Gravity Reaches Preliminary Settlement on Plaintiff Class Action Litigation

Seoul, Korea, June 11, 2007 - Gravity Co., Ltd. (NASDAQ: GRVY, the "Company"), an online game developer and publisher, announced that it and other defendants have reached an agreement in principle to settle the class action litigation brought on behalf of purchasers of the Company's securities which is pending in the United States District Court for the Southern District of New York as In re Gravity Co., Ltd. Securities Litigation, No. 1:05-CV-04804-LAP.

Under the proposed settlement, a fund of US \$10 million will be created to settle the claims of a class consisting of persons who purchased American Depository Shares of the Company during the period from February 7, 2005 November 10, 2005, inclusive. The Company's share of the settlement fund will US \$5 million. Costs of administering the settlement, as well as Plaintiffs' attorneys' fees and expenses (which have not yet been determined) will be paid out of the settlement fund before distributions are made to class members. In exchange, the Company, its current and former directors and officers as well as other third parties will be released from liability for the claims asserted by the class.

The Company has denied and continues to deny any and all allegations of wrongdoing in connection with this matter, but believes that given the uncertainties and costs associated with the litigation, the settlement is in best interests of the Company and its shareholders.

Il Young Ryu, Chairman and Chief Executive Officer of Gravity, commented: "It important that we put this unfortunate event behind us so we can focus on continuing to build our business and focus on our prospects for growth. This settlement is a milestone towards that effort."

The proposed settlement is conditioned, among other things, on various conditions being met and final court approval after notice to the plaintiff class and expiration of the time for appeal from any order of the court approving the settlement. There can be no assurance that the final settlement will be obtained.
