## **Operating Revenues**

Net service revenues totaled R\$114.7 million in the 3Q07, an increase of R\$2.2 million, or 1.9% over the previous quarter, due to the 0.8% increase in total traffic (0.4% in incoming and 1.1% in outgoing traffics). When compared to the 3Q06, the first quarter with the adoption of the full billing, net service revenues increased by R\$7.0 million or 6.5% in the quarter, due to a better quality client base and return of campaigns to stimulate use of cellular phones.

Data revenues totaled R\$5.3 million in the 3Q07, lower than the R\$6.0 million posted in the 2Q07 and the R\$6.6 million recorded in the 3Q06.

Net equipment revenues totaled R\$5.3 million in the quarter, lower than the R\$7.2 million recorded in the 2Q07, as a result of lower handset sales. When compared to the 3Q06, net equipment revenues were reduced by R\$9.0 million due to higher volume of direct sales from manufacturers to the Company's dealers.

In the third quarter 2007, handset subsidies for client acquisition totaled R\$2.6 million or R\$14.6 per gross addition, higher than the R\$1.6 million or R\$9.1 per gross addition recorded in the 2Q07. This increase is related to actions to face stronger competition and Fathers' Day campaign. When compared to the 3Q06, handset subsidies for client acquisition remained fairly stable.

As a result, total net revenues reached R\$120.1 million in the 3Q07, practically in line with the R\$119.8 million recorded in the previous quarter. When compared to the 3Q06, total net revenues were reduced by R\$2.0 million.

## **Operating costs and expenses**

In the 3Q07, cost of services totaled R\$49.8 million, higher than the R\$47.1 million recorded in the previous quarter. This was mainly due to the increase in interconnection costs and higher volume of outgoing minutes. When compared to the 3Q06, cost of services was reduced by R\$0.6 million.

Selling and marketing expenses in the 3Q07 totaled R\$24.7 million, in line with the R\$24.5 million recorded in both 2Q07 and 3Q06.

Customer acquisition cost in the 3Q07 reached R\$142, slightly above the R\$141 recorded in the 2Q07, due to higher subsidies expenses and the Fathers Day campaigns. When compared to the third quarter of 2006, customer acquisition cost increased by R\$12, as a consequence of higher expenses related to acquisition discounts, personnel and sales campaigns.

Retention costs totaled R\$15.7 million in the 3Q07, higher than the R\$13.1 million recorded in the 2Q07, as a consequence of higher expenses with subsidies, discounts and relationship programs. When compared to the 3Q06, retention costs decreased by R\$1.2 million as a consequence of rationalization of retention and relationship campaigns.

General and administrative expenses reached R\$11.5 million in the 3Q07, a 19.4% increase over the R\$9.7 million recorded in the previous quarter, mainly due to higher expenses with administrative consulting services and accounting reallocation of civil contingencies. When compared to the 3Q06, G&A expenses increased by R\$5.7 million in the 3Q07 also as a result of higher consulting expenses and accounting reallocation of civil contingencies
