Item 1.01 Entry Into a Material Definitive Agreement

On June 30, 2009, IDT Energy, Inc. (“IDT Energy”), a subsidiary of IDT Corporation (the “Registrant”), entered into a Preferred Supplier Agreement (the “Agreement”) with BP Energy Company and BP Corporation North America Inc. (collectively “BP”), as of June 29, 2009, pursuant to which BP will be IDT Energy’s preferred provider of electricity and natural gas in New York state. The Agreement allows for purchases of electricity and natural gas for customers in areas where the utilities have purchase of receivable (POR) programs. IDT Energy will pay BP for the electricity and natural gas purchased at BP’s cost plus a premium in accordance with the agreement. IDT Energy’s obligations will be secured by its receivables from its customers and, under certain circumstances, the posting of letters of credit. In addition to other advantages of the arrangement, IDT Energy will benefit from the removal of the requirement to post security with other suppliers. The term of the Agreement is two years, with an automatic renewal for an additional year unless either party objects. IDT Energy’s ability to purchase electricity and natural gas under the Agreement is subject to satisfaction of certain conditions, including the opening of certain collateral accounts, the posting of a \$1.25 million letter of credit by IDT Energy, and notifications to applicable utilities and the maintenance of certain covenants.

A copy of the press release issued by the Registrant concerning the foregoing is furnished herewith as Exhibit 99.1.
