**PROSPECTUS SUPPLEMENT**

(To Prospectus dated September 15, 2016)

**\$1,000,000,000**

**Starbucks Corporation**

**\$500,000,000 2.200% Senior Notes due 2020**

**\$500,000,000 3.750% Senior Notes due 2047**

Starbucks is offering \$500,000,000 aggregate principal amount of 2.200% Senior Notes due 2020 (the 2020 notes ) and \$500,000,000 aggregate principal amount of 3.750% Senior Notes due 2047 (the 2047 notes and, together with the 2020 notes, the notes ). The 2020 notes will mature on November 22, 2020. Starbucks will pay interest on the 2020 notes semiannually on May 22 and November 22 of each year, beginning May 22, 2018. The 2047 notes will mature on December 1, 2047. Starbucks will pay interest on the 2047 notes semiannually on June 1 and December 1 of each year, beginning June 1, 2018. Starbucks may redeem some or all of the notes of either series in whole at any time or in part from time to time prior to their maturity at the applicable redemption prices described under Description of Notes Redemption. If Starbucks experiences a change of control triggering event, it may be required to offer to purchase the notes from holders as described under Description of Notes Offer to Repurchase upon a Change of Control Triggering Event.

The notes will be Starbucks senior unsecured obligations and will rank equally in right of payment with all of its other senior unsecured indebtedness from time to time outstanding. The notes of each series will be issued only in minimum denominations of \$2,000 and integral multiples of \$1,000 thereof.

**Investing in the notes involves risks that are described or referred to in the Risk Factors section beginning on page S-5 of this prospectus supplement.**

	<b>Per 2020 Note</b>	<b>Total</b>	<b>Per 2047 Note</b>	<b>Total</b>
Initial public offering price(1)	99.919%	\$ 499,595,000	99.731%	\$ 498,655,000
Underwriting discount	0.250%	\$ 1,250,000	0.875%	\$ 4,375,000
Proceeds, before expenses, to Starbucks	99.669%	\$ 498,345,000	98.856%	\$ 494,280,000

(1) Plus accrued interest from November 22, 2017, if settlement occurs after that date.

**Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.**

Delivery of the notes offered hereby in book-entry form will be made only through the facilities of The Depository Trust Company for the accounts of its participants, including Clearstream Banking, S.A., and Euroclear Bank SA/NV on or about November 22, 2017.

**ABOUT THIS PROSPECTUS SUPPLEMENT**

This document is comprised of two parts. The first part is this prospectus supplement, which contains the terms of this offering of notes and other information. The second part is the accompanying prospectus dated September 15, 2016, which is part of our Registration Statement on Form S-3 (SEC Registration No. 333-213645) and contains more general information, some of which does not apply to this offering.

This prospectus supplement may add to, update or change the information in the accompanying prospectus. If information in this prospectus supplement is inconsistent with information in the accompanying prospectus, this prospectus supplement will apply and will supersede that information in the accompanying prospectus.

It is important for you to read and consider all information contained or incorporated by reference into this prospectus supplement and the accompanying prospectus in making your investment decision. You should also read and consider the information in the documents to which we have referred you in **Incorporation of Certain Documents by Reference** in this prospectus supplement and the accompanying prospectus and in **Where You Can Find More Information** in the accompanying prospectus.

No person is authorized to give any information or to make any representation that is different from, or in addition to, those contained or incorporated by reference into this prospectus supplement, the accompanying prospectus and, if given or made, such information or representations must not be relied upon as having been authorized. Neither the delivery of this prospectus supplement, the accompanying prospectus, nor any sale made hereunder, shall under any circumstances create any implication that there has been no change in our affairs since the date of this prospectus supplement, or that the information contained or incorporated by reference into this prospectus supplement or the accompanying prospectus is correct as of any time subsequent to the date of such information.

The distribution of this prospectus supplement and the accompanying prospectus and the offering of the notes in certain jurisdictions may be restricted by law. This prospectus supplement and the accompanying prospectus do not constitute an offer to sell, or an invitation on our behalf or the underwriters or any of them, to subscribe for or purchase any of the notes, and may not be used for or in connection with an offer or solicitation by anyone, in any jurisdiction in which such an offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation. See **Underwriting**.

In this prospectus supplement, unless otherwise stated or the context otherwise requires, references to **Starbucks**, **we**, **us**, **our** and **Company** refer to Starbucks Corporation and its consolidated subsidiaries. If we use a capitalized term in this prospectus supplement and do not define the term in this prospectus supplement, it is defined in the accompanying prospectus.

**Table of Contents**

**PROSPECTUS SUPPLEMENT SUMMARY**

*This summary highlights selected information from, or incorporated by reference in, this prospectus supplement or the accompanying prospectus, but may not contain all the information that may be important to you. You should read this entire prospectus supplement, the accompanying prospectus and those documents incorporated by reference carefully, including the Risk Factors and the financial statements and the related notes, before making an investment decision.*

**Starbucks Corporation**

Starbucks is the premier roaster, marketer and retailer of specialty coffee in the world, operating in 75 countries. We purchase and roast high-quality coffees that we sell, along with handcrafted coffee, tea and other beverages and a variety of fresh food items, including snack offerings, through company-operated stores. We also sell a variety of coffee and tea products and license our trademarks through other channels such as licensed stores, grocery and foodservice accounts. In addition to our flagship Starbucks Coffee brand, we sell goods and services under the following brands: Teavana, Tazo, Seattle's Best Coffee, Evolution Fresh, La Boulange and Ethos.

Our objective is to maintain Starbucks standing as one of the most recognized and respected brands in the world. To achieve this, we are continuing the disciplined expansion of our global store base, adding stores in both existing, developed markets such as the US, and in newer, higher growth markets such as China, as well as optimizing the mix of company-operated and licensed stores in each market. In addition, by leveraging the experience gained through our traditional store model, we continue to offer consumers new coffee and other products in a variety of forms, across new categories, and through diverse channels. We also believe our Starbucks Global Social Impact strategy, commitments related to ethically sourcing high-quality coffee and contributing positively to the communities we do business in, and being an employer of choice are contributors to our objective.

Our principal executive offices are located at 2401 Utah Avenue South, Seattle, Washington 98134, and our telephone number is (206) 447-1575. We maintain a website at <http://www.starbucks.com>. The information on our website is not part of this prospectus supplement or the accompanying prospectus.

**The Offering**

*The following summary is a summary of the notes, and is not intended to be complete. It does not contain all of the information that may be important to you. For a more complete understanding of the notes, please refer to the section entitled *Description of Notes* in this prospectus supplement and the section entitled *Description of Debt Securities* in the accompanying prospectus.*

Issuer	Starbucks Corporation, a Washington corporation.
Notes Offered	\$500,000,000 aggregate principal amount of 2.200% Senior Notes due 2020. \$500,000,000 aggregate principal amount of 3.750% Senior Notes due 2047.
Maturity	The 2020 notes will mature on November 22, 2020. The 2047 notes will mature on December 1, 2047.
Interest Payment Dates	Interest on the 2020 notes will be paid semiannually in arrears on May 22 and November 22 of each year, beginning May 22, 2018. Interest on the 2047 notes will be paid semiannually in arrears on June 1 and December 1 of each year, beginning June 1, 2018.
Interest	The 2020 notes will bear interest at 2.200% per year. The 2047 notes will bear interest at 3.750% per year. Interest on the notes will accrue from November 22, 2017.
Optional Redemption	At any time (or in the case of the 2047 notes, at any time prior to June 1, 2047 (six months prior to the maturity date of the 2047 notes)), we may redeem the notes of the applicable series, in whole at any time or in part from time to time, at our option, at a redemption price equal to the greater of:  100% of the aggregate principal amount of the notes to be redeemed; and  the sum of the present value of the remaining scheduled payments of principal and interest on the notes being redeemed (exclusive of

interest accrued to the redemption date) discounted to the redemption date on a semiannual basis (assuming a 360-day year of twelve 30-day months), at the Treasury Rate (as defined herein) plus 10 basis points, in the case of the 2020 notes, or 15 basis points, in the case of the 2047 notes,

plus, in each case, accrued and unpaid interest on the notes being redeemed to the redemption date.

In addition, at any time on and after June 1, 2047 (six months prior to the maturity date of the 2047 notes), we may redeem some or all of the 2047 notes, at our option, at a redemption price equal to 100% of the principal amount of the 2047 notes to be redeemed plus accrued and unpaid interest on the principal amount being redeemed to the redemption date. See Description of Notes Redemption.

**Table of Contents**

Offer to Repurchase Upon a Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, as defined under Description of Notes Offer to Repurchase upon a Change of Control Triggering Event, affecting the 2020 notes or the 2047 notes, we will be required, unless we have exercised our option to redeem the notes of a particular series, to make an offer to repurchase the notes of such series at a price equal to 101% of their aggregate principal amount, plus accrued and unpaid interest to, but not including, the date of repurchase.

Ranking

The notes will rank equally in right of payment with all of our other senior unsecured indebtedness, whether currently existing or incurred in the future. As of October 1, 2017, we had \$3,955.3 million in aggregate principal amount of senior unsecured notes outstanding. The notes will be senior in right of payment to our subordinated indebtedness and effectively junior in right of payment to our secured indebtedness to the extent of the value of the collateral securing that indebtedness. As of October 1, 2017, we had no secured indebtedness. The notes will be effectively subordinated to any existing or future indebtedness or other liabilities, including trade payables, of any of our subsidiaries. As of October 1, 2017, our subsidiaries had approximately \$5.0 million of indebtedness (excluding trade payables).

Certain Covenants

The indenture governing the notes contains covenants that, among other things, will limit our ability to:

incur, create, assume or guarantee any debt for borrowed money secured by a lien upon any principal property or shares of stock or indebtedness of any subsidiary that owns any principal property;

enter into certain sale and lease-back transactions; and

consolidate with or merge into, or transfer or lease all or substantially all of our assets to, any other party.

These covenants are subject to important exceptions and qualifications that are described under the heading Description of Notes Certain Covenants Limitation on Liens, Limitation on Sale and Lease-Back Transactions and Limitation on Mergers and Other Transactions in this prospectus supplement.

Use of Proceeds

We intend to use the net proceeds from the sale of the notes for general corporate purposes, including the repurchase of our common stock under our ongoing share repurchase program, business expansion, payment of cash dividends on our common stock or the financing of possible acquisitions. See Use of Proceeds.

Form and Denomination

We will issue the notes of each series in the form of one or more fully registered global notes, without coupons, registered in the name of the nominee of The Depository Trust Company ( DTC ). Beneficial

**Table of Contents**

interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Clearstream Banking, S.A., and Euroclear Bank, SA/NV will hold interests on behalf of their participants through their respective U.S. depositories, which in turn will hold such interests in accounts as participants of DTC. Except in the limited circumstances described in this prospectus supplement and in the accompanying prospectus, owners of beneficial interests in the global notes will not be entitled to have notes registered in their names, will not receive or be entitled to receive notes in definitive form and will not be considered holders of notes under the indenture. The notes of each series will be issued only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

Further Issuances

We may, from time to time, without giving notice to or seeking the consent of the holders or beneficial owners of either series of notes offered hereby, issue additional debt securities having the same terms (except for the issue date and, in some cases, the public offering price and the first interest payment date) as, and ranking equally and ratably with, the notes of such series. Any additional debt securities having such similar terms, together with the notes of the applicable securities offered hereby, will constitute a single series of securities under the indenture.

Risk Factors

Your investment in the notes will involve risks. You should carefully consider all of the information contained in or incorporated by reference into this prospectus supplement and the accompanying prospectus as well as the specific factors under the heading **Risk Factors** beginning on page S-5.

Trustee

U.S. Bank National Association.

Governing Law

The indenture and the notes will be governed by, and construed in accordance with, the laws of the State of New York.

**Table of Contents**

**RISK FACTORS**

*Investing in the notes offered by this prospectus supplement involves risks. You should carefully consider the risk factors described below as well as those incorporated by reference to our most recent Annual Report on Form 10-K and the other information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus. The occurrence of any of these risks might cause you to lose all or part of your investment in the notes.*

**Risks Relating to this Offering and the Notes**

***Increased leverage may harm our financial condition and results of operations.***

As of October 1, 2017, we had approximately \$8,908.6 million of total liabilities on a consolidated basis, including \$3,955.3 million in aggregate principal amount of senior unsecured notes outstanding. Our commercial paper program currently has a borrowing limit of \$3.0 billion, which is backstopped by our revolving credit facilities. The current commitment under our Five-Year Credit Agreement is \$2.0 billion, which may be increased to \$2.5 billion, upon the consent of the lenders under our Five-Year Credit Agreement. The current commitment under our 364-Day Credit Agreement is \$1.0 billion, which may be increased to \$1.5 billion, upon the consent of the lenders under our 364-Day Credit Agreement. As of October 1, 2017, we had no amounts outstanding under our commercial paper program or our revolving credit facility then in effect.

We and our subsidiaries may incur additional indebtedness in the future and, subject to limitations on debt for borrowed money secured by liens on our principal properties or shares of stock or indebtedness of any subsidiaries that own any principal properties, the notes do not restrict future incurrence of indebtedness. This increase and any future increase in our level of indebtedness will have several important effects on our future operations, including, without limitation, that:

we will have additional cash requirements to support the payment of interest on our outstanding indebtedness;

increases in our outstanding indebtedness and leverage may increase our vulnerability to adverse changes in general economic and industry conditions, as well as to competitive pressure;

our ability to obtain additional financing for working capital, capital expenditures, general corporate and other purposes may be limited; and

our flexibility in planning for, or reacting to, changes in our business and our industry may be limited. Our ability to make payments of principal and interest on our indebtedness depends on our future performance, which will be subject to general economic conditions, industry cycles and financial, business and other factors affecting our consolidated operations, many of which are beyond our control. If we are unable to generate sufficient cash flow from operations in the future to service our debt, we may be required, among other things:

to seek additional financing in the debt or equity markets;

to refinance or restructure all or a portion of our indebtedness, including the notes;

to sell selected assets;

to reduce or delay planned capital expenditures; or

to reduce or delay planned operating expenditures.

Such measures might not be sufficient to enable us to service our debt, including the notes. In addition, any such financing, refinancing or sale of assets might not be available on economically favorable terms.

S-5

**Table of Contents**

***The notes will be effectively subordinated to the debt of our subsidiaries, which may limit your recovery.***

The notes are our obligations and not obligations of any of our subsidiaries. A significant portion of our operations is conducted through our subsidiaries. Our subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due pursuant to the notes or otherwise to make any funds available to us to repay our obligations, whether by dividends, loans or other payments. Moreover, our rights to receive assets of any subsidiary upon its liquidation or reorganization, and the ability of holders of the notes to benefit indirectly therefrom, will be effectively subordinated to the claims of creditors of that subsidiary, including trade creditors. As of October 1, 2017, our subsidiaries had approximately \$5.0 million of indebtedness (excluding trade payables).

***The notes are subject to prior claims of any secured creditors, and if a default occurs, we may not have sufficient funds to fulfill our obligations under the notes.***

The notes are our senior unsecured general obligations, ranking equally with other senior unsecured indebtedness. The indenture governing the notes permits us and our subsidiaries to incur additional secured debt under specific circumstances. If we incur any secured debt, all or a portion of our assets will be subject to prior claims by our secured creditors. If our subsidiaries incur any secured debt, all or a portion of their assets will be subject to prior claims by their secured creditors. In the event of our bankruptcy, liquidation, reorganization, dissolution or other winding up, assets that secure debt will be available to pay obligations on the notes only after all debt secured by those assets has been repaid in full. Holders of the notes will participate in our remaining assets ratably with all of our other unsecured and senior creditors, including our trade creditors. If we incur any additional obligations that rank equally with the notes, including trade payables, the holders of those obligations will be entitled to share ratably with the holders of the notes in any proceeds distributed upon our bankruptcy, liquidation, reorganization, dissolution or other winding up. This may have the effect of reducing the amount of proceeds paid to you. If there are not sufficient assets remaining to pay all these creditors, all or a portion of the notes then outstanding would remain unpaid. As of October 1, 2017, we did not have any secured indebtedness.

***We intend to continue to repurchase our stock and pay cash dividends to shareholders, which will reduce cash reserves and shareholders' equity that is available for repayment of the notes.***

We expect to continue to repurchase our common stock under our previously announced share repurchase program and to pay cash dividends to shareholders. These expenditures may be significant, and would reduce cash and shareholders' equity that is available to repay the notes.

***The provisions of the notes will not necessarily protect you in the event of a highly-leveraged transaction.***

The terms of the notes will not necessarily afford you protection in the event of a highly-leveraged transaction that may adversely affect you, including a reorganization, recapitalization, restructuring, merger or other similar transactions involving us. As a result, we could enter into any such transaction even though the transaction could increase the total amount of our outstanding indebtedness, adversely affect our capital structure or credit rating or otherwise adversely affect the holders of the notes. These transactions may not involve a change in voting power or beneficial ownership or result in a downgrade in the ratings of the notes, or, even if they do, may not necessarily constitute a change of control triggering event that affords you the protections described in this prospectus supplement. If any such transaction should occur, the value of your notes may decline.

***We have made only limited covenants in the indenture governing the notes and these limited covenants may not protect your investment.***

The indenture governing the notes does not:

require us to maintain any financial ratios or specific levels of net worth, revenues, income, cash flows or liquidity and, accordingly, does not protect holders of the notes in the event that we experience significant adverse changes in our financial condition or results of operations;

S-6

**Table of Contents**

limit our subsidiaries' ability to incur indebtedness which would effectively rank senior to the notes;

limit our ability to incur indebtedness that is equal in right of payment to the notes;

restrict our ability to repurchase our common stock; or

restrict our ability to make investments or to pay dividends or make other payments in respect of our common stock or other securities ranking junior to the notes.

Furthermore, the indenture governing the notes contains only limited protections in the event of a change of control and similar transactions. We could engage in many types of transactions, such as acquisitions, refinancings or recapitalizations, that could substantially affect our capital structure and the value of the notes but may not constitute a change of control that, upon any resulting downgrade in credit rating below investment grade, permits holders to require us to repurchase their notes.

***We may not be able to repurchase all of the notes upon a change of control triggering event, which would result in a default under the notes.***

We may be required to offer to repurchase the notes upon the occurrence of a change of control triggering event as provided in the indenture governing the notes. However, we may not have sufficient funds to repurchase the notes in cash at such time. In addition, our ability to repurchase the notes for cash may be limited by law or the terms of other agreements relating to our indebtedness outstanding at the time. Our failure to repurchase the notes as required under the indenture governing the notes would result in a default under the indenture, which could have material adverse consequences for us and the holders of the notes. See "Description of Notes—Offer to Repurchase upon a Change of Control Triggering Event."

***Redemption may adversely affect your return on the notes.***

We may choose to redeem the notes at times when prevailing interest rates are relatively low. As a result, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as the notes being redeemed. Such redemption right of ours also may adversely impact your ability to sell your notes, and/or the price at which you could sell your notes, as the redemption date approaches.

***Changes in our credit ratings may adversely affect the value of the notes.***

Our long-term debt is subject to periodic review by independent credit rating agencies. Such ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. Such ratings are not recommendations to buy, sell or hold the notes. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that such ratings will not be lowered, suspended or withdrawn entirely by the rating agencies, if, in each rating agency's judgment, circumstances so warrant. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, are likely to adversely affect the market value of the notes and could increase our corporate borrowing costs. In this circumstance, no person or entity is obliged to provide any additional support or credit enhancement with respect to the notes.

***There may not be active trading markets for the notes and the market prices of the notes may be volatile.***

There are no existing markets for the notes and we do not intend to apply for listing of the notes of either series on any securities exchange or any automated quotation system. Accordingly, there can be no assurance that trading markets for the notes of either series offered hereby will ever develop or will be maintained. Further, there can be no assurance as to the liquidity of any markets that may develop for the notes, your ability to sell your notes or the prices at which you will be able to sell your notes. Future trading prices of the notes will depend

S-7

**Table of Contents**

on many factors, including but not limited to prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to the notes and the market for similar securities. Any trading market that develops would be affected by many factors independent of and in addition to the foregoing, including:

time remaining to the maturity of the notes;

outstanding amount of the notes;

the terms related to the optional redemption of the notes; and

level, direction and volatility of market interest rates generally.

S-8

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratios of earnings to fixed charges for each of the periods indicated.

	<b>Fiscal Years Ended</b>				
	<b>October 1, 2017</b>	<b>October 2, 2016</b>	<b>September 27, 2015</b>	<b>September 28, 2014</b>	<b>September 29, 2013(2)</b>
Ratio of earnings to fixed charges(1)	9.6x	12.2x	12.5x	10.6x	

- (1) The ratio of earnings to fixed charges is computed by dividing (i) income/(loss) from continuing operations before provision for income taxes and income from equity investees, plus distributed income from equity investees, amortization of capitalized interest and fixed charges (excluding capitalized interest) by (ii) fixed charges. Fixed charges include amortization of debt-related expenses, capitalized interest during the period and the interest portion of rental expense. Fixed charges exclude interest on uncertain tax positions, which is recorded in income tax expense (benefit) in our consolidated statement of earnings.
- (2) For the fiscal year ended September 29, 2013, our earnings were insufficient to cover fixed charges by \$373.5 million.

**Table of Contents**

**USE OF PROCEEDS**

We estimate the net proceeds from the sale of the notes offered hereby will be approximately \$990.4 million after deduction of underwriting discounts and the offering expenses for such notes. We intend to use the net proceeds of the sale of the notes for general corporate purposes, including the repurchase of our common stock under our ongoing share repurchase program, business expansion, payment of cash dividends on our common stock or the financing of possible acquisitions. We may temporarily invest funds that are not immediately needed for these purposes in short-term investments, including marketable securities.

S-10

**Table of Contents**

**DESCRIPTION OF NOTES**

*The following description of certain material terms of the notes offered hereby does not purport to be complete. This description adds information to the description of the general terms and provisions of the debt securities in the accompanying prospectus. To the extent this summary differs from the summary in the accompanying prospectus, you should rely on the description of notes in this prospectus supplement.*

*The notes will be issued under and governed by an indenture dated as of September 15, 2016 (the 2016 base indenture ) between us and U.S. Bank National Association, a national banking association organized and existing under the laws of the United States of America, as trustee (the trustee ), as supplemented by a supplemental indenture to be entered into between us and the trustee on the date of issue of the notes, with respect to the notes (the second supplemental indenture and, together with the 2016 base indenture, the indenture ). The following description is subject to, and is qualified in its entirety by reference to, the indenture. Unless otherwise defined herein, capitalized terms used in the following description are defined in the indenture. As used in the following description, the terms Starbucks, we, us, our and Company refer to Starbucks Corporation, a Washington corporation, and not any of its subsidiaries, unless the context requires otherwise.*

*We urge you to read the indenture (including definitions of terms used therein) because it, and not this description, defines your rights as a beneficial holder of the notes. You may request copies of the indenture from us at our address set forth under Incorporation of Certain Documents by Reference.*

**General**

The notes are two separate series of senior debt securities issued under the indenture. The trustee will also act as registrar, paying agent and authenticating agent and perform administrative duties for us, such as sending out interest payments and notices under the indenture.

The aggregate principal amount of the 2020 notes will initially be \$500,000,000, and the 2020 notes will mature on November 22, 2020. The aggregate principal amount of the 2047 notes will initially be \$500,000,000, and the 2047 notes will mature on December 1, 2047. The notes of each series will be issued only in fully registered form without coupons, in minimum denominations of \$2,000 with integral multiples of \$1,000 thereof.

The notes are general unsecured senior obligations of Starbucks and will rank equally in right of payment with all of our other unsecured senior indebtedness, whether currently existing or incurred in the future. As of October 1, 2017, we had \$3,955.3 million in aggregate principal amount of senior unsecured notes outstanding. The notes will be senior in right of payment to our subordinated indebtedness and effectively junior in right of payment to our secured indebtedness to the extent of the value of the collateral securing that indebtedness. As of October 1, 2017, we had no secured indebtedness. The notes will not be guaranteed by any of our subsidiaries and thus will be effectively subordinated to any existing or future indebtedness or other liabilities, including trade payables, of any of our subsidiaries. As of October 1, 2017, our subsidiaries had approximately \$5.0 million of indebtedness (excluding trade payables). The notes are not subject to, and do not have the benefit of, any sinking fund.

The 2020 notes will bear interest at a fixed rate per year of 2.200%, starting on November 22, 2017 and ending on their maturity date. Interest on the 2020 notes will be payable semiannually in arrears on May 22 and November 22 of each year, beginning on May 22, 2018. All payments of interest on the 2020 notes will be made to the persons in whose names the notes are registered on the May 7 or November 7 preceding the next applicable interest payment date.

Edgar Filing: STARBUCKS CORP - Form 424B5

The 2047 notes will bear interest at a fixed rate per year of 3.750%, starting on November 22, 2017 and ending on their maturity date. Interest on the 2047 notes will be payable semiannually in arrears on June 1 and

S-11

## **Table of Contents**

December 1 of each year, beginning on June 1, 2018. All payments of interest on the 2047 notes will be made to the persons in whose names the 2047 notes are registered on the May 15 or November 15 preceding the next applicable interest payment date.

Interest on the notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months. All dollar amounts resulting from this calculation will be rounded to the nearest cent.

Any payment otherwise required to be made in respect of the notes on a date that is not a Business Day may be made on the next succeeding Business Day. No additional interest will accrue as a result of any delayed payment.

We may, from time to time, without giving notice to or seeking consent of the holders or beneficial owners of either series of notes offered hereby, issue additional debt securities having the same terms (except for the issue date, and, in some cases, the public offering price and the first interest payment date) as, and ranking equally and ratably with the applicable series of the notes offered hereby. Any additional debt securities having such similar terms, together with the notes of the applicable series offered hereby, will constitute a single series of securities under the indenture.

The indenture does not contain any provisions that would limit our ability to incur indebtedness or require the maintenance of financial ratios or specified levels of net worth or liquidity.

## **Redemption**

At any time (or in the case of the 2047 notes, at any time prior to June 1, 2047 (six months prior to the maturity date of the 2047 notes)), the notes of the applicable series will be redeemable, in whole at any time or in part from time to time, at our option, at a redemption price equal to the greater of:

100% of the aggregate principal amount of the notes to be redeemed; or

the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed (not including any portion of any payments of interest accrued to the redemption date) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below) plus 10 basis points, in the case of the 2020 notes, or 15 basis points, in the case of the 2047 notes,

plus accrued and unpaid interest on the notes being redeemed to the redemption date.

Calculation of the foregoing will be made by us or on our behalf by such Person as we shall designate; provided, however, that such calculation shall not be a duty or obligation of the trustee.

At any time on and after June 1, 2047 (six months prior to the maturity date of the 2047 notes), some or all of the 2047 notes will be redeemable, at our option, at a redemption price equal to 100% of the principal amount of the 2047 notes to be redeemed plus accrued and unpaid interest on the principal amount being redeemed to the redemption date.

Notwithstanding the foregoing, installments of interest on notes that are due and payable on interest payment dates falling on or prior to a redemption date will be payable on the interest payment date to the registered holders as of the close of business on the relevant record date according to such notes and the indenture.

*Comparable Treasury Issue* means, with respect to each Reference Treasury Dealer, the United States Treasury security selected by such Reference Treasury Dealer as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of those notes.

S-12

## **Table of Contents**

*Comparable Treasury Price* means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for the redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (ii) if we obtain fewer than four Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations.

*Reference Treasury Dealer* means each of (i) Citigroup Global Markets Inc. and Goldman Sachs & Co. LLC (or their respective affiliates which are Primary Treasury Dealers (as defined below)) and their respective successors; (ii) a Primary Treasury Dealer selected by U.S. Bancorp Investments, Inc. and its successors; and (iii) any other Primary Treasury Dealer selected by us; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a Primary Treasury Dealer), we will substitute another Primary Treasury Dealer.

*Reference Treasury Dealer Quotations* means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by a Reference Treasury Dealer, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to us by that Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding that redemption date.

*Treasury Rate* means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

## ***Redemption Procedures***

In the event that we choose to redeem less than all of the notes of a particular series, selection of the notes of such series for redemption will be made by the trustee either:

in compliance with the requirements of the principal national securities exchange, if any, on which the notes of such series are listed; or

if the notes of such series are not so listed, on a pro rata basis, by lot or by such method as the trustee shall deem fair and appropriate.

No notes of a principal amount of \$2,000 or less shall be redeemed in part. Notice of redemption will be mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address. On and after the redemption date, interest will cease to accrue on notes or portions thereof called for redemption as long as we have deposited with the paying agent funds in satisfaction of the applicable redemption price.

## **Offer to Repurchase upon a Change of Control Triggering Event**

Upon the occurrence of a Change of Control Triggering Event, in respect of the notes of a particular series, unless we have exercised our option to redeem the notes of such series as described above, each holder of notes of such series will have the right to require that we purchase all or a portion of such holder's notes pursuant to the offer described below (the Change of Control Offer), at a purchase price equal to 101% of the principal amount thereof plus accrued interest, if any, to the date of purchase, subject to the rights of holders of notes of the applicable series on the relevant

record date to receive interest due on the relevant interest payment date.

Within 30 days following the date upon which the Change of Control Triggering Event occurred, or at our option, prior to any Change of Control (as defined below) but after the public announcement of the pending Change of Control, we must send, by first class mail, a notice to each holder, with a copy to the trustee, which notice shall govern the terms of the Change of Control Offer. Such notice shall state, among other things, the

S-13

## **Table of Contents**

purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed, other than as may be required by law (the Change of Control Payment Date ). The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control being consummated on or prior to the Change of Control Payment Date. Holders electing to have notes purchased pursuant to a Change of Control Offer will be required to surrender their notes, with the form entitled Option of Holder to Elect Purchase on the reverse of the note completed, to the paying agent at the address specified in the notice, or transfer their notes to the paying agent by book-entry transfer pursuant to the applicable procedures of the paying agent, prior to the close of business on the third Business Day prior to the Change of Control Payment Date.

We will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by us and such third party purchases all notes properly tendered and not withdrawn under its offer.

If a Change of Control Offer is made, we cannot assure you that we will have available funds sufficient to pay the Change of Control purchase price for all the notes that might be delivered by holders seeking to accept the Change of Control Offer. In the event we are required to purchase outstanding notes pursuant to a Change of Control Offer, we expect that we would seek third party financing to the extent we do not have available funds to meet our purchase obligations. However, we cannot assure you that we would be able to obtain such financing.

Neither our board of directors nor the trustee may waive the covenant relating to a holder's right to redemption upon the occurrence of a Change of Control Triggering Event. Restrictions in the indenture described herein on the ability of us and our subsidiaries to incur additional indebtedness secured by a lien on our principal properties or shares of stock or indebtedness of our subsidiaries that own principal properties may also make more difficult or discourage a takeover of us, whether favored or opposed by our management. Consummation of any such transaction in certain circumstances may require redemption or repurchase of the notes, and we cannot assure you that we or the acquiring party will have sufficient financial resources to effect such redemption or repurchase. Such restrictions may, in certain circumstances, make more difficult or discourage any leveraged buyout of us or any of our subsidiaries by our management. While such restrictions cover a wide variety of arrangements that have traditionally been used to effect highly leveraged transactions, the indenture may not afford the holders of the notes protection in all circumstances from the adverse aspects of a highly leveraged transaction, reorganization, recapitalization, restructuring, merger or similar transaction.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that any securities laws or regulations conflict with the Change of Control Triggering Event provisions of the indenture, we shall comply with the applicable securities laws and regulations and shall not be deemed to have breached our obligations under the Change of Control Triggering Event provisions of the indenture by virtue thereof.

## **Certain Covenants**

The indenture, including the second supplemental indenture, with respect to the notes, will contain, respectively, the following covenants:

### ***Limitation on Liens***

(a) We will not (nor will we permit any subsidiary to) issue, incur, create, assume or guarantee any Funded Debt secured by a mortgage, deed of trust, security interest, pledge, lien, charge or other encumbrance (collectively, a mortgage ) upon any Principal Property or upon any shares of stock or Indebtedness of any subsidiary that owns any Principal Property (whether such Principal Property, shares or Indebtedness are now existing or owed or hereafter created or acquired) without in any such case effectively providing, concurrently

S-14

---

**Table of Contents**

with the issuance, incurrence, creation, assumption or guaranty of any such Funded Debt, or the grant of such mortgage, that the notes (together with, if we shall so determine, any other Indebtedness of or guaranty by us or such subsidiary ranking equally with the notes) shall be secured equally and ratably with (or, at our option, prior to) such Funded Debt; provided that any mortgage created for the benefit of holders of the notes pursuant to this provision shall provide by its terms that such mortgage shall be automatically and unconditionally released and discharged upon the release and discharge of the mortgage that resulted in such provision becoming applicable. The foregoing restriction, however, will not apply to, and there will be excluded from any computation under clause (b) below and under paragraph (b) of the covenant described below under the caption **Limitation on Sale and Lease-Back Transactions**, each of the following (and the Funded Debt secured thereby):

- (1) mortgages on property, shares of stock or Indebtedness or other assets of any person existing at the time such person becomes a subsidiary;
- (2) mortgages on property, shares of stock or Indebtedness or other assets existing at the time of acquisition thereof by us or a subsidiary, or mortgages thereon to secure the payment of all or any part of the purchase price thereof or the cost of construction, installation, renovation, improvement or development thereon or thereof, or mortgages on property, shares of stock or Indebtedness or other assets to secure any Indebtedness incurred or guaranteed prior to, at the time of, or within 360 days after, the latest of the acquisition thereof or, in the case of property, the completion of such construction, installation, renovation, improvement or development or the commencement of substantial commercial operation of such property for the purpose of financing all or any part of the purchase price thereof, such construction, installation, renovation, improvement or development;
- (3) mortgages in favor of us or a subsidiary to secure Funded Debt owing to us or to a subsidiary;
- (4) mortgages existing at the date of the initial issuance of the notes;
- (5) mortgages on property, shares of stock or Indebtedness or assets of a person existing at the time such person is merged into or consolidated with Starbucks or a subsidiary or at the time of a sale, lease or other disposition of the properties of such person as an entirety or substantially as an entirety to us or a subsidiary;
- (6) mortgages in favor of the United States of America or any state, territory or possession thereof (or the District of Columbia), any foreign government, or any department, agency, instrumentality or political subdivision of the United States of America or any state, territory or possession thereof (or the District of Columbia) or any foreign government, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any Indebtedness incurred or guaranteed for the purpose of financing all or any part of the purchase price or the cost of constructing or improving the property subject to such mortgages (including, but not limited to, mortgages incurred in connection with pollution control or industrial revenue bonds or similar financing);

- (7) mortgages created in connection with a project financed with, and created to secure, a Nonrecourse Obligation; or
  
  - (8) extensions, renewals, refundings, or replacements, in whole or in part, of any mortgage referred to in the foregoing clauses; provided, however, that (i) the principal amount of Funded Debt secured thereby shall not exceed the principal amount of Funded Debt, plus any premium or fee payable in connection with any such extension, renewal, refunding or replacement, so secured at the time of such extension, renewal, refunding, or replacement and (ii) such extension, renewal, refunding or replacement mortgages will be limited to all or part of the same property, shares of stock or Indebtedness or assets and improvement or development thereon or thereof which secured the Indebtedness so secured at the time of such extension, renewal, refunding or replacement.
- (b) Notwithstanding the restrictions in the first sentence of the preceding paragraph, we or any subsidiary of ours may issue, incur, create, assume or guarantee Funded Debt secured by a mortgage which would otherwise be subject to such restrictions, without equally and ratably securing the notes, provided that after giving effect

S-15

**Table of Contents**

thereto, the aggregate amount of all Funded Debt so secured by mortgages (not including Funded Debt secured by mortgages permitted under clauses (1) through (8) of the second sentence of paragraph (a) above) plus the aggregate amount of all Attributable Debt in respect of Sale and Lease-Back Transactions relating to Principal Properties (excluding any Attributable Debt permitted to be incurred pursuant to clauses (1) through (8) of paragraph (a) of the covenant described below under the caption "Limitation on Sale and Lease-Back Transactions") does not exceed 15% of our Consolidated Net Tangible Assets.

***Limitation on Sale and Lease-Back Transactions***

(a) We will not, nor will we permit any subsidiary to, enter into any Sale and Lease-Back Transaction with respect to any Principal Property. The foregoing restriction, however, will not apply to, and therefore there will be excluded from any computation under clause (b) below and under paragraph (b) of the covenant described above under the caption "Limitation on Liens," any Sale and Lease-Back Transaction (and any Attributable Debt relating thereto) if:

- (1) we or a subsidiary are permitted to create Funded Debt secured by a mortgage pursuant to any of clauses (1) through (8) inclusive under the second sentence of paragraph (a) of the covenant described above under the caption "Limitation on Liens" on the Principal Property involved in such Sale and Lease-Back Transaction, in an amount at least equal to the Attributable Debt with respect to such Sale and Lease-Back Transaction, without equally and ratably securing the notes;
- (2) the proceeds of such Sale and Lease-Back Transaction are at least equal to the fair market value of the affected Principal Property (as determined in good faith by our Chief Executive Officer, President, Chief Financial Officer, Treasurer or Controller) and we or a subsidiary apply an amount equal to net proceeds of such Sale and Lease-Back Transaction within 360 days thereof to the prepayment or retirement of debt for borrowed money of Starbucks or a subsidiary (other than debt that is subordinated to the notes or debt owed to us or a subsidiary);
- (3) we or a subsidiary apply an amount equal to the net proceeds of such Sale and Lease-Back Transaction within 360 days thereof to the purchase, construction, development, expansion or improvement of other property;
- (4) such Sale and Lease-Back Transaction involves a lease for a term, including renewals, of not more than three years;
- (5) such Sale and Lease-Back Transaction is between us and one of our subsidiaries, or between subsidiaries;
- (6) such Sale and Lease-Back Transaction is executed at the time of, or within 12 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of substantial commercial operation, of the Principal Property covered thereby;

(7) the lease in such Sale and Lease-Back Transaction secures or relates to industrial revenue or pollution control bonds if we are permitted to incur a mortgage in connection with such industrial revenue or pollution control bonds pursuant to clause (6) of the second sentence of paragraph (a) under the caption Limitation on Liens ; or

(8) the lease payment in such Sale and Lease-Back Transaction is created in connection with a project financed with, and such obligation constitutes, a Nonrecourse Obligation.

(b) Notwithstanding the restrictions in the first sentence of the preceding paragraph, we or any subsidiary of ours may enter into any Sale and Lease-Back Transaction with respect to any Principal Property which would otherwise be subject to such restrictions, provided that after giving effect thereto, the aggregate amount of all Attributable Debt with respect to all such Sale and Lease-Back Transactions (not including any Attributable Debt permitted to be incurred pursuant to clauses (1) through (8) of paragraph (a) above) plus the aggregate amount of all secured Funded Debt incurred pursuant to paragraph (a) under the covenant described above under the caption

## **Table of Contents**

Limitation on Liens (excluding Funded Debt secured by mortgages permitted by clauses (1) through (8) of the second sentence of paragraph (a) thereunder) does not exceed 15% of our Consolidated Net Tangible Assets.

### ***Limitation on Mergers and Other Transactions***

We may not, directly or indirectly, merge or consolidate with any other person or persons (whether or not affiliated with us), and we may not sell, convey, transfer, lease or otherwise dispose of all or substantially all of our property or assets to any other person or persons (whether or not affiliated with us), unless we meet the following conditions:

- (1) either (a) the transaction is a merger or consolidation, and we are the surviving entity; or (b) the successor person (or the person which acquires by sale, conveyance, transfer or lease all or substantially all of our property or assets) is a corporation organized under the laws of the United States, any state thereof or the District of Columbia and expressly assumes, by a supplemental indenture executed and delivered to the trustee, in form reasonably satisfactory to the trustee, all of our obligations under the notes and the indenture;
- (2) immediately after giving effect to the transaction and treating our obligations in connection with or as a result of such transaction as having been incurred as of the time of such transaction, no Event of Default (and no event or condition which, after notice or lapse of time or both, would become an Event of Default) shall have occurred and be continuing under the indenture; and
- (3) an officer's certificate and an opinion of counsel is delivered to the trustee to the effect that both of the conditions set forth above have been satisfied.

In the event of any of the above transactions, if there is a successor person as described in paragraph (1)(b) immediately above, then the successor will expressly assume all of our obligations under the indenture and automatically be substituted for us in the indenture and as issuer of the notes. Further, if the transaction is in the form of a sale or conveyance, after any such transfer (except in the case of a lease), we will be discharged from all obligations and covenants under the indenture and all notes issued thereunder.

### **Events of Default**

Any of the following constitutes an Event of Default with respect to the notes:

failure to pay interest on the notes for 90 days after the payment is due;

failure to pay principal or any premium on the notes when due;

failure to perform any other covenant relating to the notes upon the receipt by us of notice of such default given as specified in the indenture and our failure to cure such default within 90 days after receipt by us of such notice; and

certain events of bankruptcy, insolvency and reorganization affecting the Company or any Material Subsidiary.

**Defeasance**

See Description of Debt Securities Defeasance of Debt Securities and Certain Covenants in Certain Circumstances in the accompanying prospectus.

**Definitions**

Set forth below are certain defined terms used in the indenture. We refer you to the indenture for a full disclosure of all such terms, as well as any other capitalized terms used in this Description of Notes or for which no definition is provided.

S-17

---

**Table of Contents**

*Attributable Debt* with regard to a Sale and Lease-Back Transaction with respect to any Principal Property means, at the time of determination, the lesser of (A) the present value of the total net amount of lease payments required to be paid under such lease during the remaining term thereof (after deducting the amount of rent to be received under non-cancellable subleases and including any period for which such lease has been extended), discounted at the greater of (x) the weighted average interest rate per annum borne by the notes or (y) the interest rate inherent in such lease, in each case, as determined by the Chief Financial Officer, Treasurer or Controller of the Company, compounded semiannually, or (B) the sale price for the Principal Property so sold and leased multiplied by a fraction the numerator of which is the remaining portion of the base term of the lease included in such Sale and Lease-Back Transaction and the denominator of which is the base term of such lease. In the case of any lease which is terminable by the lessee upon the payment of a penalty, such net amount shall be the lesser of (i) the net amount determined assuming termination upon the first date such lease may be terminated (in which case the net amount shall also include the amount of the penalty, but shall not include any rent that would be required to be paid under such lease subsequent to the first date upon which it may be so terminated) or (ii) the net amount determined assuming no such termination.

For purposes of determining such Attributable Debt, lease payments are the aggregate amount of the rent payable by the lessee with respect to the applicable period, after excluding amounts required to be paid on account of maintenance and repairs, water rates and similar utility charges. If and to the extent the amount of any lease payment during any future period is not definitely determinable under the lease in question, the amount of such lease payment will be estimated in such reasonable manner as the Chief Financial Officer, Treasurer or Controller of the Company may in good faith determine.

*Below Investment Grade Rating Event* means the notes of a particular series are rated below an Investment Grade Rating by each of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the notes of such series is under publicly announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

*Capital Stock* means:

- (1) with respect to any Person that is a corporation, any and all shares, interests, participations or other equivalents (however designated and whether or not voting) of corporate stock, including each class of Common Stock and Preferred Stock of such Person; and
- (2) with respect to any Person that is not a corporation, any and all partnership, membership or other equity interests of such Person.

*Change of Control* means the occurrence of one or more of the following events:

- (1) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all or substantially all of the assets of the Company to any Person or group of related Persons for purposes of Section 13(d) of the Exchange Act (a Group ), together with any Affiliates thereof (whether or not otherwise in compliance with the provisions of the indenture);
- (2) the approval by the holders of Capital Stock of the Company of any plan or proposal for the liquidation or dissolution of the Company (whether or not otherwise in compliance with the provisions of the indenture);

S-18

---

**Table of Contents**

- (3) any Person or Group shall become the owner, directly or indirectly, beneficially or of record, of shares representing more than 50% of the aggregate ordinary voting power represented by the issued and outstanding Capital Stock of the Company; or
- (4) during any period of 24 consecutive months, a majority of the members of the board of directors or other equivalent governing body of the Company cease to be composed of individuals (i) who were members of that board or equivalent governing body on the first day of such period, (ii) whose election or nomination to that board or equivalent governing body was approved by individuals referred to in clause (i) above constituting at the time of such election or nomination at least a majority of that board or equivalent governing body or (iii) whose election or nomination to that board or other equivalent governing body was approved by individuals referred to in clauses (i) and (ii) above constituting at the time of such election or nomination at least a majority of that board or equivalent governing body (excluding, in the case of both clause (ii) and clause (iii), any individual whose initial nomination for, or assumption of office as, a member of that board or equivalent governing body occurs as a result of an actual or threatened solicitation of proxies or consents for the election or removal of one or more directors by any person or group other than a solicitation for the election of one or more directors by or on behalf of the board of directors).

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (i) the Company becomes a wholly owned subsidiary of a holding company and (ii) the holders of the Voting Stock of such holding company immediately following such transaction are substantially the same as the holders of the Company's Voting Stock immediately prior to such transaction.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of our assets and those of our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our assets of those of our subsidiaries taken as a whole to another person or group may be uncertain.

*Change of Control Triggering Event* means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

*Common Stock* of any Person means any and all shares, interests or other participations in, and other equivalents (however designated and whether voting or non-voting) of, such Person's common stock, and includes, without limitation, all series and classes of such common stock.

*Consolidated Net Tangible Assets* means, as of any date on which we effect a transaction requiring such Consolidated Net Tangible Assets to be measured hereunder, the aggregate amount of assets (less applicable reserves) after deducting therefrom: (a) all current liabilities, except for current maturities of long-term debt and obligations under capital leases; and (b) intangible assets, to the extent included in said aggregate amount of assets, all as set forth on our most recent consolidated balance sheet and computed in accordance with generally accepted accounting principles in the United States of America applied on a consistent basis.

*Credit Agreement* means the Credit Agreement, dated as of October 25, 2017, among the Company, as borrower, Bank of America, N.A., in its capacity as Administrative Agent, Swing Line Lender and L/C Issuer, Wells Fargo Bank, N.A., Citibank, N.A. and U.S. Bank National Association, as L/C Issuers, and the other Lenders from time to time a party thereto, including any related letters of credit, notes, guarantees, collateral documents, instruments and agreements executed in connection therewith, in each case, as amended, restated, modified, renewed, refunded,

replaced or refinanced from time to time by one or more credit facilities, in which case, the credit agreement or similar agreement together with all other documents and instruments related thereto shall constitute the Credit Agreement under the indenture, whether with the same or different agents and lenders.

S-19

---

**Table of Contents**

*Funded Debt* means Indebtedness, whether or not contingent, for money borrowed (including all obligations evidenced by bonds, debentures, notes or similar instruments) owed or guaranteed by the Company or any consolidated subsidiary, and any of the debt which under generally accepted accounting principles in the United States of America would appear as debt on the consolidated balance sheet of the Company.

*Investment Grade Rating* means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P, or, in each case, if such Rating Agency ceases to rate the notes or fails to make a rating of such notes publicly available for reasons outside of our control, the equivalent investment grade credit rating by the replacement agency selected by us in accordance with the procedures described below.

*Material Subsidiary* means each subsidiary of the Company that meets either of the following tests: (a) its assets equal or exceed 3% of total assets of the Company and its subsidiaries on a consolidated basis, or (b) its revenues equal or exceed 3% of the total revenues of the Company and its subsidiaries on a consolidated basis; provided that (i) if the subsidiaries that meet either of the tests in (a) or (b), when combined with revenues generated or assets owned directly by the Company (excluding any assets located or revenues generated at the subsidiary level), aggregate less than 90% of the total assets or total revenues of the Company and its subsidiaries on a consolidated basis, the Company shall designate additional subsidiaries to constitute Material Subsidiaries until such threshold is met, and (ii) once a subsidiary is deemed a Material Subsidiary, whether by virtue of the tests in (a) or (b) above, or a result of designation pursuant to part (i) of this proviso, such subsidiary shall continue to constitute a Material Subsidiary throughout the term of the notes.

*Moody's* means Moody's Investors Service, Inc., a subsidiary of Moody's Corporation, and its successors.

*Nonrecourse Obligation* means Indebtedness or lease payment obligations related to (i) the acquisition of a Principal Property not previously owned by the Company or any subsidiary or (ii) the financing of a project involving the development or expansion of any Principal Property owned by the Company or any subsidiary, as to which the obligee with respect to such Indebtedness or obligation has no recourse to the Company or any subsidiary or any of the Company's or its subsidiaries' assets other than such Principal Property so acquired, developed or expanded, as applicable.

*Person* means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization or limited liability company, or governmental or other entity.

*Preferred Stock* of any Person means any Capital Stock of such Person that has preferential rights to any other Capital Stock of such Person with respect to dividends or redemptions or upon liquidation.

*Principal Property* means any individual facility or real property, or portion thereof, owned or hereafter acquired by us or any subsidiary and located within the United States of America, which, in the good faith opinion of our Chief Executive Officer, President, or Chief Financial Officer, is of material importance to the total business conducted by us and our subsidiaries taken as a whole, provided that no such individual facility or property will be deemed of material importance if its gross book value (excluding therefrom any equipment and before deducting accumulated depreciation) is less than 1.0% of our Consolidated Net Tangible Assets. With respect to any Sale and Lease-Back Transaction or series of related Sale and Lease-Back Transactions, the determination of whether any property is a Principal Property shall be determined by reference to all properties affected by such transaction or series of transactions.

*Rating Agencies* means (1) each of Moody's and S&P; and (2) if any of Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally recognized statistical

rating organization, as defined in Section 3(a)(62) of the Exchange Act, selected by us (as certified by a resolution of our board of directors) as a replacement agency for Moody's or S&P, or both of them, as the case may be.

S-20

## **Table of Contents**

*Sale and Lease-Back Transaction* means any arrangement with any person providing for the leasing by us or any subsidiary of any Principal Property, whether now owned or hereafter acquired, which Principal Property has been or is to be sold or transferred by us or such subsidiary to such person and which lease is required by generally accepted accounting principles in the United States of America to be capitalized on the balance sheet of such lessee.

*S&P* means S&P Global Ratings, a division of S&P Global, Inc.

*subsidiary* means any corporation, limited liability company or other similar type of entity in which we and/or one or more of our subsidiaries together own voting stock, membership interests or other capital securities having the power to elect a majority of the board of directors or similar governing body of such corporation, limited liability company or other similar type of entity, directly or indirectly. For the purposes of this definition, *voting stock* means stock or other capital securities which ordinarily have voting power for the election of directors or similar governing body, whether at all times or only so long as no senior class of stock or other capital securities have such voting power by reason of any contingency.

*Voting Stock* of any specified Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the board of directors of such Person.

## **Book-Entry Delivery and Settlement**

### ***Global Notes***

We will issue the notes of each series in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of DTC and registered in the name of Cede & Co., as nominee of DTC.

### ***DTC, Clearstream and Euroclear***

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold interests in the global notes through either DTC (in the United States), Clearstream Banking, S.A. ( *Clearstream* ), or Euroclear Bank SA/NV ( *Euroclear* ), in Europe, either directly if they are participants in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their U.S. depositaries, which in turn will hold such interests in customers' securities accounts in the U.S. depositaries' names on the books of DTC.

DTC has advised us as follows:

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under Section 17A of the Exchange Act.

DTC holds securities that its participants deposit with DTC and facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic

Edgar Filing: STARBUCKS CORP - Form 424B5

computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations.

DTC is owned by a number of its direct participants and by NYSE Euronext and the Financial Industry Regulatory Authority, Inc.

S-21

## Table of Contents

Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly.

The rules applicable to DTC and its direct and indirect participants are on file with the SEC. Clearstream has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Section. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank SA/NV (the Euroclear Operator ), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the Cooperative ). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers, and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

The Euroclear Operator has advised us that it is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, the underwriters or the trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants designated by the underwriters with portions of the principal amounts of the

global notes; and

ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

S-22

**Table of Contents**

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the notes represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in notes represented by a global note to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture and under the notes. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the indenture or under the notes for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the indenture or a global note.

Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the notes.

Payments on the notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions on the notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions on the notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

***Clearance and Settlement Procedures***

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in

S-23

## **Table of Contents**

immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other hand, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depository to take action to effect final settlement on its behalf by delivering or receiving the notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositories.

Because of time-zone differences, credits of the notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

### ***Certificated Notes***

We will issue certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by a global note upon surrender by DTC of the global note if:

DTC notifies us that it is no longer willing or able to act as a depository for such global note or ceases to be a clearing agency registered under the Exchange Act, and we have not appointed a successor depository within 90 days of that notice or becoming aware that DTC is no longer so registered;

an Event of Default has occurred and is continuing, and DTC requests the issuance of certificated notes; or

we determine not to have the notes represented by a global note.

Neither we nor the trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the notes. We and the trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the certificated notes to be issued.

**Payment and Paying Agents**

Payments on the global notes will be made in U.S. dollars by wire transfer. If we issue definitive notes, the holders of definitive notes will be able to receive payments of principal of and interest on their notes at the office of our paying agent maintained in the Borough of Manhattan, The City of New York. Payment of principal of a

S-24

## **Table of Contents**

definitive note may be made only against surrender of the note to our paying agent. We have the option, however, of making payments of interest by wire transfer or by mailing checks to the address of the holder appearing in the register of note holders maintained by the registrar.

We will make any required interest payments to the person in whose name a note is registered at the close of business on the record date for the interest payment.

The trustee will be designated as our paying agent for payments on the notes. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

## **Notices**

Any notices required to be given to the holders of the notes will be given to DTC, as the registered holder of the global notes. In the event that the global notes are exchanged for notes in definitive form, notices to holders of the notes will be made by first-class mail, postage prepaid, to the addresses that appear on the register of noteholders maintained by the registrar.

## **The Trustee**

The trustee's current address is 1420 Fifth Avenue, 7<sup>th</sup> Floor, Seattle, Washington 98101, Attn: Global Corporate Trust Services. The trustee is one of a number of banks with which we maintain ordinary banking relationships. In addition, the trustee is a co-documentation agent and L/C issuer under our Credit Agreements, and a lender thereunder. Also, an affiliate of the trustee is joint lead manager and joint book manager under our Credit Agreements, and an underwriter of the notes offered hereby.

The indenture provides that, except during the continuance of an Event of Default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an Event of Default, the trustee must exercise such rights and powers vested in it as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), incorporated by reference in the indenture contain limitations on the rights of the trustee, should it become our creditor, to obtain payment of claims in certain cases or to liquidate certain property received by it in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us or any of our affiliates. If the trustee acquires any conflicting interest (as defined in the indenture or in the Trust Indenture Act), it must eliminate that conflict or resign.

## **Governing Law**

The indenture and the notes will be governed by and construed in accordance with the laws of the State of New York.

**Table of Contents**

**DESCRIPTION OF CERTAIN OTHER INDEBTEDNESS**

**Revolving Credit Facilities**

On October 25, 2017, we entered into a new \$2.0 billion Credit Agreement and a new \$1.0 billion 364-Day Credit Agreement, which replaced our prior revolving credit facility. As of October 1, 2017, we had no outstanding borrowings under our prior revolving credit facility.

The \$2.0 billion Credit Agreement (the **Five-Year Credit Agreement**) provides for a \$2.0 billion unsecured, revolving credit facility (of which \$150 million may be used for the issuances of letters of credit) and is scheduled to mature on October 25, 2022. Provided there is no default, we may, from time to time, request an increase from the lenders in the aggregate commitments by an amount not exceeding \$500 million for a total aggregate facility commitment not to exceed \$2.5 billion.

Borrowings under the Five-Year Credit Agreement will bear interest at a variable interest rate based on LIBOR, and, for U.S. Dollar-denominated loans under certain circumstances, a Base Rate, in each case plus an applicable margin. The applicable margin is based on the better of (i) our long-term credit ratings assigned by Moody's and Standard & Poor's rating agencies, and (ii) our fixed charge coverage ratio, pursuant to a pricing grid set forth in the Five-Year Credit Agreement. The current applicable margin is 0.565% for Eurocurrency Rate Loans and 0.00% for Base Rate Loans. During an event of default under the Five-Year Credit Agreement, interest on the outstanding amount of the indebtedness under the Five-Year Credit Agreement will bear interest at a rate per annum equal to 2% in excess of the interest then borne by such borrowings.

The \$1.0 billion 364-Day Credit Agreement (the **364-Day Credit Agreement** and, together with the Five-Year Credit Agreement, the **Credit Agreements**) provides for a \$1.0 billion unsecured, revolving credit facility and is scheduled to mature on October 24, 2018. Provided there is no default, we may, from time to time, request an increase from the lenders in the aggregate commitments by an amount not exceeding \$500 million for a total aggregate facility commitment not to exceed \$1.5 billion.

Borrowings under the 364-Day Credit Agreement will bear interest at a variable interest rate based on LIBOR, and, for U.S. Dollar-denominated loans under certain circumstances, a Base Rate, in each case plus an applicable margin. The applicable margin is 0.585% for Eurocurrency Rate Loans and 0.00% for Base Rate Loans. During an event of default under the 364-Day Credit Agreement, interest on the outstanding amount of the indebtedness under the 364-Day Credit Agreement will bear interest at a rate per annum equal to 2% in excess of the interest then borne by such borrowings.

The Credit Agreements contain provisions requiring that we maintain compliance with certain covenants, including a minimum fixed charge coverage ratio of 2.50 to 1. The Credit Agreements also contain certain customary events of default, including non-payment of principal, interest or fees, violation of covenants, cross default to certain other indebtedness, invalidity of any loan document, material judgments, bankruptcy and insolvency events, and change of control, subject, in certain instances, to cure periods. Upon the occurrence of an event of default, the lenders may elect to declare amounts outstanding under the Credit Agreements immediately due and payable.

**Commercial Paper Program**

On October 27, 2017, in connection with the entry into our new revolving credit facilities, we increased the size of our commercial paper program to permit the issuance of unsecured commercial paper notes up to a maximum aggregate amount outstanding at any time of \$3.0 billion. Individual maturities of our commercial paper notes may vary, but

may not exceed 397 days from the date of issue. Amounts outstanding under our commercial paper program are required to be backstopped by available commitments under our revolving credit facilities discussed above.

S-26

**Table of Contents**

Under the program, we may issue commercial paper from time to time, and the proceeds of any such commercial paper issuances may be used for working capital, capital expenditures and other corporate purposes. As of October 1, 2017, we had no outstanding borrowings under our commercial paper program.

**Senior Debt Securities**

As of October 1, 2017, we had an aggregate principal amount of \$3,955.3 million of senior unsecured notes outstanding. The specific amounts, maturity and interest rates of those senior debt securities are set forth in the following table.

	<b>Principal Amount (in millions)</b>
<b>Senior Debt Securities(1)</b>	
2.000% Senior Notes due December 2018	\$ 350.0
2.100% Senior Notes due February 2021	\$ 750.0
2.700% Senior Notes due June 2022	\$ 500.0
3.850% Senior Notes due October 2023	\$ 750.0
0.372% Senior Notes due March 2024(2)	\$ 755.3
2.450% Senior Notes due June 2026	\$ 500.0
4.300% Senior Notes due June 2045	\$ 350.0
<b>Total</b>	<b>\$ 3,955.3(1)</b>

(1) Does not give effect to the issuance of the notes in this offering.

(2) Japanese yen-denominated long-term debt.

Our, 2018 Senior Notes, 2021 Senior Notes, 2022 Senior Notes, 2023 Senior Notes, 2026 Senior Notes and 2045 Senior Notes were all issued under an indenture dated August 23, 2007 (together with the 2016 base indenture, the base indentures ), as supplemented by supplemental indentures applicable to each series of Senior Notes. The 2024 Notes were issued under the 2016 base indenture, as supplemented by a supplemental indenture applicable to the 2024 Notes. These existing Senior Notes are our general unsecured senior obligations and are not guaranteed by any of our subsidiaries. The base indenture and the terms of the Senior Notes do not directly limit the amount of other debt that may be incurred by us or our subsidiaries. Subject to several enumerated exceptions, the base indentures and the terms of the Senior Notes prohibit us and certain of our subsidiaries from securing any debt or other obligations with any principal property or shares of capital stock of certain of our subsidiaries without providing that the Senior Notes be secured equally and ratably with the secured debt or other obligations for so long as the secured debt or other obligations remains secured except to the extent the amount of the secured debt or other obligations, along with the value of permitted sale and lease-back transactions, does not exceed 15% of our consolidated net tangible assets, as defined in the supplemental indentures applicable to each series of Senior Notes. The terms of the Senior Notes also restrict our ability to enter into sale and lease-back transactions as well as to consolidate or merge with any other person or sell all or substantially all of our assets. These existing Senior Notes have substantially the same covenants, change of control provisions and events of default as the notes offered hereby.

**Table of Contents**

**CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

The following is a summary of United States federal income tax considerations relating to the acquisition, ownership and disposition of the notes. It is not a complete analysis of all the potential tax considerations relating to the notes. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the Code), Treasury Regulations promulgated under the Code, administrative rulings and judicial decisions, all as in effect as of the date of this prospectus supplement and all of which are subject to change or different interpretations, possibly with retroactive effect. Any such change could affect the accuracy of the statements and conclusions set forth herein. No ruling from the Internal Revenue Service (the IRS) or opinion of counsel has or will be sought with respect to the matters discussed below. There can be no assurance that the IRS will not take a different position concerning the tax considerations relating to the acquisition, ownership and disposition of the notes.

This summary is limited to beneficial owners of the notes that purchase the notes upon their initial issuance at their issue price (generally, the first price at which a substantial amount of the notes is sold for cash to investors (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity as underwriters, placement agents or wholesalers)) and that will hold the notes as capital assets within the meaning of Section 1221 of the Code (generally, for investment purposes). This summary does not address the tax considerations arising under the laws of any foreign, state or local jurisdiction or any non-income tax provisions of the Code. In addition, this summary does not address all United States federal income tax considerations that may be relevant to a particular investor in light of the investor's particular circumstances, or to certain categories of investors that may be subject to special tax rules, such as, for example:

holders subject to the alternative minimum tax;

banks, insurance companies or other financial institutions;

regulated investment companies;

real estate investment trusts;

tax-exempt organizations;

brokers and dealers in securities or commodities;

expatriates;

traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;

U.S. Holders (as defined below) whose functional currency is not the United States dollar;

persons that will hold the notes as a position in a hedging transaction, straddle, conversion transaction or other risk reduction transaction;

persons deemed to sell the notes under the constructive sale provisions of the Code;

controlled foreign corporations or passive foreign investment companies ; or

entities or arrangements classified as partnerships for United States federal income tax purposes or other pass-through entities, or investors in such entities.

If an entity or arrangement classified as a partnership for United States federal income tax purposes holds notes, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership or arrangement classified as a partnership for United States federal income tax purposes that will hold notes, you are urged to consult your own tax advisor regarding the tax consequences of holding the notes to you.

---

## **Table of Contents**

This summary of certain United States federal income tax considerations is for general information only and is not tax advice. You are urged to consult your tax advisor with respect to the application of United States federal income tax laws to your particular situation as well as any tax considerations arising under other United States federal tax laws (such as the estate or gift tax laws) or under the laws of any state, local, foreign or other taxing jurisdiction or under any applicable tax treaty.

### **Additional Payments**

In certain circumstances (see Description of Notes Offer to Repurchase upon a Change of Control Triggering Event ), we may be obligated to pay amounts in excess of stated interest or principal on the notes. The obligation to make these payments may implicate the provisions of the Treasury Regulations relating to contingent payment debt instruments. Treasury Regulations provide special rules for contingent payment debt instruments which, if applicable, could cause the timing, amount and character of a holder's income, gain or loss with respect to the notes to be different from the consequences discussed herein. Under the applicable Treasury Regulations, for purposes of determining whether a debt instrument is a contingent payment debt instrument, remote or incidental contingencies (determined as of the date the notes are issued) are ignored. We believe the possibility of making additional payments on the notes is remote and/or incidental and, therefore, we intend to take the position that the possibility of the payment of such amounts will not result in the notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Our position will be binding on all holders, except a holder that discloses its differing position to the IRS in the manner required by applicable Treasury Regulations. Our position is not binding on the IRS, however, which may take a contrary position and treat the notes as contingent payment debt instruments. You are urged to consult your own tax advisors regarding the potential application to the notes of the rules regarding contingent payment debt instruments and the consequences thereof, including the treatment of additional payments that might be made in respect of the notes. The remainder of this summary assumes the notes will not be treated as contingent payment debt instruments.

### **Consequences to U.S. Holders**

The following portion of this summary will apply to you if you are a U.S. Holder. For purposes of this discussion, a U.S. Holder is a beneficial owner of a note that is, for United States federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to United States federal income taxation regardless of its source; or

a trust (i) if a court within the United States can exercise primary supervision over its administration, and one or more United States persons (as defined under the Code) have the authority to control all of the substantial decisions of that trust or (ii) that has a valid election in effect under applicable Treasury Regulations to be treated as a United States person for United States federal income tax purposes.

### ***Payments of Interest***

It is anticipated, and this discussion assumes, that the notes will be issued at par or at a discount that is less than a de minimis amount for United States federal income tax purposes. Stated interest on the notes will generally be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for United States federal income tax purposes.

***Sale or Other Taxable Disposition of Notes***

Upon the sale, exchange, redemption, retirement or other taxable disposition of a note, you will recognize taxable gain or loss equal to the difference between the amount realized on such disposition (except to the extent

---

**Table of Contents**

any amount realized is attributable to accrued but unpaid interest, which, if not previously included in income, will be treated as interest as described above) and your adjusted tax basis in the note. Your adjusted tax basis in a note generally will be your cost for the note, decreased by the amount of any payments, other than qualified stated interest payments, received with respect to such note. Gain or loss recognized on the disposition of a note generally will be capital gain or loss, and will be long-term capital gain or loss if, at the time of such disposition, your holding period for the note is more than one year. Long-term capital gains of non-corporate taxpayers are generally eligible for preferential rates of taxation. The deductibility of capital losses is subject to certain limitations.

***Medicare Tax***

Certain U.S. Holders that are individuals, estates or trusts and whose income exceeds certain thresholds generally are subject to a 3.8% Medicare tax on the lesser of (i) the U.S. Holder's net investment income for the relevant taxable year (or undistributed net investment income in the case of an estate or trust) and (ii) the excess of the U.S. Holder's modified adjusted gross income (or adjusted gross income, in the case of an estate or trust) for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income generally will include its gross interest income and its net gains from the disposition of the notes, unless such interest income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). U.S. Holders that are individuals, estates or trusts are urged to consult their own tax advisors with respect to the application of the Medicare tax to income and gains in respect of an investment in the notes.

***Information Reporting and Backup Withholding***

Information reporting generally will apply to payments on the notes and to payments of the proceeds from a sale or other taxable disposition of the notes unless you are an exempt recipient. United States federal backup withholding (currently at a rate of 28%) generally will apply to payments if you fail to furnish a properly completed and executed IRS Form W-9 to us or our paying agent providing your taxpayer identification number and complying with certain certification requirements, or otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will generally be allowed as a credit against your United States federal income tax liability and may entitle you to a refund, provided that you furnish the required information to the IRS on a timely basis. U.S. Holders are urged to consult their own tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable.

***Consequences to Non-U.S. Holders***

The following portion of this summary will apply to you if you are a Non-U.S. Holder. You are a Non-U.S. Holder if you are a beneficial owner of a note that is neither a U.S. Holder nor a partnership for United States federal income tax purposes.

***Payments of Interest***

Subject to the discussions of backup withholding and FATCA below, payments of interest on the notes to you generally will be exempt from United States federal income tax and withholding tax under the portfolio interest exemption if:

you do not conduct a trade or business within the United States with which the interest income is effectively connected (and, in the case of an applicable income tax treaty, attributable to your permanent establishment or fixed base in the United States);

S-30

**Table of Contents**

you do not own, actually or constructively, 10% or more of the combined voting power of all classes of our stock entitled to vote within the meaning of section 871(h)(3) of the Code and the Treasury Regulations thereunder;

you are not a controlled foreign corporation that is related to us through stock ownership;

you are not a bank that receives such interest in a transaction described in section 881(c)(3)(A) of the Code; and

you provide a properly completed and executed IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or successor form), to us or our paying agent certifying under penalty of perjury that you are not a United States person. If you hold the notes through a securities clearing organization, financial institution or other agent acting on your behalf, you may be required to provide appropriate certifications to such agent. Your agent will then generally be required to provide appropriate certifications to us or our paying agent, either directly or through other intermediaries. Special rules apply to foreign partnerships, estates and trusts and other intermediaries, and in certain circumstances certifications as to foreign status of partners, trust owners or beneficiaries may have to be provided. In addition, special rules apply to qualified intermediaries that enter into withholding agreements with the IRS.

If you cannot satisfy the requirements described above for the portfolio interest exemption, payments of interest made to you on the notes generally will be subject to the 30% United States federal withholding tax, unless you provide us either with (1) a properly completed and executed IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or successor form), establishing an exemption from (or a reduction of) withholding under the benefit of an applicable income tax treaty, or (2) a properly completed and executed IRS Form W-8ECI (or successor form) certifying that interest paid on the note is not subject to withholding tax because the interest is effectively connected with your conduct of a trade or business in the United States (as discussed below under **Income or Gain Effectively Connected with a United States Trade or Business** ).

***Sale or Other Taxable Disposition of Notes***

Subject to the discussions of backup withholding and FATCA below, you generally will not be subject to United States federal income or withholding tax on any gain realized on the sale, exchange, redemption, retirement or other taxable disposition of a note unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if an income tax treaty applies, is attributable to your permanent establishment or fixed base in the United States); or

you are an individual who has been present in the United States for 183 days or more in the taxable year of disposition and certain other requirements are met.

If a Non-U.S. Holder is described in the first bullet point, see **Income or Gain Effectively Connected with a United States Trade or Business** below. If you are described in the second bullet point, you will generally be subject to United States federal income tax at a rate of 30% on the amount by which your capital gains allocable to United States

sources, including gain from such disposition, exceed any capital losses allocable to United States sources, except as otherwise required by an applicable income tax treaty.

To the extent that the amount realized on a sale, redemption, exchange, retirement or other taxable disposition of the notes is attributable to accrued but unpaid interest on the notes, it generally will be treated in the same manner as described in *Payments of Interest* above.

***Income or Gain Effectively Connected with a United States Trade or Business***

If you are engaged in the conduct of a trade or business in the United States and interest on a note or gain recognized from the sale, exchange, redemption, retirement or other taxable disposition of a note is effectively

---

**Table of Contents**

connected with the conduct of that trade or business, you will generally be subject to United States federal income tax (but not the 30% United States federal withholding tax on interest if certain certification requirements are satisfied) on that interest and on gain on a net income basis in the same manner as if you were a United States person as defined under the Code. You can generally meet these certification requirements by providing a properly completed and executed IRS Form W-8ECI (or successor form) to us, or our paying agent. If you are eligible for the benefits of an income tax treaty between the United States and your country of residence, any effectively connected income or gain generally will be subject to United States federal income tax on a net income basis only if it is also attributable to a permanent establishment or fixed base maintained by you in the United States. In addition, if you are a foreign corporation, you may be subject to an additional branch profits tax equal to 30% (or a lower applicable income tax treaty rate) of your earnings and profits for the taxable year, subject to adjustments, that are effectively connected with your conduct of a trade or business in the United States.

***Information Reporting and Backup Withholding***

Generally, information returns will be filed with the IRS in connection with payments of interest on the notes and proceeds from the sale or other taxable disposition (including a retirement or redemption) of the notes. Copies of the information returns reporting such payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty. You may be subject to backup withholding of tax on payments of interest and, depending on the circumstances, the proceeds of a sale or other taxable disposition (including a retirement or redemption) unless you comply with certain certification procedures to establish that you are not a United States person. The certification procedures required to claim an exemption from withholding of tax on interest described above generally will satisfy the certification requirements necessary to avoid backup withholding as well. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will generally be allowed as a credit against your United States federal income tax liability and may entitle you to a refund, provided that you furnish the required information to the IRS on a timely basis. Non-U.S. Holders are urged to consult their own tax advisors regarding the application of the backup withholding rules to their particular situations, the availability of an exemption from backup withholding and the procedure for obtaining such an exemption, if applicable.

***FATCA***

The Foreign Account Tax Compliance Act provisions of the Hiring Incentives to Restore Employment Act (generally referred to as FATCA ) generally impose a 30% withholding tax on certain payments made on interest-bearing obligations to certain foreign financial institutions that fail to certify their FATCA status, and certain non-financial foreign entities if certain disclosure requirements related to direct and indirect United States shareholders and/or United States account holders are not satisfied. Under applicable Treasury Regulations, a withholding tax of 30% generally will be imposed, subject to certain exceptions, on payments of (a) interest on the notes, and (b) for a disposition that occurs on or after January 1, 2019, gross proceeds from a sale or other disposition of the notes. In the case of payments made to a foreign financial institution (generally including an investment fund), as a beneficial owner or as an intermediary, the withholding tax generally will be imposed, subject to certain exceptions, unless such institution (i) enters into (or is otherwise subject to) and complies with an agreement with the United States government (a FATCA Agreement ) or (ii) is required by and complies with applicable foreign law enacted in connection with an intergovernmental agreement between the United States and a foreign jurisdiction (an IGA ), in either case to, among other things, collect and provide to the United States or other relevant tax authorities certain information regarding United States account holders of such institution. In the case of payments made to a foreign entity that is not a financial institution, the withholding tax generally will be imposed, subject to certain exceptions, unless such entity provides the withholding agent with a certification that it does not have any substantial United States owners (generally, any specified United States person that directly or indirectly owns more than a specified

percentage of such entity) or that identifies its substantial United States owners. If the notes are held through a foreign financial institution that enters into (or is otherwise subject to) a FATCA Agreement, such foreign financial institution (or, in certain

S-32

**Table of Contents**

cases, a person paying amounts to such foreign financial institution) generally will be required, subject to certain exceptions, to withhold such tax on payments of interest and proceeds described above made to (x) a person (including an individual) that fails to comply with certain information requests or (y) a foreign financial institution that has not entered into (and is not otherwise subject to) a FATCA Agreement and is not required to comply with FATCA pursuant to applicable foreign law enacted in connection with an IGA. The rules under FATCA are new and complex. If you hold the notes through a non-U.S. intermediary or if you are a Non-U.S. Holder, you are encouraged to consult with your own tax advisor regarding the implications of FATCA on an investment in the notes.

We will not pay any additional amounts to Non-U.S. Holders in respect of any amounts withheld, including pursuant to FATCA. Under certain circumstances, a Non-U.S. Holder might be eligible for refunds or credits of such taxes. Non-U.S. Holders are urged to consult with their own tax advisors regarding the effect, if any, of the FATCA provisions to them based on their particular circumstances.

**The summary of United States federal income tax considerations set forth above is intended for general information only and may not be applicable depending upon an investor's particular situation. Prospective investors are urged to consult their own tax advisors with respect to the tax consequences to them of the purchase, ownership and disposition of notes, including the tax consequences under United States federal income tax laws, state, local, foreign and other tax laws and the possible effects of changes in United States or other tax laws.**

**Table of Contents****UNDERWRITING**

We and Citigroup Global Markets Inc., Goldman Sachs & Co. LLC and U.S. Bancorp Investments, Inc., as representatives for the underwriters for the offering, have entered into an underwriting agreement with respect to the notes. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriters, and each underwriter has severally agreed to purchase, the aggregate principal amount of notes listed next to its name in the following table:

<b>Underwriters</b>	<b>Principal Amount of the 2020 Notes</b>	<b>Principal Amount of the 2047 Notes</b>
Citigroup Global Markets Inc.	\$ 115,000,000	\$ 115,000,000
Goldman Sachs & Co. LLC	115,000,000	115,000,000
U.S. Bancorp Investments, Inc.	115,000,000	115,000,000
HSBC Securities (USA) Inc.	30,000,000	30,000,000
Rabo Securities USA, Inc.	30,000,000	30,000,000
Loop Capital Markets LLC	25,000,000	25,000,000
SunTrust Robinson Humphrey, Inc.	25,000,000	25,000,000
Fifth Third Securities, Inc.	20,000,000	20,000,000
Academy Securities, Inc.	12,500,000	12,500,000
Mischler Financial Group, Inc.	12,500,000	12,500,000
<b>Total</b>	<b>\$ 500,000,000</b>	<b>\$ 500,000,000</b>

The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

The underwriters have advised us that they propose initially to offer the notes to the public for cash at the public offering prices set forth on the cover of this prospectus supplement, and to certain dealers at such prices less a concession not in excess of 0.150% of the principal amount of the 2020 notes and 0.525% of the principal amount of the 2047 notes. The underwriters may allow, and such dealers may reallow, a concession not in excess of 0.100% of the principal amount of the 2020 notes and 0.250% of the principal amount of the 2047 notes to certain other dealers. After the initial public offering of the notes, the public offering prices and other selling terms may be changed by the representatives. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The following table shows the underwriting discounts that we are to pay to the underwriters in connection with this offering.

	<b>Paid by Starbucks</b>
Per 2020 Note	0.250%
