CORPORATE GOVERNANCE

Our current corporate governance practices and policies are designed to promote stockholder value and we are committed to the highest standards of corporate ethics and diligent compliance with financial accounting and reporting rules. Our Board provides independent leadership in the exercise of its responsibilities. Our management oversees a system of internal controls and compliance with corporate policies and applicable laws and regulations, and our employees operate in a climate of responsibility, candor and integrity.

Board Leadership Structure

Our board of directors is currently comprised of Ronald Lee, Gerald Godfrey and Serge Choukroun who each serves on our board of directors as an “independent director” as defined by Rule 4200(a)(15) of the Marketplace Rules of The Nasdaq Stock Market, Inc., or the “Nasdaq Marketplace Rules.” Dr. Earnest Leung serves as Chairperson of the Board of Directors. The board of directors has determined that Mr. Ronald Lee possesses the accounting or related financial management experience that qualifies him as financially sophisticated within the meaning of Rule 4350(d)(2)(A) of the Nasdaq Marketplace Rules and that he is an “audit committee financial expert” as defined by the rules and regulations of the SEC.

Our Board of Directors has also determined a lead independent director is not necessary and has not appointed one at this time. In making these determinations, the Board of Directors considered the relative size of the Company, the size of the Board of Directors and the fact that all the majority members of the Board of Directors are independent directors. The Board of Directors believes that Dr. Earnest Leung serves as both Chairperson of the board and Chief Executive Officer is in the best interest of the Company and its stockholders. Dr. Leung is the director most familiar with the PRC environment and our business, possess in-depth diverse business management experience, and is most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. The current combined position of Chairperson and Chief Executive Officer promotes a unified direction and leadership for the

Board and gives a single, clear focus for the chain of command for our organization, strategy and business plans. The Board of Directors also believes that our overall corporate governance policies and practices adequately address any governance concerns raised by the dual chairperson and chief executive officer role.

Board Committees

Our board of directors currently has three standing committees which perform various duties on behalf of and report to the board of directors: (i) audit committee, (ii) remuneration committee and (iii) nominating committee. All these committees are composed of independent directors only. From time to time, the board of directors may establish other committees. Each of the three standing committees is comprised entirely of independent directors as follows:

| Name of Director | Audit | Nominating | Remuneration |
|------------------|-------|------------|--------------|
| Ronald Lee | C | - | M |
| Gerald Godfrey | - | M | C |
| Serge Choukroun | M | C | - |

C = Chairperson

M = Member

The Board of Directors has adopted a written charter for each of these committees, copies of which can be found on our website at www.ncnmedia.com.

Audit Committee

Our board of directors established an Audit Committee in September 2007. Our Audit Committee currently consists of two members: Ronald Lee and Serge Choukroun, each of whom is “independent” as that term is defined under the Nasdaq Marketplace Rules, as currently in effect. In addition, the Board of Directors has determined that Mr. Ronald Lee is an “audit committee financial expert” as defined by SEC rules. Mr. Ronald Lee is a qualified accountant with many years of finance and audit experience. He serves as the chairperson of the Audit Committee.

The Audit Committee oversees our accounting, financial reporting and audit processes; appoints, determines the compensation of, and oversees, the independent auditors; pre-approves audit and non-audit services provided by the independent auditors; reviews the results and scope of audit and other services provided by the independent auditors; reviews the accounting principles and practices and procedures used in preparing our financial statements; and reviews our internal controls.

The Audit Committee works closely with management and our independent auditors. The Audit Committee also meets with our independent auditors without members of management present on regularly basis to review the results of their work. The Audit Committee also meets with our independent auditors to approve the annual scope and fees for the audit services to be performed.

Remuneration Committee

Our board of directors established a Remuneration Committee in September 2007. Our Remuneration Committee consists of two members: Ronald Lee and Gerald Godfrey, each of whom is “independent” as that term is defined under the Nasdaq Marketplace Rules, as currently in effect. Mr. Godfrey serves as the chairperson of the Remuneration Committee.

The Remuneration Committee (i) oversees and makes general recommendations to the Board of Directors regarding our compensation and benefits policies; (ii) oversees, evaluates and approves cash and stock compensation plans, policies and programs for our executive officers; and (iii) oversees and sets compensation for the Board of Directors. Our Chief Executive Officer may not be present at any meeting of our compensation committee during which his compensation is deliberated.

All the compensation packages for executive officers and directors including both employee directors and non-employee directors are recommended and proposed by the Remuneration Committee. In determining compensation for executive officers other than the Chief Executive Officer, the Remuneration Committee considers, among other things, the recommendations of the Chief Executive Officer. However, the full Board of Directors

determines all such compensation packages.

The Remuneration Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a sub-committee of the Remuneration Committee consisting of one or more members of the Committee. The Remuneration Committee has no current intention to delegate any of its authority to any subcommittee. Also, the Remuneration Committee did not engage any compensation consultants in determining or recommending the amount or form of executive and director compensation in the past.

Nominating Committee

Our board of directors established a Nominating Committee in September 2007. Our Nominating Committee currently consists of two members: Serge Choukroun and Gerald Godfrey, each of whom is “independent” as that term is defined under the Nasdaq Marketplace Rules, as currently in effect. Mr. Choukroun serves as the chairperson of the Nominating Committee.

The Nominating Committee (i) considers and periodically reports on matters relating to the identification, selection and qualification of the Board of Directors and candidates nominated to the Board of Directors and its committees; (ii) develops and recommends governance principles applicable to the Company; and (iii) oversees the evaluation of the Board of Directors and management from a corporate governance perspective.

Although our bylaws do not contain provisions which specifically address the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our annual meeting of stockholders, the Nominating Committee will consider director candidates recommended by stockholders. In evaluating candidates submitted by stockholders, the Nominating Committee will consider (in addition to the criteria applicable to all director candidates described below) the needs of the Board and the qualifications of the candidate, and may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. In general, to have a candidate considered by the Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

1. The name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership; and
2. The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be named as a director if selected by the Nominating Committee and nominated by the Board.

The stockholder recommendation and information described above must be sent to the Corporate Secretary at Network CN Inc., Suite 3908, Shell Tower, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong. For a candidate to be considered for nomination by the Nominating Committee at an annual meeting, a stockholder recommendation must be received not less than 120 days prior to the anniversary date of the Company's most recent annual meeting of stockholders.

The Nominating Committee does not have any formal criteria for director nominees; however, it believes that director nominees should have certain minimum qualifications, including the highest personal and professional integrity and values, an inquiring and independent mind, practical wisdom and mature judgment. In evaluating director nominees, the Nominating Committee also considers an individual's skills, character, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to our success. This evaluation is performed in light of the skill set and other characteristics that would most complement those of the current directors, including the diversity, maturity, skills and experience of the board as a whole, with the objective of recommending a group of persons that can best implement our business plan, develop our business and represent stockholder interests.

As described above, the Nominating Committee will consider candidates recommended by stockholders. It will also receive suggestions of candidates from current Board members, the Company's executive officers or other sources, which may be either unsolicited or in response to requests from the Nominating Committee.

After a person has been identified by the Nominating Committee as a potential candidate, the Nominating Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. The Nominating Committee members may contact the person if the person should be considered further. Generally, the Nominating Committee may request information from the candidate, review the person's accomplishments and qualifications and may conduct one or more interviews with the candidate and members of the committee or other Board members. In certain instances, Nominating Committee members or other Board members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have first-hand knowledge of the candidate's accomplishments. The Nominating Committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder, although, as stated above, in the case of such a candidate the Board may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

The Board's Role in Risk Oversight

Our Board of Directors recognizes that, although risk management is a primary responsibility of the Company's management, the Board plays a critical role in oversight of risk. The Board, in order to more specifically carry out this responsibility, has assigned certain task focusing on reviewing different areas including strategic, operational, financial and reporting, compensation, compliance, corporate governance and other risks to the relevant Board Committees as summarized above. Each Committee then reports to the full Board ensuring the Board's full involvement in carrying out its responsibility for risk management.

Board Meetings and Committees; Annual Meeting Attendance

During fiscal year 2010, the Board of Directors held seven (7) meetings and acted by written consent five (5) times. The number of meetings held by the three standing committees during fiscal 2010 was as follows:

| Committee | No. of meetings |
|------------------------|-----------------|
| Audit Committee | 1 |
| Remuneration Committee | 1 |
| Nominating Committee | 1 |

All of our directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the committees on which they served during fiscal 2010.

Independent Directors

Our Board has determined that Ronald Lee, Gerald Godfrey and Serge Choukroun qualify as independent directors” within the meaning of applicable NASDAQ Listing Rules and Section 301 of the Sarbanes-Oxley Act of 2002.

Communications with the Board of Directors

Although we do not have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by submitting an email to info@ncnmedia.com or by writing to us at Network CN Inc., Attention: Investor Relations, Suite 3908, Shell Tower, Times Square, 1 Matheson Street, Causeway Bay, Hong Kong. Compensation Discussion and Analysis

Overview

The Company’s executive compensation program is generally designed to align the interests of executives with the interests of stockholders and to reward executives for achieving the Company’s objectives. The executive compensation program is also designed to attract and retain the services of qualified executives.

All the compensation packages for executive officers are recommended and proposed by the Remuneration Committee. In determining compensation for executive officers, the Remuneration Committee considers the officers' current compensation, the level of executive compensation packages for similarly situated companies, changes in cost of living, our financial condition, our operating results and individual performance. However, the full Board of Directors determines all such compensation packages.

Executive compensation generally consists of base salary, bonuses and long-term incentive equity compensation such as stock grants or additional options to purchase shares of the Company's common stock as well as various health and welfare benefits. The Board has determined that both the base salary and long-term incentive equity compensation should be the principal component of executive compensation. The Board has not adopted a formal bonus plan, and all bonuses are discretionary.

Elements of Compensation

The executive compensation for (i) the Company's Chief Executive Officer and Chief Financial Officer and (ii) the Company's compensated executive officer who were serving as executive officers (collectively "Named Executive Officers") for fiscal 2010 primarily consisted of base salary, long term incentive equity compensation, income tax reimbursement, and other compensation and benefit programs generally available to other employees.

Base Salary. The Board establishes base salaries for the Company's Named Executive Officers based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies in the Company's peer group for similar positions. Generally, the Board believes that executive base salaries should be targeted near the median of the range of salaries for executives in similar positions and with similar responsibilities at comparable companies in line with our compensation philosophy.

Base salaries are reviewed annually, and may be adjusted to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

Bonuses. Bonuses are intended to compensate the Named Executive Officers for achieving the Company's financial performance and other objectives established by the Board each year. The Board currently does not adopt a formal bonus plan and all bonuses are discretionary.

Long-Term Incentive Equity Compensation. The Board believes that stock-based awards promote the long-term growth and profitability of the Company by providing executive officers with incentives to improve stockholder value and contribute to the success of the Company and by enabling the Company to attract, retain and reward the best available persons for executive officer positions. The Named Executive Officers were eligible to receive certain number of shares of common stock of the Company. On July 15, 2009, the Company agreed to grant certain number of shares of common stock of the Company to each of Earnest Leung, Godfrey Hui and Jennifer Fu in the following amounts: Dr. Leung : 30,000,000 shares; Mr. Hui: 10,000,000 shares and Ms Fu: 1,000,000 shares for their first two years service to the Company. The Company cannot currently determine the number or type of additional awards that may be granted to eligible participants under the long-term incentive equity compensation plan in the future. Such determination will be made from time to time by the Remuneration Committee (or Board).

Income Tax Reimbursement. Dr. Earnest Leung and Mr. Godfrey Hui were fully reimbursed by the Company for their Hong Kong personal income taxes resulting from their employment under the employment agreement dated July 15, 2009 while Ms Jennifer Fu was reimbursed by the Company for her Hong Kong personal income taxes resulting from 1,000,000 shares of common stock of the Company granted to her.

Change-In-Control and Termination Arrangements. The employment agreements with current Named Executives may be terminated by giving the other party three-month advanced notice, except Ms. Jennifer Fu may be terminated with one-month advance notice. Other than as disclosed above, the Company does not have change-in-control arrangements with any of its current Named Executives, and the Company is not obligated to pay severance or other enhanced benefits to executive officers, unless otherwise stated in Hong Kong Employment Ordinance, upon termination of their employment.

- (1) No bonus was paid to the Named Executive Officers in fiscal 2010, 2009 and 2008.
- (2) As required by SEC rules, amounts in the column “Stock Awards” present the aggregate grant date fair value of awards made each year computed in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification™ 718 Compensation—Stock Compensation (“FASB ASC 718”). The grant date fair value of each of the executives’ award is measured based on the closing price of our common stock on the date of grant.

These amounts do not reflect whether the recipient has actually realized or will realize a financial benefit from the awards. Under generally accepted accounting principles, compensation expense with respect to stock awards granted to our employees, executives and directors is generally recognized over the requisite services period. The SEC’s disclosure rules previously required that we present stock award information based on the amount recognized during the corresponding year for financial statement reporting purposes with respect to these awards. However, the recent changes in the SEC’s disclosure rules require that we now present stock award amounts using the grant date fair value of the awards granted during the corresponding year. Since this requirement differs from the SEC’s past disclosure rules, the amounts reported in the table above for stock award differ from the amounts previously reported in our Summary Compensation Table for the same persons in those same years.

The aggregate number of stock awards vested to each of the Named Executive Officers for his/her service rendered in each fiscal period was summarized as follows:

| Named Executive Officer | 2010 | 2009 | 2008 |
|-------------------------|-----------|------------|---------|
| Earnest Leung | - | 30,000,000 | - |
| Godfrey Hui | - | 10,000,000 | 300,000 |
| Jennifer Fu | 1,000,000 | - | - |

As of December 31, 2010, all the above stocks were issued to each of Named Executive Officers.

- (3) All other compensation only represents (a) a monthly contribution of HK\$1,000 (approximately \$128) paid by the Company into a mandatory provident fund for the benefit of each of the Named Executive Officers. (b) monthly cash allowance of HK\$40,000 (approximately \$5,128) paid to Dr. Earnest Leung and Mr. Godfrey Hui commencing from July 2009 and monthly allowance of HK\$6,000 (approximately \$769) paid to Ms. Jennifer Fu commencing from February 2010 and (c) income tax reimbursement to be paid to or accrued to Dr. Earnest Leung, Mr. Godfrey Hui and Ms Jennifer Fu in order to sufficiently cover their Hong Kong salary taxes resulting from their employment during each fiscal year. There is no item that is not a perquisite or personal benefit (such as tax reimbursements and contributions to the mandatory provident fund) whose value exceeds \$10,000 for each Named Executives.

The grant shall be subject to all terms of the Company's 2007 stock option/stock issuance plan or any future stock option/stock issuance plan under which it is issued. As of July 2009, such employment contract was terminated as a result of change of the board composition. Accordingly, Mr. Hui was no longer entitled to shares to be vested in 2009 and 2010.

On July 15, 2009, the Company restructured the board composition and entered into separate executive employment agreements with each of Earnest Leung and Godfrey Hui, in connection with their services to the Company as our Chief Executive Officer and Deputy Chief Executive Officer, respectively. Accordingly, the employment agreement dated July 23, 2007 for Mr. Hui was terminated. Under the terms of the agreements, each of Dr. Leung and Mr. Hui will receive a monthly salary of HK\$60,000 (approximately \$7,692) and a monthly allowance of HK\$40,000 (approximately \$5,128) and we have agreed to grant each of Dr. Leung and Mr. Hui, of 30 million shares and 10 million shares of our common stock, respectively, for their first two years of service to the Company. We will fully reimburse them for their Hong Kong personal income taxes resulting from their employment under the agreements. We have agreed to grant Ms. Fu 1 million shares of our common stock for her first two years of service to the Company and will fully reimburse her for her Hong Kong personal income taxes resulting from the 1 million shares granted to her. The employment may be terminated by the Company at any time without notice or payment, in the event that any of the executives engage in misconduct or dereliction of duty.

DIRECTOR COMPENSATION

Overview

All the compensation packages for each of directors are proposed by the Remuneration Committee and approved by the Board of Directors. Director compensation packages in 2010 generally consist of cash compensation and long-term incentive equity compensation.

Cash compensation. The basis for our Remuneration Committee's determination of the amount of cash compensation under director compensation packages for employee directors and non-employee directors for the service period during first half of 2010 was different, because when considering the compensation packages for our employee directors, our Remuneration Committee simultaneously considered both their role as executives of the Company and as directors and took both of their executive compensation package and director compensation package as a whole for consideration while considering the compensation packages for non-employee directors, our Remuneration Committee considered the level of cash compensation paid to non-employee director in past and the Company's performance. Accordingly, non-employee directors and employee directors were entitled to a monthly cash compensation of \$2,000 and \$3,000 respectively for their service period during first half of 2010. In July 2010, the Remuneration Committee, after taking market practice into consideration, proposed to standardize the amount of cash compensation for each of directors to \$2,000 per month, which was approved by the Board. As such, all employee directors and non-employee directors were entitled to a uniform monthly cash compensation of \$2,000 for their service period during later half of 2010.

Long-Term Incentive Equity Compensation. The Board believes that stock-based awards promote the long-term growth and profitability of the Company by providing directors with incentives to improve stockholder value and contribute to the success of the Company. Stock-based awards were proposed to non-employee directors only as such awards had already been granted to employee directors under their current executive compensation packages. Our Board determined the number of stock to be granted to non-employee directors for their service by considering the aggregate fair value as at the grant date of the past stock awards given to non-employee director and the Company's performance. In July 2009, non-employee directors were granted an award of 600,000 shares each, at a fair value of \$18,000 at the date of grant and vested on July 1, 2010, for their one-year service rendered from July 1, 2009 to June 30, 2010. In July 2010, non-employee directors were also granted an award of another 600,000 shares each, at a fair value of \$18,000 at the date of grant and to be vested on July 1, 2011, for their one-year services from July 1, 2010 to June 30, 2011.

The following table provides information about the compensation earned by directors who served during fiscal year 2010:

*Non-employee directors

(1) For the service period from July 2009 to June 2010, non-employee directors were entitled to a monthly cash compensation of \$2,000 and the employee directors were entitled to a monthly cash compensation of \$3,000. For the service period from July 2010 to June 2011, both non-employee directors and employee directors were entitled to a monthly cash compensation of \$2,000.

(2) As required by SEC rules, amounts in the column "Stock Awards" present the aggregate grant date fair value of awards made each year computed in accordance with ASC Topic 718. The grant date fair value of each of the directors' award is measured based on the closing price of our common stock on the date of grant.

These amounts do not reflect whether the recipient has actually realized or will realize a financial benefit from the awards. Under generally accepted accounting principles, compensation expense with respect to stock awards granted to our employees, executives and directors is generally recognized over the requisite services period. The SEC's disclosure rules previously required that we present stock award information based on the amount recognized during the corresponding year for financial statement reporting purposes with respect to these awards. However, the recent changes in the SEC's disclosure rules require that we now present stock award amounts using the grant date fair value of the awards granted during the corresponding year. Since this requirement differs from the SEC's past disclosure rules, the amounts reported in the table above for stock award differ from the amounts previously reported in the above table for the same persons in those same years.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions

Except as set forth below, during our last two fiscal years, we have not entered into any material transactions or series of transactions that would be considered material in which any director or executive officer or beneficial owner of 5% or more of any class of our capital stock, or any immediate family member of any of the preceding persons, had a direct or indirect material interest:

In April 2009, in connection with debt restructuring, Statezone Ltd. of which Dr. Earnest Leung, the Company's Chief Executive Officer and a Director (being appointed on July 15, 2009 and May 11, 2009 respectively) is the sole director, provided agency and financial advisory services to the Company. Accordingly, the Company paid an aggregate service fee of \$350,000 of which \$250,000 is recorded as issuance costs for 1% Convertible Promissory Notes for the year ended December 31 2009 and the Company recorded \$100,000 as prepaid expenses and other current assets, net as of December 31, 2009 and 2010.

On July 1, 2009, the Company and Keywin, of which Dr. Earnest Leung is the director and his spouse is the sole shareholder, entered into an Amendment, pursuant to which the Company agreed to extend the exercise period for the Keywin Option under the Note Exchange and Option Agreement between the Company and Keywin, to purchase an aggregate of 122,814,185 shares of our common stock for an aggregate purchase price of \$2,000,000, from a three-month period ended on July 1, 2009, to a six-month period ended October 1, 2009. On September 30, 2009, the exercise period for the Keywin Option was further extended to a nine-month period ended January 1, 2010. On January 1, 2010, the Company and Keywin entered into the third Amendment, pursuant to which the Company agreed to extend the exercise period to an eighteen-month period ended on October 1, 2010, and provide the Company with the right to unilaterally terminate the exercise period upon 30 days' written notice. On September 30, 2010, the exercise period for the Keywin Option was extended to a twenty-seven-month period ended on June 30, 2011. On June 1, 2011, the exercise period for the Keywin Option was further extended to a thirty-three-month period ending on January 1, 2012.

During the year ended December 31, 2009, the Company paid expenses in an aggregate amount of \$413,309 on behalf of Vision Tech International Holdings Limited, of which Dr. Earnest Leung is the chief executive officer and director. The balance is unsecured, bears no interest and repayable on demand. Such receivables were settled during the year ended December 31, 2010. Accordingly, as of December 31, 2010 and December 31, 2009, amount due from a related party was \$nil and \$413,309 respectively.

Vision Tech International Holdings Limited is a HK main board listed company, which is currently renamed as China Boon Holdings Limited (“China Boon”). It recently is diversifying its business into the development and operation of cemetery in China. We provided a short-term advance of \$413,309 towards the payment of pre-operating expenses incurred by China Boon in connection with its January 2010 establishment of a wholly foreign owned enterprise in China, for the purpose of engaging in a cemetery business.

The pre-operating expenses paid were mainly office rental deposit and expenses, leasehold improvement, furniture and fixture, other fixed assets and other administrative expenses. China Boon had sufficient funds in Hong Kong to cover these expenses but had no channels to remit such funds from Hong Kong to China until the establishment of their wholly foreign owned enterprise. We agreed to pay these expenses on behalf of China Boon in the hope of generating advertising business from China Boon when they commenced promotion of the cemetery services. China Boon repaid all these expenses in February, 2010 when their wholly foreign owned enterprise was set up in China.

Our arrangement with China Boon was not in writing but it was approved by our Board of Directors prior to the time that the payments were made. We do not have any intention to enter into similar arrangements with China Boon or any other entity in the future.

In determining whether to approve or ratify a related party transaction, the Audit Committee shall consider all relevant facts and circumstances, including the following factors:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our executive compensation programs are designed to attract, motivate, and retain our Named Executive Officers, who are critical to our success. Under these programs, our Named Executive Officers are rewarded for the achievement of specific annual, long-term and strategic goals, business unit goals, corporate goals, and the realization of increased stockholder value. Our Remuneration Committee continually reviews the compensation programs for our Named Executive Officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices.

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), enables our stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our Named Executive Officers as disclosed in this Information Statement in accordance with the SEC’s rules. This so-called say-on-pay vote is advisory, and therefore not binding on the Company, the Remuneration Committee or our Board of Directors.

On July 5, 2011, the Majority Stockholders also approved the compensation of our Named Executive Officers as disclosed in this Information Statement, pursuant to the compensation disclosure rules of the Securities and Exchange Commission. In doing so, the Majority Stockholders did not address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Information Statement.

**ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE
ON EXECUTIVE COMPENSATION**

The Dodd-Frank Act also enables our stockholders to indicate how frequently we should seek an advisory vote on the compensation of our named executive officers, as disclosed pursuant to the SEC’s compensation disclosure rules. This vote is also advisory, and therefore not binding on the Company, the Remuneration Committee or our Board of Directors

On July 5, 2011, the Majority Stockholders recommended that an advisory vote on the compensation of our named executive officers occur once every three years.

AMENDMENT OF OUR CERTIFICATE OF INCORPORATION

On July 5, 2011, the Majority Stockholders unanimously adopted resolutions approving (1) the 1-for-5 Reverse Split of our issued and outstanding Common Stock, and (2) the decrease in the authorized number of shares of our Common Stock which will be effectuated in conjunction with the adoption of the Certificate of Amendment.

The Reverse Split will reduce the number of issued and outstanding shares of our Common Stock and the decrease in authorized shares will reduce our authorized shares of Common Stock from 2,000,000,000 to 400,000,000 shares. The Reverse Split and the decrease in authorized shares will become effective on the Effective Date which occurs when the Certificate of Amendment is filed with the Secretary of State of the State of Delaware following the expiration of the 20-day period mandated by Rule 14c of the Exchange Act.

On the Effective Date, 5 shares of Common Stock will automatically be combined and changed into one share of Common Stock. Any fractional shares of post-Reverse Split Common Stock will be rounded up to the nearest whole share. The table below sets forth, as of the Record Date, the number of issued and outstanding shares of Common Stock, the number of reserved shares of Common Stock and the number of authorized but unissued and unreserved shares of Common Stock, both before and after the proposed Reverse Split.

(2) This column shows the capitalization structure after Reverse Split except to the extent that the Reverse Split results in any fractional shares being rounded up to the nearest whole share.

Purposes for Reverse Split and Decrease in Authorized Shares and Effects on Common Stock

The Reverse Split and Decrease in Authorized Shares has been effected for the primary purpose of providing us with greater flexibility with respect to our capital structure for any future equity financings and stock based acquisitions. As shown in the table above, the Reverse Split will reduce the number of issued and outstanding shares of our Common Stock and the decrease in authorized shares will reduce our authorized shares of common stock from 2,000,000,000 to 400,000,000 shares. Unless both the issued and outstanding and authorized shares are simultaneously reduced, the number of shares outstanding upon the issuance of additional shares to investors and the number of authorized shares available for issuance will be so great that the per share value of our stock will be very small. A low stock price can have the effect of reducing the liquidity of a corporation's stock and our Board of Directors believes that it will not be in our best interests to have a very low per share stock price. Our Board of Directors hopes that the Reverse Split will result in a higher per share market price of our Common Stock. In addition, the brokerage commissions on the purchase or sale of stock with a relatively low per share price generally tend to represent a higher percentage of the sales price than the commission charges on a stock with a relatively high per share price. Our Board of Directors believes these issues are best addressed by increasing the value per share of our Common Stock, which we believe will occur as a result of the Reverse Split. However, there can be no assurance that the Reverse Split, if completed, will result in the intended benefits described above.

On the Effective Date, five shares of Common Stock will automatically be combined and changed into one share of Common Stock. No additional action on our part or any stockholder will be required in order to effect the Reverse Split. Certificates that represent pre-Reverse Split shares will automatically, and without any action on the part of any person, represent approximately 20% of such pre-Reverse Split shares following the Effective Date. Any fractional shares of post-Reverse Split Common Stock will be rounded up to the nearest whole share.

We will obtain a new CUSIP number for our Common Stock at the time of the Reverse Split and the decrease in authorized shares. Subject to the provisions for elimination of fractional shares, as described above, consummation of the Reverse Split will not result in a change in the relative equity position or voting power of the holders of Common Stock. The number of stockholders will remain unchanged as a result of the Reverse Split.

No replacement certificates will be issued to stockholders in connection with the Reverse Split. The change will occur on the books of the Company's transfer agent. The Company intends for the Reverse Split to treat stockholders holding the Company's Common Stock in street name through a nominee (such as a bank or broker) in the same manner as stockholders whose shares are registered in their names. Nominees will be instructed to effect the Reverse Split for their beneficial holders by making the appropriate adjustment to the number of shares held in such accounts.

There are no arrears in dividends or defaults in principal or interest in respect to the securities which are to be exchanged.

Federal Income Tax Consequences of the Reverse Split

The combination of 5 shares of pre-Reverse Split Common Stock into one share of post-Reverse Split Common Stock should be a tax-free transaction under the Internal Revenue Code of 1986, as amended, and the holding period and tax basis of the pre-Reverse Split Common Stock will be transferred to the post-Reverse Split Common Stock.

This discussion should not be considered as tax or investment advice, and the tax consequences of the Reverse Split may not be the same for all stockholders. Stockholders should consult their own tax advisors to know their individual Federal, state, local and foreign tax consequences.

Accounting Matters of the Reverse Split

The par value per share of the Company's Common Stock would remain unchanged after the Reverse Split. As a result, on the effective date of the Reverse Split, the stated capital on the balance sheet attributable to the Common Stock will be reduced proportionally, based on the exchange ratio of the Reverse Split, from its present amount, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of the Common Stock will be restated because there will be fewer shares of the Common Stock outstanding.

Fairness of the Process

The Board of Directors did not obtain a report, opinion, or appraisal from an appraiser or financial advisor with respect to the Reverse Split and no representative or advisor was retained on behalf of the unaffiliated stockholders to review or negotiate the transaction. The Board of Directors concluded that the expense of these procedures was not reasonable in relation to the size of the transaction contemplated and concluded that the Board of Directors could adequately establish the fairness of the Reverse Split without such outside persons.

OTHER MATTERS

As of the date of this Information Statement, the Board of Directors knows of no other matters other than those described in this Information Statement that have been approved or considered by the holders of a majority of our issued and outstanding voting securities.
