basis U.S. holder (and if it elects, an accrual basis U.S. holder) will determine the U.S. dollar value of the euro amount paid for the note on the settlement date of the purchase.

The amount realized on the sale, exchange, redemption, repurchase or other taxable disposition of a note for an amount in euro will generally be the U.S. dollar value of such euro based on the spot exchange rate on the date the note is disposed of; provided, however, that if the note is traded on an established securities market, as the notes are expected to be, a cash basis U.S. holder (and if it elects, an accrual basis U.S. holder) will determine the U.S. dollar value of such euro on the settlement date of the disposition. If an accrual method U.S. holder makes either of the elections described above, such election must be applied consistently to all debt instruments held by the U.S. holder at the beginning of the first taxable year to which the election applies, and to any debt instruments thereafter acquired, and cannot be changed without the consent of the IRS. If a note is not traded on an established securities market (or, if a note is so traded, but a U.S. holder is an accrual basis U.S. holder that has not made the settlement date election), a U.S. holder will recognize exchange gain or loss (taxable as ordinary income or loss) to the extent that the U.S. dollar value of the euro received (based on the spot rate on the settlement date) differs from the U.S. dollar value of the amount realized.

Except as discussed below with respect to exchange gain or loss, any gain or loss recognized by a U.S. holder on a taxable disposition of the note will be capital gain or loss. If, at the time of the sale, exchange, redemption, repurchase or other taxable disposition of the note, a U.S. holder is treated as holding the note for more than one year, such capital gain or loss will be a long-term capital gain or loss. Otherwise, such capital gain or loss will be a short-term capital gain or loss. In the case of certain non-corporate U.S. holders (including individuals), long-term capital gains are generally eligible for reduced rates of U.S. federal income taxation. A U.S. holder's ability to deduct capital losses may be limited. You should consult your tax advisor regarding the foreign tax credit implications of the sale, exchange, redemption, repurchase or other taxable disposition of a note.

Gain or loss realized upon the sale, exchange, redemption, repurchase or other taxable disposition of a note that is attributable to fluctuations in currency exchange rates will be ordinary income or loss. Gain or loss attributable to

fluctuations in currency exchange rates generally will equal the difference between (i) the U.S. dollar value of a U.S. holder's purchase price for the note in euro, determined on the date the note is disposed of,

S-27

Table of Contents

and (ii) the U.S. dollar value of a U.S. holder's purchase price for the note in euro, determined on the date the U.S. holder acquired the note (or, in each case, determined on the settlement date if the notes are traded on an established securities market, as the notes are expected to be, and the U.S. holder is either a cash basis or an electing accrual basis holder). Payments received that are attributable to accrued interest will be treated in accordance with the rules applicable to payments of interest described above. The exchange gain or loss will be recognized only to the extent of the total gain or loss realized by a U.S. holder on the sale, exchange, redemption, repurchase or other taxable disposition of the note, and generally will be ordinary income or loss.

Exchange of Foreign Currencies

A U.S. holder's tax basis in the euro received as interest on or on the sale or other taxable disposition of a note will be the U.S. dollar value of such euro at the spot rate in effect on the date of receipt of the euro. Any gain or loss recognized by a U.S. holder on a sale, exchange or other taxable disposition of the euro will be ordinary income or loss.

Tax Return Disclosure Requirements

A U.S. taxpayer that participates in a reportable transaction will be required to disclose its participation to the IRS. Under the relevant rules, if the notes are denominated in a foreign currency, a U.S. holder may be required to treat a foreign currency exchange loss from the notes as a reportable transaction if this loss exceeds the relevant threshold in the regulations (\$50,000 in a single taxable year if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders), and to disclose its investment by filing Form 8886 with the IRS. Prospective purchasers should consult their tax advisors regarding the application of these rules.

Medicare Tax on Unearned Income

The Health Care and Reconciliation Act of 2010 requires certain U.S. holders that are individuals, estates or trusts to pay an additional 3.8% tax on net investment income, which includes, among other things, interest on and gains from the sale or other taxable disposition of notes. U.S. holders should consult their tax advisors regarding the application of this tax.

Information Reporting and Backup Withholding

Information reporting requirements generally will apply to interest on the notes and the proceeds of a sale of a note paid to a U.S. holder unless the U.S. holder is an exempt recipient (such as a corporation). Backup withholding will apply to those payments if the U.S. holder fails to provide its correct taxpayer identification number, or certification of exempt status, or if the U.S. holder is notified by the IRS that it has failed to report in full payments of interest and dividend income. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability provided the required information is furnished timely to the IRS.

Non-U.S. Holders

The following discussion is a summary of material U.S. federal income tax considerations that may be relevant to the acquisition, ownership and disposition of the notes held by a person who is a Non-U.S. holder as defined above.

Table of Contents

Interest on the Notes

Subject to the discussions below concerning backup withholding and FATCA, payments of interest on the notes made to a Non-U.S. holder generally will be exempt from U.S. federal income tax and withholding tax under the portfolio interest exemption if the Non-U.S. holder properly certifies its foreign status (in the manner described below) and:

is not a 10-percent shareholder of us, as defined in section 871(h)(3) of the Code and the Treasury regulations thereunder;

such amounts are not effectively connected with the conduct of a trade or business in the U.S. by the Non-U.S. holder;

is not a bank described in section 881(c)(3)(A) of the Code; and

is not a controlled foreign corporation that is related to us through stock ownership.

The portfolio interest exemption, and several of the special rules for Non-U.S. Holders described below, generally apply only if you appropriately certify as to your foreign status. In order to meet this certification requirement, you must provide a properly executed IRS Form W-8BEN or W-8BEN-E, as applicable (or appropriate substitute or successor form) to us or our agent certifying under penalties of perjury that, among other things, you are not a U.S. person.

If you hold the notes through a securities clearing organization, financial institution or other agent acting on your behalf, you may be required to provide appropriate certifications to the agent. Your agent will then generally be required to provide appropriate certifications to us, either directly or through other intermediaries. Special rules apply to foreign partnerships, estates and trusts, and other intermediaries, and in certain circumstances certifications as to the foreign status of partners, trust owners or beneficiaries may have to be provided. In addition, special rules apply to qualified intermediaries that enter into withholding agreements the IRS.

If you do not satisfy the requirements described above for the portfolio interest exemption, payments of interest made to you on the notes will be subject to the 30% U.S. federal withholding tax, unless you provide us or our agent with a properly executed IRS Form W-8BEN or W-8BEN-E, or IRS Form W-8ECI as applicable (or appropriate substitute or successor form) claiming an exemption from (or a reduction of) withholding under an applicable income tax treaty or because the income is effectively connected with a U.S. trade or business.

Sale, Exchange, Redemption, Repurchase or other Taxable Disposition of the Notes

Subject to the discussions below concerning backup withholding and FATCA, and except with respect to accrued but unpaid interest, which will be taxable as described above under Interest on the Notes, you generally will not be subject to U.S. federal income tax (and generally no tax will be withheld) on any gain realized on the sale, exchange, retirement or other taxable disposition of a note unless (i) you are an individual who has been present in the United States for 183 days or more in the taxable year of disposition or (ii) such gain is effectively connected with the conduct of a trade or business in the U.S. by such non-U.S. holder.

If you are subject to U.S. federal income tax on the taxable disposition of the notes because you are described in (i) of the paragraph above, any gain realized by you from the sale, exchange, retirement or other taxable disposition of the notes generally will be subject to U.S. federal income tax at a 30% rate (or lower applicable treaty rate), which may be offset by certain U.S. source capital losses.

Information Reporting and Backup Withholding

Payments of interest made to you, and any amounts withheld from such payments, generally will be required to be reported to the IRS. The IRS may make this information available under the provisions of an

S-29

Table of Contents

applicable tax treaty to the tax authorities in the country in which you are resident. Backup withholding (currently at a 28% rate) generally will not apply to payments of interest and principal on a note to a Non-U.S. Holder if you duly provide certification of foreign status such as an IRS Form W-8BEN or W-8BEN-E, as applicable (or appropriate substitute or successor form) described above. Interest on the Notes, or if you otherwise establish an exemption from backup withholding, provided that the Issuer does not have actual knowledge or reason to know that you are a U.S. person.

Payment of the proceeds of a sale or other disposition of a note effected by the U.S. office of a U.S. or foreign broker will be subject to information reporting requirements and backup withholding unless you properly certify under penalties of perjury as to your foreign status and certain other conditions are met or you otherwise establish an exemption. Information reporting requirements, but not backup withholding, generally will apply to any payment of the proceeds of the sale of a note effected outside the United States by a foreign office of a broker that has certain connections to the U.S. Unless such a broker has documentary evidence in its records that you are a Non-U.S. Holder and certain other conditions are met or you otherwise establish an exemption.

Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules may be credited against your U.S. federal income tax liability and any excess may be refunded if the proper information is provided to the IRS on a timely basis.

FATCA

Subject to certain limitations, there is a U.S. federal withholding tax of 30% imposed on U.S.-source interest income and on the gross proceeds from the sale or other disposition of a debt obligation that produces U.S.-source interest income paid to (i) a foreign financial institution (as the beneficial owner or as an intermediary for the beneficial owner), unless such institution (a) enters into, and is in compliance with, a withholding and information reporting agreement with the U.S. government to collect and provide to the U.S. tax authorities substantial information regarding U.S. account holders of such institution or (b) is a resident in a country that has entered into an intergovernmental agreement with the United States in relation to such withholding and information reporting and the financial institution complies with the related information reporting requirements of such country; or (ii) a foreign entity that is not a financial institution (as the beneficial owner or as an intermediary for the beneficial owner), unless such entity certifies certain information regarding its direct and indirect U.S. owners. Under applicable Treasury regulations, this withholding obligation currently applies to payments of interest on the notes, and will apply to gross proceeds from the sale or other disposition of the notes paid after December 31, 2016. Each investor is encouraged to consult with its tax advisor regarding the implications of this legislation on their investment in a note.

Table of Contents

CERTAIN EUROPEAN UNION TAX CONSIDERATIONS

Under Council Directive 2003/48/EC on the taxation of savings income (the EU Savings Directive), a member state of the European Union (a Member State) is required to provide to the tax authorities of another Member State details of certain payments of interest (or similar income) paid or secured by a person established within the jurisdiction of the first Member State to or for the benefit of an individual, or certain limited types of entities established in that other Member State. However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments. The rate of withholding is 35%. However, the beneficial owner of interest (or similar income) payment may elect that certain provision of information procedures should be applied instead of withholding, provided that certain conditions are met. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information procedures relating to interest and other similar income. A number of non-EU countries and territories (including Switzerland) have adopted similar measures (a withholding system in the case of Switzerland).

On March 24, 2014, the Council of the European Union adopted a directive amending the EU Savings Directive (the Amending Directive), amending and broadening the scope of the requirements described above. The Amending Directive requires Member States to apply these new requirements from January 1, 2017, and if they were to take effect, the changes would expand the range of payments covered by the EU Savings Directive, in particular to include additional types of income payable on securities. The Amending Directive would also expand the circumstances in which payments that indirectly benefit an individual resident in a Member State must be reported or subject to withholding. This approach would apply to payments made to, or secured for, persons, entities or legal arrangements (including trusts) where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the EU.

However, on March 18, 2015, the Commission proposed the repeal of the EU Savings Directive from January 1, 2017 in the case of Austria and from January 1, 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, or accounting for withholding taxes on, payments made before those dates and to certain other transitional provisions in the case of Austria). This is to prevent overlap between the EU Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The proposal also provides that, if it proceeds, Member States will not be required to apply the new requirements of the Amending Directive.

The Proposed Financial Transactions Tax (FTT)

On February 14, 2013, the European Commission published a proposal (the Commission's Proposal) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States). The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the notes (including secondary market transactions) in certain circumstances. Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, established in a participating Member State in a broad range of circumstances, including (i) by transacting with a person established in a participating Member State or (ii) where the financial instrument which is subject to the dealings is issued in a participating Member State. Joint statements issued by participating Member States indicate an intention to implement the FTT by January 1, 2016. However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate. Prospective holders of the notes are advised to seek their own professional

advice in relation to the FTT.

S-31

Table of Contents

THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE IMPORTANT TO A PARTICULAR INVESTOR. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES UNDER THE INVESTOR'S OWN CIRCUMSTANCES.

S-32

Table of Contents**UNDERWRITING**

We and Barclays Bank PLC, Citigroup Global Markets Limited, J.P. Morgan Securities plc and Merrill Lynch International, the representatives of the several underwriters for the offering, have entered into an underwriting agreement with respect to the notes. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase, the aggregate principal amount of notes listed next to its name in the following table:

Underwriters	Principal Amount of Floating Rate Notes	Principal Amount of Fixed Rate Notes
Barclays Bank PLC	75,000,000	90,000,000
Citigroup Global Markets Limited	75,000,000	90,000,000
J.P. Morgan Securities plc	75,000,000	90,000,000
Merrill Lynch International	75,000,000	90,000,000
BNP Paribas	35,000,000	42,000,000
Deutsche Bank AG, London Branch	35,000,000	42,000,000
HSBC Bank plc	35,000,000	42,000,000
Mitsubishi UFJ Securities International plc	35,000,000	42,000,000
Australia and New Zealand Banking Group Limited	12,000,000	14,400,000
Coöperatieve Centrale Raiffeisen-Boerenleenbank B.A. (Rabobank)	12,000,000	14,400,000
Mizuho International plc	12,000,000	14,400,000
SMBC Nikko Capital Markets Limited	12,000,000	14,400,000
Wells Fargo Securities International Limited	12,000,000	14,400,000
Total	500,000,000	600,000,000

The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus supplement if any such notes are taken.

The underwriters initially propose to offer the notes directly at the relevant offering price to the public set forth on the cover page of this prospectus supplement. After the initial offering of the notes, the underwriters may vary the relevant price to the public and other selling terms.

The following table shows the underwriting discounts that we will pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes):

	Paid by the Company
Per Floating Rate Note	0.300%
Per Fixed Rate Note	0.400%

We estimate that the total expenses of the offering (including our application to have the notes listed on the New York Stock Exchange) payable by us, excluding underwriting discounts, will be approximately 2,600,000. The underwriters

may reimburse us for certain of our expenses in connection with this offering.

We have also agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

S-33

Table of Contents

The notes are a new issue of securities with no established trading market. We intend to apply for listing of the notes for trading on the New York Stock Exchange under the symbols ADM19 and ADM23. The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time. The underwriters may make a market in the notes after completion of the offering but will not be obligated to do so and may discontinue any market-making activities at any time without notice.

In connection with the issue of the notes, Barclays Bank PLC (in this capacity, the Stabilizing Manager) (or any person acting on behalf of the Stabilizing Manager) may over-allot notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilizing Manager (or persons acting on behalf of the Stabilizing Manager) will undertake any stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the notes is made, and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue of the notes and 60 days after the date of the allotment of the notes. **Any stabilization action or over-allotment will be conducted in accordance with all applicable laws and rules.**

Any stabilization action may have the effect of preventing or retarding a decline in the market price of the notes. It may also cause the price of the notes to be higher than the price that would otherwise exist in the open market in the absence of stabilization actions. The Stabilizing Manager may conduct these transactions in the over-the-counter market or otherwise. If the Stabilizing Manager commences any stabilization action, it may discontinue them at any time.

We expect that delivery of the notes will be made against payment therefor on the date specified on the cover of this prospectus supplement, which will be the fifth business day following the trade date of the notes. Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Purchasers who wish to trade any notes on any date prior to three business days before delivery will be required by virtue of the fact that the notes initially will settle in five business days (T+5), to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult with their own advisor.

Other Relationships

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. Specifically, the underwriters have acted as dealer managers in connection with the Tender Offers for which they received a fee.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments, including acting as counterparties to certain derivative and hedging arrangements, and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge and certain of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions

which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such

S-34

Table of Contents

credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Certain of the underwriters or their affiliates may receive a portion of the net proceeds of this offering to the extent that they hold any of the Tender Offer Notes purchased pursuant to the Tender Offers or otherwise and the net proceeds are used to repay such Tender Offer Notes.

Selling Restrictions

Other than in the United States, no action has been taken by us or the underwriters that would permit a public offering of the notes offered by this prospectus supplement in any jurisdiction where action for that purpose is required. The notes offered by this prospectus supplement may not be offered or sold, directly or indirectly, nor may this prospectus supplement or any other offering material or advertisements in connection with the offer and sale of any such notes be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons into whose possession this prospectus supplement comes are advised to inform themselves about and to observe any restrictions relating to the offering and the distribution of this prospectus supplement. This prospectus supplement does not constitute an offer to sell or a solicitation of an offer to buy any notes offered by this prospectus supplement in any jurisdiction in which such an offer or a solicitation is unlawful.

Any underwriter that is not a broker-dealer registered with the SEC will only make sales of the notes in the United States through one or more SEC-registered broker-dealers in compliance with applicable securities laws and the rules of the Financial Industry Regulatory Authority, Inc.

Notice to Prospective Investors in the European Economic Area

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) no offer of notes may be made to the public in that Relevant Member State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (b) to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant underwriter or underwriters nominated by us for any such offer;
- (c) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purpose of the above provisions, the expression an offer to the public in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe for the notes, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State, the expression Prospectus Directive means Directive 2003/71/EC (as amended, including by

Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

S-35

Notice to Prospective Investors in the United Kingdom

Each underwriter has represented, warranted and agreed that:

it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (the FSMA)) received by it in connection with the issue or sale of the notes which are the subject of the offering contemplated by this prospectus supplement and the accompanying prospectus in circumstances in which Section 21(1) of the FSMA does not apply to us; and

it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Notice to Prospective Investors in Hong Kong

The notes may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), and no advertisement, invitation or document relating to the notes may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Notice to Prospective Investors in Japan

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Law No. 25 of 1948, as amended, the FIEL) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEL and any other applicable laws, regulations and ministerial guidelines of Japan.

Notice to Prospective Investors in Singapore

This prospectus supplement and the accompanying prospectus have not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement, the accompanying prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the notes may not be circulated or distributed, nor may the notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act, Chapter 289 of Singapore (the SFA)) under

Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA, in each case subject to conditions set forth in the SFA.

S-36

Table of Contents

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor, the securities (as defined in Section 239(1) of the SFA) of that corporation shall not be transferable for 6 months after that corporation has acquired the notes under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person (as defined in Section 275(2) of the SFA), (2) where such transfer arises from an offer in that corporation's securities pursuant to Section 275(1A) of the SFA, (3) where no consideration is or will be given for the transfer, (4) where the transfer is by operation of law, (5) as specified in Section 276(7) of the SFA, or (6) as specified in Regulation 32 of the Securities and Futures (Offers of Investments) (Shares and Debentures) Regulations 2005 of Singapore (Regulation 32).

Where the notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is a trust (where the trustee is not an accredited investor (as defined in Section 4A of the SFA)) whose sole purpose is to hold investments and each beneficiary of the trust is an accredited investor, the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferable for 6 months after that trust has acquired the notes under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person (as defined in Section 275(2) of the SFA), (2) where such transfer arises from an offer that is made on terms that such rights or interest are acquired at a consideration of not less than \$200,000 (or its equivalent in a foreign currency) for each transaction (whether such amount is to be paid for in cash or by exchange of securities or other assets), (3) where no consideration is or will be given for the transfer, (4) where the transfer is by operation of law, (5) as specified in Section 276(7) of the SFA, or (6) as specified in Regulation 32.

Notice to Prospective Investors in Switzerland

The notes are not offered, sold or advertised, directly or indirectly, in, into or from Switzerland on the basis of a public offering and will not be listed on the SIX Swiss Exchange or any other offering or regulated trading facility in Switzerland. Accordingly, neither this prospectus supplement nor any accompanying prospectus or other marketing material constitute a prospectus as defined in article 652a or article 1156 of the Swiss Code of Obligations or a listing prospectus as defined in article 32 of the Listing Rules of the SIX Swiss Exchange or any other regulated trading facility in Switzerland. Any resales of the notes by the underwriters thereof may only be undertaken on a private basis to selected individual investors in compliance with Swiss law. This prospectus supplement and accompanying prospectus may not be copied, reproduced, distributed or passed on to others or otherwise made available in Switzerland without our prior written consent. By accepting this prospectus supplement and accompanying prospectus or by subscribing to the notes, investors are deemed to have acknowledged and agreed to abide by these restrictions. Investors are advised to consult with their financial, legal or tax advisers before investing in the notes.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission using a shelf registration process. Under this shelf process, we may sell debt securities, warrants to purchase debt securities, common stock, warrants to purchase common stock, stock purchase contracts or stock purchase units in one or more offerings. We may sell these securities either separately or in units.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. That prospectus supplement may also add, update or change information contained in this prospectus. You should read this prospectus and the applicable prospectus supplement together with the additional information described under the heading **Where You Can Find More Information**.

The registration statement that contains this prospectus, including the exhibits to the registration statement, contains additional information about us and the securities offered under this prospectus. That registration statement can be read at the Securities and Exchange Commission, or SEC, web site or at the SEC offices mentioned under the heading **Where You Can Find More Information**.

Table of Contents

WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and special reports, proxy statements and other information with the SEC. Our SEC filings are available to the public over the Internet at the SEC's web site at <http://www.sec.gov>. You may also read and copy any document we file with the SEC at its public reference room at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the operation of the public reference room.

We incorporate by reference into this prospectus the information we file with the SEC, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is an important part of this prospectus. Some information contained in this prospectus updates the information incorporated by reference, and information that we file subsequently with the SEC will automatically update this prospectus. In other words, in the case of a conflict or inconsistency between information set forth in this prospectus and information incorporated by reference into this prospectus, you should rely on the information contained in the document that was filed later. We incorporate by reference our Transition Report on Form 10-K for the transition period from July 1, 2012 to December 31, 2012 (which incorporates by reference certain portions of our definitive Notice and Proxy Statement for our Annual Meeting of Stockholders held on May 2, 2013); our Quarterly Report on Form 10-Q for the quarter ended March 31, 2013; our Current Reports on Form 8-K filed with the SEC on February 11, 2013, February 19, 2013, April 26, 2013, May 2, 2013 (with respect to Item 8.01 and exhibit 99.2 only), and May 6, 2013; and any filings we make with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934 after the initial filing of the registration statement that contains this prospectus and prior to the time that we sell all the securities offered by this prospectus. Notwithstanding the foregoing, unless specifically stated otherwise, none of the information that we disclose under Items 2.02 and 7.01 of any Current Report on Form 8-K that we may from time to time furnish to the SEC will be incorporated by reference into, or otherwise included in, this prospectus.

You may request a copy of these filings, other than an exhibit to a filing unless that exhibit is specifically incorporated by reference into that filing, at no cost, by writing to or telephoning us at the following address:

You should rely only on the information incorporated by reference or presented in this prospectus or the applicable prospectus supplement. Neither we, nor any underwriters or agents, have authorized anyone else to provide you with different information. We may only use this prospectus to sell securities if it is accompanied by a prospectus supplement. We are only offering these securities in jurisdictions where the offer is permitted. You should not assume that the information in this prospectus or the applicable prospectus supplement is accurate as of any date other than the dates on the front of those documents.

Table of Contents

THE COMPANY

For more than a century, the people of Archer-Daniels-Midland Company, or ADM, have transformed crops into products that serve vital needs. Today, 30,000 ADM employees around the globe convert oilseeds, corn, wheat and cocoa into products for food, animal feed, industrial and energy uses. With more than 265 processing plants, 460 crop procurement facilities, and the world's premier crop transportation network, ADM helps connect the harvest to the home in more than 140 countries.

We were incorporated in Delaware in 1923 as the successor to a business formed in 1902. Our executive offices are located at 4666 Faries Parkway, Box 1470, Decatur, Illinois 62525. Our telephone number is (217) 424-5200. We maintain an Internet web site at www.adm.com. The web site is not a part of this prospectus.

When we refer to our company, we, our and us in this prospectus under the headings The Company, Use of Proceeds and Ratio of Earnings to Fixed Charges, we mean Archer-Daniels-Midland Company, its subsidiaries and their predecessors unless the context indicates otherwise. When such terms are used elsewhere in this prospectus, we refer only to Archer-Daniels-Midland Company unless the context indicates otherwise.

Table of Contents

USE OF PROCEEDS

Unless the applicable prospectus supplement states otherwise, the net proceeds from the sale of the offered securities will be added to our general funds and will be available for general corporate purposes, including:

meeting our working capital requirements;

funding capital expenditures and possible acquisitions of, or investments in, businesses and assets; and

repaying indebtedness originally incurred for general corporate purposes.

Until we use the net proceeds, we will invest them in short-term or long-term marketable securities or use them to repay short-term borrowings.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

Set forth below is our consolidated ratio of earnings to fixed charges for each of the periods presented.

Fiscal Year Ended June 30,					Six-Month Transition Period Ended December 31,	Three-Month Period Ended March 31,
2008	2009	2010	2011	2012	2012	2013
4.54x	4.84x	4.78x	5.55x	3.79x	4.02x	3.38x

The ratio of earnings to fixed charges is calculated as follows:

(earnings)
(fixed charges)

For purposes of calculating the ratio, earnings consist of:

pre-tax income from continuing operations before adjustment for noncontrolling interests in income from consolidated subsidiaries or income or loss from equity investees;

fixed charges;

amortization of capitalized interest;

distributed income of equity investees; and

our share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges;

minus capitalized interest;

minus preference security dividend requirements of consolidated subsidiaries; and

minus the noncontrolling interest in pre-tax income of subsidiaries that have not incurred fixed charges.

For purposes of calculating the ratio, fixed charges consist of:

interest expensed and capitalized;

amortized premiums, discounts and capitalized expenses related to indebtedness;

an estimate of the interest portion of rental expense on operating leases; and

preference security dividend requirements of consolidated subsidiaries.

Table of Contents

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of our debt securities. The prospectus supplement will describe the specific terms of the debt securities offered through that prospectus supplement and any general terms outlined in this section that will not apply to those debt securities.

The debt securities will be issued under an indenture dated as of October 16, 2012 between us and The Bank of New York Mellon, as trustee. We have summarized certain terms and provisions of the indenture in this section. We have also filed the indenture as an exhibit to the registration statement of which this prospectus forms a part. You should read the indenture for additional information before you buy any debt securities.

Because this section is a summary, it does not describe every aspect of the debt securities. This summary is subject to, and qualified in its entirety by reference to, all the provisions of the indenture, including definitions of certain terms used in the indenture. For example, in this section we use capitalized words to signify terms that have been specifically defined in the indenture. Some of the definitions are repeated herein, but for the rest you will need to read the indenture. We also include references in parentheses to certain sections of the indenture so that you can more easily locate these provisions. Whenever we refer to particular sections or defined terms of the indenture in this prospectus or in the applicable prospectus supplement, such sections or defined terms are incorporated by reference herein or in the prospectus supplement.

General

The debt securities will be our unsecured and unsubordinated obligations ranking on parity with all of our other unsecured and unsubordinated indebtedness.

The indenture does not limit the amount of debt securities that we may issue and provides that we may issue debt securities from time to time in one or more series. (*Section 301*). Unless otherwise specified in the applicable prospectus supplement, we may, without the consent of the holders of a series of debt securities, issue additional debt securities of that series having the same ranking and the same interest rate, maturity date and other terms (except for the price to public and issue date) as such debt securities. Any such additional debt securities, together with the initial debt securities, will constitute a single series of debt securities under the applicable indenture. No additional debt securities of a series may be issued if an event of default under the applicable indenture has occurred and is continuing with respect to that series of debt securities.

A prospectus supplement relating to a series of debt securities being offered will include specific terms relating to the offering. (*Section 301*). These terms will include some or all of the following:

the title of the debt securities of the series;

any limit on the total principal amount of the debt securities of that series;

whether the debt securities will be issuable as registered securities, bearer securities or both;

whether any of the debt securities are to be issuable initially in temporary global form;

whether any of the debt securities are to be issuable in permanent global form;

the person to whom interest on the debt securities is payable, if such person is not the person in whose name the debt securities are registered;

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

the date or dates on which the debt securities will mature and our ability to extend such date or dates;

if the debt securities bear interest:

the interest rate or rates on the debt securities or the formula by which the interest rate or rates shall be determined;

the date or dates from which any interest will accrue;

any circumstances under which we may defer interest payments;

Table of Contents

the record and interest payment dates for debt securities that are registered securities; and

whether the interest rate or interest rate formula can be reset and, if so, the date or dates on which the interest rate or interest rate formula can be reset;

the place or places where:

we can make payments on the debt securities;

the debt securities can be presented for registration of transfer or exchange; and

notice and demands can be given to us relating to the debt securities and under the indenture;

the date, if any, after which and the price or prices (and other applicable terms and provisions) at which we may redeem the offered debt securities pursuant to any optional or mandatory redemption provisions that would permit or require us or the holders of the debt securities to redeem the debt securities prior to their final maturity;

any sinking fund or analogous provisions that would obligate us to redeem the debt securities, in whole or in part, before their final maturity;

the denominations in which any debt securities which are registered debt securities will be issuable, if other than denominations of \$1,000 or multiples of \$1,000;

the denominations in which any debt securities which are bearer securities will be issuable, if other than denominations of \$5,000;

the currency or currencies of payment on the debt securities;

any index used to determine the amount of payments on the debt securities;

the portion of the principal payable upon acceleration of the debt securities following an event of default, if such portion is other than the principal amount of the debt securities;

any events of default which will apply to the debt securities in addition to those contained in the indenture;

any additional covenants applicable to the debt securities and whether certain covenants can be waived;

whether the provisions described below under the heading **Defeasance** apply to the debt securities; and

any other terms and provisions of the debt securities not inconsistent with the terms and provisions of the indenture. *(Section 301)*. If the purchase price of any of the debt securities is denominated in a foreign currency or currencies, or if the principal of and any premium and interest on any series of debt securities is payable in a foreign currency or currencies, then the restrictions, elections, general tax considerations, specific terms and other information with respect to such issue of debt securities and such foreign currency or currencies will be set forth in the applicable prospectus supplement.

When we use the term *holder* in this prospectus with respect to a registered debt security, we mean the person in whose name such debt security is registered in the security register. *(Section 101)*.

Denominations, Registration and Transfer

We may issue the debt securities as registered securities, bearer securities or both. We may issue debt securities in the form of one or more global securities, as described below under *Global Securities*. Unless we state otherwise in the applicable prospectus supplement, registered securities denominated in U.S. dollars will be issued only in denominations of \$1,000 and multiples of \$1,000. Bearer securities denominated in U.S. dollars will be issued only in denominations of \$5,000 with coupons attached. A global security will be issued in a

Table of Contents

denomination equal to the total principal amount of outstanding debt securities represented by that global security. The prospectus supplement relating to debt securities denominated in a foreign currency will specify the denominations of the debt securities. (*Sections 201, 203, 301 and 302*).

You may exchange any debt securities of a series for other debt securities of that series if the other debt securities are denominated in authorized denominations and have the same aggregate principal amount and the same terms as the debt securities that were surrendered for exchange. In addition, if debt securities of any series are issuable as both registered securities and as bearer securities, you may, subject to the terms of the indenture, exchange bearer securities (with all unmatured coupons, except as provided below, and all matured coupons in default attached) of the series for registered securities of the same series of any authorized denominations and that have the same aggregate principal amount and the same terms as the debt securities that were surrendered for exchange.

Unless we state otherwise in the applicable prospectus supplement, any bearer security surrendered in exchange for a registered security between a record date and the relevant date for payment of interest must be surrendered without the coupon relating to such date for payment of interest attached. Interest will not be payable on the registered security on the relevant date for payment of interest issued in exchange for the bearer security, but will be payable only to the holder of such coupon when due in accordance with the terms of the indenture.

Unless we state otherwise in the applicable prospectus supplement, bearer securities will not be issued in exchange for registered securities. (*Section 305*).

Registered securities may be presented for registration of transfer, duly endorsed or accompanied by a satisfactory written instrument of transfer, at the office or agency maintained by us for that purpose in a place of payment. There will be no service charge for any registration of transfer or exchange of the debt securities, but we may require you to pay any tax or other governmental charge payable in connection with a transfer or exchange of the debt securities. (*Section 305*). If the applicable prospectus supplement refers to any office or agency, in addition to the security registrar, initially designated by us where you can surrender the debt securities for registration of transfer or exchange, we may at any time rescind the designation of any such office or agency or approve a change in the location. If debt securities of a series are issuable only as registered securities, we will be required to maintain a transfer agent in each place of payment for such series. If debt securities of a series are issuable as bearer securities, we will be required to maintain, in addition to the security registrar, a transfer agent in a place of payment for such series located outside the United States. We may at any time designate additional transfer agents with respect to any series of debt securities. (*Section 1002*).

We shall not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the selection of debt securities of that series to be redeemed and ending at the close of business on:

the day of mailing of the relevant notice of redemption, if debt securities of the series are issuable only as registered securities, or

the day of the first publication of the relevant notice of redemption, if debt securities of the series are issuable as bearer securities, or

the mailing of the relevant notice of redemption, if debt securities of that series are also issuable as registered securities and there is no publication;

register the transfer of or exchange any registered selected for redemption, except for the unredeemed portion of any registered security being redeemed in part; or

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

exchange any bearer security selected for redemption, except to exchange the bearer security for a registered security of that series and like tenor which is simultaneously surrendered for redemption. (*Section 305*).

Table of Contents

Original Issue Discount Securities

Debt securities may be issued as original issue discount securities and sold at a discount below their stated principal amount. If a debt security is an original issue discount security, an amount less than the principal amount of the debt security will be due and payable upon a declaration of acceleration of the maturity of the debt security under the applicable indenture. (*Sections 101 and 502*). The applicable prospectus supplement will describe the federal income tax consequences and other special factors you should consider before purchasing any original issue discount securities.

Payments and Paying Agents

Unless we state otherwise in the applicable prospectus supplement, payment of principal and any premium and interest on registered securities, other than a global security, will be made at the office of the paying agent or paying agents we may designate from time to time. (*Section 1002*). At our option, payment of any interest may be made (i) by check mailed to the address of the payee entitled to payment at the address listed in the security register, or (ii) by wire transfer to an account maintained by the payee as specified in the security register. Unless we state otherwise in the applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name the registered security is registered at the close of business on the regular record date for such interest payment. (*Section 307*).

Unless we state otherwise in the applicable prospectus supplement, payment of principal and any premium and interest on bearer securities will be payable, subject to applicable laws and regulations, at the offices of the paying agent or paying agents outside the United States that we may designate from time to time. (*Section 1002*). At our option, payment of any interest may be made by check or by wire transfer to an account maintained by the payee outside the United States. Unless we state otherwise in the applicable prospectus supplement, payment of interest on bearer securities on any interest payment date will be made only upon presentation and surrender of the coupon relating to that interest payment date. (*Section 1001*). No payment on any bearer security will be made:

at any of our offices or agencies in the United States;

by check mailed to any address in the United States; or

by transfer to an account maintained in the United States.

Neither we nor our paying agents will make payment on bearer securities or coupons, or upon any other demand for payment, if you present them to us or our paying agents within the United States. Notwithstanding the foregoing, payment of principal of and any premium and interest on bearer securities denominated and payable in U.S. dollars will be made at the office of our paying agent in the United States if, and only if, payment of the full amount payable in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions. (*Section 1002*).

Unless we state otherwise in the applicable prospectus supplement, the principal office of the trustee in New York City will be designated as our sole paying agent for payments on debt securities that are issuable only as registered securities. We will name in the applicable prospectus supplement any paying agent outside the United States, and any other paying agent in the United States, initially designated by us for the debt securities. We may, at any time:

designate additional paying agents;

rescind the designation of any paying agent; or

approve a change in the office through which any paying agent acts.

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

If debt securities of a series are issuable only as registered securities, we will be required to maintain a paying agent in each place of payment for that series. If debt securities of a series are issuable as bearer securities, we will be required to maintain:

a paying agent in each place of payment for that series in New York City for payments on any registered securities of that series;

Table of Contents

a paying agent in each place of payment located outside the United States where debt securities of that series and any coupons may be presented and surrendered for payment. If the debt securities of that series are listed on The International Stock Exchange of the United Kingdom and the Republic of Ireland, the Luxembourg Stock Exchange or any other stock exchange located outside the United States and such stock exchange shall so require, then we will maintain a paying agent in London, Luxembourg City or any other required city located outside the United States for debt securities of that series; and

a paying agent in each place of payment located outside the United States where, subject to applicable laws and regulations, registered securities of that series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us may be served. (*Section 1002*).

Any money that we pay to a paying agent for the purpose of making payments on the debt securities and that remains unclaimed two years after the payments were due will be returned to us. After that time, any holder of a debt security or any coupon may only look to us for payments on the debt security or coupon. (*Section 1003*).

Global Securities

Global Securities. The debt securities may be issued initially in book-entry form and represented by one or more global securities in fully registered form without interest coupons which will be deposited with the trustee as custodian for The Depository Trust Company, which we refer to as DTC, and registered in the name of Cede & Co. or another nominee designated by DTC. Except as set forth below, the global securities may be transferred, in whole and not in part, only to DTC or another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global securities may not be exchanged for certificated securities except in the limited circumstances described below.

All interests in the global securities will be subject to the rules and procedures of DTC.

Certain Book-Entry Procedures for the Global Securities. The descriptions of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to change by DTC from time to time. We do not take any responsibility for these operations or procedures, and investors are urged to contact DTC or its participants directly to discuss these matters.

DTC has advised us that it is:

a limited-purpose trust company organized under the laws of the State of New York;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the New York Uniform Commercial Code, as amended; and

a clearing agency registered pursuant to Section 17A of the Securities Exchange Act of 1934.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between participants through electronic book-entry changes to the accounts of its participants, thereby eliminating the need for physical transfer and delivery of certificates. DTC's participants include securities brokers and dealers, banks and trust companies, clearing corporations and certain other organizations. Indirect access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies, which we refer to collectively as the indirect participants, that clear through or maintain a custodial relationship with a participant either directly or indirectly. Investors who are not participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants.

Table of Contents

We expect that, pursuant to procedures established by DTC:

upon deposit of each global security, DTC will credit, on its book-entry registration and transfer system, the accounts of participants with an interest in the global security; and

ownership of beneficial interests in the global securities will be shown on, and the transfer of ownership of beneficial interests in the global securities will be effected only through, records maintained by DTC (with respect to the interests of participants) and the participants and the indirect participants (with respect to the interests of persons other than participants).

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer beneficial interests in the securities represented by a global security to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person holding a beneficial interest in a global security to pledge or transfer that interest to persons or entities that do not participate in DTC's system, or to otherwise take actions in respect of that interest, may be affected by the lack of a physical security in respect of that interest.

So long as DTC or its nominee is the registered owner of a global security, DTC or that nominee, as the case may be, will be considered the sole legal owner or holder of the securities represented by that global security for all purposes of the securities and the indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have the debt securities represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of certificated securities and will not be considered the owners or holders of the securities represented by that beneficial interest under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global security must rely on the procedures of DTC and, if that holder is not a participant or an indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of securities under the indenture or that global security. We understand that under existing industry practice, in the event that we request any action of holders of securities, or a holder that is an owner of a beneficial interest in a global security desires to take any action that DTC, as the holder of that global security, is entitled to take, DTC would authorize the participants to take that action and the participants would authorize holders owning through those participants to take that action or would otherwise act upon the instruction of those holders. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of securities by DTC or for maintaining, supervising or reviewing any records of DTC relating to the securities.

Payments with respect to the principal of and interest on a global security will be payable by the trustee to or at the direction of DTC or its nominee in its capacity as the registered holder of the global security under the indenture. Under the terms of the indenture, we and the trustee may treat the persons in whose names the debt securities, including the global securities, are registered as the owners thereof for the purpose of receiving payment thereon and for any and all other purposes whatsoever. Accordingly, neither we nor the trustee has or will have any responsibility or liability for the payment of those amounts to owners of beneficial interests in a global security. Payments by the participants and the indirect participants to the owners of beneficial interests in a global security will be governed by standing instructions and customary industry practice and will be the responsibility of the participants and indirect participants and not of DTC.

Transfers between participants in DTC will be effected in accordance with DTC's procedures and will be settled in same-day funds.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the global securities among participants in DTC, it is under no obligation to perform or to continue to perform those procedures, and those procedures may be discontinued at any time. Neither we nor the trustee will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Table of Contents

We obtained the information in this section and elsewhere in this prospectus concerning DTC and its book-entry system from sources that we believe are reliable, but we take no responsibility for the accuracy of any of this information.

Certificated Securities. We will issue certificated securities to each person that DTC identifies as the beneficial owner of the securities represented by the global securities upon surrender by DTC of the global securities only if:

DTC notifies us that it is no longer willing or able to act as a depository for the global securities, and we have not appointed a successor depository within 90 days of that notice;

DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 at a time when such registration is required, and we have not appointed a successor depository within 90 days after becoming aware of that cessation;

circumstances specified with respect to a particular series of debt securities as triggering the ability to exchange global securities occur; or

we determine (subject to the procedures of DTC) not to have the securities represented by a global security. (*Section 305*). Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the related securities. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the securities to be issued in certificated form.

Bearer Debt Securities

If we issue bearer securities, the applicable prospectus supplement will describe all of the special terms and provisions of debt securities in bearer form, and the extent to which those special terms and provisions are different from the terms and provisions described in this prospectus, which generally apply to debt securities in registered form, and will summarize provisions of the applicable indenture that relate specifically to bearer debt securities.

Covenants Contained in the Indenture

The following definitions are used in this prospectus to describe certain covenants contained in the indenture.

Attributable Debt means:

the balance sheet liability amount in respect of capital leases, plus

the amount of future minimum operating lease payments, less any amounts required to be paid on account of maintenance and repairs, insurance, taxes, assessments, water rates and similar charges, discounted using the methodology used to calculate the present value of operating lease payments in our most recent Annual Report to Stockholders reflecting that calculation.

The amount of Attributable Debt relating to an operating lease that can be terminated by the lessee with the payment of a penalty will be calculated based on the lesser of:

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

the aggregate amount of lease payments required to be made until the first date the lease can be terminated by the lessee plus the amount of the penalty, or

the aggregate amount of lease payments required to be made during the remaining term of the lease. (*Section 101*).

Table of Contents

Consolidated Net Tangible Assets means the total amount of our assets, minus applicable reserves and other properly deductible items, minus

all current liabilities, excluding Funded Debt classified as such by reason of being renewable or extendible, and

all goodwill, trade names, patents, unamortized debt discount and expense, and other similar intangibles to the extent not deducted as reserves and deductible items set forth above,

all as set forth on our most recent consolidated balance sheet. (*Section 101*).

Funded Debt means:

Indebtedness that matures more than 12 months after the time of the computation of the amount thereof or that is extendible or renewable to a time more than 12 months after the time of the computation of the amount thereof;

all guarantees of any such Indebtedness or of dividends, other than any guarantee in connection with the sale or discount by us or any Restricted Subsidiary of accounts receivable, trade acceptances and other paper arising in the ordinary course of business; and

all preferred stock of any Subsidiary, taken at the greater of its voluntary or involuntary liquidation price at the time of any calculation hereunder, but exclusive of accrued dividends, if any.

Funded Debt does not, however, include any amount in respect of obligations under leases, or guarantees of obligations, whether or not such obligations or guarantees would be included as liabilities on a balance sheet. (*Section 101*).

Indebtedness means:

all items of indebtedness or liability, except capital and surplus, that would be included in total liabilities on the liability side of a balance sheet as of the date that indebtedness is being determined; and

guarantees, endorsements (other than for purposes of collection) and other contingent obligations relating to, or to purchase or otherwise acquire, indebtedness of others, unless the amount is included in the preceding bullet point.

Indebtedness does not, however, include any obligations or guarantees of obligations relating to lease rentals, even if the obligations or guarantees of obligations relating to lease rentals would be included as liabilities on the consolidated balance sheet of us and our Restricted Subsidiaries. (*Section 101*).

Principal Domestic Manufacturing Property means any building, structure or other facility, together with the land on which it is erected and fixtures that are part of such building, located in the United States that is used by us or our Subsidiaries primarily for manufacturing, processing or warehousing, the gross book value of which exceeds 1% of our Consolidated Net Tangible Assets, other than any such building,

that is financed by obligations issued by a state, territory or possession of the United States, or any of their political subdivisions, the interest on which is excludable from gross income of the holders pursuant to Section 103(a)(1) of the Internal Revenue Code of 1986, or

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

that is not of material importance to the total business conducted by us and our Subsidiaries, taken as a whole. (*Section 101*).

A *Restricted Subsidiary* is any Subsidiary of ours, but does not include a Subsidiary (i) that does not transact any substantial portion of its business in the United States and does not regularly maintain any substantial portion of its fixed assets in the United States, or (ii) that is engaged primarily in financing our operations or the operations of our Subsidiaries, or both. (*Section 101*).

Table of Contents

Secured Funded Debt means Funded Debt which is secured by a mortgage, lien or other similar encumbrance upon any of our assets or those of our Restricted Subsidiaries. (Section 101).

A *Subsidiary* is a corporation or other entity in which we, or one or more of our other Subsidiaries, directly or indirectly, own more than 50% of the outstanding voting equity interests. (Section 101).

Wholly-owned Restricted Subsidiary means any Restricted Subsidiary in which we and our other Wholly-owned Restricted Subsidiaries own all of the outstanding Funded Debt and capital stock (other than directors' qualifying shares). (Section 101).

Restrictions on Secured Funded Debt

The indenture limits the amount of Secured Funded Debt that we and our Restricted Subsidiaries may incur or otherwise create, including by guarantee. Neither we nor our Restricted Subsidiaries may incur or otherwise create any new Secured Funded Debt unless immediately after the incurrence or creation:

the sum of:

the aggregate principal amount of all of our outstanding Secured Funded Debt and that of our Restricted Subsidiaries (other than certain categories of Secured Funded Debt discussed below), plus

the aggregate amount of our Attributable Debt and that of our Restricted Subsidiaries relating to sale and leaseback transactions,

does not exceed 15% of our Consolidated Net Tangible Assets.

This limitation does not apply if the outstanding debt securities are secured equally and ratably with or prior to the new Secured Funded Debt.

The following categories of Secured Funded Debt will not be considered in determining whether we are in compliance with the covenant described in the first paragraph under the heading **Restrictions on Secured Funded Debt** :

Secured Funded Debt of a Restricted Subsidiary owing to us or to one of our Wholly-owned Restricted Subsidiaries;

Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance in favor of the U.S. government or any state or any instrumentality thereof to secure certain payments;

Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance on property, shares of stock or Indebtedness of any company existing at the time that the company becomes one of our Subsidiaries;

Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance on property, shares of stock or Indebtedness which (1) exists at the time that the property, shares of stock or Indebtedness is acquired by us or one of our Restricted Subsidiaries, including acquisitions by merger or consolidation, (2) secures the payment of any part of the purchase price of or construction cost for the property, shares of stock or Indebtedness or (3) secures any Indebtedness incurred prior to, at the time of, or within 120 days after, the acquisition of the property, shares of stock or Indebtedness or the completion of any construction of the property for the purpose of financing all or a part of the purchase price or construction cost of the property, shares of stock or Indebtedness, provided

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

that, in all cases, we continue to comply with the covenant relating to mergers and consolidations discussed under the heading
Restrictions on Mergers and Sales of Assets below;

Secured Funded Debt resulting from a mortgage, lien or other similar encumbrance in connection with the issuance of revenue bonds
on which the interest is exempt from federal income tax under the Internal Revenue Code; and

Table of Contents

any extension, renewal or refunding of (1) any Secured Funded Debt permitted under the first paragraph under the heading Restrictions on Secured Funded Debt or (2) any Secured Funded Debt outstanding as of the date of the indenture. (*Section 1007*).

Restrictions on Sale and Leaseback Transactions

Under the indenture, neither we nor any Restricted Subsidiary may enter into any sale and leaseback transaction involving a Principal Domestic Manufacturing Property, except a sale by a Restricted Subsidiary to us or another Restricted Subsidiary or a lease not exceeding three years, by the end of which we intend to discontinue use of the property, and except for any transaction with a local or state authority that provides financial or tax benefits, unless:

the net proceeds of the sale are at least equal to the fair market value of the property; and

within 120 days of the transfer, or two years if we hold the net proceeds of the sale in cash or cash equivalents, we purchase and retire debt securities and/or repay Funded Debt and/or make expenditures for the expansion, construction or acquisition of a Principal Domestic Manufacturing Property at least equal to the net proceeds of the sale.

In addition, the restriction does not apply if the sum of the aggregate fair market value of the property transferred in a sale and leaseback transaction and all Secured Funded Debt (other than the categories of Secured Funded Debt discussed above as not being included in the consideration of the covenant restricting Secured Funded Debt) does not exceed 15% of our Consolidated Net Tangible Assets. (*Section 1008*).

Restrictions on Mergers and Sales of Assets

The indenture generally permits a consolidation or merger between us and another entity. It also permits the sale or transfer by us of all or substantially all of our property and assets. These transactions are permitted so long as:

the resulting or acquiring entity, if other than us, is organized and existing under the laws of a United States jurisdiction and assumes responsibility for the payment of all amounts due on the debt securities and performance of the covenants in the indenture;

immediately after giving effect to the transaction, no event of default under the indenture exists;

steps have been taken to secure the debt securities equally and ratably with all indebtedness secured by a mortgage, lien or other similar encumbrance if as a result of such transaction, our properties or assets or Restricted Subsidiaries' properties or assets would become subject to such mortgage, lien or other similar encumbrance not permitted pursuant to the provisions discussed above under the heading Restrictions on Secured Funded Debt without equally and ratably securing the debt securities; and

we have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that the transaction and, if a supplemental indenture is required in connection with the transaction, the supplemental indenture comply with the indenture and that all conditions precedent to the transaction contained in the indenture have been satisfied. (*Section 801*).

If we consolidate or merge with or into any other entity or sell or lease all or substantially all of our assets according to the terms and conditions of the indenture, the resulting or acquiring entity will be substituted for us in the indenture with the same effect as if it had been an original party to the indenture. As a result, such successor entity may exercise our rights and powers under the indenture, in our name and, except in the case of a lease, we will be released from all obligations and covenants under the indenture and under the debt securities and coupons. (*Section 802*).

Notwithstanding the foregoing provisions, we may transfer all of our property and assets to another corporation if, immediately after giving effect to the transfer, such corporation is our Wholly-owned Restricted Subsidiary and we would be permitted to become liable for an additional amount of Secured Funded Debt. (*Section 803*).

Table of Contents

Modification and Waiver

Under the indenture, certain of our rights and obligations and certain of the rights of the holders of the debt securities may be modified or amended with the consent of the holders of a majority of the total principal amount of the outstanding debt securities of all series of debt securities affected by the modification or amendment, acting together as a class. However, the following modifications and amendments will not be effective against any holder without its consent:

a change in the stated maturity date of any payment of principal or interest;

a reduction in the principal amount of, or rate of interest on, any debt security or any change in the interest rate or method of calculating the interest rate applicable to any debt security;

a reduction in the premium payable upon redemption of any debt security;

a reduction in the amount of principal of an original issue discount debt security due and payable upon acceleration of the maturity of such debt security;

a change in place of payment where, or the currency in which, any payment on the debt securities is payable;

an impairment of a holder's right to sue us for the enforcement of payments due on the debt securities; or

a reduction in the percentage of outstanding debt securities of any series required to consent to a modification or amendment of the indenture or required to consent to a waiver of compliance with certain provisions of the indenture or certain defaults under the indenture. (*Section 902*).

Under the indenture, the holders of at least a majority of the total principal amount of the outstanding debt securities of any series of debt securities may waive compliance by us with certain restrictive provisions of the indenture, on behalf of all holders of all series of debt securities to which such restrictive provision applies. (*Section 1010*).

Under the indenture, the holders of at least a majority of the total principal amount of the outstanding debt securities may, on behalf of all holders of such series of debt securities, waive any past default under the indenture, except:

a default in the payment of the principal of, or any premium or interest on, any debt securities of that series; or

a default under any provision of the indenture which itself cannot be modified or amended without the consent of the holders of each outstanding debt security of that series. (*Section 513*).

Events of Default

Event of Default, when used in the indenture with respect to any series of debt securities, means any of the following:

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

failure to pay interest on any debt security of that series for 30 days after the payment is due;

failure to pay the principal of, or any premium on, any debt security of that series when due;

failure to deposit any sinking fund payment on debt securities of that series when due;

failure to perform any other covenant in the indenture that applies to debt securities of that series for 90 days after we have received written notice of the failure to perform in the manner specified in the indenture;

default in respect of any Indebtedness for money borrowed by us or any consolidated Subsidiary, or under any mortgage, indenture or instrument under which such Indebtedness is issued or secured,

Table of Contents

including a default with respect to debt securities of any other series, which default results in the acceleration of Indebtedness with an aggregate outstanding principal amount in excess of \$50,000,000, unless the acceleration is rescinded, or such debt is paid or waived within 10 days after we have received written notice of the default in the manner specified in the indenture;

certain events in bankruptcy, insolvency or reorganization; or

any other Event of Default that may be specified for the debt securities of that series when that series is created. *(Section 501).*

If an Event of Default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% in aggregate principal amount of the outstanding debt securities of the series may declare the entire principal of all the debt securities of that series to be due and payable immediately, except that, if the Event of Default is caused by certain events in bankruptcy, insolvency or reorganization, the entire principal of all of the debt securities of the series will become due and payable immediately without any act on the part of the trustee or holders of the debt securities. If such a declaration occurs, the holders of a majority of the aggregate principal amount of the outstanding debt securities of that series can, subject to conditions, rescind the declaration. *(Section 502).*

The prospectus supplement relating to a series of debt securities which are original issue discount securities will describe the particular provisions that relate to the acceleration of maturity of a portion of the principal amount of the series when an Event of Default occurs and continues.

The indenture requires us to file an officers' certificate with the trustee each year that states, to the knowledge of the certifying officers, no defaults exist under the terms of the indenture. *(Section 1009).* The trustee may withhold notice to the holders of debt securities of any default, except defaults in the payment of principal, premium, interest or any sinking fund installment, if it considers the withholding of notice to be in the best interests of the holders. For purposes of this paragraph, default means any event which is, or after notice or lapse of time or both would become, an Event of Default under the indenture with respect to the debt securities of the applicable series. *(Section 602).*

Other than its duties in the case of an Event of Default, a trustee is not obligated to exercise any of its rights or powers under the indenture at the request, order or direction of any holders of debt securities, unless the holders offer the trustee reasonable indemnification. *(Sections 601, 603).* If reasonable indemnification is provided, then, subject to other rights of the trustee, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, with respect to the debt securities of that series, direct the time, method and place of:

conducting any proceeding for any remedy available to the trustee; or

exercising any trust or power conferred upon the trustee. *(Sections 512, 603).*

The holder of a debt security of any series will have the right to begin any proceeding with respect to the indenture or for any remedy only if:

the holder has previously given the trustee written notice of a continuing Event of Default with respect to the debt securities of that series;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made a written request to the trustee to begin such proceeding;

the holder has offered to the trustee reasonable indemnification;

the trustee has not started such proceeding within 60 days after receiving the request; and

Edgar Filing: ARCHER DANIELS MIDLAND CO - Form 424B2

the trustee has not received directions inconsistent with such request from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series during those 60 days. (*Section 507*).

Table of Contents

However, the holder of any debt security will have an absolute right to receive payment of principal of, and any premium and interest on, the debt security when due and to institute suit to enforce this payment. (*Section 508*).

Defeasance

The indenture includes provisions allowing defeasance of the debt securities of any series. In order to defease a series of debt securities, we would deposit with the trustee money or U.S. Government Obligations sufficient to make all payments on those debt securities. If we make a defeasance deposit with respect to a series of debt securities, we may elect either:

to be discharged from all of our obligations on that series of debt securities, except for our obligations to register transfers and exchanges; to replace temporary or mutilated, destroyed, lost or stolen debt securities; to maintain an office or agency in respect of the debt securities and to hold moneys for payment in trust; or

to be released from our restrictions described above relating to mergers and sales of assets, Secured Funded Debt and sale and leaseback transactions.

To establish the trust, we must deliver to the trustee an opinion of our counsel that the holders of that series of debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the defeasance and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the defeasance had not occurred. (*Sections 403 and 1011*).

The term "U.S. Government Obligations" means direct obligations of the United States of America backed by the full faith and credit of the United States. (*Section 101*).

Notices

Unless we state otherwise in the applicable prospectus supplement, we will give notices to holders of bearer securities by publication in a daily newspaper in the English language of general circulation in New York City. We will give notices by mail to holders of registered securities at the addresses listed in the security register. (*Section 106*).

Persons Deemed Owners

Title to any bearer securities and any coupons issued with any bearer securities will pass by delivery. We and the trustee, and any of our or the trustee's agents, may treat the bearer of any bearer security, the bearer of any coupon and the registered owner of any registered security as the owner of the security or coupon, whether or not the debt security or coupon shall be overdue and notwithstanding any notice to the contrary, for the purpose of making payment and for all other purposes. (*Section 308*).

Replacement of Securities and Coupons

We will replace any mutilated security, or a mutilated coupon issued with a security, at the holder's expense upon surrender of the security to the trustee. We will replace destroyed, lost or stolen securities or coupons at the holder's expense upon delivery to the trustee of evidence of the destruction, loss or theft satisfactory to us and the trustee. If any coupon becomes destroyed, stolen or lost, we will replace it by issuing a new security in exchange for the security with which the coupon was issued. In the case of a destroyed, lost or stolen security or coupon, an indemnity satisfactory to the trustee and us may be required at the holder's expense before we will issue a replacement security. (*Section 306*).

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York. (*Section 114*).

Table of Contents

Information Concerning the Trustee

The Bank of New York Mellon is the trustee under the indenture. From time to time, we maintain deposit accounts and conduct other banking transactions with the trustee in the ordinary course of business. The Bank of New York Mellon also serves as trustee for certain of our other senior unsecured debt obligations.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

General

The following description of our capital stock is subject to and qualified in its entirety by our certificate of incorporation and bylaws, which are incorporated by reference in the registration statement of which this prospectus forms a part, and by the provisions of applicable Delaware law. Under our certificate of incorporation, we are authorized to issue up to 1,000,000,000 shares of common stock without par value and 500,000 shares of preferred stock without par value.

Voting Rights

Each holder of our common stock is entitled to one vote per share on all matters to be voted upon by the stockholders.

Dividends

Subject to preferences that may be applicable to any outstanding preferred stock, the holders of our common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by the board of directors out of funds legally available for that purpose.

Rights Upon Liquidation

In the event of our liquidation, dissolution or winding up, the holders of our common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Preemptive or Conversion Rights

The holders of our common stock have no preemptive or conversion rights or other subscription rights. There are no redemption or sinking fund provisions applicable to the common stock.

Preferred Stock

The board of directors has the authority, without action by the stockholders, to designate and issue preferred stock in one or more series and to designate certain rights, preferences and privileges of each series, which may be greater than the rights of the common stock. It is not possible to state the actual effect of the issuance of any shares of preferred stock upon the rights of holders of the common stock until the board of directors determines the specific rights of the holders of such preferred stock. However, the effects might include, among other things:

restricting dividends on the common stock;

diluting the voting power of the common stock;

impairing the liquidation rights of the common stock; or

delaying or preventing a change in control of us without further action by the stockholders.

No shares of preferred stock are outstanding, and we have no present plans to issue any shares of preferred stock.

Anti-Takeover Effects of Our Certificate and Bylaws and Delaware Law

Some provisions of Delaware law and our certificate of incorporation and bylaws could make the following more difficult:

acquisition of us by means of a tender offer;

acquisition of us by means of a proxy contest or otherwise; or

Table of Contents

removal of our incumbent officers and directors.

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our board. We believe that these provisions give our board the flexibility to exercise its fiduciary duties in a manner consistent with the interests of our stockholders.

REQUIREMENTS FOR ADVANCE NOTIFICATION OF STOCKHOLDER NOMINATIONS AND PROPOSALS. Our bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the board of directors or a committee of the board of directors.

DELAWARE LAW. We are subject to Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. Generally, an interested stockholder is a person (i) who, together with affiliates and associates, owns 15% or more of a corporation's voting stock or (ii) who is an affiliate of the corporation and did, together with affiliates and associates, own 15% or more of the corporation's voting stock within three years prior to the determination of interested stockholder status. The existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by the board of directors, including discouraging attempts that might result in a premium over the market price for the shares of common stock held by stockholders.

CERTAIN REQUIREMENTS FOR STOCKHOLDER ACTION BY WRITTEN CONSENT OR MEETINGS. Our certificate of incorporation provides that certain procedures, including notifying the board of directors and awaiting a record date, must be followed for stockholders to act by written consent without a meeting. Our bylaws provide that stockholders owning not less than 10% of our outstanding shares may call special meetings of stockholders, but certain requirements apply both to how the 10% share ownership is measured and to the mechanics of calling a meeting

NO CUMULATIVE VOTING. Our certificate of incorporation and bylaws do not provide for cumulative voting in the election of directors.

UNDESIGNATED PREFERRED STOCK. The authorization of undesignated preferred stock makes it possible for the board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of us. These and other provisions may have the effect of deferring hostile takeovers or delaying changes in control or management of us.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Hickory Point Bank & Trust, fsb.

Table of Contents

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of our debt securities issued under the indenture or for the purchase of our common stock. We may issue warrants alone or together with any debt securities or common stock offered by any prospectus supplement, and warrants may be attached to or separate from the debt securities or common stock. As stated in the prospectus supplement relating to the particular issue of warrants, we will issue the warrants under one or more warrant agreements that we will enter into with a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrant certificates. The warrant agent will not assume any obligation or relationship of agency or trust for or with any holder of warrant certificates or beneficial owners of warrants.

General

If we offer warrants, the applicable prospectus supplement will identify the warrant agent and describe the terms of the warrants, including the following:

the offering price;

the currency for which warrants may be purchased;

the designation, aggregate principal amount, currency of denomination and payment, and terms of the debt securities or common stock purchasable upon exercise of the warrants;

if applicable, the designation and terms of the debt securities or common stock issued with the warrants and the number of warrants issued with the debt securities or common stock;

if applicable, the date on and after which the warrants and the related debt securities or common stock will be separately transferable;

the principal amount of debt securities or common stock purchasable upon exercise of one warrant, and the price at and the currency in which the principal amount of debt securities or common stock may be purchased upon such exercise;

the date on which the right to exercise the warrants shall commence and the date on which the right to exercise shall expire;

United States federal income tax considerations;

whether the warrants will be issued in registered or bearer form; and

any other terms of the warrants.

You may, at the corporate trust offices of the warrant agent or any other office indicated in the applicable prospectus supplement:

exchange warrant certificates for new warrant certificates of different denominations;

if the warrant certificates are in registered form, present them for registration of transfer; and

exercise warrant certificates.

Before exercising warrants, holders of warrants will not have any of the rights of holders of the debt securities or common stock purchasable upon exercise, including the right to receive payments on the debt securities or common stock purchasable upon exercise or to enforce covenants in the indenture.

Exercise of Warrants

Each warrant will entitle the holder to purchase the principal amount of debt securities or common stock at the exercise price set forth in the applicable prospectus supplement. You may exercise warrants at any time up to

Table of Contents

5:00 p.m., New York City time, on the expiration date set forth in the applicable prospectus supplement. After the close of business on the expiration date (or such later date to which we may extend the expiration date), unexercised warrants will become void.

You may exercise warrants by delivering payment to the warrant agent as provided in the applicable prospectus supplement of the amount required to purchase the debt securities or common stock, together with certain information set forth on the reverse side of the warrant certificate. Warrants will be deemed to have been exercised upon receipt of the exercise price, subject to the receipt within five business days of the warrant certificate evidencing such warrants. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent, or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the debt securities or common stock purchased. If fewer than all of the warrants represented by the warrant certificate are exercised, we will issue a new warrant certificate for the remaining amount of warrants.

Table of Contents

**DESCRIPTION OF STOCK PURCHASE CONTRACTS
AND STOCK PURCHASE UNITS**

The following is a general description of the terms of the stock purchase contracts and stock purchase units we may issue from time to time.

The applicable prospectus supplement will describe the terms of any stock purchase contracts or stock purchase units and, if applicable, prepaid stock purchase contracts. The description in the prospectus supplement will be qualified in its entirety by reference to (1) the stock purchase contracts, (2) the collateral arrangements and depositary arrangements, if applicable, relating to such stock purchase contracts or stock purchase units and (3) if applicable, the prepaid stock purchase contracts and the document pursuant to which such prepaid stock purchase contracts will be issued.

Stock Purchase Contracts

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and obligating us to sell to holders, a fixed or varying number of shares of common stock at a future date or dates. The consideration per share of common stock may be fixed at the time that the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. Any stock purchase contract may include anti-dilution provisions to adjust the number of shares issuable pursuant to such stock purchase contract upon the occurrence of certain events.

Stock Purchase Units

The stock purchase contracts may be issued separately or as a part of units (stock purchase units), consisting of a stock purchase contract and debt securities, or debt or equity obligations of third parties, including U.S. Treasury securities, in each case securing holders' obligations to purchase shares of common stock under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to holders of the stock purchase units, or vice versa, and such payments may be unsecured or prefunded and may be paid on a current or on a deferred basis. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner and in certain circumstances we may deliver newly issued prepaid stock purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original stock purchase contract. Any one or more of the above securities, common stock or the stock purchase contracts or other collateral may be pledged as security for the holders' obligations to purchase or sell the shares of common stock under the stock purchase contracts. The stock purchase contracts may also allow the holders, under certain circumstances, to obtain the release of the security for their obligations under such contracts by depositing with the collateral agent as substitute collateral U.S. Treasury securities with a principal amount at maturity equal to the collateral so released or the maximum number of shares deliverable by such holders under stock purchase contracts requiring the holders to sell shares of common stock to us.

Table of Contents

PLAN OF DISTRIBUTION

General

We may sell securities to or through underwriters, agents or broker-dealers or directly to purchasers. As set forth in the applicable prospectus supplement, we may offer debt securities or common stock alone or with warrants (which may or may not be detachable from the debt securities or common stock), and we may offer the warrants alone. If we issue any warrants, debt securities or common stock will be issuable upon exercise of the warrants. We also may offer stock purchase contracts alone, or as part of stock purchase units. We may offer the securities in exchange for our outstanding indebtedness.

Underwriters, dealers and agents that participate in the distribution of the securities offered under this prospectus may be underwriters as defined in the Securities Act of 1933, and any discounts or commissions received by them from us and any profit on the resale of the offered securities by them may be treated as underwriting discounts and commissions under the Securities Act. Any underwriters or agents will be identified and their compensation, including underwriting discounts and commissions, will be described in the applicable prospectus supplement. The prospectus supplement will also describe other terms of the offering, including the initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers, and any securities exchanges on which the offered securities may be listed.

The distribution of the securities offered under this prospectus may occur from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to the prevailing market prices or at negotiated prices.

We may determine the price or other terms of the securities offered under this prospectus by use of an electronic auction. We will describe in the applicable prospectus supplement how any auction will be conducted to determine the price or any other terms of the securities, how potential investors may participate in the auction and, where applicable, the nature of the underwriters' obligations with respect to the auction.

If the securities offered under this prospectus are issued in exchange for our outstanding securities, the applicable prospectus supplement will set forth the terms of the exchange, the identity of the outstanding securities subject to the exchange offer, and terms of the securities offered under this prospectus.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribute with respect to payments that the underwriters, dealers or agents may be required to make as a result of those certain civil liabilities.

When we issue the securities offered by this prospectus, they may be new securities without an established trading market. If we sell a security offered by this prospectus to an underwriter for public offering and sale, the underwriter may make a market for that security, but the underwriter will not be obligated to do so and could discontinue any market making without notice at any time. Therefore, we cannot give any assurances to you concerning the liquidity of any security offered by this prospectus.

Underwriters and agents and their affiliates may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of their businesses.

EXPERTS

The consolidated financial statements of Archer-Daniels-Midland Company included in Archer-Daniels-Midland Company's Transition Report on Form 10-K for the transition period ended December 31, 2012 (including the schedule included therein), and the effectiveness of Archer-Daniels-Midland Company's internal control over financial reporting as of December 31, 2012, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon, included therein, and incorporated herein by reference. Such consolidated financial statements are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.
