DECLARATION OF THE COMMERCIAL POTENTIAL OF DEEPWATER DISCOVERIES IN SERGIPE

(Rio de Janeiro, August 31, 2004). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a Brazilian international energy company, announces that Petrobras sent a Declaration of the Commercial Potential of the oil and gas discoveries in the old block SEAL-100 (figure attached) to the ANP (National Petroleum Agency) in August 30, 2004). The name Piranema Field was chosen for this future deepwater production area in the Sergipe/Alagoas Basin (water depth varying between 1,200 and 1,600 m).

In the area of the "Discovery Evaluation Plan of 1-SES-142" discoveries of several small oil and gas accumulations were made by the wells SES-142, SES-143, SES-147, SES-149 and SES-154, which totaled recoverable oil volumes of 76 million barrels of oil of excellent quality (API grade between 41 and 43), the production plan for which is currently at the initial preparation stage.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
