Item 1.01. Entry into a Material Definitive Agreement.

On May 26, 2016, M/A-COM Technology Solutions Inc., a wholly-owned subsidiary of M/A-COM Technology Solutions Holdings, Inc. (MACOM or Seller) and Calare Properties, Inc., a Delaware corporation (Buyer and together with Seller, the Parties), entered into a Purchase and Sale Agreement and Escrow Instructions (the Purchase Agreement) for the sale and leaseback of certain parcels of property, including the Seller s headquarters, located at 100 and 144 Chelmsford Street, Lowell, Massachusetts 01851 (the Chelmsford Property), consisting of a building containing approximately 162,000 square feet located on approximately 9.8 acres of land. Pursuant to the Purchase Agreement, Buyer will acquire the Chelmsford Property for a sale price of \$4.25 million, and Seller will, pending finalization of the lease documentation, lease back the Chelmsford Property for an initial term anticipated to be 20 years, and will receive a construction allowance of \$4.0 million from Buyer for improvements.

In connection with the Purchase Agreement, Buyer agreed to pay an aggregate deposit of \$0.2 million. The deposit may be retained by Seller if the transaction does not close as a result of Buyer s default under the Purchase Agreement. The Purchase Agreement contains representations, warranties and covenants of the Parties, closing conditions, termination provisions including a due diligence period for Buyer that expires on July 22, 2016. The closing conditions include, among other things, the execution of certain lease agreements set forth in the Purchase Agreement. Assuming that Buyer completes a satisfactory due diligence inspection and certain other conditions are satisfied, the sale of the Chelmsford Property is expected to close in August 2016, unless otherwise extended as set forth in the Purchase Agreement.

The foregoing is a summary description of certain terms in the Purchase Agreement and is qualified in its entirety by reference to the full text of the Purchase Agreement attached hereto as Exhibit 10.1.
