### ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On August 3, 2005, our Board of Directors approved and adopted our 2005 Stock Incentive Plan. This plan will be submitted to our shareholders at the next annual shareholders meeting. The purpose of the plan is to promote our growth and prosperity by providing eligible recipients with an additional incentive to contribute to our success, by assisting us in attracting and retaining the best available personnel for positions of substantial responsibility and by increasing the identity of interests in eligible recipients with those of our shareholders. The plan provides for the grant of incentive stock options, non-qualified stock options, restricted stock awards, restricted stock units and stock appreciation rights to aid us in obtaining these goals.

We have reserved 2,500,000 of our authorized but unissued shares of common stock for issuance under the plan and not more than 500,000 of these shares may be used for restricted stock awards and restricted stock units.

This plan will be administered by our compensation committee which is comprised entirely of outside directors who are "independent" as that term is defined in the rules of the American Stock Exchange.

Any incentive option and any non-qualified option granted under the plan must provide for an exercise price of not less than the fair market value of the underlying shares on the date of grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of our outstanding common stock must not be less than 110% of fair market value on the date of the grant.

For further information regarding the plan please see the attached Exhibit 10.14
