Under this shelf registration process, we may sell the securities described in the accompanying prospectus from time to time. In this prospectus supplement, we provide you with specific information about the notes we are selling in this offering and about the offering itself. Both this prospectus supplement and the accompanying prospectus include or incorporate by reference important information about us and other information you should know before investing in the notes. This prospectus supplement also adds, updates and changes information contained or incorporated by reference in the accompanying prospectus. To the extent that any statement we make in this prospectus supplement is inconsistent with the statements made in the accompanying prospectus, the statements made in the accompanying prospectus are deemed modified or superseded by the statements made in this prospectus supplement. PRESENTATION OF FINANCIAL INFORMATION

The body of generally accepting accounting principles in the United States is referred to as GAAP. A non-GAAP financial measure is generally defined by the SEC as one that purports to measure historical or future financial performance, financial position or cash flows but excludes or includes amounts that would not be so adjusted in the most comparable GAAP measure.

This prospectus supplement contains information relating to a non-GAAP measure, which we call Adjusted EBITDA. Our measurement of Adjusted EBITDA is not comparable to those of other companies. We use Adjusted EBITDA internally to allow management to focus on period-to-period changes in our core business operations. Therefore, we believe that this information is meaningful to investors in addition to the information contained in the GAAP presentation of financial information included or incorporated by reference in this prospectus supplement. The presentation of this additional non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. You are therefore cautioned not to place undue reliance on Adjusted EBITDA. A reconciliation of this non-GAAP financial measure to the most directly comparable financial measure calculated in accordance with GAAP is presented under Summary Summary Historical Consolidated Financial Information .

INDUSTRY AND MARKET DATA

Throughout this prospectus supplement and the documents incorporated by reference herein, we rely on and refer to information and statistics regarding the healthcare industry. We obtained this information and these statistics from various third-party sources, discussions with state regulators and our own internal estimates. We believe that these sources and estimates are reliable, but we have not independently verified them and cannot guarantee their accuracy or completeness.

SUMMARY

This summary highlights information contained in this prospectus supplement, the accompanying prospectus and the documents incorporated into each by reference. Because it is a summary, it does not contain all of the information that you should consider before investing in the notes. Centene Corporation

We are a diversified, multi-national healthcare enterprise that provides programs and services to government sponsored healthcare programs, focusing on under-insured and uninsured individuals. We provide member-focused services through locally based staff by assisting in accessing care, coordinating referrals to related health and social services and addressing member concerns and questions. We also provide education and outreach programs to inform and assist members in accessing quality, appropriate healthcare services. We believe our local approach, including member and provider services, enables us to provide accessible, quality, culturally-sensitive healthcare coverage to our communities. Our health management, educational and other initiatives are designed to help members best utilize the healthcare system to ensure they receive appropriate, medically necessary services and effective management of routine, severe and chronic health problems, resulting in better health outcomes. We combine our decentralized local approach for care with a centralized infrastructure of support functions such as finance, information systems and claims processing.

On March 24, 2016, we acquired all of the issued and outstanding shares of Health Net for approximately \$6.0 billion, including the assumption of debt (the Health Net Merger). This strategic acquisition broadened our service offerings, providing expansion in Medicaid and Medicare programs. This acquisition provided further diversification across our markets and products through the addition of commercial products and government-sponsored care under federal contracts with the U.S. Department of Defense and the U.S. Department of Veterans Affairs, as well as Medicare Advantage. Health Net's operations are primarily concentrated in the states of California, Arizona, Oregon, and Washington.

We operate in two segments: Managed Care and Specialty Services. Our Managed Care segment provides health plan coverage to individuals through government subsidized programs, including Medicaid, the State Children's Health Insurance Program (CHIP), Long Term Care (LTC), Foster Care, dual-eligible individuals (Duals), the Supplemental Security Income Program, also known as the Aged, Blind or Disabled Program, or collectively ABD and Medicare (including the Medicare prescription drug benefit commonly known as Part D). Our Managed Care segment also provides health plan coverage to individuals covered through federally-facilitated and state-based Health Insurance Marketplaces (HIM) and provides healthcare services to groups and individuals delivered through commercial health plans. Our Specialty Services segment consists of our specialty companies offering diversified healthcare services and products to state programs, correctional facilities, healthcare organizations, employer groups and other commercial organizations, as well as to our own subsidiaries. Our Specialty Services segment also includes programs with the U.S. Department of Defense and U.S. Department of Veterans Affairs. For the year ended December 31, 2015, our Managed Care and Specialty Services segments accounted for 90% and 10%, respectively, of our total external revenues. For the nine months ended September 30, 2016, our Managed Care and Specialty Services segments accounted for approximately 92% and 8%, respectively, of our total external revenues.

Our managed care membership totaled approximately 11.4 million as of September 30, 2016. For the year ended December 31, 2015, our total revenues and net earnings from continuing operations attributable to Centene

Table of Contents

were \$22.8 billion and \$356 million, respectively, and our total cash flow from operations was \$658 million. For the nine months ended September 30, 2016, our total revenues and net earnings from continuing operations attributable to Centene were \$28.7 billion and \$300 million, respectively, and our total cash flow from operations was \$255 million.

Our initial health plan commenced operations in Wisconsin in 1984. We were organized in Wisconsin in 1993 as a holding company for our initial health plan and reincorporated in Delaware in 2001. Our corporate office is located at 7700 Forsyth Boulevard, St. Louis, Missouri 63105, and our telephone number is (314) 725-4477. Our common stock is publicly traded on the NYSE under the ticker symbol CNC.

The assets, liabilities and results of operations of Kentucky Spirit Health Plan have been classified as discontinued operations for all periods presented. We have derived the statement of operations data for the 2013, 2014 and 2015 fiscal years and the balance sheet data as of December 31, 2013, 2014 and 2015, from our audited financial statements, which (other than the balance sheet data as of December 31, 2013) are incorporated by reference into this prospectus supplement. We have derived the statement of operations data for the nine months ended September 30, 2015 and September 30, 2016, and the balance sheet data as of September 30, 2016, from our unaudited interim financial statements, which are incorporated herein by reference. Our statement of operations data for the nine months ended September 30, 2016, and our other financial data from continuing operations derived therefrom and presented below (including Adjusted EBITDA) for the nine months ended September 30, 2016 include the results of operations of Health Net from March 24, 2016 to September 30, 2016. We have derived the unaudited other financial data from continuing operations for the twelve months ended September 30, 2016 by adding the financial data from our audited financial statements for the year ended December 31, 2015 to the financial data from our unaudited interim financial statements for the three months ended March 31, 2016, and subtracting the financial data from our unaudited interim financial statements for the three months ended March 31, 2015. Our unaudited interim financial statements were prepared on the same basis as the audited annual financial statements, and, in the opinion of management, include all adjustments, consisting only of normal, recurring adjustments necessary for a fair presentation of the information set forth therein. Interim results are not necessarily indicative of the results to be expected for an entire year, and our historical results for any prior period are not necessarily indicative of results to be expected for any future period.

⁽¹⁾ Adjusted EBITDA is defined as net earnings from continuing operations attributable to Centene before income tax expense, interest expense, depreciation and amortization, adjusted to exclude non-cash stock compensation expense and certain other non-cash items that we believe are not indicative of future performance.

Management believes that Adjusted EBITDA, a non-GAAP financial measure, provides information that is useful to investors in understanding period-to-period operating results and enhances the ability of investors to analyze Centene's business trends and to understand Centene's performance. This non-GAAP financial measure should not be considered in isolation, or as a substitute for the corresponding GAAP financial measure and is not comparable to similar measures used by other companies. A reconciliation of this non-GAAP financial measure with the most directly comparable financial measure calculated in accordance with GAAP follows (Unaudited):

RISK FACTORS

Investing in the notes involves substantial risks. Before investing in the notes, you should carefully consider the following risk factors and the information discussed in Risk Factors in our quarterly report on Form 10-Q for the quarter ended September 30, 2016, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

Risks Related to the Notes

We and our subsidiaries may not be able to generate sufficient cash to service all of our indebtedness, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our and our subsidiaries' financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business, competitive, legislative, regulatory and other factors beyond our control. As a result, we may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal and interest on our indebtedness. In addition, because we conduct a significant portion of our operations through our subsidiaries, repayment of our indebtedness is also dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us by dividend, debt repayment or otherwise. Our subsidiaries are distinct legal entities and they do not have any obligation to pay amounts due on the notes or to make funds available for that purpose or for other obligations. Pursuant to applicable state limited liability company laws and other laws and regulations, our subsidiaries may not be able to, or may not be permitted to, make distributions to us in order to enable us to make payments in respect of the notes. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness.

We cannot assure you that our business will generate sufficient cash flow from operations, or that future borrowings will be available to us under our Revolving Credit Facility in an amount sufficient to enable us to pay our indebtedness, including these notes, or to fund our other liquidity needs. If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the indenture governing the notes may restrict us from adopting some of these alternatives.

The restrictive covenants in our debt instruments may limit our operating flexibility. Our failure to comply with these covenants could result in defaults under our indentures and existing and future debt instruments even though we may be able to meet our debt service obligations.

The instruments governing our indebtedness, including the indentures governing the notes, the 5.75% senior notes due 2017, which we intend to redeem in full using a portion of the net proceeds from this offering, the 5.625% senior notes due 2021, the 4.75% senior notes due 2022 and the 6.125% senior notes due 2024 and the credit agreement governing our Revolving Credit Facility, impose significant operating and financial restrictions on us. These restrictions significantly limit, among other things, our ability to incur additional indebtedness, pay dividends, repay junior indebtedness, sell assets, make investments, engage in transactions with affiliates, create

Table of Contents

liens and engage in certain types of mergers or acquisitions. Our future debt instruments may have similar or more restrictive covenants. These restrictions could limit our ability to obtain future financings, make capital expenditures, withstand a future downturn in our business or the economy in general, or otherwise take advantage of business opportunities that may arise. If we fail to comply with these restrictions, the note holders or lenders under any debt instrument could declare a default under the terms of the relevant indebtedness even though we are able to meet debt service obligations and, because our indebtedness has cross-default and cross-acceleration provisions, could cause all or a substantial portion of our debt to become immediately due and payable.

We cannot assure you that we would have sufficient funds available, or that we would have access to sufficient capital from other sources, to repay any accelerated debt. Even if we could obtain additional financing, we cannot assure you that the terms would be favorable to us. If we default on any future secured debt, the secured creditors could foreclose on their liens. As a result, any event of default could have a material adverse effect on our business and financial condition, and could prevent us from paying amounts due under the notes.

Despite current indebtedness levels, we may still be able to incur substantially more debt, including secured debt, which could further exacerbate the risks we face.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, including secured indebtedness. The terms of the indentures governing the 5.75% senior notes due 2017, which we intend to redeem in full using a portion of the net proceeds from this offering, the 5.625% senior notes due 2021, the 4.75% senior notes due 2022, the 6.125% senior notes due 2024 and the Health Net 6.375% senior notes due 2017, which we intend to redeem in full using a portion of the net proceeds from this offering, as well as the credit agreement governing our Revolving Credit Facility do not, and the indenture governing the notes will not, fully prohibit us or our subsidiaries from incurring additional indebtedness. As of September 30, 2016, as adjusted after giving effect to this offering and the use of proceeds therefrom, we had approximately \$952 million of available and undrawn borrowings under our Revolving Credit Facility (with an uncommitted option to increase our Revolving Credit Facility by up to \$250 million). If new debt is added to our current debt levels, the related risks that we now face would increase. In addition, the indentures governing our outstanding notes, as well as the credit agreement governing our Revolving Credit Facility, do not, and the indenture governing the notes will not, prevent us or our subsidiaries from incurring obligations that do not constitute indebtedness under the applicable agreement. A substantial amount of debt we incur in the future could be secured. To the extent we were to secure debt we incur in the future under any credit facility or other debt, your ability to receive payments under the notes will be effectively subordinated to the secured debt, which will have a prior claim on any assets securing the debt, to the extent of the value of those assets, and it is possible that there will be insufficient assets remaining from which claims of the holders of the notes can be satisfied. As of the date of this prospectus supplement, we do not have significant amounts of secured indebtedness.

Because we are a holding company and depend entirely on cash flow from our subsidiaries to meet our obligations, your right to receive payment on the notes will be effectively subordinated to our subsidiaries' obligations.

The notes will be obligations exclusively of Centene Corporation. Our cash flow and our ability to service our debt, including the notes, depends on the earnings of our subsidiaries and on the distribution of earnings, loans or other payments to us by our subsidiaries.

Our subsidiaries are separate and distinct legal entities with no obligations to pay any amounts due on the notes or to provide us with funds for our payment obligations, whether by dividend, distribution, loan or other payments. In addition, the ability of our subsidiaries to make any dividend, distribution, loan or other payment to us is subject to statutory restrictions, regulatory capital requirements and contractual restrictions, including under the 5.75% senior notes due 2017, the Health Net 6.375% senior notes due 2017, the 5.625% senior notes due

Table of Contents

2021, the 4.75% senior notes due 2022, the 6.125% senior notes due 2024 and our Revolving Credit Facility. Payments to us by our subsidiaries will also be contingent upon our subsidiaries' earnings and their business considerations.

Our right to receive any assets of our subsidiaries upon their bankruptcy, liquidation, dissolution, reorganization or similar proceeding, and therefore your right to participate in those assets, will be structurally subordinated to the claims of those subsidiaries' creditors, including trade creditors. In addition, even if we were a creditor of one or more of our subsidiaries, our rights as a creditor would be subordinated to any security interest in the assets of those subsidiaries and any debt of our subsidiaries senior to that held by us. As a result, the notes will be effectively subordinated to all liabilities, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long term liabilities, of our current or future subsidiaries. Because we depend on the cash flow of our subsidiaries to meet our own obligations, including with respect to the notes, these types of restrictions could impair our ability to make scheduled interest payments on the notes and to pay the principal at maturity. As of September 30, 2016, as adjusted after giving effect to this offering and the use of proceeds therefrom, the notes would have been structurally subordinated to approximately \$9,605 million of liabilities outstanding of our subsidiaries, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long term liabilities (excluding intercompany liabilities).

In addition, our regulated subsidiaries have historically generated substantially all of our revenues. Our regulated subsidiaries are subject to various state government statutory and regulatory restrictions applicable to insurance companies generally, that limit the amount of dividends, loans and advances and other payments they can make to us. Additionally, if insurance regulators at any time determine that payment of a dividend or any other payment to us would be detrimental to an insurance subsidiary's policyholders or creditors, because of the financial condition of the insurance subsidiary or otherwise, the regulators may block dividends or other payments to us that would otherwise be permitted without prior approval. Furthermore, if one or more of our regulated subsidiaries becomes insolvent, the regulators may seize its assets to cover its obligations under healthcare policies, which could result in our remaining assets generating insufficient revenue to pay the notes in full or at all.

The indenture governing the notes will permit us to sell a substantial amount of our assets without any requirement that the proceeds be used to offer to repurchase the notes.

The indenture governing the notes will permit us at any time and from time to time to sell up to 10% of our consolidated total assets without any requirement that we repay or reduce commitments of other debt, that we reinvest the proceeds from any such sale in other assets or that we offer to repurchase the notes. As a result, unless we (i) sell more than 10% of our consolidated total assets in one transaction or series of related transactions or (ii) our aggregate sales result in a sale of all or substantially all of the properties or assets of Centene and its restricted subsidiaries, taken as a whole, in a transaction that constitutes a change of control, we will not be required to offer to repurchase the notes as a result of such asset sale or sales. See [Description of Notes Repurchase at the Option of Holders Asset Sales](#) and [Description of Notes Repurchase at the Option of Holders Change of Control](#).

We may not have the ability to raise the funds necessary to finance the change of control offer required by the indenture.

Upon a change of control, we will be required to offer to repurchase all outstanding notes at 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes or that the restrictions in our Revolving Credit Facility or any other future indebtedness will not allow such repurchases. In order to satisfy our obligations, we could seek to refinance the notes and any other indebtedness then required to be repurchased, or obtain a waiver from the holders of the notes and other affected indebtedness. However, we may not be able to obtain a waiver or effect a refinancing on terms acceptable to us,

Table of Contents

if at all. Our failure to purchase, or give notice of an offer to purchase, the notes would be a default under the indenture governing the notes. See Description of Notes Repurchase at Option of Holders Change of Control.

In addition, certain important corporate events, such as leveraged recapitalizations, may not, under the indenture governing the notes, constitute a change of control that would require us to repurchase the notes, notwithstanding the fact that such corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings or the value of the notes. See Description of Notes Repurchase at the Option of Holders Change of Control.

The change of control put right might not be enforceable.

The Chancery Court of Delaware has raised the possibility that a change of control put right occurring as a result of a failure to have continuing directors comprising a majority of a board of directors may be unenforceable on public policy grounds. Therefore, in certain circumstances involving a significant change in the composition of our Board of Directors, holders of the notes may not be entitled a change of control put right. See Description of Notes Repurchase at the Option of Holders Change of Control.

If the notes are rated investment grade at any time by either Standard & Poor's or Moody's, certain covenants contained in the indenture will be terminated, and the holders of the notes will lose the protection of these covenants.

The indenture governing the notes contains certain covenants that will be terminated and cease to have any effect from and after the first date when the notes are rated investment grade by either Standard & Poor's or Moody's. See Description of Notes Certain Covenants Covenant Termination. These covenants restrict, among other things, our ability to pay dividends or make other restricted payments, incur additional debt and to enter into certain types of transactions. Because these restrictions would not apply to the notes at any time after the notes have achieved an investment grade rating (even if such notes are subsequently rated below investment grade), the holders of the notes would not be able to prevent us from incurring substantial additional debt, paying dividends or making other restricted payments or entering into certain types of transactions.

There is currently no public market for the notes, and an active trading market may not develop for the notes. The failure of a market to develop for the notes could adversely affect the liquidity and value of your notes.

The notes are a new issue of securities, and there is no existing market for the notes. We do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes on any automated dealer quotation system. We have been advised by the underwriters that following the completion of the offering, certain of the underwriters currently intend to make a market in the notes. However, they are not obligated to do so and any market-making activities with respect to the notes may be discontinued by them at any time without notice. In addition, any market-making activity will be subject to limits imposed by law. A market may not develop for the notes, and there can be no assurance as to the liquidity of any market that may develop for the notes. If an active, liquid market does not develop for the notes, the market price and liquidity of such notes may be adversely affected. If any of the notes are traded after their initial issuance, they may trade at a discount from their initial offering price.

The liquidity of the trading market, if any, and future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors.

Affiliates of certain of the underwriters in this offering may hold the 5.75% senior notes due 2017 and the Health Net 6.375% senior notes due 2017 and are participating lenders under our Revolving Credit Facility, and as such, will receive a portion of the proceeds from this offering that are used to repay amounts outstanding under such existing indebtedness. Table of Contents**DESCRIPTION OF OTHER INDEBTEDNESS****Revolving Credit Facility**

On March 24, 2016, we entered into a new credit agreement (the *Credit Agreement*) by and among us, Wells Fargo Bank, National Association, as administrative agent, and the lenders and other parties thereto, providing for a \$1 billion unsecured multi-currency revolving credit facility (the *Revolving Credit Facility*), with a \$300 million sub-limit for letters of credit and a \$100 million sub-limit for swingline loans. The *Credit Agreement* allows for an additional \$250 million of incremental loans by way of a new term loan facility or an increase in the revolving commitments, subject to satisfaction of certain conditions.

At our option, borrowings under the *Credit Agreement* bear interest at LIBOR, EURIBOR, CDOR or base rates plus, in each case, an applicable margin. Applicable margins for LIBOR, EURIBOR and CDOR range from 100 to 187.5 basis points and applicable margins for base rate loans range from 0 to 87.5 basis points, in each case, determined based on our total debt-to-EBITDA ratio. Additionally, there is a facility fee ranging from 25 to 37.5 basis points on the commitments of the lenders and a letter of credit fee ranging from 100 to 187.5 basis points on letters of credit issued, in each case, determined based on our total debt-to-EBITDA ratio. Our *Revolving Credit Facility* will mature on March 24, 2021.

The *Credit Agreement* contains financial covenants, including a minimum fixed charge coverage ratio and a maximum total debt-to-EBITDA ratio. The *Credit Agreement* also contains customary covenants that restrict us and our subsidiaries in respect of, among other things, mergers and consolidations, sales of all or substantially all of our assets, the incurrence of debt and liens, change in the nature of our business, transactions with affiliates and the making of certain investments and restricted payments. The *Credit Agreement* is subject to acceleration upon the occurrence of an event of default, which includes, among other things, cross-default with regard to indebtedness of Centene or its subsidiaries in excess of \$100 million in the aggregate; cross-default with regard to Centene's outstanding notes; the occurrence of a change of control (as defined in the *Credit Agreement*); entry of judgment or order to pay of \$100 million or more which is not stayed; the occurrence of certain bankruptcy events; failure to make payments under the *Credit Agreement* when due; breach of representations and warranties or covenants under the *Credit Agreement*; and invalidity of loan documents.

Health Net 6.375% Senior Notes due 2017

In connection with the closing of the Health Net acquisition, we assumed the aggregate principal amount of Health Net's \$400 million 6.375% Senior Notes due 2017 (the *Health Net notes*), recorded at acquisition date fair value of \$418 million. At September 30, 2016, including the unamortized debt premium, the carrying value of the *Health Net notes* was \$411 million.

5.75% Senior Notes due 2017

In May 2011, we issued \$250 million non-callable 5.75% senior notes due 2017 (the *5.75% notes*) at a discount to yield 6%. In connection with the May 2011 issuance, we entered into an interest rate swap for a notional amount of \$250 million.

In November 2012, we issued an additional \$175 million non-callable 5.75% senior notes due 2017 (the *2017 add-on notes*) at a premium to yield 4.29%. The indenture governing the *5.75% notes* and the *2017 add-on notes* contains non-financial and financial covenants, including requirements of a minimum fixed charge coverage ratio that, subject to certain exceptions, must be satisfied before additional indebtedness may be incurred. Interest is paid semi-annually in June and December. At September 30, 2016, including the total net

unamortized debt premium, the carrying value of the 5.75% notes and 2017 add-on notes was \$426 million. We intend to redeem the 5.75% notes and the 2017 add-on notes in full using a portion of the net proceeds from this offering.

5.625% Senior Notes due 2021

In February 2016, Centene Escrow Corporation (the Escrow Issuer), our wholly owned subsidiary, issued \$1.4 billion aggregate principal amount of 5.625% senior notes due 2021 (the 2021 notes). In connection with the Health Net acquisition, the Escrow Issuer merged with and into Centene, with Centene as the surviving entity, and by entry into a supplemental indenture, Centene assumed all of the Escrow Issuer's obligations as the issuer under the 2021 notes and the related indenture.

The indenture governing the 2021 notes contains non-financial and financial covenants, including requirements of a minimum fixed charge coverage ratio that, subject to certain exceptions, must be satisfied before additional indebtedness may be incurred. Interest is paid semi-annually in February and August. At September 30, 2016, including the total net unamortized debt premium, the carrying value of the 2021 notes was \$1,400 million.

4.75% Senior Notes due 2022

In April 2014, we issued \$300 million non-callable 4.75% senior notes due 2022 (the 4.75% notes) at par. In connection with the April 2014 issuance, we entered into an interest rate swap for a notional amount of \$300 million. In January 2015, we issued an additional \$200 million non-callable 4.75% senior notes due 2022 at par and in June 2016, we issued an additional \$500 million non-callable 4.75% senior notes at par. In connection with the January 2015 issuance, we entered into an interest rate swap for a notional amount of \$200 million. At September 30, 2016, including the total net unamortized debt premium, the carrying value of the 4.75% notes was \$1,008 million.

The indenture governing the 4.75% notes contains non-financial and financial covenants, including requirements of a minimum fixed charge coverage ratio that, subject to certain exceptions, must be satisfied before additional indebtedness may be incurred. Interest is paid semi-annually in May and November.

6.125% Senior Notes due 2024

In February 2016, the Escrow Issuer, our wholly-owned subsidiary, issued \$1.0 billion aggregate principal amount of 6.125% senior notes due 2024 (the 2024 notes). In connection with the Health Net acquisition, the Escrow Issuer merged with and into Centene, with Centene as the surviving entity, and by entry into a supplemental indenture, Centene assumed all of the Escrow Issuer's obligations as the issuer under the 2024 notes and the related indenture.

The indenture governing the 2024 notes contains non-financial and financial covenants, including requirements of a minimum fixed charge coverage ratio that, subject to certain exceptions, must be satisfied before additional indebtedness may be incurred. Interest is paid semi-annually in February and August. At September 30, 2016, including the total net unamortized debt premium, the carrying value of the 2024 notes was \$1,000 million.

Letters of Credit & Surety Bonds

We had outstanding letters of credit of \$43 million as of September 30, 2016, which were not issued under our Revolving Credit Facility. The Company also had letters of credit for approximately \$48 million (valued at the September 30, 2016 conversion rate), or approximately 42 million, representing the Company's proportional share of the letters of credit issued to support the outstanding debt of Ribera Salud S.A., a Spanish health management group of which the Company is a non-controlling shareholder, and which are issued under our Revolving Credit Facility. Collectively, the letters of credit bore interest at 1.44% as of September 30, 2016. We had outstanding surety bonds of \$370 million as of September 30, 2016.

DESCRIPTION OF NOTES

Centene will issue the notes under an indenture, to be dated November 9, 2016, between the Centene and The Bank of New York Mellon Trust Company, N.A., as trustee. This description supplements and, to the extent inconsistent therewith, replaces the descriptions of the general terms and provisions contained in *Description of Debt Securities* in the accompanying prospectus.

You can find the definitions of certain terms used in this *Description of Notes* under the subheading *Certain Definitions*. In this *Description of Notes*, references to Centene, we, us and our refer only to Centene Corporation and not to any of its subsidiaries.

The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*).

This *Description of Notes* and the *Description of Debt Securities* in the accompanying prospectus are a summary of the material provisions of the indenture. They do not restate that agreement in its entirety. We urge you to read the indenture because it, and not this description or the *Description of Debt Securities* in the accompanying prospectus, defines your rights as holders of the notes. Copies of the indenture will be available upon request to Centene at the address indicated under *Where You Can Find More Information* elsewhere in this prospectus supplement. Certain defined terms used in this *Description of Notes* but not defined below under *Certain Definitions* have the meanings assigned to them in the indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes

The Notes

The notes:

will be senior unsecured obligations of Centene;

will be equal in right of payment to all existing and future senior Indebtedness of Centene, including Centene's obligations under the 2017 Notes, the 2021 Notes, the 2022 Notes, the 2024 Notes and the Revolving Credit Facility;

will be effectively subordinate to any existing or future secured obligations of Centene to the extent of the value of the assets securing such obligations; and

will be senior in right of payment to any existing and future obligations of Centene that are by their terms expressly subordinated or junior in right of payment to the notes.

None of Centene's subsidiaries will guarantee the notes. As a result, the notes will be structurally subordinated to all Indebtedness and other liabilities (including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long term liabilities) of Centene's subsidiaries, including the Health Net Notes, which we intend to redeem using the net proceeds from the offering of the notes. Any right of Centene to receive assets of any of its subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors, except to the extent that Centene is itself recognized as a creditor of the subsidiary, in which case the claims of Centene would still be subordinate in right of payment to any security in the assets of the subsidiary and any indebtedness of the subsidiary senior to that held by Centene.

All of Centene's operations are conducted through its subsidiaries. Therefore, Centene's ability to service its Indebtedness, including the notes, is dependent upon the earnings of its subsidiaries and their ability to distribute

Table of Contents

those earnings as dividends, loans or other payments to Centene. Certain of Centene's subsidiaries are restricted by statute, regulatory capital requirements and certain contractual obligations in their ability to make distributions to Centene. As a result, we may not be able to cause such subsidiaries to distribute sufficient funds to enable us to meet our obligations under the notes. See Risk Factors Risks Related to the Notes Because we are a holding company and depend entirely on cash flow from our subsidiaries to meet our obligations, your right to receive payment on the notes will be effectively subordinated to our subsidiaries' obligations.

As of September 30, 2016, as adjusted to give effect to this offering and the use of proceeds therefrom, Centene had approximately \$4,600 million of Senior Debt outstanding and approximately \$91 million of issued and undrawn letters of credit, and Centene's subsidiaries had approximately \$9,605 million of indebtedness and other liabilities outstanding, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long term liabilities (excluding intercompany liabilities). In addition, as of September 30, 2016, as adjusted to give effect to this offering and the use of proceeds therefrom, Centene had approximately \$952 million of available and undrawn borrowings under the Revolving Credit Facility (with an uncommitted option to increase the commitment under the Revolving Credit Facility by up to \$250 million). Of the outstanding letters of credit referenced above, approximately \$48 million were issued under the Revolving Credit Facility.

As of the date hereof, all of our direct and indirect subsidiaries are Restricted Subsidiaries. However, under the circumstances described below under the subheading Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we will be permitted to designate certain of our subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture.

Principal, Maturity and Interest

We initially will issue \$1,200 million aggregate principal amount of the notes. Subject to compliance with the covenant described below under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, we may issue additional notes under the indenture from time to time after this offering. The notes offered hereby and any additional notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions, and offers to purchase; provided, however, that in the event that any additional notes are not fungible with the notes for federal income tax purposes, such non-fungible additional notes will be issued with a separate CUSIP number and ISIN so they are distinguishable from the notes. The notes will be issued in denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof.

The notes will mature on January 15, 2025. Interest on the notes will accrue at the rate of 4.75% per annum and is payable semi-annually in arrears on January 15 and July 15, commencing on July 15, 2017, to the holders of record on the immediately preceding January 1 and July 1. Interest will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

All payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless Centene elects to make interest payments by check mailed to the holders at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The Trustee will initially act as the paying agent and registrar. Centene may change the paying agent or registrar without prior notice to the holders of the notes, and Centene or any of its Restricted Subsidiaries may act as paying agent or registrar.

Table of Contents

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the Trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. Centene is not required to transfer or exchange any note selected for redemption. Also, Centene is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Optional Redemption

Except as set forth below, the notes will not be redeemable at Centene's option prior to January 15, 2020. At any time prior to January 15, 2020, Centene may redeem all or any portion of the notes, at once or over time, upon notice as described below under the caption "Selection and Notice," at a redemption price equal to 100.0% of the principal amount of the notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to the redemption date (subject to the rights of holders of the notes of record on the relevant record date to receive interest due on an interest payment date falling prior to the redemption date).

On or after January 15, 2020, Centene may redeem all or any portion of the notes, at once or over time, upon notice as described below under the caption "Selection and Notice." The notes may be redeemed at the redemption prices set forth below, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of the notes of record on the relevant record date to receive interest due on an interest payment date falling prior to the redemption date). The following prices are for notes redeemed during the 12-month period commencing on January 15 of the years set forth below, and are expressed as percentages of principal amount.

Year	Redemption Price
2020	103.563%
2021	102.375%
2022	101.188%
2023 and thereafter	100.000%

Any redemption of the notes may, at Centene's discretion, be subject to one or more conditions precedent. In addition, if such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in Centene's discretion, the redemption date may be delayed until such time as any or all of such conditions shall be satisfied (or waived by Centene in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by Centene in its sole discretion) by the redemption date, or by the redemption date so delayed.

Selection and Notice

If less than all of the notes are to be redeemed at any time, such notes to be redeemed shall be selected in accordance with the operating procedures of The Depository Trust Company ("DTC").

No notes of \$2,000 or less can be redeemed in part. Notices of redemption will be sent by electronic transmission (for notes held in book entry form) or first class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, *provided* that redemption notices may be sent more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder of the note upon cancellation of

Table of Contents

the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest will cease to accrue on notes or portions of them called for redemption.

The Trustee shall not be responsible for any actions taken or not taken by DTC.

Mandatory Redemption

Centene is not required to make mandatory redemption or sinking fund payments with respect to the notes. However, under certain circumstances, Centene may be required to offer to purchase notes as described below under the captions **Repurchase at the Option of Holders**, **Change of Control** and **Repurchase at the Option of Holders** **Asset Sales**. Centene may at any time and from time to time purchase notes in the open market or otherwise.

Repurchase at the Option of Holders

Change of Control

Upon the occurrence of a Change of Control, each holder of notes will have the right to require Centene to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's notes pursuant to the offer described below (the **Change of Control Offer**) on the terms set forth in the indenture. In the Change of Control Offer, Centene will offer a payment in cash (the **Change of Control Payment**) equal to 101.0% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date falling prior to the date of purchase).

Within 30 days following the date upon which the Change of Control occurred Centene will send a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the date specified in the notice (the **Change of Control Payment Date**), which date will be no earlier than 30 days and no later than 60 days from the date of such Change of Control, pursuant to the procedures required by the indenture and described in such notice. Centene will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the change of control provisions of the indenture, Centene will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the change of control provisions of the indenture by virtue of such compliance. On the Change of Control Payment Date, Centene will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered and not withdrawn; and
- (3) deliver or cause to be delivered to the Trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by Centene.

The paying agent will promptly send to each holder of notes properly tendered the Change of Control Payment for such notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to the unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

Centene will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

Table of Contents

Under clause (4) of the definition of Change of Control, a Change of Control will occur when a majority of Centene's Board of Directors are not Continuing Directors. In a decision in connection with a proxy contest, the Delaware Court of Chancery has held that the occurrence of a change of control under a similar indenture provision may nevertheless be avoided if the existing directors were to approve the slate of new director nominees (who would constitute a majority of the new board) as continuing directors, provided the incumbent directors give their approval in the good faith exercise of their fiduciary duties owed to the corporation and its stockholders. Therefore, in certain circumstances involving a significant change in the composition of Centene's Board of Directors, including in connection with a proxy contest where Centene's Board of Directors does not endorse a dissident slate of directors but approves them as Continuing Directors, holders of the notes may not be entitled to require Centene to make a Change of Control Offer.

The Revolving Credit Facility, the 2017 Indenture, the 2021 Indenture, the 2022 Indenture and the 2024 Indenture provide that certain change of control events with respect to Centene will constitute a default thereunder. Any future credit agreements or other agreements to which Centene becomes a party may contain similar restrictions and provisions. The occurrence of a Change of Control may result in a default under other Indebtedness of Centene and its Subsidiaries, giving the lenders thereunder the right to require Centene to repay obligations outstanding thereunder. Centene's ability to repurchase 2017 Notes, the 2021 Notes, the 2022 Notes, the 2024 Notes and the notes following a Change of Control also may be limited by Centene's then existing resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Centene's failure to repurchase the 2017 Notes, the 2021 Notes, the 2022 Notes, the 2024 Notes and the notes in connection with a Change of Control would result in a Default under the 2017 Indenture, the 2021 Indenture, the 2022 Indenture, the 2024 Indenture and the indenture, respectively. Such a Default would, in turn, constitute a default under existing debt of Centene and may constitute a default under future debt as well. Centene's obligation to make an offer to repurchase the notes as a result of a Change of Control may be waived or modified at any time prior to the occurrence of such Change of Control with the written consent of the holders of a majority in principal amount of the notes. See Amendment, Supplement and Waiver.

The provisions of the indenture would not necessarily afford holders of the notes protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving Centene that may adversely affect the holders.

Centene will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Centene and purchases all notes properly tendered and not withdrawn under the Change of Control Offer. A Change of Control Offer may be made in advance of a Change of Control and may be conditional upon the occurrence of a Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Centene and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require Centene to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Centene and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Centene will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Centene (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets sold, leased, transferred, conveyed or

Table of Contents

otherwise disposed of or Equity Interests of any Restricted Subsidiary of Centene issued, sold, transferred, conveyed or otherwise disposed of as determined in good faith by Centene's management;

(2) at least 75.0% of the consideration received in the Asset Sale by Centene or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this clause (2), each of the following will be deemed to be cash:

(a) any liabilities, as shown on Centene's or such Restricted Subsidiary's most recent balance sheet prepared in accordance with GAAP, of Centene or any of its Restricted Subsidiaries (other than contingent liabilities and liabilities that are by their terms subordinated to the notes) that are assumed by the transferee (or a third party on behalf of the transferee) of any such assets whereby Centene or such Restricted Subsidiary is released from further liability whether specifically agreed by such transferee or third party or by operation of law;

(b) any securities, notes or other obligations received by Centene or any such Restricted Subsidiary from such transferee that are converted by Centene or such Restricted Subsidiary into cash or Cash Equivalents within 180 days, to the extent of the cash or Cash Equivalents received in that conversion; and

(c) any Designated Non-cash Consideration received by Centene or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) not to exceed 5.0% of the Consolidated Total Assets as of the end of the most recently ended fiscal quarter for which internal financial statements are available prior to the date on which such Designated Non-cash Consideration is received (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) shall be deemed to be cash for purposes of this paragraph and for no other purpose; and

(3) Centene delivers an officers' certificate to the Trustee certifying that such Asset Sale complies with the foregoing clauses (1) and (2).

To the extent that the Fair Market Value of any Asset Sale exceeds 10.0% of Consolidated Total Assets as of the end of the most recently ended fiscal quarter for which internal financial statements are available prior to the date on which such Net Proceeds are received (with the Fair Market Value of each Asset Sale being measured at the time of such Asset Sale), then within 365 days after the receipt of any Net Proceeds from any such Asset Sale, Centene or such Restricted Subsidiary may apply those Net Proceeds (but shall only be required to apply that portion of the Net Proceeds from such Asset Sale that exceeds 10.0% of Consolidated Total Assets) at its option (or any portion thereof):

(1) to permanently repay Senior Debt of Centene (other than Indebtedness owed to Centene or any Affiliate of Centene) and, if the Senior Debt repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

(2) to acquire all or substantially all of the assets of, or all of the Capital Stock of, another Person engaged in a Permitted Business; or

(3) to acquire other long-term assets or property that are used in a Permitted Business;

provided that a binding commitment to apply Net Proceeds as set forth in clauses (1), (2) and (3) above shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as Centene or such Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an "Acceptable Commitment") and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, then Centene or such Restricted Subsidiary shall be permitted to apply the Net Proceeds in any manner set forth in clauses (1), (2) and (3) above before the expiration of such 180-day period and, in the event Centene or such Restricted Subsidiary fails to do so, then such Net Proceeds

Table of Contents

shall constitute Excess Proceeds (as defined below). Pending the final application of any Net Proceeds, Centene may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that were required to be applied in accordance with the first sentence of the immediately preceding paragraph and that are not so applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$100.0 million, within 30 days thereof, Centene will make an offer (an Asset Sale Offer) to all holders of notes to purchase the maximum principal amount of notes and, if Centene is required to do so under the terms of any other Indebtedness that is pari passu with the notes, such other Indebtedness on a pro rata basis with the notes that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100.0% of principal amount plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of the purchase of all properly tendered and not withdrawn notes pursuant to an Asset Sale Offer, Centene may use such remaining Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the Trustee will select the notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Centene will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, Centene will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution (A) on account of Centene's or any of its Restricted Subsidiaries Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Centene or any of its Restricted Subsidiaries) or (B) to the direct or indirect holders of Centene's or any of its Restricted Subsidiaries Equity Interests in their capacity as such (other than dividends, payments or distributions (i) payable in Equity Interests (other than Disqualified Stock) of Centene or (ii) to Centene or a wholly owned Restricted Subsidiary of Centene or to all holders of Capital Stock of such Restricted Subsidiary of Centene on a pro rata basis);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Centene) any Equity Interests of Centene or any of its Restricted Subsidiaries (other than any such Equity Interests owned by Centene or any of its Restricted Subsidiaries);

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Subordinated Obligations, except a payment of interest or principal at the Stated Maturity thereof; or

(4) make any Restricted Investment (all such payments and other actions set forth in clauses (1) through (3) above and this clause (4) being collectively referred to as **Restricted Payments**), unless, at the time of and after giving effect to such Restricted Payment:

(a) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment; and

(b) Centene would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption **Certain Covenants** **Incurrence of Indebtedness and Issuance of Preferred Stock**; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Centene and its Restricted Subsidiaries after the Issue Date (excluding Restricted Payments permitted by clauses (2), (3), (5), (6), (7) and (9) of the next succeeding paragraph), is less than the sum, without duplication, of:

(I) 50.0% of the Consolidated Net Income of Centene for the period (taken as one accounting period) from the beginning of the fiscal quarter ended March 31, 2016 to the end of Centene's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100.0% of such deficit), plus

(II) 100.0% of the aggregate net cash proceeds and the Fair Market Value of property other than cash received by Centene since February 11, 2016 as a contribution to its common equity capital or from the issue or sale of Equity Interests of Centene (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Centene, in either case, that have been converted into or exchanged for such Equity Interests of Centene (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of Centene), plus

(III) to the extent that any Restricted Investment that was made after February 11, 2016 is sold for cash or otherwise liquidated or repaid for cash, the cash proceeds and Fair Market Value of property and marketable securities received with respect to such Restricted Investment (less the cost of disposition, if any), plus

(IV) to the extent any Unrestricted Subsidiary has been redesignated as a Restricted Subsidiary of Centene under the terms of the indenture or has been merged, consolidated or amalgamated with or into, or transfers or conveys assets to, or is liquidated into, Centene or a Restricted Subsidiary of Centene, an amount equal to the Fair Market Value of Centene's and the Restricted Subsidiaries' aggregate Investment in such Unrestricted Subsidiary as of the date of such redesignation, combination or transfer (or of the assets transferred or conveyed, as applicable), plus

(V) \$500.0 million.

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the payment of any dividend or consummation of any redemption within 60 days after the date of declaration of the dividend or the giving of a redemption notice, respectively, if at the date of declaration or the giving of a redemption notice, the dividend payment or redemption, respectively, would have complied with the provisions of the indenture;

(2) the redemption, repurchase, retirement, repayment, defeasance or other acquisition of any Subordinated Obligations or of any Equity Interests of Centene in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary of Centene) of, Equity Interests of Centene (other than Disqualified Stock); *provided, however*, that the amount of any such net cash proceeds from such sale that are utilized for any such redemption, repurchase, retirement, repayment, defeasance or other acquisition will be excluded from clause (c)(II) of the preceding paragraph;

(3) the redemption, repurchase, repayment, retirement, defeasance or other acquisition of any Subordinated Obligations with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness; *provided, however*, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, repayment, retirement, defeasance or other acquisition will be excluded from clause (c)(II) of the preceding paragraph;

(4) the redemption, repurchase or other acquisition or retirement for value of any Equity Interests of Centene or any Restricted Subsidiary of Centene (a) held by any current or former director, officer, employee or consultant (or the estate, heirs, family members, spouse, former spouse, domestic partner or former domestic partner of any of the foregoing) of Centene (or any of its Restricted Subsidiaries) pursuant to any management equity subscription plan or agreement, stock option or stock purchase plan or agreement or employee benefit plan as may be adopted by Centene from time to time or pursuant to any agreement with any director, officer, employee or consultant of Centene or (b) from an employee of Centene upon the termination of such employee's employment with Centene; *provided, however*, that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests in reliance on this clause (4) may not exceed \$15.0 million in any twelve-month period, with any unused amounts in any twelve-month period being carried forward to the next two succeeding twelve-month periods and *provided, further*, that such

amount in any twelve-month period may be increased by an amount not to exceed (A) the cash proceeds from the sale of Equity Interests (other than Disqualified Stock) of Centene, in each case to members of management, directors or consultants of Centene or any of its Subsidiaries that occurs after the Issue Date, provided that such cash proceeds utilized for redemptions, repurchases or other acquisitions or retirements will be excluded from clause (c)(II) of the preceding paragraph plus (B) the cash proceeds of key man life insurance policies received by Centene or its Restricted Subsidiaries after the Issue Date (provided that Centene may elect to apply all or any portion of the aggregate increase contemplated by clauses (A) and (B) above in any twelve-month period, it being understood that the forgiveness of any debt by such Person shall not be a Restricted Payment hereunder) less (C) the amount of any Restricted Payments previously made pursuant to clauses (A) and (B) of this clause (4);

(5) repurchases, acquisitions or retirements of Capital Stock of Centene deemed to occur upon the exercise or vesting of stock options, warrants or restricted stock or similar rights under employee benefit plans of Centene or its Subsidiaries if such Capital Stock represents all or a portion of the exercise price thereof or withholding tax thereon;

(6) redemptions of common stock of Centene, so long as the Total Debt Ratio is no more than 2.25 to 1.0, both as of the date thereof (based on a computation period of the twelve-month period most recently ended) and on a pro forma basis after giving effect to such redemption;

(7) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of Centene; *provided, however*, that any such cash payment shall not be for the purpose of evading the limitation of the covenant described under this subheading (as determined in good faith by the Board of Directors of Centene);

(8) the repurchase, redemption or other acquisition or retirement for value of any Subordinated Obligations or Disqualified Stock pursuant to provisions substantially identical to those described above under the captions Repurchase at the Option of Holders Change of Control and Repurchase at the Option of Holders Asset Sales; *provided* that a Change of Control Offer or Asset Sale Offer, as applicable, has been made and all notes tendered by holders thereof in connection with a Change of Control Offer or Asset Sale Offer, as applicable, have been repurchased, redeemed or acquired for value;

(9) other Restricted Payments in an aggregate amount, which, when taken together with all other Restricted Payments made pursuant to this clause (9), do not exceed the greater of (x) \$850.0 million and (y) 5.0% of Consolidated Total Assets; and

(10) the payment by Centene of dividends on its common stock in an aggregate annual amount of \$50.0 million.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by Centene or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. If Centene or a Restricted Subsidiary of Centene makes a Restricted Payment which at the time of the making of such Restricted Payment would, in the good faith determination of Centene, be permitted under the provisions of the indenture, such Restricted Payment shall be deemed to have been made in compliance with the indenture notwithstanding any subsequent adjustments made in good faith to Centene financial statements affecting Consolidated Net Income of Centene for any period.

In the event that a Restricted Payment or Permitted Investment meets the criteria of more than one of the types of Restricted Payments described in the above paragraphs of this covenant or Permitted Investments described in the definition thereof, Centene in its sole discretion may divide, classify or from time to time reclassify all or any portion of such Restricted Payment or Permitted Investment in any manner that complies with this covenant and such Restricted Payment or Permitted Investment shall be treated as having been made pursuant only to the clause or clauses of this covenant or of the definition of Permitted Investment to which such Restricted Payment or Permitted Investment has been classified or reclassified.

Incurrence of Indebtedness and Issuance of Preferred Stock

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, Guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt), and Centene will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock (including Disqualified Stock) other than to Centene; *provided, however*, that Centene may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, and any Guarantor may incur Indebtedness (including Acquired Debt), if the Fixed Charge Coverage Ratio for Centene's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such preferred stock or Disqualified Stock is issued would have been at least 2.0 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the preferred stock or Disqualified Stock had been issued, as the case may be, at the beginning of such four-quarter period.

So long as no Default shall have occurred or be continuing or would be caused thereby, the first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

- (1) the incurrence by Centene or any Restricted Subsidiary of Centene of additional Indebtedness and letters of credit under one or more Credit Facilities; *provided* that the aggregate principal amount of all Indebtedness and letters of credit of Centene and any Restricted Subsidiary of Centene incurred pursuant to this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Centene and any Restricted Subsidiaries thereunder) does not exceed the greater of (x) \$3,000.0 million and (y) 20.0% of Consolidated Total Assets (less the aggregate principal amount of Indebtedness incurred by Securitization Subsidiaries and then outstanding pursuant to clause (13));
- (2) the incurrence by Centene and any of its Restricted Subsidiaries of the Existing Indebtedness;
- (3) the incurrence by Centene and any of its Restricted Subsidiaries of Indebtedness represented by the notes issued on the Issue Date;
- (4) the incurrence by Centene or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of Centene or such Restricted Subsidiary in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (4), not to exceed the greater of (x) \$425.0 million and (y) 2.5% of Consolidated Total Assets at any time outstanding;
- (5) the incurrence by Centene or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to extend, defease, renew, refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (2), (3), (4), or this clause (5) of this paragraph;
- (6) the incurrence by Centene or any of its Restricted Subsidiaries of intercompany Indebtedness between or among Centene and any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Centene or a Restricted Subsidiary of Centene and (ii) any subsequent sale or other transfer of any such Indebtedness to a Person that is not either Centene or a Restricted Subsidiary of Centene shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Centene or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);
- (7) Indebtedness arising from agreements of Centene or any of its Restricted Subsidiaries providing for indemnification, adjustment of purchase price, earn out or other similar Obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or shares of Capital

Stock of a Restricted Subsidiary of Centene, other than Guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or shares of Capital Stock of a Restricted Subsidiary for the purpose of financing such acquisition;

(8) the incurrence of Indebtedness of Centene or any of its Restricted Subsidiaries represented by (a) letters of credit for the account of Centene or any of its Restricted Subsidiaries or (b) other obligations to reimburse third parties pursuant to any surety bond, performance bond or other similar arrangements, which letters of credit or other obligations, as the case may be, are intended to provide security for provider claims, workers' compensation claims, payment obligations in connection with sales tax and insurance or other similar requirements in the ordinary course of business;

(9) the incurrence by Centene or any of its Restricted Subsidiaries of Hedging Obligations; provided that such Hedging Obligations are related to business transactions of Centene or its Restricted Subsidiaries entered into in the ordinary course of business and are entered into for bona fide hedging purposes (and not for speculative purposes) of Centene or its Restricted Subsidiaries (as determined in good faith by the Board of Directors or senior management of Centene);

(10) the Guarantee by Centene or any of the Restricted Subsidiaries of Indebtedness of Centene or a Restricted Subsidiary of Centene that was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is incurred by Centene and is subordinated to the notes, then the Guarantee of such Indebtedness by any of its Restricted Subsidiaries shall be subordinated to the same extent as the Indebtedness guaranteed;

(11) Indebtedness incurred by a Foreign Restricted Subsidiary which, when aggregated with the principal amount of all other Indebtedness incurred pursuant to this clause (11) and then outstanding, does not exceed the greater of (x) \$550.0 million or (y) 3.25% of Centene's Consolidated Total Assets;

(12) Acquired Debt or other Indebtedness, which, in the case of other Indebtedness, is incurred reasonably contemporaneously to finance an acquisition, merger, consolidation or amalgamation; *provided* that after giving effect thereto, (a) Centene would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test in the first paragraph above, or (b) the Fixed Charge Coverage Ratio for the four full fiscal quarters immediately preceding such incurrence for which internal financial statements are available would be no worse than immediately prior thereto;

(13) Indebtedness incurred by a Securitization Subsidiary in connection with a Qualified Securitization Transaction that is not recourse with respect to Centene and its Restricted Subsidiaries; *provided, however*, that in the event such Securitization Subsidiary ceases to qualify as a Securitization Subsidiary or such Indebtedness becomes recourse to Centene or any of its Restricted Subsidiaries, such Indebtedness will, in each case, be deemed to be, and must be classified by Centene as, incurred at such time (or at the time initially incurred) under one or more of the other provisions of this covenant;

(14) the incurrence by Centene or any Restricted Subsidiary of Centene of Indebtedness to the extent the proceeds thereof are used to purchase notes pursuant to a Change of Control Offer or to defease or discharge notes, in each case, in accordance with the terms of the indenture;

(15) the incurrence by Centene or any Restricted Subsidiary of Centene of Indebtedness consisting of (a) the financing of insurance premiums or (b) take or pay obligations in supply agreements, in each case in the ordinary course of business;

(16) Real Estate Indebtedness not to exceed in the aggregate at any one time outstanding the greater of (x) \$850.0 million or (y) 5.0% of Centene's Consolidated Total Assets;

(17) Indebtedness in respect of secured or unsecured letters of credit incurred by Centene or any Restricted Subsidiary of Centene in an aggregate principal amount not to exceed \$500.0 million;

(18) the incurrence by Centene or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all

Permitted Refinancing Indebtedness incurred to extend, defease, renew, refund, refinance or replace any Indebtedness incurred pursuant to this clause (18), not to exceed the greater of (x) \$850.0 million and (y) 5.0% of Consolidated Total Assets;

(19) Indebtedness of Centene or any Restricted Subsidiary of Centene arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds; *provided* that such Indebtedness is satisfied within five business days of incurrence; and

(20) Indebtedness of Centene or any Restricted Subsidiary of Centene in respect of cash management services entered into in the ordinary course of business and Guarantees of the Obligations of Centene or any Restricted Subsidiary in respect of such indebtedness.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (20) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, Centene shall, in its sole discretion, classify (or later reclassify in whole or in part), or divide (or later redivide in whole or in part) such item of Indebtedness (or any portion thereof) in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by Centene. Indebtedness under Credit Facilities outstanding on the Issue Date will at all times be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. The accrual of interest or dividends, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of Equity Interests as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Centene or any Restricted Subsidiary of Centene may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of Indebtedness outstanding as of any date shall be (1) the accreted value thereof, in the case of any Indebtedness issued with original issue discount, (2) the principal amount thereof, in the case of any other Indebtedness, (3) in the case of the Guarantee by the specified Person of any indebtedness of any other Person, the maximum liability to which the specified Person may be subject upon the occurrence of the contingency giving rise to the obligation and (4) in the case of Indebtedness of others guaranteed by means of a Lien on any asset of the specified Person, the lesser of (A) the Fair Market Value of such asset on the date on which Indebtedness is required to be determined pursuant to the indenture and (B) the amount of the Indebtedness so secured.

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur any Indebtedness which by its terms (or by the terms of any agreement governing such Indebtedness) is subordinated to any other Indebtedness of Centene or such Restricted Subsidiary, as the case may be, unless made expressly subordinate to the notes to the same extent and in the same manner as such Indebtedness is subordinated pursuant to subordination provisions that are most favorable to the holders of any other Indebtedness of Centene or such Restricted Subsidiary, as the case may be.

Liens

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or assume or otherwise cause or suffer to exist or become effective any consensual Liens of any kind (other than Permitted Liens) against or upon any of their respective properties or assets, now owned or hereafter acquired, or any proceeds, income or profit therefrom or assign or convey any right to receive income therefrom, to secure

Table of Contents

any Indebtedness of Centene unless prior to, or contemporaneously therewith, the notes are equally and ratably secured by a Lien on such property, assets, proceeds, income or profit; *provided, however*, that if such Indebtedness is expressly subordinated to the notes, the Lien securing such Indebtedness will be subordinated and junior to the Lien securing the notes with the same relative priority as such Indebtedness has with respect to the notes.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any of its Restricted Subsidiaries to:

- (a) pay dividends or make any other distributions on its Capital Stock to Centene or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any Indebtedness owed to Centene or any of its Restricted Subsidiaries;
- (b) make loans or advances to Centene or any of its Restricted Subsidiaries; or
- (c) sell, lease or transfer any of its properties or assets to Centene or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) agreements governing Existing Indebtedness and Credit Facilities (including the Revolving Credit Facility) as in effect on the Issue Date and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of those agreements; *provided* that the amendments, modifications, restatements, renewals, increases, supplements, refundings, replacement or refinancings are no more restrictive (as determined in good faith by the Board of Directors or senior management of Centene), taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the Issue Date;
- (2) the indenture and the notes;
- (3) applicable law, rule, regulation or order of, or arrangement with, any regulatory body or agency;
- (4) any instrument governing Indebtedness or Capital Stock of a Person acquired by Centene or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted to be incurred by the terms of the indenture;
- (5) restrictions on cash or other deposits or net worth imposed by customers or governmental regulatory bodies or required by insurance, surety or bonding companies, in each case pursuant to contracts entered into in the ordinary course of business of Centene and its Restricted Subsidiaries;
- (6) customary non-assignment provisions in leases and other contracts entered into in the ordinary course of business and consistent with industry practices;
- (7) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired of the nature described in clause (c) of the first paragraph of this covenant;
- (8) any agreement for the sale or other disposition of a Restricted Subsidiary of Centene or the assets of a Restricted Subsidiary of Centene that restricts distributions by such Restricted Subsidiary pending its sale or other disposition or the sale or other disposition of its assets;
- (9) Permitted Refinancing Indebtedness; *provided, however*, that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as

Table of Contents

a whole, than those contained in the agreements governing the Indebtedness being refinanced (as determined in good faith by the Board of Directors or senior management of Centene);

(10) Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption *Certain Covenants Liens* that limit the right of the debtor to dispose of the assets subject to such Liens; and

(11) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business, which encumbrance or restriction is applicable only to the assets or property that are the subject of such agreements.

Merger, Consolidation or Sale of Assets

Centene may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Centene is the surviving corporation) or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of the properties or assets of Centene in one or more related transactions, to another Person; unless:

(1) either:

(a) Centene is the surviving corporation; or

(b) the Person formed by or surviving any such consolidation or merger (if other than Centene) or to which such sale, assignment, transfer, conveyance or other disposition has been made (the *Surviving Entity*) is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the *Surviving Entity* expressly assumes pursuant to agreements reasonably satisfactory to the Trustee all the Obligations of Centene under the notes and the indenture;

(3) immediately after giving effect to such transaction no Default or Event of Default shall have occurred and be continuing; and

(4) except with respect to a consolidation or merger of Centene with or into a Restricted Subsidiary of Centene, Centene or the *Surviving Entity* would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the four full fiscal quarters immediately preceding such transaction for which internal financial statements are available, (a) be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption *Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock* or (b) have a Fixed Charge Coverage Ratio that is no worse than the Fixed Charge Coverage Ratio of Centene for the four full fiscal quarters immediately preceding such transaction for which internal financial statements are available.

For purposes of this covenant, the sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the properties or assets of one or more Subsidiaries of Centene, which properties or assets, if held by Centene instead of such Subsidiaries, would constitute all or substantially all of the properties or assets of Centene on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties or assets of Centene.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of Centene may designate any of its Restricted Subsidiaries to be an Unrestricted Subsidiary if that designation would not cause a Default and if that designation otherwise is consistent with the definition of an Unrestricted Subsidiary. If a Restricted Subsidiary of Centene is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by Centene and its Restricted

Table of Contents

Subsidiaries in the Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Certain Covenants Restricted Payments or under the definition of Permitted Investments, as determined by Centene. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

Any designation of a Subsidiary of Centene as an Unrestricted Subsidiary will be evidenced to the Trustee by filing with the Trustee a certified copy of a resolution of the Board of Directors of Centene giving effect to such designation and an officers certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption Certain Covenants Restricted Payments. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of Centene as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described above under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, Centene will be in Default of such covenant. The Board of Directors of Centene may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of Centene; provided that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of Centene of any outstanding Indebtedness of such Unrestricted Subsidiary and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, calculated on a pro forma basis as if such designation had occurred at the beginning of the four-quarter reference period; and (2) no Default or Event of Default would be in existence following such designation.

All Subsidiaries of an Unrestricted Subsidiary shall also be an Unrestricted Subsidiary.

Transactions with Affiliates

Centene will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate (each, an Affiliate Transaction), unless:

- (1) the Affiliate Transaction is on terms that are no less favorable to Centene or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Centene or such Restricted Subsidiary with an unrelated Person; and
- (2) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$50.0 million, the Board of Directors has determined that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of Centene.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) transactions solely between or among Centene and/or any of its Restricted Subsidiaries or solely among its Restricted Subsidiaries;
- (2) issuances or sales of Equity Interests of Centene (other than Disqualified Stock) to Affiliates of Centene;
- (3) reasonable and customary directors fees, indemnification and similar arrangements, consulting fees, employee salaries, bonuses or employment agreements, compensation or employee benefit arrangements and incentive arrangements with any officer, director or employee of Centene or a Restricted Subsidiary of Centene entered into in the ordinary course of business;

- (4) any payments or other transactions pursuant to a Tax Sharing Agreement;
- (5) any Restricted Payments, Permitted Investments or other transactions made in compliance with the covenant described above under the caption Certain Covenants Restricted Payments;
- (6) loans and advances to non-executive officers and employees of Centene or any of its Restricted Subsidiaries in the ordinary course of business made in accordance with the past practices of Centene or any of its Restricted Subsidiaries;
- (7) any agreement as in effect on the Issue Date or any amendment thereto so long as any such amendment is not more disadvantageous to the holders in any material respect than the original agreement as in effect on the Issue Date;

- (11) transactions entered into by a Person prior to the time such Person becomes a Restricted Subsidiary of Centene or is merged or consolidated into Centene or a Restricted Subsidiary of Centene (provided that such transaction is not entered into in contemplation of such event);
- (12) transactions in which Centene or any of its Restricted Subsidiaries, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to Centene or such Restricted Subsidiary from a financial point of view or stating that the terms are not materially less favorable to Centene or its relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Centene or such Restricted Subsidiary with an unrelated Person on an arm's length basis;
- (13) (a) transactions with customers, clients, suppliers, landlords, lessors, or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the indenture that are fair to Centene, or are on terms at least as favorable as would reasonably have been entered into at such time with an unaffiliated party (as determined in good faith by the Board of Directors or senior management of Centene) and (b) transactions with joint ventures or Unrestricted Subsidiaries entered into in the ordinary course of business;

Limitation on Issuances of Guarantees of Indebtedness

Centene will not permit any of its Restricted Subsidiaries, directly or indirectly, to guarantee or pledge any assets to secure the payment of any other Indebtedness of Centene unless such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture providing for the guarantee of the payment of the notes by such Restricted Subsidiary. The Subsidiary Guarantee will be (1) senior to such Restricted Subsidiary's Guarantee of or pledge to secure such other Indebtedness if such other Indebtedness is subordinated to the notes; or (2) *pari passu* with such Restricted Subsidiary's Guarantee of or pledge to secure such other Indebtedness if such other Indebtedness is not subordinated to the notes.

Table of Contents

The Subsidiary Guarantee of a Guarantor will be automatically and unconditionally released:

- (1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Centene or a Subsidiary of Centene, if the sale or other disposition is permitted under the covenant described above under the caption **Repurchase at the Option of Holders Asset Sales**;
- (2) in connection with any sale or other disposition of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) Centene or a Subsidiary of Centene, if the sale or other disposition does not violate the indenture, including the covenant described above under the caption **Repurchase at the Option of Holders Asset Sales**, and such Guarantor ceases to be a Restricted Subsidiary as a result of such sale or other disposition;
- (3) if Centene designates any of its Restricted Subsidiaries that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture;
- (4) upon legal defeasance, covenant defeasance or satisfaction and discharge of the notes as provided below under the captions **Legal Defeasance and Covenant Defeasance** and **Satisfaction and Discharge**; or
- (5) if such Guarantor is released from the underlying Guarantee of Indebtedness giving rise to the execution of a Subsidiary Guarantee.

The form of Subsidiary Guarantee and the related form of supplemental indenture will be attached as exhibits to the indenture. Notwithstanding the foregoing, if Centene guarantees Indebtedness incurred by any of its Restricted Subsidiaries, such Guarantee by Centene will not require any of its Restricted Subsidiaries to provide a Subsidiary Guarantee for the notes.

Payments for Consent

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid and is paid to all holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

SEC Reports

The indenture will provide that whether or not required, so long as the notes are outstanding, Centene will file with the SEC (unless the SEC will not accept such filing), within the time periods specified in the SEC's rules and regulations and deliver to the Trustee within 15 days after the filing of the same would be required by the SEC, copies of the quarterly and annual reports and of the information, documents and other reports, if any, which Centene is required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act. The indenture will further provide that, notwithstanding that Centene may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as the notes are outstanding Centene will file with the SEC, to the extent permitted, and provide the Trustee with such annual reports and such information, documents and other reports specified in Sections 13 and 15(d) of the Exchange Act within the time periods specified in the SEC's rules and regulations. Centene will be deemed to have furnished such reports referred to in this section to the Trustee and the holders of the notes if Centene has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

Events of Default and Remedies

Each of the following is an Event of Default:

- (1) default for 30 consecutive days in the payment when due and payable of interest on the notes;

Table of Contents

- (2) default in the payment when due and payable of the principal of or premium, if any, on the notes (upon maturity, redemption, required repurchase or otherwise);
- (3) failure by Centene or any of its Restricted Subsidiaries to comply with the covenant described above under the caption **Certain Covenants Merger, Consolidation or Sale of Assets**;
- (4) failure by Centene or any of its Restricted Subsidiaries for 30 consecutive days after notice to comply with the provisions described under the captions **Repurchase at the Option of Holders Asset Sales** or **Repurchase at the Option of Holders Change of Control**;
- (5) failure by Centene for 120 days after notice to comply with the provisions described under the caption **SEC Reports**;
- (6) failure by Centene or any of its Restricted Subsidiaries for 60 consecutive days after notice to Centene by the Trustee or the holders of at least 25.0% in aggregate principal amount of the notes then outstanding voting as a single class to comply with any of its other covenants or agreements in the indenture or the notes;
- (7) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Centene or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Centene or any of its Restricted Subsidiaries) whether such Indebtedness or Guarantee now exists, or is created after the Issue Date, if that default:
- (a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of any applicable grace period (a *Payment Default*); or
- (b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$125.0 million or more;
- (8) failure by Centene or any of its Restricted Subsidiaries to pay final non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$125.0 million, which judgments are not paid, discharged or stayed for a period of 60 days; and
- (9) certain events of bankruptcy, insolvency or reorganization described in the indenture with respect to Centene or any Significant Subsidiary of Centene or any group of Subsidiaries of Centene that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default specified in clause (9), with respect to Centene, any Subsidiary that constitutes a Significant Subsidiary of Centene or any group of Subsidiaries of Centene that, taken together, would constitute a Significant Subsidiary, the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the Trustee or the holders of at least 25.0% in aggregate principal amount of the then outstanding notes may declare the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding notes due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding notes may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, premium, if any, or interest on the notes.

The holders of at least a majority in aggregate principal amount of the notes then outstanding by notice to the Trustee may on behalf of the holders of all of the notes waive any existing Default or Event of Default and its

consequences under the indenture, except a continuing Default or Event of Default in the payment of interest or premium, if any, on, or the principal of, the notes, and rescind any acceleration and its consequences with respect to the notes.

Centene is required to deliver to the Trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, Centene is required to deliver to the Trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Centene, as such, will have any liability for any Obligations of Centene under the notes, the indenture, or for any claim based on, in respect of, or by reason of, such Obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Centene may, at its option and at any time, elect to have all of its Obligations discharged with respect to the outstanding notes (Legal Defeasance) except for:

- (1) the rights of holders of outstanding notes to receive payments in respect of the principal of, or interest or premium, if any, on such notes when such payments are due from the trust referred to below;
- (2) Centene's Obligations with respect to the notes concerning issuing temporary notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and Centene's Obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance provisions of the indenture.

In addition, Centene may, at its option and at any time, elect to have its Obligations released with respect to certain covenants that are described in the indenture (*Covenant Defeasance*) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described above under the caption Events of Default and Remedies will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Centene must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the notes, cash in Dollars, non-callable Government Securities, or a combination of cash in Dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium, if any, on the outstanding notes on the Stated Maturity or on the applicable redemption date, as the case may be, and Centene must specify whether the notes are being defeased to maturity or to a particular redemption date;
- (2) in the case of Legal Defeasance, Centene must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) Centene has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

Table of Contents

(3) in the case of Covenant Defeasance, Centene must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to make such deposit and the grant of any Lien securing such borrowing);

(5) such Legal Defeasance or Covenant Defeasance must not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which Centene or any of its Subsidiaries is a party or by which Centene or any of its Subsidiaries is bound;

(6) Centene must deliver to the Trustee an officers' certificate stating that the deposit was not made by Centene with the intent of preferring the holders of notes over the other creditors of Centene with the intent of defeating, hindering, delaying or defrauding creditors of Centene or others; and

(7) Centene must deliver to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing Default or Event of Default or compliance with any provision of the indenture or the notes may be waived with the consent of the holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of notes affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting holder):

(1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the Stated Maturity of any note or alter the provisions with respect to the redemption or repurchase of the notes relating to the covenant (and applicable definitions) described above under the caption "Repurchase at the Option of Holders" "Change of Control";

(3) reduce the rate of or change the time for payment of interest on any note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the then outstanding notes and a waiver of the Payment Default that resulted from such acceleration);

(5) make any note payable in money other than that stated in the notes;

(6) make any change in the provisions (including applicable definitions) of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium, if any, on the notes;

(7) waive a redemption or repurchase payment with respect to any note (including a payment required by the provisions described above under the caption "Repurchase at the Option of Holders");

Table of Contents

(8) make any change in the ranking of the notes in a manner adverse to the holders thereof; or

(9) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of notes, Centene and the Trustee may amend or supplement the indenture or the notes:

(1) to cure any ambiguity, mistake, defect or inconsistency;

(2) to provide for uncertificated notes in addition to or in place of certificated notes;

(3) to provide for the assumption of Centene's obligations to holders of notes in the case of a merger or consolidation or sale of all or substantially all of Centene's assets or any other transaction that complies with the indenture;

(4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to provide for the issuance of additional notes in accordance with the indenture;

(6) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(7) to allow any Guarantor to execute a supplemental indenture and/or a Guarantee with respect to the notes;

(8) to evidence and provide the acceptance of the appointment of a successor Trustee under the indenture;

(9) to mortgage, pledge, hypothecate or grant a security interest in favor of the Trustee for the benefit of the holders of notes as additional security for the payment and performance of Centene's or a Guarantor's Obligations under the indenture in any property or assets;

(10) to comply with the rules of any applicable securities depository;

(11) to release a Guarantor from its Guarantee pursuant to the terms of the indenture when permitted or required pursuant to the terms of the indenture;

(12) to conform the text of the indenture, the notes or the Guarantees to the corresponding provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a substantially verbatim recitation of a provision of the indenture, the notes or the Guarantees; or

(13) to comply with the covenant described above under the caption Certain Covenants Merger, Consolidation or Sale of Assets.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

(a) all notes issued thereunder that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to Centene, have been delivered to the Trustee for cancellation; or

(b) all notes issued thereunder that have not been delivered to the Trustee for cancellation have become due and payable by reason of the sending of a notice of redemption or otherwise or will become due and payable or redeemable within one year, and Centene has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the holders, cash

in Dollars, non-callable Government Securities, or a combination of cash in Dollars and non-callable Government Securities, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Centene is a party or by which Centene is bound;

(3) Centene has paid or caused to be paid all sums payable by it under the indenture; and

(4) Centene has delivered irrevocable instructions to the Trustee under the indenture to apply the deposited money toward the payment of the notes issued thereunder at maturity or the redemption date, as the case may be.

In addition, Centene must deliver an officers' certificate and an opinion of counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the Trustee becomes a creditor of Centene, the indenture will limit its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest, it must (i) eliminate such conflict within 90 days, (ii) apply to the SEC for permission to continue or (iii) resign.

The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The indenture will provide that in case an Event of Default occurs and is continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder has offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

The Trustee also serves as trustee under the 2017 Indenture, the 2021 Indenture, the 2022 Indenture, the 2024 Indenture and the Health Net Indenture.

Governing Law

The laws of the State of New York will govern the indenture and will govern the notes without giving effect to applicable principles of conflicts of law.

Fixed Charge Coverage Ratio means with respect to any specified Person for any period, the ratio of the Consolidated Cash Flow of such Person and its Restricted Subsidiaries for such period to the Fixed Charges of such Person and its Restricted Subsidiaries for such period. In the event that the specified Person or any of its Restricted Subsidiaries incurs, assumes, guarantees, repays, repurchases or redeems any Indebtedness (other than ordinary working capital borrowings) or issues, repurchases or redeems preferred stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated and on or prior to the date on which the event for which the calculation of the Fixed Charge Coverage Ratio is made (the *Calculation Date*), then the Fixed Charge Coverage Ratio will be calculated giving pro forma effect to such incurrence, assumption, guarantee, repayment, repurchase or redemption of Indebtedness, or such issuance, repurchase or redemption of preferred stock, and the use of the proceeds therefrom as if the same had occurred at the beginning of the applicable four-quarter reference period.

In addition, for purposes of calculating the Fixed Charge Coverage Ratio:

- (1) acquisitions that have been made by the specified Person or any of its Restricted Subsidiaries, including through mergers or consolidations and including any related financing transactions, during the four-quarter reference period or subsequent to such reference period and on or prior to the Calculation Date will be given pro forma effect as if they had occurred on the first day of the four-quarter reference period;
- (2) the Consolidated Cash Flow attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses disposed of prior to the Calculation Date, will be excluded; and
- (3) the Fixed Charges attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses disposed of prior to the Calculation Date, will be excluded, but only to the extent that the obligations giving rise to such Fixed Charges will not be obligations of the specified Person or any of its Restricted Subsidiaries following the Calculation Date.

For purposes of this definition, whenever pro forma effect is to be given to an Investment, acquisition, disposition, merger or consolidation and the amount of income or earnings relating thereto, the pro forma calculations shall be determined in good faith by a responsible financial or accounting officer of Centene and such pro forma calculations may include operating expense reductions for such period resulting from the transaction which is being given pro forma effect that (A) have been realized or (B) for which the steps necessary for realization have been taken (or are taken concurrently with such transaction) or (C) for which the steps necessary for realization are reasonably expected to be taken within the twelve-month period following such transaction and, in each case, including, but not limited to, (a) reduction in personnel expenses, (b) reduction of costs related to administrative functions, (c) reduction of costs related to leased or owned properties, (d) reductions from the consolidation of operations and streamlining of corporate overhead and (e) cost savings, operating expense reductions and other operating improvements or synergies. If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness if the related hedge has a remaining term in excess of twelve months).

Interest on a Capital Lease Obligation shall be deemed to accrue at the interest rate reasonably determined by a responsible financial or accounting officer of Centene to be the rate of interest implicit in such Capital Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate, or other rate, shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as Centene may designate.

Initially, the notes of will be represented by one or more global notes in registered form without interest coupons (collectively, the Global Notes). Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for notes in certificated form, except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. Centene takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised Centene that DTC is a limited-purpose trust company organized under New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under the Exchange Act. DTC was created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities among Participants through electronic book-entry changes in accounts of its Participants, thereby eliminating the need for physical movement of securities certificates. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Centene that, pursuant to procedures established by it:

(1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Notes; and

(2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. Euroclear and Clearstream may hold interests in the Global Notes on behalf of their participants through customers securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of Certificated Notes and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture.

Table of Contents

Under the terms of the indenture, Centene and the trustee will treat the persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, none of Centene, the trustee or any agent of Centene or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised Centene that its current practice, at the due date of any payment in respect of securities such as the notes, is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the notes as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or Centene. Neither Centene nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the notes, and Centene and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described herein, cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised Centene that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for Certificated Notes and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of Centene, the trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof, if:

- (1) DTC (a) notifies Centene that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and in either event Centene fails to appoint a successor depository within 90 days;
- (2) Centene in its sole discretion determines that such Global Note shall be exchangeable; or
- (3) there has occurred and is continuing an Event of Default.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the indenture governing the notes. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement and Payment

Centene will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. Centene will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. Centene expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised Centene that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material United States federal income tax consequences of the purchase, ownership, and disposition of the notes. This summary is generally limited to holders that acquire the notes pursuant to this offering and hold the notes as capital assets (generally, property held for investment) for United States federal income tax purposes. This discussion does not describe all of the United States federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules, including, without limitation, tax-exempt organizations, holders subject to the United States federal alternative minimum tax, dealers in securities or currencies, financial institutions, insurance companies, regulated investment companies, real estate investment trusts, certain former citizens or residents of the United States, controlled foreign corporations, passive foreign investment companies, partnerships, S corporations or other pass-through entities, U.S. holders (as defined below) whose functional currency is not the United States dollar, and persons that hold the notes in connection with a straddle, hedging, conversion or other risk-reduction transaction.

The United States federal income tax consequences set forth below are based upon the Internal Revenue Code of 1986, as amended (the Code), and applicable Treasury regulations, court decisions, and rulings and pronouncements of the Internal Revenue Service (the IRS), all as in effect on the date hereof, and all of which are subject to change, or differing interpretations at any time with possible retroactive effect. There can be no assurance that the IRS will not challenge one or more of the tax consequences described herein, and we have not sought any ruling from the IRS with respect to statements made and conclusions reached in this discussion, and there can be no assurance that the IRS will agree with such statements and conclusions.

As used herein, the term U.S. holder means a beneficial owner of a note that is for U.S. federal income tax purposes:

an individual citizen or resident alien of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) that is created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have authority to control all of its substantial decisions, or if the trust has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

As used herein, the term non-U.S. holder means a beneficial owner of a note that is neither a U.S. holder nor a partnership or an entity treated as a partnership for U.S. federal income tax purposes.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a note, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner that is a partnership and partners in such a partnership should consult their tax advisors about the U.S. federal income tax consequences of the purchase, ownership and disposition of the notes.

This summary does not address the tax consequences arising under any state, local, or foreign law. Furthermore, this summary does not consider the effect of the U.S. federal estate or gift tax laws or any consequences that may result with respect to these transactions pursuant to the Treasury regulations promulgated under section 385 of the Code.

Investors considering the purchase of the notes should consult their own tax advisors with respect to the application of the U.S. federal income tax laws to their particular situation, as well as any tax consequences arising under the U.S. federal estate or gift tax rules or under the laws of any state, local, or foreign taxing jurisdiction or under any applicable tax treaty.

Table of Contents**Treatment of the Notes**

In certain circumstances, we may be obligated to pay amounts in excess of stated interest or principal on the notes (*see* Description of Notes Optional Redemption and Description of Notes Repurchase at the Option of Holders Change of Control). These contingencies could subject the notes to the provisions of the Treasury regulations relating to contingent payment debt instruments. Under these regulations, however, one or more contingencies will not cause a debt instrument to be treated as a contingent payment debt instrument if, as of the issue date, each such contingency is remote or is considered to be incidental. We believe and intend to take the position that the foregoing contingencies should be treated as remote and/or incidental. Our position is binding on a holder, unless the holder discloses in the proper manner to the IRS that it is taking a different position. However, this determination is inherently factual and we can give no assurance that our position would be sustained if challenged by the IRS. A successful challenge of this position by the IRS could affect the timing and amount of a holder's income and could cause the gain from the sale or other disposition of a note to be treated as ordinary income, rather than capital gain. The remainder of this discussion assumes that the notes will not be considered contingent payment debt instruments for U.S. federal income tax purposes. Holders are urged to consult their own tax advisors regarding the potential application to the notes of the contingent payment debt instrument rules and the consequences thereof.

U.S. Holders***Payments of Interest***

Subject to the discussion under Bond Premium below, payments of stated interest on a note generally will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting).

Original Issue Discount

It is expected that the notes will not be issued with an issue price that is less than their stated redemption price at maturity by more than the statutory de minimis amount. As a result, it is expected that the notes will not be subject to the original issue discount (OID) rules. If, however, the stated redemption price at maturity of the notes (generally the sum of all payments required under the notes other than payments of qualified stated interest) exceeds the issue price by more than a de minimis amount, U.S. holders will be required to include OID as ordinary interest income for U.S. federal income tax purposes as it accrues under a constant yield method, regardless of such U.S. holders' method of accounting. As a result, U.S. holders would be required to include OID in taxable income prior to the receipt of cash by such U.S. holders.

Bond Premium

Generally, a U.S. holder who purchases a note at a cost greater than the note's stated principal amount will be considered to have purchased the note at a premium, and may elect to amortize the premium as an offset to interest income, using a constant yield method, over the remaining term of the note. In the event a U.S. holder purchases a note at a premium, special rules may apply (because the notes may be redeemed by us prior to maturity at a premium) to reduce or eliminate the amount of amortizable bond premium that a U.S. holder may amortize with respect to a note. The application of these rules to a debt instrument with a make-whole redemption feature, such as the notes, is unclear. Prospective investors should consult their tax advisors about these special rules. If a U.S. holder makes an election to amortize the premium, such election will generally apply to all debt instruments that such U.S. holder holds at the time of the election, as well as any debt instruments that such U.S. holder subsequently acquires. In addition, a U.S. holder may not revoke the election without the consent of the IRS. If a U.S. holder elects to amortize the premium, such U.S. holder will be required to reduce its tax basis in the note by the amount of the premium amortized during its holding period. If a U.S. holder does not elect to amortize premium, the amount of premium will be included in such U.S. holder's tax basis in the note purchased in this offering and, therefore, such premium will decrease the gain or increase the loss that such U.S. holder would otherwise recognize on disposition of the note.

Table of Contents***Sale, Redemption, Exchange or Other Taxable Disposition of Notes***

Except as discussed above, a U.S. holder will generally recognize gain or loss on the sale, redemption, exchange, or other taxable disposition of a note, in an amount equal to the difference between (i) the proceeds received by the holder in exchange for such note (less an amount attributable to any accrued but unpaid interest not previously included in income, which will be treated as a payment of interest for U.S. federal income tax purposes) and (ii) the U.S. holder's adjusted tax basis in the note. The proceeds received by a U.S. holder will include the amount of any cash and the fair market value of any other property received for the note. In general, a U.S. holder's adjusted tax basis in a note will equal the amount paid for the note (excluding the amount paid for pre-issuance accrued interest that is not taxable when received), increased by any OID included in income and decreased by any amortized bond premium. Such gain or loss recognized by a U.S. holder on a disposition of a note generally will be capital gain or loss and generally will be long-term capital gain or loss if the holder held the note for more than one year. Under current U.S. federal income tax law, net long-term capital gains of non-corporate U.S. holders (including individuals) are eligible for taxation at preferential rates. The deductibility of capital losses is subject to certain limitations. Prospective investors should consult with their own tax advisors concerning these tax law provisions.

Medicare Tax

Certain U.S. holders who are individuals, estates or trusts are subject to an additional 3.8% tax on all or a portion of their net investment income, which generally will include interest (including interest paid with respect to a note), dividends, annuities, royalties, rents, net gain attributable to the disposition of property not held in a trade or business (including net gain from the sale, exchange, redemption, retirement or other taxable disposition of a note) and certain other income, but will be reduced by any deductions properly allocable to such income or net gain. U.S. holders should consult their tax advisors regarding the effect, if any, of the Medicare tax on their ownership and disposition of the notes.

Information Reporting and Backup Withholding

In general, information reporting will apply to interest payments made to U.S. holders (including payments of accrued interest) and to the proceeds of a sale, redemption, retirement, exchange or other taxable disposition of a note. In addition, a U.S. holder may be subject to backup withholding (at the rate of 28%) with respect to the foregoing amounts unless such U.S. holder provides the withholding agent with certain certifications and information, including such U.S. holder's correct taxpayer identification number (TIN), which, in the case of a U.S. holder who is an individual, is generally his or her social security number, or the U.S. holder otherwise establishes a basis for exemption from backup withholding. Exempt U.S. holders (including, among others, corporations) are not subject to these backup withholding and information reporting requirements. A U.S. holder who does not provide the withholding agent with its correct TIN may be subject to penalties imposed by the IRS.

Backup withholding is not an additional tax. Any amount withheld from you under the backup withholding rules generally will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished timely to the IRS.

Non-U.S. Holders***Payments of Interest***

Subject to the discussions below concerning backup withholding and FATCA (as defined below), interest paid on a note (including any OID) by us or our agent to a non-U.S. holder will qualify for the portfolio interest exemption and will not be subject to U.S. federal income tax or withholding tax; *provided* that such interest income is not effectively connected with a U.S. trade or business of the non-U.S. holder (or, if a tax treaty

Table of Contents

applies, is not attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. holder within the United States); and provided that the non-U.S. holder:

does not actually or by attribution own 10% or more of the combined voting power of all classes of our stock entitled to vote;

is not a controlled foreign corporation for U.S. federal income tax purposes that is related to us actually or by attribution through stock ownership;

is not a bank that acquired the note in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business; and

either (a) provides an appropriate Form W-8 (or a suitable substitute form) signed under penalties of perjury that includes the non-U.S. holder's name and address, and certifies as to non-United States status in compliance with applicable law and regulations; or (b) is a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and provides a statement to us or our agent under penalties of perjury in which it certifies that such a Form W-8 (or a suitable substitute form) has been received by it from the non-U.S. holder or qualifying intermediary and furnishes us or our agent with a copy. The Treasury regulations provide special certification rules for notes held by a foreign partnership and other intermediaries.

If such non-U.S. holder cannot satisfy the requirements described above, payments of interest made to the non-U.S. holder will be subject to the 30% United States federal tax withholding unless such holder provides us with a properly executed IRS Form W-8 claiming an exemption from (or reduction of) withholding under the benefit of a treaty.

Income Effectively Connected with a Trade or Business within the United States

If interest on a note (including any OID) is effectively connected with a United States trade or business by a non-U.S. holder and, if a tax treaty applies, is attributable to a United States permanent establishment or fixed base maintained by the non-U.S. holder within the United States, the non-U.S. holder generally will not be subject to withholding if the non-U.S. holder complies with applicable IRS certification requirements (i.e., by delivering a properly executed IRS Form W-8ECI) and generally will be subject to United States federal income tax on a net-income basis at regular graduated rates in the same manner as if the holder were a U.S. holder. In the case of a non-U.S. holder that is a corporation, such effectively connected income also may be subject to the additional branch profits tax, which generally is imposed on a foreign corporation on the deemed repatriation from the United States of effectively connected earnings and profits at a 30% rate (or such lower rate as may be prescribed by an applicable tax treaty).

Sale, Redemption, Exchange or Other Taxable Disposition of Notes

Subject to the discussions below on backup withholding and FATCA, generally, any gain recognized by a non-U.S. holder on the disposition of a note will not be subject to United States federal income tax and withholding, unless:

the gain is effectively connected with the conduct of a United States trade or business by the non-U.S. holder (and, if required by an applicable tax treaty, the gain is attributable to a permanent establishment maintained in the United States by the non-U.S. holder); or

the non-U.S. holder is an individual who is present in the United States for 183 days or more during the taxable year of that disposition, and certain other conditions are met or the non-U.S. holder is subject to Code provisions applicable to certain United States expatriates.

If you are a non-U.S. holder described in the first bullet point above, you generally will be subject to tax as described above (See Non-U.S. Holders' Income Effectively Connected with a Trade or Business within the United States). If you are a non-U.S. holder described in the second

bullet point above, you generally will be

S-65

Table of Contents

subject to a flat 30% (or lower applicable treaty rate) U.S. federal income tax on the gain derived from the sale, redemption, exchange, retirement or other disposition, which may be offset by certain U.S. source capital losses. In addition, to the extent proceeds from the disposition of a note represent accrued and unpaid interest, a non-U.S. holder will be subject to U.S. federal income tax with respect to such interest in the same manner as described above under **Payments of Interest**. A non-U.S. holder should consult his or her tax advisor regarding the tax consequences of the purchase, ownership and disposition of the notes.

Information Reporting and Backup Withholding

In general, backup withholding will not apply to interest payments made to a non-U.S. holder, if, among other conditions, such non-U.S. holder certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption. A non-U.S. holder generally may establish such an exemption by providing an appropriate Form W-8 (or a suitable substitute form), signed under penalties of perjury, to the withholding agent. In addition to the foregoing, amounts paid on or with respect to the notes and the amount of tax, if any, withheld from such payments must be reported to such non-U.S. holder and the IRS.

Backup withholding is not an additional tax. Any amount withheld from you under the backup withholding rules generally will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished timely to the IRS.

Non-U.S. holders should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedures for obtaining such an exemption, if available.

Foreign Account Tax Compliance Act

Sections 1471-1474 of the Code (known as FATCA) impose certain due diligence and information reporting requirements, particularly with respect to accounts held through foreign financial institutions. A 30% U.S. federal withholding tax will apply to interest income from debt obligations of U.S. issuers, and, effective for payments made after December 31, 2018, a 30% U.S. withholding tax will apply on the gross proceeds from a disposition of such obligations, in each case, paid to (i) a foreign financial institution (including in certain instances where such institution is acting as an intermediary), unless such institution enters into an agreement with the U.S. Treasury Department to collect and provide to the Treasury Department substantial information regarding U.S. account holders, including certain account holders that are foreign entities with U.S. owners, with such institution or (ii) a foreign entity that is not a financial institution (including, in some cases, where the entity is acting as an intermediary), unless such entity provides the applicable withholding agent with a certification identifying the substantial U.S. owners of the entity, which generally includes any U.S. person who, directly, indirectly or constructively, owns more than 10% of the entity. Under certain circumstances, a holder may be eligible for refunds or credits of such taxes. The United States has entered into (and may enter into more) intergovernmental agreements (IGAs) with foreign governments relating to the implementation of, and information sharing under, FATCA and such IGAs may alter the FATCA reporting and withholding requirements.

Application of this withholding tax does not depend on whether the payment otherwise would be exempt from U.S. federal withholding tax under an exemption described under **Non-U.S. Holders**. In the event that this withholding tax shall be imposed on any payment of interest on, or gross proceeds from the disposition or redemption of, a note, we have no obligation to pay additional amounts as a consequence thereof or to redeem the notes before their stated maturity. Investors are urged to consult with their own tax advisors regarding the possible implications of FATCA on their investment in the notes.

The United States federal income tax summary set forth above is included for general information only and may not be applicable depending upon your particular situation. You should consult your own tax advisors with respect to the tax consequences to you of the purchase of the notes, and the ownership and disposition of the notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in federal or other tax laws.

Table of Contents**UNDERWRITING (CONFLICTS OF INTEREST)**

Subject to the terms and conditions of an underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and the underwriters have agreed to purchase from us, the principal amount of the notes set forth opposite its name in the table below.

Underwriters	Principal Amount
Barclays Capital Inc.	\$ 252,000,000
Citigroup Global Markets Inc.	204,000,000
SunTrust Robinson Humphrey, Inc.	204,000,000
Wells Fargo Securities, LLC	204,000,000
Fifth Third Securities, Inc.	60,000,000
Morgan Stanley & Co. LLC	60,000,000
Regions Securities LLC	60,000,000
U.S. Bancorp Investments, Inc.	60,000,000
Evercore Group L.L.C.	48,000,000
Stifel, Nicolaus & Company, Incorporated	48,000,000
Total	\$ 1,200,000,000

The obligations of the underwriters under the underwriting agreement, including their agreement to purchase notes from us, are several and not joint. The underwriting agreement provides that the underwriters' obligation to purchase the notes depends on the satisfaction of the conditions contained in the underwriting agreement and that the underwriters will purchase all the notes if any of them are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or, under certain circumstances, the offering may be terminated.

The underwriters initially propose to offer and sell the notes at the price set forth on the cover page of this prospectus supplement. The underwriters may change such offering price and any other selling terms at any time without notice. The underwriters may offer and sell the notes through certain of their affiliates.

Indemnification

In the underwriting agreement, we have agreed to indemnify the underwriters against certain liabilities in connection with this offering, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make for those liabilities.

Expenses

We estimate that our offering expenses, excluding underwriting discounts and commissions, will be approximately \$15 million. We have agreed to reimburse the underwriters for their expenses in an amount up to \$40,000 which may be incurred in connection with the review by FINRA of the terms of the notes offered hereby.

Market for the Notes

We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that following the completion of this offering, they presently intend to make a market in the notes. They are not obligated to do so, however, and any market-making activities with respect to the notes may be discontinued at any time at their sole discretion without notice. Accordingly, we cannot give any assurance as to the existence of any market or the liquidity of any market for the notes.

Table of Contents

Settlement Cycle

We expect that delivery of the notes will be made to investors on or about the closing date specified on the cover page of this prospectus supplement, which will be the tenth business day following the date of this prospectus supplement (such settlement being referred to as T+10). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes more than three business days prior to the scheduled settlement date will be required, by virtue of the fact that the notes initially settle in T+10, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.

Over-Allotment, Stabilizing and Related Transactions

In connection with this offering, the underwriters may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids.

Over-allotment involves sales in excess of the offering size, which creates a short position for the underwriters.

Stabilizing transactions involve bids to purchase the notes in the open market for the purpose of pegging, fixing or maintaining the price of the notes.

Syndicate covering transactions involve purchases of the notes in the open market after the distribution has been completed in order to cover short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a broker/dealer when the notes originally sold by such broker/dealer are purchased in a stabilizing or syndicate covering transaction to cover short positions. Any of these activities may prevent a decline in the market price of the notes, and may also cause the price of the notes to be higher than it would otherwise be in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that we will engage in these transactions or that any transaction, once commenced, will not be discontinued without notice.

Clear Market

We have agreed that, for a period of 90 days from the closing of this offering, we will not, without the prior written consent of Barclays Capital Inc., Citigroup Global Markets Inc., SunTrust Robinson Humphrey, Inc. and Wells Fargo Securities, LLC, as representatives to the underwriters, directly or indirectly, issue, sell, offer to sell, grant any option for the sale of, or otherwise dispose of, any securities similar to the notes, except for the notes sold to the underwriters pursuant to the underwriting agreement.

Other Relationships

The underwriters and certain of their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and certain of their affiliates have provided and may in the future provide certain financial

advisory, investment banking and commercial banking services in the ordinary course of business for us, our subsidiaries and certain of our affiliates, for which they receive customary fees and expense reimbursement. Also, affiliates of Barclays Capital Inc., Citigroup Global Markets Inc., SunTrust Robinson Humphrey, Inc., Wells Fargo Securities, LLC, Morgan Stanley & Co. LLC, Fifth Third Securities, Inc., U.S. Bancorp Investments, Inc. and Regions Securities LLC, each an underwriter of this offering, are lenders under our Revolving Credit Facility and will receive a portion of the offering proceeds pursuant to the repayment of our Revolving Credit Facility.

In the ordinary course of their various business activities, the underwriters and certain of their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve our or our affiliates securities and/or instruments. If the underwriters or their affiliates have a lending relationship with us, they routinely hedge their credit exposure to us consistent with their customary risk management policies. The underwriters and their affiliates may hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities or the securities of our affiliates, including the notes offered hereby. Any such short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and certain of their affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

Affiliates of each of the underwriters of this offering other than Evercore Group L.L.C. and Stifel, Nicolaus & Company, Incorporated will receive 5% or more of the net proceeds of this offering by reason of the repayment of the outstanding indebtedness under our Revolving Credit Facility, as described under Use of Proceeds. Accordingly, each such underwriter will be deemed to have a conflict of interest within the meaning of Rule 5121 of FINRA and this offering will be conducted pursuant to the requirements of that rule. Rule 5121 requires that a qualified independent underwriter as defined in Rule 5121(f)(12) participate in the preparation of this prospectus supplement and exercise its usual standard of due diligence with respect thereto. Evercore Group L.L.C. has agreed to act as qualified independent underwriter for this offering and will not receive any additional fees for serving in the capacity. We have agreed to indemnify Evercore Group L.L.C. for certain liabilities, including liabilities under the Securities Act. Pursuant to Rule 5121(c), none of the underwriters of this offering, other than Evercore Group L.L.C. and Stifel, Nicolaus & Company, Incorporated, are permitted to confirm sales to any account over which they exercise discretionary authority without the specific written approval of the accountholder.

CENTENE CORPORATION

We are a diversified, multi-line healthcare enterprise operating in two segments: Managed Care and Specialty Services. Our Managed Care segment provides health plan coverage to individuals through government subsidized programs, including Medicaid, the State Children's Health Insurance Program (CHIP), Long Term Care (LTC), Foster Care, dual-eligible individuals in Medicare Special Needs Plans and the Supplemental Security Income Program, also known as the Aged, Blind or Disabled Program, or collectively ABD. Beginning in 2014, our Managed Care segment also provides health plan coverage to individuals covered through federally-facilitated and state-based Health Insurance Marketplaces (HIM). Our Specialty Services segment consists of our specialty companies offering diversified healthcare services and products to state programs, correctional facilities, healthcare organizations, employer groups and other commercial organizations, as well as to our own subsidiaries. As of March 31, 2014, Medicaid accounted for 75% of our at-risk membership, while CHIP (also including Foster Care) and ABD (also including Medicare) accounted for 9% and 11%, respectively. Hybrid programs, LTC, HIM and correctional services represent the remaining 5% at-risk membership.

Our at-risk managed care membership totaled approximately 2.9 million as of March 31, 2014. For the year ended December 31, 2013, our premium and service revenues and net earnings from continuing operations attributable to Centene were \$10.5 billion and \$161.2 million, respectively, and our total cash flow from operations was \$382.5 million. For the three months ended March 31, 2014, our premium and service revenues and net earnings from continuing operations attributable to Centene were \$3.4 billion and \$33.8 million, respectively, and our total cash flow from operations was \$252.4 million.

We provide member focused services through locally based staff by assisting in accessing care, coordinating referrals to related health and social services and addressing member concerns and questions. We also provide education and outreach programs to inform and assist members in accessing quality, appropriate healthcare services. We believe our local approach, including member and provider services, enables us to provide accessible, quality, culturally-sensitive healthcare coverage to our communities. Our health management, educational and other initiatives are designed to help members best utilize the healthcare system to ensure they receive appropriate, medically necessary services and effective management of routine, severe and chronic health problems resulting in better health outcomes. We combine our decentralized local approach for care with a centralized infrastructure of support functions such as finance, information systems and claims processing.

Our initial health plan commenced operations in Wisconsin in 1984. We were organized in Wisconsin in 1993 as a holding company for our initial health plan and reincorporated in Delaware in 2001. Our principal executive offices are located at 7700 Forsyth Boulevard, St. Louis, Missouri 63105, and our telephone number is (314) 725-4477. Our common stock is publicly traded on the NYSE under the ticker symbol CNC.

DESCRIPTION OF DEBT SECURITIES

The following description of the terms of our debt securities sets forth general terms that may apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities. For purposes of this description of debt securities, the terms we, our, ours, and us refer only to Centene Corporation and not to any of its subsidiaries.

The Indentures

The debt securities will be issued in one or more series under an indenture (the Indenture or an indenture), to be entered into between us and The Bank of New York Mellon Trust Company, N.A., as trustee or under the Indenture, dated May 27, 2011, among the Company and The Bank of New York Mellon Trust Company, N.A., relating to the Company's 5.75% Senior Notes due 2017 or the Indenture, dated April 29, 2014, among the Company and The Bank of New York Mellon Trust Company, N.A., relating to the Company's 4.75% Senior Notes due 2022. The statements herein relating to the debt securities and the indentures are summaries and are subject to the detailed provisions of the applicable indenture. The indenture will be subject to and governed by the Trust Indenture Act of 1939 (the Trust Indenture Act). The description below is a summary and does not contain all the information you may find useful. We urge you to read the indenture because it, and not this summary, defines many of your rights as a holder of our debt securities. The form of the indenture has been filed as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms in an indenture, those sections and definitions are incorporated by reference.

General

The debt securities will be our general obligations. The indenture does not limit the aggregate amount of debt securities which we may issue nor does it limit other debt we may issue. We may issue senior or subordinated debt securities under the indenture up to the aggregate principal amount authorized by our board of directors from time to time. Except as may be described in a prospectus supplement, the indenture will not limit the amount of other secured or unsecured debt that we may incur or issue.

The senior debt securities will rank equally with all our other unsubordinated obligations. Unless otherwise specified in the applicable prospectus supplement, the subordinated debt securities will be subordinated and junior in right of payment to all our present and future senior indebtedness to the extent and in the manner set forth in the indenture. See Subordinated Debt Securities below. The indenture will provide that the debt securities may be issued from time to time in one or more series.

The indenture will place no limitation on the amount of additional secured indebtedness that we may incur. We expect from time to time to incur additional indebtedness constituting secured indebtedness. Our outstanding secured indebtedness would rank senior to our senior unsecured indebtedness to the extent of such security, and our outstanding short- and long-term indebtedness would rank equally with our senior unsecured debt securities.

If this prospectus is being delivered in connection with the offering of a series of senior debt securities, the accompanying prospectus supplement or information incorporated by reference will set forth the approximate amount of secured long-term indebtedness senior to such senior unsecured indebtedness outstanding as of a recent date.

The applicable prospectus supplement relating to the particular series of debt securities will describe specific terms of the debt securities offered thereby, including, where applicable:

the title and any limit on the aggregate principal amount of the debt securities and whether the debt securities will be senior or subordinated;

the price at which we are offering the debt securities, usually expressed as a percentage of the principal amount;

Table of Contents

the date or dates on which the debt securities of a series will be issued, and on which the principal of and any premium on such debt securities, or any installments thereof, will mature or the method of determining such date or dates;

the date or dates from which any interest will accrue or the method of determining such dates;

the date or dates on which any interest will be payable and the applicable record dates;

the place or places where principal of, premium, if any, and interest, if any, on such debt securities, or installments thereof, if any, will be payable;

any of our obligations to redeem, repay, purchase or offer to purchase the debt securities pursuant to any mandatory redemption, sinking fund or analogous provisions or upon other conditions or at the option of the holders of the debt securities and the periods, prices and the other terms and conditions of such redemption or repurchase, in whole or in part;

any of our rights to redeem the debt securities at our option and the periods, prices and the other terms and conditions of such redemption, in whole or in part;

if denominations other than \$1,000 and any integral multiple thereof in the case of debt securities in registered form, or \$1,000 and \$5,000 in the case of debt securities in bearer form, the denominations in which such debt securities will be issued;

whether the debt securities are original issue discount securities (as described below under Original Issue Discount Securities) and the amount of discount;

the provisions for payment of additional amounts or tax redemptions, if any;

any addition to, or modification or deletion of, any event of default or covenant specified in the indenture with respect to such debt securities;

whether the debt securities of the series shall be issued in whole or in part in certified form;

the designation, if any, of any depositaries, trustees, paying agents, authenticating agents, security registrars or other agents with respect to the debt securities of such series;

if other than the entire principal amount, the portion of the principal amount of debt securities which becomes payable upon a declaration of acceleration of maturity or the method of determining such portion;

in the case of the subordinated debt securities, the subordination provisions pertaining to such debt securities;

material federal income tax considerations, if applicable; and

any other special terms pertaining to such debt securities.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange or included in any market.

None of our directors, officers, employees, incorporators, or stockholders, past, present or future, will have any liability with respect to our obligations under the indenture or debt securities.

Original Issue Discount Securities

Debt securities may be sold at a substantial discount below their stated principal amount and may bear no interest or interest at a rate which at the time of issuance is below market rates. Important federal income tax consequences and special considerations applicable to any such debt securities will be described in the applicable prospectus supplement.

Table of Contents

Indexed Securities

If the amount of payments of principal of, and premium, if any, or any interest on, debt securities of any series is determined with reference to any type of index or formula or changes in prices of particular securities or commodities, the federal income tax consequences, specific terms and other information with respect to such debt securities and such index or formula and securities or commodities will be described in the applicable prospectus supplement.

Conversion and Exchange

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement or term sheet will explain the terms and conditions of the conversion or exchange, including the conversion or exchange price or rate (or the calculation method), the conversion or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or us, provisions for adjusting the conversion or exchange price or rate and provisions affecting conversion or exchange in the event of the redemption of the underlying debt securities. These terms may also include provisions under which the number or amount of other securities to be received by the holders of the debt securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement or term sheet.

Payment

Unless we specify otherwise in the applicable prospectus supplement, payments in respect of the debt securities will be made at the office or agency office or agency maintained by us in New York, New York. Payment of any installment of interest on debt securities in registered form will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest.

Registration, Transfer and Exchange

Unless we specify otherwise in the applicable prospectus supplement, a holder may transfer or exchange debt securities in accordance with the provisions of the indenture. The registrar and the trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of debt securities. Holders will be required to pay all taxes due on transfer. We intend to appoint the trustee under the indenture as security registrar with respect to debt securities issued under the indenture.

Consolidation, Merger, Conveyance, Sale of Assets and Other Transfers

Unless we specify otherwise in the applicable prospectus supplement, we may not, directly or indirectly: (1) consolidate or merge with or into another person (whether or not we are the surviving corporation) or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of our properties or assets in one or more related transactions, to another person; unless:

(1) either:

(a) we are the surviving corporation; or

(b)

the person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, conveyance or other disposition has been made (the Surviving Entity) is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Surviving Entity expressly assumes pursuant to a supplemental indenture all our obligations under the debt securities and the indenture pursuant to agreements reasonably satisfactory to the trustee;

(3) immediately after giving effect to such transaction no default or event of default shall have occurred and be continuing; and

Table of Contents

For purposes of this covenant, the sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the properties or assets of one or more of our subsidiaries, which properties or assets, if held by us instead of such subsidiaries, would constitute all or substantially all of our properties or assets on a consolidated basis, shall be deemed to be the transfer of all or substantially all of our properties or assets.

Modification or Amendment of the Indenture

Unless we specify otherwise in the applicable prospectus supplement, except as provided in the next two succeeding paragraphs, the indenture or the debt securities of any series may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of each Series affected thereby then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities of any series), and any existing default or event of default or compliance with any provision of the indenture or the debt securities of any series may be waived with the consent of the holders of a majority in principal amount of the then outstanding debt securities of each such series (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities of any series).

Unless we specify otherwise in the applicable prospectus supplement, without the consent of each holder of debt securities affected, an amendment, supplement or waiver may not (with respect to any debt securities of any series held by a non-consenting holder):

- (1) reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the Stated Maturity of any debt security;
- (3) reduce the rate of or change the time for payment of interest on any debt security;
- (4) waive a default or event of default in the payment of principal of, or interest or premium, if any, on the debt securities of any series (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of any series and a waiver of the payment default that resulted from such acceleration);
- (5) make any debt securities of any series payable in money other than that stated in the debt securities of such series;
- (6) in the case of subordinated debt securities of any series, modify any of the subordination provisions or the definition of senior debt relating to such series in a manner adverse to the holders of such subordinated debt securities;
- (7) make any change in the provisions (including applicable definitions) of the indenture relating to waivers of past defaults or the rights of holders of debt securities of any series to receive payments of principal of, or interest or premium, if any, on the debt securities of such series;
- (8) waive a redemption or repurchase payment with respect to any debt security of any series;
- (9) make any change in the ranking of the debt securities of any series in a manner adverse to the holders of the debt securities of such series; or
- (10) make any change in the preceding amendment and waiver provisions.

Table of Contents

Notwithstanding the preceding and unless we specify otherwise in the applicable prospectus supplement, without the consent of any holder of debt securities, we and the trustee may amend or supplement the indenture or the debt securities of one or more series:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

(3) to provide for the assumption of our obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of our assets or any other transaction that complies with the indenture;

(4) to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(6) to allow any guarantor to execute a supplemental indenture and/or a guarantee with respect to the debt securities of any one or more series;

(7) to provide for the issuance of and establish the form and terms and conditions of debt securities as permitted by the indenture;

(8) to add to our covenants such further covenants, restrictions, conditions or provisions as we shall consider to be for the protection of the holders of debt securities, and to make the occurrence, or the occurrence and continuance, of a default in any such additional covenants, restrictions, conditions or provisions an event of default permitting the enforcement of all or any of the several remedies provided in the indenture; provided, that in respect of any such additional covenant, restriction, condition or provision such supplemental indenture may provide for a particular period of grace after default (which period may be shorter or longer than that allowed in the case of other defaults) or may provide for an immediate enforcement upon such an event of default or may limit the remedies available to the trustee upon such an event of default or may limit the right of the holders of a majority in aggregate principal amount of the debt securities to waive such an event of default;

(9) to evidence and provide the acceptance of the appointment of a successor trustee under the indenture with respect to the debt securities and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one trustee;

(10) to mortgage, pledge, hypothecate or grant a security interest in favor of the trustee for the benefit of the holders of debt securities as additional security for the payment and performance of our or a guarantor's obligations under the indenture in any property or assets;

(11) to add to, change, or eliminate any of the provisions of the indenture in respect of the debt securities, provided that any such addition, change, or elimination (i) will neither (A) apply to any debt security created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor (B) modify the rights of the holder of any such debt security with respect to such provision or (ii) will become effective only when there is no such debt security outstanding;

(12) to comply with the rules of any applicable securities depository;

- (3) a default in the deposit of any sinking fund payment, when and as due in respect of any debt security of that series;
- (4) failure by us or any of our restricted subsidiaries to comply with the provisions described under the caption Merger, Consolidation or Sale of Assets;
- (5) failure by us for 60 consecutive days after notice to us by the trustee or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding to comply with any of its other covenants or agreements in the indenture or the debt securities of that series (other than a covenant or warranty that has been included in the indenture solely for the benefit of debt securities of a series other than that series);
- (6) certain events of bankruptcy, insolvency or reorganization described in the indenture with respect to us.
- (7) any other event of default provided with respect to debt securities, which is specified in a Board Resolution, a supplemental indenture hereto or an Officers Certificate, in accordance with the terms of the indenture.

In the case of an event of default specified in clause (6), the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding debt securities of each such affected series shall become due and payable immediately without further action or notice. If any other event of default occurs and is continuing, then, and in each and every such case, except for any series of debt securities the principal of which shall have already become due and payable the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding debt securities of each such affected series (each such series voting as a separate class) may declare the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding debt securities due and payable immediately.

The holders of at least a majority in aggregate principal amount of the debt securities of all series affected thereby, voting as a single class, by notice to the trustee may on behalf of the holders of all of the debt securities of such affected series waive any existing default or event of default and its consequences under the indenture, except a continuing default or event of default in the payment of interest on, or the principal of, the debt securities of such series, and rescind any acceleration and its consequences with respect to the debt securities of such series.

Legal Defeasance and Covenant Defeasance

Unless we specify otherwise in the applicable prospectus supplement, we may, at our option and at any time, elect to have all of our obligations discharged with respect to the outstanding debt securities of any series (Legal Defeasance) except for:

- (1) the rights of holders of outstanding debt securities of such series to receive payments in respect of the principal of, or interest or premium, if any, on such debt securities of such series when such payments are due from the trust referred to below;

(2) our obligations with respect to the debt securities of such series concerning issuing temporary debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment and money for security payments held in trust;

Table of Contents

- (3) the rights, powers, trusts, duties and immunities of the trustee, and our obligations in connection therewith; and
- (4) the defeasance provisions of the indenture.

In addition, unless we specify otherwise in the applicable prospectus supplement, we may, at our option and at any time, elect to have our obligations released with respect to certain covenants in the indenture as well as any additional covenants for a particular series of debt securities (**Covenant Defeasance**) and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities of such series. In the event **Covenant Defeasance** occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under **Events of Default** will no longer constitute an event of default with respect to the debt securities of a series.

In order to exercise either **Legal Defeasance** or **Covenant Defeasance**:

- (1) we must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the debt securities of such series, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of (including mandatory sinking fund or analogous payments, if any), or interest and premium, if any, on the outstanding debt securities of such series on the Stated Maturity or on the applicable redemption date, as the case may be, and we must specify whether the debt securities of such series are being defeased to maturity or to a particular redemption date;
- (2) in the case of **Legal Defeasance**, we must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such **Legal Defeasance** and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such **Legal Defeasance** had not occurred;
- (3) in the case of **Covenant Defeasance**, we have delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such **Covenant Defeasance** and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such **Covenant Defeasance** had not occurred;
- (4) no default or event of default has occurred and is continuing with respect to the debt securities of such series on the date of such deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing);
- (5) such **Legal Defeasance** or **Covenant Defeasance** will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which we or any of our subsidiaries is a party or by which we or any of our subsidiaries is bound;
- (6) we must deliver to the trustee an officers' certificate stating that the deposit was not made by us with the intent of preferring the holders of such series of debt securities over our other creditors with the intent of defeating, hindering, delaying or defrauding our creditors or others; and

(7) we must deliver to the trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

Unless we specify otherwise in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect as to all debt securities of any series issued thereunder, when:

(1) either:

(a) all debt securities of any series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

(b) all debt securities of any series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable or redeemable within one year, and we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the debt securities of such series not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no default or event of default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we are a party or by which we are bound;

(3) we have paid or caused to be paid all sums payable by it under the indenture; and

(4) we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities of such series at maturity or the redemption date, as the case may be.

In addition, we must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Selection and Notice

Unless we specify otherwise in the applicable prospectus supplement, if less than all of the debt securities of a series are to be redeemed at any time, the trustee will select debt securities of the series to be redeemed not more than 60 days before the redemption date therefor in any manner that the trustee in its sole discretion deems fair and appropriate. Unless we specify otherwise in the applicable prospectus supplement, notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of debt securities to be redeemed at its registered address and if any debt securities in bearer form are outstanding, publish on one occasion a notice in an authorized newspaper, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the debt securities or a satisfaction and discharge of the indenture.

Subordinated Debt Securities

Debt securities of a series may be subordinated to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. The debt securities will be structurally subordinated to all indebtedness and other liabilities (including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the debt securities to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors, except to the extent that we are itself recognized as a creditor of the subsidiary, in which case our claims would still be subordinate in right of payment to any security in the assets of the subsidiary and any indebtedness of the subsidiary senior to that held by us.

Replacement of Securities

Unless we specify otherwise in the applicable prospectus supplement, we will replace any mutilated debt security at the expense of the holder upon surrender of the mutilated debt security to the trustee in the circumstances described in the indenture. We will replace debt securities that are destroyed, stolen or lost at the expense of the holder upon delivery to the trustee of evidence of the destruction, loss or theft of the debt securities satisfactory to us and to the trustee in the circumstances described in the indenture. In the case of a destroyed, lost or stolen debt security, an indemnity and/or security satisfactory to the trustee and us, and payment of any taxes, governmental charges or other expenses, may be required from the holder of the debt security before a replacement debt security will be issued.

Governing Law

The laws of the State of New York will govern each indenture and will govern the debt securities.

Regarding the Trustee

If the trustee becomes a creditor of us, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest, it must (i) eliminate such conflict within 90 days, (ii) apply to the SEC for permission to continue or (iii) resign.

The holders of a majority in principal amount of the then outstanding debt securities will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an event of default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of debt securities, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.
