General

This Form 15F/A replaces in its entirety the Form 15F that was previously filed by Pfeiffer Vacuum Technology AG on October 4, 2007.

Item 1. Exchange Act Reporting History

Pfeiffer Vacuum Technology AG (Pfeiffer Vacuum or the Company) first incurred the duty to file reports under the Securities Exchange Act of 1934 (the Exchange Act) in 1996 when its Registration Statement (the Registration Statement) on Form F-1 was declared effective by the Commission.

For the 12 months preceding the filing of this Form, Pfeiffer Vacuum has filed or submitted all reports required under Exchange Act section 13(a) or section 15(d) and corresponding Commission rules, including its annual report on Form 20-F for the fiscal year ending December 31, 2006.

Item 2. Recent United States Market Activity

Pfeiffer Vacuum s securities were last sold in the United States in a registered offering under the Securities Act of 1933 (Securities Act) in 1996.

Item 3. Foreign Listing and Primary Trading Market

The primary trading market for Pfeiffer Vacuum s ordinary shares is the Frankfurt Stock Exchange, which is located in Frankfurt am Main, Germany. Pfeiffer Vacuum s ordinary shares were admitted to the Frankfurt Stock Exchange as of January 1, 2003 (prior to that date, Pfeiffer Vacuum s ordinary shares had been listed on the Neuer Markt in Frankfurt am Main, Germany, since April 15, 1998). Pfeiffer Vacuum has maintained the listing on the Frankfurt Stock Exchange since January 1, 2003, including at the time of filing this Form 15F/A, and during the preceding 12 months.

The percentage of trading in Pfeiffer Vacuum s common shares that occurred on the Frankfurt Stock Exchange as of a recent 12-month period was 96.40%. The first and last day of the recent 12-month period were October 1, 2006 and September 30, 2007, respectively.

Item 4. Comparative Trading Volume Data

The first and last days of the recent 12-month period used to meet the requirements of Rule 12h-6(a)(4)(i) are October 1, 2006 and September 30, 2007, respectively.

The average daily trading volume (ADTV) of the Ordinary Shares, including those represented by ADRs and ADSs, in the United States during a recent 12-month period was 1,100, representing 3.60% of the ADTV on a worldwide basis (30,563) during the same period.

Pfeiffer Vacuum voluntarily applied for delisting of its ADSs from the NYSE pursuant to Form 25 filed with the SEC on September 24, 2007. The delisting became effective on October 4, 2007. Effective as of October 4, 2007, Pfeiffer Vacuum also terminated its sponsored ADR facility. For the preceding 12-month period from October 1, 2006 through September 30, 2007, the ADTV of the Ordinary Shares, including those represented by ADRs and ADSs, in the United States represented 3.60% of the ADTV on a worldwide basis during the same period.

The sources of the trading volume information used for determining that Pfeiffer Vacuum meets the requirements of Rule 12h-6 under the Exchange Act were ADR Activity Reports and over-the-counter data provided by Deutsche Bank for trading in the United States and Deutsche Boerse Stock Reports for trading in Germany. The information provided by Deutsche Bank for trading in the United States include data relating to both on-exchange and over-the-counter trading in the United States. The Deutsche Boerse Stock Reports for trading outside of the United States do not include over-the-counter trading. Accordingly, all United States ADTV figures include both on-exchange and over-the-counter trading, while Frankfurt Stock Exchange and worldwide ADTV figures include only on-exchange trading.
