ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

THIS REPORT CONTAINS FORWARD LOOKING STATEMENTS WITHIN THE MEANING OF SECTION 27A OF THE SECURITIES ACT OF 1933, AS AMENDED AND SECTION 21E OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED. THE COMPANY'S ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE SET FORTH ON THE FORWARD LOOKING STATEMENTS AS A RESULT OF THE RISKS SET FORTH IN THE COMPANY'S FILINGS WITH THE SECURITIES AND EXCHANGE COMMISSION, GENERAL ECONOMIC CONDITIONS, AND CHANGES IN THE ASSUMPTIONS USED IN MAKING SUCH FORWARD LOOKING STATEMENTS. GIVEN THESE UNCERTAINTIES, INVESTORS ARE CAUTIONED NOT TO PLACE UNDUE RELIANCE ON SUCH FORWARD-LOOKING STATEMENTS AND NO ASSURANCE CAN BE GIVEN THAT THE PLANS, ESTIMATES AND EXPECTATIONS REFLECTED IN SUCH STATEMENTS WILL BE ACHIEVED.

The following discussion of the results of operations and financial condition of the Company should be read in conjunction with the Company's Consolidated Financial Statements and related Notes and other financial information included elsewhere in this Quarterly Report. Unless otherwise indicated in this discussion (and throughout this Quarterly Report), references to "real estate" and to "inventories" collectively encompass the Company's inventories held for sale. Market and industry data used throughout this Quarterly Report were obtained from Company surveys, industry publications, unpublished industry data and estimates, discussions with industry sources and currently available information. Industry publications generally state that the information contained therein has been obtained from sources believed to be reliable, but there can be no assurance as to the accuracy and completeness of such information. The Company has not independently verified such market data. Similarly, Company surveys, while believed by the Company to be reliable, have not been verified by any independent sources. Accordingly, no assurance can be given that any such data will prove to be accurate.

The Company desires to take advantage of the "safe harbor" provisions of the Private Securities Reform Act of 1995 (the "Act") and is making the following statements pursuant to the Act to do so. Certain statements herein and elsewhere in this report and the Company's other filings with the Securities and Exchange Commission constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. The Company may also make written or oral forward-looking statements in its annual report to stockholders, in press releases and in other written materials, and in oral statements made by its officers, directors and employees. Such statements may be identified by forward-looking words such as "may", "intend", "expect", "anticipate", "believe," "will," "should," "project," "estimate," "plan" or other comparable terminology or by other statements that do not relate to historical facts. All statements, trend analyses and other information relative to the market for the Company's products, the Company's expected future sales, financial position, operating results and liquidity and capital resources and its business strategy, financial plan and expected capital requirements and trends in the Company's operations or results are forward-looking statements. Such forward-looking statements are subject to known and unknown risks and uncertainties, many of which are beyond the Company's control, that could cause the actual results, performance or achievements of the Company, or industry trends, to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and no assurance can be given that the plans, estimates and expectations reflected in such statements will be achieved. Factors that could adversely affect the Company's future results can also be considered general "risk factors" with respect to the Company's business, whether or not they relate to a

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

forward-looking statement. The Company wishes to caution readers that the following important factors, among other risk factors, in some cases have affected, and in the future could affect, the Company's actual results and could cause the Company's actual consolidated results to differ materially from those expressed in any forward-looking statements made by, or on behalf of, the Company:

a) Changes in national, international or regional economic conditions that can adversely affect the real estate market, which is cyclical in nature and highly sensitive to such changes, including, among other factors, levels of employment and discretionary disposable income, consumer confidence, available financing and interest rates.

b) The imposition of additional compliance costs on the Company as the result of changes in or the interpretation of any environmental, zoning or other laws and regulations that govern the acquisition, subdivision and sale of real estate and various aspects of the Company's financing operation or the failure of the Company to comply with any law or regulation. Also the risks that changes in or the failure of the Company to comply with laws and regulations governing the marketing (including telemarketing) of the Company's inventories and services will adversely impact the Company's ability to make sales in any of its future markets at its estimated marketing costs.

c) Risks associated with a large investment in vacation real estate inventory at any given time (including risks that vacation real estate inventories will decline in value due to changing market and economic conditions and that the development, financing and carrying costs of inventories may exceed those anticipated).

d) Risks associated with an inability to locate suitable inventory for acquisition, or with a shortage of available inventory in the Company's anticipated markets.

e) Risks associated with delays in bringing the Company's inventories to market due to, among other things, changes in regulations governing the Company's operations, adverse weather conditions, natural disasters or changes in the availability of development financing on terms acceptable to the Company.

f) Changes in applicable usury laws or the availability of interest deductions or other provisions of federal or state tax law, which may limit the effective interest rates that the Company may charge on its future notes receivable.

g) A decreased willingness on the part of banks to extend direct customer vacation home financing, which could result in the Company receiving less cash in connection with the sales of vacation real estate and/or lower sales.

h) The fact that the Company requires external sources of liquidity to support its operations, acquire, carry, develop and sell real estate and satisfy its debt and other obligations, and the Company may not be able to locate external sources of liquidity on favorable terms or at all.

i) The inability of the Company to locate sources of capital on favorable terms for the pledge and/or sale of land and vacation ownership notes receivable, including the inability to consummate or fund securitization transactions or to consummate funding under facilities.

j) Costs to develop inventory for sale and/or selling, general and administrative expenses materially exceed (i) those anticipated or (ii) levels

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

necessary in order for the Company to achieve anticipated profit and operating margins or be profitable.

k) An increase or decrease in the number of resort properties subject to percentage-of-completion accounting, which requires deferral of profit recognition on such projects until development is substantially complete. Such increases or decreases could cause material fluctuations in future period-to-period results of operations.

l) The failure of the Company to satisfy the covenants contained in the indentures governing certain of its debt instruments, and/or other credit, loan agreements, which, among other things, place certain restrictions on the Company's ability to incur debt, incur liens, make investments, pay dividends or repurchase debt or equity.

m) The risk of the Company incurring an unfavorable judgment in any litigation, and the impact of any related monetary or equity damages.

n) The risk that the Company's sales and marketing techniques are not successful, and the risk that its Clubs are not accepted by consumers or imposes limitations on the Company's operations, or is adversely impacted by legal or other requirements.

o) The risk that any contemplated transactions currently under negotiation will not close or conditions to funding under existing or future facilities will not be satisfied.

p) Risks relating to any joint venture that the Company is a party to, including risks that a dispute may arise with a joint venture partner, that the Company's joint ventures will not be as successful as anticipated and that the Company will be required to make capital contributions to such ventures in amounts greater than anticipated.

q) Risks that any currently proposed or future changes in accounting principles will have an adverse impact on the Company.

r) Risks that a short-term or long-term decrease in the amount of vacation/corporate travel (whether as a result of economic, political or other factors), including, but not limited to, air travel, by American consumers will have an adverse impact on the Company's sales.

s) Risks that the acquisition of a business by the Company will result in unforeseen liabilities, decreases of net income and/or cash flows of the Company or otherwise prove to be less successful than anticipated.

The Company does not undertake and expressly disclaims any duty to update or revise forward-looking statements, even if the Company's situation may change in the future.

OVERVIEW

American Leisure Holdings, Inc. ("American Leisure," "AMLH" or "the

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

Registrant"), through its subsidiaries, is a developer of vacation real estate. The Company has been re-designed and structured to own, control and direct a series of companies in the travel and tourism industries so that it can achieve significant vertical and horizontal integration in the sourcing of, and the delivery of, corporate and vacation travel services. During the fourth quarter of 2003, AMLH acquired HTS Holdings, Inc. and its subsidiaries ("HTS") to enter into the travel and tourism industry. In May 2004, AMLH acquired an option to purchase Around The World Holdings, LLC, the majority stockholder of "TraveLeaders", discussed below. The acquisition of TraveLeaders, coupled with the acquisition of HTS, will make AMLH both a brick-and-mortar and Internet-based travel agency.

The Registrant was originally incorporated as Freewillpc.com, Inc. ("Freewill"), a Nevada corporation, on June 13, 2000. American Leisure Corporation, formerly American Leisure Holdings, Inc. ("ALC"), was incorporated on May 10, 2002. Effective June 14, 2002, the Registrant acquired ALC, a Nevada corporation, and its subsidiaries in exchange for the issuance of 880,000 shares of Series A preferred stock and 4,893,974 shares of common stock (the "Acquisition"). In connection with the Acquisition, the Registrant changed its name to American Leisure Holdings, Inc.

For accounting purposes, the Acquisition was treated as an acquisition of American Leisure and a recapitalization of ALC. ALC emerged as the surviving financial reporting entity, but American Leisure remained as the legal reporting entity. ALC is the accounting acquirer and the results of its operations carry over. Accordingly, the operations of American Leisure were not carried over and were adjusted to \$0.

American Leisure Holdings, Inc. serves as a holding company to several operating subsidiaries. The terms "Company," "we" or "our" as used herein refer to American Leisure Holdings, Inc. and its wholly-owned and majority-owned subsidiaries which include the following:

The following four (4) subsidiaries are the Company's principal operating

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

companies:

Tierra Del Sol Resort, Inc. ("TDSR")

TDSR completed the planning stage of a 971-unit vacation destination resort in Orlando, Florida. The Company expected that the horizontal construction finance and resort amenities would be funded via a Community Development District Bond ("CDD Bonds") placement. Due to the re-rating of these bonds in December 2003, the development of the project has been delayed while TDSR seeks to obtain conventional construction financing. TDSR expects to sell CDD Bonds on the "back end" when the vacation homes have been sold to third party buyers with a view to recovering the monies it will have expended for the horizontal infrastructure and resort amenities.

Presales of the vacation homes commenced on February 1, 2004. As of the date of this report, TDSR has executed pre-sales contracts for 285 properties representing sales of approximately \$80,101,871. The Company expects to complete the construction of these presales in the third and fourth quarters of 2005.

TDSR is seeking a \$55,000,000 construction loan to enter into the development stage in the summer of 2004. The Company is currently seeking to strengthen its bank guarantees with a third party guarantor for the construction loan. The Company also intends to continue to provide financial and guarantee support to TDSR for the development of the resort. Provided that TDSR obtains the necessary construction loan, development will commence with horizontal construction during the summer of 2004 and vertical construction on all pre-sales in the autumn of 2004, with the first vacation investment properties estimated to be delivered in the summer of 2005. On May 10, 2004, TDSR changed its name from Sunstone Golf Resort, Inc. ("Sunstone") to Tierra Del Sol Resort, Inc.

The Company refinanced the TDSR business operations in March of 2003 and repaid loans that it had borrowed since February 2000 at high rates of interest. It obtained a \$6,000,000 loan that enabled the Company to further develop the property by finalizing its revised planning, to obtain permitting for an increase from 799 to 971 vacation residences, to commence engineering and to establish the CDD Bonds.

TDSR has entered into an agreement with Town Center Commercial Group, LLC for the sale and purchase of 40 acres of TDSR's property comprising "Cita Del Sol" for the amount of \$7,000,000. The closing is conditional upon TDSR releasing this property from its mortgage with Grand Bank & Trust of Florida. Of the \$7,000,000 sales price, \$3,000,000 will be paid in cash and the balance of the purchase consideration will be paid via the transfer of \$4,000,000 of the existing mortgages on the property due to Arvimex, Inc. and Raster Investments, Inc.

American Travel & Marketing Group, Inc. ("ATMG")

We believe that ATMG will generate significant travel business through the creation of clubs comprised of affinity-based travelers. ATMG has developed a travel club system and travel incentive strategy that creates and fulfills the travel and incentive needs of corporations, organizations and associations with significant member bases. We believe that ATMG is poised to secure a significant market share of the affinity-travel marketing segment. As the proprietor and manager of clubs it creates, ATMG anticipates substantial revenue from annual membership fees and commissions earned on the sale of travel services once the infrastructure has been finalized to communicate and sell to its affinity-based club databases. The value added to ATMG programs by being a part of the AMLH

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

family includes the sales opportunities to the corporate clients of HTS, the fulfillment capacity of the bulk buying power of HTS and the hotel/resort assets to be provided by AMLH through its resort division.

Once the infrastructure has been finalized in conjunction with American Leisure Marketing & Technology, Inc., to communicate and sell to its affinity-based club databases, we anticipate that ATMG will derive substantial revenue from annual membership fees and commissions earned from the sale of packaged travel services.

American Leisure Marketing & Technology, Inc. ("ALMT")

ALMT owns a state of the art communications center that will be used to market the products and services of HTS and ATMG, as well as third parties. The communications center is up to date with the latest technology and linked to the Internet. The Company believes that ALMT can provide a cost effective, all encompassing solution to customer service. Customer service representative can respond to the individual consumer with accuracy, speed and knowledge; thus, providing the consumer with relevant and immediate information that is current at all times. ALMT will offer its call center services to the 3,000 HTS affiliated travel agencies. The Company believes that ALMT has the potential to provide unsurpassed service to the hundreds of major HTS corporate clients, in real time telephony and web based applications via VOIP technology.

ALMT began its marketing and sales in the Summer of 2003. The initial marketing efforts were the sales of tours for various resorts and other tour operators. The Company experienced revenues from these efforts, but experienced significant weaknesses in its senior management. The management was not strong enough to generate sufficient revenues to cover its overhead costs. The management resigned in February 2004. The Company is currently setting a new direction for its sales effort from the call center and expects to initiate this by the end of the second quarter in 2004.

Hickory Travel Systems, Inc. ("HTSI")

On October 1, 2003, American Leisure acquired controlling interest in HTS, the parent to, among other companies, Hickory Travel Services, Inc. which will focus on the fulfillment of all of our companies' travel needs. The Company is currently beginning the integration of its various travel and marketing programs into the HTS system.

HTS brings to the Company a network/consortium of approximately 160 well established travel agency members, comprised of over 3,000 seasoned travel agency locations worldwide. As a group of members, they have amassed approximately \$17 billion in travel bookings per year over the past several years. HTS will focus on the fulfillment of all of the AMLH group companies travel needs. The Company intends to take advantage of HTS' 24-hour reservation services, international rate desk, discount hotel programs, preferred supplier discount and commission enhancement programs, marketing services, training, consultation, legal and financial services, automation and information exchange and make significant improvements to the operating methods of HTS for the benefit of the Company and HTS' member base.

Historically, HTS has seasonal losses during the first three quarters of each year. In the 2004 fiscal year, the Company estimates that HTS will incur approximately \$1,500,000 in losses during this period and realize approximately \$2,000,000 in net profit in the last quarter of 2004. The Company bases its estimates on previous trends as well as new business opportunities which the Company believes will come to fruition in the last quarter of 2004. HTS will require a loan of approximately \$1,000,000 of working capital from AMLH during

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

its seasonal period of losses. The Company's management is in the process of changing the HTS business model in an attempt to significantly reduce the amount of losses incurred during the first three quarters of each fiscal year.

The Company is currently planning the following acquisitions and business ventures:

Around The World Travel, Inc. ("AWT")

AWT does business as TraveLeaders, one of the largest US-based travel service distribution companies in North America. In March 2004, the Company began a process of acquiring AWT or AWT's assets. As of the date of this report, the Company has acquired the following: 1) senior secured notes of AWT in the total amount of \$22,600,000 in exchange for 340,000 restricted shares of the Company's common stock; 2) 907,877 shares of Series A Preferred Stock of AWT (constituting approximately 51% of the issued and outstanding shares of such preferred stock) in exchange for 24,101 shares of newly designated Series E Convertible Preferred Stock of the Company and a promissory note in the principal amount of \$1,698,340; 3) an option to purchase Around The World Holdings, LLC, which owns approximately 62% of the issued and outstanding common stock of AWT; and 4) approximately 5% of the minority interests Common and Preferred Stock of AWT. The Company plans to complete the acquisition of AWT during the Summer of 2004.

TraveLeaders will require approximately \$3,000,000 of additional working capital during the period from March to September 2004. The Company intends to loan TraveLeaders any additional advances under the credit agreement it acquired as part of the acquisition of the senior secured notes of AWT.

Antigua - Caribbean Leisure Marketing Ltd. ("CLM")

During September 2003, forming part of the company's negotiations with Stanford Venture Capital Holdings, Inc. ("Stanford"), the Company agreed with Stanford to form a new Company in Antigua, West Indies and to acquire the assets of a call center previously run by another Stanford Portfolio company. Stanford agreed to advance the sum of \$2,000,000 for the Company's call centers working capital and equipment needs as part of its \$6,000,000 5-year convertible loan. Once the assets in Antigua have been acquired and upgraded, the center will be linked via Satellite to ALMT's call center in Tamarac to take advantage of the state of the art technology available in this center and to run various inbound and outbound marketing campaigns for group and third party companies.

Advantage Professional Management Group, Inc. ("APMG")

On July 8, 2003, APMG received revised planning on its property to establish the property with TCX (town center) zoning.

KNOWN TRENDS, EVENTS AND UNCERTAINTIES

The Company's vacation real estate operations will be managed under two business segments. One will develop, market and sell Vacation Ownership Interests in the Company's future resort properties, primarily through Vacation/Travel Clubs. The other operation (currently Tierra Del Sol) will acquire tracts of real estate suitable for vacation resort properties, which will be subdivided, improved and sold, typically on a retail basis as vacation home sales.

The Company expects to experience seasonal fluctuations in its gross revenues and net earnings. This seasonality may cause significant fluctuations in the Company's quarterly operating results. In addition, other material fluctuations in operating results may occur due to the timing of development of certain projects and the Company's use of the percentage-of-completion method of

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

accounting with respect thereto. Furthermore, costs associated with the acquisition and development of vacation resorts, including carrying costs such as interest and taxes, are capitalized as inventory and will be allocated to cost of real estate sold as the respective revenues are recognized. The Company's management expects that the Company will continue to invest in projects that will require substantial development and significant amounts of capital funding.

The Company believes that the terrorist attacks on September 11, 2001 in the United States, the continuing hostilities in the Middle East and other world events have decreased the amount of vacation and corporate air travel by Americans but have not required the Company to materially change its business plan. There can be no assurances, however, that a long-term decrease in air travel or increase in anxiety regarding actual or possible future terrorist attacks or other world events will not have a material adverse effect on the Company's future results of operations.

Strategy

Our current business model is based on four basic premises: Club Creation and Administration, Vacation Resort Real Estate, Vacation Ownership and Travel Services.

Club Creation and Administration.

We intend to promote and service both travel clubs and vacation clubs to derive membership dues revenue, travel commissions revenue and prospects for conversion of travel club members to vacation club members. To enhance membership benefits, we intend to affiliate with vacation exchange programs and provide financing to members.

Vacation Resort Real Estate.

In addition to our current vacation resort assets, we intend to purchase additional vacation resort assets, particularly in the Caribbean and Florida resort areas where the demand for vacation property is strong during the majority of the year. Such resorts assets will likely include the following:

- o Resort properties suitable for conversion, for use for vacation club ownership, such as suites, one bedroom and two bedroom units;
- o Resort properties with contiguous vacant land suitable for further expansion;
- o Resort properties that have consistently sustained at least break-even occupancy;
- o Developable land suitable for hotel, vacation resort and/or vacation club development in prime locations with room for a substantial amenity packages; and
- o Locations that have appeal throughout the year rather than limited "seasonal" attraction.

Vacation real estate markets are cyclical in nature and highly sensitive to changes in national and regional economic conditions including the following:

- o levels of unemployment;
- o levels of discretionary disposable income;

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

- o levels of consumer confidence;
- o the availability of financing;
- o overbuilding or decreases in demand;
- o interest rates; and
- o our ability to identify and enter into agreements with strategic marketing partners.

A downturn in the economy in general or in the market for vacation resort properties could have a material adverse effect on our future business.

We may not successfully execute our growth strategy.

Our growth strategy includes the expansion of the number of vacation resorts we develop. Risks associated with such expansion include the following:

- o construction costs may exceed original estimates;
- o inability to complete construction, conversion or required legal registrations and approvals as scheduled;
- o inability to control the timing, quality and completion of any construction activity;
- o our quarterly results may fluctuate due to an increase or decrease in the number of vacation resort properties completed subject to "percentage of completion accounting," which requires that we recognize profit on projects on a pro rata basis as development is completed;
- o market demand may not be present; and
- o declining values of our inventories.

Any of the foregoing could make any expansion less profitable in the future. There is no assurance that we will complete all of our planned expansion of our vacation properties or, if completed that such expansion will be profitable.

Moreover, to successfully implement our growth strategy, we must integrate any newly acquired or developed resort property into our sales and marketing programs. During the start-up phase of a new resort or vacation resort project, we could experience lower operating margins at that project until its operations mature. The lower margins could be substantial and could negatively impact our cash flow. We cannot provide assurance that we will maintain or improve our operating margins as our projects achieve maturity and our new resorts may reduce our overall operating margins.

Excessive claims for development-related defects could adversely affect our financial condition and operating results.

We will engage third-party contractors to construct our resorts and to develop our communities. However, our customers may assert claims against us for construction defects or other perceived development defects, including structural integrity, the presence of mold as a result of leaks or other defects, asbestos, electrical issues, plumbing issues, road construction, water and sewer defects, etcetera. In addition, certain state and local laws may impose liability on property developers with respect to development defects

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

discovered in the future. A significant number of claims for development-related defects could adversely affect our liquidity, financial condition, and operating results.

Vacation Ownership.

We intend to market vacation assets and vacation club memberships to the general public. The membership bases of our vacation and travel clubs and guests staying at our resort assets will likely provide an ongoing source of prospects for our vacation assets and vacation club membership sales. Revenues from the sale of vacation assets and vacation club memberships is expected to be a substantial component in our ability to capitalize the front end of developments and the equity requirement for resort acquisitions.

Travel Services.

We intend to capitalize on the travel requirements of servicing the travel clubs and vacation clubs to garner significant group purchasing, branding and third party branding power. By actively focusing on the demand side coupled with having the structure to fulfill the travel requirements both at our resort assets and at other venues, we will seek to obtain seamless vertical and horizontal integration of services such that the traveler's entire range of needs can be fulfilled or provided by us.

Cash Flow Requirements

The Company needs to obtain additional financing of approximately \$6,000,000 during the next twelve months to adequately finance its proposed acquisitions, meet its obligations under its business model, and provide for working capital. The Company needs this money in addition to the \$6,000,000 line of credit, discussed in more detail below. Assuming we raise the full \$6,000,000 of additional financing, we anticipate that we will use \$2,000,000 to pay off debt and \$4,000,000 for working capital. Assuming we do not raise the full \$6,000,000, we intend to use 33% and 66% of any money raised to pay off debt and for working capital, respectively.

The Company obtained a line of credit of \$6,000,000 from Stanford Venture Capital Holdings, Inc. ("Stanford"). Stanford has also expressed a strong interest in funding the Company with an additional \$4,000,000 for working capital for its travel related activities. At this time, there can be no assurance that Stanford will provide such funding.

The Company's management has also made certain loan requests from several banking institutions. However, these discussions are in the preliminary stages and none of the requests for loans have been approved by any of the lending institutions.

At this time, the Company does not have any commitments for additional financing either from its officers, directors and affiliates or otherwise. There can be no assurance that any new capital will be available to the Company or that adequate funds will be sufficient, whether from the Company's financial markets or working capital commitments from Stanford, or that other arrangements will be available when needed or on terms satisfactory to the Company. If adequate funds are not available to us on acceptable terms, we will have to delay, curtail or scale back some or all of our operations. If we are unable to raise additional capital, it would have a materially adverse effect upon our ability to expand our business operations.

COMPARISON OF OPERATING RESULTS

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MARCH 31, 2004 COMPARED TO THE THREE MONTHS ENDED MARCH 31, 2003

The Company acquired HTS during the fourth quarter of 2003. Prior to that, the Company had generated very little revenue since its inception as the Company was concentrating its efforts on the finalization of its planning and marketing for its Tierra Del Sol resorts property and developing databases for its travel clubs. The significant increase in the Company's revenues and expenses is due to the acquisition of HTS.

The Company had revenues of \$1,186,665 for the three months ended March 31, 2004, as compared to having no revenues for the three months ended March 31, 2003.

Total operating expenses increased \$1,924,702 from \$269,836 for the three months ended March 31, 2003, to \$2,194,538 (or 713%) for the three months ended March 31, 2004. The increase in total operating expenses was due to depreciation and amortization and increases in general and administrative ("G&A") expenses. Depreciation and amortization increased \$143,982 from \$76,090 for the three months ended March 31, 2003, to \$220,072 (or 189%) for the three months ended March 31, 2004. Likewise, G&A expenses increased \$1,780,720 from \$193,746 for the three months ended March 31, 2003 to \$1,974,446 (or 919%) for the three months ended March 31, 2004.

The Company operated at a gross margin that was less than zero during the three months ended March 31, 2004 and 2003. Loss from operations before minority interests was \$1,007,873 for the three months ended March 31, 2004, as compared to loss from operations before minority interests of \$269,836 for the three months ended March 31, 2003. The increase in loss from operations before minority interests was directly attributable to the increases in depreciation and amortization and G&A expenses.

The Company had \$256,624 attributable to minority interests for the three months ended March 31, 2004, as compared to \$0- attributable to minority interests for the three months ended March 31, 2003.

Net loss before income taxes for the three months ended March 31, 2004 was \$751,249 as compared to net loss before income taxes of \$269,836 for the three months ended March 31, 2003. The increase in net loss before income taxes was directly attributable to the increases in depreciation and amortization and G&A expenses which were slightly offset by \$256,624 attributable to minority interests.

The Company recorded a provision for income taxes of \$(1,135) for the three months ended March 31, 2004, as compared to a provision for income taxes of \$0- for the three months ended March 31, 2003.

The Company had a net loss of \$752,384 for the three months ended March 31, 2004, as compared to net loss of \$269,836 for the three months ended March 31, 2003. The increase in net loss is primarily attributable to the operations of HTS. Historically, HTS has had seasonal losses during the first three quarters and net profits during the fourth quarter of each year.

Net loss per share was \$0.10 for the three months ended March 31, 2004, as compared to net loss per share of \$0.04 for the three months ended March 31, 2003.

LIQUIDITY

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

The Company had total current assets of \$1,462,3174 as of March 31, 2004, which consisted of \$337,539 of cash, \$998,178 of accounts receivable, \$38,481 of advances, and \$88,119 of prepaid expenses and other current assets.

The Company had total current liabilities of \$6,641,246 as of March 31, 2004, which consisted of \$2,081,118 of current maturities of long-term debt and notes payable, \$741,760 of current maturities of notes payable to related parties, \$2,366,649 of accounts payable and accrued expenses, \$235,859 of deposits and other current liabilities and \$1,215,860 of shareholder advances.

The Company had negative net working capital of \$5,178,929 as of March 31, 2004. The ratio of total current assets to total current liabilities was 22% as of March 31, 2004.

During the three months ended March 31, 2004, the Company's working capital changed from a negative net working capital of \$7,062,329 for the twelve months ended December 31, 2003 to a negative net working capital of \$4,370,442 for the three months ended March 31, 2004d. This was due to the conversion of certain advances from Stanford into a long-term note payable. The Company does not currently have sufficient capital in its accounts, to assure its ability to meet its current obligations or to continue its planned operations, however it is in the course of finalizing the legal documentation to close on a new loan with Stanford for \$4,000,000. The Company believes that if this loan closes, the \$4,000,000 will be sufficient for most of its existing capital needs through 2004. The Company is continuing to pursue working capital and additional revenue through the seeking of the capital it needs to carry on its planned operations. There is however no assurance that any capital raising, including the loan being negotiated with Stanford, or any of its planned activities will be successful.

CAPITAL RESOURCES

The Company has a history of generating net losses and cash decreased \$397,313 during the three months ended March 31, 2004. The Company's primary source of cash has come from financing activities. The Company had \$1,762,139 of cash provided by financing activities during the three months ended March 31, 2004, consisting of \$1,585,693 of proceeds from notes payable and \$184,977 of shareholder advances which were offset by an adjustment of \$8,531 of proceeds from notes payable to related parties.

The Company used \$449,953 of cash in its operating activities which consisted of its net loss of \$752,384 and negative adjustments of \$38,481 due to an increase in advances receivable, \$47,252 due to an increase in prepaid and other assets and \$824,955 due to a net increase in deposits and other that were offset by positive adjustments of \$220,072 for depreciation and amortization, \$1,149,956 due to a decrease in receivables, and \$78,950 due to an increase in accounts payable and accrued expenses.

The Company used \$1,709,499 of cash in investing activities which consisted of an increase in notes receivable of \$808,487, an increase in capitalization of real estate costs of \$733,643 and the acquisition of fixed assets of \$167,369.

As a result of its limited liquidity, the Company has limited access to additional capital resources. The Company does not have the capital to totally fund the obligations that have matured to its shareholders. The shareholders have agreed to roll over their loans until the company has stronger liquidity and take security for their loans.

The Company has received additional capital through the expansion of vendor financing and loans from its directors and shareholders during the most recent

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

quarter. The Company also received advances from Stanford under the Company's credit facility during the first quarter of 2004.

Though the obtaining of the additional capital is not guaranteed, the management of the Company believes it will be able to obtain the capital required to meet its current obligations and actively pursue its planned business activities.

The Company does not currently have sufficient capital in its accounts, nor sufficient firm commitments for capital to assure its ability to meet its current obligations or to continue its planned operations. The Company is continuing to pursue working capital and additional revenue by seeking the additional capital that it needs to carry on its planned operations. There is no assurance that any of the planned activities will be successful.

We estimate that Tierra Del Sol Resort, HTS and TraveLeaders (if acquired) will require additional capital until the third quarter of 2005. Even though the Company has obtained a new line of credit, the Company will still have to obtain new sources of capital until operations provide sufficient cash flow to finance these activities.

As a result of its limited liquidity, the Company has limited access to additional capital resources. The Company does not have the capital to totally fund the obligations that have matured to its shareholders. The shareholders have agreed to roll over their loans until the company has stronger liquidity and take security for their loans.

The Company has received additional capital through the expansion of vendor financing and loans from its directors and shareholders during the most recent quarter.

RISK FACTORS

AMLH MAY NOT BE ABLE TO OBTAIN ADDITIONAL CAPITAL ON REASONABLE TERMS, OR AT ALL, TO FUND CASH ACQUISITIONS, AND THIS INABILITY MAY PREVENT AMLH FROM TAKING ADVANTAGE OF OPPORTUNITIES, HURT ITS BUSINESS AND NEGATIVELY IMPACT ITS SHAREHOLDERS. AMLH needs to obtain additional financing of approximately \$6,000,000 during the next twelve months to adequately finance its proposed acquisitions, meet its obligations under its business model, and provide for working capital. AMLH has historically made most of its acquisitions using all preferred shares or a combination of preferred and common shares. AMLH does not at this time have any commitments to make acquisitions for cash. Nevertheless, acquisitions may be undertaken that require cash capital to consummate. If adequate funds are not available on reasonable terms, or at all, AMLH may be unable to take advantage of future opportunities to make additional acquisitions for cash or to satisfy on-going cash requirements for its operations, and material commitments. If additional funds are raised through the issuance of debt or equity securities, the percentage ownership of existing shareholders may be diluted, the securities issued may have rights and preferences senior to those of shareholders, and the terms of the securities may impose restrictions on operations. If AMLH cannot obtain additional financing, it will have to delay, curtail or scale back some or all of its operations which would have a materially adverse effect upon its business operations and its ability to expand.

CERTAIN SEC INQUIRIES. In September 2003, the SEC made inquiries concerning the Company's press releases. Generally, the SEC requested that the Company provide supporting documents for certain statements that the Company had made in its press releases. The Company provided these documents to the SEC, the last of which were provided in February 2004. No communication has been received from the SEC since that date. As a result of the earlier inquiry, the Company may be

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

subject to future liability in connection with its press releases. Any future inquiries and any such liability could have a material adverse effect on the Company's business operations or its ability to obtain debt and/or equity on terms that are acceptable to the Company, if at all.

RISKS RELATING TO ALMH COMMON STOCK

NO ASSURANCE THAT THE AMLH'S COMMON STOCK WILL TRADE ON THE OTC BULLETIN BOARD. Due to the Company filing its Form 10-KSB for the fiscal year ended December 31, 2003, four hours late on May 20, 2004, it resulted in a delinquent filing with the Securities and Exchange Commission (the "SEC" or the "Commission"). As a result of this late filing, AMLH's common stock was "delisted" from the OTC Bulletin Board on May 21, 2004. AMLH is taking steps to remedy the situation; however, there can be no assurance that AMLH's common stock will become listed on the OTC Bulletin Board. If AMLH is unsuccessful in listing its common stock on the OTC Bulletin Board, AMLH's common stock will likely have less liquidity than it had, and may trade at a lesser value than it did, on the OTC Bulletin Board.

AMLH'S COMMON STOCK PRICE COULD AND HAS FLUCTUATED SIGNIFICANTLY, AND SHAREHOLDERS MAY BE UNABLE TO RESELL THEIR SHARES AT A PROFIT. The price of AMLH's common stock has fluctuated substantially since it began trading. The trading prices for small capitalization companies like AMLH often fluctuate significantly. Market prices and trading volume for stocks of these types of companies like AMLH have been volatile. The market price of AMLH's common stock is likely to continue to be highly volatile. If revenue or earnings are less than expected for any quarter, the market price of AMLH's common stock could significantly decline, whether or not the decline in AMLH's consolidated revenue or earnings is reflective of any long-term problems with the AMLH's business. Other factors such as a number of AMLH's issued and outstanding common stock becoming eligible for sale under Rule 144 in June 2002, terms of any equity and/or debt financing and market conditions could have a significant impact on the future price of AMLH's common stock and could have a depressive effect on the then market price of the common stock.

ACTIVE TRADING MARKETS FOR AMLH'S COMMON STOCK MAY NOT DEVELOP. While the listing of AMLH's common stock was a condition to closing certain transactions, an active and liquid trading market for AMLH's common stock may not develop or be sustained. In addition, AMLH cannot predict the price at which AMLH's common stock will trade. Furthermore, as stated above AMLH Common Stock has been "delisted" from trading on the OTC Bulletin Board which may adversely affect the development of an active trading market for AMLH's common stock and the price at which AMLH's common stock trades.

PENNY STOCK REGULATIONS AND RESTRICTIONS. The Commission has adopted regulations, which generally define penny stocks to be an equity security that has a market price less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exemptions. As of March 31, 2004, the closing price of our common stock was less than \$5.00 per share and therefore is a "penny stock" pursuant to the rules under the Securities Exchange Act of 1934, as amended. Such designation requires any broker or dealer selling such securities to disclose certain information concerning the transactions, obtain a written agreement from the purchaser, and determine that the purchaser is reasonably suitable to purchase such securities. These rules may restrict the ability of brokers and dealers to sell our common stock and may adversely affect the ability of investors to sell their shares.

AMLH HAS AND MAY ISSUE PREFERRED STOCK THAT MAY ADVERSELY AFFECT THE RIGHTS OF HOLDERS OF COMMON STOCK. AMLH's Articles of Incorporation authorize its Board of Directors to issue "blank check" preferred stock, the relative rights,

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

powers, preferences, limitations, and restrictions of which may be fixed or altered from time to time by the Board of Directors or the majority of the preferred stockholders. Accordingly, the Board of Directors may, without shareholder approval, issue preferred stock with dividend, liquidation, conversion, voting, or other rights that could adversely affect the voting power and other rights of the holders of common stock. The preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying, or preventing a change in ownership and management of the company that shareholders might not consider to be in their best interests.

NO DIVIDENDS ON AMLH'S COMMON STOCK HAVE BEEN DECLARED. Dividends will not be paid unless and until the Board of Directors declares them. Holders of AMLH's common stock have no authority to compel the board to declare dividends.

BECAUSE OF THE SIGNIFICANT NUMBER OF SHARES OWNED BY DIRECTORS, OFFICERS AND PRINCIPAL SHAREHOLDERS, OTHER SHAREHOLDERS MAY NOT BE ABLE TO SIGNIFICANTLY INFLUENCE THE MANAGEMENT OF AMLH. AMLH's directors, officers, and principal shareholders beneficially own a substantial portion of AMLH's outstanding common and preferred stock. As a result, these persons have a significant influence on the affairs and management of AMLH, as well as all matters requiring shareholder approval, including election and removal of members of the board of directors, transactions with directors, officers or affiliated entities, the sale or merger of AMLH, and changes in dividend policy. This concentration of ownership and control could have the effect of delaying, deferring, or preventing a change in ownership and management of AMLH, even when a change would be in the best interest of other shareholders.

RISKS RELATING TO THE TRAVEL BUSINESS

The travel industry is significantly affected by general economic conditions. Because a substantial portion of business and personal airline travel is discretionary, the industry tends to experience adverse financial results during general economic downturns. Economic and competitive conditions since deregulation of the airline industry in 1978 have contributed to a number of bankruptcies and liquidations among airlines. A worsening of current economic conditions, or an extended period of recession nationally or regionally could have a material adverse effect on operations. The Company does not have any control over general economic conditions.

ADVERSE CHANGES OR INTERRUPTIONS IN RELATIONSHIPS WITH TRAVEL SUPPLIERS, DISTRIBUTION PARTNERS AND OTHER THIRD PARTY SERVICE PROVIDERS COULD REDUCE REVENUE. If AMLH companies are unable to maintain or expand their relationships with travel suppliers, including airline, hotel, cruise, tour and car rental suppliers, its ability to offer and expand travel service offerings or lower-priced travel inventory could be significantly reduced. Travel suppliers may not make their services and products available to AMLH group companies on satisfactory terms, or at all. They may choose to provide their products and services only to competitors of AMLH. In addition, these travel suppliers may not continue to sell services and products through global distribution systems on terms satisfactory to AMLH. Any discontinuance or deterioration in the services provided by third parties, such as global distribution systems providers, could prevent customers from accessing or purchasing particular travel services through AMLH.

The contracts of AMLH group companies with travel suppliers are generally renewed on an annual basis and, in some cases, can be canceled at will by the supplier. If these suppliers cancel or do not renew the contracts, AMLH would not have the range or volume of services it will require to meet demand and its future revenue would decline.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

A DECLINE IN COMMISSION RATES OR THE ELIMINATION OF COMMISSIONS BY TRAVEL SUPPLIERS WOULD ALSO REDUCE REVENUES. We expect that a substantial portion of AMLH's revenue will come from the commissions paid by travel suppliers, such as hotel chains, and cruise companies, for bookings made through its online travel services. Consistent with industry practices, these travel suppliers are not obligated to pay any specified commission rates for bookings made through it or to pay commissions at all. Over the last several years, travel suppliers have reduced commission rates substantially. Future reductions, if any, in commission rates that are not offset by lower operating costs from our Internet platforms could have a material adverse effect on the operations of AMLH.

FAILURE TO MAINTAIN RELATIONSHIPS WITH TRADITIONAL TRAVEL AGENTS COULD ADVERSELY AFFECT AMLH'S BUSINESS. HTS has historically received, and expects to continue in the foreseeable future to receive, a significant portion of their revenue through relationships with traditional travel agents. Maintenance of good relations with these travel agents depends in large part on continued offerings of travel services in demand, and good levels of service and availability. If HTS does not maintain good relations with its travel agents, these agents could terminate their memberships and use of its products.

DECLINES OR DISRUPTIONS IN THE TRAVEL INDUSTRY COULD SIGNIFICANTLY REDUCE AMLH'S REVENUE. Potential declines or disruptions in the travel industry include:

- O price escalation in the airline industry or other travel related industries;
- O airline or other travel related strikes;
- O political instability, war and hostilities;
- O bad weather;
- O fuel price escalation;
- O increased occurrence of travel-related accidents; and
- O economic downturns and recessions.

AMLH HAS ONLY RECENTLY FOCUSED THEIR BUSINESSES ON THE TRAVEL SECTOR AND THEIR RECENT BUSINESS EXPERIENCE IN UNRELATED INDUSTRIES MIGHT NOT CARRY OVER INTO THE BUSINESS OF BEING AN INTERNET-BASED PROVIDER FOR TRAVEL SERVICES.

OTHER RISK FACTORS

THE COMPANIES MAY NOT IDENTIFY OR COMPLETE ACQUISITIONS IN A TIMELY MANNER, COST-EFFECTIVE BASIS OR AT ALL. In the event of any future acquisitions, the companies could:

- o issue additional stock that would further dilute current shareholders' percentage ownership;
- o incur debt;
- o assume unknown or contingent liabilities; or
- o experience negative effects on reported operating results from acquisition-related charges and amortization of acquired technology, goodwill and other intangibles.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

These transactions involve numerous risks that could harm operating results and cause the Company's stock prices to decline, including:

- o potential loss of key employees of acquired organizations;
- o problems integrating the acquired business, including its information systems and personnel;
- o unanticipated costs that may harm operating results;
- o diversion of management's attention from business concerns;
- o adverse effects on existing business relationships with customers; and
- o risks associated with entering an industry in which the companies have no or limited prior experience.

Any of these risks could harm the businesses and operating results.

- o attract additional travel suppliers and consumers to its services;
- o maintain and enhance its brand;
- o operate, expand and develop its operations and systems efficiently;
- o maintain adequate control of its expenses;
- o raise additional capital;
- o attract and retain qualified personnel; and
- o respond to technological changes.

OTHER RISKS RELATING TO THE BUSINESS OF AMLH

IF AMLH DOES NOT MANAGE ITS GROWTH EFFECTIVELY, THE QUALITY OF ITS SERVICES MAY SUFFER. AMLH plans to grow rapidly and will be subject to related risks, including capacity constraints and pressure on its management, internal systems and controls. The ability of AMLH to manage its growth effectively requires it to continue to implement and improve its operational and financial systems and to expand, train and manage its employee base. The inability of AMLH to manage this growth would have a material adverse effect on its business, operations and prospects.

BECAUSE AMLH DEPENDS ON KEY PERSONNEL, THEIR LOSS COULD HARM ITS BUSINESS. AMLH's key personnel are: Malcolm Wright and Bill Chiles. Competition in our industry for executive-level personnel such as Messrs. Wright and Chiles is fierce and there can be no assurance that we will be able to motivate and retain them, or that we can do so on economically feasible terms. These key personnel would be difficult to replace. AMLH does not carry any insurance covering the loss of any of these key personnel.

WE HAVE A VERY LIMITED HISTORY OF OPERATIONS AND CONTINUING OPERATING LOSSES. Since AMLH's inception, we have engaged primarily in the development of vacation/resort properties, building travel club membership data bases, and recently, the designing, developing, building and implementing the technology in the primary business center, and assembly of our management team. We have incurred net operating losses since our inception. As of March 31, 2004, we had an accumulated deficit of approximately \$3,489,589. Such losses have resulted

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

primarily from costs associated with general and administrative costs associated with our operations.

UNCERTAINTY OF FUTURE PROFITABILITY. We have incurred losses since our inception and continue to require additional capital to fund operations and capacity and facilities upgrades. Our fixed commitments, including salaries and fees for current employees and consultants, equipment rental, and other contractual commitments, are substantial and will increase if additional agreements are entered into and additional personnel are retained. We do not expect to generate a positive internal cash flow until the end of 2004 due to expected increases in working capital needs and ongoing start up losses. We intend to generate the necessary capital to operate for the next twelve months by achieving break-even cash flow from operations and subsequent profitability, selling equity and/or debt securities and/or sale-lease back transactions of our equipment. The Company believes that such a transaction, if completed, would generate a substantial portion of the funds required. Unless we are successful in our efforts to achieve break-even cash flow and subsequent profitability and raise capital through sales of securities and/or entering into a sale-lease back transaction, we believe we may not be able to continue operations for the next twelve months. We have put a plan into effect to achieve profitability late in the fiscal year 2004; however, there can be no assurances that the Company will be able to successfully achieve the plan.

UNCERTAIN ABILITY TO MEET CAPITAL NEEDS. We need additional capital to fund our operations and we are seeking to obtain additional capital through equity and/or debt financing or a sale lease back transaction on our equipment. If additional funds are raised by issuing equity securities and/or debt convertible into equity, further dilution to existing stockholders will result. Future investors may be granted rights superior to those of existing stockholders. There can be no assurance, however, that additional financing will be available when needed, or if available, will be available on acceptable terms.

RELIANCE ON A FEW MAJOR CLIENTS. We will focus our marketing efforts on developing long-term relationships with companies in our targeted travel and vacation resort industry. As a result, we will derive a substantial portion of our revenues from relatively few clients. There can be no assurances that we will not continue to be dependent on a few significant clients, that we will be able to retain those clients, that the volumes of profit margins will not be reduced or that we would be able to replace such clients or programs with similar clients or programs that would generate a comparable profit margin. Consequently, the loss of one or more of those clients could have a material adverse effect on our business, results of operations or financial condition.

ECONOMIC DOWNTURN. Our ability to enter into new multi-year contracts may be dependent upon the general economic environment in which our clients and their customers are operating. A weakening of the U.S. or global marketplace could cause longer sales cycles, delays in closing contracts for new business and slower growth under existing contracts. As a result of the terrorist attacks on the United States of America on September 11, 2001, the Company is unable to predict the impact of an economic downturn, if any, on the Company's financial condition or results of operations.

OUR CONTRACTS. Our contracts do not ensure that we will generate a minimum level of revenues, and the profitability of each client campaign may fluctuate, sometimes significantly, throughout the various stages of our sales campaigns. Although we will seek to enter into multi-year contracts with our clients, our contracts generally enable the client to terminate the contract, or terminate or reduce customer interaction volumes, on relatively short notice. Although some contracts require the client to pay a contractually agreed amount in the event of early termination, there can be no assurance that we will be able to collect

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

such amount or that such amount, if received, will sufficiently compensate us for our investment in the canceled campaign or for the revenues we may lose as a result of the early termination. We are usually not designated as our client's exclusive service provider; however, we believe that meeting our clients' expectations can have a more significant impact on revenues generated by us than the specific terms of our client campaign.

COST AND PRICE INCREASES. Only a few of our contracts allow us to increase our service fees if and to the extent certain cost or price indices increase; however, most of our significant contracts do not contain such provisions and some contracts require us to decrease our service fees if, among other things, we do not achieve certain performance objectives. Increases in our service fees that are based upon increases in cost or price indices may not fully compensate us for increases in labor and other costs incurred in providing services.

CHANGING TECHNOLOGY. Our business is highly dependent on our computer and communications equipment and software capabilities. Our failure to maintain the superiority of our technological capabilities or to respond effectively to technological changes could have a material adverse effect on our business, results of operations or financial condition. Our continued growth and future profitability will be highly dependent on a number of factors, including our ability to (i) expand our existing service offerings; (ii) achieve cost efficiencies in our existing contact centers; and (iii) introduce new services and products that leverage and respond to changing technological developments. There can be no assurance that technologies or services developed by our competitors will not render our products or services non-competitive or obsolete, that we can successfully develop and market any new services or products, that any such new services or products will be commercially successful or that the integration of automated customer support capabilities will achieve intended cost reductions.

LABOR FORCES. Our success will be largely dependent on our ability to recruit, hire, train and retain qualified personnel. Our industry is very labor intensive and has experienced high personnel turnover. A significant increase in our personnel turnover rate could increase our recruiting and training costs and decrease operating effectiveness and productivity. Also, if we obtain several significant new clients or implement several new, large-scale campaigns, we may need to recruit, hire and train qualified personnel at an accelerated rate. We may not be able to continue to hire, train and retain sufficient qualified personnel to adequately staff new customer management campaigns. Because significant portions of our operating costs relate to labor costs, an increase in wages, costs of employee benefits or employment taxes could have a material adverse effect on our business, results of operations or financial condition.

COMPETITIVE MARKET. We believe that the market in which we operate is fragmented and highly competitive and that competition is likely to intensify in the future. We compete with small firms offering specific applications, divisions of large entities, large independent firms and the in-house operations of clients or potential clients. A number of competitors have or may develop greater capabilities and resources than us. Similarly, there can be no assurance that additional competitors with greater resources than us will not enter our market. In addition, competitive pressures from current or future competitors also could cause our services to lose market acceptance or result in significant price erosion, which could have a material adverse effect upon our business, results of operations or financial condition.

BUSINESS ACQUISITIONS OR JOINT VENTURES MAY DISRUPT OUR BUSINESS, DILUTE SHAREHOLDER VALUE OR DISTRACT MANAGEMENT'S ATTENTION. As part of our business strategy, we may consider acquisition of, or investments in, businesses that

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

offer services and technologies complementary to ours. Such acquisitions could materially adversely affect our operating results and/or the price of our common stock. Acquisitions also entail numerous risks, including: (i) difficulty in assimilating the operations, products and personnel of the acquired business; (ii) potential disruption of our ongoing business; (iii) unanticipated costs associated with the acquisition; (iv) inability of management to manage the financial and strategic position of acquired or developed services and technologies; (v) the division of management's attention from our core business; (vi) inability to maintain uniform standards, controls, policies and procedures; and (vii) impairment of relationships with employees and customers which may occur as a result of integration of the acquired business.

BUSINESS INTERRUPTION. Our operations are dependent upon our ability to protect our contact center, computer and telecommunications equipment and software systems against damage from fire, power loss, telecommunications interruption or failure, natural disaster and other similar events. In the event we experience a temporary or permanent interruption at our contact center, through casualty, operating malfunction or otherwise, our business could be materially adversely affected and we may be required to pay contractual damages to some clients or allow some clients to terminate or renegotiate their contracts with us. We maintain property and business interruption insurance; however, such insurance may not adequately compensate us for any losses we may incur.

VARYING QUARTERLY RESULTS. We have experienced and could continue to experience quarterly variations in operating results because of a variety of factors, many of which are outside our control. Such factors may include, but not be limited to, the timing of new contracts; reductions or other modifications in our clients' marketing and sales strategies; the timing of new product or service offerings; the expiration or termination of existing contracts or the reduction in existing programs; the timing of increased expenses incurred to obtain and support new business; changes in the revenue mix among our various service offerings; labor strikes and slowdowns; and the seasonal pattern of certain businesses serviced by us. In addition, we make decisions regarding staffing levels, investments and other operating expenditures based on our revenue forecasts. If our revenues are below expectations in any given quarter, our operating results for that quarter would likely be materially adversely affected.

CRITICAL ACCOUNTING POLICIES

Our discussion and analysis of our financial condition and results of operations is based upon our financial statements, which have been prepared in accordance with accounting principals generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policy affect our more significant judgments and estimates used in the preparation of our financial statements:

Going Concern Considerations. The Company has incurred substantial losses since inception, and has negative working capital. These factors among others indicate that the Company may be unable to continue as a going concern,

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

particularly in the event that it cannot obtain additional debt and/or equity financing to continue its operations or achieve profitable operations, as discussed above under the headings "Liquidity and Capital Resources" and "Risk Factors." The Company's continuation as a going concern depends upon its ability to generate sufficient cash flow to conduct its operations and its ability to obtain additional sources of capital and financing. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management recognizes that we must generate capital and revenue resources to enable us to achieve profitable operations. We are planning on obtaining additional capital by achieving break-even cash flow from operations and selling equity and/or debt securities and/or a sale-lease back transaction on our equipment. The realization of assets and satisfaction of liabilities in the normal course of business is dependent upon us obtaining additional revenues and equity and or debt capital and ultimately achieving profitable operations. However, no assurances can be made that we will be successful in these activities. Should any of these events not occur, our financial statements will be materially affected.

ITEM 3. CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures. Our chief executive officer and chief financial officer, after evaluating the effectiveness of the Company's "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this quarterly report (the "Evaluation Date"), has concluded that as of the Evaluation Date, our disclosure controls and procedures were adequate and designed to ensure that material information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act of 1934 is 1) recorded, processed, summarized and reported, within the time periods specified in the Commission's rules and forms; and 2) accumulated and communicated to him as appropriate to allow timely decisions regarding required disclosure.

(b) Changes in internal control over financial reporting. There were no significant changes in our internal control over financial reporting during our most recent fiscal quarter that materially affected, or were reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

In the ordinary course of its business, the Company may from time to time become subject to claims or proceedings relating to the purchase, subdivision, sale and/or financing of its real estate. The Company believes that substantially all of the above are incidental to its business.

The Company became a defendant in an action that was filed in Orange County, Florida. In June, 2001, Rock Investment Trust, P.L.C., a British limited liability company, and RIT, L.C., a related Florida limited liability company (collectively the "Plaintiff") filed suit against Malcolm J. Wright, American Vacation Resorts, Inc., American Leisure, Inc., Inversora Tetuan, S.A., Sunstone Golf Resort, Inc., and SunGate Resort Villas, Inc. collectively the "Defendant"), seeking either the return of an alleged \$500,000 investment or ownership interest in one or more of the defendant entities equivalent to the alleged investment amount. Defendants have denied all claims and have counterclaimed against Rock Investment Trust and its principal, Roger Smee, seeking damages in excess of \$10 million. The litigation is in the discovery

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

phase and is not currently set for trial. While many depositions and other discovery of facts remains to be done, based on the status of the record developed thus far, the Company's counsel believes that Rock Investment Trust's and RIT's claims are without merit and that the counterclaim will be successful.

The Company has become aware of a lawsuit, filed in March 2004, by Manuel Sanchez and Luis Vanegas against American Leisure Holdings, Inc. various subsidiaries and various officers alleging claims of breach of their employment contracts and related stock purchase agreements. The Company has not yet been served with this lawsuit and therefore has not yet had an opportunity to formally respond. Upon service, AMLH intends to vigorously defend the lawsuit. The Company does not believe that the claims have any merit.

In November 2003, American Leisure Inc., and Malcolm Wright were enjoined in a third party lawsuit filed by Howard Warren V Travelbyus, Inc. William Kerby, David Doerge, DCM/ Funding III, LLC, Balis Lewittes and Coleman, Inc. under a theory of joint venture liability with the defendants. The plaintiff claims losses of \$1.5 million. The litigation is in the discovery phase and is not currently set for trial. While many depositions and other discovery of facts remains to be done, based on the status of the record developed thus far, the Company believes that the claims are without merit. Chicago Counsel has been instructed to defend the allegations.

ITEM 2. CHANGES IN SECURITIES

(a) In March 2004, the Company's Board of Directors extended the period of time that it may redeem the Company's Series A Preferred Stock from five (5) years to ten (10) years.

(b) In April 2004, the Company issued 24,101 shares of Series E Convertible Preferred Stock, par value \$0.001 per share. The Series E Convertible Preferred Stock ranks senior to the Company's common stock, \$.001 par value per share (the "Common Stock") as to dividends and liquidation preference. Each share of Series E Preferred Stock is convertible, at the option of the holder thereof, at any time and from time to time, into a maximum of 6.666 fully paid and non-assessable shares of Common Stock at a minimum of \$15 per share of Common Stock. Each share of Series E Convertible Preferred Stock has a liquidation preference of \$100 per share and carries a cumulative dividend of 4% of the liquidation preference per share.

(c) In March 2004, the Company issued 340,000 shares Common Stock which were not registered under Securities Act of 1933, as amended (the "Act") to GDC Acquisition Corp. as partial consideration for the purchase of \$22,600,000 secured notes. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts or commissions were paid by the Company.

In April 2004, the Company issued 24,101 shares of Series E Convertible Preferred Stock, par value \$0.001 per share to Shadmore Trust in consideration for the acquisition of 907,877 shares of preferred Stock (Series A) of Around The World Travel, Inc. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts or commissions were paid by the Company. Each share of Series E Preferred Stock is convertible, at the option of the holder thereof, at

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

any time and from time to time, into a maximum of six point six, six, six (6.666) fully paid and non-assessable shares of Common Stock (the "Conversion Rate") at a minimum of \$15 per share of Common Stock. In the event of a liquidation of the Company, the conversion rights will terminate at the close of business on the first full day preceding the date fixed for the payment of any amounts distributable on liquidation to the holders of Series E Convertible Preferred Stock.

In March 2004, the Company issued warrants to purchase 720,000 shares of the Company's Common Stock at an exercise price of \$.001 per share of Common Stock and 1,620,000 shares of the Company's Common Stock at an exercise price of \$2.96 per share (or an aggregate of 2,340,000 warrants to purchase 2,340,000 shares of the Company's Common Stock at an average conversion price of \$2.05 per share) at anytime prior to December 31, 2008 to Stanford Venture Capital Holdings, Inc. and Arvimex, Inc. as consideration for providing a \$6,000,000 line of credit to the Company and for Arvimex releasing various of its security to Stanford. Neither the warrants nor the underlying Common Stock was registered under the Act. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company. The Company has paid a fee of \$100,000 to a third party agent as an introductory fee.

In March 2004, the Company issued warrants to Bill Chiles, the Company's chief operating officer and a director of the Company, to purchase 168,672 shares of the Company's Common Stock at an exercise price of \$2.96 per share of Common Stock. Also, in March 2004, the Company issued warrants to Malcolm Wright, the Company's chief executive officer and a director of the Company, to purchase 347,860 shares of the Company's Common Stock at an exercise price of \$2.96 per share of Common Stock. Neither the warrants nor the underlying Common Stock was registered under the Act. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

In March 2004, the Series A Preferred shareholders, consented via signed written consent to action without a meeting pursuant to Nevada law, approved an amendment to the designation of their Series A Preferred Stock to increase the period of time in which the Company may redeem the Series A Preferred Stock from five (5) years to ten (10). Of the 880,000 shares of Series A Preferred Stock eligible to vote, shareholders representing 870,000 shares of Series A Preferred Stock gave their signed, written consent to action.

ITEM 5. OTHER INFORMATION

During the first quarter of 2004, Malcolm Wright became the Company's Chief Executive Officer in addition to serving as the Company's Chief Financial Officer and William ("Bill") Chiles became the Company's Chief Operating Officer.

Related Party Transactions

As of March 31, 2004, the Company owed \$2,408,229 of demand notes payable

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

to related parties most of which bear interest at a rate of 12% per annum. Although the notes are currently due and payable upon demand, the related parties have chosen to "roll-over" the notes until such future time as the Company has resources adequate to satisfy such demand payments.

Malcolm Wright, the Company's chief executive officer and a director of the Company, and Bill Chiles, the Company's chief operating officer and a director of the Company, have personally guaranteed a significant amount of the AMLH's indebtedness. In March 2004 and effective June 14, 2002, the Company entered into an agreement with Malcolm Wright and Bill Chiles whereby the Company has agreed to indemnify Mr. Wright and Mr. Chiles against all losses, costs or expenses relating to the incursion of or the collection of AMLH's indebtedness against Mr. Wright or Mr. Chiles or their collateral. This indemnity extends to the cost of legal defense or other such reasonably incurred expenses charged to or assessed against Mr. Wright or Mr. Chiles. In the event that Mr. Wright or Mr. Chiles makes a personal guarantee for the benefit of AMLH in conjunction with third party financing, and Mr. Wright or Mr. Chiles elects to provide such guarantee, then in that event Mr. Wright and/or Mr. Chiles shall earn a fee for such guarantee equal to three per cent (3%) of the total original indebtedness and two per cent (2%) of any collateral posted as security. The fee shall be paid by the issuance of warrants to purchase AMLH's common stock at a fixed strike price of \$2.96 per share when the debt is incurred. In March 2004, the Company issued warrants to Mr. Chiles to purchase 168,672 shares of the Company's common stock at an exercise price of \$2.96 per share of common stock. In March 2004, the Company issued warrants to Malcolm Wright to purchase 347,860 shares of the Company's common stock at an exercise price of \$2.96 per share of common stock.

(a) PURCHASE PRICE. The purchase price of each Warrant Share issuable upon exercise of this Warrant shall be \$0.001 per Warrant Share, subject to adjustment as provided in Section 5 hereof ("PURCHASE PRICE").

(b) WARRANT EXERCISE. The purchase rights represented by this Warrant may be exercised by the Holder, in whole or in part, at any time, and from time to time prior to the Expiration Date, by the surrender and presentment of this Warrant accompanied by a duly executed Notice of Exercise in the form attached hereto (the "EXERCISE NOTICE"), together with the payment of the

aggregate Purchase Price (the "AGGREGATE PURCHASE PRICE") for the number of

Warrant Shares specified in the Exercise Notice in the manner specified in Section 1(d) hereof, all of which shall be presented to the Company, at its principal office as set forth on page 1 of this Warrant, or at such other place as the Company may designate by notice in writing to the Holder.

(c) PAYMENT OF PURCHASE PRICE. The Aggregate Purchase Price of the Warrant Shares being acquired upon exercise of this Warrant shall be paid by the Holder to the Company by wire transfer, or by delivery of a bank or cashier's check payable to the order of the Company in the amount of the Aggregate Purchase Price which shall be determined by multiplying the Purchase Price by the number of Warrant Shares specified in the Exercise Notice to be purchased

upon such exercise.

2. STOCK FULLY PAID; RESERVATION OF SHARES. The Company hereby agrees that it will at all times have authorized and will reserve and keep available, solely for issuance and delivery to the Holder, that number of shares of its Common Stock (or other securities) that may be required from time to time for issuance upon the exercise of this Warrant. All Warrant Shares when issued in accordance with this Warrant shall be duly and validly issued and fully paid and nonassessable.

3. EXCHANGE, ASSIGNMENT, OR LOSS OF WARRANT.

(a) This Warrant is exchangeable, without expense other than as provided in this Section 3, at the option of the Holder upon presentation and surrender hereof to the Company for other Warrants of different denominations entitling the Holder thereof to acquire in the aggregate the same number of Warrant Shares that may be acquired hereunder.

(b) All of the covenants and provisions of this Warrant by or for the benefit of the Holder shall be binding upon and shall inure to the benefit of, his successors and permitted assigns hereunder. This Warrant may be sold, transferred, assigned, or hypothecated only in compliance with Section 7 herein. If permitted under Section 7, any such assignment shall be made by surrender of this Warrant to the Company, together with a duly executed assignment in the form attached hereto ("ASSIGNMENT FORM"), whereupon the Company shall, without

charge, execute and deliver a new Warrant containing the same terms and conditions of this Warrant in the name of the assignee as named in the Assignment Form, and this Warrant shall be canceled at that time. This Warrant, if properly assigned, may be exercised by a new Holder without first having the new Warrant issued.

(c) This Warrant may be divided or combined with other Warrants that carry the same rights upon presentation and surrender of this Warrant at the office of the Company, together with a written notice signed by the Holder, specifying the names and denominations in which new Warrants are to be issued.

(d) The Company will execute and deliver to the Holder a new Warrant of like tenor and date upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction, or mutilation of this Warrant; provided, that (i) in the case of loss, theft, or destruction, the Company receives a reasonably satisfactory indemnity or bond, or (ii) in the case of mutilation, the Holder shall provide and surrender this Warrant to the Company for cancellation.

(e) Any new Warrant executed and delivered by the Company in substitution or replacement of this Warrant shall constitute a contractual obligation of the Company regardless of whether this Warrant was lost, stolen, destroyed or mutilated, and shall be enforceable by any Holder thereof.

(f) The Holder shall pay all transfer and excise taxes applicable to any issuance of new Warrants under this Section 3.

4. RIGHTS OF THE HOLDER. Prior to exercise, this Warrant will not entitle the Holder to any rights of a shareholder in the Company (including, without limitation, rights to receive dividends, vote or receive notice of meetings). The Company covenants, however, that for so long as this Warrant is at least partially unexercised, it will furnish the Holder with copies of all reports and communications furnished to the shareholders of the Company. The rights of the Holder are limited to those expressed in this Warrant and are not

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

enforceable against the Company except to the extent set forth herein. No provision of this Warrant, in the absence of affirmative action by the Holder to exercise this Warrant, and no enumeration in this Warrant of the rights and privileges of the Holder, will give rise to any liability of such Holder for the Aggregate Purchase Price.

5. ADJUSTMENT OF PURCHASE PRICE AND NUMBER OF WARRANT SHARES. The number and kind of securities that may be acquired upon the exercise of this Warrant and the Purchase Price shall be subject to adjustment, from time to time, upon the happening of any of the following events:

(a) DIVIDENDS, SUBDIVISIONS, COMBINATIONS, OR CONSOLIDATIONS OF COMMON STOCK.

(i) In the event that the Company shall declare, pay, or make any dividend upon its outstanding Common Stock payable in Common Stock or shall effect a subdivision of the outstanding shares of Common Stock into a greater number of shares of Common Stock, then the number of Warrant Shares that may thereafter be purchased upon the exercise of the rights represented hereby shall be increased in proportion to the increase in the number of outstanding shares of Common Stock through such dividend or subdivision, and the Purchase Price shall be decreased in such proportion. In case the Company shall at any time combine the outstanding shares of its Common Stock into a smaller number of shares of Common Stock, the number of Warrant Shares that may thereafter be acquired upon the exercise of the rights represented hereby shall be decreased in proportion to the decrease through such combination and the Purchase Price shall be increased in such proportion. The aforementioned adjustments shall become effective immediately after the record date in the case of a dividend or distribution and immediately after the effective date in the case of a subdivision, combination or reclassification.

(ii) If the Company declares, pays or makes any dividend or other distribution upon its outstanding Common Stock payable in securities or other property (excluding cash dividends and dividends payable in Common Stock, but including, without limitation, shares of any other class of the Company's stock or stock or other securities convertible into or exchangeable for shares of Common Stock or any other class of the Company's stock or other interests in the Company or its assets ("CONVERTIBLE

SECURITIES"), a proportionate part of those

securities or that other property shall be set aside by the Company and delivered to the Holder in the event that the Holder exercises this Warrant. The securities and other property then deliverable to the Holder upon the exercise of this Warrant shall be in the same ratio to the total securities and property set aside for the Holder as the number of Warrant Shares with respect to which this Warrant is then exercised is to the total Warrant Shares that may be acquired pursuant to this Warrant at the time the securities or property were set aside for the Holder.

(iii) If the Company shall declare a dividend payable in money on its outstanding Common Stock and at substantially the same time shall offer to its shareholders a right to purchase new shares of Common Stock from the proceeds of such dividend or for an amount substantially equal to the dividend, all shares of Common Stock so issued shall, for purposes of this Warrant, be deemed to have been issued as a stock dividend subject to the adjustments set forth in Section 5(a)(i).

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

(iv) If the Company shall declare a dividend payable in money on its outstanding Common Stock and at substantially the same time shall offer to its shareholders a right to purchase new shares of a class of stock (other than Common Stock), Convertible Securities, or other interests from the proceeds of such dividend or for an amount substantially equal to the dividend, all shares of stock, Convertible Securities, or other interests so issued or transferred shall, for purposes of this Warrant, be deemed to have been issued as a dividend or other distribution subject to Section 5(a)(ii).

(b) PRO RATA SUBSCRIPTION RIGHTS. If at any time the Company grants to its shareholders rights to subscribe pro rata for additional securities of the Company, whether Common Stock, Convertible Securities, or for any other securities or interests that the Holder would have been entitled to subscribe for if, immediately prior to such grant, the Holder had exercised this Warrant, then the Company shall also grant to the Holder the same subscription rights that the Holder would be entitled to if the Holder had exercised this Warrant in full immediately prior to such grant.

(c) EFFECT OF RECLASSIFICATION, REORGANIZATION, CONSOLIDATION, MERGER, OR SALE OF ASSETS.

(i) Upon the occurrence of any of the following events, the Holder shall have the right thereafter, by the exercise of this Warrant, to acquire for the Aggregate Purchase Price described in this Warrant, the kind and amount of shares of stock and other securities, property and interests as would be issued or payable with respect to, or in exchange for, the number of Warrant Shares that are then purchasable pursuant to this Warrant, as if such Warrant Shares had been issued to the Holder immediately prior to such event: (A) reclassification, capital reorganization, or other change of outstanding Common Stock (other than a change as a result of an issuance of Common Stock under Subsection 5(a)), (B), consolidation or merger of the Company with or into another corporation or entity (other than a consolidation or merger in which the Company is the continuing corporation and that does not result in any reclassification, capital reorganization or other change of the outstanding shares of Common Stock or the Warrant Shares issuable upon exercise of this Warrant), or (C) spin-off of assets, a subsidiary or any affiliated entity, or the sale, lease, pledge, mortgage, conveyance or exchange of a significant portion of the Company's assets taken as a whole, in a transaction pursuant to which the Company's shareholders of record are to receive securities or other interests in a successor entity. The foregoing provisions of this Section 5(c)(i) shall similarly apply to successive reclassifications, capital reorganizations and similar changes of shares of Common Stock and to successive consolidations, mergers, spin-offs, sales, leases or exchanges. In the event that in any such reclassification, capital reorganization, change, consolidation, merger, spin-off, sale, lease or exchange, additional shares of Common Stock are issued in exchange, conversion, substitution or payment, in whole or in part, for securities of the Company other than Common Stock, any such issue shall be determined in accordance with Section 6(e)(ii) below.

(ii) If any sale, lease, pledge, mortgage, conveyance or exchange of all, or substantially all, of the Company's assets or business or any dissolution, liquidation or winding up of the Company (a "TERMINATION OF BUSINESS") shall be proposed, the Company shall deliver written notice to the Holder of this Warrant in accordance with Section 6 below as a condition precedent to the consummation of that Termination of Business. If

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

the result of the Termination of Business is that shareholders of the Company are to receive securities or other interests of a successor entity, the provisions of Section 5(c)(i) above shall apply. However, if the result of the Termination of Business is that shareholders of the Company are to receive money or property other than securities or other interests in a successor entity, the Holder of this Warrant shall be entitled to exercise this Warrant and, with respect to any Warrant Shares so acquired, shall be entitled to all of the rights of the other shareholders of Common Stock with respect to any distribution by the Company in connection with the Termination of Business. In the event no successor entity is involved and Section 5(c)(i) does not apply, all acquisition rights under this Warrant shall terminate at the close of business on the date as of which shareholders of record of the Common Stock shall be entitled to participate in a distribution of the assets of the Company in connection with the Termination of Business; provided, that, in no event shall that date be less than 30 days after delivery to the Holder of this Warrant the written notice described above and in Section 6. If the termination of acquisition rights under this Warrant is to occur as a result of the event at issue, a statement to that effect shall be included in that written notice.

(d) OBLIGATION OF SUCCESSORS OR TRANSFEREES. The Company shall not effect any consolidation, merger, or sale or conveyance of assets within the meaning of Section 6(c)(i)(B)-(C), unless prior to or simultaneously with the consummation thereof the successor corporation (if other than the Company) resulting from such consolidation or merger or the corporation purchasing such assets shall assume by written instrument executed and mailed or delivered to the Holder pursuant to Section 9 herein, the obligation to deliver to the Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, the Holder may be entitled to acquire. In no event shall the securities received pursuant to this Section be registerable or transferable other than pursuant and subject to the terms of this Warrant.

(e) APPLICATION OF THIS SECTION. The provisions of this Section 5 shall apply to successive events that may occur from time to time, but shall only apply to a particular event if it occurs prior to the expiration of this Warrant either by its terms or by its exercise in full.

(f) DEFINITION OF COMMON STOCK. Unless the context requires otherwise, whenever reference is made in this Section 5 to the issue or sale of shares of Common Stock, the term "COMMON STOCK" shall mean (i) the \$.001 par value common stock of the Company, (ii) any other class of stock ranking on a parity with, and having substantially similar rights and privileges as the Company's \$.001 par value common stock, and (iii) any Convertible Security convertible into either (i) or (ii). However, subject to the provisions of Section 5(c)(i) above, Warrant Shares issuable upon exercise of this Warrant shall include only shares of common stock designated as \$.01 par value common stock of the Company as of the date of this Warrant.

(g) FRACTIONAL SHARES. No fractional Warrant Shares of Common Stock shall be issued upon the exercise of this Warrant. In the event that an adjustment in the number of shares of Common Stock issuable upon exercise of this Warrant made pursuant to this Section 6 hereof results in a number of shares issuable upon exercise which includes a fraction, at the Holder's election, this Warrant may be exercised for the next larger whole number of shares or the Company shall make a cash payment equal to that fraction multiplied by the current market value of that share.

(h) NO ADJUSTMENT OF EXERCISE PRICE IN CERTAIN CASES. No adjustment of the Exercise Price shall be made:

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

(i) Upon the issuance of Common Stock, upon the conversion of any existing Preferred Stock or any other currently outstanding Convertible Securities; or

(ii) Upon the issuance of options pursuant to any current or future Company Employee Stock Option Plan or the sale by the Company of any shares of Common Stock pursuant to the exercise of such options.

(i) COMPANY-HELD STOCK. For purposes of Section 5(a) above, shares of Common Stock owned or held at any relevant time by, or for the account of, the Company in its treasury or otherwise, shall not be deemed to be outstanding for purposes of the calculation and adjustments described therein.

6. NOTICE TO THE HOLDER.

(a) If, prior to the expiration of this Warrant either by its terms or by exercise in full, any of the following shall occur:

(i) The Company shall declare a dividend or authorize any other distribution on its Common Stock, including those of the type identified in Section 6(a) hereof; (ii) the Company shall authorize the granting to the shareholders of its Common Stock of rights to subscribe for or purchase any securities or any other similar rights; (iii) any reclassification, reorganization or similar change of the Common Stock, or any consolidation or merger to which the Company is a party, or the sale, lease, pledge, mortgage, exchange, or other conveyance of all or substantially all of the assets of the Company; (iv) the voluntary or involuntary dissolution, liquidation or winding up of the Company; or (v) any purchase, retirement or redemption by the Company of its Common Stock; then, and in any such case, the Company shall deliver to the Holder written notice thereof at least 30 days prior to the earliest applicable date specified below with respect to which notice is to be given, which notice shall state the following: (x) the date on which a record is to be taken for the purpose of such dividend, distribution or rights, or, if a record is not to be taken, the date as of which the shareholders of Common Stock of record to be entitled to such dividend, distribution or rights are to be determined; (y) the date on which such reclassification, reorganization, consolidation, merger, sale, lease, pledge, mortgage, exchange, transfer, dissolution, liquidation, winding up or purchase, retirement or redemption is expected to become effective, and the date, if any, as of which the Company's shareholders of Common Stock of record shall be entitled to exchange their Common Stock for securities or other property deliverable upon such reclassification, reorganization, consolidation, merger, sale, lease, pledge, mortgage, exchange, transfer, dissolution, liquidation, winding up, purchase, retirement or redemption; and (z) if any matters referred to in the foregoing clauses (x) and (y) are to be voted upon by shareholders of Common Stock, the date as of which those shareholders to be entitled to vote are to be determined.

(b) Upon the happening of an event requiring adjustment of the Purchase Price or the kind or amount of securities or property purchasable hereunder, the Company shall forthwith give notice to the Holder which indicates the event requiring the adjustment, the adjusted Purchase Price and the adjusted number of Warrant Shares that may be acquired or the kind and amount of any such securities or property so purchasable upon exercise of this Warrant, as the case may be, and setting forth in reasonable detail the method of calculation and the facts upon which such calculation is based. The Company's independent public accountant shall determine the method of calculating the adjustment and shall prepare a certificate setting forth such calculations, the reason for the methodology chosen and the facts upon which the calculation is based. Such

certificate shall accompany the notice to be provided to the Holder pursuant to this Section 7(b).

7. TRANSFER TO COMPLY WITH THE SECURITIES ACT.

(a) This Warrant and the Warrant Shares or any other security issued or issuable upon exercise of this Warrant may not be offered or sold except in compliance with the Securities Act of 1933, as amended (the "SECURITIES ACT").

(b) The Company may cause the following legend, or its equivalent, to be set forth on each certificate representing the Warrant Shares, or any other security issued or issuable upon exercise of this Warrant, not theretofore distributed to the public or sold to underwriters, as defined by the Securities Act, for distribution to the public pursuant to Section 8(d) below:

"The shares represented by this Certificate may not be offered for sale, sold or otherwise transferred except pursuant to an effective registration statement under the Securities Act of 1933 (the "Securities Act") or pursuant to an exemption from registration under the Securities Act, the availability of which is to be established to the satisfaction of the Company."

(c) The Holder agrees that, prior to the disposition of any Warrant Shares acquired upon the exercise hereof under circumstances that might require registration of such Warrant Shares or other security issued or issuable upon exercise of this Warrant under the Securities Act, or any similar federal or state statute, the Holder shall give written notice to the Company, expressing his intention as to the disposition to be made of such Warrant Shares or other security issued or issuable upon exercise of this Warrant; except, that such notice shall not be required for a sale of the Warrant Shares or other security issued or issuable upon exercise of this Warrant made pursuant to the requirements of Rule 144 promulgated under the Securities Act. Promptly upon receiving such notice, the Company shall present copies thereof to its counsel. If, in the opinion of the Holder's counsel the proposed disposition does not require registration of the Warrant Shares or any other security issuable or issued upon the exercise of this Warrant under the Securities Act, or any similar federal or state statute, the Company shall, as promptly as practicable, notify the Holder of such opinion, whereupon the Holder shall be entitled to dispose of such Warrant Shares issuable or issued upon the exercise thereof, all in accordance with the terms of the notice delivered by the Holder to the Company.

8. FURTHER ASSURANCES. The Company will take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares or other securities upon the exercise of all Warrants from time to time outstanding.

9. NOTICES. All Warrant Shares when issued in accordance with this Warrant shall be duly and validly issued and fully paid and nonassessable.

3. EXCHANGE, ASSIGNMENT, OR LOSS OF WARRANT.

(a) This Warrant is exchangeable, without expense other than as provided in this Section 3, at the option of the Holder upon presentation and surrender hereof to the Company for other Warrants of different denominations entitling the Holder thereof to acquire in the aggregate the same number of Warrant Shares that may be acquired hereunder.

(b) All of the covenants and provisions of this Warrant by or for the benefit of the Holder shall be binding upon and shall inure to the benefit of, his successors and permitted assigns hereunder. This Warrant may be sold, transferred, assigned, or hypothecated only in compliance with Section 7 herein. If permitted under Section 7, any such assignment shall be made by surrender of this Warrant to the Company, together with a duly executed assignment in the form attached hereto ("ASSIGNMENT FORM"), whereupon the Company shall, without

charge, execute and deliver a new Warrant containing the same terms and conditions of this Warrant in the name of the assignee as named in the Assignment Form, and this Warrant shall be canceled at that time. This Warrant, if properly assigned, may be exercised by a new Holder without first having the new Warrant issued.

(c) This Warrant may be divided or combined with other Warrants that carry the same rights upon presentation and surrender of this Warrant at the office of the Company, together with a written notice signed by the Holder, specifying the names and denominations in which new Warrants are to be issued.

(d) The Company will execute and deliver to the Holder a new Warrant of like tenor and date upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction, or mutilation of this Warrant; provided, that (i) in the case of loss, theft, or destruction, the Company receives a reasonably satisfactory indemnity or bond, or (ii) in the case of mutilation, the Holder shall provide and surrender this Warrant to the Company for cancellation.

(e) Any new Warrant executed and delivered by the Company in substitution or replacement of this Warrant shall constitute a contractual obligation of the Company regardless of whether this Warrant was lost, stolen, destroyed or mutilated, and shall be enforceable by any Holder thereof.

(f) The Holder shall pay all transfer and excise taxes applicable to any issuance of new Warrants under this Section 3.

4. RIGHTS OF THE HOLDER. Prior to exercise, this Warrant will not entitle the Holder to any rights of a shareholder in the Company (including,

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

without limitation, rights to receive dividends, vote or receive notice of meetings). The Company covenants, however, that for so long as this Warrant is at least partially unexercised, it will furnish the Holder with copies of all reports and communications furnished to the shareholders of the Company. The rights of the Holder are limited to those expressed in this Warrant and are not enforceable against the Company except to the extent set forth herein. No provision of this Warrant, in the absence of affirmative action by the Holder to exercise this Warrant, and no enumeration in this Warrant of the rights and privileges of the Holder, will give rise to any liability of such Holder for the Aggregate Purchase Price.

5. ADJUSTMENT OF PURCHASE PRICE AND NUMBER OF WARRANT SHARES. The number and kind of securities that may be acquired upon the exercise of this Warrant and the Purchase Price shall be subject to adjustment, from time to time, upon the happening of any of the following events:

(a) DIVIDENDS, SUBDIVISIONS, COMBINATIONS, OR CONSOLIDATIONS OF COMMON STOCK.

(i) In the event that the Company shall declare, pay, or make any dividend upon its outstanding Common Stock payable in Common Stock or shall effect a subdivision of the outstanding shares of Common Stock into a greater number of shares of Common Stock, then the number of Warrant Shares that may thereafter be purchased upon the exercise of the rights represented hereby shall be increased in proportion to the increase in the number of outstanding shares of Common Stock through such dividend or subdivision, and the Purchase Price shall be decreased in such proportion. In case the Company shall at any time combine the outstanding shares of its Common Stock into a smaller number of shares of Common Stock, the number of Warrant Shares that may thereafter be acquired upon the exercise of the rights represented hereby shall be decreased in proportion to the decrease through such combination and the Purchase Price shall be increased in such proportion. The aforementioned adjustments shall become effective immediately after the record date in the case of a dividend or distribution and immediately after the effective date in the case of a subdivision, combination or reclassification.

(ii) If the Company declares, pays or makes any dividend or other distribution upon its outstanding Common Stock payable in securities or other property (excluding cash dividends and dividends payable in Common Stock, but including, without limitation, shares of any other class of the Company's stock or stock or other securities convertible into or exchangeable for shares of Common Stock or any other class of the Company's stock or other interests in the Company or its assets ("CONVERTIBLE ----- SECURITIES"), a proportionate part of those securities or that other ----- property shall be set aside by the Company and delivered to the Holder in the event that the Holder exercises this Warrant. The securities and other property then deliverable to the Holder upon the exercise of this Warrant shall be in the same ratio to the total securities and property set aside for the Holder as the number of Warrant Shares with respect to which this Warrant is then exercised is to the total Warrant Shares that may be acquired pursuant to this Warrant at the time the securities or property were set aside for the Holder.

(iii) If the Company shall declare a dividend payable in money on its outstanding Common Stock and at substantially the same time shall offer to its shareholders a right to purchase new shares of Common Stock from the proceeds of such dividend or for an amount substantially equal to the

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

dividend, all shares of Common Stock so issued shall, for purposes of this Warrant, be deemed to have been issued as a stock dividend subject to the adjustments set forth in Section 5(a)(i).

(iv) If the Company shall declare a dividend payable in money on its outstanding Common Stock and at substantially the same time shall offer to its shareholders a right to purchase new shares of a class of stock (other than Common Stock), Convertible Securities, or other interests from the proceeds of such dividend or for an amount substantially equal to the dividend, all shares of stock, Convertible Securities, or other interests so issued or transferred shall, for purposes of this Warrant, be deemed to have been issued as a dividend or other distribution subject to Section 5(a)(ii).

(b) PRO RATA SUBSCRIPTION RIGHTS. If at any time the Company grants to its shareholders rights to subscribe pro rata for additional securities of the Company, whether Common Stock, Convertible Securities, or for any other securities or interests that the Holder would have been entitled to subscribe for if, immediately prior to such grant, the Holder had exercised this Warrant, then the Company shall also grant to the Holder the same subscription rights that the Holder would be entitled to if the Holder had exercised this Warrant in full immediately prior to such grant.

(c) EFFECT OF RECLASSIFICATION, REORGANIZATION, CONSOLIDATION, MERGER, OR SALE OF ASSETS.

(i) Upon the occurrence of any of the following events, the Holder shall have the right thereafter, by the exercise of this Warrant, to acquire for the Aggregate Purchase Price described in this Warrant, the kind and amount of shares of stock and other securities, property and interests as would be issued or payable with respect to, or in exchange for, the number of Warrant Shares that are then purchasable pursuant to this Warrant, as if such Warrant Shares had been issued to the Holder immediately prior to such event: (A) reclassification, capital reorganization, or other change of outstanding Common Stock (other than a change as a result of an issuance of Common Stock under Subsection 5(a)), (B), consolidation or merger of the Company with or into another corporation or entity (other than a consolidation or merger in which the Company is the continuing corporation and that does not result in any reclassification, capital reorganization or other change of the outstanding shares of Common Stock or the Warrant Shares issuable upon exercise of this Warrant), or (C) spin-off of assets, a subsidiary or any affiliated entity, or the sale, lease, pledge, mortgage, conveyance or exchange of a significant portion of the Company's assets taken as a whole, in a transaction pursuant to which the Company's shareholders of record are to receive securities or other interests in a successor entity. The foregoing provisions of this Section 5(c)(i) shall similarly apply to successive reclassifications, capital reorganizations and similar changes of shares of Common Stock and to successive consolidations, mergers, spin-offs, sales, leases or exchanges. In the event that in any such reclassification, capital reorganization, change, consolidation, merger, spin-off, sale, lease or exchange, additional shares of Common Stock are issued in exchange, conversion, substitution or payment, in whole or in part, for securities of the Company other than Common Stock, any such issue shall be determined in accordance with Section 6(e)(ii) below.

(ii) If any sale, lease, pledge, mortgage, conveyance or exchange of all, or substantially all, of the Company's assets or business or any dissolution, liquidation or winding up of the Company (a "TERMINATION OF

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10QSB

BUSINESS") shall be proposed, the Company shall deliver written notice to

the Holder of this Warrant in accordance with Section 6 below as a condition precedent to the consummation of that Termination of Business. If the result of the Termination of Business is that shareholders of the Company are to receive securities or other interests of a successor entity, the provisions of Section 5(c)(i) above shall apply. However, if the result of the Termination of Business is that shareholders of the Company are to receive money or property other than securities or other interests in a successor entity, the Holder of this Warrant shall be entitled to exercise this Warrant and, with respect to any Warrant Shares so acquired, shall be entitled to all of the rights of the other shareholders of Common Stock with respect to any distribution by the Company in connection with the Termination of Business. In the event no successor entity is involved and Section 5(c)(i) does not apply, all acquisition rights under this Warrant shall terminate at the close of business on the date as of which shareholders of record of the Common Stock shall be entitled to participate in a distribution of the assets of the Company in connection with the Termination of Business; provided, that, in no event shall that date be less than 30 days after delivery to the Holder of this Warrant the written notice described above and in Section 6. If the termination of acquisition rights under this Warrant is to occur as a result of the event at issue, a statement to that effect shall be included in that written notice.

(d) OBLIGATION OF SUCCESSORS OR TRANSFEREES. The Company shall not effect any consolidation, merger, or sale or conveyance of assets within the meaning of Section 6(c)(i)(B)-(C), unless prior to or simultaneously with the consummation thereof the successor corporation (if other than the Company) resulting from such consolidation or merger or the corporation purchasing such assets shall assume by written instrument executed and mailed or delivered to the Holder pursuant to Section 9 herein, the obligation to deliver to the Holder such shares of stock, securities, or assets as, in accordance with the foregoing provisions, the Holder may be entitled to acquire. In no event shall the securities received pursuant to this Section be registerable or transferable other than pursuant and subject to the terms of this Warrant.

(e) APPLICATION OF THIS SECTION. The provisions of this Section 5 shall apply to successive events that may occur from time to time, but shall only apply to a particular event if it occurs prior to the expiration of this Warrant either by its terms or by its exercise in full.

(f) DEFINITION OF COMMON STOCK. Unless the context requires otherwise, whenever reference is made in this Section 5 to the issue or sale of shares of Common Stock, the term "COMMON STOCK" shall mean (i) the \$.001 par value common stock of the Company, (ii) any other class of stock ranking on a parity with, and having substantially similar rights and privileges as the Company's \$.001 par value common stock, and (iii) any Convertible Security convertible into either (i) or (ii). However, subject to the provisions of Section 5(c)(i) above, Warrant Shares issuable upon exercise of this Warrant shall include only shares of common stock designated as \$.01 par value common stock of the Company as of the date of this Warrant.

(g) FRACTIONAL SHARES. No fractional Warrant Shares of Common Stock shall be issued upon the exercise of this Warrant. In the event that an adjustment in the number of shares of Common Stock issuable upon exercise of this Warrant made pursuant to this Section 6 hereof results in a number of shares issuable upon exercise which includes a fraction, at the Holder's election, this Warrant may be exercised for the next larger whole number of shares or the Company shall make a cash payment equal to that fraction multiplied by the current market value of that share.

(h) NO ADJUSTMENT OF EXERCISE PRICE IN CERTAIN CASES. No adjustment of the Exercise Price shall be made:

(i) Upon the issuance of Common Stock, upon the conversion of any existing Preferred Stock or any other currently outstanding Convertible Securities; or

(ii) Upon the issuance of options pursuant to any current or future Company Employee Stock Option Plan or the sale by the Company of any shares of Common Stock pursuant to the exercise of such options.

(i) COMPANY-HELD STOCK. For purposes of Section 5(a) above, shares of Common Stock owned or held at any relevant time by, or for the account of, the Company in its treasury or otherwise, shall not be deemed to be outstanding for purposes of the calculation and adjustments described therein.

6. NOTICE TO THE HOLDER.

(a) If, prior to the expiration of this Warrant either by its terms or by exercise in full, any of the following shall occur:

(i) The Company shall declare a dividend or authorize any other distribution on its Common Stock, including those of the type identified in Section 6(a) hereof; (ii) the Company shall authorize the granting to the shareholders of its Common Stock of rights to subscribe for or purchase any securities or any other similar rights; (iii) any reclassification, reorganization or similar change of the Common Stock, or any consolidation or merger to which the Company is a party, or the sale, lease, pledge, mortgage, exchange, or other conveyance of all or substantially all of the assets of the Company; (iv) the voluntary or involuntary dissolution, liquidation or winding up of the Company; or (v) any purchase, retirement or redemption by the Company of its Common Stock; then, and in any such case, the Company shall deliver to the Holder written notice thereof at least 30 days prior to the earliest applicable date specified below with respect to which notice is to be given, which notice shall state the following: (x) the date on which a record is to be taken for the purpose of such dividend, distribution or rights, or, if a record is not to be taken, the date as of which the shareholders of Common Stock of record to be entitled to such dividend, distribution or rights are to be determined; (y) the date on which such reclassification, reorganization, consolidation, merger, sale, lease, pledge, mortgage, exchange, transfer, dissolution, liquidation, winding up or purchase, retirement or redemption is expected to become effective, and the date, if any, as of which the Company's shareholders of Common Stock of record shall be entitled to exchange their Common Stock for securities or other property deliverable upon such reclassification, reorganization, consolidation, merger, sale, lease, pledge, mortgage, exchange, transfer, dissolution, liquidation, winding up, purchase, retirement or redemption; and (z) if any matters referred to in the foregoing clauses (x) and (y) are to be voted upon by shareholders of Common Stock, the date as of which those shareholders to be entitled to vote are to be determined.

(b) Upon the happening of an event requiring adjustment of the Purchase Price or the kind or amount of securities or property purchasable hereunder, the Company shall forthwith give notice to the Holder which indicates the event requiring the adjustment, the adjusted Purchase Price and the adjusted number of Warrant Shares that may be acquired or the kind and amount of any such

The Company's independent public accountant shall determine the method of calculating the adjustment and shall prepare a certificate setting forth such calculations, the reason for the methodology chosen and the facts upon which the calculation is based. Such certificate shall accompany the notice to be provided to the Holder pursuant to this Section 7(b).

7. TRANSFER TO COMPLY WITH THE SECURITIES ACT.

(a) This Warrant and the Warrant Shares or any other security issued or issuable upon exercise of this Warrant may not be offered or sold except in compliance with the Securities Act of 1933, as amended (the "SECURITIES ACT").

(b) The Company may cause the following legend, or its equivalent, to be set forth on each certificate representing the Warrant Shares, or any other security issued or issuable upon exercise of this Warrant, not theretofore distributed to the public or sold to underwriters, as defined by the Securities Act, for distribution to the public pursuant to Section 8(d) below:

"The shares represented by this Certificate may not be offered for sale, sold or otherwise transferred except pursuant to an effective registration statement under the Securities Act of 1933 (the "Securities Act") or pursuant to an exemption from registration under the Securities Act, the availability of which is to be established to the satisfaction of the Company."

(c) The Holder agrees that, prior to the disposition of any Warrant Shares acquired upon the exercise hereof under circumstances that might require registration of such Warrant Shares or other security issued or issuable upon exercise of this Warrant under the Securities Act, or any similar federal or state statute, the Holder shall give written notice to the Company, expressing his intention as to the disposition to be made of such Warrant Shares or other security issued or issuable upon exercise of this Warrant; except, that such notice shall not be required for a sale of the Warrant Shares or other security issued or issuable upon exercise of this Warrant made pursuant to the requirements of Rule 144 promulgated under the Securities Act. Promptly upon receiving such notice, the Company shall present copies thereof to its counsel. If, in the opinion of the Holder's counsel the proposed disposition does not require registration of the Warrant Shares or any other security issuable or issued upon the exercise of this Warrant under the Securities Act, or any similar federal or state statute, the Company shall, as promptly as practicable, notify the Holder of such opinion, whereupon the Holder shall be entitled to dispose of such Warrant Shares issuable or issued upon the exercise thereof, all in accordance with the terms of the notice delivered by the Holder to the Company.

8. FURTHER ASSURANCES. The Company will take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares or other securities upon the exercise of all Warrants from time to time outstanding.

9. NOTICES. All notices, demands, requests, certificates or other communications by the Company to the Holder and by the Holder to the Company shall be in writing and shall be deemed to have been delivered, given and received when personally given or on the third calendar day after it is mailed by registered or certified mail to the Holder, postage pre-paid and addressed to the Holder at his last registered address or, if the Holder has designated any other address by notice in writing to the Company, to such other address; and,
