PROXY STATEMENT

2019 ANNUAL MEETING OF SHAREHOLDERS

Monday, May 20, 2019

GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Sykes Enterprises, Incorporated (the Company) for the Annual Meeting of Shareholders (the Annual Meeting) to be held at the Rivergate Tower, 400 N. Ashley Drive, Suite 320, 3rd Floor, Conference Room A, Tampa, FL 33602, on Monday, May 20, 2019, at 8:00 a.m., Eastern

Daylight Saving Time, and any adjournment or postponement of the Annual Meeting. This proxy statement and the annual report to shareholders of the Company for the year ended December 31, 2018 are first being mailed on or about April 19, 2019 to shareholders entitled to vote at the Annual Meeting.

Shareholders Entitled To Vote

The record date for the Annual Meeting is March 18, 2019. Only shareholders of record as of the close of business on the record date are entitled to notice of the Annual Meeting and to vote at the Annual Meeting. As of the record date, 42,468,851 shares of common stock were outstanding and entitled to vote at the Annual Meeting.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the Annual Meeting, who will also determine whether a quorum is present for the transaction of business. The Company's Bylaws provide that a quorum is present if the holders of a majority of the issued and outstanding shares of common stock entitled to vote at the meeting are present in person or represented by proxy. Abstentions will be counted as shares that are present and entitled to vote for purposes of determining whether a quorum is present. Shares

held by nominees for beneficial owners will also be counted for purposes of determining whether a quorum is present if the nominee has the discretion to vote on at least one of the matters presented, even though the nominee may not exercise discretionary voting power with respect to other matters and even though voting instructions have not been received from the beneficial owner (a broker non-vote). At the Annual Meeting, if a quorum exists, directors will be elected by a majority vote, as more fully described under Proposal 1 Election of Directors below. Approval of the other proposals will require the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. Broker non-votes will not be counted as votes cast in determining whether a Proposal has been approved.

Shareholders are requested to vote by completing the enclosed Proxy and returning it signed and dated in the

enclosed postage-paid envelope. Shareholders are urged to indicate their votes in the spaces provided on the Proxy. Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given in the Proxy. Where no instructions are indicated, signed Proxies will be voted FOR each of the proposals listed in the Notice of Annual Meeting of Shareholders. Returning your completed Proxy will not prevent you from voting in person at the Annual Meeting, should you be present and wish to do so.

Any shareholder giving a Proxy has the power to revoke it at any time before it is exercised by:

filing with the Secretary of the Company written notice of revocation,

submitting a duly executed Proxy bearing a later date than the previous Proxy, or

appearing at the Annual Meeting and voting in person.

Proxies solicited by this proxy statement may be exercised only at the Annual Meeting and any adjournment of the Annual Meeting and will not be used for any other meeting.

The cost of solicitation of Proxies by mail on behalf of the Board of Directors will be borne by the Company. Proxies also may be solicited by personal interview or by telephone by directors, officers, and other employees of the Company without additional compensation. The Company also has made arrangements with brokerage firms, banks, nominees, and other fiduciaries that hold shares on behalf of others to forward proxy solicitation materials to the beneficial owners of such shares. The Company will reimburse such record holders for their reasonable out-of-pocket expenses.

PROPOSAL 1: ELECTION OF DIRECTORS

PROPOSAL 1: ELECTION OF DIRECTORS

The Company's Board of Directors (the Board) is comprised of nine individuals and is divided into three classes (designated CLASS I, CLASS II, and CLASS III), with three directors in each class. Each class generally serves a three-year term expiring at the third annual meeting of shareholders after its election.

The term of the three current CLASS II directors will expire at the Annual Meeting. Paul L. Whiting will not stand for re-election. The Company's Board of Directors, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Carlos E. Evans and W. Mark Watson, the two other current CLASS II directors, along with Mark C. Bozek, to stand for election as CLASS II directors, whose terms will all expire at the 2022 Annual Meeting of Shareholders.

Provided that a quorum is present at the Annual Meeting, each nominee shall be elected by the affirmative vote of a majority of the votes cast with respect to that nominee's election. A majority of votes cast means that the number of shares voted for a director's election exceeds 50% of the number of votes cast with respect to that director's election. Votes cast shall include (i) votes for the election of such director and (ii) votes against the election of such director, and shall exclude abstentions with respect to that director's election and broker non-votes.

Incumbent directors Evans and Watson have provided to the Company contingent letters of resignation from the Board which shall become effective only if such director fails to receive a sufficient number of votes for re-election at the Annual Meeting and the Board determines to accept the resignation. The Board will consider and act upon the contingent letter of resignation of a director who fails to receive the affirmative vote of a majority of the votes cast on his election within ninety (90) days after the date on which the election results were certified and will promptly make public disclosure of the results of its decision. The Board, in making its decision, may consider any factors or other information that it considers appropriate and relevant. The director who has tendered his resignation shall not participate in the decision of the Board with respect to his resignation. If such incumbent director's resignation is not accepted by the Board, such director shall continue to serve until his successor is duly elected, or his earlier resignation or removal.

In the event any nominee is unable to serve, the persons designated as proxies will cast votes for such other person in their discretion as a substitute nominee. The Board of Directors has no reason to believe that the nominees named herein will be unavailable or, if elected, will decline to serve.

THE BOARD OF DIRECTORS RECOMMENDS THE FOLLOWING NOMINEES FOR ELECTION AS DIRECTORS IN THE CLASS SPECIFIED AND URGES EACH SHAREHOLDER TO VOTE FOR THE NOMINEES. EXECUTED PROXIES IN THE ACCOMPANYING FORM THAT ARE NOT OTHERWISE MARKED WILL BE VOTED AT THE ANNUAL MEETING FOR THE ELECTION AS DIRECTORS OF THE NOMINEES NAMED BELOW.

In order to ensure that material transactions and relationships involving a potential conflict of interest for any executive officer or director of the Company are in the best interests of the Company, under the Code of Ethics adopted by the Board of Directors for all of our employees and directors, all such conflicts of interest are required to be reported to the Board of Directors, and the approval of the Board of Directors must be obtained in advance for the Company to enter into any such transaction or relationship. Pursuant to the Code of Ethics, no officer or employee of the Company may, on behalf of the Company, authorize or approve any transaction or relationship, or enter into any agreement, in which such officer, director or any member of his or her immediate family, may have a personal interest without such Board approval. Further, no officer or employee of the Company may, on behalf of the Company, authorize or approve any transaction or relationship, or enter into any agreement, if they are aware that an executive officer or a director of the Company, or any member of any such person's family, may have a personal interest in such transaction or relationship, without such Board approval.

The Company's Audit Committee reviews all conflict of interest transactions involving executive officers and directors of the Company, pursuant to its charter.

In the course of their review of a related party transaction, the Board and the Audit Committee consider:

the nature of the related person's interest in the transaction;
the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the Company;

the importance of the transaction to the related person;

whether the transaction would impair the judgment of the director or executive officer to act in the best interests of the Company; and

any other matters the Board or Audit Committee deems appropriate.

Any member of the Board or the Audit Committee who has a conflict of interest with respect to a transaction under review may not participate in the deliberations or vote respecting approval of the transaction, provided, however, that such director may be counted in determining the presence of a quorum.

Related Party Transactions. On January 25, 2008, the Company entered into a real estate lease with Kingstree Office One, LLC, an entity controlled by Mr. John Sykes, the founder, former Chairman and former Chief Executive Officer of the Company, relating to the Company's call center in Kingstree, South Carolina. On May 21, 2008, the Audit Committee of the Board reviewed this transaction and recommended approval to the full Board, which also approved the transaction. During the year ended December 31, 2018, the Company paid \$ 464,007.50 to Kingstree Office One, LLC as rent on the Kingstree facility.

Leadership Structure

In 2005, our Board of Directors separated the positions of Chairman of the Board and Chief Executive Officer, believing that an independent non-employee Chairman could provide a diversity of view and experience in

consultation with the Chief Executive Officer. The Board continues to believe that the Company is best served by having this bifurcated leadership structure.

Risk Oversight

The Board has determined that the role of risk oversight will currently remain with the full Board as opposed to having responsibility delegated to a specific committee. Management has created an enterprise risk management

committee which is primarily responsible for identifying and assessing enterprise risks, developing risk responses and evaluating residual risks. The chairperson of this committee reports directly to the full Board.

Table of Contents**CORPORATE GOVERNANCE****Director Independence**

In accordance with Nasdaq rules, the Board affirmatively determines the independence of each director and nominee for election as a director in accordance with guidelines it has adopted, which include all elements of independence set forth in the Nasdaq listing standards. Based upon these standards, at its meeting held on March 12, 2019, the Board determined that each of the following non-employee directors and nominees was independent and had no relationship with the Company, except as a director and shareholder of the Company:

- | | |
|------------------------|--------------------------|
| (1) Mark C. Bozek | (5) James S. MacLeod |
| (2) Vanessa C.L. Chang | (6) William J. Meurer |
| (3) Carlos E. Evans | (7) William D. Muir, Jr. |
| (4) Lorraine L. Lutton | (8) W. Mark Watson |

In connection with its decision to nominate Mr. Mark C. Bozek to stand for election at the Annual Meeting, the Board has affirmatively determined that he is independent and has no previous or current relationship with the Company other than having previously served as a Director of the Company.

Nominations for Directors

The Nominating and Corporate Governance Committee (the Nominating Committee) is responsible for screening potential director candidates and recommending qualified candidates to the Board for nomination. The Nominating Committee considers all relevant criteria including, age, skill, integrity, experience, education, time availability, stock exchange listing standards, and applicable federal and state laws and regulations. The Nominating Committee has a specific goal of creating and maintaining a board with the heterogeneity, skills, experience and personality that lend to open, honest and vibrant discussion, consideration and analysis of Company issues, and accordingly the Nominating Committee also considers individual qualities and attributes that will help create the desired heterogeneity.

The Nominating Committee may use various sources for identifying and evaluating nominees for directors including referrals from our current directors, management and shareholders, as well as input from third party executive search firms retained at the Company's expense. If the Nominating Committee retains one or more search firms, such firms may be asked to identify possible nominees, interview and screen such nominees and act as a liaison between the Nominating Committee and each nominee during the screening and evaluation process. The Nominating Committee will review the resume and qualifications of each candidate identified through any of the sources referenced above,

and determine whether the candidate would add value to the Board. With respect to candidates that are determined by the Nominating Committee to be potential nominees, one or more members of the Nominating Committee will contact such candidates to determine the candidate's general availability and interest in serving. Once it is determined that a candidate is a good prospect, the candidate will be invited to meet the full Nominating Committee which will conduct a personal interview with the candidate. During

the interview, the Nominating Committee will evaluate whether the candidate meets the guidelines and criteria adopted by the Board, as well as exploring any special or unique qualifications, expertise and experience offered by the candidate and how such qualifications, expertise and/or experience may complement that of existing Board members. If the candidate is approved by the Nominating Committee, as a result of the Nominating Committee's determination that the candidate will be able to add value to the Board and the candidate expresses his or her interest in serving on the Board, the Nominating Committee will then review its conclusions with the Board and recommend that the candidate be selected by the Board to stand for election by the shareholders or fill a vacancy or newly created position on the Board.

Messrs. Evans and Watson, the two Class II directors whose terms expire at the Annual Meeting and that are eligible for re-election, as well as Mr. Bozek, have each been recommended to the Board by the Nominating Committee, and nominated by the Board to stand for election to the Board. Furthermore, Mr. Bozek has been recommended to the Board by the Nominating Committee, and nominated by the Board to stand for election as a new director, to fill the Class II Board seat created by the retirement of Mr. Whiting. Mr. Bozek was recommended to the Committee for consideration by non-management members of our Board of Directors

The Nominating Committee will consider qualified nominees recommended by shareholders who may submit recommendations to the Nominating Committee in care of our Corporate Secretary, 400 N. Ashley Drive, Suite 2800, Tampa, FL 33602. Any shareholder nominating an individual for election as a director at an annual meeting must provide written notice to the Secretary of the Company, along with the information specified below, which notice must be received at the principal business office of the Company no later than the date designated

for receipt of shareholders' proposals as set forth in the Company's proxy statement for its annual shareholders' meeting. If there has been no such prior public disclosure, then to be timely, a shareholder's nomination must be delivered to or mailed and received at the principal business office of the Company not less than 60 days nor more than 90 days prior to the annual meeting of shareholders; provided, however, that in the event that less than 70 days' notice of the date of the meeting is given to the shareholders or prior public disclosure of the date of the meeting is made, notice by the shareholder to be timely must be so received not later than the close of business on the tenth day following the day on which such notice of the annual meeting was mailed or such public disclosure was made.

To be considered by the Nominating Committee, shareholder nominations must be accompanied by: (1) the name, age, business and residence address of the nominee; (2) the principal occupation or employment of the nominee for at least the last ten years and a description of the qualifications of the nominee; (3) the number of shares of our stock that are beneficially owned by the nominee; (4) any legal proceedings involving the nominee during the

previous ten years and (5) any other information relating to the nominee that is required to be disclosed in solicitations for proxies for election of directors under Regulation 14A of the Exchange Act, together with a written statement from the nominee that he or she is willing to be nominated and desires to serve, if elected. Also, the shareholder making the nomination should include: (1) his or her name and record address, together with the name and address of any other shareholder known to be supporting the nominee; and (2) the number of shares of our stock that are beneficially owned by the shareholder making the nomination and by any other supporting shareholders. Nominees for director who are recommended by our shareholders will be evaluated in the same manner as any other nominee for director.

We may require that the proposed nominee furnish us with other information as we may reasonably request to assist us in determining the eligibility of the proposed nominee to serve as a director. At any meeting of shareholders, the Chairman of the Board may disregard the purported nomination of any person not made in compliance with these procedures.

Communications with our Board

Shareholders and other parties interested in communicating with our Board of Directors may do so by writing to the Board of Directors, Sykes Enterprises, Incorporated, 400 N. Ashley Drive, Suite 2800, Tampa, FL 33602. Under the process for such communications established by the Board of Directors, the Chief Legal Officer and Corporate Secretary of the Company reviews all such correspondence and regularly forwards to all members of the Board a summary of the correspondence. Directors may at any time review a log of all correspondence received by the Company that is addressed to the Board or any member of the Board and request copies of any such correspondence. Correspondence that, in the opinion of the Chief Legal

Officer and Corporate Secretary, relates to concerns or complaints regarding accounting, internal accounting controls and auditing matters is summarized and the summary and a copy of the correspondence is forwarded to the Chairman

of the Audit Committee. Additionally, at the direction of the Audit Committee, the Company has established a worldwide toll-free hotline administered by an independent third party through which employees may make anonymous submissions regarding questionable accounting or auditing matters. Reports of any anonymous submissions are sent to the Chairman of the Audit Committee as well as the Chief Legal Officer and Corporate Secretary of the Company.

Meetings and Committees of the Board

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of his or her duties and to attend all Board, committee and shareholders meetings. The Board met eight times during 2018, of which four were regularly scheduled meetings and

four were unscheduled meetings. All directors attended at least 90% of the meetings of the Board and of the committees on which they served during the fiscal year ended December 31, 2018. All of the directors attended the 2018 Annual Meeting of Shareholders on May 22, 2018.

Table of Contents**CORPORATE GOVERNANCE****Committees of the Board**

The Board has four standing committees to facilitate and assist the Board in the execution of its responsibilities. The Board may also establish special committees as needed to assist the Board with review and consideration of non-routine matters. The standing committees are the Audit Committee, Finance Committee, Compensation Committee and Nominating and Corporate Governance Committee. All the committees are comprised solely of non-employee, independent directors. Charters for each committee are available on the Company's website at www.sykes.com by first clicking on Company, then Investor Relations and then on Documents and Charters under the heading Corporate Governance. The charter of each committee is also available in print to any shareholder who requests it. The table on page 5 shows the committee membership for 2018.

Audit Committee. The Audit Committee serves as an independent and objective party to monitor the Company's financial reporting process and internal control system. The Committee's responsibilities, which are discussed in detail in its charter, include, among other things, the appointment, compensation, and oversight of the work of the Company's independent auditing firm, as well as reviewing the independence, qualifications, and activities of the auditing firm. The Company's independent auditing firm reports directly to the Committee. All proposed transactions between the Company and the Company's officers and directors, or an entity in which a Company officer or director has a material interest, are reviewed by the Committee, and the approval of the Committee is required for such transactions. The Board has determined that Mr. Meurer is an audit committee financial expert within the meaning of the rules of the Securities and Exchange Commission. The Committee is governed by a written charter, which is reviewed on an annual basis.

Additional information about the Audit Committee is included under the heading Audit Committee Disclosure later in this proxy statement.

Finance Committee. The principal purpose of the Finance Committee is to assist the Board of Directors in evaluating significant investments and other financial commitments by the Company. The Committee has the authority to review and make recommendations to the Board with respect to debt and equity limits, equity issuances, repurchases of Company stock or debt, policies relating to the use of

derivatives, and proposed mergers, acquisitions, divestitures or investments by the Company that require approval by the full Board. The Committee also has authority to approve capital expenditures not previously approved by the Board of Directors. The level of authority applies to capital expenditures in excess of \$5 million but less than \$10 million. This authority is used, and the Committee convened only, when management recommends a decision prior to the next Board meeting. The Committee is governed by a written charter, which is reviewed on an annual basis.

Nominating and Corporate Governance Committee. The purpose of the Nominating and Corporate Governance Committee is to: (a) identify individuals qualified to become members of the Board of Directors of the Company and its subsidiaries; (b) recommend to the Board of Directors director nominees for election at the annual meeting of shareholders or for election by the Board of Directors to fill open seats between annual meetings; (c) recommend to

the Board of Directors committee appointments for directors; (d) develop and recommend to the Board of Directors corporate governance guidelines applicable to the Company; and (e) monitor the Company's compliance with good corporate governance standards. The Committee is governed by a written charter, which is reviewed on an annual basis.

Compensation Committee. The Compensation Committee's responsibilities, which are discussed in detail in its charter, include, among other things, the establishment of the base salary, incentive compensation and any other compensation for the Company's President and Chief Executive Officer, and to review and approve the President and Chief Executive Officer's recommendations for the compensation of certain executive officers reporting to him. This Committee also monitors the Company's management incentive cash and equity-based bonus compensation arrangements and other executive officer benefits, and evaluates and recommends the compensation policy for the directors to the full Board for consideration. The Committee also determines compensation and benefits of the Company's non-employee directors. This Committee is also responsible for providing oversight and direction regarding the Company's employee health and welfare benefit programs. The Committee is governed by a written charter, which is reviewed on an annual basis.

Table of Contents**DIRECTOR COMPENSATION****DIRECTOR COMPENSATION**

Although the Company does not have a formal, written compensation plan for non-employee directors, the Board of Directors, upon the recommendation of the Compensation Committee, has determined to pay non-employee directors a combination of cash and equity compensation on an annual basis (the Annual Retainer). The amount of the cash and equity compensation is subject to change each year. The equity compensation payable to non-employee directors is paid under the Company's 2011 Equity Incentive Plan.

Beginning in 2015, the total value of the Annual Retainer was \$155,000, payable \$55,000 in cash and the remainder paid in stock, the amount of which was determined by dividing \$100,000 by the closing price of the Company's common stock on the date of the annual shareholders meeting, rounded to the nearest whole number of shares. At the Board's regularly scheduled meeting on December 6, 2016, upon the recommendation of the Compensation Committee, the Board determined that the amount of the cash compensation payable to

non-employee directors beginning on the date of the 2017 annual shareholders meeting would be increased by \$15,000 per year to a total of \$70,000. Accordingly, the annual cash and equity compensation for non-employee directors currently is \$70,000 and \$100,000 per member, respectively.

Currently, all new non-employee directors joining the Board receive an initial grant of shares of common stock on the date the new director is elected or appointed, the number of which is determined by dividing \$60,000 by the closing price of the Company's common stock on the trading day immediately preceding the date a new director is elected or appointed, rounded to the nearest whole number of shares. The initial grant of shares vests in 12 equal quarterly installments, one-twelfth on the date of grant and an additional one-twelfth on each successive third monthly anniversary of the date of grant. The award lapses with respect to all unvested shares in the event the non-employee director ceases to be a director of the Company, and any unvested shares are forfeited.

In addition to the Annual Retainer award, the non-employee Chairman of the Board receives an additional annual cash award of \$100,000, and each non-employee director serving on a committee of the Board receives an additional annual cash award in the following amounts:

Position	Amount
<i>Audit Committee</i>	
Chairperson	\$ 20,000
Member	\$ 10,000
<i>Compensation Committee</i>	
Chairperson	\$ 15,000
Member	\$ 7,500
<i>Finance Committee</i>	

Chairperson	\$ 12,500
Member	\$ 7,500
<i>Nominating and Corporate Governance Committee</i>	
Chairperson	\$ 12,500
Member	\$ 7,500

The annual grant of shares vests in four equal quarterly installments, one-fourth on the day following the annual meeting of shareholders, and an additional one-fourth on each successive third monthly anniversary of the date of grant. The annual grant of cash, including all amounts paid to a non-employee Chairman of the Board and all amounts paid to non-employee directors serving on committees of the Board, vests in four equal quarterly installments, one-fourth on the day following the annual meeting of shareholders, and an additional one-fourth on each successive third monthly anniversary of the date of grant. The award lapses with respect to all unpaid cash and

unvested shares in the event the non-employee director ceases to be a director of the Company, and any unvested shares and unpaid cash are forfeited.

The Board may pay additional cash compensation to any non-employee director for services on behalf of the Board over and above those typically expected of directors, including but not limited to service on a special committee of the Board. Directors who are executive officers of the Company receive no compensation for service as members of either the Board of Directors or any committees of the Board.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****COMPENSATION DISCUSSION AND ANALYSIS**

This Compensation Discussion and Analysis (this CD&A) is intended to assist our shareholders in understanding our compensation philosophy, strategy, program design, policies, and practices, with a focus on our 2018 compensation decisions and results for our Named Executive Officers (NEOs). For 2018, our NEOs were as follows:

Name	Title
Charles E. Sykes	President and Chief Executive Officer (CEO)
John Chapman	Chief Financial Officer
Lawrence R. Zingale	Chief Customer Officer and General Manager EMEA (GM EMEA)
James T. Holder	Chief Legal Officer and Corporate Secretary
James D. Farnsworth	Executive Vice President Americas Business Development

Executive Summary

Sykes is a complex global business serving sophisticated and demanding clients. Our business and financial strategies require careful expense management while providing superior customer service and value. This requires experienced executive leadership with sound business judgment, a passion for service excellence, and the ability to understand and implement the Company s strategic growth plan, including leveraging our proprietary technology and effectively managing our global customer response team.

Our compensation philosophy and strategy has been, and continues to be, focused on the following principles and objectives:

Provide market competitive total compensation opportunities;

Emphasize variable incentives (short-term and long-term) over fixed compensation (base salary);

Establish performance measures and goals that will align pay with performance;

Encourage long-term stock ownership to create strong alignment between management and our shareholders;

Adopt appropriate governance practices, processes and policies; and

Maintain a simple and straight forward program that is easy to understand and communicate.

2018 Compensation Actions

Heading into 2018, the Compensation Committee (the Committee) was satisfied with the overall existing design of the executive compensation program and believed that the structure was accomplishing the objectives outlined

above. Accordingly, the Committee determined that for 2018, there would be:

No changes to the base compensation of the NEOs other than with regard to Mr. Farnsworth;

No changes to short-term or long-term incentive opportunities;

No changes to the short-term incentive plan design; and

No changes to the long-term incentive plan design, which remained a mix of Performance Shares (50%), Stock Appreciation Rights (SARs) (30%), and Restricted Stock (20%); with Performance Shares tied to 3-year Revenue and Plan Adjusted Operating Income goals (subsequently changed to Adjusted Operating Income for three-year plans beginning in and after 2018 as discussed below).

2018 Company Performance Results

2018 Company performance highlights on key measures used in our short-term and long-term incentive plans are set forth below:

Revenue increased 1.9% year over year, on a constant currency basis¹, which is a component of our long-term incentive plans;

Plan Adjusted Operating Income was \$103.5 million, which is a component of our long-term incentive plans beginning before 2018;

Adjusted Operating Income¹ for the year was \$111.3 million (with a target of \$123.77 million), which is a component of our short-term incentive plan for 2018 and long-term incentive plans beginning in 2018;

¹ See the Company's Current Report on Form 8-K filed with the SEC on February 25, 2019, for a reconciliation of the Non-GAAP (generally accepted accounting principles) financial measures to their most directly comparable GAAP financial measures.

COMPENSATION DISCUSSION AND ANALYSIS

North America Customer Service Solutions (NA CSS) goals, which was the financial measure for the short-term incentive plan for Mr. Zingale for 2018, were achieved at 85.9% of target;

Work at Home (WAH) management operating income goals, which were a component of the short-term incentive plan for Mr. Farnsworth for 2018, were achieved at 109.1% of target;

New Sales at Risk Revenue (NSRR) goals, which were a component of the short-term incentive plan for Mr. Farnsworth for 2018, were achieved at 107.9% of target;

3-Year Cumulative Revenue for 2016 – 2018 was \$4.672 billion, which was 100.44% of target; and

3-Year Cumulative Plan Adjusted Operating Income for 2016 – 2018 was \$332.5 million, which was 83.73% of target.

2018 Executive Compensation Results

These financial results yielded the following executive compensation results for 2018:

Short-term incentives for 2018 were earned at 74.5% of target for each NEO, except for Mr. Zingale who earned 41.85% of target; and Mr. Farnsworth who earned 107.15% of target;

The Performance shares for the 2016 – 2018 period, which were based on cumulative revenue (1/3 of the total), were earned at 34.76% of target; and

The Company did not meet the minimum threshold required to earn a payout of the Performance shares based on cumulative Plan Adjusted Operating Income (2/3 of the total) for the 2016 – 2018 period, and accordingly none of these Performance shares were earned by any NEO for that period.

The Committee believes that these pay results are aligned with the Company's performance results, and are indicative of the intended linkage between pay and performance. Additionally, the SARs and Restricted Stock awards, in conjunction with our executive stock ownership guidelines, create further alignment between executive compensation and long-term shareholder value creation.

2019 Executive Compensation Actions

In considering changes for 2019, the Compensation Committee focused on the following observations:

Strong shareholder support for the existing executive compensation structure, as expressed by the 2018 Say on Pay vote results were approximately 96.2% of the votes cast at our 2018 Annual Meeting were voted FOR our program;

Strong pay and performance alignment achieved with respect to 2018 and the 3-year period covering 2016 – 2018;

Strong executive support of the existing executive compensation structure and plan designs; and

Strong alignment with market practices and trends, based on information and analysis provided to the Committee by its independent consultant.

Accordingly, only minor changes were made to the executive compensation program for 2019. Beginning in 2019, all NEOs will be on the same short-term incentive program using the same financial measures (Adjusted Operating Income). Additionally beginning in 2019, SARs have been eliminated as a component of service-based long-term equity awards, and have been replaced with service-based restricted stock.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that is designed to enhance shareholder value by attracting and retaining the talent and experience best suited to manage, guide and build our business. This requires fair and competitive base salaries and benefits designed to attract qualified executives, as well as carefully designed incentive compensation programs to link the interests of the executives to the long-term interests of our shareholders.

In evaluating and determining the complete compensation packages for the Company's executive officers generally, and the NEOs specifically, the Committee reviews relevant market data provided by its outside independent

compensation consultant, which includes an evaluation of the executive compensation packages paid to similarly situated executives of similarly situated companies in the external market. The market pay data is only one of many factors considered when making executive compensation determinations. The Committee generally seeks to position pay opportunities within a range of 80% to 120% of the 50th percentile pay level of similarly situated executives. When an individual NEO's pay falls outside of this general guideline, such variation is validated with additional objective measures unique to the NEO and necessarily not considered in the external market. These factors include, but are not limited to: the experience level of the NEO, additional internal responsibilities not generally reflected

COMPENSATION DISCUSSION AND ANALYSIS

by similar roles in the external market and additional span or financial impact of the specific role relative to similarly situated roles.

A significant percentage of the target total compensation to our NEOs and other executive officers consists of performance-based incentives which align the interests of our executives with those of our shareholders. There is no pre-established policy for the allocation between either cash and non-cash or short-term and long-term performance-based incentive compensation. In 2018 the

Committee continued the basic structure utilized in recent years, which leverages performance-based incentives as a percentage of base salary. A significant percentage of the target total direct compensation of our executive officers is delivered in the form of non-cash, long-term equity incentive awards and performance-based incentive pay. A chart showing the relative percentages between base salary and target short-term and long-term incentive compensation of the NEOs for 2018 is included below in the section of this CD&A entitled Elements of Compensation.

Roles and Responsibilities in Determining Executive Compensation

The Role of the Compensation Committee. The Committee has been charged with the responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Committee's goal is to ensure that the form and amount of compensation and benefits paid to our executive team, specifically including the NEOs, is fair, reasonable and sufficiently competitive to attract and retain high quality executives who can lead the Company to achieve the goals that the Board believes will maximize shareholder value. For executives other than the CEO, executive compensation matters are first considered by the Committee, which then makes recommendations to the Board. As it relates to the compensation of the Company's CEO, the Committee meets first with the CEO to obtain information regarding performance, objectives and expectations, discusses the matter with the Board and then makes a final compensation determination. The CEO is not present during voting or any deliberations regarding his compensation.

The Role of the Chief Executive Officer. The Committee meets periodically with the CEO to discuss and review executive compensation. The CEO provides the Committee with the appropriate business context for executive compensation decisions as well as specific recommendations for each of the executives, including the NEOs. Additionally, the Chairman of the Committee meets periodically with the CEO to discuss the Committee's views on the CEO's compensation and proposals for adjustments to be considered by the Committee.

The Role of Senior Management. The Committee periodically meets with representatives of our Human Resources, Finance, and Legal departments. These individuals provide the Committee with requested data, information, and advice regarding our executive compensation program, specifically with regard to incentive plan designs, performance measures and goals, and disclosure. These representatives are not involved in conversations regarding their own compensation.

The Role of Outside Independent Consultants. In accordance with the Committee's charter, the Committee has the authority to retain any outside counsel, consultants or other advisors to the extent deemed necessary and appropriate, including the sole authority to approve the terms of engagement and fees related to services provided. Since 2010, the Committee has utilized Pearl Meyer as its independent executive compensation consultant.

During 2018, at the Committee's request, Pearl Meyer provided the following services:

Attended all regularly scheduled Committee meetings. When appropriate, the Committee has discussions with its consultant without management present to ensure candor and impartiality;

Provided research, market data, survey information and design expertise to assist the Company in evaluating executive and director compensation programs;

Advised the Committee on all principal aspects of executive and director compensation, including the competitiveness of program design and award values; and

Provided specific analyses with respect to the compensation of the Company's executive officers. Pearl Meyer is directly engaged by, and its activities are dictated by, the Committee. Pearl Meyer and its affiliates provide services only to the Committee and are prohibited from providing services or products of any kind to the Company.

In 2018, the Committee assessed the independence of Pearl Meyer and considered whether its work raised any conflicts of interest, taking into consideration the independence factors set forth in the Nasdaq listing rules. Based on that assessment, the Committee determined that Pearl Meyer was independent and that its work did not raise any conflicts of interest.

COMPENSATION DISCUSSION AND ANALYSIS

The Role of Peer Group Data. In making its compensation decisions for 2018, the Committee compared the Company's pay and performance levels against a peer group of eleven publicly traded companies which the Committee believes are comparable to the Company and compete with the Company in the customer contact management industry for executive talent (the Compensation Peer Group). Pearl Meyer and the Committee annually review the composition of the Compensation Peer Group to determine whether there are new companies which should be added, or existing companies which should be deleted. For its analysis in 2018, the Committee eliminated two companies that had been included in the 2017 Compensation Peer Group and added one new company to the Compensation Peer Group.

The companies included in the Compensation Peer Group and used as the basis for comparison and analysis by the Committee with respect to 2018 compensation decisions were:

Genpact Limited
Kforce Inc.
Convergys Corporation
FTI Consulting, Inc.
TeleTech Holdings, Inc.
Acxiom Corporation
Syntel, Inc.
ExlService Holdings, Inc.
Maximus, Inc.
CSG Systems International Inc.
ASGN Incorporated

In addition to proxy-reported data from the above peer group companies, Pearl Meyer gathers survey-reported pay data from various reputable compensation surveys containing relevant pay data for comparable roles in comparable organizations. Neither Pearl Meyer nor the Committee are aware of the specific companies reporting pay data within the various surveys used, but the data is selected based on industry and revenue size comparability to the Company.

As in prior years, the competitive market analysis and data are one of many factors considered by the Committee and the Board in making its final pay determinations. Other important factors include the current and expected performance of the Company, the current and expected performance of the executive and ensuring that our executive compensation program is internally consistent and equitable.

Executive Compensation Analysis

As in prior years, the Committee requested, reviewed, and discussed an independent analysis of the Company's executive compensation program provided by Pearl Meyer. The analysis included a review of compensation competitiveness, pay and performance alignment, our Long-Term Incentive Plan (LTIP) design, and an overall risk assessment of the executive compensation program. The following were the significant findings from this analysis:

Base salaries were generally positioned slightly below the 50th percentile;

Target total cash compensation (salary plus target short-term incentive opportunity) was slightly below the 50th percentile;

Long-term incentive grant values were positioned between the 50th and 75th percentiles and the aggregate equity grant rate (as a percent of shares outstanding) was at the 50th percentile;

Total direct compensation (target total cash compensation plus long-term incentive grant value) was positioned slightly below the 50th percentile;

Company performance (across a variety of financial and operating metrics) on a 1-year and 3-year basis was generally positioned at the 50th percentile; and

The overall program strikes a balance between risks and rewards and is not believed to encourage executives to take undue risks that could materially harm the Company.

The above analysis reflects our executive team in the aggregate. As expected, there is variation by executive (with regard to pay competitiveness) and by performance measure (with regard to relative performance). This analysis was completed in May 2018 and was one of many inputs into the Committee's decisions with regard to our 2018 executive compensation program.

Results of Our Shareholder Advisory Votes to Approve Compensation of Our NEOs. At our 2018 and 2017 Annual Meetings of Shareholders, our shareholders had the opportunity to cast advisory votes to approve the compensation of our named executive officers as disclosed in our 2018 and 2017 proxy statements. Approximately 96.2% of the votes cast on this proposal in 2018, and 97.9% of the votes cast on this proposal in 2017, voted to approve, on an advisory basis, the compensation of our named executive officers in 2018 and 2017, respectively. The Committee believes that the results of these votes indicate that our shareholders generally support our executive compensation program. The Committee considered that support when making

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

executive compensation decisions for fiscal 2018. As a result, the Committee recommended that the executive compensation structure for 2018 remain substantially the same, utilizing a combination of base salary, short-term incentive and long-term incentive compensation, with total compensation being weighted heavily toward equity-based compensation. The long-term equity incentive compensation program designs for performance cycles

beginning in 2016, 2017 and 2018 are shown below in the tables under the heading Performance-Based, Long-Term Equity Incentive Compensation in this CD&A. The Committee will continue to monitor and consider the outcome of shareholder advisory votes when making future decisions regarding our executive compensation program.

Elements of Compensation

The compensation program for our executives includes several direct compensation components. Those components are base salary, annual cash incentive awards and equity-based incentive awards, which are granted in

the form of time-based restricted stock (or restricted stock units), performance-based restricted stock (or restricted stock units), and time-based SARs.

The relative percentages between base salary, annual cash incentive targets and long-term, equity-based incentive targets as compared to total target compensation for the NEOs for 2018 were as follows:

Name	Total Direct Compensation	Base Salary	Annual Cash Incentive	Long-Term Equity Incentive
Charles E. Sykes	100%	16%	18%	66%
John Chapman	100%	27%	19%	54%
Lawrence R. Zingale	100%	27%	19%	54%
James T. Holder	100%	40%	20%	40%
James D. Farnsworth	100%	48%	33%	19%

Our executives are also permitted to participate in our 401(k) plan which is available to all employees, as well as our non-qualified executive deferred compensation plan. The purpose of the deferred compensation plan is to provide our executives with the ability to take advantage of tax deferred savings which may not be fully available to them under our 401(k) plan.

The key elements of our 2018 executive compensation program were as follows:

Type of Compensation	Element of Compensation	Description	Rationale

Threshold performance (95% of target performance measures) paid out at 50% of the target pay out, maximum performance (110% of target performance measures) paid out at 200% of target payout

Base Salary

Base salary is designed to provide each of our NEOs with a fixed amount of annual compensation that is competitive within the external market. Base salaries for the NEOs are determined for each executive based on his or her position and responsibility. They are further validated and informed using market data provided to the Committee by Pearl Meyer. During its review of base salaries for executives, the Committee primarily considers:

- the market data provided by Pearl Meyer;
- internal review of the executive's compensation, both individually and relative to other officers; and

individual performance of the executive.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit-based increases to the base salaries of our executive leadership team, other than the President and CEO, are based on the Committee's assessment of the individual's performance, with input from the President and CEO. Merit

COMPENSATION DISCUSSION AND ANALYSIS

increases for the President and CEO are determined by the Committee based upon the Committee's assessment of performance, with input from the Board, and after consultation with Pearl Meyer. The Committee determined that there would be no adjustment to the CEO's base salary in 2018 and the Committee recommended to the full Board that there be no base salary increases for the remaining NEOs in 2018.

Performance-Based Annual Cash Incentive Compensation

The annual cash incentive component of the total direct compensation paid to our executive leadership team is designed to:

Reward achievement of pre-determined annual corporate (and sometimes individual) performance goals;

Reward current performance by determining payment on the achievement of quantifiable performance measures that reflect contributions to the success of our business; and

Encourage actions by the executives that contribute directly to our operating and financial results.

In fiscal year 2018, the annual cash incentive opportunity for the President and CEO and all other executive officers was determined based solely upon the achievement of pre-determined corporate financial goals.

At the beginning of the year, the Committee set minimum, target and maximum levels for the portion of the cash incentive component of total direct compensation that is determined by reference to corporate financial performance. Threshold performance represents the minimum performance that the Committee determined would still warrant incentive recognition for that particular goal. The incentive maximum performance goal represents the highest level of performance for which an NEO may receive incentive compensation. The Committee's policy is that no annual performance-based cash incentive compensation determined by reference to corporate

financial performance is paid to any executive of the Company if our financial results do not exceed the threshold determined for that year.

At the beginning of each year, the Committee also sets the award percentage tied to salary for the President and CEO and recommends an award percentage for each of the other members of the executive leadership team that they will receive if the performance goals are met. The Committee's goal in setting the target award levels is to create a compensation program such that the potential incentive awards, when combined with each officer's base salary, will provide a fully competitive total cash compensation opportunity, with the portion of compensation at risk (i.e., the target award level) being reflective of the level of that officer's accountability for contributing to the Company's bottom line financial results, and the degree of influence that officer has over results. In setting these percentages, the Committee considers these factors as well as data from the market assessment provided by Pearl Meyer.

For 2018, the Committee met with management and reviewed the Company's operating plan for 2018 to establish the target financial goals of the Company on which the annual performance-based cash incentive compensation awards would be based. The sole performance measure selected for the 2018 short-term incentive plan for all NEOs was

Adjusted Operating Income; except for Mr. Zingale and Mr. Farnsworth who had additional financial goals discussed below.

Adjusted Operating Income is the Non-GAAP measure utilized by the Company in reporting operational results, which is then tracked to the financial results on a GAAP basis. The Committee believes that an alignment of the calculation of short-term incentive compensation with the public reporting of operational results provides shareholder transparency into the determination of management incentive compensation, and also aligns such incentive compensation with business decisions that are in the best interest of the Company. The calculation of Adjusted Operating Income is set forth in the chart below.

Adjusted Operating Income = GAAP Operating Income Adjusted for:

depreciation and amortization related to write ups in connection with acquisitions;

costs to obtain synergies in connection with acquisitions;

transaction and integration costs associated with an acquisition; and

restructuring costs, costs associated with exit or disposal activities, net gain or loss on sale of facilities, impairment charges and the release of cumulative translation adjustment (CTA) due to liquidation of a legal entity.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

Based on discussions with management and Pearl Meyer, the Committee determined that the unique responsibilities of Mr. Zingale over EMEA operations and NA CSS warranted that components of his short-term incentive compensation be based upon pre-determined EMEA and NA CSS Adjusted Operating Income goals. Accordingly, the Committee recommended, and the Board approved short-term cash incentive goals for Mr. Zingale of which 40% were based upon NA CSS Adjusted Operating Income targets, 30% of which were based upon EMEA Adjusted Operating Income targets, and 30% which were based upon the Company's Adjusted Operating Income. The 40% of Mr. Zingale's short-term incentive compensation based upon NA CSS Adjusted Operating Income targets was achieved at 76.8% of the goal. This result failed to achieve the necessary minimum threshold required for a payout and therefore nothing was earned on that portion of the short-term cash incentive for Mr. Zingale. The 30% of Mr. Zingale's short-term incentive compensation based upon EMEA Adjusted Operating Income was achieved at 85.9% of the goal resulting in a payout of 64.75% of target. The 30% of Mr. Zingale's short-term incentive compensation based upon Adjusted Operating Income was achieved at 89.9% of the goal resulting in a payout of 74.75% (as was the case for all of the other NEOs). Based upon the cumulative financial performance of the various financials that comprised Mr. Zingale's short-term incentive compensation, he received 41.9% of his total short-term incentive opportunity.

Similarly, based on discussions with management and Pearl Meyer, the Committee determined that the unique responsibilities of Mr. Farnsworth for driving new sales revenue, and managing the Company's Work at Home division, warranted that components of his short-term incentive compensation be based upon pre-determined NSRR targets and WAH Adjusted Operating Income goals. Accordingly, the Committee recommended, and the Board approved short-term cash incentive goals for Mr. Farnsworth of which 40% were based upon achieving NSRR Revenue targets, 30% of which were based on WAH Adjusted Operating Income goals and 30% based on the Company's Adjusted Operating Income. The 40% of Mr. Farnsworth's short-term incentive compensation based upon NSRR was achieved at 107.9% of the goal resulting in a payout of 119.75% of target. The 30% of Mr. Farnsworth's short-term incentive compensation based upon Adjusted Operating Income of the WAH division was achieved at 109.1% of the goal resulting in a payout of 122.75% of target. The 30% of Mr. Farnsworth's short-term incentive compensation based upon the Company's Adjusted Operating Income was achieved at 89.9% of the goal resulting in a payout of 74.75% (as was the case for all of the other NEOs). Based upon the cumulative financial performance of the various financial targets that comprised Mr. Farnsworth's short-incentive compensation, he received 107.2% of his total short-term incentive opportunity.

The Company's 2018 annual incentive plan compensation is summarized in the table below:

		Award Percentage ⁽¹⁾	Award Percentage ⁽¹⁾	Annual Incentive Award	Annual Cash Incentive Award	Award Percentage ⁽¹⁾

Discretionary Bonuses

The Committee believes that discretionary bonuses should be a rare occurrence because such bonuses do not support our philosophy of aligning the long-term interests of our executive officers with those of our shareholders. Consistent with its usual practices, the Committee did not award any discretionary bonuses to any of the NEOs for 2018 performance.

Performance-Based, Long-Term Equity Incentive Compensation

The performance-based, long-term equity incentive compensation component of total direct compensation for our executive officers is designed to encourage them to focus on long-term Company performance and provides an opportunity for executive officers and certain designated key employees to increase their ownership stake in the Company. The Committee utilizes a combination of time-based restricted stock (or restricted stock units for executives and key employees in foreign countries who would incur unfavorable tax consequences due to local tax laws if they were to receive restricted stock), performance-based restricted stock (or restricted stock units) and time-based SARs. The Committee believes these components of performance-based, long-term equity incentive compensation directly align the interests of its shareholders by requiring achievement of both long-term

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

operating results that are the drivers of long-term value creation and actual increases in the Company's stock price. For 2018, the grant mix for the NEOs was as follows:

The performance-based restricted stock award is earned based on cumulative performance over a 3-year performance period. The time-based restricted stock award and SARs vest ratably over a 3-year period (i.e., 1/3 of the award vests at the end of the first year of the period, 1/3 vests at the end of the second year of the period and 1/3 vests at the end of the third year of the period).

The Committee's goal in setting target long-term equity incentive award levels is to create a complete compensation program, such that the potential annual cash and long-term equity incentive awards, when combined with each officer's base salary, will provide a fully competitive total compensation opportunity, with a significant portion of total compensation being at risk. In setting award percentages (which are tied to salary), the Committee considers the level of each executive officer's accountability for contributing to bottom line financial results, and the degree of influence that the executive officer has over these results, as well as data from the market assessment provided by Pearl Meyer.

With respect to the performance-based restricted stock, the Committee meets with management each year to review the proposed operating plan for the upcoming year, and in conjunction with the Board's approval of its operating plan, together with growth goals for the succeeding two years, sets the financial targets for the next three-year performance cycle. The Committee first utilized this method for determining long-term incentive compensation on a three-year performance cycle for the performance cycle beginning January 1, 2005 and has continued utilizing this method for the three-year performance cycles since, including the performance cycle beginning in 2018. For the three-year measurement periods beginning in 2016 and 2017, the Committee used Plan Adjusted Operating Income to determine the level of attainment of the financial goals. In October 2017, the Committee determined that alignment of the calculation of long-term equity incentive compensation with the Company's Non-GAAP financial reporting methodology was appropriate. Accordingly, in the third quarter of 2017, the Committee recommended, and the Board approved changing the methodology of calculating the attainment of the 2017-2019 and future long-term incentive performance cycles, including the 2018-2020 long-term incentive performance cycle, from Plan Adjusted Operating Income to Adjusted Operating Income. The measure used in the three-year performance cycle beginning in 2016 was not changed, as the Committee determined that the Company was too far into that cycle to make the change.

The performance-based restricted stock awards are paid out at 50% of target payout for attaining 95% of the target performance measure (the threshold performance goal) and at 200% of the target payout for attaining 110% of the target performance measure (the maximum performance goal), with straight-line interpolation between threshold and target and between target and maximum. Below is a discussion of the specific design elements of each

performance-based restricted stock grant that was either awarded in or has a payout potential in the years covered by this proxy statement. The amount each NEO received as performance-based long-term equity incentive compensation for each of the three-year measurement periods beginning in 2016, 2017 and 2018 is reported in the Stock Awards column of the Summary Compensation table on page 34 of this proxy statement.

2018 – 2020 Performance Cycle

In 2018, the Committee set the 2018 – 2020 performance cycle LTIP awards as a percentage of the base salary of each NEO as follows:

Named Executive Officer	Performance Stock	Restricted Stock	SAR
	Award Percentage Target	Award Percentage	Award Percentage
Charles E. Sykes	200%	80%	120%
John Chapman	100%	40%	60%
Lawrence R. Zingale	100%	40%	60%
James T. Holder	50%	20%	30%
James D. Farnsworth	27%	13%	N/A

The SARs were granted in fiscal 2018, and will have value based on the value of the shares of the Company's common stock over the three-year vesting period for the SARs.

The three-year, cumulative performance measures that will be used by the Committee for calculating award values for performance stock awards granted for the 2018 – 2020 performance period are:

Performance Measure	Weighting	Threshold Performance	Target Performance	Maximum Performance
Adjusted Operating Income	2/3	\$ 370,700,000	\$ 390,200,000	\$ 429,200,000
Revenue	1/3	\$ 4,988,400,000	\$ 5,252,000,000	\$ 5,777,200,000

It should be noted that the performance measure related to income for the 2018 – 2020 performance cycle was changed to Adjusted Operating Income from Plan Adjusted Operating Income, which was the measure used in prior

performance cycles. Accordingly, the figures for the income related performance measures are not comparable between the 2018 – 2020 performance cycle and previous performance cycles.

The 2018 – 2020 performance cycle LTIP target award values for the performance stock awards, and the number of shares underlying SARs are as follows:

Named Executive Officer	Performance Stock Value at Target	Number of Shares of Performance Stock Awarded at Target	Restricted Stock Value⁽¹⁾	Number of Shares of Restricted Stock Awarded	Number of Shares Underlying SARs⁽²⁾
Charles E. Sykes	\$ 1,481,000	52,611	\$ 592,389	21,044	129,912
John Chapman	\$ 425,994	15,133	\$ 170,392	6,053	37,368
Lawrence R. Zingale	\$ 463,996	16,483	\$ 185,593	6,593	40,702
James T. Holder	\$ 185,143	6,577	\$ 74,063	2,631	16,241
James D. Farnsworth	\$ 105,337	3,742	\$ 52,669	1,871	N/A

⁽¹⁾ The value of the restricted stock award is calculated by multiplying the market price of the Company's common stock on the grant date by the number of shares awarded to the NEO. The grant date value of the restricted stock granted to our NEOs is included in the amount set forth under "Stock Awards" on the "Summary Compensation Table" later in this proxy statement. The restricted stock award vests ratably over a three-year period, with 1/3 of the award vesting after fiscal 2018, 1/3 of the award vesting after fiscal 2019 and 1/3 of the award vesting after fiscal 2020.

Upon exercise, the NEO is entitled to a payout equal to the value of the SARs in shares of the Company's common stock. The SARs were granted on June 1, 2018 with an exercise price of \$28.15. The actual grant date value of the SARs granted to our NEOs is set forth under Option Awards on the Summary Compensation Table later in this proxy statement. The actual number of shares underlying the SARs cannot be determined until such time as the SARs vest and are exercised and the spread between the fair value on the date of exercise and the base price is known.*

2017 – 2019 Performance Cycle

In 2017, the Committee set the 2017 – 2019 performance cycle LTIP awards as a percentage of the base salary of each NEO as follows:

Named Executive Officer	Performance Stock	Restricted Stock	SAR
	Award Percentage Target	Award Percentage	Award Percentage
Charles E. Sykes	200%	80%	120%
John Chapman	100%	40%	60%
Lawrence R. Zingale	100%	40%	60%
James T. Holder	50%	20%	30%
James D. Farnsworth	27%	13%	0%

The SARs were granted in fiscal 2017, and will have value based on the value of the shares of the Company's common stock over the three-year vesting period for the SARs.

The three-year, cumulative performance measures that will be used by the Committee for calculating award values for performance stock awards granted for the 2017 – 2019 performance period are:

Performance Measure	Weighting	Threshold Performance	Target Performance	Maximum Performance
Plan Adjusted Operating Income	2/3	\$ 399,300,000	\$ 420,300,000	\$ 462,300,000

The actual number of shares underlying the SARs cannot be determined until such time as the SARs vest and are exercised and the spread between the fair value on the date of exercise and the base price is known.

The SARs were granted in fiscal 2016, and will have value based on the value of the shares of the Company's common stock over the three-year vesting period for the SARs.

The three-year, cumulative performance measures that will be used by the Committee for calculating award values for performance stock awards granted for the 2016 – 2018 performance period are:

- (1) *The value of the restricted stock award is calculated by multiplying the market price of the Company's common stock on the grant date by the number of shares awarded to the NEO. The grant date value of the restricted stock granted to our NEOs is included in the amount set forth under "Stock Awards" on the "Summary Compensation Table" later in this proxy statement. The restricted stock award vests ratably over a three-year period, with 1/3 of the award vesting after fiscal 2016, 1/3 of the award vesting after fiscal 2017 and 1/3 of the award vesting after fiscal 2018.*
- (2) *The SARs vest ratably over a three-year period, with 1/3 of the award vesting after fiscal 2016, 1/3 of the award vesting after fiscal 2017, and 1/3 of the award vesting after fiscal 2018. Upon exercise, the NEO is entitled to a payout equal to the value of the SARs in shares of the Company's common stock. The SARs were granted on April 04, 2016 with an exercise price of \$30.32. The actual grant date value of the SARs granted to our NEOs is set forth under "Option Awards" on the "Summary Compensation Table" later in this proxy statement. The actual number of shares underlying the SARs cannot be determined until such time as the SARs vest and are exercised and the spread between the fair value on the date of exercise and the base price is known.*

The Company's cumulative revenue for the 2016–2018 performance period was \$4.462 billion, which exceeded the threshold performance requirement for a payout under the terms of the award for the 2016–2018 performance period and resulted in an equity payout of 100.44% of the target for this portion of the Long-Term Incentive Plan.

The Company's cumulative Plan Adjusted Operating Income for the 2016–2018 performance period was \$332.5 million, which was below the minimum threshold required to earn a payout and therefore no NEO earned a payout for this portion of the Long-Term Incentive Plan.

The "Outstanding Equity Awards at Fiscal Year-End" table later in this proxy statement shows the number of shares underlying outstanding SARs granted between 2015 and 2018 and held by each NEO, which have exercise prices between \$25.06 and \$30.32, based on the market price of the Company's common stock on the grant date.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Executive Deferred Compensation**

The Company's non-qualified Deferred Compensation Plan (the "Deferred Compensation Plan") was adopted by the Board effective December 17, 1998. It was last amended and restated on August 15, 2017 effective as of January 1, 2018. Participation in the Deferred Compensation Plan is limited to a select group of key management employees and employees who are expected to receive an annualized base salary that exceeds the amount taken into account for purposes of determining highly compensated employees as defined by the Internal Revenue Code. The Deferred Compensation Plan provides participants with the ability to defer between 1% and 80% of their compensation (between 1% and 100% prior to June 30, 2016, the effective date of the first amendment) until the participant's retirement, termination, disability or death, a change in control of the Company, as defined in the Deferred Compensation Plan, or an in-service distribution as described below in this section. Using the Company's common stock, the Company matches 50% of the amounts deferred by participants on a quarterly basis up to a total of \$12,000 per year for the president, chief executive officer, c-suite executives and executive vice presidents, \$7,500 per year for senior vice presidents, global vice presidents and vice presidents, and, effective January 1, 2017, \$5,000 per year for all other participants (there was no match for other participants prior to January 1, 2017, the effective date of the second amendment).

A participant in the Deferred Compensation Plan forfeits any undistributed matching contributions if the participant is terminated for cause as defined in the Deferred Compensation Plan or the participant enters into a business or employment which the Company's CEO determines to be in violation of any non-compete agreement between the participant and the Company. Matching contributions and the associated earnings vest over a seven-year service period. Participants that terminate their employment (for reasons other than death, disability or retirement) less than seven years after the date they begin making contributions to the Deferred Compensation Plan risk forfeiture of all or a portion of the Company's matching contributions and earnings, as outlined below:

Years of Participation in the Deferred Compensation Plan Prior to Termination	Effect of Termination on Matching Contribution and Earnings
Less than 3	Forfeited
3 or more, but less than 5	Forfeits 67%
5 or more, but less than 7	Forfeits 33%
7 or more	Retains 100%

Vesting will be accelerated in the event of the participant's death or disability, retirement (defined as separation from service after age 65) or a change in control of the Company. In the event of a distribution of benefits as a result of a change in control, the Company will increase the benefits by an amount sufficient to offset the income tax obligations created by the distribution of benefits.

Compensation deferred by a participant while participating in the Deferred Compensation Plan is deferred until such participant's retirement, termination, disability or death, a change in control of the Company, or an in-service distribution as described below in this section, and in such event is paid out to the participant or his beneficiary.

Distributions of a participant's deferred compensation and Company common stock contributed as matching contributions are made (or in the case of an election to receive annual installment distributions, the installments

commence) as soon as administratively feasible six months after retirement or termination of employment, unless the participant dies or becomes disabled while still an employee, in which case both distributions are made on the first day of the second month following the death or disability.

A participant also may elect to receive all of a portion of the deferred amounts while still employed by the Company, so long as the distributions do not commence until January 31 of the third year after such election is made.

Under current tax law, a participant does not recognize income with respect to deferred compensation until it is paid to him. Upon payment, the participant will recognize ordinary income in an amount equal to the sum of the cash and the fair market value of the shares of stock received, and the Company will be entitled to a deduction equal to the income recognized by the participant.

Other Elements of the Compensation Program

Stock Ownership Guidelines

The Board has adopted stock ownership guidelines for the NEOs and other members of the senior management team, which vary by position from 50% to 400% of base salary. These guidelines (which allow the executives five (5) years from the date they first participate in the Company's equity plan, or from the date ownership guidelines are increased) to acquire the required amount of stock, were originally

adopted in 2006 and updated in 2013 and again in 2015. The Committee reviews the stock ownership of the Company's executive officers on an annual basis to ensure that the executive officers are compliant with, or within the five year compliance window, are aware of where each stands in relation to the established guidelines. For purposes of the guidelines, stock ownership includes fully vested stock options, directly held common stock and fully

vested matching shares under the Company's Executive Deferred Compensation Plan. There are no additional stock holding period requirements for shares acquired upon exercise of SARs or upon the vesting of performance-based restricted stock.

Clawback Policy

Our clawback policy provides the Compensation Committee (the Committee) with the authority to require reimbursement or cancellation of cash incentive compensation awarded to any of our executive officers subject to Section 16 of the Securities Exchange Act if we are required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement, and if the award or payout was predicated upon the achievement of financial results that were restated. The Committee may make determinations of overpayment at any time through the end of the fiscal year following the year for which the inaccurate performance criteria were measured; provided that, if steps have been taken within such period to restate the Company's financial results, the time period will be extended until such restatement is completed. In the event the Committee determines that there has been fraud, willful misconduct, or gross negligence, the Committee may make a determination of overpayment of incentive compensation for a period of three years from the act of fraud or misconduct. The Company has also included negative discretion language in all equity incentive agreements beginning in 2017 allowing the Committee to reduce or eliminate unvested equity grants for executive wrongdoing.

Insider Trading and Anti-Hedging Policy

The Board of Directors has enacted a robust insider trading and anti-hedging policy applicable to all officers and directors of the Company. The policy outlines both objective rules and subjective guidelines regarding insider trading to promote compliance with federal, state and foreign securities laws that prohibit certain persons who are aware of material nonpublic information about the Company from: (i) trading in securities of the Company or (ii) providing material nonpublic information to other persons who may trade on the basis of that information. This policy also prohibits any persons covered by the policy from engaging in short-term trading, short sales, trading of publicly traded options or hedging transactions involving Company securities.

Change-in-Control Provisions

We have change-in-control provisions in the employment agreements with Messrs. Sykes, Chapman and Zingale. We also have change-in-control provisions in all of the equity incentive agreements with all of our executives and key employees issued under the 2011 Equity Incentive Plan. The change-in-control provision in the employment agreement with Mr. Sykes is a modified double-trigger arrangement which permits him to terminate his agreement for good reason, the definition of which includes a change-in-control. The change-in-control provisions in the two other employment agreements are double-trigger arrangements, meaning that payments are only made if there is a change-in-control of the Company and the executive officer's employment is terminated without cause, or the executive officer terminates employment for good reason, as such terms are defined in their respective employment agreements. All of our employment agreements with the NEOs, and the other executive officers, contain severance agreements ranging from one to three years of compensation and benefits in the event of termination by the Company other than for cause. These agreements are discussed in greater detail beginning on page 45 under the heading Employment Agreements. We believe that providing these agreements helps increase our ability to attract, retain and

motivate highly qualified management personnel and encourage their continued dedication without distraction from concerns over job security relating, among other things, to a change-in-control of the Company.

Perquisites and Other Personal Benefits

The Company provides its NEOs with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. These amounts represent mainly Company matches to the Deferred Compensation Plan, excess group term life insurance premiums and additional compensation paid to the NEOs related to the cost of executive physicals and other health and welfare benefits. The NEOs are also permitted to fly in business class when traveling overseas on business and are permitted to attend sporting events utilizing Company paid tickets that are not otherwise utilized in connection with business development. The Committee periodically reviews the levels of perquisites and other personal benefits provided to NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

Mitigating Compensation Risks

Although the responsibility for oversight of enterprise risk management lies with the full Board, the Committee annually reviews and conducts an assessment of the risks associated with the Company's compensation policies and practices. Based on its assessment conducted in 2018, the Committee determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In reaching that conclusion, the Committee evaluated each of the following key elements of the Company's compensation plans and practices for its executive officers:

Performance and pay horizons are appropriate and not overweight in short-term incentives;

The relationship between the incremental achievement levels and corresponding payouts in the Company's incentive plans are appropriate and have caps on payouts;

The incentive plans employ a reasonable mix of performance metrics and are not concentrated on a single metric;

Criteria for payments are closely aligned with our strategic goals and shareholder interests;

Payout curves are reasonable and do not contain steep cliffs that might encourage unreasonable short-term business decisions to achieve payment thresholds; and

Equity compensation plans for executive officers consist of a balanced mix of performance-based restricted stock awards, time-based SARs, and time-based restricted stock awards.

Tax and Accounting Implications

Deductibility of Executive Compensation. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company

may not deduct compensation of more than \$1,000,000 per year that is paid to certain individuals. As a result of the Tax Cuts and Jobs Act signed into law on December 22, 2017, the Company believes that compensation paid under its current management incentive plans will not be fully deductible for federal income tax purposes. While the impact of tax reform on deductibility of executive compensation is not expected to be significant in the near term, it is anticipated that in future years a material amount of executive compensation may be considered non-deductible for tax purposes.

Accordingly, the Committee will continue to examine the Company's executive compensation program structure to ensure the proper balance between competitive compensation and deductibility.

Nonqualified Deferred Compensation. The Company believes its agreements containing deferred compensation components comply with the final regulations issued in connection with the American Jobs Creation Act of 2004 and the tax rules applicable to non-qualified deferred compensation arrangements. A more detailed discussion of the Company's nonqualified deferred compensation arrangements is provided on page 30 under the heading Executive Deferred Compensation.

The table below summarizes the total compensation paid to, or earned by, each of the named executive officers for the fiscal years ending December 31, 2018, December 31, 2017 and December 31, 2016. The Company has entered into employment agreements with each of the named executive officers which are summarized under the section entitled Employment Agreements below. When setting the total compensation for each of the named executive officers, the Committee considers all of the executive's current compensation, including equity and non-equity based compensation.

The named executive officers did not receive payments which would be characterized as Bonus payments for the fiscal years ended December 31, 2018, December 31, 2017 or December 31, 2016. Amounts listed under column (g), Non-Equity Incentive Plan Compensation were paid in accordance with parameters determined by the Committee on March 12, 2018, March 14, 2017 and March 15, 2016, respectively, and were paid in March 2018, March 2017 and March 2016, respectively.

(3) The amounts shown in column (i) reflect the number of shares of stock granted to each named executive officer as matching contributions pursuant to the Executive Deferred Compensation Plan and the service based restricted stock portion of the Long-Term Incentive Stock Grants.

(4) The amounts shown in column (j) reflect the number of Stock Appreciation Rights granted to each named executive officer as part of the Long-Term Incentive awards as described in more detail on page 25 under the heading Performance-Based, Long-Term Equity Incentive Compensation. The actual number of shares underlying the Stock Appreciation Rights cannot be determined until such time as the Stock Appreciation Rights vest and are exercised and the spread between the fair value on the date of exercise and the base price is known. The fair value of the Stock Appreciation Rights included in column (l) is the amount determined pursuant to FASB ASC Topic 718.

Potential Payments upon Termination or Change of Control

The tables below reflect the amount of compensation to each of the named executive officers of the Company who were employed by the Company at the end of 2018 in the event of a termination of such executive's employment. The amount of compensation payable to each named executive officer upon voluntary termination, involuntary not-for-cause termination, termination following a change of control and in the event of a disability or death of the executive is shown below. The amounts shown assume that such termination was effective as of December 31, 2018, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

Payments Made Upon Termination

Regardless of the manner in which a named executive officer's employment terminates, he is entitled to receive amounts earned during his term of employment. Depending upon the date of a termination, such amounts may include:

non-equity incentive compensation earned during the fiscal year;

shares which have vested and for which the restrictions have lapsed under Long-Term Incentive compensation awards;

shares to be issued as a result of the vesting of SARs under Long-Term Incentive compensation awards;

amounts contributed to the Executive Deferred Compensation Plan; and

unused vacation pay.

Payments Made Upon Termination by the Company Without Cause, or by the Executive with Good Reason

In the event the employment of any of Messrs. Sykes, Chapman, Zingale, Holder or Farnsworth is terminated by the Company for any reason other than death, disability, or cause (as defined in their respective employment agreements), or if any of Messrs. Sykes, Chapman or Zingale terminates his employment agreement for good reason (as defined in their respective employment agreements, other than a termination by the officer in connection with a change of control (as defined in his employment agreement)), the officer will be entitled to the following payments:

Mr. Sykes will be entitled to receive an amount equal to two times his annual base salary;

Each of Messrs. Chapman and Zingale will be entitled to receive an amount equal to his annual base salary, plus an amount equal to the maximum annual performance bonus he could earn under the performance-based bonus plan in which he is then participating; and

Table of Contents**EXECUTIVE COMPENSATION**

Each of Messrs. Holder and Farnsworth will be entitled to receive an amount equal to his annual base salary. In the event that any of Messrs. Sykes, Chapman, Zingale, Holder or Farnsworth terminates his employment agreement in connection with a change of control, such officer will be entitled to receive the benefits listed under the heading **Payments Made Upon a Change of Control** below.

Except as provided below, the foregoing amounts are to be paid biweekly in equal installments over 52 weeks, commencing immediately upon such officer's separation from service. If such officer is determined to be a specified employee on the date of his separation from service (each as defined in Section 409(A) of the Internal Revenue Code and applicable regulations), to the extent that he is entitled to receive any benefit or payment upon such separation from service under the employment agreement that constitutes deferred compensation within the meaning of Section 409A of the Internal Revenue Code before the date that is six months after the date of his separation from service, such benefits or payments will not be provided or paid to him on the date otherwise required to be provided or paid. Instead, all such amounts shall be accumulated and paid in a single lump sum on the first business day after the date that is six months after the date of his separation from service (or, if earlier, within 15 days following his date of death). All remaining payments and benefits otherwise required to be paid or provided on or after the date that is six months after the date of his separation from service will be paid or provided or paid in accordance with the payment schedule described above.

Payments Made Upon Death or Disability

In the event of the death or disability of a named executive officer, in addition to the benefits listed under the heading **Payments Made Upon Termination** above, the named executive officer will receive benefits under the Company's disability plan or payments under the Company's life insurance plan, as appropriate. The Company pays for life insurance and accidental death and dismemberment coverage for its executive team in amounts equal to twice the executive's base salary, up to a maximum of \$500,000. The Company also pays for short-term disability for its executives with a benefit of 70% of base salary, up to a maximum of \$2,500 per week, and long-term disability

utilizing multiple plans. The base long-term disability plan provides for a benefit to the executives of 70% of base salary, up to a maximum of \$15,000 per month. The base long-term disability plan is supplemented with two individual policy plans designed to provide the executives with long term disability insurance approximating 75% of covered compensation.

Payments Made Upon a Change of Control

The Company has entered into employment agreements with Messrs. Sykes, Chapman and Zingale which contain change of control payment provisions. Pursuant to these provisions, if Mr. Sykes terminates his employment in connection with a change of control, or if any of Messrs. Sykes, Chapman or Zingale terminates his employment for good reason (as defined in his employment agreement) in connection with a change of control (as defined in their employment agreement), instead of the benefits listed under the heading **Payments Made Upon Termination**, he will receive the following benefits:

Mr. Sykes. Mr. Sykes will be entitled to receive an amount equal to three times his then current annual base salary, plus an amount determined by multiplying the annual target bonus designated or otherwise indicated for Mr. Sykes in the year such change of control occurs by a factor of three. The target bonus amount is to be determined under the performance-based bonus plan in which Mr. Sykes is then participating. In addition, all stock options, stock grants or

other similar equity incentives and/or compensation programs will immediately accelerate and become fully vested and exercisable at the option of Mr. Sykes.

Messrs. Chapman and Zingale. Each of Messrs. Chapman and Zingale will be entitled to receive an amount equal to two times his then current annual base salary, plus an amount determined by multiplying the annual maximum bonus designated or otherwise indicated for him in the year such change of control occurs by a factor of two. The maximum bonus amount is to be determined under the performance-based bonus plan in which he is then participating. In addition, all stock options, stock grants or other similar equity incentives and/or compensation programs will immediately accelerate and become fully vested and exercisable at his option.

Table of Contents**EXECUTIVE COMPENSATION**

Except as provided below, the foregoing amounts are to be paid biweekly in equal installments over 52 weeks, commencing immediately upon such officer's separation from service. If such officer is determined to be a specified employee on the date of his separation from service (each as defined in Section 409(A) of the Internal Revenue Code and applicable regulations), to the extent that he is entitled to receive any benefit or payment upon such separation from service under the employment agreement that constitutes deferred compensation within the meaning of Section 409A of the Internal Revenue Code before the date that is six months after the date of his separation from service, such benefits or payments will not be provided or paid to him on the date otherwise required to be provided or paid. Instead, all such amounts shall be accumulated and paid in a single lump sum on the first business day after the date that is six months after the date of his separation from service (or, if earlier, within 15 days following his date of death). All remaining payments and benefits otherwise required to be paid or provided on or after the date that is six months after the date of his separation from service will be paid or provided or paid in accordance with the payment schedule described above.

Messrs. Holder and Farnsworth. Neither of Mr. Holder or Mr. Farnsworth has change of control provisions in his employment agreement, but under various equity incentive agreements, all stock options, stock grants or other similar equity incentives and/or compensation programs will immediately accelerate and become fully vested and exercisable at his option in the event of a change in control.

Employment Agreements

Charles E. Sykes. The Company and Mr. Sykes are parties to an amended and restated employment agreement, dated December 30, 2008. The material terms and conditions of the agreement are summarized below. Under the agreement, Mr. Sykes serves as President and CEO of the Company. The initial term of the agreement expired on July 31, 2009, but automatically renewed, and will continue to be automatically renewed, for successive one-year terms unless one of the parties provides written notice of its intent not to renew the agreement at least 180 days prior to the expiration of any renewal term. Under the agreement, Mr. Sykes' annual base salary was originally set at \$550,000, subject to increase at the Company's discretion. Most recently, the Compensation Committee of the Board increased Mr. Sykes' annual base salary to \$740,500, effective as of January 1, 2017. Mr. Sykes also is entitled to participate in a performance-based bonus plan based upon the achievement of such goals as may be determined by the Compensation Committee, and to participate in such other bonus programs and benefit plans as are generally made available to other executive officers of the Company.

If employment is terminated by the Company prior to the expiration of a renewal period for any reason other than death, disability, or cause (as defined in the agreement), or if employment is terminated by Mr. Sykes prior to the expiration of the renewal period for good reason (as defined below), the Company is required to pay Mr. Sykes an amount equal to two times his annual base salary, and Mr. Sykes is prohibited for a period of two years from soliciting the Company's employees and competing with the Company in any area in which the Company's clients were conducting business during the initial term or any renewal term of the agreement. If employment is terminated by Mr. Sykes following a change of control of the Company (as defined in the agreement) prior to the expiration of the

initial term or any renewal period, the Company is required to pay Mr. Sykes an amount equal to three times his annual base salary, plus an amount determined by multiplying the annual target bonus designated or otherwise indicated for Mr. Sykes in the year

such change of control occurs by a factor of three. The target bonus amount is to be determined under the performance-based bonus plan in which Mr. Sykes is then participating. Except as provided below, the foregoing amounts are to be paid biweekly in equal installments over 52 weeks, commencing immediately upon his separation from service. If Mr. Sykes is determined to be a specified employee on the date of his separation from service (each as defined in Section 409(A) of the Internal Revenue Code and applicable regulations), to the extent that he is entitled to receive any benefit or payment upon such separation from service under the employment agreement that constitutes deferred compensation within the meaning of Section 409A of the Internal Revenue Code before the date that is six months after the date of his separation from service, such benefits or payments will not be provided or paid to him on the date otherwise required to be provided or paid. Instead, all such amounts shall be accumulated and paid in a single lump sum on the first business day after the date that is six months after the date of his separation from service (or, if earlier, within 15 days following his date of death). All remaining payments and benefits otherwise required to be paid or provided on or after the date that is six months after the date of his separation from service will be paid or provided or paid in accordance with the payment schedule described above.

Also, in the event employment is terminated by Mr. Sykes in connection with a change of control of the Company, all stock options, stock grants or other similar equity incentives and/or compensation programs will immediately accelerate and become fully vested and exercisable at the option of Mr. Sykes.

Good reason for Mr. Sykes termination of the agreement is defined in the agreement as: (i) a change of control of the Company (as defined in the agreement), (ii) a good faith determination by Mr. Sykes that the Company has breached the employment agreement, (iii) a material adverse change in working conditions or status, (iv) the deletion of, or change in, any of the titles of CEO or President, (v) a significant relocation of Mr. Sykes principal

office, (vi) a significant increase in travel requirements, or (vii) an impairment of Mr. Sykes' health to an extent that made the continued performance of his duties under the agreement hazardous to his physical or mental health or his life.

The agreement provides that if Mr. Sykes' employment is terminated by the Company due to his death, disability or for cause, or voluntarily by Mr. Sykes other than for good reason, then the Company will have no obligation to pay him any salary, bonus or other benefits other than those payable through the date of termination, and Mr. Sykes may not solicit any of the Company's employees or compete directly or indirectly with the Company during the term of the agreement and for a period of one year after its termination, regardless of the reason for its termination.

The agreement provides that Mr. Sykes may not solicit any of the Company's employees or compete directly or indirectly with the Company during the term of the agreement and for one year after its expiration in any area in which the Company's clients were conducting business during the initial term or any renewal term of the agreement. The agreement contains customary confidentiality provisions.

John Chapman. The Company and Mr. Chapman are parties to an employment agreement, dated April 15, 2014, the material terms and conditions of which are summarized below.

The employment agreement provides that Mr. Chapman will serve as an executive of Sykes. The agreement will continue until terminated by one of the parties. Under the agreement, Mr. Chapman's annual base salary is to be not less than \$330,000, and he is entitled to (i) participate in a performance-based bonus program ranging from 0% to 70% of his base salary, (ii) annual grants under Sykes' long-term incentive plan with a target award of 100% of base salary, and (iii) standard fringe benefits provided to other executive officers. On December 6, 2016, upon the recommendation of the Compensation Committee, the Board of Directors increased Mr. Chapman's annual base salary to \$426,000, effective as of December 23, 2016.

If employment is terminated by Sykes for any reason other than death, disability, or cause (as defined in the agreement), or if employment is terminated by Mr. Chapman for good reason (as defined below), Sykes is required to pay Mr. Chapman an amount equal to his annual base salary, plus an amount equal to the maximum annual performance bonus he could earn under the performance-based bonus plan in which Mr. Chapman is then participating. If employment is terminated by Mr. Chapman for good reason within 24 months after a change in control of Sykes (as defined in the agreement), Sykes is required to pay Mr. Chapman an amount equal to twice his annual base salary, plus an amount determined

by multiplying the annual maximum bonus designated or otherwise indicated for Mr. Chapman in the year such change of control occurs by a factor of two. The target bonus amount is to be determined under the performance-based bonus plan in which Mr. Chapman is then participating. Except as provided below, the foregoing amounts are to be paid biweekly in equal installments over 52 weeks (or 104 weeks if a change in control was involved), commencing immediately upon his separation from service. If Mr. Chapman is determined to be a "specified employee" on the date of his separation from service (each as defined in Section 409(A) of the Internal Revenue Code and applicable regulations), to the extent that he is entitled to receive any benefit or payment upon such separation from service under the employment agreement that constitutes deferred compensation within the meaning of Section 409A of the Internal Revenue Code before the date that is six months after the date of his separation from service, such benefits or payments will not be provided or paid to him on the date otherwise required to be provided or paid. Instead, all such amounts shall be accumulated and paid in a single lump sum on the first business day after the date that is six months

after the date of his separation from service (or, if earlier, within 15 days following his date of death). All remaining payments and benefits otherwise required to be paid or provided on or after the date that is six months after the date of his separation from service will be paid or provided or paid in accordance with the payment schedule described above.

Also, in the event employment is terminated by Mr. Chapman for good reason in connection with a change of control of Sykes, all stock options, stock grants or other similar equity incentives and/or compensation programs will immediately accelerate and become fully vested and exercisable at the option of Mr. Chapman.

Good reason for Mr. Chapman's termination of the agreement is defined in the agreement as: (i) Sykes's breach of the employment agreement, (ii) a material adverse change in working conditions, duties or status, (iii) a significant geographic relocation of Mr. Chapman's principal office, or (iv) a change in reporting such that Mr. Chapman is required to report to someone other than the CEO.

The agreement provides that if Mr. Chapman's employment is terminated by Sykes due to his death, disability or for cause, or voluntarily by Mr. Chapman other than for good reason, then Sykes will have no obligation to pay him any salary, bonus or other benefits other than those payable through the date of termination.

The agreement provides that Mr. Chapman may not solicit any of Sykes's employees or compete directly or indirectly with Sykes during the term of the agreement and for one year after its expiration in any area in which Sykes's clients

were conducting business during the term of the agreement. The agreement contains customary confidentiality provisions.

If employment is terminated by Mr. Zingale for good reason within 24 months after a change in control of the Company (as defined in the agreement), the Company is required to pay Mr. Zingale an amount equal to twice his annual base salary, plus an amount determined by multiplying the annual maximum bonus designated or otherwise indicated for Mr. Zingale in the year such change of control occurs by a factor of two. of Section 409A of the Internal Revenue Code before the date that is six months after the date of his separation from service, such benefits or payments will not be provided or paid to him on the date otherwise required to be provided or paid. Instead, all such amounts shall be accumulated and paid in a single lump sum on the first business day after the date that is six months after the date of his separation from service (or, if earlier, within 15 days following his date of death). All remaining payments and benefits otherwise required to be paid or provided on or after the date that is six months after the date of his separation from service will be paid or provided or paid in accordance with the payment schedule described above.

Also, in the event employment is terminated by Mr. Zingale for good reason in connection with a change of control of the Company, all stock options, stock grants or other similar equity incentives and/or compensation programs will immediately accelerate and become fully vested and exercisable at the option of Mr. Zingale.

Good reason for Mr. Zingale's termination of the agreement is defined in the agreement as: (i) the Company's breach of the employment agreement, (ii) a material adverse change in working conditions, duties or status, (iii) a significant geographic relocation of Mr. Zingale's principal office, or (iv) a change in reporting such that Mr. Zingale is required to report to someone other than the CEO.

PROPOSAL 3: APPROVAL OF THE SYKES ENTERPRISES, INCORPORATED 2019 EQUITY INCENTIVE PLAN

PROPOSAL 3: APPROVAL OF THE SYKES ENTERPRISES, INCORPORATED 2019 EQUITY INCENTIVE PLAN

The Board of Directors adopted the Sykes Enterprises, Incorporated 2019 Equity Incentive Plan (the 2019 Plan) on March 12, 2019, subject to shareholder approval at the Annual Meeting, and the 2019 Plan will become effective when shareholder approval is obtained. The material terms of the 2019 Plan are summarized below and are qualified in their entirety by the terms of the 2019 Plan, which is attached at Appendix A to this Proxy Statement and can be accessed at <http://www.sec.gov>. You also can obtain a printed copy by writing to the Secretary, Sykes Enterprises, Incorporated, 400 North Ashley Drive, Suite 2800, Tampa, Florida 33602.

General

The Company currently has in effect the 2011 Equity Incentive Plan (the 2011 Plan), which will expire by its terms in 2021. The Company has limited shares available for issuance under the 2011 Plan, and in order to maintain a plan which provides a mechanism for grants of equity incentive compensation to the Company s employees in accordance with the compensation philosophy of the Compensation Committee, the Board believes it is in the best interest of the Company to adopt a replacement plan with the same material terms and conditions as the 2011 Plan.

The 2019 Plan provides for the grant of awards with respect to a maximum of 4,000,000 shares of Common Stock, plus any shares of Common Stock that expire, terminate or are cancelled or forfeited under the terms of the 2011 Plan. No more than 4,000,000 shares of Common Stock may be issued as incentive stock options under the 2019 Plan. The replacement of the 2011 Plan will not affect awards previously granted under that plan, and previously granted awards will continue to be governed by that plan. However, any shares that were granted under the 2011 Plan but are subsequently cancelled or forfeited may become available for grants under the 2019 Plan. For clarity, the following is a summary of all outstanding awards under the 2011 Plan as of December 31, 2018:

Outstanding Stock Appreciation Rights 962,000

Weighted Average Exercise Price of \$28.51

Weighted Average Remaining Term of 8.1 years

Outstanding Full Value Awards 1,153,000

After the 2019 Plan is approved, no additional grants will be made under the 2011 Plan and any remaining shares available under that plan will be cancelled.

Purpose of the 2019 Plan

The purpose of the 2019 Plan is to provide incentives to certain employees of, and certain non-employees who provide services to, the Company and its subsidiaries, in order to encourage them to remain in the employ of or to faithfully

provide services to the Company and its subsidiaries and to increase their interest in the Company's success.

Administration and Duration of the 2019 Plan

The 2019 Plan is administered by the Compensation Committee of the Board, or by any other committee appointed by the Board that shall consist of not fewer than two members of the Board, each of whom shall qualify (at the time of appointment to the committee and during all periods of service on the committee) in all respects as a non-employee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and as an independent director in accordance with NASDAQ rules. The Compensation Committee of the 2019 Plan is authorized, subject to the provisions of the 2019 Plan, to establish such rules and regulations as it may deem appropriate for the proper administration of the 2019 Plan, and to make such determinations under, and such interpretations of, and to take such steps in connection with, the 2019 Plan and plan awards as it may deem necessary or advisable. Any authority granted to the Compensation Committee may also be exercised by the Board. To the extent permitted by applicable law and with certain exceptions, the Compensation Committee may delegate any or all of its powers or duties under the 2019 Plan to such person or persons as it shall appoint, pursuant to such conditions or limitations as the Compensation Committee may establish.

PROPOSAL 3: APPROVAL OF THE SYKES ENTERPRISES, INCORPORATED 2019 EQUITY INCENTIVE PLAN

The 2019 Plan will have a duration of ten years from the date that the Board of Directors adopted the plan. Accordingly, the 2019 Plan will terminate on March 11, 2029, unless sooner terminated by the Board. Upon such termination, the outstanding awards granted under the 2019 Plan will remain in effect until their exercise, expiration, or termination. The Board may at any time terminate the 2019 Plan, or amend the 2019 Plan as it shall deem advisable, including any amendment deemed by the Board to be necessary or advisable to assure conformity of the 2019 Plan and any incentive stock options granted thereunder to the requirements of Section 422 of the Code, as now or hereafter in effect and to assure conformity with any requirements of other applicable state or federal laws or regulations.

Types of Awards

The 2019 Plan authorizes the Compensation Committee to grant awards in the form of options to purchase Common Stock, stock appreciation rights, and other stock-based awards referenced below. The employees to whom plan awards are granted and the terms of the awards granted, including the number of shares of Common Stock subject to such awards, shall be within the discretion of the Compensation Committee, subject to the terms and conditions set for the in the 2019 Plan.

Options to Purchase Common Stock. The 2019 Plan authorizes the Compensation Committee to grant options to purchase Common Stock. These options may be in the form of incentive stock options, which are options that meet the requirements of Section 422 of the Code, or nonqualified stock options, which are options that do not meet such requirements.

Except for incentive stock options granted to shareholders owning more than 10% of the voting power of all classes of the Company's capital stock, the per share exercise price of an incentive stock option granted or to be granted pursuant to the 2019 Plan, as determined by the Compensation Committee, shall be an amount not less than 100% of the fair market value of a share of Common Stock on the date that the option is granted. For purposes of the 2019 Plan, the fair market value of a share of Common Stock is defined as the closing price of a share of Stock as reported by the securities market on the date preceding such grant, or, if such date is not a trading day, the closing price of a share of Stock as reported by the securities market on the last trading day preceding such grant or date on which a sale was reported.

The term of each option granted pursuant to the 2019 Plan shall be as determined by the Compensation Committee, but in no event shall the term of an option exceed a period of ten years from the date of its grant. However, no incentive stock option shall be granted to any employee who immediately after such option is granted, owns capital stock of the Company possessing more than 10% of the total combined voting power or value of all classes of capital stock of the Company unless the option prices at the time such incentive stock option is granted is at least 110% of the fair market value of the shares subject to the incentive stock option and such incentive stock option is not exercisable by its terms after the expiration of five years from the date of its grant.

Payment of the option price may be made in cash or by check, or if approved by the Compensation Committee, by delivery of shares of Common Stock equivalent in fair market value to the option price, or by a combination of cash and shares of Common Stock, at the election of the optionee and subject to the terms of the applicable stock option agreement. In the event an optionee exercises an option by surrendering shares of Common Stock as payment of the exercise price, the 2019 Plan permits the Compensation Committee to grant a replacement option equal to the number of shares surrendered as payment.

Subject to the terms of each stock option agreement, options granted under the 2019 Plan may be exercised in whole or in part. Upon exercise of an option, the employee must pay in full the option price for the shares of Common Stock being purchased.

Stock Appreciation Rights. The 2019 Plan authorizes the Compensation Committee to grant stock appreciation rights to eligible participants. A stock appreciation right is a right to receive, without payment to the Company, an amount of cash or shares of Common Stock, as determined by the Compensation Committee, equal to the amount by which the fair market value of a share of Common Stock exceeds the grant price at the time of exercise.

Under the 2019 Plan, stock appreciation rights may be granted either alone or in tandem with stock options. With respect to stand-alone stock appreciation rights, the grant price, term, method of exercise, method of payment, and other terms and conditions of each such right will be determined by the Compensation Committee, except that the grant price must be equal to at least the fair market value of the Company's Common Stock on the grant date. Tandem stock appreciation rights will have terms and conditions corresponding to the related options. To the extent that a tandem stock appreciation right is exercised, the related option will no longer be exercisable. No stock appreciation right may have a term of more than ten years from the date of grant.

Other Stock-Based Awards. In addition to stock options and stock appreciation rights, the 2019 Plan authorizes the Compensation Committee to grant other awards that are valued or determine in whole or in part by reference to or

otherwise based on the Company's Common Stock. Such awards may include restricted stock, restricted stock units, so-called phantom stock, and stock options containing terms or provisions differing from stock options granted pursuant to other parts of the 2019 Plan.

Shares Subject to Awards

The 2019 Plan provides for the grant of awards with respect to a maximum of 4,000,000 shares of Common Stock, plus any shares of Common Stock granted under the 2011 Plan that expire, terminate or are cancelled or forfeited. As of the date of this Proxy Statement, no awards have been granted to employees under the 2019 Plan. At this time, it is not known which employees, if any, will receive grants under the 2019 Plan or the number of shares that will be covered by any such grants. Such determinations will be made from time to time by the Compensation Committee. To the extent that awards granted under the 2019 Plan expire or terminate without having been exercised in full, the Common Stock subject to those expired or terminated awards will become available for further award grants under the 2019 Plan. Provision is made under the 2019 Plan for appropriate adjustment in the number of shares of Common Stock covered by the 2019 Plan, and covered by each award granted thereunder and any related exercise or purchase price, in the event of any change in the Common Stock by reason of a stock dividend, merger, reorganization, stock split, recapitalization, combination, exchange of shares or otherwise.

Eligibility and Extent of Participation

All employees of the Company and its subsidiaries who are designated by the Compensation Committee for participation in the 2019 Plan, as well as non-employee directors, are eligible to receive awards under the 2019 Plan. As of the date hereof, there were approximately 48,000 individuals employed by the Company and its subsidiaries who are eligible to participate in the 2019 Plan. The Compensation Committee may also, in the exercise of its discretion, grant awards under the 2019 Plan to non-employees, except that incentive stock options may not be granted to such non-employees.

An incentive stock option shall be granted under the 2019 Plan to an employee only if the aggregate fair market value (determined as of the date the option is granted) of the Common Stock for which options are exercisable for the first time by such employee during any calendar year does not exceed \$100,000. The maximum number of shares of Common Stock that may be granted during a single fiscal year of the Company to any non-employee director, together with any cash fees paid to the director during the fiscal year, shall not exceed a total value of \$500,000.

Limitations on Transferability and Effect of Death, Retirement or Termination of Employment

Except as otherwise provided by the Compensation Committee, awards granted under the 2019 Plan are generally not transferable other than by will or by the laws of descent and distribution. The Compensation Committee will determine, either in an award agreement or otherwise, the extent to which an award may be exercised subsequent to the death of the employee or the termination of the employee's employment. An award agreement may provide that an employee who qualifies for retirement (defined under the Plan as a voluntary resignation when the sum of the employee's age and vesting service in the Company's 401(k) Plan is 80 or more) may have vesting of any outstanding grants accelerated, or that vesting under those grants will continue in accordance with the vesting schedule and performance conditions (if any) stated in the award agreement. Participants, upon notifying the Company of their intent to retire shall no longer be eligible to receive any new equity grants. However, any incentive stock options granted under the 2019 Plan must terminate not later than three months after the participant's termination of

employment for any reason other than disability, death, or retirement and it must terminate not later than twelve months after the participant's termination of employment as a result of disability.

Repricing

Neither the Board nor the Compensation Committee will amend the plan to permit a transaction that would have the effect of repricing a stock option or SAR without obtaining shareholder approval of such amendment. For this purpose, repricing means any transaction that would have the effect of repricing a stock option or SAR under applicable financial accounting standards or, with respect to underwater stock options, the cancellation of such options in exchange for replacement options or a buyout of underwater stock options for cash.

Change-of-Control Provisions

The change-of-control provisions in the equity incentive agreements with key employees of the Company, including the named executive officers, are dictated under the terms of this Plan. In certain circumstances involving mergers, reorganizations, transactions involving the sale or transfer of substantially all of the assets of the Company, or the

acquisition of more than 50% of the Common Stock by any person or group of related persons without the prior approval of the Board (a Change in Control), unless an award agreement provides otherwise, if a successor corporation or other entity following a Change in Control agrees to assume any outstanding 2019 Plan Awards at the time of the Change in Control, or to substitute substantially equivalent awards, then the outstanding Plan Awards will not be immediately exercisable or immediately vest, but will remain exercisable in accordance with the terms of the Plan and the applicable award agreements. If, however, the outstanding 2019 Plan Awards are not assumed or replaced, then all awards based on the passage of time will be accelerated, and all awards based on attainment of Performance Goals will be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions applicable to outstanding awards will lapse.

Federal Income Tax Considerations

Incentive Stock Options. Under current federal tax law, the holder of an option that qualifies as an incentive stock option under Section 422 of the Code generally does not recognize income for federal income tax purposes at the time of the grant or exercise of an incentive stock option (but the spread between the exercise price and the fair market value of the underlying shares on the date of exercise generally will constitute a tax preference item for purposes of the alternative minimum tax). The optionee generally will be entitled to long-term capital gain treatment upon the sale of shares acquired pursuant to the exercise of an incentive stock option if the shares have been held for more than two years from the date of grant of the option and for more than one year after exercise, and the Company will not be entitled to any deduction for federal income tax purposes. If the optionee disposes of the stock before the expiration of either of these holding periods (a disqualifying disposition), the gain realized on the disposition will be compensation income to the optionee to the extent the fair market value of the underlying stock on the date of exercise (or, if less, the amount realized on disposition of the underlying stock) exceeds the applicable exercise price and a corresponding deduction will be allowed to the Company.

Nonqualified Stock Options. Under current federal tax law, an optionee does not recognize income for federal income tax purposes upon the grant of a nonqualified stock option but must recognize ordinary income upon exercise to the extent of the excess of the fair market value of the underlying shares on the date of exercise over the exercise price of the option. The Company generally will be entitled to a deduction in the same amount and at the same time as ordinary income is recognized by the optionee. A subsequent disposition of the shares acquired pursuant to the exercise of a nonqualified option typically will give rise to capital gain or loss to the extent the amount realized from the sale differs from the fair market value of the shares on the date of exercise. This capital gain or loss will be long-term gain or loss if the shares sold had been held for more than one year after the date of exercise.

Stock appreciation rights. Amounts received upon the exercise of a stock appreciation right are taxed as ordinary income when received. The Company is generally allowed an income tax deduction equal to the amount recognized as ordinary income by the participant.

Other stock-based awards. Amounts received by the participant upon the grant of other stock-based awards are ordinarily taxed as ordinary income when received. However, if such other stock-based awards consist of property subject to restrictions, the amounts generally will not be taxed until the restrictions lapse or until the participant makes an election under Section 83(b) of the Code. The Company is generally allowed an income tax deduction at the same time and in the same amount recognized as ordinary income by the Participant.

Compliance with Section 409A. Awards under the 2019 Plan are intended to qualify for an exception to the application of Section 409A of the Code or be compliant with the provisions of Section 409A.

Required Vote

The affirmative vote of the holders of a majority of the votes cast on the Proposal at the Annual Meeting will be required for approval of the 2019 Plan. Abstentions and broker non-votes will not be counted as votes cast on the Proposal.

AUDIT COMMITTEE DISCLOSURE

AUDIT COMMITTEE DISCLOSURE

The Audit Committee is comprised of four non-employee directors and operates under a written charter adopted by the Board of Directors. The Audit Committee charter was last amended on December 4, 2018. The Board of Directors has determined that each member of the Audit Committee is independent and financially literate. The Board of Directors has also determined that in addition to the accounting and other related financial management expertise held by the various members of the Audit Committee, Mr. Meurer specifically qualifies as an audit committee financial expert as that term has been defined by the Securities and Exchange Commission.

Under its charter, the Audit Committee is responsible for overseeing our accounting and financial reporting processes and audits of our financial statements. The Audit Committee is directly responsible for the appointment and oversight of our independent auditors, including review of their qualifications, independence and performance.

In accordance with rules established by the Securities and Exchange Commission, as well as the internal policies of Deloitte & Touche LLP, audit partners are subject to rotation requirements to limit the number of consecutive years an individual partner may provide service to our Company. For lead and concurring audit partners, the maximum number of consecutive years of service in that capacity is five years. The process for selection of the Company's lead audit partner pursuant to this rotation policy involves an initial meeting between the Chair of the Audit Committee and the candidate for the role, followed by a meeting of the candidate and discussions with the full Committee and with management.

Among other duties, the Audit Committee is also responsible for:

Overseeing the integrity of our financial statements, our accounting and financial reporting processes and our systems of internal control over financial reporting.

Overseeing our compliance with financial, legal and regulatory requirements.

The appointment, compensation, and oversight of the work of the registered public accounting firm employed by the Audit Committee (including resolution of disagreements between management and the auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work, and each such registered public accounting firm reports directly to the Audit Committee.

Reviewing and appraising the Company's internal auditing function, including a review and approval of the Company's internal audit plan.

Reviewing the Company's quarterly and annual earnings press releases, consolidated financial statements (including the presentation of non-GAAP financial information) and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations (including significant accounting policies and

judgments) with management, the Company's internal auditors and the Company's independent auditors.

Establishment of procedures for the receipt, retention and treatment, on a confidential basis, of any complaints we receive regarding fraud in connection with, or the integrity of, our financial reporting. Employees are encouraged to report concerns about our accounting controls, auditing matters or anything else that appears to involve financial wrongdoing.

Reviewing and discussing with the Company's independent auditors the overall scope and plans for their audit and review and approval of the terms of the engagement letter.

Providing an open avenue of communication among the Company's registered public accounting firm, financial and senior management, those involved in the Company's internal auditing function, and the Board of Directors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors which exceed \$50,000. These services may include audit services, audit-related services, tax services and other services. The Chairman of the Audit Committee has been given the authority to grant pre-approvals, and each such pre-approval is then submitted to the full Committee at the next meeting for consideration and approval. Pre-approval is

generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date.

Table of Contents**AUDIT COMMITTEE DISCLOSURE****Service Fees Paid to the Independent Registered Public Accounting Firm**

Audit Fees represent fees for professional services provided in connection with the audit of our consolidated annual financial statements and internal control over financial reporting, as well as reviews of our quarterly financial statements and statutory audits of international subsidiaries. The Audit Committee has reviewed and approved the amount of fees paid to Deloitte & Touche LLP for audit and audit-related services. The fees charged by Deloitte & Touche LLP for professional services rendered in connection with all audit and non-audit related matters for the years ended December 31, 2018 and December 31, 2017 were as follows:

REPORT OF THE AUDIT COMMITTEE

REPORT OF THE AUDIT COMMITTEE

In connection with the financial statements for the fiscal year ended December 31, 2018, the Audit Committee has:

- (1) reviewed and discussed the audited financial statements with management,
- (2) discussed with Deloitte & Touche LLP, the Company's independent registered public accounting firm (the Auditors), the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, issued by the PCAOB, and
- (3) received the written disclosures and letter from the Auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the Auditor's communications with the Audit Committee concerning independence, and has discussed with the Auditors the Auditors' independence.

In determining whether to reappoint Deloitte & Touche LLP as the Company's independent auditor, the Audit Committee took into consideration a number of factors, including:

the length of time the firm has been engaged by the Company and its familiarity with our global operations and business, accounting policies and practices and internal control over financial reporting,

the quality of the Audit Committee's ongoing discussions with Deloitte & Touche LLP and an assessment of the professional qualifications and past performance of the lead audit partner, and

external data relating to audit quality and performance, including recent PCAOB reports on Deloitte & Touche LLP and its peers.

Based upon these evaluations, the Audit Committee recommended to the Board at the February 14, 2019 meeting of the Board that the Company's audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2018 filed with the Securities and Exchange Commission. The Board has approved this inclusion.

- a) to construe and interpret the Plan and apply its provisions;
- b) to promulgate, amend, and rescind rules and regulations relating to the administration of the Plan;

- g) to determine the number of shares of Common Stock to be made subject to each Award;

- h) to determine whether each Option is to be an Incentive Stock Option or a Non-qualified Stock Option;
- i) to prescribe the terms and conditions of each Award, including, without limitation, the exercise price and medium of payment and vesting provisions, and to specify the provisions of the Award Agreement relating to such grant;
- j) to determine the target number of Performance Shares to be granted pursuant to a Performance Share Award, the performance measures that will be used to establish the Performance Goals, the Performance Period(s) and the number of Performance Shares earned by a Participant;

- n) to interpret, administer, reconcile any inconsistency in, correct any defect in and/or supply any omission in the Plan and any instrument or agreement relating to, or Award granted under, the Plan; and
- o) except as otherwise provided in this Plan, to exercise discretion to make any and all other determinations which it determines to be necessary or advisable for the administration of the Plan.

The Committee also may modify the purchase price or the exercise price of any outstanding Award, provided that if the modification effects a repricing (or permits a cash buyout of underwater Options or SARs), shareholder approval shall be required before such action is effective.

- 3.2. Committee Decisions Final. All decisions made by the Committee pursuant to the provisions of the Plan shall be final and binding on the Company and the Participants, unless such decisions are determined by a court having jurisdiction to be arbitrary and capricious.
- 3.3. Delegation. The Committee or the Board may delegate administration of the Plan to a committee or committees of one or more members of the Board, and the term Committee shall apply to any person or persons to whom such authority has been delegated. The Committee shall have the power to delegate to a subcommittee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board or the Committee shall thereafter be to the committee or subcommittee), subject, however, to such resolutions, not inconsistent with the provisions of the Plan, as may be adopted from time to time by the Board. The Board may at any time re-vest in the Board the administration of the Plan. The members of the Committee shall be appointed by and serve at the pleasure of the Board. From time to time, the Board may increase or decrease the size of the Committee, add additional members to, remove members (with or without cause) from, appoint new members in substitution therefor, and fill vacancies, however caused, in the Committee. The Committee shall act pursuant to a vote of the majority of its members or, in the case of a Committee comprised of only two members, the unanimous consent of its members, whether present or not, or by the written consent of the majority of its members and minutes shall be kept of all of its meetings and copies thereof shall be provided to the Board. The Board shall have discretion to determine whether or not it intends to comply with the exemption requirements of Rule 16b-3. However, if the Board intends to satisfy such exemption requirements, with respect to any insider subject to Section 16 of the Exchange Act, the Committee shall be a compensation committee of the Board that at all times consists solely of two or more Non-Employee Directors. Within the scope of such authority, the Board or the Committee may delegate to a committee of one or more members of the Board who are not Non-Employee Directors the authority to grant Awards to eligible persons who are not then subject to Section 16 of the Exchange Act. Nothing herein shall create an inference that an Award is not validly granted under the Plan in the event Awards are granted under the Plan by a compensation committee of the Board that does not at all times consist solely of two or more Non-Employee Directors.

- 3.5. Indemnification. In addition to such other rights of indemnification as they may have as Directors or members of the Committee, and to the extent allowed by Applicable Laws, the Committee shall be indemnified by the Company against the reasonable expenses, including attorney's fees, actually incurred in connection with any action, suit or proceeding or in connection with any appeal therein, to which the Committee may be party by reason of any action taken or failure to act under or in connection with the Plan or any Award granted under the Plan, and against all amounts paid by the Committee in settlement thereof (provided, however, that the settlement has been approved by the Company, which approval shall not be unreasonably withheld) or paid by the Committee in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such Committee did not act in good faith and in a manner which such person reasonably believed to be in the best interests of the Company, or in the case of a criminal proceeding, had no reason to believe that the conduct complained of was unlawful; provided, however,

that within 60 days after the institution of any such action, suit or proceeding, such Committee shall, in writing, offer the Company the opportunity at its own expense to handle and defend such action, suit or proceeding.

- 3.6. Awards to Participants Outside of the United States. In order to facilitate the granting of Awards to Participants who are foreign nationals or who reside or work outside of the United States of America, the Committee (or its delegate) may provide for such special terms and conditions, including without limitation substitutes for Awards, as the Committee (or its delegate) may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Such substitutes for Awards may include a requirement that the Participant receive cash, in such amount as the Committee (or its delegate) may determine in its sole discretion, in lieu of any Award or share of Common Stock that would otherwise have been granted to or delivered to such Participant under the Plan. The Committee (or its delegate) may approve any supplements to, or amendments, restatements or alternative versions of the Plan as it may consider necessary or appropriate for purposes of this Section 3.6 without thereby affecting the terms of the Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Company may certify any such documents as having been approved and adopted pursuant to properly delegated authority; *provided, however*, that no such supplements, amendments, restatements or alternative versions shall include any provision that is inconsistent with the terms of the Plan as then in effect. Participants subject to the laws of a foreign jurisdiction may request copies of, or the right to view, any materials that are required to be provided by the Company pursuant to the laws of such jurisdiction.

4. Shares Subject to the Plan.

- 4.1. Subject to adjustment in accordance with Section 11, no more than 4,000,000 shares of Common Stock plus the number of shares of Common Stock underlying any award granted under the Prior Plan that expires, terminates or is canceled or forfeited under the terms of the Prior Plan shall be available for the grant of Awards under the Plan (the Total Share Reserve). During the terms of the Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Awards.
- 4.2. Shares of Common Stock available for distribution under the Plan may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares reacquired by the Company in any manner.
- 4.3. Subject to adjustment in accordance with Section 11, no more than 4,000,000 shares of Common Stock may be issued in the aggregate pursuant to the exercise of Incentive Stock Options (the ISO Limit).
- 4.4. The maximum number of shares of Common Stock subject to Awards granted during a single Fiscal Year to any Director, together with any cash fees paid to such Director during the Fiscal Year, shall not exceed a total value of \$500,000 (calculating the value of any Awards based on the grant date fair value for financial reporting purposes).

4.5.

Any shares of Common Stock subject to an Award that expires or is canceled, forfeited, or terminated without issuance of the full number of shares of Common Stock to which the Award related will again be available for issuance under the Plan Notwithstanding anything to the contrary contained herein: shares subject to an Award under the Plan shall not again be made available for issuance or delivery under the Plan if such shares are (a) shares tendered in payment of an Option, (b) shares delivered or withheld by the Company to satisfy any tax withholding obligation, or (c) shares covered by a stock-settled Stock Appreciation Right or other Awards that were not issued upon the settlement of the Award.

- 4.6. Awards may, in the sole discretion of the Committee, be granted under the Plan in assumption of, or in substitution for, outstanding awards previously granted by an entity acquired by the Company or with which the Company combines (Substitute Awards). Substitute Awards shall not be counted against the Total Share Reserve; provided, that, Substitute Awards issued in connection with the assumption of, or in substitution for, outstanding options intended to qualify as Incentive Stock Options shall be counted against the ISO limit. Subject to applicable stock exchange requirements, available shares under a shareholder-approved plan of an entity directly or indirectly acquired by the Company or with which the Company combines (as appropriately adjusted to reflect such acquisition or transaction) may be used for Awards under the Plan and shall not count toward the Total Share Limit.

5. Eligibility.

5.1. Eligibility for Specific Awards. Incentive Stock Options may be granted only to Employees. Awards other than Incentive Stock Options may be granted to Employees, Consultants and Directors.

5.2. Ten Percent Shareholders. A Ten Percent Shareholder shall not be granted an Incentive Stock Option unless the Option Exercise Price is at least 110% of the Fair Market Value of the Common Stock on the Grant Date and the Option is not exercisable after the expiration of five years from the Grant Date.

6. Option Provisions. Each Option granted under the Plan shall be evidenced by an Award Agreement. Each Option so granted shall be subject to the conditions set forth in this Section 6, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. All Options shall be separately designated Incentive Stock Options or Non-qualified Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. Notwithstanding the foregoing, the Company shall have no liability to any Participant or any other person if an Option designated as an Incentive Stock Option fails to qualify as such at any time or if an Option is determined to constitute nonqualified deferred compensation within the meaning of Section 409A of the Code and the terms of such Option do not satisfy the requirements of Section 409A of the Code. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

6.1. Term. Subject to the provisions of Section 5.2 regarding Ten Percent Shareholders, no Incentive Stock Option shall be exercisable after the expiration of 10 years from the Grant Date. The term of a Non-qualified Stock Option granted under the Plan shall be determined by the Committee; provided, however, no Non-qualified Stock Option shall be exercisable after the expiration of 10 years from the Grant Date.

6.2. Exercise Price of an Incentive Stock Option. Subject to the provisions of Section 5.2 regarding Ten Percent Shareholders, the Option Exercise Price of each Incentive Stock Option shall be not less than 100% of the Fair Market Value of the Common Stock subject to the Option on the Grant Date. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an Option Exercise Price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

6.3. Exercise Price of a Non-qualified Stock Option. The Option Exercise Price of each Non-qualified Stock Option shall be not less than 100% of the Fair Market Value of the Common Stock subject to the Option on the Grant Date. Notwithstanding the foregoing, a Non-qualified Stock Option may be granted with an Option Exercise Price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 409A of the Code.

- 6.4. Consideration. The Option Exercise Price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (a) in cash or by certified or bank check at the time the Option is exercised or (b) in the discretion of the Committee, upon such terms as the Committee shall approve, the Option Exercise Price may be paid: (i) by delivery to the Company of other Common Stock, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the Option Exercise Price (or portion thereof) due for the number of shares being acquired, or by means of attestation whereby the Participant identifies for delivery specific shares of Common Stock that have an aggregate Fair Market Value on the date of attestation equal to the Option Exercise Price (or portion thereof) and receives a number of shares of Common Stock equal to the difference between the number of shares thereby purchased and the number of identified attestation shares of Common Stock (a Stock for Stock Exchange); (ii) a cashless exercise program established with a broker; (iii) by reduction in the number of shares of Common Stock otherwise deliverable upon exercise of such Option with a Fair Market Value equal to the aggregate Option Exercise Price at the time of exercise; (iv) by any combination of the foregoing methods; or (v) in any other form of legal consideration that may be acceptable to the Committee. Unless otherwise specifically provided in the Option, the exercise price of Common Stock acquired pursuant to an Option

that is paid by delivery (or attestation) to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes). Notwithstanding the foregoing, during any period for which the Common Stock is publicly traded (i.e., the Common Stock is listed on any established stock exchange or a national market system) an exercise by a Director or Officer that involves or may involve a direct or indirect extension of credit or arrangement of an extension of credit by the Company, directly or indirectly, in violation of Section 402(a) of the Sarbanes-Oxley Act of 2002 shall be prohibited with respect to any Award under this Plan.

- 6.5. Transferability of an Incentive Stock Option. An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Option Holder only by the Option Holder. Notwithstanding the foregoing, the Option Holder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Option Holder, shall thereafter be entitled to exercise the Option.
- 6.6. Transferability of a Non-qualified Stock Option. A Non-qualified Stock Option may, in the sole discretion of the Committee, be transferable to a Permitted Transferee, upon written approval by the Committee to the extent provided in the Award Agreement. If the Non-qualified Stock Option does not provide for transferability, then the Non-qualified Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Option Holder only by the Option Holder. Notwithstanding the foregoing, the Option Holder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Option Holder, shall thereafter be entitled to exercise the Option.
- 6.7. Vesting of Options. Each Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Committee may deem appropriate. The vesting provisions of individual Options may vary, but no Option may be exercised for a fraction of a share of Common Stock.
- 6.8. Termination of Continuous Service. Unless otherwise provided in an Award Agreement or in an employment agreement the terms of which have been approved by the Committee, in the event an Option Holder's Continuous Service terminates (other than upon the Option Holder's death or Disability), the Option Holder may exercise his or her Option (to the extent that the Option Holder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (a) the date three months following the termination of the Option Holder's Continuous Service or (b) the expiration of the term of the Option as set forth in the Award Agreement; provided that, if the termination of Continuous Service is by the Company for Cause, all outstanding Options (whether or not vested) shall immediately terminate and cease to be exercisable. If, after termination, the Option Holder does not exercise his or her Option within the time specified in the Award Agreement, the Option shall terminate.

6.9.

Extension of Termination Date. An Option Holder's Award Agreement may also provide that if the exercise of the Option following the termination of the Option Holder's Continuous Service for any reason would be prohibited at any time because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act or any other state or federal securities law or the rules of any securities exchange or interdealer quotation system, then the Option shall terminate on the earlier of (a) the expiration of the term of the Option in accordance with Section 6.1 or (b) the expiration of a period after termination of the Participant's Continuous Service that is three months after the end of the period during which the exercise of the Option would be in violation of such registration or other securities law requirements.

- 6.10. Disability of Option Holder. Unless otherwise provided in an Award Agreement, in the event that an Option Holder's Continuous Service terminates as a result of the Option Holder's Disability, the Option Holder may exercise his or her Option (to the extent that the Option Holder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of

Table of Contents

(a) the date 12 months following such termination or (b) the expiration of the term of the Option as set forth in the Award Agreement. If, after termination, the Option Holder does not exercise his or her Option within the time specified herein or in the Award Agreement, the Option shall terminate.

6.11. Death of Option Holder. Unless otherwise provided in an Award Agreement, in the event an Option Holder's Continuous Service terminates as a result of the Option Holder's death, then the Option may be exercised (to the extent the Option Holder was entitled to exercise such Option as of the date of death) by the Option Holder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Option Holder's death, but only within the period ending on the earlier of (a) the date 12 months following the date of death or (b) the expiration of the term of such Option as set forth in the Award Agreement. If, after the Option Holder's death, the Option is not exercised within the time specified herein or in the Award Agreement, the Option shall terminate.

6.12. Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Option Holder during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Non-qualified Stock Options.

7. Provisions of Awards Other Than Options.

7.1. Stock Appreciation Rights.

a) General

Each Stock Appreciation Right granted under the Plan shall be evidenced by an Award Agreement. Each Stock Appreciation Right so granted shall be subject to the conditions set forth in this Section 7.1, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. Stock Appreciation Rights may be granted alone (Free Standing Rights) or in tandem with an Option granted under the Plan (Related Rights).

b) Grant Requirements

Any Related Right that relates to a Non-qualified Stock Option may be granted at the same time the Option is granted or at any time thereafter but before the exercise or expiration of the Option. Any Related Right that relates to an Incentive Stock Option must be granted at the same time the Incentive Stock Option is granted.

c) Term of Stock Appreciation Rights

The term of a Stock Appreciation Right granted under the Plan shall be determined by the Committee; provided, however, no Stock Appreciation Right shall be exercisable later than the tenth anniversary of the Grant Date.

d) Vesting of Stock Appreciation Rights

Each Stock Appreciation Right may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Stock Appreciation Right may be subject to such other terms and conditions on the time or times when it may be exercised as the Committee may deem appropriate. The vesting provisions of individual Stock Appreciation Rights may vary but no Stock Appreciation Right may be exercised for a fraction of a share of Common Stock.

e) Exercise and Payment

Upon exercise of a Stock Appreciation Right, the Holder shall be entitled to receive from the Company an amount equal to the number of shares of Common Stock subject to the Stock Appreciation Right that is being exercised multiplied by the excess of (i) the Fair Market Value of a share of Common Stock on the date the Award is exercised, over (ii) the exercise price specified in

A-10

Table of Contents

the Stock Appreciation Right or related Option. Payment with respect to the exercise of a Stock Appreciation Right shall be made on the date of exercise. Payment shall be made in the form of shares of Common Stock (with or without restrictions as to substantial risk of forfeiture and transferability, as determined by the Committee in its sole discretion), cash or a combination thereof, as determined by the Committee.

f) Exercise Price

The exercise price of a Free-Standing Right shall be determined by the Committee, but shall not be less than 100% of the Fair Market Value of one share of Common Stock on the Grant Date of such Stock Appreciation Right. A Related Right granted simultaneously with or subsequent to the grant of an Option and in conjunction therewith or in the alternative thereto shall have the same exercise price as the related Option, shall be transferable only upon the same terms and conditions as the related Option, and shall be exercisable only to the same extent as the related Option; provided, however, that a Stock Appreciation Right, by its terms, shall be exercisable only when the Fair Market Value per share of Common Stock subject to the Stock Appreciation Right and related Option exceeds the exercise price per share thereof and no Stock Appreciation Rights may be granted in tandem with an Option unless the Committee determines that the requirements of Section 7.1(b) are satisfied.

g) Reduction in the Underlying Option Shares

Upon any exercise of a Related Right, the number of shares of Common Stock for which any related Option shall be exercisable shall be reduced by the number of shares for which the Stock Appreciation Right has been exercised. The number of shares of Common Stock for which a Related Right shall be exercisable shall be reduced upon any exercise of any related Option by the number of shares of Common Stock for which such Option has been exercised.

7.2. Restricted Awards.

a) General

A Restricted Award is an Award of actual shares of Common Stock (Restricted Stock) or hypothetical Common Stock units (Restricted Stock Units) having a value equal to the Fair Market Value of an identical number of shares of Common Stock, which may, but need not, provide that such Restricted Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of any obligation or for any other purpose for such period (the Restricted Period) as the Committee shall determine. Each Restricted Award granted under the Plan shall be evidenced by an Award Agreement. Each Restricted Award so granted shall be subject to the conditions set forth in this Section 7.2, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement.

b) Restricted Stock and Restricted Stock Units

(i) Each Participant granted Restricted Stock shall execute and deliver to the Company an Award Agreement with respect to the Restricted Stock setting forth the restrictions and other terms and conditions applicable to such Restricted Stock. If the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than delivered to the Participant pending the release of the applicable restrictions, the Committee may require

the Participant to additionally execute and deliver to the Company (A) an escrow agreement satisfactory to the Committee, if applicable and (B) the appropriate blank stock power with respect to the Restricted Stock covered by such agreement. If a Participant fails to execute an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and stock power, the Award shall be null and void. Subject to the restrictions set forth in the Award, the Participant generally shall have the rights and privileges of a shareholder as to such Restricted Stock, including the right to vote such Restricted Stock.

(ii) The terms and conditions of a grant of Restricted Stock Units shall be reflected in an Award Agreement. No shares of Common Stock shall be issued at the time a Restricted Stock Unit is

granted, and the Company will not be required to set aside funds for the payment of any such Award. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder. At the discretion of the Committee, each Restricted Stock (representing one share of Common Stock) may be credited with an amount equal to the cash and stock dividends paid by the Company in respect of one share of Common Stock (Dividend Equivalents).

c) **Restrictions**

(i) Restricted Stock awarded to a Participant shall be subject to the following restrictions until the expiration of the Restricted Period, and to such other terms and conditions as may be set forth in the applicable Award Agreement: (A) if an escrow arrangement is used, the Participant shall not be entitled to delivery of the stock certificate; (B) the shares shall be subject to the restrictions on transferability set forth in the Award Agreement; (C) the shares shall be subject to forfeiture to the extent provided in the applicable Award Agreement; and (D) to the extent such shares are forfeited, the stock certificates shall be returned to the Company, and all rights of the Participant to such shares and as a shareholder with respect to such shares shall terminate without further obligation on the part of the Company.

(ii) Restricted Stock Units awarded to any Participant shall be subject to (A) forfeiture until the expiration of the Restricted Period, and satisfaction of any applicable Performance Goals during such period, to the extent provided in the applicable Award Agreement, and to the extent such Restricted Stock Units are forfeited, all rights of the Participant to such Restricted Stock Units shall terminate without further obligation on the part of the Company and (B) such other terms and conditions as may be set forth in the applicable Award Agreement.

(iii) The Committee shall have the authority to remove any or all of the restrictions on the Restricted Stock, Restricted Stock Units whenever it may determine that, by reason of changes in Applicable Laws or other changes in circumstances arising after the date the Restricted Stock or Restricted Stock Units are granted, such action is appropriate.

d) **Restricted Period**

With respect to Restricted Awards, the Restricted Period shall commence on the Grant Date and end at the time or times set forth on a schedule established by the Committee in the applicable Award Agreement.

e) **Delivery of Restricted Stock and Settlement of Restricted Stock Units**

Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in Section 7.2(c) and the applicable Award Agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Participant, or his or her beneficiary, without charge, the stock certificate evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (to the nearest full share), and any cash dividends or stock dividends credited to the Participant's account with respect to such Restricted Stock and the interest thereon, if any. Upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall deliver to the Participant, or his or her beneficiary, without charge, one share of Common Stock for each such outstanding vested Restricted Stock Unit (Vested Unit), and cash equal to any Dividend Equivalents credited with respect to each such Vested Unit in accordance with Section 7.2(b)(ii) hereof and the interest thereon or, at the discretion of the Committee, in shares of

Common Stock having a Fair Market Value equal to such Dividend Equivalents and the interest thereon, if any; provided, however, that, if explicitly provided in the applicable Award Agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock for Vested Units. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed in the case of Restricted Stock Units, with respect to each Vested Unit.

f) Stock Restrictions

Each certificate representing Restricted Stock awarded under the Plan shall bear a legend in such form as the Company deems appropriate.

7.3. Performance Share Awards.

a) Grant of Performance Share Awards

Each Performance Share Award granted under the Plan shall be evidenced by an Award Agreement. Each Performance Share Award so granted shall be subject to the conditions set forth in this Section 7.3, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. The Committee shall have the discretion to determine: (i) the number of shares of Common Stock or stock-denominated units subject to a Performance Share Award granted to any Participant; (ii) the Performance Period applicable to any Award; (iii) the conditions that must be satisfied for a Participant to earn an Award; and (iv) the other terms, conditions and restrictions of the Award.

b) Earning Performance Share Awards

The number of Performance Shares earned by a Participant will depend on the extent to which the performance goals established by the Committee are attained within the applicable Performance Period, as determined by the Committee.

7.4. Other Equity-Based Awards and Cash Awards. The Committee may grant Other Equity-Based Awards, either alone or in tandem with other Awards, in such amounts and subject to such conditions as the Committee shall determine in its sole discretion. Each Equity-Based Award shall be evidenced by an Award Agreement and shall be subject to such conditions, not inconsistent with the Plan, as may be reflected in the applicable Award Agreement. The Committee may grant Cash Awards in such amounts and subject to such Performance Goals, other vesting conditions, and such other terms as the Committee determines in its discretion. Cash Awards shall be evidenced in such form as the Committee may determine.

8. Securities Law Compliance. Each Award Agreement shall provide that no shares of Common Stock shall be purchased or sold thereunder unless and until (a) any then applicable requirements of state or federal laws and regulatory agencies have been fully complied with to the satisfaction of the Company and its counsel and (b) if required to do so by the Company, the Participant has executed and delivered to the Company a letter of investment intent in such form and containing such provisions as the Committee may require. The Company shall use reasonable efforts to seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise of the Awards; provided, however, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell

Common Stock upon exercise of such Awards unless and until such authority is obtained.

9. Use of Proceeds from Stock. Proceeds from the sale of Common Stock pursuant to Awards, or upon exercise thereof, shall constitute general funds of the Company.

10. Miscellaneous.
 - 10.1. Acceleration of Exercisability and Vesting. The Committee shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest, subject to the limitations set forth in this Plan (including, but not limited to, Section 3.1(k).

 - 10.2. Shareholder Rights. Except as provided in the Plan or an Award Agreement, no Participant shall be deemed to be the Holder of, or to have any of the rights of a Holder with respect to, any shares of Common Stock subject to such Award unless and until such Participant has satisfied all requirements for

Table of Contents

exercise of the Award pursuant to its terms and no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions of other rights for which the record date is prior to the date such Common Stock certificate is issued, except as provided in Section 11 hereof.

- 10.3. No Employment or Other Service Rights. Nothing in the Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or shall affect the right of the Company or an Affiliate to terminate (a) the employment of an Employee with or without notice and with or without Cause or (b) the service of a Director pursuant to the By-laws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.
- 10.4. Transfer; Approved Leave of Absence. For purposes of the Plan, no termination of employment by an Employee shall be deemed to result from either (a) a transfer of employment to the Company from an Affiliate or from the Company to an Affiliate, or from one Affiliate to another, or (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the Employee's right to reemployment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing, in either case, except to the extent inconsistent with Section 409A of the Code if the applicable Award is subject thereto.
- 10.5. Withholding Obligations. To the extent provided by the terms of an Award Agreement and subject to the discretion of the Committee, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (in addition to the Company's right to withhold from any other compensation paid to the Participant by the Company) or by a combination of such means: (a) tendering a cash payment; (b) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Award, provided, however, that no shares of Common Stock are withheld with a value exceeding the maximum amount of tax required to be withheld by law; or (c) delivering to the Company previously owned and unencumbered shares of Common Stock of the Company.
11. Adjustments Upon Changes in Stock. In the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of any stock or extraordinary cash dividend, stock split, reverse stock split, an extraordinary corporate transaction such as any recapitalization, reorganization, merger, consolidation, combination, exchange, or other relevant change in capitalization occurring after the Grant Date of any Award, Awards granted under the Plan and any Award Agreements, the exercise price of Options and Stock Appreciation Rights, the Performance Goals to which Performance Share Awards and Cash Awards are subject, the maximum number of shares of Common Stock subject to all Awards stated in Section 4 will be equitably adjusted or substituted, as to the number, price or kind of a share of Common Stock or other consideration subject to such Awards to the extent necessary to preserve the economic intent of such Award. In the case of adjustments made pursuant to this Section 11, unless the Committee specifically determines that such adjustment is in the best interests of the Company or its Affiliates, the Committee shall, in the case of Incentive

Stock Options, ensure that any adjustments under this Section 11 will not constitute a modification, extension or renewal of the Incentive Stock Options within the meaning of Section 424(h)(3) of the Code and in the case of Non-qualified Stock Options, ensure that any adjustments under this Section 11 will not constitute a modification of such Non-qualified Stock Options within the meaning of Section 409A of the Code. Any adjustments made under this Section 11 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3 under the Exchange Act. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

12. Effect of Change in Control.

Except as may otherwise be provided in any Award Agreement and subject to compliance with the applicable requirements of Section 409A of the Code, in the event of a Change in Control:

12.1 If a successor corporation or other entity following a Change in Control agrees to assume any outstanding Awards at the time of the Change in Control, or to substitute substantially equivalent awards, then such outstanding Awards shall not be immediately exercisable, but shall remain exercisable in accordance with the terms of the Plan and the applicable award agreements;

12.2 If outstanding Awards are not assumed pursuant to Section 12.1 above, then all Awards based on the passage of time shall be accelerated, and all Awards based on attainment of Performance Goals shall be deemed achieved at one hundred percent (100%) of target levels and all other terms and conditions met. The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company and its Affiliates, taken as a whole.

13. Amendment of the Plan and Awards.

13.1. Amendment of Plan. The Board at any time, and from time to time, may amend or terminate the Plan. However, except as provided in Section 11 relating to adjustments upon changes in Common Stock and Section 13.3, no amendment shall be effective unless approved by the shareholders of the Company to the extent shareholder approval is necessary to satisfy any Applicable Laws. At the time of such amendment, the Board shall determine, upon advice from counsel, whether such amendment will be contingent on shareholder approval.

13.2. Shareholder Approval. The Board may, in its sole discretion, submit any other amendment to the Plan for shareholder approval.

13.3. Contemplated Amendments. It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees, Consultants and Directors with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options or to the nonqualified deferred compensation provisions of Section 409A of the Code and/or to bring the Plan and/or Awards granted under it into compliance therewith.

13.4. No Impairment of Rights. Rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

13.5. Amendment of Awards. The Committee at any time, and from time to time, may amend the terms of any one or more Awards; provided, however, that the Committee may not affect any amendment which would otherwise constitute an impairment of the rights under any Award unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

14. General Provisions.

14.1. Forfeiture Events. The Committee may specify in an Award Agreement that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain events, in addition to applicable vesting conditions of an Award. Such events may include, without limitation, breach of non-competition, non-solicitation, confidentiality, or other restrictive covenants that are contained in the Award Agreement or otherwise applicable to the Participant, a termination of the Participant's Continuous Service for Cause, or other conduct by the Participant that is detrimental to the business or reputation of the Company and/or its Affiliates. In addition, in the event that the Committee unanimously determines that a Participant has committed misfeasance or malfeasance in connection with Participant's employment with the Company, the Committee, by unanimous vote, may reduce, cancel, or provide for the forfeiture or recoupment of any Award made to the Participant.

Table of Contents

If any Award becomes payable (or any restrictions relating to such Award lapse) while a Participant is under investigation for any event that would constitute Cause or could otherwise result in forfeiture of an Award, payment of such Award shall be delayed pending the outcome of such investigation. If such investigation is pending on the latest date upon which such Award may be paid (or such restrictions may lapse) in order for payment of the Award to remain qualified as a short-term deferral under Treasury Regulation Section 1.409A-1(b)(4) or would otherwise not result in a violation of Code Section 409A, the Award may be paid on that date only if the Participant executes an agreement with the Company under which he or she agrees to repay or forfeit the Award if the investigation results in the Participant being found to have committed an act that constitutes Cause or would result in forfeiture of the Award. If the Participant fails to execute such an agreement, the Award shall be forfeited.

- 14.2. Clawback. Notwithstanding any other provisions in this Plan, the Company may cancel any Award, require reimbursement of any Award by a Participant, and effect any other right of recoupment of equity or other compensation provided under the Plan in accordance with the Company's Incentive Compensation Clawback Policy or any similar Company policies that may be adopted and/or modified from time to time (each, a Clawback Policy). In addition, a Participant may be required to repay to the Company previously paid compensation, whether provided pursuant to the Plan or an Award Agreement, in accordance with the Clawback Policy. By accepting an Award, the Participant is agreeing to be bound by the Clawback Policy, as in effect or as may be adopted and/or modified from time to time by the Company in its discretion (including, without limitation, to comply with Applicable Laws or stock exchange listing requirements).
- 14.3. Other Compensation Arrangements. Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to shareholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.
- 14.4. Sub-Plans. The Committee may from time to time establish sub-plans under the Plan for purposes of satisfying securities, tax or other laws of various jurisdictions in which the Company intends to grant Awards. Any sub-plans shall contain such limitations and other terms and conditions as the Committee determines are necessary or desirable. All sub-plans shall be deemed a part of the Plan, but each sub-plan shall apply only to the Participants in the jurisdiction for which the sub-plan was designed.
- 14.5. Unfunded Plan. The Plan shall be unfunded. Neither the Company, the Board nor the Committee shall be required to establish any special or separate fund or to segregate any assets to assure the performance of its obligations under the Plan.
- 14.6. Delivery. Upon exercise of a right granted under this Plan, the Company shall issue Common Stock or pay any amounts due within a reasonable period of time thereafter. Subject to any statutory or regulatory obligations the Company may otherwise have, for purposes of this Plan, 30 days shall be considered a reasonable period of time.

14.7.

No Fractional Shares. No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan. The Committee shall determine whether cash, additional Awards or other securities or property shall be issued or paid in lieu of fractional shares of Common Stock or whether any fractional shares should be rounded, forfeited or otherwise eliminated.

- 14.8. Other Provisions. The Award Agreements authorized under the Plan may contain such other provisions not inconsistent with this Plan, including, without limitation, restrictions upon the exercise of Awards, as the Committee may deem advisable.
- 14.9. Section 409A. It is the intention of the Company that the Awards issued under the Plan will be exempt from, or will comply with the requirements of, Section 409A of the Code, and the Plan and the terms and conditions of all Awards shall be interpreted, construed and administered consistent with such intent. Although the Company intends to administer the Plan and the Awards in compliance with Section 409A of the Code or an exemption thereto, the Company does not warrant that the terms of any Award or the Company's administration thereof will be exempt from, or will comply with the requirements of, Section 409A of the Code. The Company shall not be liable to any Participant or any other person for

Table of Contents

any tax, interest, or penalties that the person may incur as a result of an Award or the Company's administration thereof not satisfying any of the requirements of Section 409A of the Code.

14.10. Disqualifying Dispositions. Any Participant who shall make a disposition (as defined in Section 424 of the Code) of all or any portion of shares of Common Stock acquired upon exercise of an Incentive Stock Option within two years from the Grant Date of such Incentive Stock Option or within one year after the issuance of the shares of Common Stock acquired upon exercise of such Incentive Stock Option (a Disqualifying Disposition) shall be required to immediately advise the Company in writing as to the occurrence of the sale and the price realized upon the sale of such shares of Common Stock.

14.11. Section 16. It is the intent of the Company that the Plan satisfy, and be interpreted in a manner that satisfies, the applicable requirements of Rule 16b-3 as promulgated under Section 16 of the Exchange Act so that Participants will be entitled to the benefit of Rule 16b-3, or any other rule promulgated under Section 16 of the Exchange Act, and will not be subject to short-swing liability under Section 16 of the Exchange Act. Accordingly, if the operation of any provision of the Plan would conflict with the intent expressed in this Section 14.13, such provision to the extent possible shall be interpreted and/or deemed amended so as to avoid such conflict.

14.12. Beneficiary Designation. Each Participant under the Plan may from time to time name any beneficiary or beneficiaries by whom any right under the Plan is to be exercised in case of such Participant's death. Each designation will revoke all prior designations by the same Participant, shall be in a form reasonably prescribed by the Committee and shall be effective only when filed by the Participant in writing with the Company during the Participant's lifetime.

14.13. Expenses. The costs of administering the Plan shall be paid by the Company.

14.14. Severability. If any of the provisions of the Plan or any Award Agreement is held to be invalid, illegal or unenforceable, whether in whole or in part, such provision shall be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability and the remaining provisions shall not be affected thereby.

14.15. Plan Headings. The headings in the Plan are for purposes of convenience only and are not intended to define or limit the construction of the provisions hereof.

14.16. Non-Uniform Treatment. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who are eligible to receive, or actually receive, Awards. Without limiting the generality of the foregoing, the Committee shall be entitled to make non-uniform and selective determinations, amendments and adjustments, and to enter into non-uniform and selective Award Agreements.

- 14.17. Dividends and Dividend Equivalents. With respect to all awards granted under the Plan, no dividends or dividend equivalents shall be paid until all vesting restrictions have been satisfied. Prior to the satisfaction of all vesting restrictions, any cash or stock dividends with respect to an award shall be withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Committee. The cash or stock dividends so withheld by the Company and attributable to any particular award shall be distributed to the Participant in cash or, at the discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, if applicable, only upon the release of restrictions on such award. If such award is forfeited, the Participant shall have no right to such dividends.
15. Effective Date of Plan. The Plan shall become effective as of the Effective Date, but no Award shall be exercised (or, in the case of a stock Award, shall be granted) unless and until the Plan has been approved by the shareholders of the Company, which approval shall be within twelve (12) months before or after the date the Plan is adopted by the Board. Upon the Plan's becoming effective, the Prior Plan shall become null and void (except to the extent it continues to govern awards granted under the Prior Plan), and no further shares may be granted pursuant to such plan.
16. Termination or Suspension of the Plan. The Plan shall terminate automatically on March 11, 2029. No Award shall be granted pursuant to the Plan after such date but Awards theretofore granted may extend beyond that

Table of Contents

date. The Board may suspend or terminate the Plan at any earlier date pursuant to Section 13.1 hereof. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

17. Choice of Law. The law of the State of Florida shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of law rules.
As adopted by the Board of Directors of Sykes Enterprises, Incorporated on March 12, 2019.

As approved by the shareholders of Sykes Enterprises, Incorporated on [DATE].
