Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.

On February 12, 2008, the United States District Court, Northern District of Texas, Dallas Division, granted Affiliated Computer Services, Inc.'s (the "Company") Motion for Summary Judgment in the declaratory relief action and entered a judgment that no default has occurred under Section 4.03(a) of the Indenture (as defined below).

The Company had filed this lawsuit because certain holders of our 4.70% Senior Notes due June 1, 2010 and our 5.20% Senior Notes due June 1, 2015 (collectively, the "Senior Notes") sent various notices alleging that the Company was in default of its covenants under the related Indenture dated June 6, 2005 (which, along with any Supplemental Indentures entered into subsequent thereto and in connection therewith, is referred to as the "Indenture") as the result of the Company's failure to timely file its Annual Report on Form 10-K for the period ending June 30, 2006 by September 13, 2006. Subsequently, those certain holders declared an acceleration of the Senior Notes, as a result of our failure to remedy the purported default set forth in their earlier notices and demanded payment of all amounts owed in respect of the Senior Notes.
