Set forth below is information about certain terms used in this Quarterly Report on Form 10-Q:

“Management Fee Paying Assets Under Management,” or “AUM,” refers to the management fee paying assets we manage, including, as applicable, capital we have the right to call from our investors pursuant to their capital commitments to various funds. Our AUM equals the sum of:

- (i) the capital commitments or invested capital (or net asset value, "NAV," if lower) of our private equity funds and credit PE funds, depending on which measure management fees are being calculated upon at a given point in time, which in connection with private equity funds raised after March 2006 includes the mark-to-market value of public securities held within the funds,
- (ii) the contributed capital of our publicly traded permanent capital vehicles,
- (iii) the NAV of our hedge funds, including the Value Recovery Funds and certain advisory engagements which pay fees based on realizations (and on certain managed assets and, in some cases, a fixed fee); and
- (iv) the NAV or fair value of our managed accounts, to the extent management fees are charged.

For each of the above, the amounts exclude assets under management for which we charge either no or nominal fees, generally related to our principal investments in funds as well as investments in funds by our principals, directors and employees.

Our calculation of AUM may differ from the calculations of other asset managers and, as a result, this measure may not be comparable to similar measures presented by other asset managers. Our definition of AUM is not based on any definition of assets under management contained in our operating agreement or in any of our Fortress Fund management agreements. Finally, our calculation of AUM differs from the manner in which our affiliates registered with the United States Securities and Exchange Commission report “Regulatory Assets Under Management” on Form ADV and Form PF in various ways. Significantly, Regulatory Assets Under Management, unlike Management Fee Paying Assets Under Management, is not reduced by liabilities or indebtedness associated with assets under management and it includes assets under management and uncalled capital for which Fortress receives no compensation.

“Fortress,” “we,” “us,” “our,” the “company” and the “public company” refer, collectively, to Fortress Investment Group LLC its subsidiaries, including the Fortress Operating Group (as defined below) and all of its subsidiaries.

“Fortress Funds” and “our funds” refers to the private investment funds, permanent capital vehicles and related managed accounts that we manage. The Fortress Macro Fund is our flagship liquid hedge fund and the Drawbridge Special Opportunities Fund is our flagship credit hedge fund.

“Fortress Operating Group” or “FOG” refers to the limited partnerships and their subsidiaries through which we conduct our business and hold our principal investments. The public company controls the Fortress Operating Group through wholly owned subsidiaries that serve as the general partner of each FOG entity.

Economic interests in each FOG entity are represented by Class A common units and Class B common units. Class A common units are (indirectly) owned by the public company, and Class B common units are owned by the principals (defined below) and, from time to time, one senior employee who owned securities convertible into Class B common units.

The number of outstanding Class A common units equals the number of outstanding Class A shares of the public company. The number of outstanding Class B common units equals the number of outstanding Class B shares of the public company.

“Fortress Operating Group units” or “FOGUs” is the term we use to refer to the aggregate of one limited partner interest (either a Class A common unit or a Class B common unit, as applicable) in each FOG entity. One FOGU together with one Class B share is convertible into one Class A share. A surrendered Class B common unit automatically converts into a Class A common unit.

“principals” or “Principals” refers to Peter Briger, Wesley Edens, Randal Nardone and Michael Novogratz, collectively, as well as Robert Kauffman until his retirement in December 2012. The principals control the public company through their ownership of the public company’s Class B shares (together with, from time to time, a senior employee who owned securities convertible into Class B shares). The Class B shares and the Class A shares are each entitled to one vote per share, and the number of Class B shares outstanding represents a majority of the aggregate number of Class B shares and Class A shares outstanding. The Class B shares do not represent an economic interest in the public company and therefore are not entitled to any dividends. The principals own their economic interest in the public company primarily through their direct ownership of FOGUs.
