PROXY STATEMENT FOR THE
ANNUAL MEETING OF SHAREHOLDERS
To be held on January 13, 2009
ABOUT THE MEETING

This proxy statement is furnished to shareholders in connection with the solicitation of proxies by the board of directors of PURE CYCLE CORPORATION (the Company) for use at the annual meeting of shareholders of the Company (the Meeting) to be held at 1550 Seventeenth Street, Suite 500, Denver, Colorado 80202, at the offices of Davis Graham & Stubbs LLP on January 13, 2009 at 2 p.m. Mountain Time or at any adjournment thereof.

Proxies were first mailed to shareholders on or about December 12, 2008, and will be solicited primarily by mail. The cost of soliciting proxies is being paid by the Company. In addition to the mailings, the Company's officers, directors and other regular employees may, without additional compensation, solicit proxies personally or by other appropriate means.

What is the purpose of the Meeting?

At the Meeting, shareholders are asked to act upon the matters outlined above in the Notice of Annual Meeting of Shareholders and as described in this proxy statement. The matters to be considered are (i) the election of directors, (ii) the ratification of the appointment of the Company's independent auditors for the fiscal year ending August 31, 2009, and (iii) such other matters as may properly come before the Meeting. Additionally, management will be available to respond to appropriate questions.

Who is entitled to vote?

Only shareholders of record as of 5 p.m. Mountain Time on December 5, 2008 (the Record Date), are entitled to vote on matters presented at the Meeting. On December 5, 2008, there were 20,206,566 shares of the Company's 1/3 of \$.01 par value common stock (common stock) issued and outstanding.

What are my voting rights?

If you were a shareholder on the Record Date, you will be entitled to vote all of the shares you held on the Record Date at the Meeting or any postponements or adjournments thereof. Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct how your shares are voted without attending the Meeting.

Each outstanding share of the Company's common stock will be entitled to one vote on each matter acted upon. There is no cumulative voting.

How do I vote?

If you are the shareholder of record, you may vote your shares by completing, signing and dating the enclosed proxy card and then mailing it to the Company's transfer agent in the pre-addressed envelope provided. You may also vote your shares by phone by calling the Company's transfer agent at the number listed on the proxy card. If your shares are held beneficially in street name, you may vote your shares by following the instructions provided by your broker.

Can I change or revoke my vote?

A proxy may be revoked by a shareholder any time prior to the exercise thereof by written notice to the Secretary of the Company, by submission of another proxy bearing a later date or by attending the Meeting and voting in person.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed within the Company or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally shareholders provide written comments on their proxy cards, which are forwarded to management of the Company.

What is a quorum?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock constitutes a quorum at the Meeting for the election of directors and for the other proposals. Abstentions and broker non-votes are counted for the purposes of determining whether a quorum is present at Meeting.

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

How many votes are required to approve the proposals?

Election of Directors The election of directors requires the affirmative vote of a plurality of the votes cast by shares represented in person or by proxy and entitled to vote for the election of directors. This means that the nominees receiving the most votes from those eligible to vote will be elected. You may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees; however, a withheld vote or a broker non-vote (defined above) will have no effect on the outcome of the election.

Ratification of Auditors and Other Matters The number of votes cast in favor of the proposal at the annual meeting must exceed the number of votes cast against the proposal for the approval of proposal 2, the ratification of the appointment of independent auditors, and other matters. For proposal 2 and any other business matters to be voted on, you may vote FOR, AGAINST, or you may ABSTAIN. Abstentions and broker non-votes will not be counted as votes for or against a proposal and, therefore, will have no effect on the vote.

If no specification is made, then the shares will be voted FOR the directors nominated by the board of directors and FOR proposal 2 and otherwise, in accordance with the recommendations of the board of directors.

Does the Company expect there to be any additional matters presented at the Meeting?

Other than the two items of business described in this proxy, the Company is not aware of any other business to be acted upon at the Meeting. If you grant a proxy, the persons named as proxy-holders, Mark W. Harding and Harrison H. Augur, have the discretion to vote your shares on any additional matter properly presented for a vote at the Meeting. If for any unforeseen reason any of our director nominees are not available for election at the date of the Meeting, the named proxy-holders will vote your shares for such other candidates as may be nominated by the board.

What if multiple shareholders are at the same address?

The Company adopted a procedure approved by the Securities and Exchange Commission (the SEC), called householding, which reduces printing and postage costs. Under this procedure, shareholders of record who have the same address and last name will receive one copy of the proxy statement unless one or more of these shareholders notify the Company that they wish to continue receiving individual copies. Shareholders who do not participate in householding will continue to receive separate copies of the proxy statement.

If a shareholder of record residing at such an address wishes to receive a separate document in the future, he or she may contact our transfer agent at Computershare Trust Company, Inc., 350 Indiana St., Suite #800, Golden, CO 80401, telephone (303) 262-0600, or write to the Company's Secretary at the Company's address set forth above. You also may request a copy of the Company's Form 10-K and proxy materials by notifying us at the same address or phone number, and we will undertake to deliver such documents promptly. Shareholders of record receiving multiple copies of the annual report and proxy statement can request householding by contacting us in the same manner. If shares are owned through a bank, broker or other nominee, the holder may request householding by contacting the nominee.

When will the results of the voting being announced?

The Company intends to announce preliminary results at the Meeting and will publish final results in the Form 10-Q for the quarter ending February 28, 2009.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy

The Company's executive compensation program is administered by the Compensation Committee of the board of directors. The Compensation Committee is composed of Messrs. Middlemas, Augur and Epker, three non-employee directors. The Compensation Committee reviews the performance and compensation levels for the executive officers and determines equity grants under the 2004 Incentive Plan. The executive officers may provide information to the committee regarding their compensation; however, the Compensation Committee makes the final determination on executive compensation. Final compensation determinations, including equity awards, are generally made in August at the end of the Company's fiscal year end. The following outlines the philosophy and objectives of the Company's compensation plans.

Q. What are the objectives of the Company's Compensation Committee?

A. The objectives of the Compensation Committee are to correlate executive compensation with the Company's objectives and overall performance and to enable the Company to attract, retain and reward executive officers who contribute to its long-term growth and success.

Q. What is the Company's compensation plan designed to do?

A. The Company's compensation plan is designed to attract, retain and motivate quality executive talent critical to the Company's growth and success. The compensation plan is designed to reward the executive officers of the Company with competitive total pay opportunities through a compensation mix that emphasizes cash and non-cash incentives and merit-based salary increases, while de-emphasizing entitlements and perquisites. The compensation plan is designed to create a mutuality of interest between executives and shareholders through equity ownership programs and to focus the executive's attention on overall corporate objectives, in addition to the executive's personal objectives.

Q. What are the goals of the Compensation Committee?

A. The goal of the Compensation Committee is to provide a compensation package that is competitive with compensation practices of companies with which the Company competes, provides variable compensation that is linked to achievement of financial and individual performance goals, and aligns the interests of the executive officers and employees with those of the shareholders of the Company by providing them with equity ownership in the Company. Additionally, the Compensation Committee's goal is to design compensation packages which fall within the mid-range of the packages provided to executives of similarly sized corporations in like industries.

Q. What are the basic elements of the executive officers' pay and how do those fit into the Company's compensation plan?

A. Generally each executive officer receives a base cash salary, cash bonus (if the compensation committee elects one), and long-term equity incentives. The mixture of these cash and non-cash compensation items is designed to provide the executive with a competitive total compensation package while not using an excessive amount of the Company's cash or overly diluting the equity positions of its shareholders. The compensation plan for the President is described below.

Q. Does the Company offer any benefit plans to its executive officers?

A. Each executive officer is eligible for the same benefits available to all Company employees. Currently, this includes participation in a tax-qualified 401(k) plan, health and dental plans.

Q. Does the Company offer any perquisites to its executive officers?

A. The Company's executive officers do not receive any perquisites or personal benefits.

Compensation of the Company's President

The current compensation program for the Company's President consists of the following:

Base Salary The Compensation Committee reviewed and approved a salary for the President during the year ending August 31, 2008. His base salary was established by the Compensation Committee based upon competitive compensation data for similarly sized public companies, job responsibilities, level of experience, individual performance and contribution to the business throughout his career with the Company. In making the base salary decision, the committee exercised its discretion and judgment based upon these factors. No specific formula was applied to determine the weight of each factor. While the committee reviewed competitive compensation data, it did not benchmark Mr. Harding's compensation to that of any other company. Mr. Harding's base salary was increased by \$50,000 effective September 1, 2007.

Incentive Bonus The Compensation Committee's goal in granting incentive bonuses is to tie a portion of the President's compensation to the performance of the Company and to the President's individual contribution to the Company. Due to the difficult market for real estate developments, the primary market for the Company's water rights, and the lack of significant transactions in fiscal 2008, no incentive bonuses were granted to employees, including the President, during the year ended August 31, 2008.

Long-Term Stock Incentives The Compensation Committee has previously provided the Company's President with long-term equity incentive compensation through grants of stock options and restricted stock. The goal of the long-term stock incentives has been to align the interests of the President with those of the Company's shareholders and to provide the President with a long-term incentive to manage the Company from the perspective of an owner with an equity stake in the business. It is the belief of the Compensation Committee that stock options and restricted stock grants directly motivate an executive to maximize long-term shareholder value. The philosophy of administering the long-term stock incentive plan is to tie the number of stock options and restricted stock awarded to each employee in the plan to the performance of the Company and to the individual contribution of each employee in the plan. No long-term stock incentives were granted during the fiscal year ended August 31, 2008. In making this decision, the Compensation Committee considered the fact that the President currently has a significant equity ownership in the Company, which it believes adequately aligns his interests with those of the Company's shareholders.

Discussion with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its chief executive officer and its other four most highly compensated executive officers. The Company has not established a policy with regard to Section 162(m) of the Code, because the Company does not currently anticipate paying cash compensation in excess of one million dollars per annum to any employee. The Compensation Committee will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

Compensation Tables

The following tables set forth information required by Item 402 of Regulation S-K. The Company's President, Mr. Harding, is the Principal Executive Officer and the Principal Financial Officer of the Company. Therefore, all tables contained in this section relate solely to Mr. Harding.

Summary Compensation Table

(1) This represents the fair value of the 34,189 shares of restricted stock granted to the named executive officer on August 27, 2007. anniversary date. The forfeiture restriction will lapse with respect to the remaining one half on the second anniversary date of the grant. Pursuant to SFAS 123(R), the Company will recognize compensation expense on this grant based on the grant date fair value of the stock. The grant date fair value of the restricted stock was based upon the market price of the Company's common stock on the date of the grant. The grant date fair value will be amortized to compensation expense over the vesting term of two years, which is the period during which the forfeiture provisions lapse.

Grants of Plan Based Awards The Company did not grant any plan based awards to Mr. Harding during the year ended August 31, 2008. Therefore, the Company omitted the Grants of Plan Based Awards Table.

REPORT OF THE AUDIT COMMITTEE¹

The Audit Committee of the board of directors is comprised of four directors and operates under a written charter adopted by the board of directors, which is available on the Company's website at www.purecyclewater.com. The charter is reassessed and updated as needed in accordance with applicable rules of the Securities and Exchange Commission and NASDAQ. Each of the members of the Audit Committee is a non-employee director and is independent as defined by NASDAQ standards for independence.

Management is responsible for the Company's internal controls over financial reporting. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit Committee's primary responsibility is to monitor and oversee these processes and recommend to the board of directors the selection of the Company's independent auditors. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the Company's audited financial statements and discussed not only the acceptability but also the quality of the accounting principles, the reasonableness of the significant judgments and estimates, critical accounting policies and the clarity of disclosures in the audited financial statements prior to issuance.

The Audit Committee reviewed and discussed the audited financial statements as of and for the year ended August 31, 2008 with GHP Horwath P.C. ("GHP") and discussed not only the acceptability but also the quality of the accounting principles, the reasonableness of the significant judgments and estimates, critical accounting policies and the clarity of disclosures in the audited financial statements prior to issuance. The Audit Committee meets with GHP, with and without management present, to discuss the results of their examination and their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee discussed and reviewed with the registered public accountants all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards (SAS) No. 61, *Communication With Audit Committees*, as amended by SAS 89 and SAS 90, and Rule 2-07, *Communication with Audit Committees* of Regulation S-X, and, with management present, discussed and reviewed the results of the registered public accountants' examination of the financial statements. GHP also provided the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 *Independence Discussions with Audit Committees*", and the Audit Committee discussed GHP's independence with GHP.

Based on the foregoing, the Audit Committee recommended to the board of directors that the Company's audited financial statements be included in the Company's Form 10-K for the fiscal year ended August 31, 2008.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Agreements with Related Parties

Tap Participation Fee Payments On August 31, 2006, pursuant to an Asset Purchase Agreement (the "Arkansas River Agreement") with HP A&M, the Company purchased approximately 60,000 acre feet of water rights in the Arkansas River and other related assets. As consideration for these assets, the Company issued HP A&M 3,000,000 shares of its common stock. The Company also granted HP A&M the right to receive ten percent (10%) of gross proceeds, or the equivalent thereof, from the sale of the next 40,000 water taps (the "Tap Participation Fee"), which was valued at approximately \$45.6 million at the acquisition date. The Tap Participation Fee is due and payable once the Company sells a water tap and receives the consideration due for such water tap. The Company did not sell any water taps or make any payments on the Tap Participation Fee during the year ended August 31, 2008. As a result of the acquisition, HP A&M owns 14.8% of the outstanding shares of common stock of the Company. See also Note 3 in the *Voting Securities and Principal Holders Thereof* section above regarding beneficial ownership by Mr. Campbell.

Review and Approval of Related Party Transactions

It is our policy as set forth in writing in our Code of Business Conduct and Ethics that actual or apparent conflicts of interest are to be avoided if possible and must be disclosed to the board of directors. Pursuant to the Code of Business Conduct and Ethics, any transaction involving a related party must be reviewed and approved by the Audit Committee. Additionally, the Audit Committee Charter requires the Audit Committee to review any transaction involving the Company and a related party at least once a year or upon any significant change in the transaction or relationship. The Code also provides non-exclusive examples of conduct which would involve a potential conflict of interest and requires any material transaction involving a potential conflict of interest to be approved in advance by the board.

We annually require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions. Our board of directors and outside legal counsel review all transactions and relationships disclosed in the directors' and officers' questionnaire, and the board makes a formal determination regarding each director's independence. If a director is determined to no longer be independent, such director, if he or she serves on any of the Audit Committee, the Nominating and Corporate Governance Committee, or the Compensation Committee, will be removed from such committee prior to (or otherwise will not participate in) any future meeting of the committee. If the transaction presents a conflict of interest, the board of directors will determine the appropriate response.

The Proxy cannot be voted for more than the seven nominees named. Directors are elected for one-year terms or until the next annual meeting of the shareholders and until their successors are elected and qualified. All of the nominees have expressed their willingness to serve, but if because of circumstances not contemplated, one or more nominees is not available for election, the proxy holders named in the enclosed proxy card intend to vote for such other person or persons as the Nominating Committee may nominate.

Mr. Campbell was designated as a nominee to the board of directors pursuant to the Arkansas River Agreement, which agreement obligates the Company to nominate and solicit proxies for a director nominee designated by HP A&M through the earlier of (i) the annual meeting of the Company's shareholders held following the fiscal year ended August 31, 2010, (ii) the date on which the Company fully discharges its obligation to pay the Tap Participation Fee, or (iii) August 31, 2011. In addition, Mr. Harding agreed to vote his shares of common stock in favor of the director nominee of HP A&M pursuant to a Voting Agreement for the same period that the Company is obligated to solicit proxies for the HP A&M director nominee.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE ELECTION AS DIRECTORS OF THE SEVEN PERSONS NOMINATED.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS (Proposal No. 2)

Action is to be taken by the shareholders at the Meeting with respect to the ratification and approval of the selection by the Audit Committee of the Company's board of directors of GHP Horwath, P.C. (GHP) to be the independent auditors of the Company for the fiscal year ending August 31, 2009. In the event of a negative vote on such ratification, the Audit Committee of the board of directors will reconsider its selection. A representative of GHP is expected to be present at the Meeting. The GHP representative will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

Change in Auditors On December 15, 2006, the Company replaced Anton Collins Mitchell LLP (ACM) as its independent registered public accountant. The decision to replace ACM was approved by the Audit Committee of the board of directors. ACM did not, for either of the fiscal years ended August 31, 2006 or 2005, or to the date of the change of auditors, produce a report on the Company's financial statements which contained an adverse opinion or disclaimer of opinion. ACM's reports were not modified as to uncertainty, audit scope or accounting principles. For either of the two fiscal years ended August 31, 2006 and 2005, and to the date of the change in auditors, there were no reportable events as described in Regulation S-K 229.304(a)(1)(v). During the fiscal years ended August 31, 2006 and 2005, and the subsequent interim period through December 15, 2006 (the date of the change in auditors), there were (i) no disagreements with ACM on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures which, if not resolved to ACM's satisfaction, would have caused ACM to make reference to the subject matter of such disagreement in connection with its reports on the financial statements of the Company except as described below, and (ii) no reportable events as listed in Item 304(a)(1)(v) of Regulation S-K.

As discussed in Note 7 in the Company's Annual Report on Form 10-K for the year ended August 31, 2008 and in Item 9 in the Company's Annual Report on Form 10-K for the year ended August 31, 2007, certain of the properties acquired from HP A&M pursuant to the Arkansas River Agreement, entered into on August 31, 2006, are subject to outstanding promissory notes (the Promissory Notes) which are secured by deeds of trust on the properties. The Company did not assume the Promissory Notes and they remain the sole obligation of HP A&M. The Promissory Notes had principal and accrued interest totaling approximately \$12.8 million and \$13.9 million at August 31, 2008 and 2007, respectively. Because the Company would lose a portion of the land and water rights acquired from HP A&M if any defaults on such Promissory Notes are not cured, the Company originally recorded the outstanding balance of the Promissory Notes as a liability on its August 31, 2006 balance sheet. In December 2006, the Company was informed by ACM of their intent to not stand for re-election. At the time, it was ACM's position that for periods commencing after August 31, 2006, the acquisition date, interest accrued on the Promissory Notes should be treated as an expense paid by a principal shareholder in accordance with Staff Accounting Bulletin No. 79, *Accounting for Expenses or Liabilities by Principal Stockholder(s)*, whereby the Company would record interest expense, which would have been approximately \$950,000 in fiscal 2008 and 2007, with a corresponding increase to additional paid in capital. Since the Company did not concur with this position, the Company requested the Staff of the Office of the Chief Accountant of the Securities and Exchange Commission (the Staff) to review its proposed treatment of the Promissory Notes. As described in the Company's First Amendment to its August 31, 2006 Form 10-K, following the consultations with the Staff, the Company removed the liability related to the Promissory Notes from its August 31, 2006 balance sheet. Further information can be obtained from the First Amendment to the August 31, 2006 Annual

Report on Form 10-K filed with the Commission on April 16, 2007.

ACM's report on effectiveness of the Company's internal control over financial reporting as of August 31, 2006, identified a material weakness in that the Company's closing process failed to identify all necessary accounting adjustments for certain transactions.

On December 15, 2006, the Company engaged its new independent registered public accountant, GHP. The decision to engage GHP was approved by the Audit Committee of the Board. Since its appointment, the Company has not consulted with GHP on the application of accounting principles to a specific transaction, either completed or proposed prior to GHP's retention, or any other matters of the type contemplated by Item 304(a)(2) of Regulation S-K.

GHP reported that the Company maintained, in all material respects, effective internal control over financial reporting as of August 31, 2008, based on criteria established in *Internal Control Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

GHP has no direct or indirect financial interest in the Company and does not have any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee. Neither the Company, nor any officer, director nor associate of the Company has any interest in GHP.

Fees For the fiscal years ended August 31, the Company was billed the following audit, audit-related, tax and other fees by its independent registered public accountant. The Audit Committee approved 100% of these fees in accordance with the Audit Committee Charter. The audit related fees are comprised of fees for the internal control audits performed pursuant to the Sarbanes-Oxley Act of 2002, the registered equity offering in July 2007 and the consultations with the Staff of the SEC in late 2006.

	Fiscal year ended August 31,	
	2008	2007
Audit Fees	\$ 44,600	\$ 55,000
Audit Related Fees	\$ 4,900	\$ 146,300
Tax	\$	\$
All Other Fees	\$	\$

Pre-Approval Policy The Audit Committee has established a pre-approval policy in its Charter. In accordance with the policy, the Audit Committee pre-approves all audit, non-audit and internal control related services provided by the independent auditors prior to the engagement of the independent auditors with respect to such services.
