Item 1.02 Termination of a Material Definitive Agreement.

On October 24, 2013, StemCells, Inc. (the "Company") entered into an agreement to acquire from NeuroSpheres Holdings Ltd. and NeuroSpheres Ltd. (jointly, "NeuroSpheres") a patent portfolio claiming the manufacture and proliferation of purified populations of human neural stem cells and their use (collectively, the "Weiss and Reynolds patents"). These patents include U.S. Patent Nos. 5,851,832, 6,497,872, 6,294,346, 7,101,709, 7,361,505, and 7,115,418, the six patents asserted by the Company in its patent infringement suit against Neuralstem, Inc. As consideration for the Weiss and Reynolds patents, the Company will issue 139,548 shares of unregistered common stock to NeuroSpheres Holdings Ltd. Previously, the Company and its wholly-owned subsidiary had licensed the Weiss and Reynolds patents from NeuroSpheres on an exclusive worldwide basis. In connection with the patent acquisition, the Company and NeuroSpheres voluntarily terminated, effective October 24, 2013, all preexisting agreements between them concerning the Weiss and Reynolds patents, including the parties' license agreements dated April 1, 1997 and October 30, 2000. The acquisition relieves the Company from further milestone and royalty payments owed to NeuroSpheres.

On October 29, 2013, the Company issued a press release announcing the acquisition of the Weiss and Reynolds patents. A copy of this press release is attached hereto as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

Exhibit 99.1 Press Release, dated October 29, 2013, announcing the Company's acquisition of the Weiss and Reynolds patents from NeuroSpheres.
