Item 8.01. Other Events.

Mueller Water Products, Inc. (the "Company") is filing this Current Report on Form 8-K to recast its fiscal 2016 quarterly and annual historical financial information to report our Anvil business, which was sold on January 6, 2017, as discontinued operations.

99.1 Mueller Water Products, Inc. Unaudited Financial Information

Use of Non-GAAP Measures

In an effort to provide investors with additional information regarding the Company's results as determined by GAAP, the Company also provides non-GAAP information that management believes is useful to investors. These non-GAAP measures have limitations as analytical tools, and securities analysts, investors and other interested parties should not consider any of these non-GAAP measures in isolation or as a substitute for analysis of the Company's results as reported under GAAP. These non-GAAP measures may not be comparable to similarly titled measures used by other companies.

The Company presents adjusted income from continuing operations, adjusted income from continuing operations per share, adjusted operating income and adjusted EBITDA as performance measures because management uses these measures in evaluating the Company's underlying performance on a consistent basis across periods and in making decisions about operational strategies. Management also believes these measures are frequently used by securities analysts, investors and other interested parties in the evaluation of the Company's recurring performance.
