On October 5, 2015, Anixter Inc., a wholly-owned operating subsidiary of Anixter International Inc. (the Company), and certain of Anixter Inc.'s subsidiaries, entered into the following financing arrangements in connection with the previously disclosed acquisition of HD Supply's Power Solutions business (the Acquisition).

*New Receivables Facility*

On October 5, 2015, Anixter Inc.'s subsidiary Anixter Receivables Corporation (ARC) entered into a receivables based five-year revolving credit facility (the New Receivables Facility) in an aggregate committed amount of \$600 million with Anixter Inc., as servicer, JPMorgan Chase Bank, N.A., as Administrative Agent, and the lenders named therein. Borrowings under the New Receivables Facility are secured by a first lien on all assets of ARC and supported by an unsecured guarantee by the Company. The drawn pricing will range from LIBOR plus 125 basis points when the combined availability (the Combined Availability) under the New Receivables Facility and the Inventory Facility (defined below) is greater than \$500 million to LIBOR plus 175 basis points when Combined Availability is less than \$250 million. Undrawn fees will be 25 basis points if greater than 50% of the facility is drawn and 37.5 basis points if less than 50% of the facility is drawn.

The New Receivables Facility has a borrowing base of 85% of eligible receivables, subject to certain reserves.

Cash dominion will apply in the event that (i) certain events of default occur or (ii) the Combined Availability is less than the greater of \$75.0 million or 10% of the New Receivables Facility and the Inventory Facility (collectively, the Combined Facilities).

In the event that (x) certain events of default occur or (y) the Combined Availability is less than the greater of \$75.0 million or 10% of the Combined Facilities, Anixter Inc. will be subject to a minimum fixed charge coverage ratio of 1.0x. Acquisitions and restricted payments will be permitted, subject to, among other things, (i) Combined Availability of at least 20% of the Combined Facilities after giving pro forma effect to any acquisition or restricted payment or (ii) (a) Combined Availability of at least 15% of the Combined Facilities after giving pro forma effect to the acquisition or restricted payment and (b) maintenance of a minimum fixed charge coverage ratio of at least 1.1x after giving pro forma effect to the acquisition or restricted payment.

The New Receivables Facility provides for customary representations and warranties and customary events of default, generally with corresponding grace periods, including, without limitation, payment defaults with respect to the facility, covenant defaults, cross-defaults to other agreements evidencing material indebtedness, certain judgments and events of bankruptcy. Failure to refinance Anixter Inc.'s \$350 million 5.625% Senior Notes due 2019 prior to January 31, 2019 will also constitute an event of default.

In connection with the entry into the New Receivables Facility, Anixter Inc. and ARC terminated its existing Second Amended and Restated Receivables Purchase Agreement (the RPA) among Anixter Receivables Corporation, as Seller, Anixter Inc., as the initial Servicer, the purchasers party thereto and JPMorgan Chase Bank, N.A., as agent for the purchasers.

In connection with the entry into the New Receivables Facility, on October 5, 2015, Anixter Inc. and ARC entered into a Third Amended and Restated Receivables Sale Agreement (the Amended and Restated RSA), which amended and restated the existing Second Amended and Restated Sales Agreement. The purpose of the Amended and Restated RSA is (i) to reflect the entry into the New Receivables Facility and the termination of the RPA, and (ii) to include in the receivables sold by Anixter Inc. to ARC receivables originated by Tri-Northern Holdings, Inc. and its subsidiaries (collectively, the Tri-Ed Subsidiaries) and subsidiaries acquired in the Acquisition (the Power Solutions Subsidiaries).

Cash dominion will apply in the event that (x) certain events of default occur or (y) the Combined Availability is less than the greater of \$75.0 million or 10% of the Combined Facilities.
