**Independent Reasonable Assurance Report on the Consolidated Supplementary Accounting information included within the Economic and Financial Analysis Report**

**To**

**Shareholders and Board of Directors of Banco Bradesco S.A.**

**Osasco – SP**

We were contracted by Banco Bradesco S.A. ("Bradesco") to present a report on the consolidated supplementary financial information of Banco Bradesco as of December 31, 2018 and for the period then ended, in the form of reasonable assurance conclusion based on our work, described in this report, the consolidated supplementary accounting information included in the Report on Economic and Financial Analysis is presented, in all material respects, in accordance with the information mentioned in the paragraph "Criteria for the preparation of consolidated supplementary accounting information".

**Responsibilities of the Management of Bradesco**

Management of Bradesco is responsible for preparing and adequately presenting the consolidated supplementary accounting information included within the Economic and Financial Analysis Report based on the criteria for the preparation of the consolidated supplementary accounting information described below, and for other information contained within this report, as well as the design, implementation and maintenance of internal controls that management determines are necessary to allow for such information that is free from material misstatement, whether due to fraud or error.

**Independent Auditor's Responsibility**

Our responsibility is to examine the consolidated supplementary accounting information included within the Economic and Financial Analysis Report prepared by Bradesco and to report thereon in the form of a reasonable assurance conclusion based on the evidence obtained. We conducted our engagement in accordance with the NBC TO 3000 - Assurance Engagement Other than Audit and Review (ISAE 3000). That standard requires that we comply with ethical requirements, including independence requirements, and plan and perform our procedures to obtain a reasonable assurance about whether the consolidated supplementary accounting information included within the Economic and Financial Analysis Report is presented, in all material respects, in accordance with the information referred to in the

“Criteria for preparing the consolidated supplementary accounting information” paragraph.

The procedures selected were based on our judgment, including the assessment of risks of material misstatement in the consolidated supplementary accounting information of Banco Bradesco S.A. whether due to fraud or error, however, this does not include the search and identification of fraud or error.

In making those risk assessments, we have considered internal controls relevant to the preparation and presentation of consolidated supplementary accounting information in order to design assurance procedures that are appropriate in the circumstances, but not for the purposes of expressing a conclusion as to the effectiveness of Bradesco’s internal control over the preparation and presentation of the consolidated supplementary accounting information. Our engagement also includes the assessment of the reasonableness of the consolidated supplementary accounting information, the appropriateness of the criteria applied by Bradesco in the preparation of such information included in the consolidated supplementary accounting information and the procedures and estimates used by Bradesco in the overall presentation of the consolidated supplementary accounting information. The reasonable assurance level is less than an audit.

---

Our conclusion does not contemplate aspects related to any prospective information contained within the Economic and Financial Analysis Report, nor offers any guarantee if the assumptions used by Management provide a reasonable basis for the projections presented. Therefore, our report does not offer any type of assurance on the scope of future information (such as goals, expectations and ambitions) and descriptive information that is subject to subjective assessment.

### **Criteria for preparing the consolidated supplementary accounting information**

The consolidated supplementary accounting information disclosed in the Report on Economic and Financial Analysis as of December 31, 2018 and for the period then ended has been prepared by the Management of Bradesco, based on the information contained in the consolidated financial statements as of December 31, 2018 and the accounting information adjusted to criteria described in Note 4 of such consolidated financial statements, in order to facilitate additional analyzes, without, however, being part of the consolidated financial statements disclosed on that date.

### **Conclusion**

Our conclusion has been formed on the basis of and is limited to the matters outlined in this report.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion. In our opinion, the consolidated supplementary accounting information included within the Economic and Financial Analysis Information Report is presented, in all material respects, in accordance with the information referred to in the “Criteria for preparing the consolidated supplementary accounting information” paragraph.

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

***Message to Shareholders***

Dear shareholders,

We want to be the first option Bank of our customers, providing solutions and services in accordance with their different profiles. For this reason, we have experienced a fast advance in the transformation of the Organization, started being more than a products Bank, turning into a relationship Bank, uniting tradition with what is most modern to provide the customers a range of facilities supplying their needs.

In this deep and constant change pace, our resilience proves the strength of the adopted strategic planning and business model. The year 2018 was challenging, but with the dedication of our teams, we have achieved the proposed goals.

The year 2019, in an economic scenario undergoing transformation, it should not be different. During our entire trajectory, we are confident in Brazil's potential and in its people's capacity, seeking always to contribute for the economic and social growth of the Country.

Aligned to our commitment with transparency and the democratization of information, we present in a detailed way the main achievements and results recorded in 2018.

To our shareholders and clients, we are thankful for their support, trust and preference with which they have distinguished us.

Enjoy reading!

Cidade de Deus, January 30, 2019

Luiz Carlos Trabuco Cappi

Chairman of the Board of Directors

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Management Report**

We hereby present the Consolidated Financial Statements of Banco Bradesco S.A. related to the period ended on December 31, 2018, in accordance with the accounting practices used in Brazil and applicable to institutions authorized to operate by the Central Bank of Brazil.

**1. 2018 Highlights**

**New Chief Executive Officer:** appointed by the Board of Directors, Octavio de Lazari Junior took office in March. In the Organization, since 1978, he built his career going through various areas and taking control of different responsibilities. Formerly, held the position of Executive Vice-President of Bradesco and Chief Executive Officer of Grupo Bradesco Seguros (Insurance Group).

**New partnership:** in October, we performed a strategic partnership with RCB Investimentos S.A., one of the main credit management and recovery companies in Brazil, upon the acquisition of 65% of its shares. The business strengthens our prominent position in the financial system, as the largest in terms of credit recovery volume, and further increases the processes' efficiency and active participation in the market of the acquisition of credits for recovery.

**Digital Maturity:** Bradesco has led the Digital Maturity Index, made by consultancy firm *McKinsey & Company*, as one of the most advanced financial institutions in digital transformation.

**Lowest Delinquency Ratio:** decrease of over 1.2 p.p. in 2018.

**Recurring Net Income:** with the net income of 2018, we reached an annualized return over the average Shareholders' Equity (ROAE) of 19.0%. Profit growth reflects the good performance of the operating incomes, driven by the good performance of the net interest income and the behavior of the ALL expenses (Expanded), and the positive performance of fee and commission income and insurance, pension plans and capitalization bonds results.

## **Management Report**

### **2. Economic Commentary**

The uncertainties of the economic agents increased volatility in the global and domestic financial markets in 2018. Themes such as commercial discussions, standardization of the US monetary policy and geopolitical risks were on the radar, affecting the prices of assets of emerging countries. Brazil, despite the good foundations of its external accounts, was influenced by this adverse international environment. Even though the annual expansion of the Brazilian economy has remained on a very close level to the one observed in 2017, the recovery was more disseminated, both sector and regional based.

Looking ahead, the Country is in a cyclic position favorable to the faster growth pace, including more beneficial financial conditions. Inflation and interest at a lower level, unleveraged families and companies, low levels of delinquency ratios and space for the demand expansion are favorable vectors for a more intense growth in 2019, which may be boosted at the recovery of the structural reform agenda, with positive impacts over the confidence of businessmen and consumers.

We evaluated that there are indicators to boost employment, income, credit and investments, as the maintenance of the credible and sustainable economic policies should avoid inflationary pressures originating from this recovery. It is fundamental, therefore, for Brazil to advance in its agenda, comprising macro and microeconomic aspects, preparing for an international environment that should remain challenging in the coming quarters.

### **3. Strategic Focus**

We are constantly evolving to monitor and overcome the challenges of an economy that shows signs of recovery and opportunities that reveal themselves in new scenarios. We believe in people and use innovation to boost transformations, anticipate changes and go beyond our customers' expectations. These aspects are inserted in the strategy and in the Organization's vision of the future, based on four pillars:

- a) sustainable growth with profitability;
- b) relationship with clients;
- c) efficiency and innovation; and
- d) human capital.

In this context, relied on ethical values, respect and transparency, Bradesco Organization intends to deepen the relationship and to generate long-term value, including with non-account holders, capturing its potential and stimulating synergy between the diverse Organization businesses, combining banking activities and insurances of a segmented service framework, capable of offering a wide portfolio of products and services aligned with the needs of each client.

Our position allows us to providing services to all publics, directing them to the most convenient channels, by a Network installed in every region of Brazil. In a context of digital transformation, we seek to offer the customers innovating service models, making the user experience even more practical, quick and safe.

For Individuals, we adopted a sub-segmented strategy, seeking to strengthen the relationship with the client, delivering specific solutions according to profile and life cycle, providing a customized experienced in all relationship channels. For the high-income customer, the implantation of consulting platforms for investments represented an important step towards quality and service improvement, enabling a more consistent and assertive support, aligned to their needs.

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Management Report**

For legal entities, the Bank offers the best options for the conduction of business, with more appropriate service offers and financial solutions to their needs and compatible profitability for each segment.

In the area of Insurance, we seek to increase the business opportunities from Bradesco's client portfolio, as well as exploring the growth potential in the Brazilian market, given the still weak consumption indexes of these products by the population in general. We want to have the best and most complete Protection offer for the clients, notwithstanding the moment in life, keeping an advisory dialogue to understand their needs and direct products assertively.

The most effective management for expenses and income also has a distinctive role, contributing with actions and projects aimed at the optimization in the use of the channels, reduction of supplying cost and constant search for increased efficiency.

We highlight, lastly, the importance of people management for the implementation of the corporate strategy of Bradesco Organization, that directs and orients their leaderships for a modern conduct aligned to the new employment market needs, with the objective of ensuring diversified results, a solid balance sheet and consistent profitability.

**4. Sustainability for Bradesco**

Sustainability is present in the way we conduct our business and, also, in our commitment to foster the development of the Country. We seek continuous growth, but respect the audiences with which we interact, the communities where we are present and the environment.

The perception that we are moving towards a transition to a new economy, with opportunities and developmental challenges, leads us to increasingly incorporate social and environmental aspects in the corporate management, in order to ensure sustainability and the long-term success of the Organization.

To contribute with the global agenda and promote sustainable business, we support voluntary commitments and participate in many environmental initiatives. We highlight some projects and acknowledgements:

- **Principles for Banking Responsibility** – we are the only Brazilian Bank in the group of 28 banks, from five continents, that is developing the Principles, led by the United Nations Environment Programme Finance Initiative - UNEP FI. The project seeks to accelerate the contribution of the sector for the Goals of Sustainable Development (ODS) and for the Paris Climate Agreement;

- **Task force on climate-related financial disclosure (TCFD)** – in 2018, Bradesco has participated, along with 15 banks, in the project to develop methods and tools to measure the risks and opportunities related to climate changes in the banking loan portfolio;
- **Bloomberg Gender-Equality Index** - for the first time, Bradesco integrates the index which evaluates human resources practices, companies' support to community development and product and service offers with gender awareness;
- **Dow Jones Sustainability Indices** – DJSI, for the 13<sup>rd</sup> time, Bradesco was selected to integrate the Dow Jones Sustainability Indices, of the New York Stock Exchange, holding the best position among Brazilian banks; and

Bradesco

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

## **Management Report**

- **Other Indexes and Ratings** – we were selected, for the 14<sup>th</sup> consecutive year, to compose the Corporate Sustainability Index (ISE) of B3 – Brasil, Bolsa, Balcão. Also, we integrated Vigeo Eires – Emerging Market Performers Ranking, FTSE4Good and MSCI.

## **5. Value generation**

### **Results for the year**

Bradesco's book Net Income reached R\$ 19.085 billion in 2018, equivalent to R\$ 2.85 per share, and with a profitability of 16.8% over the average Shareholders' Equity. The annualized return on Average Total Assets was 1.5%.

In terms of Interest on Own Capital, in gross values, we directed R\$ 7.299 billion to the shareholders, paid on a monthly, intermediary and supplementary basis, computed in the calculations of mandatory dividends. Thus, R\$ 1.15 (R\$ 0.98 net of Income Tax withheld at the source), which includes an additional 10.0% for every preferred share, and R\$ 1.04 (R\$ 0.88 net of Income Tax withheld at the source) for every common share. Distributed interest represents 38.2% (net of Income Tax withheld at the source 32.5%) of the year's adjusted income.

Throughout the twelve months of the year, the taxes and contributions that include pensions, paid or provisioned, reached R\$ 29.357 billion, of which R\$ 14.263 billion is related to taxes withheld and collected from third parties, and R\$ 15.094 billion calculated based on the activities developed by the Bradesco Organization, corresponding to 79.1% of the Net Income.

### **Capital, reserves and subordinated debt**

With relation to Banco Bradesco, at the close of the fiscal year, we highlight:

R\$ 67.100 billion totaled the Capital Stock subscribed and paid in;

R\$ 54.021 billion totaled the Equity Reserves; and

R\$ 121.121 billion was the Shareholders' Equity with a growth of 9.7% in the year. In relation to Consolidated Assets, that amount to R\$ 1.287 trillion, the Managed Shareholders' Equity was equivalent to 9.5%. The Net Asset Value per share was of R\$ 18.10.

The Basel Ratio was of 17.8%, which is therefore higher than the minimum of 11.0% regulated by Resolution No. 4,193/13, of the National Monetary Council, according to the Basel Committee. Regarding the Reference Equity, the immobilization index reached 36.3% in the Prudential Consolidation, falling under the maximum limit of 50.0% stipulated by the Central Bank of Brazil.

Subordinated Loans amounted to, at the end of the fiscal year, R\$ 53.643 billion (Abroad, R\$ 13.641 billion and in Brazil, R\$ 40.002 billion), of which R\$ 36.850 billion were considered eligible as regulatory capital, and included in the calculation of indexes recorded in the previous paragraph.

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

## ***Management Report***

We highlight below a summary of our financial information:

### **Capital management**

The structure of capital management is composed of Committees that advise the Board of Directors and the Board of Executive Officers in making decisions. It adopts a forward-looking vision, which aims to anticipate possible changes in market conditions. The sufficiency assessment of capital is conducted in order to ensure that the Organization maintains adequate levels of capital to support and assist the development of its activities and to address the risks incurred, taking into account the strategic defined objectives.

### **6. Loan operations**

We continuously monitor the portfolios and keep our policy up to date and in line with the current economic situation. We are expanding and diversifying supply in various channels of distribution, especially,

Bradesco

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Management Report**

complemented by the Branch Network and the Banking Correspondents. Our capillarity allows the achievement of loans and direct financing or in strategic partnerships with the various business chains.

The **consumer credit** is one of the modalities with larger representativity in the Bank's portfolio, contributing to the growth of many production chains among small, medium and large businesses. Highlighted in the portfolio are **personal loans, payroll-deductible loans, real estate financing and credit cards.**

The supply of working capital items, advances on receivables and financing of goods focused on small and mid-sized companies enables the growth of the economic activity and the consequent creation of jobs, thus creating a virtuous circle between investment credit and consumption credit.

Bradesco Corporate is highlighted as leader in assets in Brazilian Market for large and mid-sized companies, on the concept of expanded portfolio, with complete solutions for different sizes, needs and corporate sector.

We are the largest private Bank in assets on **agrobusiness**, with offering of solutions for the development of production, keeping in accordance with the main manufacturers of agricultural tools of the Country. Further information can be obtained at the website [bradescoagronegocio.com.br](http://bradescoagronegocio.com.br).

We were first place in the ranking of **real estate loans** in 2018, considering the financing lines with funds from savings accounts. The leadership is due to our strong commitment in meeting the demands of the construction sector and the acquisition of real estates by the final borrowers, we improved, constantly, our procedures for granting loans for the different channels of origination to make them more agile and practical for the clients. We occupy a leading position in this operating segment.

Bradesco is leader in transfer of BNDES (National Bank for Social and Economic Development) funds and maintained this important position by reaching a total disbursement of R\$ 6.273 billion, equivalent to 18.0% of the Market Share, maintaining a focus on releases to micro, small, and medium companies, which absorbed R\$ 5.431 billion, or 18.8% of the Market Share.

Below is the balance of the main portfolios:

R\$ 531.615 billion, at year-end, on consolidated loan operations, in the expanded concept, which includes Sureties, Guarantees, Letters of Credit, Anticipation of Credit Card

Receivables, Debentures, Promissory Notes, Co-Obligations in Real Estate Receivable Certificates and Rural Credit;

R\$ 34.983 billion was the consolidated balance of provision for doubtful debtors, considering an additional provision of R\$ 6.881 billion, calculated based on the models of provisioning, which are based on statistical models that capture historical, actuarial and prospective data;

R\$ 130.353 billion in operations intended to consumption credit;

R\$ 50.932 billion in Payroll-Deductible Loans at the close of 2018, with 8,903,348 active contracts;

R\$ 61.284 billion in the Real Estate Credit portfolio, whereby R\$ 38.284 billion was intended for the Individuals and R\$ 23.000 billion for the Legal Entities, totaling 192,659 units financed;

R\$ 20.323 billion in applications on agrobusiness in the end of the fiscal year; and

R\$ 18.471 billion amounted to the balance of transfer portfolios, with 189,655 contracts registered.

### **Credit policy and portfolio quality**

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

## **Management Report**

The credit policy allows diversified business transactions to be made in a quick, pulverized, by appropriate collateral and intended for people and legitimate companies and of proven solvency. Thus, we seek to ensure the adequate profitability and liquidity of invested assets, using specialized systems for Credit Scoring, that back of the decision-making process with specific standards of safety and assertiveness in the environment of the Branches.

The loan portfolio registered improvements in 2018, mainly due to the constant improvement of the models and policies of concession and monitoring, as well as the option for more secure credit modalities, such as consigned credit and housing credit.

### **Loan recovery**

In 2018, we further strengthened our loan recovery actions, seeking to decrease the delinquency ratios and, at the same time, keep the relationship with our clients.

With the constant update of statistical models and analytical strategies, we segment the delinquent clients according to levels of risk and propensity to pay, maximizing return in the recovery.

The investment in technology keeps expanding our communication channels, allowing operation through Digital means, Network of Branches, Call Centers and Friendly and Judicial Collection Offices. Also, specialized regional teams tailor their operations on the most significant cases, fulfilling the cycle with our Committees and Recovery Commissions.

R\$ 7.147 billion in loans were recovered, 1.6% higher than in the previous year.

## **7. Bradesco's Shares**

Bradesco's Shares, with a high level of liquidity, remained present in all the trading sessions of B3 – Brasil, Bolsa, Balcão. They represented 10.4% of the Bovespa Index at the end of 2018. They are also traded abroad, on the New York Stock Exchange, by means of ADR – American Depositary Receipt – Tier 2, and on the Stock Exchange of Madrid, Spain, through DRs, which integrate the Latibex Index.

The performance of the preferred shares in 2018 (BBDC4) was of 27.1% and of the common shares (BBDC3) was of 19.4%, higher than the Bovespa Index, that reached 12.8% in the year. Bradesco's securities also took part in other important indexes, such as the Special Tag-Along Stock Index, (ITAG), the Special Corporate Governance Stock Index (IGC), the Brazil Indexes (IBrX50 and IBr100).

Bradesco's presence in these indexes strengthens our constant search for the adoption of good practices of corporate governance, economic efficiency, environmental ethics and responsibility.

As minimum mandatory dividends shareholders are entitled to 30% of the adjusted net income, in addition to the Tag Along of 100% for the common shares and 80% for the preferred shares. Also, granted to the preferred shares are dividends 10% higher than those given to the common shares.

R\$ 127.966 billion was the amount negotiated in Bradesco's Shares on B3 during the year, composed of 553.379 million common shares and 3.352 billion preferred shares.

US\$ 27.815 billion were negotiated as ADRs, in the North American market (New York Stock Exchange – NYSE), equivalent to 2.747 million common shares and 3.103 billion preferred shares.

EUR 409.419 thousand were negotiated as DRs, on the European market (Latibex), equivalent to 55.827 thousand preferred shares.

Bradesco

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Management Report**

**8. Technology and innovation**

We have the commitment of supplying the client with a full and ever improving experience, being a financial service platform that connects in a quick, fluid and safe way to people's pathways. Accordingly, we constantly invest in technology and innovation, transform the way of doing business and customize our relationship to meet the generations diversity, social and cultural groups that compose our clients and users base.

For this purpose, it is necessary to have protagonism and an intense search for new solutions. Thus, we quicken the innovation process with development, prototyping and tests. We have, as an example: the advances in the creation of several Blockchain projects; and the Mei.Bradesco Portal, a pioneer implementation of Open Banking concepts, offering a set of solutions and consulting services in business management for individual micro entrepreneurs, in partnership with inovabra habitat startups. The sector, with approximately 22 million people, shows significative potential for the generation of processes, allowing Bradesco to distribute owned and third-party financial and non-financial products and services through a solid environment.

The faster delivery of products and services is a market differential and was our main motivation to widen the use of agile methods in the development of solutions, making it possible to offer many new functionalities and improvements, like the balance check, limits and statement via WhatsApp, the Bradesco Keyboard (Teclado Bradesco) and Next, which allow to perform transactions in this app and on Social Networks, in addition to the launch of the free plans "Next na faixa" and "Next para Universitários".

We count with a robust infrastructure, which, during the period, we enhanced to support the Organization's growth, thus, we boosted the processing capacities of the environment central in 6%, data storage in 29%, invested in the technological update and network connectivity of the 3 data centers, aiming for an increase in energy efficiency, availability and resilience and expanded the data communication network capacity of the Branches and the PAs (Service Branches), in addition to improving the corporate network speed in 16%.

In order to unite physical and digital to ensure efficiency, autonomy and fluidity to employees, we have launched Bradesco Link, an application that is available in the palm of the manager's hand and provides CRM data for relationship and the possibility of updating client registries via document digitalization with the cell phone camera, among other functions. There are already 40,000 operational corporate devices, which allows for a greater agility in contacting clients.

R\$ 6.088 billion were invested in information technology in 2018.

We emphasize, still:

**BIA** – Bradesco Artificial Intelligence, available for clients and employees, relates to people, answers questions about 83 products and services and helps in transactions. In 2018, which recorded 73.2 million interactions, started providing services on WhatsApp and, unprecedentedly in Brazil, we integrated it to Google Assistente (Google Assistant). Bradesco was pioneer in the Country in the use of IBM's cognitive computing platform, Watson, with such coverage and in Portuguese, being still, the largest implementation of Watson in a bank in the entire world;

**Digital portfolios for every smartphone** – we started to supply the most complete solution for cell phone payments, with the use of Apple Pay, Samsung Pay, Google Pay and QR Code. The service is one of our differentials and is aligned with the wideness and diversity of the profiles of our customers;

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

## **Management Report**

**Biometrics** – identification via the palm of the hand for ATMs and, in an unprecedented way, by one's voice via Fone Fácil, offering more convenience and security in the authentication of the access. Now, in the pilot phase, we are testing facial recognition;

**Capillarity** – at the end of the fiscal year, we arrived at 10,000 ATM model machines 3,0, with a customizable screen, approaching the interface of the cell phone app, simplifying its use. Also, 2,348 machines have instant deposit with bill recycling, increasing the efficiency and availability for the client, in addition to the other 153 that offer the sale of US dollars and Euros;

**IT Security** – we increased the maturity ratio of the IT Security processes, putting Bradesco amongst the best companies in the world, according to the NIST methodology;

**inovabra** – innovation platform that fosters internal and external entrepreneurship, through connections and partnerships based on collaboration between the Bank and businesses, startups, mentors and investors, in Brazil and Abroad, to address the businesses' challenges and sustainability. Among the environmental instruments there are: an Investment Fund in the corporate venture model, with R\$ 200 million in capital; the excellence center in artificial intelligence and cognitive computing; the Lab, which was structured to quicken concept and pilot proofs, centralizing technology labs; a digital hub that promotes in-network collaboration between all participants; and an area focused on global innovation, though a collaborative space in New York and connections in London, for immersion of intern teams in behavioral, technological and international startups prospection tendencies. For more information on Bradesco's innovation environment, visit [inovabra.com.br](http://inovabra.com.br); and

**inovabra habitat** – co-innovation center in São Paulo, SP, that gathers more than 180 startups and 60 companies, Bradesco's corporate clients, that connect through their innovation fields to collaborate and generate business. During the year, more than 60 thousand people have visited the space.

## **9. Clients**

The client is our reason to exist. Throughout the years, we have perfected the way to best serve them and today we move from their needs, identifying their life moment, understanding their objectives and planning, to be a part of their achievements.

We supply to every customer profile with the same level of excellency and have the scale and diversification as differentials of our acting model. We have the will to democratize the access to banking products and services, favoring the financial inclusion process, the banking process and entrepreneurship, as well as social mobility. These are values that stretch

towards our non-account holders, recognizing in this public a relevant opportunity to expand business. For this, we have created an area whose role is to generate value proposition, interacting with the segments and other areas of the Bank, in several relationship dimensions, stimulating synergy amongst the Organization's businesses.

Aware to the needs of each profile and the continuous enhancement of the management, we have reorganized the service structure for the Corporate Sector. The repositioning aims to enhance client services, with prepared, high performance teams, as it optimizes corporate relationships and the structures with an increased growth capacity of the business and of the return on capital applied.

By the end of the fiscal year, our base was composed of 71.2 million clients.

Bradesco

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Management Report**

**10. Service Structure**

Our Service Network, with a wide and modern structure, is present in all national territory and in some locations Abroad, offering service practicality in all its acting sectors.

**Digital Channels**

Our Digital Channels - Internet Banking, Bradesco Celular, Autoatendimento, Fone Fácil and Social Networks -, accounted for 96% of all transactions made in Bradesco. In 2018, 13.9 million people accessed Bradesco's services through the cell phone. Convenience, practicality and security for clients, which offer various products and services, at any place and time.

**Next, platform for the hyperconnected**

An 100% digital banking platform, Next ended 2018 with an average of 5 thousand account openings per day and 18.4 million transactions, based on December, totalling 500 thousand accounts. Around 80% of these clients were not Bradesco's account holders, proving the attractiveness potential of a new client profile. The aim is to offer a new usage and relationship experience with the client, transforming money management into smart pathways and offering freedom for the user to make operations in the account spontaneously and integrated to their purposes. We also widened the partnership base which provides discounts for activities such as vehicle sharing services, education, food, entertainment, among others.

**Digital Platforms**

Currently, 6 large Digital Platforms supply the clients of the Exclusive and Prime sectors, invited or that have requested migration for the units because of their relationship profile be mainly digital. We count, still, with the Digital Branch Bradesco Private Bank.

234,180 clients serviced by the opportunity and 1,775 by the Digital Branch Private.

**Accessibility**

The democratization of the access and banking process is in Bradesco's Business missions. To achieve that, the Bank was pioneer in several solutions, products and services that guarantee autonomy and independence to the clients with hearing, physical, visual and intellectual impairments. Among them, we highlight: Virtual Mouse, Virtual Vision, Tutoring in Brazilian Sign Language, Braille Kit, Enlarged font, Banks's

Among our services, we offer six Specialized Platforms in the Heads of Government to assist Governments, Capitals, Courts, Class Councils, Chambers, Public Prosecutors, Public Defenders, in addition to the 100 Largest Municipalities of the Brazilian GDP. Monthly, more than 11 million retirees and pensioners of the INSS receive their benefits in Bradesco, which gives it the position of highest payer among all the banks in the country. Find out more on [bradescopoderpublico.com.br](http://bradescopoderpublico.com.br).

## **12. Human Resources**

The Organization recognizes in people one of the most important reasons for our success. Its development and realizing potential is the basis for upholding the business of Bradesco. Our Human Resources management policy is guided by excellence, respect, transparency, and in the ongoing investment on people enhancement and development.

We believe that highly skilled teams with career opportunities are able to surpass goals and present excellent results, decisively contributing to the solidity of the Bradesco brand and the achievement of its market strategies.

We support the development of a more balanced corporate environment, free from barriers. In 2018, we joined the Women Empowerment Principles (WEPs) and HeforShe, created by the

UN, which promotes gender equality. In the Organization, the women represent 50.6% of our work force. 66.5% occupy leadership or commissioned positions, including the Board of Executive Officers and the Board of Directors.

Committed to the inclusion of people with disabilities, composing 3.5% of the staff, Bradesco seeks to develop continuously its accessibility resources. Among the offered solutions are the virtual mouse, a digital Brazilian Sign Language interpreter and the virtual vision, an audio description of images. In 2018, the

## **Management Report**

Organization received the global award **Good Practices of Employability for Workers with Disabilities**, from the São Paulo State Department of the Rights of People with Disabilities and from the Technology and Innovation Center of the Government of the State of São Paulo, in partnership with the UN Permanent Mission in Brazil. The delivery ceremony was held in New York.

UniBrad – Universidade Corporativa Bradesco (Bradesco Corporate University) promotes education for professional excellency and social mobility, meeting the needs of organizational strategy. Its focus is the evolution of the programs and solutions for the capacitation and technical and behavioral development of our employees, in order to keep them in constant harmony with the market, which is increasingly more competitive and demanding, and to stimulate and encourage innovative thinking. Amongst them, the digital competencies, in the age of changes we are living in. Escola Digital (Digital School), one of UniBrad's pathways of learning, operates since 2015 with the goal to address the digital transformations transversely. In 2018, 2,337 courses were given, with 793,440 attendances.

Bradesco applied R\$ 164.474 million on Corporate Education Programs.

The welfare benefits comprised 233,272 people, assuring the well-being and the improvement in the quality of life of the employees and their dependents. In Health Plan, there were 8.775 million services and 547,478 in Dental Plan. R\$ 1.562 billion invested in food-vouchers. Besides, R\$ 55.239 million were destined for the distribution of 27.175 million snacks in the year.

At the end of the fiscal year, our staff was composed of 98,605 employees, where 85,815 of Bradesco and 12,790 in the Associated Companies. Between hired employees and interns, we had 15,013 people in the staff.

### **13. The Value of the Brand**

The fair value of Bradesco reached R\$ 242.606 billion at the end of 2018, which is equivalent to 2.0 times the Shareholders' Equity. The calculation is based on the listing of shares on stock exchanges and, also, reflects the relevancy of the intangible access of the Organization perceived by investors and remaining stakeholders.

The strength of our brand is recognized in major awards, such as the ranking of the Most Valuable Brands in Brazil 2018, devised by the IstoÉ Dinheiro magazine and Kantar Consulting, as the most valuable Bank brand in the country for the seventh consecutive year.

We are also the most remembered brand on the market in the Bank App category. Bradesco Seguros featured in the Insurance category.

## Marketing

In 2018, we modernized our logo, the famous stylized tree – symbol of life, growth, shelter and support – which reflects the relationship that we have with clients, it gained a more contemporary and digital touch, in line with the connected world of today.

The campaigns of 2018 continued to reflect the positioning "Pra Frente" (Moving Forward). With the slogan "Your Path is Prime", Bradesco has strengthened its position as a strategic partner in the asset management of clients in this segment.

In the communication to present to the market the BIA virtual assistant, the Bank has brought the concept of "Experience the Future Today", emphasizing that it seeks the best user experience by means of artificial intelligence – one of the guiding technologies of its co-innovation space, the inovabra habitat.

Bradesco

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Management Report**

For Children's Day, the campaign invited us to reflect on social issues from the perspective of children, bringing their definitions of bullying, racism and discrimination.

At the end of the year, our latest institutional campaign, a 3D animation with the invitation "2019. You will make it happen". The video brings the essence of Bradesco, a Bank that respects diversity, reinforcing values such as inclusion and respecting differences.

Support for cultural and sport projects is also part of the platforms of the brand management. In 2018, we resumed the sponsorship of the Brazilian tour of Cirque du Soleil, bringing the show OVO (EGG) to Brazil. The sponsorship of events reinforces the Bank's belief that culture, music, art and their trends are important instruments for the cultural enrichment of a society, therefore it maintained the sponsorship of Lollapalooza Brasil and the hundreds of other cultural manifestations like: the carnivals of Rio de Janeiro, São Paulo, Salvador and Recife; the Círio de Nazaré, in Belém (PA); the Folklore Festival of Parintins and the Opera Festival, both in Amazonas; the Oktoberfest in Blumenau (SC); the ArtRio – International Art Fair of Rio de Janeiro (RJ); and Bradesco's Christmas presentation, the traditional event in Palácio Avenida, in Curitiba (PR). It also supported musicals like The Phantom of the Opera and Peter Pan, besides several exhibitions, among them: Julio Le Parc, Mira Schendel and Hilma af Klint.

The sport also has its transforming role, for this reason Bradesco is the sponsor of the Brazilian Confederation of Sailing, Judo and Rugby.

180 regional, sector-based and/or professional events throughout the country, including business fairs, seminars, conferences, and cultural and community events.

**14. Social investments**

Fundação Bradesco is the main action of sustainability of the Organization. Founded in 1956, it develops the largest private social and educational program in the country based on the belief that education is the path to promote equal opportunities, personal and collective

achievement, as well as a means to build a society that is more worthy, fair and productive. There are 40 schools installed primarily in areas of severe deprivation, in all of the Brazilian States and in the Federal District.

In 2018, it provided formal education, access and quality to 94,256 students in its schools, in Basic Education, Education of Youth and Adults and in Initial and Continuing Education. In Distance Learning (EaD), it has benefited more than 780 thousand students, who have completed at least one of the various courses offered, in addition to 9,035 people in projects and actions in partnership. The Computer Program for the Visually Impaired has served and trained since its pioneering deployment, in 1998, 12,687 students.

The students of Basic Education, 41,842 in the period, also receive, without cost, uniforms, school materials, food and medical and dental care.

At the end of the year, R\$ 606.908 million were invested, of which R\$ 68.530 million were invested in infrastructure and educational technology. For 2019, a budget of R\$ 652.203 million has been estimated to fund:

- a) 92,468 students in Basic Education – from Kindergarten to Secondary Education and Vocational and Technical Education at Secondary Level –, Education of Young People and Adults and Initial and Continuing Education focused on the creation of jobs;
- b) 670 thousand students who must complete at least one of the courses offered in their program in the EaD modality, by means of their e-learning portal "Escol@ Virtual" (Virtual School); and

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Management Report**

c) 12,065 beneficiaries in projects and actions in partnerships, such as the *Programa Educa+Ação* (Educate+Action Program), and in educational courses and lectures and in information technology.

In the last ten years, R\$ 6.913 billion, in restated values, was the amount of the resources invested by Fundação Bradesco to defray the cost of its activities.

For more than 30 years it also encourages sport as an activity to support the development of children and young people from the **Bradesco Sports and Education Program**. The Program focuses on the promotion of health and the enhancement of talents through the teaching of female volleyball and basketball in all the schools of Fundação Bradesco, municipal sports centers, public and private schools, in a leisure club and in its Center of Sports Development, all in Osasco, SP. Approximately 2 thousand girls from 8 years of age, are trained annually.

In order to strengthen our social action and the relationship with the local community, we started in 2018 the Project **UniBrad Semear**. With the collaboration of our employees, who have been specially trained in the program *Voluntários Bradesco* (Volunteers), we promote, in municipal public schools of São Paulo, SP, workshops and courses on financial education and emotional intelligence to 1.4 thousand people. Considering all participants of this initiative, we have reached around 2 thousand people. The classes have had a broad public profile, including residents, students, teachers and managers, and addressed issues such as project of life, conscious consuming, economic cycle, budget, the importance of saving money, making a loan, interest rates, entrepreneurship, among others. The reach of this project will be expanded in 2019.

**15. Corporate Governance**

The Bradesco's Management is composed of eight members from the Board of Directors and by its Board of Executive Officers, with no accumulation of positions of Chairman of the Board of Directors and Chief Executive Officer, according to the statutory provision.

At the Special Shareholders' Meeting on March 12, 2018, there was the amendment of the term of office of the Managers, of the Compensation Committee members and of the Ombudsman from one (1) year to two (2) years. On the same date, Octavio de Lazari Junior was elected Chief Executive Officer of the Bradesco's Board of Executive Officers.

The Board of Directors is advised by eight committees, two are statutory (Audit and Remuneration) and six are non-statutory (Ethical Conduct and Integrity, Internal Controls and Compliance, Integrated Risk Management and Capital Allocation, Succession and Nomination, Risks and Sustainability and Diversity). The Fiscal Council operates continuously, in the role of Supervisory Body and is annually elected by the shareholders.

Further information on Bradesco's Corporate governance practices is available on [banco.bradesco/ri](http://banco.bradesco/ri) – Corporate Governance Section.

In compliance with CVM Instruction No. 381/03, in the fiscal year of 2018, Bradesco Organization contracted services provided by KPMG Auditores Independentes that were not related to the external audit, at a level greater than 5% of the total fees related to external audit services. Other services provided by the external auditors were: i) the issue of due diligence reports; ii) Assurance Report; and iii) reports on previously agreed procedures. The contracted amount totaled, approximately, R\$ 4.083 million, which represents around 10.10% of the total audit fees for the 2018 financial statements of the Bradesco Organization. The Bank's policy is in line with the principles of preserving the auditors' independence, which is based on generally accepted international criteria, i.e. the auditors should not audit their own work, perform managerial duties for their clients or promote their customers' interests. It is noteworthy that any eventual services not related to the external audit are submitted prior to the authorization of the Audit Committee.

Bradesco

Fiscal Council's Report

## **Management Report**

### **Internal Audit**

The General Inspectorate (Internal Audit), subordinated to the Board of Directors, performs an independent evaluation of Business processes, mitigating the risks, suitability and effectiveness of internal controls in compliance with the policies, norms, standards, procedures and internal and external regulations. The methodology and execution of works from the area is certified by the Institute of Internal Auditors of Brazil, which considers in its premises the technical recommendations of the Institute of Internal Auditors (IIA).

### **Ombudsman**

Our Organization offers various channels of structured care for the treatment of suggestions and complaints of our clients and users, always acting with impartiality and transforming the complaint into an experience that strengthens its relationship with the Organization and drives improvements that generate mutual benefits.

We operate with two independent Ombudsmen: one dedicated to the manifestations of the Bradesco Organization, which follows determinations of the Central Bank of Brazil and the Securities and Exchange Commission (CVM), and the other dedicated to suggestions and complaints of Bradesco Seguros, which meets the standards of the Superintendence of Private Insurance (SUSEP) and the National Agency of Supplementary Health (ANS).

In 2018, for the seventh consecutive time, it won the *Ouvidorias Brasil* award, granted by the Brazilian Association of Company-Client Relations (ABRAREC). We are the only bank to win all editions of the award.

143,393 complaints were received by Bradesco Ombudsman in 2018.

### **Transparency and Disclosure of Information**

All information regarding the performance of Bradesco and its businesses, as well as its governance structure, policies and practices are easily and readily available on the website [banco.bradesco/ri](http://banco.bradesco/ri). Among them, the Economic and Financial Analysis Report which provides an accurate analysis about the corporate accounting and Bradesco's Integrated Report, which shows a more comprehensive view of the Organization as well as its strategies, highlights of the year and other relevant information. Additionally, the risk factors and critical accounting policies are disclosed on the 20-F Form and on the Reference Form, which present a series of qualitative and quantitative information of the Bank, as well as the audited financial statements.

In order to increase stakeholders knowledge related to the Bank's information, institutional videos with messages from the Organization's Executives, company presentations, calendar of events, regulatory forms, among other corporate information are available on the IR website.

To maintain the constant dialog with the market, 222 events were promoted by the Market Relations Department with national and international investors via conferences, meetings, conference calls and institutional presentations, with the participation of 1,633 investors. 5 Bradesco APIMEC Meetings were held, in the cities of São Paulo (in person and by following live via webcast), Rio de Janeiro, Brasilia, Porto Alegre and Belo Horizonte, with a total of 1,718 participants.

## **16. Integrated risk control**

Due to the complexity and variety of products and services, and also of the globalization of the business of the Organization, the risk management activity is highly strategic. Thus, the Organization exercises the corporate control of risks in an integrated and independent manner, preserving and valuing the environment of group decisions, developing and implementing methodologies, models and tools for

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Management Report**

measurement and control. It also fosters the dissemination of the risk culture to all the employees, at all hierarchical levels, from the business areas up to the Board of Directors.

In the face of broad actions and options available to its clients in all segments of the market, the Organization is exposed to various types of risks. Therefore, the adoption of mechanisms of identification and continuous monitoring are vital, making it possible to anticipate the development and implementation of actions to minimize any adverse impacts on their positions. These risks may arise from several factors and are mitigated by means of consistent processes of Internal Controls, prevention of money laundering, information security, independent validation of models, as well as a sound governance structure that involves the Integrated Risk Management and Capital Allocation Committee that is subordinate to the Board of Directors.

Among the main risks, we highlight: Credit, Counterparty Credit, Market, Operational, Subscription, Liquidity, Concentration, Socio-environmental, Strategy, Reputation, Model, Contagion, Corporate Conduct, and Compliance. We also seek to identify and monitor any emerging risks, in an attempt to anticipate them or mitigate their effects, should they occur. Among them, issues related to global growth; international geopolitical issues and the economic and fiscal situation of Brazil. We also consider the risks posed by climate change, by cyberattacks and by technological innovation in financial services (FinTech).

**Independent Validation of Models**

Bradesco uses internal models, developed from statistical, economic, financial, and mathematical theories and from the knowledge of experts, with the aim of supporting and facilitating the structuring of issues, enabling standardization and agility in decisions and managing risks and capital.

To identify, mitigate and control the risks inherent to the internal models, represented by potential adverse consequences, there is the process of independent validation that evaluates all aspects thoroughly, challenging the methodology, the assumptions adopted, the data used, and the use of models, as well as the robustness of the environment in which they are deployed, reporting their results to the managers, internal audit and to the Internal Controls and Compliance Committee and the Integrated Risk Management and Capital Allocation Committee.

**17. Compliance and Ethics**

Standards that affirm our values and govern the interactions of the Organization.

The Programs of Compliance and Integrity cover our managers, employees, suppliers, service providers, subsidiaries and companies members of the Bradesco Organization in their interactions and everyday decisions, making our principles of high standards of conduct and ethics known.

These principles are supported by policies, standards, procedures, training programs for professionals and controls, and they seek to detect promptly any actions considered as violations of the Codes of Ethical Conduct, and/or operations and situations apparently related to illegal activities, envisaging the adoption of appropriate measures and actions.

This system of control mechanisms is an object of evaluation and constant improvement in compliance with the applicable laws and regulations, as well as with the best market practices and are supported by Committees linked to the Board of Directors, such as those of Ethical Conduct and Internal Controls and Compliance.

Bradesco

#### **Certifications**

Contributing to achieve operational excellence and the desired results, the Management System, which is the inter-relationship of the parties, of the elements or units, enables the operation and management of an organized structure.

We have highlighted the following certifications of the Bradesco Organization: Corporate Social Responsibility, own normative standard, audited by an independent certification body; Occupational Health and Safety Management System – OHSAS 18001; Environmental Management – ISO 14001; Greenhouse Gas Emissions Management – ISO 14064; Data Protection and Privacy – GoodPriv@cy; Controls Assurance Reports in the Service Provider Organization (international standard) – ISAE 3402; Quality Management – ISO 9001 (DITI/IT

Security and CTI); Information Security Management – ISO 27001; and IT Service Management – ISO 20000.

## Awards / Rankings

### Among the best

- Bradesco was elected the **best bank** in Brazil by the English magazine *The Banker*, reference in the global financial market. The magazine highlighted the profit growth and the efficiency of the Organization in 2018.
- Another institution that referenced Bradesco as the **best bank in the Country** was the North American *Latin Finance*. The choice is based on the evaluation of indicators such as performance, profitability, growth, presence and pioneering spirit, among others.

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

## **Management Report**

- Bradesco led the **Latin America Best Managed Banks 2018 Brazil**, a survey conducted by the *Euromoney* magazine, which lists the best managed banks in Latin America.
- The share of Bradesco (BBDC4) is among the **ten most recommended for investment in 2019** by *Guia Exame Onde Investir* (Where to Invest). In the same survey, BRAM was singled out as the Best Management Company of Variable-Income Funds and the Best Retail Manager.
- Bradesco is the leading private bank in the survey **Top of Mind 2018**, of the *Folha de S. Paulo* newspaper, in the categories of bank and savings. We are also the most remembered brand on the market in the Bank App category. Bradesco Seguros featured in the Insurance category.
- Bradesco BBI is elected, for the fourth time – and third consecutive – as the Best Investment Bank in Brazil and, for the first time as the Best Bank of M&A in Latin America in 2018, in the **nineteenth edition of the Best Investment Bank Awards** in the *Global Finance* magazine.
- BRAM - Bradesco Asset Management was classified with the **highest rating of quality investment management**, receiving the highest score by the agency *Fitch Ratings*.
- **Best & Largest Yearbook, of the Exame magazine**: first of the 200 Largest Groups and integrates the list of 50 Largest Banks by Assets and the Largest Banks by Profit.
- The **Best of Dinheiro 2018**, of the *IstoÉ Dinheiro* magazine: Best company in Corporate Governance; best Bank in people management policy; and leader of the ranking of banks by revenue in the 1,000 largest. The Insurance Group was the best company in the segment.
- **Global Finance's 25th Annual Best Bank Awards**, of the *Global Finance* magazine: Best Brazilian Bank, Best Investment Bank in Brazil and Best Bank of Mergers and Acquisitions in Latin America.
- Bradesco BBI was elected for the third consecutive time, as the Most Innovative Investment Bank in Latin America by **The Banker** magazine.

## **Digital transformation**

- Next received one of the most relevant recognitions in the world for the financial industry, with the International Award of **Global Finance for Best Consumer Digital Bank in Brazil**. Also by *Global Finance*, the Next case was elected as the Best Digital Bank of Brazil in 2018 in the nineteenth *Annual Digital World Awards*.
- Bradesco Seguros was elected as the **most digital insurer in Brazil** by consultancy firm *DOM Strategy Partners*.

- Bradesco received the award for **Connected Bank** from the Brazilian Association of Companies and Professionals of Communication and Infrastructure/IT Engineering – Aberimest.

## Human Resources

- **Best Companies to Work For in Brazil**, of the *Época* magazine and Great Place to Work.
- For the twentieth time, the Organization also integrates the list of **150 Best Companies to Work for** by the *Você S/A* magazine.
- UniBrad was featured in the international award for Best **Corporate Universities – Cubic Awards 2018**. The recognition is granted by the Corporate University Best in Class (Cubic), of the United States.
- Elected as the **Company of the Year in corporate citizenship**, in a study conducted by *Grupo Gestão RH* (HR Management Group).
- **Learning & Performance Award Brazil 2018**, by MicroPower: Recognition for the protagonism of Bradesco in the 20 years of the program of Training and Employability of People with Visual Impairment.

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

**1) OPERATIONS**

Banco Bradesco S.A. (Bradesco) is a private-sector publicly traded company and universal bank that, through its commercial, foreign exchange, consumer financing and housing loan portfolios, carries out all the types of banking activities for which it has authorization. The Bank is involved in a number of other activities, either directly or indirectly, through its subsidiaries, specifically leases, investment banking, brokerage, consortium management, credit cards, real estate projects, insurance, pension plans and capitalization bonds. All these activities are undertaken by the various companies in the Bradesco Organization (Organization), working together in an integrated manner in the market.

**2) PRESENTATION OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Bradesco's consolidated financial statements include the financial statements for Bradesco, its foreign branches and subsidiaries, in Brazil and overseas and SPEs (Special Purpose Entities) and investment funds of which the Organization's companies are the main beneficiaries or holders of the principal obligations, as established by Technical Pronouncement CPC 36 (R3), "Consolidation". These financial statements were prepared in conformity with accounting practices adopted in Brazil applicable to institutions authorized to operate by the Central Bank of Brazil (Bacen), and are in conformity with accounting guidelines included in Laws No. 4,595/64 (Brazilian Financial System Law) and No. 6,404/76 (Brazilian Corporate Law), including amendments introduced by Laws No. 11,638/07 and No. 11,941/09, as they relate to the accounting for operations, complemented by the rules and instructions of the National Monetary Council (CMN), Bacen, Brazilian Securities and Exchange Commission (CVM), and where applicable, National Private Insurance Council (CNSP), Insurance Superintendence (Susep) and National Supplementary Healthcare Agency (ANS). The financial statements of the lease companies included in the consolidated financial statements were prepared using the finance lease method, under which the carrying amount of leased premises and equipment less the residual value paid in advance are reclassified.

Management states that it has disclosed all relevant information in the consolidated financial statements of Bradesco and that the accounting practices have been applied in a consistent manner in all years presented.

For the preparation of these consolidated financial statements, the intercompany transactions, balances of equity accounts, revenue, expenses and unrealized profits were eliminated and net income and shareholders' equity attributable to the non-controlling interests were accounted for in a separate line. Goodwill on the acquisition of investments in associates, subsidiaries or jointly controlled companies is presented in the investments and intangible assets lines (Note 14a). The foreign exchange variation from foreign branches and investments is presented in the statement of income accounts used for changes in the value of the derivative financial instrument and borrowing and on-lending operations. These effects are neutralized by the results obtained by the financial instruments used to hedge the effects of the exchange variation produced by our investments abroad.

The financial statements include estimates and assumptions, such as: the calculation of estimated loan losses; fair value estimates of certain financial instruments; civil, tax and labor provisions; impairment losses of securities classified as available-for-sale and held-to-maturity securities and non-financial assets; the calculation of technical provisions for insurance, pension plans and capitalization bonds; and the determination of the useful life of specific assets. Actual results may differ from those based on estimates and assumptions.

Bradesco's consolidated financial statements were approved by the Board of Directors on January 30, 2019.

(1) In December 2018 there was acquisition of shares held by a minority shareholder;

(2) In May 2018, there was acquisition of shares held by minority shareholders by Banco Bradesco S.A.;

(3) In November 2018, there was a change in the corporate name of Bradesco-Kirton Corretora de Títulos e Valores Mobiliários S.A. to Bradesco-Kirton Corretora de Câmbio S.A.;

(4) Change in the percentage of participation, by assignment of quotas and change of corporate name to unilateral company;

(5) The functional currency of these companies abroad is the Real;

(6) The special purpose entity International Diversified Payment Rights Company is being consolidated. The company is part of a structure set up for the securitization of the future flow of payment orders received overseas;

(7) The functional currency of this company is the Mexican Peso;

(8) Reduction in participation due to the merger of Kirton Seguros S.A through the exchange of minority shares;

(9) Companies incorporated in June, 2018, by their respective counterparts (Bradesco Seguros S.A., Bradesco Capitalização S.A. and Bradesco Vida e Previdência S.A.);

(10) The financial information portrayed is from the previous month;

(11) Company incorporated in October 2018, by the company Nova Paiol Participações Ltda.;

(12) Company incorporated in November 2018, by the company Nova Paiol Participações Ltda.; and

(13) The investment funds in which Bradesco assumes or substantially retains the risks and benefits were consolidated.

### **3) SIGNIFICANT ACCOUNTING PRACTICES**

#### **a) Functional and presentation currencies**

Consolidated financial statements are presented in Brazilian reais, which is also Bradesco's functional currency. Foreign branches and subsidiaries are mainly a continuation of activities in Brazil, and, therefore, assets, liabilities and profit or loss are translated into Brazilian reais using the appropriate currency exchange rate, to comply with accounting practices adopted in Brazil. Foreign currency translation gains and losses arising are recognized in the period's statement of income in the lines "Derivative Financial Instruments" and "Borrowing and On-lending".

#### **b) Income and expense recognition**

Income and expenses are recognized on an accrual basis in order to determine the net income for the period to which they relate, regardless of when the funds are received or paid.

Fixed rate contracts are recognized at their redemption value with the income or expense relating to future periods being recognized as a deduction from the corresponding asset or liability. Finance income and costs are recognized daily on a pro-rata basis and calculated using the compounding method, except when they relate to discounted notes or to foreign transactions, which are calculated using the straight-line method.

Floating rate and foreign-currency-indexed contracts are adjusted for interest and foreign exchange rates applicable at the reporting date.

Insurance and coinsurance premiums, net of premiums paid for coinsurance and related commissions, are recognized upon the issue of the related policies/certificates/endorsements and invoices, or upon the beginning of the exposure to risk in cases in which the risk begins before the policy issuance, and is

recognized on a straight-line basis over the policies' effective period through the upfront recognition and subsequent reversal through the statement of income of the unearned premium reserve and the deferred acquisition costs. Revenues from premiums and the corresponding deferred acquisition costs, relating to existing risk for which no policy has been issued,

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

***Notes to the Consolidated Financial Statements***

are recognized in the statement of income at the beginning of the risk exposure, based on estimated figures.

The health insurance premiums are recognized in the premiums (results) account or provision for unearned premiums/considerations (PPCNG), according to the period of coverage of contracts in force on the reporting date.

Income and expenses arising from Mandatory Insurance For Personal Injury Caused by Motor Vehicles (DPVAT) insurance operations are recognized based on information provided by Seguradora Líder dos Consórcios do Seguro DPVAT S.A.

Accepted coinsurance and retrocession operations are recognized based on the information received from other insurers and IRB - Brasil Resseguros S.A. (IRB), respectively.

Reinsurance operations are recognized based on the premium and claims information provided, which is subject to the analysis of the re-insurers. The deductions of reinsurance premiums granted are consistent with the recognition of the corresponding insurance premium and/or terms of the reinsurance contract.

The acquisition costs related to the insurance commission are deferred and appropriated to the income in proportion to the recognition of the premium earned.

Contributions and agency fees are deferred and recognized in the statement of income on a straight-line basis over a period of 24 months for health insurance operations, and 12 months for other operations.

Pension plan contributions and life insurance premiums with survival coverage are recognized in the statement of income as they are received.

The management fee income is appropriated to the income on an accrual basis, according to contractually established rates.

Revenue from capitalization bonds is recognized in the month in which they are issued, according to the types of collection, which may be in monthly payments or in a single payment. Each security has a nominal value, which is indexed to the Reference Rate (TR) and interest rates defined in the plan. Technical provisions are recognized when the respective revenues are recognized.

The revenues arising from unclaimed and expired capitalization bonds (securities and non-redeemed draws) are recognized after the prescription period, that is, until November 2003, up to 20 years and five years after this date as established by law. The expenses related to commercialization of capitalization bonds are classified as "Acquisition Costs" and are recognized in the statement of income as incurred.

#### **c) Cash and cash equivalents**

Cash and cash equivalents include: funds available in currency, investments in gold, securities sold under agreements to repurchase and interest-earning deposits in other banks, maturing in 90 days or less, from the time of the acquisition, which are exposed to insignificant risk of change in fair value. These funds are used by Bradesco to manage its short-term commitments.

Cash and cash equivalents detailed balances are presented in Note 5.

#### **d) Interbank investments**

Securities purchased under agreements to resell are stated at their fair value. All other interbank investments are stated at cost, plus income earned up to the end of the reporting period, net of any devaluation allowance, if applicable.

The breakdown, terms and proceeds relating to interbank investments are presented in Note 6.

Bradesco

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

**e) Securities – Classification**

- Trading securities – securities acquired for the purpose of being actively and frequently traded. They are recognized at cost, plus income earned and adjusted to fair value with changes recognized in the Statement of Income for the period;
- Available-for-sale securities – securities that are not specifically intended for trading purposes or to be held to maturity. They are recognized at cost, plus income earned, which is recognized in profit or loss in the period and adjusted to fair value with changes recognized in shareholders' equity, net of tax, which will be transferred to the Statement of Income only when effectively realized; and
- Held-to-maturity securities – securities for which there is positive intent and financial capacity to hold to maturity. They are recognized at cost, plus income earned recognized in the Statement of Income for the period.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. If market prices are not available, fair values are based on traders' quotations, pricing models, discounted cash flows or similar techniques to determine the fair value and may require judgment or significant estimates by Management.

Classification, breakdown and segmentation of securities are presented in Note 7.

**f) Derivative financial instruments (assets and liabilities)**

Derivative financial instruments are designed to meet the Company's own needs to manage Bradesco's global exposure, as well to meet customer requests, in order to manage its positions.

The transactions are recorded at their fair value considering the mark-to-market methodologies adopted by Bradesco, and their adjustment can be recorded in the statement of income or equity, depending on the classification as accounting hedge (and the category of accounting hedge) or as an economic hedge.

Derivative financial instruments used to mitigate the risks of exposures in currencies, indexes, prices, rates or indexes are considered as hedge instruments, whose objectives are: (i) to ensure exposures remain with risk limits; (ii) change, modify or reverse positions due to market changes and operational strategies; and (iii) reduce or mitigate exposures of transactions in inactive markets, under stress or low liquidity conditions.

Instruments designated for hedge accounting purposes are classified according to their nature in:

- Market risk hedge: the gains and losses, realized or not, of the financial instruments classified in this category as well as the financial assets and liabilities, that are the object of the hedge, are recognized in the Statement of Income;
- Cash flow hedge: the effective portion of valuation or devaluation of the financial instruments classified in this category is recognized, net of taxes, in a specific account in shareholders' equity. The ineffective portion of the hedge is recognized directly in the Statement of Income; and
- Hedge of net investment in foreign operations - the financial instruments classified in this category are intended to hedge the exchange variation of investments abroad, whose functional currency is different from the national currency, and are accounted for in accordance with the accounting procedures applicable to the hedge category of cash flow, that is, with the effective portion recognized in shareholders' equity, net of tax effects, and the non-effective portion recognized in income for the period.

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

For derivatives classified in the hedge accounting category, there is a follow-up of: (i) strategy effectiveness, through prospective and retrospective effectiveness tests, and (ii) mark-to-market of hedge instruments.

A breakdown of amounts included as derivative financial instruments, in the statement of financial position and off-balance-sheet accounts, is disclosed in Note 7.

**g) Loans and leases, advances on foreign exchange contracts, other receivables with credit characteristics and allowance for loan losses**

Loans and leases, advances on foreign exchange contracts and other receivables with credit characteristics are classified by risk level, based on: (i) the parameters established by CMN Resolution No. 2,682/99, which requires risk ratings to have nine levels, from "AA" (minimum risk) to "H" (maximum risk) considering, among other things, the delay levels (as described in table below); and (ii) Management's assessment of the risk level. This assessment, which is carried out regularly, considers current economic conditions and past experience with loan losses, as well as specific and general risks relating to contract, debtors and guarantors.

<b>Past-due period (1)</b>	<b>Customer rating</b>
from 15 to 30 days	B
from 31 to 60 days	C
from 61 to 90 days	D
from 91 to 120 days	E
from 121 to 150 days	F
from 151 to 180 days	G
more than 180 days	H

(1) For transactions with terms of more than 36 months, past-due periods are doubled, as permitted by CMN Resolution No. 2,682/99.

Interest and inflation adjustments on past-due transactions are only recognized in the Statement of Income up to the 59th day that they are past due. As from the 60th day, they are recognized in off-balance sheet accounts and are only recognized in the Statement of Income when received.

H-rated past-due transactions remain at this level for six months, after which they are written-off against the existing allowance and controlled in off-balance-sheet accounts for at least five years.

Renegotiated loans are maintained at least at the same rating in which they were classified on the date of renegotiation.

Renegotiations of loans that had already been written-off against the allowance and that were recognized in off-balance-sheet accounts, are rated as level "H" and any possible gains derived from their renegotiation are recognized only when they are effectively received. When there is a significant repayment on the loan or when new material facts justify a change in the level of risk, the loan may be reclassified to a lower risk category.

The estimated allowance for loan losses is calculated to sufficiently cover probable losses, according to CMN and Bacen standards and instructions, together with Management's assessment of the credit risk.

The classification of the generally loans to the same economic client or group is defined as the one that presents the highest risk. In exceptional cases, different ratings for a particular loan are accepted according to the nature, value, purpose of the loan and characteristics of the guarantees.

Type, values, terms, levels of risk, concentration, economic sector of client's activity, renegotiation and income from loans, as well as the breakdown of expenses and statement of financial position accounts for the allowance for loan losses are presented in Note 9.

#### **h) Income tax and social contribution (assets and liabilities)**

Deferred tax assets, calculated on income tax losses, social contribution losses and temporary differences, are recognized in "Other Receivables - Sundry" and the deferred tax liabilities on tax differences in lease asset depreciation (applicable only for income tax), fair value adjustments on

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

securities, inflation adjustment of judicial deposits, among others, are recognized in "Other Liabilities - Tax and Social Security".

Deferred tax assets on temporary differences are realized when the difference between the accounting treatment and the income tax treatment reverses. Deferred tax assets on income tax and social contribution losses are realizable when taxable income is generated, up to the 30% limit of the taxable profit for the period. Deferred tax assets are recognized based on current expectations of realization considering technical studies and analyses carried out by Management.

The provision for income tax is calculated at 15% of taxable income plus a 10% surcharge. For financial companies, for companies considered as such and for the insurance industry, the social contribution on the profit was calculated until August 2015, considering the rate of 15%. For the period between September 2015 and December 2018, the rate was changed to 20%, according to Law No. 13,169/15 and the rate is 15% again as from January 2019. For the other companies, the social contribution is calculated considering the rate of 9%.

Provisions were recognized for other income tax and social contribution in accordance with specific applicable legislation.

The breakdown of income tax and social contribution, showing the calculations, the origin and expected use of deferred tax assets, as well as unrecognized deferred tax assets, is presented in Note 33.

**i) Prepaid expenses**

Prepaid expenses consist of funds already disbursed for future benefits or services, which are recognized in the profit or loss on an accrual basis.

Incurring costs relating to assets that will generate revenue in subsequent periods are recognized in the Statement of Income according to the terms and the amount of expected benefits and directly recognized in the Statement of Income when the corresponding assets or rights are no longer part of the institution's assets or when future benefits are no longer expected.

In the case of the remuneration paid for the origination of credit operations or leases to the banking correspondents related to credit operations originated during 2015 and 2016, Bradesco opted to recognize part of the total value of compensation, pursuant to the provisions of Bacen Circular Letter No. 3,738/14. As from 2017, the remuneration mentioned is fully recognized as an expense.

Prepaid expenses are shown in detail in Note 11b.

#### **j) Investments**

Investments in unconsolidated companies, where Bradesco has significant influence over the investee or holds at least 20% of the voting rights, and jointly controlled companies, are accounted for using the equity method.

Tax incentives and other investments are stated at acquisition cost, less impairment, when applicable.

The composition of unconsolidated and jointly controlled companies, as well as other investments, are disclosed in Note 12.

#### **k) Premises and equipment**

Relates to the tangible assets used by the Bank in its activities, including those resulting from transactions that transfer risks, benefits and control of the assets to the Bank.

Premises and equipment are stated at acquisition cost, net of accumulated depreciation, calculated by the straight-line method based on the assets' estimated economic useful life, using the following rates: real estate – 4% per annum; installations, furniture, equipment for use, security systems and communications – 10% per annum; transport systems – 10% to 20% per annum; and data processing systems – 20% to 40% per annum, and adjusted for impairment, when applicable.

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

The breakdown of asset costs and their corresponding depreciation, as well as the unrecognized surplus value for real estate and the fixed asset ratios, is disclosed in Note 13.

**l) Intangible assets**

Relates to the right over intangible assets used by the Bank in its activities.

Intangible assets comprise:

- Future profitability/acquired client portfolio and acquisition of right to provide banking services: they are recognized and amortized over the period in which the asset will directly and indirectly contribute to future cash flows and adjusted for impairment, where applicable; and
- Software: stated at cost less amortization calculated on a straight-line basis over the estimated useful life (20% p.a.), from the date it is available for use and adjusted for impairment, where applicable. Internal software development costs are recognized as an intangible asset when it is possible to show the intent and ability to complete and use the software, as well as to reliably measure costs directly attributable to the intangible asset. These costs are amortized during the software's estimated useful life, considering the expected future economic benefits.

Intangible assets and the movement in these balances by class are presented in Note 14.

**m) Impairment**

Financial and non-financial assets are tested for impairment.

Objective evidence of impairment may comprise the non-payment or payment delay by the debtor, possible bankruptcy process or the significant or extended decline in an asset value.

An impairment loss of a financial or non-financial asset is recognized in the profit or loss for the period if the carrying amount of an asset or cash-generating unit exceeds its recoverable value.

#### **n) Deposits and funds obtained in the open market**

These are recognized at the value of the liabilities and include, when applicable, related interest accrued at the end of the reporting period, calculated on a daily pro-rata basis.

The composition of the securities recorded in deposits and funds obtained in the open market, as well as their maturities and amounts recorded in equity and income accounts, are presented in Note 15.

#### **o) Technical provisions relating to insurance, pension plans and capitalization bonds**

- Damage, health and group insurance lines, except life insurance with survival coverage (VGBL):
  - The unearned premium reserve (PPNG) is calculated on a daily pro-rata basis, using premiums net of coinsurance, including amounts ceded through reinsurance, and is comprised of the portion corresponding to the remaining period of coverage less initial contracting costs (for contracts written prior to 2017), except for health and personal insurance. The portion of these reserves corresponding to the estimate for risks in effect but not yet contracted is designated 'PPNG-RVNE';
  - The unearned premium/payments reserve (PPCNG) is calculated on a daily pro-rata basis based on the portion of health insurance premiums corresponding to the remaining period of coverage, of the currently effective contracts;
  - The mathematical reserve for unvested benefits (PMBaC) whose calculation methodology considers, the difference between the current value of future benefits and the current value of future contributions, on obligations already assumed by Bradesco;

Bradesco

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

- For health insurance, the Mathematical Reserve for Benefits to be Granted (PMBaC) uses a discount rate of 4% per annum (4.5% in 2017). It considers the payment of premiums until the death of the insured and, from this moment, the costs related to the coverage of dependents who remain in the plan for five further years without payment of premiums;
  
- For health insurance, the mathematical reserve of benefits granted (PMBC) is constituted by the obligations arising from the contractual clauses of remittance of installments, regarding the coverage of health assistance and by the premiums paid by insured participating in the Bradesco Saúde Insurance Plan - "GBS Plan" considering a discount rate of 4% (4.5% in 2017) per annum;
  
- The reserve for events incurred but not reported (PEONA) is calculated from the final estimate of claims already incurred and still not reported, based on the run-off triangles, monthly that consider the historical development of claims advised in the last 12 months for health insurance and last 18 months for dental care to establish a future projection per period of occurrence;
  
- For Car insurance, the reserve for 'incurred but not reported' (IBNR) claims is calculated based on incurred but not paid' (IBNP) claims less the balance of the reserve for 'unsettled' claims (PSL) on the calculation date. For the other Damage insurance, the IBNR estimate is based on the run off triangles. A final estimate of IBNP is calculated using semi-annual run-off triangles. The run-off triangles consider the historical development of claims paid in the previous 10 semesters and in last 11 quarters to extended warranty segments to determine a future projection per occurrence period, and considers the estimated claims 'incurred but not sufficient' reported (IBNER), reflecting the changing expectation of the amount provisioned along the regulatory process;
  
- For life insurance, the provision of 'incurred but not reported claims (IBNR) is calculated based on semi-annual run-off triangles, which consider the historical development of claims paid and outstanding in the prior 10 semesters, to establish a future projection per period of occurrence; A residual cause study is performed to forecast the claims reported after 10 semesters that the event occurred;

- The reserve for unsettled claims (PSL), for health insurance, considers all claim notifications received up to the end of the reporting period, and includes all claims in litigation and related costs, updated monetarily;
  
- The provision for outstanding claims (PSL) for personal insurance considers the expected amounts to be settled from all claims notices received up to the reporting date. The provision covers administrative and judicial claims indexed to inflation and with interest in the event of judicial claims;
  
- For non-life insurance, the reserve for unsettled claims (PSL) is determined based on the indemnity payment estimates, considering all administrative and judicial claims existing at the reporting date, restated monetarily and with interest in case of judicial claims, net of the expected payments to be received;
  
- The technical surplus reserve (PET) corresponds to the difference between the expected value and the observed value for events occurred in the period for insurance of policyholders with a clause of participation in the technical surplus;
  
- The reserve for related expenses (PDR) for insurance of persons is recognized to cover expenses related to estimated claims and benefits for products structured in self-funding and partially regimes, the reserve covers claims incurred. For plans structured under a capitalization regime, the reserve is made to cover the expected expenses related to incurred claims and also claims expected to be incurred in the future;
  
- For damage insurance, the reserve for related expenses is (PDR) calculated on a monthly basis to cover the expenses related to indemnity payment, and it covers the expenses

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

allocated individually to each claim, as well as expenses related to claims that have not been itemized, that is, those at the level of the portfolio;

- The reserve for redemptions and other amounts to be settled (PVR) comprises figures related to redemptions to settle, premium refunds owed and portability (transfer-outs) requested but not yet transferred to the recipient insurer;
  
- The complementary reserve for coverage (PCC) for damage insurance shall be recorded when there is an insufficiency in the technical provisions, as calculated in the Liability Adequacy Test (TAP), pursuant to the determinations specified in the regulations in force. As of the base date, there is no need to record complementary reserve for coverage;
  
- The complementary reserve for coverage (PCC) for life insurance, refers to the amount necessary to complement technical provisions, as calculated in the liability adequacy test (TAP). The TAP, which is prepared using statistical and actuarial methods based on realistic assumptions, taking into account the biometric table BR-EMS of both genders, adjusted as per longevity development criteria in compliance with the last versions disclosed (improvement), claims, administrative and operating expenses and forward interest rate curves (ETTJ) free from risk as authorized by SUSEP. The improvement rate is calculated from automatic updates of the biometric table, considering the expected increase in future life expectancy. The Adequacy Test result was fully offset by the portion corresponding to the difference between the market value and the book value of the collateralized securities makes technical provisions classified as "held to maturity", as required by SUSEP Circular 543/16;
  
- The other technical provisions for damage insurance correspond to the provision for administrative expenses (PDA) arising from Personal Injury Caused by Motor Vehicles (DPVAT) insurance operations; and
  
- Other technical provisions are recognized for the individual health portfolio to address the differences between the expected present value of future premiums and the expected present value of indemnities and related expenses, using an annual discount rate of 4% (4.5% in 2017) per annum.

- Pension plans and life insurance with survival coverage (VGBL):
  - The unearned premium reserve (PPNG) is calculated on a daily prorated basis using net contributions, and is comprised of the portion corresponding to the remaining period of coverage. The portion of these reserves corresponding to the estimate for risks covered but not yet issued (is designated PPNG-RVNE);
  - The mathematical reserve for unvested benefits (PMBaC) is recognized for participants who have not yet received any benefit. In defined benefit pension plans, the reserve represents the difference between the present value of future benefits and the present value of future contributions, corresponding to obligations in the form of retirement, disability, pension and annuity plans. The reserve is calculated using methodologies and assumptions set forth in the actuarial technical notes;
  - The mathematical reserve for unvested benefits (PMBaC) related to pension plans and life insurance with survival coverage, as well as the defined contribution plans, shows the value of participant contributions, net of costs and other contractual charges, plus income from investment in specially constituted investment funds (FIEs);
  - The reserve for redemptions and other amounts to be settled (PVR) comprises figures related to redemptions to settle, premium refunds owed and portability (transfer-outs) requested but not yet transferred to the recipient insurer;
  - The mathematical reserve for vested benefits (PMBC), calculated using actuarial estimates based on the relevant data of the plan participants, is recognized for participants already receiving benefits and corresponds to the present value of future obligations related to the payment of those on-going benefits;

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

- The complementary reserve for coverage (PCC) refers to the amount necessary to complement technical provisions, as calculated in the liability adequacy test (TAP). The TAP, which is prepared semi-annually using statistical and actuarial methods based on realistic assumptions, taking into account the biometric table BR-EMS of both genders, adjusted as per longevity development criteria in compliance with the last versions disclosed (improvement), claims, administrative and operating expenses and forward interest rate curves (ETTJ) free from risk as authorized by SUSEP. The improvement rate is calculated from automatic updates of the biometric table, considering the expected increase in future life expectancy. The adequacy test result was fully offset by the portion corresponding to the difference between the market value and the book value of the linked securities as collateral for technical provisions classified as "held to maturity", as required by SUSEP Circular 543/16;
  
- The reserve for related expenses (PDR) is recognized to cover expenses related to estimated claims and benefits, for products structured in self-funding and partially regimes. For plans structured under a capitalization regime, the reserve is made to cover the expected expenses related to incurred claims and also claims expected to be incurred in the future. The projections are performed through the liability adequacy test (TAP);
  
- The reserve for financial surplus (PEF) corresponds to the financial income exceeding the minimum assured profitability, transferred to contracts with a financial surplus participation clause;
  
- The provision for claims incurred but not reported (IBNR) is calculated based on semi-annual run-off triangles, which consider the historical development of claims paid and outstanding in the last 16 semesters for the creation of a new future projection by period of occurrence.
  
- The reserve for unsettled claims (PSL) considers the expected values to be settled from all loss notices received up to the end of the reporting period. The provision covers administrative and judicial claims and is adjusted for inflation and with interest in the case of judicial claims; and
  
- The financial charges credited to technical provisions, and the recording and/or reversal of the financial surplus, are classified as financial expenses, and are presented under "Financial income from insurance,

pension plans and capitalization bonds”.

- Capitalization bonds:

- The mathematical reserve for capitalization bond (PMC) is recognized for each active or suspended capitalization bond over the term set forth in the general conditions of the plan, and is calculated using the capitalization percentage, applicable to each of the payments made, plus the monthly accrual calculated using the inflation index and the interest rate established in the plan until the bond is redeemed or canceled;

- The reserve for redemption (PR) comprises the values of matured and early-terminated capitalization bonds and is calculated by updating the balance of bonds whose terms have expired or canceled using the inflation index until the holder receives the redemption payment;

- The reserve for draws to be made (PSR) is constituted to cover the prizes to be paid in future sweepstakes. The calculation methodology consists of the projection of the expected present value of the expenses of future draws and compared to the projection of the expected present value of the installments referring to the future receipts from the capitalization bonds;

- The reserve for draws payable (PSP) consists of the value of unpaid prize draw amounts, adjusted for inflation for the period between the date of the drawing and its effective settlement; and

- The reserve for administrative expense (PDA) is recognized to cover the cost for maintaining capitalization bonds. For the calculation, the present value of the expected future administrative expenses is projected and compared to present value of the projected loading fees on future installments of the bonds.

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

Technical provisions shown by account, product and segment, as well as amounts and details of plan assets covering these technical provisions, are shown in Note 20.

**p) Provisions, contingent assets and liabilities and legal obligations – tax and social security**

Provisions, contingent assets and liabilities, and legal obligations, as defined below, are recognized, measured and disclosed in accordance with the criteria set out in CPC 25, approved by CMN Resolution No. 3,823/09 and CVM Resolution No. 594/09 and according to Circular Letter No. 3,429/10, which are:

- **Contingent Assets:** these are not recognized in the financial statements, except to the extent that there are real guarantees or favorable judicial decisions, to which no further appeals are applicable, and it is considered virtually certain that cash inflows will flow to Bradesco. Contingent assets with a chance of probable success are disclosed in the notes to the financial statements;
- **Provisions:** these are recognized taking into consideration the opinion of legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts, whenever the Organization has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources will be required to settle the obligation and when the amount can be reliably measured;
- **Contingent Liabilities:** according to CPC 25, the term “contingent” is used for liabilities that are not recognized because their existence will only be confirmed by the occurrence of one or more uncertain future events beyond Management’s control. Contingent liabilities do not meet the criteria for recognition because they are considered as possible losses should only be disclosed in the notes when relevant. Obligations deemed remote are not recognized as a provision nor disclosed; and
- **Legal Obligations: Provision for Tax Risks:** results from judicial proceedings in which Bradesco is contesting the applicability of tax laws on the grounds of legality or constitutionality, which, regardless of the

assessment of the probability of success, are fully provided for in the financial statements.

Details on lawsuits, as well as segregation and changes in amounts recognized, by type, are presented in Note 17.

**q) Funding expenses**

Expenses related to funding transactions involving the issuance of securities reduce the corresponding liability and are recognized in the profit or loss over the term of the transaction, according to Notes 15c and 18.

**r) Post-employment benefits**

**Defined Contribution Plans**

Bradesco and its subsidiaries sponsor complementary pension plans for their employees and Management. Contributions obligations for pension plans of defined contribution are recognized as expenses in the Statement of Income when they are incurred. Once the contributions are paid, the Organization, in the capacity of employer, has no obligation to make any additional payment.

**Defined benefit plans**

The Organization's net obligation, in relation to the defined benefit plans, arises exclusively from institutions acquired and the plans are calculated separately for each plan, estimating the defined future benefit that the employees they will be entitled to post-employment leave when they leave the Organization or when they retire.

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

Bradesco's net obligation for defined benefit plans is calculated on the basis of an estimate of the value of future benefits that employees receive in return for services rendered in the current and prior periods. This value is discounted to its present value and is presented net of the fair value of any assets of the plan.

The calculation of the obligation of the defined benefit plan is performed annually by a qualified actuary using the projected unit credit method as required by the standard accounting.

The recalculations of the net obligation, which include the actuarial gains and losses, the return of the assets of the plan different from expectation (excluding interest) and the effect of the cap of the asset (if any, excluding interest), are recognized immediately in other comprehensive results.

The net interest and other costs related to the defined benefit plans are recognized in the result.

**s) Other assets and liabilities**

Assets are stated at their realizable amounts, including, when applicable, related income and inflation and exchange variations (on a daily prorated basis), less provision for losses, when deemed appropriate. Liabilities are stated at known or measurable amounts, including related charges and inflation and exchange variations (on a daily prorated basis).

**t) Subsequent events**

These refer to events occurring between the reporting date and the date the financial statements are authorized to be issued.

They comprise the following:

- Events resulting in adjustments: events relating to conditions already existing at the end of the reporting period; and
- Events not resulting in adjustments: events relating to conditions not existing at the end of the reporting period.

Subsequent events, if any, are described in Note 34.

(1) Consistent with the criteria in Bacen Circular Letter No. 3,068/01 and due to the characteristics of the instruments, we are classifying the derivative financial instruments, in the "Securities for Trading" category. For derivative financial instruments considered as accounting hedge, the category used is "Available-for-Sale Securities;

(2) In compliance with Article 8 of Bacen Circular Letter No. 3,068/01, Bradesco declares that it has the financial capacity and intention to maintain held-to-maturity securities until their maturity dates. At the time of preparation of the consolidated financial statements as from June 30, 2018, Management decided to reclassify Securities available for Sale to Held to Maturity, in the amount of R\$ 17,022,922 thousand, without any result, as the result (loss) in the gross amount of R\$ (297,343) thousand, was retained in shareholders' equity and will be recognized in income over the remaining period of the securities, according to article 5 of said Circular. This reclassification was based on the alignment of the risk management strategy. In the second semester of 2018 and in 2017, there were no sales or reclassifications of securities classified in this category;

(3) The number of days to maturity was based on the contractual maturity of the instruments, regardless of their accounting classification;

(4) The fair value of securities is determined based on the market price available at the end of the reporting period. If no market price quotation is available at the end of the reporting period, amounts are estimated based on the prices quoted by dealers, pricing models, quotation models or price quotations for instruments with similar characteristics. For investment funds, the original amortized cost reflects the fair value of the respective quotas;

(5) Includes hedge for protection of assets and liabilities, denominated in or indexed to foreign currency, primarily, arising from foreign investments, eliminating the effects of exchange variation of these assets and liabilities. For a better analysis of these items, consider the net exposure (Note 7d II); and

(6) In the year ended on December 31, 2018, there were impairment losses on financial assets (mostly debentures), net of reversals, related to securities classified as "Available-for-Sale" and "Held-to-Maturity" in

the amount of R\$ 981,233 thousand (R\$ 2,517,178 thousand in 2017).

Bradesco

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

***Notes to the Consolidated Financial Statements***

**d) Derivative financial instruments**

Bradesco carries out transactions involving derivative financial instruments, which are recognized in the statement of financial position or in off-balance-sheet accounts, to meet its own needs in managing its global exposure, as well as to meet its customer's requests, in order to manage their exposure. These operations involve a range of derivatives, including interest rate swaps, currency swaps, futures and options. Bradesco's risk management policy is based on the utilization of derivative financial instruments mainly to mitigate the risks from operations carried out by the Bank and its subsidiaries.

Securities classified as trading and available-for-sale, as well as derivative financial instruments, are recognized in the consolidated statement of financial position at their fair value. Fair value is generally based on quoted market prices or quotations for assets or liabilities with similar characteristics. Should market prices not be available, fair values are based on dealer quotations, pricing models, discounted cash flows or similar techniques for which the determination of fair value may require judgment or significant estimates by Management.

Quoted market prices are used to determine the fair value of derivative financial instruments. The fair value of swaps is determined by using discounted cash flow modeling techniques that use yield curves, reflecting adequate risk factors. The information to build yield curves is mainly obtained from Securities, Commodities and Futures Exchange (B3), and the domestic and international secondary market. These yield curves are used to determine the fair value of currency swaps, interest rate and other risk factor swaps. The fair value of forward and futures contracts is also determined based on market price quotations for derivatives traded on an exchange or using methodologies similar to those outlined for swaps. The fair values of credit derivative instruments are determined based on market price quotation or prices received from specialized entities. The fair value of options is determined based on mathematical models, such as Black & Scholes, using yield curves, implied volatilities and the fair value of corresponding assets. Current market prices are used to calculate volatility. To estimate the fair value of the over-the-counter (OTC) financial derivative instruments, the credit quality of each counterparty is also taken into account, relating an expected loss for each derivative portfolio (Credit valuation adjustment).

Derivative financial instruments in Brazil primarily consist of swaps and futures and are registered at B3.

Operations involving forward contracts of interest rates, indexes and currencies are contracted by Management to hedge Bradesco's overall exposures and to meet customer needs.

Foreign derivative financial instruments refer to swap, forward, options, credit and futures operations and primarily out at the stock exchanges in Chicago and New York, as well as the over-the-counter (OTC) markets.

Macro-strategies are defined for the Trading (proprietary) and Banking portfolios. Trading Portfolio transactions, including derivatives, look for gains from directional movements in prices and/or rates, arbitrage, hedge and market-maker strategies that may be fully or partly settled before the originally stipulated maturity date. The Banking Portfolio focuses on commercial transactions and their hedges.

Portfolio risk is controlled using information consolidated by risk factor; effective portfolio risk management requires joint use of derivatives with other instruments, including stocks and bonds.

The Financial Statements include a Risk Management and Capital Note on the main risk-control metrics and the risk management structure's key aspects. This Note complements the Securities and Derivatives Note and shows these instruments' exposures under various views, as well as derivatives' revenues and expenses.

#### e) Credit Default Swaps (CDS)

In general, these represent bilateral agreements in which one of the parties purchases protection against the credit risk of a certain financial instrument (the risk is transferred). The selling counterparty receives remuneration that is usually paid linearly over the term of the agreement.

In the case of a default, the purchasing counterparty will receive a payment to offset the loss incurred on the financial instrument. In this case, the selling counterparty usually receives the underlying asset of the agreement in exchange for the payment.

Economic and Financial Analysis Report – December 2018

## Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

The contracts related to credit derivatives transactions described above are due in 2025. There were no credit events, as defined in the agreements, during the period.

**f) Hedge Accounting**

On December 31, 2018, Bradesco maintained hedge, in accordance with Bacen's Circular No. 3,082/02, composed by:

**I) Cash Flow Hedge** - the financial instruments classified in this category, aims to reduce exposure to future changes in interest rates, which impact the outcome of the organization. The effective portion of the valuations or devaluations of these instruments is recognized in a separate account of shareholders' equity, net of tax effects and is only transferred to income in two situations: (i) in case of ineffectiveness of the hedge; or (ii) the realization of the hedge object. The ineffective portion of the respective hedge is recognized directly in the income statement.

Strategy	Hedge instrument nominal value	Hedge object accounting value	On December 31 - R\$ thousand	
			Fair Value Accumulated Adjustments in shareholders' equity (gross of tax effects)	Fair Value Accumulated Adjustments in shareholders' equity (net of tax effects)
<i>Hedge of interest receipts from investments in securities (1)</i>	9,784,183	8,048,943	-	-
<i>Hedge of interest payments on funding (2)</i>	8,285,152	8,054,345	(140,745)	(84,447)
<b>Total in 2018</b>	<b>18,069,335</b>	<b>16,103,288</b>	<b>(140,745)</b>	<b>(84,447)</b>
*				
<i>Hedge of interest receipts from investments in securities (1)</i>	16,030,487	14,708,544	40,060	24,036
<i>Hedge of interest payments on funding (2)</i>	6,769,979	6,671,048	(84,044)	(50,426)
<b>Total in 2017</b>	<b>22,800,466</b>	<b>21,379,592</b>	<b>(43,984)</b>	<b>(26,390)</b>

- (1) Referring to the DI interest rate risk, using DI Futures contracts in B3, with the maturity in 2019, making the cash flow prefixed; and
- (2) Referring to the DI interest rate risk, using DI Futures contracts in B3, with maturity dates in 2020, making the cash flow prefixed.

The effectiveness of the hedge portfolio is in accordance with Bacen's Circular No. 3,082/02.

For the next 12 months, the gains related to the cash flow hedge, which we expect to recognize in the income statement, amount to R\$ (33,690) thousand.

The gains/(losses) related to the cash flow hedge recorded in the income statements in the year ended on December 31, 2018 were R\$ 22,970 thousand (2017 – R\$ 13,944 thousand).

**II) Hedge of investments abroad** - the financial instruments classified in this category, have the objective of reducing the exposure to foreign exchange variation of investments abroad, whose functional currency is different from the national currency, which impacts the result of the organization. The effective portion of the valuations or devaluations of these instruments is recognized in a separate account of shareholders' equity, net of tax effects and is only transferred to income in two situations: (i) hedge ineffectiveness; or (ii) in the disposal or partial sale of the foreign operation. The ineffective portion of the respective hedge is recognized directly in the income statement.

Strategy	Hedge instrument nominal value	Hedge object accounting value	On December 31 - R\$ thousand	
			Fair Value Accumulated Adjustments in shareholders' equity (gross of tax effects)	Fair Value Accumulated Adjustments in shareholders' equity (net of tax effects)
<i>Hedge of exchange variation on future cash flows (1)</i>	1,375,232	755,611	(269,039)	(161,423)
<b>Total in 2018</b>	<b>1,375,232</b>	<b>755,611</b>	<b>(269,039)</b>	<b>(161,423)</b>
<i>Hedge of exchange variation on future cash flows (1)</i>	1,110,888	582,567	(59,739)	(35,843)
<b>Total in 2017</b>	<b>1,110,888</b>	<b>582,567</b>	<b>(59,739)</b>	<b>(35,843)</b>

(1) Whose functional currency is different from the real, using Forward contracts, with the object of hedging the foreign investment referenced to MXN (Mexican Peso).

The effectiveness of the hedge portfolio is in accordance with Bacen's Circular No. 3,082/02.

Bradesco

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and  
Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

**g) Changes in allowance for loan losses**

	Years ended December 31 - R\$ thousand	
	<b>2018</b>	<b>2017</b>
- <b>Specific provision (1)</b>	<b>16,828,454</b>	<b>22,386,423</b>
- <b>Generic provision (2)</b>	<b>12,699,936</b>	<b>10,737,580</b>
- <b>Excess provision (3) (4)</b>	<b>6,895,477</b>	<b>7,490,351</b>
- Loans	6,895,477	4,429,361
- Guarantees provided (4)	-	3,060,990
<b>Opening balance on December 31</b>	<b>36,423,867</b>	<b>40,614,354</b>
Accounting for allowance for loan losses (Note 9h-1) (5)	18,225,479	25,084,259
Accounting for/reversal of provisions for guarantees provided (4)	-	(3,060,990)
Write-offs	(19,916,376)	(26,248,164)
Exchange variation	249,879	34,408
<b>Closing balance on December 31</b>	<b>34,982,849</b>	<b>36,423,867</b>
- <b>Specific provision (1)</b>	<b>14,039,739</b>	<b>16,828,454</b>
- <b>Generic provision (2)</b>	<b>14,061,801</b>	<b>12,699,936</b>
- <b>Excess provision (3)</b>	<b>6,881,309</b>	<b>6,895,477</b>

(1) For contracts with installments past-due for more than 14 days;

(2) Recognized based on the customer/transaction classification and therefore not included in the preceding item;

(3) The excess provision is recognized based on Management's experience and the expectation in relation to the loan portfolio, to determine the total provision deemed sufficient to cover specific and general credit risk, when considered together with the provision calculated based on levels of risk and the corresponding minimum percentage in the provision established by Resolution No. 2,682/99. The excess provision per customer was classified according to the level of risk (Note 9f);

(4) Up to December 31, 2016, included the constitution of provision for guarantees provided, encompassing sureties, guarantees, credit letters, and standby letter of credit, which comprises the concept of "excess" provision that totaled R\$ 3,060,990 thousand. In accordance with Resolution No. 4,512/16, in January 2017, part of this balance (R\$ 604,623 thousand) was allocated to a specific account under "Other Liabilities - Sundry" (Note 19b), and the remaining balance (R\$ 2,456,367 thousand) was allocated to "Excess Provision - Loans"; and

(5) Includes, in the year ended on December 31, 2017, the formation of allowance for loan losses, in the amount of R\$ 2,456,367 thousand, as a result of the adequacy of the provision for guarantees provided, already mentioned in the previous item.

**h) Allowance for Loan Losses expense net of amounts recovered**

Expenses with the allowance for loan losses, net of credit write-offs recovered, are as follows.

	Years ended December 31 - R\$ thousand	
	<b>2018</b>	<b>2017</b>
Amount recognized (1)	18,225,479	22,627,892
Amount recovered (2) (3)	(7,147,095)	(7,034,857)
<b>Allowance for Loan Losses expense net of amounts recovered</b>	<b>11,078,384</b>	<b>15,593,035</b>

(1) In the year ended on December 31, 2017, it refers to the formation of allowance for loan losses, in the amount of R\$ 25,084,259 thousand, excluding the portion related to the adequacy of the provision for guarantees provided, in the amount of R\$ 2,456,367 thousand (Note 9g);

(2) Classified in income from loans (Note 9j); and

(3) In the year ended on December 31, 2018, credit was granted for operations already written-off for losses, without the retention of risks and benefits, in the amount of R\$ 13,810,254 thousand (R\$ 7,866,440 thousand in 2017), whose sale value was R\$ 204,472 thousand (R\$ 88,226 thousand in 2017).

(4) It includes, primarily: (i) anticipation of commissions concerning the operational agreement to offer credit cards and other products; and (ii) card issue costs.

**12) INVESTMENTS****a) Composition of investments in the consolidated financial statements**

	On December 31 - R\$	
	2018	2017
<b>Associates and Jointly Controlled Companies</b>		thousand
- Cielo S.A.	4,124,373	4,364,415
- Elo Participações S.A.	1,260,912	1,048,664
- Fleury S.A.	699,927	692,380
- IRB-Brasil Resseguros S.A.	606,161	543,025
- Swiss Re Corporate Solutions Brasil (1)	345,036	463,400
- Aquarius Participações S.A. (2)	43,030	263,630
- Haitong Banco de Investimento do Brasil S.A.	100,597	105,649
- Others (1)	476,532	393,253
<b>Total investment in Associates and Jointly Controlled Companies – in Brazil and Overseas</b>	<b>7,656,568</b>	<b>7,874,416</b>
- Tax incentives	95,585	234,717
- Other investments	142,901	168,189
Provision for:		
- Tax incentives	(51,486)	(207,933)
- Other investments	(32,379)	(46,802)
<b>Total investments</b>	<b>7,811,189</b>	<b>8,022,587</b>

(1) In the year ended in 2018, impairment losses were recorded in the line “unconsolidated and jointly controlled companies” in the amount of R\$ 107,000 thousand (R\$ 31,868 thousand in 2017); and

(2) In December 2018, the partial spin-off of Fidelity Processadora S.A. occurred, a company controlled by Aquarius Participações S.A.

Bradesco

## Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

**Notes to the Consolidated Financial Statements**

b) The income/expense from the equity method accounting of investments was recognized in the statement of income, under "Share of profit (loss) of unconsolidated and jointly controlled companies", and are demonstrated below:

Companies	Years ended December 31 - R\$ thousand							Equity accounting adjustments (1)	
	Capital	Shareholders' equity adjusted	Number of shares/quotas held (in thousands)		Equity interest consolidated on capital stock	Adjusted income	2018	2017	
			Ordinary (ON)	Preferential (PN)					
- Elo Participações S.A. (2)	1,052,000	2,521,320	372	-	50.01%	575,967	288,041	161,170	
- Aquarius Participações S.A. (3)	63,600	87,816	30,541	623	49.00%	266,876	130,769	116,070	
- Haitong Banco de Investimento do Brasil S.A.	420,000	502,985	12,734	12,734	20.00%	3,010	602	(22,637)	
- Others (4)							1,199,405	1,250,667	
<b>Share of profit (loss) of unconsolidated and jointly controlled companies</b>							<b>1,618,817</b>	<b>1,505,270</b>	

(1) The adjustment considers income calculated periodically by the companies and includes equity variations recognized by the investees not recognized in profit or loss, as well as alignment of accounting practice adjustments, where applicable;

(2) Investment in jointly controlled companies;

(3) In December 2018, the partial spin-off of Fidelity Processadora S.A. occurred, a company controlled by Aquarius Participações S.A.; and

(4) Includes, primarily, the adjustments resulting from the assessment by the equity method in public companies (Cielo S.A., Fleury S.A. and IRB-Brasil Resseguros S.A.).

<b>Total in 2017</b>		<b>15,853,256</b>	<b>(8,108,607)</b>		<b>7,744,649</b>

(1) In the year ended in 2018, Impairment losses were recognized in the lines "Other Operating Expenses" in the amount of R\$ 31,323 thousand (R\$ 52,450 thousand in 2017).

The fixed assets to shareholders' equity ratio is 36.3% when considering only the companies and payment institutions within the economic group (the "Prudential Conglomerate"), where the maximum limit is 50.0% as required by Resolution No 2,669/99.

**14) INTANGIBLE ASSETS****a) Goodwill**

The goodwill recognized from investment acquisitions totaled R\$ 7,556,536 thousand, net of accumulated amortization, as applicable, of which: (i) R\$ 1,719,668 thousand recognized in 'Permanent Assets –

Investments' arose from the acquisition of shares of associates and jointly controlled companies (Cielo/Fleury/Swiss Re); and (ii) R\$ 5,836,868 thousand arose from the acquisition of shares of subsidiaries, relating to the future profitability/client portfolio/fair value, which is amortized in up to twenty years, net of accrued amortizations, if applicable, recognized in Fixed Assets – Intangible Assets.

In the year ended on December 31, 2018, goodwill was amortized totaling R\$ 2,115,506 thousand (R\$ 2,460,210 thousand in 2017) (Note 28).

## b) Intangible assets

Acquired intangible assets consist of:

	Rate of Amortization (1)	Cost	On December 31 - R\$ thousand Cost net of amortization		
			Amortization	2018	2017
Acquisition of financial services rights	Contract	7,176,668	(2,381,532)	4,795,136	4,051,898
Software (2)	20%	11,574,895	(8,333,615)	3,241,280	3,790,418
Goodwill (3)	Up to 20%	11,947,732	(6,110,864)	5,836,868	7,358,541
Other	Contract	49,984	(27,917)	22,067	32,993
<b>Total in 2018</b>		<b>30,749,279</b>	<b>(16,853,928)</b>	<b>13,895,351</b>	
<b>Total in 2017</b>		<b>29,709,180</b>	<b>(14,475,330)</b>		<b>15,233,850</b>

(1) Intangible assets are amortized over an estimated period of economic benefit, composed of: (i) Software and Other recorded under "Other Administrative Expenses"; and (ii) Acquisition of Payroll and Goodwill in "Other Operating Expenses";

(2) Software acquired and/or developed by specialized companies; and

(3) On December 31, 2018, primarily composed of goodwill on the acquisition of equity interest in Bradescard - R\$ 549,406 thousand, Odontoprev - R\$ 42,862 thousand, Odonto System – R\$ 198,416 thousand, Bradescard Mexico - R\$ 15,490 thousand, Europ Assistance - R\$ 265 thousand, Bradesco BBI S.A. - R\$ 100,638 thousand, Kirton Bank - R\$ 4,490,388 thousand, Fidelity Processadora - R\$ 211,301 thousand and RCB Investimentos - R\$ 221,037 thousand, value subject to change due to price adjustment.

<b>Total</b>	<b>7,945,083</b>	<b>4,351,078</b>

**17) PROVISIONS, CONTINGENT ASSETS AND LIABILITIES AND LEGAL OBLIGATIONS – TAX AND SOCIAL SECURITY****a) Contingent assets**

Contingent assets are not recognized in the financial statements. However, there are ongoing proceedings where the chance of success is considered probable, such as: a) Social Integration Program (PIS), Bradesco has made a claim to offset PIS against Gross Operating Income, paid under Decree-Laws No. 2,445/88 and No. 2,449/88, regarding the payment that exceeded the amount due under Supplementary Law No. 07/70 (PIS Repique); and b) other taxes, the legality and/or constitutionality of which is being challenged, where the decision may lead to reimbursement of amounts paid.

**b) Provisions classified as probable losses and legal obligations – tax and social security**

The Organization is a party to a number of labor, civil and tax lawsuits, arising from the normal course of business.

Management recognized provisions where, based on their opinion and that of their legal counsel, the nature of the lawsuit, similarity to previous lawsuits, complexity and the courts standing, the loss is deemed probable.

Management considers that the provision is sufficient to cover the future losses generated by the respective lawsuits.

Provisions related to legal obligations are maintained until the conclusion of the lawsuit, represented by judicial decisions with no further appeals or due to the statute of limitation.

**I - Labor claims**

These are claims brought by former employees and outsourced employees seeking indemnifications, most significantly for unpaid “overtime”, pursuant to Article 224 of the Consolidation of Labor Laws (CLT). In proceedings in which a judicial deposit is used to guarantee the execution of the judgment, the labor provision is made considering the estimated loss of these deposits. For proceedings with similar characteristics and for which there has been no official court decision, the provision is recognized based on the average calculated value of payments made for labor complaints settled in the past 12 months; and for proceedings originating from acquired banks, with unique characteristics, the calculation and assessment of the required balance is conducted periodically, based on the updated recent loss history.

Economic and Financial Analysis Report – December 2018

---

Consolidated Financial Statements, Independent Auditors' Report, Audit Committee Report Summary and Fiscal Council's Report

***Notes to the Consolidated Financial Statements***

Overtime is monitored by using electronic time cards and paid regularly during the employment contract and, accordingly, the claims filed by former employees do not represent significant amounts.

**II - Civil claims**

These are claims for pain and suffering and property damages, mainly relating to protests, returned checks, the inclusion of information about debtors in the credit restriction registry and the replacement of inflation adjustments excluded as a result of government economic plans. These lawsuits are individually controlled using a computer-based system and provisioned whenever the loss is deemed as probable, considering the opinion of Management and their legal counsel, the nature of the lawsuits, similarity with previous lawsuits, complexity and positioning of the courts.

Most of these lawsuits are brought to the Special Civil Court (JEC), in which the claims are limited to 40 times the minimum wage and do not have a significant impact on the Organization's financial position.

In relation to the legal claims that are pleading alleged differences in the adjustment of inflation on savings account balances and due to the implementation of economic plans that were part of the federal government's economic policy to reduce inflation in the 80s and 90s, Bradesco, despite complying with the law
