EARNINGS RELEASE

**TEEKAY LNG REPORTS THIRD QUARTER RESULTS
AND DECLARES QUARTERLY CASH DISTRIBUTION**

Highlights

- § Declared a cash distribution of \$16.5 million, or \$0.4625 per unit, for the third quarter
- § Generated \$18.6 million in distributable cash flow, highest in the Partnership's history
- § Net income of \$12.6 million includes a \$3.8 million unrealized foreign exchange gain, which has no impact on cash flow
- § First RasGas II LNG carrier commenced 20-year fixed-rate time charter on October 31, 2006
- § Agreed to acquire six LNG newbuildings from Teekay Shipping Corporation, scheduled to deliver in 2008 and 2009

Nassau, The Bahamas, November 1, 2006 - Teekay LNG Partners L.P. (*Teekay LNG* or *the Partnership*) (NYSE: TGP) today reported net income of \$12.6 million for the quarter ended September 30, 2006, compared to net income of \$8.9 million for the quarter ended September 30, 2005. The results for the third quarters of 2006 and 2005 included foreign currency translation gains of \$3.8 million and \$1.3 million, respectively, relating to long-term debt denominated in Euros.

Net loss for the nine months ended September 30, 2006 was \$2.2 million, compared to net income of \$66.8 million for the same period last year. The results for the nine months ended September 30, 2006 included a foreign currency translation loss of \$24.4 million relating to long-term debt denominated in Euros. The results for the nine months ended September 30, 2005 included a foreign currency translation gain of \$76.6 million relating to the Euro-denominated debt and \$15.3 million in losses relating to the write-down of capitalized loan costs due to the prepayment of debt and the termination of interest rate swaps prior to the Partnership's initial public offering in May 2005.

The Partnership's Euro-denominated revenues currently approximate its Euro-denominated expenses and debt service costs. As a result, the Partnership currently is not exposed materially to foreign currency fluctuations. However, for accounting purposes the Partnership is required to revalue all foreign currency-denominated monetary assets and liabilities based on the prevailing exchange rate at the end of each reporting period. This revaluation does not affect the Partnership's cash flows or the calculation of distributable cash flow, but results in the recognition of unrealized foreign currency exchange gains or losses in the income statement, as reflected in the foreign currency exchange losses and gains discussed above for the three and nine months ended September 30, 2006 and 2005, respectively.

During the three months ended September 30, 2006, the Partnership generated \$18.6 million of distributable cash flow⁽¹⁾, the highest in the Partnership's history, compared to \$14.2 million for the second quarter of 2006. The increase in distributable cash flow is primarily due to the return to full operation of an LNG carrier which was off-hire for 33 days in the second quarter of 2006.

Declaration of Cash Dividend

Teekay GP L.L.C., (*Teekay G.P.*) the general partner of Teekay LNG, declared a cash distribution of \$0.4625 per unit for the third quarter of 2006, representing a total cash distribution of \$16.5 million. The cash distribution is payable on November 14, 2006 to all unitholders of record on November 9, 2006.

(1) Distributable cash flow is a non-GAAP financial measure used by certain investors to measure the financial performance of the Partnership and other master limited partnerships. Please see the Appendix for a reconciliation of this non-GAAP measure to the most directly comparable GAAP financial measure.

Upcoming LNG Projects

On November 1, 2006, the Board of Directors of Teekay G.P., agreed to acquire from its parent company, Teekay Shipping Corporation (*Teekay*), Teekay's interest in the RasGas 3 and Tangguh LNG projects. Below is a summary of the LNG newbuildings that Teekay LNG is committed to acquire over the next three years:

RasGas II

Teekay's 70% interest in Teekay Nakilat Corporation (*Teekay Nakilat*), which owns three 151,700 cubic meter LNG newbuilding carriers that are subject to capital leases. This interest was acquired concurrent with the delivery of the first vessel on October 31, 2006. The remaining two newbuildings are scheduled to deliver during the first quarter of 2007. The vessels will provide transportation services under 20-year, fixed-rate time charters, with inflation adjustments, to Ras Laffan Liquefied Natural Gas Co. Limited (II) (*RasGas II*), a joint venture company between a subsidiary of ExxonMobil Corporation and Qatar Petroleum. Qatar Gas Transport Company Ltd. (Nakilat) (*QGTC*) owns the remaining 30% interest in Teekay Nakilat.

RasGas 3

Teekay's 40% interest in four 217,000 cubic meter LNG newbuilding carriers scheduled to deliver during the first half of 2008. Upon their deliveries, the vessels will provide transportation services to Ras Laffan Liquefied Natural Gas Co. Limited (3) (*RasGas 3*), a joint venture company between a subsidiary of ExxonMobil Corporation and Qatar Petroleum, at fixed rates, with inflation adjustments, for a period of 25 years, with options exercisable by RasGas 3 to extend up to a total of 35 years. QGTC will own the remaining 60% interest.

Tangguh

Teekay's 70% interest in two 155,000 cubic meter LNG newbuilding carriers scheduled to deliver during late 2008 and early 2009. Upon their deliveries, the vessels will provide transportation services to The Tangguh Production Sharing Contractors, a consortium led by a subsidiary of BP plc, to service the Tangguh LNG project in Indonesia at fixed rates, with inflation adjustments, for a period of 20 years. An Indonesian joint venture partner will own the remaining 30% interest.

Teekay LNG's Fleet

The following table summarizes Teekay LNG's fleet as of September 30, 2006:

| | Number of Vessels | | |
|-----------------------------|----------------------|----------------------|-----------|
| | Delivered Vessels | Committed Vessels | Total |
| LNG Carrier Fleet | 4 | 9 ⁽¹⁾ | 13 |
| Suezmax Tanker Fleet | 8 | - | 8 |
| Total | 12 | 9 | 21 |

(1) Represents the 70% interest in three LNG newbuilding carriers subject to capital leases relating to the RasGas II LNG project, the 40% interest in four LNG

newbuilding carriers relating to the RasGas 3 LNG project, and the 70% interest in two LNG newbuilding carriers relating to the Tangguh LNG project that Teekay LNG has agreed to acquire from Teekay, as described above.

Liquidity

As of September 30, 2006, the Partnership had total liquidity of \$465.7 million, comprising \$20.6 million in cash and cash equivalents and \$445.1 million in undrawn medium-term revolving credit facilities. Total liquidity increased by \$231.7 million from \$234.0 million as of June 30, 2006, primarily as a result of the refinancing of the Partnership's medium-term revolving credit facilities during the quarter.

APPENDIX - RECONCILIATION OF NON-GAAP FINANCIAL MEASURE
(in thousands of U.S. dollars)

Description of Non-GAAP Financial Measure - Distributable Cash Flow

Distributable cash flow represents net income adjusted for depreciation and amortization expense, non-cash interest expense, estimated maintenance capital expenditures, gains and losses on vessel sales, income taxes and foreign exchange related items. Maintenance capital expenditures represent those capital expenditures required to maintain over the long-term the operating capacity of or the revenue generated by the Partnership's capital assets. Distributable cash flow is a quantitative standard used in the publicly-traded partnership investment community to assist in evaluating a partnership's ability to make quarterly cash distributions. Distributable cash flow is not required by accounting principles generally accepted in the United States and should not be considered as an alternative to net income or any other indicator of the Partnership's performance required by accounting principles generally accepted in the United States. The table below reconciles distributable cash flow to net income.
