TO BE HELD SEPTEMBER 8, 2009

TO THE STOCKHOLDERS OF ZOOM TECHNOLOGIES, INC.:

NOTICE IS HEREBY GIVEN that a special meeting of stockholders of Zoom Technologies, Inc., or Zoom, a Delaware corporation, relating to the proposed acquisition of Gold Lion Holding Limited, or Gold Lion, a company organized and existing under the laws of the British Virgin Islands, will be held at 9:30 a.m. Eastern daylight time on September 8, 2009, at Zoom's offices located at 207 South Street, Boston, Massachusetts 02111, to consider and vote upon the proposals described below.

The acquisition is made pursuant to the Share Exchange Agreement, dated January 28, 2009, as amended on May 12, 2009, between Zoom, Gold Lion, TCB Digital, Zoom Telephonics, Inc., a wholly owned subsidiary of Zoom, and the Gold Lion shareholders. If approved by the stockholders of Zoom, the closing of the acquisition will take place within 30 days of such stockholder approval.

Proposal 2 The Name Change Proposal. To approve the amendment to Zoom's certificate of incorporation to change Zoom's name from and after the closing of the acquisition to Leimone United, Inc.

SUMMARY OF MATERIAL TERMS OF THE TRANSACTION

This section summarizes information related to the proposals to be voted on at the special meeting. These items are described in greater detail elsewhere in this proxy statement. **You should carefully read this entire proxy statement and the other documents to which you are referred.**

The parties to the share exchange agreement are:

Zoom Technologies, Inc., or Zoom;

Tianjin Tong Guang Group Digital Communication Co., Ltd., or TCB Digital, a company organized under the laws of the People's Republic of China, or PRC;

Zoom Telephonics, Inc., or Zoom Telephonics, a wholly owned subsidiary of Zoom;

Gold Lion Holding Limited, or Gold Lion, a company organized and existing under the laws of the British Virgin Islands. Gold Lion owns 100% of the outstanding capital stock of Jiangsu Leimone Electronics Co., Ltd., or Jiangsu Leimone, a foreign investment enterprise organized under the laws of the PRC, that engages in the manufacturing, research and development, and sales of electronic components for 3rd generation mobile phones, wireless communication circuitry, GPS equipment, and related software products. Jiangsu Leimone owns the initial 51.03% of the outstanding capital stock of TCB Digital that Zoom is proposing to initially acquire. Gold Lion also owns 100% of Profit Harvest Corporation Ltd, or Profit Harvest, which is a marketing and sales company organized and existing under the laws of Hong Kong.; and

Lei (Leo) Gu, a citizen of the PRC. Mr. Gu owns 70.6% of the outstanding capital stock of Gold Lion and holds an option indirectly to acquire an additional 28.97% of the outstanding capital stock of TCB Digital.

Songtao Du, a citizen of the PRC. Mr. Du owns 29.4% of the outstanding capital stock of Gold Lion, which was pledged to Mr. Cao Wei.

TCB Digital is a high technology company engaged in electronic and telecommunication product design, development, and manufacturing. TCB Digital started its business in 1999 and was originally established as an Electronic Manufacturing Service (EMS) factory for mobile phone vendors. TCB Digital was Motorola's first independent outsource manufacturing vendor responsible for producing Motorola mobile phones in China. Moreover, TCB Digital was the first EMS factory in China receiving Motorola's International Quality Product and Qualification certificate. Since 2004, TCB Digital developed and produced GSM and CDMA mobile phones, wireless data modules and GPS equipment. TCB Digital is headquartered in Tianjin, China. TCB Digital's two main business operations are EMS for Original Equipment Manufacturer (OEM) customers and the design and production of mobile phone products.

TCB Digital offers high quality and comprehensive EMS to both domestic and global customers, including, Samsung, Tianyu, CCT, Danahar and Spreadtrum. TCB Digital's primary products include mobile phones, wireless telecommunication modules, digital cameras, cable TV set-top boxes and GPS equipment. In addition, TCB Digital has developed various state-of-the-art mobile phones and Smartphones based on both of the main network technologies: Global System for Mobile Communications, or GSM, and Code Division Multiple Access, or CDMA. Presently, TCB Digital markets its mobile phone products through distributors in China and also supplies GSM and CDMA mobile phones to major customers, including China Mobile Communications Corporation, or CMCC, China UNICOM and China Telecom. See Information about TCB Digital for more information.

Pursuant to the share exchange agreement, within 30 days of obtaining the approval of the stockholders of Zoom, Zoom will acquire from the Gold Lion shareholders 100% of Gold Lion in exchange for 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79). As discussed above, Mr. Gu holds an option to acquire an additional 28.97% of the outstanding capital stock of TCB Digital. Pursuant to the share exchange agreement, Zoom has agreed to provide Mr. Gu the option to exchange the additional 28.97% interest in TCB Digital for the issuance by Zoom of an additional 2,402,576 shares of Zoom common stock.

Assuming the exercise by Mr. Gu of the foregoing option, Zoom would issue an aggregate of 6,627,795 shares of Zoom common stock. The number of shares issuable for the acquisition of Gold Lion would increase to 5,818,439 shares of Zoom common stock, and the number of shares issuable for the additional 28.97% interest in TCB Digital would increase to 3,308,524 shares of Zoom common, if either: (a) as of the date the Zoom stockholders approve the acquisition, Zoom's common stock is not listed on the NASDAQ Capital Market or (b) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days after the closing of the share exchange agreement. Upon the execution of the share exchange agreement, Gold Lion was entitled to and Zoom issued 90,000 shares of common stock as consideration for the execution of the share exchange agreement. See The Acquisition Proposal.

After the acquisition and assuming Zoom acquires Gold Lion and the additional 28.97% interest in TCB Digital and the upward adjustment discussed in the preceding bullet point does not occur, the existing Zoom stockholders are expected to beneficially own approximately 22% of the outstanding shares of Zoom, excluding shares that may be acquired upon the exercise of outstanding options following the completion of the acquisition. If the upward adjustment discussed in the preceding bullet point does occur, the existing Zoom stockholders are expected to beneficially own approximately 17% of the outstanding shares of Zoom, excluding shares that may be acquired upon the exercise of outstanding options following the completion of the acquisition.

Aside from obtaining the requisite stockholder approval, the closing of the acquisition is subject to the satisfaction by each party of various conditions prior to closing. See The Share Exchange Agreement Conditions to Closing.

Upon the closing of the acquisition, the officers of Zoom will be: Leo Gu Chief Executive Officer and Anthony K. Chan Chief Financial Officer.

Upon the closing of the acquisition, Zoom intends to issue a dividend consisting of 100% of the issued and outstanding capital stock of Zoom Telephonics to its stockholders of record immediately prior to the closing. We refer to this as the spin-off. In connection with the spin-off, Zoom would contribute, distribute or otherwise transfer all of its current and future assets and liabilities related to the business of Zoom to Zoom Telephonics, subject to certain licensing rights discussed below. Zoom's stockholders immediately prior to the closing would retain their existing shares in Zoom and would also receive an equal number of new shares in Zoom Telephonics.

In connection with the completion of the acquisition, Zoom Telephonics has agreed to enter into a license agreement with TCB Digital granting TCB Digital licensing rights for Zoom and Hayes trademarks for certain products and geographic regions.

In connection with the execution of the share exchange agreement, Zoom entered into lock-up and voting agreements with each of its executive officers and directors, pursuant to which each person agreed until the closing not to sell, transfer, assign, pledge or hypothecate any shares of Zoom's common stock and to vote their shares in favor of the Acquisition Proposal.

.

At the closing of the acquisition, Frank Manning and Peter Kramer will enter into founder lock-up agreements pursuant to which they will agree that during the one-year period commencing on the date of closing that each will not sell, transfer, assign, pledge or hypothecate, in any calendar month, greater than 3% of the shares of Zoom's common stock sold in the previous four calendar weeks.

.

Upon the closing of the acquisition, if the Name Change Proposal is approved, Zoom will change its name to Leimone United, Inc.

QUESTIONS AND ANSWERS ABOUT THE ACQUISITION AND THE ZOOM SPECIAL MEETING

These Questions and Answers below are only summaries of matters described in this proxy statement. They do not contain all of the information that may be important to you. You should read carefully the entire document, including the annexes to this proxy statement.

Q. What is being voted on?

A. You are being asked to vote on three proposals:

.

A proposal to approve: (a) the acquisition by Zoom by the issuance of 4,225,219 shares of Zoom common stock for 100% of Gold Lion, and (b) the future acquisition by Zoom of an additional 28.97% interest in TCB Digital by the issuance of an additional 2,402,576 shares of Zoom common stock; subject to an upward adjustment that could provide for a maximum of 9,126,963 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79) being issued for the acquisition of both Gold Lion and the additional 28.97% interest in TCB Digital. This proposal is called the Acquisition Proposal.

.

A proposal to approve the amendment to Zoom's certificate of incorporation to change Zoom's name from and after the closing of the acquisition to Leimone United, Inc. This proposal is called the Name Change Proposal.

.

A proposal for the approval of any adjournment of the special meeting for the purpose of soliciting additional proxies. This proposal is called the Adjournment Proposal.

Q. What vote is required to approve the Acquisition Proposal and Adjournment Proposal?

A. Approval of the Acquisition Proposal and Adjournment Proposal will require the affirmative vote of the majority of our shares of common stock voted at the special meeting, provided that there is a quorum at such meeting.

Q. What vote is required to approve the Name Change Proposal?

A. Approval of the Name Change Proposal will require the affirmative vote of the majority of our outstanding shares of common stock as of the record date.

Q. Why is Zoom proposing to approve any adjournment of the special meeting?

A. We are proposing to approve any adjournment of the special meeting so that we may delay the meeting in the event that it appears that the other proposals to be presented at the meeting will not be approved. This will provide our management with more time to solicit stockholders to vote or change their votes.

Q. Who is entitled to vote at the special meeting?

A. The record date for the special meeting is August 6, 2009. Record holders of our common stock at the close of business on the record date are entitled to vote or have their votes cast at the special meeting. Each share of common stock is entitled to one vote per proposal at the special meeting.

Q. What constitutes a quorum?

A. A quorum will be present at the special meeting if one-third of Zoom's outstanding shares entitled to vote at the meeting are represented in person or by proxy. Abstentions and broker non-votes, if any, will count as present for the purposes of establishing a quorum.

Q. Does the Zoom board of directors recommend voting in favor of the Acquisition Proposal, Name Change Proposal and Adjournment Proposal?

A. After careful consideration of the acquisition and the terms and conditions of the share exchange agreement, the board of directors of Zoom has determined that the Acquisition Proposal, Name Change Proposal and Adjournment Proposal are in the best interests of the Zoom stockholders. The Zoom board of directors recommends that the stockholders entitled to vote approve each of the proposals described above. See Summary Interests of Zoom Officers and Directors in the Acquisition for a discussion of how the interests of our officers and directors are different from those of yours as a stockholder.

Q. How do the Zoom's executive officers and directors intend to vote their shares?

A. All of our executive officers and directors have agreed to vote the shares held by them in favor of the Acquisition Proposal.

Q. How much of Zoom will existing Zoom stockholders own after the acquisition?

A. Pursuant to the share exchange agreement, the number of shares issuable pursuant to the Acquisition Proposal will increase if either: (a) as of the date the Zoom stockholders approve the acquisition, Zoom's common stock is not listed on the NASDAQ Capital Market or (b) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days after the closing of the share exchange agreement. We refer to the requirement to issue the additional shares as the NASDAQ Additional Consideration Shares.

Pursuant to the share exchange agreement, Zoom will acquire Gold Lion for 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79), and if Zoom acquires the additional 28.97% interest in TCB Digital the aggregate shares that will be issued will be 6,627,795 shares of Zoom common stock. If Zoom is required to issue the NASDAQ Additional Consideration Shares, Zoom will issue 5,818,439 shares of Zoom common stock for Gold Lion, and a maximum of 9,126,963 shares of Zoom common stock if it acquires the additional 28.97% interest in TCB Digital.

.
If Zoom acquires Gold Lion (and not the additional 28.97% interest in TCB Digital) and does not issue the NASDAQ Additional Consideration Shares, the existing Zoom stockholders are expected to beneficially own approximately 30.7% of the outstanding shares of Zoom.

.
If Zoom acquires Gold Lion and the additional 28.97% interest in TCB Digital, and does not issue the NASDAQ Additional Consideration Shares, the existing Zoom stockholders are expected to beneficially own approximately 22.0% of the outstanding shares of Zoom.

.
If Zoom acquires Gold Lion (and not the additional 28.97% interest in TCB Digital) and issues the NASDAQ Additional Consideration Shares, the existing

Zoom stockholders are expected to beneficially own approximately 24.3% of the outstanding shares of Zoom.

If Zoom acquires Gold Lion and the additional 28.97% interest in TCB Digital, and issues the NASDAQ Additional Consideration Shares, the existing Zoom stockholders are expected to beneficially own approximately 17.0% of the outstanding shares of Zoom.

The above percentages exclude shares that may be acquired upon the exercise of outstanding options following the completion of the acquisition.

Q. Do Zoom stockholders have appraisal rights under Delaware law?

A. No. Zoom stockholders do not have appraisal rights under Delaware corporate law.

Q. How will the spin-off work and what will I get in the spin-off?

A. In the spin-off, on the closing date, Zoom will distribute to its stockholders all of the outstanding shares of Zoom Telephonics common stock on a *pro rata* basis.

Zoom will distribute one share of Zoom Telephonics common stock for every share of Zoom common stock you own of record as of the close of business on the record date for the spin-off, and do not sell in the regular way market prior to the ex-dividend date.

Q. What will Zoom's relationship with Zoom Telephonics be after the spin-off?

A. Zoom and Zoom Telephonics each will be independent, publicly traded companies. However, TCB Digital and Zoom Telephonics will enter into a license agreement granting TCB Digital licensing rights for Zoom and Hayes trademarks for certain products and geographic regions. Zoom and Zoom Telephonics have also entered into a separation and distribution agreement that allocates responsibility for obligations arising before and after the spin-off, including, among others, obligations relating to taxes.

Q. Why is Zoom affecting the spin-off?

A. Zoom believes that upon the completion of the Gold Lion acquisition, both post-acquisition Zoom and Zoom Telephonics would be better served by becoming separate entities. Among other considerations, Zoom's board of directors believed that making Zoom and Zoom Telephonics separate entities would:

.
allow Zoom Telephonics' management, which is based in the United States, to focus solely on the current United States and European business;

.
allow Zoom Telephonics to provide its employees stock-based incentives linked solely to the operations of Zoom Telephonics, as opposed to the overall post-acquisition Zoom operations;

.
allow Zoom Telephonics to pursue financing arrangements based solely on the merits of its business, as opposed to the overall post-acquisition Zoom operations; and

.
make it more likely that post-acquisition Zoom would meet the initial listing requirements of the Nasdaq Stock Market, which would prevent Zoom from being required to issue the NASDAQ Additional Consideration Shares.

Q. Where will Zoom Telephonics' common stock be traded after the spin-off?

A. After the spin-off, we expect Zoom Telephonics' common stock to be traded on the OTC Bulletin Board.

Q. Will the Zoom stockholders be taxed as a result of the acquisition?

A. It is anticipated that the acquisition will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code and no gain or loss will be recognized by Zoom, Zoom stockholders, Gold Lion, or Gold Lion stockholders as a result of the acquisition.

Q. Will the Zoom stockholders be taxed as a result of the spin-off?

A. We expect that a U.S. holder receiving Zoom Telephonics shares in the distribution will be treated as receiving a taxable distribution to the extent of the fair market value of shares received (including any fractional shares sold on behalf of the stockholder) on the distribution date. That distribution would be treated as taxable dividend income to the extent of such holder's share of Zoom's current and accumulated earnings and profits (as determined for federal income tax purposes), if any. Based on certain assumptions, however, Zoom does not believe that it will have any current or accumulated earnings and profits. To the extent the amount of the distribution exceeds such holder's share of Zoom's current and accumulated earnings and profits, if any, the distribution would be treated first as a tax-free return of capital to the extent of the U.S. Holder's adjusted tax basis in its shares of Zoom common stock (thus reducing such adjusted tax basis) with any remaining amounts being treated as capital gain from the sale of Zoom shares.

Q. If I am not going to attend the special meeting in person, should I return my proxy card instead?

A. Yes. After carefully reading and considering the information in this proxy statement, please fill out and sign your proxy card. Then return it in the return envelope as soon as possible, so that your shares may be represented at the special meeting. You may also submit a proxy by telephone or on the internet, as explained on the proxy card. A properly executed proxy will be counted for the purpose of determining the existence of a quorum.

Q. How do I change my vote?

A. You must send a later-dated, signed proxy card to Zoom's secretary prior to the date of the special meeting or, if you are a stockholder of record, you may attend the special meeting in person and vote.

Q. If my shares are held in street name, will my broker automatically vote them for me?

A. No. Your broker can vote your shares only if you provide instructions on how to vote. You should instruct your broker to vote your shares. Your broker can tell you how to provide these instructions.

Q. What will happen if the requisite number of Zoom's shareholders do not vote to approve of the acquisition proposal described in this proxy statement?

A. If the proposed acquisition is not approved and the share exchange agreement is terminated, each party will bear its own costs and expenses and there shall be no penalty associated with the break-up. Moreover, the parties would decide collectively whether to re-solicit proxies at a later date.

Q. Who can help answer my questions?

A. If you have questions, you may write or call Zoom at 207 South Street, Boston, Massachusetts 02111; Telephone: 617-753-0897; Attention: Investor Relations ..

TCB Digital's two main business operations are Electronic Manufacturing Service for OEM (Original Equipment Manufacturer) customers and the design and production of mobile phone products.

Gold Lion; Gold Lion Shareholders

Gold Lion is a company organized and existing under the laws of the British Virgin Islands. Gold Lion owns 100% of the outstanding capital stock of Jiangsu Leimone, a foreign investment enterprise organized under the laws of the PRC that engages in the manufacturing, research and development, and sales of electronic components for 3rd generation mobile phones, wireless communication circuitry, GPS equipment, and related software products. Jiangsu Leimone owns the initial 51.03% of the outstanding capital stock of TCB Digital that Zoom is proposing to acquire. Profit Harvest is a marketing and sales company 100% owned by Gold Lion, and is organized and existing under the laws of Hong Kong.

Leo Gu is a citizen of the PRC. Mr. Gu owns 70.6% of the outstanding capital stock of Gold Lion and holds an option indirectly to acquire an additional 28.97% of the outstanding capital stock of TCB Digital. Songtao Du is a citizen of the PRC. Mr. Du owns 29.4% of the outstanding capital stock of Gold Lion, which was pledged to Mr. Cao Wei.

The Acquisition; Acquisition Consideration

The share exchange agreement provides for an acquisition transaction in which Zoom would acquire 100% of Gold Lion in exchange for 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79). Gold Lion owns 100% of Profit Harvest and also 100% of Jiangsu Leimone. Jiangsu Leimone owns 51.03% of the outstanding shares of TCB Digital. Further, Zoom has agreed with Mr. Gu, the holder of an option to acquire an additional 28.97% of the outstanding capital stock of TCB Digital, to provide him with the option to exchange the additional 28.97% TCB Digital interest for the issuance by Zoom of an additional 2,402,576 shares of Zoom common stock.

The number of shares issuable to the Gold Lion shareholders for their shares of Gold Lion would increase to 5,818,439 shares of Zoom common stock, and the number of shares issuable for the additional 28.97% interest in TCB Digital would increase to 3,308,524 shares of Zoom common stock, if either: (a) as of the date the Zoom stockholders approve the acquisition, Zoom's common stock is not listed on the NASDAQ Capital Market or (b) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days

after the closing of the share exchange agreement. Upon the execution of the share exchange agreement, Gold Lion was entitled to and Zoom issued 90,000 shares of common stock as consideration for the execution of the share exchange agreement.

The parties plan to complete the acquisition within 30 days after the Zoom special meeting, provided that:

.

our stockholders have approved the Acquisition Proposal; and

.

the other conditions specified in the share exchange agreement have been satisfied or waived.

The share exchange agreement also provides Zoom with purchase options to acquire from Mr. Gu five other companies that are wholly owned or majority owned by Gu, or the Leimone Companies, with the option price of each company based on the higher of a minimum price or a multiple of that company's net income.

Management of Zoom

Upon the consummation of the acquisition, the Zoom board of directors will consist of five directors, as set forth below. At least three of the four directors designated by Gold Lion shall be independent directors as defined by the rules of the Securities and Exchange Commission and the NASDAQ Capital Market. Such independent directors will serve as members of our audit committee.

Upon the consummation of the acquisition, our executive officers and directors are expected to be:

.

Leo Gu Chairman of the Board, Director, and Chief Executive Officer

.

Anthony K. Chan Chief Financial Officer

.

Frank B. Manning Director

.

Augustine Lo Independent Director, Chairperson of the Audit and Compensation Committees

.

Kit H. Choy Independent Director

Chang Shan Independent Director

See the section entitled Directors and Executive Officers for biographical information about our directors and executive officers after the consummation of the acquisition.

Date, Time and Place of Special Meeting of Zoom's Stockholders

The special meeting of the stockholders of Zoom will be held at 9:30 a.m. Eastern daylight time on September 8, 2009 at Zoom's offices located at 207 South Street, Boston, Massachusetts 02111, to consider and vote upon each of the proposals.

Voting Power; Record Date

You will be entitled to vote or direct votes to be cast at the special meeting if you owned shares of our common stock at the close of business on August 6, 2009, the record date for the special meeting. You will have one vote for each share of common stock you owned at the close of business on the record date. On the record date, there were 1,959,378 shares of common stock outstanding.

Approval of the Gold Lion Shareholders

All of Gold Lion shareholders are parties to the share exchange agreement. Accordingly, no further action by the Gold Lion shareholders is needed to approve the acquisition.

The Name Change Proposal

Zoom is seeking stockholder approval to amend its amended and restated certificate of incorporation to change its name from and after the closing of the acquisition to Leimone United, Inc.

Quorum and Vote Required to Approve the Proposals by the Zoom Stockholders

A quorum of Zoom's stockholders is necessary to hold a valid meeting. A quorum will be present at the special meeting if one-third of the outstanding shares entitled to vote at the meeting are represented in person or by proxy. Abstentions and broker non-votes, if any, will count as present for the purposes of establishing a quorum.

The approval of the Acquisition Proposal and Adjournment Proposal will require the affirmative vote of holders of a majority of the shares of Zoom's common stock present in person or represented by proxy and cast at the special meeting.

The approval of the Name Change Proposal will require the affirmative vote of the holders of a majority of the outstanding shares of Zoom's common stock on the record date.

A broker non-vote will have no effect on the Acquisition Proposal or the Adjournment Proposal vote, but an abstention will have the effect of a vote against the Acquisition Proposal and the Adjournment Proposal. With respect to the Name Change Proposal, an abstention or a broker non-vote will have the same effect as a vote against the proposal.

Proxies

Proxies may be solicited by mail, telephone or in person. If you grant a proxy, you may revoke your proxy before it is exercised at the special meeting by sending a notice of revocation to the secretary of Zoom, submitting a later-dated proxy statement or, if you are a stockholder of record, voting in person at the special meeting.

Option Modifications

Upon the consummation of the acquisition, Zoom will modify each of its outstanding options such that any vesting provision provided in such options that requires the continued service of the holder to Zoom or its subsidiaries to vest shall thereafter continue to vest in accordance with the vesting schedule included in the option without the need for the holder to continue to provide service to Zoom or its subsidiaries.

Interests of Zoom Officers and Directors in the Acquisition

When you consider the unanimous recommendation of Zoom's board of directors in favor of adoption of the Acquisition Proposal, you should keep in mind that its executive officers and members of its board of directors have interests in the transaction that are different from, or in addition to, your interests as a stockholder. These interests include, among other things:

As discussed in the Summary Option Modifications, all of Zoom's options, including those held by its executive officers and directors, will be modified such that the vesting provisions provided in such options that requires the continued service of the holder to Zoom or its subsidiaries to vest shall thereafter continue to vest in accordance with the vesting schedule included in the option without the need for the holder to continue to provide service to Zoom or its subsidiaries. This means that Zoom's officers and directors will retain the rights associated with their options, even though they will no longer be required to provide services to Zoom.

.

Upon completion of the spin-off, Zoom anticipates that each of its current executive officers and directors will hold similar positions in Zoom Telephonics. Further, it is likely that Zoom Telephonics will issue its employees and directors new options to purchase Zoom Telephonics common stock upon completion of the spin-off.

.

Upon completion of the acquisition, Peter Kramer, Bernard Furman, Ronald Woods and Joseph Donovan will resign as directors of Zoom. After the acquisition, Messrs. Kramer, Furman, Woods and Donovan have agreed to cooperate with the combined company's management in its transition, including the provision of any historical information about Zoom that the combined company may need in connection with future capital raising transactions. These individuals will not receive any cash compensation for their services to the combined company, but will each receive an option to acquire 7,500 shares of the combined company at an exercise price equal to the closing price of Zoom's common stock on the closing date of the acquisition.

Zoom's Recommendations to Stockholders

After careful consideration of the terms and conditions of the share exchange agreement, Zoom's board of directors has unanimously determined that the acquisition and the transactions contemplated thereby, including the spin-off, are fair to and in the best interests of Zoom and its stockholders. Zoom's board of directors has also unanimously determined that the Name Change Proposal and the Adjournment Proposal are also in the best interests of Zoom and its stockholders. The board of directors did not obtain a fairness opinion on which to base its assessment. Zoom's board of directors recommends that Zoom stockholders vote:

.
FOR the Acquisition Proposal;

.
FOR the Name Change Proposal; and

.
FOR the Adjournment Proposal.

Conditions to the Closing of the Share Exchange Agreement

The consummation of the transactions contemplated by the share exchange agreement is conditioned upon a number of other conditions to the obligations of each of the parties to complete the acquisition, including the accuracy of each of the parties' representations and warranties, the compliance by each party with its covenants and obligations, the delivery of certain ancillary agreements and the absence of a material adverse effect with respect to each of the parties. See The Share Exchange Agreement Conditions to Closing.

Exclusivity; No Other Negotiation

The share exchange agreement contains detailed provisions prohibiting each of Zoom, Gold Lion, TCB Digital, and the Gold Lion shareholders party to the share exchange agreement from seeking an alternative transaction. These covenants generally prohibit Zoom, TCB Digital and the Gold Lion shareholders party to the share exchange agreement, as well as their officers, directors, subsidiaries, employees, agents and representatives, from taking any action to solicit an alternative acquisition proposal.

Quotation

Our outstanding common stock is quoted on the NASDAQ Capital Market under the symbol ZOOM. We intend to apply to NASDAQ to retain our listing upon completion of the acquisition. NASDAQ's approval will require that the post-acquisition entity meet NASDAQ's initial listing requirements. There is no assurance that the post-acquisition entity will meet NASDAQ's initial listing requirements. If the post-acquisition entity does meet NASDAQ's initial listing requirements, we expect Zoom's common stock to be traded on the OTC Bulletin Board.

After the spin-off, we expect Zoom Telephonics common stock to be traded on the OTC Bulletin Board.

Material Federal Income Tax Consequences of the Acquisition

The following section is a summary regarding material United States federal income tax consequences of the acquisition to holders of Zoom common stock. This discussion addresses only those Zoom security holders that hold their securities as a capital asset within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended, or the Code, and does not address all the United States federal income tax consequences that may be relevant to particular holders in light of their individual circumstances or to holders that are subject to special rules, such as:

- .
financial institutions;
- .
investors in pass-through entities;
- .
tax-exempt organizations;
- .
dealers in securities or currencies;
- .
traders in securities that elect to use a mark to market method of accounting;
- .
persons that hold Zoom common stock as part of a straddle, hedge, constructive sale or conversion transaction; and
- .
persons who are not citizens or residents of the United States

This summary of material federal income tax consequences is based upon the Code, applicable treasury regulations thereunder, published rulings and court decisions, all as currently in effect as of the date hereof, and all of which are subject to change, possibly with retroactive effect. Tax considerations under state, local and foreign laws, or federal laws other than those pertaining to the income tax, are not addressed.

Neither Zoom nor Gold Lion intends to request any ruling from the Internal Revenue Service as to the United States federal income tax consequences of the acquisition.

It is anticipated that the acquisition will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code and no gain or loss will be recognized by Zoom, Gold Lion, or their respective shareholders as a result of the acquisition.

This discussion is intended to provide all material United States federal income tax consequences of the acquisition to Zoom and its stockholders who hold their stock as a capital asset. This discussion is not a complete analysis or description of all potential United States federal tax consequences of the acquisition to other holders who are subject to special rules. It does not address any non-income tax or any foreign, state or local tax consequences of the acquisition. Accordingly, you are strongly urged to consult with your tax advisor to determine the particular United States federal, state, local or foreign income or other tax consequences to you of the acquisition.

Anticipated Accounting Treatment

The Gold Lion acquisition will be accounted for as a reverse merger, whereby Gold Lion will be the continuing entity for financial reporting purposes and will be deemed to be the acquirer of Zoom. The acquisition is being accounted for as a reverse merger because after the acquisition the former shareholders of Gold Lion will hold the majority of the outstanding shares of Zoom and will have the ability to initially appoint the majority of the members of the board of directors of Zoom.

In accordance with the applicable guidance for accounting for the acquisition as a reverse merger, first Gold Lion will be deemed to have undergone a recapitalization, whereby its outstanding ordinary shares were converted into shares of Zoom common stock. Immediately thereafter Gold Lion, which is the continuing accounting entity, will have been deemed to have acquired the assets and assumed the liabilities of Zoom in exchange for the issuance of the Zoom shares. However, because of the spin-out of essentially all the assets and liabilities of Zoom to the Zoom shareholders, the proposed transaction will have no impact on the historical assets and liabilities of Gold Lion.

Risk Factors

In evaluating the proposals to be voted on at the special meeting, you should carefully read this proxy statement and especially consider the factors discussed in the section entitled Risk Factors.

Board Solicitation

Your proxy is being solicited by the board of directors of Zoom on each of the proposals being presented to the stockholders at the special meeting.

RISK FACTORS

You should carefully consider the following risk factors, together with all of the other information included in this proxy statement, before you decide whether to vote or direct your vote to be cast to approve the acquisition or the other proposals.

If Zoom completes the Gold Lion acquisition pursuant to the share exchange agreement, the resulting company will be subject to a number of risks. You should carefully consider the risks described below and the other information included in this proxy statement before you decide how you want to vote on the proposals. Following the closing of the share exchange agreement, the market price of Zoom's securities could decline due to any of these risks, in which case you could lose all or part of your investment.

In assessing these risks, you should also refer to the other information included in this proxy statement, including the consolidated financial statements and the accompanying notes. You should note that Zoom would become a holding company with substantial operations in the PRC. As a result, Zoom would be subject to legal and regulatory environments that differ in many respects from those of the United States. Zoom's business, financial condition or results of operations could be affected materially and adversely by any of the risks discussed below.

Risks Related to Gold Lion's Business

Gold Lion's ownership of businesses, inclusive of TCB Digital, Jiangsu Leimone and Profit Harvest (collectively Gold Lion Group) including sales, results of operations, and reputation could be materially adversely affected if it fails to efficiently manage its manufacturing operations without interruption, or fails to ensure that its products meet the expectations of its distributors and end-user customers.

Operation of Gold Lion Group requires successful execution of complex manufacturing processes. The disruption of any of these could interrupt its revenue generation and have a material and adverse effect on Gold Lion Group's relationships with distributors and end-user customers, TCB Digital and Jiangsu Leimone's brand names, and its financial performance. TCB Digital and Jiangsu Leimone's manufacturing operations involve raw material and component sourcing from third parties, internal assembly processes, and distribution processes. These operations are modified on a regular basis in an effort to improve manufacturing and distribution efficiency and flexibility. Gold Lion Group may experience difficulties in coordinating its supplies of components and raw materials to meet the demand for its products, increasing or decreasing production at its facilities in response to demand, adopting new manufacturing processes, finding a timely way to develop the best technical solutions for new products, or achieving manufacturing efficiency and flexibility. Gold Lion Group may experience delays in adjusting or upgrading production at its facilities when it introduces new models, delays in expanding manufacturing capacity, failure in its manufacturing processes, or failure by its business partners to adequately perform the services it has outsourced to them, which in turn may have a material adverse effect on Gold Lion Group's sales and results of operations. In addition, a failure or an interruption could occur at any stage of Gold Lion Group's product development, manufacturing and delivery processes, resulting in products not meeting the expectations of its distributors and end customers, which could have a material adverse effect on Gold Lion Group's sales, results of operations, and reputation.

Gold Lion Group's results of operations, particularly its profitability, may be materially adversely affected if it does not successfully manage price erosion and is not able to manage costs related to its products and operations.

Selling price erosion is a characteristic of the mobile handset and electronics industries, and the products offered by Gold Lion Group are subject to natural price erosion over time. If Gold Lion Group is not able to lower its costs at the same rate or faster than this selling price erosion, and to introduce new cost-efficient products with higher prices in a timely manner, as well as manage costs related to its products and operations generally, this will have a material adverse effect on its business and results of operations, particularly its profitability.

Gold Lion Group relies primarily on its distributors for marketing and sale of its products at the provincial and local levels and for after-sales support of its products. Because Gold Lion Group has limited influence over its distributors, it cannot be certain that their marketing and after-sale support of its products will be adequate to meet Gold Lion Group's sales requirements and to protect Gold Lion Group's brand and reputation.

Gold Lion Group now has distributors and after-sales service centers at the national level, provincial level and municipal level in 31 provinces in China. Gold Lion Group grants its distributors the right to use its brand name and logo when they market Gold Lion Group's products within their respective sales territories or channels and when they provide after-sales support to Gold Lion Group's end-user customers. However, Gold Lion Group's contractual arrangements with its distributors do not provide Gold Lion Group with control over their everyday business activities, and one or more of its distributors may engage in activities that are prohibited under Gold Lion Group's contractual arrangements with them, that violate Peoples' Republic of China (PRC) laws and regulations governing the mobile handset industry or other PRC laws and regulations generally, or that are otherwise harmful to Gold Lion Group's business or reputation in the industry.

Gold Lion Group maintains inventories of raw materials, components and handsets, and its inventories may decline in value or become obsolete.

The rapid technological change in Gold Lion Group's industry, the short product life cycle of its handsets, its limited forecasting experience and processes, and the competitive nature of its target markets make forecasting Gold Lion Group's future sales and operating results difficult. Gold Lion Group's expense levels are based, in part, on its expectations regarding future sales. In addition, to enable Gold Lion Group to promptly fill orders, it maintains inventories of raw materials, components and handsets. As a result, Gold Lion Group has to commit to considerable costs in advance of anticipated sales. Any significant shortfall of sales may result in Gold Lion Group maintaining higher levels of inventories of raw materials, components, and finished goods than it requires, thereby increasing its risk of inventory obsolescence and corresponding inventory write-downs and write-offs. Gold Lion Group cannot guarantee that such write-downs will be adequate to cover all losses resulting from inventory obsolescence.

Gold Lion Group plans to market its products to countries outside of China, which may subject it to various economic, political, regulatory, legal and foreign exchange risks.

Gold Lion Group currently sells substantially all of its products in China. Gold Lion Group also plans to selectively enter into markets outside China where it identifies an opportunity to sell differentiated products and where it believes it will be able to realize a reasonable return on investment. The marketing, distribution and sale of its mobile handsets overseas exposes Gold Lion Group to a number of risks, including:

·
fluctuations in currency exchange rates of the U.S. dollar and other foreign currencies against the Renminbi;

·
difficulty in engaging and retaining distributors and agents who are knowledgeable about, and can function effectively in, overseas markets;

·
difficulty in designing products that are compatible with communications and product standards in foreign countries, and in attaining the required certifications for those products;

longer accounts receivable collection periods and greater difficulty in accounts receivable collection;

.

increased costs associated with maintaining marketing and sales activities in various countries;

.

difficulty and costs relating to compliance with unexpected changes in regulatory requirements and different commercial and legal requirements in the jurisdictions in which Gold Lion Group offers its products;

.

inability to obtain, maintain or enforce intellectual property rights; and

.

changes to import and export regulations, including quotas, tariffs and other trade barriers, delays or difficulties in obtaining export and import licenses, potential foreign exchange controls and repatriation controls on foreign earnings, exchange rate fluctuations, and currency conversion restrictions.

If Gold Lion Group is unable to effectively manage these risks, its ability to conduct or expand its business abroad would be impaired; and this may in turn have a material adverse effect on Gold Lion Group's business, financial condition, results of operations, and prospects.

Gold Lion Group's operating results are difficult to predict and may fluctuate significantly from period to period in the future.

Gold Lion Group's operating results are difficult to predict and may fluctuate significantly from period to period based on a number of factors such as the launch of new products in a given period, the seasonality of its mobile handset sales, the short life-cycle of any given handset model due to rapid technological advances, a possible deterioration of economic conditions in China, and potential changes to the regulation of the mobile handset industry in China. As a result, you may not be able to rely on period-to-period comparisons of Gold Lion Group's operating results as an indication of its future performance. If its revenues for a particular period are lower than Gold Lion Group expects, it may be unable to reduce its fixed costs and operating expenses for that period by a corresponding amount, which would negatively impact its operating results for that period relative to its operating results for other periods.

Gold Lion Group has not applied for patents or registered copyrights for most of its intellectual property; and its failure to adequately protect its intellectual property rights may undermine its competitive position. In addition, litigation to protect Gold Lion Group's intellectual property rights may be costly.

Implementation of PRC intellectual property-related laws has historically been lacking, primarily because of ambiguities in PRC laws and difficulties in enforcement. Accordingly, intellectual property rights and confidentiality protections in China may not be as effective as in the United States or other countries. Gold Lion Group relies primarily on trade secrets and other contractual restrictions to protect its intellectual property. Gold Lion Group has not applied for patents or registered copyrights in China for most of its inventions, original works of authorship, developments, and improvements relating to the mobile handsets it produces. The actions Gold Lion Group has taken to protect its intellectual property rights may not be adequate to provide it with meaningful protection or commercial advantage. As a result, third parties may use the technologies that it has developed and compete with Gold Lion Group, which could have a material adverse effect on its business, financial condition and operating results.

In addition, policing unauthorized use of proprietary technology can be difficult and expensive. Litigation may be necessary to enforce Gold Lion Group's intellectual property rights and the outcome of any such litigation may not be in Gold Lion Group's favor. Given the relative unpredictability of China's legal system and potential difficulties in enforcing a court judgment in China, there is no guarantee that Gold Lion Group would be able to halt the unauthorized use of its intellectual property through litigation in a timely manner.

Furthermore, any such litigation may be costly and may divert management attention away from Gold Lion Group's business and cause it to expend significant resources. An adverse determination in any such litigation will impair Gold Lion Group's intellectual property rights and may harm its business, prospects and reputation. In addition, Gold Lion Group has no insurance coverage against litigation costs and would have to bear all costs arising from such litigation to the extent it is unable to recover them from other parties. The occurrence of any of the foregoing could have a material adverse impact on Gold Lion Group's business, financial condition and results of operations.

Gold Lion Group may be exposed to infringement or misappropriation claims by third parties which, if determined adversely against it, could disrupt its business and subject it to significant liability to third parties, as well as have a material adverse effect on its financial condition and results of operations.

Gold Lion Group's success depends, in large part, on its ability to use and develop its technology, know-how and product designs without infringing upon the intellectual property rights of third parties.

Gold Lion Group's products include increasingly complex technology and, as the amount of such technologies and the number of parties claiming rights continue to increase; the possibility of alleged infringement and related intellectual property claims against it continues to rise. The holders of patents and other intellectual property rights potentially relevant to Gold Lion Group's product offerings may be unknown to Gold Lion Group, or may otherwise make it

difficult for Gold Lion Group to acquire a license on commercially acceptable terms. There may also be technologies licensed to and relied on by Gold Lion Group that are subject to infringement or other corresponding allegations or claims by others which could damage its ability to rely on such technologies. In addition, although Gold Lion Group endeavors to ensure that companies that work with it possess appropriate intellectual property rights or licenses, Gold Lion Group cannot fully avoid the risks of intellectual property rights infringement created by suppliers of components used in its products or by companies with which it works in cooperative research and development activities. Since technology standards, including those used and relied on by Gold Lion Group, typically involve intellectual property rights, Gold Lion Group cannot fully avoid risks of a claim for infringement of such rights due to its reliance on such standards. Gold Lion Group believes that the number of

third parties declaring their intellectual property to be relevant to these standards - for example, those standards related to 3G mobile communication technologies as well as other advanced mobile communications standards - is increasing, which may increase the likelihood that Gold Lion Group will be subject to such claims in the future. While Gold Lion Group believes that any such intellectual property rights declared and found to be essential to a given standard carry with them an obligation to be licensed on fair, reasonable and non-discriminatory terms, not all intellectual property owners agree on the meaning of that obligation and, thus, costly and time-consuming litigation over such issues may result in the future.

As Gold Lion Group continues to market and sell its products throughout China, and as litigation becomes more common in China, Gold Lion Group faces a higher risk of becoming subject to claims for intellectual property infringement. While Gold Lion Group has not, to date, become subject to these types of claims, it is possible that it may, in the future, become subject to such intellectual property infringement claims. Regardless of whether such claims have merit or are decided in its favor, any such litigation could have a negative impact on Gold Lion Group brand, reputation and ability to conduct its business and sell some or all of its products.

Gold Lion Group's sales and profitability depend on the continued growth of the mobile telecommunications industry, especially in China, and if the mobile telecommunications industry does not grow as Gold Lion Group expects or grows at a slower speed than Gold Lion Group expects, its sales and profitability may be materially adversely affected.

Gold Lion Group derives substantially all of its revenues from sales of mobile handsets in China. The continued development of its business depends, in large part, on continued growth in the mobile telecommunications industry, especially in China, in terms of the number of existing mobile subscribers who upgrade or replace their existing mobile handsets, the number of new subscribers, and increased usage. Although China's wireless telecommunication industry has grown rapidly in the past, and although China government has granted 3G licenses to operators, the wireless telecommunication industry may not continue to grow at the same growth rate in the future or to grow at all.

Furthermore, Gold Lion Group's sales and profitability are also affected by the extent to which there is increasing demand for, and development of, value-added services, leading to opportunities for it to successfully market mobile handsets that feature those services. To a certain extent, Gold Lion Group is dependent on third-party mobile telecommunication operators to successfully introduce these value-added services that encourage end users to upgrade or replace their mobile handsets. For instance, mobile telecommunication operators in China are upgrading their networks to offer 3G wireless telecommunication services, which will lead to increased demand for enhanced wireless value-added services and, therefore, increased demand for mobile handsets with more advanced technologies in China. Therefore, if mobile telecommunication operators are not successful in their attempts to introduce new services, increase the number of subscribers, stimulate increased usage and drive replacement sales, its business and results of operations could be materially adversely affected.

These developments in its industry are, to a large extent, outside of Gold Lion Group's control; and any reduced demand for wireless voice and data services, any other downturn, or other adverse changes in China's wireless telecommunication industry could severely harm its business.

Changes in the regulatory environment for telecommunications systems and services, especially in China, could negatively impact Gold Lion Group's business.

The telecommunications industry in China is heavily regulated, and regulatory changes may affect both Gold Lion Group and its customers. For example, changes in regulations that impose more stringent standards for the production

of mobile handsets could adversely affect Gold Lion Group business. Similarly, tariff regulations that affect the pricing of new services offered by mobile telecommunication operators could also affect their ability to invest in network infrastructure, which in turn could affect the sales of Gold Lion Group's mobile handsets. License fees, environmental, health and safety, privacy and other regulatory changes may increase costs and restrict operations of mobile telecommunication network operators and service providers. The indirect impact of such changes could affect Gold Lion Group's business adversely even though the specific regulations may not directly apply to it or its products.

China Ministry of Industry and Information Technology (MIIT) has broad discretion and authority to regulate all aspects of the telecommunications and information technology industries in China, including managing spectrum, setting mobile handset specifications and standards, approving the adoption of new technologies such as

3G, and drafting laws and regulations. MIIT also determines the forms and types of services that may be offered by telecommunication companies to the public, the rates that are charged to subscribers for those services, and the content of material available in China over wireless services, including Internet content. In addition, China's telecommunication regulatory framework is still at a relatively early stage of development, and prone to directional shifts and major structural changes. The PRC government is in the process of drafting a national telecommunication law, which may include new legislation governing the mobile handset industry. If MIIT sets standards with which Gold Lion Group is unable to comply or which would render Gold Lion Group's products uncompetitive, its ability to sell products could be severely limited, resulting in substantial harm to Gold Lion Group's operations.

Gold Lion Group depends on its key personnel, and its business and growth may be severely disrupted if it loses their services. Gold Lion Group may also have difficulty attracting and retaining qualified management and research and development personnel.

Gold Lion Group's future success depends substantially on the continued services of its key personnel. Gold Lion Group relies on key personnel's experience in the mobile handset manufacturing industry, in similar business operations, in sales and marketing, and on their relationships with Gold Lion Group's shareholders, customers, and suppliers. If Gold Lion Group loses the services of one or more of these key personnel, it may not be able to replace them readily, if at all, with suitable or qualified candidates, and may incur additional expenses to recruit and retain new officers, which could severely disrupt its business and growth.

In addition, if any of these key personnel joins a competitor or forms a competing company, Gold Lion Group may lose some of its customers. Gold Lion Group has entered into employment agreements with each of these key personnel, which contain confidentiality and non-competition provisions. However, if any disputes arise between these key personnel and Gold Lion Group, it is not clear what the court decisions will be and the extent to which these court decisions could be enforced in China, where all of these key personnel reside and hold some of their assets. Furthermore, as Gold Lion Group expects to continue to expand its operations and develop new products, Gold Lion Group will need to continue attracting and retaining experienced management and key research and development personnel.

Competition for management and research and development personnel in the mobile handset market in China is intense, and the availability of suitable and qualified candidates is limited. In particular, Gold Lion Group competes to attract and retain qualified research and development personnel with other mobile handset manufacturers, universities and research institutions. Competition for these individuals could cause Gold Lion Group to offer higher compensation and other benefits in order to attract and retain them, which could have a material adverse effect on Gold Lion Group's financial condition and results of operations. Gold Lion Group may also be unable to attract or retain the personnel necessary to achieve its business objectives, and any failure in this regard could severely disrupt its business and growth.

Fluctuations in exchange rates could adversely affect Gold Lion Group's business.

Because substantially all of its earnings are denominated in Renminbi, any appreciation or depreciation in the value of the Renminbi relative to the U.S. dollar would affect Gold Lion Group's balance sheet position and financial results reported in U.S. dollar terms without giving effect to any underlying change in its business or results of operations. In addition, fluctuations in the exchange rate between the U.S. dollar and the Renminbi would affect the relative purchasing power of Gold Lion Group's U.S. dollar denominated cash assets and the Renminbi value of Gold Lion Group's U.S. dollar denominated bank borrowings. Fluctuations in the exchange rate will also affect the relative value of any dividend Gold Lion Group may issue that will be exchanged into U.S. dollars, and will affect the earnings from

and value of any U.S. dollar-denominated investments it makes in the future.

Gold Lion Group's competitive position could decline if it is unable to obtain additional financing to acquire businesses or technologies that are strategic for its success, or otherwise execute its business strategy.

Gold Lion Group believes that its current cash will be sufficient to fund its working capital and capital expenditure requirements for at least the next twelve months. However, Gold Lion Group may need to raise additional funds to support more rapid expansion, respond to competitive pressures, acquire complementary businesses or technologies or respond to unanticipated requirements. Gold Lion Group cannot assure you that additional funding will be available to it in amounts or on terms acceptable to Gold Lion Group. If sufficient funds are not available or are not available on acceptable terms, Gold Lion Group's ability to fund its expansion, take advantage of acquisition opportunities, develop or enhance its services or products, or otherwise respond to

competitive pressures would be significantly limited. If appropriate opportunities arise, Gold Lion Group intends to acquire businesses; technologies, services or products that it believes are strategic.

Risks Related to Gold Lion's Industry

If Gold Lion Group cannot keep pace with market changes and produce mobile phones with new technologies and features in a timely and cost-efficient manner to meet its customers' requirements and preferences, the growth and success of its business will be materially adversely affected.

The mobile handset market in China is characterized by changing consumer preferences with respect to style and functionality, increasing demand for new and advanced technologies and features, rapid product obsolescence and price erosion, evolving industry standards, intense competition and wide fluctuations in product supply and demand. If Gold Lion Group cannot keep pace with market changes and produce new mobile handsets in a timely and cost-efficient manner to meet its customers' requirements and preferences, the growth and success of its business will be materially adversely affected.

Gold Lion Group experiences intensive competition from its Electronics Manufacturing Service (EMS) competitors; Gold Lion Group's failure to maintain its relationship with clients may have material adverse impact on its business and profitability.

In recent years, more and more EMS providers have invested heavily in the northern part of China and particularly in the Bo Hai area where Tianjin city is located. Gold Lion Group's OEM customers are also giving more orders to other EMS providers to balance their need and reduce their risk. Gold Lion Group will attempt to provide better services and higher quality products to attract more customers and reduce its risk from fierce competition.

Competition in mobile phone manufacture and sales is intense. Gold Lion Group's failure to maintain or improve its market position and respond successfully to changes in the competitive landscape may have a material adverse impact on its business and results of operations.

The mobile handset manufacturing industry in China is intensely competitive. Industry participants compete with each other mainly on the basis of the breadth and depth of their product portfolios, price, operational and manufacturing efficiency, technical performance, product features, quality, customer support and brand recognition. Gold Lion Group faces significant competition from a number of competitors, including domestic mobile handset producers such as Bird Ningbo Co., Ltd, Haier Telecom Co. Ltd., , Konka Group Co., Ltd, Lenovo Group Limited, and TCL Communication Technology Holdings Limited,. and a number of large multinational mobile handset producers, such as LG Electronics Ltd., Motorola Inc., Nokia Corporation, Samsung Electronics Co., Ltd., and Sony Ericsson Mobile Communications (China) Co., Ltd.. Many of Gold Lion Group's competitors have longer operating histories, greater name recognition, significantly larger market shares, access to larger customer bases and significantly greater economies of scale and financial, sales and marketing, manufacturing, distribution, technical and other resources than Gold Lion Group does. Some of these competitors have used, and will probably continue to use, more aggressive pricing strategies, greater amounts of sales incentives and subsidies for distributors, retailers and customers, more successful design approaches, and more advanced technologies. In addition, some competitors have chosen to focus on building products based on commercially available components, which may enable them to introduce these products faster and with lower levels of research and development spending than Gold Lion Group. Furthermore, consolidation among the industry participants in China may potentially result in stronger competitors that are better able to compete as end-to-end suppliers as well as competitors who are more specialized in particular areas and

geographic markets. This could have a material adverse effect on Gold Lion Group's business, financial condition, results of operations and prospects.

Gold Lion Group may be unable to manage rapid growth and a changing operating environment, which could adversely affect its ability to serve its customers and could harm its business.

Gold Lion Group has experienced rapid growth over the last few years. Gold Lion Group has limited operational, administrative and financial resources, which may be inadequate to sustain its current growth rate. If Gold Lion Group is unable to manage its growth effectively, the quality of its solutions could deteriorate and its business may suffer. As its customer base increases and it enters new end-markets, Gold Lion Group will need to:

·
increase its investments in personnel, research and development capabilities, facilities and other operational areas;

.
continue training, motivating and retaining its existing employees, and attract and integrate new qualified employees;

.
develop and improve its operational, financial, accounting and other internal systems and controls; and

.
take enhanced measures to protect any proprietary technology or technological capability it develops.

Any failure to manage Gold Lion Group's growth successfully could distract management's attention and result in its failure to serve its customers and harm its business.

Risks Related to Doing Business in China

Adverse changes in political and economic policies of the PRC government could have a material adverse effect on the overall economic growth of China, which could reduce the demand for Gold Lion Group's products and materially adversely affect its competitive position.

Gold Lion Group conducts substantially all of its operations and generates most of its revenues in China. Accordingly, its business, financial condition, results of operations and prospects are affected significantly by economic, political and legal developments in China. The PRC economy differs from the economies of most developed countries in many respects, including:

.
the higher level of government involvement;

.
the early stage of development of the market-oriented sector of the economy;

.
the rapid growth rate;

.
the higher level of control over foreign exchange; and

.
the allocation of resources.

While the PRC economy has grown significantly since the late 1970s, the growth has been uneven, both geographically and among various sectors of the economy. The PRC government has implemented various measures to encourage economic growth and guide the allocation of resources. Some of these measures benefit the overall PRC economy, but may also have a negative effect on Gold Lion Group. For example, Gold Lion Group's financial condition and results of operations may be adversely affected by government control over the telecommunications industry, capital investments or changes in tax regulations that are applicable to it.

The PRC economy has been transitioning from a planned economy to a more market-oriented economy. Although the PRC government has in recent years implemented measures emphasizing the utilization of market forces for economic reform, the PRC government continues to exercise significant control over economic growth in China through the allocation of resources, controlling payment of foreign currency-denominated obligations, setting monetary policy, and imposing policies that impact particular industries or companies in different ways. For example, efforts by the PRC government to slow the pace of growth of the PRC economy could result in decreased capital expenditure by mobile telecommunication network operators, which in turn could reduce demand for its products.

Any adverse change in the economic conditions or government policies in China could have a material adverse effect on the overall economic growth and the level of mobile communications investments and expenditures in China, which in turn could lead to a reduction in demand for Gold Lion Group's products and consequently have a material adverse effect on its business and prospects. In particular, any adverse change in the PRC government's policies towards the mobile communications industry may have a material adverse effect on Gold Lion Group's business.

Risks Relating to the Acquisition and Spin-Off

Upon completion of the acquisition, voting control by the Gold Lion shareholders may limit your ability to influence the outcome of director elections and other matters requiring shareholder approval.

Upon consummation of the acquisition, the shareholders of Gold Lion will own between 60.3% and 83% of the common stock of Zoom depending on whether Zoom only acquires Gold Lion or if it also acquires the additional 28.97% interest in TCB Digital and depending on whether Zoom is required to issue the NASDAQ Additional

Consideration Shares. These Gold Lion shareholders will be able to control substantially all matters requiring approval by Zoom's stockholders, including the election of a majority of Zoom's directors and the approval of other business transactions. This concentration of ownership could have the effect of delaying or preventing a future change in control of Zoom or discouraging a potential acquirer from attempting to obtain control of Zoom, which in turn could have a material adverse effect on the market price of Zoom's common stock or prevent Zoom's stockholders from realizing a premium over the market price for their common stock.

If Zoom is required to issue the NASDAQ Additional Consideration Shares, the Gold Lion shareholders will be entitled to receive additional shares as contingent consideration for the acquisition, which would result in dilution and might have an adverse effect on the market price of Zoom's common stock.

Under the share exchange agreement, the Gold Lion shareholders are entitled to receive up to an additional 2,499,168 in NASDAQ Additional Consideration Shares if either: (a) as of the date the Zoom stockholders approve the acquisition, Zoom's common stock is not listed on the NASDAQ Capital Market or (b) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days after the closing of the share exchange agreement. If the NASDAQ Additional Consideration Shares are issued, the number of shares outstanding will significantly increase. The issuance of the additional shares will have a dilutive effect on the common stock already outstanding and may cause a reduction in the trading price of Zoom's common stock in the public market.

Because Zoom does not intend to pay dividends, stockholders will benefit from an investment in Zoom's common stock only if those shares appreciate in value.

Zoom has never declared or paid any cash dividends on the shares of Zoom common stock. Upon completion of the acquisition, Zoom currently intends to retain all future earnings, if any, for use in the operations and expansion of the business. As a result, Zoom does not anticipate paying cash dividends in the foreseeable future. Any future determination as to the declaration and payment of cash dividends will be at the discretion of Zoom's board of directors and will depend on factors its board of directors deems relevant, including among others, Zoom's results of operations, financial condition and cash requirements, business prospects, and the terms of Zoom's credit facilities, if any, and any other financing arrangements. Accordingly, realization of a gain on stockholders' investments will depend on the appreciation of the price of Zoom's common stock, and there is no guarantee that Zoom's common stock will appreciate in value.

Zoom's board of directors approved the acquisition without obtaining a fairness opinion.

Zoom did not obtain a fairness opinion with respect to the Gold Lion acquisition. If Zoom's board of directors erred in concluding that the share exchange agreement is in the best interest of Zoom's stockholders, then its stockholders could suffer adverse consequences such as a decline in the value of their shares following the consummation of the transaction. In addition, at a minimum, any litigation over the board's exercise of its fiduciary duties would divert management's time and attention from completing the transactions described herein and would likely also involve the expenditure of substantial amounts for legal fees.

Gold Lion may have difficulty establishing adequate management, legal and financial controls in the PRC.

Most PRC companies historically have been less focused on establishing Western style management and financial reporting concepts and practices, as well as modern banking, computer and other internal control systems, than

companies in the U.S. and certain other Western countries. Gold Lion may have difficulty in hiring and retaining a sufficient number of qualified internal control employees to work in the PRC. As a result of these factors, Gold Lion may experience difficulty in establishing management, legal and financial controls, collecting financial data, preparing financial statements, books of account and corporate records, and instituting business practices that meet Western standards.

Section 404 of the Sarbanes-Oxley Act of 2002 will require Zoom to document and test its internal controls over financial reporting in future periods. Any delays or difficulty in satisfying these requirements could adversely affect its future results of operations and Zoom's stock price.

Section 404 of the Sarbanes-Oxley Act of 2002 will require Zoom to document and test the effectiveness of Gold Lion's internal control over financial reporting in accordance with an established internal control framework and to report on its conclusion as to the effectiveness of such internal controls. It may cost Zoom more than it expects to comply with these control and procedure-related requirements.

Zoom may discover in the future areas of its internal control that need improvement, particularly with respect to Gold Lion Group or other businesses that it may acquire. Zoom cannot be certain that any remedial measures it takes will provide it with adequate internal control over its financial processes and reporting in the future. Any failure to implement required new or improved controls, or difficulties encountered in their implementation could harm Zoom's operating results or cause it to fail to meet its reporting obligations. If Zoom is unable to conclude that it has effective internal control over financial reporting, or if its independent auditors are unable to provide it with an unqualified report regarding the effectiveness of its internal control over financial reporting in future periods as required by Section 404, investors could lose confidence in the reliability of its financial statements, which could result in a decrease in the value of Zoom's common stock. In addition, failure to comply with Section 404 could potentially subject Zoom to sanctions or investigations by the SEC or other regulatory authorities.

The distribution of Zoom Telephonics stock to Zoom shareholders may be treated as a taxable dividend.

Zoom may discover that as of the date of the distribution of Zoom Telephonics stock to Zoom shareholders that it has sufficient current earnings and profits to cause all or a portion of the distribution to be treated as a taxable dividend. If this were to occur, an amount equal to the fair market value of the Zoom Telephonics common stock received by Zoom shareholders (including any fractional shares deemed to be received) on the distribution date will be treated as a taxable dividend to the extent of a shareholder's ratable share of 2009 earnings and profits of Zoom with the excess treated as a non-taxable return of capital to the extent of a shareholder's tax basis in Zoom common stock, and any remaining excess treated as capital gain.

The distribution of Zoom Telephonics stock to Zoom shareholders may result in a taxable gain to Zoom.

The distribution of Zoom Telephonics stock to Zoom shareholders is not intended to be a tax-free distribution governed by Section 355 of the Code. A taxable distribution will generally result in taxable gain to the distributing corporation. Zoom believes in this case that it will not recognize gain as a result of the distribution because its tax basis in Zoom Telephonics stock will exceed the fair market value of that stock as of the date of distribution. In addition, even if Zoom's tax basis in the Zoom Telephonics stock were less than the fair market value of that stock as of the date of distribution, Zoom believes that it would nonetheless have sufficient net operating loss carryforwards to offset any taxable gain recognized.

To the extent that either of these assumptions are incorrect, Zoom has fully indemnified TCB Digital under the Share Exchange Agreement for any pre-closing income taxes incurred, including any income tax resulting from the distribution of Zoom Telephonics.

Pursuant to the capital injection agreement (the Agreement) by and among Tianjin Communication and Broadcasting Group Co., Ltd. (TCBGCL), TCBGCL Labour Union, Hebei Leimone Science and Technology Co., Ltd. (Hebei Leimone), Tianjin 712 Communication and Broadcasting Co., Ltd. (712), Beijing Depu Investment Co., Ltd. (Beijing Depu) and other natural person shareholders on May 8, 2007 and a resolution of the shareholder s meeting on June 30, 2007, Hebei Leimone, a company controlled by Gu, acquired 25.13% of Tianjin Tong Guang Group Digital Communication Co., Ltd. (TCB Digital) from TCBGCL Labour Union and various natural person shareholders for cash of RMB9,000,000, approximately \$1,286,000. Pursuant to this Agreement, Hebei Leimone and Beijing Depu, the companies controlled by Gu and Cao respectively, were to invest additional RMB15,928,700 and RMB10,377,600 respectively to TCB Digital, bringing the total investment from Hebei Leimone and Beijing Depu to \$4,679,111 (RMB35,306,300). After this additional investment was made as of June 30, 2007, Hebei Leimone and Beijing Depu held 36.03% and 15% equity interests respectively of TCB Digital, amounting to 51.03% ownership in TCB Digital. Pursuant to an agreement dated June 30, 2007, Cao irrevocably pledged his 15% equity interest in TCB Digital through his ownership in Beijing Depu to Gu in exchange for a 29.4% stake in Gold Lion.

On November 30, 2007, Gold Lion and GD Industrial Company signed a share transfer agreement, pursuant to which, GD Industrial Company transferred 60% equity of Nantong Zong Yi Kechuang Digital Camera Technology Co., Ltd. (Nantong Zong Yi) for cash of \$10,273 to the Company. In July 2008, Nantong Zong Yi changed its name to Jiangsu Leimone Electronic Co., Ltd. (JS Leimone). Before the acquisition date, JS Leimone did not have any operating activities. In January 2008, the Company invested \$5,074,226 (HK\$38,800,000) to JS Leimone to increase the Company s ownership in JS Leimone to 80%. Pursuant to the share transfer agreement by and between Gold Lion and Nantong Zong Yi Investment Co., Ltd. dated November 26, 2008, the Company acquired the remaining 20% equity interest of JS Leimone from Nantong Zong Yi Investment Co., Ltd. for cash of \$103,214 (HK\$800,000). After this transaction, the Company owned 100% of JS Leimone.

Pursuant to the share transfer agreement by and among Hebei Leimone, Beijing Depu Investment Co., Ltd and JS Leimone dated December 15, 2008, Hebei Leimone and Beijing Depu Investment Co., Ltd. transferred their 51.03% equity interest of TCB Digital to JS Leimone on December 30, 2008.

Per the fact that TCB Digital and Profit Harvest are under common control with the Company since July 2007 and August 2007, respectively, we combined their financials at historical cost into the Company from the date the Company acquires control. Acquisition method is used when the Company has actual equity investment in TCB Digital and Profit Harvest.

Principles of Consolidation

As the Company acquired 60% of JS Leimone on November 30, 2007, the operating results from December 1, 2007 through December 31, 2007 and the balance sheet of JS Leimone were included in the combination for the year ended December 31, 2007. As Gu and Cao transferred their 51.03% equity interest of TCB Digital into JS Leimone on December 30, 2008, and 100% equity interest of Profit Harvest was transferred to Gold Lion on December 22, 2008, the consolidated financial statements as of December 31, 2008 include the consolidation of balance sheets of TCB Digital and Profit Harvest and combination of 100% operating results of TCB Digital and 100% operating results of Profit Harvest of 2008. The difference of shareholder's equity between 2007 and 2008 resulted from the change of consolidation method is presented as changes due to consolidation on the face of consolidated statements of shareholder's equity. The common stock from contribution of equity in affiliates by the shareholders in 2007 was the 51.03% paid-in capital of TCB Digital, which was \$4,630,212, and 100% paid-in capital of Profit Harvest, which was \$1. Basis of Presentation

The consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP"). The Company's functional currency is the Chinese Renminbi; however the accompanying consolidated financial statements have been translated and presented in United States Dollars (\$).

Use of Estimates

The preparation of the consolidated financial statements in conformity with US GAAP requires management of the Company to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the period. Significant items subject to such estimates and assumptions include the recoverability of the carrying amount of property and equipment and intangible assets; the allocation of the purchase price for the Company's acquisitions; the collectability of accounts receivable; the fair value of share-based compensation; the useful lives and salvage values of property and equipment; the realizability of inventories; and amounts recorded for contingencies. These estimates are often based on complex judgments and assumptions that management believes to be reasonable but are inherently uncertain and unpredictable. Actual results may differ from those estimates.

Foreign Currency Translation

The Company's financial records are maintained in its local currency, the Renminbi (RMB), which is the functional currency. Assets and liabilities are translated at the exchange rates at the balance sheet dates and revenue and expenses are translated at the average exchange rates and stockholders' equity is translated at historical exchange rates. Any translation adjustments resulting are not included in determining net income but are included in foreign exchange adjustment to other comprehensive income, a component of stockholders' equity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2008 AND 2007

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS (continued)

Foreign Currency Translation

The reporting currency of the Company is the US dollar. Transactions denominated in currencies other than US dollars are translated into US dollars at the average rate for the period. Monetary assets and liabilities denominated in currencies other than US dollars are translated into US dollars at the rates of exchange at the balance sheet date. The resulting exchange differences are recorded in other expenses in the statement of income and comprehensive income.

RMB is not a fully convertible currency. All foreign exchange transactions involving RMB must take place either through the People's Bank of China (the PBOC) or other institutions authorized to buy and sell foreign exchange. The exchange rates adopted for the foreign exchange transactions are the rates of exchange quoted by the PBOC, which are determined largely by supply and demand.

Fair Value of Financial Instruments

The carrying values of the Company's financial instruments, including cash and cash equivalents, restricted cash, marketable securities, trade, bills and other receivables, deposits, trade, bills and other payables approximate their fair values due to the short-term maturity of such instruments. The carrying amounts of bank borrowings approximate their fair values because the applicable interest rates approximate current market rates.

It is management's opinion that the Company is not exposed to significant interest, price or credit risks arising from these financial instruments.

The Company is exposed to foreign currency risk arising from import purchase transactions and trade payables as they affect the future operating results of the Company. The Company did not have any hedging transactions during 2008 or 2007.

Risks and Uncertainties

The Company is subject to substantial risks from, among other things, intense competition associated with the industry in general, other risks associated with financing, liquidity requirements, rapidly changing customer requirements, limited operating history, foreign currency exchange rates and the volatility of public markets.

Cash and Cash Equivalents

Cash consists of cash on hand, cash in bank accounts and interest-bearing savings accounts. Cash deposits that are restricted as to withdrawal or pledged as security, are disclosed separately on the consolidated balance sheet, and not included in cash for the purpose of the consolidated statements of cash flows.

Accounts Receivable

Allowances for doubtful accounts are maintained against accounts receivable for estimated losses resulting from the inability of customers to make required payments. These allowances are based on both recent trends of certain customers estimated to be a greater credit risk as well as general trends of the entire customer pool. Accounts are written off against the allowance when it becomes evident collection will not occur.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined on a weighted average basis and includes all expenditures incurred in bringing the goods to the point of sale and putting them in a saleable condition. In assessing the ultimate realization of inventories, the management makes judgments as to future demand requirements compared to current or committed inventory levels. Our reserve requirements generally increase as our projected demand requirements; or decrease due to market conditions and product life cycle changes. The Company estimates the demand requirements based on market conditions, forecasts prepared by its customers, sales contracts and orders in hand.

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS (continued)

Inventories (continued)

In addition, the Company estimates net realizable value based on intended use, current market value and inventory ageing analyses. The Company writes down the inventories for estimated obsolescence or unmarketable inventory equal to the difference between the cost of inventories and the estimated market value based upon assumptions about future demand and market conditions. Historically, the actual net realizable value has been close to management's estimate.

Property, Plant and Equipment

Property, plant and equipment are recorded at cost, less accumulated depreciation and amortization. Depreciation is calculated on a straight-line basis over estimated useful lives of 30 years for buildings and improvements, 10 years for machinery and equipment, 4-5 years for electronic equipment, 5 years for workshop reconstruction and assembling line reconstruction, and 5 years for transportation equipment. Expenditures for maintenance and repairs are charged to expense as incurred. Major renewals and betterments are charged to the property accounts while replacements, maintenance and repairs, which do not improve or extend the lives of the respective assets, are expensed to the current period.

Capitalized Interest

Interest associated with major development and construction projects is capitalized and included in the cost of the project. When no debt is incurred specifically for a project, interest is capitalized on amounts expended on the project using weighted-average cost of the Company's outstanding borrowings. Capitalization of interest ceases when the project is substantially complete or development activity is suspended for more than a brief period.

Impairment of Long-Lived Assets

In accordance with Statement of Financial Accounting Standards (SFAS) No.144, Accounting for the Impairment or Disposal of Long-Lived Assets, the Company reviews the carrying values of long-lived assets, including property, plant and equipment and other intangible assets, whenever facts and circumstances indicate that the assets may be impaired. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net undiscounted cash flows expected to be generated by the asset. If an asset is considered impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the asset exceeds the fair value. Assets to be disposed of are reported at the lower of the carrying amount or fair value, less costs of disposal. For 2008, the Company performed an annual impairment review of long-lived assets and concluded that there was no impairment loss.

Goodwill

The Company recognizes goodwill for the excess of the purchase price over the fair value of the identifiable net assets of the business acquired. As required by SFAS No. 142, Goodwill and Other Intangible Assets, an impairment test for goodwill is undertaken by the Company at the reporting unit level annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. As of December 31, 2008, the Company did not incur any impairment loss for goodwill.

Revenue Recognition

The Company recognizes sales in accordance with the United States Securities and Exchange Commission (SEC) Staff Accounting Bulletin (SAB) No. 101, Revenue Recognition in Financial Statements and SAB No. 104, Revenue Recognition. The Company recognizes revenue when the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) delivery has occurred or services were rendered, (iii) the price to the customer is fixed or determinable and (iv) collection of the resulting receivable is reasonably assured. Revenue is not recognized until title and risk of loss is transferred to the customer, which occurs upon delivery of goods, and objective evidence exists that customer acceptance provisions were met. Provisions for discounts and returns are provided for at the time the sale is recorded, and are recorded as a reduction of sales. The Company bases its

estimates on historical experience taking into consideration the type of products sold, the type of customer, and the type of specific transaction in each arrangement. Revenues represent the invoiced value of goods, net of value added

The Company does not offer promotional payments, customer coupons, rebates or other cash redemption offers to its customers. Deposits or advance payments from customers prior to delivery of goods and passage of title of goods are recorded as advanced from customers.

Income Taxes

The Company accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*. Under this method, deferred income taxes are recognized for the estimated tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts and each year-end based on enacted tax laws and statutory rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established to reduce deferred tax assets to the amount expected to be realized when, in management's opinion; it is more likely than not that some portion of the deferred tax assets will not be realized. The provision for income taxes represents current taxes payable net of the change during the period in deferred tax assets and liabilities.

Operating Leases

Leases where substantially all the rewards and risks of ownership of assets remain with the leasing company that do not meet the capitalization criteria of SFAS 13, are accounted for as operating leases. Rental payables under operating leases are recognized as expenses on the straight-line basis over the lease term.

Comprehensive Income

The Company uses SFAS 130 *Reporting Comprehensive Income*. Comprehensive income is comprised of net income and all changes to the statements of stockholders' equity, except those due to investments by stockholders, changes in paid-in capital and distributions to stockholders.

SFAS No.130, *Reporting Comprehensive Income*, establishes standards for reporting and displaying comprehensive income and its components in the consolidated financial statements. Accumulated other comprehensive income (loss) includes foreign currency translation adjustments.

Long-Term Investments

The Company accounted for its 9% investment in Tianjin Tong Guang Microelectronics Co., Ltd using the cost method.

Recent Accounting Pronouncements

SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. Entities that elect the fair value option will report unrealized gains and losses in earnings at each subsequent reporting date. The fair value option may be elected on an instrument-by-instrument basis, with few exceptions. SFAS 159 also establishes presentation and disclosure requirements to facilitate comparisons between companies that choose different measurement attributes for similar assets and liabilities. The requirements of SFAS 159 were effective for 2008. The adoption of SFAS 159 had no material effect on our financial statements.

In June 2007, the FASB issued FASB Staff Position No. EITF 07-3, *Accounting for Nonrefundable Advance Payments for Goods or Services Received for use in Future Research and Development Activities* (FSP EITF 07-3), which addresses whether nonrefundable advance payments for goods or services that used or rendered for research and development activities should be expensed when the advance payment is made or when the research and development activity has been performed. The guidance became effective for the fiscal year beginning after December 15, 2008. Our management is in the process of evaluating the impact that SFAS 141 (Revised) will have on the Company's financial statements upon adoption.

GOLD LION HOLDING LTD

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2008 AND 2007

NOTE 23 OPERATING RISK

Industry risk

The industry in which we compete is a rapidly evolving, highly competitive and fragmented market driven by consumer preferences and quickly evolving technology. Increased competition may result in price reductions, reduced gross margin and loss of market share. Failure to compete successfully against current or future competitors could have a material adverse effect on the Company's business, operating results and financial condition.

Product risk of obsolescence

From the second half of year 2007, the Company began to involve in the agent business of some famous high-end smart phones. Because of the restructure of China Unicom, one type of smart phones could not be sold as expected and inventory impairment loss arose. Such uncertain and unpredictable events could take significant effect on the profits that the Company will make in the future.

Exchange risk

The Company can not guarantee the current exchange rate will remain steady, therefore the Company could post the same profit for two comparable periods and because of a fluctuating exchange rate actually post higher or lower profit depending on exchange rate of Renminbi and US dollars on that date. The exchange rate could fluctuate depending on changes in the political and economic environments without notice.

Political risk

Currently, PRC is in a period of growth and is openly promoting business development in order to bring more business into PRC. Additionally PRC currently allows a Chinese corporation to be owned by a United States corporation. If the laws or regulations relating to ownership of a Chinese corporation are changed by the PRC government, the Company's ability to operate the PRC subsidiaries could be affected.

Interest risk

The Company is exposed to interest rate risk arising from short-term variable rate borrowings from time to time. The Company's future interest expense will fluctuate in line with any change in borrowing rates. The Company does not have any derivative financial instruments as of December 31, 2008 and 2007 and believes its exposure to interest rate risk is not material.

NOTE 24 COMMITMENT

Operating lease commitment

The Company has operating leases and the lessor of the premises for TCB Digital is TCBGCL, a common shareholder of TCB Digital. Pursuant to these leases which rates of rent are all at Rmb 8 per square meter per month for both

production facilities and dormitory space, the commitment of the Company is as follows:

FOR THE THREE MONTHS ENDED MARCH 31, 2009 & 2008

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS

Gold Lion Holding Ltd ("Gold Lion" or the Company) was founded by Mr. Gu Lei (Gu) in September 2002 in the British Virgin Islands. Pursuant to an agreement dated June 30, 2007, Mr. Cao Wei (Cao), purchased from Gu 29.4% shares in the Company. Through a resolution of the Company on November 26, 2008, the Company issued 705 shares to Gu and 294 shares to Mr. Du Songtao (Du), resulting in a total of 1,000 issued and outstanding shares of Common Stock. Pursuant to a pledge agreement dated November 26, 2008, Du pledged his 294 shares to Cao, including all rights to such shares. As such, Gu and Cao jointly control 100% of Gold Lion.

On August 2, 2007, Gu founded Profit Harvest Corporation Ltd. (Profit Harvest) in Hong Kong, and in December 2008, 100% ownership of Profit Harvest was transferred to Gold Lion.

Pursuant to the capital injection agreement (the Agreement) by and among Tianjin Communication and Broadcasting Group Co., Ltd. (TCBGCL), TCBGCL Labour Union, Hebei Leimone Science and Technology Co., Ltd. (Hebei Leimone), Tianjin 712 Communication and Broadcasting Co., Ltd. (712), Beijing Depu Investment Co., Ltd. (Beijing Depu) and other natural person shareholders on May 8, 2007 and a resolution of the shareholder s meeting on June 30, 2007, Hebei Leimone, a company controlled by Gu, acquired 25.13% of Tianjin Tong Guang Group Digital Communication Co., Ltd. (TCB Digital) from TCBGCL Labour Union and various natural person shareholders for cash of RMB9,000,000, approximately \$1,286,000. Pursuant to this Agreement, Hebei Leimone and Beijing Depu, the companies controlled by Gu and Cao respectively, were to invest additional RMB15,928,700 and RMB10,377,600 respectively to TCB Digital, bringing the total investment from Hebei Leimone and Beijing Depu to \$4,679,111 (RMB35,306,300). After this additional investment was made as of June 30, 2007, Hebei Leimone and Beijing Depu held 36.03% and 15% equity interests respectively of TCB Digital, amounting to 51.03% ownership in TCB Digital. Pursuant to an agreement dated June 30, 2007, Cao irrevocably pledged his 15% equity interest in TCB Digital through his ownership in Beijing Depu to Gu in exchange for a 29.4% stake in Gold Lion.

On November 30, 2007, Gold Lion and GD Industrial Company signed a share transfer agreement, pursuant to which, GD Industrial Company transferred 60% equity of Nantong Zong Yi Kechuang Digital Camera Technology Co., Ltd. (Nantong Zong Yi) for cash of \$10,273 to the Company. In July 2008, Nantong Zong Yi changed its name to Jiangsu Leimone Electronic Co., Ltd. (JS Leimone). Per the fact that TCB Digital and Profit Harvest are in common control with the Company since July 2007 and August 2007, respectively, we combine their financials at historical cost into the Company from the date the Company acquires control. Acquisition method is used when the Company has actual equity investment in TCB Digital and

Profit Harvest.

and Cao transferred their 51.03% equity interest of TCB Digital into JS Leimone on December 30, 2008, and 100% equity interest of Profit Harvest was transferred to Gold Lion on December 22, 2008, the consolidated financial statements as of March 31, 2009 include the consolidation of balance sheets and operating results for the three months ended March 31, 2009 of TCB Digital and Profit Harvest.

Basis of Presentation

The consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP"). The Company's functional currency is the Chinese Renminbi; however the accompanying consolidated financial statements have been translated and presented in United States Dollars (\$).

Use of Estimates

The preparation of the consolidated financial statements in conformity with US GAAP requires management of the Company to make a number of estimates and assumptions relating to the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the period. Significant items subject to such estimates and assumptions include the recoverability of the carrying amount of property and equipment and intangible assets; the allocation of the purchase price for the Company's acquisitions; the collectability of accounts receivable; the fair value of share-based compensation; the useful lives and salvage values of property and equipment; the realizability of inventories; and amounts recorded for contingencies. These estimates are often based on complex judgments and assumptions that management believes to be reasonable but are inherently uncertain and unpredictable. Actual results may differ from those estimates.

Foreign Currency Translation

The Company's financial records are maintained in its local currency, the Renminbi (RMB), which is the functional currency. Assets and liabilities are translated at the exchange rates at the balance sheet dates and revenue and expenses are translated at the average exchange rates and stockholders' equity is translated at historical exchange rates. Any translation adjustments resulting are not included in determining net income but are included in foreign exchange adjustment to other comprehensive income, a component of stockholders' equity.

The reporting currency of the Company is the US dollar. Transactions denominated in currencies other than US dollars are translated into US dollars at the average rate for the period. Monetary assets and liabilities denominated in currencies other than US dollars are translated into US dollars at the rates of exchange at the balance sheet date. The resulting exchange differences are recorded in other expenses in the statement of income and comprehensive income.

Foreign Currency Transaction

RMB is not a fully convertible currency. All foreign exchange transactions involving RMB must take place either through the People's Bank of China (the PBOC) or other institutions authorized to buy and sell foreign exchange. The exchange rates adopted for the foreign exchange transactions are the rates of exchange quoted by the PBOC, which are determined largely by supply and demand.

Fair Value of Financial Instruments

The carrying values of the Company's financial instruments, including cash and cash equivalents, restricted cash, marketable securities, trade, bills and other receivables, deposits, trade, bills and other payables approximate their fair values due to the short-term maturity of such instruments. The carrying amounts of bank borrowings approximate their fair values because the applicable interest rates approximate current market rates.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE THREE MONTHS ENDED MARCH 31, 2009 & 2008

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS (continued)

Fair Value of Financial Instruments (continued)

It is management's opinion that the Company is not exposed to significant interest, price or credit risks arising from these financial instruments.

The Company is exposed to foreign currency risk arising from import purchase transactions and trade payables as they affect the future operating results of the Company. The Company did not have any hedging transactions during the three months ended March 31, 2009 or 2008.

Risks and Uncertainties

The Company is subject to substantial risks from, among other things, intense competition associated with the industry in general, other risks associated with financing, liquidity requirements, rapidly changing customer requirements, limited operating history, foreign currency exchange rates and the volatility of public markets.

Cash and Cash Equivalents

Cash consists of cash on hand, cash in bank accounts and interest-bearing savings accounts. Cash deposits that are restricted as to withdrawal or pledged as security, are disclosed separately on the consolidated balance sheet, and not included in cash for the purpose of the consolidated statements of cash flows.

Accounts Receivable

Allowances for doubtful accounts are maintained against accounts receivable for estimated losses resulting from the inability of customers to make required payments. These allowances are based on both recent trends of certain customers estimated to be a greater credit risk as well as general trends of the entire customer pool. Accounts are written off against the allowance when it becomes evident collection will not occur.

Inventories

Inventories are stated at the lower of cost or market. Cost is determined on a weighted average basis and includes all expenditures incurred in bringing the goods to the point of sale and putting them in a saleable condition. In assessing the ultimate realization of inventories, the management makes judgments as to future demand requirements compared to current or committed inventory levels. Our reserve requirements generally increase as our projected demand requirements; or decrease due to market conditions and product life cycle changes. The Company estimates the demand requirements based on market conditions, forecasts prepared by its customers, sales contracts and orders in hand.

In addition, the Company estimates net realizable value based on intended use, current market value and inventory ageing analyses. The Company writes down the inventories for estimated obsolescence or unmarketable inventory equal to the difference between the cost of inventories and the estimated market value based upon assumptions about

future demand and market conditions. Historically, the actual net realizable value has been close to management's estimate.

Property, Plant and Equipment

Property, plant and equipment are recorded at cost, less accumulated depreciation and amortization. Depreciation is calculated on a straight-line basis over estimated useful lives of 30 years for buildings and improvements, 10 years for machinery and equipment, 4-5 years for electronic equipment, 5 years for workshop reconstruction and assembling line reconstruction, and 5 years for transportation equipment. Expenditures for maintenance and repairs are charged to expense as incurred. Major renewals and betterments are charged to the property accounts while replacements, maintenance and repairs, which do not improve or extend the lives of the respective assets, are expensed to the current period.

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS (continued)

Capitalized Interest

Interest associated with major development and construction projects is capitalized and included in the cost of the project. When no debt is incurred specifically for a project, interest is capitalized on amounts expended on the project using weighted-average cost of the Company's outstanding borrowings. Capitalization of interest ceases when the project is substantially complete or development activity is suspended for more than a brief period.

Impairment of Long-Lived Assets

In accordance with Statement of Financial Accounting Standards (SFAS) No.144, Accounting for the Impairment or Disposal of Long-Lived Assets , the Company reviews the carrying values of long-lived assets, including property, plant and equipment and other intangible assets, whenever facts and circumstances indicate that the assets may be impaired. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net undiscounted cash flows expected to be generated by the asset. If an asset is considered impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the asset exceeds the fair value. Assets to be disposed of are reported at the lower of the carrying amount or fair value, less costs of disposal. For 2008, the Company performed an annual impairment review of long-lived assets and concluded that there was no impairment loss.

Goodwill

The Company recognizes goodwill for the excess of the purchase price over the fair value of the identifiable net assets of the business acquired. As required by SFAS No. 142, Goodwill and Other Intangible Assets, an impairment test for goodwill is undertaken by the Company at the reporting unit level annually, or more frequently if events or changes in circumstances indicate that goodwill might be impaired. As of December 31, 2008, the Company did not incur any impairment loss for goodwill.

Revenue Recognition

The Company recognizes sales in accordance with the United States Securities and Exchange Commission (SEC) Staff Accounting Bulletin (SAB) No. 101, Revenue Recognition in Financial Statements and SAB No. 104, Revenue Recognition. The Company recognizes revenue when the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) delivery has occurred or services were rendered, (iii) the price to the customer is fixed or determinable and (iv) collection of the resulting receivable is reasonably assured. Revenue is not recognized until title and risk of loss is transferred to the customer, which occurs upon delivery of goods, and objective evidence exists that customer acceptance provisions were met. Provisions for discounts and returns are provided for at the time the sale is recorded, and are recorded as a reduction of sales. The Company bases its estimates on historical experience taking into consideration the type of products sold, the type of customer, and the type of specific transaction in each arrangement. Revenues represent the invoiced value of goods, net of value added tax (VAT).

The Company does not offer promotional payments, customer coupons, rebates or other cash redemption offers to its customers. Deposits or advance payments from customers prior to delivery of goods and passage of title of goods are recorded as advanced from customers.

Income Taxes

The Company accounts for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*. Under this method, deferred income taxes are recognized for the estimated tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts and each year-end based on enacted tax laws and statutory rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established to reduce deferred tax assets to the amount expected to be realized when, in management's opinion; it is more likely than not that some portion of the deferred tax assets will not be realized. The provision for income taxes represents current taxes payable net of the change during the period in deferred tax assets and liabilities.

Operating Leases

Leases where substantially all the rewards and risks of ownership of assets remain with the leasing company that do not meet the capitalization criteria of SFAS 13, are accounted for as operating leases. Rental payables under operating leases are recognized as expenses on the straight-line basis over the lease term.

Comprehensive Income

The Company uses SFAS 130 Reporting Comprehensive Income . Comprehensive income is comprised of net income and all changes to the statements of stockholders' equity, except those due to investments by stockholders, changes in paid-in capital and distributions to stockholders.

SFAS No.130, Reporting Comprehensive Income, establishes standards for reporting and displaying comprehensive income and its components in the consolidated financial statements. Accumulated other comprehensive income (loss) includes foreign currency translation adjustments.

Long-Term Investments

The Company accounted for its 9% investment in Tianjin Tong Guang Microelectronics Co., Ltd using the cost method.

Recent Accounting Pronouncements

In December 2007, the FASB issued SFAS No. 160 Noncontrolling Interests in Consolidated Financial Statements-an amendment of ARB No. 51 . SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. The Company adopted SFAS 160 from January 1, 2009.

Certain amounts presented for prior periods that were previously designated as minority interest have been reclassified to conform to the current year presentation. Effective January 1, 2009, the Company adopted SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51, which established new standards governing the accounting for and reporting of noncontrolling interests (NCIs) in partially owned consolidated subsidiaries and the loss of control of subsidiaries. Certain provisions of this standard indicate, among other things, that NCIs (previously referred to as minority interests) be treated as a separate component of equity, not as a liability (as was previously the case); that increases and decreases in the parent's ownership interest that leave control intact be treated as equity transactions, rather than as step acquisitions or dilution gains or losses; and that losses of a partially owned consolidated subsidiary be allocated to the NCI even when such allocation might result in a deficit balance. This standard also required changes to certain presentation and disclosure requirements. The provisions of the standard were applied to all NCIs prospectively, except for the presentation and disclosure requirements, which were applied retrospectively to all periods presented. As a result, upon adoption, the Company retroactively reclassified the Minority interest balance previously included in the Other liabilities section of the consolidated balance sheet to a new component of equity with respect to NCIs in consolidated subsidiaries. The adoption also impacted certain captions previously used on the consolidated statement of income and other comprehensive income, largely identifying net income including NCI and net income attributable to China Tractor Holdings, Inc.

In December 2007, the FASB issued SFAS No. 141 (Revised) Business Combinations . SFAS 141 (Revised) establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree. The statement also provides guidance for recognizing and measuring the goodwill acquired in the business combination and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. The Company adopted SFAS 141 (Revised) on January 1, 2009. The adoption of SFAS 141 (Revised) did not have any impact on the Company's financial statements.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities an amendment of FASB Statement No. 133. SFAS 161 changes the disclosure requirements for derivative instruments and hedging activities. Entities are required to provide enhanced disclosures about (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for under SFAS 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows.

The Company adopted SFAS 161 on January 1, 2009. The adoption of SFAS 161 did not have any impact on the Company's financial statements.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE THREE MONTHS ENDED MARCH 31, 2009 & 2008

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS (continued)

Recent Accounting Pronouncements (continued)

In May 2008, the FASB issued SFAS No. 162, The Hierarchy of Generally Accepted Accounting Principles. SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of nongovernmental entities that are presented in conformity with GAAP (the GAAP hierarchy). SFAS 162 did not have an impact on the Company's financial statements.

In May 2008, the FASB issued SFAS No. 163, Accounting for Financial Guarantee Insurance Contracts, an interpretation of FASB Statement No. 60. The scope of SFAS 163 is limited to financial guarantee insurance (and reinsurance) contracts, as described in this Statement, issued by enterprises included within the scope of Statement 60. Accordingly, SFAS 163 does not apply to financial guarantee contracts issued by enterprises excluded from the scope of Statement 60 or to some insurance contracts that seem similar to financial guarantee insurance contracts issued by insurance enterprises (such as mortgage guaranty insurance or credit insurance on trade receivables). SFAS 163 also does not apply to financial guarantee insurance contracts that are derivative instruments included within the scope of FASB Statement No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS 163 was adopted on January 1, 2009 and did not have an impact on the Company's financial statements.

In January 2009, the FASB issued FSP EITF 99-20-1, Amendments to the Impairment Guidance of EITF Issue No. 99-20, and EITF Issue No. 99-20, Recognition of Interest Income and Impairment on Purchased and Retained Beneficial Interests in Securitized Financial Assets (FSP EITF 99-20-1). FSP EITF 99-20-1 changes the impairment model included within EITF 99-20 to be more consistent with the impairment model of SFAS No. 115. FSP EITF 99-20-1 achieves this by amending the impairment model in EITF 99-20 to remove its exclusive reliance on market participant estimates of future cash flows used in determining fair value. Changing the cash flows used to analyze other-than-temporary impairment from the market participant view to a holder's estimate of whether there has been a probable adverse change in estimated cash flows allows companies to apply reasonable judgment in assessing whether an other-than-temporary impairment has occurred. The adoption of FSP EITF 99-20-1 did not have a material impact on the consolidated financial statements because all of the investments in debt securities are classified as trading securities.

In April 2009, the FASB issued FSP FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (FSP FAS 157-4). FSP FAS 157-4 amends SFAS 157 and provides additional guidance for estimating fair value in accordance with SFAS 157 when the volume and level of activity for the asset or liability have significantly decreased and also includes guidance on identifying circumstances that indicate a transaction is not orderly for fair value measurements. This FSP shall be applied prospectively with retrospective application not permitted. This FSP shall be effective for interim and annual periods ending after June 15, 2009, with early adoption permitted for periods ending after March 15, 2009. An entity early adopting this FSP must also early adopt FSP FAS 115-2 and FAS 124-2, Recognition and Presentation of Other-Than-Temporary Impairments (FSP FAS 115-2 and FAS 124-2). Additionally, if an entity elects to early adopt either FSP FAS 107-1 and APB 28-1, Interim Disclosures about Fair Value of Financial Instruments (FSP FAS 107-1 and APB 28-1) or FSP FAS 115-2 and FAS 124-2, it must also elect to early adopt this FSP. The Company is currently evaluating this new FSP but does not believe that it will have a significant impact on

the determination or reporting of the financial results.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

FOR THE THREE MONTHS ENDED MARCH 31, 2009 & 2008

NOTE 1 ORGANIZATION AND PROPOSED BUSINESS OPERATIONS (continued)

Recent Accounting Pronouncements (continued)

In April 2009, the FASB issued FSP FAS 115-2 and FAS 124-2. This FSP amends SFAS 115, Accounting for Certain Investments in Debt and Equity Securities, SFAS 124, Accounting for Certain Investments Held by Not-for-Profit Organizations, and EITF Issue No. 99-20, Recognition of Interest Income and Impairment on Purchased Beneficial Interests and Beneficial Interests That Continue to Be Held by a Transferor in Securitized Financial Assets, to make the other-than-temporary impairments guidance more operational and to improve the presentation of other-than-temporary impairments in the financial statements. This FSP will replace the existing requirement that the entity's management assert it has both the intent and ability to hold an impaired debt security until recovery with a requirement that management assert it does not have the intent to sell the security, and it is more likely than not it will not have to sell the security before recovery of its cost basis. This FSP provides increased disclosure about the credit and noncredit components of impaired debt securities that are not expected to be sold and also requires increased and more frequent disclosures regarding expected cash flows, credit losses, and an aging of securities with unrealized losses. Although this FSP does not result in a change in the carrying amount of debt securities, it does require that the portion of an other-than-temporary impairment not related to a credit loss for a held-to-maturity security be recognized in a new category of other comprehensive income and be amortized over the remaining life of the debt security as an increase in the carrying value of the security. This FSP shall be effective for interim and annual periods ending after June 15, 2009, with early adoption permitted for periods ending after March 15, 2009. An entity may early adopt this FSP only if it also elects to early adopt FSP FAS 157-4. Also, if an entity elects to early adopt either FSP FAS 157-4 or FSP FAS 107-1 and APB 28-1, the entity also is required to early adopt this FSP. We are currently evaluating this new FSP but do not believe that it will have a significant impact on the determination or reporting of our financial results.

NOTE 20 OPERATING RISK

Industry risk

The industry in which we compete is a rapidly evolving, highly competitive and fragmented market driven by consumer preferences and quickly evolving technology. Increased competition may result in price reductions, reduced gross margin and loss of market share. Failure to compete successfully against current or future competitors could have a material adverse effect on the Company's business, operating results and financial condition.

Product risk of obsolescence

From the second half of year 2007, the Company began to involve in the agent business of some famous high-end smart phones. The exchange rate could fluctuate depending on changes in the political and economic environments without notice.

Political risk

Currently, PRC is in a period of growth and is openly promoting business development in order to bring more business into PRC. Additionally PRC currently allows a Chinese corporation to be owned by a United States corporation. If the laws or regulations relating to ownership of a Chinese corporation are changed by the PRC government, the Company's ability to operate the PRC subsidiaries could be affected.

Interest risk

The Company is exposed to interest rate risk arising from short-term variable rate borrowings from time to time. The Company's future interest expense will fluctuate in line with any change in borrowing rates. Description of Transaction

On January 28, 2009, Zoom and Gold Lion entered into a reverse merger agreement in which Zoom will merge with Gold Lion, a foreign investment enterprise organized under the laws of the PRC, that engages in the manufacturing, research and development, and sales of electronic components for 3rd generation mobile phones, wireless communication circuitry, GPS equipment, and related software products. A proposal to approve: (a) the acquisition by Zoom by the issuance of 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79) for 100% of Gold Lion, which is a holding company that owns (i) 100% of Jiangsu Leimone Electronics Co., Ltd., or Jiangsu Leimone, a foreign investment enterprise organized under the laws of the People's Republic of China, or PRC, which owns 51.03% of Tianjin Tong Guang Group Digital Communication Co., Ltd., or TCB Digital, a company organized under the laws of the PRC, and (ii) 100% of Profit Harvest Corporation Ltd., or Profit Harvest, a company organized under the laws of Hong Kong, and (b) the future acquisition by Zoom by the issuance of an additional 2,402,576 shares of Zoom common stock of additional shares of TCB Digital such that Zoom would own up to 80% of the outstanding shares of TCB Digital; subject to an upward adjustment that could provide for a maximum of 9,126,963 shares of Zoom common stock being issued for the acquisition of both Gold Lion and the additional 28.97% interest in TCB Digital. The acquisition is made pursuant to the Share Exchange Agreement, dated January 28, 2009, as amended on May 12, 2009, between Zoom, Gold Lion, TCB Digital, Zoom Telephonics, Inc., a wholly owned subsidiary of Zoom, and the Gold Lion shareholders. The completion of the proposed acquisition will result in the change of control of Zoom under the NASDAQ Stock Market Rules.

In this reverse merger the legal acquirer is Zoom and the accounting acquirer is Gold Lion. For purposes of preparing the unaudited pro forma condensed consolidated balance sheet and statements of operations, we have assumed the more conservative investment, therefore the issuance of the least amount of shares by Zoom, which will result in the issuance of 4,225,219 shares (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79) to acquire 100% of Gold Lion and Jiangsu Leimone and 51.03% of TCB Digital.

Prior to the reverse merger, the Zoom Telephonics operating company of Zoom Technologies will be separated from Zoom Technologies to become an independent company. The remaining Zoom Technologies entity to be merged with Gold Lion will be a Nasdaq-listed holding company with no operating entities. The remaining assets and liabilities of Zoom, if any, will be recorded at the acquisition date, at their respective fair values, and consolidated with the historical values of Gold Lion.

This information has been derived from the audited financial statements of Zoom and Gold Lion as of and for the year ended December 31, 2008 and the unaudited financial statements of Zoom and Gold Lion as of and for the quarter ended March 31, 2009. The financial statements of Zoom Technologies are included in the Zoom 2008 10-K which was filed with the S.E.C. on March 12, 2009 and the Zoom Q1 2009 10-Q which was filed with the S.E.C. on May 15, 2009. For the period before June 30, 2008, the statements of operation of Gold Lion reported the results of operations of the digital project department as discontinued operations. The digital project department was sold at its net book value, which amounted to \$1,669,674. Equity adjustments

The equity adjustments reflect the issuance of 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79) for 100% of the equity of Gold Lion.

THE ZOOM SPECIAL MEETING

We are furnishing this proxy statement to our stockholders as part of the solicitation of proxies by our board of directors for use at the special meeting in connection with the proposed acquisition of Gold Lion. This document provides you with the information you need to know to be able to vote or instruct your vote to be cast at the special meeting.

Date, Time and Place. Zoom will hold the special meeting at 9:30 a.m. Eastern daylight time on September 8, 2009 at Zoom's offices located at 207 South Street, Boston, Massachusetts 02111, to consider and vote upon each of the proposals.

Purpose. At the special meeting, holders of our common stock will be asked to approve:

1.

The Acquisition Proposal. A proposal to approve: (a) the acquisition by Zoom by the issuance of 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79) for 100% of Gold Lion, and (b) the future acquisition by Zoom by the issuance of an additional 2,402,576 shares of Zoom common stock of additional shares of TCB Digital such that Zoom would own up to 80% of the outstanding shares of TCB Digital; subject to an upward adjustment that could provide for a maximum of 9,126,963 shares of Zoom common stock being issued for the acquisition of both Gold Lion and the additional 28.97% interest in TCB Digital. The completion of the proposed acquisition will result in the change of control of Zoom under the NASDAQ Stock Market Rules. If approved, the acquisition will take place within 30 days of the special meeting.

2.

The Name Change Proposal. To approve the amendment to our certificate of incorporation to change our name from and after the closing of the acquisition to Leimone United, Inc.

3.

The Adjournment Proposal. To approve any adjournment of the special meeting for the purpose of soliciting additional proxies.

Our board of directors has unanimously determined that the acquisition and the other proposals are fair to and in the best interests of Zoom and its stockholders, approved and declared each of them advisable, adopted resolutions approving the acquisition and setting forth the terms thereof, and recommends that our stockholders vote FOR (a) the Acquisition Proposal, (b) the Name Change Proposal and (c) the Adjournment Proposal.

The special meeting has been called only to consider approval of the above proposals. Under Delaware law and our bylaws, no other business may be transacted at the special meeting.

Record Date; Who Is Entitled to Vote. The record date for the special meeting is August 6, 2009. Record holders of our common stock at the close of business on the record date are entitled to vote or have their votes cast at the special meeting. On the record date, there were 1,959,378 outstanding shares of common stock. Each share of common stock is entitled to one vote per proposal at the special meeting.

Vote Required. Approval of the Acquisition Proposal and the Adjournment Proposal requires the affirmative vote of the holders of a majority of our common stock, present in person at the meeting or represented by a proxy and entitled to vote thereon. Approval of the Name Change Proposal requires the affirmative vote of a majority of the outstanding shares of common stock.

All of our executive officers and directors have agreed to vote the shares held by them in favor of the Acquisition Proposal. As of the date of this proxy statement, our executive officers and directors held an aggregate of 268,586 shares of our common stock, or 14% of our outstanding shares of common stock.

Abstentions; Broker Non-Votes. A broker non-vote (which is described in the next paragraph) will have no effect on the Acquisition Proposal or the Adjournment Proposal vote, but an abstention will have the effect of a vote against such proposals. With respect to the Name Change Proposal, an abstention or a broker non-vote will have the same effect as a vote against the proposal.

A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner and does not have discretionary authority to vote on the proposal. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. The matters

currently planned to be considered by the stockholders are not routine matters. As a result, brokers can only vote the shares if they have instructions to do so.

Voting Your Shares. Each share of common stock that you own in your name entitles you to one vote per proposal. Your proxy card shows the number of shares you own.

There are three ways for holders of record to have their shares represented and voted at the special meeting:

By signing and returning the enclosed proxy card. If you duly sign and return a proxy card, your proxy, whose names are listed on the proxy card, will vote your shares as you instruct on the card. If you sign and return the proxy card, but do not give instructions on how to vote your shares, your shares will be voted as recommended by our board of directors, which is FOR approval of each proposal.

By telephone or on the internet. You can submit a proxy to vote your shares by following the telephone or internet voting instructions included with your proxy card. If you do, you should not return the proxy card.

You can attend the special meeting and vote in person. We will give you a ballot when you arrive at the special meeting. However, if your shares are held in the street name of your broker, bank or another nominee, you must get a proxy from the broker, bank or other nominee. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares.

Questions About Voting. If you have any questions about how to vote or direct a vote in respect of your common stock, you may call Investor Relations at 617-753-0897. You may also want to consult your financial and other advisors about the vote.

Revoking Your Proxy and Changing Your Vote. If you give a proxy, you may revoke it or change your voting instructions at any time before it is exercised by:

- .
- if you have already sent in a proxy, sending another proxy card with a later date;
- .
- if you voted by telephone, calling the same number and following the instructions;
- .
- if you voted by internet, you must contact your broker, which will in turn contact Broadridge, our brokerage service provider, to revoke your proxy;
- .
- notifying Zoom in writing before the special meeting that you have revoked your proxy; or
- .

attending the special meeting, revoking your proxy and voting in person.

If your shares are held in street name, consult your broker for instructions on how to revoke your proxy or change your vote.

Solicitation Costs. We are soliciting proxies on behalf of our board of directors. We will bear all costs and expenses associated with printing and mailing this proxy statement, as well as all fees paid to the SEC. This solicitation is being made by mail, but also may be made in person or by telephone or other electronic means. We and our respective directors, officers, employees and consultants may also solicit proxies in person or by mail, telephone or other electronic means. In addition, Gold Lion shareholders, officers and directors may solicit proxies in person or by mail, telephone or other electronic means on our behalf. These persons will not receive any additional compensation for these solicitation activities.

We have not hired a firm to assist in the proxy solicitation process but may do so if it deems this assistance necessary. We will pay all fees and expenses related to the retention of any proxy solicitation firm.

We will ask banks, brokers and other institutions, nominees and fiduciaries to forward our proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. We will reimburse them for their reasonable expenses.

Stock Ownership. Information concerning the holdings of certain Zoom stockholders is set forth under Beneficial Ownership of Securities.

THE ACQUISITION PROPOSAL

General Description of the Acquisition

The following discussion of the principal terms of the share exchange agreement, as amended, is subject to, and is qualified in its entirety by reference to, the share exchange agreement. A copy of the share exchange agreement, as amended, is attached as Annexes A and A-1 to this proxy statement and is incorporated by reference into this proxy statement.

The share exchange agreement provides for an acquisition transaction in which Zoom would acquire from the Gold Lion shareholders 100% of Gold Lion's outstanding capital stock in exchange for 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79). Gold Lion is a holding company that owns (i) 100% of Jiangsu Leimone, which in turn owns 51.03% of the outstanding capital stock of TCB Digital, and (ii) 100% of Profit Harvest. Further, Zoom has agreed with Mr. Gu, the holder of an option to acquire an additional 28.97% of the outstanding capital stock of TCB Digital, to provide him with the option to exchange the additional 28.97% TCB Digital interest for the issuance by Zoom of an additional 2,402,576 shares of Zoom common stock.

The number of shares issuable to the Gold Lion shareholders for Gold Lion would increase to 5,818,439 shares of Zoom common stock, and the number of shares issuable for the additional 28.97% interest in TCB Digital would increase to 3,308,524 shares of Zoom common, if either: (a) as of the date the Zoom stockholders approve the acquisition, Zoom's common stock is not listed on the NASDAQ Capital Market or (b) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days after the closing of the share exchange agreement. Upon the execution of the share exchange agreement, Gold Lion was entitled to and Zoom issued 90,000 shares of common stock as consideration for the execution of the share exchange agreement.

The share exchange agreement also provides Zoom with purchase options to acquire from Mr. Gu five other companies that are wholly owned or majority owned by Gu, or the Leimone Companies, with the option price of each company based on the higher of a minimum price or a multiple of that company's net income.

Background of the Acquisition

The terms of the share exchange agreement are the result of arm's-length negotiations between representatives of Zoom and Gold Lion. The following is a brief discussion of the background of these negotiations, the share exchange agreement and related transactions.

The terms of the merger agreement are the result of arm's-length negotiations between representatives of Zoom, Leo Gu, and advisors to Leo Gu. Leo Gu is the Chief Executive Officer of the Leimone Group, and the largest shareholder of Gold Lion, TCB Digital, and a number of other Leimone Group companies.

On November 26, 2007 Zoom signed an investment banking agreement with Hina, a China-based investment banker. Hina then proceeded to explore strategic alternatives in China for Zoom. Hina identified 74 companies in China with a possible strategic fit for Zoom. After Hina conducted preliminary research on these companies to determine fit, Hina contacted 28 companies. Zoom exchanged preliminary information with 16 of these companies, and had further preliminary discussions with five of these companies. After these preliminary discussions, the Leimone Group was

the only entity with which Zoom had mutual interest in expanded discussions. During its discussions with the Leimone Group, Zoom had discussions with three other Asian companies, two based in China and one based in Korea, about a possible strategic transaction. Hina assisted with these contacts as well. Zoom management reviewed each of the three situations, and in each case, decided that the prospects were not good enough to warrant the time and resources necessary to pursue them.

On January 23, 2008 Zoom was introduced to the Leimone Group by Hina during a telephone conversation that included Weichou Su of Hina, Leo Gu and Kit Choy of the Leimone Group, and Mr. Manning of Zoom. Kit Choy is a senior advisor to Leo Gu and a director of Gold Lion. During that January 23 call and in subsequent conversations, Zoom and the Leimone Group exchanged information and discussed a possible merger. Mr. Manning first discussed the Leimone Group with Zoom's board of directors on February 11, 2008, with further discussions with the board of directors occurring throughout the remainder of 2008 and January 2009. Zoom's board supported exploration of a possible transaction with Leimone Group.

On February 14, 2008 Mr. Gu and Mr. Choy visited Zoom's headquarters in Boston. They provided information about TCB Digital and the other Leimone Group companies to Zoom's senior staff, and Zoom provided information about itself to Mr. Gu and Mr. Choy.

In subsequent months, the parties continued to explore the possibility of and the preliminary terms surrounding a possible merger.

On March 23, 2008, Mr. Manning and Paul Prohodski, Zoom's director of Manufacturing, Quality Control, and Customer Support, met at Hina's Beijing offices with Hina and with Mr. Patrick Ko of FirsTrust Group, an investment banker for Leimone. The parties continued to explore a potential merger between the companies. On March 24, 2008, Mr. Manning and Mr. Prohodski toured the TCB Digital facility in Tianjin, including the manufacturing facility, and met with the Mr. Gu, Mr. Choy, and the senior staff of TCB Digital. On March 25, 2008 Mr. Prohodski toured the facilities of Spreadbridge, one of the Leimone Group companies, and met with their senior management. On March 25, 2008 Mr. Manning met at Hina's offices with Mr. Gu, Mr. Choy, and representatives of Hina and FirsTrust. In that meeting the parties discussed the potential merger of Zoom and TCB Digital, as well as the potential future acquisitions by Zoom of other companies owned by Mr. Gu by granting Zoom options to acquire such additional companies. Zoom believed this approach would provide a clear path to a highly integrated company, with the flexibility for Zoom's board to decide whether it should exercise its option for any particular company.

In subsequent months the parties continued to explore a possible transaction. Zoom's board of directors met several times during this period, and Mr. Manning continued to update Zoom's board on the potential transaction.

In May 2008 the parties outlined a possible merger transaction in which 80% of TCB Digital would be owned by Zoom in exchange for 60% of Zoom on a post-combination basis. This preliminary outline contemplated options on six other companies controlled by Leo Gu, as described above. The option period was typically about eight months, and varied based on the expected sales curve of each company. The parties agreed on a minimum price for each company to prevent an option at too low a purchase price if earnings were low, and also agreed on a multiple that was viewed as a discount off the typical multiple for companies in the optioned company's industry. That multiple was mutually agreed with the help of research done by Hina and FirsTrust Group.

Mr. Gu informed Zoom's representatives that it was important to the Gold Lion shareholders that Zoom attempt to remain on the Nasdaq Stock Market after the transaction. The parties agreed that the combination was likely to be viewed as a change of control by Nasdaq, which would require the combined company to meet Nasdaq's initial listing requirements.

On July 5, 2008 Mr. Manning met at Hina's Beijing offices with Mr. Gu, Mr. Choy, and representatives of Hina and FirsTrust to review the transaction.

During the negotiations, Zoom continued to report losses from its operations that the parties believed may jeopardize the chances of the post-combination entity to remain on the Nasdaq Stock Market. On November 11, 2008 Mr. Manning proposed to Gold Lion that Zoom acquire Gold Lion and that Zoom Telephonics, the operating subsidiary of Zoom, be spun off from Zoom at the time of the combination. In connection with the spin off, the parties discussed entering into a licensing agreement that would allow the companies to work together and to benefit from the combination, notwithstanding the separation of the companies. The purpose of the structure was, in part: (a) to allow Zoom Telephonics' management team, which is based in the United States, to focus on the current USA-headquartered business; (b) to allow Zoom Telephonics to provide its employees stock-based incentives linked solely to the operations of Zoom Telephonics, as opposed to the overall post-acquisition China-based operations, which would be

primarily Gold Lion's operations; and (c) to allow Zoom Telephonics to pursue financing arrangements based solely on the merits of its business, as opposed to the overall post-acquisition Zoom operations. Furthermore, by separating the two entities, Zoom believed that it was more likely that post-acquisition Zoom would meet the initial listing requirements of the Nasdaq Stock Market, although the parties acknowledged that there was no assurance that such listing would be achieved.

The parties each discussed the spin off structure with their professional advisors, and the parties agreed to pursue an agreement based on the spin off structure. Zoom management initially proposed that the TCB Digital shareholders receive 60% of the post-combination Zoom based on Zoom acquiring 80% of TCB Digital. Leimone proposed that it receive 90% of the post-combination entity, which proposal Zoom rejected. After several discussions, in November 2008, Leimone proposed that based on Zoom acquiring 80% of TCB Digital the TCB Digital shareholders receive 78% of the post-combination entity, with a proportionate reduction to the extent that

Zoom acquire only the 51% interest in TCB Digital. On November 28, 2008, the parties agreed to the foregoing. In December 2008 the parties further agreed that Zoom would issue additional shares of Zoom common stock to the TCB Digital shareholders if Zoom did not stay on the Nasdaq Stock Market upon completion of the transaction such that, based on Zoom acquiring 80% of TCB Digital, the TCB Digital shareholders receive 83% of the post-combination entity if Zoom did not stay on the Nasdaq Stock Market upon completion of the transaction.

During December 2008 and January 2009, the parties exchanged various drafts of the share exchange agreement and completed their due diligence. On January 28, 2009, Zoom announced that it had entered into a definitive share exchange agreement to acquire up to 80% of TCB Digital through the purchase of Jiangsu Leimone, which held 51.03% of TCB Digital and through the potential purchase from Mr. Gu of an additional 28.97% of TCB Digital.

In order to encompass Profit Harvest which is a sales and marketing entity for the group, on May 12, 2009, the parties agreed to restructure the transaction such that Zoom would acquire Gold Lion, which owns 100% of Profit Harvest and also 100% of Jiangsu Leimone.

Interests of Zoom Officers and Directors in the Acquisition

When you consider the unanimous recommendation of our board of directors in favor of adoption of the Acquisition Proposal, you should keep in mind that our executive officers and members of our board of directors have interests in the transaction that are different from, or in addition to, your interests as a stockholder. These interests include, among other things:

.

As discussed in the Summary Option Modifications, all of our options, including those held by our executive officers and directors, will be modified such that the vesting provisions provided in such options that requires the continued service of the holder to Zoom or its subsidiaries to vest shall thereafter continue to vest in accordance with the vesting schedule included in the option without the need for the holder to continue to provide service to Zoom or its subsidiaries. This means that our officers and directors will retain the rights associated with their options, even though they will no longer be required to provide services to Zoom.

.

Upon completion of the spin-off, we anticipate that each of our current executive officers and directors will hold similar positions in Zoom Telephonics. Further, it is likely that Zoom Telephonics will issue its employees and directors new options to purchase Zoom Telephonics common stock upon completion of the spin-off.

.

Upon completion of the acquisition, Peter Kramer, Bernard Furman, Ronald Woods and Joseph Donovan will resign as directors of Zoom. After the acquisition, Messrs. Kramer, Furman, Woods and Donovan have agreed to cooperate with the combined company's management in its transition, including the provision of any historical information about Zoom that the combined company may need in connection with future capital raising transactions. These individuals will not receive any cash compensation for their services to the combined company, but will each receive an option to acquire 7,500 shares of the combined company at an exercise price equal to the closing price of Zoom's common stock on the closing date of the acquisition.

Zoom's Reasons for the Acquisition and Recommendation of the Zoom Board

Zoom's board of directors unanimously concluded that the share exchange agreement is in the best interests of Zoom's stockholders. The Zoom board of directors did not obtain a fairness opinion on which to base its assessment.

In determining the acquisition consideration for the transaction, Zoom's Board focused on two primary values that Zoom shareholders would have if the acquisition occurred, namely the value of their stock in the combined company and the value of their stock in the spun-off company.

If Zoom stayed on Nasdaq at the time of the merger, Zoom's pre-transaction shareholders would get 30.67% of the combined company, which would own 51.03% of TCB Digital.

In considering the combined companies, Zoom's Board believed that the most important China asset in the transaction was TCB Digital. During the negotiations, TCB Digital's management provided Zoom with projections for fiscal year 2008. The projections were that TCB Digital would have earnings of \$3 million on revenues of approximately \$50 million. The share exchange agreement was subsequently amended on May 12, 2009, such that Gold Lion, TCB Digital's parent company, replaced TCB Digital as the

acquisition target. For the year ended December 31, 2008, Gold Lion, which includes TCB Digital, had actual earnings of approximately \$2.82 million on revenues of approximately \$80.6 million.

To determine the appropriate earnings multiple for TCB Digital, the original acquisition target under the share exchange agreement, Zoom's management conducted an analysis of companies Zoom subjectively believed were similar to TCB Digital based on the type of business conducted by such companies. Management analyzed five publicly traded electronics/telecommunications manufacturing companies: Benchmark Electronics, Inc., NamTai Electronics, Inc., SigmaTron International Inc., Plexus Corp. and Jabil Circuit Inc. Zoom's subjective belief is that these companies represent a good cross-section of the electronics/telecommunications manufacturing market.

Zoom calculated the price earnings multiple for these five companies using the April 15, 2008 stock price and the trailing four quarters of reported earnings. The table below sets forth the earnings multiples for such companies.

Comparable Companies	Multiple
<i>Benchmark Electronics, Inc.</i>	<i>14.3 x</i>
<i>NamTai Electronics, Inc.</i>	<i>6.2 x</i>
<i>SigmaTron International Inc.</i>	<i>0.6 x</i>
<i>Plexus Corp</i>	<i>15.2 x</i>
<i>Jabil Circuit Inc.</i>	<i>36.9 x</i>
	<i>Median = 14.3x</i>

After looking at the above public companies, which had a median earnings multiple of 14.3x, with a high of 36.9x and a low of 0.6x, we decided that a conservative earnings multiple for this type of company was 6. This meant that the value for the current shareholders based on the projected earnings would be at least (\$3 million x 6 x 51.03% x 30.67%), which is \$2.82 million or \$1.51 per share.

If an option was exercised whereby the combined company owned 80% of TCB Digital and if Zoom stayed on Nasdaq, Zoom's pre-transaction shareholders would get 22% of the combined company. Again using a conservative earnings multiple of 6, Zoom estimated this value to be at least (\$3 million x 6 x 80% x 22%), which is \$3.17 million or \$1.69 per share.

Thus Zoom viewed the value of the acquisition to Zoom's shareholders to be at least \$2.82 million or \$1.51 per share if Zoom stayed on Nasdaq. If Zoom did not stay on Nasdaq and TCB Digital met certain criteria, then Zoom's current shareholders would get further diluted, resulting in an estimated worst case value of the transaction as (\$3 million x 6 x 51.03% x 24%), which is \$2.20 million or \$1.18 per share.

Zoom then looked at the fact that the spun-off company would retain most assets and liabilities, while giving up its Nasdaq listing and licensing certain trademark rights. Zoom's pre-transaction shareholders would own 100% of this spun-off company, further increasing the value of this transaction to them. Zoom believes the spun-off company would also have an opportunity for better access to China markets due to its business relationship with the post-acquisition company, Leimone United.

Zoom's Board also noted that Zoom stock had traded under \$1 from October 10, 2008 through January 16, 2009, although its stock price had risen prior to the execution of the share exchange agreement on January 28, 2009.

As described below, Zoom's board of directors considered both the potential advantages and potential disadvantages of the Gold Lion acquisition.

Potential Advantages of the Gold Lion Acquisition

In considering and deciding to enter into the share exchange agreement, Zoom's board of directors gave considerable weight to the positive factors discussed below, and they also considered the negative factors discussed under the heading Potential Disadvantages of the Gold Lion Acquisition.

.
Zoom's stockholders receive an ownership interest in Gold Lion, while retaining their existing percentage ownership interest in the current business of Zoom through the spin-off of Zoom Telephonics as a separate, publicly-traded company.

.
Zoom's stockholders receive an ownership interest in Gold Lion, which is currently a more profitable entity than Zoom, and which Zoom's management believes has future growth potential.

.
Zoom Telephonics and Zoom will enter into a license agreement that Zoom's management believes will be beneficial to both entities.

Potential Disadvantages of the Gold Lion Acquisition

The Zoom board of directors evaluated potential disadvantages of entering into the share exchange agreement, as discussed below. They were not able to identify any factors associated specifically with the Gold lion acquisition that outweighed the advantages of the Gold Lion acquisition.

.
Zoom Telephonics will begin trading on the OTC Bulletin Board, as opposed to the NASDAQ Capital Market, which is the exchange on which Zoom's common stock is currently traded. The OTC Bulletin Board does not provide certain investor protections as compared to the NASDAQ Capital Market. For example, issuers traded on the NASDAQ Capital Market must meet strict corporate governance requirements, such as the requirement to maintain an independent board of directors, as well as independent audit, compensation and nominating committees.

.
Although Zoom's common stock is currently traded on the NASDAQ Capital Market, it will need to re-apply to NASDAQ to retain its listing upon completion of the acquisition with Gold Lion. NASDAQ's approval will require that the post-acquisition entity meet NASDAQ's initial listing requirements. If the post-acquisition entity is unable to meet NASDAQ's initial listing requirements, Zoom will no longer trade on the NASDAQ Capital Market and will trade on the OTC Bulletin Board. In addition, if the post-acquisition entity is unable to meet NASDAQ's initial listing requirements, Zoom will be required to issue the NASDAQ Additional Consideration Shares, which will reduce Zoom's stockholders ownership interest in Zoom.

.
As a company traded on the OTC Bulletin Board, Zoom Telephonics may have more difficulty raising capital or otherwise financing its operations.

Upon the completion of the acquisition, the shareholders of Gold Lion will own a majority of Zoom's outstanding common stock. As such, they will be in a position to control substantially all matters requiring approval by Zoom's stockholders, including the election of a majority of Zoom's directors and the approval of other business transactions.

The Zoom board of directors concluded that, after the Gold Lion acquisition and spin-off is complete, the overall advantages to Zoom's stockholders would overcome the disadvantages that the board of directors had identified in its analysis.

Fees and Expenses

All fees and expenses incurred in connection with the share exchange agreement will be paid by the party incurring such expenses whether or not the share exchange agreement is consummated. We anticipate that we will incur total transaction costs of approximately \$[]. Such costs do not include transaction costs of approximately \$[] anticipated to be incurred by Gold Lion. If the acquisition is completed, these Gold Lion costs would ultimately diminish the cash resources of the combined company after the acquisition.

Material Federal Income Tax Consequences of the Acquisition

The following section is a summary regarding material United States federal income tax consequences of the acquisition to holders of Zoom common stock. This discussion addresses only those Zoom security holders that hold their securities as a capital asset within the meaning of Section 1221 of the Internal Revenue Code of 1986, as amended (the Code), and does not address all the United States federal income tax consequences that may be relevant to particular holders in light of their individual circumstances or to holders that are subject to special rules, such as:

.
financial institutions;

investors in pass-through entities;

tax-exempt organizations;

dealers in securities or currencies;

traders in securities that elect to use a mark to market method of accounting;

persons that hold Zoom common stock as part of a straddle, hedge, constructive sale or conversion transaction; and

persons who are not citizens or residents of the United States

This summary of material federal income tax consequences is based upon the Code, applicable treasury regulations thereunder, published rulings and court decisions, all as currently in effect as of the date hereof, and all of which are subject to change, possibly with retroactive effect. Tax considerations under state, local and foreign laws, or federal laws other than those pertaining to the income tax, are not addressed.

Neither Zoom nor Gold Lion intends to request any ruling from the Internal Revenue Service as to the United States federal income tax consequences of the acquisition.

It is anticipated that the acquisition will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code and no gain or loss will be recognized by Zoom or Gold Lion as a result of the acquisition.

This discussion is intended to provide all material United States federal income tax consequences of the acquisition to Zoom and its stockholders who hold their stock as a capital asset. This discussion is not a complete analysis or description of all potential United States federal tax consequences of the acquisition to other holders who are subject to special rules. It does not address any non-income tax or any foreign, state or local tax consequences of the acquisition. Accordingly, you are strongly urged to consult with your tax advisor to determine the particular United States federal, state, local or foreign income or other tax consequences to you of the acquisition.

Anticipated Accounting Treatment

The Gold Lion acquisition will be accounted for as a reverse merger, whereby Gold Lion will be the continuing entity for financial reporting purposes and will be deemed to be the acquirer of Zoom. The acquisition is being accounted for

as a reverse merger because after the acquisition the former shareholders of Gold Lion will hold the majority of the outstanding shares of Zoom and will have the ability to initially appoint the majority of the members of the board of directors of Zoom.

In accordance with the applicable accounting guidance for accounting for the acquisition as a reverse merger, first Gold Lion will be deemed to have undergone a recapitalization, whereby its outstanding ordinary shares were converted into shares of Zoom common stock. Immediately thereafter Gold Lion, which is the continuing accounting entity, will have been deemed to have acquired the assets and assumed the liabilities of Zoom in exchange for the issuance of the Zoom shares. However, because of the spin-out of essentially all the assets and liabilities of Zoom to the Zoom shareholders, the proposed transaction will have no impact on the historical assets and liabilities of Gold Lion.

Regulatory Matters

The acquisition and the transactions contemplated by the share exchange agreement are not subject to any additional federal or state regulatory requirements or approvals, including the Hart-Scott-Rodino Antitrust Improvements Act of 1976, or HSR Act.

THE SHARE EXCHANGE AGREEMENT

The discussion in this proxy statement of the acquisition and the principal terms of the share exchange agreement described below are qualified in their entirety by reference to the copy of the share exchange agreement attached as Annex A, as amended in Annex A-1, hereto and incorporated herein by reference. The following description summarizes the material provisions of the share exchange agreement, which agreement we urge you to read carefully because it is the principal legal document that governs the acquisition.

The representations and warranties described below and included in the share exchange agreement were made by Zoom, Zoom Telephonics, TCB Digital and certain of the Gold Lion shareholders as of specific dates. The assertions embodied in these representations and warranties are subject to important qualifications and limitations agreed to by the parties in connection with negotiating the share exchange agreement. The representations and warranties may also be subject to a contractual standard of materiality that may be different from what may be viewed as material to stockholders, or may have been used for the purpose of allocating risk among the parties. The share exchange agreement is described in this proxy statement and included as Annex A, as amended in Annex A-1, only to provide you with information regarding its terms and conditions at the time it was entered into by the parties. Accordingly, you should read the representations and warranties in the share exchange agreement not in isolation but rather in conjunction with the other information contained in this document.

Basic Deal Terms

The share exchange agreement provides for an acquisition transaction in which Zoom would acquire from the Gold Lion shareholders 100% of Gold Lion's outstanding capital stock in exchange for 4,225,219 shares of Zoom common stock (aggregate value based on per share price as of June 17, 2009: \$5,957,558.79). Gold Lion is a holding company that owns (i) 100% of Jiangsu Leimone, which in turn owns 51.03% of the outstanding capital stock of TCB Digital, and (ii) 100% of Profit Harvest. Further, Zoom has agreed with Mr. Gu, the holder of an option to acquire an additional 28.97% of the outstanding capital stock of TCB Digital, to provide him with the option to exchange the additional 28.97% TCB Digital interest for the issuance by Zoom of an additional 2,402,576 shares of Zoom common stock.

The number of shares issuable to the Gold Lion shareholders for Gold Lion would increase to 5,818,439 shares of Zoom common stock, and the number of shares issuable for the additional 28.97% interest in TCB Digital would increase to 3,308,524 shares of Zoom common, if either: (a) as of the date the Zoom stockholders approve the acquisition, Zoom's common stock is not listed on the NASDAQ Capital Market or (b) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days after the closing of the share exchange agreement. We refer to the requirement to issue the additional shares as the NASDAQ Additional Consideration Shares. Upon the execution of the share exchange agreement, Gold Lion was entitled to and Zoom issued 90,000 shares of common stock as consideration for the execution of the share exchange agreement.

The share exchange agreement also provides Zoom with purchase options to acquire from Mr. Gu five other companies that are wholly owned or majority owned by Gu, or the Leimone Companies, with the option price of each company based on the higher of a minimum price or a multiple of that company's net income.

The following table sets forth the post-acquisition percentage ownership of Zoom by Zoom's current stockholders and by the Gold Lion shareholders under the various acquisition potential scenarios:

	Percentage of Zoom owned by Gold Lion shareholders	Percentage of Zoom owned by Zoom's current stockholders
Zoom acquires Gold Lion (and not the additional 28.97% interest in TCB Digital) and does not issue the NASDAQ Additional Consideration Shares	69.3%	30.7%

Sale and Marketing

Mobile Phone Business

TCB Digital markets its mobile phone products via two different strategies. One approach is to develop and manufacture mobile phones for mobile phone OEM customers. In this approach, based on a customer's requirements and specifications TCB Digital develops, manufactures and ships the finished mobile product to the customer under the customer's brand. TCB Digital has developed several strategic mobile phone OEM customers in China including SK Telecom, CECT, Daxian, and Orsus Xelent.

TCB Digital's second approach is to sell its mobile phones under its Leimone brand name. For sales of its Leimone-branded mobile phone handsets, TCB Digital has distributors and after-sales service centers at the national level, provincial level and municipal level in 31 locations in China. Those distributors cover approximately 5% of all local distributors and 10% of all retail stores in China.

The market potential in tier 3 and tier 4 cities (population from 2,000,000 down to 600,000) in China has been growing significantly. TCB Digital has adjusted its distribution strategy to directly sell products not only to distributors at the provincial level, but also to agents at the municipal level in some provinces. TCB Digital believes these municipal agents are better adapted than the provincial distributors to extend their distribution networks into tier 3 and tier 4 markets.

TCB Digital has commenced the export of mobile phones to overseas markets by setting up a sales office in Hong Kong to promote sales of mobile phones in those countries. TCB Digital is also actively participating in bids held by China Mobile, China Telecom and China Unicom in order to directly sell a large volume of mobile phones to these large mobile operators.

EMS Business

TCB Digital started providing EMS services to electronic product and mobile phone product OEM customers in 1999. Over the past 9 years, TCB Digital has been successfully providing EMS to many domestic and global customers. TCB Digital believes it has a well-established sales and support network throughout the country that provides effective and comprehensive after-sales services.

Competition

The market for mobile phone product is intensely competitive. Most of TCB Digital's competition comes from Chinese mobile phone manufacturers. TCB Digital believes that its competitive advantages include its experience in the telecommunications terminal area, its extensive distribution network, its powerful in-house and external research and development capacity, and its reputation. For the EMS business area, competition is from other EMS providers based in Northern China. TCB Digital believes that its competitive advantage include its quality control and wide range of customized services.

Employees

Currently TCB Digital has approximately 1,200 total employees, mostly based in Tianjin city, including approximately 700 EMS manufacturing operators, 100 sales executives, 80 research and development engineers, 90 after-sales service technicians, and other support staff and management personnel. JS Leimone currently has approximately 200 persons in Nantong, Jiangsu Province.

Industry

Mobile phone user growth analysis

According to the International Telecom Union (ITU), the number of mobile phone subscribers worldwide exceeded 4.1 billion at the end of 2008, up from 1 billion in 2002. Developing nations remain to be the fastest growing markets, and the mobile phone penetration rate reached 50 worldwide. The number of mobile phone subscribers in China has reached 400 million by the end of 2008.

Mobile phone production landscape in 2008

According to China's Ministry of Industry and Information Technology ("MIIT"), China produced over 279 million mobile phones in the first half of 2008, and such production volume represented an increase of 21.2% over the first half of 2007. The strong demand from China's domestic market was the driving force behind the growth in production volume. In China, mobile phones are being developed and manufactured in three major areas: the Beijing-Tianjin area in Northern China, the Yangzi River Delta in the middle of China, and the Pearl River Delta in Southern China. These three areas have developed a substantial international competitive advantage in the mobile phone industry. A large number of mobile phone design houses, mobile phone manufacturers, and mobile phone components and accessory manufacturers are active in China. According to MIIT, the number of China based mobile phone manufacturers has increased by 66.7% to 115 companies at the end of 2007, with production capacity reaching 600 million sets annually.

Foreign Manufacturers

In China market, foreign brand mobile phone manufacturers are still dominating the industry although their volume steadily declined in recent years. In the first half of 2008, according to MIIT, the top five mobile phone manufacturers by volume were: Nokia, Samsung, Motorola, LG and Sony-Ericsson. Their combined amount was 70.97% of the total mobile phone production volume in China. This number decreased by 7.3% as compared to the first half of 2007. Among these five companies, Samsung and Sony-Ericsson had significant growth in volume while Motorola experienced a rapid decline.

Domestic Manufacturers

There are over 100 domestic mobile phone manufacturers in China. However, most of them are small and generally can only compete in niche markets. According to a report from the China Center for Information Industry Development (CCID), mobile phone production volume from Nokia, Samsung, and Sony-Ericsson is 59.32% of the total mobile phone production volume in China in 2007. TCB Digital believes most domestic manufacturers lack competitiveness and these companies focus on short term product development, resulting in relatively slow growth. In the first half of 2008, according to CCID, less than 30% of the total China mobile phone production volume came from domestic mobile phone manufacturers while the number of these manufacturers counted for 85% of the total number of mobile phone manufacturers in China.

China Domestic Mobile Phone Sales in first half of 2008

According to CCID's report, the total sales volume of mobile phones in China was 96.40 million sets in the first half of 2008, up 17.52% as compared to the same period in 2007. The major contribution to the growth came from the increasing number of new mobile phone users and mobile phone replacement consumers. According to a report from MIIT, as of June 2008 China's mobile phone service subscriber accounts reached 601 million, representing an increase of 53.45 million in the first half of 2008.

In China, Nokia is ranked as the number one brand in terms of GSM mobile phone sales volume. Nokia continues to broaden its distribution network while making effective adjustments to pricing, further solidifies its control of the low end mobile phone market, and continues to remain the dominant player in the marketplace. In general, the combined sales volume of Nokia, Samsung and Motorola account for about 2/3 of the total China mobile phone sales volume. Nokia's market share is 41.02% in 2008 while other brands are far behind it. At the same time, several China domestic mobile phone vendors such as K-Touch have successfully penetrated the county level and rural area GSM mobile phone markets, and their market share is gradually increasing.

With respect to the CDMA handset market, China domestic brands have slightly more than 50% of the total CDMA handset market in 2008. ZTE, Samsung, and Huawei are the top three CDMA mobile phone brands in China. Samsung and Huawei together represent over 25% share of the total domestic CDMA handset market. ZTE and Huawei have been focusing on the CDMA handset market, which is not viewed as a major market by foreign brands. Both ZTE and Huawei have accumulated tremendous experience in the development and technology of CDMA handsets.

Mobile Phone Export in First Half of 2008

According to CCID's report, China exported 182 million sets of mobile phones in the first half of 2008, up 22.74% as compared to the first half of 2007. Export volume was 65.1% of the total production volume in China in the first half

of 2008. China is still the largest mobile phone exporter.

Most exported mobile phones are under the foreign vendors' brand name such as Nokia, Motorola and so forth. In the first half of 2008, the combined mobile phone export volume from Nokia, Samsung, Motorola, LG and Sony-Ericsson exceeded 70% of the total China mobile phone export volume. Most China domestic mobile phone manufacturing companies are OEM manufacturers for major foreign brands. There are many China domestic mobile phone brands trying to be exported to other countries, and only a few of them have significant export volume. Big domestic mobile phone export volume mainly came from vendors like Huawei, ZTE, TCL and Haier. Other domestic mobile phone manufacturers' export volumes are quite small. High-quality product requirements, good after-sales service requirements, and the importance of recognized brands are the major reasons preventing a rapid growth in the exporting of China domestically manufactured mobile phones.

Year 2009 Forecast

According to iCandata, China has produced 79.67 million mobile phones in the first 2 months of 2009, representing a decreased of 11.25m units as compared to the same period in 2008. Global mobile phone production volume in 2009 will decrease by 8.3% as compared to 2008.

Properties

TCB Digital leases properties with a total area of approximately 18,678 square meters in Tianjin City, China. TCB Digital believes that its existing facilities and equipment are well maintained and in good operating condition, and are sufficient to meet its needs for the foreseeable future. Jiangsu Leimone currently leases properties with a total area of approximately 1,300 square meters in Nantong, Jiangsu Province, and plans to increase to 2,300 square meters of production facilities within the year of 2009.

Critical Accounting Policies and Estimates

The preparation of Gold Lion's consolidated financial statements in conformity with accounting principles generally accepted in the United States requires it to make estimates and judgments that affect its reported assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. Gold Lion based its estimates and judgments on historical experience and on various other assumptions that it believes to be reasonable under the circumstances. Future events, however, may differ markedly from current expectations and assumptions. While there are a number of significant accounting policies affecting Gold Lion's consolidated financial statements; Gold Lion believes the following critical accounting policies involve the most complex, difficult and subjective estimates and judgments: allowance for doubtful accounts; income taxes; asset impairment.

Revenue Recognition

In accordance with generally accepted accounting principles ("GAAP") in the United States, revenue is recognized only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the service is performed, and collection of the resulting receivable is reasonably assured. Noted below are brief descriptions of the product or service revenues that Gold Lion recognizes in the financial statements contained herein.

Sale of goods

Revenue is recognized at the date of shipment to customers when a formal arrangement exists, the price is fixed or determinable, the delivery is completed, no other significant obligations of Gold Lion exist and collectability is reasonably assured. Payments received before all of the relevant criteria for revenue recognition are satisfied are recorded as advances from customers.

Allowance for doubtful accounts

Gold Lion maintains an allowance for doubtful accounts to reduce amounts to their estimated realizable value. A considerable amount of judgment is required when Gold Lion assesses the realization of accounts receivables, including assessing the probability of collection and the current credit-worthiness of each customer. If the financial condition of customers were to deteriorate, resulting in an impairment of their ability to make payments, an additional provision for doubtful accounts could be required. Gold Lion initially records a provision for doubtful accounts based on its historical experience, and then adjust this provision at the end of each reporting period based on a detailed assessment of its accounts receivable and allowance for doubtful accounts. In estimating the provision for doubtful accounts, Gold Lion considers: (i) the aging of the accounts receivable; (ii) trends within and ratios involving the age of the accounts receivable; (iii) the customer mix in each of the aging categories and the nature of the receivable; (iv) its historical provision for doubtful accounts; (v) the credit worthiness of the customer; and (vi) the economic conditions of the customer's industry as well as general economic conditions, among other factors.

Income taxes

Gold Lion accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes". Under this method, deferred income taxes are recognized for the estimated tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts and each year-end based on enacted tax laws and statutory rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established to reduce deferred tax assets to the amount expected to be realized when, in management's opinion; it is more likely than not that some portion of the deferred tax assets will

not be realized. The provision for income taxes represents current taxes payable net of the change during the period in deferred tax assets and liabilities. Gold Lion adopted FIN 48, Accounting for Uncertainty in Tax Positions.

Asset Impairment

Gold Lion periodically evaluates the carrying value of other long-lived assets, including, but not limited to, property and equipment and intangible assets, when events and circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flows from such asset is less than its carrying value. In that event, a loss is recognized based on the amount by which the carrying value exceeds the fair value of the long-lived asset. Fair value is determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved. Significant estimates are utilized to calculate expected future cash flows utilized in impairment analyses. Gold Lion also utilizes judgment to determine other factors within fair value analyses, including the applicable discount rate.

Revenues

Gold Lion's revenues were \$80,611,981 for 2008, representing an increase of 90% or \$38,115,523 as compared to \$42,496,458 in the corresponding period in 2007. The increase of revenues as compared to the same period last year was mainly due to Jiangsu Leimone Electronics Co., Ltd. and Profit Harvest being combined into Gold Lion in the year 2008.

Cost of sales

For 2008, Gold Lion's cost of sales was \$72,410,992 or 89.8% of revenues. The ratio of cost of sales to revenues increased by 0.9% from that of the previous year.

Selling, general and administrative expenses

Sales and marketing expenses mainly represent salaries of sales personnel, and marketing and transportation costs.

General and administrative expenses primarily consisted of compensation for personnel, depreciation, travel expenses, rental, materials expenses related to ordinary administration, and fees for professional services.

For 2008, selling, general and administrative expenses were \$1,952,961, or 2.4% of revenues, which was an increase of 172% from \$716,791 or 1.7% of revenues for the corresponding period in 2007. This increase was mainly due to the increase in sales activities.

Research and development expense

Gold Lion's R&D expenses were \$871,238 or 1.1% of total revenues for 2008, which represent a 55% decrease from \$1,957,194 or 4.6% of total revenues in 2007. The decrease was due to decreased spending in research and development of advanced mobile modules.

Other income/(expenses)-net

Gold Lion's other expenses-net were \$1,367,555 for 2008, which represents a 332% increase from other expenses-net of \$316,416 in 2007. Other expenses mainly consisted of interest expense that the company incurred for its loans in 2008.

Net income

For 2008, Gold Lion's net income was \$2,820,274 or a net profit margin of 3.50%, representing an increase of \$2,064,989 or 273% from \$755,285 or 1.78% net profit margin in 2007. The increase in net income is mainly due to the addition of new business units and better control on costs including reduced R&D activities in 2008.

Other comprehensive income

For 2008, Gold Lion's other comprehensive income was \$8,708, representing a decrease of \$226,209 from \$234,917 in the same period of 2007. Other comprehensive income resulted from foreign currency exchange changes particularly the Renminbi's appreciation against the U.S. dollar. If this trend persists, Gold Lion may continue to report such a gain, but other comprehensive income may be negative if the trend reverses.

Liquidity and Capital Resources

Gold Lion generally finances its operations from cash flow generated internally and short-term loans from domestic banks. As of December 31, 2008, Gold Lion had cash and cash equivalents of \$812,769. This represented a decrease of \$3,167,815 from \$3,980,584 as of December 31, 2007.

The net cash used in operating activities in 2008 was \$8,454,879 as compared to the net cash used in operating activities for 2007 of \$19,442,480. The net cash outflow from operating activities in 2008 was mainly due to the increase in advance to suppliers of \$16,037,819, accounts payable of \$1,543,164 and related parties of \$721,332.

Critical Accounting Policies and Estimates

The preparation of Gold Lion's consolidated financial statements in conformity with accounting principles generally accepted in the United States requires it to make estimates and judgments that affect its reported assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. Gold Lion based its estimates and judgments on historical experience and on various other assumptions that it believes to be reasonable under the circumstances. Future events, however, may differ markedly from current expectations and assumptions. While there are a number of significant accounting policies affecting Gold Lion's consolidated financial statements; Gold Lion believes the following critical accounting policies involve the most complex, difficult and subjective estimates and judgments: allowance for doubtful accounts; income taxes; asset impairment.

Revenue Recognition

In accordance with generally accepted accounting principles ("GAAP") in the United States, revenue is recognized only when the price is fixed or determinable, persuasive evidence of an arrangement exists, the service is performed, and collection of the resulting receivable is reasonably assured. Noted below are brief descriptions of the product or service revenues that Gold Lion recognizes in the financial statements contained herein.

Sale of goods

Revenue is recognized at the date of shipment to customers when a formal arrangement exists, the price is fixed or determinable, the delivery is completed, no other significant obligations of Gold Lion exists and collectability is reasonably assured. Payments received before all of the relevant criteria for revenue recognition are satisfied are recorded as advances from customers.

Allowance for doubtful accounts

Gold Lion maintains an allowance for doubtful accounts to reduce amounts to their estimated realizable value. A considerable amount of judgment is required when Gold Lion assesses the realization of accounts receivables, including assessing the probability of collection and the current credit-worthiness of each customer. If the financial condition of customers were to deteriorate, resulting in an impairment of their ability to make payments, an additional provision for doubtful accounts could be required. Gold Lion initially records a provision for doubtful accounts based on its historical experience, and then adjust this provision at the end of each reporting

period based on a detailed assessment of its accounts receivable and allowance for doubtful accounts. In estimating the provision for doubtful accounts, Gold Lion considers: (i) the aging of the accounts receivable; (ii) trends within and ratios involving the age of the accounts receivable; (iii) the customer mix in each of the aging categories and the nature of the receivable; (iv) its historical provision for doubtful accounts; (v) the credit worthiness of the customer; and (vi) the economic conditions of the customer's industry as well as general economic conditions, among other factors.

Income taxes

Gold Lion accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes". Under this method, deferred income taxes are recognized for the estimated tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts and each year-end based on enacted tax laws and statutory rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established to reduce deferred tax assets to the amount expected to be realized when, in management's opinion; it is more likely than not that some portion of the deferred tax assets will not be realized. The provision for income taxes represents current taxes payable net of the change during the period in deferred tax assets and liabilities. Gold Lion adopted FIN 48, Accounting for Uncertainty in Tax Positions.

Asset Impairment

Gold Lion periodically evaluates the carrying value of other long-lived assets, including, but not limited to, property and equipment and intangible assets, when events and circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flows from such asset is less than its carrying value. In that event, a loss is recognized based on the amount by which the carrying value exceeds the fair value of the long-lived asset. Fair value is determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved. Significant estimates are utilized to calculate expected future cash flows utilized in impairment analyses. Gold Lion also utilizes judgment to determine other factors within fair value analyses, including the applicable discount rate.

Results of Operations for the Quarterly Period ended March 31, 2009

Revenues

Gold Lion's revenues were \$28,816,557 for the quarter ended March 31, 2009, representing an increase of 155.4% or \$17,533,054 as compared to \$11,283,503 in the corresponding period in 2008. The increase of revenues as compared to the same period last year was mainly due to the addition of activities from Jiangsu Leimone Electronics Co., Ltd. and Profit Harvest.

Cost of sales

For the first quarter of 2009, Gold Lion's cost of sales was \$26,131,951 or 90.7% of revenues, while cost of sales for the corresponding period in 2008 was \$9,159,640 or 81.2% of revenues.

Selling, general and administrative expenses

Sales and marketing expenses mainly represent salaries of sales personnel, and marketing and transportation costs.

General and administrative expenses primarily consisted of compensation for personnel, depreciation, travel expenses, rental, materials expenses related to ordinary administration, and fees for professional services.

For the first quarter of 2009, selling, general and administrative expenses were \$1,835,805, or 6.4% of revenues, which was an increase of 15.5% from \$1,589,494 but a reduction from 14.1% of revenues for the corresponding period in 2008. This increase was mainly due to the increase in sales activities.

Research and development expense

Gold Lion's R&D expenses were nil and \$683,661 for the quarters ended March 31, 2009 and 2008.

Other income/(expenses)-net

Gold Lion's other income-net was \$201,838 for the first quarter of 2009, which was mainly comprised of interest income of \$154,170 and other income consisting of a non-recurring debt relief in the amount of \$425,038, and which was offset by expenses including interest expenses incurred for the company's loans in the amount of \$320,907. For the corresponding period in 2008, other expenses-net was \$412,122 which included interest expense of \$355,720.

Net income

For the quarter ended March 31, 2009, Gold Lion's net income from operations was \$920,372 or a net profit margin of 3.2%, representing an increase of \$810,119 or 735% from \$110,253 or 1.0% net profit margin for the same period in 2008. The increase in net income is mainly due to the addition of new business units including Jiangsu Leimone and Profit Harvest. The net income figure for the first quarter of 2009 is also net of an impairment of approximately \$310,000 for inventory acquired in prior periods.

Other comprehensive income

For the first quarter of 2009, Gold Lion's other comprehensive income was \$16,668 while that for the same period in 2008 was \$609,515. Other comprehensive income resulted from foreign currency exchange changes particularly the Renminbi's appreciation against the U.S. dollar. If this trend persists, Gold Lion may continue to report such a gain, but other comprehensive income may be negative if the trend reverses.

Liquidity and Capital Resources

Gold Lion generally finances its operations from cash flow generated internally and short-term loans from domestic banks. As of March 31, 2009, Gold Lion had cash and cash equivalents of \$3,273,094. This represented an increase of \$2,460,325 from \$812,769 as of December 31, 2008.

Net cash used in operating activities for the three months ended March 31, 2009 was \$1,455,882 as compared to net cash used in operating activities for the same period in 2008 of \$7,502,890. The reduction in net cash outflow from operating activities in this quarter as compared to the same period last year was mainly due to the decrease in accounts receivable of \$6,950,079 and an increase in advance from customers of \$5,238,238.

Net cash used for investing activities amounted to \$3,236,616 in the first quarter of 2009 which almost entirely consisted of cash used as deposits to secure loans.

During this period, there was an outflow due to the repayment of short-term loans of \$4,819,925, and also an outflow of \$7,351,115 in advances to related parties.

On a going-forward basis over the next 12 months, Gold Lion intends to continue to rely on short-term loans to fund its operational cash needs.

EXECUTIVE COMPENSATION

Compensation Discussion And Analysis

Overview

The following is a discussion of Gold Lion's program for compensating its executives. As of April 2009, Gold Lion has formed a compensation committee comprising of three independent directors and this committee is responsible for determining the compensation of the company's executive officers and directors on a going forward basis.

Compensation Program Objectives and Philosophy

The primary goals of Gold Lion's policy of executive compensation are to attract and retain the most talented and dedicated executives possible, to assure that its executives are compensated effectively in a manner consistent with its strategy and competitive practice and to align executives compensation with the achievement of Gold Lion's short-term and long-term business objectives.

Gold Lion's board of directors considers a variety of factors in determining compensation of executives, including their particular background and circumstances, such as their training and prior relevant work experience, their success in attracting and retaining savvy and technically proficient managers and employees, increasing its revenues, broadening its product line offerings, managing its costs and otherwise helping to lead the company through a period of rapid growth.

Upon completion of the Gold Lion acquisition, Zoom expects that its board of directors will form a compensation committee charged with the oversight of executive compensation plans, policies and programs of the company and with the full authority to determine and approve the compensation of its chief executive officer and make recommendations with respect to the compensation of its other executive officers. It is expected that the compensation committee will continue to follow the general approach to executive compensation that Gold Lion has followed to date, rewarding superior individual and company performance with commensurate cash compensation.

Elements of Compensation

Gold Lion's compensation program for its named executive officers consists of two elements: base salary and bonus. The base salary provided is intended to equitably compensate the named executive officers based upon their level of responsibility, complexity and importance of role, leadership and growth potential, and experience. Gold Lion offers bonuses as a vehicle by which the named executive officers can earn additional compensation depending on individual, business unit and company performance. Gold Lion did not provide any other type of compensation to its named executive officers in 2008.

Base Salary. Gold Lion's named executive officers receive base salaries commensurate with their roles and responsibilities. Subject to any applicable employment agreements, base salaries and subsequent adjustments, if any, are reviewed and approved by Gold Lion's board of directors annually, based on an informal review of relevant market data and each executive's performance for the prior year, as well as each executive's experience, expertise and position. The base salaries paid to the named executive officers in 2008 are reflected in the Summary Compensation Table below.

Incentive Bonus. Gold Lion's named executive officers are eligible for an annual performance-based cash bonus in accordance with the company's unwritten incentive bonus plan. Gold Lion provides this bonus opportunity as a way to attract and retain highly skilled and experienced executive officers and to motivate them to achieve annual corporate, departmental and individual goals which consist of various revenue, cost and operational targets established by the board of directors. The bonus amounts are determined following the end of the fiscal year based on Gold Lion's performance and the performance of its executives. The bonus amounts paid to the named executive officers in 2009 are reflected in the Summary Compensation Table below.

Stock-Based Awards under the Equity Incentive Plan

Historically, Gold Lion has not granted equity awards as a component of compensation, and presently does not have an equity-based incentive program. After the completion of the Gold Lion acquisition, Zoom will likely adopt and establish an equity incentive plan pursuant to which equity awards may be granted to eligible employees,

including each of Gold Lion's named executive officers, if Zoom's board of directors determines that it is in the best interest of the company and its stockholders to do so.

Retirement Benefits

Currently, Gold Lion does not provide any company sponsored retirement benefits to any employee, including the named executive officers.

Perquisites

Historically, Gold Lion has provided certain of its named executive officers with minimal perquisites and other personal benefits. Gold Lion does not view perquisites as a significant element of its compensation structure, but believes that perquisites can be useful in attracting, motivating and retaining the executive talent for which the company competes. It is expected that historical practices regarding perquisites will continue and will be subject to periodic review by Zoom's board of directors.

DESCRIPTION OF ZOOM S COMMON STOCK

The following description summarizes the material terms and provisions of Zoom s common stock. The following summary description of the common stock is based on the provisions of Zoom s Certificate of Incorporation and Bylaws, which are incorporated herein by reference and the applicable provisions of Delaware General Corporation Law. This information is only a summary and is qualified in its entirety by reference to Zoom s Certificate of Incorporation and Bylaws and the applicable provisions of Delaware General Corporation Law.

Zoom is authorized to issue 25,000,000 shares of common stock. As of April 1, 2009, there were outstanding:

.
1,959,378 shares of common stock outstanding;

.
429,900 shares issuable upon the exercise of options issued pursuant to our current stock option plans; and

.
595,689 shares issuable upon the exercise of options available for future grant under our stock option plans.

The holders of Zoom s common stock are entitled to receive dividends out of legally available assets at such times and in such amounts as Zoom s Board of Directors may from time to time determine. Each stockholder is entitled to one vote for each share of common stock held on all matters submitted to a vote of stockholders. Cumulative voting for the election of directors is not authorized.

Zoom s common stock is not subject to conversion or redemption and holders of Zoom s common stock are not entitled to preemptive rights. Upon the liquidation, dissolution or winding up of the company, the remaining assets legally available for distribution to stockholders, after payment of claims or creditors, are distributable ratably among the holders of the common stock outstanding at that time. Each outstanding share of common stock is fully paid and nonassessable.

Anti-Takeover Effects of Provisions of Delaware Law

Provisions of Delaware law and Zoom s Certificate of Incorporation, as amended, and Bylaws could make the acquisition of Zoom through a tender offer, a proxy contest or other means more difficult and could make the removal of incumbent officers and directors more difficult. Zoom s expects these provisions to discourage coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of the company to first negotiate with Zoom s Board of Directors. Zoom s believes that the benefits provided by its ability to negotiate with the proponent of an unfriendly or unsolicited proposal outweigh the disadvantages of discouraging these proposals. Zoom s believes the negotiation of an unfriendly or unsolicited proposal could result in an improvement of its terms.

Anti-Takeover Effects of Provisions of Zoom s Charter Documents

Zoom's Bylaws do not permit stockholders to call a special meeting of stockholders. Zoom's Bylaws provide that special meetings of the stockholders may be called only by a majority of the members of the Board of Directors or Zoom's President. Zoom's Bylaws require that all stockholder actions be taken by a vote of the stockholders at an annual or special meeting, and do not permit stockholders to act by written consent without a meeting. Zoom's Bylaws provide for an advance notice procedure for stockholder proposed nominations of persons for election to the Board of Directors. At an annual meeting, stockholders may only consider nominations specified in the notice of meeting or brought before the meeting by or at the direction of the Board of Directors. Zoom's Bylaws may have the effect of precluding the conduct of business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the company.

Listing

Zoom's common stock is listed on the NASDAQ Capital Market under the symbol ZOOM.

Transfer Agent

The transfer agent for the common stock is Computershare located at 1745 Gardena Avenue, Glendale CA 91204.

STOCKHOLDER PROPOSALS

If the acquisition is consummated, Zoom's 2009 annual meeting of stockholders will be prior to December 31, 2009, unless the date is changed by the board of directors. If you are a stockholder and you want to include a proposal in the proxy statement for the year 2009 annual meeting, you need to provide it to us within a reasonable amount of time before Zoom begins to print and send its proxy materials. You should direct any proposals to Zoom's secretary at its principal office.

NOW, THEREFORE, in consideration of the foregoing and the respective representations, warranties, covenants and agreements set forth herein, and intending to be legally bound hereby, the Parties agree as follows:

ARTICLE 1

SHARE EXCHANGE; DISTRIBUTION

Section 1.1

Share Exchange. Upon the terms and subject to the conditions hereof, at the Closing, Gold Lion shall sell, transfer, convey, assign and deliver to Zoom free and clear of all Liens, all of the right, title and interest of Gold Lion in and to 100% of the outstanding capital stock of Jiansu Leimone, which owns 51.03% of the issued and outstanding capital stock of TCB Digital (the ***JL Shares***) and Zoom shall be entitled to purchase from Gu, shares of common stock owned by Gu of each of the Leimone Companies (the ***Purchase Option***) at the Option Price as defined in Section 1.3 below. In exchange for such JL Shares and the Purchase Option, Zoom shall sell, issue and deliver to Gold Lion or its designees free and clear of all Liens, 4,225,219 shares of Zoom common stock in accordance with this Article 1.

Section 1.2

Equity Payment.

(a)

Upon the terms and subject to the conditions hereof, at the Closing, Zoom shall issue and deliver to Gold Lion or its designees 4,225,219 shares of Zoom common stock (the ***Equity Payment***).

(b)

The number of shares issuable pursuant to the Equity Payment to Gold Lion or its designees shall be increased to 5,818,439 shares of Zoom common stock if either: (i) as of the date of the Stockholder Approval, Zoom's common stock is not listed on the NASDAQ Capital Market or (ii) the NASDAQ Capital Market has not approved Zoom's listing application for the post-transaction entity within 30 days after the Closing of the Share Exchange; provided that these additional shares would not be issuable if TCB Digital's net income after tax is less than \$2.7 million for the year ended December 31, 2008 or if TCB Digital does not deliver to Zoom its final audited financial statements (including balance sheets, related consolidated statements of income, cash flow, and stockholders' equity for the respective periods then ended, including all footnotes) for the years ended December 31, 2008 and 2007, in compliance with U.S. GAAP and in compliance with SEC regulations, on or before March 31, 2009.

Section 1.3

Option Price. Zoom will have the option, during the specified period set forth in Schedule 1 for each Leimone Company (the **Option Period**), to purchase the shares owned by Gu of such Leimone Company at the option price (the **Option Price**), which is the greater of either (i) a minimum set price (the **Minimum Purchase Price**) multiplied by the percentage ownership being purchased by Zoom or (ii) the price calculated by multiplying (X) a company-specific multiple (the **Purchase Option Multiple**) by (Y) the percentage ownership being purchased by Zoom by (Z) such Leimone Company's trailing four quarters' net income after tax, as determined in accordance with U.S. GAAP. Schedule 1 sets forth for each of the Leimone Companies, the Option Period, the Minimum Purchase Price, and the Purchase Option Multiple.

(a)

Quarterly Financial Statements. For the purpose of calculating the quarterly net income after tax set forth in Section 1.3(ii)(Z), the quarterly net income of each of the Leimone Companies shall be determined in accordance with U.S. GAAP. For each Leimone Company for which the Option Period commences during 2009, Gu shall cause such Leimone Company to provide Zoom with unaudited financial statements for such entities in accordance with U.S. GAAP for the year ended December 31, 2008 and the quarter ended March 31, 2009, no later than June 30, 2009, and, thereafter, with unaudited financial statements using U.S. GAAP and evidencing the quarterly net income no later than 45 days after the close of each fiscal quarter, beginning with the quarter ending June 30, 2009. The obligation to provide financial statements for the Leimone Companies pursuant to this Section 1.3(a) shall terminate with respect to each Leimone Company upon the earlier of (i) the exercise by Zoom of its Purchase Option with respect to such Leimone Company and (ii) the end of the Option Period with respect to such Leimone Company.

(b)

Past Financial Statements. Gu agrees that if Zoom exercises its Purchase Option with respect to any of the Leimone Companies, he will cause such Leimone Company to provide Zoom with financial statements with respect to such Leimone Company as required by Zoom to complete any required SEC filings in connection with the exercise of the Purchase Option in form and substance reasonably satisfactory to Zoom and as required by the SEC.

Section 1.4

Option Payment. If Zoom elects to exercise its Purchase Option with respect to any of the Leimone Companies, Zoom may pay the Option Price, at Zoom's sole discretion, in cash, with Zoom common stock, or a combination thereof. If Zoom chooses to pay all or a portion of the Option Price with Zoom common stock, such common stock shall be valued at the Fair Market Value as determined on the date on which Zoom delivers the Option Price to Gu or his designee.

Section 1.5

Leimone Company Purchase Agreement. In connection with each purchase of Gu's shares pursuant to Zoom's exercise of its Purchase Option rights hereunder, Gu agrees to enter into, and cause each Leimone Company for which Zoom has exercised its Purchase Option rights to enter into, a purchase agreement on terms and conditions substantially similar to the relevant terms and conditions set forth herein.

Section 1.6

TCB Option Shares. If Gu through Hebei Leimone Technology Co., Ltd. exercises the TCB Option, Gu or his designee shall have the option to exchange the TCB Option Shares for the issuance by Zoom to Gold Lion or its designees of 2,402,576 shares of Zoom common stock, which are free and clear of all Liens. Section 1.7

Separation Agreement. No later than February 27, 2009, Zoom and Zoom Telephonics will execute the Separation Agreement, in substantially the form attached as Exhibit A hereto, as may be further amended by agreement among Zoom, Zoom Telephonics and TCB Digital, pursuant to which Zoom will agree to contribute, distribute or otherwise transfer all of its current and future assets and liabilities related to the Zoom Legacy Business to Zoom Telephonics

(the *Zoom Separation*) immediately prior to the Closing of the Distribution and Share Exchange.

Dividend. Immediately following the Zoom Separation and immediately prior to the Closing of the Share Exchange, Zoom will issue a dividend to its stockholders of record as of the Closing Date consisting of 100% of the issued and outstanding capital stock of Zoom Telephonics (the *Distribution*).

Section 1.9

Zoom Options. At the Closing, Zoom shall take all required actions such that each then outstanding option to purchase shares of Zoom common stock (the *Zoom Options*), whether or not exercisable at the Closing Date and regardless of the respective exercise prices thereof, will be modified such that any vesting provision provided in such options that requires the continued service of the holder to Zoom or its Subsidiaries to vest shall thereafter continue to vest in accordance with the vesting schedule included in such option without the need for the holder to continue to provide service to Zoom or its Subsidiaries. As soon as reasonably practicable after the Closing, Zoom will use all reasonable efforts to issue to each Person who holds a Zoom Option a document evidencing the foregoing modification.

Section 1.10

Signing Consideration Shares. Upon the delivery by the Seller Parties of a signed copy of this Agreement to Zoom, Zoom shall authorize the issuance and delivery within three (3) business days, to Gold Lion or its designee(s) certificate(s) representing the right, title and interest in and to the Signing Consideration Shares, free and clear of all Liens. When issued, the Signing Consideration Shares shall be duly authorized, validly issued, fully paid and nonassessable. Gold Lion and any of its designees who receive Signing Consideration Shares shall be entitled to retain the Signing Consideration Shares even in the event that this Agreement is terminated prior to Closing. The Signing Consideration Shares are in addition to, and not to be deducted from, the Equity Payment or any other consideration provided for herein.

Except to the extent that information contained in any Zoom SEC Document has been revised, amended,

supplemented or superseded by a later-filed Zoom SEC Document, none of the Zoom SEC Documents contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. None of the Subsidiaries of Zoom are, or have at any time, been subject to the reporting requirements of Sections 13(a) and 15(d) of the Exchange Act.

All items in the inventories of Zoom (the *Inventory*) reflected on the most recent balance sheet included in the Zoom SEC Documents or existing at the date hereof are of a quality and quantity saleable or usable in the ordinary course of business consistent with past practices of Zoom, subject to the reserves or provisions reflected in the Inventory valuation in such balance sheet. Such Inventory reflects reserves or provisions which were determined in accordance with U.S. GAAP consistent with Zoom's past practices and procedures for items which are below standard quality, represent excess quantities or have become obsolete or unsaleable or unusable (except at prices less than cost) in the ordinary course of business. Section 7.5

Section 7.7

Related Tax. From the date hereof through the Closing Date, Seller Parties shall cause TCB Digital, consistent with past practice, to (i) duly and timely file all Tax Returns and other documents required by it to be filed with applicable Governmental Authorities, the failure to file of which could have a material negative impact, financial or otherwise, subject to extensions permitted by law and properly granted by the appropriate authority, provided that Seller Parties notify Zoom that TCB Digital is availing itself of such extensions, and (ii) pay all Tax shown as due on such Tax Returns. Gu or Gold Lion covenant and agree to pay any tax and duties assessed by any Governmental Authority of the PRC on receipt of the Equity Payment pursuant to this Agreement.

The term ***TCB Superior Proposal*** means any bona fide offer made by a third party (excluding Gold Lion, Gu or any Affiliates of such parties) that if consummated would result in such Person (or its stockholders) owning, directly or indirectly, more than 50% of the shares of TCB Digital's equity securities then outstanding (or of the surviving entity in a merger or the direct or indirect parent of the surviving entity in a merger) or more than 50% of the assets of TCB Digital, which the Board of Directors of TCB Digital determines in good faith by a majority vote of the disinterested members thereof (after consultation with outside counsel) to be (i) more favorable to the stockholders of TCB Digital (excluding Gold Lion) from a financial point of view than the Share Exchange (taking into account all the terms and conditions of such proposal and this Agreement (including any changes to the terms of this Agreement proposed by Zoom in response to such offer or otherwise)) and (ii) reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal.

In addition to the obligations of Seller Parties set forth above in this Section 7.10, the Seller Parties shall promptly advise Zoom orally and in writing of any TCB Takeover Proposal, the material terms and conditions of any such TCB Takeover Proposal or inquiry (including any material changes thereto) and the identity of the Person making any such TCB Takeover Proposal or inquiry. Section 8.3

Disclosure of Certain Matters. From the date hereof through the Closing Date, Zoom shall give the Seller Parties prompt written notice of any event or development that occurs that (a) had it existed or been known on the date hereof would have been required to be disclosed under this Agreement, (b) would cause any of the representations and warranties of Zoom contained herein to be inaccurate or otherwise misleading, (c) gives Zoom any reason to believe that any of the conditions set forth in Article 10 will not be satisfied, (d) is of a nature that is or may be materially adverse to the operations, prospects or condition (financial or otherwise) of Zoom, or (e) would require any amendment or supplement to the Proxy Statement.

(a)

Zoom shall not, nor shall it authorize or permit any of its Subsidiaries or any of their Representatives retained by it or any of its Affiliates to, directly or indirectly through another Person, (i) solicit, initiate or encourage, or take any other

action designed to, or which could reasonably be expected to, facilitate, any Zoom Takeover Proposal or (ii) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any Person any information, or otherwise cooperate in any way with, any Zoom Takeover Proposal. Without limiting the foregoing, it is agreed that any violation of the restrictions set forth in the preceding sentence by any Representative of Zoom or any of its Subsidiaries shall be a breach of this Section 8.7(a) by Zoom. Zoom shall, and shall cause its Subsidiaries to, immediately cease and cause to be terminated any existing discussions or negotiations with any Person conducted heretofore with respect to any Zoom Takeover Proposal and request the prompt return or destruction of all confidential information previously furnished to such Person(s). Notwithstanding any other provision of this Agreement, at any time prior to obtaining the Stockholder Approval, in response to a bona fide written Zoom Takeover Proposal that the Board of Directors of Zoom determines in good faith by a majority vote of the disinterested members thereof (after consultation with outside counsel) constitutes or would reasonably be expected to lead to a Zoom Superior Proposal, and which Zoom Takeover Proposal was not solicited after the date hereof and was made after the date hereof and did not otherwise result from a breach of this Section 8.7(a), Zoom may, if its Board of Directors determines in good faith by a majority vote of the disinterested members thereof (after consultation with outside counsel) that it is required to do so in order to comply with its fiduciary duties to the stockholders of Zoom under applicable law, and subject to compliance with Section 8.7(c), (x) furnish information with respect to Zoom and its Subsidiaries to the Person making such Zoom Takeover Proposal (and its Representatives) pursuant to a customary confidentiality agreement (a copy of which shall be provided to Seller Parties); provided that all such information has previously been provided to Seller Parties or is provided to Seller Parties prior to or substantially concurrent with the time it is provided to such Person, and (y) participate in discussions or negotiations with the Person making such Zoom Takeover Proposal (and its Representatives) regarding such Zoom Takeover Proposal.

The term **Zoom Takeover Proposal** means any inquiry, proposal or offer from any Person relating to, or that would reasonably be expected to lead to, any direct or indirect acquisition or purchase, in one transaction or a series of transactions, of 15% or more of any class of equity securities of Zoom, any tender offer or exchange offer that if consummated would result in any Person beneficially owning 15% or more of any class of equity securities of Zoom, or any merger, consolidation, business combination, recapitalization, liquidation, dissolution, joint venture, binding share exchange or similar transaction involving Zoom pursuant to which any Person or the stockholders of any Person would own 15% or more of any class of equity securities of Zoom, other than the transactions contemplated by this Agreement.

The term **Zoom Superior Proposal** means any bona fide offer made by a third party that if consummated would result in such Person (or its stockholders) owning, directly or indirectly, more than 50% of the shares of Zoom's common stock then outstanding (or of the surviving entity in a merger or the direct or indirect parent of the surviving entity in a merger) or more than 50% of the assets of Zoom, which the Board of Directors of Zoom determines in good faith by a majority vote of the disinterested members thereof (after consultation with outside counsel and a financial advisor of nationally recognized reputation) to be (i) more favorable to the stockholders of Zoom from a financial point of view than the Share Exchange (taking into account all the terms and conditions of such proposal and this Agreement (including any changes to the terms of this Agreement proposed by Seller Parties in response to such offer or otherwise)) and (ii) reasonably capable of being completed, taking into account all financial, legal, regulatory and other aspects of such proposal.

(b)

Notwithstanding the foregoing, if at any time prior to obtaining the Stockholder Approval, the Board of Directors of Zoom receives a Zoom Superior Proposal and as a result thereof determines in good faith by a majority vote of the disinterested members of the Board of Directors (after consultation with outside counsel) that it is required to do so in order to comply with its fiduciary duties to the stockholders of Zoom under applicable law, Zoom may make a Zoom Adverse Recommendation Change; provided, however, that no Zoom Adverse Recommendation Change may be made until after the fourth business day following Seller Parties' receipt of written notice (a **Notice of Adverse Recommendation**) from Zoom advising Seller Parties that the Board of Directors of Zoom intends to take such action and specifying all material terms and conditions of any Zoom Superior Proposal that is the basis of the proposed action by the Board of Directors (it being understood and agreed that any amendment to the financial terms or any other material term of such Zoom Superior Proposal shall require a new Notice of Adverse Recommendation and a new four business day period). In determining whether to make a Zoom Adverse Recommendation Change, the Board of Directors of Zoom shall take into account any changes to the terms of this Agreement proposed by Seller Parties in response to a Notice of Adverse

Recommendation or otherwise.

A-35

In addition to the obligations of Zoom set forth in paragraphs (a) and (b) of this Section 8.7, Zoom shall promptly advise Seller orally and in writing of any Zoom Takeover Proposal, the material terms and conditions of any such Zoom Takeover Proposal or inquiry (including any material changes thereto) and the identity of the Person making any such Zoom Takeover Proposal or inquiry. Zoom shall (i) keep Seller promptly and reasonably informed of the status and details (including any material change to the terms thereof) of any such Zoom Takeover Proposal or inquiry and (ii) provide to Seller Parties as soon as practicable after receipt or delivery thereof with copies of all material correspondence and other written material sent or provided to Zoom or any of its Subsidiaries from any Person that describes any of the terms or conditions of any Zoom Takeover Proposal.

(c)

Nothing contained in this Section 8.7 shall prohibit Zoom from (x) taking and disclosing to its stockholders a position contemplated by Rule 14e-2(a) promulgated under the Exchange Act or (y) making any disclosure to the stockholders of Zoom if, in the good faith judgment of the Board of Directors, as determined by a majority vote of the disinterested members thereof (after consultation with outside counsel), the failure to so disclose would be inconsistent with its obligations under applicable law, including the Board of Directors' duty of candor to the stockholders of Zoom; provided, however, that in no event shall Zoom or its Board of Directors or any committee thereof take, or agree or resolve to take, any action prohibited by Section 8.7(b).

Section 8.8

Lock-Up and Voting Agreements; Founder Lock-Up Agreements. Zoom shall cause (i) each of its executive officers and directors to execute and deliver to Zoom on the date hereof a Lock-Up and Voting Agreement in the form of Exhibit B, pursuant to which each such Person agrees (x) that during the period commencing on and including the date hereof and ending on and including the Closing Date, each such Person will not sell, transfer, assign, pledge or hypothecate any shares of Zoom's common stock and (y) to vote all shares of Zoom's common stock owned or controlled by such Person in favor of the approval of this Agreement and the transactions contemplated hereby, upon the terms and subject to the conditions set forth in the Lock-Up and Voting Agreement and (ii) each of Frank Manning and Peter Kramer to execute and deliver to Zoom on or before the Closing Date a Founder Lock-Up Agreement in the form of Exhibit C, pursuant to which each such Person agrees that during the period commencing on the Closing Date and ending on and including the 365th day following the date of the Closing, each such Person will not sell, transfer, assign, pledge or hypothecate, in any calendar month, greater than 3% of the shares of Zoom's common stock sold in the previous four (4) calendar weeks. Zoom will enforce any existing agreements between Zoom and any of its security holders that prohibit the sale, transfer, assignment, pledge or hypothecation of any of Zoom's securities. In addition, Zoom will direct its transfer agent to place stop transfer restrictions upon any such securities of Zoom that are bound by lock-up agreements for the duration of the periods contemplated in such agreements. Prior to the Closing, Zoom shall not permit the amendment or waiver of any Lock-Up and Voting Agreement or Founder Lock-Up Agreement without the prior written consent of TCB Digital.

Each of the Parties shall, as of the Closing Date, have the obligation to supplement or amend their respective Disclosure Schedules being delivered concurrently with the execution of this Agreement and annexes and exhibits hereto with respect to any matter hereafter arising or discovered which, if existing or known at the date of this Agreement, would have been required to be set forth or described in such Disclosure Schedules. The obligations of the Parties to amend or supplement their respective Disclosure Schedules being delivered herewith shall terminate on the Closing Date. Notwithstanding any such amendment or supplementation, the representations and warranties of the Parties shall be made with reference to the Disclosure Schedules as they exist at the time of execution of this Agreement.

Section 9.2

Confidentiality. Between the date hereof and the Closing Date, each of Zoom and the Seller Parties shall hold and shall cause their respective Representatives to hold in strict confidence, unless compelled to disclose by judicial or administrative process or by other requirements of law or by the rules and regulations of, or pursuant to any agreement of a stock exchange or trading system, all documents and information concerning the other Party furnished it by such other Party or its Representatives in connection with the Transactions, except to the extent that such information can be shown to have been (a) previously known by the Party to which it was furnished, (b) in the public domain through no fault of such Party or (c) later lawfully acquired by the Party to which it was furnished from other sources, which source is not a Representative of the other Party, and each Party shall not release or disclose such information to any other Person, except its Representatives in connection with this Agreement. Each Party shall be deemed to have satisfied its obligations to hold confidential information concerning or provided by the other Party in connection with the Transactions, if it exercises the same care as it takes to preserve confidentiality for its own similar information. For the avoidance of doubt, any disclosure of information made by Zoom in its filings with the SEC as required by the applicable laws will not be a violation of this Section 9.2.

Section 9.3

Public Announcements and SEC Disclosure. From the date of this Agreement until the Closing or termination of this Agreement, Zoom and Seller Parties shall cooperate in good faith to jointly prepare all press releases, public announcements and SEC disclosure pertaining to the Transaction Documents. Each Party will not unreasonably withhold approval from the others with respect to any press release, public announcement or SEC disclosure. If any Party determines with the advice of counsel that it is required to make any Transaction Document or the terms thereof public or otherwise issue a press release, make a public announcement or file SEC disclosure with respect thereto, it shall at a reasonable time before making any

public disclosure, consult with the other Parties regarding such disclosure, seek such confidential treatment for such terms or portions of this Agreement or the transaction as may be reasonably requested by the other Parties and disclose only such information as is legally compelled to be disclosed. This provision will not apply to communications by any Party to its counsel, accountants and other professional advisors.

Section 9.4

From and after the date of this Agreement, each Party hereto shall use its reasonable best efforts to cause the Share Exchange to qualify as a

reorganization under the provisions of Section 368(a) of the Code. Further, each Party agrees not to take any action (or fail to take any action), either prior to or following the Closing, that would reasonably be expected to cause the Share Exchange to fail to qualify as a reorganization within the meaning of Section 368(a) of the Code. Zoom does not know of any reason why the Share Exchange will not qualify as a reorganization within the meaning of Section 368(a) of the Code. The Seller Parties do not know of any reason why the Share Exchange will not qualify as a reorganization within the meaning of Section 368(a) of the Code. ARTICLE 11
INDEMNIFICATION

Section 11.1

Indemnification by the Seller Parties.

(a)

The Seller Parties will indemnify in full Zoom and hold it harmless against any loss, whether or not actually incurred prior to the applicable date referred to in Section 11.1(d), arising from, relating to or constituting (i) any material breach or inaccuracy in any of the representations and warranties of any Seller Party contained in this Agreement or in the Seller Party Disclosure Schedule as the same may be brought down to the Closing Date or any closing certificate delivered by or on behalf of the Seller Parties pursuant to this Agreement or (ii) any material breach of any of the agreements of any Seller Party contained in this Agreement (collectively, ***Zoom Losses***).

(b)

The Seller Parties will indemnify Zoom for Zoom Losses pursuant to Section 11.1(a) only if the aggregate amount of all Zoom Losses exceeds \$5,000 (the ***Basket Amount***), in which case the Seller Parties will be liable only for the aggregate amount of all such Zoom Losses in excess of the Basket Amount.

(c)

The Seller Parties' liability will not exceed \$3,000,000 (the *Indemnification Cap*) for Zoom Losses.

(d)

If Zoom has a claim for indemnification under Section 11.1(a), Zoom will deliver to the Seller Parties one or more written notices of Zoom Losses (each a *Zoom Claim*) during the 30 month period following the Closing Date; provided that any Zoom Claim based on a breach of the representations and warranties contained in Sections 3.1 (JL Shares), 3.3 (Authority; Execution and Delivery; Enforceability; Control Status), 4.1 (Leimone Shares) or 4.2 (Authority; Control Status) may be made at any time (subject only to any applicable statutes of limitations). The Seller Parties will have no liability under Section 11.1(a) unless the written notices required by the preceding sentence are given by the date specified. Any Zoom Claim will state in reasonable detail the basis for such Zoom Losses to the extent then known by Zoom and the nature of the Zoom Loss for which indemnification is sought, and it may state the amount of the Zoom Loss claimed. If such Zoom Claim (or an amended Zoom Claim) states the amount of the Zoom Loss claimed and the Seller Parties notify Zoom that the Seller Parties do not dispute the claim described in such notice or fails to notify Zoom within 20 business days after delivery of such notice by Zoom whether the Seller Parties dispute the claim described in such notice, the Zoom Loss in the amount specified in Zoom's notice will be admitted by the Seller Parties, and the Seller Parties will pay the amount of such Zoom Loss to Zoom. If the Seller Parties have timely disputed the liability of the Seller Parties with respect to a Zoom Claim (or an amended Zoom Claim) stating the amount of a Zoom Loss claimed, the Seller Parties and Zoom will proceed in good faith to negotiate a resolution of such dispute. If a claim for indemnification has not been resolved within 30 days after delivery of the Seller Parties notice, Zoom may seek judicial recourse. If a Zoom Claim does not state the amount of the Zoom Loss claimed, such omission will not preclude Zoom from recovering from the Seller Parties the amount of the Zoom Loss with respect to the claim described in such Zoom Claim if any such amount is promptly provided once determined. In order to assert its right to indemnification under this Article 11, Zoom will not be required to provide any notice except as provided in this Section 11.1(d).

(e)

The Seller Parties will pay the amount of any Zoom Loss to Zoom within 10 days following the determination of the Seller Parties' liability for the amount of a Zoom Loss (whether such determination is made pursuant to the procedures set forth in this Section 11.1, by agreement between Zoom and the Seller Parties, by arbitration award or by final adjudication).

Section 11.2

Indemnification by Zoom Telephonics.

(a)

Zoom Telephonics will indemnify in full Gu and the Seller Parties and hold them harmless against any loss, whether or not actually incurred prior to the applicable date referred to in Section 11.2(d), arising from, relating to or constituting (i) any material breach or inaccuracy in any of the representations and warranties of Zoom or Zoom

Telephonics contained in this Agreement or in the Zoom Disclosure Schedule as the same may be brought down to the Closing Date or any closing certificate delivered by or on behalf of Zoom or Zoom Telephonics pursuant to this Agreement, (ii) any material breach of any of the agreements of Zoom or Zoom Telephonics contained in this Agreement and (iii) Taxes related to the Distribution or any Pre-Closing Tax Period (*Seller Losses*). (b)

Zoom Telephonics will indemnify Gu and the Seller Parties for the Seller Losses pursuant to Section 11.2(a) only if the aggregate amount of all Seller Losses exceeds the Basket Amount, in which case Zoom Telephonics will be liable only for the aggregate amount of all such Seller Losses in excess of the Basket Amount.

(c)

Zoom Telephonics liability will not exceed the Indemnification Cap for Seller Losses.

(d)

If Gu or the Seller Parties have a claim for indemnification under Section 11.2(a), Gu or the Seller Parties will deliver to Zoom Telephonics one or more written notices of Seller Losses (each a ***Seller Claim***) during the 30 month period following the Closing Date; provided that any Seller Claim based on a breach of the representations and warranties contained in Sections 5.1 (Capital Structure), 5.3 (Authority; Execution and Delivery; Enforceability) or 8.10 (Zoom Separation) may be made at any time (subject only to any applicable statutes of limitations). Zoom Telephonics will have no liability under Section 11.2(a) unless the written notices required by the preceding sentence are given by the date specified. Any Seller Claim will state in reasonable detail the basis for such Seller Losses to the extent then known by Gu or the Seller Parties and the nature of Seller Losses for which indemnification is sought, and it may state the amount of Seller Losses claimed. If such Seller Claim (or an amended Seller Claim) states the amount of Seller Losses claimed and Zoom Telephonics notifies Gu or the Seller Parties that Zoom Telephonics does not dispute the claim described in such notice or fails to notify Gu or the Seller Parties within 20 business days after delivery of such notice by Gu or the Seller Parties whether Zoom Telephonics disputes the claim described in such notice, Seller Losses in the amount specified in Seller Parties notice will be admitted by Zoom Telephonics, and Zoom Telephonics will pay the amount of such Seller Losses to Gu or the Seller Parties. If Zoom Telephonics has timely disputed its liability with respect to a Seller Claim (or an amended Seller Claim) stating the amount of a Seller Loss claimed, Zoom Telephonics and Gu and/or the Seller Parties will proceed in good faith to negotiate a resolution of such dispute. If a claim for indemnification has not been resolved within 30 days after delivery of Zoom Telephonics notice, Gu or the Seller Parties may seek judicial recourse. If a Seller Claim does not state the amount of Seller Losses claimed, such omission will not preclude Gu or the Seller Parties from recovering from Zoom Telephonics the amount of Seller Losses with respect to the claim described in such Seller Claim if any such amount is promptly provided once determined. In order to assert its right to indemnification under this Article 11, neither Gu nor the Seller Parties will be required to provide any notice except as provided in this Section 11.2(d).

(e)

Zoom Telephonics will pay the amount of any Seller Losses to Gu or the Seller Parties within 10 days following the determination of Zoom Telephonics liability for the amount of the Seller Losses (whether such determination is made pursuant to the procedures set forth in this Section 11.2, by agreement between Gu and/or the Seller Parties and Zoom Telephonics, by arbitration award or by final adjudication).

Section 13.3

Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, the Parties will be entitled to specific performance under this Agreement. The Parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations described in the foregoing sentence and hereby agrees to waive in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

The Equity Payment shall be adjusted to reflect appropriately the effect of any stock split, reverse stock split, stock dividend, extraordinary cash dividends, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to the equity securities of Zoom, occurring on or after the date hereof and prior to the Closing Date.

Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the Parties as closely as possible in an acceptable manner to the end that Transactions contemplated hereby are fulfilled to the extent possible.

Section 13.7

(a)

All disputes arising out of or relating to this Agreement will be resolved by mandatory, binding arbitration in accordance with this Section 13.10.

Before any arbitration is commenced pursuant to this Section 13.10, the Parties must endeavor to reach an amicable settlement of the dispute through friendly negotiations.

(c)

If no mutually acceptable settlement of the dispute is made within the sixty (60) days from the commencement of the settlement negotiation or if any Party refuses to engage in any settlement negotiation, any Party may submit the dispute for arbitration.

The arbitral tribunal will determine how the Parties will bear the costs of the arbitration. Notwithstanding the foregoing, each Party will have the right at any time to immediately seek injunctive relief, an award of specific performance or any other equitable relief against the other Party in any court or other tribunal of competent jurisdiction. 6.14

Retention of Records. If any of the Parties or their respective Subsidiaries intends to dispose of documentation relating to the Taxes of the Parties or their respective Subsidiaries for which the other Party to this Agreement may be responsible pursuant to the terms of this Agreement (including, without limitation, Tax Returns, books, records, documentation and other information, accompanying schedules, related work papers, and documents relating to rulings or other determinations by Taxing Authorities) after the expiration of the applicable statute of limitations (taking into account all waivers and extensions), such Party shall provide written notice to the other Parties describing the documentation to be destroyed or disposed of sixty (60) days prior to taking such action. The other Party may arrange to take delivery of the documentation described in the notice at its expense during the succeeding sixty (60) day period.

6.15

Allocation of Tax Attributes.

(a)

General. To the extent not already provided, no later than twenty (20) days after the end of each fiscal quarter ending on or prior to May 31, 2010, Zoom shall provide to ZTI an estimate (or an updated estimate) of the Tax attributes (including earnings and profits, net operating loss carryovers, capital loss carryovers, alternative minimum tax credit carryovers and general business credits) allocated or inuring to ZTI as a result of the Distribution and related transactions for U.S. federal, state, local and foreign income Tax purposes, provided, however, that the allocation of Tax attributes by Zoom shall be in accordance with applicable law (as reasonably determined by Zoom). ZTI shall have the opportunity to review such estimate and if ZTI disputes the Tax attributes estimates, the Parties agree to work in good faith to resolve such disputes. If the Parties are unable to resolve such disputes, the disputed items shall be submitted promptly for resolution to an independent accounting firm, mutually acceptable to both Parties

(**Independent Accounting Firm**). The Independent Accounting Firm shall overturn the determination by Zoom only to the extent it is unreasonable. Notwithstanding the foregoing, and for the avoidance of doubt, there are no limits placed by this Agreement on Zoom's ability to use or make certain elections with respect to Tax attributes that it is otherwise able to use or elect under applicable Tax law. No later than June 30, 2010 or a later date agreed to by Zoom and ZTI, Zoom shall provide to ZTI a final allocation of the Tax attributes allocated to ZTI (the **Final Tax Attribute Allocation**).

(b)

Subject to the provisions above, the Parties shall not take any position inconsistent with the estimated allocation of Tax attributes (in the case of positions taken prior to the Final Tax Attribute Allocation) or the Final Tax Attribute Allocation, except to the extent a reallocation is required in connection with a Final Determination with respect to a Pre-Distribution Audit or a ZTI Audit.

6.16

Inconsistency. To the extent any provision of this Agreement outside of this Article VI conflicts with any provision contained in this Article VI, the provision in this Article VI shall control and govern any matters relating to Taxes.

ARTICLE VII

Other Agreements

7.1

Use of Names. ZTI shall have all rights in and use of the name Zoom and all other trademarks owned by ZTI and by Zoom prior to the Distribution, subject to the License Agreement. Zoom agrees to submit for stockholder approval in connection with the approval of the transactions contemplated by the Share Exchange Agreement, a proposal for the amendment of its certificate of incorporation to change its corporate name to such

B-9

name as determined by TCB Digital (the *Name Change Proposal*). If the Zoom stockholders approve the transactions contemplated by the Share Exchange Agreement, but do not approve the Name Change Proposal, Zoom agrees to use its reasonable efforts to re-submit the Name Change Proposal at its next special or annual meeting of stockholders.

7.2

Books and Records. Prior to or as promptly as practicable after the Distribution, and from time to time thereafter as requested by ZTI, Zoom shall deliver, or cause to be delivered, to ZTI all corporate books and records of ZTI in the possession of Zoom and the relevant portions (or copies thereof) of all corporate books and records of Zoom relating directly and primarily to the ZTI Assets or the ZTI Liabilities, including, in each case, all agreements, litigation files and filings with any Governmental Authority. From and after the Distribution, all such books, records and copies shall be the property of ZTI. Zoom may retain copies of all such corporate books and records, subject to the provisions of Section 7.5 below.

7.3

Access to Information. Upon reasonable notice, each Party shall, and shall cause its Subsidiaries to, afford to Representatives of the other Party reasonable access, during normal business hours throughout the period prior to and following the Distribution, to all of its properties, books, contracts, commitments and records (including, but not limited to, tax returns) relating to the other Party, its business or its Liabilities and, during such period, each Party shall, and shall cause its Subsidiaries to, furnish promptly to the other Party (i) access to each report, schedule and other document filed or received by it or any of its Subsidiaries pursuant to the requirements of federal or state securities laws or filed with or sent to any federal or state regulatory agency or commission, and (ii) access to all information concerning themselves, their Subsidiaries, directors, officers and stockholders and such other matters as may be reasonably requested by any other Party in connection with any filings, applications or approvals required or contemplated by this Agreement or for any other reason related to the transactions contemplated by this Agreement. Subject to Section 7.6, nothing in this Section 7.3 shall require the Parties to take any action or furnish any access or information which would cause or could reasonably be expected to cause the waiver of any applicable attorney client privilege. All information for which access is provided hereunder shall be subject to the confidentiality provisions of Section 7.5.

7.4

Retention of Records. Each Party shall retain those documents as required by law, rule, regulation or court order.

7.5

Confidentiality.

(a)

Each Party hereto shall keep, and shall cause its Representatives to keep, each of the other Parties Information strictly confidential and will disclose such Information only to such of its Representatives who need to know such

Information, and who agree to be bound by this Section 7.5 and not to disclose such Information to any other Person. Without the prior written consent of the other Party, no Party or any of its respective Representatives shall disclose any other Party's Information to any Person or entity except as may be required by law or judicial process and in accordance with this Section 7.5.

(b)

In the event that any Party or any of its Representatives receives a request or is required by law or judicial process to disclose to a court or other tribunal all or any part of any of the other Party's Information, each receiving Party or its Representatives shall promptly notify the other Party of the request in writing, and consult with and assist the other Party in seeking a protective order or request for other appropriate remedy. In the event that such protective order or other remedy is not obtained or the other Party waives compliance with the terms hereof, such receiving Party or its Representatives, as the case may be, shall disclose only that portion of the Information or facts which, in the written opinion of each receiving Party's outside counsel, is legally required to be disclosed, and each Party will exercise its respective commercially reasonable best efforts to assure that confidential treatment will be accorded such Information or facts by the Persons or entities receiving the same. Each providing Party will be given an opportunity to review the Information or facts prior to disclosure.

7.6

Privileged Information.

(a)

Each Party hereto acknowledges that (i) each of Zoom and ZTI has or may obtain Information regarding ZTI or Zoom, respectively, or any of its operations, employees, assets or Liabilities, as applicable, that is or may be protected from disclosure pursuant to attorney-client privilege, the work product doctrine or other applicable privileges (***Privileged Information***); (ii) actual, threatened or future litigation, investigations, proceedings (including arbitration), claims or other legal matters have been or may be asserted by or against, or otherwise affect, each or both of Zoom or ZTI (***Litigation Matters***); (iii) Zoom and ZTI have a

common legal interest in Litigation Matters, in the Privileged Information, and in the preservation of the confidential status of the Privileged Information, in each case relating to the Zoom Assets or Zoom Liabilities or the ZTI Assets or ZTI Liabilities as it or they existed at the time of the Distribution or relating to or arising in connection with the relationship between Zoom and ZTI on or prior to the time of the Distribution; and (iv) Zoom and ZTI intend that the transactions contemplated by this Agreement and any transfer of Privileged Information in connection herewith or therewith shall not operate as a waiver of any potentially applicable privilege.

(b)

Each of Zoom and ZTI agrees not to disclose or otherwise waive any privilege attaching to any Privileged Information relating to the Zoom Assets or Zoom Liabilities or the ZTI Assets or ZTI Liabilities as it or they existed at the time of the Distribution or relating to or arising in connection with the relationship between Zoom and ZTI on or prior to the time of the Distribution, without providing prompt written notice to and obtaining the prior written consent of the other, which consent shall not be unreasonably withheld, conditioned or delayed if the other Party certifies that such disclosure is to be made in response to a likely threat of suspension, debarment, criminal indictment or similar action; provided, however, that Zoom and ZTI may make disclosure or waiver with respect to Privileged Information if such Privileged Information related, in the case of Zoom, solely to the Zoom Assets or Zoom Liabilities as each existed prior to the time of the Distribution, or in the case of ZTI, solely to the ZTI Assets or ZTI Liabilities as each existed prior to the time of the Distribution. The Parties will use commercially reasonable efforts to limit any such disclosure or waiver to the maximum extent possible and shall seek the execution of a confidentiality agreement by the third party or parties to which such disclosure or waiver is made.

(c)

Upon Zoom or ZTI, as the case may be, receiving any subpoena or other compulsory disclosure notice from a court, other Governmental Authority or otherwise that requests disclosure of Privileged Information, in each case relating to the Zoom Assets or Zoom Liabilities or the ZTI Assets or ZTI Liabilities as it or they existed at the time of the Distribution or relating to or arising in connection with the relationship between Zoom and ZTI on or prior to the time of the Distribution, the recipient of the notice shall promptly provide to Zoom, in the case of receipt by ZTI, or to ZTI, in the case of receipt by Zoom, a copy of such notice, the intended response, and all materials or information relating to the other Party (or its Subsidiaries) that might be disclosed. In the event of a disagreement as to the intended response or disclosure, unless and until the disagreement is resolved as provided in Section 7.6(b) above, Zoom and ZTI shall cooperate to assert all defenses to disclosure claimed by either Party (or its Subsidiaries), at the cost and expense of the Party claiming such defense to disclosure, and shall not disclose any disputed documents or information until all legal defenses and claims of privilege shall have been determined.

7.7

Further Assurances. Each of the Parties hereto, at its own cost and expense, promptly shall, or shall cause its Subsidiaries to, execute such documents (the ***Transaction Documents***) and take such further actions as may be reasonably required or desirable to carry out the provisions hereof and to consummate the transactions contemplated hereby.

7.8

Cooperation. The Parties shall cooperate with each other in all reasonable respects to ensure that the transactions contemplated herein are carried out in accordance with their terms.

7.9

No Representations as to Zoom Assets. ZTI AGREES THAT THE TRANSFER BY ZOOM TO ZTI OF THE ZOOM ASSETS IS ON AN AS IS, WHERE IS BASIS, AND NO REPRESENTATIONS OR WARRANTIES ARE BEING MADE BY ZOOM OR ITS REPRESENTATIVES WITH RESPECT THERETO.

7.10

Rent, Furniture, Equipment, etc. ZTI may elect to lease premises, including its current premises in Boston, the United Kingdom, and Mexico and, to the extent feasible and appropriate, lease office equipment. ZTI shall bear the cost of such leases.

7.11

Transaction Expenses. ZTI shall be responsible for all expenses (including attorney's fees) incurred in connection with the Separation and Distribution.

7.12

Receivables Collection and Other Payments. If, after the Distribution, Zoom or ZTI receives payments belonging to ZTI or Zoom, respectively, the recipient shall promptly account for and remit same to the other Party.

7.13

Insurance. From and after the time of the Distribution, ZTI shall be responsible for obtaining and maintaining all insurance coverage relating to the business and operations of ZTI for the period from and after the Separation and Distribution. The Parties hereto shall cooperate with regards to the administration of insurance policies contemplated hereunder (including accounting and reporting obligations and the distribution of insurance

proceeds) and shall share material information concerning such matters so that both Zoom and ZTI are aware on a continuing basis of material matters relevant to joint dealings with insurers. Except as set forth herein, nothing in this Agreement shall be construed or deemed to limit the right of Zoom or ZTI to obtain and administer future insurance policies on whatever terms it believes to be advisable.

7.14

Relationship between this Agreement and the Share Exchange Agreement. In the event of any conflict or ambiguity as between this Agreement and the Share Exchange Agreement, the Share Exchange Agreement controls.

ARTICLE VIII

Release and Indemnification

8.1

Release. Effective as of the Distribution and except as otherwise specifically set forth in this Agreement or the Share Exchange Agreement, ZTI releases and forever discharges Zoom and its respective Affiliates, and its and their directors, officers, employees and agents of and from all debts, demands, actions, causes of action, suits, accounts, covenants, contracts, agreements, damages, and any and all claims, demands and Liabilities whatsoever of every name and nature, both in law and in equity, against Zoom or any of its assigns, which Zoom or ZTI has or ever had, which arise out of or relate to events, circumstances or actions taken by Zoom or ZTI prior to the Distribution; provided, however, that the foregoing general release shall not apply to this Agreement, or the transactions contemplated hereby, and shall not affect ZTI's right to enforce this Agreement or any other agreement contemplated hereby in accordance with its terms. ZTI understands and agrees that, except as otherwise specifically provided herein, neither Zoom nor any of its Subsidiaries is, in this Agreement or any other agreement or document, representing or warranting to ZTI in any way as to the assets, business or Liabilities transferred or assumed as contemplated hereby or thereby or as to any consents or approvals required in connection with the consummation of the transactions contemplated by this Agreement.

8.2

Indemnification by ZTI. From and after the time of the Distribution, ZTI shall indemnify, defend and hold harmless Zoom and its directors, officers, employees, agents and Affiliates, and each of the heirs, executors, successors and assigns of any of the foregoing in accordance with Section 11.2 of the Share Exchange Agreement.

8.3

Remedies Cumulative. Subject to any limitations set forth in the Share Exchange Agreement, the remedies provided or referenced in this Article VIII shall be cumulative and shall not preclude assertion by Zoom of any other rights or the seeking of any and all other remedies against ZTI.

ARTICLE VIX

LOCK-UP AND VOTING AGREEMENT

This LOCK-UP AND VOTING AGREEMENT (this Agreement) is dated as of January ____, 2009, by and between the undersigned holder (Stockholder) of Common Stock, par value \$0.01 per share, of Zoom Technologies, Inc., a Delaware corporation (Zoom), and Tianjin Tong Guang Group Digital Communication Co., Ltd, a company organized under the laws of the PRC (TCB Digital). All capitalized terms used but not defined herein shall have the meanings assigned to them in the Share Exchange Agreement (as defined below).

WHEREAS, concurrently with the execution of this Agreement, Zoom, Zoom Telephonics, Inc., Lei Gu, Gold Lion Holding Limited and TCB Digital are entering into a Share Exchange Agreement (as such agreement may be subsequently amended or modified, the Share Exchange Agreement), pursuant to which the controlling stockholder of TCB Digital shall become the controlling stockholder of Zoom and TCB Digital shall become a subsidiary of Zoom;

WHEREAS, Stockholder beneficially owns and has sole or shared voting power with respect to the number of shares of Zoom Common Stock identified on Exhibit A hereto (such shares, together with all shares of Zoom Common Stock subsequently acquired by Stockholder during the term of this Agreement, including through the exercise of any stock option or other equity award, warrant or similar instrument, being referred to as the Shares), and holds stock options or other rights to acquire the number of shares of Zoom Common Stock identified on Exhibit A hereto; and

WHEREAS, it is a condition to the willingness of TCB Digital to enter into the Share Exchange Agreement that Stockholder execute and deliver this Agreement.

NOW, THEREFORE, in consideration of, and as a condition to, TCB Digital entering into the Share Exchange Agreement and proceeding with the transactions contemplated thereby, and in consideration of the expenses incurred and to be incurred by TCB Digital in connection therewith, Stockholder and TCB Digital agree as follows:

Section 1. *Restriction on Transfer*. Stockholder agrees not to offer, sell, contract to sell, assign, transfer, hypothecate, pledge or grant a security interest in, hedge or otherwise dispose of, or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition of (whether by actual disposition or effective economic disposition due to cash settlement or otherwise by Zoom or any affiliate of Zoom or any person in privity with Zoom or any affiliate of Zoom), directly or indirectly, any of the Shares from the period commencing on the date hereof and expiring on the earlier of the Closing or termination of the Share Exchange Agreement, except the following transfers shall be permitted:

- (a) transfers by will or operation of law, in which case this Agreement shall bind the transferee;
- (b) transfers pursuant to any pledge agreement existing on the date hereof, subject to the pledgee agreeing in writing to be bound by the terms of this Agreement;
- (c) such transfers as TCB Digital may otherwise permit in its sole discretion; and
- (d) sales of Shares upon the exercise of stock options to the extent necessary to pay the exercise price and taxes related to such exercise of stock options.

Any transfer or other disposition in violation of the terms of this Section 1 shall be null and void.

Section 2. Agreement to Vote Shares. Stockholder agrees that, while this Agreement is in effect, at any meeting of stockholders of Zoom, however called, or at any adjournment thereof, or in any other circumstances in which Stockholder is entitled to vote, consent or give any other approval, except as otherwise agreed to in writing in advance by TCB Digital, Stockholder shall:

(a) appear at each such meeting or otherwise cause the Shares to be counted as present thereat for purposes of calculating a quorum; and

C-1

(b) vote (or cause to be voted), in person or by proxy, all the Shares that are beneficially owned by Stockholder or as to which Stockholder has, directly or indirectly, the right to vote or direct the voting, (i) in favor of adoption and approval of the Share Exchange Agreement and the transactions contemplated thereby; (ii) against any action or agreement that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of Zoom contained in the Share Exchange Agreement or of Stockholder contained in this Agreement; and (iii) against any Zoom Takeover Proposal or any other action, agreement or transaction that is intended, or could reasonably be expected, to materially impede, interfere or be inconsistent with, delay, postpone, discourage or materially and adversely affect consummation of the transactions contemplated by the Share Exchange Agreement or of this Agreement.

Section 3. Irrevocable Proxy. Subject to the last sentence of this Section 3, by execution of this Agreement, Stockholder does hereby appoint TCB Digital with full power of substitution and resubstitution, as Stockholder's true and lawful attorney and irrevocable proxy, to the full extent of Stockholder's rights with respect to the Shares, to vote, if Stockholder is unable to perform his or her obligations under this Agreement, each of such Shares that Stockholder shall be entitled to so vote with respect to the matters set forth in Section 2 hereof at any meeting of the stockholders of Zoom, and at any adjournment or postponement thereof, and in connection with any action of the stockholders of Zoom taken by written consent. Stockholder intends this proxy to be irrevocable and coupled with an interest hereafter until the termination of this Agreement pursuant to the terms of Section 7 hereof and hereby revokes any proxy previously granted by Stockholder with respect to the Shares. Notwithstanding anything contained herein to the contrary, this irrevocable proxy shall automatically terminate upon the termination of this Agreement.

Section 4. Representations and Warranties of Stockholder. Stockholder represents and warrants to and agrees with TCB Digital as follows:

(a) Stockholder has all requisite capacity and authority to enter into and perform his or her obligations under this Agreement.

(b) This Agreement has been duly executed and delivered by Stockholder, and assuming the due authorization, execution and delivery by TCB Digital, constitutes the valid and legally binding obligation of Stockholder enforceable against Stockholder in accordance with its terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

(c) The execution and delivery of this Agreement by Stockholder does not, and the performance by Stockholder of his or her obligations hereunder and the consummation by Stockholder of the transactions contemplated hereby will not, violate or conflict with, or constitute a default under, any agreement, instrument, contract or other obligation or any order, arbitration award, judgment or decree to which Stockholder is a party or by which Stockholder is bound, or, to Stockholder's knowledge, any statute, rule or regulation to which Stockholder is subject or, in the event that Stockholder holds any of the Shares indirectly through a corporation, partnership, trust or other entity, any charter, bylaw or other organizational document of such entity; in each case, such that Stockholder would not be able to fulfill his or her obligations pursuant to this Agreement.

(d) Stockholder is the record or beneficial owner of, or is the trustee that is the record holder of, and whose beneficiaries are the beneficial owners of, and has good title to all of the Shares and options set forth on Exhibit A hereto, and the Shares and options are so owned free and clear of any liens, security interests, charges or other encumbrances except as otherwise described on Exhibit A hereto. Stockholder does not own, of record or beneficially, any shares of capital stock of Zoom other than the Shares (other than shares of capital stock subject to stock options

over which Stockholder will have no voting rights until the exercise of such stock options). The Shares do not include shares over which Stockholder exercises control in a fiduciary capacity and no representation by Stockholder is made thereby pursuant to the terms hereof. Stockholder has the right to vote the Shares, and none of the Shares is subject to any voting trust or other

C-2

agreement, arrangement or restriction with respect to the voting of the Shares, except as contemplated by this Agreement.

Section 5. No Solicitation. Except as otherwise expressly permitted under Section 8.7 of the Share Exchange Agreement, from and after the date hereof until the termination of this Agreement pursuant to Section 7 hereof, Stockholder, in his or her capacity as a stockholder of Zoom, shall not, nor shall such Stockholder authorize any partner, officer, director, advisor or representative of, such Stockholder or any of his or her affiliates to (and, to the extent applicable to Stockholder, such Stockholder shall use reasonable best efforts to prohibit any of his or her representatives or affiliates to), (a) initiate, solicit, or knowingly induce or encourage, or knowingly take any action to facilitate the making of, any inquiry, offer or proposal which constitutes, or could reasonably be expected to lead to, a Zoom Takeover Proposal, (b) participate in any discussions or negotiations regarding any Zoom Takeover Proposal, or furnish, or otherwise afford access, to any person (other than TCB Digital) any information or data with respect to Zoom or otherwise relating to any Zoom Takeover Proposal, (c) enter into any agreement, agreement in principle, letter of intent, memorandum of understanding or similar arrangement with respect to a Zoom Takeover Proposal, (d) solicit proxies or, solely in such Stockholder's capacity as a stockholder, become a participant in a solicitation (as such terms are defined in Regulation 14A under the Exchange Act) with respect to a Zoom Takeover Proposal (other than the Share Exchange Agreement), (e) initiate a stockholders' vote or action by consent of Zoom's stockholders with respect to a Zoom Takeover Proposal, or (f) except by reason of this Agreement, become a member of a group (as such term is used in Section 13(d) of the Exchange Act) with respect to any voting securities of Zoom that takes any action in support of a Zoom Takeover Proposal.

Section 6. Specific Performance; Remedies; Attorneys Fees. Stockholder acknowledges that it is a condition to the willingness of TCB Digital to enter into the Share Exchange Agreement that Stockholder execute and deliver this Agreement and that it will be impossible to measure in money the damage to TCB Digital if Stockholder fails to comply with the obligations imposed by this Agreement and that, in the event of any such failure, TCB Digital will not have an adequate remedy at law or in equity. Accordingly, Stockholder agrees that injunctive relief or other equitable remedy is the appropriate remedy for any such failure and will not oppose the granting of such relief on the basis that TCB Digital has an adequate remedy at law. Stockholder further agrees that Stockholder will not seek, and agrees to waive any requirement for, the securing or posting of a bond in connection with TCB Digital's seeking or obtaining such equitable relief. In addition, after providing written notification to Stockholder, TCB Digital shall have the right to inform any third party that TCB Digital reasonably believes to be, or to be participating with Stockholder or receiving from Stockholder assistance in violation of this Agreement, of the terms of this Agreement and of the rights of TCB Digital hereunder, and that participation by any such persons with Stockholder in activities in violation of Stockholder's agreement with TCB Digital set forth in this Agreement may give rise to claims by TCB Digital against such third party.

Section 7. Term of Agreement; Termination. Except as otherwise provided in this Section 7, the term of this Agreement shall commence on the date hereof and shall expire upon the Closing of the Share Exchange. This Agreement may be terminated at any time prior to the Closing of the Share Exchange by the written consent of the parties hereto, and shall be automatically terminated in the event that the Share Exchange Agreement is terminated in accordance with its terms. Upon termination, no party shall have any further obligations or liabilities hereunder; provided, however, such termination shall not relieve any party from liability for any willful breach of this Agreement prior to such termination.

Section 8. Company and Transfer Agent. Zoom is hereby authorized to disclose the existence of this Agreement to its transfer agent. Zoom and its transfer agent are hereby authorized to decline to make any transfer of Zoom Common Stock if such transfer would constitute a violation or breach of this Agreement or the Share Exchange Agreement.

Section 9. Entire Agreement; Amendments. This Agreement supersedes all prior agreements, written or oral, among the parties hereto with respect to the subject matter hereof and contains the entire agreement among the parties with respect to the subject matter hereof. This Agreement may not be amended, supplemented or modified, and no provisions hereof may be modified or waived, except by an instrument in writing signed by each party hereto. No waiver of any provisions hereof by either party shall be deemed a waiver of any other provision hereof by any such party, nor shall any such waiver be deemed a continuing waiver of any provision hereof by such party.

C-3

Section 10. Severability. In the event that any one or more provisions of this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, by any court of competent jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provisions of this Agreement and the parties shall use their reasonable efforts to substitute a valid, legal and enforceable provision which, insofar as practical, implements the purposes and intents of this Agreement.

Section 11. Capacity as Stockholder. The covenants contained herein shall apply to Stockholder solely in his or her capacity as a stockholder of Zoom, and no covenant contained herein shall apply to Stockholder in his or her capacity as a director, officer or employee of Zoom or in any other capacity. Nothing contained in this Agreement shall be deemed to apply to, or limit in any manner, the obligations of Stockholder to comply with his or her fiduciary duties as a director of Zoom.

Section 12. Governing Law. This Agreement shall be governed by, and interpreted in accordance with, the laws of the State of Delaware, without regard for conflict of law provisions.

This LOCK-UP AGREEMENT (this Agreement) is dated as of _____, 2009, by and between the undersigned holder (Stockholder) of Common Stock, par value \$0.01 per share, of Zoom Technologies, Inc., a Delaware corporation (Zoom), and Tianjin Tong Guang Group Digital Communication Co., Ltd, a company organized under the laws of the PRC (TCB Digital). All capitalized terms used but not defined herein shall have the meanings assigned to them in the Share Exchange Agreement (as defined below).

WHEREAS, on the date hereof, Zoom, Zoom Telephonics, Inc., Lei Gu, Gold Lion Holding Limited and TCB Digital shall consummate a share exchange transaction whereby the controlling stockholder of TCB Digital shall become the controlling stockholder of Zoom and TCB Digital shall become a subsidiary of Zoom, pursuant to the Share Exchange Agreement, dated January 28, 2009 (as such agreement has been amended or modified, the Share Exchange Agreement);

WHEREAS, Stockholder beneficially owns and has sole or shared voting power with respect to the number of shares of Zoom Common Stock identified on Exhibit A hereto (such shares, together with all shares of Zoom Common Stock subsequently acquired by Stockholder during the term of this Agreement, including through the exercise of any stock option or other equity award, warrant or similar instrument, being referred to as the Shares), and holds stock options or other rights to acquire the number of shares of Zoom Common Stock identified on Exhibit A hereto; and

WHEREAS, it is a condition to the Closing of the Transactions that Stockholder execute and deliver this Agreement.

NOW, THEREFORE, in consideration of, and as a condition to, TCB Digital consummating the Transactions, and in consideration of the expenses incurred and to be incurred by TCB Digital in connection therewith, Stockholder and TCB Digital agree as follows:

Section 1. Restriction on Transfer. Stockholder agrees not to offer, sell, contract to sell, assign, transfer, hypothecate, pledge or grant a security interest in, hedge or otherwise dispose of, or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition of (whether by actual disposition or effective economic disposition due to cash settlement or otherwise by Zoom or any affiliate of Zoom or any person in privity with Zoom or any affiliate of Zoom), directly or indirectly, any of the Shares, in any calendar month, greater than 3% of the shares of Zoom's common stock sold in the previous four (4) calendar weeks, except the following transfers shall be permitted:

- (a) transfers by will or operation of law, in which case this Agreement shall bind the transferee;
- (b) transfers pursuant to any pledge agreement existing on the date hereof, subject to the pledgee agreeing in writing to be bound by the terms of this Agreement; and
- (c) such transfers as TCB Digital may otherwise permit in its sole discretion.

Any transfer or other disposition in violation of the terms of this Section 1 shall be null and void.

Section 2. Representations and Warranties of Stockholder. Stockholder represents and warrants to and agrees with TCB Digital as follows:

- (a) Stockholder has all requisite capacity and authority to enter into and perform his obligations under this Agreement.
- (b) This Agreement has been duly executed and delivered by Stockholder, and assuming the due authorization, execution and delivery by TCB Digital, constitutes the valid and legally binding obligation of Stockholder enforceable against Stockholder in accordance with its terms, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

D-1

(c) The execution and delivery of this Agreement by Stockholder does not, and the performance by Stockholder of his obligations hereunder and the consummation by Stockholder of the transactions contemplated hereby will not, violate or conflict with, or constitute a default under, any agreement, instrument, contract or other obligation or any order, arbitration award, judgment or decree to which Stockholder is a party or by which Stockholder is bound, or, to Stockholder's knowledge, any statute, rule or regulation to which Stockholder is subject or, in the event that Stockholder holds any of the Shares indirectly through a corporation, partnership, trust or other entity, any charter, bylaw or other organizational document of such entity; in each case, such that Stockholder would not be able to fulfill his obligations pursuant to this Agreement.

(d) Stockholder is the record or beneficial owner of, or is the trustee that is the record holder of, and whose beneficiaries are the beneficial owners of, and has good title to all of the Shares and options set forth on Exhibit A hereto, and the Shares and options are so owned free and clear of any liens, security interests, charges or other encumbrances except as otherwise described on Exhibit A hereto. Stockholder does not own, of record or beneficially, any shares of capital stock of Zoom other than the Shares (other than shares of capital stock subject to stock options over which Stockholder will have no voting rights until the exercise of such stock options). The Shares do not include shares over which Stockholder exercises control in a fiduciary capacity and no representation by Stockholder is made thereby pursuant to the terms hereof.

Section 3. Specific Performance; Remedies; Attorneys Fees. Stockholder acknowledges that it is a condition to the willingness of TCB Digital to consummate the Transactions that Stockholder execute and deliver this Agreement and that it will be impossible to measure in money the damage to TCB Digital if Stockholder fails to comply with the obligations imposed by this Agreement and that, in the event of any such failure, TCB Digital will not have an adequate remedy at law or in equity. Accordingly, Stockholder agrees that injunctive relief or other equitable remedy is the appropriate remedy for any such failure and will not oppose the granting of such relief on the basis that TCB Digital has an adequate remedy at law. Stockholder further agrees that Stockholder will not seek, and agrees to waive any requirement for, the securing or posting of a bond in connection with TCB Digital's seeking or obtaining such equitable relief.

Section 4. Term of Agreement. This Agreement shall commence on the date hereof and shall expire on the 366th day following the date hereof.

Section 5. Company and Transfer Agent. Zoom is hereby authorized to disclose the existence of this Agreement to its transfer agent. Zoom and its transfer agent are hereby authorized to decline to make any transfer of Zoom Common Stock if such transfer would constitute a violation or breach of this Agreement or the Share Exchange Agreement.

Section 6. Entire Agreement; Amendments. This Agreement supersedes all prior agreements, written or oral, among the parties hereto with respect to the subject matter hereof and contains the entire agreement among the parties with respect to the subject matter hereof. This Agreement may not be amended, supplemented or modified, and no provisions hereof may be modified or waived, except by an instrument in writing signed by each party hereto. No waiver of any provisions hereof by either party shall be deemed a waiver of any other provision hereof by any such party, nor shall any such waiver be deemed a continuing waiver of any provision hereof by such party.

Section 7. Severability. In the event that any one or more provisions of this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, by any court of competent jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provisions of this Agreement and the parties shall use their reasonable efforts to substitute a valid, legal and enforceable provision which, insofar as practical, implements the purposes and intents of this Agreement.

Section 8. Governing Law. This Agreement shall be governed by, and interpreted in accordance with, the laws of the State of Delaware, without regard for conflict of law provisions.

To the extent that the event which gives rise to a termination of this Agreement pursuant to this Article 7 is due to a breach hereof by the non-terminating party, the rights of the terminating party granted under this Article 7 shall be in addition to, and not in substitution for or limitation of, any and all rights and remedies available by reason of Applicable Laws or equity to the party exercising the rights granted under this Article 7; and the terminating party shall be entitled to damages under each terminated agreement as if the breach under this Agreement were a breach thereunder.

ARTICLE

8

Upon the termination of this Agreement pursuant to Article 7 hereof (or otherwise), Licensee shall forthwith discontinue all use of any of the ZOOM Marks and any variation or simulation thereof, or any mark, name, logo or design similar to any of the ZOOM Marks, or any other proprietary rights related thereto and shall forthwith cease to use (and shall upon request deliver up to Licensor or destroy on oath) any business materials, advertising or promotional materials, operating supplies or equipment bearing any of the ZOOM Marks, any variation or simulation thereof, or any mark, name logo or design similar to any of the ZOOM Marks. Upon such termination, Licensee hereby irrevocably releases and disclaims any right or interest in or to any and all of the ZOOM Marks and proprietary rights related thereto, and Licensee agrees that all rights in the ZOOM Marks, proprietary rights related thereto and goodwill connected therewith remain the property of Licensor. Licensee shall also comply with the provisions of Article 5 hereof upon such termination. Licensee acknowledges that Licensor shall be entitled to apply for and receive from any court of competent jurisdiction a temporary restraining order, preliminary injunction or permanent injunction, without any necessity of proving actual damages or any requirement for the posting of a bond or other security, enjoining Licensee from further breach of this Agreement, including, without limitation, any further infringement or impairment of Licensor's rights including, without limitation, further infringement or impairment of Licensor's rights in and to any of the ZOOM Marks. Such relief shall be in addition to and not in substitution of any other remedies available to the aggrieved party pursuant to this Agreement or by operation of law or otherwise.

ARTICLE

10

ASSIGNMENT AND TRANSFER

10.1

Assignability

Except as provided in this Article 10, the rights and powers of the parties under this Agreement shall not be assignable or otherwise transferable. In particular, the license granted herein is strictly personal to Licensee and none of the rights granted to Licensee hereunder may be assigned, transferred or sub-licensed by Licensee to any Person without the prior written consent of Licensor. Such consent may be given or withheld in the absolute discretion of Licensor and Licensor shall not be obliged to give any reason for its decision. Notwithstanding the foregoing, Licensor acknowledges and agrees that, subject to the terms and conditions of this Agreement, Licensee has the right to assign, transfer or sub-license its rights under this Agreement to any of its subsidiaries and/or affiliates. If Licensee attempts to assign transfer or grant a sub-license in violation of the terms hereof, Licensor may (as a non-exclusive remedy) by notice to Licensee immediately terminate the rights, licenses and privileges granted hereunder to Licensee.

10.2

Right of First Refusal

Any proposed sale, assignment or other transfer in ownership of the ZOOM Marks shall be subject to the right of first refusal (the **Right of First Refusal**) set forth in this Section 10.2. If Licensor shall receive and desire to accept an offer from an Acquirer (an **Acquirer's Offer**) to purchase its interest in the ZOOM Marks, Licensor shall first provide written notice (the **Offer Notice**) of such Acquirer's Offer to Licensee. The Offer Notice shall state (i) the name and address of the Acquirer, (ii) the price for the ZOOM Marks expressed in cash and (iii) any other material terms of the transaction. The Offer Notice shall constitute an offer by the Licensor to sell the ZOOM Marks to the Licensee in accordance with the provisions of this Section 10.2 and at the same total price offered by the Acquirer and upon the same terms and conditions as contained in the Acquirer's Offer, to the extent possible. Licensee shall have thirty (30) days after its receipt of the Offer Notice within which to accept or reject such offer. Licensee shall notify Licensor in writing of its decision within the aforementioned thirty (30) day period. Failure by Licensee to give such written notification within the thirty (30) day period shall constitute Licensee's rejection of such offer by Licensor.

11.3

No Waiver

The failure of either party to insist upon a strict performance of any of the terms or provisions of this Agreement, or to exercise any option, right or remedy herein contained, shall not be construed as a waiver or as a relinquishment of such term, provision, option, right or remedy, but the same shall continue and remain in full force and effect. No waiver by either party of any term or provision hereof shall be deemed to have been made unless expressed in writing and signed by such Party.

11.4

Severability

If any portion of this Agreement shall be declared invalid by order, decree or judgment of a court of competent jurisdiction, this Agreement shall be construed as if such portion had not been inserted herein except when such construction would constitute a substantial deviation from the general intent and purpose of the Parties as reflected in this Agreement.

11.5
